Subject: Support for Tracy Aquatic Center Funding

Dear Honorable Mayor and City Council Members,

I am writing to express my support for the funding and development of the Tracy Aquatic Center. Our community and most importantly our children are in desperate need of a local water park. Please support the funding of the center in this year's budget.

Thank you.

Subject: luke warm Support for Tracy Aquatic Center Funding

Dear Mayor and City Council Members, I am writing to express my interest in the funding and development of the Tracy Aquatic Center. Our community and most importantly our children need of a local water park. My concern is the accessibility for all residents of Tracy, also the needs of seniors and adults. Has a honest look at upkeep costs been done and will it be viable in 15 years? Please see this from the viewpoint of our average citizens and not from swim clubs that have interests besides that of the City of Tracy. My personal viewpoint is it's not needed, but promises were made long ago and should be kept, just leave out all the bells and whistles.

Thank You John Zandona

Subject: Support for Tracy Aquatic Center Funding

Dear Mayor Nancy Young and Tracy City Council Members,

I am writing and plan to be at Tuesdays council meeting to once again PLEAD for the funding and development of the Tracy Aquatic Center. We have lived and love the Tracy community, diversity and do much more... BUT... We have and continue to watch mayor after mayor, councils after councils and let us not forget the committees, research and then more the research... to only have the price tag go up and up where we get less and less.

The sad thing of Tracy is the lack of the city councils and the mayors that have let us fall behind on community resources for our children and young adults to have a place for them to be outside with activities.

We have also watched as every large project has been delayed so many times that they end up getting canceled. The mall kept having a start date and years and years later finally developed.

The gateway project has been virtually laughable and how our city has handled. Sutter ends up pulling out of the project and then everybody else pulls out. Then we let Sutter take land and homes downtown to extend parking lots as a reward for them to pulling out of and essentially the sole reason the gateway project stopped.

BUT AGAIN...
Did Tracy truly do all we could to make it work, NO WAY...

AGAIN...
Did Tracy fight to get the Regional Veterans Medical Center now being built in French Camp and have it at the Gateway as the "anchor".
NO WAY..

In Addition for the Gateway land...

Tracy City Mayor and Council APPROVED the commercial land being changed to more housing!

WHAT, yes more housing and now no land for a Gateway business center.

I personally asked at the planing commission if we had talked with Kaiser or any of the companies in Dublin that have a huge amount of employees communicating from Tracy and east of Tracy to occupy commercial building(s) if built at the Gateway???

To my complete surprise, disappointment and shock, the answer was no, Tracy officials and city manager had not contacted or approached any of the companies.

We lost places like The Bass Pro Shop, Living Spaced, The Wolf Lodge and many food places like Raising Canes, Sizzler and Chick-fil-A.

There are many LARGE stores looking at Manteca vs Tracy right now but we (Tracy officials) are in no way Pro-Active to get them first!

Tracy community and most importantly our children and seniors are in desperate need of a local water park especially with our summer temperatures increasing year after year.

Please support the funding of the center in this year's budget.

Let's get the ground broken (not just a ribbon cutting like we did twice for Gateway and nothing happened).

Thank you.

Also before you do anything put money into the infrastructure to widen Corral Hollow Road before you add anymore houses, or Aquatic Center!! The old two lane road cannot handle the traffic now and it will only get worse with all the home Tracy Hills are adding now. What were you all thinking approving these home before the roads were there. Hope none of are are planning for re-election if you don't do someone to fix the mess you have created!!!

Thank you.

How about finishing some projects like the Acquatics Center (only 30 years getting done), Legacy Park (10 years at least) before putting money out for a design that will probably never get built. Not a good track record of completed projects.

Dear Honorable Mayor and City Council Members,

I am writing to express my lack of support for the funding and development of the Tracy Aquatic Center. It would be much better to spend those funds on housing for the growing homeless population in Tracy. Please support the funding to assist the homeless instead of a water park that would most likely be closed within a couple of years.

Thank you.

Subject: Measure V allocations

Mayor Young and Councilmembers,

First of all, a VERY belated thank you to all of you for supporting the completion of Legacy Fields. Long overdue, your constituents will finally have a state of the art facility which will be the envy of the surrounding cities. A great facility to support both youth and adult sports activities.

Thank you once again!!!

Now we can move on to approving additional amenities for our community. I am speaking to the completion of an Aquatics Center.

This facility is badly needed and sorely overdue. Although I advocated heavily for the completion of Legacy Fields, it did not mean that the Aquatic Center was not needed.

