  - *Comments received on Webex outside of the comment periods outlined above will not be included in the record.*

Date Posted: June 27, 2024

Americans With Disabilities Act - The City of Tracy complies with the Americans with Disabilities Act and makes all reasonable accommodations for the disabled to participate in Council meetings. Persons requiring assistance or auxiliary aids should call City Hall (209/831-6105) 24 hours prior to the meeting.

Addressing the Council on Items on the Agenda - The Brown Act provides that every regular Council meeting shall provide an opportunity for the public to address the Council on any item within its jurisdiction before or during the Council's consideration of the item, provided no action shall be taken on any item not on the agenda. To facilitate the orderly process of public comment and to assist the Council to conduct its business as efficiently as possible, members of the public wishing to address the Council are requested to, but not required to, hand a speaker card, which includes the speaker's name or other identifying designation and address to the City Clerk prior to the agenda item being called. Generally, once the City Council begins its consideration of an item, no more speaker cards will be accepted. An individual's failure to present a speaker card or state their name shall not preclude the individual from addressing the Council. Each citizen will be allowed a maximum of five minutes for input or testimony. In the event there are 15 or more individuals wishing to speak regarding any agenda item including the "Items from the Audience/Public Comment" portion of the agenda and regular items, the maximum amount of time allowed per speaker will be three minutes. When speaking under a specific agenda item, each speaker should avoid repetition of the remarks of the prior speakers. To promote time efficiency and an orderly meeting, the Presiding Officer may request that a spokesperson be designated to represent similar views. A designated spokesperson shall have 10 minutes to speak. At the Presiding Officer's discretion, additional time may be granted. The City Clerk shall be the timekeeper.

Consent Calendar - All items listed on the Consent Calendar are considered routine and/or consistent with previous City Council direction. One motion, a second, and a roll call vote may enact the items listed on the Consent Calendar. No separate discussion of Consent Calendar items shall take place unless a member of the City Council, City staff or the public request discussion on a specific item.

Addressing the Council on Items not on the Agenda – The Brown Act prohibits discussion or action on items not on the posted agenda. The City Council's Meeting Protocols and Rules of Procedure provide that in the interest of allowing Council to have adequate time to address the agendized items of business, "Items from the Audience/Public Comment" following the Consent Calendar will be limited to 15-minutes maximum period. "Items from the Audience/Public Comment" listed near the end of the agenda will not have a maximum time limit. A five-minute maximum time limit per speaker will apply to all individuals speaking during "Items from the Audience/Public Comment". For non-agendized items, Council Members may briefly respond to statements made or questions posed by individuals during public comment; ask questions for clarification; direct the individual to the appropriate staff member; or request that the matter be placed on a future agenda or that staff provide additional information to Council. When members of the public address the Council, they should be as specific as possible about their concerns. If several members of the public comment on the same issue an effort should be made to avoid repetition of views already expressed.

Notice - A 90 day limit is set by law for filing challenges in the Superior Court to certain City administrative decisions and orders when those decisions or orders require: (1) a hearing by law, (2) the receipt of evidence, and (3) the exercise of discretion. The 90 day limit begins on the date the decision is final (Code of Civil Procedure Section 1094.6). Further, if you challenge a City Council action in court, you may be limited, by California law, including but not limited to Government Code Section 65009, to raising only those issues you or someone else raised during the public hearing, or raised in written correspondence delivered to the City Council prior to or at the public hearing.

Full copies of the agenda are available on the City's website: *www.cityoftracy.org*

CALL TO ORDER

ACTIONS, BY MOTION, OF CITY COUNCIL PURSUANT TO AB 2449, IF ANY

ROLL CALL AND DECLARATION OF CONFLICTS

PLEDGE OF ALLEGIANCE

INVOCATION

PRESENTATIONS

1. Employee of the Month
2. Proclamation – Parks and Recreation Month
3. Certificate of Appointment – San Joaquin County Mosquito & Vector Control District

ORDER OF BUSINESS

1. CONSENT CALENDAR

1.A. Adoption of June 18, 2024 Closed Session, Special Meeting and Regular Meeting Minutes.

1.B. Staff recommends that the City Council adopt a resolution authorizing the (1) acceptance of the Call4AllAnimals grant award of $10,000, (2) appropriation of the full grant funds to the Police Department (Animal Services) operational budget for Fiscal Year 2024/25.

1.C. Staff recommends that the City Council adopt a resolution (1) accepting the public improvements for Raymond P. Morelos Jr. Park, also known as Hillview Public Park, constructed by Lennar Homes of California, LLC, and assuming all future operations and maintenance, (2) authorizing the City Clerk to file a Notice of Completion for Raymond P. Morelos Jr. Park with the San Joaquin County Recorder's Office, and (3) authorizing the City Engineer to release the Raymond P. Morelos Jr. Park improvement security in accordance with the terms of the Subdivision Improvement Agreement.

1.D. The Tracy Homelessness Advisory Committee recommends that the City Council adopt a resolution by a four-fifths vote (1) making a determination that compliance with standard procurement process is not in the best interest of the City and dispense the bidding requirements for the purchase of a high tension membrane structure from Sprung Instant Structures, Inc., pursuant to California Public Contract Code Section 22050 and Tracy Municipal Code Section 2.20.270(a); and (2) rescinding the approval, given pursuant to Resolution 2022-098, of a Purchase Agreement with Sprung Instant Structures, Inc. for a high-tension membrane structure in the amount of $455,000; and (3) approving, instead, a Purchase Agreement with Sprung Instant Structures, Inc., for such structure at the Not-To-Exceed amount of $481,275.

1.E. The Tracy Homelessness Advisory Committee recommends that the City Council adopt a resolution (1) awarding a construction contract to Quiring General, LLC., Pleasanton, California, in the amount of $9,349,630 for construction of the Phase II Site Improvements of the Temporary Emergency Housing Facility Project, at 370 W. Arbor Avenue, and (2) authorizing the City Manager to approve change orders up to the contingency amount of $934,963, pursuant to Tracy Municipal Code Section 2.20.090(b).

1.F. Staff recommends that the City Council adopt a resolution approving the City of Tracy's commitment to participate in the governance and operation of the San Joaquin Regional Housing Fund.

1.G. Staff recommends that the City Council adopt a Resolution: authorizing the execution of a modified gross lease between the City of Tracy and Tracy Office Plaza, LLC, for the lease of Suites B1 and B2 at 324 East 11th Street, with an initial term of three years, an administrative option to extend for two one-year terms, with a monthly base rent of $3,675.60, adjusted each year by 2.5%.

1.H. Staff recommends that the City Council adopt a Resolution approving Amendment No. 1 to the Lease Agreement between the City of Tracy and Riya Enterprises, LLC (Lessee) for Fixed Base Operation Facilities at the Tracy Municipal Airport, to add lender protections in connection with a small business loan secured by Lessee using its business assets as collateral.

1.I. The Tracy Homelessness Advisory Committee recommend that the City Council adopt a resolution approving Amendment No. 1 to the Purchase Agreement for Goods, Commodities, and Ancillary Services with Linked Equipment, LLC. an Arizona Limited Liability Corporation, to increase the total compensation by $12,527, for a Not-To-Exceed amount of $563,027, for premanufactured customized containers for the Temporary Emergency Housing Facility, Phase II Site Improvements.

1.J. Staff recommends that the City Council adopt a resolution approving a Professional Service Agreement with Dewberry Engineers, Inc. of Manteca, California, to provide construction management services for the Interstate 580/Patterson Pass Road/International Parkway Diverging Diamond Interchange Improvements Project for an initial term of nineteen (19) months, with an administrative option to extend for one additional year, and a total not-to-exceed contract amount of $4,298,958.

1.K. Staff recommends that the City Council adopt a resolution approving an Offsite Improvement Agreement between the City and Wright Family Holdings, LLC for offsite improvements to Detention Basin 2A, required for the Golden State Fire Project that was approved by Development Review Permit (D22-0033).

1.L. Staff recommends that the City Council adopt a resolution (1) accepting public improvements as complete for Vela View Apartments, constructed by Valpico Tracy Apartments, LLC (Developer), (2) authorizing the City Clerk to file the Notice of Completion with the Office of the San Joaquin County Recorder, (3) authorizing the City Engineer to release bonds in accordance with agreements and law, (4) accepting land dedications from the Developer, and (5) approving a Conditional Offsite Improvement Agreement with the Developer for future improvements.

1.M Staff recommends that the City Council adopt (A) a resolution approving and authorizing the recordation of (i) seven (7) Final Subdivision Maps (Tracts 4132 through 4138) located within the Tracy Hills Specific Plan Area; (ii) related Subdivision Improvement Agreements and Conditional Subdivision Improvement Agreements; (iii) related Offsite Improvement Agreements and Conditional Offsite Improvement Agreements; (iv) related irrevocable offers of dedication and grant(s) of easements; and (B) resolution(s) accepting a related grant of access and public utility easement and an offer of dedication of a water tank site.

1.N In the matter, Nicolaou v. City of Tracy et al., Case No. STK-CV-UWH-2024-5436, the City Council to approve, each by separate action, the following Resolutions approving:
1. Updated Scope Letter and Conflicts Waiver for Mayor Pro Tem Davis;
2. Updated Scope Letter and Conflicts Waiver for Councilmember Bedolla;
3. Updated Scope Letter and Conflicts Waiver for Councilmember Evans; and
4. New representation agreement with Levin Oldfather LLP for City Attorney Patel

2. ITEMS FROM THE AUDIENCE

3. REGULAR AGENDA

3.A. Staff Recommends that the City Council: (1) Continue the public hearing from May 21, 2024, pursuant to Tracy Municipal Code Section 4.12.320, to consider assessment of costs for the abatement of weeds, rubbish, refuse, and flammable materials on the following three parcels: 280 W. Mount Diablo Road, 302 W. Mount Diablo Road, 2480 W. Byron Road, and upon its conclusion, and by separate motion, approve the final assessment of abatement costs on each of the three parcels, and if necessary, authorize any reduction of assessed costs to be funded by the General Fund

3.B. The Planning Commission recommends that, for the real property located at 2660 W. Byron Road, Assessor's Parcel Number 238-050-13 (Property), the City Council conduct a public hearing and upon conclusion: (1) Introduce an Ordinance (R22-0004) approving a rezone of the Property from Medium Density Residential to Medium Density Cluster; (2) Adopt a Resolution approving a Tentative Subdivision Map (TSM22-0003) of the Property for the creation of 38 single-family lots; and (3) Determine that this project is categorically exempt from the California Environmental Quality Act pursuant to Guidelines Section 15332.

3.C The City Council to discuss and provide direction, by motion, to its delegates on the South San Joaquin County Fire Authority (SSJCFA) Board of Directors whether they should approve, on behalf of the City, SSJCFA's implementation of a surge ambulance in Zone-26, resulting in a City commitment to fund an estimated annual net cost of $412,863 for such service.

3.D. Staff recommends that the City Council receive an informational update on the Economic Development Division's efforts to implement strategic goals and priorities related to the adopted Economic Development Strategic Plan.

3.E. Discuss building additional kennels and other alternatives to address capacity and kennel space at the Tracy Animal Shelter, and upon conclusion of such discussion, by motion, either (1) direct staff to proceed with a specific solution or (2) determine to take no further actions at this time.

4. ITEMS FROM THE AUDIENCE

5. STAFF ITEMS

6. COUNCIL ITEMS

TRACY CITY COUNCIL REGULAR MEETING MINUTES

June 18, 2024, 7:00 p.m.

City Hall, 333 Civic Center Plaza, Tracy *Web Site:* *www.cityoftracy.org*

Mayor Young called the meeting to order at 7:16 p.m.

There were no actions taken pursuant to AB 2449.

Roll call found Council Members Arriola, Evans, Mayor Pro Tem Davis and Mayor Young present. Council Member Bedolla was absent from roll call. City Council had no declarations of conflict.

Mayor Young led the Pledge of Allegiance.

Pastor Scott McFarland, Journey Christian Church offered the invocation.

1. CONSENT CALENDAR – Motion was made by Council Member Arriola and seconded by Council Member Evans to adopt the Consent Calendar. Roll call found Council Members Arriola, Evans, Mayor Pro Tem Davis and Mayor Young in favor; passed and so ordered. Council Member Bedolla was absent from roll call.

   1.A Adoption of June 4, 2024 Special Meeting, Regular Meeting, and Closed Session Meeting Minutes. **– Minutes were approved**

   1.B Staff recommends that the City Council adopt a Resolution: 1) approving a Subdivision Improvement Agreement between the City and Lennar Homes of California, LLC for the construction of the 1st Neighborhood Park in Tracy Hills Phase 2 in Tract 4136; and 2) authorizing the City Clerk to file the Agreement with the Office of the San Joaquin County Recorder. **– Resolution 2024-087**

   1.C Staff recommends that City Council adopt a Resolution: 1) approving a Master Professional Services Agreement with Associated Right of Way Services, Inc. to provide On-Call Right-of-Way Acquisition Services for the Engineering Division, for an initial term of three years, for a not to exceed amount of $300,000 per fiscal year, and 2) authorizing the City Manager to administratively extend the length of the contract for up to two additional years. **– Resolution 2024-088**

   1.D Staff recommends that the City Council 1) declare certain vehicles and equipment as surplus pursuant to Tracy Municipal Code Section 2.20.310, and 2) approve the sale of such surplus property at public auction to the highest bidder. **– Resolution 2024-089**

   1.E Staff recommends that City Council adopt a Resolution approving a General Services Agreement with Karbonous, Inc., a California Corporation, for Tertiary Filters Media Replenishment at the City's Wastewater Treatment Plant in a not-to-exceed amount of $217,052 for a one-year term. **– Resolution 2024-090**

1.F Staff recommends that the City Council adopt a Resolution (1) accepting as complete the construction of the Ammonia Storage- Feed Systems at the Park & Ride Well No. 6 and the Ball Park Well No. 7, Capital Improvement Project 75162, completed by TNT Industrial Contractors, Inc. of Sacramento, California, (2) authorizing the City Clerk to file the Notice of Completion with the San Joaquin County Recorder's Office, and (3) authorizing the City Engineer to release the bonds and retention payment. **– Resolution 2024-091**

1.G Staff recommends that the City Council adopt a resolution (1) accepting the public improvements for Tracy Hills Phase 1B Park hereinafter known as Gene Birk Park, constructed by Lennar Homes of California, LLC, and assuming all future operations and maintenance, (2) authorizing the City Clerk to file the Notice of Completion for Gene Birk Park with the San Joaquin County Recorder's Office, and (3) authorizing the City Engineer to release the Gene Birk Park improvement security in accordance with the terms of the Subdivision Improvement Agreement. **Resolution 2024-092**

1.H Staff recommends that the City Council adopt the following resolutions: 1) approving an On-Call Professional Services List, for Land Surveying Services, for five years, and 2) authorizing the A) execution of a Master Professional Services Agreement with David W. Enke, L.S., to provide Land Surveying Services for an initial term of three years for a not to exceed amount of $300,000 per fiscal year, and B) City Manager to administratively extend the length of the contract for up to two years. – **Resolution 2024-093** approved an On-Call Professional Services List, for Land Surveying Services. **Resolution 2024-094** authorized the execution of a Master Professional Services Agreement with David W. Enke.

1.I Staff recommends that City Council adopt the following Resolutions: 1) approving an On-Call Professional Services List, for Material Testing Services, for five years, and 2) authorizing the A) execution of a Master Professional Services Agreements with BSK Associates, and Terracon Consultants, Inc., each, to provide Material Testing Services for an initial term of three years for a not-to-exceed annual amount of $200,000, and B) City Manager to administratively extend the length of the contract for up to two years. – **Resolution 2024-095** approved an On-Call Professional Services List for Material Testing Services. **Resolution 2024-096** authorized a Master Professional Services Agreement with BSK Associates. **Resolution 2024-097** approved a Master Services Agreement with Terracon Consultants, Inc.

1.J Staff recommends that City Council adopt Resolutions: 1) approving an on-call list, for three years, of qualified consultants for environmental review services and planning assistance; and 2) authorizing the execution of six separate Master Professional Service Agreements with such qualified consultants, each for an initial term of three years and a not-to-exceed annual amount of $500,000. **– Resolution 2024-098** approved an on-call list of qualified consultants for environmental review services and planning assistant. **Resolution 2024-099** authorized the execution of a Master Professional Services Agreement with De Novo Planning Group**. Resolution 2024-100** authorized the execution of a Master Professional Services Agreement with EMC Planning Group. **Resolution 2024-101** authorized the execution of a Master Professional Services Agreement with First Carbon Solutions.**, Resolution 2024-102** authorized the execution of a Master Professional Services Agreement with Land Logistics. **and Resolution**

2024-103 authorized the execution of a Master Professional Services Agreement with MIG. **Resolution 2024-104** authorized the execution of a Master Professional Services Agreement with Placeworks.

2. ITEMS FROM THE AUDIENCE – Multiple community members from Tracy Hills thanked Mayor Pro Tem Davis and Fire Chief Bradley for visiting Tracy Hills. Requested that Council address issues, specifically to ask the developer to build a wall that can act as protection from fires, add multiple outlets in and out of the area and better communication and transparency for the affected residents of the area.

Virginia Cordova stated the Byron Estates notice was sent out and was concerned that the item was not on this agenda for discussion.

Robert Tanner expressed concerns regarding the proposed increase to the Council Members and Mayor stipends and how that increase would impact the City's budget.

Mike Souza, Project Manager from Tracy Hills thanked first responders for the work that was done in Tracy Hills and expressed that they are working closely with Fire Chief Bradley to address resident and Council concerns.

Alice English stated that the pay raise item was addressed late after the public was not there to voice their opinion and asked that the City Attorney and staff look into the ability of Council to give themselves a raise and stated that Council should not be able to give themselves a raise especially since Council has failed the City and Community.

Community Member expressed concerns over the overdoses in the motels and hotels in the City and that as part of the homeless community shared that the shelter is not in the best location due to the air quality there.

Dotty Nygard shared that the construction on Bessie Rd has taken 12 months rather than the proposed 8 months and requested an update on when that project will be completed.

3. REGULAR AGENDA

3.A Staff recommends that the City Council conduct a public hearing and upon conclusion adopt a resolution ordering the levy and collection of assessments within the Tracy Consolidated Landscape Maintenance District for Fiscal Year 2024/2025.

Mayor Young opened the public hearing.

Nilo Velazquez, Management Analyst II provided the staff report and presentation.

Council questions and comments followed.

Alice English asked when the LMD rates were raised last and shared historical information regarding the condition of the parks and lack of maintenance and shared that the maintenance of the parks should be taken care of using the City funds and not increasing the LMD for the citizens, since citizens already pay their taxes.

Harris McGee expressed his disappointment at the lack of the City caring for the landscape and his distrust in the City caring for the parks and trees and that he has sent emails for over two-years for basic community needs and asked that Council may want to consider changing the zone approach and requested Council approve that budget.

Council Member Bedolla responded to Mr. McGee's comment.

Council comments continued.

Mayor Young closed the public hearing.

ACTION: Motion was made by Council Member Arriola and seconded by Council Member Bedolla to adopt **Resolution 2024-105** ordering the levy and collection of assessments within the Tracy Consolidated Landscape Maintenance District for Fiscal Year 2024/2025. Council Member Bedolla abstained from voting on Zone 7, Mayor Pro Tem Davis abstained from voting on Zone 15, Council Member Evans abstained from voting on Zone 20, and Mayor Young abstained from voting on Zone 15. Roll call found all in favor; passed and so ordered.

3.B Staff recommends that the City Council discuss options to amend Chapter 6.04 (Business Taxes) of the Tracy Municipal Code and direct staff to return with a future ordinance 1) amending Chapter 6.04 to provide a temporary fifty percent rate reduction and industry specific amendments, or 2) through some other method of amending Chapter 6.04.

Sara Cowell, Finance Director provided the staff report.

Council comments and questions.

Alice English expressed frustration that this item is not a workshop that should not be set by time limits, and that in doing this is redundant that this agenda item keeps coming back, requested to a workshop/work session and that as this item is being presented is not transparent.

Robert Tanner asked Mayor Pro Tem Davis about the handout that she provided to staff and public.

Mayor Pro Tem Davis responded.

Robert Tanner shared that business owners are looking to move out of town because Council is not getting the job done and that Council is wrong in attempting to make up the funds that the potential changes to ecommerce would create.

Dave Merriam, Plant Manager from Leprino Foods expressed confusion as to why businesses are here because the impression, that based on the motion Council made at the last meeting that there would be an open dialogue to come together so that Council could make an informed decision and urged Council to not make a decision tonight.

Dave Brown from the Harvey Auto Group stated that their dealership brings jobs to the community and tax revenue but that the proposed tax is unreasonable and expressed that $50 is too low and that there should be a compromise where the City and businesses can come up with a solution. Urged Council to not make a decision on this item.

Vasek Harvey, Tracy Mazda General Manager stated that the business tax is the largest business tax in the area and compared to the City of Hayward, stated that the tax rate should be updated but not to this level, and asked Council to consider business margins based on industry.

Burnell Schull stated this has been a problem and compared to neighboring cities and Tracy is driving businesses away and there are many empty warehouses in the City and asked that Council tax the corporations rather than the small businesses.

Daniel Diaz, Store Team Leader from Raleys requested a more robust discussion and expressed concerns in the drastic jump in the business tax and that the tax change will impact labor first and then prices and the City of Tracy would be in the top five of fees within all the cities and states that Raleys does business in.

Robin Lopez from Taylor Farms stated this business tax has impacted the ability for them to provide community outreach, thanked Mayor Pro Tem Davis on the communication and handout, requested that the sunset be extended from the proposed 2-year sunset and looks forward to a more robust discussion. Urged Council to not decide on this item without more discussion.

Council questions and comments followed.

Dave Merriam, Plant Manager from Leprino Foods stated that the businesses understood from the last Council Meeting, that there would be a workshop or at least a robust discussion.

Dave Brown asked if it was reasonable to extend the moratorium.

Bijal Patel, City Attorney clarified that yes, the moratorium could be extended but it must be done at the July 2, 2024 City Council Meeting.

Council questions and comments continued.

Midori Lichtwardt, City Manager, requested a recess for a discussion with staff at 10:39 p.m. and returned to open discussion at 10:44 p.m.

Ms. Lichtwardt recommended that Council consider extending the moratorium and once clear information can be provided to Council, the budget will be reduced by $1.3 million and come back and adjust budget accordingly once Council has a decision on the business tax and there will be further information on the June 25th meeting.

It was the consensus of the Council to accept staff's recommendation.

4. ITEMS FROM THE AUDIENCE – John Palmer from Tracy Hills wanted to clarify that Tracy Hills pays property taxes to the County according to what the San Joaquin County Tax Assessor has set in place, Tracy Hills residents pay property taxes, clarified that they have HOA dues, Mello Roos and that residents pay as much or more than most City of Tracy residents.

   Council Member Bedolla asked staff for clarification on the taxes that are specific to Tracy Hills. Karin Schnaider, Assistant City Manager responded.

   Community Member shared that Tracy Hills residents do in fact pay property taxes and that whatever arrangement the City has with the County is not a problem of the residents.

   Alice English shared support for the Tracy Chamber of Commerce and is glad that the discussion will be coming back to Council in the form of a workshop, just like they did with the Finance Committee and asked staff to be more transparent with Council.

5. STAFF ITEMS –. Midori Lichtwardt, City Manager apologized to Council on missing the mark. Will bring an I-580 Corral Hollow Interchange update, will come back June 25th for Council to provide staff direction.

6. COUNCIL ITEMS – Council Member Bedolla asked for further clarification regarding the tax revenue from Tracy Hills and asked how much of the tax goes to the City. Karin Schnaider, Assistant City Manager provided clarification.

   Council Member Evans thanked the Police Activities League and requested an update on Bessie Road. Council Member Arriola supported the request.

   Council Member Arriola attended the Donut Dash and wished everyone a Happy Juneteenth and will be attending his final Young Elected Officials Conference in Washington DC since he will be aging out soon.

   Mayor Pro Tem Davis requested support for South San Joaquin County Fire Authority regarding an update and asked that the Council consider funding for the South San Joaquin County Fire Authority for ambulance service to be put on the agenda for July 2nd. Council Member Evans supported the request.

   Mayor Pro Tem Davis attended the Donut Dash, Ag Fest, and Law and Order Dinner and Award Ceremony, congratulated Tracy Police Officer of the Year Mark Silva and DLA Firefighter of the Year Mark Haynes, also attended several events at the Grand Theatre and asked when the Food Truck Ordinance is coming back.

   Karin Schnaider, Assistant City Manager clarified that the item is still in discussion with stakeholders, Chamber, and Planning Commission and may come back in September.

   Mayor Pro Tem Davis shared that the County has a program to help small businesses called Shop San Joaquin.

   Mayor Young shared that she will be raising the Juneteenth flag at 8:00 a.m. at City Hall, attended Juneteenth Celebrations in Mountain House and Lathrop, shared a note asking about reimbursements for the parklets, specifically on behalf of Town and Country.

7. ADJOURNMENT – Time: 11:20 p.m.

ACTION: Motion was made by Mayor Pro Tem Davis and seconded by Council Member Arriola to adjourn. Roll call found Council Members Arriola, Bedolla, Evans, Mayor Pro Tem Davis and Mayor Young in favor; passed and so ordered.

The above agenda was posted at the Tracy City Hall on June 13, 2024. The above are action minutes. A recording is available at the office of the City Clerk.

July 2, 2024

Agenda Item 1.B

RECOMMENDATION

Staff recommends that the City Council adopt a resolution authorizing the (1) acceptance of the Call4AllAnimals grant award of $10,000, (2) appropriation of the full grant funds to the Police Department (Animal Services) operational budget for Fiscal Year 2024/25.

EXECUTIVE SUMMARY

The Tracy Animal Shelter had identified an opportunity to apply for a $10,000 grant from the Call4AllAnimals organization to provide funding to the City of Tracy pet owners, through administration by the City, to cover spay/neuter costs of 58 dogs of specific breeds (Siberian Huskies, German Shepherds, and Pit Bulls). The City has been awarded the grant and staff recommends that the City Council accept the grant and appropriate the full grant funds of $10,000 to the Police Department (Animal Services) operational budget for Fiscal Year (FY) 24/25.

BACKGROUND AND LEGISLATIVE HISTORY

The grant would provide funding to City pet owners, through administration by the City, for the spay/neuter costs for 58 animals of specific breeds. Such alterations will reduce unwanted litters and potential overcrowding at the Tracy Animal Shelter. The grant specifically identifies Siberian Huskies, German Shepherds, and Pitbulls, as these are the (3) three top breeds consistently brought into the shelter.

The funding will help ease the burden of expensive veterinary costs to those who have a pet of the top (3) three breeds entering the shelter system. Spaying and neutering help reduce the chances of aggressive behaviors as well as improve the overall health of the pet.

Tracy Animal Services consistently seeks out the ability to better support our community, pet owners, and pets to ensure that the human/animal bond is humanely maintained. Through these outreach efforts, we can continue to further build relationships with the pet owners and increase our dialogue regarding further resources or programs.

ANALYSIS

The funds requested through the Call4AllAnimals Grant will further support Tracy residents and their pet ownership, while also helping to increase the number of spay/neutered breeds that are inundating Animal Shelters across the Central Valley.

The grant specifically identifies Siberian Huskies, German Shepherds, and Pitbulls as these are the (3) three top breeds consistently brought into the shelter. The following are additional grant requirements and goals:

Grant requirements:

- Issue a press release announcing the grant being awarded.
- Report requested data and tracking (as required) by Call4AllAnimals.
- Provide alteration pet services at $20.00 for pet owners of Siberian Huskies, German Shepherds, and Pit Bulls.

Goals

- Prevent unwanted litters;
- Help to maintain overall health of pets in the community;
- Further encourage interaction, dialogue, and resources to pet owners of Tracy; and
- Prevent animal shelters from impounding additional pets.

FISCAL IMPACT

There is no fiscal impact as the full $10,000 from the 2024 Call4AllAnimals grant will be used to cover the cost of the subsidized spay/neutering costs. Staff requests the full grant funds of $10,000 be appropriated to the Police Department's (Animal Services) Operating Budget for FY 24/25. No City match is required.

PUBLIC OUTREACH/ INTEREST

The community supports the City of Tracy Animal Services initiatives and goals to promote community resources and support for pet owners.

COORDINATION

Animal Services will coordinate the spay/neuter services with veterinary clinics that are already being utilized by Tracy Animal Services.

CEQA DETERMINATION

The proposed action is not a "project" under the California Environmental Quality Act. Pursuant to CEQA Guidelines Section 15061(b)(3), there is no possibility that this action will have an effect on the physical environment.

STRATEGIC PLAN

This agenda item relates to Council's Strategic Priorities for Public Safety.

ACTION REQUESTED OF THE CITY COUNCIL

Staff recommends that the City Council adopt a resolution authorizing the (1) acceptance of the Call4AllAnimals grant award of $10,000, (2) appropriation of the full grant funds to the Police Department (Animal Service) operational budget for Fiscal Year 2023/24.

RESOLUTION NO. _____

AUTHORIZING THE: (1) ACCEPTANCE OF CALL4ALLANIMALS GRANT FOR $10,000, AND (2) APPROPRIATION OF THE FULL GRANT FUNDS TO THE POLICE DEPARTMENT (ANIMAL SERVICES) OPERATIONAL BUDGET FOR FISCAL YEAR 2024/25

WHEREAS, The City of Tracy has received an award of $10,000 for calendar year 2024 from Call4AllAnimals; and

WHEREAS, The grant provides for the funding of 58 spaying/neutering procedures at a low-cost fee to City of Tracy pet owners of Siberian Huskies, German Shepherds, and Pit Bulls; and

WHEREAS, The funding will help ease the burden of expensive veterinary costs to those who have a pet of the top three breeds entering the shelter system; and

WHEREAS, Spaying/Neutering helps reduce the chances of aggressive behaviors as well as improves the overall health of the pet; and

WHEREAS, Such alterations will reduce unwanted litters and potential overcrowding of the animal shelter; and

WHEREAS, The Tracy Animal Shelter has been awarded a grant of $10,000 from Call4AllAnimals; and

NOW, THEREFORE, be it resolved as follows:

RESOLVED: That the above recitals are true and correct; and be it,

RESOLVED: That the City Council of the City of Tracy hereby accepts the grant award of $10,000 from Call4AllAnimal for funding low-cost alterations for pet owners of Siberian Huskies, German Shepherds, and Pit Bulls; and be it further

RESOLVED: That the City Council appropriates the full grant funds of $10,000 to the already approved Police Department's (Animal Services) operational budget for Fiscal Year 2024/25; and be it further

RESOLVED: That the proposed action is not a "project" under the California Environmental Quality Act (CEQA), and pursuant to CEQA Guidelines Section 15061(b)(3), there is no possibility that this action will have an effect on the physical environment; and be it further

RESOLVED: That the City Council authorizes the City Manager, in consultation with the City Attorney, to take any and all actions that may be necessary or advisable to effectuate the purposes of this Resolution.

July 2, 2024

Agenda Item 1.C

RECOMMENDATION

Staff recommends that the City Council adopt a resolution (1) accepting the public improvements for Raymond P. Morelos Jr. Park, also known as Hillview Public Park, constructed by Lennar Homes of California, LLC, and assuming all future operations and maintenance, (2) authorizing the City Clerk to file a Notice of Completion for Raymond P. Morelos Jr. Park with the San Joaquin County Recorder's Office, and (3) authorizing the City Engineer to release the Raymond P. Morelos Jr. Park improvement security in accordance with the terms of the Subdivision Improvement Agreement.

EXECUTIVE SUMMARY

This agenda item seeks an adoption of a resolution accepting the public improvements relating to Raymond P. Morelos Jr. Park, also known as Hillview Public Park, constructed by Lennar Homes of California, LLC (Developer) as complete and authorizing the City Clerk to file a Notice of Completion. This would authorize the City Engineer to release the Developer's improvement security in accordance with the terms of the pertaining Subdivision Improvement Agreement for Hillview Public Park.

BACKGROUND AND LEGISLATIVE HISTORY

On November 10, 2020, the City Council adopted the Tracy Hills Specific Plan Amendment for the Tracy Hills KT Project and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for KT Property, Tract 4037, processed under Application No. TSM20- 0002 and approved by Resolution No. 2020-189. The Tentative Map includes 214 single-family residential lots, two commercial parcels, linear park parcel, Homeowners Association (HOA) recreation area parcel, retention basin parcel, and numerous other parcels to be owned and maintained by the HOA, on approximately 45.3 acres located in the Tracy Hills Specific Plan Area, east side of Corral Hollow Road in the vicinity of Tracy Hills Drive. The Final Map is on file with the City Clerk and is incorporated herein by this reference.

On October 19, 2021, by Resolution No. 2021-150, the City Council approved a Subdivision Improvement Agreement for Tract 4037 – KT Property II, establishing the Developer as the responsible party for all public and private improvements within all of Lots A and D as shown on the Final Subdivision Map for Tract 4037 – KT Property II, recorded on November 17, 2021, in book 43 of Maps and Plats at Page 200, Recorders Series No. 2021-191724, Official Records of San Joaquin County, California.

On September 19, 2023, by Resolution No. 2023-197, the City Council approved a Subdivision Improvement Agreement, see Attachment A (SIA), with Developer, for the construction of Hillview Public Park in the KT Property Tract 4037. The SIA was recorded in San Joaquin County Records on October 31, 2023, as Document No. 2023-088872. In accordance with the SIA, Government Code Sections 66499 et seq. and Tracy Municipal Code section 12.36.080, the Developer furnished Improvement securities in the following amounts:

Bond Type	Amount
Faithful Performance Security	$ 1,752,887.00
Labor and Material Security	$ 1,752,887.00
Warranty Security	$ 175,289.00

ANALYSIS

The City Engineer has inspected the completed work and confirmed that the improvements conform to the SIA and City specifications and plans, as related to Hillview Public Park. Subject to the City Council's approval, a Notice of Completion for Hillview Public Park would be filed by the City Clerk, to be recorded with the San Joaquin County Recorder's Office. Filing the Notice of Completion by the City Clerk will finalize acceptance of the improved Hillview Public Park land pursuant to Tracy Municipal Code 12.36.110. The Project carries a one-year Warranty Bond for all public improvements.

Faithful Performance Bonds may be released upon acceptance of improvements by the City. Labor and Material Bonds may be released thirty (30) days after recordation of the Notice of Completion, as the statute of limitations period expires in accordance with Civil Code § 9356. Warranty Bond may be released one (1) year after the City accepts the improvements and any warranty work is completed.

A total of 4.07 acres has been offered for dedication for Raymond P. Morelos Jr. Park, also known as Hillview Public Park, Lot A and Lot D on the Final Subdivision Map for Tract 4037 – KT Property II, recorded in Book 43 Maps and Plats Page 200, Recorder Series No. 2021-191724, Official Records of San Joaquin County, California and accepted by the City Clerk subject to satisfactory completion of improvements. City Council acceptance and filing of the Notice of Completion will memorialize satisfactory completion of improvements.

FISCAL IMPACT

All Hillview Public Park public improvements were completed by the Developer in accordance with the SIA, and there was no fiscal impact to the City for the construction cost. Once accepted, the Operations and Maintenance of Hillview Public Park will be maintained by the City, with funds collected through the Community Facilities District (CFD) assessment that are to be paid by each lot within the assessment area. The District is known as CFD 2022-1 Hillview Series 2022. Cost of Improvements for Hillview Public Park amounted to $ 1,752,887. The Developer received neighborhood park fee credits for all 214 lots based on a park acreage of 2.3 acres.

COORDINATION

The Engineering Division coordinated with the Parks and Recreation Department and the Public Works Department.

CEQA DETERMINATION

The Developer has complied with the applicable mitigation measures listed in the Final Subsequent Environmental Impact Report (EIR) for the Tracy Hills Specific Plan Project, State Clearinghouse No. 2013102053, which was certified by the City Council on April 5, 2016, and the Addendum to the EIR, which was prepared specifically for the Tracy Hills KT Project

consistent with the requirements of California Environmental Quality Act (CEQA) Guidelines Sections 15162 and 15164. No further environmental review is required.

STRATEGIC PLAN

This agenda item is consistent with the City Council approved Quality of Life strategy by enhancing City amenities and advancing vital infrastructure to provide recreation to our residents.

ACTION REQUESTED OF THE CITY COUNCIL

Staff recommends that the City Council, by resolution, (1) accept the public improvements for Raymond P. Morelos Jr. Park, also known as Hillview Public Park, constructed by Lennar Homes of California, LLC, and assuming all future operations and maintenance, (2) authorize the City Clerk to file a Notice of Completion for Raymond P. Morelos Jr. Park with the San Joaquin County Recorder's Office, and (3) authorize the City Engineer to release the Raymond P. Morelos Jr. Park improvement security in accordance with the terms of the Subdivision Improvement Agreement.

City of Tracy
SUBDIVISION IMPROVEMENT AGREEMENT
Hillview Public Park

This **Subdivision Improvement Agreement** ("**Agreement**") is entered into between the City of Tracy, a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company ("**Developer**").

Recitals

A. Developer is the party responsible for the construction of the public park improvements, known as Hillview Public Park (also known as the Raymond P. Morelos Jr. Park), situated within an approximately 4.07 acre property comprised of Lots A and D on the Final Subdivision Map for Tract 4037 – KT Property II, and being more particularly described in Exhibit "**A**" attached hereto and incorporated herein by reference (hereinafter "**Park Site**").

B. On November 10, 2020, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan Amendment for the Tracy Hills KT Project and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for KT Property, Tract 4037, processed under Application No. TSM20-0002 and approved by Resolution No. 2020-189 ("**Tentative Map**"). The Tentative Map includes 214 single-family residential lots, two commercial parcels, linear park parcel, HOA recreation area parcel, retention basin parcel, and numerous other parcels to be owned and maintained by a Homeowners Association, on approximately 45.3 acres located in the Tracy Hills Specific Plan Area, east side of Corral Hollow road in the vicinity of Tracy Hills Drive. The Tentative Map is on file with the City Clerk, and is incorporated herein by this reference.

C. The approval of the Tentative Map by the City Council was subject to specified conditions of approval ("**Conditions of Approval**"). The Conditions of Approval, attached hereto as Exhibit "**B**", require, among other things, that the Developer shall

complete construction of the public park improvements and the public park shall be accepted by the City within 18 months following the final inspection or occupancy of the first dwelling (except for up to 10 model homes) within the boundaries of the Tentative Map.

D. The Final Map for Tract 4037 – KT Property II, recorded on November 17, 2021, in Book 43 of Maps and Plats, at Page 200, San Joaquin County Records, includes offers of dedication to the City of the parcels comprising the Park Site. Upon completion of the Hillview Public Park improvements, the City will accept the offers of dedication of the Park Site and assume ownership of the park improvements. Council approved the Final Map on October 19, 2021, and as part of the Conditions of the Final Map, the Subdivider is required to execute this Subdivision Improvement Agreement for the public park improvements.

E. In accordance with the Conditions of Approval, Developer has prepared and the City Engineer has approved certain improvement plans and specifications (which incorporate portions of the City's Standard Specifications), which describe the Hillview Public Park improvements that are required to be constructed on the Park Site and are incorporated herein by reference. The approved plans and specifications ("**Plans and Specifications**") are entitled "Raymond P. Morelos Jr. Park Landscape Improvement Plans, Tracy Hills KT Property, Tract 4037, Tracy, CA" and include: twenty-nine (29) sheets of landscape construction plans for the linear park area prepared by FORMA; twenty-two (22) sheets of landscape construction plans for the retention basin park area prepared by FORMA; and five (5) sheets of fine grading plans for the linear park area prepared by Ruggeri-Jensen-Azar. The Plans and Specifications are on file with the City Engineer under Tracking No. ENG22-0001.

F. Because the required improvements have not been completed, Developer is required to execute this Agreement as authorized by Government Code section 66462.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. Scope of Work; Location. Developer shall perform, or cause to be performed, the Work described in the Plans and Specifications and the Conditions of Approval (hereinafter "**Work**"), to the satisfaction of the City Engineer. The Work shall be performed, and all materials and labor shall be provided, at Developer's expense, in the manner described in the Plans and Specifications. No change shall be made to the Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the scope of Work, as authorized by Tracy Municipal Code section 12.36.060(f).

Developer shall perform all Work at the locations and grades shown on the Plans and Specifications. Developer (a) has acquired any necessary easement or right-of-way or (b) has entered into a separate Agreement with the City to acquire the necessary easement or right-of-way at Developer's expense.

2. Time of Performance. Time is of the essence in the performance of the Work, and the timing requirements set forth here shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Work shall begin within 60 days after the Effective Date of this Agreement, in compliance with the requirements in Section 2.1. "Effective Date" is defined as the date on which the City executes the Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten days after the start of the condition that purportedly caused the delay, and not later than the date on which performance is due.

2.1 Commencement of Work. No later than 15 days before the beginning of Work, Developer shall provide written notice to the City Engineer of the date on which Developer will begin Work. Developer shall not begin Work until after the notice required by this section is properly provided, and Developer shall not begin Work before the date specified in the written notice.

2.2 Schedule of Work. Concurrently with the written notice of beginning of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

2.3 Completion of Work. Developer shall complete all Work by no later than 365 days after Developer's submittal of its notice of commencement of Work pursuant to Section 2.1 above. If the Work is not completed by this date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to expiring date of completion, (b) the City Engineer determines that Work is progressing satisfactorily and an extension is warranted, and (c) Developer pays all processing fees for such time extension.

2.4 Reversion to Acreage. If Developer fails to begin the Work before the date on which completion is due, Developer shall, upon written request by the City, consent to the reversion to acreage of all real property described by the Final Map, and Developer shall bear the costs of processing and implementing the reversion.

3. Improvement Security. Concurrently with Developer's execution of this Agreement, and before beginning any Work, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act (including Government Code sections 66499 *et seq.*) and Tracy Municipal Code section 12.36.080, in the following amounts:

3.1 Faithful Performance security in the amount of **$1,752,887.00** to secure faithful performance of this Agreement (until the date on which the City Council accepts the Work as complete) under Government Code sections 66499.1, 66499.4, and 66499.9.

3.2 Labor and Material security in the amount of **$1,752,887.00** to secure payment by Developer to laborers and materialmen under Government Code sections 66499.2, 66499.3, and 66499.4.

3.3 Warranty security in the amount of **$175,289.00** to guarantee improvements against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City

Council accepts the Work as complete, under Government Code sections 66499.1, 66499.4, and 66499.9.

4. Indemnification. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2) the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 12, below, has expired, at which time the indemnification obligations under this Section 4 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section 4 are in addition to all other Developer's obligations set forth in this Agreement, and shall not affect Developer's warranty obligations set forth in Section 12, below.

5. Insurance. Concurrently with the execution of this Agreement by Developer, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 5 are material terms of this Agreement. These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

5.1. General. Developer shall, throughout the duration of this Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

5.2. Commercial General Liability (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

5.3. Professional Contracts. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

5.4. Automobile Liability (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage

shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

5.4.1. If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

5.5. Workers' Compensation coverage shall be maintained as required by the State of California.

5.6. Endorsements. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

5.6.1. The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing operations and CG 20 37 (or its equivalent) for products/completed operations.

5.6.2. For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

5.6.3. Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

5.7. Notice of Cancellation. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

5.8. Authorized Insurers. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-:VII.

5.9. Insurance Certificate. Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney before the City executes this Agreement.

5.10. Substitute Certificates. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

5.11. Developer's Obligation. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

6. Independent Contractor Status. Developer is an independent contractor and is solely responsible for the acts of its employees, agents, and subcontractors, including

any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation, unless the City provides prior written authorization to Developer.

7. Default.

7.1 Notice. If Developer is in default of this Agreement, as defined in Section 7.2, the City Engineer shall provide written notice to Developer and Developer's surety (if any) describing the default.

7.2 Events of default. Developer shall be in default of this Agreement if the City Engineer determines that any one of the following conditions exist:

7.2.1 Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

7.2.2 Developer abandons the Project site.

7.2.3 Developer fails to perform one or more requirements of this Agreement.

7.2.4 Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

7.2.5 Developer violates any legal requirement related to the Work.

7.3 If Developer fails to cure the default within thirty (30) calendar days, or provide adequate written assurance to the satisfaction of the City Engineer that the cure will be promptly started and diligently prosecuted to its completion, the City may, in the discretion of the City Engineer, take any or all of the following actions:

7.3.1 Cure the default and charge Developer for the costs, including administrative costs and interest in an amount equal to 7% per annum from the date of default.

7.3.2 Demand Developer complete performance of the Work.

7.3.3 Demand Developer's surety (if any) complete performance of the Work.

8. Ownership of Work. All original documents prepared by Developer for this Agreement are the property of the City, and Developer shall provide them to the City at the completion of Developer's Work, or upon demand from the City.

9. Inspection by the City; Inspection Fees and Fee Credits. In order to permit the City to inspect the Work, Developer shall, at all times, provide the City proper and safe access to the Project site, and all portions of the Work, and to all shops where portions of the Work are in preparation.

Concurrently with Developer's execution of this Agreement and before the beginning of any Work, Developer shall pay the City Inspection Fees in the amount of 3.5% of the estimated Project costs (as approved by the City Engineer). If the City requires an independent inspection, Developer shall pay all such costs and provide a report directly to the City.

Developer shall be entitled to fee credits consistent with Tracy Municipal Code Section 10.20.060(b)(3), as may be amended from time to time.

9.1. Neighborhood Park Development Impact Fee Credits. Upon submission of the improvement security, payment of engineering review fees, and City's execution of this Agreement, Developer shall be entitled to receive neighborhood park development impact fee credits for all 214 single-family residential lots, based upon a neighborhood park area of 2.30 acres. The required neighborhood park acreage for Tract 4037 is 2.12. Developer can apply the additional 0.18 acres of neighborhood park to other Neighborhood Park Development Impact Fees within Tracy Hills Development. Developer is responsible for paying the neighborhood park program management fee.

10. Developer's Authorized Representative. At all times during the progress of the Work, Developer shall have a competent foreperson or superintendent (Superintendent) on site with authority to act on behalf of Developer. Developer shall, at all times, keep the City Engineer informed in writing of the names and telephone numbers of: (a) the Superintendent; and (b) all contractors and subcontractors performing the Work.

11. Acceptance of Work. Before the City Council's acceptance of the Work, Developer is solely responsible for maintaining the quality of the Work and maintaining safety at the Project site. Developer's obligation to perform the Work is not satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied, all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

12. Warranty Period. Developer shall warrant the quality of the Work, in accordance with the terms of the Plans and Specifications, for a period of one year after acceptance of the Work by the City Council. If during the one-year warranty period any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace, or reconstruct any defective improvements.

13. Miscellaneous.

13.1 Notices. All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City	To Developer:
City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org	Lennar Homes of California, LLC 2603 Camino Ramon, Suite 525 San Ramon, CA 94583 Attn: Bridgit Koller bridgit.koller@lennar.com

With a copy to:	With a copy to:
City Attorney 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer attorney@cityoftracy.org	AG Essential Housing CA 1, LP c/o AGWIP Asset Management LLC 8585 E. Hartford Drive, Suite 118 Scottsdale, AZ 85255 Attn: Steven S. Benson, Manager steve.benson@agwipam.com

Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

13.2 Approvals by City. Any approval or consent by that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

13.3 Modifications. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

13.4 Waivers. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

13.5 Assignment and Delegation. This Agreement and any portion of it may not be assigned or transferred, nor shall any of Developer's duties be delegated, without the City's prior written consent. Any attempt to assign or delegate this Agreement without the City's written consent shall be void and of no effect. A consent by the City to one assignment shall not be deemed to be a consent to any subsequent assignment.

13.6 Jurisdiction and Venue. The interpretation, validity and enforcement of the Agreement shall be governed by the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

13.7 Permits, Licenses, and Compliance with Law. Developer shall, at Developer's expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Before City signs the Agreement, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not those laws are expressly stated in this Agreement.

13.8 Entire Agreement; Severability. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed for this Project. This Agreement supersedes all prior negotiations, representations, or agreements. If a term of this Agreement is held invalid by a

court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

14. Signatures. The individuals executing this Agreement represent and warrant that they have the right, power, legal capacity and authority to execute this Agreement. This Agreement shall inure to the benefit of and be binding upon the parties and their successors and assigns.

The parties hereby agree to the full performance of the terms set forth herein.

EXHIBIT "A"
LEGAL DESCRIPTION OF PARK SITE

All that real property situate in the City of Tracy, County of San Joaquin, State of California, described as follows:

All of Lots A and D as shown on the final subdivision map of Tract 4037 – KT Property II, recorded on November 17, 2021, in Book 43 of Maps and Plats, at Page 200, Recorders Series No. 2021-191724, Official Records of San Joaquin County, California.

EXHIBIT "B"
CONDITIONS OF APPROVAL

Conditions of Approval for Tracy Hills KT Project
Vesting Tentative Subdivision Map
Application Number TSM20-0002
November 10, 2020

Project: These Conditions of Approval shall apply to the Vesting Tentative Subdivision Map for Tracy Hills KT Project, Application Number TSM20-0002, including approximately 214 single-family residential lots, a linear park, a retention basin, an HOA recreation area, and two commercial parcels.

Property: The property consists of approximately 45.1 acres located in the Tracy Hills Specific Plan Area, east of Corral Hollow Road in the vicinity of Tracy Hills Drive, Application Number TSM20-0002.

Community Facilities Districts: Certain conditions of approval herein involve the establishment of or annexation into one or more Community Facilities Districts (CFDs) to implement the Project. The imposition of conditions requiring or involving the establishment of or annexation into CFDs on the Property shall not limit the City from establishing additional CFDs over the Property, subject to an affirmative vote of the Property owner(s).

A. **Definitions; Abbreviations.**

The definitions in the City's zoning regulations (Tracy Municipal Code, Title 10, Chapter 10.08) and subdivision ordinance (Tracy Municipal Code, Title 12, Chapter 12.08) apply, and in addition:

1. "Applicant" means any person, or other legal entity, defined as a "Subdivider" by Section 12.08.010 of the City of Tracy Municipal Code.

2. "Development Services Director" means the Development Services Director of the City of Tracy, or any other person designated by the City Manager or the Development Services Director, to perform the duties set forth here. (The Development Services Director is also referred to in the Tracy Municipal Code as the Development and Engineering Services Director.)

3. "City Regulations" means all written laws, rules, and policies established by the City, including those set forth in the City of Tracy General Plan, the Tracy Hills Specific Plan, the Tracy Municipal Code, ordinances, resolutions, written policies, written procedures, and the City's Design Documents (including the Standard Plans, Standard Specifications, Design Standards, and relevant Public Facility Master Plans).

4. "Conditions of Approval" or "Conditions" means these conditions of approval.

The following abbreviations may be used in these Conditions:

EIR	Environmental Impact Report	PI&RA	Park Improvement and Reimbursement Agreement
DIA	Deferred Improvement Agreement	PUE	Public Utility Easement
OIA	Offsite Improvement Agreement	TMC	Tracy Municipal Code

B. Planning Division Conditions of Approval

1. Compliance with laws. The Subdivider shall comply with all laws (federal, state, and local) related to the development of real property within the Project boundaries, including, but not limited to: the Planning and Zoning Law (Government Code sections 65000, et seq.), the Subdivision Map Act (Government Code sections 66410, et seq.), the California Environmental Quality Act (Public Resources Code sections 21000, et seq., "CEQA"), and the Guidelines for the California Environmental Quality Act (California Administrative Code, title 14, sections 15000, et seq., "CEQA Guidelines").

2. City Regulations. Unless specifically modified by these Conditions of Approval, the Subdivider shall comply with all City Regulations.

3. Mitigation Measures. The Subdivider shall comply with all applicable mitigation measures in the Final Subsequent Environmental Impact Report (EIR) for the Tracy Hills Specific Plan Project (State Clearinghouse No. 2013102053), which was certified by the City Council on April 5, 2016, and the Addendum to the EIR, which was prepared for the Tracy Hills KT Project consistent with the requirements of California Environmental Quality Act (CEQA) Guidelines Sections 15162 and 15164.

4. Notice of protest period. Pursuant to Government Code Section 66020, including Section 66020 (d)(1), the City HEREBY NOTIFIES the Subdivider that the 90-day approval period (in which the Subdivider may protest the imposition of any fees, dedications, reservations, or other exactions that are within the purview of the Mitigation Fee Act [Government Code section 66000 et seq.] ("Exactions") and imposed on this Project by these Conditions of Approval) shall begin on the date of the conditional approval of this Project. If the Subdivider fails to file a protest of the Exactions complying with all of the requirements of Government Code Section 66020 within this 90-day period, the Subdivider will be legally barred from later challenging any of the Exactions. The terms of this paragraph shall not affect any other deadlines or statutes of limitations set forth in the Mitigation Fee Act or other applicable law, or constitute a waiver of any affirmative defenses available to the City.

5. Conformance with Vesting Tentative Subdivision Map. All Final Maps shall be in substantial conformance with the approved Vesting Tentative Subdivision Map (Application Number TSM20-0002), which was received by

the Development Services Department on September 18, 2020 and approved by the City Council on _____, 2020, unless modified by these Conditions.

6. Maintenance for Project Public Landscaping. Before approval of the first Final Map, the Subdivider shall assure that there will be sufficient funding for the ongoing costs related to public landscaping maintenance. Subdivider shall prepare public landscaping improvement plans and a public landscaping budget analysis (to be reviewed and approved by the City Public Works Director) to establish the scope of and cost estimates for public landscaping maintenance.

As used in these Conditions of Approval:

"Public landscaping maintenance costs" include but are not limited to all costs associated with the maintenance, operation, repair and replacement of public landscaping included in the Project. Labor costs shall be based upon and be paid at "prevailing wages," as that term is used in Section 1771 of the California Labor Code.

"Public landscaping" includes but is not limited to the following public areas and public improvements within or adjacent to the Project: public walls, special public amenities, ground cover, turf, shrubs, trees, irrigation systems, drainage and electrical systems, masonry walls or other fencing, entryway monuments or other ornamental structures, furniture, recreation equipment, hardscape and any associated appurtenances within medians, parkways, dedicated easements, channel-ways, public parks and public open space areas. It does not include public streets and street sweeping, but may include street lights.

Before approval of the first Final Map, Subdivider shall enter into an agreement with the City, which shall be recorded against the entire Tracy Hills KT Project property, which adopts and implements one or more of the following three options (a., b. or c.), subject to the approval of the City's Finance Director:

a. CFD or other funding mechanism. Before final inspection or occupancy of the first dwelling (except for up to ten model homes), the Subdivider shall, at its expense, form or annex into a Community Facilities District (CFD) or establish another lawful funding mechanism that is reasonably acceptable to the City for the entire Project area for funding or performing the on-going maintenance of public landscaping. Formation of the CFD shall include, but not be limited to, affirmative votes and the recordation of a Notice of Special Tax Lien. Upon successful formation, the Property will be subject to the maximum special tax rates as outlined in the Rate and Method of Apportionment. If funds are needed to pay for such public landscaping maintenance costs before collection of the first Special Services Tax (the "deficit"), then before final inspection or occupancy of the first dwelling (except for up to ten model homes), the Subdivider shall

deposit to the CFD (by submittal to the City's Finance Director) the amount of the deficit;

Or

b. HOA and dormant CFD. If the HOA is the chosen funding mechanism, the Subdivider must do the following:

(1) Form a Homeowner's Association (HOA) or other maintenance association, with CC&Rs reasonably acceptable to the City, to assume the obligation for the on-going maintenance of all public landscaping areas within the entire tentative subdivision map area;

(2) Cause the HOA to enter into an agreement with the City, in a form to be approved by the City and to be recorded concurrently with the first Final Map, setting forth, among other things, the required maintenance obligations, the standards of maintenance, and all other associated obligation(s) to ensure the long-term maintenance by the HOA of all public landscape areas within the entire tentative subdivision map area;

(3) For each Final Map, make and submit to the City, in a form reasonably acceptable to the City, an irrevocable offer of dedication of all public landscape areas within the Final Map area;

(4) Before final inspection or occupancy of the first dwelling (except for up to ten model homes), annex into a CFD in a "dormant" capacity, to be triggered if the HOA fails (as determined by the City in its sole and exclusive discretion) to perform the required level of public landscape maintenance. The dormant tax or assessment shall be disclosed to all homebuyers and non-residential property owners, even during the dormant period.

Or

c. Direct funding. Before final inspection or occupancy of the first dwelling (except for up to ten model homes), the Subdivider shall deposit with the City an amount necessary, as reasonably determined by the City, to fund in perpetuity the full costs of public landscaping maintenance as identified by the approved landscaping budget analysis.

7. Maintenance for Public Landscaping for Major Program Roadways. Before approval of the first Final Map, the Subdivider shall assure that there will be sufficient funding to pay the Subdivider's proportionate share of the ongoing public landscaping maintenance costs associated with major program roadways, by entering into an agreement with the City, which shall be recorded

against the entire Tracy Hills KT Project property, which adopts and implements one of the following two options (a. or b.), subject to the approval of the City's Finance Director:

a. CFD. Before final inspection or occupancy of the first dwelling (except for up to ten model homes), Subdivider shall, at its sole expense, form or annex into a Community Facilities District (CFD) for the entire Project area, for funding the Subdivider's proportionate share of the ongoing public landscaping maintenance costs associated with major program roadways identified in the Citywide Roadway and Transportation Master Plan. Formation of the CFD shall include, but not be limited to, affirmative votes and the recordation of a Notice of Special Tax Lien. Upon successful formation, the Property will be subject to the maximum special tax rates as outlined in the Rate and Method of Apportionment. If funds are needed to pay for such public landscaping maintenance costs before collection of the first Special Services Tax (the "deficit"), then before final inspection or occupancy of the first dwelling (except for up to ten model homes), the Subdivider shall deposit to the CFD (by submittal to the City's Finance Director) the amount of the deficit;

Or

b. Direct Funding. Before final inspection or occupancy of the first dwelling (except for up to ten model homes), the Subdivider shall deposit with the City an amount necessary, as reasonably determined by the City, to fund in perpetuity the full costs of funding the Subdivider's proportionate share of the ongoing public landscaping maintenance costs associated with major program roadways identified in the Citywide Roadway and Transportation Master Plan.

8. Parks. Before approval of the first Final Map, the Subdivider shall enter into an agreement with the City, which shall be recorded against the property, which stipulates that within 18 months following final inspection or occupancy of the first dwelling (except for up to ten model homes), the linear park shall be completed and accepted by the City.

9. Schools. Before issuance of a building permit for each new dwelling, the Subdivider shall document compliance with all applicable school mitigation requirements and provide to the City a certificate of compliance for such requirements from the Jefferson School District and Tracy Unified School District.

10. Public Services. Before approval of the first Final Map, the Subdivider shall do one of the following, subject to the approval of the City's Finance Director:

a. CFD or other funding mechanism. The Subdivider shall enter into an agreement with the City, to be signed by the Finance Director, which shall be recorded against the Property, which stipulates that prior to

issuance of a building permit (except for up to ten model homes), the Subdivider will form or annex into a Community Facilities District (CFD) or establish another lawful funding mechanism that is reasonably acceptable to the City for funding the on-going operational costs of providing Police services, Public Works services and other City services to serve the Project area. Formation of the CFD shall include, but not be limited to, affirmative votes and the recordation of a Notice of Special Tax Lien. The Subdivider shall be responsible for all costs associated with the formation or annexation proceedings. Upon successful formation, the parcels will be subject to the maximum special tax rates as outlined in the Rate and Method of Apportionment.

Or

b. Direct funding. The Subdivider shall enter into an agreement with the City, which shall be recorded against the property, which stipulates that prior to issuance of a building permit (except for up to ten model homes), the Subdivider will fund a fiscal impact study to be conducted and approved by the City to determine the long term on-going operational costs of providing Police services, Public Works services and other City services to serve the Project area, and deposit with the City an amount necessary, as reasonably determined by the City, to fund the full costs in perpetuity as identified by the approved study.

If the provisions for adequate funding of the on-going operational costs of providing Police services, Public Works services and other City services are met prior to issuance of the first building permit for the project, subject to the Finance Director's review and approval, the terms of this condition shall be considered to have been met and this condition shall become null and void.

C. Engineering Division Conditions of Approval

C.1. General Conditions

C.1.1. Subdivider shall comply with the applicable requirements of the approved documents, technical analyses/reports prepared for the Project listed as follows:

a) *Tracy Hills Specific Plan,* approved by City Council by Resolution No. 2016-063, dated April 5, 2016, and any amendments thereto.

b) *Tracy Hills Specific Plan Recirculated Draft Subsequent Environmental Impact Report and Addendum to the Subsequent Environmental Impact Report dated February 2020 ("EIR")*

c) *Tracy Hills KT Update Traffic Study,* prepared by Kimley-Horn and Associates, dated September 9, 2020, and any updates or amendments thereto ("Traffic Study").

d) *Tracy Hills KT Property Sanitary Sewer Study Technical Memorandum* prepared by Carollo, dated February 21, 2020 ("*Sanitary Sewer Study*").

e) *Tracy Hills Water Study Technical Memorandum* prepared by West Yost Associates, dated November 8, 2019 ("*Water Study*").

f) *Tracy Hills Storm Drainage Master Plan* prepared by Ruggeri-Jensen-Azar, dated July 2019 and reviewed by Stormwater Consulting, Inc. as outlined in the memo dated January 6, 2020 ("*Storm Drainage Study*")

g) *Citywide Water System Master Plan prepared by West Yost Associates,* dated December 2012.

h) *Plan Line Study – Corral Hollow Road prepared by Ruggeri-Jensen-Azar* ("*Corral Hollow Road Plan Line*").

i) Any Finance Implementation Plan ("FIP"), as described in Section 10.20.060(b)(3)(B) of the Tracy Municipal Code, that is approved by the City Council for the property described in the Tracy Hills KT Property Vesting Tentative Subdivision Map, Application No. TSM20-0002.

j) Amendment to the Tracy Hills Specific Plan for the KT Project, approved by City Council by Resolution No. 2020-___, dated _____, ___, 2020.

C.1.2 Timing of Compliance: The Applicant shall satisfy each of the following conditions prior to filing the first Final Map unless a different time for compliance is specifically stated in these Conditions of Approval. Any condition requiring an improvement that has already been designed, completed or under a City-approved agreement may be considered satisfied at the discretion of the City Engineer. For the purpose of these Conditions of Approval, Final Maps filed solely for financing purposes only, and no permits will be requested pursuant to such final map, then the requirements listed in these Conditions of Approval shall not apply to the final map for financing purposes only.

C.1.3 Revisions to the Vesting Tentative Subdivision Map ("VTSM"): The Subdivider shall incorporate revisions to comply with the recommendations and comments in the Traffic Study prior to approval of the VTSM.

C.2. Improvement Plans

C.2.1. General

The Subdivider shall complete Improvement Plans to comply with all applicable laws, including the City Regulations (defined above) and these Conditions of Approval. Improvement Plans shall contain the design, construction details and specifications of improvements that are required to serve the Project. The Improvement Plans shall be drawn on a 24" x 36" size 4-mil thick polyester film (mylar) and shall be prepared under the supervision of, and stamped and signed by a Registered Civil, Traffic, Electrical, Mechanical Engineer, and Registered Landscape Architect for the relevant work.

C.2.2. Site Grading

C.2.2.1 Erosion Control

Grading Plans shall specify the method of erosion control to be employed and materials to be used.

C.2.2.2 Grading and Drainage Plans

Submit a Grading and Drainage Plan prepared by a Registered Civil Engineer and accompanied by the Project's Geo-technical /Soils Engineering report. The report shall provide recommendations regarding adequacy of the site relative to the stability of soils such as soil types and classification, percolation rate, soil bearing capacity, highest observed ground water elevation, and others.

C.2.2.3 When the grade differential between the Project site and the adjacent property(s) exceeds 12 inches, a reinforced or masonry block wall, engineered slope, or engineered retaining wall is required for retaining soil. The Subdivider shall submit Retaining Wall Plans that includes the construction detail(s) and structural calculations of the retaining wall or masonry wall for City's review and approval.

C.2.2.4 If an engineered slope is used to retain soil on adjacent property outside the Project boundary, a slope easement will be necessary from the adjacent property. The Subdivider shall obtain a slope easement from owner(s) of the adjacent and affected property(s) and show the slope easement on the Final Map.

C.2.2.5 If applicable, show existing irrigation structure(s), channel(s) and pipe(s) that are to remain or relocated or to be removed, after coordinating with the irrigation district or owner of the irrigation facilities. If there are irrigation facilities including tile drains, that are required to remain to serve existing adjacent

agricultural uses, the Subdivider shall design, coordinate and construct required modifications to the facilities to the reasonable satisfaction of the owner of the irrigation facilities and the City.

C.2.3. Grading Permit

The City will not accept a grading permit application for the Project as complete until the Subdivider has provided all relevant documents related to the grading permit required by the City Regulations and these Conditions of Approval, to the satisfaction of the City Engineer.

C.2.4. Storm Drainage

C.2.4.1 Site grading shall be designed such that the Project's storm drainage overland release point will be directed to storm drainage easement or to public streets. If overland release is intended to be onto DWR property adjacent to the Project, Subdivider shall submit to the City documentation from DWR approving such discharge overland release onto DWR property as required by the City Engineer.

C.2.4.2 All permanent underground storm drainage lines and structures to be maintained by the City shall be located within right-of-way to be dedicated to the City or within an easement. If applicable, interim facilities and storm drain lines and collection basins shall be maintained by the Subdivider.

C.2.4.3 Storm drainage plans are to be submitted with the required hydrologic and hydraulic calculations for the sizing of storm drainage pipe(s) and shall comply with Storm Drainage Study and City Regulations.

C.2.4.4 Since the Project will construct a terminal retention basin, it has been determined that the Project will be exempt from the Post Construction Stormwater Quality Standards. However, should new Federal or State regulations come into effect during the buildout of the Project that would require future compliance, then the Project would not be exempted from those new requirements.

SWPPP's shall be implemented during project construction. In addition, the Project may implement stormwater control measures such as disconnected roof leaders, non-contiguous street sidewalks (providing landscape strips/parkways), tree planting in parkways and use of drought tolerant landscape with drip irrigation systems and "intelligent" controllers. Similarly, public education measures regarding the damaging

effects of pollutants to water quality may also be implemented.

C.2.4.5 All Storm Water structural and construction details that are not part of the City Standard Plans or City Design Standards shall be provided by the Subdivider and submitted to the City for approval as part of the improvement plans.

C.2.4.6 Storm drainage Retention Basin shall be contained within storm drainage parcels suitable for dedication to the City of Tracy. This basin shall be provided with appropriate fencing with warning signs, access roadways to and from public roadways and access roadways into the ponds for maintenance purposes as approved by the City Engineer. All storm drainage inlets into this basin shall have inlet structures with design acceptable to the City Engineer.

C.2.4.7 Fixed vertical sediment depth markers shall be installed near discharge points into the Retention Basin to assist with measurements of sediment deposition over time and future assessments of the need for maintenance activities.

C.2.5. Sanitary Sewer

C.2.5.1 All sanitary sewer lines and associated improvements shall be designed and installed per the Sanitary Sewer Study and City Regulations. Before approval of Final Map(s) for the Project, Subdivider shall submit improvement plans and obtain approval for the plans for all on-site sewer improvements.

C.2.5.2 The Subdivider shall design and construct the Sanitary Sewer Pump Station (SSPS) with sufficient capacity to service the Project per City Standards and Sanitary Sewer Study. This Pump Station shall be constructed on land to be dedicated by Subdivider, as approved and required by the City. Upon satisfactory completion of the SSPS improvements, as determined by City, the City will accept the land dedication and SSPS improvements for maintenance. Maintenance of the SSPS shall be included in the Community Facilities District (CFD) to be established for the Project.

C.2.5.3 No final inspection of any residential building will be performed or certificate of occupancy for commercial building will be issued, with the exception of Model Homes, until the improvements listed above are completed and functional, as determined by the City Engineer.

C.2.5.4 Subdivider shall pay impact fees at the time of issuance of building permit. In addition, the Subdivider shall pre-pay impact fees for wastewater treatment for all remaining residential lots no later than one year after issuance of first building permit for production home.