IF FUNDING IS AVAILABLE, can we also consider a gymnasium? Let's get BOTH of these projects done!

Time to make Tracy the envy of neighboring communities!

Thank you for your time.

Sincerely,

Edward Graham

Dear Honorable Mayor and City Council Members,

I am writing to express my support for the funding and development of the Tracy Aquatic Center. Our community and most importantly our children are in desperate need of a local water park. Please support the funding of the center in this year's budget.

We moved to Tracy with the understanding that this aquatic park was well in development and was to break ground within the last year. We recently learned that this project may be years out.

Tracy and it's citizens deserve to not only live in a wonderful town but have entertainment options that would benefit not only families but the city. Let's keep the entertainment dollars in our city and provide much needed services and opportunities. Wouldn't you want this for your families?

Let's not continue to sit on this project and open the gate to progress and give Tracy the opportunity to receive as well as give to the community. Please approve this funding now.

Thank you.

Barbara Pinto-Choate and Jeff Choate

Subject: aquatic center

Do not click on links or open attachments unless you trust the sender.

Dear Mayor Young, Mayor Pro Tem Vargas, Council Member Arriola, Council Member Davis and Council Member Bedolla

I am writing as a member of this community in support of the aquatic center and the associated funding to build it in one phase.

As a former college swimmer and swim coach at Tracy High School, Kimball High School and the Tracy Tritons, I have experienced first hand the benefits of swimming. Not only is it great exercise, but it is an essential life skill that every child should learn.

Our current swim facilities are poorly lacking in space and availability. They cannot begin to address the needs of a community that continues to grow in population. The addition of an aquatics center with the fun recreational elements families can enjoy will be a much needed asset to the quality of life in Tracy.

I support securing the funding that will allow the aquatic center to be built in one phase. I encourage you to support this option also.

Sincerely,
Justine Webb

Hello,

We bought a house in tracy on the promise of this aquatic center:

https://www.tracyaquaticcenter.com/?fbclid=IwAR1C0E5cXlpGg4yByVf_R6r7TJupbzILR1E_McK5JZ_nRcYf7Wji2P9A6Ek

Else we would have gone to river island with better views or mountain house with better schools.

Was it a ponzi scheme? Please let us know as we are feeling baited and lured on a promise that will never be fulfilled.

- Vishal :)

To: dotted.nygard@gmail.com; Public Comment <publiccomment@cityoftracy.org>
Subject: Sustainability park idea

A current board member of TEP, recently visited "Springs Preserved", in Las Vegas. The Springs Preserve is to provide a vision for a sustainable future with many sustainable features like city water processing to educate how the city test and prepares drinking water. In further research our member came across the below attached Sustainable Park that included many of our own Sustainable Action Plan ideas for Tracy. If you read the park index attached below it is an education park, as well as a public park. It has living quarters for students involved in a learning program that addresses a permaculture model to include water conservation and efficiency and solar power.

There are all types of funding available for this type of park. Tracy Earth Project is willing to partner with the city on sustainability projects that would educate our community on a daily basis. It can allow our community to learn environmental sustainable practices in a pleasant park setting.

We hope you can review this document and look forward to hearing from you if you have any questions. But we believe this city would benefit from this type of park added to the many different types of parks we currently have within our city.

habitat creation

North West Province, SA

30 Person Encampment - 15 student use dwellings, 3 multi use units, 1 entertainment unit, 1 washroom unit, 4 HQ units

Introduction:

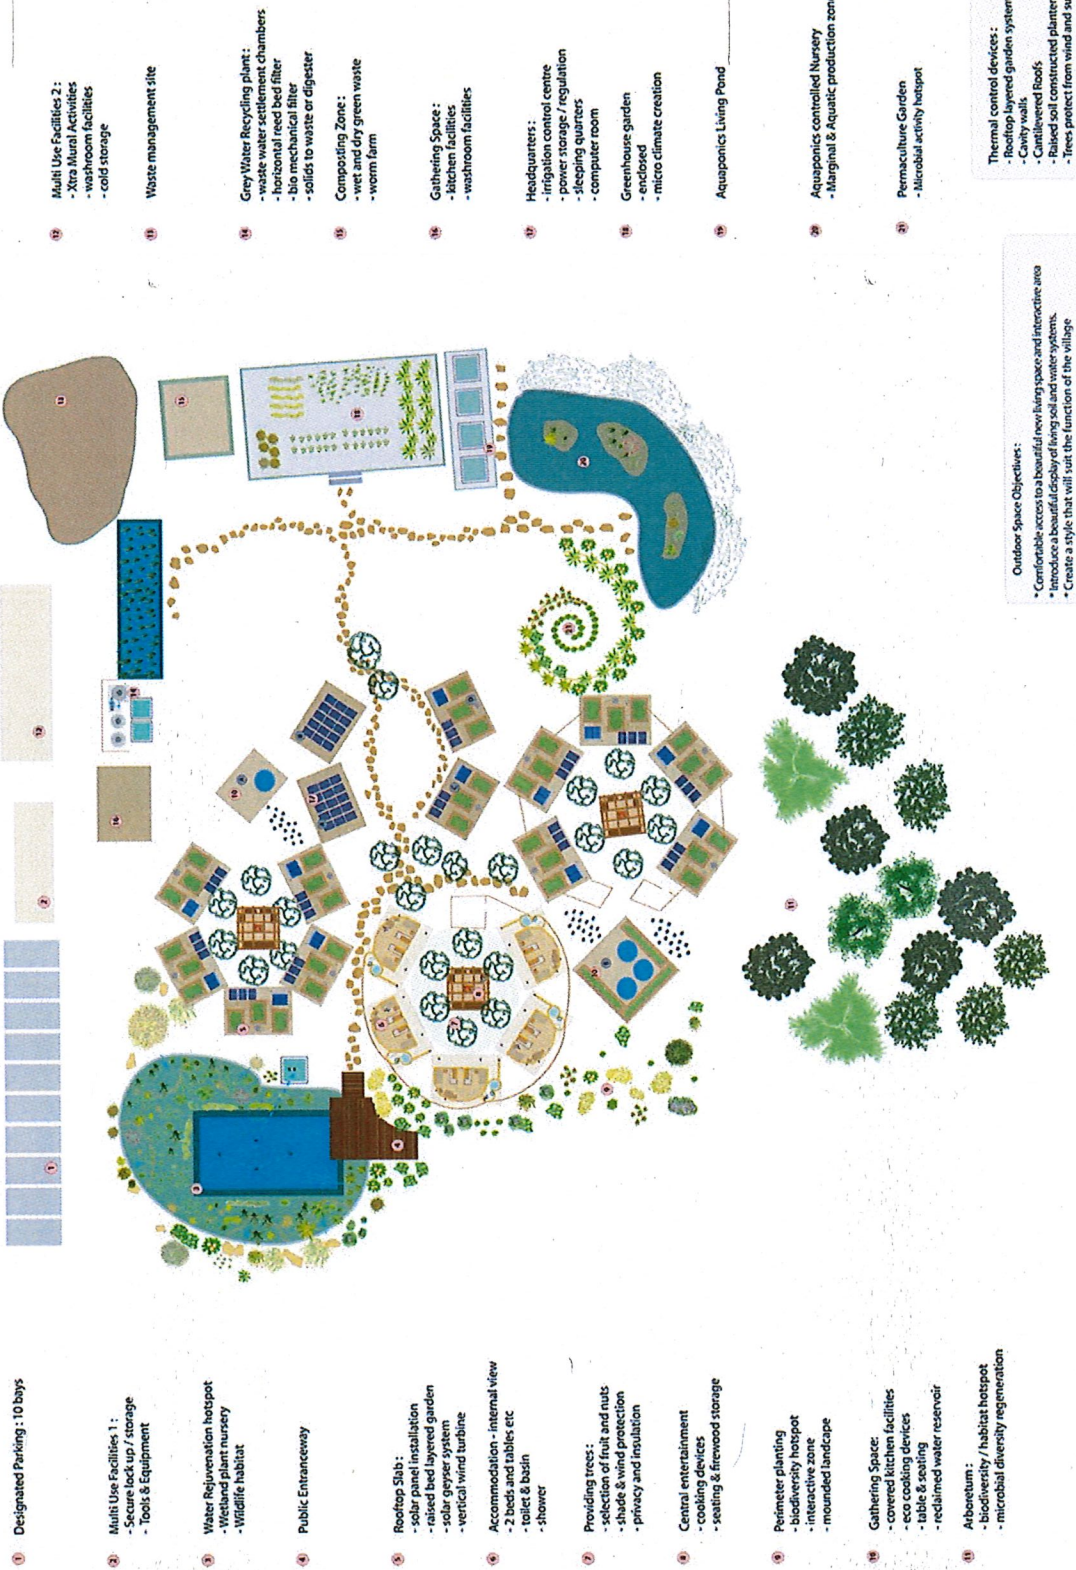

- the Aim of the Taming Eco Village is to create an environment that attracts international students.
- a Comfortable, interactive living zone that promotes working relations with the space and people.
- a Progressive and innovative design ensures the interest, sustainability and longevity of this project.
- An in depth research of soil and it's relationship with plants and water, forms the basis of this ideology.