C.2.5.5 Prior to the City's approval of the first Final Map within Project, the Subdivider shall dedicate to the City utility maintenance easements necessary for all sanitary sewer lines (gravity or force mains). All requirements relating to the access and maintenance by the Utilities Department and Public Works Department shall be incorporated into the improvement plans.

C.2.5.6 Subdivider shall coordinate with Utilities Department and Public Works Department for determining the access, parking, security fencing, lighting and other related improvements at the Sanitary Sewer Pump Station. The requirements identified shall be incorporated into the design of the SSPS for review and approval by the City Engineer.

C.2.5.7 Parcel "B" (Sanitary Sewer Lift Station) access road shall be paved with structural section per City standards adequate to support maintenance vehicles accessing the Retention basin and the SSPS.

C.2.6. Water Distribution System

C.2.6.1 All potable water lines and associated improvements as identified in the Water Study (Water Line Improvements) shall be designed and installed per City Regulations.

C.2.6.2 During the construction phases (vertical construction) of the Project, the Subdivider shall be responsible for providing water infrastructure (temporary or permanent) capable of delivering adequate fire flows and pressure appropriate to the various stages of construction and as approved by the Fire Marshal.

C.2.6.3 Prior to approval of each Final Map, the Subdivider shall submit calculations and improvement plans as required by the Fire Marshal and the City Engineer, and obtain a letter from the Fire Marshal that the fire flow parameters per Tracy Design Standards Section 6.02 are met for the phased construction of water lines to the satisfaction of the Fire Marshal.

C.2.6.4 Subdivider shall install Recycled Water mains in Street "D" required to serve the Project.

Initially, the 8-in Recycled Water Main will be connected to a potable water supply (with a stub in place to future recycled water) as approved by the City until the program backbone Recycled Water facilities are in place. Once the Recycled Water system network is online the 8-in Recycled Water distribution main will be disconnected from the Potable Water system and connected to the Recycled Water System as part of the Recycled Water Project by the City.

C.2.6.5 Domestic and Irrigation Water Services – The HOA will be responsible for the repair and maintenance of all valves, fittings on services related to landscaping on all parcels to be owned by HOA and within HOA easements.

C.2.6.6 Where pressures at individual water services will be 80 psi or more, the Subdivider shall provide pressure-reducing valves at the location approved by the City Engineer. The design of the individual pressure reducing valves for services shall be subject to approval by the Building Official.

C.2.6.7 Fire Service Line – The Subdivider shall design and install fire hydrants at the locations approved by the Fire Marshal. Before the approval of the Improvement Plans, the Subdivider shall obtain written approval from the Fire Marshal for the design, location and construction details of the fire service connections to the Project, and for the location and spacing of fire hydrants that are to be installed to serve the Project.

C.2.7. Street Improvements

C.2.7.1 Subdivider is required to design and construct on-site and frontage roadway improvements to serve the Project as identified in the Traffic Study and these Conditions of Approval. All improvements shall comply with City Regulations, and Tracy Hills Design Standards. Such improvements shall include, but are not limited to, roadways, water distribution system, sewer system, storm drainage systems, curb and gutter, sidewalks, street lighting system, traffic signals, ITS systems, pavement and crosswalk striping, bicycle lanes and trails, roadway signage and street signs, median islands, turn lanes, landscaping, and all necessary related improvements as required by the City. Timing of completion of street improvements shall comply with these Conditions of Approval.

C.2.7.2 Corral Hollow Road Right of Way

Per the Citywide Roadway & Transportation Master Plan (CRTMP) that was adopted by City Council on November 26,

2012, pursuant to Resolution No. 2012-240, amended on November 19, 2013, Corral Hollow Road will be a 4-lane major arterial street with a raised median, sidewalks, bicycle facilities and landscaping, and depicted Corral Hollow Road Plan Line.

The Corral Hollow Road Plan Line established the amount of right-of-way to be dedicated from the Project along Corral Hollow Road. The Subdivider shall dedicate all rights-of-way necessary for the widening of Corral Hollow Road along the entire frontage of the Property on Corral Hollow Road. The dedication shall include additional right-of-way for turn lanes and transitions where applicable. If required, the Subdivider shall also dedicate right-of-way for construction of intersection improvements including traffic signal modifications at Tracy Hills Road / Corral Hollow Road for buildout requirements.

The Subdivider shall be eligible for fee Credits and/or reimbursements for right-of-way dedication beyond Project's frontage obligation per the CRTMP requirements. Temporary / interim improvements are not eligible for fee credits or reimbursements.

C.2.7.3 Abandonment of Right-of way on Corral Hollow Road

The Subdivider shall submit request to the City for vacation of existing Corral Hollow Road right-of-way and pay for all costs of processing of vacation of right-of-way and recordation of documents.

Potential impacts to access to adjacent parcels (Sellick APN 253-100-09) due to abandonment of Corral Hollow Road right-of-way (such as providing curb cut/ driveway on Street "D" or other improvements as deemed necessary by the City Engineer) shall be mitigated as approved by the City. All costs of such mitigations shall be paid for by the Subdivider.

C.2.7.4. Corral Hollow Road Improvements

The Subdivider shall design and construct the Corral Hollow Road Improvements in accordance with the Traffic Study, Corral Hollow Road Plan Line and City Regulations.

The improvements will include, but are not limited to, construction of asphalt concrete pavement, traffic signal modifications, pavement markings and striping, traffic signage, street lighting, roadway section construction and/or replacement, asphalt concrete overlay (where required), pavement transitions and other street and utilities

improvements that are required to serve the Project based on the phasing plan approved by the City Engineer.

Roadway design shall conform to STAA truck traffic requirements and Caltrans requirements.

C.2.7.5. Corral Hollow Road Improvements for Residential Units

Prior to issuance of final inspection or occupancy of Model Homes and residential units, the Subdivider shall complete the following Corral Hollow Road Improvements to provide adequate and safe traffic conditions on Corral Hollow Road to the satisfaction of the City Engineer.

Subdivider shall prepare improvement plans for Corral Hollow Road Improvements and obtain approval by the City Engineer before approval of the first Final Map within the Project.

a. Corral Hollow Road/Tracy Hills Drive/ Street D:

1. Southbound: One left turn, one right turn and one through lane.
2. Northbound: One left turn, one right turn and one through lane.
3. Westbound: One left turn, one shared through and right turn lane. However, this layout may result in interim curb, signal and pedestrian crossing, which will be funded by the project as interim improvements. The developer must provide intersection layouts indicting this geometry for review. The layouts must show the ultimate layout as well.
4. Eastbound: Same as existing - One shared through and right turn lane, two left turn lanes.
5. Signal timing: Modified signal timing plans for AM and PM and school midday.
6. Add signal poles and curb/sidewalk as required.

b. Corral Hollow Road/Street A (RIRO Driveway):

1. Northbound: One right turn lane to separate through traffic from right turning vehicles.
2. Provide a raised median on Corral Hollow Drive to prevent left turns in and out of the site.

3. Westbound: one right turn lane exiting the development.

C.2.7.6. Corral Hollow Road Improvements for Commercial Parcels

Prior to issuance of final occupancy of for any buildings on the Commercial parcels, the Subdivider shall complete the following Corral Hollow Road Improvements to provide adequate and safe traffic conditions on Corral Hollow Road to the satisfaction of the City Engineer.

a. Corral Hollow Road/Tracy Hills Drive/ Street D:

1. Southbound: Two left turns, one right turn, and one through lane.
2. Northbound: Two left turns, one right turn, and one through lane.
3. Westbound: One through, one left, and one right turn lane.
4. Eastbound: Same as existing - One shared through and right turn lane, two left turn lanes.
5. Signal timing: Modified signal timing plans for AM and PM and school midday.
6. Add signal poles and curb/sidewalk as required.

C.2.7.7. Fee Credits and/or reimbursements for eligible costs of improvements beyond Project's frontage obligation per the CRTMP, will be determined based on the improvement plans to be approved by the City Engineer. Interim improvements are not eligible for fee credits or reimbursements and are the sole responsibility of the Subdivider.

C.2.7.8. Pavement Repaving/ Overlay on Corral Hollow Road

Subdivided shall pay its fair share of $50,000 towards the estimated cost of r repaving/ overlay from I-580 south right-of-way line to southerly City Limits as directed by the City Engineer.

C.2.7.9 In order to guarantee completion of the Corral Hollow Road Improvements, the Subdivider shall enter into an improvement agreement (SIA or OIA) and post an improvement security in the amounts and form in accordance with section 12.36.080 of the TMC and as required by these Conditions of Approval. The Subdivider shall submit the signed and notarized OIA with the

necessary improvement security before approval of the first Final Map within the Project.

C.2.7.10 For any Corral Hollow Road Improvements considered frontage improvements (such as Subdivider's Frontage Obligation per the CRMP including landscape improvements behind the curb) that are not constructed or security posted with OIA at the time of approval of the first Final Map, the Subdivider shall enter into a DIA with the City.

The Subdivider shall submit the signed and notarized DIA before approval of the first Final Map within the Project. The Subdivider shall post improvement security in the amounts and form in accordance with TMC section 12.36.080 at the times specified in the DIA.

C.2.7.11 Traffic Control Plan

Before starting any work within City's right-of-way on Corral Hollow Road, the Subdivider shall submit a Traffic Control Plan for each phase of work, to show the method and type of construction signs to be used for regulating traffic at the work areas within these streets. The Traffic Control Plan shall be prepared by a Civil Engineer or Traffic Engineer licensed to practice in the State of California. Subdivider shall comply with Caltrans requirements and standards for any work conducted within Caltrans ROW.

C.2.7.12 The Subdivider shall design and construct Corral Hollow Road Improvements to meet the applicable requirements of the latest edition of the California Department of Transportation Highway Design Manual (CHDM) and the California Manual of Uniform Traffic Control Devices (MUTCD), the Applicable Law, and these Conditions of Approval.

C.2.7.13 The Tracy Hills Specific Plan EIR ("EIR") identifies the Project's traffic impacts that are to be mitigated by the Subdivider. The mitigation measures are summarized in Table 4.13-68, Transportation & Circulation EIR Mitigation Matrix. Subdivider shall comply with the applicable mitigation measures as outlined in the Traffic Study.

C.2.7.14 As the properties north of the Project along Corral Hollow Road develop, City will install fiber-optic lines to connect signals on Corral Hollow Road. In the interim, at the time of installation of traffic signals at Corral Hollow Road / Tracy Hills Drive, the Subdivider shall provide a functional communication system acceptable to the City Engineer, to

connect the City's Traffic Control Management Center (TCMC) located at the City Hall to the traffic signal. Any required improvements at the TCMC to facilitate communications in the interim condition that is not part of the Master Plan Facilities, shall be installed at Subdivider's cost, and no fee credits or reimbursements will be applicable.

C.2.7.15 Bus shelter and turnout on Corral Hollow Road

The bus shelter and turnout on Corral Hollow Road shall be constructed as part of the Frontage Improvements on Corral Hollow Road. The City will provide the construction details and materials specifications of the bus shelter. Timing of construction of bus shelters will be determined in the future based on the extension of TRACER's Fixed Route to serve the Project. In order to assure completion of construction of the bus shelters, the Subdivider may either enter into a DIA with security, or pay to the City the estimated cost for bus shelter on Corral Hollow Road at the time of approval of the first Final Map within the Project.

C.2.7.16 Encroachment Permit

Before starting any work to be performed and improvements to be constructed within City's right-of-way, the Subdivider shall obtain an Encroachment Permit from the City. The Subdivider or its authorized representative shall submit all documents that are required to process the Encroachment Permit including but not limited to, approved Improvement Plans, Traffic Control Plan, payment of engineering review fees, copy of the Contractor's license, Contractor's Tracy business license, and certificate of insurance naming the City of Tracy as additional insured or as a certificate holder.

C.2.7.17 Dead-End Streets. A standard barricade and guardrail with appropriate traffic sign will be required at street ends. Alternatively, turnarounds/ hammerheads meeting the requirements of Fire Marshal shall be provided at the dead-end streets.

C.2.7.18 In-tract Streets. The Subdivider shall dedicate all rights-of-way that are necessary to construct all the in-tract streets based on cross sections shown on the Vesting Tentative Subdivision Map with the Final Map for the respective phase. The width of travel lanes, street median, landscaping strip and sidewalk shall be in accordance with the Vesting Tentative Subdivision Map and Tracy Hills Specific Plan.

Design and construction details of the in-tract streets such as asphalt concrete pavement, curb, gutter, sidewalk, street light, water main, fire hydrant, landscaping with automatic irrigation system, storm drain, catch basin and drop inlets, sanitary sewer main and lateral, water main, individual water service and meter, pavement marking and striping, traffic sign, driveway, handicap ramp and other street improvements shall comply with City Regulations and shall be shown on the Improvement Plans.

C.2.7.19 Emergency/ Utility Vehicles Access at Street "C" and Street "E" Intersection: Access at this intersection shall be limited to emergency/utility vehicles only by the installation of turf blocks with vegetation designed to withstand vehicle loads as required by the City Engineer. The access shall be designed with either lockable bollards or gate with knox-box control as determined by the Fire Marshal and the City Engineer. The maintenance and replacement costs for the access area including sidewalk, rolled curb, turb blocks and access control shall be the responsibility of the HOA , or estimated costs as acceptable to the City shall incorporated into the CFD.

C.2.7.20 For all phases of the Project, the Subdivider shall install sidewalk to provide pedestrian circulation connecting the subdivisions sidewalks to the CH sidewalk and to the Corral Hollow Road/ Tracy Hills Road Intersection. Crosswalks on Corral Hollow Road to provide pedestrian access to the Tracy Hills Phase 1a subdivision should be provided. Timing and design of pedestrian access shall be as determined by the City Engineer based on the Phasing Plan.

C.2.7.21 All intersections shall be designed to accommodate fire truck movements as required by the Fire Department.

C.2.7.22 Subdivider must provide and verify sight distances, where applicable, with regard to intersections, reverse lots and fence placements as required by the City Engineer.

C.2.8. Public Utility Easements

C.2.8.1 Undergrounding of Overhead Utilities. Any existing overhead lines and poles within the Project boundaries and on the west side of Corral hollow Road within the Project frontage shall be removed or undergrounded.

C.2.8.2 All private utility services to serve the Project such as electric, telephone and cable TV to the building must be installed underground, within right-of-way or a dedicated

Public Utility Easement (PUE) and at the location approved by the City and the respective owner(s) of the utilities.

The Subdivider shall submit improvement plans for the installation of electric, gas, telephone and TV cable lines that are to be installed under the sidewalk or within the PUE. Underground utility conduits may be installed under the sidewalks, and underground boxes and structures may be located in the landscaped parkway next to the curb. All above-ground boxes and facilities shall be behind the sidewalk and within the PUE. Pop-outs to provide additional width of PUE where required to accommodate larger above-ground structures will be permitted subject to review and approval by Public Works Director and the City Engineer. Before approval of the first Final Map, the Subdivider shall complete the necessary coordination work with the respective owner(s) of the utilities to for approval.

C.2.8.3 Public Utility Easements on sideyard lots shall be adjusted/ eliminated in final neighborhood designs based on actual joint trench design requirements.

C.2.8.4 The Subdivider shall take necessary actions to accomplish existing DWR easement to be quitclaimed prior to recordation of first Final Map within the Project. If not accomplished prior to first Final Map, the Subdivided shall submit documentation that DWR will quitclaim the easement prior to City's acceptance of the Retention Basin. All costs of the process for the quitclaim shall be borne by the Subdivider.

C.3. Final Map

The City will not approve any Final Map until the Subdivider demonstrates, to the satisfaction of the City Engineer, that all the requirements set forth in these Conditions of Approval are completed, including, but not limited to the following:

C.3.1. Subdivider has submitted one reproducible (mylar) copy of the approved tentative subdivision map for the Project after Subdivider's receipt of a notification of approval of the Tentative Subdivision Map. The signature of the owner of the Property on the Tentative Subdivision Map shall indicate the owner's consent to the preparation of the Tentative Subdivision Map and the proposed subdivision of the Property.

C.3.2. Each Final Map is prepared in accordance with the applicable requirements of the Tracy Municipal Code, these Conditions of

Approval, all other applicable City Regulations, and in substantial conformance with the Tentative Subdivision Map.

C.3.3. Each Final Map includes and shows offer(s) of dedication of all right(s)-of-way and/or temporary or permanent easement(s) required by the Improvement Plans and Final Map, in accordance with City Regulations and these Conditions. If construction easement(s) is/are shown, it/they shall indicate the termination date of the construction easement(s).

C.3.4. Horizontal and vertical control for the Project shall be based upon the City of Tracy coordinate system and at least three 2nd order Class 1 control points establishing the "Basis of Bearing" and shown as such on the Final Map. The Final Map shall also identify surveyed ties from two of the horizontal control points to a minimum of two separate points adjacent to or within the Property described by the Final Map.

C.3.5. Subdivider has submitted a signed and stamped Engineer's Estimate that show construction cost of subdivision improvements that are described in Conditions C.2 above, plus 10% for construction contingencies.

C.3.6. Subdivision Improvement Agreement

Before the City's approval of any Final Map, the Subdivider shall execute a Subdivision Improvement Agreement (for the public facilities required to serve the real property described by the Final Map), and post all required improvement security in accordance with City Regulations.

C.3.7. Phasing Plan and Deferred Improvement Agreement

Prior to Subdivider's submittal to the City of the first Final Map for City approval, Subdivider shall submit for the City Engineer's review and reasonable approval a phasing plan for the submittal of all Final Maps to be filed for this Vesting Tentative Subdivision Map. The phasing plan may be subject to subsequent modifications based on market conditions, the rate of development, and Subdivider's disposition of the parcels created by the Final Maps. Prior to the City's approval of the first final map within the Project, the Subdivider shall execute a Deferred Improvement Agreement, in substantial conformance with the City's standard form agreement, by which (among other things) the Subdivider agrees to complete construction of all remaining public facilities (to the extent the public facilities are not included in the Subdivision Improvement Agreement) which are required by these Conditions of Approval. The Deferred Improvement Agreement shall identify timing requirements for construction of all remaining public facilities, in conformance with the phasing plan submitted by the Subdivider and approved by the City Engineer.

C.3.8. Improvement Security

The Subdivider shall provide improvement security for all public facilities, as required by Subdivision Improvement Agreement or Offsite Improvement Agreement. The form of the improvement security may be a surety bond, letter of credit or other form in accordance with City Regulations. The amount of the improvement security shall be as follows:

C.3.8.1 Faithful Performance (100% of the estimated cost of constructing the public facilities).

C.3.8.2 Labor & Material (100% of the estimated cost of constructing the public facilities).

C.3.8.3 Warranty (10% of the estimated cost of constructing the public facilities).

C.3.8.4 Monumentation ($750 multiplied by the total number of street centerline monuments that are shown on the Final Map).

C.3.9. Subdivider has paid engineering review fees including improvement plan checking, final map review, agreement processing, and all other fees required by these Conditions of Approval and City Regulations.

C.3.10. Subdivider has submitted technical or materials specifications, cost estimate, and technical reports related to the design of improvements that are shown on the Improvement Plans and as required by these Conditions.

C.3.11. Subdivider has submitted hydrologic and storm drainage calculations for the design and sizing of in-tract storm drainage pipes located within the Project.

C.3.12. Subdivider has submitted signed and stamped Improvement Plans.

C.3.13. Signed and notarized Offsite Improvement Agreement (OIA) and Improvement Security, to guarantee completion of the identified public improvements that are necessary to serve the Project as required by these Conditions of Approval. The form and amount of Improvement Security shall be in accordance with Section 12.36.080 of the Tracy Municipal Code (TMC), and the OIA.

C.3.14. Signed and notarized Deferred Improvement Agreement (DIA) and Improvement Security, to allow deferment of completion of improvements as required by these Conditions of Approval. The form

and amount of Improvement Security shall be in accordance with the DIA and Section 12.36.080 of the TMC.

C.4. Grading and Encroachment Permit

No applications for grading and encroachment permits will be accepted by the City as complete until the Subdivider has provided all documents required by these Conditions and City Regulations, to the reasonable satisfaction of the City Engineer, including, but not limited to, the following:

C.4.1. Grading and Drainage Plans prepared on a 24" x 36" size polyester film (mylar). Grading and Drainage Plans shall be prepared under the supervision of and stamped and signed by a Registered Civil Engineer.

C.4.2. Payment of the applicable Grading Permit fees which include grading plan checking and inspection fees, and other applicable fees as required by these Conditions of Approval.

C.4.3. Three sets of the Storm Water Pollution Prevention Plan (SWPPP) identical to the reports submitted to the State Water Quality Control Board (SWQCB) and any documentation or written approvals from the SWQCB including a copy of the Notice of Intent (NOI) with the state-issued Wastewater Discharge Identification number (WDID). After the completion of the Project, the Subdivider is responsible for filing the Notice of Termination (NOT) required by SWQCB, and shall provide the City, a copy of the completed Notice of Termination.

C.4.4. Cost of preparing the SWPPP, NOI and NOT including the annual storm drainage fees and the filing fees of the NOI and NOT shall be paid by the Subdivider. The Subdivider shall comply with all the requirements of the SWPPP and applicable Best Management Practices (BMPs) and the Storm Water Regulations adopted by the City in 2008 and any subsequent amendment(s), and the City Regulations.

C.4.5. Two sets of the Project's Geotechnical Report signed and stamped by a licensed Geo-technical Engineer licensed to practice in the State of California. The technical report must include relevant information related to soil types and characteristics, soil bearing capacity, percolation rate, roadway section construction recommendations and elevation of the highest observed groundwater level.

C.4.6. A copy of the Approved Fugitive Dust and Emissions Control Plan that meets San Joaquin Valley Air Pollution Control District (SJVAPCD) as required in Mitigation Monitoring and Reporting Program of the Tracy Hills Specific Plan Final Environmental Impact Report (TH-EIR).

C.4.7. Two sets of Hydrologic and Storm Drainage Calculations for the design of the on-site storm drainage system.

C.4.8. Reasonable written permission from irrigation district or affected owner(s), if applicable. The cost of relocating and/or removing irrigation facilities and/or tile drains is the sole responsibility of the Subdivider.

C.4.9. Written approval(s) or permit(s) obtained from San Joaquin County regarding the removal and abandonment of any existing well(s), if applicable. All existing on-site wells, if any, shall be abandoned or removed in accordance with the City and San Joaquin County requirements. The Subdivider shall be responsible for all costs associated with the abandonment or removal of the existing well(s) including the cost of permit(s) and inspection.

C.4.10. Improvement Plans prepared on a 24" x 36" size 4-mil thick polyester film (mylar) that incorporate all the requirements described in these Conditions of Approval. Improvement Plans shall be prepared under the supervision of, and stamped and signed by a Registered Civil, Traffic, Electrical, Mechanical Engineer, and Registered Landscape Architect for the relevant work.

C.4.11. Two sets of structural calculations for drainage structures and retaining walls within street right-of-way and retention basins signed and stamped by a Structural Engineer licensed in the State of California.

C.4.12. Signed and stamped Engineer's Estimate that summarizes the cost of constructing all the public improvements shown on the Improvement Plans.

C.4.13. Check payment for the applicable engineering review fees which include plan checking, permit and agreement processing, testing, construction inspection, and other applicable fees as required by these Conditions of Approval. The engineering review fees will be calculated based on the fee rate adopted by the City Council on April 15, 2014, per Resolution No. 2014-059.

C.4.1.4. Traffic Control Plan for each phase signed and stamped by a Registered Civil Engineer or Traffic Engineer licensed in the State of California.

C.4.15. As required per Mitigation Measure 4.8-2a of the EIR, the Subdivider shall submit, prior to issuance of grading permits, a Phase II ESA focused on soil sampling conducted near the location of the underground crude oil pipelines, as determined by a qualified Phase II/Site Characterization specialist.

C.4.16. As required per Mitigation Measure 4.8-2b of the EIR, prior to issuance of grading permits, the Subdivider shall work with Conoco Phillips to implement and observe a site damage prevention plan to the satisfaction of the City of Tracy Engineering Division.

C.5. Building Permit

The City will not approve any building permit within the Project boundaries until a Final Map is approved by the City Council and it is recorded at the San Joaquin County Recorder's Office, and the Subdivider demonstrates, to the reasonable satisfaction of the City Engineer, compliance with all the required Conditions

C.5.1. Check payment of the applicable City Wide Roadway and Traffic, Water, Recycled Water, Wastewater, Storm Drainage, Public Safety, Public Facilities, and Park Development Impact Fees (adopted by Resolution No. 2014-010) as these relate to the Project and as required by these Conditions of Approval.

C.5.2. Check payment of applicable Regional Transportation Impact Fees (RTIF) as required in the Mitigation Monitoring and Reporting Program of the Final Environmental Impact Report, these Conditions of Approval, and the Settlement Agreement per C1.1.k above.

C.5.3. Check payment of any applicable Agricultural Mitigation Fee as required in Chapter 13.28 of the Tracy Municipal Code and Mitigation Measure AG 4.2.1 of the EIR and these Conditions of Approval.

C.5.4. Payment of the San Joaquin County Facilities Fees as required in Chapter 13.24 of the TMC.

C.5.5. The Project developer(s) shall be required to pay the Transportation Impact Fee established pursuant to the written Agreement by and between the City of Tracy, LTA, the Sierra Club, the County of Alameda, and the City of Livermore to the City of Tracy prior to issuance of building permits for any residential portion of the Project.

C.6. Final Building Inspection

The City will not perform final building inspection (except for Model Homes) until after the Subdivider provides documentation which demonstrates, to the reasonable satisfaction of the City Engineer, that:

C.6.1. The Subdivider has completed construction of all public facilities required to serve the building for which a certificate of occupancy is requested or a final building inspection has to be performed unless otherwise defined herein. Unless specifically provided in these Conditions, or the City Regulations, the Subdivider shall take all

actions necessary to construct all public facilities required to serve the Project, and the Subdivider shall bear all costs related to construction of the public facilities (including all costs of design, construction, construction management, plan check, inspection, land acquisition, program implementation, and contingency).

C.7. Temporary or Final Building Certificate of Occupancy

No Final Building Inspection shall be performed or a Temporary or Final Building Certificate of Occupancy will be issued (except for Model Homes) by the City until after the Subdivider provides reasonable documentation which demonstrates, to the satisfaction of the City Engineer, that:

C.7.1 The Subdivider has satisfied all the requirements set forth in these Conditions of Approval.

C.7.2. The Subdivider has completed construction of all required public facilities for the building for which a certificate of occupancy is requested, unless otherwise defined herein. Unless specifically provided in these Conditions of Approval, or some other applicable City Regulations, the Subdivider shall use diligent and good faith efforts in taking all actions necessary to construct all public facilities required to serve the Project, and the Subdivider shall bear all costs related to construction of the public facilities (including all costs of design, construction, construction management, plan check, inspection, land acquisition, program implementation, and contingency).

C.8. Acceptance of Public Improvements

Public improvements will not be considered for City Council's acceptance until after the Subdivider demonstrates to the reasonable satisfaction of the City Engineer, completion of the following:

C.8.1. All the public improvements shown on the Improvement Plans are completed and all the deficiencies listed in the deficiency report prepared by the assigned Engineering Inspector are all corrected.

C.8.2. Subdivider has completed the 90-day public landscaping maintenance period.

C.8.3. Subdivider has submitted Certified "As-Built" Improvement Plans (or Record Drawings). Upon completion of the construction by the Subdivider, the City shall temporarily release the originals of the Improvement Plans to the Subdivider so that the Subdivider will be able to document revisions to show the "As Built" configuration of all improvements.

C.8.4. Where applicable, signed and notarized Grant Deed(s) with legal description(s) and plat maps for the offer of dedication of right-of-way, and Grant of Easements as required per these Conditions of Approval and City Regulations, or dedications shown on the Final Map.

C.9. Release of Improvement Security

City will release Improvement Security(s) to the Subdivider after City Council's acceptance of public improvements, both on-site and off-site, in accordance with TMC section 12.36.080, upon written request and submittal of the recorded Notice of Completion.

C.10. Special Conditions

C.10.1. All streets and utilities improvements within City's right-of-way shall be designed and constructed in accordance with City Regulations, except as otherwise specifically approved in the Tracy Hills Specific Plan.

C.10.2. When street cuts are made for installation of utilities, the Subdivider is required to install 2 inches thick asphalt concrete overlay with reinforcing fabric at least 25 feet from all sides and for the entire length of the utility trench. A 2 inches deep grind on the existing asphalt concrete pavement will be required where the asphalt concrete overlay will be applied and shall be uniform thickness in order to maintain current pavement grades, cross and longitudinal slopes. If the utility trench extends beyond the median island, the limit of asphalt concrete overlay shall be up to the lip of existing gutter located along that side of the street.

C.10.3. All improvement plans shall contain a note stating that the Developer (or Contractor) will be responsible to preserve and protect all existing survey monuments and other survey markers. Any damaged, displaced, obliterated or lost monuments or survey markers shall be re-established or replaced by a licensed Land Surveyor at the Developer's (or Contractor's) sole expense. A corner record must be filed in accordance with the State law for any reset monuments (California Business and Professions Code Section 8871).

C.10.4. Benefit District

The Subdivider may make a written request to the City for the formation of a Benefit District, before the approval of the final map and improvement plans for the public facility(s) considered to be oversized that benefits other property(s) or development(s). Reimbursement request(s) will be processed in accordance with TMC Chapter 12.60.

C.10.5. The CFD or HOA shall pay for the future costs of maintenance including PG&E charges for all new streetlights and new traffic signals to be installed by the Project.

C.10.6. Nothing contained in these Conditions shall be construed to permit any violation of City Regulations. Subject, however, to City Regulations, this Condition does not preclude the City from requiring pertinent revisions and additional requirements to the final map, improvement agreements, and improvement plans, before the City Engineer's signature on the final map and improvement plans, if the City Engineer finds it necessary due to public health and safety reasons. (Government Code section 66498.6.) The Subdivider shall bear all the cost for the inclusion, design, and implementations of such additions and requirements, without reimbursement or any payment from the City.

UNANIMOUS CONSENT OF
GENERAL PARTNER

OF

AG ESSENTIAL HOUSING CA 1, L.P.

Dated as of May 2, 2022

The undersigned, being the sole general partner of AG ESSENTIAL HOUSING CA 1, L.P., a Delaware limited partnership (the "**Partnership**"), does hereby unanimously adopt the following resolutions and does hereby unanimously consent to the taking of the actions therein set forth:

RESOLVED, that either **Steven S. Benson**, in his capacity as the manager, or **Wendy Stoeckel**, in her capacity as Authorized Representative, of AGWIP Asset Management, LLC, an Arizona limited liability company (each an "**Authorized Agent**") acting alone be, and hereby are, authorized, empowered and directed to enter into, execute and deliver on behalf of the Partnership, any and all documents relating to land bank transactions with Lennar Corporation, a Delaware corporation, and its respective divisions and subsidiaries ("**Lennar**"), including but not limited to (i) Option Agreements (each an "**Option Agreement**"); (ii) Construction Agreements (each a "**Construction Agreement**"), (iii) if the property is to be land banked is not owned by Lennar, Nomination Agreements (each a "**Nomination Agreement**") pursuant to which Lennar shall assign to the Partnership the right to acquire the property from a third party seller at the close of escrow under the existing underlying acquisition agreement originally negotiated by Lennar as buyer; and (iv) if the property is already owned by Lennar, Purchase Agreements (each a "**Purchase Agreement**") wherein Lennar is the seller and the Partnership is the buyer (collectively, the "**Land Bank Documents**"), and all other agreements, certificates, documents or instruments contemplated by or relating to the transactions associated with the acquisition, platting, development, transfer and sale of the real properties (the "**Properties**") which are the subject of the Land Bank Documents or which are required to be signed by the Partnership as contemplated by the underlying purchase agreement with the third party seller.

RESOLVED, that any Authorized Agent, acting alone, be, and hereby is, authorized and empowered to enter into, execute and deliver on behalf of the Partnership any and all amendments to any of the Land Bank Documents, but only on terms and conditions acceptable to the undersigned (as may be evidenced by electronic mail from Ryan Mollett or Bryan Rush on behalf of the undersigned).

RESOLVED, that each Authorized Agent, acting alone, on the direction of the undersigned, be, and hereby is, authorized and empowered for, on behalf and in the name of the Partnership, to execute and deliver: (i) any and all plats, maps, permits,

applications for permits or other development matters, certificates, tax filings, tax license forms, agreements, documents, annexation agreements, development agreements, intergovernmental agreements and other instruments, and (ii) all documents and instruments and filings necessary in connection with the sale of land in the jurisdictions in which the Properties are located or which are necessary or which any Authorized Agent, in consultation with the undersigned, may determine to be advisable or expedient in connection with the foregoing (or as may be required by any municipality or utility provider or by any escrow agent handling, or title insurer involved with, the closing of the sale of all or any portion of any of the Properties), including but not limited to, assignments, plats, deeds or maps of dedication, condominium plans and documents, easements, declarations of easements and restrictions, CC&R's and condominium declarations and annexation documents (and any supplements thereto), subdivision assurance agreements, documents relating to the formation of, or annexation into, any communities facilities, community development or utility district or similar district, notices, utility district notices, special tax notices, authorizations, affidavits of property value, grant, bargain and sale, warranty or quit claim deeds conveying all or any portion of the Properties, non-foreign person affidavits, contracts, agreements, service contracts, certificates, together with any extensions, renewals, modifications or amendments to any one or more of the foregoing, and all such instruments and documents signed by any Authorized Agent in connection with any of the foregoing resolutions are hereby ratified, approved and confirmed as being done for and on behalf of the Partnership.

IN WITNESS WHEREOF, the undersigned has set its hand as of the day and year first above written.

RESOLUTION NO. _____

---

(1) ACCEPTING THE PUBLIC IMPROVEMENTS FOR RAYMOND P. MORELOS JR. PARK, ALSO KNOWN AS HILLVIEW PUBLIC PARK, CONSTRUCTED BY LENNAR HOMES OF CALIFORNIA, LLC, AND ASSUMING ALL FUTURE OPERATIONS AND MAINTENANCE, (2) AUTHORIZING THE CITY CLERK TO FILE A NOTICE OF COMPLETION FOR RAYMOND P. MORELOS JR. PARK WITH THE SAN JOAQUIN COUNTY RECORDER'S OFFICE, AND (3) AUTHORIZING THE CITY ENGINEER TO RELEASE THE RAYMOND P. MORELOS JR. PARK IMPROVEMENT SECURITY IN ACCORDANCE WITH THE TERMS OF THE SUBDIVISION IMPROVEMENT AGREEMENT.

WHEREAS, the Final Subdivision map for Tract 4037 – KT Property II, included dedication of approximately 4.07 acre property comprised as Lot A and Lot D for Raymond P. Morelos Jr. Park (hereinafter "Hillview Public Park"); and

WHEREAS, on September 19, 2023, by Resolution No. 2023-197, the City Council approved a Subdivision Improvement Agreement (SIA) for Hillview Public Park with Lennar Homes of California LLC, a California Limited Liability Company (Developer), for the construction of Hillview Public Park in the KT Property Tract 4037; and

WHEREAS, Developer has asked the City to accept the completed improvements as related to Hillview Public Park and release to the Developer, the improvement security furnished by the Developer for the Hillview Public Park improvements; and

WHEREAS, the City Engineer has inspected the completed improvements for the Hillview Public Park and has determined that the Developer has constructed the Hillview Public Park improvements in conformity with approved plans and specifications and has submitted record drawings of the improvements; and

WHEREAS, pursuant to Tracy Municipal Code (TMC) section 12.36.110, the City seeks to accept the Hillview Public Park improvements as complete; and

WHEREAS, with the Hillview Public Park improvements complete, the City also seeks to file a Notice of Completion pursuant to Civil Code sections 8184 *et seq*. for the Hillview Public Park improvements with the San Joaquin County Recorder's Office and authorize the City Engineer to release the bonds relating to the Hillview Public Park improvements in accordance with the terms of the SIA and the California Government Code; now, therefore, be it

RESOLVED: That the City Council and the City of Tracy hereby accept the public improvements for Raymond P. Morelos Jr. Park, also known as Hillview Public Park, within the Final Subdivision Map for Tract 4037 – KT Property II, constructed by Lennar Homes of

California, LLC, and assumes future operations and maintenance of the Hillview Public Park site; and be it

FURTHER RESOLVED: That the City Council authorizes the City Clerk to file a Notice of Completion for Raymond P. Morelos Jr. Park and record said Notice with the San Joaquin County Recorder's Office; and be it

FURTHER RESOLVED: That the City Council authorizes the City Engineer to release the Raymond P. Morelos Jr. Park improvement security in accordance with the terms of the Subdivision Improvement Agreement and the California Government Code; and be it

FURTHER RESOLVED: That the City Council hereby determines that the actions taken herein were adequately analyzed by that certain Environmental Impact Report for the Tracy Hills Specific Plan Project, State Clearinghouse No. 2013102053, which was certified by the City Council on April 5, 2016, and the Addendum to the EIR, which was prepared specifically for the Tracy Hills KT Project is consistent with the requirements of California Environmental Quality Act (CEQA) Guidelines Sections 15162 and 15164. No further environmental review is required.

Agenda Item 1.D

RECOMMENDATION

The Tracy Homelessness Advisory Committee recommends that the City Council adopt a resolution by a four-fifths vote (1) making a determination that compliance with standard procurement process is not in the best interest of the City and dispense the bidding requirements for the purchase of a high tension membrane structure from Sprung Instant Structures, Inc., pursuant to California Public Contract Code Section 22050 and Tracy Municipal Code Section 2.20.270(a); and (2) rescinding the approval, given pursuant to Resolution 2022-098, of a Purchase Agreement with Sprung Instant Structures, Inc. for a high-tension membrane structure in the amount of $455,000; and (3) approving, instead, a Purchase Agreement with Sprung Instant Structures, Inc., for such structure at the Not-To-Exceed amount of $481,275.

EXECUTIVE SUMMARY

This agenda item requests that City Council make a determination that compliance with standard procurement process is not in the best interest of the City and dispense with standard procurement process for procurement of the Sprung high tension membrane structure, recommends the rescission of a prior approval to execute a Purchase Agreement with Sprung Instant Structure, which was approved pursuant to Resolution No. 2022-098, and seeks new approval of a Purchase Agreement with Sprung Instant Structures, Inc., (Vendor) for the purchase of a sixty (60) foot wide by one hundred and five (105) foot long high tension membrane structure to be installed as part of the Phase II 2024 Site Improvements at the Temporary Emergency Housing Facility (TEHF) Project, City of Tracy Capital Improvement Project (CIP) 71112, at 370 W. Arbor Avenue, for a Not-To-Exceed amount of $481,275**.**

The Tracy Homelessness Advisory Committee heard this item on June 20, 2024 and recommends that the City Council adopt the proposed Resolution.

BACKGROUND AND LEGISLATIVE HISTORY

On September 1, 2020, the City Council authorized the creation of a CIP for the Temporary Emergency Housing Facility Project on Arbor Avenue, CIP 71112, to create a safe and dignified facility for residents experiencing homelessness.

During design development for the TEHF Project it was determined that the use of prefabricated structures would best meet the City's goal to expedite the facility occupancy schedule. A steel component building structure was considered, however, lead times for a standard steel building component package was anticipated to take eleven (11) months. The Vendor utilizes aluminum structural ribs and bracing components that are kept in stock and a complete structure package can be delivered in six to eight weeks. The structure has high-tension membrane interior and exterior skins with an insulation layer between, that fully encloses the structure and provides energy efficiency as required by California Building and Energy codes. The structure package will include all components and specialized fittings to meet the City's design layout.

On December 21, 2021, pursuant to Resolution 2021-196, City Council authorized the use of United States General Services Administration Cooperative purchase agreement with Sprung Instant Structures, Inc. for the purchase of pre-manufactured sixty (60) foot by one hundred five (105) foot long high-tension membrane structures. The resolution was amended with Resolution 2022-056 on May 3, 2022 because the United States General Services Agency, Cooperative purchasing MAS purchasing requires the use of federal grant funds and authorization of a federal contracting officer to utilize the program and the Community Development Block Grant (CDBG) Funding through the Department of Housing and Urban Development (HUD), does not support the use of the GSA purchasing program. Pursuant to Resolution 2022-056 the City Council authorized the direct purchase of the pre-manufactured sixty (60) foot by one hundred five (105) foot long high-tension membrane structures.

Phase II Site Improvements were advertised for bids in June of 2022, work for this contract included all work required for the installation of the Sprung Structure purchased directly by the City pursuant to Resolution 2022-056. Only a single bid was received, and it exceeded the available project funds. On August 16, 2022, the City Council, pursuant to Resolution 2022-120, rejected the bid received on July 20, 2022 and authorized staff to readvertise the project with modifications.

On July 5, 2022, pursuant to Resolution 2022-098, the City Council approved a Purchase Agreement with the Vendor, in the amount of $455,000.00. However, the then approved Purchase Agreement was not executed pending the outcome of the upcoming TEHF Site Improvement bid process, but the vendor agreed to hold the price until its execution.

The modified Phase II Site Improvements were readvertised for bids in September of 2022, and all work required for the installation of the Sprung Structure, purchased directly by the City remained in the project scope. On Wednesday, October 19, 2022, bids for the construction of the TEHF Site Improvements were received. All bids received exceeded the available funding; therefore, the construction contract could not be awarded.

On August 15, 2023, the City Council, pursuant to Resolution 2023-150, rejected all bids received in October of 2022, so that staff could prepare the TEHF Phase II Site Improvements to be readvertised. Because the Phase II Improvements were not able to move forward in 2022, the Purchase Agreement approved pursuant to Resolution 2022-098 was not executed.

Additional funding was obtained from the San Joaquin County Board of Supervisors, in the form of a grant of American Rescue Plan Act funding in the amount of $7.1 million and a federal Housing and Urban Development Community Project Funding Grant in the amount of $3 million, that now allows for the construction of Phase II.

On August 31, 2023, Sprung provided an updated cost proposal for a total of $481,275. The not-to-exceed total includes:

Sprung Structure	$ 425,802
Ancillary Services	$ 11,853
Shipping/Delivery	$ 6,940
California sales tax (8.25%)	$ 36,680
Total Agreement Not-to-Exceed	$ 481,275

The 2023 proposal from Sprung reflects a 6.8% increase in proposed cost from the 2022 proposed cost. Sprung Instant Structures, Inc. has agreed to honor the proposal provided in 2023 for this Agreement.

Foundation preparation, utility connections and interior buildout for the Sprung structure is included in the Phase II Site Improvement construction work. All information for the Sprung structure, including notations regarding the City's purchase of said materials, have been coordinated into the plans and specifications for the bid documents, the award of which work you are considering by separate agenda item.

As the two components are related, staff recommends that this item be included on the City Council Agenda on the same date that the construction contract award for the Phase II Site Improvements is being considered.

FISCAL IMPACT

The Temporary Emergency Homeless Shelter, CIP 71112, is an approved Capital Improvement Project with a total budget of $20,947,654. There are sufficient funds available in the project for the purchase of the Sprung structure, with funding as follows:

Funding Source	Budget	Expenses	Balance
American Rescue Plan Act - City of Tracy	$ 4,500,000	$ 4,229,546	$ 270,454
San Joaquin County (ARPA) R1	$ 3,661,113	$ 3,661,113	$ -
San Joaquin County (ARPA) R2	$ 7,167,798	$ -	$ 7,167,798
HHAP	$ 329,240	$ 329,240	$ -
HHAP R2	$ 414,042	$ 414,042	$ -
Federal Grant	$ 3,000,000	$ -	$ 3,000,000
CDBG (4 Grants)	$ 1,185,461	$ 836,294	$ 349,167
Housing Asset Funds	$ 690,000	$ 101,979	$ 588,021
Current Budget	$ 20,947,654	$ 9,572,214	$ 11,375,440

CEQA DETERMINATION AND NEPA

A Notice of Exemption was issued on October 16, 2020, for the TEHF in accordance with Government Code sections 65660-65662 for low barrier navigation Centers and Section 15269(c) of the CEQA Guidelines. This action is consistent with the project considered in the Notice of Exemption and no further environmental review is necessary.

San Joaquin County, as the responsible entity under the National Environmental Protection Act (NEPA) for the federal grants related to this Project, conducted an Environmental Assessment in 2023 and released a Finding of No Significant Impact on January 18, 2024, in compliance with NEPA and applicable federal regulations.

STRATEGIC PLAN

This agenda item is consistent with the City Council's adopted 2021-2023 Strategic Priorities, Public Safety Strategy Plan, Goal No. 2, Implementation of the Adopted Homelessness Strategic Plan, Item No. 1, to secure capital funding to construct a Temporary Emergency Housing Facility.

ACTION REQUESTED OF THE CITY COUNCIL

The Tracy Homelessness Advisory Committee recommends that the City Council adopt a resolution by a four-fifths vote (1) making a determination that compliance with standard procurement process is not in the best interest of the City and dispense the bidding requirements for the purchase of a high tension membrane structure from Sprung Instant Structures, Inc., pursuant to California Public Contract Code Section 22050 and Tracy Municipal Code Section 2.20.270(a); and (2) rescinding the approval, given pursuant to Resolution 2022-098, of a Purchase Agreement with Sprung Instant Structures, Inc. for a high-tension membrane structure in the amount of $455,000; and (3) approving, instead, a Purchase Agreement with Sprung Instant Structures, Inc., for such structure at the Not-To-Exceed amount of $481,275.

APPROVED AS TO FORM AND LEGALITY

CITY ATTORNEY'S OFFICE

TRACY CITY COUNCIL

RESOLUTION NO. 2022-098

APPROVING A PROCUREMENT AGREEMENT WITH SPRUNG INSTANT STRUCTURES, INC. FOR THE PURCHASE OF A SIXTY (60) FOOT WIDE BY ONE HUNDRED FIVE (105) FOOT LONG, HIGH TENSION MEMBRANE STRUCTURE IN THE AMOUNT OF $451,786, TO BE INSTALLED AS PART OF THE SITE IMPROVEMENTS AT THE TEMPORARY EMERGENCY HOUSING PROJECT, CIP 71112, AT 370 W. ARBOR AVENUE

WHEREAS, The City Engineer's Office has finalized the construction documents for Site Improvements at the Temporary Emergency Housing Project, CIP 71112, at Arbor Avenue, and a significant component of the site improvements is a sixty (60) foot wide by one hundred five foot (105) long high-tension membrane structure; and

WHEREAS, The City Council, on December 21, 2021, via Resolution No. 2021-196, amended on May 3, 2022, via Resolution No. 2022-056, Council authorized the direct purchase of a sixty (60) foot wide by one hundred five foot (105) long high-tension membrane structure; and

WHEREAS, The City Council, on September 1, 2020, authorized the creation of a Capital Improvement Project, the Temporary Emergency Housing Project, CIP 71112, to fund the improvements at 370 W. Arbor Avenue; and

WHEREAS, The vendor, Sprung Instant Structures, Inc., manufactures and stocks the components of the high-tension membrane structure and a complete structure package can be delivered in about six to eight weeks; and

WHEREAS, By purchasing the structures in advance and directly from the manufacturer, staff expects to minimize production time delays to the Project; now, therefore, be it

RESOLVED, That the City Council of the City of Tracy hereby approves, via resolution, the Procurement Agreement with Sprung Instant Structures, Inc. in a not-to-exceed amount of $451,786 for the purchase of a sixty (60) foot wide by one hundred five foot (105) long high-tension membrane structure for installation as part of the Temporary Emergency Housing Project, CIP 71112, at 370 W. Arbor Avenue.

City Clerk and Clerk of the Council of the City of Tracy, California

Attachment B

CITY OF TRACY
PURCHASE AGREEMENT FOR GOODS, COMMODITIES, AND ANCILLARY SERVICES WITH SPRUNG INSTANT STRUCTURES, INC.

This Purchase Agreement for Goods, Commodities, and Ancillary Services (**Agreement**) is entered into between the City of Tracy, a municipal corporation (**City**), and Sprung Instant Structures, Inc. a Texas Corporation (**Vendor**). City and Vendor are sometimes referred to individually as "**Party**" and collectively as "**Parties**.

Recitals

A. City is actively pursuing the construction of Temporary Emergency Housing, CIP 71112, pursuant to which will allow the City may provide up to 154 beds on a nightly basis to unhoused residents in the City, along with ancillary services (**Project**), on City-owned land of 4.8 acres located at Arbor Avenue (**Project Site**).

B. The Project construction is being funded by grants from the Department of Housing and Urban Development (**HUD**) through Community Development Block Grants (**CDBG**) and Community Project Funding (**CPF**), Urban Development Homeless Housing, Assistance & Prevention Grants (**HHAP**); American Rescue Plan Act (**ARPA**) funds from San Joaquin County and the City of Tracy, and City of Tracy Housing Asset Funds.

C. During preliminary design, City staff researched the available options for main shelter structures suitable for timely implementation of the Project and initially concluded that purchasing a sixty (60) foot wide by one hundred five (105) foot long high predesigned and fabricated tension membrane structure (as further described in **Exhibit A** attached hereto, "**Goods"**) was the best option for meeting the City's timeframe for implementing the Project.

D. Staff determined that Vendor possesses the skills, experience, and certifications required to provide the requisite Goods for the Project and that the Vendor was the only manufacturer able to provide the City with the required Goods within the City's timelines.

E. On May 3, 2022, City Council approved Resolution No. 2021-196 to authorize the direct purchase of Goods from the Vendor.

F. Under Chapter 14.1.4 Non-competitive Proposals section of the CDBG procurement guidelines, the City can procure an item without competitive bidding when that item is only available from that single source.

G. Under Tracy Municipal Code Section 2.20.180(b)(2) purchases of $50,000.00 or greater are exempt from formal bidding requirements if the City Manager reviews and approves that the purchase may be obtained only from one source. The City Manager for the City of Tracy has so reviewed and approved that the Goods described hereunder are unique and available only from Vendor.

H. Consistent with the authority granted in Resolution No. 2021-196, the Parties have reached an agreement for the City's purchase of the agreed-upon Goods and ancillary services by the terms outlined in this Agreement.

NOW THEREFORE, in exchange for the mutual covenants provided herein, which the parties hereto acknowledge as good and valuable consideration, the parties agree as follows:

1. **CITY PURCHASE.**

   1.1. GOODS. The City agrees to purchase, and the Vendor agrees to sell, the Goods as more specifically outlined and described in the attached **Exhibit A,** which is incorporated herein by this reference. The Goods shall comply with all of the standards and specifications outlined in **Exhibit A**.

   1.2. SERVICES. The City also agrees to purchase from Vendor the services related to the installation or delivery of such Goods, as more specifically outlined and described in the attached **Exhibit B** (**Ancillary Services**), which is incorporated herein by this reference. Ancillary Services shall be provided in a manner consistent with the level of care and skill ordinarily exercised by members in the same profession, practicing in the same locality under similar conditions.

   1.3. NO SUBSTITUTIONS; AUTHORIZED REPRESENTATIVE. There shall be no substitution of Goods or Ancillary Services, without the prior written authorization of the City. All Ancillary Services shall be performed by or under the direct supervision of, the Vendor's Authorized Representative: Bo Comings, Business Development Manager. Vendor shall not replace its Authorized Representative without City's prior written consent. If Vendor fails to obtain the City's prior written consent for any change or replacement in personnel, Goods, or Ancillary Services, the City may terminate this Agreement. A list of all personnel who will be conducting the Ancillary Services in conjunction with this Agreement will be outlined in **Exhibit B**.

2. **DELIVERY DATES.** The Vendor shall ship the Goods and the Goods must arrive at the destination of 370 W Arbor Avenue, Tracy CA, 95304 and Ancillary Services must be provided by the Vendor, as outlined in the detailed Delivery Timeline, specified in **Exhibit C.** Vendor shall give the City written notice when the Goods have been shipped or caused to be shipped.

   2.1 Time is of the essence for the delivery schedule. Any failure by the Vendor to meet the delivery schedule established pursuant to **Exhibit C** will constitute a material default of this Agreement. If Vendor fails to meet the delivery timeline set out in this Agreement of **Exhibit C**, the City may cancel the order of any Goods and Ancillary Services not delivered by the required time, without liability and/or terminate this Agreement. The Vendor must notify the City immediately if the Vendor reasonably believes the Vendor will not be able to meet the Delivery Timeline for any reason and provide the City with a schedule that the Vendor reasonably believes it will be able to meet. It is within the City's discretion whether it will accept the revised timeline.

3. **PURCHASE PRICE.** City shall pay Vendor on a fixed fee basis, at the fee amounts outlined in **Exhibit D,** attached hereto and incorporated herein by this reference. The total purchase price is delineated the products and services provided by Vendor to City: the price of the Goods, the price of the Ancillary Services, taxes, and the cost of delivery of Goods.

   3.1 NOT TO EXCEED AMOUNT. Vendor's total compensation for the aggregate of the Goods and the Ancillary Services under this Agreement shall not exceed $481,275.00 (Four Hundred Eighty-One Thousand, Two Hundred Seventy-Five Dollars). Notwithstanding the foregoing, the payment of any funds under this Agreement shall be subject to the City of Tracy appropriation of funds for the Services. This Agreement shall terminate in the event that such funds are not appropriated. Unless specifically stated

otherwise or agreed to in a writing signed by all Parties, the fees proposed by Vendor, as set forth in Exhibit D hereto, shall remain unchanged for the entire term of this Agreement and any extensions of this Agreement. It is understood and agreed that Vendor may not receive compensation up to the "not-to-exceed" amount (or any other amount), and Vendor's total compensation under this Agreement will depend on the scope of the Services requested and approved by the City. Vendor's billing rates shall cover all costs and expenses for Vendor's performance of this Agreement. No work shall be performed by Vendor in excess of the "not-to-exceed" amount provided in this section without the City's prior written approval.

3.2 INVOICES. Vendor shall submit invoice(s) to the City per the outlined schedule in Purchase of Goods and Ancillary Services in **Exhibit D**.

3.2.1 If Vendor is providing Services in response to a development application, separate invoice(s) must be issued for each application and each invoice shall contain the City's designated development application number.

3.2.2 Vendor's failure to submit invoice(s) in accordance with this Section may result in the City rejecting said invoice(s) and thereby delaying payment to Vendor.

3.3 PAYMENT. Within 30 days after the City's receipt of the invoice(s), City shall make payment to the Vendor based upon the services described on the invoice(s) and approved by the City.

3.4 Final Payment. The acceptance by Vendor of the final payment made under this Agreement shall constitute a release of City from all claims and liabilities for compensation to Vendor for anything completed, finished or relating to Vendor's services. Vendor agrees that payment by City shall not constitute nor be deemed a release of the responsibility and liability of Vendor or its employees, subcontractors, agents and subconsultants for the accuracy and competency of the information provided and/or services performed hereunder, nor shall such payment be deemed to be an assumption of responsibility or liability by City for any defect or error in the Services performed by Vendor, its employees, subcontractors, agents and subconsultants.

3.5 Books and Accounts. Vendor agrees to maintain books, accounts, payroll records and other information relating to the performance of Vendor's obligations under the Agreement, which shall adequately and correctly reflect the expenses incurred by the Vendor in the performance of Vendor's work under the Agreement. Such books and records shall be open to inspection and audit by the City during regular business hours for three years after expiration or termination of this Agreement.

3.6 Taxes. The Seller must separately state on all invoices any taxes imposed by the local, state, or federal state government applicable to furnishing of the Goods provided, however, where a tax exemption is available, the tax must be subtracted from the total price and identified. Unless otherwise outlined in this Agreement, the Purchase Price will be considered to include state and city sales or use tax.

4. CANCELLATION AND TERMINATION. The City reserves the right to terminate or cancel any portion of this Agreement at any time prior to the delivery of Goods and Ancillary Services, with or without cause, by giving Vendor written notice as set forth in Section 14 below. There shall be no period of grace after giving the notice of cancellation or termination. Notwithstanding the terms of Section 14 below, cancellation or termination shall become effective immediately upon the date

the written notice is deposited in the mail by the City. Should the city terminate this agreement after manufacturing has begun, the City agrees to pay Vendor $208,632 for mobilization, restocking and custom parts as shown in Exhibit D-1.

5. **BREACH**. In the event of a breach of the Purchase by Vendor, City may terminate the Agreement immediately without notice, may reduce payment to the Vendor in the amount necessary to offset City's resulting damages, may procure substitute Goods or Ancillary Services at Vendor's expense, and/or may pursue any other available recourse against Vendor. Vendor may only terminate the Agreement if City breaches a material provision of this Agreement and such breach continues for a period of 30 days after written notice describing the breach"

6. **DELIVERY RISK OF LOSS.** All orders will be Free on Board (**FOB**) destination if not otherwise specified. Risk of loss or damage to the Goods shall remain with the Vendor until the Goods have been delivered to and accepted by the City. All Goods and Ancillary Services will be received by the City subject to its right of inspection, rejection, and revocation of acceptance under the Uniform Commercial Code. The City will be allowed a reasonable period of time to inspect the Goods and Ancillary Services and to notify Vendor of any nonconformance with the terms and conditions of the specifications. The City may reject any Goods and Ancillary Services that do not conform to the terms and conditions outlined under **Exhibits A** and **B**. Any Goods and Ancillary Services rejected may be returned to the Vendor at the Vendor's risk and expense.

7. **INDEMNIFICATION.** Vendor shall, to the fullest extent permitted by law, indemnify, defend (with independent counsel approved by the City), and hold harmless the City from and against, and reimburse the City for, any and all liabilities, obligations, losses, damages, injunctions, suits, actions, fines, penalties, claims, demands, administrative and judicial proceedings and order, judgments, remedial action requirements, costs and expenses of every kind or nature, and all costs and expenses incurred in connection therewith, including, without limitation, reasonable attorneys' fees and court costs ("**Claims**") arising directly or indirectly from or out of (including any and all related costs and expenses), relating or pertaining to or resulting from, in whole or in part, this Agreement; the Goods and the Ancillary Services; any act, omission, or event relating in any way to Vendor's obligations under this Agreement; and/or Vendor's breach of this Agreement, except to the extent such Claim is caused solely by the active negligence or willful misconduct of the City. In this Section 4, "City" means the City, its officials, officers, agents, employees and volunteers; "Vendor" means the Vendor, its employees, agents and subcontractors.

   In the event there is a finding and/or determination that Vendor is not an independent contractor and/or is an employee of City, including but not limited to any such finding and/or determination made by the California Public Employees' Retirement System (CalPERS), the Department of Industrial Relations (DIR), or the Internal Revenue Service (IRS), Vendor shall, to the fullest extent permitted by law, indemnify, defend, and hold harmless the City from and against any and all Claims relating to or in connection with such a finding and/or determination.

   (The duty of a "design professional" to indemnify and defend the City is limited to claims that arise out of, pertain to, or relate to the negligence, recklessness or willful misconduct of the design professional, under Civ. Code § 2782.8.)

   Vendor and City mutually waive consequential damages for claims, disputes, or other matters in question, arising out of or relating to this Agreement. This mutual waiver is applicable, without limitation, to all consequential damages due to either Party's termination of this Agreement.

   Vendor is an independent contractor and is solely responsible for the acts of its employees or agents or anyone acting on Vendor's behalf, including any negligent acts or omissions. Vendor is not City's employee and Vendor shall have no authority, express or implied, to act on behalf of the

City as an agent, or to bind the City to any obligation, unless the City provides prior written authorization. Vendor, and its agents or employees, are not entitled to City benefits. Vendor shall be solely responsible for, and shall save the City harmless from, all matters relating to the payment of Vendor's employees, agents, subcontractors and subconsultants, including compliance with social security requirements, federal and State income tax withholding and all other regulations governing employer-employee relations.

The provisions of this section survive the expiration or the termination of this Agreement and are not limited by the provisions of Section 8 relating to insurance.

8. INSURANCE. Vendor shall, throughout the duration of this Agreement, maintain insurance to cover Vendor, its agents, representatives, and employees in connection with the performance of the Services under this Agreement at the minimum levels set forth herein.

8.1 COMMERCIAL GENERAL LIABILITY. (with coverage at least as broad as ISO form CG 00 01 01 96) "per occurrence" coverage shall be maintained in an amount not less than $4,000,000 general aggregate and $2,000,000 per occurrence for general liability, bodily injury, personal injury, and property damage.

AUTOMOBILE LIABILITY. (with coverage at least as broad as ISO form CA 00 01 07 97, for "any auto") "claims made" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

8.2 WORKERS' COMPENSATION. Coverage shall be maintained as required by the State of California.

8.3 PROFESSIONAL LIABILITY. "claims made" coverage shall be maintained to cover damages that may be the result of errors, omissions, or negligent acts of Vendor in an amount not less than $1,000,000 per claim.

8.4 ENDORSEMENTS. Vendor shall obtain endorsements to the automobile and commercial general liability insurance policies with the following provisions:

8.4.1 The City (including its elected officials, officers, employees, agents, and volunteers) shall be named as an additional "insured."

8.4.2 For any claims related to this Agreement, Vendor's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of the Vendor's insurance and shall not contribute with it.

8.5 NOTICE OF CANCELLATION. Vendor shall notify the City if the policy is canceled before the expiration date. For the purpose of this notice requirement, any material change in the policy prior to the expiration shall be considered a cancellation. Vendor shall immediately obtain a replacement policy.

8.6 AUTHORIZED INSURERS. All insurance companies providing coverage to Vendor shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California.

8.7 INSURANCE CERTIFICATE. Vendor shall provide evidence of compliance with the insurance requirements listed above by providing a certificate of insurance and

endorsements, in a form satisfactory to the City, before the City signs this Agreement and in any event, within five (5) days of such request.

8.8 **SUBSTITUTE CERTIFICATES**. Vendor shall provide a substitute certificate of insurance no later than 30 days prior to the policy expiration date of any insurance policy required by this Agreement.

8.9 **VENDOR'S OBLIGATION**. Maintenance of insurance by the Vendor as specified in this Agreement shall in no way be interpreted as relieving the Vendor of any responsibility whatsoever (including indemnity obligations under this Agreement), and the Vendor may carry, at its own expense, such additional insurance as it deems necessary. Failure to provide or maintain any insurance policies or endorsements required herein may result in the City terminating this Agreement.

9. **PACKING AND SHIPPING.** Deliveries must be made as specified in Exhibit C, without charge, for boxing, crating, or storage unless otherwise specified. As set forth in this Agreement and the exhibits hereto, Vendor will provide structure components to be assembled on site by others. Vendor will direct structure components to be delivered to the project General Construction Contractor at the project site. Goods must be suitably packed to secure the lowest transportation costs and, in accordance with the requirements of common carriers, in a manner to assure against damage from weather or transportation. The City's order numbers and symbols must be plainly marked on all invoices, packages, and shipping orders. Packing lists specifying the quantity, description, and Purchase Agreement Number must accompany each box or packing shipment and must be submitted to the City as verification that the installed equipment is per the final design and Agreement..

10. **WARRANTY**. The Vendor warrants that all Goods will conform to applicable specifications, drawings, descriptions, and samples, and will be merchantable, of good workmanship in material, and free from defect. Unless manufactured according to detailed design furnished by the City, the Vendor assumes design responsibility and warrants the Goods to be free from design defect and suitable for the purposes intended by the City, and that such Goods provided by the Vendor shall conform to applicable specifications.

10.1 The Vendor's warranties, together with its service guarantees, are hereby assigned to the City and shall run to the City and its customers or users of the Goods and Ancillary Services and must not be deemed exclusive to Vendor. The City's inspection, approval, acceptance, use of, and payment for all or any part of the Goods and Ancillary Services must in no way affect its warranty rights whether or not a breach of warranty had become evident in time.

11. **DUTY TO DEFEND**. Vendor agrees, (1) at its cost and expense, to promptly defend and hold the City and the City's employees, officers, managers, agents, and council members (collectively the **Parties to be Defended**) harmless from and against any and all claims, allegations, lawsuits or other legal proceedings which arise out of, or are related to, or are in any manner connected with: (i) the Goods and Ancillary Services; (ii) allegations that the Goods are defective in manufacture or design; (iii) any patent or other intellectual property right or infringement related to the Goods and (iv) the work, activities, operations, or duties of Vendor, or of anyone employed by or working under the Vendor, or (2) any breach of this Agreement by Vendor.

11.1 This duty to defend shall apply whether or not such claims, allegations, lawsuits, or proceedings have merit or are meritless, or which involve claims or allegations that any of the Parties to be Defended were actively, passively, or concurrently negligent, or

which otherwise assert that the Parties to be Defended are responsible, in whole or in part, for any loss, damage or injury. Vendor agrees to provide this defense immediately upon written notice from the City, and with well-qualified, adequately insured, and experienced legal counsel acceptable to the City.

12. REBATES, KICKBACKS, OR OTHER UNLAWFUL CONSIDERATIONS. Vendor warrants that this Agreement was not obtained or secured through rebates, kickbacks, or other unlawful consideration either promised or paid to any City official or employee. For any breach of this warranty, City shall have the right, in its sole discretion, to terminate this Agreement without liability; to pay only for the value of the work actually performed; or to deduct from the contract price the value of the rebate, kickback, or other unlawful consideration; or otherwise recover the full amount of such rebate, kickback, or other unlawful consideration.

13. NOTICES. All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or mailed to the other party to the addresses listed below. Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the address designated below, or (2) three working days after the deposit in the United States Mail of registered or certified mail, sent to the address designated below.

14. MISCELLANEOUS

14.1 STANDARD OF CARE. Unless otherwise specified in this Agreement, the standard of care applicable to Vendor's services will be the degree of skill and diligence ordinarily used by reputable professionals performing in the same or similar time and locality, and under the same or similar circumstances.

14.2 AMENDMENTS. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both Parties.

14.3 WAIVERS. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement. No waiver shall be effective unless it is in writing and signed by the waiving party.

14.4 ASSIGNMENT AND DELEGATION. Vendor may not assign, transfer or delegate this Agreement or any portion of it without the City's written consent. Any attempt to do so will be void. City's consent to one assignment, transfer or delegation shall not be deemed to be a consent to any subsequent assignment, transfer or delegation.

14.5 **JURISDICTION AND VENUE.** The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

14.6 **COMPLIANCE WITH THE LAW.** Vendor shall comply with all applicable local, state, and federal laws, including, without limitation, those identified below, whether or not such laws are expressly stated in this Agreement.

14.6.1 **HAZARDOUS MATERIAL.** Vendor is responsible for all costs of clean up and/or removal of hazardous and toxic substances spilled as a result of performing their services.

14.6.2 **PREVAILING WAGE LAWS.** Vendor is aware of the potentially applicable requirements of California Labor Code Section 1720, et seq., and 1770, et seq., as well as California Code of Regulations, Title 8, Section 16000, et seq., ("Prevailing Wage Laws"), which require the payment of prevailing wage rates; employment of apprentices (§ 1777.5), certified payroll records (§1776), hours of labor (§1813 and §1815), debarment of contractors and subcontractors (§1777.1) and the performance of other requirements on "public works" and "maintenance" projects. If the services being performed under this Agreement are part of a "public works" or "maintenance" project, as defined in the Prevailing Wage Laws, and if the total compensation is $1,000 or more, Vendor agrees to fully comply with such Prevailing Wage Laws. These prevailing rates are on file with the City and are available online at http://www.dir.ca.gov/DLSR. Vendor shall defend, indemnify and hold the City, its officials, officers, employees and agents, harmless from any and all claims, costs, penalties, or interests arising out of any failure or alleged failure to comply with the Prevailing Wage Laws. Notwithstanding or limiting the foregoing, Vendor believes the Prevailing Wage Laws outlined above are not applicable as Vendor is not providing any labor or supervision to the work site. Vendor will include a Technical Consultant (TC) to provide the City's contractor advice on the best methods of assembling and erecting the structure only; the TC is not authorized to perform any work or to directly supervise a crew and as such is considered Vendor management.

14.6.3 **NON-DISCRIMINATION.** Vendor represents and warrants that it is an equal opportunity employer, and it shall not discriminate against any subconsultant, employee or applicant for employment because of race, religion, color, national origin, handicap, ancestry, sex, or age. Vendor shall also comply with all applicable anti-discrimination federal and state laws, including but not limited to, the California Fair Employment and Housing Act (Gov. Code 12990 (a-f) et seq.).

14.7 **BUSINESS ENTITY STATUS.** Vendor is responsible for filing all required documents and/or forms with the California Secretary of State and meeting all requirements of the Franchise Tax Board, to the extent such requirements apply to Vendor. By entering into this Agreement, Vendor represents that it is authorized to do business in California, in good standing with the Secretary of State, and in good standing with all agencies having jurisdiction over Vendor (including any licensing agencies). If Vendor is a suspended entity at the time it enters this Agreement, City may take steps to have this Agreement declared voidable.

14.8 **BUSINESS LICENCE.** Before the City signs this Agreement, Vendor shall obtain a City of Tracy Business License. Vendor shall maintain an active City of Tracy Business License during the term of this Agreement.

14.9 **SUCCESSORS AND ASSIGNS.** This Agreement shall inure to the benefit of and be binding upon the Parties hereto and their respective successors and assigns.

14.10 **CONSTRUCTION OF AGREEMENT**. Each Party hereto has had an equivalent opportunity to participate in the drafting of this Agreement and/or to consult with legal counsel. Therefore, the usual construction of an agreement against the drafting Party shall not apply hereto.

14.11 **SEVERABILITY.** If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

14.12 **CONTROLLING PROVISIONS.** In the case of any conflict between the terms of this Agreement and the Exhibits hereto and Vendor's proposal (if any), the Agreement shall control. In the case of any conflict between the Exhibits hereto and the Vendor's proposal (if any), the Exhibits shall control.

14.13 **ENTIRE AGREEMENT.** This Agreement and the attached Exhibits comprise the entire integrated understanding between the Parties concerning the services to be performed and the matters contemplated herein. This Agreement supersedes all prior negotiations, representations or agreements (in each case, whether oral or in writing). All exhibits attached hereto are incorporated by reference herein.

14.14 **COUNTERPARTS.** City and Vendor agree that this Agreement may be executed in two or more counterparts, each of which shall be deemed an original.

14.15 **EXPENSES FOR ENFORCEMENT.** Vendor and City agree that the prevailing party's reasonable costs, attorneys' fees and expenses, including investigation fees and expert witness fees, shall be paid by the non-prevailing party in any dispute involving the terms and conditions of this Agreement.

14.16 **Ownership of Work.** All original documents prepared by Vendor relating to the Goods or Ancillary Services, whether complete or in progress, are the property of the City, and shall be given to the City upon termination of this Agreement or within five (5) days of any demand from the City. No such documents shall be revealed or made available by Vendor to any third party without the City's prior written consent.

15. **SIGNATURES**. The individuals executing this Agreement on behalf of Vendor represent and warrant that they have the right, power, legal capacity and authority to enter into and to execute this Agreement on behalf of Vendor.

[SIGNATURE PAGE TO FOLLOW]

IN WITNESS HEREOF, the Parties agree to the full performance of the terms set forth in this Agreement and have caused this Agreement to be duly executed.

EXHIBIT A- Description of Goods

The Vendor shall furnish a high-tension membrane structure per the following:

Structure Description:

Signature Series 60 feet wide by 105 feet long, measured by maximum width by maximum length including the following accessories:

1 - 14"3 Hood with (2) 3'x7' frame only (Door by others)
1 - 6'x7' Door Frame in Flat End (Door by others)
1 - 4'x7' Door Frame in Flat End (Door by others)
1 - City of Tracy Graphic Logo at Entrance
1 - Frameless Penetration Kit(s) for insulated structures (Medium) 3" to 6"
1 - Frameless Penetration Kit(s) for insulated structures (X Large) 7" to 13"
2 - 3'x7' Door Frame in Flat End (Door by others)
2 - Bay(s) of Cable Bracing
2 - Engineered Flat End(s)
2 - Tempered Safety Glass Window(s) 39" X 39" - Insulated R4.0
3 - 10' hood with 3'x7' Door Frame (Door by others)
3 - Standard Framed Penetration(s) for insulated structure - size 4' wide by 4' high and smaller
3 - Tempered Safety Glass Window(s) 85" X 39" - Insulated R4.0
8 - Frameless Penetration Kit(s) for insulated structures (Small) 1/4" to 4"
8 - LED Hood Light(s) 120-277, 50 or 60 Hz c/w Bracket and Photocell
48 - 75 lb. Hanging Brackets - Interior suspension eye-nuts, powder coated or mill finish
- 8" (R-25) blanket of fiberglass insulation c/w white interior liner
- Conduit Holes Set as per diagram provided by Sprung
- Engineered Stamped Drawings
- Perimeter Flat Bar
- Tedlar or Kynar opaque membrane with Daylight Panels (Colored Tedlar or Kynar)
- Color: Hunter Green

Structure Warranty: The Vendor shall Warranty the Sprung Structure with a 50-year pro-rata guarantee on the aluminum substructure and architectural membrane pro-rata guarantee, per the attached Guarantee Certificate. The Architectural Membrane shall be Tedlar® or Kynar coated opaque membrane, with a 25-year warranty per the attached Guarantee Certificate.

Structure Erection: The Vendor is not responsible for erection of the structure. The City's general contractor shall be responsible for erecting the structure connecting any and all electrical for any options requiring power. Electrical specifications are available from the Vendor.

EXHIBIT B – Description of Ancillary Services

Ancillary Services: The Vendor will supply a **Technical Consultant** on site to provide advice on the best methods of structure assembly and erection to a construction supervisor (or equivalent). The Technical Consultant is not authorized to perform any other services or directly supervise workers.

City General Contractor Responsibilities: The City's general contractor shall be responsible for supervision of and safety compliance in structure location, orientation, assembly, and erection. The Technical Consultant is not a project manager, City is solely responsible for project management if this is a requirement.

Required Equipment and Manpower: The required equipment and manpower to erect the structure shall be provided by the City's general contractor and includes:

a) Manlifts.
b) Appropriate fall protection (body harness and lifeline).
c) Electrical power to site.
d) Estimated 7 workmen for approximately 25, 8 hour working days, approximately half of which should be manlift qualified. Total manhours to complete is estimated at 1,400.
e) A construction supervisor with construction experience.
f) A crane with an operator and rigger will be required for approximately 7 hours, to assist in raising the assist in raising the free span aluminum beams during the erection sequence.

Specialized Hand Tools: The Vendor will provide specialized hand tools at no additional charge. The City's General Contractor is responsible for the tools while they are on the project site and until picked up by Sprung following completion of the erection of the structure. Lost, stolen, or damaged tools will be billed at their full replacement cost.

Structural Calculations and Anchorage: Concrete Footing and Base Reactions will be provided by the Vendor when required.

Permits, Licenses, and Taxes: The City will be responsible to obtain all permits, licenses and pay all applicable taxes. This structure is designed to meet the CBC 2019.

Onsite Engineering Inspections: If onsite engineering inspections are required, please advise our sales office to request a quotation. These services will be quoted at our cost. Onsite inspections are not included as a part of Engineered Stamped Drawings.

EXHIBIT C– Delivery Timeline

Delivery will be determined as set forth below. Delivery is typically 6-8 weeks. Once the order is processed, Sprung's Contract Manager will contact the City to coordinated shipping and Technical Consultant arrival dates.

The City and Vendor agree and acknowledge that (i) the scheduled delivery date is dependent on the City's construction contractor's (Contractor) construction schedule (Schedule), including when the foundation for the structure is complete and (ii) the City will not have the Schedule until the City awards and executes a construction contract to Contractor.

Accordingly, within 20 calendar days of Vendor's receipt of this executed Agreement and an email Notice to Proceed from the City, the City, Vendor, the City's construction manager, and the Contractor shall meet at a mutually agreeable date and time for a Project pre-construction meeting. During, or within five (5) calendar days of, the pre-construction meeting, Vendor shall propose to the City a commercially reasonable delivery schedule for all Project components and Ancillary Services in a form acceptable to the City. Once approved by the City, the schedule shall be incorporated and annexed into this Agreement by this reference. All deliveries and Ancillary Services to be made and/or performed under this Agreement shall be made and/or performed pursuant to the approved schedule. The Vendor will provide Ancillary Services on the project site during the timeframe for installation of the structure as established by the Schedule. The Vendor will cooperate in coordinating the delivery schedule with the City and City Contractor.

EXHIBIT D – Purchase Price and Payment Schedule

Purchase Price

Structure and Accessories **$ 425,802.00**
F.O.B. Salt Lake City, Utah, USA. Sales and/or use taxes extra.

Sprung Instant Structures

This Guarantee is presented to:

City of Tracy

The architectural membrane and aluminum materials utilized in Sprung Structures have been selected for their proven strength, durability and longevity. To show our sincere confidence in our product, Sprung Instant Structures is pleased to issue the following guarantees.

ARCHITECTURAL MEMBRANE WITH TEDLAR PVF FILM or KYNAR COATING

All membranes used are water and mildew resistant, insect proof and flame retardant. These membranes withstand extreme climatic variations and contain ultra-violet inhibitors to reduce degradation by the sun's rays. Flame retardant status has been warranted by the membrane suppliers.

Sprung Instant Structures guarantees to supply new replacement membrane, on a pro-rata basis at the then current price, for all colors of Tedlar or Kynar coated membranes which deteriorate from any of the aforementioned factors within Tedlar/Kynar TWENTY FIVE (25) YEARS from the date of delivery of the structure(s).

EXTRUDED ALUMINUM SUBSTRUCTURE AND COMPONENTS

Aluminum used is professionally engineered and is of the highest quality and structural capability. Sprung Instant Structures guarantees to replace, on a pro-rata basis at the then current price, any aluminum which deteriorates from normal usage within FIFTY (50) YEARS from the date of delivery of the structure(s).

The guarantee will not be valid if a Sprung technical consultant is not present during all erections and dismantling's of the structure during the guarantee period or if any payments associated with the structure(s) are not made on time.

PHIL SPRUNG - PRESIDENT

APPROVED AS TO FORM AND LEGALITY

_____
CITY ATTORNEY'S OFFICE

TRACY CITY COUNCIL

RESOLUTION NO. _____

---

(1) MAKING A DETERMINATION THAT COMPLIANCE WITH STANDARD PROCUREMENT PROCESS IS NOT IN THE BEST INTEREST OF THE CITY AND DISPENSE THE BIDDING REQUIREMENTS FOR THE PURCHASE OF A HIGH-TENSION MEMBRANE STRUCTURE FROM SPRUNG INSTANT STRUCTURES, INC., PURSUANT TO CALIFORNIA PUBLIC CONTRACT CODE SECTION 22050 AND TRACY MUNICIPAL CODE SECTION 2.20.279(a) AND:

(2) RESCINDING RESOLUTION 2022-098, DATED JULY 5, 2022, APPROVING A PURCHASE AGREEMENT WITH SPRUNG INSTANT STRUCTURES, INC., A UTAH CORPORATION, IN THE AMOUNT OF $455,000.00 AND

(3) APPROVING - A PURCHASE AGREEMENT WITH SPRUNG INSTANT STRUCTURES, INC., FOR SUCH A STRUCTURE, AT THE NOT-TO-EXCEED AMOUNT OF $481,275.

WHEREAS, on March 10, 2020, City Council adopted Resolution No. 2020-050, which declared a shelter crisis pursuant to California Government Code Section 8698.2; and

WHEREAS, on September 1, 2020, City Council authorized the creation of a Capital Improvement Project (CIP) for the Temporary Emergency Housing Project on Arbor Avenue, CIP 71112 (Project) to create a safe and dignified facility for residents experiencing homelessness; and

WHEREAS, during design development for the TEHF Project it was determined that the use of prefabricated structures would best meet the City's goal to expedite the facility occupancy schedule; and

WHEREAS, on December 21, 2021, pursuant to Resolution 2021-196, City Council authorized the use of United States General Services Administration Cooperative purchase agreement with Sprung Instant Structures, Inc. for the purchase of pre-manufactured sixty (60) foot by one hundred five (105) foot long high-tension membrane structures; and

WHEREAS, Phase I of the Project, demolition of the existing structures, site and preparation, and underground utilities began in May of 2022 and was substantially complete by December of 2022; and

WHEREAS, Resolution 2021-196 was amended with Resolution 2022-056 on May 3, 2022 because the United States General Services Agency, Cooperative purchasing MAS purchasing requires the use of federal grant funds and authorization of a federal contracting officer to utilize the program and the Community Development Block Grant (CDBG) Funding through the Department of Housing and Urban Development (HUD), does not support the use of the GSA purchasing program; and

WHEREAS, City Council authorized the direct purchase of the Sprung Structure -pursuant to Resolution 2022-056; and

WHEREAS, City Council approved a purchase agreement with Sprung Instant Structures, Inc., in the amount of $455,000.00, on July 5, 2022, under Resolution 2022-098 and the agreement was not executed pending the outcome of the Phase II Site Improvement Bids; and

WHEREAS, the bids received on October 19, 2022 for the Phase II Site Improvement Bids exceeded the available funding, therefore construction was not able to move forward and the purchase agreement was not executed; and

WHEREAS, bid for the Phase II 2024 Site Improvements including the Sprung Structure construction were received on May 7, 2024, and the notice of award will be approved by City Council on July 2, 2024; and

WHEREAS, the Temporary Emergency Homeless Facility, CIP 71112, is an approved Capital Improvement Project with a total budget of $20,947,654 and sufficient funds are available in the project for the purchase of the structure; and

WHEREAS, the Tracy Homelessness Advisory Committee heard this item on June 20, 2024 and recommended that the City Council adopt the proposed Resolution; and

NOW THEREFORE, be it

RESOLVED: That the City Council for the City of Tracy hereby finds the actions approved by this resolution exempt from California Environmental Quality Act (CEQA) pursuant to Government Code section 8698.4 as provided for homeless shelters; and be it further

RESOLVED: That the City Council for the City of Tracy finds that compliance with standard procurement process is not in the best interest of the City and dispense the bidding requirements for the purchase of a high-tension membrane structure from Sprung Instant Structures, Inc., pursuant to California Public Contract Code Section 22050 and Tracy Municipal Code Section 2.20.270(a); and be it further

RESOLVED: That the City Council hereby rescinds Resolution 2022-098, approving a purchase agreement with Sprung Instant Structures, Inc., that was not executed; and be it further

RESOLVED: That the City Council approves a Purchase Agreement with Sprung Instant Structures, Inc. for the purchase of a sixty (60) foot wide by one hundred five (105) foot long high-tension membrane structure to be installed as part of the Phase II 2024 Site Improvements at the Temporary Emergency Housing Facility, CIP 71112, at 370 W. Arbor Avenue, in the not-to-exceed amount of $481,275, attached hereto as Attachment 1; and be it further

RESOLVED: That the Mayor is authorized to execute the Purchase Agreement with Sprung Instant Structures, Inc. for the Temporary Emergency Housing Facility Project, CIP 71112, at 370 W. Arbor Avenue, attached hereto as Attachment 1.

* * * * * * * * * * * * * *

City of Tracy, California

Attachments:

(1) Purchase Agreement – Sprung Instant Structures, Inc.

Attachment 1

CITY OF TRACY
PURCHASE AGREEMENT FOR GOODS, COMMODITIES, AND ANCILLARY SERVICES WITH SPRUNG INSTANT STRUCTURES, INC.

This Purchase Agreement for Goods, Commodities, and Ancillary Services (**Agreement**) is entered into between the City of Tracy, a municipal corporation (**City**), and Sprung Instant Structures, Inc. a Texas Corporation (**Vendor**). City and Vendor are sometimes referred to individually as "**Party**" and collectively as "**Parties**.

Recitals

A. City is actively pursuing the construction of Temporary Emergency Housing, CIP 71112, pursuant to which will allow the City may provide up to 154 beds on a nightly basis to unhoused residents in the City, along with ancillary services (**Project**), on City-owned land of 4.8 acres located at Arbor Avenue (**Project Site**).

B. The Project construction is being funded by grants from the Department of Housing and Urban Development (**HUD**) through Community Development Block Grants (**CDBG**) and Community Project Funding (**CPF**), Urban Development Homeless Housing, Assistance & Prevention Grants (**HHAP**); American Rescue Plan Act (**ARPA**) funds from San Joaquin County and the City of Tracy, and City of Tracy Housing Asset Funds.

C. During preliminary design, City staff researched the available options for main shelter structures suitable for timely implementation of the Project and initially concluded that purchasing a sixty (60) foot wide by one hundred five (105) foot long high predesigned and fabricated tension membrane structure (as further described in **Exhibit A** attached hereto, "**Goods"**) was the best option for meeting the City's timeframe for implementing the Project.

D. Staff determined that Vendor possesses the skills, experience, and certifications required to provide the requisite Goods for the Project and that the Vendor was the only manufacturer able to provide the City with the required Goods within the City's timelines.

E. On May 3, 2022, City Council approved Resolution No. 2021-196 to authorize the direct purchase of Goods from the Vendor.

F. Under Chapter 14.1.4 Non-competitive Proposals section of the CDBG procurement guidelines, the City can procure an item without competitive bidding when that item is only available from that single source.

G. Under Tracy Municipal Code Section 2.20.180(b)(2) purchases of $50,000.00 or greater are exempt from formal bidding requirements if the City Manager reviews and approves that the purchase may be obtained only from one source. The City Manager for the City of Tracy has so reviewed and approved that the Goods described hereunder are unique and available only from Vendor.

H. Consistent with the authority granted in Resolution No. 2021-196, the Parties have reached an agreement for the City's purchase of the agreed-upon Goods and ancillary services by the terms outlined in this Agreement.

NOW THEREFORE, in exchange for the mutual covenants provided herein, which the parties hereto acknowledge as good and valuable consideration, the parties agree as follows:

1. **CITY PURCHASE.**

   1.1. GOODS. The City agrees to purchase, and the Vendor agrees to sell, the Goods as more specifically outlined and described in the attached **Exhibit A,** which is incorporated herein by this reference. The Goods shall comply with all of the standards and specifications outlined in **Exhibit A**.

   1.2. SERVICES. The City also agrees to purchase from Vendor the services related to the installation or delivery of such Goods, as more specifically outlined and described in the attached **Exhibit B** (**Ancillary Services**), which is incorporated herein by this reference. Ancillary Services shall be provided in a manner consistent with the level of care and skill ordinarily exercised by members in the same profession, practicing in the same locality under similar conditions.

   1.3. NO SUBSTITUTIONS; AUTHORIZED REPRESENTATIVE. There shall be no substitution of Goods or Ancillary Services, without the prior written authorization of the City. All Ancillary Services shall be performed by or under the direct supervision of, the Vendor's Authorized Representative: Bo Comings, Business Development Manager. Vendor shall not replace its Authorized Representative without City's prior written consent. If Vendor fails to obtain the City's prior written consent for any change or replacement in personnel, Goods, or Ancillary Services, the City may terminate this Agreement. A list of all personnel who will be conducting the Ancillary Services in conjunction with this Agreement will be outlined in **Exhibit B**.

2. **DELIVERY DATES.** The Vendor shall ship the Goods and the Goods must arrive at the destination of 370 W Arbor Avenue, Tracy CA, 95304 and Ancillary Services must be provided by the Vendor, as outlined in the detailed Delivery Timeline, specified in **Exhibit C.** Vendor shall give the City written notice when the Goods have been shipped or caused to be shipped.

   2.1 Time is of the essence for the delivery schedule. Any failure by the Vendor to meet the delivery schedule established pursuant to **Exhibit C** will constitute a material default of this Agreement. If Vendor fails to meet the delivery timeline set out in this Agreement of **Exhibit C**, the City may cancel the order of any Goods and Ancillary Services not delivered by the required time, without liability and/or terminate this Agreement. The Vendor must notify the City immediately if the Vendor reasonably believes the Vendor will not be able to meet the Delivery Timeline for any reason and provide the City with a schedule that the Vendor reasonably believes it will be able to meet. It is within the City's discretion whether it will accept the revised timeline.

3. **PURCHASE PRICE.** City shall pay Vendor on a fixed fee basis, at the fee amounts outlined in **Exhibit D,** attached hereto and incorporated herein by this reference. The total purchase price is delineated the products and services provided by Vendor to City: the price of the Goods, the price of the Ancillary Services, taxes, and the cost of delivery of Goods.

   3.1 NOT TO EXCEED AMOUNT. Vendor's total compensation for the aggregate of the Goods and the Ancillary Services under this Agreement shall not exceed $481,275.00 (Four Hundred Eighty-One Thousand, Two Hundred Seventy-Five Dollars). Notwithstanding the foregoing, the payment of any funds under this Agreement shall be subject to the City of Tracy appropriation of funds for the Services. This Agreement shall terminate in the event that such funds are not appropriated. Unless specifically stated

otherwise or agreed to in a writing signed by all Parties, the fees proposed by Vendor, as set forth in Exhibit D hereto, shall remain unchanged for the entire term of this Agreement and any extensions of this Agreement. It is understood and agreed that Vendor may not receive compensation up to the "not-to-exceed" amount (or any other amount), and Vendor's total compensation under this Agreement will depend on the scope of the Services requested and approved by the City. Vendor's billing rates shall cover all costs and expenses for Vendor's performance of this Agreement. No work shall be performed by Vendor in excess of the "not-to-exceed" amount provided in this section without the City's prior written approval.

3.2 INVOICES. Vendor shall submit invoice(s) to the City per the outlined schedule in Purchase of Goods and Ancillary Services in **Exhibit D**.

3.2.1 If Vendor is providing Services in response to a development application, separate invoice(s) must be issued for each application and each invoice shall contain the City's designated development application number.

3.2.2 Vendor's failure to submit invoice(s) in accordance with this Section may result in the City rejecting said invoice(s) and thereby delaying payment to Vendor.

3.3 PAYMENT. Within 30 days after the City's receipt of the invoice(s), City shall make payment to the Vendor based upon the services described on the invoice(s) and approved by the City.

3.4 Final Payment. The acceptance by Vendor of the final payment made under this Agreement shall constitute a release of City from all claims and liabilities for compensation to Vendor for anything completed, finished or relating to Vendor's services. Vendor agrees that payment by City shall not constitute nor be deemed a release of the responsibility and liability of Vendor or its employees, subcontractors, agents and subconsultants for the accuracy and competency of the information provided and/or services performed hereunder, nor shall such payment be deemed to be an assumption of responsibility or liability by City for any defect or error in the Services performed by Vendor, its employees, subcontractors, agents and subconsultants.

3.5 Books and Accounts. Vendor agrees to maintain books, accounts, payroll records and other information relating to the performance of Vendor's obligations under the Agreement, which shall adequately and correctly reflect the expenses incurred by the Vendor in the performance of Vendor's work under the Agreement. Such books and records shall be open to inspection and audit by the City during regular business hours for three years after expiration or termination of this Agreement.

3.6 Taxes. The Seller must separately state on all invoices any taxes imposed by the local, state, or federal state government applicable to furnishing of the Goods provided, however, where a tax exemption is available, the tax must be subtracted from the total price and identified. Unless otherwise outlined in this Agreement, the Purchase Price will be considered to include state and city sales or use tax.

4. CANCELLATION AND TERMINATION. The City reserves the right to terminate or cancel any portion of this Agreement at any time prior to the delivery of Goods and Ancillary Services, with or without cause, by giving Vendor written notice as set forth in Section 14 below. There shall be no period of grace after giving the notice of cancellation or termination. Notwithstanding the terms of Section 14 below, cancellation or termination shall become effective immediately upon the date

the written notice is deposited in the mail by the City. Should the city terminate this agreement after manufacturing has begun, the City agrees to pay Vendor $208,632 for mobilization, restocking and custom parts as shown in Exhibit D-1.

5. **BREACH**. In the event of a breach of the Purchase by Vendor, City may terminate the Agreement immediately without notice, may reduce payment to the Vendor in the amount necessary to offset City's resulting damages, may procure substitute Goods or Ancillary Services at Vendor's expense, and/or may pursue any other available recourse against Vendor. Vendor may only terminate the Agreement if City breaches a material provision of this Agreement and such breach continues for a period of 30 days after written notice describing the breach"

6. **DELIVERY RISK OF LOSS.** All orders will be Free on Board (**FOB**) destination if not otherwise specified. Risk of loss or damage to the Goods shall remain with the Vendor until the Goods have been delivered to and accepted by the City. All Goods and Ancillary Services will be received by the City subject to its right of inspection, rejection, and revocation of acceptance under the Uniform Commercial Code. The City will be allowed a reasonable period of time to inspect the Goods and Ancillary Services and to notify Vendor of any nonconformance with the terms and conditions of the specifications. The City may reject any Goods and Ancillary Services that do not conform to the terms and conditions outlined under **Exhibits A** and **B**. Any Goods and Ancillary Services rejected may be returned to the Vendor at the Vendor's risk and expense.

7. **INDEMNIFICATION.** Vendor shall, to the fullest extent permitted by law, indemnify, defend (with independent counsel approved by the City), and hold harmless the City from and against, and reimburse the City for, any and all liabilities, obligations, losses, damages, injunctions, suits, actions, fines, penalties, claims, demands, administrative and judicial proceedings and order, judgments, remedial action requirements, costs and expenses of every kind or nature, and all costs and expenses incurred in connection therewith, including, without limitation, reasonable attorneys' fees and court costs ("**Claims**") arising directly or indirectly from or out of (including any and all related costs and expenses), relating or pertaining to or resulting from, in whole or in part, this Agreement; the Goods and the Ancillary Services; any act, omission, or event relating in any way to Vendor's obligations under this Agreement; and/or Vendor's breach of this Agreement, except to the extent such Claim is caused solely by the active negligence or willful misconduct of the City. In this Section 4, "City" means the City, its officials, officers, agents, employees and volunteers; "Vendor" means the Vendor, its employees, agents and subcontractors.

   In the event there is a finding and/or determination that Vendor is not an independent contractor and/or is an employee of City, including but not limited to any such finding and/or determination made by the California Public Employees' Retirement System (CalPERS), the Department of Industrial Relations (DIR), or the Internal Revenue Service (IRS), Vendor shall, to the fullest extent permitted by law, indemnify, defend, and hold harmless the City from and against any and all Claims relating to or in connection with such a finding and/or determination.

   (The duty of a "design professional" to indemnify and defend the City is limited to claims that arise out of, pertain to, or relate to the negligence, recklessness or willful misconduct of the design professional, under Civ. Code § 2782.8.)

   Vendor and City mutually waive consequential damages for claims, disputes, or other matters in question, arising out of or relating to this Agreement. This mutual waiver is applicable, without limitation, to all consequential damages due to either Party's termination of this Agreement.

   Vendor is an independent contractor and is solely responsible for the acts of its employees or agents or anyone acting on Vendor's behalf, including any negligent acts or omissions. Vendor is not City's employee and Vendor shall have no authority, express or implied, to act on behalf of the

City as an agent, or to bind the City to any obligation, unless the City provides prior written authorization. Vendor, and its agents or employees, are not entitled to City benefits. Vendor shall be solely responsible for, and shall save the City harmless from, all matters relating to the payment of Vendor's employees, agents, subcontractors and subconsultants, including compliance with social security requirements, federal and State income tax withholding and all other regulations governing employer-employee relations.

The provisions of this section survive the expiration or the termination of this Agreement and are not limited by the provisions of Section 8 relating to insurance.

8. INSURANCE. Vendor shall, throughout the duration of this Agreement, maintain insurance to cover Vendor, its agents, representatives, and employees in connection with the performance of the Services under this Agreement at the minimum levels set forth herein.

8.1 COMMERCIAL GENERAL LIABILITY. (with coverage at least as broad as ISO form CG 00 01 01 96) "per occurrence" coverage shall be maintained in an amount not less than $4,000,000 general aggregate and $2,000,000 per occurrence for general liability, bodily injury, personal injury, and property damage.

AUTOMOBILE LIABILITY. (with coverage at least as broad as ISO form CA 00 01 07 97, for "any auto") "claims made" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

8.2 WORKERS' COMPENSATION. Coverage shall be maintained as required by the State of California.

8.3 PROFESSIONAL LIABILITY. "claims made" coverage shall be maintained to cover damages that may be the result of errors, omissions, or negligent acts of Vendor in an amount not less than $1,000,000 per claim.

8.4 ENDORSEMENTS. Vendor shall obtain endorsements to the automobile and commercial general liability insurance policies with the following provisions:

8.4.1 The City (including its elected officials, officers, employees, agents, and volunteers) shall be named as an additional "insured."

8.4.2 For any claims related to this Agreement, Vendor's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of the Vendor's insurance and shall not contribute with it.

8.5 NOTICE OF CANCELLATION. Vendor shall notify the City if the policy is canceled before the expiration date. For the purpose of this notice requirement, any material change in the policy prior to the expiration shall be considered a cancellation. Vendor shall immediately obtain a replacement policy.

8.6 AUTHORIZED INSURERS. All insurance companies providing coverage to Vendor shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California.

8.7 INSURANCE CERTIFICATE. Vendor shall provide evidence of compliance with the insurance requirements listed above by providing a certificate of insurance and

endorsements, in a form satisfactory to the City, before the City signs this Agreement and in any event, within five (5) days of such request.

8.8 **SUBSTITUTE CERTIFICATES**. Vendor shall provide a substitute certificate of insurance no later than 30 days prior to the policy expiration date of any insurance policy required by this Agreement.

8.9 **VENDOR'S OBLIGATION**. Maintenance of insurance by the Vendor as specified in this Agreement shall in no way be interpreted as relieving the Vendor of any responsibility whatsoever (including indemnity obligations under this Agreement), and the Vendor may carry, at its own expense, such additional insurance as it deems necessary. Failure to provide or maintain any insurance policies or endorsements required herein may result in the City terminating this Agreement.

9. **PACKING AND SHIPPING.** Deliveries must be made as specified in Exhibit C, without charge, for boxing, crating, or storage unless otherwise specified. As set forth in this Agreement and the exhibits hereto, Vendor will provide structure components to be assembled on site by others. Vendor will direct structure components to be delivered to the project General Construction Contractor at the project site. Goods must be suitably packed to secure the lowest transportation costs and, in accordance with the requirements of common carriers, in a manner to assure against damage from weather or transportation. The City's order numbers and symbols must be plainly marked on all invoices, packages, and shipping orders. Packing lists specifying the quantity, description, and Purchase Agreement Number must accompany each box or packing shipment and must be submitted to the City as verification that the installed equipment is per the final design and Agreement..

10. **WARRANTY**. The Vendor warrants that all Goods will conform to applicable specifications, drawings, descriptions, and samples, and will be merchantable, of good workmanship in material, and free from defect. Unless manufactured according to detailed design furnished by the City, the Vendor assumes design responsibility and warrants the Goods to be free from design defect and suitable for the purposes intended by the City, and that such Goods provided by the Vendor shall conform to applicable specifications.

10.1 The Vendor's warranties, together with its service guarantees, are hereby assigned to the City and shall run to the City and its customers or users of the Goods and Ancillary Services and must not be deemed exclusive to Vendor. The City's inspection, approval, acceptance, use of, and payment for all or any part of the Goods and Ancillary Services must in no way affect its warranty rights whether or not a breach of warranty had become evident in time.

11. **DUTY TO DEFEND**. Vendor agrees, (1) at its cost and expense, to promptly defend and hold the City and the City's employees, officers, managers, agents, and council members (collectively the **Parties to be Defended**) harmless from and against any and all claims, allegations, lawsuits or other legal proceedings which arise out of, or are related to, or are in any manner connected with: (i) the Goods and Ancillary Services; (ii) allegations that the Goods are defective in manufacture or design; (iii) any patent or other intellectual property right or infringement related to the Goods and (iv) the work, activities, operations, or duties of Vendor, or of anyone employed by or working under the Vendor, or (2) any breach of this Agreement by Vendor.

11.1 This duty to defend shall apply whether or not such claims, allegations, lawsuits, or proceedings have merit or are meritless, or which involve claims or allegations that any of the Parties to be Defended were actively, passively, or concurrently negligent, or

which otherwise assert that the Parties to be Defended are responsible, in whole or in part, for any loss, damage or injury. Vendor agrees to provide this defense immediately upon written notice from the City, and with well-qualified, adequately insured, and experienced legal counsel acceptable to the City.

12. REBATES, KICKBACKS, OR OTHER UNLAWFUL CONSIDERATIONS. Vendor warrants that this Agreement was not obtained or secured through rebates, kickbacks, or other unlawful consideration either promised or paid to any City official or employee. For any breach of this warranty, City shall have the right, in its sole discretion, to terminate this Agreement without liability; to pay only for the value of the work actually performed; or to deduct from the contract price the value of the rebate, kickback, or other unlawful consideration; or otherwise recover the full amount of such rebate, kickback, or other unlawful consideration.

13. NOTICES. All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or mailed to the other party to the addresses listed below. Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the address designated below, or (2) three working days after the deposit in the United States Mail of registered or certified mail, sent to the address designated below.

14. MISCELLANEOUS

14.1 STANDARD OF CARE. Unless otherwise specified in this Agreement, the standard of care applicable to Vendor's services will be the degree of skill and diligence ordinarily used by reputable professionals performing in the same or similar time and locality, and under the same or similar circumstances.

14.2 AMENDMENTS. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both Parties.

14.3 WAIVERS. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement. No waiver shall be effective unless it is in writing and signed by the waiving party.

14.4 ASSIGNMENT AND DELEGATION. Vendor may not assign, transfer or delegate this Agreement or any portion of it without the City's written consent. Any attempt to do so will be void. City's consent to one assignment, transfer or delegation shall not be deemed to be a consent to any subsequent assignment, transfer or delegation.

14.5 **JURISDICTION AND VENUE.** The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

14.6 **COMPLIANCE WITH THE LAW.** Vendor shall comply with all applicable local, state, and federal laws, including, without limitation, those identified below, whether or not such laws are expressly stated in this Agreement.

14.6.1 **HAZARDOUS MATERIAL.** Vendor is responsible for all costs of clean up and/or removal of hazardous and toxic substances spilled as a result of performing their services.

14.6.2 **PREVAILING WAGE LAWS.** Vendor is aware of the potentially applicable requirements of California Labor Code Section 1720, et seq., and 1770, et seq., as well as California Code of Regulations, Title 8, Section 16000, et seq., ("Prevailing Wage Laws"), which require the payment of prevailing wage rates; employment of apprentices (§ 1777.5), certified payroll records (§1776), hours of labor (§1813 and §1815), debarment of contractors and subcontractors (§1777.1) and the performance of other requirements on "public works" and "maintenance" projects. If the services being performed under this Agreement are part of a "public works" or "maintenance" project, as defined in the Prevailing Wage Laws, and if the total compensation is $1,000 or more, Vendor agrees to fully comply with such Prevailing Wage Laws. These prevailing rates are on file with the City and are available online at http://www.dir.ca.gov/DLSR. Vendor shall defend, indemnify and hold the City, its officials, officers, employees and agents, harmless from any and all claims, costs, penalties, or interests arising out of any failure or alleged failure to comply with the Prevailing Wage Laws. Notwithstanding or limiting the foregoing, Vendor believes the Prevailing Wage Laws outlined above are not applicable as Vendor is not providing any labor or supervision to the work site. Vendor will include a Technical Consultant (TC) to provide the City's contractor advice on the best methods of assembling and erecting the structure only; the TC is not authorized to perform any work or to directly supervise a crew and as such is considered Vendor management.

14.6.3 **NON-DISCRIMINATION.** Vendor represents and warrants that it is an equal opportunity employer, and it shall not discriminate against any subconsultant, employee or applicant for employment because of race, religion, color, national origin, handicap, ancestry, sex, or age. Vendor shall also comply with all applicable anti-discrimination federal and state laws, including but not limited to, the California Fair Employment and Housing Act (Gov. Code 12990 (a-f) et seq.).

14.7 **BUSINESS ENTITY STATUS.** Vendor is responsible for filing all required documents and/or forms with the California Secretary of State and meeting all requirements of the Franchise Tax Board, to the extent such requirements apply to Vendor. By entering into this Agreement, Vendor represents that it is authorized to do business in California, in good standing with the Secretary of State, and in good standing with all agencies having jurisdiction over Vendor (including any licensing agencies). If Vendor is a suspended entity at the time it enters this Agreement, City may take steps to have this Agreement declared voidable.

14.8 **BUSINESS LICENCE.** Before the City signs this Agreement, Vendor shall obtain a City of Tracy Business License. Vendor shall maintain an active City of Tracy Business License during the term of this Agreement.

14.9 **SUCCESSORS AND ASSIGNS.** This Agreement shall inure to the benefit of and be binding upon the Parties hereto and their respective successors and assigns.

14.10 **CONSTRUCTION OF AGREEMENT**. Each Party hereto has had an equivalent opportunity to participate in the drafting of this Agreement and/or to consult with legal counsel. Therefore, the usual construction of an agreement against the drafting Party shall not apply hereto.

14.11 **SEVERABILITY.** If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

14.12 **CONTROLLING PROVISIONS.** In the case of any conflict between the terms of this Agreement and the Exhibits hereto and Vendor's proposal (if any), the Agreement shall control. In the case of any conflict between the Exhibits hereto and the Vendor's proposal (if any), the Exhibits shall control.

14.13 **ENTIRE AGREEMENT.** This Agreement and the attached Exhibits comprise the entire integrated understanding between the Parties concerning the services to be performed and the matters contemplated herein. This Agreement supersedes all prior negotiations, representations or agreements (in each case, whether oral or in writing). All exhibits attached hereto are incorporated by reference herein.

14.14 **COUNTERPARTS.** City and Vendor agree that this Agreement may be executed in two or more counterparts, each of which shall be deemed an original.

14.15 **EXPENSES FOR ENFORCEMENT.** Vendor and City agree that the prevailing party's reasonable costs, attorneys' fees and expenses, including investigation fees and expert witness fees, shall be paid by the non-prevailing party in any dispute involving the terms and conditions of this Agreement.

14.16 **Ownership of Work.** All original documents prepared by Vendor relating to the Goods or Ancillary Services, whether complete or in progress, are the property of the City, and shall be given to the City upon termination of this Agreement or within five (5) days of any demand from the City. No such documents shall be revealed or made available by Vendor to any third party without the City's prior written consent.

15. **SIGNATURES**. The individuals executing this Agreement on behalf of Vendor represent and warrant that they have the right, power, legal capacity and authority to enter into and to execute this Agreement on behalf of Vendor.

[SIGNATURE PAGE TO FOLLOW]

IN WITNESS HEREOF, the Parties agree to the full performance of the terms set forth in this Agreement and have caused this Agreement to be duly executed.

EXHIBIT A- Description of Goods

The Vendor shall furnish a high-tension membrane structure per the following:

Structure Description:

Signature Series 60 feet wide by 105 feet long, measured by maximum width by maximum length including the following accessories:

1 - 14"3 Hood with (2) 3'x7' frame only (Door by others)
1 - 6'x7' Door Frame in Flat End (Door by others)
1 - 4'x7' Door Frame in Flat End (Door by others)
1 - City of Tracy Graphic Logo at Entrance
1 - Frameless Penetration Kit(s) for insulated structures (Medium) 3" to 6"
1 - Frameless Penetration Kit(s) for insulated structures (X Large) 7" to 13"
2 - 3'x7' Door Frame in Flat End (Door by others)
2 - Bay(s) of Cable Bracing
2 - Engineered Flat End(s)
2 - Tempered Safety Glass Window(s) 39" X 39" - Insulated R4.0
3 - 10' hood with 3'x7' Door Frame (Door by others)
3 - Standard Framed Penetration(s) for insulated structure - size 4' wide by 4' high and smaller
3 - Tempered Safety Glass Window(s) 85" X 39" - Insulated R4.0
8 - Frameless Penetration Kit(s) for insulated structures (Small) 1/4" to 4"
8 - LED Hood Light(s) 120-277, 50 or 60 Hz c/w Bracket and Photocell
48 - 75 lb. Hanging Brackets - Interior suspension eye-nuts, powder coated or mill finish
- 8" (R-25) blanket of fiberglass insulation c/w white interior liner
- Conduit Holes Set as per diagram provided by Sprung
- Engineered Stamped Drawings
- Perimeter Flat Bar
- Tedlar or Kynar opaque membrane with Daylight Panels (Colored Tedlar or Kynar)
- Color: Hunter Green

Structure Warranty: The Vendor shall Warranty the Sprung Structure with a 50-year pro-rata guarantee on the aluminum substructure and architectural membrane pro-rata guarantee, per the attached Guarantee Certificate. The Architectural Membrane shall be Tedlar® or Kynar coated opaque membrane, with a 25-year warranty per the attached Guarantee Certificate.

Structure Erection: The Vendor is not responsible for erection of the structure. The City's general contractor shall be responsible for erecting the structure connecting any and all electrical for any options requiring power. Electrical specifications are available from the Vendor.

EXHIBIT B – Description of Ancillary Services

Ancillary Services: The Vendor will supply a **Technical Consultant** on site to provide advice on the best methods of structure assembly and erection to a construction supervisor (or equivalent). The Technical Consultant is not authorized to perform any other services or directly supervise workers.

City General Contractor Responsibilities: The City's general contractor shall be responsible for supervision of and safety compliance in structure location, orientation, assembly, and erection. The Technical Consultant is not a project manager, City is solely responsible for project management if this is a requirement.

Required Equipment and Manpower: The required equipment and manpower to erect the structure shall be provided by the City's general contractor and includes:

a) Manlifts.
b) Appropriate fall protection (body harness and lifeline).
c) Electrical power to site.
d) Estimated 7 workmen for approximately 25, 8 hour working days, approximately half of which should be manlift qualified. Total manhours to complete is estimated at 1,400.
e) A construction supervisor with construction experience.
f) A crane with an operator and rigger will be required for approximately 7 hours, to assist in raising the assist in raising the free span aluminum beams during the erection sequence.

Specialized Hand Tools: The Vendor will provide specialized hand tools at no additional charge. The City's General Contractor is responsible for the tools while they are on the project site and until picked up by Sprung following completion of the erection of the structure. Lost, stolen, or damaged tools will be billed at their full replacement cost.

Structural Calculations and Anchorage: Concrete Footing and Base Reactions will be provided by the Vendor when required.

Permits, Licenses, and Taxes: The City will be responsible to obtain all permits, licenses and pay all applicable taxes. This structure is designed to meet the CBC 2019.

Onsite Engineering Inspections: If onsite engineering inspections are required, please advise our sales office to request a quotation. These services will be quoted at our cost. Onsite inspections are not included as a part of Engineered Stamped Drawings.

EXHIBIT C– Delivery Timeline

Delivery will be determined as set forth below. Delivery is typically 6-8 weeks. Once the order is processed, Sprung's Contract Manager will contact the City to coordinated shipping and Technical Consultant arrival dates.

The City and Vendor agree and acknowledge that (i) the scheduled delivery date is dependent on the City's construction contractor's (Contractor) construction schedule (Schedule), including when the foundation for the structure is complete and (ii) the City will not have the Schedule until the City awards and executes a construction contract to Contractor.

Accordingly, within 20 calendar days of Vendor's receipt of this executed Agreement and an email Notice to Proceed from the City, the City, Vendor, the City's construction manager, and the Contractor shall meet at a mutually agreeable date and time for a Project pre-construction meeting. During, or within five (5) calendar days of, the pre-construction meeting, Vendor shall propose to the City a commercially reasonable delivery schedule for all Project components and Ancillary Services in a form acceptable to the City. Once approved by the City, the schedule shall be incorporated and annexed into this Agreement by this reference. All deliveries and Ancillary Services to be made and/or performed under this Agreement shall be made and/or performed pursuant to the approved schedule. The Vendor will provide Ancillary Services on the project site during the timeframe for installation of the structure as established by the Schedule. The Vendor will cooperate in coordinating the delivery schedule with the City and City Contractor.

EXHIBIT D – Purchase Price and Payment Schedule

Purchase Price

Structure and Accessories **$ 425,802.00**
F.O.B. Salt Lake City, Utah, USA. Sales and/or use taxes extra.

Ancillary Services: Technical Consultant **$ 11,853.00**
Consultant's travel, accommodation, and meals will be charged at the fixed cost shown.

Shipping and Delivery **$ 6,940.00**
Vendor will arrange for delivery of the structure package by commercial carrier to the project site in Tracy, California at a fixed cost shown. Structure is sold F.O.B. Utah, 2010 Incoterms. Sprung will maintain responsibility of the shipment and will insure the shipment up until the point of delivery. The City is responsible to receive and unload freight in a timely manner.

Sales & Use Tax **$ 36,680.00**

Total Cost **$481,275.00**

Payment Schedule

All payments will be made in accordance with Section 3 of the Agreement and the schedule below**.**

Structure Payment Schedule

50% to be invoiced upon notice to proceed

25% to be invoiced upon delivery of the structure to the Project Site according to the agreed upon construction and delivery schedule

25% to be invoice upon formal acceptance by the City. Acceptance will require all structure components are received and installed per plan, all punch list items are resolved, and Ancillary Services required under the Agreement have been provided to the Contractor.

Ancillary Services Payment Schedule

75% of Ancillary Services will be invoiced upon completion of the Vendor's technicians and staff providing said service on the Project Site.

25% to be invoiced upon formal acceptance by the City. Acceptance will require all Ancillary Services be completed to the City's satisfaction and a statement from the Contractor stating that no additional Ancillary Service support is required.

Sprung Instant Structures

This Guarantee is presented to:

City of Tracy

The architectural membrane and aluminum materials utilized in Sprung Structures have been selected for their proven strength, durability and longevity. To show our sincere confidence in our product, Sprung Instant Structures is pleased to issue the following guarantees.

ARCHITECTURAL MEMBRANE WITH TEDLAR PVF FILM or KYNAR COATING

All membranes used are water and mildew resistant, insect proof and flame retardant. These membranes withstand extreme climatic variations and contain ultra-violet inhibitors to reduce degradation by the sun's rays. Flame retardant status has been warranted by the membrane suppliers.

Sprung Instant Structures guarantees to supply new replacement membrane, on a pro-rata basis at the then current price, for all colors of Tedlar or Kynar coated membranes which deteriorate from any of the aforementioned factors within Tedlar/Kynar TWENTY FIVE (25) YEARS from the date of delivery of the structure(s).

EXTRUDED ALUMINUM SUBSTRUCTURE AND COMPONENTS

Aluminum used is professionally engineered and is of the highest quality and structural capability. Sprung Instant Structures guarantees to replace, on a pro-rata basis at the then current price, any aluminum which deteriorates from normal usage within FIFTY (50) YEARS from the date of delivery of the structure(s).

The guarantee will not be valid if a Sprung technical consultant is not present during all erections and dismantling's of the structure during the guarantee period or if any payments associated with the structure(s) are not made on time.

August 31, 2023

PHIL SPRUNG - PRESIDENT

July 2, 2024

Agenda Item 1.E

RECOMMENDATION

The Tracy Homelessness Advisory Committee recommends that the City Council adopt a resolution (1) awarding a construction contract to Quiring General, LLC., Pleasanton, California, in the amount of $9,349,630 for construction of the Phase II Site Improvements of the Temporary Emergency Housing Facility Project, at 370 W. Arbor Avenue, and (2) authorizing the City Manager to approve change orders up to the contingency amount of $934,963, pursuant to Tracy Municipal Code Section 2.20.090(b).

EXECUTIVE SUMMARY

This agenda item seeks the award of a construction contract to Quiring General, LLC., of Pleasanton, California, for construction of the Phase II Site Improvements of the Temporary Emergency Housing Facility (TEHF) Project, Capital Improvement Project (CIP) 71112, with a contract price of $9,349,630 and a contingency amount of $934,963. This amount was previously appropriated by City Council as part of the CIP 71112 and is fully funded.

The Tracy Homelessness Advisory Committee heard this item on June 20, 2024 and recommends that the City Council adopt the proposed Resolution.

BACKGROUND AND LEGISLATIVE HISTORY

On March 10, 2020, the City Council adopted Resolution No. 2020-050, which declared a shelter crisis pursuant to California Government Code Section 8698.2. On September 1, 2020, City Council authorized the creation of a Capital Improvement Project for the Temporary Emergency Housing Facility (TEHF) on Arbor Avenue, CIP 71112 (Project) to create a safe and dignified facility for residents experiencing homelessness. For the subsequent two years, the City actively pursued the development and construction of an interim temporary emergency housing shelter on City-owned land located at 370 West Arbor Avenue to serve as an interim full-service temporary housing solution for the City's unsheltered (Project) until the completion of the permanent project improvements.

Phase I of the TEHF Project included demolition of the existing structures, site and preparation, and underground utilities, and began in May of 2022. Phase I was accepted as complete on June 2023 per Resolution 2023-098.

Phase II Site Improvements including installation of a high-tension membrane structure, referred to as the Sprung Structure, was advertised for bids in June of 2022. However, all bids were rejected under Resolution 2023-150 because the bids exceeded the available funds at that time.

Resolution 2023-150 authorized staff to readvertise the project. Additional funding was obtained from the San Joaquin County Board of Supervisors, in the form of a grant of American Rescue Plan Act funding in the amount of $7.1 million and a federal Housing and Urban Development Community Project Funding Grant in the amount of $3 million, that now allows for the construction of Phase II.

Phase III consisted of the leasing and installation of modular units and is referred to as the "Interim Project". This phase was opened in December of 2022, and has housing for up to 48 individuals. The proposed Phase II project construction had plans for permanent power supply, but it was postponed due to the costs related to expediating the completion of the Interim Project preparation. Portable generators were leased to provide power for the site until equipment for a permanent power supply could be installed.

On July 5, 2023, City Council authorized the purchase of eight (8) custom container dormitories under Resolution 2023-140, to be installed as part of Phase IV, to provide additional interim shelter facility capacity. The Phase IV facility opened in December of 2023, providing housing for an additional 38 individuals.

In April 2023, staff issued a Notice Inviting Bidders for two permanent power supply construction contracts, separately from the facility site improvements, to expedite the procurement and installation of the electrical equipment that has a thirty-seven (37) week lead time. In May 2023, two bids were received, and the contract was awarded to the lowest qualified bidder, which was DV Electric, Inc. for both power supply projects by the City Council on July 5, 2023. However, the contract was rescinded due to the contractor's non-responsiveness and failure to submit correctly completed construction contract documents as required. All bids for these power supply projects were rejected on January 16, 2024, and the City Council authorized the readvertisement of the work, pursuant to Resolution 2024-004.

On April 2, 2024, pursuant to Resolution 2024-047, the City Council approved an Agreement with Nelco Electric, Inc. for the direct purchase of the power supply equipment, including switchgear and panel boards, for both permanent power supplies needed for the TEHF.

In March 2024, staff issued a Notice Inviting Bidders for the installation of the power supply equipment and related work. On May 14, 2024, pursuant to Resolution 2024-068, the City Council authorized the award of the contract to Bockmon & Woody, Inc., of Stockton, California. Work is anticipated to begin in July 2024.

Staff prepared the plans, specifications and bid documents for the construction of the Phase II Site Improvements at the TEHF, and advertised for competitive bids on April 5, 2024 and April 12, 2024.

The Bid was broken into four (4) schedules: Base Bid, ABI-1 Landscaping, ABI-2 Bike & Pet Enclosures and ABI-3 Shade Structures. The Base Bid amount was used to determine the lowest bidder.

Bids were received and publicly opened on May 7, 2024, at 2:00 p.m. with the following results:

Contractor	Base Bid Amount	Federal Forms
Quiring General, LLC.	$ 8,808,993.43	Y
Diede Construction, Inc.	$ 9,054,475.00	Y
Bobo Construction, Inc.	$ 11,817,656.56	Y

The TEHF Project includes federal grant funding requiring bidders to submit five (5) federal forms with the bid document package. The requirement is outlined in detail in the Instructions to Bidders and the Community Development Block Grant Handbooks, included in the bid documents. All bidders submitted the required forms.

ANALYSIS

The lowest successful bidder, Quiring General, LLC., of Pleasanton, California, is responsive and responsible as the bidder has the appropriate contractor's license, in active standing, with the State of California and has completed similar projects.

Adequate funding is available for the construction of both the base bid and additive bid item No. 1, for landscaping and irrigation. The total estimated cost of this project, including the contract amount includes a 10% construction contract contingency which staff is recommending the City Manager be authorized to implement as needed. City costs related to staff time, construction inspection, building permits, design support and all soft costs related to the construction contract, if awarded to Quiring General, LLC., include the following:

Construction Base Bid	$ 8,808,993
Additive Bid Item No. 1 (ABI-1) Landscaping	$ 540,637
Contingency (10%)	$ 934,963
Construction Management	$ 250,000
Design Support During Construction (5%)	$ 250,000
Total	$10,784,593

On October 3, 2023, a professional services agreement was awarded to Roebbelen Construction Management Services in the amount of $450,185 to manage the construction contract.

Tracy Municipal Code Section 2.20.090(b) authorizes the City Manager to approve change orders up to the contingency amount of $934,963 for this project, representing 10% of the construction contract cost, which staff is seeking the City Council to authorize.

FISCAL IMPACT

The TEHF is an approved project in the City's Capital Improvement Plan and sufficient funds are available in the project for the contract with Quiring General, LLC. The current project budget is as follows:

Funding Source	**Budget**	**Expenses**	**Balance**
American Rescue Plan Act - City of Tracy	$ 4,500,000	$ 4,229,546	$ 270,454
San Joaquin County (ARPA) R1	$ 3,661,113	$ 3,661,113	$ -
San Joaquin County (ARPA) R2	$ 7,167,798	$ -	$ 7,167,798
HHAP	$ 329,240	$ 329,240	$ -
HHAP R2	$ 414,042	$ 414,042	$ -
Federal Grant	$ 3,000,000	$ -	$ 3,000,000
CDBG (4 Grants)	$ 1,185,461	$ 836,294	$ 349,167
Housing Asset Funds	$ 690,000	$ 101,979	$ 588,021
Current Budget	$ 20,947,654	$ 9,572,214	$ 11,375,440

CEQA DETERMINATION AND NEPA

A Notice of Exemption was issued on October 16, 2020, for the TEHF in accordance with Government Code sections 65660-65662 for low barrier navigation Centers and Section 15269(c) of the CEQA Guidelines. This action is consistent with the project considered in the Notice of Exemption and no further environmental review is necessary.

San Joaquin County, as the responsible entity under the National Environmental Protection Act (NEPA) for the federal grants related to this Project, conducted an Environmental Assessment in 2023 and released a Finding of No Significant Impact on January 18, 2024, in compliance with NEPA and applicable federal regulations.

STRATEGIC PLAN

This agenda item is consistent with the City Council's adopted 2021-2023 Strategic Priorities, Public Safety Strategy Plan, Goal No. 2, Implementation of the Adopted Homelessness Strategic Plan, Item No. 1, to secure capital funding to construct a Temporary Emergency Housing Facility.

ACTION REQUESTED OF THE COMMITTEE

The Tracy Homelessness Advisory Committee recommends that the City Council adopt a resolution (1) awarding a construction contract to Quiring General, LLC., Pleasanton, California, in the amount of $9,349,630 for construction of the Phase II Site Improvements of the Temporary Emergency Housing Facility Project, at 370 W. Arbor Avenue, and (2) authorizing the City Manager to approve change orders up to the contingency amount of $934,963, pursuant to Tracy Municipal Code Section 2.20.090(b).

Agenda Item 1.F

RECOMMENDATION

Staff recommends that the City Council adopt a resolution approving the City of Tracy's commitment to participate in the governance and operation of the San Joaquin Regional Housing Fund.

EXECUTIVE SUMMARY

This agenda item seeks an approval for the City of Tracy to participate in a regional housing fund implemented by San Joaquin Council of Governments (SJCOG). In October 2023, the SJCOG Board of Directors approved the creation of a 501(c)(3) non-profit corporation to implement a regional housing trust fund and to develop and submit required documents to the appropriate state and federal agencies. Now known as the San Joaquin Regional Housing Fund Inc., this regional entity is intended to be a tool to accelerate housing production, boost current local housing activities, and leverage other state and federal funding opportunities.

Two actions are needed in the short term to keep the trust fund project moving forward. The first is to request that each member agency adopt a resolution committing to participate in the governance and operation of the San Joaquin Regional Housing Fund. Secondly, SJCOG is developing a cooperative agreement for member agencies to identify short-term funding contributions eligible to be used as the required local match for the California Department of Housing and Community Development (HCD) grant and memorialize those through executed agreements prior to submission of the upcoming HCD Local Housing Trust Fund (LHTF) matching grant application.

Tonight's action is a first step in this process.

BACKGROUND AND ANALYSIS

In 2021, SJCOG received a Regional Early Action Planning (REAP) 1.0 grant which funded planning activities to lead to more housing construction in San Joaquin County. SJCOG staff developed four priorities for the REAP 1.0 program after extensive discussions with local jurisdictions and stakeholders. One of the priorities identified was the exploration of a regional housing fund (RHF). The RHF could support the construction or preservation of affordable housing by providing investment products such as grants, low-interest loans, and credit guarantees.

REAP 2.0 builds on the success of 2019's REAP program (REAP 1.0) but expands the focus by integrating housing and climate goals and allowing for broader planning and implementation investments, including infrastructure that supports future housing development. REAP 2.0 activities must meet multiple state objectives by prioritizing infill development, providing housing for people of all incomes, placing housing in locations with good transportation options to reduce the need to drive, affirmatively furthering fair housing, and accelerating the implementation of existing regional and local plans to achieve these goals.

After extensive discussions with local jurisdictions and stakeholders, SJCOG staff developed four regional housing priorities for its REAP 2.0 program framework. SJCOG is required by HCD

to develop regional housing priorities to qualify to receive REAP funds. One of these priorities is the establishment of a regional housing trust fund (RHTF). REAP 2.0 funds will be utilized to advance recommendations from SJCOG's RHTF Feasibility Study. Of the total, $1 million will be used as "seed" money and/or administrative set-up for the RHTF, depending on the type and amount of philanthropic resources received.

As a reminder, housing funds (HFs) are usually not the primary funding source for affordable housing. Instead, HFs often offer "gap financing" to fill the void between housing costs and available financing. HTF's can offer a flexible form of financing that can be used in a wide range of investment approaches. HF financing investments include grants, low interest loans and credit guarantees. Affordable housing projects that are supported by these investments include new construction, preservation of existing housing, homeless shelters, and permanent supportive housing. Commitment of local resources can often result in making the region more attractive to other potential funders, thereby multiplying the effectives of the local dollars over and above the actual investment.

On March 1, 2024, the Housing and Community Development (HCD) agency awarded $10,412,514.62 in grant funds through the San Joaquin Council of Governments to the various members, marking a significant milestone in our regional housing efforts.

CEQA DETERMINATION

The proposed participation and governance of the San Joaquin Regional Housing Fund is not a project under the California Environmental Quality Act. Subsequent housing projects would need to complete environmental review. Pursuant to CEQA Guidelines Section 15061(b)(3), there is no possibility that participating in the governance and operation of the San Joaquin Regional Housing Fund will have an effect on the environment.

FISCAL IMPACT

SJCOG has committed up to $1 million in REAP 2.0 grant funding as short-term "seed" money and has tentative philanthropic resources to either use for administrative set-up or as additional matching funding. SJCOG has also identified a state grant opportunity that would match dollar for dollar (up to $5 million) any funding that SJCOG and its jurisdictions or other partners commit to the trust fund. The grant application was submitted to the state in April 2024. The governance structure and administrative framework of the fund would need to be in place, along with commitments of funding from participating agencies, prior to applying for the matching grant funds. If the matching grant funds are received, committed funds from each partner would then be deposited with the trust fund. Committed funds would come as an annual deposit over five years.

In addition to providing an inventory of funding sources, the financial feasibility analysis provides a short-term and longer-term strategy to launch the RHTF and sustain its growth. The longer-term strategy is to find a dependable, on-going source of funding while seeking "champions" for the RHTF program. These efforts would occur while the first demonstration projects are being completed.

STRATEGIC PRIORITY

This agenda item is related to a City Council Strategic Priority – Quality of Life – Goal #4 – Facilitate the development of affordable housing via affordable housing-focused policies and incentives. Pursue, encourage and incentivize non-profit affordable housing developers to build in Tracy.

ACTION REQUESTED OF THE CITY COUNCIL

Staff recommends that the City Council adopt a Resolution approving the City of Tracy's commitment to participate in the governance and operation of the San Joaquin Regional Housing Fund.

RESOLUTION 2024-_____

APPROVING THE CITY OF TRACY'S COMMITMENT TO PARTICIPATE IN THE SAN JOAQUIN REGIONAL HOUSING FUND

WHEREAS, on October 26, 2023, the San Joaquin Council of Governments (SJCOG) authorized SJCOG staff to form a non-profit public benefit corporation as an eligible regional housing trust fund applicant for available funding and matching grants to expand sources of funding for housing as described in the Guidelines adopted by the California Department of Housing and Community Development in accordance with California Health and Safety Code sections 50842.1 et seq.; and

WHEREAS, the San Joaquin Regional Housing Fund ("Fund") was formed and established in March 2024; and

WHEREAS, the Fund's Board of Directors will be the SJCOG Board of Directors, and will carry out the responsibility for the Fund's governance and administration of the funds allocated and establishing necessary procedures to fulfill the Fund's purpose; and

WHEREAS, the specific purpose of the Fund shall be to provide planning, financing, and other services to increase housing opportunities for extremely low-, very low-, low- and moderate-income households (including individuals experiencing homelessness) to obtain decent, safe, and sanitary affordable rental and ownership housing throughout San Joaquin County, California; and

WHEREAS, the Fund intends to fulfill its purpose through collaboration with local municipal, county and other jurisdictions, as well as the private and philanthropic sectors (collectively referred to as Collaborators); and

WHEREAS, Collaborators and the Fund will assist in the provision of such planning, services and financing, leveraging and participating in local, state, federal, and private financing programs that assist extremely low-, very low-, low- and moderate-income households (including individuals experiencing homelessness) in obtaining such affordable housing; and

WHEREAS, the Fund intends to also engage in other charitable and educational activities associated with this goal as allowed by law; and

WHEREAS, SJCOG and participating member agencies will conduct planning and implementation activities that will accelerate housing production and housing-related initiatives; and

WHEREAS, SJCOG and participating member agencies, will conduct planning and implementation activities that will accelerate housing production and housing-related initiatives; and now therefore be it

RESOLVED: That the City Council of the City of Tracy commits that the City of Tracy will participate in the San Joaquin Regional Housing Fund; and be it

FURTHER RESOLVED: The City Council agrees that any participation in any application made by the San Joaquin Regional Housing Fund for available funds will be in a manner consistent with the relevant funding source requirements, public or private, the most current Guidelines adopted by the California Department of Housing and Community Development, when applicable, and San Joaquin Regional Housing Fund requirements; and be it

FURTHER RESOLVED: That the City of Tracy commits to providing documentation for completed projects that were funded in cooperation with the San Joaquin Housing Fund and other deliverables in a manner consistent with the California Department of Housing and Community Development, or other applicable fund source, and San Joaquin Regional Housing Fund requirements, and be it

FURTHER RESOLVED: That the City of Tracy agrees that prior to participating in any funding or project in coordination with the San Joaquin Regional Housing Fund that the City of Tracy's legislative body shall consider for approval a cooperative agreement between the San Joaquin Regional Housing Fund and City of Tracy.

ADRIANNE RICHARDSON
City Clerk and Clerk of the Council of the
City of Tracy, California

July 2, 2024

Agenda Item 1.G

RECOMMENDATION

Staff recommends that the City Council adopt a Resolution: authorizing the execution of a modified gross lease between the City of Tracy and Tracy Office Plaza, LLC, for the lease of Suites B1 and B2 at 324 East 11th Street, with an initial term of three years, an administrative option to extend for two one-year terms, with a monthly base rent of $3,675.60, adjusted each year by 2.5%.

EXECUTIVE SUMMARY

This agenda item seeks an approval of a lease agreement between City of Tracy and Tracy Office Plaza, LLC (Landlord) to allow the City to rent spaces to serve as temporary location for Parks, Recreation and Community Services Department. This action is requested to accommodate a shortage in space due to increased staffing levels of the Community and Economic Development Department (CED). To get additional needed space, staff is proposing temporary relocation of the Parks, Recreation, and Community Services Departments

BACKGROUND AND LEGISLATIVE HISTORY

City Hall has been a temporary location for Parks, Recreation, and Community Services Department staff. Community and Economic Development Department (CED) has increased staffing levels, requiring additional office space at City Hall. CED also anticipates growth in the future. To overcome this need, staff is proposing the relocation of the Parks, Recreation, and Community Services Department staff to a temporary location during the construction of the Multi-Generational Recreation Facility. This will help create the necessary office space at City Hall to accommodate CED's hiring needs while providing for the Parks, Recreation, and Community Services Department to continue to operate and serve the community without any interruption in service levels.

CED staff searched available properties that met the Parks, Recreation, and Community Services Department's office space requirements. Suites B1 and B2 at 324 East 11th Street, consisting of ±2,042 square feet of office space, were identified as preferred locations given their proximity to City Hall.

This agreement not only provides a temporary solution but also ensures a smooth transition for the Parks, Recreation, and Community Services Department.

ANALYSIS

CED staff directly negotiated the proposed modified gross lease with Tracy Office Plaza, LLC, without the use of an outside broker. The terms for the lease of Suites B1 and B2 at 324 East 11th Street, consisting of ±2,042 square feet of office space, are as follows:

Term: an initial term of three years with an administrative option to renew for two one-year terms

Rent: a monthly rent of $3,675.60, adjusted each year by 2.5%

CED staff reviewed a CoStar Group report providing recent lease agreements comparable in the Tracy/Manteca submarket area to assess the proposed lease rate's competitiveness. Costar Group is the leading commercial real estate data provider throughout the United States.

According to the report, the average gross asking rent per square foot in the submarket is $22.58 per year, and the average gross starting rent is $21.16 per year, making the negotiated rate competitive at $21.60 per year.

Common Area Maintenance (CAM) Expenses: The only CAM charges that will be passed onto the City will be monthly electrical bills, which are initially anticipated to be $0.28 per square foot. This charge will be adjusted yearly, based on rates set by Pacific Gas & Electric.

Right of First Refusal: City has a 30 day right of first refusal to lease any space adjacent to the leased area upon each occasion of its availability. This negotiated term further assists the City with its need for additional office space. It provides long-term opportunities for other departments to utilize the space as they continue to grow and require additional space.

Improvements: As the two suites are currently separate, the Landlord has agreed to modify an interior wall to create a passageway between the two suites. The Landlord has also agreed to paint both suites. The foregoing work must be completed prior to Lease commencement. The City does not anticipate doing any improvements to the premises.

A draft of the proposed lease is attached as Attachment A. This draft will be modified and finalized upon City Council authorization requested in this agenda item.

FISCAL IMPACT

The five-year agreement will cost $266,147.64, as shown in the table below. This includes the 2.5% annual increase and monthly utility amount in the total cost figure.

Five-Year Lease Agreement Cost			
Lease Year	**Monthly Rental Amount**	**Monthly Utility Amount**	**Yearly Rental and Utility Amount**
1	$3,675.60	$571.76	$50,968.32
2	$3,767.49	$571.76	$52,071.00
3	$3,861.68	$571.76	$53,201.28
4	$3,958.22	$571.76	$54,359.76
5	$4,057.18	$571.76	$55,547.28
		Total Cost:	**$266,147.64**

.

Funding in the amount of $100,000 has been established from the General Fund for year one of the lease to cover rent, utilities, and one-time set up costs such as furniture or technology.

PUBLIC OUTREACH / INTEREST

This is an operational item for the Parks, Recreation, and Community Services Department. No public outreach was conducted.

COORDINATION

The proposed lease involved coordination among multiple city departments including CED, Parks, Recreation, and Community Services, Finance, Public Works, and Innovation and Technology.

CEQA DETERMINATION

This action is exempt from the California Environmental Quality Act under Section 15301 (Existing Facilities) of the California Code of Regulations.

STRATEGIC PLAN

A City strategic priority specifically identified in the Economic Development Strategic Plan is strengthening organizational capacity in the Economic Development Division. This agenda item aligns with this priority by enabling the division to grow with sufficient office space at City Hall so that staff can better serve the community, thereby improving the City's economy and quality of life.