3 Key Factors:

WATER management
ENERGY creation
FOOD production

Aspects to the Eco Village:

- Social Development
- Green Architecture
- Water Management
- Habitat Creation
- Recycling Centre

Subject: Special meeting 2-22-2022

During the special meeting you are discussing parks. I believe proposition 68 funds could help with the cost of these parks. The links below will show you that eligible projects include:

Skate park, skating rink, and BMX or pump track (non-motorized bike tracks)
Aquatic center, swimming pool, splash pad, fishing pier or paddling launch site
Open space and natural area for public recreation use.

Also we can put in more than one application for the grant at a time. It's important to follow the Competitive Chart checklist because sometimes the location matters to receive the grant.

https://www.parks.ca.gov/pages/1008/files/RPP_Competitive_Chart_12.28.2020.pdf

There are three different grant categories.

They do require community engagement in the planning stages.

Fremont recently was awarded \$8.5 million for a new park the website on this project is really nice way to show the community how the park was created by showing the Design charettes by community participation (one requirement to get the grant, it's also located in an area of that city which is underserved (another requirement on some of the grants.)

<https://www.fremont.gov/3291/Dusterberry-Park>

Below are some pages from the grants:

8 of 70

I. PROGRAM OVERVIEW

MAJOR SUPPORT AMENITIES (eligible examples)

A PROJECT may also include MAJOR SUPPORT AMENITIES such as:

- Restroom building, snack shack
- Parking lot, staging area, pathway for access to a RECREATION FEATURE
- Landscaping or lighting that will be constructed throughout the PARK

While MAJOR SUPPORT AMENITIES are eligible, PROJECTS will be less competitive if more than 50% of the TOTAL PROJECT COST are for MAJOR SUPPORT AMENITIES.

APPLICATIONS will be more competitive where the combined total cost of NEW RECREATION FEATURES plus RENOVATION of EXISTING RECREATION FEATURES is greater than 50% of the TOTAL PROJECT COST.

GRANT AMOUNT PER APPLICATION

- Maximum grant request per APPLICATION/PARK: \$3,000,000
- Minimum grant request per APPLICATION/PARK: \$200,000

One PARK = One Application:

Each PARK requires its own, separate APPLICATION. Only one APPLICATION, requesting up to \$3 million, may be submitted for the same PARK.

Multiple PARKS = Multiple Applications:

An APPLICANT may submit multiple APPLICATIONS for different PARKS. An APPLICANT can potentially receive multiple GRANT awards that total more than \$3 million. There is no cap to the number of grants an APPLICANT may receive.

No Match Required:

The GRANT by itself may fund the entire PROJECT.

AMOUNT AVAILABLE

\$23,125,000 will be awarded through one ROUND of Proposition 68 funding.

The GRANT PERFORMANCE PERIOD is July 1, 2020 - June 30, 2025.

Regional Park Program

Applications must be submitted online before 5:00 p.m. on January 20, 2022.

Use this link to submit the application: [Online Application](#)

Click here to **Submit**

Powered by Submittable

[Video Tour of Online Application System](#)

Intent

The Regional Park Program will create, expand, or improve regional parks and regional park facilities. This program is funded by Proposition 68 (2018 Bond Act) which is found in Public Resources Code §80065(a).

Eligible Applicants

- Counties
- Regional Park Districts and Regional Open-Space Districts formed pursuant to Division 5, Chapter 3, Article 3 (commencing with Section 5500) of the Public Resources Code
- Open-Space Authorities formed pursuant to Public Resources Code Division 26 (commencing with Section 35100)
- Joint Powers Authorities where at least one of the members is otherwise eligible on this list
- Nonprofit organizations qualified to do business in California and qualified under Section 501(c)(3) of the Internal Revenue Code

Eligible Projects

- Acquisition for new or enhanced public access and use
- Development to create or renovate:
 - Trails, with preference given to multiuse trails over single-use trails
 - Regional sports complexes
 - Visitor and interpretive facilities
 - Other types of recreation and support facilities in regional parks