ACTION REQUESTED OF THE CITY COUNCIL

Staff recommends that the City Council adopt a Resolution: authorizing the execution of a modified gross lease between the City of Tracy and Tracy Office Plaza, LLC, for the lease of Suites B1 and B2 at 324 East 11th Street, with an initial term of three years, an administrative option to extend for two one-year terms, with a monthly base rent of $3,675.60, adjusted each year by 2.5%.

AIRCRE contracts

STANDARD INDUSTRIAL/COMMERCIAL MULTI-TENANT LEASE - GROSS

1. Basic Provisions ("Basic Provisions").

1.1 **Parties.** This Lease ("**Lease**"), dated for reference purposes only July 1, 2024, is made by and between Tracy Office Plaza, LLC ("**Lessor**") and City of Tracy ("**Lessee**"), (collectively the "**Parties**", or individually a "**Party**").

1.2(a) **Premises:** That certain real property, including all improvements therein or to be provided by Lessor under the terms of this Lease, commonly known as (street address, unit/suite, city, state, zip): 324 East 11th Street Suite B1 and B2, Tracy, CA 95376 ("**Premises**"). The Premises are located in the County of San Joaquin and generally described as (describe briefly the nature of the Premises and the "Project"): A one-story multi-tenant office building. Suite B1 and B2 (first floor) for a total of +/- 2,042 square feet. Also, commonly known as Tracy Office Plaza. In addition to Lessee's rights to use and occupy the Premises as hereinafter specified, Lessee shall have non-exclusive rights to any utility raceways of the building containing the Premises ("**Building**") and to the Common Areas (as defined in Paragraph 2.7 below), but shall not have any rights to the roof, or exterior walls of the Building or to any other buildings in the Project. The Premises, the Building, the Common Areas, the land upon which they are located, along with all other buildings and improvements thereon, are herein collectively referred to as the "**Project**." (See also Paragraph 2)

1.2(b) **Parking:** N/A unreserved vehicle parking spaces. (See also Paragraph 2.6)

1.3 **Term:** Three (3) years and Zero (0) months ("**Original Term**") commencing August 1, 2024 ("**Commencement Date**") and ending July 31, 2027 ("**Expiration Date**"). (See also Paragraph 3)

1.4 **Early Possession.** If the Premises are available Lessee may have non-exclusive possession of the Premises commencing N/A ("**Early Possession Date**"). (See also Paragraphs 3.2 and 3.3)

1.5 **Base Rent:** $3,675.60 per month ("**Base Rent**"), payable on the First day of each month commencing See Addendum. (See also Paragraph 4)

☑ If this box is checked, there are provisions in this Lease for the Base Rent to be adjusted. See Paragraph 54-56.

1.6 **Lessee's Share of Common Area Operating Expenses:** $0.28 a foot adjusted yearly based on average PG&E electric KWH rate increase or decrease percent (_____ %) ("**Lessee's Share**"). In the event that the size of the Premises and/or the Project are modified during the term of this Lease, Lessor shall recalculate Lessee's Share to reflect such modification.

1.7 **Base Rent and Other Monies Paid Upon Execution:**

(a) **Base Rent:** $3,675.60 for the period August 1, 2024 - July 31, 2026.

(b) **Common Area Operating Expenses:** The current estimate for the period _____ is _____.

(c) **Security Deposit:** $3,675.60 ("**Security Deposit**"). (See also Paragraph 5)

(d) **Other:** N/A for _____.

(e) **Total Due Upon Execution of this Lease:** $7,351.20.

1.8 **Agreed Use:** Professional Office. (See also Paragraph 6)

1.9 **Insuring Party.** Lessor is the "**Insuring Party**". (See also Paragraph 8)

1.10 **Real Estate Brokers.** (See also Paragraphs 15 and 25)

(a) **Representation.** Each Party acknowledges receiving a Disclosure Regarding Real Estate Agency Relationship, confirms and consents to the following agency relationships in this Lease with the following real estate brokers ("**Broker(s)**") and/or their agents ("**Agent(s)**"):

Lessor's Brokerage Firm _____ License No. _____ is the broker of (check one): ☐ the Lessor; or ☐ both the Lessee and Lessor (dual agent).

Lessor's Agent _____ License No. _____ is (check one): ☐ the Lessor's Agent (salesperson or broker associate); or ☐ both the Lessee's Agent and the Lessor's Agent (dual agent).

Lessee's Brokerage Firm _____ License No. _____ is the broker of (check one): ☐ the Lessee; or ☐ both the Lessee and Lessor (dual agent).

Lessee's Agent _____ License No. _____ is (check one): ☐ the Lessee's Agent (salesperson or broker associate); or ☐ both the Lessee's Agent and the Lessor's Agent (dual agent).

(b) **Payment to Brokers.** Upon execution and delivery of this Lease by both Parties, Lessor shall pay to the Brokers the brokerage fee agreed to in a separate written agreement (or if there is no such agreement, the sum of N/A or N/A % of the total Base Rent) for the brokerage services rendered by the Brokers.

1.11 **Guarantor.** The obligations of the Lessee under this Lease are to be guaranteed by _____ ("**Guarantor**"). (See also Paragraph 37)

1.12 **Attachments.** Attached hereto are the following, all of which constitute a part of this Lease:

☑ an Addendum consisting of Paragraphs 50 through 56;

☐ a site plan depicting the Premises;

☐ a site plan depicting the Project;

☐ a current set of the Rules and Regulations for the Project;

☐ a current set of the Rules and Regulations adopted by the owners' association;

☐ a Work Letter;

☐ other (specify): _____ .

2. Premises.

2.1 **Letting**. Lessor hereby leases to Lessee, and Lessee hereby leases from Lessor, the Premises, for the term, at the rental, and upon all of the terms, covenants and conditions set forth in this Lease. While the approximate square footage of the Premises may have been used in the marketing of the Premises for purposes of comparison, the Base Rent stated herein is NOT tied to square footage and is not subject to adjustment should the actual size be determined to be different. **NOTE: Lessee is advised to verify the actual size prior to executing this Lease.**

2.2 **Condition.** Lessor shall deliver that portion of the Premises contained within the Building ("**Unit**") to Lessee broom clean and free of debris on the Commencement Date or the Early Possession Date, whichever first occurs ("**Start Date**"), and, so long as the required service contracts described in Paragraph 7.1(b) below are obtained by Lessee and in effect within thirty days following the Start Date, warrants that the existing electrical, plumbing, fire sprinkler, lighting, heating, ventilating and air conditioning systems ("**HVAC**"), loading doors, sump pumps, if any, and all other such elements in the Unit, other than those constructed by Lessee, shall be in good operating condition on said date, that the structural elements of the roof, bearing walls and foundation of the Unit shall be free of material defects, and that the Unit does not contain hazardous levels of any mold or fungi defined as toxic under applicable state or federal law. If a non-compliance with such warranty exists as of the Start Date, or if one of such systems or elements should malfunction or fail within the appropriate warranty period, Lessor shall, as Lessor's sole obligation with respect to such matter, except as otherwise provided in this Lease, promptly after receipt of written notice from Lessee setting forth with specificity the nature and extent of such non-compliance, malfunction or failure, rectify same at Lessor's expense. The warranty periods shall be as follows: (i) 6 months as to the HVAC systems, and (ii) 30 days as to the remaining systems and other elements of the Unit. If Lessee does not give Lessor the required notice within the appropriate warranty period, correction of any such non-compliance, malfunction or failure shall be the obligation of Lessee at Lessee's sole cost and expense (except for the repairs to the fire sprinkler systems, roof, foundations, and/or bearing walls - see Paragraph 7). Lessor also warrants, that unless otherwise specified in writing, Lessor is unaware of (i) any recorded Notices of Default affecting the Premise; (ii) any delinquent amounts due under any loan secured by the Premises; and (iii) any bankruptcy proceeding affecting the Premises.

2.3 **Compliance.** Lessor warrants that to the best of its knowledge the improvements on the Premises and the Common Areas comply with the building codes, applicable laws, covenants or restrictions of record, regulations, and ordinances ("**Applicable Requirements**") that were in effect at the time that each improvement, or portion thereof, was constructed. Said warranty does not apply to the use to which Lessee will put the Premises, modifications which may be required by the Americans with Disabilities Act or any similar laws as a result of Lessee's use (see Paragraph 49), or to any Alterations or Utility Installations (as defined in Paragraph 7.3(a)) made or to be made by Lessee. **NOTE: Lessee is responsible for determining whether or not the Applicable Requirements, and especially the zoning, are appropriate for Lessee's intended use, and acknowledges that past uses of the Premises may no longer be allowed.** If the Premises do not comply with said warranty, Lessor shall, except as otherwise provided, promptly after receipt of written notice from Lessee setting forth with specificity the nature and extent of such non-compliance, rectify the same at Lessor's expense. If Lessee does not give Lessor written notice of a non-compliance with this warranty within 6 months following the Start Date, correction of that non-compliance shall be the obligation of Lessee at Lessee's sole cost and expense. If the Applicable Requirements are hereafter changed so as to require during the term of this Lease the construction of an addition to or an alteration of the Unit, Premises and/or Building, the remediation of any Hazardous Substance, or the reinforcement or other physical modification of the Unit, Premises and/or Building ("**Capital Expenditure**"), Lessor and Lessee shall allocate the cost of such work as follows:

(a) Subject to Paragraph 2.3(c) below, if such Capital Expenditures are required as a result of the specific and unique use of the Premises by Lessee as compared with uses by tenants in general, Lessee shall be fully responsible for the cost thereof, provided, however, that if such Capital Expenditure is required during the last 2 years of this Lease and the cost thereof exceeds 6 months' Base Rent, Lessee may instead terminate this Lease unless Lessor notifies Lessee, in writing, within 10 days after receipt of Lessee's termination notice that Lessor has elected to pay the difference between the actual cost thereof and the amount equal to 6 months' Base Rent. If Lessee elects termination, Lessee shall immediately cease the use of the Premises which requires such Capital Expenditure and deliver to Lessor written notice specifying a termination date at least 90 days thereafter. Such termination date shall, however, in no event be earlier than the last day that Lessee could legally utilize the Premises without commencing such Capital Expenditure.

(b) If such Capital Expenditure is not the result of the specific and unique use of the Premises by Lessee (such as, governmentally mandated seismic modifications), then Lessor shall pay for such Capital Expenditure and Lessee shall only be obligated to pay, each month during the remainder of the term of this Lease or any extension thereof, on the date that on which the Base Rent is due, an amount equal to 1/144th of the portion of such costs reasonably attributable to the Premises. Lessee shall pay Interest on the balance but may prepay its obligation at any time. If, however, such Capital Expenditure is required during the last 2 years of this Lease or if Lessor reasonably determines that it is not economically feasible to pay its share thereof, Lessor shall have the option to terminate this Lease upon 90 days prior written notice to Lessee unless Lessee notifies Lessor, in writing, within 10 days after receipt of Lessor's termination notice that Lessee will pay for such Capital Expenditure. If Lessor does not elect to terminate, and fails to tender its share of any such Capital Expenditure, Lessee may advance such funds and deduct same, with Interest, from Rent until Lessor's share of such costs have been fully paid. If Lessee is unable to finance Lessor's share, or if the balance of the Rent due and payable for the remainder of this Lease is not sufficient to fully reimburse Lessee on an offset basis, Lessee shall have the right to terminate this Lease upon 30 days written notice to Lessor.

(c) Notwithstanding the above, the provisions concerning Capital Expenditures are intended to apply only to non-voluntary, unexpected, and new Applicable Requirements. If the Capital Expenditures are instead triggered by Lessee as a result of an actual or proposed change in use, change in intensity of use, or modification to the Premises then, and in that event, Lessee shall either: (i) immediately cease such changed use or intensity of use and/or take such other steps as may be necessary to eliminate the requirement for such Capital Expenditure, or (ii) complete such Capital Expenditure at its own expense. Lessee shall not have any right to terminate this Lease.

2.4 **Acknowledgements.** Lessee acknowledges that: (a) Lessee has been given an opportunity to inspect and measure the Premises; (b) Lessee has been advised by Lessor and/or Brokers to satisfy itself with respect to the size and condition of the Premises (including but not limited to the electrical, HVAC and fire sprinkler systems, security, environmental aspects, and compliance with Applicable Requirements and the Americans with Disabilities Act), and their suitability for Lessee's intended use; (c) Lessee has made such investigation as it deems necessary with reference to such matters and assumes all responsibility therefor as the same relate to its occupancy of the Premises; (d) it is not relying on any representation as to the size of the Premises made by Brokers or Lessor; (e) the square footage of the Premises was not material to Lessee's decision to lease the Premises and pay the Rent stated herein; and (f) neither Lessor, Lessor's agents, nor Brokers have made any oral or written representations or warranties with respect to said matters other than as set forth in this Lease. In addition, Lessor acknowledges that: (i) Brokers have made no representations, promises or warranties concerning Lessee's ability to honor the Lease or suitability to occupy the Premises; and (ii) it is Lessor's sole responsibility to investigate the financial capability and/or suitability of all proposed tenants.

2.5 **Lessee as Prior Owner/Occupant**. The warranties made by Lessor in Paragraph 2 shall be of no force or effect if immediately prior to the Start Date Lessee was the owner or occupant of the Premises. In such event, Lessee shall be responsible for any necessary corrective work.

DRAFT DRAFT

2.6 **Vehicle Parking**. Lessee shall be entitled to use the number of Parking Spaces specified in Paragraph 1.2(b) on those portions of the Common Areas designated from time to time by Lessor for parking. Lessee shall not use more parking spaces than said number. Said parking spaces shall be used for parking by vehicles no larger than full-size passenger automobiles or pick-up trucks, herein called "**Permitted Size Vehicles**." Lessor may regulate the loading and unloading of vehicles by adopting Rules and Regulations as provided in Paragraph 2.9. No vehicles other than Permitted Size Vehicles may be parked in the Common Area without the prior written permission of Lessor. In addition:

(a) Lessee shall not permit or allow any vehicles that belong to or are controlled by Lessee or Lessee's employees, suppliers, shippers, customers, contractors or invitees to be loaded, unloaded, or parked in areas other than those designated by Lessor for such activities.

(b) Lessee shall not service or store any vehicles in the Common Areas.

(c) If Lessee permits or allows any of the prohibited activities described in this Paragraph 2.6, then Lessor shall have the right, without notice, in addition to such other rights and remedies that it may have, to remove or tow away the vehicle involved and charge the cost to Lessee, which cost shall be immediately payable upon demand by Lessor.

2.7 **Common Areas - Definition**. The term "**Common Areas**" is defined as all areas and facilities outside the Premises and within the exterior boundary line of the Project and interior utility raceways and installations within the Unit that are provided and designated by the Lessor from time to time for the general non-exclusive use of Lessor, Lessee and other tenants of the Project and their respective employees, suppliers, shippers, customers, contractors and invitees, including parking areas, loading and unloading areas, trash areas, roofs, roadways, walkways, driveways and landscaped areas.

2.8 **Common Areas - Lessee's Rights**. Lessor grants to Lessee, for the benefit of Lessee and its employees, suppliers, shippers, contractors, customers and invitees, during the term of this Lease, the non-exclusive right to use, in common with others entitled to such use, the Common Areas as they exist from time to time, subject to any rights, powers, and privileges reserved by Lessor under the terms hereof or under the terms of any rules and regulations or restrictions governing the use of the Project. Under no circumstances shall the right herein granted to use the Common Areas be deemed to include the right to store any property, temporarily or permanently, in the Common Areas. Any such storage shall be permitted only by the prior written consent of Lessor or Lessor's designated agent, which consent may be revoked at any time. In the event that any unauthorized storage shall occur, then Lessor shall have the right, without notice, in addition to such other rights and remedies that it may have, to remove the property and charge the cost to Lessee, which cost shall be immediately payable upon demand by Lessor.

2.9 **Common Areas - Rules and Regulations**. Lessor or such other person(s) as Lessor may appoint shall have the exclusive control and management of the Common Areas and shall have the right, from time to time, to establish, modify, amend and enforce reasonable rules and regulations ("**Rules and Regulations**") for the management, safety, care, and cleanliness of the grounds, the parking and unloading of vehicles and the preservation of good order, as well as for the convenience of other occupants or tenants of the Building and the Project and their invitees. Lessee agrees to abide by and conform to all such Rules and Regulations, and shall use its best efforts to cause its employees, suppliers, shippers, customers, contractors and invitees to so abide and conform. Lessor shall not be responsible to Lessee for the non-compliance with said Rules and Regulations by other tenants of the Project.

2.10 **Common Areas - Changes**. Lessor shall have the right, in Lessor's sole discretion, from time to time:

(a) To make changes to the Common Areas, including, without limitation, changes in the location, size, shape and number of driveways, entrances, parking spaces, parking areas, loading and unloading areas, ingress, egress, direction of traffic, landscaped areas, walkways and utility raceways;

(b) To close temporarily any of the Common Areas for maintenance purposes so long as reasonable access to the Premises remains available;

(c) To designate other land outside the boundaries of the Project to be a part of the Common Areas;

(d) To add additional buildings and improvements to the Common Areas;

(e) To use the Common Areas while engaged in making additional improvements, repairs or alterations to the Project, or any portion thereof; and

(f) To do and perform such other acts and make such other changes in, to or with respect to the Common Areas and Project as Lessor may, in the exercise of sound business judgment, deem to be appropriate.

3. Term.

3.1 **Term**. The Commencement Date, Expiration Date and Original Term of this Lease are as specified in Paragraph 1.3.

3.2 **Early Possession.** Any provision herein granting Lessee Early Possession of the Premises is subject to and conditioned upon the Premises being available for such possession prior to the Commencement Date. Any grant of Early Possession only conveys a non-exclusive right to occupy the Premises. If Lessee totally or partially occupies the Premises prior to the Commencement Date, the obligation to pay Base Rent shall be abated for the period of such Early Possession. All other terms of this Lease (including but not limited to the obligations to pay Lessee's Share of Common Area Operating Expenses, Real Property Taxes and insurance premiums and to maintain the Premises) shall be in effect during such period. Any such Early Possession shall not affect the Expiration Date.

3.3 **Delay In Possession.** Lessor agrees to use commercially reasonable efforts to deliver exclusive possession of the Premises to Lessee by the Commencement Date. If, despite said efforts, Lessor is unable to deliver possession by such date, Lessor shall not be subject to any liability therefor, nor shall such failure affect the validity of this Lease or change the Expiration Date. Lessee shall not, however, be obligated to pay Rent or perform its other obligations until Lessor delivers possession of the Premises and any period of rent abatement that Lessee would otherwise have enjoyed shall run from the date of delivery of possession and continue for a period equal to what Lessee would otherwise have enjoyed under the terms hereof, but minus any days of delay caused by the acts or omissions of Lessee. If possession is not delivered within 60 days after the Commencement Date, as the same may be extended under the terms of any Work Letter executed by Parties, Lessee may, at its option, by notice in writing within 10 days after the end of such 60 day period, cancel this Lease, in which event the Parties shall be discharged from all obligations hereunder. If such written notice is not received by Lessor within said 10 day period, Lessee's right to cancel shall terminate. If possession of the Premises is not delivered within 120 days after the Commencement Date, this Lease shall terminate unless other agreements are reached between Lessor and Lessee, in writing.

3.4 **Lessee Compliance**. Lessor shall not be required to tender possession of the Premises to Lessee until Lessee complies with its obligation to provide evidence of insurance (Paragraph 8.5). Pending delivery of such evidence, Lessee shall be required to perform all of its obligations under this Lease from and after the Start Date, including the payment of Rent, notwithstanding Lessor's election to withhold possession pending receipt of such evidence of insurance. Further, if Lessee is required to perform any other conditions prior to or concurrent with the Start Date, the Start Date shall occur but Lessor may elect to withhold possession until such conditions are satisfied.

4. Rent.

4.1 **Rent Defined**. All monetary obligations of Lessee to Lessor under the terms of this Lease (except for the Security Deposit) are deemed to be rent ("**Rent**").

4.2 **Common Area Operating Expenses**. Lessee shall pay to Lessor during the term hereof, in addition to the Base Rent, Lessee's Share (as specified in Paragraph 1.6) of all Common Area Operating Expenses, as hereinafter defined, during each calendar year of the term of this Lease, in accordance with the following provisions:

(a) The following costs relating to the ownership and operation of the Project are defined as "**Common Area Operating Expenses**":

(i) Costs relating to the operation, repair and maintenance, in neat, clean, good order and condition, but not the replacement (see subparagraph

© 2019 AIR CRE. All Rights Reserved.

DRAFT DRAFT DRAFT

(e)), of the following:

(aa) The Common Areas and Common Area improvements, including parking areas, loading and unloading areas, trash areas, roadways, parkways, walkways, driveways, landscaped areas, bumpers, irrigation systems, Common Area lighting facilities, fences and gates, elevators, roofs, exterior walls of the buildings, building systems and roof drainage systems.

(bb) Exterior signs and any tenant directories.

(cc) Any fire sprinkler systems.

(dd) All other areas and improvements that are within the exterior boundaries of the Project but outside of the Premises and/or any other space occupied by a tenant.

(ii) The cost of water, gas, electricity and telephone to service the Common Areas and any utilities not separately metered.

(iii) The cost of trash disposal, pest control services, property management, security services, owners' association dues and fees, the cost to repaint the exterior of any structures and the cost of any environmental inspections.

(iv) Reserves set aside for maintenance and repair of Common Areas and Common Area equipment.

(v) Any increase above the Base Real Property Taxes (as defined in Paragraph 10).

(vi) Any "Insurance Cost Increase" (as defined in Paragraph 8).

(vii) Any deductible portion of an insured loss concerning the Building or the Common Areas.

(viii) Auditors', accountants' and attorneys' fees and costs related to the operation, maintenance, repair and replacement of the Project.

(ix) The cost of any capital improvement to the Building or the Project not covered under the provisions of Paragraph 2.3, provided, however, that Lessor shall allocate the cost of any such capital improvement over a 12 year period and Lessee shall not be required to pay more than Lessee's Share of 1/144th of the cost of such capital improvement in any given month. Lessee shall pay Interest on the unamortized balance but may prepay its obligation at any time.

(x) The cost of any other services to be provided by Lessor that are stated elsewhere in this Lease to be a Common Area Operating Expense.

(b) Any Common Area Operating Expenses and Real Property Taxes that are specifically attributable to the Unit, the Building or to any other building in the Project or to the operation, repair and maintenance thereof, shall be allocated entirely to such Unit, Building, or other building. However, any Common Area Operating Expenses and Real Property Taxes that are not specifically attributable to the Building or to any other building or to the operation, repair and maintenance thereof, shall be equitably allocated by Lessor to all buildings in the Project.

(c) The inclusion of the improvements, facilities and services set forth in Subparagraph 4.2(a) shall not be deemed to impose an obligation upon Lessor to either have said improvements or facilities or to provide those services unless the Project already has the same, Lessor already provides the services, or Lessor has agreed elsewhere in this Lease to provide the same or some of them.

(d) Lessee's Share of Common Area Operating Expenses is payable monthly on the same day as the Base Rent is due hereunder. The amount of such payments shall be based on Lessor's estimate of the annual Common Area Operating Expenses. Within 60 days after written request (but not more than once each year) Lessor shall deliver to Lessee a reasonably detailed statement showing Lessee's Share of the actual Common Area Operating Expenses for the preceding year. If Lessee's payments during such year exceed Lessee's Share, Lessor shall credit the amount of such over-payment against Lessee's future payments. If Lessee's payments during such year were less than Lessee's Share, Lessee shall pay to Lessor the amount of the deficiency within 10 days after delivery by Lessor to Lessee of the statement.

(e) Common Area Operating Expenses shall not include the cost of replacing equipment or capital components such as the roof, foundations, exterior walls or Common Area capital improvements, such as the parking lot paving, elevators, or fences that have a useful life for accounting purposes of 5 years or more.

(f) Common Area Operating Expenses shall not include any expenses paid by any tenant directly to third parties, or as to which Lessor is otherwise reimbursed by any third party, other tenant, or insurance proceeds.

4.3 **Payment.** Lessee shall cause payment of Rent to be received by Lessor in lawful money of the United States, without offset or deduction (except as specifically permitted in this Lease), on or before the day on which it is due. All monetary amounts shall be rounded to the nearest whole dollar. In the event that any statement or invoice prepared by Lessor is inaccurate such inaccuracy shall not constitute a waiver and Lessee shall be obligated to pay the amount set forth in this Lease. Rent for any period during the term hereof which is for less than one full calendar month shall be prorated based upon the actual number of days of said month. Payment of Rent shall be made to Lessor at its address stated herein or to such other persons or place as Lessor may from time to time designate in writing. Acceptance of a payment which is less than the amount then due shall not be a waiver of Lessor's rights to the balance of such Rent, regardless of Lessor's endorsement of any check so stating. In the event that any check, draft, or other instrument of payment given by Lessee to Lessor is dishonored for any reason, Lessee agrees to pay to Lessor the sum of $25 in addition to any late charges and Lessor, at its option, may require all future Rent be paid by cashier's check. Payments will be applied first to accrued late charges and attorney's fees, second to accrued interest, then to Base Rent and Common Area Operating Expenses, and any remaining amount to any other outstanding charges or costs.

5. Security Deposit. Lessee shall deposit with Lessor upon execution hereof the Security Deposit as security for Lessee's faithful performance of its obligations under this Lease. If Lessee fails to pay Rent, or otherwise Defaults under this Lease, Lessor may use, apply or retain all or any portion of said Security Deposit for the payment of any amount already due Lessor, for Rents which will be due in the future, and/ or to reimburse or compensate Lessor for any liability, expense, loss or damage which Lessor may suffer or incur by reason thereof. If Lessor uses or applies all or any portion of the Security Deposit, Lessee shall within 10 days after written request therefor deposit monies with Lessor sufficient to restore said Security Deposit to the full amount required by this Lease. If the Base Rent increases during the term of this Lease, Lessee shall, upon written request from Lessor, deposit additional monies with Lessor so that the total amount of the Security Deposit shall at all times bear the same proportion to the increased Base Rent as the initial Security Deposit bore to the initial Base Rent. Should the Agreed Use be amended to accommodate a material change in the business of Lessee or to accommodate a sublessee or assignee, Lessor shall have the right to increase the Security Deposit to the extent necessary, in Lessor's reasonable judgment, to account for any increased wear and tear that the Premises may suffer as a result thereof. If a change in control of Lessee occurs during this Lease and following such change the financial condition of Lessee is, in Lessor's reasonable judgment, significantly reduced, Lessee shall deposit such additional monies with Lessor as shall be sufficient to cause the Security Deposit to be at a commercially reasonable level based on such change in financial condition. Lessor shall not be required to keep the Security Deposit separate from its general accounts. Within 90 days after the expiration or termination of this Lease, Lessor shall return that portion of the Security Deposit not used or applied by Lessor. Lessor shall upon written request provide Lessee with an accounting showing how that portion of the Security Deposit that was not returned was applied. No part of the Security Deposit shall be considered to be held in trust, to bear interest or to be prepayment for any monies to be paid by Lessee under this Lease. THE SECURITY DEPOSIT SHALL NOT BE USED BY LESSEE IN LIEU OF PAYMENT OF THE LAST MONTH'S RENT.

6. Use.

6.1 **Use.** Lessee shall use and occupy the Premises only for the Agreed Use, or any other legal use which is reasonably comparable thereto, and for no other purpose. Lessee shall not use or permit the use of the Premises in a manner that is unlawful, creates damage, waste or a nuisance, or that disturbs occupants of or

© 2019 AIR CRE. All Rights Reserved.

DRAFT DRAFT

causes damage to neighboring premises or properties. Other than guide, signal and seeing eye dogs, Lessee shall not keep or allow in the Premises any pets, animals, birds, fish, or reptiles. Lessor shall not unreasonably withhold or delay its consent to any written request for a modification of the Agreed Use, so long as the same will not impair the structural integrity of the Building or the mechanical or electrical systems therein, and/or is not significantly more burdensome to the Project. If Lessor elects to withhold consent, Lessor shall within 7 days after such request give written notification of same, which notice shall include an explanation of Lessor's objections to the change in the Agreed Use.

6.2 **Hazardous Substances.**

(a) **Reportable Uses Require Consent**. The term "**Hazardous Substance**" as used in this Lease shall mean any product, substance, or waste whose presence, use, manufacture, disposal, transportation, or release, either by itself or in combination with other materials expected to be on the Premises, is either: (i) potentially injurious to the public health, safety or welfare, the environment or the Premises; (ii) regulated or monitored by any governmental authority; or (iii) a basis for potential liability of Lessor to any governmental agency or third party under any applicable statute or common law theory. Hazardous Substances shall include, but not be limited to, hydrocarbons, petroleum, gasoline, and/or crude oil or any products, byproducts or fractions thereof. Lessee shall not engage in any activity in or on the Premises which constitutes a Reportable Use of Hazardous Substances without the express prior written consent of Lessor and timely compliance (at Lessee's expense) with all Applicable Requirements. "**Reportable Use**" shall mean (i) the installation or use of any above or below ground storage tank; (ii) the generation, possession, storage, use, transportation, or disposal of a Hazardous Substance that requires a permit from, or with respect to which a report, notice, registration or business plan is required to be filed with, any governmental authority, and/or (iii) the presence at the Premises of a Hazardous Substance with respect to which any Applicable Requirements requires that a notice be given to persons entering or occupying the Premises or neighboring properties. Notwithstanding the foregoing, Lessee may use any ordinary and customary materials reasonably required to be used in the normal course of the Agreed Use such as ordinary office supplies (copier toner, liquid paper, glue, etc.) and common household cleaning materials, so long as such use is in compliance with all Applicable Requirements, is not a Reportable Use, and does not expose the Premises or neighboring property to any meaningful risk of contamination or damage or expose Lessor to any liability therefor. In addition, Lessor may condition its consent to any Reportable Use upon receiving such additional assurances as Lessor reasonably deems necessary to protect itself, the public, the Premises and/or the environment against damage, contamination, injury and/or liability, including, but not limited to, the installation (and removal on or before Lease expiration or termination) of protective modifications (such as concrete encasements) and/or increasing the Security Deposit.

(b) **Duty to Inform Lessor**. If Lessee knows, or has reasonable cause to believe, that a Hazardous Substance has come to be located in, on, under or about the Premises, other than as previously consented to by Lessor, Lessee shall immediately give written notice of such fact to Lessor, and provide Lessor with a copy of any report, notice, claim or other documentation which it has concerning the presence of such Hazardous Substance.

(c) **Lessee Remediation**. Lessee shall not cause or permit any Hazardous Substance to be spilled or released in, on, under, or about the Premises (including through the plumbing or sanitary sewer system) and shall promptly, at Lessee's expense, comply with all Applicable Requirements and take all investigatory and/or remedial action reasonably recommended, whether or not formally ordered or required, for the cleanup of any contamination of, and for the maintenance, security and/or monitoring of the Premises or neighboring properties, that was caused or materially contributed to by Lessee, or pertaining to or involving any Hazardous Substance brought onto the Premises during the term of this Lease, by or for Lessee, or any third party.

(d) **Lessee Indemnification.** Lessee shall indemnify, defend and hold Lessor, its agents, employees, lenders and ground lessor, if any, harmless from and against any and all loss of rents and/or damages, liabilities, judgments, claims, expenses, penalties, and attorneys' and consultants' fees arising out of or involving any Hazardous Substance brought onto the Premises by or for Lessee, or any third party (provided, however, that Lessee shall have no liability under this Lease with respect to underground migration of any Hazardous Substance under the Premises from areas outside of the Project not caused or contributed to by Lessee). Lessee's obligations shall include, but not be limited to, the effects of any contamination or injury to person, property or the environment created or suffered by Lessee, and the cost of investigation, removal, remediation, restoration and/or abatement, and shall survive the expiration or termination of this Lease. No termination, cancellation or release agreement entered into by Lessor and Lessee shall release Lessee from its obligations under this Lease with respect to Hazardous Substances, unless specifically so agreed by Lessor in writing at the time of such agreement.

(e) **Lessor Indemnification.** Except as otherwise provided in paragraph 8.7, Lessor and its successors and assigns shall indemnify, defend, reimburse and hold Lessee, its employees and lenders, harmless from and against any and all environmental damages, including the cost of remediation, which are suffered as a direct result of Hazardous Substances on the Premises prior to Lessee taking possession or which are caused by the gross negligence or willful misconduct of Lessor, its agents or employees. Lessor's obligations, as and when required by the Applicable Requirements, shall include, but not be limited to, the cost of investigation, removal, remediation, restoration and/or abatement, and shall survive the expiration or termination of this Lease.

(f) **Investigations and Remediations.** Lessor shall retain the responsibility and pay for any investigations or remediation measures required by governmental entities having jurisdiction with respect to the existence of Hazardous Substances on the Premises prior to the Lessee taking possession, unless such remediation measure is required as a result of Lessee's use (including "Alterations", as defined in paragraph 7.3(a) below) of the Premises, in which event Lessee shall be responsible for such payment. Lessee shall cooperate fully in any such activities at the request of Lessor, including allowing Lessor and Lessor's agents to have reasonable access to the Premises at reasonable times in order to carry out Lessor's investigative and remedial responsibilities.

(g) **Lessor Termination Option.** If a Hazardous Substance Condition (see Paragraph 9.1(e)) occurs during the term of this Lease, unless Lessee is legally responsible therefor (in which case Lessee shall make the investigation and remediation thereof required by the Applicable Requirements and this Lease shall continue in full force and effect, but subject to Lessor's rights under Paragraph 6.2(d) and Paragraph 13), Lessor may, at Lessor's option, either (i) investigate and remediate such Hazardous Substance Condition, if required, as soon as reasonably possible at Lessor's expense, in which event this Lease shall continue in full force and effect, or (ii) if the estimated cost to remediate such condition exceeds 12 times the then monthly Base Rent or $100,000, whichever is greater, give written notice to Lessee, within 30 days after receipt by Lessor of knowledge of the occurrence of such Hazardous Substance Condition, of Lessor's desire to terminate this Lease as of the date 60 days following the date of such notice. In the event Lessor elects to give a termination notice, Lessee may, within 10 days thereafter, give written notice to Lessor of Lessee's commitment to pay the amount by which the cost of the remediation of such Hazardous Substance Condition exceeds an amount equal to 12 times the then monthly Base Rent or $100,000, whichever is greater. Lessee shall provide Lessor with said funds or satisfactory assurance thereof within 30 days following such commitment. In such event, this Lease shall continue in full force and effect, and Lessor shall proceed to make such remediation as soon as reasonably possible after the required funds are available. If Lessee does not give such notice and provide the required funds or assurance thereof within the time provided, this Lease shall terminate as of the date specified in Lessor's notice of termination.

6.3 **Lessee's Compliance with Applicable Requirements**. Except as otherwise provided in this Lease, Lessee shall, at Lessee's sole expense, fully, diligently and in a timely manner, materially comply with all Applicable Requirements, the requirements of any applicable fire insurance underwriter or rating bureau, and the recommendations of Lessor's engineers and/or consultants which relate in any manner to the Premises, without regard to whether said Applicable Requirements are now in effect or become effective after the Start Date. Lessee shall, within 10 days after receipt of Lessor's written request, provide Lessor with copies of all permits and other documents, and other information evidencing Lessee's compliance with any Applicable Requirements specified by Lessor, and shall immediately upon receipt, notify Lessor in writing (with copies of any documents involved) of any threatened or actual claim, notice, citation, warning, complaint or report pertaining to or involving the failure of Lessee or the Premises to comply with any Applicable Requirements. Likewise, Lessee shall immediately give written notice to Lessor of: (i)

DRAFT DRAFT

any water damage to the Premises and any suspected seepage, pooling, dampness or other condition conducive to the production of mold; or (ii) any mustiness or other odors that might indicate the presence of mold in the Premises.

6.4 **Inspection; Compliance**. Lessor and Lessor's "**Lender**" (as defined in Paragraph 30) and consultants authorized by Lessor shall have the right to enter into Premises at any time in the case of an emergency, and otherwise at reasonable times after reasonable notice, for the purpose of inspecting and/or testing the condition of the Premises and/or for verifying compliance by Lessee with this Lease. The cost of any such inspections shall be paid by Lessor, unless a violation of Applicable Requirements, or a Hazardous Substance Condition (see Paragraph 9.1(e)) is found to exist or be imminent, or the inspection is requested or ordered by a governmental authority. In such case, Lessee shall upon request reimburse Lessor for the cost of such inspection, so long as such inspection is reasonably related to the violation or contamination. In addition, Lessee shall provide copies of all relevant material safety data sheets (**MSDS**) to Lessor within 10 days of the receipt of a written request therefor. Lessee acknowledges that any failure on its part to allow such inspections or testing will expose Lessor to risks and potentially cause Lessor to incur costs not contemplated by this Lease, the extent of which will be extremely difficult to ascertain. Accordingly, should the Lessee fail to allow such inspections and/or testing in a timely fashion the Base Rent shall be automatically increased, without any requirement for notice to Lessee, by an amount equal to 10% of the then existing Base Rent or $100, whichever is greater for the remainder to the Lease. The Parties agree that such increase in Base Rent represents fair and reasonable compensation for the additional risk/costs that Lessor will incur by reason of Lessee's failure to allow such inspection and/or testing. Such increase in Base Rent shall in no event constitute a waiver of Lessee's Default or Breach with respect to such failure nor prevent the exercise of any of the other rights and remedies granted hereunder.

7. Maintenance; Repairs; Utility Installations; Trade Fixtures and Alterations.

7.1 **Lessee's Obligations.**

(a) **In General.** Subject to the provisions of Paragraph 2.2 (Condition), 2.3 (Compliance), 6.3 (Lessee's Compliance with Applicable Requirements), 7.2 (Lessor's Obligations), 9 (Damage or Destruction), and 14 (Condemnation), Lessee shall, at Lessee's sole expense, keep the Premises, Utility Installations (intended for Lessee's exclusive use, no matter where located), and Alterations in good order, condition and repair (whether or not the portion of the Premises requiring repairs, or the means of repairing the same, are reasonably or readily accessible to Lessee, and whether or not the need for such repairs occurs as a result of Lessee's use, any prior use, the elements or the age of such portion of the Premises), including, but not limited to, all equipment or facilities, such as plumbing, HVAC equipment, electrical, lighting facilities, boilers, pressure vessels, fixtures, interior walls, interior surfaces of exterior walls, ceilings, floors, windows, doors, plate glass, and skylights but excluding any items which are the responsibility of Lessor pursuant to Paragraph 7.2. Lessee, in keeping the Premises in good order, condition and repair, shall exercise and perform good maintenance practices, specifically including the procurement and maintenance of the service contracts required by Paragraph 7.1(b) below. Lessee's obligations shall include restorations, replacements or renewals when necessary to keep the Premises and all improvements thereon or a part thereof in good order, condition and state of repair.

(b) **Service Contracts.** Lessee shall, at Lessee's sole expense, procure and maintain contracts, with copies to Lessor, in customary form and substance for, and with contractors specializing and experienced in the maintenance of the following equipment and improvements, if any, if and when installed on the Premises: (i) HVAC equipment, (ii) boiler and pressure vessels, and (iii) clarifiers. However, Lessor reserves the right, upon notice to Lessee, to procure and maintain any or all of such service contracts, and Lessee shall reimburse Lessor, upon demand, for the cost thereof.

(c) **Failure to Perform.** If Lessee fails to perform Lessee's obligations under this Paragraph 7.1, Lessor may enter upon the Premises after 10 days' prior written notice to Lessee (except in the case of an emergency, in which case no notice shall be required), perform such obligations on Lessee's behalf, and put the Premises in good order, condition and repair, and Lessee shall promptly pay to Lessor a sum equal to 115% of the cost thereof.

(d) **Replacement.** Subject to Lessee's indemnification of Lessor as set forth in Paragraph 8.7 below, and without relieving Lessee of liability resulting from Lessee's failure to exercise and perform good maintenance practices, if an item described in Paragraph 7.1(b) cannot be repaired other than at a cost which is in excess of 50% of the cost of replacing such item, then such item shall be replaced by Lessor, and the cost thereof shall be prorated between the Parties and Lessee shall only be obligated to pay, each month during the remainder of the term of this Lease or any extension thereof, on the date on which Base Rent is due, an amount equal to the product of multiplying the cost of such replacement by a fraction, the numerator of which is one, and the denominator of which is 144 (i.e. 1/144th of the cost per month). Lessee shall pay Interest on the unamortized balance but may prepay its obligation at any time.

7.2 **Lessor's Obligations.** Subject to the provisions of Paragraphs 2.2 (Condition), 2.3 (Compliance), 4.2 (Common Area Operating Expenses), 6 (Use), 7.1 (Lessee's Obligations), 9 (Damage or Destruction) and 14 (Condemnation), Lessor, subject to reimbursement pursuant to Paragraph 4.2, shall keep in good order, condition and repair the foundations, exterior walls, structural condition of interior bearing walls, exterior roof, fire sprinkler system, Common Area fire alarm and/or smoke detection systems, fire hydrants, parking lots, walkways, parkways, driveways, landscaping, fences, signs and utility systems serving the Common Areas and all parts thereof, as well as providing the services for which there is a Common Area Operating Expense pursuant to Paragraph 4.2. Lessor shall not be obligated to paint the exterior or interior surfaces of exterior walls nor shall Lessor be obligated to maintain, repair or replace windows, doors or plate glass of the Premises.

7.3 **Utility Installations; Trade Fixtures; Alterations.**

(a) **Definitions**. The term "**Utility Installations**" refers to all floor and window coverings, air and/or vacuum lines, power panels, electrical distribution, security and fire protection systems, communication cabling, lighting fixtures, HVAC equipment, plumbing, and fencing in or on the Premises. The term "**Trade Fixtures**" shall mean Lessee's machinery and equipment that can be removed without doing material damage to the Premises. The term "**Alterations**" shall mean any modification of the improvements, other than Utility Installations or Trade Fixtures, whether by addition or deletion. "**Lessee Owned Alterations and/or Utility Installations**" are defined as Alterations and/or Utility Installations made by Lessee that are not yet owned by Lessor pursuant to Paragraph 7.4(a).

(b) **Consent.** Lessee shall not make any Alterations or Utility Installations to the Premises without Lessor's prior written consent. Lessee may, however, make non-structural Alterations or Utility Installations to the interior of the Premises (excluding the roof) without such consent but upon notice to Lessor, as long as they are not visible from the outside, do not involve puncturing, relocating or removing the roof or any existing walls, will not affect the electrical, plumbing, HVAC, and/or life safety systems, do not trigger the requirement for additional modifications and/or improvements to the Premises resulting from Applicable Requirements, such as compliance with Title 24, and the cumulative cost thereof during this Lease as extended does not exceed a sum equal to 3 months' Base Rent in the aggregate or a sum equal to one month's Base Rent in any one year. Notwithstanding the foregoing, Lessee shall not make or permit any roof penetrations and/or install anything on the roof without the prior written approval of Lessor. Lessor may, as a precondition to granting such approval, require Lessee to utilize a contractor chosen and/or approved by Lessor. Any Alterations or Utility Installations that Lessee shall desire to make and which require the consent of the Lessor shall be presented to Lessor in written form with detailed plans. Consent shall be deemed conditioned upon Lessee's: (i) acquiring all applicable governmental permits, (ii) furnishing Lessor with copies of both the permits and the plans and specifications prior to commencement of the work, and (iii) compliance with all conditions of said permits and other Applicable Requirements in a prompt and expeditious manner. Any Alterations or Utility Installations shall be performed in a workmanlike manner with good and sufficient materials. Lessee shall promptly upon completion furnish Lessor with as-built plans and specifications. For work which costs an amount in excess of one month's Base Rent, Lessor may condition its consent upon Lessee providing a lien and completion bond in an amount equal to 150% of the estimated cost of such Alteration or Utility Installation and/or upon Lessee's posting an additional Security Deposit with Lessor.

(c) **Liens; Bonds**. Lessee shall pay, when due, all claims for labor or materials furnished or alleged to have been furnished to or for Lessee at or for use on

DRAFT DRAFT

the Premises, which claims are or may be secured by any mechanic's or materialmen's lien against the Premises or any interest therein. Lessee shall give Lessor not less than 10 days notice prior to the commencement of any work in, on or about the Premises, and Lessor shall have the right to post notices of non-responsibility. If Lessee shall contest the validity of any such lien, claim or demand, then Lessee shall, at its sole expense defend and protect itself, Lessor and the Premises against the same and shall pay and satisfy any such adverse judgment that may be rendered thereon before the enforcement thereof. If Lessor shall require, Lessee shall furnish a surety bond in an amount equal to 150% of the amount of such contested lien, claim or demand, indemnifying Lessor against liability for the same. If Lessor elects to participate in any such action, Lessee shall pay Lessor's attorneys' fees and costs.

7.4 **Ownership; Removal; Surrender; and Restoration**.

(a) **Ownership**. Subject to Lessor's right to require removal or elect ownership as hereinafter provided, all Alterations and Utility Installations made by Lessee shall be the property of Lessee, but considered a part of the Premises. Lessor may, at any time, elect in writing to be the owner of all or any specified part of the Lessee Owned Alterations and Utility Installations. Unless otherwise instructed per paragraph 7.4(b) hereof, all Lessee Owned Alterations and Utility Installations shall, at the expiration or termination of this Lease, become the property of Lessor and be surrendered by Lessee with the Premises.

(b) **Removal.** By delivery to Lessee of written notice from Lessor not earlier than 90 and not later than 30 days prior to the end of the term of this Lease, Lessor may require that any or all Lessee Owned Alterations or Utility Installations be removed by the expiration or termination of this Lease. Lessor may require the removal at any time of all or any part of any Lessee Owned Alterations or Utility Installations made without the required consent.

(c) **Surrender; Restoration.** Lessee shall surrender the Premises by the Expiration Date or any earlier termination date, with all of the improvements, parts and surfaces thereof broom clean and free of debris, and in good operating order, condition and state of repair, ordinary wear and tear excepted. "Ordinary wear and tear" shall not include any damage or deterioration that would have been prevented by good maintenance practice. Notwithstanding the foregoing and the provisions of Paragraph 7.1(a), if the Lessee occupies the Premises for 12 months or less, then Lessee shall surrender the Premises in the same condition as delivered to Lessee on the Start Date with NO allowance for ordinary wear and tear. Lessee shall repair any damage occasioned by the installation, maintenance or removal of Trade Fixtures, Lessee owned Alterations and/or Utility Installations, furnishings, and equipment as well as the removal of any storage tank installed by or for Lessee. Lessee shall also remove from the Premises any and all Hazardous Substances brought onto the Premises by or for Lessee, or any third party (except Hazardous Substances which were deposited via underground migration from areas outside of the Premises) to the level specified in Applicable Requirements. Trade Fixtures shall remain the property of Lessee and shall be removed by Lessee. Any personal property of Lessee not removed on or before the Expiration Date or any earlier termination date shall be deemed to have been abandoned by Lessee and may be disposed of or retained by Lessor as Lessor may desire. The failure by Lessee to timely vacate the Premises pursuant to this Paragraph 7.4(c) without the express written consent of Lessor shall constitute a holdover under the provisions of Paragraph 26 below.

8. Insurance; Indemnity.

8.1 **Payment of Premium Increases.**

(a) As used herein, the term "**Insurance Cost Increase**" is defined as any increase in the actual cost of the insurance applicable to the Building and/or the Project and required to be carried by Lessor, pursuant to Paragraphs 8.2(b), 8.3(a) and 8.3(b), over and above the Base Premium, as hereinafter defined, calculated on an annual basis. Insurance Cost Increase shall include, but not be limited to, requirements of the holder of a mortgage or deed of trust covering the Premises, Building and/or Project, increased valuation of the Premises, Building and/or Project, and/or a general premium rate increase. The term Insurance Cost Increase shall not, however, include any premium increases resulting from the nature of the occupancy of any other tenant of the Building. The "**Base Premium**" shall be the annual premium applicable to the 12 month period immediately preceding the Start Date. If, however, the Project was not insured for the entirety of such 12 month period, then the Base Premium shall be the lowest annual premium reasonably obtainable for the Required Insurance as of the Start Date, assuming the most nominal use possible of the Building. In no event, however, shall Lessee be responsible for any portion of the premium cost attributable to liability insurance coverage in excess of $2,000,000 procured under Paragraph 8.2(b).

(b) Lessee shall pay any Insurance Cost Increase to Lessor pursuant to Paragraph 4.2. Premiums for policy periods commencing prior to, or extending beyond, the term of this Lease shall be prorated to coincide with the corresponding Start Date or Expiration Date.

8.2 **Liability Insurance**.

(a) **Carried by Lessee.** Lessee shall obtain and keep in force a Commercial General Liability policy of insurance protecting Lessee and Lessor as an additional insured against claims for bodily injury, personal injury and property damage based upon or arising out of the ownership, use, occupancy or maintenance of the Premises and all areas appurtenant thereto. Such insurance shall be on an occurrence basis providing single limit coverage in an amount not less than $1,000,000 per occurrence with an annual aggregate of not less than $2,000,000. Lessee shall add Lessor as an additional insured by means of an endorsement at least as broad as the Insurance Service Organization's "Additional Insured-Managers or Lessors of Premises" Endorsement. The policy shall not contain any intra-insured exclusions as between insured persons or organizations, but shall include coverage for liability assumed under this Lease as an "**insured contract**" for the performance of Lessee's indemnity obligations under this Lease. The limits of said insurance shall not, however, limit the liability of Lessee nor relieve Lessee of any obligation hereunder. Lessee shall provide an endorsement on its liability policy(ies) which provides that its insurance shall be primary to and not contributory with any similar insurance carried by Lessor, whose insurance shall be considered excess insurance only.

(b) **Carried by Lessor**. Lessor shall maintain liability insurance as described in Paragraph 8.2(a), in addition to, and not in lieu of, the insurance required to be maintained by Lessee. Lessee shall not be named as an additional insured therein.

8.3 **Property Insurance - Building, Improvements and Rental Value**.

(a) **Building and Improvements**. Lessor shall obtain and keep in force a policy or policies of insurance in the name of Lessor, with loss payable to Lessor, any ground-lessor, and to any Lender insuring loss or damage to the Premises. The amount of such insurance shall be equal to the full insurable replacement cost of the Premises, as the same shall exist from time to time, or the amount required by any Lender, but in no event more than the commercially reasonable and available insurable value thereof. Lessee Owned Alterations and Utility Installations, Trade Fixtures, and Lessee's personal property shall be insured by Lessee not by Lessor. If the coverage is available and commercially appropriate, such policy or policies shall insure against all risks of direct physical loss or damage (except the perils of flood and/or earthquake unless required by a Lender), including coverage for debris removal and the enforcement of any Applicable Requirements requiring the upgrading, demolition, reconstruction or replacement of any portion of the Premises as the result of a covered loss. Said policy or policies shall also contain an agreed valuation provision in lieu of any coinsurance clause, waiver of subrogation, and inflation guard protection causing an increase in the annual property insurance coverage amount by a factor of not less than the adjusted U.S. Department of Labor Consumer Price Index for All Urban Consumers for the city nearest to where the Premises are located. If such insurance coverage has a deductible clause, the deductible amount shall not exceed $5,000 per occurrence.

(b) **Rental Value**. Lessor shall also obtain and keep in force a policy or policies in the name of Lessor with loss payable to Lessor and any Lender, insuring the loss of the full Rent for one year with an extended period of indemnity for an additional 180 days ("**Rental Value insurance**"). Said insurance shall contain an agreed valuation provision in lieu of any coinsurance clause, and the amount of coverage shall be adjusted annually to reflect the projected Rent otherwise payable by Lessee, for the next 12 month period.

(c) **Adjacent Premises**. Lessee shall pay for any increase in the premiums for the property insurance of the Building and for the Common Areas or other

© 2019 AIR CRE. All Rights Reserved.

DRAFT DRAFT DRAFT

buildings in the Project if said increase is caused by Lessee's acts, omissions, use or occupancy of the Premises.

(d) **Lessee's Improvements**. Since Lessor is the Insuring Party, Lessor shall not be required to insure Lessee Owned Alterations and Utility Installations unless the item in question has become the property of Lessor under the terms of this Lease.

8.4 **Lessee's Property; Business Interruption Insurance; Worker's Compensation Insurance**.

(a) **Property Damage.** Lessee shall obtain and maintain insurance coverage on all of Lessee's personal property, Trade Fixtures, and Lessee Owned Alterations and Utility Installations. Such insurance shall be full replacement cost coverage with a deductible not to exceed $1,000 per occurrence. The proceeds from any such insurance shall be used by Lessee for the replacement of personal property, Trade Fixtures and Lessee Owned Alterations and Utility Installations.

(b) **Business Interruption**. Lessee shall obtain and maintain loss of income and extra expense insurance in amounts as will reimburse Lessee for direct or indirect loss of earnings attributable to all perils commonly insured against by prudent lessees in the business of Lessee or attributable to prevention of access to the Premises as a result of such perils.

(c) **Worker's Compensation Insurance**. Lessee shall obtain and maintain Worker's Compensation Insurance in such amount as may be required by Applicable Requirements. Such policy shall include a 'Waiver of Subrogation' endorsement. Lessee shall provide Lessor with a copy of such endorsement along with the certificate of insurance or copy of the policy required by paragraph 8.5.

(d) **No Representation of Adequate Coverage**. Lessor makes no representation that the limits or forms of coverage of insurance specified herein are adequate to cover Lessee's property, business operations or obligations under this Lease.

8.5 **Insurance Policies.** Insurance required herein shall be by companies maintaining during the policy term a "General Policyholders Rating" of at least A-, VII, as set forth in the most current issue of "Best's Insurance Guide", or such other rating as may be required by a Lender. Lessee shall not do or permit to be done anything which invalidates the required insurance policies. Lessee shall, prior to the Start Date, deliver to Lessor certified copies of policies of such insurance or certificates with copies of the required endorsements evidencing the existence and amounts of the required insurance. No such policy shall be cancelable or subject to modification except after 30 days prior written notice to Lessor. Lessee shall, at least 10 days prior to the expiration of such policies, furnish Lessor with evidence of renewals or "insurance binders" evidencing renewal thereof, or Lessor may increase Lessor's liability insurance coverage and charge the cost thereof to Lessee, which amount shall be payable by Lessee to Lessor upon demand. Such policies shall be for a term of at least one year, or the length of the remaining term of this Lease, whichever is less. If either Party shall fail to procure and maintain the insurance required to be carried by it, the other Party may, but shall not be required to, procure and maintain the same.

8.6 **Waiver of Subrogation**. Without affecting any other rights or remedies, Lessee and Lessor each hereby release and relieve the other, and waive their entire right to recover damages against the other, for loss of or damage to its property arising out of or incident to the perils required to be insured against herein. The effect of such releases and waivers is not limited by the amount of insurance carried or required, or by any deductibles applicable hereto. The Parties agree to have their respective property damage insurance carriers waive any right to subrogation that such companies may have against Lessor or Lessee, as the case may be, so long as the insurance is not invalidated thereby.

8.7 **Indemnity**. Except for Lessor's gross negligence or willful misconduct, Lessee shall indemnify, protect, defend and hold harmless the Premises, Lessor and its agents, Lessor's master or ground lessor, partners and Lenders, from and against any and all claims, loss of rents and/or damages, liens, judgments, penalties, attorneys' and consultants' fees, expenses and/or liabilities arising out of, involving, or in connection with, a Breach of the Lease by Lessee and/or the use and/or occupancy of the Premises and/or Project by Lessee and/or by Lessee's employees, contractors or invitees. If any action or proceeding is brought against Lessor by reason of any of the foregoing matters, Lessee shall upon notice defend the same at Lessee's expense by counsel reasonably satisfactory to Lessor and Lessor shall cooperate with Lessee in such defense. Lessor need not have first paid any such claim in order to be defended or indemnified.

8.8 **Exemption of Lessor and its Agents from Liability**. Notwithstanding the negligence or breach of this Lease by Lessor or its agents, neither Lessor nor its agents shall be liable under any circumstances for: (i) injury or damage to the person or goods, wares, merchandise or other property of Lessee, Lessee's employees, contractors, invitees, customers, or any other person in or about the Premises, whether such damage or injury is caused by or results from fire, steam, electricity, gas, water or rain, indoor air quality, the presence of mold or from the breakage, leakage, obstruction or other defects of pipes, fire sprinklers, wires, appliances, plumbing, HVAC or lighting fixtures, or from any other cause, whether the said injury or damage results from conditions arising upon the Premises or upon other portions of the Building, or from other sources or places; (ii) any damages arising from any act or neglect of any other tenant of Lessor or from the failure of Lessor or its agents to enforce the provisions of any other lease in the Project; or (iii) injury to Lessee's business or for any loss of income or profit therefrom. Instead, it is intended that Lessee's sole recourse in the event of such damages or injury be to file a claim on the insurance policy(ies) that Lessee is required to maintain pursuant to the provisions of paragraph 8.

8.9 **Failure to Provide Insurance**. Lessee acknowledges that any failure on its part to obtain or maintain the insurance required herein will expose Lessor to risks and potentially cause Lessor to incur costs not contemplated by this Lease, the extent of which will be extremely difficult to ascertain. Accordingly, for any month or portion thereof that Lessee does not maintain the required insurance and/or does not provide Lessor with the required binders or certificates evidencing the existence of the required insurance, the Base Rent shall be automatically increased, without any requirement for notice to Lessee, by an amount equal to 10% of the then existing Base Rent or $100, whichever is greater. The parties agree that such increase in Base Rent represents fair and reasonable compensation for the additional risk/costs that Lessor will incur by reason of Lessee's failure to maintain the required insurance. Such increase in Base Rent shall in no event constitute a waiver of Lessee's Default or Breach with respect to the failure to maintain such insurance, prevent the exercise of any of the other rights and remedies granted hereunder, nor relieve Lessee of its obligation to maintain the insurance specified in this Lease.

9. Damage or Destruction.

9.1 **Definitions.**

(a) "**Premises Partial Damage**" shall mean damage or destruction to the improvements on the Premises, other than Lessee Owned Alterations and Utility Installations, which can reasonably be repaired in 3 months or less from the date of the damage or destruction, and the cost thereof does not exceed a sum equal to 6 month's Base Rent. Lessor shall notify Lessee in writing within 30 days from the date of the damage or destruction as to whether or not the damage is Partial or Total.

(b) "**Premises Total Destruction**" shall mean damage or destruction to the improvements on the Premises, other than Lessee Owned Alterations and Utility Installations and Trade Fixtures, which cannot reasonably be repaired in 3 months or less from the date of the damage or destruction and/or the cost thereof exceeds a sum equal to 6 month's Base Rent. Lessor shall notify Lessee in writing within 30 days from the date of the damage or destruction as to whether or not the damage is Partial or Total.

(c) "**Insured Loss**" shall mean damage or destruction to improvements on the Premises, other than Lessee Owned Alterations and Utility Installations and Trade Fixtures, which was caused by an event required to be covered by the insurance described in Paragraph 8.3(a), irrespective of any deductible amounts or coverage limits involved.

(d) "**Replacement Cost**" shall mean the cost to repair or rebuild the improvements owned by Lessor at the time of the occurrence to their condition existing immediately prior thereto, including demolition, debris removal and upgrading required by the operation of Applicable Requirements, and without deduction for depreciation.

© 2019 AIR CRE. All Rights Reserved.

DRAFT DRAFT DRAFT

(e) "**Hazardous Substance Condition**" shall mean the occurrence or discovery of a condition involving the presence of, or a contamination by, a Hazardous Substance, in, on, or under the Premises which requires restoration.

9.2 **Partial Damage - Insured Loss**. If a Premises Partial Damage that is an Insured Loss occurs, then Lessor shall, at Lessor's expense, repair such damage (but not Lessee's Trade Fixtures or Lessee Owned Alterations and Utility Installations) as soon as reasonably possible and this Lease shall continue in full force and effect; provided, however, that Lessee shall, at Lessor's election, make the repair of any damage or destruction the total cost to repair of which is $10,000 or less, and, in such event, Lessor shall make any applicable insurance proceeds available to Lessee on a reasonable basis for that purpose. Notwithstanding the foregoing, if the required insurance was not in force or the insurance proceeds are not sufficient to effect such repair, the Insuring Party shall promptly contribute the shortage in proceeds as and when required to complete said repairs. In the event, however, such shortage was due to the fact that, by reason of the unique nature of the improvements, full Replacement Cost insurance coverage was not commercially reasonable and available, Lessor shall have no obligation to pay for the shortage in insurance proceeds or to fully restore the unique aspects of the Premises unless Lessee provides Lessor with the funds to cover same, or adequate assurance thereof, within 10 days following receipt of written notice of such shortage and request therefor. If Lessor receives said funds or adequate assurance thereof within said 10 day period, the party responsible for making the repairs shall complete them as soon as reasonably possible and this Lease shall remain in full force and effect. If such funds or assurance are not received, Lessor may nevertheless elect by written notice to Lessee within 10 days thereafter to: (i) make such restoration and repair as is commercially reasonable with Lessor paying any shortage in proceeds, in which case this Lease shall remain in full force and effect, or (ii) have this Lease terminate 30 days thereafter. Lessee shall not be entitled to reimbursement of any funds contributed by Lessee to repair any such damage or destruction. Premises Partial Damage due to flood or earthquake shall be subject to Paragraph 9.3, notwithstanding that there may be some insurance coverage, but the net proceeds of any such insurance shall be made available for the repairs if made by either Party.

9.3 **Partial Damage - Uninsured Loss**. If a Premises Partial Damage that is not an Insured Loss occurs, unless caused by a negligent or willful act of Lessee (in which event Lessee shall make the repairs at Lessee's expense), Lessor may either: (i) repair such damage as soon as reasonably possible at Lessor's expense (subject to reimbursement pursuant to Paragraph 4.2), in which event this Lease shall continue in full force and effect, or (ii) terminate this Lease by giving written notice to Lessee within 30 days after receipt by Lessor of knowledge of the occurrence of such damage. Such termination shall be effective 60 days following the date of such notice. In the event Lessor elects to terminate this Lease, Lessee shall have the right within 10 days after receipt of the termination notice to give written notice to Lessor of Lessee's commitment to pay for the repair of such damage without reimbursement from Lessor. Lessee shall provide Lessor with said funds or satisfactory assurance thereof within 30 days after making such commitment. In such event this Lease shall continue in full force and effect, and Lessor shall proceed to make such repairs as soon as reasonably possible after the required funds are available. If Lessee does not make the required commitment, this Lease shall terminate as of the date specified in the termination notice.

9.4 **Total Destruction.** Notwithstanding any other provision hereof, if a Premises Total Destruction occurs, this Lease shall terminate 60 days following such Destruction. If the damage or destruction was caused by the gross negligence or willful misconduct of Lessee, Lessor shall have the right to recover Lessor's damages from Lessee, except as provided in Paragraph 8.6.

9.5 **Damage Near End of Term**. If at any time during the last 6 months of this Lease there is damage for which the cost to repair exceeds one month's Base Rent, whether or not an Insured Loss, Lessor may terminate this Lease effective 60 days following the date of occurrence of such damage by giving a written termination notice to Lessee within 30 days after the date of occurrence of such damage. Notwithstanding the foregoing, if Lessee at that time has an exercisable option to extend this Lease or to purchase the Premises, then Lessee may preserve this Lease by (a) exercising such option and (b) providing Lessor with any shortage in insurance proceeds (or adequate assurance thereof) needed to make the repairs on or before the earlier of (i) the date which is 10 days after Lessee's receipt of Lessor's written notice purporting to terminate this Lease, or (ii) the day prior to the date upon which such option expires. If Lessee duly exercises such option during such period and provides Lessor with funds (or adequate assurance thereof) to cover any shortage in insurance proceeds, Lessor shall, at Lessor's commercially reasonable expense, repair such damage as soon as reasonably possible and this Lease shall continue in full force and effect. If Lessee fails to exercise such option and provide such funds or assurance during such period, then this Lease shall terminate on the date specified in the termination notice and Lessee's option shall be extinguished.

9.6 **Abatement of Rent; Lessee's Remedies**.

(a) **Abatement**. In the event of Premises Partial Damage or Premises Total Destruction or a Hazardous Substance Condition for which Lessee is not responsible under this Lease, the Rent payable by Lessee for the period required for the repair, remediation or restoration of such damage shall be abated in proportion to the degree to which Lessee's use of the Premises is impaired, but not to exceed the proceeds received from the Rental Value insurance. All other obligations of Lessee hereunder shall be performed by Lessee, and Lessor shall have no liability for any such damage, destruction, remediation, repair or restoration except as provided herein.

(b) **Remedies**. If Lessor is obligated to repair or restore the Premises and does not commence, in a substantial and meaningful way, such repair or restoration within 90 days after such obligation shall accrue, Lessee may, at any time prior to the commencement of such repair or restoration, give written notice to Lessor and to any Lenders of which Lessee has actual notice, of Lessee's election to terminate this Lease on a date not less than 60 days following the giving of such notice. If Lessee gives such notice and such repair or restoration is not commenced within 30 days thereafter, this Lease shall terminate as of the date specified in said notice. If the repair or restoration is commenced within such 30 days, this Lease shall continue in full force and effect. "**Commence**" shall mean either the unconditional authorization of the preparation of the required plans, or the beginning of the actual work on the Premises, whichever first occurs.

9.7 **Termination; Advance Payments**. Upon termination of this Lease pursuant to Paragraph 6.2(g) or Paragraph 9, an equitable adjustment shall be made concerning advance Base Rent and any other advance payments made by Lessee to Lessor. Lessor shall, in addition, return to Lessee so much of Lessee's Security Deposit as has not been, or is not then required to be, used by Lessor.

10. Real Property Taxes.

10.1 **Definitions.**

(a) "**Real Property Taxes**." As used herein, the term "**Real Property Taxes**" shall include any form of assessment; real estate, general, special, ordinary or extraordinary, or rental levy or tax (other than inheritance, personal income or estate taxes); improvement bond; and/or license fee imposed upon or levied against any legal or equitable interest of Lessor in the Project, Lessor's right to other income therefrom, and/or Lessor's business of leasing, by any authority having the direct or indirect power to tax and where the funds are generated with reference to the Project address. The term "Real Property Taxes" shall also include any tax, fee, levy, assessment or charge, or any increase therein: (i) imposed by reason of events occurring during the term of this Lease, including but not limited to, a change in the ownership of the Project; (ii) a change in the improvements thereon; and/or (iii) levied or assessed on machinery or equipment provided by Lessor to Lessee pursuant to this Lease.

(b) "**Base Real Property Taxes**." As used herein, the term "**Base Real Property Taxes**" shall be the amount of Real Property Taxes, which are assessed against the Project, during the entire calendar year in which the Lease is executed.

10.2 **Payment of Taxes**. Except as otherwise provided in Paragraph 10.3, Lessor shall pay the Real Property Taxes applicable to the Project, and said payments shall be included in the calculation of Common Area Operating Expenses in accordance with the provisions of Paragraph 4.2.

© 2019 AIR CRE. All Rights Reserved.

DRAFT DRAFT DRAFT

10.3 **Additional Improvements**. Common Area Operating Expenses shall not include Real Property Taxes specified in the tax assessor's records and work sheets as being caused by additional improvements placed upon the Project by other tenants or by Lessor for the exclusive enjoyment of such other Tenants. Notwithstanding Paragraph 10.2 hereof, Lessee shall, however, pay to Lessor at the time Common Area Operating Expenses are payable under Paragraph 4.2, the entirety of any increase in Real Property Taxes if assessed solely by reason of Alterations, Trade Fixtures or Utility Installations placed upon the Premises by Lessee or at Lessee's request or by reason of any alterations or improvements to the Premises made by Lessor subsequent to the execution of this Lease by the Parties.

10.4 **Joint Assessment**. If the Building is not separately assessed, Real Property Taxes allocated to the Building shall be an equitable proportion of the Real Property Taxes for all of the land and improvements included within the tax parcel assessed, such proportion to be determined by Lessor from the respective valuations assigned in the assessor's work sheets or such other information as may be reasonably available. Lessor's reasonable determination thereof, in good faith, shall be conclusive.

10.5 **Personal Property Taxes**. Lessee shall pay, prior to delinquency, all taxes assessed against and levied upon Lessee Owned Alterations and Utility Installations, Trade Fixtures, furnishings, equipment and all personal property of Lessee contained in the Premises. When possible, Lessee shall cause its Lessee Owned Alterations and Utility Installations, Trade Fixtures, furnishings, equipment and all other personal property to be assessed and billed separately from the real property of Lessor. If any of Lessee's said property shall be assessed with Lessor's real property, Lessee shall pay Lessor the taxes attributable to Lessee's property within 10 days after receipt of a written statement setting forth the taxes applicable to Lessee's property.

11. Utilities and Services.

11.1 Lessee shall pay for all water, gas, heat, light, power, telephone, trash disposal and other utilities and services supplied to the Premises, together with any taxes thereon. Notwithstanding the provisions of Paragraph 4.2, if at any time in Lessor's sole judgment, Lessor determines that Lessee is using a disproportionate amount of water, electricity or other commonly metered utilities, or that Lessee is generating such a large volume of trash as to require an increase in the size of the trash receptacle and/or an increase in the number of times per month that it is emptied, then Lessor may increase Lessee's Base Rent by an amount equal to such increased costs. There shall be no abatement of Rent and Lessor shall not be liable in any respect whatsoever for the inadequacy, stoppage, interruption or discontinuance of any utility or service due to riot, strike, labor dispute, breakdown, accident, repair or other cause beyond Lessor's reasonable control or in cooperation with governmental request or directions.

11.2 Within fifteen days of Lessor's written request, Lessee agrees to deliver to Lessor such information, documents and/or authorization as Lessor needs in order for Lessor to comply with new or existing Applicable Requirements relating to commercial building energy usage, ratings, and/or the reporting thereof.

12. Assignment and Subletting.

12.1 **Lessor's Consent Required.**

(a) Lessee shall not voluntarily or by operation of law assign, transfer, mortgage or encumber (collectively, "**assign or assignment**") or sublet all or any part of Lessee's interest in this Lease or in the Premises without Lessor's prior written consent.

(b) Unless Lessee is a corporation and its stock is publicly traded on a national stock exchange, a change in the control of Lessee shall constitute an assignment requiring consent. The transfer, on a cumulative basis, of 25% or more of the voting control of Lessee shall constitute a change in control for this purpose.

(c) The involvement of Lessee or its assets in any transaction, or series of transactions (by way of merger, sale, acquisition, financing, transfer, leveraged buyout or otherwise), whether or not a formal assignment or hypothecation of this Lease or Lessee's assets occurs, which results or will result in a reduction of the Net Worth of Lessee by an amount greater than 25% of such Net Worth as it was represented at the time of the execution of this Lease or at the time of the most recent assignment to which Lessor has consented, or as it exists immediately prior to said transaction or transactions constituting such reduction, whichever was or is greater, shall be considered an assignment of this Lease to which Lessor may withhold its consent. "**Net Worth of Lessee**" shall mean the net worth of Lessee (excluding any guarantors) established under generally accepted accounting principles.

(d) An assignment or subletting without consent shall, at Lessor's option, be a Default curable after notice per Paragraph 13.1(d), or a non-curable Breach without the necessity of any notice and grace period. If Lessor elects to treat such unapproved assignment or subletting as a non-curable Breach, Lessor may either: (i) terminate this Lease, or (ii) upon 30 days written notice, increase the monthly Base Rent to 110% of the Base Rent then in effect. Further, in the event of such Breach and rental adjustment, (i) the purchase price of any option to purchase the Premises held by Lessee shall be subject to similar adjustment to 110% of the price previously in effect, and (ii) all fixed and non-fixed rental adjustments scheduled during the remainder of the Lease term shall be increased to 110% of the scheduled adjusted rent.

(e) Lessee's remedy for any breach of Paragraph 12.1 by Lessor shall be limited to compensatory damages and/or injunctive relief.

(f) Lessor may reasonably withhold consent to a proposed assignment or subletting if Lessee is in Default at the time consent is requested.

(g) Notwithstanding the foregoing, allowing a de minimis portion of the Premises, i.e. 20 square feet or less, to be used by a third party vendor in connection with the installation of a vending machine or payphone shall not constitute a subletting.

12.2 **Terms and Conditions Applicable to Assignment and Subletting**.

(a) Regardless of Lessor's consent, no assignment or subletting shall: (i) be effective without the express written assumption by such assignee or sublessee of the obligations of Lessee under this Lease, (ii) release Lessee of any obligations hereunder, or (iii) alter the primary liability of Lessee for the payment of Rent or for the performance of any other obligations to be performed by Lessee.

(b) Lessor may accept Rent or performance of Lessee's obligations from any person other than Lessee pending approval or disapproval of an assignment. Neither a delay in the approval or disapproval of such assignment nor the acceptance of Rent or performance shall constitute a waiver or estoppel of Lessor's right to exercise its remedies for Lessee's Default or Breach.

(c) Lessor's consent to any assignment or subletting shall not constitute a consent to any subsequent assignment or subletting.

(d) In the event of any Default or Breach by Lessee, Lessor may proceed directly against Lessee, any Guarantors or anyone else responsible for the performance of Lessee's obligations under this Lease, including any assignee or sublessee, without first exhausting Lessor's remedies against any other person or entity responsible therefor to Lessor, or any security held by Lessor.

(e) Each request for consent to an assignment or subletting shall be in writing, accompanied by information relevant to Lessor's determination as to the financial and operational responsibility and appropriateness of the proposed assignee or sublessee, including but not limited to the intended use and/or required modification of the Premises, if any, together with a fee of $500 as consideration for Lessor's considering and processing said request. Lessee agrees to provide Lessor with such other or additional information and/or documentation as may be reasonably requested. (See also Paragraph 36)

(f) Any assignee of, or sublessee under, this Lease shall, by reason of accepting such assignment, entering into such sublease, or entering into possession of the Premises or any portion thereof, be deemed to have assumed and agreed to conform and comply with each and every term, covenant, condition and obligation herein to be observed or performed by Lessee during the term of said assignment or sublease, other than such obligations as are contrary to or inconsistent with provisions of an assignment or sublease to which Lessor has specifically consented to in writing.

(g) Lessor's consent to any assignment or subletting shall not transfer to the assignee or sublessee any Option granted to the original Lessee by this Lease

© 2019 AIR CRE. All Rights Reserved.

DRAFT DRAFT DRAFT

unless such transfer is specifically consented to by Lessor in writing. (See Paragraph 39.2)

12.3 **Additional Terms and Conditions Applicable to Subletting**. The following terms and conditions shall apply to any subletting by Lessee of all or any part of the Premises and shall be deemed included in all subleases under this Lease whether or not expressly incorporated therein:

(a) Lessee hereby assigns and transfers to Lessor all of Lessee's interest in all Rent payable on any sublease, and Lessor may collect such Rent and apply same toward Lessee's obligations under this Lease; provided, however, that until a Breach shall occur in the performance of Lessee's obligations, Lessee may collect said Rent. In the event that the amount collected by Lessor exceeds Lessee's then outstanding obligations any such excess shall be refunded to Lessee. Lessor shall not, by reason of the foregoing or any assignment of such sublease, nor by reason of the collection of Rent, be deemed liable to the sublessee for any failure of Lessee to perform and comply with any of Lessee's obligations to such sublessee. Lessee hereby irrevocably authorizes and directs any such sublessee, upon receipt of a written notice from Lessor stating that a Breach exists in the performance of Lessee's obligations under this Lease, to pay to Lessor all Rent due and to become due under the sublease. Sublessee shall rely upon any such notice from Lessor and shall pay all Rents to Lessor without any obligation or right to inquire as to whether such Breach exists, notwithstanding any claim from Lessee to the contrary.

(b) In the event of a Breach by Lessee, Lessor may, at its option, require sublessee to attorn to Lessor, in which event Lessor shall undertake the obligations of the sublessor under such sublease from the time of the exercise of said option to the expiration of such sublease; provided, however, Lessor shall not be liable for any prepaid rents or security deposit paid by such sublessee to such sublessor or for any prior Defaults or Breaches of such sublessor.

(c) Any matter requiring the consent of the sublessor under a sublease shall also require the consent of Lessor.

(d) No sublessee shall further assign or sublet all or any part of the Premises without Lessor's prior written consent.

(e) Lessor shall deliver a copy of any notice of Default or Breach by Lessee to the sublessee, who shall have the right to cure the Default of Lessee within the grace period, if any, specified in such notice. The sublessee shall have a right of reimbursement and offset from and against Lessee for any such Defaults cured by the sublessee.

13. Default; Breach; Remedies.

13.1 **Default; Breach**. A "**Default**" is defined as a failure by the Lessee to comply with or perform any of the terms, covenants, conditions or Rules and Regulations under this Lease. A "**Breach**" is defined as the occurrence of one or more of the following Defaults, and the failure of Lessee to cure such Default within any applicable grace period:

(a) The abandonment of the Premises; the vacating of the Premises prior to the expiration or termination of this Lease without providing a commercially reasonable level of security, or where the coverage of the property insurance described in Paragraph 8.3 is jeopardized as a result thereof, or without providing reasonable assurances to minimize potential vandalism; or failure to deliver to Lessor exclusive possession of the entire Premises in accordance herewith prior to the expiration or termination of this Lease.

(b) The failure of Lessee to (i) make any payment of Rent or any Security Deposit required to be made by Lessee hereunder, whether to Lessor or to a third party, when due; (ii) to provide reasonable evidence of insurance or surety bond; or (iii) to fulfill any obligation under this Lease which endangers or threatens life or property, where such failure continues for a period of 3 business days following written notice to Lessee. THE ACCEPTANCE BY LESSOR OF A PARTIAL PAYMENT OF RENT OR SECURITY DEPOSIT SHALL NOT CONSTITUTE A WAIVER OF ANY OF LESSOR'S RIGHTS, INCLUDING LESSOR'S RIGHT TO RECOVER POSSESSION OF THE PREMISES.

(c) The failure of Lessee to allow Lessor and/or its agents access to the Premises or the commission of waste, act or acts constituting public or private nuisance, and/or an illegal activity on the Premises by Lessee, where such actions continue for a period of 3 business days following written notice to Lessee. In the event that Lessee commits waste, a nuisance or an illegal activity a second time then, the Lessor may elect to treat such conduct as a non-curable Breach rather than a Default.

(d) The failure by Lessee to provide (i) reasonable written evidence of compliance with Applicable Requirements, (ii) the service contracts, (iii) the rescission of an unauthorized assignment or subletting, (iv) an Estoppel Certificate or financial statements, (v) a requested subordination, (vi) evidence concerning any guaranty and/or Guarantor, (vii) any document requested under Paragraph 41, (viii) material safety data sheets (MSDS), or (ix) any other documentation or information which Lessor may reasonably require of Lessee under the terms of this Lease, where any such failure continues for a period of 10 days following written notice to Lessee.

(e) A Default by Lessee as to the terms, covenants, conditions or provisions of this Lease, or of the rules adopted under Paragraph 2.9 hereof, other than those described in subparagraphs 13.1(a), (b), (c) or (d), above, where such Default continues for a period of 30 days after written notice; provided, however, that if the nature of Lessee's Default is such that more than 30 days are reasonably required for its cure, then it shall not be deemed to be a Breach if Lessee commences such cure within said 30 day period and thereafter diligently prosecutes such cure to completion.

(f) The occurrence of any of the following events: (i) the making of any general arrangement or assignment for the benefit of creditors; (ii) becoming a "**debtor**" as defined in 11 U.S.C. § 101 or any successor statute thereto (unless, in the case of a petition filed against Lessee, the same is dismissed within 60 days); (iii) the appointment of a trustee or receiver to take possession of substantially all of Lessee's assets located at the Premises or of Lessee's interest in this Lease, where possession is not restored to Lessee within 30 days; or (iv) the attachment, execution or other judicial seizure of substantially all of Lessee's assets located at the Premises or of Lessee's interest in this Lease, where such seizure is not discharged within 30 days; provided, however, in the event that any provision of this subparagraph is contrary to any applicable law, such provision shall be of no force or effect, and not affect the validity of the remaining provisions.

(g) The discovery that any financial statement of Lessee or of any Guarantor given to Lessor was materially false.

(h) If the performance of Lessee's obligations under this Lease is guaranteed: (i) the death of a Guarantor, (ii) the termination of a Guarantor's liability with respect to this Lease other than in accordance with the terms of such guaranty, (iii) a Guarantor's becoming insolvent or the subject of a bankruptcy filing, (iv) a Guarantor's refusal to honor the guaranty, or (v) a Guarantor's breach of its guaranty obligation on an anticipatory basis, and Lessee's failure, within 60 days following written notice of any such event, to provide written alternative assurance or security, which, when coupled with the then existing resources of Lessee, equals or exceeds the combined financial resources of Lessee and the Guarantors that existed at the time of execution of this Lease.

13.2 **Remedies**. If Lessee fails to perform any of its affirmative duties or obligations, within 10 days after written notice (or in case of an emergency, without notice), Lessor may, at its option, perform such duty or obligation on Lessee's behalf, including but not limited to the obtaining of reasonably required bonds, insurance policies, or governmental licenses, permits or approvals. Lessee shall pay to Lessor an amount equal to 115% of the costs and expenses incurred by Lessor in such performance upon receipt of an invoice therefor. In the event of a Breach, Lessor may, with or without further notice or demand, and without limiting Lessor in the exercise of any right or remedy which Lessor may have by reason of such Breach:

(a) Terminate Lessee's right to possession of the Premises by any lawful means, in which case this Lease shall terminate and Lessee shall immediately surrender possession to Lessor. In such event Lessor shall be entitled to recover from Lessee: (i) the unpaid Rent which had been earned at the time of termination; (ii) the worth at the time of award of the amount by which the unpaid rent which would have been earned after termination until the time of award exceeds the amount of such rental loss that the Lessee proves could have been reasonably avoided; (iii) the worth at the time of award of the amount by which the unpaid rent for the balance of the term after the time of award exceeds the amount of such rental loss that the Lessee proves could be reasonably avoided; and (iv) any other amount

DRAFT DRAFT DRAFT

necessary to compensate Lessor for all the detriment proximately caused by the Lessee's failure to perform its obligations under this Lease or which in the ordinary course of things would be likely to result therefrom, including but not limited to the cost of recovering possession of the Premises, expenses of reletting, including necessary renovation and alteration of the Premises, reasonable attorneys' fees, and that portion of any leasing commission paid by Lessor in connection with this Lease applicable to the unexpired term of this Lease. The worth at the time of award of the amount referred to in provision (iii) of the immediately preceding sentence shall be computed by discounting such amount at the discount rate of the Federal Reserve Bank of the District within which the Premises are located at the time of award plus one percent. Efforts by Lessor to mitigate damages caused by Lessee's Breach of this Lease shall not waive Lessor's right to recover any damages to which Lessor is otherwise entitled. If termination of this Lease is obtained through the provisional remedy of unlawful detainer, Lessor shall have the right to recover in such proceeding any unpaid Rent and damages as are recoverable therein, or Lessor may reserve the right to recover all or any part thereof in a separate suit. If a notice and grace period required under Paragraph 13.1 was not previously given, a notice to pay rent or quit, or to perform or quit given to Lessee under the unlawful detainer statute shall also constitute the notice required by Paragraph 13.1. In such case, the applicable grace period required by Paragraph 13.1 and the unlawful detainer statute shall run concurrently, and the failure of Lessee to cure the Default within the greater of the two such grace periods shall constitute both an unlawful detainer and a Breach of this Lease entitling Lessor to the remedies provided for in this Lease and/or by said statute.

(b) Continue the Lease and Lessee's right to possession and recover the Rent as it becomes due, in which event Lessee may sublet or assign, subject only to reasonable limitations. Acts of maintenance, efforts to relet, and/or the appointment of a receiver to protect the Lessor's interests, shall not constitute a termination of the Lessee's right to possession.

(c) Pursue any other remedy now or hereafter available under the laws or judicial decisions of the state wherein the Premises are located. The expiration or termination of this Lease and/or the termination of Lessee's right to possession shall not relieve Lessee from liability under any indemnity provisions of this Lease as to matters occurring or accruing during the term hereof or by reason of Lessee's occupancy of the Premises.

13.3 **Inducement Recapture.** Any agreement for free or abated rent or other charges, the cost of tenant improvements for Lessee paid for or performed by Lessor, or for the giving or paying by Lessor to or for Lessee of any cash or other bonus, inducement or consideration for Lessee's entering into this Lease, all of which concessions are hereinafter referred to as "**Inducement Provisions**," shall be deemed conditioned upon Lessee's full and faithful performance of all of the terms, covenants and conditions of this Lease. Upon Breach of this Lease by Lessee, any such Inducement Provision shall automatically be deemed deleted from this Lease and of no further force or effect, and any rent, other charge, bonus, inducement or consideration theretofore abated, given or paid by Lessor under such an Inducement Provision shall be immediately due and payable by Lessee to Lessor, notwithstanding any subsequent cure of said Breach by Lessee. The acceptance by Lessor of rent or the cure of the Breach which initiated the operation of this paragraph shall not be deemed a waiver by Lessor of the provisions of this paragraph unless specifically so stated in writing by Lessor at the time of such acceptance.

13.4 **Late Charges.** Lessee hereby acknowledges that late payment by Lessee of Rent will cause Lessor to incur costs not contemplated by this Lease, the exact amount of which will be extremely difficult to ascertain. Such costs include, but are not limited to, processing and accounting charges, and late charges which may be imposed upon Lessor by any Lender. Accordingly, if any Rent shall not be received by Lessor within 5 days after such amount shall be due, then, without any requirement for notice to Lessee, Lessee shall immediately pay to Lessor a one-time late charge equal to 10% of each such overdue amount or $100, whichever is greater. The Parties hereby agree that such late charge represents a fair and reasonable estimate of the costs Lessor will incur by reason of such late payment. Acceptance of such late charge by Lessor shall in no event constitute a waiver of Lessee's Default or Breach with respect to such overdue amount, nor prevent the exercise of any of the other rights and remedies granted hereunder. In the event that a late charge is payable hereunder, whether or not collected, for 3 consecutive installments of Base Rent, then notwithstanding any provision of this Lease to the contrary, Base Rent shall, at Lessor's option, become due and payable quarterly in advance.

13.5 **Interest.** Any monetary payment due Lessor hereunder, other than late charges, not received by Lessor, when due shall bear interest from the 31st day after it was due. The interest ("**Interest**") charged shall be computed at the rate of 10% per annum but shall not exceed the maximum rate allowed by law. Interest is payable in addition to the potential late charge provided for in Paragraph 13.4.

13.6 **Breach by Lessor.**

(a) **Notice of Breach.** Lessor shall not be deemed in breach of this Lease unless Lessor fails within a reasonable time to perform an obligation required to be performed by Lessor. For purposes of this Paragraph, a reasonable time shall in no event be less than 30 days after receipt by Lessor, and any Lender whose name and address shall have been furnished to Lessee in writing for such purpose, of written notice specifying wherein such obligation of Lessor has not been performed; provided, however, that if the nature of Lessor's obligation is such that more than 30 days are reasonably required for its performance, then Lessor shall not be in breach if performance is commenced within such 30 day period and thereafter diligently pursued to completion.

(b) **Performance by Lessee on Behalf of Lessor**. In the event that neither Lessor nor Lender cures said breach within 30 days after receipt of said notice, or if having commenced said cure they do not diligently pursue it to completion, then Lessee may elect to cure said breach at Lessee's expense and offset from Rent the actual and reasonable cost to perform such cure, provided, however, that such offset shall not exceed an amount equal to the greater of one month's Base Rent or the Security Deposit, reserving Lessee's right to reimbursement from Lessor for any such expense in excess of such offset. Lessee shall document the cost of said cure and supply said documentation to Lessor.

14. Condemnation. If the Premises or any portion thereof are taken under the power of eminent domain or sold under the threat of the exercise of said power (collectively "**Condemnation**"), this Lease shall terminate as to the part taken as of the date the condemning authority takes title or possession, whichever first occurs. If more than 10% of the floor area of the Unit, or more than 25% of the parking spaces is taken by Condemnation, Lessee may, at Lessee's option, to be exercised in writing within 10 days after Lessor shall have given Lessee written notice of such taking (or in the absence of such notice, within 10 days after the condemning authority shall have taken possession) terminate this Lease as of the date the condemning authority takes such possession. If Lessee does not terminate this Lease in accordance with the foregoing, this Lease shall remain in full force and effect as to the portion of the Premises remaining, except that the Base Rent shall be reduced in proportion to the reduction in utility of the Premises caused by such Condemnation. Condemnation awards and/or payments shall be the property of Lessor, whether such award shall be made as compensation for diminution in value of the leasehold, the value of the part taken, or for severance damages; provided, however, that Lessee shall be entitled to any compensation paid by the condemnor for Lessee's relocation expenses, loss of business goodwill and/or Trade Fixtures, without regard to whether or not this Lease is terminated pursuant to the provisions of this Paragraph. All Alterations and Utility Installations made to the Premises by Lessee, for purposes of Condemnation only, shall be considered the property of the Lessee and Lessee shall be entitled to any and all compensation which is payable therefor. In the event that this Lease is not terminated by reason of the Condemnation, Lessor shall repair any damage to the Premises caused by such Condemnation.

15. Brokerage Fees.

15.1 **Additional Commission**. In addition to the payments owed pursuant to Paragraph 1.10 above, Lessor agrees that: (a) if Lessee exercises any Option, (b) if Lessee or anyone affiliated with Lessee acquires from Lessor any rights to the Premises or other premises owned by Lessor and located within the Project, (c) if Lessee remains in possession of the Premises, with the consent of Lessor, after the expiration of this Lease, or (d) if Base Rent is increased, whether by agreement or

DRAFT DRAFT DRAFT

operation of an escalation clause herein, then, Lessor shall pay Brokers a fee in accordance with the fee schedule of the Brokers in effect at the time the Lease was executed. The provisions of this paragraph are intended to supersede the provisions of any earlier agreement to the contrary.

15.2 **Assumption of Obligations**. Any buyer or transferee of Lessor's interest in this Lease shall be deemed to have assumed Lessor's obligation hereunder. Brokers shall be third party beneficiaries of the provisions of Paragraphs 1.10, 15, 22 and 31. If Lessor fails to pay to Brokers any amounts due as and for brokerage fees pertaining to this Lease when due, then such amounts shall accrue Interest. In addition, if Lessor fails to pay any amounts to Lessee's Broker when due, Lessee's Broker may send written notice to Lessor and Lessee of such failure and if Lessor fails to pay such amounts within 10 days after said notice, Lessee shall pay said monies to its Broker and offset such amounts against Rent. In addition, Lessee's Broker shall be deemed to be a third party beneficiary of any commission agreement entered into by and/or between Lessor and Lessor's Broker for the limited purpose of collecting any brokerage fee owed.

15.3 **Representations and Indemnities of Broker Relationships**. Lessee and Lessor each represent and warrant to the other that it has had no dealings with any person, firm, broker, agent or finder (other than the Brokers and Agents, if any) in connection with this Lease, and that no one other than said named Brokers and Agents is entitled to any commission or finder's fee in connection herewith. Lessee and Lessor do each hereby agree to indemnify, protect, defend and hold the other harmless from and against liability for compensation or charges which may be claimed by any such unnamed broker, finder or other similar party by reason of any dealings or actions of the indemnifying Party, including any costs, expenses, attorneys' fees reasonably incurred with respect thereto.

16. Estoppel Certificates.

(a) Each Party (as "**Responding Party**") shall within 10 days after written notice from the other Party (the "**Requesting Party**") execute, acknowledge and deliver to the Requesting Party a statement in writing in form similar to the then most current "**Estoppel Certificate**" form published by AIR CRE, plus such additional information, confirmation and/or statements as may be reasonably requested by the Requesting Party.

(b) If the Responding Party shall fail to execute or deliver the Estoppel Certificate within such 10 day period, the Requesting Party may execute an Estoppel Certificate stating that: (i) the Lease is in full force and effect without modification except as may be represented by the Requesting Party, (ii) there are no uncured defaults in the Requesting Party's performance, and (iii) if Lessor is the Requesting Party, not more than one month's rent has been paid in advance. Prospective purchasers and encumbrancers may rely upon the Requesting Party's Estoppel Certificate, and the Responding Party shall be estopped from denying the truth of the facts contained in said Certificate. In addition, Lessee acknowledges that any failure on its part to provide such an Estoppel Certificate will expose Lessor to risks and potentially cause Lessor to incur costs not contemplated by this Lease, the extent of which will be extremely difficult to ascertain. Accordingly, should the Lessee fail to execute and/or deliver a requested Estoppel Certificate in a timely fashion the monthly Base Rent shall be automatically increased, without any requirement for notice to Lessee, by an amount equal to 10% of the then existing Base Rent or $100, whichever is greater for remainder of the Lease. The Parties agree that such increase in Base Rent represents fair and reasonable compensation for the additional risk/costs that Lessor will incur by reason of Lessee's failure to provide the Estoppel Certificate. Such increase in Base Rent shall in no event constitute a waiver of Lessee's Default or Breach with respect to the failure to provide the Estoppel Certificate nor prevent the exercise of any of the other rights and remedies granted hereunder.

(c) If Lessor desires to finance, refinance, or sell the Premises, or any part thereof, Lessee and all Guarantors shall within 10 days after written notice from Lessor deliver to any potential lender or purchaser designated by Lessor such financial statements as may be reasonably required by such lender or purchaser, including but not limited to Lessee's financial statements for the past 3 years. All such financial statements shall be received by Lessor and such lender or purchaser in confidence and shall be used only for the purposes herein set forth.

17. Definition of Lessor. The term "**Lessor**" as used herein shall mean the owner or owners at the time in question of the fee title to the Premises, or, if this is a sublease, of the Lessee's interest in the prior lease. In the event of a transfer of Lessor's title or interest in the Premises or this Lease, Lessor shall deliver to the transferee or assignee (in cash or by credit) any unused Security Deposit held by Lessor. Upon such transfer or assignment and delivery of the Security Deposit, as aforesaid, the prior Lessor shall be relieved of all liability with respect to the obligations and/or covenants under this Lease thereafter to be performed by the Lessor. Subject to the foregoing, the obligations and/or covenants in this Lease to be performed by the Lessor shall be binding only upon the Lessor as hereinabove defined.

18. Severability. The invalidity of any provision of this Lease, as determined by a court of competent jurisdiction, shall in no way affect the validity of any other provision hereof.

19. Days. Unless otherwise specifically indicated to the contrary, the word "**days**" as used in this Lease shall mean and refer to calendar days.

20. Limitation on Liability. The obligations of Lessor under this Lease shall not constitute personal obligations of Lessor, or its partners, members, directors, officers or shareholders, and Lessee shall look to the Premises, and to no other assets of Lessor, for the satisfaction of any liability of Lessor with respect to this Lease, and shall not seek recourse against Lessor's partners, members, directors, officers or shareholders, or any of their personal assets for such satisfaction.

21. Time of Essence. Time is of the essence with respect to the performance of all obligations to be performed or observed by the Parties under this Lease.

22. No Prior or Other Agreements; Broker Disclaimer. This Lease contains all agreements between the Parties with respect to any matter mentioned herein, and no other prior or contemporaneous agreement or understanding shall be effective. Lessor and Lessee each represents and warrants to the Brokers that it has made, and is relying solely upon, its own investigation as to the nature, quality, character and financial responsibility of the other Party to this Lease and as to the use, nature, quality and character of the Premises. Brokers have no responsibility with respect thereto or with respect to any default or breach hereof by either Party.

23. Notices.

23.1 **Notice Requirements**. All notices required or permitted by this Lease or applicable law shall be in writing and may be delivered in person (by hand or by courier) or may be sent by regular, certified or registered mail or U.S. Postal Service Express Mail, with postage prepaid, or by facsimile transmission, or by email, and shall be deemed sufficiently given if served in a manner specified in this Paragraph 23. The addresses noted adjacent to a Party's signature on this Lease shall be that Party's address for delivery or mailing of notices. Either Party may by written notice to the other specify a different address for notice, except that upon Lessee's taking possession of the Premises, the Premises shall constitute Lessee's address for notice. A copy of all notices to Lessor shall be concurrently transmitted to such party or parties at such addresses as Lessor may from time to time hereafter designate in writing.

23.2 **Date of Notice**. Any notice sent by registered or certified mail, return receipt requested, shall be deemed given on the date of delivery shown on the receipt card, or if no delivery date is shown, the postmark thereon. If sent by regular mail the notice shall be deemed given 72 hours after the same is addressed as required herein and mailed with postage prepaid. Notices delivered by United States Express Mail or overnight courier that guarantees next day delivery shall be deemed given 24 hours after delivery of the same to the Postal Service or courier. Notices delivered by hand, or transmitted by facsimile transmission or by email shall be deemed delivered upon actual receipt. If notice is received on a Saturday, Sunday or legal holiday, it shall be deemed received on the next business day.

23.3 **Options.** Notwithstanding the foregoing, in order to exercise any Options (see paragraph 39), the Notice must be sent by Certified Mail (return receipt requested), Express Mail (signature required), courier (signature required) or some other methodology that provides a receipt establishing the date the notice was

DRAFT DRAFT

received by the Lessor.

24. Waivers.

(a) No waiver by Lessor of the Default or Breach of any term, covenant or condition hereof by Lessee, shall be deemed a waiver of any other term, covenant or condition hereof, or of any subsequent Default or Breach by Lessee of the same or of any other term, covenant or condition hereof. Lessor's consent to, or approval of, any act shall not be deemed to render unnecessary the obtaining of Lessor's consent to, or approval of, any subsequent or similar act by Lessee, or be construed as the basis of an estoppel to enforce the provision or provisions of this Lease requiring such consent.

(b) The acceptance of Rent by Lessor shall not be a waiver of any Default or Breach by Lessee. Any payment by Lessee may be accepted by Lessor on account of monies or damages due Lessor, notwithstanding any qualifying statements or conditions made by Lessee in connection therewith, which such statements and/or conditions shall be of no force or effect whatsoever unless specifically agreed to in writing by Lessor at or before the time of deposit of such payment.

(c) THE PARTIES AGREE THAT THE TERMS OF THIS LEASE SHALL GOVERN WITH REGARD TO ALL MATTERS RELATED THERETO AND HEREBY WAIVE THE PROVISIONS OF ANY PRESENT OR FUTURE STATUTE TO THE EXTENT THAT SUCH STATUTE IS INCONSISTENT WITH THIS LEASE.

25. Disclosures Regarding the Nature of a Real Estate Agency Relationship.

(a) When entering into a discussion with a real estate agent regarding a real estate transaction, a Lessor or Lessee should from the outset understand what type of agency relationship or representation it has with the agent or agents in the transaction. Lessor and Lessee acknowledge being advised by the Brokers in this transaction, as follows:

(i) *Lessor's Agent*. A Lessor's agent under a listing agreement with the Lessor acts as the agent for the Lessor only. A Lessor's agent or subagent has the following affirmative obligations: *To the Lessor*: A fiduciary duty of utmost care, integrity, honesty, and loyalty in dealings with the Lessor. *To the Lessee and the Lessor*: (a) Diligent exercise of reasonable skills and care in performance of the agent's duties. (b) A duty of honest and fair dealing and good faith. (c) A duty to disclose all facts known to the agent materially affecting the value or desirability of the property that are not known to, or within the diligent attention and observation of, the Parties. An agent is not obligated to reveal to either Party any confidential information obtained from the other Party which does not involve the affirmative duties set forth above.

(ii) *Lessee's Agent*. An agent can agree to act as agent for the Lessee only. In these situations, the agent is not the Lessor's agent, even if by agreement the agent may receive compensation for services rendered, either in full or in part from the Lessor. An agent acting only for a Lessee has the following affirmative obligations. *To the Lessee*: A fiduciary duty of utmost care, integrity, honesty, and loyalty in dealings with the Lessee. *To the Lessee and the Lessor*: (a) Diligent exercise of reasonable skills and care in performance of the agent's duties. (b) A duty of honest and fair dealing and good faith. (c) A duty to disclose all facts known to the agent materially affecting the value or desirability of the property that are not known to, or within the diligent attention and observation of, the Parties. An agent is not obligated to reveal to either Party any confidential information obtained from the other Party which does not involve the affirmative duties set forth above.

(iii) *Agent Representing Both Lessor and Lessee*. A real estate agent, either acting directly or through one or more associate licensees, can legally be the agent of both the Lessor and the Lessee in a transaction, but only with the knowledge and consent of both the Lessor and the Lessee. In a dual agency situation, the agent has the following affirmative obligations to both the Lessor and the Lessee: (a) A fiduciary duty of utmost care, integrity, honesty and loyalty in the dealings with either Lessor or the Lessee. (b) Other duties to the Lessor and the Lessee as stated above in subparagraphs (i) or (ii). In representing both Lessor and Lessee, the agent may not, without the express permission of the respective Party, disclose to the other Party confidential information, including, but not limited to, facts relating to either Lessee's or Lessor's financial position, motivations, bargaining position, or other personal information that may impact rent, including Lessor's willingness to accept a rent less than the listing rent or Lessee's willingness to pay rent greater than the rent offered. The above duties of the agent in a real estate transaction do not relieve a Lessor or Lessee from the responsibility to protect their own interests. Lessor and Lessee should carefully read all agreements to assure that they adequately express their understanding of the transaction. A real estate agent is a person qualified to advise about real estate. If legal or tax advice is desired, consult a competent professional. Both Lessor and Lessee should strongly consider obtaining tax advice from a competent professional because the federal and state tax consequences of a transaction can be complex and subject to change.

(b) Brokers have no responsibility with respect to any default or breach hereof by either Party. The Parties agree that no lawsuit or other legal proceeding involving any breach of duty, error or omission relating to this Lease may be brought against Broker more than one year after the Start Date and that the liability (including court costs and attorneys' fees), of any Broker with respect to any such lawsuit and/or legal proceeding shall not exceed the fee received by such Broker pursuant to this Lease; provided, however, that the foregoing limitation on each Broker's liability shall not be applicable to any gross negligence or willful misconduct of such Broker.

(c) *Confidential Information.* Lessor and Lessee agree to identify to Brokers as "Confidential" any communication or information given Brokers that is considered by such Party to be confidential.

26. No Right To Holdover. Lessee has no right to retain possession of the Premises or any part thereof beyond the expiration or termination of this Lease. At or prior to the expiration or termination of this Lease Lessee shall deliver exclusive possession of the Premises to Lessor. For purposes of this provision and Paragraph 13.1(a), exclusive possession shall mean that Lessee shall have vacated the Premises, removed all of its personal property therefrom and that the Premises have been returned in the condition specified in this Lease. In the event that Lessee does not deliver exclusive possession to Lessor as specified above, then Lessor's damages during any holdover period shall be computed at the amount of the Rent (as defined in Paragraph 4.1) due during the last full month before the expiration or termination of this Lease (disregarding any temporary abatement of Rent that may have been in effect), but with Base Rent being 150% of the Base Rent payable during such last full month. Nothing contained herein shall be construed as consent by Lessor to any holding over by Lessee.

27. Cumulative Remedies. No remedy or election hereunder shall be deemed exclusive but shall, wherever possible, be cumulative with all other remedies at law or in equity.

28. Covenants and Conditions; Construction of Agreement. All provisions of this Lease to be observed or performed by Lessee are both covenants and conditions. In construing this Lease, all headings and titles are for the convenience of the Parties only and shall not be considered a part of this Lease. Whenever required by the context, the singular shall include the plural and vice versa. This Lease shall not be construed as if prepared by one of the Parties, but rather according to its fair meaning as a whole, as if both Parties had prepared it.

29. Binding Effect; Choice of Law. This Lease shall be binding upon the Parties, their personal representatives, successors and assigns and be governed by the laws of the State in which the Premises are located. Any litigation between the Parties hereto concerning this Lease shall be initiated in the county in which the Premises are located. Signatures to this Lease accomplished by means of electronic signature or similar technology shall be legal and binding.

30. Subordination; Attornment; Non-Disturbance.

DRAFT DRAFT

30.1 **Subordination**. This Lease and any Option granted hereby shall be subject and subordinate to any ground lease, mortgage, deed of trust, or other hypothecation or security device (collectively, "**Security Device**"), now or hereafter placed upon the Premises, to any and all advances made on the security thereof, and to all renewals, modifications, and extensions thereof. Lessee agrees that the holders of any such Security Devices (in this Lease together referred to as "**Lender**") shall have no liability or obligation to perform any of the obligations of Lessor under this Lease. Any Lender may elect to have this Lease and/or any Option granted hereby superior to the lien of its Security Device by giving written notice thereof to Lessee, whereupon this Lease and such Options shall be deemed prior to such Security Device, notwithstanding the relative dates of the documentation or recordation thereof.

30.2 **Attornment.** In the event that Lessor transfers title to the Premises, or the Premises are acquired by another upon the foreclosure or termination of a Security Device to which this Lease is subordinated (i) Lessee shall, subject to the non-disturbance provisions of Paragraph 30.3, attorn to such new owner, and upon request, enter into a new lease, containing all of the terms and provisions of this Lease, with such new owner for the remainder of the term hereof, or, at the election of the new owner, this Lease will automatically become a new lease between Lessee and such new owner, and (ii) Lessor shall thereafter be relieved of any further obligations hereunder and such new owner shall assume all of Lessor's obligations, except that such new owner shall not: (a) be liable for any act or omission of any prior lessor or with respect to events occurring prior to acquisition of ownership; (b) be subject to any offsets or defenses which Lessee might have against any prior lessor, (c) be bound by prepayment of more than one month's rent, or (d) be liable for the return of any security deposit paid to any prior lessor which was not paid or credited to such new owner.

30.3 **Non-Disturbance**. With respect to Security Devices entered into by Lessor after the execution of this Lease, Lessee's subordination of this Lease shall be subject to receiving a commercially reasonable non-disturbance agreement (a "**Non-Disturbance Agreement**") from the Lender which Non-Disturbance Agreement provides that Lessee's possession of the Premises, and this Lease, including any options to extend the term hereof, will not be disturbed so long as Lessee is not in Breach hereof and attorns to the record owner of the Premises. Further, within 60 days after the execution of this Lease, Lessor shall, if requested by Lessee, use its commercially reasonable efforts to obtain a Non-Disturbance Agreement from the holder of any pre-existing Security Device which is secured by the Premises. In the event that Lessor is unable to provide the Non-Disturbance Agreement within said 60 days, then Lessee may, at Lessee's option, directly contact Lender and attempt to negotiate for the execution and delivery of a Non-Disturbance Agreement.

30.4 **Self-Executing**. The agreements contained in this Paragraph 30 shall be effective without the execution of any further documents; provided, however, that, upon written request from Lessor or a Lender in connection with a sale, financing or refinancing of the Premises, Lessee and Lessor shall execute such further writings as may be reasonably required to separately document any subordination, attornment and/or Non-Disturbance Agreement provided for herein.

31. Attorneys' Fees. If any Party or Broker brings an action or proceeding involving the Premises whether founded in tort, contract or equity, or to declare rights hereunder, the Prevailing Party (as hereafter defined) in any such proceeding, action, or appeal thereon, shall be entitled to reasonable attorneys' fees. Such fees may be awarded in the same suit or recovered in a separate suit, whether or not such action or proceeding is pursued to decision or judgment. The term, "**Prevailing Party**" shall include, without limitation, a Party or Broker who substantially obtains or defeats the relief sought, as the case may be, whether by compromise, settlement, judgment, or the abandonment by the other Party or Broker of its claim or defense. The attorneys' fees award shall not be computed in accordance with any court fee schedule, but shall be such as to fully reimburse all attorneys' fees reasonably incurred. In addition, Lessor shall be entitled to attorneys' fees, costs and expenses incurred in the preparation and service of notices of Default and consultations in connection therewith, whether or not a legal action is subsequently commenced in connection with such Default or resulting Breach ($200 is a reasonable minimum per occurrence for such services and consultation).

32. Lessor's Access; Showing Premises; Repairs. Lessor and Lessor's agents shall have the right to enter the Premises at any time, in the case of an emergency, and otherwise at reasonable times after reasonable prior notice for the purpose of showing the same to prospective purchasers, lenders, or tenants, and making such alterations, repairs, improvements or additions to the Premises as Lessor may deem necessary or desirable and the erecting, using and maintaining of utilities, services, pipes and conduits through the Premises and/or other premises as long as there is no material adverse effect on Lessee's use of the Premises. All such activities shall be without abatement of rent or liability to Lessee.

33. Auctions. Lessee shall not conduct, nor permit to be conducted, any auction upon the Premises without Lessor's prior written consent. Lessor shall not be obligated to exercise any standard of reasonableness in determining whether to permit an auction.

34. Signs. Lessor may place on the Premises ordinary "For Sale" signs at any time and ordinary "For Lease" signs during the last 6 months of the term hereof. Except for ordinary "For Sublease" signs which may be placed only on the Premises, Lessee shall not place any sign upon the Project without Lessor's prior written consent. All signs must comply with all Applicable Requirements.

35. Termination; Merger. Unless specifically stated otherwise in writing by Lessor, the voluntary or other surrender of this Lease by Lessee, the mutual termination or cancellation hereof, or a termination hereof by Lessor for Breach by Lessee, shall automatically terminate any sublease or lesser estate in the Premises; provided, however, that Lessor may elect to continue any one or all existing subtenancies. Lessor's failure within 10 days following any such event to elect to the contrary by written notice to the holder of any such lesser interest, shall constitute Lessor's election to have such event constitute the termination of such interest.

36. Consents. All requests for consent shall be in writing. Except as otherwise provided herein, wherever in this Lease the consent of a Party is required to an act by or for the other Party, such consent shall not be unreasonably withheld or delayed. Lessor's actual reasonable costs and expenses (including but not limited to architects', attorneys', engineers' and other consultants' fees) incurred in the consideration of, or response to, a request by Lessee for any Lessor consent, including but not limited to consents to an assignment, a subletting or the presence or use of a Hazardous Substance, shall be paid by Lessee upon receipt of an invoice and supporting documentation therefor. Lessor's consent to any act, assignment or subletting shall not constitute an acknowledgment that no Default or Breach by Lessee of this Lease exists, nor shall such consent be deemed a waiver of any then existing Default or Breach, except as may be otherwise specifically stated in writing by Lessor at the time of such consent. The failure to specify herein any particular condition to Lessor's consent shall not preclude the imposition by Lessor at the time of consent of such further or other conditions as are then reasonable with reference to the particular matter for which consent is being given. In the event that either Party disagrees with any determination made by the other hereunder and reasonably requests the reasons for such determination, the determining party shall furnish its reasons in writing and in reasonable detail within 10 business days following such request.

37. Guarantor.

37.1 **Execution.** The Guarantors, if any, shall each execute a guaranty in the form most recently published by AIR CRE.

37.2 **Default.** It shall constitute a Default of the Lessee if any Guarantor fails or refuses, upon request to provide: (a) evidence of the execution of the guaranty, including the authority of the party signing on Guarantor's behalf to obligate Guarantor, and in the case of a corporate Guarantor, a certified copy of a resolution of its board of directors authorizing the making of such guaranty, (b) current financial statements, (c) an Estoppel Certificate, or (d) written confirmation that the guaranty is still in effect.

DRAFT DRAFT DRAFT

38. Quiet Possession. Subject to payment by Lessee of the Rent and performance of all of the covenants, conditions and provisions on Lessee's part to be observed and performed under this Lease, Lessee shall have quiet possession and quiet enjoyment of the Premises during the term hereof.

39. Options. If Lessee is granted any Option, as defined below, then the following provisions shall apply.

39.1 **Definition**. "**Option**" shall mean: (a) the right to extend or reduce the term of or renew this Lease or to extend or reduce the term of or renew any lease that Lessee has on other property of Lessor; (b) the right of first refusal or first offer to lease either the Premises or other property of Lessor; (c) the right to purchase, the right of first offer to purchase or the right of first refusal to purchase the Premises or other property of Lessor.

39.2 **Options Personal To Original Lessee**. Any Option granted to Lessee in this Lease is personal to the original Lessee, and cannot be assigned or exercised by anyone other than said original Lessee and only while the original Lessee is in full possession of the Premises and, if requested by Lessor, with Lessee certifying that Lessee has no intention of thereafter assigning or subletting.

39.3 **Multiple Options**. In the event that Lessee has any multiple Options to extend or renew this Lease, a later Option cannot be exercised unless the prior Options have been validly exercised.

39.4 **Effect of Default on Options**.

(a) Lessee shall have no right to exercise an Option: (i) during the period commencing with the giving of any notice of Default and continuing until said Default is cured, (ii) during the period of time any Rent is unpaid (without regard to whether notice thereof is given Lessee), (iii) during the time Lessee is in Breach of this Lease, or (iv) in the event that Lessee has been given 3 or more notices of separate Default, whether or not the Defaults are cured, during the 12 month period immediately preceding the exercise of the Option.

(b) The period of time within which an Option may be exercised shall not be extended or enlarged by reason of Lessee's inability to exercise an Option because of the provisions of Paragraph 39.4(a).

(c) An Option shall terminate and be of no further force or effect, notwithstanding Lessee's due and timely exercise of the Option, if, after such exercise and prior to the commencement of the extended term or completion of the purchase, (i) Lessee fails to pay Rent for a period of 30 days after such Rent becomes due (without any necessity of Lessor to give notice thereof), or (ii) if Lessee commits a Breach of this Lease.

40. Security Measures. Lessee hereby acknowledges that the Rent payable to Lessor hereunder does not include the cost of guard service or other security measures, and that Lessor shall have no obligation whatsoever to provide same. Lessee assumes all responsibility for the protection of the Premises, Lessee, its agents and invitees and their property from the acts of third parties.

41. Reservations. Lessor reserves the right: (i) to grant, without the consent or joinder of Lessee, such easements, rights and dedications that Lessor deems necessary; (ii) to cause the recordation of parcel maps and restrictions; and (iii) to create and/or install new utility raceways, so long as such easements, rights, dedications, maps, restrictions, and utility raceways do not unreasonably interfere with the use of the Premises by Lessee. Lessee agrees to sign any documents reasonably requested by Lessor to effectuate such rights.

42. Performance Under Protest. If at any time a dispute shall arise as to any amount or sum of money to be paid by one Party to the other under the provisions hereof, the Party against whom the obligation to pay the money is asserted shall have the right to make payment "under protest" and such payment shall not be regarded as a voluntary payment and there shall survive the right on the part of said Party to institute suit for recovery of such sum. If it shall be adjudged that there was no legal obligation on the part of said Party to pay such sum or any part thereof, said Party shall be entitled to recover such sum or so much thereof as it was not legally required to pay. A Party who does not initiate suit for the recovery of sums paid "under protest" within 6 months shall be deemed to have waived its right to protest such payment.

43. Authority; Multiple Parties; Execution.

(a) If either Party hereto is a corporation, trust, limited liability company, partnership, or similar entity, each individual executing this Lease on behalf of such entity represents and warrants that he or she is duly authorized to execute and deliver this Lease on its behalf. Each Party shall, within 30 days after request, deliver to the other Party satisfactory evidence of such authority.

(b) If this Lease is executed by more than one person or entity as "Lessee", each such person or entity shall be jointly and severally liable hereunder. It is agreed that any one of the named Lessees shall be empowered to execute any amendment to this Lease, or other document ancillary thereto and bind all of the named Lessees, and Lessor may rely on the same as if all of the named Lessees had executed such document.

(c) This Lease may be executed by the Parties in counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same instrument.

44. Conflict. Any conflict between the printed provisions of this Lease and the typewritten or handwritten provisions shall be controlled by the typewritten or handwritten provisions.

45. Offer. Preparation of this Lease by either Party or their agent and submission of same to the other Party shall not be deemed an offer to lease to the other Party. This Lease is not intended to be binding until executed and delivered by all Parties hereto.

46. Amendments. This Lease may be modified only in writing, signed by the Parties in interest at the time of the modification. As long as they do not materially change Lessee's obligations hereunder, Lessee agrees to make such reasonable non-monetary modifications to this Lease as may be reasonably required by a Lender in connection with the obtaining of normal financing or refinancing of the Premises.

47. Waiver of Jury Trial. THE PARTIES HEREBY WAIVE THEIR RESPECTIVE RIGHTS TO TRIAL BY JURY IN ANY ACTION OR PROCEEDING INVOLVING THE PROPERTY OR ARISING OUT OF THIS AGREEMENT.

48. Arbitration of Disputes. An Addendum requiring the Arbitration of all disputes between the Parties and/or Brokers arising out of this Lease ☐ is ☐ is not attached to this Lease.

49. Accessibility; Americans with Disabilities Act.

(a) The Premises:

☐ have not undergone an inspection by a Certified Access Specialist (CASp). Note: A Certified Access Specialist (CASp) can inspect the subject premises and determine whether the subject premises comply with all of the applicable construction-related accessibility standards under state law. Although state law does not require a CASp inspection of the subject premises, the commercial property owner or lessor may not prohibit the lessee or tenant from obtaining a CASp inspection of the subject premises for the occupancy or potential occupancy of the lessee or tenant, if requested by the lessee or tenant. The parties shall mutually agree on the

DRAFT DRAFT DRAFT

arrangements for the time and manner of the CASp inspection, the payment of the fee for the CASp inspection, and the cost of making any repairs necessary to correct violations of construction-related accessibility standards within the premises.

☐ have undergone an inspection by a Certified Access Specialist (CASp) and it was determined that the Premises met all applicable construction-related accessibility standards pursuant to California Civil Code §55.51 et seq. Lessee acknowledges that it received a copy of the inspection report at least 48 hours prior to executing this Lease and agrees to keep such report confidential.

☐ have undergone an inspection by a Certified Access Specialist (CASp) and it was determined that the Premises did not meet all applicable construction-related accessibility standards pursuant to California Civil Code §55.51 et seq. Lessee acknowledges that it received a copy of the inspection report at least 48 hours prior to executing this Lease and agrees to keep such report confidential except as necessary to complete repairs and corrections of violations of construction related accessibility standards.

In the event that the Premises have been issued an inspection report by a CASp the Lessor shall provide a copy of the disability access inspection certificate to Lessee within 7 days of the execution of this Lease.

(b) Since compliance with the Americans with Disabilities Act (ADA) and other state and local accessibility statutes are dependent upon Lessee's specific use of the Premises, Lessor makes no warranty or representation as to whether or not the Premises comply with ADA or any similar legislation. In the event that Lessee's use of the Premises requires modifications or additions to the Premises in order to be in compliance with ADA or other accessibility statutes, Lessee agrees to make any such necessary modifications and/or additions at Lessee's expense.

LESSOR AND LESSEE HAVE CAREFULLY READ AND REVIEWED THIS LEASE AND EACH TERM AND PROVISION CONTAINED HEREIN, AND BY THE EXECUTION OF THIS LEASE SHOW THEIR INFORMED AND VOLUNTARY CONSENT THERETO. THE PARTIES HEREBY AGREE THAT, AT THE TIME THIS LEASE IS EXECUTED, THE TERMS OF THIS LEASE ARE COMMERCIALLY REASONABLE AND EFFECTUATE THE INTENT AND PURPOSE OF LESSOR AND LESSEE WITH RESPECT TO THE PREMISES.

ATTENTION: NO REPRESENTATION OR RECOMMENDATION IS MADE BY AIR CRE OR BY ANY REAL ESTATE BROKER AS TO THE LEGAL SUFFICIENCY, LEGAL EFFECT, OR TAX CONSEQUENCES OF THIS LEASE OR THE TRANSACTION TO WHICH IT RELATES. THE PARTIES ARE URGED TO:
1. SEEK ADVICE OF COUNSEL AS TO THE LEGAL AND TAX CONSEQUENCES OF THIS LEASE.
2. RETAIN APPROPRIATE CONSULTANTS TO REVIEW AND INVESTIGATE THE CONDITION OF THE PREMISES. SAID INVESTIGATION SHOULD INCLUDE BUT NOT BE LIMITED TO: THE POSSIBLE PRESENCE OF HAZARDOUS SUBSTANCES, THE ZONING OF THE PREMISES, THE STRUCTURAL INTEGRITY, THE CONDITION OF THE ROOF AND OPERATING SYSTEMS, COMPLIANCE WITH THE AMERICANS WITH DISABILITIES ACT AND THE SUITABILITY OF THE PREMISES FOR LESSEE'S INTENDED USE.

WARNING: IF THE PREMISES ARE LOCATED IN A STATE OTHER THAN CALIFORNIA, CERTAIN PROVISIONS OF THE LEASE MAY NEED TO BE REVISED TO COMPLY WITH THE LAWS OF THE STATE IN WHICH THE PREMISES ARE LOCATED.

The parties hereto have executed this Lease at the place and on the dates specified above their respective signatures.

ADDENDUM TO LEASE

Date: July 1, 2024
By and Between
Lessor: Tracy Office Plaza, LLC
Lessee: City of Tracy
Property Address: 324 East 11th Street Suite B1 and B2, Tracy, CA 95376
(street address, city, state, zip)

Paragraph: 50-56

In the event of any conflict between the provisions of this Addendum and the printed provisions of the Lease, this Addendum shall control.

AIR CRE * https://www.aircre.com * 213-687-8777 * contracts@aircre.com
NOTICE: No part of these works may be reproduced in any form without permission in writing.

50) GROSS RENT INCREASE: Gross Rent shall increase 2.5% each year throughout the life of the lease including two each one year extension periods.

YEAR	SQUARE FEET	RATE INCREASE %	MONTHLY RENT
1	2042	2.5	$3,675.60
2	2042	2.5	$3,767.49
3	2042	2.5	$3,861.68
4	2042	2.5	$3,958.21
5	2042	2.5	$4,057.17

51) HEAT/AC, ELECTRICITY: Payable by Tenant upon Landlord's billing (currently quoted as $0.28 per square feet with possible adjustments from rate increases) $0.28 a foot adjusted yearly based on average PG&E electric KWH rate increase or decrease.

52) PARKING: No dedicated parking.

53) ASSIGNMENT / SUBLEASE: Tenant shall have the right to assign this Lease and sublease a portion of the Premises during the Lease Term and any extension periods with Landlord's consent, which consent shall not be unreasonably conditioned, withheld, or delayed, and all extension options and the terms and conditions applicable thereto shall be fully assignable as written.

54) RIGHT OF FIRST REFUSAL Tenant shall have a right of first refusal to lease, for the remainder of the Term and any extensions or renewals thereof, any space adjacent to the Premises upon each occasion of its availability. Limited to a thirty (30) day notice on availability.

55) Insurance: Lessee is required by their lease to carry Liability Insurance with limits of $1,000,000 per occurrence and $2,000,000 aggregate. Lessee is also required to provide a Certificate of Insurance showing Tracy Office Plaza, LLC, and BLR Commercial Real Estate Inc., named as additional insured and the Certificate should be accompanied by a schedule of liability coverage. The Certificate of Insurance is due upon execution of lease and each year a renewal Certificate should be sent to BLR Commercial Real Estate, 2291 West March Lane Suite B-215, Stockton, CA 95207. Failure

DRAFT DRAFT DRAFT

to provide proof of Insurance will result in a fee. The fee is calculated at 10% of the Base Rent and will be charged each month until proof of Insurance is provided.

56). Restroom Use: Lessor shall provide Lessee with a key to the building restrooms which are located in the common area hallway. Said restrooms are for the exclusive use of the building's tenants and their clients, and are not available for public use.

APPROVED AS TO FORM AND LEGALITY

_____
CITY ATTORNEY'S OFFICE

TRACY CITY COUNCIL

RESOLUTION 2024-____

AUTHORIZING THE EXECUTION OF A MODIFIED GROSS LEASE BETWEEN THE CITY OF TRACY AND TRACY OFFICE PLAZA, LLC, FOR THE LEASE OF SUITES B1 AND B2 AT 324 EAST 11TH STREET, WITH AN INITIAL TERM OF THREE YEARS, AN ADMINISTRATIVE OPTION TO EXTEND FOR TWO ONE-YEAR TERMS, AND A MONTHLY BASE RENT OF $3,675.60, ADJUSTED EACH YEAR BY 2.5%.

WHEREAS, additional office space is necessary at City Hall due to increasing staffing levels of the Community and Economic Development Department (CED); and

WHEREAS, City Hall has been a temporary location for the Parks, Recreation, and Community Services Department staff; and

WHEREAS, to overcome the space constraints at City Hall, staff is proposing the relocation of the Parks, Recreation, and Community Services Department staff to a temporary location; and

WHEREAS, staff searched available properties that met the Parks, Recreation, and Community Services Department's office space requirements and identified a Suites B1 and B2 at 324 East 11th Street, consisting of ±2,042 square feet of office space, and owned by Tracy Office Plaza, LLC (Landlord); and

WHEREAS, the relocation of the Parks, Recreation, and Community Services Department staff to Suites B1 and B2 at 324 East 11th Street offers a viable solution to the need for additional space at City Hall to accommodate CED's increase in staffing levels; and

WHEREAS, the proposed lease for Suites B1 and B2 at 324 East 11th Street as the following key terms:

Term: an initial term of three years with an administrative option to extend for two one-year terms;

Rent: a monthly rent of $3,675.60, adjusted each year by 2.5%;

Common Area Maintenance (CAM) Expenses: Monthly electrical charges at $0.28 per square foot, adjusted yearly, based on rates set by Pacific Gas & Electric. No other CAM expenses to be passed to the City; and

Right of First Refusal: A 30 day right of first refusal to lease any space adjacent to the leased area upon each occasion of its availability; and

Improvements: Landlord's modification of an interior wall to create a passageway between the two suites; and

WHEREAS, the cost of the proposed lease, if extended to five years, is $266,147.64, including monthly utility costs; and

WHEREAS, the funding for the proposed lease will be provided through the General Fund and administered through the Parks, Recreation, and Community Services Department budget; now, therefore, be it

RESOLVED: That the City Council of the City of Tracy does hereby authorize the execution of a lease between the City of Tracy and Tracy Office, LLC, for the lease of Suites B1 and B2 at 324 11th Street, on the terms set forth in this Resolution, and substantially in the form set forth in Exhibit 1; and be it

FURTHER RESOLVED: That the final form of the lease shall be in a form approved by the City Attorney and shall incorporate the key terms identified in this Resolution; and be it

FURTHER RESOLVED: That this action is exempt from the California Environmental Quality Act pursuant to Section 15301 (Existing Facilities) of the California Code of Regulations.

Exhibit 1 – Proposed Lease Agreement with Tracy Office Plaza, LLC

AIRCRE contracts

STANDARD INDUSTRIAL/COMMERCIAL MULTI-TENANT LEASE - GROSS

1. Basic Provisions ("Basic Provisions").

1.1 **Parties.** This Lease ("**Lease**"), dated for reference purposes only July 1, 2024, is made by and between Tracy Office Plaza, LLC ("**Lessor**") and City of Tracy ("**Lessee**"), (collectively the "**Parties**", or individually a "**Party**").

1.2(a) **Premises:** That certain real property, including all improvements therein or to be provided by Lessor under the terms of this Lease, commonly known as (street address, unit/suite, city, state, zip): 324 East 11th Street Suite B1 and B2, Tracy, CA 95376 ("**Premises**"). The Premises are located in the County of San Joaquin and generally described as (describe briefly the nature of the Premises and the "Project"): A one-story multi-tenant office building. Suite B1 and B2 (first floor) for a total of +/- 2,042 square feet. Also, commonly known as Tracy Office Plaza. In addition to Lessee's rights to use and occupy the Premises as hereinafter specified, Lessee shall have non-exclusive rights to any utility raceways of the building containing the Premises ("**Building**") and to the Common Areas (as defined in Paragraph 2.7 below), but shall not have any rights to the roof, or exterior walls of the Building or to any other buildings in the Project. The Premises, the Building, the Common Areas, the land upon which they are located, along with all other buildings and improvements thereon, are herein collectively referred to as the "**Project**." (See also Paragraph 2)

1.2(b) **Parking:** N/A unreserved vehicle parking spaces. (See also Paragraph 2.6)

1.3 **Term:** Three (3) years and Zero (0) months ("**Original Term**") commencing August 1, 2024 ("**Commencement Date**") and ending July 31, 2027 ("**Expiration Date**"). (See also Paragraph 3)

1.4 **Early Possession.** If the Premises are available Lessee may have non-exclusive possession of the Premises commencing N/A ("**Early Possession Date**"). (See also Paragraphs 3.2 and 3.3)

1.5 **Base Rent:** $3,675.60 per month ("**Base Rent**"), payable on the First day of each month commencing See Addendum. (See also Paragraph 4)

☑ If this box is checked, there are provisions in this Lease for the Base Rent to be adjusted. See Paragraph 54-56.

1.6 **Lessee's Share of Common Area Operating Expenses:** $0.28 a foot adjusted yearly based on average PG&E electric KWH rate increase or decrease percent (_____ %) ("**Lessee's Share**"). In the event that the size of the Premises and/or the Project are modified during the term of this Lease, Lessor shall recalculate Lessee's Share to reflect such modification.

1.7 **Base Rent and Other Monies Paid Upon Execution:**

(a) **Base Rent:** $3,675.60 for the period August 1, 2024 - July 31, 2026.

(b) **Common Area Operating Expenses:** The current estimate for the period _____ is _____.

(c) **Security Deposit:** $3,675.60 ("**Security Deposit**"). (See also Paragraph 5)

(d) **Other:** N/A for _____.

(e) **Total Due Upon Execution of this Lease:** $7,351.20.

1.8 **Agreed Use:** Professional Office. (See also Paragraph 6)

1.9 **Insuring Party.** Lessor is the "**Insuring Party**". (See also Paragraph 8)

1.10 **Real Estate Brokers.** (See also Paragraphs 15 and 25)

(a) **Representation.** Each Party acknowledges receiving a Disclosure Regarding Real Estate Agency Relationship, confirms and consents to the following agency relationships in this Lease with the following real estate brokers ("**Broker(s)**") and/or their agents ("**Agent(s)**"):

Lessor's Brokerage Firm _____ License No. _____ is the broker of (check one): ☐ the Lessor; or ☐ both the Lessee and Lessor (dual agent).

Lessor's Agent _____ License No. _____ is (check one): ☐ the Lessor's Agent (salesperson or broker associate); or ☐ both the Lessee's Agent and the Lessor's Agent (dual agent).

Lessee's Brokerage Firm _____ License No. _____ is the broker of (check one): ☐ the Lessee; or ☐ both the Lessee and Lessor (dual agent).

Lessee's Agent _____ License No. _____ is (check one): ☐ the Lessee's Agent (salesperson or broker associate); or ☐ both the Lessee's Agent and the Lessor's Agent (dual agent).

(b) **Payment to Brokers.** Upon execution and delivery of this Lease by both Parties, Lessor shall pay to the Brokers the brokerage fee agreed to in a separate written agreement (or if there is no such agreement, the sum of N/A or N/A % of the total Base Rent) for the brokerage services rendered by the Brokers.

1.11 **Guarantor.** The obligations of the Lessee under this Lease are to be guaranteed by _____ ("**Guarantor**"). (See also Paragraph 37)

1.12 **Attachments.** Attached hereto are the following, all of which constitute a part of this Lease:

☑ an Addendum consisting of Paragraphs 50 through 56;

☐ a site plan depicting the Premises;

☐ a site plan depicting the Project;

☐ a current set of the Rules and Regulations for the Project;

☐ a current set of the Rules and Regulations adopted by the owners' association;

DRAFT DRAFT

☐ a Work Letter;

☐ other (specify): _____ .

2. Premises.

2.1 **Letting**. Lessor hereby leases to Lessee, and Lessee hereby leases from Lessor, the Premises, for the term, at the rental, and upon all of the terms, covenants and conditions set forth in this Lease. While the approximate square footage of the Premises may have been used in the marketing of the Premises for purposes of comparison, the Base Rent stated herein is NOT tied to square footage and is not subject to adjustment should the actual size be determined to be different. **NOTE: Lessee is advised to verify the actual size prior to executing this Lease.**

2.2 **Condition.** Lessor shall deliver that portion of the Premises contained within the Building ("**Unit**") to Lessee broom clean and free of debris on the Commencement Date or the Early Possession Date, whichever first occurs ("**Start Date**"), and, so long as the required service contracts described in Paragraph 7.1(b) below are obtained by Lessee and in effect within thirty days following the Start Date, warrants that the existing electrical, plumbing, fire sprinkler, lighting, heating, ventilating and air conditioning systems ("**HVAC**"), loading doors, sump pumps, if any, and all other such elements in the Unit, other than those constructed by Lessee, shall be in good operating condition on said date, that the structural elements of the roof, bearing walls and foundation of the Unit shall be free of material defects, and that the Unit does not contain hazardous levels of any mold or fungi defined as toxic under applicable state or federal law. If a non-compliance with such warranty exists as of the Start Date, or if one of such systems or elements should malfunction or fail within the appropriate warranty period, Lessor shall, as Lessor's sole obligation with respect to such matter, except as otherwise provided in this Lease, promptly after receipt of written notice from Lessee setting forth with specificity the nature and extent of such non-compliance, malfunction or failure, rectify same at Lessor's expense. The warranty periods shall be as follows: (i) 6 months as to the HVAC systems, and (ii) 30 days as to the remaining systems and other elements of the Unit. If Lessee does not give Lessor the required notice within the appropriate warranty period, correction of any such non-compliance, malfunction or failure shall be the obligation of Lessee at Lessee's sole cost and expense (except for the repairs to the fire sprinkler systems, roof, foundations, and/or bearing walls - see Paragraph 7). Lessor also warrants, that unless otherwise specified in writing, Lessor is unaware of (i) any recorded Notices of Default affecting the Premise; (ii) any delinquent amounts due under any loan secured by the Premises; and (iii) any bankruptcy proceeding affecting the Premises.

2.3 **Compliance.** Lessor warrants that to the best of its knowledge the improvements on the Premises and the Common Areas comply with the building codes, applicable laws, covenants or restrictions of record, regulations, and ordinances ("**Applicable Requirements**") that were in effect at the time that each improvement, or portion thereof, was constructed. Said warranty does not apply to the use to which Lessee will put the Premises, modifications which may be required by the Americans with Disabilities Act or any similar laws as a result of Lessee's use (see Paragraph 49), or to any Alterations or Utility Installations (as defined in Paragraph 7.3(a)) made or to be made by Lessee. **NOTE: Lessee is responsible for determining whether or not the Applicable Requirements, and especially the zoning, are appropriate for Lessee's intended use, and acknowledges that past uses of the Premises may no longer be allowed.** If the Premises do not comply with said warranty, Lessor shall, except as otherwise provided, promptly after receipt of written notice from Lessee setting forth with specificity the nature and extent of such non-compliance, rectify the same at Lessor's expense. If Lessee does not give Lessor written notice of a non-compliance with this warranty within 6 months following the Start Date, correction of that non-compliance shall be the obligation of Lessee at Lessee's sole cost and expense. If the Applicable Requirements are hereafter changed so as to require during the term of this Lease the construction of an addition to or an alteration of the Unit, Premises and/or Building, the remediation of any Hazardous Substance, or the reinforcement or other physical modification of the Unit, Premises and/or Building ("**Capital Expenditure**"), Lessor and Lessee shall allocate the cost of such work as follows:

(a) Subject to Paragraph 2.3(c) below, if such Capital Expenditures are required as a result of the specific and unique use of the Premises by Lessee as compared with uses by tenants in general, Lessee shall be fully responsible for the cost thereof, provided, however, that if such Capital Expenditure is required during the last 2 years of this Lease and the cost thereof exceeds 6 months' Base Rent, Lessee may instead terminate this Lease unless Lessor notifies Lessee, in writing, within 10 days after receipt of Lessee's termination notice that Lessor has elected to pay the difference between the actual cost thereof and the amount equal to 6 months' Base Rent. If Lessee elects termination, Lessee shall immediately cease the use of the Premises which requires such Capital Expenditure and deliver to Lessor written notice specifying a termination date at least 90 days thereafter. Such termination date shall, however, in no event be earlier than the last day that Lessee could legally utilize the Premises without commencing such Capital Expenditure.