Total Amount Available for Competitive Grants

\$23,125,000

Max \$3,000,000

[https://www.parks.ca.gov/pages/1008/files/Final Regional Park Program Application Guide 10.29.20.pdf](https://www.parks.ca.gov/pages/1008/files/Final_Regional_Park_Program_Application_Guide_10.29.20.pdf)

Max\$8,500,000 https://www.parks.ca.gov/?page_id=29939

8 of 78

GRANT AMOUNT PER APPLICATION

- Maximum grant request per APPLICATION/PARK: \$8,500,000
- Minimum grant request per APPLICATION/PARK: \$200,000

One PARK = One Application:

Each PARK requires its own, separate APPLICATION. Only one APPLICATION, requesting up to \$8.5 million, may be submitted for the same PARK in the same ROUND.

Multiple PARKS = Multiple Applications:

An APPLICANT may submit multiple APPLICATIONS for different PARKS. An APPLICANT can potentially receive multiple GRANT awards that total more than \$8.5 million in the same ROUND. There is no cap to the amount of grants an APPLICANT may receive per ROUND.

No Match Required:

The GRANT by itself may fund the entire PROJECT.

Locate the Multi-Gen Recreation Center on Tennis Lane

Honorable Tracy Mayor and City Council Members: Thank you for your service to the community and consideration of a new Multi-Generational Recreation Center (MGRC) at Ceciliani Park. When you design the Center, please place the parking lot and building(s) on the south (Tennis Lane) side of the park, for the following reasons:

TRAFFIC SAFETY

Tennis Lane is much better suited to accommodate traffic and vehicle access for the MGRC than Cypress Drive. The new driveway(s) for the MGRC can be aligned across Tennis Lane from the existing Williams Middle School driveway(s) for safe and convenient traffic movement.

On Cypress Drive, the Villalovoz Elementary School parking lot entry driveway and Alden Glen Drive intersection are awkwardly offset from each other. This unfortunate roadway design creates tricky and dangerous queuing and traffic movements, especially during school pick-up and drop-off times. Adding another driveway for the MGRC on Cypress Drive in this vicinity will exacerbate this already overburdened segment of Cypress Drive.

Tennis Lane has a bus turnout for safer pedestrian pick-up and drop-off movements during non-school hours, providing an option for large groups that would not block thru-traffic. Cypress Drive has no bus turnout.

NOISE AND NIGHTTIME LIGHTING

The south (Tennis Lane) side of Ceciliani Park is farther from existing homes, thereby significantly reducing the potential for noise, nighttime lights, auto exhaust, and traffic nuisances on nearby residents. Noise from the MGRC, if located near Cypress Drive would be intolerable. Williams Middle School will not be negatively affected by extra light, noise and traffic from the MGRC. In fact, nighttime safety for the school and its parking lot would be enhanced by the inadvertent overspray of light from the MGRC.

PARKING

Locating the MGRC closer to the larger parking lot of Williams Middle School will provide opportunities for shared parking between the School and the MGRC. During peak school-use and pick-up/drop-off times, parents could use the MGRC parking lot; during afternoon, evening, or weekend peak MGRC-use times, the Center's users could overflow into the School's parking area. If the MGRC building(s) or parking access are on the Cypress Drive (north) side of the Park, its overflow traffic and parking will inundate the adjacent residential neighborhood.

NEIGHBORHOOD PREFERENCE

Ceciliani Park is a beautiful asset to our neighborhood. We do not want the MGRC's traffic, noise, nighttime lights, automobile fumes, or attraction for negative social activities close to our homes. It is well known that burglaries, assaults, graffiti, vandalism, and other destructive activities occur when large numbers of youths or other people are brought together, unsupervised in relatively small places, such as up to scores or even hundreds of people at a time frequenting the MGRC.

OPTIMAL DESIGN

Ideally, you will place the proud, handsome building(s) of the MGRC up close to Tennis Lane (or to the intersection of Tennis Lane and Lauriana Lane) to show it off and invite participation. Any off-street parking should be placed behind or adjacent to the building(s) along Tennis Lane. The juxtaposition of the two community services – Williams Middle School and the MGRC – across Tennis Lane would complement each other in appearance, feel, and character. The architecture of the MGRC should take cues from the positive elements of the Williams Middle School and nearby homes' design and scale.

For the sake of maintaining the positive aspects of a well-established neighborhood and creating a high-quality MGRC, please locate the building(s) and the parking area on the south (Tennis Lane) side of Ceciliani Park.

Thank you,

Ceciliani Park Neighborhood Homeowners