(b) If such Capital Expenditure is not the result of the specific and unique use of the Premises by Lessee (such as, governmentally mandated seismic modifications), then Lessor shall pay for such Capital Expenditure and Lessee shall only be obligated to pay, each month during the remainder of the term of this Lease or any extension thereof, on the date that on which the Base Rent is due, an amount equal to 1/144th of the portion of such costs reasonably attributable to the Premises. Lessee shall pay Interest on the balance but may prepay its obligation at any time. If, however, such Capital Expenditure is required during the last 2 years of this Lease or if Lessor reasonably determines that it is not economically feasible to pay its share thereof, Lessor shall have the option to terminate this Lease upon 90 days prior written notice to Lessee unless Lessee notifies Lessor, in writing, within 10 days after receipt of Lessor's termination notice that Lessee will pay for such Capital Expenditure. If Lessor does not elect to terminate, and fails to tender its share of any such Capital Expenditure, Lessee may advance such funds and deduct same, with Interest, from Rent until Lessor's share of such costs have been fully paid. If Lessee is unable to finance Lessor's share, or if the balance of the Rent due and payable for the remainder of this Lease is not sufficient to fully reimburse Lessee on an offset basis, Lessee shall have the right to terminate this Lease upon 30 days written notice to Lessor.

(c) Notwithstanding the above, the provisions concerning Capital Expenditures are intended to apply only to non-voluntary, unexpected, and new Applicable Requirements. If the Capital Expenditures are instead triggered by Lessee as a result of an actual or proposed change in use, change in intensity of use, or modification to the Premises then, and in that event, Lessee shall either: (i) immediately cease such changed use or intensity of use and/or take such other steps as may be necessary to eliminate the requirement for such Capital Expenditure, or (ii) complete such Capital Expenditure at its own expense. Lessee shall not have any right to terminate this Lease.

2.4 **Acknowledgements.** Lessee acknowledges that: (a) Lessee has been given an opportunity to inspect and measure the Premises; (b) Lessee has been advised by Lessor and/or Brokers to satisfy itself with respect to the size and condition of the Premises (including but not limited to the electrical, HVAC and fire sprinkler systems, security, environmental aspects, and compliance with Applicable Requirements and the Americans with Disabilities Act), and their suitability for Lessee's intended use; (c) Lessee has made such investigation as it deems necessary with reference to such matters and assumes all responsibility therefor as the same relate to its occupancy of the Premises; (d) it is not relying on any representation as to the size of the Premises made by Brokers or Lessor; (e) the square footage of the Premises was not material to Lessee's decision to lease the Premises and pay the Rent stated herein; and (f) neither Lessor, Lessor's agents, nor Brokers have made any oral or written representations or warranties with respect to said matters other than as set forth in this Lease. In addition, Lessor acknowledges that: (i) Brokers have made no representations, promises or warranties concerning Lessee's ability to honor the Lease or suitability to occupy the Premises; and (ii) it is Lessor's sole responsibility to investigate the financial capability and/or suitability of all proposed tenants.

2.5 **Lessee as Prior Owner/Occupant**. The warranties made by Lessor in Paragraph 2 shall be of no force or effect if immediately prior to the Start Date Lessee was the owner or occupant of the Premises. In such event, Lessee shall be responsible for any necessary corrective work.

DRAFT DRAFT

2.6 **Vehicle Parking**. Lessee shall be entitled to use the number of Parking Spaces specified in Paragraph 1.2(b) on those portions of the Common Areas designated from time to time by Lessor for parking. Lessee shall not use more parking spaces than said number. Said parking spaces shall be used for parking by vehicles no larger than full-size passenger automobiles or pick-up trucks, herein called "**Permitted Size Vehicles**." Lessor may regulate the loading and unloading of vehicles by adopting Rules and Regulations as provided in Paragraph 2.9. No vehicles other than Permitted Size Vehicles may be parked in the Common Area without the prior written permission of Lessor. In addition:

(a) Lessee shall not permit or allow any vehicles that belong to or are controlled by Lessee or Lessee's employees, suppliers, shippers, customers, contractors or invitees to be loaded, unloaded, or parked in areas other than those designated by Lessor for such activities.

(b) Lessee shall not service or store any vehicles in the Common Areas.

(c) If Lessee permits or allows any of the prohibited activities described in this Paragraph 2.6, then Lessor shall have the right, without notice, in addition to such other rights and remedies that it may have, to remove or tow away the vehicle involved and charge the cost to Lessee, which cost shall be immediately payable upon demand by Lessor.

2.7 **Common Areas - Definition**. The term "**Common Areas**" is defined as all areas and facilities outside the Premises and within the exterior boundary line of the Project and interior utility raceways and installations within the Unit that are provided and designated by the Lessor from time to time for the general non-exclusive use of Lessor, Lessee and other tenants of the Project and their respective employees, suppliers, shippers, customers, contractors and invitees, including parking areas, loading and unloading areas, trash areas, roofs, roadways, walkways, driveways and landscaped areas.

2.8 **Common Areas - Lessee's Rights**. Lessor grants to Lessee, for the benefit of Lessee and its employees, suppliers, shippers, contractors, customers and invitees, during the term of this Lease, the non-exclusive right to use, in common with others entitled to such use, the Common Areas as they exist from time to time, subject to any rights, powers, and privileges reserved by Lessor under the terms hereof or under the terms of any rules and regulations or restrictions governing the use of the Project. Under no circumstances shall the right herein granted to use the Common Areas be deemed to include the right to store any property, temporarily or permanently, in the Common Areas. Any such storage shall be permitted only by the prior written consent of Lessor or Lessor's designated agent, which consent may be revoked at any time. In the event that any unauthorized storage shall occur, then Lessor shall have the right, without notice, in addition to such other rights and remedies that it may have, to remove the property and charge the cost to Lessee, which cost shall be immediately payable upon demand by Lessor.

2.9 **Common Areas - Rules and Regulations**. Lessor or such other person(s) as Lessor may appoint shall have the exclusive control and management of the Common Areas and shall have the right, from time to time, to establish, modify, amend and enforce reasonable rules and regulations ("**Rules and Regulations**") for the management, safety, care, and cleanliness of the grounds, the parking and unloading of vehicles and the preservation of good order, as well as for the convenience of other occupants or tenants of the Building and the Project and their invitees. Lessee agrees to abide by and conform to all such Rules and Regulations, and shall use its best efforts to cause its employees, suppliers, shippers, customers, contractors and invitees to so abide and conform. Lessor shall not be responsible to Lessee for the non-compliance with said Rules and Regulations by other tenants of the Project.

2.10 **Common Areas - Changes**. Lessor shall have the right, in Lessor's sole discretion, from time to time:

(a) To make changes to the Common Areas, including, without limitation, changes in the location, size, shape and number of driveways, entrances, parking spaces, parking areas, loading and unloading areas, ingress, egress, direction of traffic, landscaped areas, walkways and utility raceways;

(b) To close temporarily any of the Common Areas for maintenance purposes so long as reasonable access to the Premises remains available;

(c) To designate other land outside the boundaries of the Project to be a part of the Common Areas;

(d) To add additional buildings and improvements to the Common Areas;

(e) To use the Common Areas while engaged in making additional improvements, repairs or alterations to the Project, or any portion thereof; and

(f) To do and perform such other acts and make such other changes in, to or with respect to the Common Areas and Project as Lessor may, in the exercise of sound business judgment, deem to be appropriate.

3. Term.

3.1 **Term**. The Commencement Date, Expiration Date and Original Term of this Lease are as specified in Paragraph 1.3.

3.2 **Early Possession.** Any provision herein granting Lessee Early Possession of the Premises is subject to and conditioned upon the Premises being available for such possession prior to the Commencement Date. Any grant of Early Possession only conveys a non-exclusive right to occupy the Premises. If Lessee totally or partially occupies the Premises prior to the Commencement Date, the obligation to pay Base Rent shall be abated for the period of such Early Possession. All other terms of this Lease (including but not limited to the obligations to pay Lessee's Share of Common Area Operating Expenses, Real Property Taxes and insurance premiums and to maintain the Premises) shall be in effect during such period. Any such Early Possession shall not affect the Expiration Date.

3.3 **Delay In Possession.** Lessor agrees to use commercially reasonable efforts to deliver exclusive possession of the Premises to Lessee by the Commencement Date. If, despite said efforts, Lessor is unable to deliver possession by such date, Lessor shall not be subject to any liability therefor, nor shall such failure affect the validity of this Lease or change the Expiration Date. Lessee shall not, however, be obligated to pay Rent or perform its other obligations until Lessor delivers possession of the Premises and any period of rent abatement that Lessee would otherwise have enjoyed shall run from the date of delivery of possession and continue for a period equal to what Lessee would otherwise have enjoyed under the terms hereof, but minus any days of delay caused by the acts or omissions of Lessee. If possession is not delivered within 60 days after the Commencement Date, as the same may be extended under the terms of any Work Letter executed by Parties, Lessee may, at its option, by notice in writing within 10 days after the end of such 60 day period, cancel this Lease, in which event the Parties shall be discharged from all obligations hereunder. If such written notice is not received by Lessor within said 10 day period, Lessee's right to cancel shall terminate. If possession of the Premises is not delivered within 120 days after the Commencement Date, this Lease shall terminate unless other agreements are reached between Lessor and Lessee, in writing.

3.4 **Lessee Compliance**. Lessor shall not be required to tender possession of the Premises to Lessee until Lessee complies with its obligation to provide evidence of insurance (Paragraph 8.5). Pending delivery of such evidence, Lessee shall be required to perform all of its obligations under this Lease from and after the Start Date, including the payment of Rent, notwithstanding Lessor's election to withhold possession pending receipt of such evidence of insurance. Further, if Lessee is required to perform any other conditions prior to or concurrent with the Start Date, the Start Date shall occur but Lessor may elect to withhold possession until such conditions are satisfied.

4. Rent.

4.1 **Rent Defined**. All monetary obligations of Lessee to Lessor under the terms of this Lease (except for the Security Deposit) are deemed to be rent ("**Rent**").

4.2 **Common Area Operating Expenses**. Lessee shall pay to Lessor during the term hereof, in addition to the Base Rent, Lessee's Share (as specified in Paragraph 1.6) of all Common Area Operating Expenses, as hereinafter defined, during each calendar year of the term of this Lease, in accordance with the following provisions:

(a) The following costs relating to the ownership and operation of the Project are defined as "**Common Area Operating Expenses**":

(i) Costs relating to the operation, repair and maintenance, in neat, clean, good order and condition, but not the replacement (see subparagraph

© 2019 AIR CRE. All Rights Reserved.

DRAFT DRAFT DRAFT

(e)), of the following:

(aa) The Common Areas and Common Area improvements, including parking areas, loading and unloading areas, trash areas, roadways, parkways, walkways, driveways, landscaped areas, bumpers, irrigation systems, Common Area lighting facilities, fences and gates, elevators, roofs, exterior walls of the buildings, building systems and roof drainage systems.

(bb) Exterior signs and any tenant directories.

(cc) Any fire sprinkler systems.

(dd) All other areas and improvements that are within the exterior boundaries of the Project but outside of the Premises and/or any other space occupied by a tenant.

(ii) The cost of water, gas, electricity and telephone to service the Common Areas and any utilities not separately metered.

(iii) The cost of trash disposal, pest control services, property management, security services, owners' association dues and fees, the cost to repaint the exterior of any structures and the cost of any environmental inspections.

(iv) Reserves set aside for maintenance and repair of Common Areas and Common Area equipment.

(v) Any increase above the Base Real Property Taxes (as defined in Paragraph 10).

(vi) Any "Insurance Cost Increase" (as defined in Paragraph 8).

(vii) Any deductible portion of an insured loss concerning the Building or the Common Areas.

(viii) Auditors', accountants' and attorneys' fees and costs related to the operation, maintenance, repair and replacement of the Project.

(ix) The cost of any capital improvement to the Building or the Project not covered under the provisions of Paragraph 2.3, provided, however, that Lessor shall allocate the cost of any such capital improvement over a 12 year period and Lessee shall not be required to pay more than Lessee's Share of 1/144th of the cost of such capital improvement in any given month. Lessee shall pay Interest on the unamortized balance but may prepay its obligation at any time.

(x) The cost of any other services to be provided by Lessor that are stated elsewhere in this Lease to be a Common Area Operating Expense.

(b) Any Common Area Operating Expenses and Real Property Taxes that are specifically attributable to the Unit, the Building or to any other building in the Project or to the operation, repair and maintenance thereof, shall be allocated entirely to such Unit, Building, or other building. However, any Common Area Operating Expenses and Real Property Taxes that are not specifically attributable to the Building or to any other building or to the operation, repair and maintenance thereof, shall be equitably allocated by Lessor to all buildings in the Project.

(c) The inclusion of the improvements, facilities and services set forth in Subparagraph 4.2(a) shall not be deemed to impose an obligation upon Lessor to either have said improvements or facilities or to provide those services unless the Project already has the same, Lessor already provides the services, or Lessor has agreed elsewhere in this Lease to provide the same or some of them.

(d) Lessee's Share of Common Area Operating Expenses is payable monthly on the same day as the Base Rent is due hereunder. The amount of such payments shall be based on Lessor's estimate of the annual Common Area Operating Expenses. Within 60 days after written request (but not more than once each year) Lessor shall deliver to Lessee a reasonably detailed statement showing Lessee's Share of the actual Common Area Operating Expenses for the preceding year. If Lessee's payments during such year exceed Lessee's Share, Lessor shall credit the amount of such over-payment against Lessee's future payments. If Lessee's payments during such year were less than Lessee's Share, Lessee shall pay to Lessor the amount of the deficiency within 10 days after delivery by Lessor to Lessee of the statement.

(e) Common Area Operating Expenses shall not include the cost of replacing equipment or capital components such as the roof, foundations, exterior walls or Common Area capital improvements, such as the parking lot paving, elevators, or fences that have a useful life for accounting purposes of 5 years or more.

(f) Common Area Operating Expenses shall not include any expenses paid by any tenant directly to third parties, or as to which Lessor is otherwise reimbursed by any third party, other tenant, or insurance proceeds.

4.3 **Payment.** Lessee shall cause payment of Rent to be received by Lessor in lawful money of the United States, without offset or deduction (except as specifically permitted in this Lease), on or before the day on which it is due. All monetary amounts shall be rounded to the nearest whole dollar. In the event that any statement or invoice prepared by Lessor is inaccurate such inaccuracy shall not constitute a waiver and Lessee shall be obligated to pay the amount set forth in this Lease. Rent for any period during the term hereof which is for less than one full calendar month shall be prorated based upon the actual number of days of said month. Payment of Rent shall be made to Lessor at its address stated herein or to such other persons or place as Lessor may from time to time designate in writing. Acceptance of a payment which is less than the amount then due shall not be a waiver of Lessor's rights to the balance of such Rent, regardless of Lessor's endorsement of any check so stating. In the event that any check, draft, or other instrument of payment given by Lessee to Lessor is dishonored for any reason, Lessee agrees to pay to Lessor the sum of $25 in addition to any late charges and Lessor, at its option, may require all future Rent be paid by cashier's check. Payments will be applied first to accrued late charges and attorney's fees, second to accrued interest, then to Base Rent and Common Area Operating Expenses, and any remaining amount to any other outstanding charges or costs.

5. Security Deposit. Lessee shall deposit with Lessor upon execution hereof the Security Deposit as security for Lessee's faithful performance of its obligations under this Lease. If Lessee fails to pay Rent, or otherwise Defaults under this Lease, Lessor may use, apply or retain all or any portion of said Security Deposit for the payment of any amount already due Lessor, for Rents which will be due in the future, and/ or to reimburse or compensate Lessor for any liability, expense, loss or damage which Lessor may suffer or incur by reason thereof. If Lessor uses or applies all or any portion of the Security Deposit, Lessee shall within 10 days after written request therefor deposit monies with Lessor sufficient to restore said Security Deposit to the full amount required by this Lease. If the Base Rent increases during the term of this Lease, Lessee shall, upon written request from Lessor, deposit additional monies with Lessor so that the total amount of the Security Deposit shall at all times bear the same proportion to the increased Base Rent as the initial Security Deposit bore to the initial Base Rent. Should the Agreed Use be amended to accommodate a material change in the business of Lessee or to accommodate a sublessee or assignee, Lessor shall have the right to increase the Security Deposit to the extent necessary, in Lessor's reasonable judgment, to account for any increased wear and tear that the Premises may suffer as a result thereof. If a change in control of Lessee occurs during this Lease and following such change the financial condition of Lessee is, in Lessor's reasonable judgment, significantly reduced, Lessee shall deposit such additional monies with Lessor as shall be sufficient to cause the Security Deposit to be at a commercially reasonable level based on such change in financial condition. Lessor shall not be required to keep the Security Deposit separate from its general accounts. Within 90 days after the expiration or termination of this Lease, Lessor shall return that portion of the Security Deposit not used or applied by Lessor. Lessor shall upon written request provide Lessee with an accounting showing how that portion of the Security Deposit that was not returned was applied. No part of the Security Deposit shall be considered to be held in trust, to bear interest or to be prepayment for any monies to be paid by Lessee under this Lease. THE SECURITY DEPOSIT SHALL NOT BE USED BY LESSEE IN LIEU OF PAYMENT OF THE LAST MONTH'S RENT.

6. Use.

6.1 **Use.** Lessee shall use and occupy the Premises only for the Agreed Use, or any other legal use which is reasonably comparable thereto, and for no other purpose. Lessee shall not use or permit the use of the Premises in a manner that is unlawful, creates damage, waste or a nuisance, or that disturbs occupants of or

© 2019 AIR CRE. All Rights Reserved.

DRAFT DRAFT

causes damage to neighboring premises or properties. Other than guide, signal and seeing eye dogs, Lessee shall not keep or allow in the Premises any pets, animals, birds, fish, or reptiles. Lessor shall not unreasonably withhold or delay its consent to any written request for a modification of the Agreed Use, so long as the same will not impair the structural integrity of the Building or the mechanical or electrical systems therein, and/or is not significantly more burdensome to the Project. If Lessor elects to withhold consent, Lessor shall within 7 days after such request give written notification of same, which notice shall include an explanation of Lessor's objections to the change in the Agreed Use.

6.2 **Hazardous Substances.**

(a) **Reportable Uses Require Consent**. The term "**Hazardous Substance**" as used in this Lease shall mean any product, substance, or waste whose presence, use, manufacture, disposal, transportation, or release, either by itself or in combination with other materials expected to be on the Premises, is either: (i) potentially injurious to the public health, safety or welfare, the environment or the Premises; (ii) regulated or monitored by any governmental authority; or (iii) a basis for potential liability of Lessor to any governmental agency or third party under any applicable statute or common law theory. Hazardous Substances shall include, but not be limited to, hydrocarbons, petroleum, gasoline, and/or crude oil or any products, byproducts or fractions thereof. Lessee shall not engage in any activity in or on the Premises which constitutes a Reportable Use of Hazardous Substances without the express prior written consent of Lessor and timely compliance (at Lessee's expense) with all Applicable Requirements. "**Reportable Use**" shall mean (i) the installation or use of any above or below ground storage tank; (ii) the generation, possession, storage, use, transportation, or disposal of a Hazardous Substance that requires a permit from, or with respect to which a report, notice, registration or business plan is required to be filed with, any governmental authority, and/or (iii) the presence at the Premises of a Hazardous Substance with respect to which any Applicable Requirements requires that a notice be given to persons entering or occupying the Premises or neighboring properties. Notwithstanding the foregoing, Lessee may use any ordinary and customary materials reasonably required to be used in the normal course of the Agreed Use such as ordinary office supplies (copier toner, liquid paper, glue, etc.) and common household cleaning materials, so long as such use is in compliance with all Applicable Requirements, is not a Reportable Use, and does not expose the Premises or neighboring property to any meaningful risk of contamination or damage or expose Lessor to any liability therefor. In addition, Lessor may condition its consent to any Reportable Use upon receiving such additional assurances as Lessor reasonably deems necessary to protect itself, the public, the Premises and/or the environment against damage, contamination, injury and/or liability, including, but not limited to, the installation (and removal on or before Lease expiration or termination) of protective modifications (such as concrete encasements) and/or increasing the Security Deposit.

(b) **Duty to Inform Lessor**. If Lessee knows, or has reasonable cause to believe, that a Hazardous Substance has come to be located in, on, under or about the Premises, other than as previously consented to by Lessor, Lessee shall immediately give written notice of such fact to Lessor, and provide Lessor with a copy of any report, notice, claim or other documentation which it has concerning the presence of such Hazardous Substance.

(c) **Lessee Remediation**. Lessee shall not cause or permit any Hazardous Substance to be spilled or released in, on, under, or about the Premises (including through the plumbing or sanitary sewer system) and shall promptly, at Lessee's expense, comply with all Applicable Requirements and take all investigatory and/or remedial action reasonably recommended, whether or not formally ordered or required, for the cleanup of any contamination of, and for the maintenance, security and/or monitoring of the Premises or neighboring properties, that was caused or materially contributed to by Lessee, or pertaining to or involving any Hazardous Substance brought onto the Premises during the term of this Lease, by or for Lessee, or any third party.

(d) **Lessee Indemnification.** Lessee shall indemnify, defend and hold Lessor, its agents, employees, lenders and ground lessor, if any, harmless from and against any and all loss of rents and/or damages, liabilities, judgments, claims, expenses, penalties, and attorneys' and consultants' fees arising out of or involving any Hazardous Substance brought onto the Premises by or for Lessee, or any third party (provided, however, that Lessee shall have no liability under this Lease with respect to underground migration of any Hazardous Substance under the Premises from areas outside of the Project not caused or contributed to by Lessee). Lessee's obligations shall include, but not be limited to, the effects of any contamination or injury to person, property or the environment created or suffered by Lessee, and the cost of investigation, removal, remediation, restoration and/or abatement, and shall survive the expiration or termination of this Lease. No termination, cancellation or release agreement entered into by Lessor and Lessee shall release Lessee from its obligations under this Lease with respect to Hazardous Substances, unless specifically so agreed by Lessor in writing at the time of such agreement.

(e) **Lessor Indemnification.** Except as otherwise provided in paragraph 8.7, Lessor and its successors and assigns shall indemnify, defend, reimburse and hold Lessee, its employees and lenders, harmless from and against any and all environmental damages, including the cost of remediation, which are suffered as a direct result of Hazardous Substances on the Premises prior to Lessee taking possession or which are caused by the gross negligence or willful misconduct of Lessor, its agents or employees. Lessor's obligations, as and when required by the Applicable Requirements, shall include, but not be limited to, the cost of investigation, removal, remediation, restoration and/or abatement, and shall survive the expiration or termination of this Lease.

(f) **Investigations and Remediations.** Lessor shall retain the responsibility and pay for any investigations or remediation measures required by governmental entities having jurisdiction with respect to the existence of Hazardous Substances on the Premises prior to the Lessee taking possession, unless such remediation measure is required as a result of Lessee's use (including "Alterations", as defined in paragraph 7.3(a) below) of the Premises, in which event Lessee shall be responsible for such payment. Lessee shall cooperate fully in any such activities at the request of Lessor, including allowing Lessor and Lessor's agents to have reasonable access to the Premises at reasonable times in order to carry out Lessor's investigative and remedial responsibilities.

(g) **Lessor Termination Option.** If a Hazardous Substance Condition (see Paragraph 9.1(e)) occurs during the term of this Lease, unless Lessee is legally responsible therefor (in which case Lessee shall make the investigation and remediation thereof required by the Applicable Requirements and this Lease shall continue in full force and effect, but subject to Lessor's rights under Paragraph 6.2(d) and Paragraph 13), Lessor may, at Lessor's option, either (i) investigate and remediate such Hazardous Substance Condition, if required, as soon as reasonably possible at Lessor's expense, in which event this Lease shall continue in full force and effect, or (ii) if the estimated cost to remediate such condition exceeds 12 times the then monthly Base Rent or $100,000, whichever is greater, give written notice to Lessee, within 30 days after receipt by Lessor of knowledge of the occurrence of such Hazardous Substance Condition, of Lessor's desire to terminate this Lease as of the date 60 days following the date of such notice. In the event Lessor elects to give a termination notice, Lessee may, within 10 days thereafter, give written notice to Lessor of Lessee's commitment to pay the amount by which the cost of the remediation of such Hazardous Substance Condition exceeds an amount equal to 12 times the then monthly Base Rent or $100,000, whichever is greater. Lessee shall provide Lessor with said funds or satisfactory assurance thereof within 30 days following such commitment. In such event, this Lease shall continue in full force and effect, and Lessor shall proceed to make such remediation as soon as reasonably possible after the required funds are available. If Lessee does not give such notice and provide the required funds or assurance thereof within the time provided, this Lease shall terminate as of the date specified in Lessor's notice of termination.

6.3 **Lessee's Compliance with Applicable Requirements**. Except as otherwise provided in this Lease, Lessee shall, at Lessee's sole expense, fully, diligently and in a timely manner, materially comply with all Applicable Requirements, the requirements of any applicable fire insurance underwriter or rating bureau, and the recommendations of Lessor's engineers and/or consultants which relate in any manner to the Premises, without regard to whether said Applicable Requirements are now in effect or become effective after the Start Date. Lessee shall, within 10 days after receipt of Lessor's written request, provide Lessor with copies of all permits and other documents, and other information evidencing Lessee's compliance with any Applicable Requirements specified by Lessor, and shall immediately upon receipt, notify Lessor in writing (with copies of any documents involved) of any threatened or actual claim, notice, citation, warning, complaint or report pertaining to or involving the failure of Lessee or the Premises to comply with any Applicable Requirements. Likewise, Lessee shall immediately give written notice to Lessor of: (i)

DRAFT DRAFT

any water damage to the Premises and any suspected seepage, pooling, dampness or other condition conducive to the production of mold; or (ii) any mustiness or other odors that might indicate the presence of mold in the Premises.

6.4 **Inspection; Compliance**. Lessor and Lessor's "**Lender**" (as defined in Paragraph 30) and consultants authorized by Lessor shall have the right to enter into Premises at any time in the case of an emergency, and otherwise at reasonable times after reasonable notice, for the purpose of inspecting and/or testing the condition of the Premises and/or for verifying compliance by Lessee with this Lease. The cost of any such inspections shall be paid by Lessor, unless a violation of Applicable Requirements, or a Hazardous Substance Condition (see Paragraph 9.1(e)) is found to exist or be imminent, or the inspection is requested or ordered by a governmental authority. In such case, Lessee shall upon request reimburse Lessor for the cost of such inspection, so long as such inspection is reasonably related to the violation or contamination. In addition, Lessee shall provide copies of all relevant material safety data sheets (**MSDS**) to Lessor within 10 days of the receipt of a written request therefor. Lessee acknowledges that any failure on its part to allow such inspections or testing will expose Lessor to risks and potentially cause Lessor to incur costs not contemplated by this Lease, the extent of which will be extremely difficult to ascertain. Accordingly, should the Lessee fail to allow such inspections and/or testing in a timely fashion the Base Rent shall be automatically increased, without any requirement for notice to Lessee, by an amount equal to 10% of the then existing Base Rent or $100, whichever is greater for the remainder to the Lease. The Parties agree that such increase in Base Rent represents fair and reasonable compensation for the additional risk/costs that Lessor will incur by reason of Lessee's failure to allow such inspection and/or testing. Such increase in Base Rent shall in no event constitute a waiver of Lessee's Default or Breach with respect to such failure nor prevent the exercise of any of the other rights and remedies granted hereunder.

7. Maintenance; Repairs; Utility Installations; Trade Fixtures and Alterations.

7.1 **Lessee's Obligations.**

(a) **In General.** Subject to the provisions of Paragraph 2.2 (Condition), 2.3 (Compliance), 6.3 (Lessee's Compliance with Applicable Requirements), 7.2 (Lessor's Obligations), 9 (Damage or Destruction), and 14 (Condemnation), Lessee shall, at Lessee's sole expense, keep the Premises, Utility Installations (intended for Lessee's exclusive use, no matter where located), and Alterations in good order, condition and repair (whether or not the portion of the Premises requiring repairs, or the means of repairing the same, are reasonably or readily accessible to Lessee, and whether or not the need for such repairs occurs as a result of Lessee's use, any prior use, the elements or the age of such portion of the Premises), including, but not limited to, all equipment or facilities, such as plumbing, HVAC equipment, electrical, lighting facilities, boilers, pressure vessels, fixtures, interior walls, interior surfaces of exterior walls, ceilings, floors, windows, doors, plate glass, and skylights but excluding any items which are the responsibility of Lessor pursuant to Paragraph 7.2. Lessee, in keeping the Premises in good order, condition and repair, shall exercise and perform good maintenance practices, specifically including the procurement and maintenance of the service contracts required by Paragraph 7.1(b) below. Lessee's obligations shall include restorations, replacements or renewals when necessary to keep the Premises and all improvements thereon or a part thereof in good order, condition and state of repair.

(b) **Service Contracts.** Lessee shall, at Lessee's sole expense, procure and maintain contracts, with copies to Lessor, in customary form and substance for, and with contractors specializing and experienced in the maintenance of the following equipment and improvements, if any, if and when installed on the Premises: (i) HVAC equipment, (ii) boiler and pressure vessels, and (iii) clarifiers. However, Lessor reserves the right, upon notice to Lessee, to procure and maintain any or all of such service contracts, and Lessee shall reimburse Lessor, upon demand, for the cost thereof.

(c) **Failure to Perform.** If Lessee fails to perform Lessee's obligations under this Paragraph 7.1, Lessor may enter upon the Premises after 10 days' prior written notice to Lessee (except in the case of an emergency, in which case no notice shall be required), perform such obligations on Lessee's behalf, and put the Premises in good order, condition and repair, and Lessee shall promptly pay to Lessor a sum equal to 115% of the cost thereof.

(d) **Replacement.** Subject to Lessee's indemnification of Lessor as set forth in Paragraph 8.7 below, and without relieving Lessee of liability resulting from Lessee's failure to exercise and perform good maintenance practices, if an item described in Paragraph 7.1(b) cannot be repaired other than at a cost which is in excess of 50% of the cost of replacing such item, then such item shall be replaced by Lessor, and the cost thereof shall be prorated between the Parties and Lessee shall only be obligated to pay, each month during the remainder of the term of this Lease or any extension thereof, on the date on which Base Rent is due, an amount equal to the product of multiplying the cost of such replacement by a fraction, the numerator of which is one, and the denominator of which is 144 (i.e. 1/144th of the cost per month). Lessee shall pay Interest on the unamortized balance but may prepay its obligation at any time.

7.2 **Lessor's Obligations.** Subject to the provisions of Paragraphs 2.2 (Condition), 2.3 (Compliance), 4.2 (Common Area Operating Expenses), 6 (Use), 7.1 (Lessee's Obligations), 9 (Damage or Destruction) and 14 (Condemnation), Lessor, subject to reimbursement pursuant to Paragraph 4.2, shall keep in good order, condition and repair the foundations, exterior walls, structural condition of interior bearing walls, exterior roof, fire sprinkler system, Common Area fire alarm and/or smoke detection systems, fire hydrants, parking lots, walkways, parkways, driveways, landscaping, fences, signs and utility systems serving the Common Areas and all parts thereof, as well as providing the services for which there is a Common Area Operating Expense pursuant to Paragraph 4.2. Lessor shall not be obligated to paint the exterior or interior surfaces of exterior walls nor shall Lessor be obligated to maintain, repair or replace windows, doors or plate glass of the Premises.

7.3 **Utility Installations; Trade Fixtures; Alterations.**

(a) **Definitions**. The term "**Utility Installations**" refers to all floor and window coverings, air and/or vacuum lines, power panels, electrical distribution, security and fire protection systems, communication cabling, lighting fixtures, HVAC equipment, plumbing, and fencing in or on the Premises. The term "**Trade Fixtures**" shall mean Lessee's machinery and equipment that can be removed without doing material damage to the Premises. The term "**Alterations**" shall mean any modification of the improvements, other than Utility Installations or Trade Fixtures, whether by addition or deletion. "**Lessee Owned Alterations and/or Utility Installations**" are defined as Alterations and/or Utility Installations made by Lessee that are not yet owned by Lessor pursuant to Paragraph 7.4(a).

(b) **Consent.** Lessee shall not make any Alterations or Utility Installations to the Premises without Lessor's prior written consent. Lessee may, however, make non-structural Alterations or Utility Installations to the interior of the Premises (excluding the roof) without such consent but upon notice to Lessor, as long as they are not visible from the outside, do not involve puncturing, relocating or removing the roof or any existing walls, will not affect the electrical, plumbing, HVAC, and/or life safety systems, do not trigger the requirement for additional modifications and/or improvements to the Premises resulting from Applicable Requirements, such as compliance with Title 24, and the cumulative cost thereof during this Lease as extended does not exceed a sum equal to 3 months' Base Rent in the aggregate or a sum equal to one month's Base Rent in any one year. Notwithstanding the foregoing, Lessee shall not make or permit any roof penetrations and/or install anything on the roof without the prior written approval of Lessor. Lessor may, as a precondition to granting such approval, require Lessee to utilize a contractor chosen and/or approved by Lessor. Any Alterations or Utility Installations that Lessee shall desire to make and which require the consent of the Lessor shall be presented to Lessor in written form with detailed plans. Consent shall be deemed conditioned upon Lessee's: (i) acquiring all applicable governmental permits, (ii) furnishing Lessor with copies of both the permits and the plans and specifications prior to commencement of the work, and (iii) compliance with all conditions of said permits and other Applicable Requirements in a prompt and expeditious manner. Any Alterations or Utility Installations shall be performed in a workmanlike manner with good and sufficient materials. Lessee shall promptly upon completion furnish Lessor with as-built plans and specifications. For work which costs an amount in excess of one month's Base Rent, Lessor may condition its consent upon Lessee providing a lien and completion bond in an amount equal to 150% of the estimated cost of such Alteration or Utility Installation and/or upon Lessee's posting an additional Security Deposit with Lessor.

(c) **Liens; Bonds**. Lessee shall pay, when due, all claims for labor or materials furnished or alleged to have been furnished to or for Lessee at or for use on

DRAFT DRAFT

the Premises, which claims are or may be secured by any mechanic's or materialmen's lien against the Premises or any interest therein. Lessee shall give Lessor not less than 10 days notice prior to the commencement of any work in, on or about the Premises, and Lessor shall have the right to post notices of non-responsibility. If Lessee shall contest the validity of any such lien, claim or demand, then Lessee shall, at its sole expense defend and protect itself, Lessor and the Premises against the same and shall pay and satisfy any such adverse judgment that may be rendered thereon before the enforcement thereof. If Lessor shall require, Lessee shall furnish a surety bond in an amount equal to 150% of the amount of such contested lien, claim or demand, indemnifying Lessor against liability for the same. If Lessor elects to participate in any such action, Lessee shall pay Lessor's attorneys' fees and costs.

7.4 **Ownership; Removal; Surrender; and Restoration**.

(a) **Ownership**. Subject to Lessor's right to require removal or elect ownership as hereinafter provided, all Alterations and Utility Installations made by Lessee shall be the property of Lessee, but considered a part of the Premises. Lessor may, at any time, elect in writing to be the owner of all or any specified part of the Lessee Owned Alterations and Utility Installations. Unless otherwise instructed per paragraph 7.4(b) hereof, all Lessee Owned Alterations and Utility Installations shall, at the expiration or termination of this Lease, become the property of Lessor and be surrendered by Lessee with the Premises.

(b) **Removal.** By delivery to Lessee of written notice from Lessor not earlier than 90 and not later than 30 days prior to the end of the term of this Lease, Lessor may require that any or all Lessee Owned Alterations or Utility Installations be removed by the expiration or termination of this Lease. Lessor may require the removal at any time of all or any part of any Lessee Owned Alterations or Utility Installations made without the required consent.

(c) **Surrender; Restoration.** Lessee shall surrender the Premises by the Expiration Date or any earlier termination date, with all of the improvements, parts and surfaces thereof broom clean and free of debris, and in good operating order, condition and state of repair, ordinary wear and tear excepted. "Ordinary wear and tear" shall not include any damage or deterioration that would have been prevented by good maintenance practice. Notwithstanding the foregoing and the provisions of Paragraph 7.1(a), if the Lessee occupies the Premises for 12 months or less, then Lessee shall surrender the Premises in the same condition as delivered to Lessee on the Start Date with NO allowance for ordinary wear and tear. Lessee shall repair any damage occasioned by the installation, maintenance or removal of Trade Fixtures, Lessee owned Alterations and/or Utility Installations, furnishings, and equipment as well as the removal of any storage tank installed by or for Lessee. Lessee shall also remove from the Premises any and all Hazardous Substances brought onto the Premises by or for Lessee, or any third party (except Hazardous Substances which were deposited via underground migration from areas outside of the Premises) to the level specified in Applicable Requirements. Trade Fixtures shall remain the property of Lessee and shall be removed by Lessee. Any personal property of Lessee not removed on or before the Expiration Date or any earlier termination date shall be deemed to have been abandoned by Lessee and may be disposed of or retained by Lessor as Lessor may desire. The failure by Lessee to timely vacate the Premises pursuant to this Paragraph 7.4(c) without the express written consent of Lessor shall constitute a holdover under the provisions of Paragraph 26 below.

8. Insurance; Indemnity.

8.1 **Payment of Premium Increases.**

(a) As used herein, the term "**Insurance Cost Increase**" is defined as any increase in the actual cost of the insurance applicable to the Building and/or the Project and required to be carried by Lessor, pursuant to Paragraphs 8.2(b), 8.3(a) and 8.3(b), over and above the Base Premium, as hereinafter defined, calculated on an annual basis. Insurance Cost Increase shall include, but not be limited to, requirements of the holder of a mortgage or deed of trust covering the Premises, Building and/or Project, increased valuation of the Premises, Building and/or Project, and/or a general premium rate increase. The term Insurance Cost Increase shall not, however, include any premium increases resulting from the nature of the occupancy of any other tenant of the Building. The "**Base Premium**" shall be the annual premium applicable to the 12 month period immediately preceding the Start Date. If, however, the Project was not insured for the entirety of such 12 month period, then the Base Premium shall be the lowest annual premium reasonably obtainable for the Required Insurance as of the Start Date, assuming the most nominal use possible of the Building. In no event, however, shall Lessee be responsible for any portion of the premium cost attributable to liability insurance coverage in excess of $2,000,000 procured under Paragraph 8.2(b).

(b) Lessee shall pay any Insurance Cost Increase to Lessor pursuant to Paragraph 4.2. Premiums for policy periods commencing prior to, or extending beyond, the term of this Lease shall be prorated to coincide with the corresponding Start Date or Expiration Date.

8.2 **Liability Insurance**.

(a) **Carried by Lessee.** Lessee shall obtain and keep in force a Commercial General Liability policy of insurance protecting Lessee and Lessor as an additional insured against claims for bodily injury, personal injury and property damage based upon or arising out of the ownership, use, occupancy or maintenance of the Premises and all areas appurtenant thereto. Such insurance shall be on an occurrence basis providing single limit coverage in an amount not less than $1,000,000 per occurrence with an annual aggregate of not less than $2,000,000. Lessee shall add Lessor as an additional insured by means of an endorsement at least as broad as the Insurance Service Organization's "Additional Insured-Managers or Lessors of Premises" Endorsement. The policy shall not contain any intra-insured exclusions as between insured persons or organizations, but shall include coverage for liability assumed under this Lease as an "**insured contract**" for the performance of Lessee's indemnity obligations under this Lease. The limits of said insurance shall not, however, limit the liability of Lessee nor relieve Lessee of any obligation hereunder. Lessee shall provide an endorsement on its liability policy(ies) which provides that its insurance shall be primary to and not contributory with any similar insurance carried by Lessor, whose insurance shall be considered excess insurance only.

(b) **Carried by Lessor**. Lessor shall maintain liability insurance as described in Paragraph 8.2(a), in addition to, and not in lieu of, the insurance required to be maintained by Lessee. Lessee shall not be named as an additional insured therein.

8.3 **Property Insurance - Building, Improvements and Rental Value**.

(a) **Building and Improvements**. Lessor shall obtain and keep in force a policy or policies of insurance in the name of Lessor, with loss payable to Lessor, any ground-lessor, and to any Lender insuring loss or damage to the Premises. The amount of such insurance shall be equal to the full insurable replacement cost of the Premises, as the same shall exist from time to time, or the amount required by any Lender, but in no event more than the commercially reasonable and available insurable value thereof. Lessee Owned Alterations and Utility Installations, Trade Fixtures, and Lessee's personal property shall be insured by Lessee not by Lessor. If the coverage is available and commercially appropriate, such policy or policies shall insure against all risks of direct physical loss or damage (except the perils of flood and/or earthquake unless required by a Lender), including coverage for debris removal and the enforcement of any Applicable Requirements requiring the upgrading, demolition, reconstruction or replacement of any portion of the Premises as the result of a covered loss. Said policy or policies shall also contain an agreed valuation provision in lieu of any coinsurance clause, waiver of subrogation, and inflation guard protection causing an increase in the annual property insurance coverage amount by a factor of not less than the adjusted U.S. Department of Labor Consumer Price Index for All Urban Consumers for the city nearest to where the Premises are located. If such insurance coverage has a deductible clause, the deductible amount shall not exceed $5,000 per occurrence.

(b) **Rental Value**. Lessor shall also obtain and keep in force a policy or policies in the name of Lessor with loss payable to Lessor and any Lender, insuring the loss of the full Rent for one year with an extended period of indemnity for an additional 180 days ("**Rental Value insurance**"). Said insurance shall contain an agreed valuation provision in lieu of any coinsurance clause, and the amount of coverage shall be adjusted annually to reflect the projected Rent otherwise payable by Lessee, for the next 12 month period.

(c) **Adjacent Premises**. Lessee shall pay for any increase in the premiums for the property insurance of the Building and for the Common Areas or other

© 2019 AIR CRE. All Rights Reserved.

DRAFT DRAFT DRAFT

buildings in the Project if said increase is caused by Lessee's acts, omissions, use or occupancy of the Premises.

(d) **Lessee's Improvements**. Since Lessor is the Insuring Party, Lessor shall not be required to insure Lessee Owned Alterations and Utility Installations unless the item in question has become the property of Lessor under the terms of this Lease.

8.4 **Lessee's Property; Business Interruption Insurance; Worker's Compensation Insurance**.

(a) **Property Damage.** Lessee shall obtain and maintain insurance coverage on all of Lessee's personal property, Trade Fixtures, and Lessee Owned Alterations and Utility Installations. Such insurance shall be full replacement cost coverage with a deductible not to exceed $1,000 per occurrence. The proceeds from any such insurance shall be used by Lessee for the replacement of personal property, Trade Fixtures and Lessee Owned Alterations and Utility Installations.

(b) **Business Interruption**. Lessee shall obtain and maintain loss of income and extra expense insurance in amounts as will reimburse Lessee for direct or indirect loss of earnings attributable to all perils commonly insured against by prudent lessees in the business of Lessee or attributable to prevention of access to the Premises as a result of such perils.

(c) **Worker's Compensation Insurance**. Lessee shall obtain and maintain Worker's Compensation Insurance in such amount as may be required by Applicable Requirements. Such policy shall include a 'Waiver of Subrogation' endorsement. Lessee shall provide Lessor with a copy of such endorsement along with the certificate of insurance or copy of the policy required by paragraph 8.5.

(d) **No Representation of Adequate Coverage**. Lessor makes no representation that the limits or forms of coverage of insurance specified herein are adequate to cover Lessee's property, business operations or obligations under this Lease.

8.5 **Insurance Policies.** Insurance required herein shall be by companies maintaining during the policy term a "General Policyholders Rating" of at least A-, VII, as set forth in the most current issue of "Best's Insurance Guide", or such other rating as may be required by a Lender. Lessee shall not do or permit to be done anything which invalidates the required insurance policies. Lessee shall, prior to the Start Date, deliver to Lessor certified copies of policies of such insurance or certificates with copies of the required endorsements evidencing the existence and amounts of the required insurance. No such policy shall be cancelable or subject to modification except after 30 days prior written notice to Lessor. Lessee shall, at least 10 days prior to the expiration of such policies, furnish Lessor with evidence of renewals or "insurance binders" evidencing renewal thereof, or Lessor may increase Lessor's liability insurance coverage and charge the cost thereof to Lessee, which amount shall be payable by Lessee to Lessor upon demand. Such policies shall be for a term of at least one year, or the length of the remaining term of this Lease, whichever is less. If either Party shall fail to procure and maintain the insurance required to be carried by it, the other Party may, but shall not be required to, procure and maintain the same.

8.6 **Waiver of Subrogation**. Without affecting any other rights or remedies, Lessee and Lessor each hereby release and relieve the other, and waive their entire right to recover damages against the other, for loss of or damage to its property arising out of or incident to the perils required to be insured against herein. The effect of such releases and waivers is not limited by the amount of insurance carried or required, or by any deductibles applicable hereto. The Parties agree to have their respective property damage insurance carriers waive any right to subrogation that such companies may have against Lessor or Lessee, as the case may be, so long as the insurance is not invalidated thereby.

8.7 **Indemnity**. Except for Lessor's gross negligence or willful misconduct, Lessee shall indemnify, protect, defend and hold harmless the Premises, Lessor and its agents, Lessor's master or ground lessor, partners and Lenders, from and against any and all claims, loss of rents and/or damages, liens, judgments, penalties, attorneys' and consultants' fees, expenses and/or liabilities arising out of, involving, or in connection with, a Breach of the Lease by Lessee and/or the use and/or occupancy of the Premises and/or Project by Lessee and/or by Lessee's employees, contractors or invitees. If any action or proceeding is brought against Lessor by reason of any of the foregoing matters, Lessee shall upon notice defend the same at Lessee's expense by counsel reasonably satisfactory to Lessor and Lessor shall cooperate with Lessee in such defense. Lessor need not have first paid any such claim in order to be defended or indemnified.

8.8 **Exemption of Lessor and its Agents from Liability**. Notwithstanding the negligence or breach of this Lease by Lessor or its agents, neither Lessor nor its agents shall be liable under any circumstances for: (i) injury or damage to the person or goods, wares, merchandise or other property of Lessee, Lessee's employees, contractors, invitees, customers, or any other person in or about the Premises, whether such damage or injury is caused by or results from fire, steam, electricity, gas, water or rain, indoor air quality, the presence of mold or from the breakage, leakage, obstruction or other defects of pipes, fire sprinklers, wires, appliances, plumbing, HVAC or lighting fixtures, or from any other cause, whether the said injury or damage results from conditions arising upon the Premises or upon other portions of the Building, or from other sources or places; (ii) any damages arising from any act or neglect of any other tenant of Lessor or from the failure of Lessor or its agents to enforce the provisions of any other lease in the Project; or (iii) injury to Lessee's business or for any loss of income or profit therefrom. Instead, it is intended that Lessee's sole recourse in the event of such damages or injury be to file a claim on the insurance policy(ies) that Lessee is required to maintain pursuant to the provisions of paragraph 8.

8.9 **Failure to Provide Insurance**. Lessee acknowledges that any failure on its part to obtain or maintain the insurance required herein will expose Lessor to risks and potentially cause Lessor to incur costs not contemplated by this Lease, the extent of which will be extremely difficult to ascertain. Accordingly, for any month or portion thereof that Lessee does not maintain the required insurance and/or does not provide Lessor with the required binders or certificates evidencing the existence of the required insurance, the Base Rent shall be automatically increased, without any requirement for notice to Lessee, by an amount equal to 10% of the then existing Base Rent or $100, whichever is greater. The parties agree that such increase in Base Rent represents fair and reasonable compensation for the additional risk/costs that Lessor will incur by reason of Lessee's failure to maintain the required insurance. Such increase in Base Rent shall in no event constitute a waiver of Lessee's Default or Breach with respect to the failure to maintain such insurance, prevent the exercise of any of the other rights and remedies granted hereunder, nor relieve Lessee of its obligation to maintain the insurance specified in this Lease.

9. Damage or Destruction.

9.1 **Definitions.**

(a) "**Premises Partial Damage**" shall mean damage or destruction to the improvements on the Premises, other than Lessee Owned Alterations and Utility Installations, which can reasonably be repaired in 3 months or less from the date of the damage or destruction, and the cost thereof does not exceed a sum equal to 6 month's Base Rent. Lessor shall notify Lessee in writing within 30 days from the date of the damage or destruction as to whether or not the damage is Partial or Total.

(b) "**Premises Total Destruction**" shall mean damage or destruction to the improvements on the Premises, other than Lessee Owned Alterations and Utility Installations and Trade Fixtures, which cannot reasonably be repaired in 3 months or less from the date of the damage or destruction and/or the cost thereof exceeds a sum equal to 6 month's Base Rent. Lessor shall notify Lessee in writing within 30 days from the date of the damage or destruction as to whether or not the damage is Partial or Total.

(c) "**Insured Loss**" shall mean damage or destruction to improvements on the Premises, other than Lessee Owned Alterations and Utility Installations and Trade Fixtures, which was caused by an event required to be covered by the insurance described in Paragraph 8.3(a), irrespective of any deductible amounts or coverage limits involved.

(d) "**Replacement Cost**" shall mean the cost to repair or rebuild the improvements owned by Lessor at the time of the occurrence to their condition existing immediately prior thereto, including demolition, debris removal and upgrading required by the operation of Applicable Requirements, and without deduction for depreciation.

© 2019 AIR CRE. All Rights Reserved.

DRAFT DRAFT DRAFT

(e) "**Hazardous Substance Condition**" shall mean the occurrence or discovery of a condition involving the presence of, or a contamination by, a Hazardous Substance, in, on, or under the Premises which requires restoration.

9.2 **Partial Damage - Insured Loss**. If a Premises Partial Damage that is an Insured Loss occurs, then Lessor shall, at Lessor's expense, repair such damage (but not Lessee's Trade Fixtures or Lessee Owned Alterations and Utility Installations) as soon as reasonably possible and this Lease shall continue in full force and effect; provided, however, that Lessee shall, at Lessor's election, make the repair of any damage or destruction the total cost to repair of which is $10,000 or less, and, in such event, Lessor shall make any applicable insurance proceeds available to Lessee on a reasonable basis for that purpose. Notwithstanding the foregoing, if the required insurance was not in force or the insurance proceeds are not sufficient to effect such repair, the Insuring Party shall promptly contribute the shortage in proceeds as and when required to complete said repairs. In the event, however, such shortage was due to the fact that, by reason of the unique nature of the improvements, full Replacement Cost insurance coverage was not commercially reasonable and available, Lessor shall have no obligation to pay for the shortage in insurance proceeds or to fully restore the unique aspects of the Premises unless Lessee provides Lessor with the funds to cover same, or adequate assurance thereof, within 10 days following receipt of written notice of such shortage and request therefor. If Lessor receives said funds or adequate assurance thereof within said 10 day period, the party responsible for making the repairs shall complete them as soon as reasonably possible and this Lease shall remain in full force and effect. If such funds or assurance are not received, Lessor may nevertheless elect by written notice to Lessee within 10 days thereafter to: (i) make such restoration and repair as is commercially reasonable with Lessor paying any shortage in proceeds, in which case this Lease shall remain in full force and effect, or (ii) have this Lease terminate 30 days thereafter. Lessee shall not be entitled to reimbursement of any funds contributed by Lessee to repair any such damage or destruction. Premises Partial Damage due to flood or earthquake shall be subject to Paragraph 9.3, notwithstanding that there may be some insurance coverage, but the net proceeds of any such insurance shall be made available for the repairs if made by either Party.

9.3 **Partial Damage - Uninsured Loss**. If a Premises Partial Damage that is not an Insured Loss occurs, unless caused by a negligent or willful act of Lessee (in which event Lessee shall make the repairs at Lessee's expense), Lessor may either: (i) repair such damage as soon as reasonably possible at Lessor's expense (subject to reimbursement pursuant to Paragraph 4.2), in which event this Lease shall continue in full force and effect, or (ii) terminate this Lease by giving written notice to Lessee within 30 days after receipt by Lessor of knowledge of the occurrence of such damage. Such termination shall be effective 60 days following the date of such notice. In the event Lessor elects to terminate this Lease, Lessee shall have the right within 10 days after receipt of the termination notice to give written notice to Lessor of Lessee's commitment to pay for the repair of such damage without reimbursement from Lessor. Lessee shall provide Lessor with said funds or satisfactory assurance thereof within 30 days after making such commitment. In such event this Lease shall continue in full force and effect, and Lessor shall proceed to make such repairs as soon as reasonably possible after the required funds are available. If Lessee does not make the required commitment, this Lease shall terminate as of the date specified in the termination notice.

9.4 **Total Destruction.** Notwithstanding any other provision hereof, if a Premises Total Destruction occurs, this Lease shall terminate 60 days following such Destruction. If the damage or destruction was caused by the gross negligence or willful misconduct of Lessee, Lessor shall have the right to recover Lessor's damages from Lessee, except as provided in Paragraph 8.6.

9.5 **Damage Near End of Term**. If at any time during the last 6 months of this Lease there is damage for which the cost to repair exceeds one month's Base Rent, whether or not an Insured Loss, Lessor may terminate this Lease effective 60 days following the date of occurrence of such damage by giving a written termination notice to Lessee within 30 days after the date of occurrence of such damage. Notwithstanding the foregoing, if Lessee at that time has an exercisable option to extend this Lease or to purchase the Premises, then Lessee may preserve this Lease by (a) exercising such option and (b) providing Lessor with any shortage in insurance proceeds (or adequate assurance thereof) needed to make the repairs on or before the earlier of (i) the date which is 10 days after Lessee's receipt of Lessor's written notice purporting to terminate this Lease, or (ii) the day prior to the date upon which such option expires. If Lessee duly exercises such option during such period and provides Lessor with funds (or adequate assurance thereof) to cover any shortage in insurance proceeds, Lessor shall, at Lessor's commercially reasonable expense, repair such damage as soon as reasonably possible and this Lease shall continue in full force and effect. If Lessee fails to exercise such option and provide such funds or assurance during such period, then this Lease shall terminate on the date specified in the termination notice and Lessee's option shall be extinguished.

9.6 **Abatement of Rent; Lessee's Remedies**.

(a) **Abatement**. In the event of Premises Partial Damage or Premises Total Destruction or a Hazardous Substance Condition for which Lessee is not responsible under this Lease, the Rent payable by Lessee for the period required for the repair, remediation or restoration of such damage shall be abated in proportion to the degree to which Lessee's use of the Premises is impaired, but not to exceed the proceeds received from the Rental Value insurance. All other obligations of Lessee hereunder shall be performed by Lessee, and Lessor shall have no liability for any such damage, destruction, remediation, repair or restoration except as provided herein.

(b) **Remedies**. If Lessor is obligated to repair or restore the Premises and does not commence, in a substantial and meaningful way, such repair or restoration within 90 days after such obligation shall accrue, Lessee may, at any time prior to the commencement of such repair or restoration, give written notice to Lessor and to any Lenders of which Lessee has actual notice, of Lessee's election to terminate this Lease on a date not less than 60 days following the giving of such notice. If Lessee gives such notice and such repair or restoration is not commenced within 30 days thereafter, this Lease shall terminate as of the date specified in said notice. If the repair or restoration is commenced within such 30 days, this Lease shall continue in full force and effect. "**Commence**" shall mean either the unconditional authorization of the preparation of the required plans, or the beginning of the actual work on the Premises, whichever first occurs.

9.7 **Termination; Advance Payments**. Upon termination of this Lease pursuant to Paragraph 6.2(g) or Paragraph 9, an equitable adjustment shall be made concerning advance Base Rent and any other advance payments made by Lessee to Lessor. Lessor shall, in addition, return to Lessee so much of Lessee's Security Deposit as has not been, or is not then required to be, used by Lessor.

10. Real Property Taxes.

10.1 **Definitions.**

(a) "**Real Property Taxes**." As used herein, the term "**Real Property Taxes**" shall include any form of assessment; real estate, general, special, ordinary or extraordinary, or rental levy or tax (other than inheritance, personal income or estate taxes); improvement bond; and/or license fee imposed upon or levied against any legal or equitable interest of Lessor in the Project, Lessor's right to other income therefrom, and/or Lessor's business of leasing, by any authority having the direct or indirect power to tax and where the funds are generated with reference to the Project address. The term "Real Property Taxes" shall also include any tax, fee, levy, assessment or charge, or any increase therein: (i) imposed by reason of events occurring during the term of this Lease, including but not limited to, a change in the ownership of the Project; (ii) a change in the improvements thereon; and/or (iii) levied or assessed on machinery or equipment provided by Lessor to Lessee pursuant to this Lease.

(b) "**Base Real Property Taxes**." As used herein, the term "**Base Real Property Taxes**" shall be the amount of Real Property Taxes, which are assessed against the Project, during the entire calendar year in which the Lease is executed.

10.2 **Payment of Taxes**. Except as otherwise provided in Paragraph 10.3, Lessor shall pay the Real Property Taxes applicable to the Project, and said payments shall be included in the calculation of Common Area Operating Expenses in accordance with the provisions of Paragraph 4.2.

© 2019 AIR CRE. All Rights Reserved.

DRAFT DRAFT DRAFT

10.3 **Additional Improvements**. Common Area Operating Expenses shall not include Real Property Taxes specified in the tax assessor's records and work sheets as being caused by additional improvements placed upon the Project by other tenants or by Lessor for the exclusive enjoyment of such other Tenants. Notwithstanding Paragraph 10.2 hereof, Lessee shall, however, pay to Lessor at the time Common Area Operating Expenses are payable under Paragraph 4.2, the entirety of any increase in Real Property Taxes if assessed solely by reason of Alterations, Trade Fixtures or Utility Installations placed upon the Premises by Lessee or at Lessee's request or by reason of any alterations or improvements to the Premises made by Lessor subsequent to the execution of this Lease by the Parties.

10.4 **Joint Assessment**. If the Building is not separately assessed, Real Property Taxes allocated to the Building shall be an equitable proportion of the Real Property Taxes for all of the land and improvements included within the tax parcel assessed, such proportion to be determined by Lessor from the respective valuations assigned in the assessor's work sheets or such other information as may be reasonably available. Lessor's reasonable determination thereof, in good faith, shall be conclusive.

10.5 **Personal Property Taxes**. Lessee shall pay, prior to delinquency, all taxes assessed against and levied upon Lessee Owned Alterations and Utility Installations, Trade Fixtures, furnishings, equipment and all personal property of Lessee contained in the Premises. When possible, Lessee shall cause its Lessee Owned Alterations and Utility Installations, Trade Fixtures, furnishings, equipment and all other personal property to be assessed and billed separately from the real property of Lessor. If any of Lessee's said property shall be assessed with Lessor's real property, Lessee shall pay Lessor the taxes attributable to Lessee's property within 10 days after receipt of a written statement setting forth the taxes applicable to Lessee's property.

11. Utilities and Services.

11.1 Lessee shall pay for all water, gas, heat, light, power, telephone, trash disposal and other utilities and services supplied to the Premises, together with any taxes thereon. Notwithstanding the provisions of Paragraph 4.2, if at any time in Lessor's sole judgment, Lessor determines that Lessee is using a disproportionate amount of water, electricity or other commonly metered utilities, or that Lessee is generating such a large volume of trash as to require an increase in the size of the trash receptacle and/or an increase in the number of times per month that it is emptied, then Lessor may increase Lessee's Base Rent by an amount equal to such increased costs. There shall be no abatement of Rent and Lessor shall not be liable in any respect whatsoever for the inadequacy, stoppage, interruption or discontinuance of any utility or service due to riot, strike, labor dispute, breakdown, accident, repair or other cause beyond Lessor's reasonable control or in cooperation with governmental request or directions.

11.2 Within fifteen days of Lessor's written request, Lessee agrees to deliver to Lessor such information, documents and/or authorization as Lessor needs in order for Lessor to comply with new or existing Applicable Requirements relating to commercial building energy usage, ratings, and/or the reporting thereof.

12. Assignment and Subletting.

12.1 **Lessor's Consent Required.**

(a) Lessee shall not voluntarily or by operation of law assign, transfer, mortgage or encumber (collectively, "**assign or assignment**") or sublet all or any part of Lessee's interest in this Lease or in the Premises without Lessor's prior written consent.

(b) Unless Lessee is a corporation and its stock is publicly traded on a national stock exchange, a change in the control of Lessee shall constitute an assignment requiring consent. The transfer, on a cumulative basis, of 25% or more of the voting control of Lessee shall constitute a change in control for this purpose.

(c) The involvement of Lessee or its assets in any transaction, or series of transactions (by way of merger, sale, acquisition, financing, transfer, leveraged buyout or otherwise), whether or not a formal assignment or hypothecation of this Lease or Lessee's assets occurs, which results or will result in a reduction of the Net Worth of Lessee by an amount greater than 25% of such Net Worth as it was represented at the time of the execution of this Lease or at the time of the most recent assignment to which Lessor has consented, or as it exists immediately prior to said transaction or transactions constituting such reduction, whichever was or is greater, shall be considered an assignment of this Lease to which Lessor may withhold its consent. "**Net Worth of Lessee**" shall mean the net worth of Lessee (excluding any guarantors) established under generally accepted accounting principles.

(d) An assignment or subletting without consent shall, at Lessor's option, be a Default curable after notice per Paragraph 13.1(d), or a non-curable Breach without the necessity of any notice and grace period. If Lessor elects to treat such unapproved assignment or subletting as a non-curable Breach, Lessor may either: (i) terminate this Lease, or (ii) upon 30 days written notice, increase the monthly Base Rent to 110% of the Base Rent then in effect. Further, in the event of such Breach and rental adjustment, (i) the purchase price of any option to purchase the Premises held by Lessee shall be subject to similar adjustment to 110% of the price previously in effect, and (ii) all fixed and non-fixed rental adjustments scheduled during the remainder of the Lease term shall be increased to 110% of the scheduled adjusted rent.

(e) Lessee's remedy for any breach of Paragraph 12.1 by Lessor shall be limited to compensatory damages and/or injunctive relief.

(f) Lessor may reasonably withhold consent to a proposed assignment or subletting if Lessee is in Default at the time consent is requested.

(g) Notwithstanding the foregoing, allowing a de minimis portion of the Premises, i.e. 20 square feet or less, to be used by a third party vendor in connection with the installation of a vending machine or payphone shall not constitute a subletting.

12.2 **Terms and Conditions Applicable to Assignment and Subletting**.

(a) Regardless of Lessor's consent, no assignment or subletting shall: (i) be effective without the express written assumption by such assignee or sublessee of the obligations of Lessee under this Lease, (ii) release Lessee of any obligations hereunder, or (iii) alter the primary liability of Lessee for the payment of Rent or for the performance of any other obligations to be performed by Lessee.

(b) Lessor may accept Rent or performance of Lessee's obligations from any person other than Lessee pending approval or disapproval of an assignment. Neither a delay in the approval or disapproval of such assignment nor the acceptance of Rent or performance shall constitute a waiver or estoppel of Lessor's right to exercise its remedies for Lessee's Default or Breach.

(c) Lessor's consent to any assignment or subletting shall not constitute a consent to any subsequent assignment or subletting.

(d) In the event of any Default or Breach by Lessee, Lessor may proceed directly against Lessee, any Guarantors or anyone else responsible for the performance of Lessee's obligations under this Lease, including any assignee or sublessee, without first exhausting Lessor's remedies against any other person or entity responsible therefor to Lessor, or any security held by Lessor.

(e) Each request for consent to an assignment or subletting shall be in writing, accompanied by information relevant to Lessor's determination as to the financial and operational responsibility and appropriateness of the proposed assignee or sublessee, including but not limited to the intended use and/or required modification of the Premises, if any, together with a fee of $500 as consideration for Lessor's considering and processing said request. Lessee agrees to provide Lessor with such other or additional information and/or documentation as may be reasonably requested. (See also Paragraph 36)

(f) Any assignee of, or sublessee under, this Lease shall, by reason of accepting such assignment, entering into such sublease, or entering into possession of the Premises or any portion thereof, be deemed to have assumed and agreed to conform and comply with each and every term, covenant, condition and obligation herein to be observed or performed by Lessee during the term of said assignment or sublease, other than such obligations as are contrary to or inconsistent with provisions of an assignment or sublease to which Lessor has specifically consented to in writing.

(g) Lessor's consent to any assignment or subletting shall not transfer to the assignee or sublessee any Option granted to the original Lessee by this Lease

© 2019 AIR CRE. All Rights Reserved.

DRAFT DRAFT DRAFT

unless such transfer is specifically consented to by Lessor in writing. (See Paragraph 39.2)

12.3 **Additional Terms and Conditions Applicable to Subletting**. The following terms and conditions shall apply to any subletting by Lessee of all or any part of the Premises and shall be deemed included in all subleases under this Lease whether or not expressly incorporated therein:

(a) Lessee hereby assigns and transfers to Lessor all of Lessee's interest in all Rent payable on any sublease, and Lessor may collect such Rent and apply same toward Lessee's obligations under this Lease; provided, however, that until a Breach shall occur in the performance of Lessee's obligations, Lessee may collect said Rent. In the event that the amount collected by Lessor exceeds Lessee's then outstanding obligations any such excess shall be refunded to Lessee. Lessor shall not, by reason of the foregoing or any assignment of such sublease, nor by reason of the collection of Rent, be deemed liable to the sublessee for any failure of Lessee to perform and comply with any of Lessee's obligations to such sublessee. Lessee hereby irrevocably authorizes and directs any such sublessee, upon receipt of a written notice from Lessor stating that a Breach exists in the performance of Lessee's obligations under this Lease, to pay to Lessor all Rent due and to become due under the sublease. Sublessee shall rely upon any such notice from Lessor and shall pay all Rents to Lessor without any obligation or right to inquire as to whether such Breach exists, notwithstanding any claim from Lessee to the contrary.

(b) In the event of a Breach by Lessee, Lessor may, at its option, require sublessee to attorn to Lessor, in which event Lessor shall undertake the obligations of the sublessor under such sublease from the time of the exercise of said option to the expiration of such sublease; provided, however, Lessor shall not be liable for any prepaid rents or security deposit paid by such sublessee to such sublessor or for any prior Defaults or Breaches of such sublessor.

(c) Any matter requiring the consent of the sublessor under a sublease shall also require the consent of Lessor.

(d) No sublessee shall further assign or sublet all or any part of the Premises without Lessor's prior written consent.

(e) Lessor shall deliver a copy of any notice of Default or Breach by Lessee to the sublessee, who shall have the right to cure the Default of Lessee within the grace period, if any, specified in such notice. The sublessee shall have a right of reimbursement and offset from and against Lessee for any such Defaults cured by the sublessee.

13. Default; Breach; Remedies.

13.1 **Default; Breach**. A "**Default**" is defined as a failure by the Lessee to comply with or perform any of the terms, covenants, conditions or Rules and Regulations under this Lease. A "**Breach**" is defined as the occurrence of one or more of the following Defaults, and the failure of Lessee to cure such Default within any applicable grace period:

(a) The abandonment of the Premises; the vacating of the Premises prior to the expiration or termination of this Lease without providing a commercially reasonable level of security, or where the coverage of the property insurance described in Paragraph 8.3 is jeopardized as a result thereof, or without providing reasonable assurances to minimize potential vandalism; or failure to deliver to Lessor exclusive possession of the entire Premises in accordance herewith prior to the expiration or termination of this Lease.

(b) The failure of Lessee to (i) make any payment of Rent or any Security Deposit required to be made by Lessee hereunder, whether to Lessor or to a third party, when due; (ii) to provide reasonable evidence of insurance or surety bond; or (iii) to fulfill any obligation under this Lease which endangers or threatens life or property, where such failure continues for a period of 3 business days following written notice to Lessee. THE ACCEPTANCE BY LESSOR OF A PARTIAL PAYMENT OF RENT OR SECURITY DEPOSIT SHALL NOT CONSTITUTE A WAIVER OF ANY OF LESSOR'S RIGHTS, INCLUDING LESSOR'S RIGHT TO RECOVER POSSESSION OF THE PREMISES.

(c) The failure of Lessee to allow Lessor and/or its agents access to the Premises or the commission of waste, act or acts constituting public or private nuisance, and/or an illegal activity on the Premises by Lessee, where such actions continue for a period of 3 business days following written notice to Lessee. In the event that Lessee commits waste, a nuisance or an illegal activity a second time then, the Lessor may elect to treat such conduct as a non-curable Breach rather than a Default.

(d) The failure by Lessee to provide (i) reasonable written evidence of compliance with Applicable Requirements, (ii) the service contracts, (iii) the rescission of an unauthorized assignment or subletting, (iv) an Estoppel Certificate or financial statements, (v) a requested subordination, (vi) evidence concerning any guaranty and/or Guarantor, (vii) any document requested under Paragraph 41, (viii) material safety data sheets (MSDS), or (ix) any other documentation or information which Lessor may reasonably require of Lessee under the terms of this Lease, where any such failure continues for a period of 10 days following written notice to Lessee.

(e) A Default by Lessee as to the terms, covenants, conditions or provisions of this Lease, or of the rules adopted under Paragraph 2.9 hereof, other than those described in subparagraphs 13.1(a), (b), (c) or (d), above, where such Default continues for a period of 30 days after written notice; provided, however, that if the nature of Lessee's Default is such that more than 30 days are reasonably required for its cure, then it shall not be deemed to be a Breach if Lessee commences such cure within said 30 day period and thereafter diligently prosecutes such cure to completion.

(f) The occurrence of any of the following events: (i) the making of any general arrangement or assignment for the benefit of creditors; (ii) becoming a "**debtor**" as defined in 11 U.S.C. § 101 or any successor statute thereto (unless, in the case of a petition filed against Lessee, the same is dismissed within 60 days); (iii) the appointment of a trustee or receiver to take possession of substantially all of Lessee's assets located at the Premises or of Lessee's interest in this Lease, where possession is not restored to Lessee within 30 days; or (iv) the attachment, execution or other judicial seizure of substantially all of Lessee's assets located at the Premises or of Lessee's interest in this Lease, where such seizure is not discharged within 30 days; provided, however, in the event that any provision of this subparagraph is contrary to any applicable law, such provision shall be of no force or effect, and not affect the validity of the remaining provisions.

(g) The discovery that any financial statement of Lessee or of any Guarantor given to Lessor was materially false.

(h) If the performance of Lessee's obligations under this Lease is guaranteed: (i) the death of a Guarantor, (ii) the termination of a Guarantor's liability with respect to this Lease other than in accordance with the terms of such guaranty, (iii) a Guarantor's becoming insolvent or the subject of a bankruptcy filing, (iv) a Guarantor's refusal to honor the guaranty, or (v) a Guarantor's breach of its guaranty obligation on an anticipatory basis, and Lessee's failure, within 60 days following written notice of any such event, to provide written alternative assurance or security, which, when coupled with the then existing resources of Lessee, equals or exceeds the combined financial resources of Lessee and the Guarantors that existed at the time of execution of this Lease.

13.2 **Remedies**. If Lessee fails to perform any of its affirmative duties or obligations, within 10 days after written notice (or in case of an emergency, without notice), Lessor may, at its option, perform such duty or obligation on Lessee's behalf, including but not limited to the obtaining of reasonably required bonds, insurance policies, or governmental licenses, permits or approvals. Lessee shall pay to Lessor an amount equal to 115% of the costs and expenses incurred by Lessor in such performance upon receipt of an invoice therefor. In the event of a Breach, Lessor may, with or without further notice or demand, and without limiting Lessor in the exercise of any right or remedy which Lessor may have by reason of such Breach:

(a) Terminate Lessee's right to possession of the Premises by any lawful means, in which case this Lease shall terminate and Lessee shall immediately surrender possession to Lessor. In such event Lessor shall be entitled to recover from Lessee: (i) the unpaid Rent which had been earned at the time of termination; (ii) the worth at the time of award of the amount by which the unpaid rent which would have been earned after termination until the time of award exceeds the amount of such rental loss that the Lessee proves could have been reasonably avoided; (iii) the worth at the time of award of the amount by which the unpaid rent for the balance of the term after the time of award exceeds the amount of such rental loss that the Lessee proves could be reasonably avoided; and (iv) any other amount

DRAFT DRAFT DRAFT

necessary to compensate Lessor for all the detriment proximately caused by the Lessee's failure to perform its obligations under this Lease or which in the ordinary course of things would be likely to result therefrom, including but not limited to the cost of recovering possession of the Premises, expenses of reletting, including necessary renovation and alteration of the Premises, reasonable attorneys' fees, and that portion of any leasing commission paid by Lessor in connection with this Lease applicable to the unexpired term of this Lease. The worth at the time of award of the amount referred to in provision (iii) of the immediately preceding sentence shall be computed by discounting such amount at the discount rate of the Federal Reserve Bank of the District within which the Premises are located at the time of award plus one percent. Efforts by Lessor to mitigate damages caused by Lessee's Breach of this Lease shall not waive Lessor's right to recover any damages to which Lessor is otherwise entitled. If termination of this Lease is obtained through the provisional remedy of unlawful detainer, Lessor shall have the right to recover in such proceeding any unpaid Rent and damages as are recoverable therein, or Lessor may reserve the right to recover all or any part thereof in a separate suit. If a notice and grace period required under Paragraph 13.1 was not previously given, a notice to pay rent or quit, or to perform or quit given to Lessee under the unlawful detainer statute shall also constitute the notice required by Paragraph 13.1. In such case, the applicable grace period required by Paragraph 13.1 and the unlawful detainer statute shall run concurrently, and the failure of Lessee to cure the Default within the greater of the two such grace periods shall constitute both an unlawful detainer and a Breach of this Lease entitling Lessor to the remedies provided for in this Lease and/or by said statute.

(b) Continue the Lease and Lessee's right to possession and recover the Rent as it becomes due, in which event Lessee may sublet or assign, subject only to reasonable limitations. Acts of maintenance, efforts to relet, and/or the appointment of a receiver to protect the Lessor's interests, shall not constitute a termination of the Lessee's right to possession.

(c) Pursue any other remedy now or hereafter available under the laws or judicial decisions of the state wherein the Premises are located. The expiration or termination of this Lease and/or the termination of Lessee's right to possession shall not relieve Lessee from liability under any indemnity provisions of this Lease as to matters occurring or accruing during the term hereof or by reason of Lessee's occupancy of the Premises.

13.3 **Inducement Recapture.** Any agreement for free or abated rent or other charges, the cost of tenant improvements for Lessee paid for or performed by Lessor, or for the giving or paying by Lessor to or for Lessee of any cash or other bonus, inducement or consideration for Lessee's entering into this Lease, all of which concessions are hereinafter referred to as "**Inducement Provisions**," shall be deemed conditioned upon Lessee's full and faithful performance of all of the terms, covenants and conditions of this Lease. Upon Breach of this Lease by Lessee, any such Inducement Provision shall automatically be deemed deleted from this Lease and of no further force or effect, and any rent, other charge, bonus, inducement or consideration theretofore abated, given or paid by Lessor under such an Inducement Provision shall be immediately due and payable by Lessee to Lessor, notwithstanding any subsequent cure of said Breach by Lessee. The acceptance by Lessor of rent or the cure of the Breach which initiated the operation of this paragraph shall not be deemed a waiver by Lessor of the provisions of this paragraph unless specifically so stated in writing by Lessor at the time of such acceptance.

13.4 **Late Charges.** Lessee hereby acknowledges that late payment by Lessee of Rent will cause Lessor to incur costs not contemplated by this Lease, the exact amount of which will be extremely difficult to ascertain. Such costs include, but are not limited to, processing and accounting charges, and late charges which may be imposed upon Lessor by any Lender. Accordingly, if any Rent shall not be received by Lessor within 5 days after such amount shall be due, then, without any requirement for notice to Lessee, Lessee shall immediately pay to Lessor a one-time late charge equal to 10% of each such overdue amount or $100, whichever is greater. The Parties hereby agree that such late charge represents a fair and reasonable estimate of the costs Lessor will incur by reason of such late payment. Acceptance of such late charge by Lessor shall in no event constitute a waiver of Lessee's Default or Breach with respect to such overdue amount, nor prevent the exercise of any of the other rights and remedies granted hereunder. In the event that a late charge is payable hereunder, whether or not collected, for 3 consecutive installments of Base Rent, then notwithstanding any provision of this Lease to the contrary, Base Rent shall, at Lessor's option, become due and payable quarterly in advance.

13.5 **Interest.** Any monetary payment due Lessor hereunder, other than late charges, not received by Lessor, when due shall bear interest from the 31st day after it was due. The interest ("**Interest**") charged shall be computed at the rate of 10% per annum but shall not exceed the maximum rate allowed by law. Interest is payable in addition to the potential late charge provided for in Paragraph 13.4.

13.6 **Breach by Lessor.**

(a) **Notice of Breach.** Lessor shall not be deemed in breach of this Lease unless Lessor fails within a reasonable time to perform an obligation required to be performed by Lessor. For purposes of this Paragraph, a reasonable time shall in no event be less than 30 days after receipt by Lessor, and any Lender whose name and address shall have been furnished to Lessee in writing for such purpose, of written notice specifying wherein such obligation of Lessor has not been performed; provided, however, that if the nature of Lessor's obligation is such that more than 30 days are reasonably required for its performance, then Lessor shall not be in breach if performance is commenced within such 30 day period and thereafter diligently pursued to completion.

(b) **Performance by Lessee on Behalf of Lessor**. In the event that neither Lessor nor Lender cures said breach within 30 days after receipt of said notice, or if having commenced said cure they do not diligently pursue it to completion, then Lessee may elect to cure said breach at Lessee's expense and offset from Rent the actual and reasonable cost to perform such cure, provided, however, that such offset shall not exceed an amount equal to the greater of one month's Base Rent or the Security Deposit, reserving Lessee's right to reimbursement from Lessor for any such expense in excess of such offset. Lessee shall document the cost of said cure and supply said documentation to Lessor.

14. Condemnation. If the Premises or any portion thereof are taken under the power of eminent domain or sold under the threat of the exercise of said power (collectively "**Condemnation**"), this Lease shall terminate as to the part taken as of the date the condemning authority takes title or possession, whichever first occurs. If more than 10% of the floor area of the Unit, or more than 25% of the parking spaces is taken by Condemnation, Lessee may, at Lessee's option, to be exercised in writing within 10 days after Lessor shall have given Lessee written notice of such taking (or in the absence of such notice, within 10 days after the condemning authority shall have taken possession) terminate this Lease as of the date the condemning authority takes such possession. If Lessee does not terminate this Lease in accordance with the foregoing, this Lease shall remain in full force and effect as to the portion of the Premises remaining, except that the Base Rent shall be reduced in proportion to the reduction in utility of the Premises caused by such Condemnation. Condemnation awards and/or payments shall be the property of Lessor, whether such award shall be made as compensation for diminution in value of the leasehold, the value of the part taken, or for severance damages; provided, however, that Lessee shall be entitled to any compensation paid by the condemnor for Lessee's relocation expenses, loss of business goodwill and/or Trade Fixtures, without regard to whether or not this Lease is terminated pursuant to the provisions of this Paragraph. All Alterations and Utility Installations made to the Premises by Lessee, for purposes of Condemnation only, shall be considered the property of the Lessee and Lessee shall be entitled to any and all compensation which is payable therefor. In the event that this Lease is not terminated by reason of the Condemnation, Lessor shall repair any damage to the Premises caused by such Condemnation.

15. Brokerage Fees.

15.1 **Additional Commission**. In addition to the payments owed pursuant to Paragraph 1.10 above, Lessor agrees that: (a) if Lessee exercises any Option, (b) if Lessee or anyone affiliated with Lessee acquires from Lessor any rights to the Premises or other premises owned by Lessor and located within the Project, (c) if Lessee remains in possession of the Premises, with the consent of Lessor, after the expiration of this Lease, or (d) if Base Rent is increased, whether by agreement or

© 2019 AIR CRE. All Rights Reserved.

DRAFT DRAFT DRAFT

operation of an escalation clause herein, then, Lessor shall pay Brokers a fee in accordance with the fee schedule of the Brokers in effect at the time the Lease was executed. The provisions of this paragraph are intended to supersede the provisions of any earlier agreement to the contrary.

15.2 **Assumption of Obligations**. Any buyer or transferee of Lessor's interest in this Lease shall be deemed to have assumed Lessor's obligation hereunder. Brokers shall be third party beneficiaries of the provisions of Paragraphs 1.10, 15, 22 and 31. If Lessor fails to pay to Brokers any amounts due as and for brokerage fees pertaining to this Lease when due, then such amounts shall accrue Interest. In addition, if Lessor fails to pay any amounts to Lessee's Broker when due, Lessee's Broker may send written notice to Lessor and Lessee of such failure and if Lessor fails to pay such amounts within 10 days after said notice, Lessee shall pay said monies to its Broker and offset such amounts against Rent. In addition, Lessee's Broker shall be deemed to be a third party beneficiary of any commission agreement entered into by and/or between Lessor and Lessor's Broker for the limited purpose of collecting any brokerage fee owed.

15.3 **Representations and Indemnities of Broker Relationships**. Lessee and Lessor each represent and warrant to the other that it has had no dealings with any person, firm, broker, agent or finder (other than the Brokers and Agents, if any) in connection with this Lease, and that no one other than said named Brokers and Agents is entitled to any commission or finder's fee in connection herewith. Lessee and Lessor do each hereby agree to indemnify, protect, defend and hold the other harmless from and against liability for compensation or charges which may be claimed by any such unnamed broker, finder or other similar party by reason of any dealings or actions of the indemnifying Party, including any costs, expenses, attorneys' fees reasonably incurred with respect thereto.

16. Estoppel Certificates.

(a) Each Party (as "**Responding Party**") shall within 10 days after written notice from the other Party (the "**Requesting Party**") execute, acknowledge and deliver to the Requesting Party a statement in writing in form similar to the then most current "**Estoppel Certificate**" form published by AIR CRE, plus such additional information, confirmation and/or statements as may be reasonably requested by the Requesting Party.

(b) If the Responding Party shall fail to execute or deliver the Estoppel Certificate within such 10 day period, the Requesting Party may execute an Estoppel Certificate stating that: (i) the Lease is in full force and effect without modification except as may be represented by the Requesting Party, (ii) there are no uncured defaults in the Requesting Party's performance, and (iii) if Lessor is the Requesting Party, not more than one month's rent has been paid in advance. Prospective purchasers and encumbrancers may rely upon the Requesting Party's Estoppel Certificate, and the Responding Party shall be estopped from denying the truth of the facts contained in said Certificate. In addition, Lessee acknowledges that any failure on its part to provide such an Estoppel Certificate will expose Lessor to risks and potentially cause Lessor to incur costs not contemplated by this Lease, the extent of which will be extremely difficult to ascertain. Accordingly, should the Lessee fail to execute and/or deliver a requested Estoppel Certificate in a timely fashion the monthly Base Rent shall be automatically increased, without any requirement for notice to Lessee, by an amount equal to 10% of the then existing Base Rent or $100, whichever is greater for remainder of the Lease. The Parties agree that such increase in Base Rent represents fair and reasonable compensation for the additional risk/costs that Lessor will incur by reason of Lessee's failure to provide the Estoppel Certificate. Such increase in Base Rent shall in no event constitute a waiver of Lessee's Default or Breach with respect to the failure to provide the Estoppel Certificate nor prevent the exercise of any of the other rights and remedies granted hereunder.

(c) If Lessor desires to finance, refinance, or sell the Premises, or any part thereof, Lessee and all Guarantors shall within 10 days after written notice from Lessor deliver to any potential lender or purchaser designated by Lessor such financial statements as may be reasonably required by such lender or purchaser, including but not limited to Lessee's financial statements for the past 3 years. All such financial statements shall be received by Lessor and such lender or purchaser in confidence and shall be used only for the purposes herein set forth.

17. Definition of Lessor. The term "**Lessor**" as used herein shall mean the owner or owners at the time in question of the fee title to the Premises, or, if this is a sublease, of the Lessee's interest in the prior lease. In the event of a transfer of Lessor's title or interest in the Premises or this Lease, Lessor shall deliver to the transferee or assignee (in cash or by credit) any unused Security Deposit held by Lessor. Upon such transfer or assignment and delivery of the Security Deposit, as aforesaid, the prior Lessor shall be relieved of all liability with respect to the obligations and/or covenants under this Lease thereafter to be performed by the Lessor. Subject to the foregoing, the obligations and/or covenants in this Lease to be performed by the Lessor shall be binding only upon the Lessor as hereinabove defined.

18. Severability. The invalidity of any provision of this Lease, as determined by a court of competent jurisdiction, shall in no way affect the validity of any other provision hereof.

19. Days. Unless otherwise specifically indicated to the contrary, the word "**days**" as used in this Lease shall mean and refer to calendar days.

20. Limitation on Liability. The obligations of Lessor under this Lease shall not constitute personal obligations of Lessor, or its partners, members, directors, officers or shareholders, and Lessee shall look to the Premises, and to no other assets of Lessor, for the satisfaction of any liability of Lessor with respect to this Lease, and shall not seek recourse against Lessor's partners, members, directors, officers or shareholders, or any of their personal assets for such satisfaction.

21. Time of Essence. Time is of the essence with respect to the performance of all obligations to be performed or observed by the Parties under this Lease.

22. No Prior or Other Agreements; Broker Disclaimer. This Lease contains all agreements between the Parties with respect to any matter mentioned herein, and no other prior or contemporaneous agreement or understanding shall be effective. Lessor and Lessee each represents and warrants to the Brokers that it has made, and is relying solely upon, its own investigation as to the nature, quality, character and financial responsibility of the other Party to this Lease and as to the use, nature, quality and character of the Premises. Brokers have no responsibility with respect thereto or with respect to any default or breach hereof by either Party.

23. Notices.

23.1 **Notice Requirements**. All notices required or permitted by this Lease or applicable law shall be in writing and may be delivered in person (by hand or by courier) or may be sent by regular, certified or registered mail or U.S. Postal Service Express Mail, with postage prepaid, or by facsimile transmission, or by email, and shall be deemed sufficiently given if served in a manner specified in this Paragraph 23. The addresses noted adjacent to a Party's signature on this Lease shall be that Party's address for delivery or mailing of notices. Either Party may by written notice to the other specify a different address for notice, except that upon Lessee's taking possession of the Premises, the Premises shall constitute Lessee's address for notice. A copy of all notices to Lessor shall be concurrently transmitted to such party or parties at such addresses as Lessor may from time to time hereafter designate in writing.

23.2 **Date of Notice**. Any notice sent by registered or certified mail, return receipt requested, shall be deemed given on the date of delivery shown on the receipt card, or if no delivery date is shown, the postmark thereon. If sent by regular mail the notice shall be deemed given 72 hours after the same is addressed as required herein and mailed with postage prepaid. Notices delivered by United States Express Mail or overnight courier that guarantees next day delivery shall be deemed given 24 hours after delivery of the same to the Postal Service or courier. Notices delivered by hand, or transmitted by facsimile transmission or by email shall be deemed delivered upon actual receipt. If notice is received on a Saturday, Sunday or legal holiday, it shall be deemed received on the next business day.

23.3 **Options.** Notwithstanding the foregoing, in order to exercise any Options (see paragraph 39), the Notice must be sent by Certified Mail (return receipt requested), Express Mail (signature required), courier (signature required) or some other methodology that provides a receipt establishing the date the notice was

DRAFT DRAFT

received by the Lessor.

24. Waivers.

(a) No waiver by Lessor of the Default or Breach of any term, covenant or condition hereof by Lessee, shall be deemed a waiver of any other term, covenant or condition hereof, or of any subsequent Default or Breach by Lessee of the same or of any other term, covenant or condition hereof. Lessor's consent to, or approval of, any act shall not be deemed to render unnecessary the obtaining of Lessor's consent to, or approval of, any subsequent or similar act by Lessee, or be construed as the basis of an estoppel to enforce the provision or provisions of this Lease requiring such consent.

(b) The acceptance of Rent by Lessor shall not be a waiver of any Default or Breach by Lessee. Any payment by Lessee may be accepted by Lessor on account of monies or damages due Lessor, notwithstanding any qualifying statements or conditions made by Lessee in connection therewith, which such statements and/or conditions shall be of no force or effect whatsoever unless specifically agreed to in writing by Lessor at or before the time of deposit of such payment.

(c) THE PARTIES AGREE THAT THE TERMS OF THIS LEASE SHALL GOVERN WITH REGARD TO ALL MATTERS RELATED THERETO AND HEREBY WAIVE THE PROVISIONS OF ANY PRESENT OR FUTURE STATUTE TO THE EXTENT THAT SUCH STATUTE IS INCONSISTENT WITH THIS LEASE.

25. Disclosures Regarding the Nature of a Real Estate Agency Relationship.

(a) When entering into a discussion with a real estate agent regarding a real estate transaction, a Lessor or Lessee should from the outset understand what type of agency relationship or representation it has with the agent or agents in the transaction. Lessor and Lessee acknowledge being advised by the Brokers in this transaction, as follows:

(i) *Lessor's Agent*. A Lessor's agent under a listing agreement with the Lessor acts as the agent for the Lessor only. A Lessor's agent or subagent has the following affirmative obligations: *To the Lessor*: A fiduciary duty of utmost care, integrity, honesty, and loyalty in dealings with the Lessor. *To the Lessee and the Lessor*: (a) Diligent exercise of reasonable skills and care in performance of the agent's duties. (b) A duty of honest and fair dealing and good faith. (c) A duty to disclose all facts known to the agent materially affecting the value or desirability of the property that are not known to, or within the diligent attention and observation of, the Parties. An agent is not obligated to reveal to either Party any confidential information obtained from the other Party which does not involve the affirmative duties set forth above.

(ii) *Lessee's Agent*. An agent can agree to act as agent for the Lessee only. In these situations, the agent is not the Lessor's agent, even if by agreement the agent may receive compensation for services rendered, either in full or in part from the Lessor. An agent acting only for a Lessee has the following affirmative obligations. *To the Lessee*: A fiduciary duty of utmost care, integrity, honesty, and loyalty in dealings with the Lessee. *To the Lessee and the Lessor*: (a) Diligent exercise of reasonable skills and care in performance of the agent's duties. (b) A duty of honest and fair dealing and good faith. (c) A duty to disclose all facts known to the agent materially affecting the value or desirability of the property that are not known to, or within the diligent attention and observation of, the Parties. An agent is not obligated to reveal to either Party any confidential information obtained from the other Party which does not involve the affirmative duties set forth above.

(iii) *Agent Representing Both Lessor and Lessee*. A real estate agent, either acting directly or through one or more associate licensees, can legally be the agent of both the Lessor and the Lessee in a transaction, but only with the knowledge and consent of both the Lessor and the Lessee. In a dual agency situation, the agent has the following affirmative obligations to both the Lessor and the Lessee: (a) A fiduciary duty of utmost care, integrity, honesty and loyalty in the dealings with either Lessor or the Lessee. (b) Other duties to the Lessor and the Lessee as stated above in subparagraphs (i) or (ii). In representing both Lessor and Lessee, the agent may not, without the express permission of the respective Party, disclose to the other Party confidential information, including, but not limited to, facts relating to either Lessee's or Lessor's financial position, motivations, bargaining position, or other personal information that may impact rent, including Lessor's willingness to accept a rent less than the listing rent or Lessee's willingness to pay rent greater than the rent offered. The above duties of the agent in a real estate transaction do not relieve a Lessor or Lessee from the responsibility to protect their own interests. Lessor and Lessee should carefully read all agreements to assure that they adequately express their understanding of the transaction. A real estate agent is a person qualified to advise about real estate. If legal or tax advice is desired, consult a competent professional. Both Lessor and Lessee should strongly consider obtaining tax advice from a competent professional because the federal and state tax consequences of a transaction can be complex and subject to change.

(b) Brokers have no responsibility with respect to any default or breach hereof by either Party. The Parties agree that no lawsuit or other legal proceeding involving any breach of duty, error or omission relating to this Lease may be brought against Broker more than one year after the Start Date and that the liability (including court costs and attorneys' fees), of any Broker with respect to any such lawsuit and/or legal proceeding shall not exceed the fee received by such Broker pursuant to this Lease; provided, however, that the foregoing limitation on each Broker's liability shall not be applicable to any gross negligence or willful misconduct of such Broker.

(c) *Confidential Information.* Lessor and Lessee agree to identify to Brokers as "Confidential" any communication or information given Brokers that is considered by such Party to be confidential.

26. No Right To Holdover. Lessee has no right to retain possession of the Premises or any part thereof beyond the expiration or termination of this Lease. At or prior to the expiration or termination of this Lease Lessee shall deliver exclusive possession of the Premises to Lessor. For purposes of this provision and Paragraph 13.1(a), exclusive possession shall mean that Lessee shall have vacated the Premises, removed all of its personal property therefrom and that the Premises have been returned in the condition specified in this Lease. In the event that Lessee does not deliver exclusive possession to Lessor as specified above, then Lessor's damages during any holdover period shall be computed at the amount of the Rent (as defined in Paragraph 4.1) due during the last full month before the expiration or termination of this Lease (disregarding any temporary abatement of Rent that may have been in effect), but with Base Rent being 150% of the Base Rent payable during such last full month. Nothing contained herein shall be construed as consent by Lessor to any holding over by Lessee.

27. Cumulative Remedies. No remedy or election hereunder shall be deemed exclusive but shall, wherever possible, be cumulative with all other remedies at law or in equity.

28. Covenants and Conditions; Construction of Agreement. All provisions of this Lease to be observed or performed by Lessee are both covenants and conditions. In construing this Lease, all headings and titles are for the convenience of the Parties only and shall not be considered a part of this Lease. Whenever required by the context, the singular shall include the plural and vice versa. This Lease shall not be construed as if prepared by one of the Parties, but rather according to its fair meaning as a whole, as if both Parties had prepared it.

29. Binding Effect; Choice of Law. This Lease shall be binding upon the Parties, their personal representatives, successors and assigns and be governed by the laws of the State in which the Premises are located. Any litigation between the Parties hereto concerning this Lease shall be initiated in the county in which the Premises are located. Signatures to this Lease accomplished by means of electronic signature or similar technology shall be legal and binding.

30. Subordination; Attornment; Non-Disturbance.

DRAFT DRAFT

30.1 **Subordination**. This Lease and any Option granted hereby shall be subject and subordinate to any ground lease, mortgage, deed of trust, or other hypothecation or security device (collectively, "**Security Device**"), now or hereafter placed upon the Premises, to any and all advances made on the security thereof, and to all renewals, modifications, and extensions thereof. Lessee agrees that the holders of any such Security Devices (in this Lease together referred to as "**Lender**") shall have no liability or obligation to perform any of the obligations of Lessor under this Lease. Any Lender may elect to have this Lease and/or any Option granted hereby superior to the lien of its Security Device by giving written notice thereof to Lessee, whereupon this Lease and such Options shall be deemed prior to such Security Device, notwithstanding the relative dates of the documentation or recordation thereof.

30.2 **Attornment.** In the event that Lessor transfers title to the Premises, or the Premises are acquired by another upon the foreclosure or termination of a Security Device to which this Lease is subordinated (i) Lessee shall, subject to the non-disturbance provisions of Paragraph 30.3, attorn to such new owner, and upon request, enter into a new lease, containing all of the terms and provisions of this Lease, with such new owner for the remainder of the term hereof, or, at the election of the new owner, this Lease will automatically become a new lease between Lessee and such new owner, and (ii) Lessor shall thereafter be relieved of any further obligations hereunder and such new owner shall assume all of Lessor's obligations, except that such new owner shall not: (a) be liable for any act or omission of any prior lessor or with respect to events occurring prior to acquisition of ownership; (b) be subject to any offsets or defenses which Lessee might have against any prior lessor, (c) be bound by prepayment of more than one month's rent, or (d) be liable for the return of any security deposit paid to any prior lessor which was not paid or credited to such new owner.

30.3 **Non-Disturbance**. With respect to Security Devices entered into by Lessor after the execution of this Lease, Lessee's subordination of this Lease shall be subject to receiving a commercially reasonable non-disturbance agreement (a "**Non-Disturbance Agreement**") from the Lender which Non-Disturbance Agreement provides that Lessee's possession of the Premises, and this Lease, including any options to extend the term hereof, will not be disturbed so long as Lessee is not in Breach hereof and attorns to the record owner of the Premises. Further, within 60 days after the execution of this Lease, Lessor shall, if requested by Lessee, use its commercially reasonable efforts to obtain a Non-Disturbance Agreement from the holder of any pre-existing Security Device which is secured by the Premises. In the event that Lessor is unable to provide the Non-Disturbance Agreement within said 60 days, then Lessee may, at Lessee's option, directly contact Lender and attempt to negotiate for the execution and delivery of a Non-Disturbance Agreement.

30.4 **Self-Executing**. The agreements contained in this Paragraph 30 shall be effective without the execution of any further documents; provided, however, that, upon written request from Lessor or a Lender in connection with a sale, financing or refinancing of the Premises, Lessee and Lessor shall execute such further writings as may be reasonably required to separately document any subordination, attornment and/or Non-Disturbance Agreement provided for herein.

31. Attorneys' Fees. If any Party or Broker brings an action or proceeding involving the Premises whether founded in tort, contract or equity, or to declare rights hereunder, the Prevailing Party (as hereafter defined) in any such proceeding, action, or appeal thereon, shall be entitled to reasonable attorneys' fees. Such fees may be awarded in the same suit or recovered in a separate suit, whether or not such action or proceeding is pursued to decision or judgment. The term, "**Prevailing Party**" shall include, without limitation, a Party or Broker who substantially obtains or defeats the relief sought, as the case may be, whether by compromise, settlement, judgment, or the abandonment by the other Party or Broker of its claim or defense. The attorneys' fees award shall not be computed in accordance with any court fee schedule, but shall be such as to fully reimburse all attorneys' fees reasonably incurred. In addition, Lessor shall be entitled to attorneys' fees, costs and expenses incurred in the preparation and service of notices of Default and consultations in connection therewith, whether or not a legal action is subsequently commenced in connection with such Default or resulting Breach ($200 is a reasonable minimum per occurrence for such services and consultation).

32. Lessor's Access; Showing Premises; Repairs. Lessor and Lessor's agents shall have the right to enter the Premises at any time, in the case of an emergency, and otherwise at reasonable times after reasonable prior notice for the purpose of showing the same to prospective purchasers, lenders, or tenants, and making such alterations, repairs, improvements or additions to the Premises as Lessor may deem necessary or desirable and the erecting, using and maintaining of utilities, services, pipes and conduits through the Premises and/or other premises as long as there is no material adverse effect on Lessee's use of the Premises. All such activities shall be without abatement of rent or liability to Lessee.

33. Auctions. Lessee shall not conduct, nor permit to be conducted, any auction upon the Premises without Lessor's prior written consent. Lessor shall not be obligated to exercise any standard of reasonableness in determining whether to permit an auction.

34. Signs. Lessor may place on the Premises ordinary "For Sale" signs at any time and ordinary "For Lease" signs during the last 6 months of the term hereof. Except for ordinary "For Sublease" signs which may be placed only on the Premises, Lessee shall not place any sign upon the Project without Lessor's prior written consent. All signs must comply with all Applicable Requirements.

35. Termination; Merger. Unless specifically stated otherwise in writing by Lessor, the voluntary or other surrender of this Lease by Lessee, the mutual termination or cancellation hereof, or a termination hereof by Lessor for Breach by Lessee, shall automatically terminate any sublease or lesser estate in the Premises; provided, however, that Lessor may elect to continue any one or all existing subtenancies. Lessor's failure within 10 days following any such event to elect to the contrary by written notice to the holder of any such lesser interest, shall constitute Lessor's election to have such event constitute the termination of such interest.

36. Consents. All requests for consent shall be in writing. Except as otherwise provided herein, wherever in this Lease the consent of a Party is required to an act by or for the other Party, such consent shall not be unreasonably withheld or delayed. Lessor's actual reasonable costs and expenses (including but not limited to architects', attorneys', engineers' and other consultants' fees) incurred in the consideration of, or response to, a request by Lessee for any Lessor consent, including but not limited to consents to an assignment, a subletting or the presence or use of a Hazardous Substance, shall be paid by Lessee upon receipt of an invoice and supporting documentation therefor. Lessor's consent to any act, assignment or subletting shall not constitute an acknowledgment that no Default or Breach by Lessee of this Lease exists, nor shall such consent be deemed a waiver of any then existing Default or Breach, except as may be otherwise specifically stated in writing by Lessor at the time of such consent. The failure to specify herein any particular condition to Lessor's consent shall not preclude the imposition by Lessor at the time of consent of such further or other conditions as are then reasonable with reference to the particular matter for which consent is being given. In the event that either Party disagrees with any determination made by the other hereunder and reasonably requests the reasons for such determination, the determining party shall furnish its reasons in writing and in reasonable detail within 10 business days following such request.

37. Guarantor.

37.1 **Execution.** The Guarantors, if any, shall each execute a guaranty in the form most recently published by AIR CRE.

37.2 **Default.** It shall constitute a Default of the Lessee if any Guarantor fails or refuses, upon request to provide: (a) evidence of the execution of the guaranty, including the authority of the party signing on Guarantor's behalf to obligate Guarantor, and in the case of a corporate Guarantor, a certified copy of a resolution of its board of directors authorizing the making of such guaranty, (b) current financial statements, (c) an Estoppel Certificate, or (d) written confirmation that the guaranty is still in effect.

DRAFT DRAFT DRAFT

38. Quiet Possession. Subject to payment by Lessee of the Rent and performance of all of the covenants, conditions and provisions on Lessee's part to be observed and performed under this Lease, Lessee shall have quiet possession and quiet enjoyment of the Premises during the term hereof.

39. Options. If Lessee is granted any Option, as defined below, then the following provisions shall apply.

39.1 **Definition**. "**Option**" shall mean: (a) the right to extend or reduce the term of or renew this Lease or to extend or reduce the term of or renew any lease that Lessee has on other property of Lessor; (b) the right of first refusal or first offer to lease either the Premises or other property of Lessor; (c) the right to purchase, the right of first offer to purchase or the right of first refusal to purchase the Premises or other property of Lessor.

39.2 **Options Personal To Original Lessee**. Any Option granted to Lessee in this Lease is personal to the original Lessee, and cannot be assigned or exercised by anyone other than said original Lessee and only while the original Lessee is in full possession of the Premises and, if requested by Lessor, with Lessee certifying that Lessee has no intention of thereafter assigning or subletting.

39.3 **Multiple Options**. In the event that Lessee has any multiple Options to extend or renew this Lease, a later Option cannot be exercised unless the prior Options have been validly exercised.

39.4 **Effect of Default on Options**.

(a) Lessee shall have no right to exercise an Option: (i) during the period commencing with the giving of any notice of Default and continuing until said Default is cured, (ii) during the period of time any Rent is unpaid (without regard to whether notice thereof is given Lessee), (iii) during the time Lessee is in Breach of this Lease, or (iv) in the event that Lessee has been given 3 or more notices of separate Default, whether or not the Defaults are cured, during the 12 month period immediately preceding the exercise of the Option.

(b) The period of time within which an Option may be exercised shall not be extended or enlarged by reason of Lessee's inability to exercise an Option because of the provisions of Paragraph 39.4(a).

(c) An Option shall terminate and be of no further force or effect, notwithstanding Lessee's due and timely exercise of the Option, if, after such exercise and prior to the commencement of the extended term or completion of the purchase, (i) Lessee fails to pay Rent for a period of 30 days after such Rent becomes due (without any necessity of Lessor to give notice thereof), or (ii) if Lessee commits a Breach of this Lease.

40. Security Measures. Lessee hereby acknowledges that the Rent payable to Lessor hereunder does not include the cost of guard service or other security measures, and that Lessor shall have no obligation whatsoever to provide same. Lessee assumes all responsibility for the protection of the Premises, Lessee, its agents and invitees and their property from the acts of third parties.

41. Reservations. Lessor reserves the right: (i) to grant, without the consent or joinder of Lessee, such easements, rights and dedications that Lessor deems necessary; (ii) to cause the recordation of parcel maps and restrictions; and (iii) to create and/or install new utility raceways, so long as such easements, rights, dedications, maps, restrictions, and utility raceways do not unreasonably interfere with the use of the Premises by Lessee. Lessee agrees to sign any documents reasonably requested by Lessor to effectuate such rights.

42. Performance Under Protest. If at any time a dispute shall arise as to any amount or sum of money to be paid by one Party to the other under the provisions hereof, the Party against whom the obligation to pay the money is asserted shall have the right to make payment "under protest" and such payment shall not be regarded as a voluntary payment and there shall survive the right on the part of said Party to institute suit for recovery of such sum. If it shall be adjudged that there was no legal obligation on the part of said Party to pay such sum or any part thereof, said Party shall be entitled to recover such sum or so much thereof as it was not legally required to pay. A Party who does not initiate suit for the recovery of sums paid "under protest" within 6 months shall be deemed to have waived its right to protest such payment.

43. Authority; Multiple Parties; Execution.

(a) If either Party hereto is a corporation, trust, limited liability company, partnership, or similar entity, each individual executing this Lease on behalf of such entity represents and warrants that he or she is duly authorized to execute and deliver this Lease on its behalf. Each Party shall, within 30 days after request, deliver to the other Party satisfactory evidence of such authority.

(b) If this Lease is executed by more than one person or entity as "Lessee", each such person or entity shall be jointly and severally liable hereunder. It is agreed that any one of the named Lessees shall be empowered to execute any amendment to this Lease, or other document ancillary thereto and bind all of the named Lessees, and Lessor may rely on the same as if all of the named Lessees had executed such document.

(c) This Lease may be executed by the Parties in counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same instrument.

44. Conflict. Any conflict between the printed provisions of this Lease and the typewritten or handwritten provisions shall be controlled by the typewritten or handwritten provisions.

45. Offer. Preparation of this Lease by either Party or their agent and submission of same to the other Party shall not be deemed an offer to lease to the other Party. This Lease is not intended to be binding until executed and delivered by all Parties hereto.

46. Amendments. This Lease may be modified only in writing, signed by the Parties in interest at the time of the modification. As long as they do not materially change Lessee's obligations hereunder, Lessee agrees to make such reasonable non-monetary modifications to this Lease as may be reasonably required by a Lender in connection with the obtaining of normal financing or refinancing of the Premises.

47. Waiver of Jury Trial. THE PARTIES HEREBY WAIVE THEIR RESPECTIVE RIGHTS TO TRIAL BY JURY IN ANY ACTION OR PROCEEDING INVOLVING THE PROPERTY OR ARISING OUT OF THIS AGREEMENT.

48. Arbitration of Disputes. An Addendum requiring the Arbitration of all disputes between the Parties and/or Brokers arising out of this Lease ☐ is ☐ is not attached to this Lease.

49. Accessibility; Americans with Disabilities Act.

(a) The Premises:

☐ have not undergone an inspection by a Certified Access Specialist (CASp). Note: A Certified Access Specialist (CASp) can inspect the subject premises and determine whether the subject premises comply with all of the applicable construction-related accessibility standards under state law. Although state law does not require a CASp inspection of the subject premises, the commercial property owner or lessor may not prohibit the lessee or tenant from obtaining a CASp inspection of the subject premises for the occupancy or potential occupancy of the lessee or tenant, if requested by the lessee or tenant. The parties shall mutually agree on the

DRAFT DRAFT DRAFT

arrangements for the time and manner of the CASp inspection, the payment of the fee for the CASp inspection, and the cost of making any repairs necessary to correct violations of construction-related accessibility standards within the premises.

☐ have undergone an inspection by a Certified Access Specialist (CASp) and it was determined that the Premises met all applicable construction-related accessibility standards pursuant to California Civil Code §55.51 et seq. Lessee acknowledges that it received a copy of the inspection report at least 48 hours prior to executing this Lease and agrees to keep such report confidential.

☐ have undergone an inspection by a Certified Access Specialist (CASp) and it was determined that the Premises did not meet all applicable construction-related accessibility standards pursuant to California Civil Code §55.51 et seq. Lessee acknowledges that it received a copy of the inspection report at least 48 hours prior to executing this Lease and agrees to keep such report confidential except as necessary to complete repairs and corrections of violations of construction related accessibility standards.

In the event that the Premises have been issued an inspection report by a CASp the Lessor shall provide a copy of the disability access inspection certificate to Lessee within 7 days of the execution of this Lease.

(b) Since compliance with the Americans with Disabilities Act (ADA) and other state and local accessibility statutes are dependent upon Lessee's specific use of the Premises, Lessor makes no warranty or representation as to whether or not the Premises comply with ADA or any similar legislation. In the event that Lessee's use of the Premises requires modifications or additions to the Premises in order to be in compliance with ADA or other accessibility statutes, Lessee agrees to make any such necessary modifications and/or additions at Lessee's expense.

LESSOR AND LESSEE HAVE CAREFULLY READ AND REVIEWED THIS LEASE AND EACH TERM AND PROVISION CONTAINED HEREIN, AND BY THE EXECUTION OF THIS LEASE SHOW THEIR INFORMED AND VOLUNTARY CONSENT THERETO. THE PARTIES HEREBY AGREE THAT, AT THE TIME THIS LEASE IS EXECUTED, THE TERMS OF THIS LEASE ARE COMMERCIALLY REASONABLE AND EFFECTUATE THE INTENT AND PURPOSE OF LESSOR AND LESSEE WITH RESPECT TO THE PREMISES.

ATTENTION: NO REPRESENTATION OR RECOMMENDATION IS MADE BY AIR CRE OR BY ANY REAL ESTATE BROKER AS TO THE LEGAL SUFFICIENCY, LEGAL EFFECT, OR TAX CONSEQUENCES OF THIS LEASE OR THE TRANSACTION TO WHICH IT RELATES. THE PARTIES ARE URGED TO:
1. SEEK ADVICE OF COUNSEL AS TO THE LEGAL AND TAX CONSEQUENCES OF THIS LEASE.
2. RETAIN APPROPRIATE CONSULTANTS TO REVIEW AND INVESTIGATE THE CONDITION OF THE PREMISES. SAID INVESTIGATION SHOULD INCLUDE BUT NOT BE LIMITED TO: THE POSSIBLE PRESENCE OF HAZARDOUS SUBSTANCES, THE ZONING OF THE PREMISES, THE STRUCTURAL INTEGRITY, THE CONDITION OF THE ROOF AND OPERATING SYSTEMS, COMPLIANCE WITH THE AMERICANS WITH DISABILITIES ACT AND THE SUITABILITY OF THE PREMISES FOR LESSEE'S INTENDED USE.

WARNING: IF THE PREMISES ARE LOCATED IN A STATE OTHER THAN CALIFORNIA, CERTAIN PROVISIONS OF THE LEASE MAY NEED TO BE REVISED TO COMPLY WITH THE LAWS OF THE STATE IN WHICH THE PREMISES ARE LOCATED.

The parties hereto have executed this Lease at the place and on the dates specified above their respective signatures.

ADDENDUM TO LEASE

Date: July 1, 2024
By and Between
Lessor: Tracy Office Plaza, LLC
Lessee: City of Tracy
Property Address: 324 East 11th Street Suite B1 and B2, Tracy, CA 95376
(street address, city, state, zip)

Paragraph: 50-56

In the event of any conflict between the provisions of this Addendum and the printed provisions of the Lease, this Addendum shall control.

AIR CRE * https://www.aircre.com * 213-687-8777 * contracts@aircre.com
NOTICE: No part of these works may be reproduced in any form without permission in writing.

50) GROSS RENT INCREASE: Gross Rent shall increase 2.5% each year throughout the life of the lease including two each one year extension periods.

YEAR	SQUARE FEET	RATE INCREASE %	MONTHLY RENT
1	2042	2.5	$3,675.60
2	2042	2.5	$3,767.49
3	2042	2.5	$3,861.68
4	2042	2.5	$3,958.21
5	2042	2.5	$4,057.17

51) HEAT/AC, ELECTRICITY: Payable by Tenant upon Landlord's billing (currently quoted as $0.28 per square feet with possible adjustments from rate increases) $0.28 a foot adjusted yearly based on average PG&E electric KWH rate increase or decrease.

52) PARKING: No dedicated parking.

53) ASSIGNMENT / SUBLEASE: Tenant shall have the right to assign this Lease and sublease a portion of the Premises during the Lease Term and any extension periods with Landlord's consent, which consent shall not be unreasonably conditioned, withheld, or delayed, and all extension options and the terms and conditions applicable thereto shall be fully assignable as written.

54) RIGHT OF FIRST REFUSAL Tenant shall have a right of first refusal to lease, for the remainder of the Term and any extensions or renewals thereof, any space adjacent to the Premises upon each occasion of its availability. Limited to a thirty (30) day notice on availability.

55) Insurance: Lessee is required by their lease to carry Liability Insurance with limits of $1,000,000 per occurrence and $2,000,000 aggregate. Lessee is also required to provide a Certificate of Insurance showing Tracy Office Plaza, LLC, and BLR Commercial Real Estate Inc., named as additional insured and the Certificate should be accompanied by a schedule of liability coverage. The Certificate of Insurance is due upon execution of lease and each year a renewal Certificate should be sent to BLR Commercial Real Estate, 2291 West March Lane Suite B-215, Stockton, CA 95207. Failure

DRAFT DRAFT DRAFT

to provide proof of Insurance will result in a fee. The fee is calculated at 10% of the Base Rent and will be charged each month until proof of Insurance is provided.

56). Restroom Use: Lessor shall provide Lessee with a key to the building restrooms which are located in the common area hallway. Said restrooms are for the exclusive use of the building's tenants and their clients, and are not available for public use.

Agenda Item 1.H

RECOMMENDATION

Staff recommends that the City Council adopt a Resolution approving Amendment No. 1 to the Lease Agreement between the City of Tracy and Riya Enterprises, LLC (Lessee) for Fixed Base Operation Facilities at the Tracy Municipal Airport, to add lender protections in connection with a small business loan secured by Lessee using its business assets as collateral.

EXECUTIVE SUMMARY

This agenda item seeks approval of an amendment to the existing lease between the City of Tracy (City) and Riya Enterprises, LLC doing business as Skyview Aviation (Lessee), dated December 1, 2023 (Lease), pursuant to which Lessee is operating as a Specialized Aeronautical Services Operator at the Tracy Municipal Airport, a City-owned property. The proposed amendment will allow Lessee to secure a small business loan from Genisys Credit Union (Lender), using Lessee's business assets as collateral, without compromising the City's control over its property or the City's obligations to the Federal Aviation Administration (FAA). In the proposed amendment, the City agrees to provide notice to the Lender to allow it to cure any Lessee defaults, agrees to subordinate the City's liens only against identified moveable personal property of the Lessee (and not regulatory liens), and to allow Lender to remove Lessee's collateralized assets upon Lease termination in the event of default.

BACKGROUND AND LEGISLATIVE HISTORY

On December 5, 2023, per authority granted in Resolution 2023-235, the City and Lessee entered into the ten-year Lease, with a term commencing on December 1, 2023 and ending on November 30, 2033. The Lease allows for various aeronautical services to be provided at the airport through a third party, while at the same time providing needed revenue for the Airport Fund. Pursuant to the terms of the Lease, Lessee is operating as a Fix-Based-Operator (FBO) and is providing services such as: flight instruction school, maintenance and repair of aircraft, and aircraft sales. As the Tracy Municipal Airport has various encumbrances, including FAA restrictions, the Lease prohibits assignments without City consent and does not include any lender protection provisions. However, Lessee is securing a business loan from Lender, which is requiring certain lender protections to be included in the Lease.

ANALYSIS

Section 47 of the Lease (see Attachment A) prohibits the Lessee from using, as collateral for loan financing, any improvements, land, or property located on the Tracy Municipal Airport and owned by the City. This restriction ensures that the City's assets remain unencumbered by third-party claims, safeguards public property, and allows the City to fully comply with other requirements, such as FAA deed restrictions.

However, the Lessee is securing a small business loan from Lender to finance its business operations. Originally, the Lender was seeking that the City agree to an assignment of the leasehold interest and a subordination of the City's rights to the Lender's loan. After much discussion, the Lender has removed those requirements and has accepted, instead, standard lender protection language and a subordination of the City's rights to only Lessee's business assets, which the City has none in its capacity as lessor (the City will preserve any regulatory rights to lien such business assets). To facilitate the loan, staff is recommending to modify the existing Lease to add the following provisions:

1) Subordination of City's rights to any Lessee assets identified in a schedule of assets (which schedule City staff and Lessee have verified and agreed upon);
2) Requirement that the City provide Lender notice of any default and opportunity to cure on behalf of Lessee; and
3) Addition of Lender's right to terminate the Lease, in event of Lessee default, and remove the identified business assets.

The foregoing provisions protect the Lender's interests without compromising the City's control over its property or the City's obligations to the FAA and any other financial encumbrances that may exist. These additional provisions are documented in the proposed amendment (see Attachment B), of which staff recommends the City Council approve and authorize execution. The Lender and Lessee have already consummated the loan, but the execution of the proposed amendment is a "post-closing" requirement of the Lender. If the amendment is not executed, the loan would be revoked.

COORDINATION

The City Attorney's Office was instrumental in assisting staff with negotiating City-protective and market-standard provisions with the Lender. The City Attorney then also drafted a form of amendment that benefited both the City and Lessee and adequately satisfied the Lender, thus ensuring that the loan closing could occur.

FISCAL IMPACT

This amendment has no fiscal impact to the Airport Fund.

STRATEGIC PLAN

This agenda item supports the City's Quality of Life Strategic Priority to provide an outstanding quality of life by enhancing the City's amenities and services to promote positive change and progress in our community.

ACTION REQUESTED OF THE CITY COUNCIL

Staff recommends that the City Council adopt a Resolution approving Amendment No. 1 to the Lease Agreement between the City of Tracy and Riya Enterprises, LLC (Lessee) for Fixed Base Operation Facilities at the Tracy Municipal Airport, to add lender protections in connection with a small business loan secured by Lessee using its business assets as collateral.

LEASE BETWEEN THE CITY OF TRACY AND RIYA ENTERPRISE, LLC FOR FIXED BASE OPERATION FACILITIES

THIS LEASE is made and entered into this 1st day of December 2023 by and between the City of Tracy ("Lessor"), a municipal corporation, and Riya Enterprise, LLC ("Lessee"), a Limited Liability Company.

RECITALS

WHEREAS, Lessor acquired the real property located at 5749 South Tracy Blvd., Tracy, CA ("Property"), and commonly known as the Tracy Municipal Airport ("Airport"), from the United States Government pursuant to the powers granted in the United States Surplus Property Act of 1944, as amended ("Act"), through a grant deed dated May 6,1947; and

WHEREAS, said grant deed conveyed to Lessor fee title to the Property, subject to various deed restrictions and encumbrances, one of which is that the Property may be used for "public airport purposes only"; and

WHEREAS, Lessor desires to lease to Lessee, and Lessee desires to lease from Lessor, a portion of the Property through a long-term lease, to operate a fixed base operation facility and to provide aeronautical services to Airport users and the general public; and

WHEREAS, Lessor has determined that Lessee has the capacity to operate such facilities and provide such services, which will benefit the aeronautic public in and around the City; and

WHEREAS, a long-term lease of public land is considered a "disposition" under the California Surplus Land Act (Government Code 54220 et seq.), but not under the Tracy Municipal Code ("Code"); and

WHEREAS, pursuant to the authority granted in Resolution 2022-140, Lessor has declared the entire Property "exempt surplus property" pursuant to Government Code Section 54221(G) of the California Surplus Land Act, which provides that exempt surplus land includes land that is subject to valid legal restrictions that are not imposed by the local agency and that would make housing prohibited, unless there is a feasible method to satisfactorily mitigate or avoid the prohibition on the site; and

WHEREAS, pursuant to Section 2.20.280(a) of the Tracy Municipal Code, the City Council may authorize the execution of leases with terms up to 55 years, unless the provisions of Government Code 37380 are followed; and

WHEREAS, pursuant to Resolution 2022-140, the City Council authorized the execution of this Lease, as it is consistent with the recorded deed restrictions, on the terms and conditions set forth in this Lease;

NOW, THEREFORE, IT IS AGREED AS FOLLOWS:

1. **RECITALS.** The parties agree that the foregoing Recitals are factually accurate and hereby incorporated as terms of this Lease.

DocuSign Envelope ID: B608A71B-80EB-4B0A-BEA3-41CE3A1E0146

LEASE BETWEEN THE CITY OF TRACY AND RIYA ENTERPRISE, LLC FOR FIXED BASE OPERATION FACILITIES

THIS LEASE is made and entered into this 1st day of December 2023 by and between the City of Tracy ("Lessor"), a municipal corporation, and Riya Enterprise, LLC ("Lessee"), a Limited Liability Company.

RECITALS

WHEREAS, Lessor acquired the real property located at 5749 South Tracy Blvd., Tracy, CA ("Property"), and commonly known as the Tracy Municipal Airport ("Airport"), from the United States Government pursuant to the powers granted in the United States Surplus Property Act of 1944, as amended ("Act"), through a grant deed dated May 6,1947; and

WHEREAS, said grant deed conveyed to Lessor fee title to the Property, subject to various deed restrictions and encumbrances, one of which is that the Property may be used for "public airport purposes only"; and

WHEREAS, Lessor desires to lease to Lessee, and Lessee desires to lease from Lessor, a portion of the Property through a long-term lease, to operate a fixed base operation facility and to provide aeronautical services to Airport users and the general public; and

WHEREAS, Lessor has determined that Lessee has the capacity to operate such facilities and provide such services, which will benefit the aeronautic public in and around the City; and

WHEREAS, a long-term lease of public land is considered a "disposition" under the California Surplus Land Act (Government Code 54220 et seq.), but not under the Tracy Municipal Code ("Code"); and

WHEREAS, pursuant to the authority granted in Resolution 2022-140, Lessor has declared the entire Property "exempt surplus property" pursuant to Government Code Section 54221(G) of the California Surplus Land Act, which provides that exempt surplus land includes land that is subject to valid legal restrictions that are not imposed by the local agency and that would make housing prohibited, unless there is a feasible method to satisfactorily mitigate or avoid the prohibition on the site; and

WHEREAS, pursuant to Section 2.20.280(a) of the Tracy Municipal Code, the City Council may authorize the execution of leases with terms up to 55 years, unless the provisions of Government Code 37380 are followed; and

WHEREAS, pursuant to Resolution 2022-140, the City Council authorized the execution of this Lease, as it is consistent with the recorded deed restrictions, on the terms and conditions set forth in this Lease;

NOW, THEREFORE, IT IS AGREED AS FOLLOWS:

1. **RECITALS.** The parties agree that the foregoing Recitals are factually accurate and hereby incorporated as terms of this Lease.

2. **DEFINITIONS:** In addition to the capitalized terms defined in this Lease, the following terms shall have the following meanings:

   A. Aircraft: An airplane, helicopter, or other machine capable of flight

   B. Airport Manager: An employee of Lessor responsible for supervising the operations of the Airport

   C. Apron Area: Paved area of the Airport designated by the Airport for the loading and unloading of passengers, or the servicing, fueling, or parking of Aircraft

   D. Aviation Fuel: Specialized fuels used to power Aircraft

   E. Commercial Aeronautical Activity: Any activity that relates to the operation of Aircraft with the purpose of securing compensation; shall not include any activity that does not serve an aeronautical purpose

   F. FAA: The Federal Aviation Administration

   G. Fixed Based Operation or FBO: A major airport aviation business granted the privilege of providing a wide range of aviation related sales and services to the general aviation public, as well as the obligation to provide a number of basic services necessary to support general aviation aircraft users

   H. Flight Instruction School: Facility through which pilot training is provided to the general public, currently known as Skyview Aviation

   I. Public Restroom: the restroom owned by Lessor, located on the Property, as shown on Exhibit B

   J. Tie-Down: A clearly marked and paved area suitable for the parking of single Aircraft where suitable tie-down points to secure such Aircraft have been located

3. **PREMISES/MINIMUM USES:**

   A. Premises. Lessor hereby leases to Lessee, for exclusive use and control, that portion of the Property shown in Exhibit C (referred to as the "Hangar Area") and that portion of the Property shown Exhibit D (referred to as the "Apron Area"), attached hereto (the Hangar Area and the Apron Area shall be referred to, collectively, as the "Premises"). The Hangar Area is improved with paved surface areas and a hangar building that has restrooms, office space, HVAC, and requisite utilities. In addition to the lease of the Premises and use of the existing improvements, Lessee shall have the foregoing rights, on behalf of itself, its employees and invitees:

      i) Lessee shall have a non-exclusive license to use the Public Restroom, subject to the performance of the obligations set forth in Section 12.
      ii) Lessee shall have a non-exclusive license to ingress and egress to and from the Property and travel on and across the common areas of the Property, in the most

reasonably direct manner necessary to access all areas of the Premises as well as the Public Restroom.

iii) Lessee shall have the right to, exclusively, locate, maintain and replace, as necessary, the existing portable double-wide trailer located within the Hangar Area in which the Flight Instruction School operates ("Trailer"). Lessee is permitted to place portable outdoor furniture, cooking grills and a propane tank alongside the Trailer, subject to Lessee's acknowledgement and agreement that Lessor has no responsibility to replace or repair such items or provide security or theft protection for such items, and that Lessee hereby indemnifies Lessor for all claims, damage or costs incurred by any act or omission of Lessee or any third parties resulting from such items.

iv) Lessee shall have the non-exclusive use of the striped parking area located in between the Public Restroom and the Trailer; provided, however, that Lessee acknowledges that such area is not secured or gated and agrees and that third parties occasionally may use such parking area. Lessee agrees that Lessor has no responsibility for vacating or managing any such third parties.

B. Minimum Uses. Lessee is required to operate a Fixed Based Operation facility on the Premises in accordance with federal, state, and Lessor laws and regulations as well as rules and requirements applicable to the Airport and in accordance with market standards for FBOs in Northern California. Lessee acknowledges and agrees that Lessee's right to operate an FBO on the Premises is a non-exclusive right and that Lessor shall have the right to separately provide any of the uses set forth herein, including granting one or more parties the right to operate additional FBOs at the Property. Notwithstanding the generality of the foregoing, in conducting the FBO at the Premises, Lessee shall provide the following services and uses:

i) Aviation Fuel: Lessee shall operate fuel trucks containing Aviation Fuel, and related equipment, solely within the Premises and on the following terms:

a) Lessee shall operate any requisite fuel trucks and equipment, including adequate ramp service for lessor flight school users, with a qualified attendant available on the ramp, to ensure a successful and mutually agreeable transfer of the Aviation Fuel from Lessor's fueling facilities to Lessee's trucks and equipment.

b) Lessee shall purchase Aviation Fuel directly from the Airport, at the following cost: an amount equal to the sum of: (1) Lessor's cost, as shall be determined by Lessor, (2) applicable federal and state taxes, per gallon of fuel, and (3) a fuel flowage fee to be determined by Lessor, based on the type of Aviation Fuel.

c) Payment for the Aviation Fuel shall be remitted to Lessor within ten (10) days of receiving the Aviation Fuel. Unless otherwise provided herein, Lessee shall otherwise have no right to offer for sale, store, sell, or deliver any other Aviation Fuels or propellants anywhere at or nearby the Airport and/or from Lessor-owned fueling equipment or to anyone other than customers of the Flight Instruction School and for Aircraft operated by Lessee and its officers.

ii) Flight Instruction School: Lessee shall operate a Flight Instruction School in the Hangar Area and shall take all commercially reasonable efforts necessary to maintain such operation in good standing and reputation. In conjunction with such use, Lessee shall have the following additional rights and obligations:

a) Lessee may store Aircraft owned or operated by Lessee, or Aircraft used for the Flight Instruction School, only within the Apron Area.

b) Lessee shall ensure that the Flight Instruction School utilizes only certified flight instructors and Aircraft.

c) Lessee may offer instruction, through the Flight Instruction School, for experimental aircraft, drones, and similar types of flying devices.

iii) Apron Area/Tie-Downs:

a) Within the Apron Area of the Premises, Lessee shall have the right to the second and third rows of designated Tie-Downs, consisting of twenty-one Tie-Down spaces, as shown more clearly on Exhibit D. Any additional Tie-Down spaces desired by Lessee shall be dependent upon Lessor's availability and payment by Lessee of an additional monthly fee per Tie-Down. Any Tie-Down spaces used by Lessee in excess of the twenty-one Tie-Down spaces included within the Premises shall be documented as a written amendment of this Lease, which may be effectuated administratively by the City Manager.

b) Lessor reserves the right to modify, upon ten (10) days' written notice, the location of the Tie-Downs, for any reason, in which case the parties shall amend Exhibit D to reflect the modified Premises. Such modification may be effectuated administratively by the City Manager.

c) The designated Tie-Downs may be used by Lessee only for the storage of Aircraft owned or operated by Lessee, the temporary storage of Aircraft under control of Lessee, or in conjunction with the Flight Instruction School. Lessee is not allowed to lease, rent, or otherwise permit any designated Tie-Downs to be used by any third party or for any other purpose without the express written consent of the City, except that Lessee shall have the right to rent Tie-Downs for daily, overnight rentals only, subject to Lessee's timely payment of Tie Down Percentage Rent pursuant to Section 5C.

d) Lessee shall operate the Tie-Downs so as to provide sufficient space to store Aircraft and maneuver such Aircraft into and out of each Tie-Down space.

iv) Maintenance/Repairs:

a) Lessee shall provide maintenance, repair, and servicing of general aviation Aircraft, Aircraft engines, and parts, propellers but excepting specialized aircraft repair services such as paint.

b) In conjunction with the services provided under subparagraph (a), Lessee shall maintain an adequate inventory of Aircraft parts and accessories necessary to maintain, repair, and service general aviation Aircraft.

c) Lessee shall be permitted, but not required, to provide Aircraft cleaning and detailing services.

v) Sales and Other Services:

a) Lessee shall sell, to the patrons of the Flight Instruction School and general aviation users, oils and lubricants of the kind customarily used by general aviation users.

b) Lessee shall be permitted to sell food and beverages to its patrons and the Airport generally, but any such sales must occur within the Hangar Area only.

c) Lessee shall be permitted, but not required, to sell, lease and manage used and new Aircraft.

d) Lessee shall be permitted, but not required, to provide sales and services of miscellaneous aviation related equipment and services, to the extent such sales and services do not conflict with expressly prohibited uses under this Lease.

e) Lessee shall be permitted, but not required, to operate specialized commercial flying services such aerial survey, photography, and mapping, to the extent such services do not conflict with the patrons of the Airport or Lessor's operation.

vi). Storage:

a) Lessee may temporarily (up to 180 days) store up to four (4) fifty-three (53) foot long (or shorter) cargo containers on the Premises, but only within the Hangar Area. In addition to the foregoing, Lessee shall have the right to store, within the Hangar Area only, one fifty-three (53) foot long (or shorter) cargo container for the duration of this Agreement, subject to such container being maintained by Lessee in a satisfactory physical condition.

b) No materials, supplies, products, equipment, or other personal property (except for Aircraft, ramp equipment, or vehicles in regular use) shall be stored outside on the Premises. Lessee shall store all items inside the Hangar building or the Trailer, in a safe, neat, and sanitary manner.

c) Lessee shall provide adequate enclosures and/or suitable covered metal receptacles throughout the Premises for the short-term accumulation and storage

of solid waste, such as rubbish, trash, garbage, sludge, discarded machinery or parts, and any other solid industrial wastes. Such enclosures and/or covered metal receptacles shall be designed in such a way as to prevent odors, fumes, attraction of pests, and dispersal of wastes due to wind or water runoff and shall be serviced frequently by qualified waste removal and disposal services.

vii). Prohibited Uses. Any use not expressly permitted under subparagraph B shall be prohibited. Notwithstanding the generality of the foregoing, Lessee shall not permit trailers, recreational vehicles, and/or personal motor vehicles within any area of the Premises. Any expansion or modification of the permitted uses shall require a written amendment to the Lease, which may be effectuated administratively by the City Manager.

4. **TERM:**

A. Term: The "Term" of this Lease shall be for a period of 120 months, commencing on December 1, 2023 ("Commencement Date"), and terminating on November 30, 2033 ("Expiration Date").

B. Rights of First Offer: Lessee shall have two rights of first offer as set forth herein.

i) Lessee shall have a right of first offer to enter into a new lease for the Premises ("New Lease Right of First Offer"), which new lease shall commence as of the Expiration Date.
ii) In addition to the New Lease Right of First Offer, Lessee shall have a right of first offer to lease an 1.6-acre parcel on Lessor's Property ("Parcel Right of First Offer") as depicted on Exhibit E" attached hereto ("Parcel").
iii) The New Lease Right of First Offer and the Parcel Right of First Offer shall collectively be referred to as the "Rights of First Offer".
iv) Lessee shall provide the City written notice, no earlier than twelve months and no later than six (6) months prior to the Expiration Date, of its exercise of either or both Rights of First Offer. Lessee shall have the discretion as to whether to exercise one or both Rights of First Offer, but Lessee may exercise both Rights of First Offer only at the same time if Lessee elects to exercise both. Lessee shall be entitled to exercise the Rights of First Offer only if Lessee provides notice on a timely basis and no event of default exists at the time of notice.
If Lessee does not timely exercise the Rights of First Offer, Lessor shall be free to lease the Premises and/or the Parcel to a third party, as the case may be, upon the Expiration Date.
v) Upon receipt of timely notice from Lessee, Lessor shall negotiate in good faith with Lessee the terms and conditions of a new lease and/or the Parcel, as the case may be. Lessee acknowledges and agrees that Lessor is not obligated to enter into a new lease for either the Premises or the Parcel if the parties are unable to reach terms and that any agreement reached shall require legislative approval by the City Council and be documented through the execution of new agreements by the parties.
vi) The financial terms of the New Lease First Right of Offer shall be determined as set forth in Section 5 below.

DocuSign Envelope ID: B608A71B-80EB-4B0A-BEA3-41CE3A1E0146

5. **GROUND RENT, PERCENTAGE RENT, PAYMENTS, FEES, AND SECURITY:**

A. Ground Rent: Commencing as of the Commencement Date, Lessee shall be obligated to pay "Ground Rent" to Lessor in the amount of $2,843.00 on the tenth day of each month during the Term of the Lease. If the Lease is executed in the middle of a calendar month, a pro-rated amount of Ground Rent will be due for the first month of the Term. Ground Rent shall increase as set forth in Section 6 below.

B. New Lease First Right of Offer: Lessor shall provide, as a part of the terms of the New Lease First Right of Offer, a total rent due by Lessee under such New Lease, of the following:

i) A new Ground Rent based upon then prevailing fair market rental value of the Premises. Lessor determination of rental value shall be conclusively determined to be fair market, as long as Lessor's determination is based upon an independent third-party appraiser. Should the fair market rate be determined to be lower than the Ground Lease due by Lessee prior to the Expiration Date, then the Ground Rent due on the first year of the term of the New Lease shall be the same as such previously owed Ground Rent and shall be subject to CPI adjustments on the same terms as set forth in this Agreement.

ii) Percentage Rent payable by Lessee, in addition to Ground Rent, an amount equal to one percent (1%) of all Gross Receipts collected by Lessee (such amount due being referred to as "Percentage Rent"). As used herein, "Gross Receipts" shall mean the gross revenue, income and/or sales received by Lessee from all activities directly conducted on the Premises or indirectly (e.g., through online sales or offsite) from Lessee's business operations conducted on the Premises, but excluding the following:

(a) Any amount for sales tax, luxury tax, excise tax or similar tax required by law to be added to the total purchase price and collected by Lessee and remitted to a governmental agency;

(b) Income or receipts that, under generally accepted accounting principles, are derived from the sale or disposal of any Lessee's capital assets, which shall not include Aircraft which are covered by subparagraph iii below, or from the retirement of any indebtedness, or from Lessee's investment of any funds not invested in the Premises; or

iii) A list of specific tenant improvements required to be completed by Lessee as additional consideration for the New Lease.

C. Other Payments: Commencing as of the Commencement Date, the Lessee shall pay, in addition to Ground Rent, the following:

i) A flat amount of Five Hundred Dollars ($500) for each Aircraft sold by Lessee, whether at the Premises, through an online transaction or at some other location.

ii) Thirty Percent (30%) of gross Tie Down fees collected by Lessee ("Tie Down Percentage Rent").

D. Payments: Ground Rent, Other Payments, and Percentage Rent shall, collectively, constitute "Rent". Payment of Ground Rent shall be made payable to the City of Tracy and must be received on or before the tenth day of each quarter by Lessor's Finance Department, 333 Civic Center Plaza, Tracy, California 95376.

i) Percentage Rent shall be calculated for each three-month period and paid to Lessor no later than the end of the subsequent month as reported on FBO FACILITIES REPORT (see Section 16).

E. Late Payments and Fees for Denied Payment: Lessee is responsible for timely payment of Rent and all additional amounts owed under this Lease, without notice or demand and without deduction, diminution, abatement, counter claim, or setoff of any amount for any reason whatsoever, to Lessor. In the event any payment is not received by Lessor on the due date, Lessee shall, without notice, pay late charges in the amount of ten percent (10%) on the unpaid balance each month that the payment remains unpaid. If payment remitted by check or other negotiable instrument is presented for payment to the appropriate institution and denied for insufficient funds, such payment shall be subject to a reprocessing fee subject to current master fee schedule.

F. Security Deposit: Upon the Commencement Date of this Lease, Lessee shall pay to Lessor the sum of Six Thousand Dollars ($6,000.00) as a security deposit for faithful performance of Lessee's duties under this Lease. If Lessee shall default on any of the terms of this Lease, and Lessor chooses to cure the Lessee's default at any expense to Lessor, it may resort to the security deposit for such purpose. In such event, Lessee shall reimburse the Lessor for such portion expended from the security deposit no later than the next due date of Ground Rent. Any unused security deposit existing at the termination of this Lease that is not already used to offset damage, if any, caused to the Premises by Lessee's use of the Premises, reasonable wear and tear excepted, or that is otherwise used toward outstanding Rent, shall be refunded to Lessee within three (3) months after termination.

6. **ANNUAL INCREASE OF RENT:** Beginning on July 1, 2024, and for each twelve (12) month anniversary thereafter, the Ground Rent due each month for the upcoming twelve months of the Term shall be increased by the then-current City Adjustment Factor. The City "Adjustment Factor" shall be a percentage calculated as follows:

The Ground Rent increase shall be determined by calculating the Consumer Price Index ("CPI") for all Urban Consumers for the West (1982-84 = 100) as published by the Bureau of Labor Statistics of the U.S. Department of Labor, or its successor, for the preceding one (1) year period ending on December 31st. In the event there is a decrease in the CPI, the Ground Rent for such twelve (12) month period in question shall be the same as the Ground Rent for the preceding twelve (12) month period. In addition to the foregoing, no adjustment shall be made in which the Ground Rent due for the twelve (12) month period commencing on July 1, 2024, is below Three Thousand Dollars ($3,000.00).

7. **RIGHT OF FLIGHT:** There is hereby reserved to Lessor, its successors and assigns, for the use and benefit of the public, a right of flight for the passage of Aircraft in the airspace above the surface of the Airport. This public right of flight shall include the right to cause within said airspace any noise inherent in the operation of any aircraft used for navigation or flight through said airspace or landing at, taking off from, or operating on the Airport.

8. **TERMINATION DATE AND SURRENDER:**

   A. Termination Date: This Lease shall terminate on the earlier to occur of the following: 1) the Expiration Date or 2) the effective date of termination pursuant to Lessor's exercise of remedies for an event of default under Section 37 (either event, the "Termination Date").

   B. Surrender: On the Termination Date, Lessee shall surrender fully the Premises and remove, at Lessee's sole expense, all Aircraft owned or controlled by Lessee and Lessee's personal property from the Premises. Lessee shall deliver the Premises to Lessor in good and clean condition and repair. Lessee shall be liable for any and all damage to the Premises caused during the Term. In the event Lessee does not remove Lessee's property, including Aircraft, from the Premises within thirty (30) days of the Termination Date, Lessor may elect with regard to all or any such property, in Lessor's sole discretion and without further notice to Lessee, to do any of the following: (i) remove such property from the Premises and dispose of it, in which case Lessee shall reimburse Lessor upon demand for all costs of removal and disposal; (ii) take full possession and ownership of such property, in which case Lessee shall not be responsible for removal or disposal cost, nor entitled to any proceeds of any sale or rental by the Lessor of such property; or (iii) in the case of personal property (including Aircraft), to deem such property abandoned personal property and proceed with notice and foreclosure sale according to and in compliance with the terms of California Civil Code Section 1993, et seq.

9. **COMPLIANCE WITH LAWS AND REGULATIONS:** Throughout the Term, Lessee shall comply with the following:

   A. Tracy Municipal Code, Title 2, Chapter 2.28, Tracy Municipal Airport and New Jerusalem Airport;

   B. FAA Airport Sponsor Grant Assurances, attached hereto as Exhibit "F".

   C. All applicable ordinances, rules and regulations established by any federal, state, or local government agency exercising jurisdiction over the premises and activities at the Premises, as the same may be amended from time to time.

   D. Primary aeronautical uses of the Premises and/or the Property.

   E. All security measures that may be imposed from time to time by Lessor or any other applicable governmental agency; and

F. All conditions of any rules or ordinances relating to noise standards at the Airport, as may be approved from time to time by the Lessor, including evidence that Lessee is providing quarterly noise abatement training to pilots of Aircraft located on or using the Premises.

10. **"AS IS" CONDITION/WITH ALL FAULTS.** Lessor acknowledges and agrees that Lessor is leasing the Premises to Lessee in an "AS IS", "WHERE IS" CONDITION WITH ALL FAULTS and that the Lessor makes no representations or warranties, either express or implied, as to the condition of the Premises or any improvements thereon, as to the suitability or fitness of the Premises or any improvements thereon, as to any law, or any other matter affecting the use, value, occupancy, or enjoyment of the Premises, as to any other matter whatsoever. The Lessor shall have no responsibility to prepare, repair or modify the Premises in any way for Lessee's prior to the Commencement Date or during the Term, except as otherwise indicated in this Lease. Lessee further acknowledges that neither the Lessor nor any employee, representative, or agent of the Lessor has made any representation or warranty, express or implied, with respect to the Premise or any improvements thereon. Lessee further acknowledges and agrees that the Trailer and all improvements and property located within or around it related to the Flight Instruction School are owned by Lessee and that Lessee has the sole responsibility to maintain or replace any such improvements or property. The provisions hereof shall survive the Termination Date of this Lease.

11. **ALTERATIONS AND ADDITIONS.** Lessee shall not make any alterations or additions to the Premises without the prior written consent of Lessor. At surrender, Lessee shall remove, at the request of Lessor, any alterations and additions made by Lessee, whether permitted or not by Lessor, and restore the Premises to the condition of the Premises existing before such alterations and additions, at Lessee's sole cost and expense.

12. **MAINTENANCE AND REPAIRS.**

A. Lessee's maintenance and repair responsibilities shall be as set forth herein, which shall be at Lessee's sole cost and expense.

i) Lessee shall maintain the Premises in as good a condition and repair as it is on the Commencement Date of this Lease, reasonable wear and use excepted.
ii) Without limiting the generality of the foregoing, Lessee shall be responsible for minor repairs and maintenance of the Premises and all improvements thereon, including, without limitation, the replacement of light bulbs, normal repair and cleaning of windows, and cleaning and clearing of toilets, sinks, drainage, and sewage lines.
iii) The Lessee shall properly and promptly remove all rubbish and hazardous wastes from the Premises and see that the same are properly disposed of according to all local, state, or federal laws, rules regulations or ordinances.
iv) In the event the structure of the Premises is damaged as a result of any neglect or negligence of Lessee, their employees, agents, business invitees, or any independent contractors serving the Lessee or in any way as a result of Lessee's use and occupancy of the Premises, then the Lessee shall be primarily responsible for seeing that the proper claims are placed with the Lessee's insurance company, or the damaging party's insurance company, and shall furthermore be responsible for

seeing that the building is safeguarded with respect to said damage and that all proper notices with respect to said damage, are made in a timely fashion, including notice to the Lessor, and the party or parties causing said damage. Any damage that is not covered by an insurance company will be the liability of the Lessee.

v) Lessee shall retain a janitorial company to voluntarily provide weekly deep cleaning of the Public Restroom.

vi) Lessee shall be responsible for all janitorial and routine cleaning within the Premises, including all improvements located therein.

vii) All maintenance, repairs, and replacements shall be of a quality substantially equal to the original material and workmanship and consistent with approved plans. Lessor shall be the sole reasonable judge of the maintenance standards required.

B. Lessor's maintenance and repair responsibilities shall be as set forth herein

i) Lessor shall be responsible for the repair and replacement of the shell of the Hangar facility including the roof and exterior walls and replacement of windows and doors.

ii) Lessor shall also be responsible for the repair or replacement of Lessor-owned plumbing (but not for routine plumbing issues, such as clogged pipes or leaks), intrusion and fire detection systems, HVAC systems, lighting fixtures, and electrical wiring and conduits, telecommunications systems, including any meters, located within, or serving the Hangar building.

iii) Lessor shall be responsible for the repair and maintenance of the Public Restroom, except as otherwise provided for in subparagraph A(v).

iv) Lessor shall be responsible for the repair and striping of the paved surface areas of the Premises, but only to the extent such work is a result of normal wear and tear or Acts of God and not the result of acts or omissions of Lessee, its employees, contractors, or invitees, and in the manner and time deemed reasonable by Lessor.

v) At the Lessor's earliest convenience, an electronic gate will be installed at the main entrance replacing the existing gate infrastructure per FAA and Lessor's standards.

13. **INSURANCE:** Lessee shall procure and maintain, at its own cost and expense, always during the term of this Lease, the following policies issued by insurance companies authorized to do business in California, with a financial rating of at least an A-status (unless otherwise stated below) as rated in the most recent edition of Best's Insurance Reports:

A. Commercial General Liability and Property Damage Insurance: Lessee shall obtain and maintain, owner, landlord, and Lessee Commercial General Liability Insurance with a financial rating of at least an A- or P status (pooled insurance coverage) covering and insuring all parties hereto (including City of Tracy and its officers, agents, and employees as additional insureds under the policy or policies) with a minimum combined single limit coverage of Two Million and No/100 Dollars ($2,000,000) for all damages due to bodily injury, sickness or disease, or death to any person and damage to property, including the loss of use thereof, arising out of each accident or occurrence arising out of ownership, maintenance, or use of the Premises and all operations necessary or incidental thereto.

DocuSign Envelope ID: B608A71B-80EB-4B0A-BEA3-41CE3A1E0146

B. Fire Insurance: Lessee shall insure for fire and extended coverage risks all personal property, improvements, and alterations in, on, or about the Premises. Such insurance shall be in an amount equal to one hundred percent (100%) of insurable, full replacement value of any improvements located thereon, and shall include vandalism and malicious mischief endorsements. Said fire insurance policies shall contain loss payable endorsements in favor of the parties as their respective interests may appear hereunder. Lessor and its officers, agents, and employees shall be named as additional insureds in such policy or policies.

C. Casualties: In the event of damage to or destruction of any buildings or other improvements on the Premises ("Insured Improvements") more than twenty-five percent (25%) of the then replacement value of such Insured Improvements, Lessee shall determine whether to repair or replace the Insured Improvements. If Lessee determines to repair or replace the Insured Improvements, the proceeds of any insurance policy paid on account of such damage or destruction shall first be applied to the cost of repairing or replacing the Insured Improvements. If Lessee determines not to repair or replace the Insured Improvements, Lessee may terminate this Lease upon written notice to Lessor within thirty (30) days of such damage or destruction. If any Improvements erected on the Premises are damaged or destroyed because of any uninsurable cause or risk at the time of destruction, in the amount of at least twenty five percent (25%) of the replacement cost of all Improvements, Lessee shall have the option to either terminate this Lease or to replace and rebuild the Improvements, so they are in substantially the same condition as they were in immediately before such damage or destruction. Lessee shall give written notice of its election to Lessor within forty-five (45) days of the date of the loss or destruction of the Improvements. If Lessee elects to terminate this Lease, this Lease shall terminate. Lessee shall have one hundred eighty (180) days to commence repair or restoration of the Improvements and shall diligently pursue the completion of such Improvements

D. Worker's Compensation. Lessee shall obtain workers' compensation insurance as required by law, covering all employees of Lessee, and said insurance shall be kept in force during the entire term of this Lease.

E. Form of Policies. All policies of insurance required by this Section shall be in such standard form and written by such qualified insurance companies as shall be satisfactory to Lessor. Evidence of such insurance shall be provided by Lessee by filing with Lessor a copy of the policy and policies, together with a duly executed certificate of insurance to the effect that the insurance required by this Lease is extended in favor and consistent with the terms set forth herein. All such certificates shall require a separate Additional Insured Endorsement stating that "City of Tracy, its officers, agents, and employees" are named as additional insureds under such policy or policies. Said policy or policies or certificates shall contain a provision that written notice of policy lapses, cancellation or any changes thereto shall be delivered to Lessor no fewer than thirty (30) days in advance of the effective date thereof. If Commercial General Liability Insurance or other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to Lessee and Leased facility or the general aggregate limit shall be twice the required occurrence limit. Coverage shall include but not be limited to blanket

contractual; products/completed operations; hangar-keepers' liability, and broad form Property damage.

F. Other Insurance Provision. The general liability policy is to contain, or be endorsed to contain, the following provisions:

i) The Lessor, its officers, elected and appointed officials, employees, agents, and volunteers are to be covered as additional insureds as respects: liability arising out of premises owned, occupied, or used by Lessee. The coverage shall contain no special limitations on the scope of protection afforded to the Lessor, its officers, elected and appointed officials, employees, agents, or volunteers.
ii) Lessee's insurance coverage shall be primary insurance as respects the Lessor, its officers, officials, employees, agents, and volunteers. Any insurance or self-insurance maintained by the Lessor, its officers, officials, employees, agents, or volunteers shall be excess of Lessee's insurance and shall not contribute with it.
iii) Any failure to comply with reporting or other provisions of the policies including breaches of warranties shall not affect coverage provided to the Lessor, its officers, officials, employees, agents, or volunteers.
iv) Coverage shall state that Lessee's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.
v) Each insurance policy required by this clause shall be endorsed to state that coverage shall not be suspended, voided, canceled by either party, reduced in coverage or in limits except after thirty days prior written notice by certified mail, return receipt requested, has been given to the Lessor by the carrier.

G. Verification of Coverage. Lessee shall furnish a copy of these requirements to Lessee's insurance agent. The agent shall furnish the Airport Manager with certificate(s) of insurance and original endorsements evidencing coverage required by this clause. By sending the requisite documents, the agent is certifying Lessee maintains the appropriate coverage. The documents are to be signed by a person authorized by that insurer to bind coverage and endorse policies on its behalf. All documents are to be received by the Airport Manager before Lessee takes possession or begins work on the Premises. The Lessor may for any reason require Lessee to provide complete, certified copies of all required insurance policies affecting the coverage required by these specifications no more frequently than reasonable to verify insurance coverage. Lessee, or its insurance agent, shall furnish the Lessor with evidence of insurance thirty days prior to expiration of the current certificate(s), and direct those to:

City of Tracy
City Manager's Office
333 Civic Center Plaza
Tracy, CA 95376

H. Notice. Lessee shall give Lessor prompt and timely notice of any claim or suit of which it has knowledge, and which could in any way directly, contingently, or otherwise affect

either Lessee or Lessor or both, and both Lessee and Lessor shall have the right to participate in the defense of such claim or suit to the extent of its respective interest

14. **FIRE FIGHTING EQUIPMENT:** Lessee shall provide fire extinguishers within each hangar or building and near outside aircraft parking areas according to the requirements of applicable codes and regulations.

15. **ACCOUNTING RECORDS AND ACCESS TO LESSEE'S ACCOUNTS:** It is mutually understood and agreed that Lessee shall keep acceptable accounting records according to standard approved accounting procedures for income tax purposes during the duration of this Lease and for at least five (5) years after the Termination Date of the Lease. Lessor shall have access to the Lessee's accounts and records relating to expenses and revenues at any time during the normal business hours upon three (3) days' notice for the purposes of audit. Failure to provide such access shall be deemed a material breach of this Lease and Lessor may, at its sole discretion, terminate the Lease and/or exercise any other remedies available to it.

16. **FBO FACILITIES REPORT:** Lessee shall submit a written report regarding any repairs to the Premises (the "FBO facilities Report") every quarter to the Lessor for the duration of this Lease. The FBO facilities Report shall be in writing and delivered to the Lessor on or before the fifteenth (15th) day after the end of the prior quarter. The FBO facilities Report shall be sent to Lessor's Department Director or Designee and shall include, but shall not limited to the following:

    A. Repairs made during the reporting quarter.

    B. Costs of repairs made during the reporting quarter including original receipts for labor and materials.

    C. Date project commenced and date of completion for repairs made to the FBO facilities during the reporting quarter.

    D. Profit and loss statement and gross revenues generated from use of the FBO facilities during the reporting quarter.

17. **AIRCRAFT SERVICE BY OWNER OR OPERATOR:** Lessee acknowledges and agrees that no right or privilege has been granted herein that would prevent any person, firm, or corporation operating Aircraft on the Airport from performing any services (including, but not limited to, maintenance and repair) on its own Aircraft, with employees of such person, firm, or corporation.

18. **HOURS OF OPERATION:** Lessee agrees to conduct operations within a set schedule of hours, which schedule shall be filed with and approved by the Lessor. Once such schedule has been approved by Lessor, Lessee may not modify or reduce its hours of operation without written consent of the designated of Lessor; provided, however, the foregoing shall not apply during any period when the Airport is closed by any lawful authority restricting the use in such a manner as to interfere with use by the Lessee for its business operations

19. **LESSOR'S RIGHTS:** Lessor reserves the right, but shall not be obligated to Lessee, to maintain and keep in repair the landing area of the Airport and all publicly owned facilities not specified in Section 12 (maintenance section) of the Airport, together with the right to direct and control all activities of Lessee related to this landing area.

20. **UTILITIES:** Lessee shall pay all utilities used or consumed on the Premises, including, but not limited to gas, water, electricity, garbage disposal, storm and sanitary sewer services, janitorial services, and telephone services. Lessee shall be responsible for opening and maintaining utility accounts directly in its name. Lessee acknowledges and agrees that any reduction or interruption of utility services is not the responsibility of Lessor.

21. **OWNERSHIP OF REPAIRS:** Lessee acknowledges and agrees that the Premises are owned by the Lessor, and that any repairs made by Lessee pursuant to Section 12 or otherwise shall be owned by the Lessor. Any personal property or fixtures placed upon the Premises by the Lessee shall remain the property of Lessee throughout the Term of the Lease.

22. **CASUALTY:** If the Premises, or the means of access thereto, is damaged by fire or any other cause, the Ground Rent payable hereunder shall not abate. In the event of loss of or material damage to the Premises, Lessee shall repair the Premises within twenty-one (21) days following written notice to Lessee or, if Lessee has in good faith commenced such repair within such 21-day period, in a reasonable time thereafter. In the event such repair has not been timely completed as provided in this Section 22, such non-performance shall be considered a breach of contract, and the Lessor shall have the right to enter the Premises and conduct any necessary repairs pursuant to Section 27 herein, in addition to any other remedies available to it. In addition, Lessee may obtain business interruption insurance to ensure it has adequate coverage for interruptions in operational revenue resulting from any such casualties.

23. **LIABILITIES, INDEMNITIES AND FORECE MAJURE:**

    A. Lessee shall defend, indemnify and hold harmless Lessor (inclusive of its subsidiaries, affiliates, as now or hereafter constituted) and its officers, directors, agents, employees, and contractors, from and against any and all cost, liability, fine, penalty, damage or injury, including cost of suit and expenses of legal services, claimed or recovered by any person or entity, arising out of or relating to use of the Premises, or any activity, work, or other things done, permitted or suffered by Lessee in, on, or about the Premises by Lessee, its invitees, agents, employees, or contractors , or any breach or default by Lessee in the performance of any obligation of Lessee set forth in this Lease ("Contract Damages"), except in the event that such damages arise from Lessor's sole negligence or willful misconduct.

    B. Lessee shall indemnify Lessor and pay any taxes or penalties imposed by any governing authority arising from or related to Lessee's failure to comply with or violation of any local, state, or federal rule related to Lessee's use of the Premises. Any such sum shall be paid within ten (10) days of written demand by Lessor.

C. Neither party shall be liable for its respective failure to perform this Lease, or for any loss, injury, damage, or delay of any nature whatsoever, resulting from or caused by an act of God, fire, flood, accident, strike, labor dispute, riot, insurrection, war; provided, however, that Lessee shall not be excused for any such reason from its obligation to pay Ground Rent in a timely manner as provided herein.

24. **RISK OF LOSS:** Lessee bears all risk of loss or damage to the Premises and any property stored throughout the Premises, whether caused by fire, water, earthquake, theft, terrorism, or any other reason. Lessor shall not provide insurance for the Premises, or any property stored therein. Lessee acknowledges that insurance is available from independent insurance companies to protect Lessee in the event of damage or loss.

25. **SECURITY:**

A. Lessor shall have no obligation to provide security to the Premises. Lessee shall always secure the Premises and shall do their due diligence to prevent unauthorized pedestrian and vehicular access to the Apron Area and to any portion of the Premises on which Aircraft are located. Direct or indirect points of entry to the aircraft operating area to accommodate authorized individuals and authorized vehicles shall be controlled by Lessee in compliance with FAA and Airport security requirements. Lessee shall also provide security for facilities on the Premises, including but not limited to vehicular parking lots, aircraft tie down aprons, buildings, hangars, fuel storage areas, and shops. If at any time during the term of this Lease additional security requirements are imposed on the Airport by the FAA or any other agency having jurisdiction over the Airport, Lessee shall comply with said security requirements on the Premises at Lessee's sole expense. If Airport is fined by the FAA for a security violation caused by Lessee, Lessee shall immediately reimburse Lessor upon demand.

B. Lessee also agrees to ensure the Airport's main access gate located on Tracy Boulevard is opened at the beginning of each business day and closed at the end of each business day. If a maintenance issue should arise with the main access gate, the Airport Manager is to be notified immediately. Lessee may, at its option, extend the hours of any business day and must ensure that Lessee's staff is available during those extended hours to provide an appropriate level of customer service to airport visitors. Lessee shall develop positive key control and Apron access procedures for its staff and customers while at Lessee's Premises and comply with the pertinent reporting requirements to the FAA, the Department of Homeland Security, and law enforcement agencies.

C. Lessee shall ensure that gates allowing access onto the Apron area are not left open unless always staffed. When opening a gate for deliveries, the gate shall be immediately closed upon entrance or exit of the delivery vehicle.

26. **ENVIRONMENTAL RESPONSIBILITES OF LESSEE:** Lessee shall comply with all the requirements of the San Joaquin County Hazardous Materials Permit. Lessee shall prepare and maintain a written Spill Prevention Contingency and Control Plan ("Plan"). The Plan shall be approved by the Fire Chief of the South San Joaquin County Fire Authority. The

approved Plan shall be kept current, and a copy of the most current version shall be submitted to the Airport Manager to be kept on file. Lessee shall be liable to, and indemnify, defend, and hold harmless, the Lessor for all leaks, spills, or other damage that may result through the Lessee's handling and dispensing of Hazardous Materials.

A. Definition of Hazardous Material. As used in this Section, the term "Hazardous Materials" shall mean any hazardous or toxic substance, hazardous or radioactive material, or hazardous waste, pollutant, or contaminant at any concentration that is or becomes regulated by the United States, the State of California, or any local government authority having jurisdiction over the Premises. Hazardous Materials include, but are not limited to, the following: (1) Any "hazardous waste," "extremely hazardous waste," or "restricted hazardous waste," as defined in Sections 25115, 25117, or 25122.7, or listed pursuant to Section 25140 of the California Health & Safety Code, Division 20, Chapter 6.5 (Hazardous Waste Control Law); (2) any "hazardous substance" as that term is defined in Section 25316 of the California Health & Safety Code, Division 20, Chapter 6.8 (Carpenter-Presley-Tanner Hazardous Substance Account Act); (3) any material or substance listed as a chemical known to cause cancer or reproductive toxicity pursuant to Section 6380 of the California Labor Code, Division 5, Part 1, Chapter 2.5 (Hazardous Substances Information and Training Act); (4) any "hazardous waste" as that term is defined in the Resource Conservation and Recovery Act, 42 U.S.C. Section 6901 et seq. (42 U.S.C. Section 6903); (5) any "hazardous substance" as that term is defined in the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, 42 U.S.C. Section 9601 et seq. (42 U.S.C. Section 9601); (6) any pollutant, contaminant, or hazardous, dangerous, or toxic chemical, material, or substance, within the meaning of any other applicable federal, state, or local statute, ordinance, resolution, regulation, order, policy, or requirement, including consent decrees and administrative orders imposing liability or standards of conduct concerning any hazardous, dangerous, or toxic waste, substance, or material, now or hereafter in effect; (7) any petroleum product; (8) any radioactive material, including any "source material", "special nuclear material", or "byproduct material" as defined in 42 U.S.C. Section 2011 et seq.; (9) any asbestos in any form or condition; and (10) any polychlorinated biphenyls (PCBs) and any substances or any compounds containing PCBs.

B. Use of Hazardous Materials. Lessee shall not cause or permit any Hazardous Materials, as defined in this Section, to be generated, brought onto, stored, used, emitted, released, discharged or disposed of in, on, under, or about the Premises by Lessee or its officers, employees, agents, contractors, renters, guests, or invitees, except for limited quantities of (1) standard office and janitorial supplies containing chemicals categorized as Hazardous Materials; (2) motor oils, hydraulic fluids, fuel, and other materials commonly used in aircraft storage and fueling facilities; (3) such other Hazardous Materials as are approved in advance in writing by Lessor.

C. Notification to the Airport Manager. If, during the Term of this Lease, Lessee becomes aware of (a) any actual or threatened release of any Hazardous Materials on, under, or about the Premises; or (b) any inquiry, investigation, proceeding, or claim by any government agency or other person regarding the presence of Hazardous Materials on, under, or about the Premises, Lessee shall (1) immediately provide verbal notification to the Airport Manager; and (2) provide written notification of such release or investigation to the Airport Manager within twenty-four (24) hours after learning of it. In the event

Lessee receives any claims, notices of violation, reports, or other writings concerning the release or investigation, Lessee shall furnish copies of all such materials to Lessor no later than the business day following Lessee's receipt thereof. Notification to the Airport Manager under this Section does not relieve Lessee of any obligation to notify any governmental agency under any Applicable Law.

D. Indemnification. Lessee shall, at Lessee's sole expense and with legal counsel reasonably acceptable to Lessor, indemnify, protect, defend, and hold harmless Lessor and Lessor's officers, directors, agents, employees, elected officials, and contractors from and against any and all demands, losses, claims, costs, suits, liability, and expenses (including without limitation, attorneys' fees and consultant fees), arising out of or relating to the violation of any law regulating or the use, handling, generation, emission, release, discharge, storage or disposal of any Hazardous Materials ("Environmental Laws") by Lessee or Lessee's officers, employees, agents, contractors, renters, guests or invitees. This indemnification applies whether any government agency has issued a cleanup order. Losses, claims, costs, suits, liability, and expenses covered by this indemnification provision include, but are not limited to: (1) Losses attributable to diminution in the value of the Premises; (2) loss or restriction of use of rentable space on the Premises; (3) adverse effect on the marketing of any rental space on the Premises; and (4) penalties and fines levied by, and remedial or enforcement actions of any kind issued by any regulatory agency (including but not limited to the costs of any required testing, remediation, repair, removal, cleanup, or detoxification of the Premises and surrounding properties). This indemnification clause shall survive any expiration or termination of this Lease.

27. **ENTRY TO PREMISES; CITY REPAIRS:** Lessee further consents to Lessor's entry onto the Premises to repair, replace, or otherwise remedy any breach, pursuant to Section 21. The cost for such work shall be paid by Lessee within ten (10) days of written notice by Lessor. Under all other circumstances, including Lessor's inspection to ensure compliance with the terms and provisions of this Lease, Lessee further consents to Lessor's entry onto the Premises with no advance notice.

28. **SUBORDINATION:** This Lease is subject and subordinate to the following:

A. Lessor reserves the right to develop and improve the Airport as it sees fit, regardless of the desires or views of Lessee, and without interference or hindrance by or on behalf of Lessee, provided Lessee is not deprived of the use or access to the Airport or Premises or any of Lessee's rights under this Lease. Notwithstanding the preceding term, Lessor has the absolute right, at its complete discretion, to terminate this Agreement with thirty (30) days' notice if the Lessor determines that such termination is necessary to carryout development plans.

B. Lessor reserves the right to take any action it considers necessary to protect the aerial approaches to the Airport against obstruction, together with the right to prevent Lessee from erecting or permitting to be erected any building or other structure on the Airport which would limit the usefulness of the Airport or constitute a hazard to aircraft.

C. Lessor reserves the right, but shall not be obligated to Lessee, to maintain and keep in repair the landing area of the Airport and all publicly owned facilities of the Airport, together with the right to direct and control all activities of Lessee in this regard.

D. This Lease is and shall be subordinate to the provisions of existing and future agreements and assurances between Lessor and the United States, the Federal Aviation Administration, or the State of California relative to the operation or maintenance of the Airport, the execution of which has been or may be required as a condition precedent to the obtaining or expenditure of federal funds, state funds, services, or property for the benefit of the Airport.

E. Except to the extent required for the performance of any obligations of Lessee hereunder, nothing contained in this Lease shall grant to Lessee any rights whatsoever in the airspace above the Premises other than those reasonably necessary to Lessee's enjoyment of the Premises and which are consistent with Federal Aviation Administration rules, regulations, and orders currently or subsequently effective.

F. This Lease is subject and subordinate to any and all mortgages or bonds which may now or hereafter encumber the Lessor's fee simple interest in the Airport real property, and to all renewals, modifications and extensions thereof; provided that with respect to any future mortgage or bonds, the subordination described above shall be subject to the following: in the event that any proceedings are brought by the mortgagee (a) to foreclose the mortgage or any renewal, modification, consolidation, replacement or extension thereof, for any reason whatsoever, or (b) to succeed to the interest of Lessor by foreclosure, deed in lieu thereof or otherwise, and provided no uncured event of default under this Lease shall have occurred and be continuing, Lessee's possession of the Premises and Lessee's rights and privileges under this Lease and any extension or extensions thereof shall not be diminished, interfered with or disturbed by the mortgagee. Lessee shall, within seven (7) days after required of Lessor, execute any subordination documents which Lessor or any mortgagee of the Premises may reasonably request, but no such document shall be required to effectuate said subordination. Any such subordination documents shall, as to any future mortgage, comply with the terms of this paragraph.

G. Lessee understands and accepts Lessor's delegation of the prohibition against exclusive rights in accordance with the obligation set forth in the Federal Aviation Act of 1958, Section 308(a), which states, "there shall be no exclusive right for the use of any landing area or air navigation facility upon which federal funds have been expended" and as set forth in 49 United States Codes Section 40107(a)(4) and U.S.C. Section 40103(e). Lessee may not exercise any of its rights or privileges under the Lease in any manner which results in and subjects the public Airport users or Lessees to unjust discrimination.

H. Lessee acknowledges that the Lessor is subject to Federal Grant Agreement obligations as set forth on Exhibit "F" attached hereto and made a part hereof, and Lessee shall act in compliance therewith.

l. Lessee acknowledges that this Lease is subject to terms and conditions set forth in the grant deed of the Property as set forth on Exhibit "G" attached hereto and made a part hereof, and Lessee shall act in compliance therewith

29. **DISCLAIMER OF LIABILITY:** LESSOR HEREBY DISCLAIMS, AND LESSEE HEREBY RELEASES LESSOR FROM, ANY AND ALL LIABILITY WHETHER IN CONTRACT OR TORT (EXCEPT AS PROVIDED HEREIN) FOR ANY LOSS, DAMAGE OR INJURY OF ANY NATURE WHATSOEVER SUSTAINED BY LESSEE, OR ITS EMPLOYEES, AGENTS OR INVITEES, DURING THE TERM OF THIS LEASE, INCLUDING BUT NOT LIMITED TO LOSS, DAMAGE OR INJURY TO THE AIRCRAFT OR OTHER PROPERTY OF LESSEE THAT MAY BE LOCATED OR STORED ON OR IN THE PREMISES, UNLESS SUCH LOSS, DAMAGE OR INJURY IS CAUSED BY LESSOR'S GROSS NEGLIGENCE OR WILLFUL MISCONDUCT. THE PARTIES HEREBY AGREE THAT UNDER NO CIRCUMSTANCES SHALL LESSOR BE LIABLE FOR INDIRECT, CONSEQUENTIAL, SPECIAL OR EXEMPLARY DAMAGES, WHETHER IN CONTRACT OR TORT.

30. **ASSIGNMENT OR SUBLEASING:**

A. Assignments. Neither this Lease nor any interest herein shall be assigned, either voluntarily or involuntarily, by Lessee, or by operation of law or otherwise, In the event Lessee assigns or , transfers any of its interest herein, Lessor shall have the right to terminate this Lease at its sole discretion.

B. Subleases. Notwithstanding Section 30A, Lessee shall have the right to sublease a portion of the Premises as follows:

i) The sublease may only be for a portion of the Hangar Area and may not include any portion of the Apron Area or the Flight Instruction School.

ii) Any such sublease must require the sublessee to acknowledge and agree to the terms of this Agreement, as the master lease.

iii) Lessee must seek Lessor's written consent, prior to subleasing. Lessor's consent is contingent upon Lessee providing the form of the proposed sublease and qualifications of the sublessee and executing with Lessor, a rent sharing agreement, which shall be executed administratively by Lessor, in which Lessee, as sublessor, agrees to pay Lessor, Forty Percent (40%) of all gross amounts due from sublessee to sublessor. Lessor shall have sixty (60) days to review and respond to any proposed sublease by Lessee.

31. **LIENS:** Lessee shall keep the premises free from any liens arising out of any work performed, material furnished, or obligations incurred by itself/himself/herself and its invitees, agents, and sub-lessees, and their invitees and agents.

32. **ABANDONMENT:** Lessee agrees not to vacate or abandon the Premises at any time during the term of this Lease. Should Lessee vacate or abandon the Premises or be dispossessed by process of law or otherwise, such abandonment, vacation, or dispossession shall be a breach of this Lease and, in addition to any other rights which Lessor may have, Lessor may remove any personal property belonging to Lessee which remains on the Premises and store the same, such removal and storage to be for the account of the Lessee.

33. **GOVERNING LAW:** This Lease shall be construed in accordance with the laws of the State of California. Venue shall be in the appropriate court in and for San Joaquin County.

34. **EMINENT DOMAIN:** In the event the entire premises shall be appropriated or taken under the power of eminent domain by any public or quasi-public authority this Lease shall terminate and expire as of the date of such taking and Lessee shall thereupon be released from any liability thereafter accruing hereunder. In the event a portion of the Premises is taken under the power of eminent domain by any public or quasi-public authority such that the improvements thereon cannot in Lessee's opinion be used for its intended purposes Lessee shall have the right to terminate this Lease as of the date Lessee is required to vacate a portion of the Premises upon the giving of notice in writing of such election within thirty 30 days after said portion of the Premises have been so appropriated or taken In the event of such termination both Lessor and Lessee shall thereupon be released from any liability thereafter accruing hereunder Lessor agrees immediately after learning of any appropriation or taking to give Lessee notice thereof in writing. If the Premises are taken or Lessee elects to terminate upon a partial taking Lessor agrees to offer to lease to Lessee similar space on similar terms for a term equal to the remaining term hereunder if any such land is available for lease at the Airport. If this Lease is terminated in either manner hereinabove provided Lessor shall be entitled to the entire award or compensation for the land in such proceedings but the rent and other charges for the last month of Lessee's occupancy shall be prorated and Lessor agrees to refund to Lessee any unused portion of said rent or other charges paid in advance.

35. **RELATIONSHIP OF PARTIES:** The relationship between Lessor and Lessee shall always and only be that of lessor and lessee, or landlord and Lessee. Lessee shall never at any time during the term of this Lease become the agent of Lessor, and Lessor shall not be responsible for the acts or omissions of Lessee, its employees, or agents.

36. **REMEDIES CUMULATIVE:** The rights and remedies with respect to any of the terms and conditions of this Lease shall be cumulative and not exclusive and shall be in addition to all other rights and remedies available to either party in law or equity.

37. **DEFAULT:**

A. The Lessee shall be deemed in default ("Default") upon any of the following:

i) Failure to pay Rent within ten (10) days after the due date.
ii) Failure to submit the FBO facilities Report within sixty (60) days after the due date.
iii) The filing of a petition under the Federal Bankruptcy Act or any amendment, including a petition for reorganization or an arrangement.
iv) The commencement of a proceeding for dissolution or for the appointment of a receiver.
v) The making of an assignment for the benefit of creditors.
vi) Failure to comply with any laws or regulations as specified in Section _9_
vii) Lessee's assignment of any interest in this Lease, or any sublease.
viii) Violation of any material term of this Lease; or
ix) Abandonment of the Premises.

B. Upon the occurrence of Lessee's Default, Lessor may terminate the Lease and Lessee's right to possession of the Premises, upon giving thirty (30) days prior written notice to Lessee. Upon termination of the Lease, Lessor has the right to recover from Lessee all unpaid Rent, plus interest at the maximum rate permitted by law, in addition to any other rights or remedies that may exist in equity or law.

C. At any time after the occurrence of a Default, Lessor may provide Lessee with the option to cure the Default at Lessee's cost. If Lessor elects to allow Lessee to cure the Default, Lessor must provide Lessee with written notice specifying the amount of time Lessee has to cure the Default. If Lessor at any time, by reason of Lessee's Default, pays any sum to cure the Default or does any act that requires the payment of any sum, the sum paid by Lessor shall be due from Lessee to Lessor within thirty (30) days from the time the sum is paid, upon notice given by Lessor to Lessee, and if paid by Lessee at a later date, shall bear interest at the maximum rate permitted by law.

38. **NOTICES:** All notices to be given hereunder shall be in writing and shall be sent by certified mail postage prepaid, addressed as follows:

NOTICE TO LESSOR:
City of Tracy
333 Civic Center Plaza
Tracy, CA 95376
Attention: City Manager's Office

NOTICE TO LESSEE:
Riya Enterprise, LLC
Email Address: jayvyasemail@gmail.com
Name: Jay Vyas, President
Address: City/State/ZIP 5749 S. Tracy Blvd. Tracy, CA 95377

Any notices permitted or required to be given by the terms of this Lease shall be effective three (3) business days after mailing, or the next business day after emailing.

39. **AMENDMENT:** No amendments may be made to this Lease without requisite approval of the Parties and execution of written amendments to the Lease.

40. **INTEGRATION:** This Lease constitutes the entire Lease between the parties relating to the subject matter hereof, and supersedes all prior or contemporaneous agreements or understandings, whether oral or written, between the parties. Any change or modification hereof must be in writing signed by both parties.

41. **WAIVER:** The waiver by either party of any covenant or condition of this Lease shall not thereafter preclude such party from demanding performance in accordance with the terms thereof. No failure of LESSOR to insist upon the strict performance of any term, covenant, agreement, provision, condition or limitation of this Lease or to exercise any right or remedy consequent upon a breach thereof, and no acceptance by Lessor of full or partial rent during

the continuance of any such breach or application of the security deposit in light of any breach, shall constitute a waiver of any such breach or of any such term, covenant, agreement, provision, condition, limitation, right or remedy. No term, covenant, agreement, provision, condition, or limitation of this Lease to be kept, observed, or performed by Lessor or by Lessee, and no breach thereof, shall be waived, altered, or modified except by a written instrument executed by Lessor or by Lessee, as the case may be. No waiver of any breach shall affect or alter this Lease, but each and every term, covenant, agreement, provision, condition, and limitation of this Lease shall continue in full force and effect with respect to any other then existing or subsequent breach thereof.

42. **SUCCESSORS BOUND:** This Lease shall be binding upon and shall inure to the benefit of the heirs, legal representatives, successors and assigns of the parties hereto.

43. **SEVERABILITY:** If a provision hereof shall be finally declared void or illegal by any court or administrative agency having jurisdiction over the parties and subject matter of this Lease, the entire Lease shall not be void, but the remaining provisions shall continue in effect as nearly as possible in accordance with the original intent of the parties.

44. **TIME IS OF THE ESSENCE:** Time is of the essence in the performance of all of Lessee's obligations under this Lease.

45. **TAXES, ASSESSMENTS AND FEES:** Lessee agrees to pay, before delinquency, all taxes (including, but not limited to, possessory interest tax and federal excise tax), assessments, license fees, and other charges which are levied and assessed upon Lessee's interest in the Premises, or upon Lessee's personal property installed or located in or on the premises, by Lessor or other legally authorized governmental authority. Lessee may pay any taxes and assessments under protest, without liability, cost, or expense to the Lessor, to contest the amount in good faith.

46. **FINANCIAL DISCLOSURE:** Lessee shall furnish such evidence as may be reasonably requested by Lessor from time to time to evidence that Lessee remains financially capable of providing the services and facilities set forth in the Lease.

47. **NO ENCUMBRANCES/ESTOPPEL CERTIFICATES:** Lessee shall not encumber any improvement, land, or property on the Premises owned by the Lessor in order to obtain financing or refinancing for the construction, improvement, repair of the FBO facilities or other uses by Lessee. Notwithstanding, Lessor shall cooperate with Lessee and any lender in the execution of an estoppel certificate regarding the terms and conditions of this Lease.

AIRPORT SPONSORS

A. General.

1. These assurances shall be complied with in the performance of grant agreements for airport development, airport planning, and noise compatibility program grants for airport sponsors.
2. These assurances are required to be submitted as part of the project application by sponsors requesting funds under the provisions of Title 49, U.S.C., subtitle VII, as amended. As used herein, the term "public agency sponsor" means a public agency with control of a public-use airport; the term "private sponsor" means a private owner of a public-use airport; and the term "sponsor" includes both public agency sponsors and private sponsors.
3. Upon acceptance of this grant offer by the sponsor, these assurances are incorporated in and become part of this Grant Agreement.

B. Duration and Applicability.

1. **Airport development or Noise Compatibility Program Projects Undertaken by a Public Agency Sponsor.**

   The terms, conditions and assurances of this Grant Agreement shall remain in full force and effect throughout the useful life of the facilities developed or equipment acquired for an airport development or noise compatibility program project, or throughout the useful life of the project items installed within a facility under a noise compatibility program project, but in any event not to exceed twenty (20) years from the date of acceptance of a grant offer of Federal funds for the project. However, there shall be no limit on the duration of the assurances regarding Exclusive Rights and Airport Revenue so long as the airport is used as an airport. There shall be no limit on the duration of the terms, conditions, and assurances with respect to real property acquired with federal funds. Furthermore, the duration of the Civil Rights assurance shall be specified in the assurances.

2. **Airport Development or Noise Compatibility Projects Undertaken by a Private Sponsor.**

   The preceding paragraph (1) also applies to a private sponsor except that the useful life of project items installed within a facility or the useful life of the facilities developed or equipment acquired under an airport development or noise compatibility program project shall be no less than ten (10) years from the date of acceptance of Federal aid for the project.

3. **Airport Planning Undertaken by a Sponsor.**

   Unless otherwise specified in this Grant Agreement, only Assurances 1, 2, 3, 5, 6, 13, 18, 23, 25, 30, 32, 33, 34, and 37 in Section C apply to planning projects. The terms, conditions, and

DocuSign Envelope ID: B608A71B-80EB-4B0A-BEA3-41CE3A1E0146

assurances of this Grant Agreement shall remain in full force and effect during the life of the project; there shall be no limit on the duration of the assurances regarding Exclusive Rights and Airport Revenue so long as the airport is used as an airport.

C. Sponsor Certification.

The sponsor hereby assures and certifies, with respect to this grant that:

1. General Federal Requirements

It will comply with all applicable Federal laws, regulations, executive orders, policies, guidelines, and requirements as they relate to the application, acceptance, and use of Federal funds for this Grant including but not limited to the following:

FEDERAL LEGISLATION

a. 49 U.S.C. subtitle VII, as amended.
b. Davis-Bacon Act, as amended — 40 U.S.C. §§ 3141-3144, 3146, and 3147, et seq.[1]
c. Federal Fair Labor Standards Act – 29 U.S.C. § 201, et seq.
d. Hatch Act – 5 U.S.C. § 1501, et seq.[2]
e. Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, 42 U.S.C. § 4601, et seq.[1, 2]
f. National Historic Preservation Act of 1966 – Section 106 – 54 U.S.C. § 306108.[1]
g. Archeological and Historic Preservation Act of 1974 – 54 U.S.C. § 312501, et seq.[1]
h. Native Americans Grave Repatriation Act – 25 U.S.C. § 3001, et seq.
i. Clean Air Act, P.L. 90-148, as amended – 42 U.S.C. § 7401, et seq.
j. Coastal Zone Management Act, P.L. 92-583, as amended – 16 U.S.C. § 1451, et seq.
k. Flood Disaster Protection Act of 1973 – Section 102(a) - 42 U.S.C. § 4012a.[1]
l. 49 U.S.C. § 303, (formerly known as Section 4(f)).
m. Rehabilitation Act of 1973 – 29 U.S.C. § 794.
n. Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d et seq., 78 stat. 252) (prohibits discrimination on the basis of race, color, national origin).
o. Americans with Disabilities Act of 1990, as amended, (42 U.S.C. § 12101 et seq.) (prohibits discrimination on the basis of disability).
p. Age Discrimination Act of 1975 – 42 U.S.C. § 6101, et seq.
q. American Indian Religious Freedom Act, P.L. 95-341, as amended.
r. Architectural Barriers Act of 1968, as amended – 42 U.S.C. § 4151, et seq.[1]
s. Powerplant and Industrial Fuel Use Act of 1978 – Section 403 – 42 U.S.C. § 8373.[1]
t. Contract Work Hours and Safety Standards Act – 40 U.S.C. § 3701, et seq.[1]
u. Copeland Anti-kickback Act – 18 U.S.C. § 874.[1]

DocuSign Envelope ID: B608A71B-80EB-4B0A-BEA3-41CE3A1E0146

v. National Environmental Policy Act of 1969 – 42 U.S.C. § 4321, et seq.[1]

w. Wild and Scenic Rivers Act, P.L. 90-542, as amended – 16 U.S.C. § 1271, et seq.

x. Single Audit Act of 1984 – 31 U.S.C. § 7501, et seq.[2]

y. Drug-Free Workplace Act of 1988 – 41 U.S.C. §§ 8101 through 8105.

z. The Federal Funding Accountability and Transparency Act of 2006, as amended (P.L. 109-282, as amended by section 6202 of P.L. 110-252).

aa. Civil Rights Restoration Act of 1987, P.L. 100-259.

bb. Build America, Buy America Act, P.L. 117-58, Title IX.

EXECUTIVE ORDERS

a. Executive Order 11246 – Equal Employment Opportunity[1]

b. Executive Order 11990 – Protection of Wetlands

c. Executive Order 11998 – Flood Plain Management

d. Executive Order 12372 – Intergovernmental Review of Federal Programs

e. Executive Order 12699 – Seismic Safety of Federal and Federally Assisted New Building Construction[1]

f. Executive Order 12898 – Environmental Justice

g. Executive Order 13166 – Improving Access to Services for Persons with Limited English Proficiency

h. Executive Order 13985 – Executive Order on Advancing Racial Equity and Support for Underserved Communities Through the Federal Government

i. Executive Order 13988 – Preventing and Combating Discrimination on the Basis of Gender Identity or Sexual Orientation

j. Executive Order 14005 – Ensuring the Future is Made in all of America by All of America's Workers

k. Executive Order 14008 – Tackling the Climate Crisis at Home and Abroad

FEDERAL REGULATIONS

a. 2 CFR Part 180 – OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement).

b. 2 CFR Part 200 – Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. [4, 5]

c. 2 CFR Part 1200 – Nonprocurement Suspension and Debarment.

d. 14 CFR Part 13 – Investigative and Enforcement Procedures.

e. 14 CFR Part 16 – Rules of Practice for Federally-Assisted Airport Enforcement Proceedings.

f. 14 CFR Part 150 – Airport Noise Compatibility Planning.

g. 28 CFR Part 35 – Nondiscrimination on the Basis of Disability in State and Local Government Services.

h. 28 CFR § 50.3 – U.S. Department of Justice Guidelines for the Enforcement of Title VI of the Civil Rights Act of 1964.

i. 29 CFR Part 1 – Procedures for Predetermination of Wage Rates.[1]

j. 29 CFR Part 3 – Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States.[1]

k. 29 CFR Part 5 – Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction (Also Labor Standards Provisions Applicable to Nonconstruction Contracts Subject to the Contract Work Hours and Safety Standards Act).[1]

l. 41 CFR Part 60 – Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor (Federal and Federally-assisted contracting requirements).[1]

m. 49 CFR Part 20 – New Restrictions on Lobbying.

n. 49 CFR Part 21 – Nondiscrimination in Federally-Assisted Programs of the Department of Transportation - Effectuation of Title VI of the Civil Rights Act of 1964.

o. 49 CFR Part 23 – Participation by Disadvantage Business Enterprise in Airport Concessions.

p. 49 CFR Part 24 – Uniform Relocation Assistance and Real Property Acquisition for Federal and Federally-Assisted Programs.[1, 2]

q. 49 CFR Part 26 – Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs.

r. 49 CFR Part 27 – Nondiscrimination on the Basis of Disability in Programs or Activities Receiving Federal Financial Assistance.[1]

s. 49 CFR Part 28 – Enforcement of Nondiscrimination on the Basis of Handicap in Programs or Activities Conducted by the Department of Transportation.

t. 49 CFR Part 30 – Denial of Public Works Contracts to Suppliers of Goods and Services of Countries That Deny Procurement Market Access to U.S. Contractors.

u. 49 CFR Part 32 – Governmentwide Requirements for Drug-Free Workplace (Financial Assistance).

v. 49 CFR Part 37 – Transportation Services for Individuals with Disabilities (ADA).

w. 49 CFR Part 38 – Americans with Disabilities Act (ADA) Accessibility Specifications for Transportation Vehicles.

x. 49 CFR Part 41 – Seismic Safety.

FOOTNOTES TO ASSURANCE (C)(1)

[1] These laws do not apply to airport planning sponsors.

[2] These laws do not apply to private sponsors.

[3] 2 CFR Part 200 contains requirements for State and Local Governments receiving Federal assistance. Any requirement levied upon State and Local Governments by this regulation shall

apply where applicable to private sponsors receiving Federal assistance under Title 49, United States Code.

[4] Cost principles established in 2 CFR part 200 subpart E must be used as guidelines for determining the eligibility of specific types of expenses.

[5] Audit requirements established in 2 CFR part 200 subpart F are the guidelines for audits.

SPECIFIC ASSURANCES

Specific assurances required to be included in grant agreements by any of the above laws, regulations or circulars are incorporated by reference in this Grant Agreement.

2. Responsibility and Authority of the Sponsor.

a. Public Agency Sponsor:

It has legal authority to apply for this Grant, and to finance and carry out the proposed project; that a resolution, motion or similar action has been duly adopted or passed as an official act of the applicant's governing body authorizing the filing of the application, including all understandings and assurances contained therein, and directing and authorizing the person identified as the official representative of the applicant to act in connection with the application and to provide such additional information as may be required.

b. Private Sponsor:

It has legal authority to apply for this Grant and to finance and carry out the proposed project and comply with all terms, conditions, and assurances of this Grant Agreement. It shall designate an official representative and shall in writing direct and authorize that person to file this application, including all understandings and assurances contained therein; to act in connection with this application; and to provide such additional information as may be required.

3. Sponsor Fund Availability.

It has sufficient funds available for that portion of the project costs which are not to be paid by the United States. It has sufficient funds available to assure operation and maintenance of items funded under this Grant Agreement which it will own or control.

4. Good Title.

a. It, a public agency or the Federal government, holds good title, satisfactory to the Secretary, to the landing area of the airport or site thereof, or will give assurance satisfactory to the Secretary that good title will be acquired.

b. For noise compatibility program projects to be carried out on the property of the sponsor, it holds good title satisfactory to the Secretary to that portion of the property upon which Federal funds will be expended or will give assurance to the Secretary that good title will be obtained.

5. Preserving Rights and Powers.

a. It will not take or permit any action which would operate to deprive it of any of the rights and powers necessary to perform any or all of the terms, conditions, and assurances in this Grant Agreement without the written approval of the Secretary, and will act promptly to acquire, extinguish or modify any outstanding rights or claims of right of others which would interfere

with such performance by the sponsor. This shall be done in a manner acceptable to the Secretary.

b. Subject to the FAA Act of 2018, Public Law 115-254, Section 163, it will not sell, lease, encumber, or otherwise transfer or dispose of any part of its title or other interests in the property shown on Exhibit A to this application or, for a noise compatibility program project, that portion of the property upon which Federal funds have been expended, for the duration of the terms, conditions, and assurances in this Grant Agreement without approval by the Secretary. If the transferee is found by the Secretary to be eligible under Title 49, United States Code, to assume the obligations of this Grant Agreement and to have the power, authority, and financial resources to carry out all such obligations, the sponsor shall insert in the contract or document transferring or disposing of the sponsor's interest, and make binding upon the transferee all of the terms, conditions, and assurances contained in this Grant Agreement.

c. For all noise compatibility program projects which are to be carried out by another unit of local government or are on property owned by a unit of local government other than the sponsor, it will enter into an agreement with that government. Except as otherwise specified by the Secretary, that agreement shall obligate that government to the same terms, conditions, and assurances that would be applicable to it if it applied directly to the FAA for a grant to undertake the noise compatibility program project. That agreement and changes thereto must be satisfactory to the Secretary. It will take steps to enforce this agreement against the local government if there is substantial non-compliance with the terms of the agreement.

d. For noise compatibility program projects to be carried out on privately owned property, it will enter into an agreement with the owner of that property which includes provisions specified by the Secretary. It will take steps to enforce this agreement against the property owner whenever there is substantial non-compliance with the terms of the agreement.

e. If the sponsor is a private sponsor, it will take steps satisfactory to the Secretary to ensure that the airport will continue to function as a public-use airport in accordance with these assurances for the duration of these assurances.

f. If an arrangement is made for management and operation of the airport by any agency or person other than the sponsor or an employee of the sponsor, the sponsor will reserve sufficient rights and authority to ensure that the airport will be operated and maintained in accordance with Title 49, United States Code, the regulations and the terms, conditions and assurances in this Grant Agreement and shall ensure that such arrangement also requires compliance therewith.

g. Sponsors of commercial service airports will not permit or enter into any arrangement that results in permission for the owner or tenant of a property used as a residence, or zoned for residential use, to taxi an aircraft between that property and any location on airport. Sponsors of general aviation airports entering into any arrangement that results in permission for the owner of residential real property adjacent to or near the airport must comply with the requirements of Sec. 136 of Public Law 112-95 and the sponsor assurances.

6. Consistency with Local Plans.

The project is reasonably consistent with plans (existing at the time of submission of this application) of public agencies that are authorized by the State in which the project is located to plan for the development of the area surrounding the airport.

7. **Consideration of Local Interest.**

   It has given fair consideration to the interest of communities in or near where the project may be located.

8. **Consultation with Users.**

   In making a decision to undertake any airport development project under Title 49, United States Code, it has undertaken reasonable consultations with affected parties using the airport at which project is proposed.

9. **Public Hearings.**

   In projects involving the location of an airport, an airport runway, or a major runway extension, it has afforded the opportunity for public hearings for the purpose of considering the economic, social, and environmental effects of the airport or runway location and its consistency with goals and objectives of such planning as has been carried out by the community and it shall, when requested by the Secretary, submit a copy of the transcript of such hearings to the Secretary. Further, for such projects, it has on its management board either voting representation from the communities where the project is located or has advised the communities that they have the right to petition the Secretary concerning a proposed project.

10. **Metropolitan Planning Organization.**

    In projects involving the location of an airport, an airport runway, or a major runway extension at a medium or large hub airport, the sponsor has made available to and has provided upon request to the metropolitan planning organization in the area in which the airport is located, if any, a copy of the proposed amendment to the airport layout plan to depict the project and a copy of any airport master plan in which the project is described or depicted.

11. **Pavement Preventive Maintenance-Management.**

    With respect to a project approved after January 1, 1995, for the replacement or reconstruction of pavement at the airport, it assures or certifies that it has implemented an effective airport pavement maintenance-management program and it assures that it will use such program for the useful life of any pavement constructed, reconstructed or repaired with Federal financial assistance at the airport. It will provide such reports on pavement condition and pavement management programs as the Secretary determines may be useful.

12. **Terminal Development Prerequisites.**

    For projects which include terminal development at a public use airport, as defined in Title 49, it has, on the date of submittal of the project grant application, all the safety equipment required for certification of such airport under 49 U.S.C. § 44706, and all the security equipment required by rule or regulation, and has provided for access to the passenger enplaning and deplaning area of such airport to passengers enplaning and deplaning from aircraft other than air carrier aircraft.

13. **Accounting System, Audit, and Record Keeping Requirements.**

    a. It shall keep all project accounts and records which fully disclose the amount and disposition by the recipient of the proceeds of this Grant, the total cost of the project in connection with which this Grant is given or used, and the amount or nature of that portion of the cost of the project supplied by other sources, and such other financial records pertinent to the project. The

accounts and records shall be kept in accordance with an accounting system that will facilitate an effective audit in accordance with the Single Audit Act of 1984.

b. It shall make available to the Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, for the purpose of audit and examination, any books, documents, papers, and records of the recipient that are pertinent to this Grant. The Secretary may require that an appropriate audit be conducted by a recipient. In any case in which an independent audit is made of the accounts of a sponsor relating to the disposition of the proceeds of a grant or relating to the project in connection with which this Grant was given or used, it shall file a certified copy of such audit with the Comptroller General of the United States not later than six (6) months following the close of the fiscal year for which the audit was made.

14. Minimum Wage Rates.

It shall include, in all contracts in excess of $2,000 for work on any projects funded under this Grant Agreement which involve labor, provisions establishing minimum rates of wages, to be predetermined by the Secretary of Labor under 40 U.S.C. §§ 3141-3144, 3146, and 3147, Public Building, Property, and Works), which contractors shall pay to skilled and unskilled labor, and such minimum rates shall be stated in the invitation for bids and shall be included in proposals or bids for the work.

15. Veteran's Preference.

It shall include in all contracts for work on any project funded under this Grant Agreement which involve labor, such provisions as are necessary to insure that, in the employment of labor (except in executive, administrative, and supervisory positions), preference shall be given to Vietnam era veterans, Persian Gulf veterans, Afghanistan-Iraq war veterans, disabled veterans, and small business concerns owned and controlled by disabled veterans as defined in 49 U.S.C. § 47112. However, this preference shall apply only where the individuals are available and qualified to perform the work to which the employment relates.

16. Conformity to Plans and Specifications.

It will execute the project subject to plans, specifications, and schedules approved by the Secretary. Such plans, specifications, and schedules shall be submitted to the Secretary prior to commencement of site preparation, construction, or other performance under this Grant Agreement, and, upon approval of the Secretary, shall be incorporated into this Grant Agreement. Any modification to the approved plans, specifications, and schedules shall also be subject to approval of the Secretary, and incorporated into this Grant Agreement.

17. Construction Inspection and Approval.

It will provide and maintain competent technical supervision at the construction site throughout the project to assure that the work conforms to the plans, specifications, and schedules approved by the Secretary for the project. It shall subject the construction work on any project contained in an approved project application to inspection and approval by the Secretary and such work shall be in accordance with regulations and procedures prescribed by the Secretary. Such regulations and procedures shall require such cost and progress reporting by the sponsor or sponsors of such project as the Secretary shall deem necessary.

18. Planning Projects.

In carrying out planning projects:

a. It will execute the project in accordance with the approved program narrative contained in the project application or with the modifications similarly approved.

b. It will furnish the Secretary with such periodic reports as required pertaining to the planning project and planning work activities.

c. It will include in all published material prepared in connection with the planning project a notice that the material was prepared under a grant provided by the United States.

d. It will make such material available for examination by the public, and agrees that no material prepared with funds under this project shall be subject to copyright in the United States or any other country.

e. It will give the Secretary unrestricted authority to publish, disclose, distribute, and otherwise use any of the material prepared in connection with this grant.

f. It will grant the Secretary the right to disapprove the sponsor's employment of specific consultants and their subcontractors to do all or any part of this project as well as the right to disapprove the proposed scope and cost of professional services.

g. It will grant the Secretary the right to disapprove the use of the sponsor's employees to do all or any part of the project.

h. It understands and agrees that the Secretary's approval of this project grant or the Secretary's approval of any planning material developed as part of this grant does not constitute or imply any assurance or commitment on the part of the Secretary to approve any pending or future application for a Federal airport grant.

19. Operation and Maintenance.

a. The airport and all facilities which are necessary to serve the aeronautical users of the airport, other than facilities owned or controlled by the United States, shall be operated at all times in a safe and serviceable condition and in accordance with the minimum standards as may be required or prescribed by applicable Federal, state, and local agencies for maintenance and operation. It will not cause or permit any activity or action thereon which would interfere with its use for airport purposes. It will suitably operate and maintain the airport and all facilities thereon or connected therewith, with due regard to climatic and flood conditions. Any proposal to temporarily close the airport for non-aeronautical purposes must first be approved by the Secretary. In furtherance of this assurance, the sponsor will have in effect arrangements for:

1. Operating the airport's aeronautical facilities whenever required;
2. Promptly marking and lighting hazards resulting from airport conditions, including temporary conditions; and
3. Promptly notifying pilots of any condition affecting aeronautical use of the airport. Nothing contained herein shall be construed to require that the airport be operated for aeronautical use during temporary periods when snow, flood, or other climatic conditions interfere with such operation and maintenance. Further, nothing herein shall be construed as requiring the maintenance, repair, restoration, or replacement of any structure or

facility which is substantially damaged or destroyed due to an act of God or other condition or circumstance beyond the control of the sponsor.

b. It will suitably operate and maintain noise compatibility program items that it owns or controls upon which Federal funds have been expended.

20. Hazard Removal and Mitigation.

It will take appropriate action to assure that such terminal airspace as is required to protect instrument and visual operations to the airport (including established minimum flight altitudes) will be adequately cleared and protected by removing, lowering, relocating, marking, or lighting or otherwise mitigating existing airport hazards and by preventing the establishment or creation of future airport hazards.

21. Compatible Land Use.

It will take appropriate action, to the extent reasonable, including the adoption of zoning laws, to restrict the use of land adjacent to or in the immediate vicinity of the airport to activities and purposes compatible with normal airport operations, including landing and takeoff of aircraft. In addition, if the project is for noise compatibility program implementation, it will not cause or permit any change in land use, within its jurisdiction, that will reduce its compatibility, with respect to the airport, of the noise compatibility program measures upon which Federal funds have been expended.

22. Economic Nondiscrimination.

a. It will make the airport available as an airport for public use on reasonable terms and without unjust discrimination to all types, kinds and classes of aeronautical activities, including commercial aeronautical activities offering services to the public at the airport.

b. In any agreement, contract, lease, or other arrangement under which a right or privilege at the airport is granted to any person, firm, or corporation to conduct or to engage in any aeronautical activity for furnishing services to the public at the airport, the sponsor will insert and enforce provisions requiring the contractor to:

   1. Furnish said services on a reasonable, and not unjustly discriminatory, basis to all users thereof, and

   2. Charge reasonable, and not unjustly discriminatory, prices for each unit or service, provided that the contractor may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.

c. Each fixed-based operator at the airport shall be subject to the same rates, fees, rentals, and other charges as are uniformly applicable to all other fixed-based operators making the same or similar uses of such airport and utilizing the same or similar facilities.

d. Each air carrier using such airport shall have the right to service itself or to use any fixed-based operator that is authorized or permitted by the airport to serve any air carrier at such airport.

e. Each air carrier using such airport (whether as a tenant, non-tenant, or subtenant of another air carrier tenant) shall be subject to such nondiscriminatory and substantially comparable rules, regulations, conditions, rates, fees, rentals, and other charges with respect to facilities directly and substantially related to providing air transportation as are applicable to all such air carriers which make similar use of such airport and utilize similar facilities, subject to reasonable

classifications such as tenants or non-tenants and signatory carriers and non-signatory carriers. Classification or status as tenant or signatory shall not be unreasonably withheld by any airport provided an air carrier assumes obligations substantially similar to those already imposed on air carriers in such classification or status.

f. It will not exercise or grant any right or privilege which operates to prevent any person, firm, or corporation operating aircraft on the airport from performing any services on its own aircraft with its own employees (including, but not limited to maintenance, repair, and fueling) that it may choose to perform.

g. In the event the sponsor itself exercises any of the rights and privileges referred to in this assurance, the services involved will be provided on the same conditions as would apply to the furnishing of such services by commercial aeronautical service providers authorized by the sponsor under these provisions.

h. The sponsor may establish such reasonable, and not unjustly discriminatory, conditions to be met by all users of the airport as may be necessary for the safe and efficient operation of the airport.

i. The sponsor may prohibit or limit any given type, kind or class of aeronautical use of the airport if such action is necessary for the safe operation of the airport or necessary to serve the civil aviation needs of the public.

23. Exclusive Rights.

It will permit no exclusive right for the use of the airport by any person providing, or intending to provide, aeronautical services to the public. For purposes of this paragraph, the providing of the services at an airport by a single fixed-based operator shall not be construed as an exclusive right if both of the following apply:

a. It would be unreasonably costly, burdensome, or impractical for more than one fixed-based operator to provide such services, and

b. If allowing more than one fixed-based operator to provide such services would require the reduction of space leased pursuant to an existing agreement between such single fixed-based operator and such airport. It further agrees that it will not, either directly or indirectly, grant or permit any person, firm, or corporation, the exclusive right at the airport to conduct any aeronautical activities, including, but not limited to charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their direct relationship to the operation of aircraft can be regarded as an aeronautical activity, and that it will terminate any exclusive right to conduct an aeronautical activity now existing at such an airport before the grant of any assistance under Title 49, United States Code.

24. Fee and Rental Structure.

It will maintain a fee and rental structure for the facilities and services at the airport which will make the airport as self-sustaining as possible under the circumstances existing at the particular airport, taking into account such factors as the volume of traffic and economy of collection. No part of the Federal share of an airport development, airport planning or noise compatibility project for

DocuSign Envelope ID: B608A71B-80EB-4B0A-BEA3-41CE3A1E0146

which a Grant is made under Title 49, United States Code, the Airport and Airway Improvement Act of 1982, the Federal Airport Act or the Airport and Airway Development Act of 1970 shall be included in the rate basis in establishing fees, rates, and charges for users of that airport.

25. Airport Revenues.

a. All revenues generated by the airport and any local taxes on aviation fuel established after December 30, 1987, will be expended by it for the capital or operating costs of the airport; the local airport system; or other local facilities which are owned or operated by the owner or operator of the airport and which are directly and substantially related to the actual air transportation of passengers or property; or for noise mitigation purposes on or off the airport. The following exceptions apply to this paragraph:

   1. If covenants or assurances in debt obligations issued before September 3, 1982, by the owner or operator of the airport, or provisions enacted before September 3, 1982, in governing statutes controlling the owner or operator's financing, provide for the use of the revenues from any of the airport owner or operator's facilities, including the airport, to support not only the airport but also the airport owner or operator's general debt obligations or other facilities, then this limitation on the use of all revenues generated by the airport (and, in the case of a public airport, local taxes on aviation fuel) shall not apply.

   2. If the Secretary approves the sale of a privately owned airport to a public sponsor and provides funding for any portion of the public sponsor's acquisition of land, this limitation on the use of all revenues generated by the sale shall not apply to certain proceeds from the sale. This is conditioned on repayment to the Secretary by the private owner of an amount equal to the remaining unamortized portion (amortized over a 20-year period) of any airport improvement grant made to the private owner for any purpose other than land acquisition on or after October 1, 1996, plus an amount equal to the federal share of the current fair market value of any land acquired with an airport improvement grant made to that airport on or after October 1, 1996.

   3. Certain revenue derived from or generated by mineral extraction, production, lease, or other means at a general aviation airport (as defined at 49 U.S.C. § 47102), if the FAA determines the airport sponsor meets the requirements set forth in Section 813 of Public Law 112-95.

b. As part of the annual audit required under the Single Audit Act of 1984, the sponsor will direct that the audit will review, and the resulting audit report will provide an opinion concerning, the use of airport revenue and taxes in paragraph (a), and indicating whether funds paid or transferred to the owner or operator are paid or transferred in a manner consistent with Title 49, United States Code and any other applicable provision of law, including any regulation promulgated by the Secretary or Administrator.

c. Any civil penalties or other sanctions will be imposed for violation of this assurance in accordance with the provisions of 49 U.S.C. § 47107.

26. Reports and Inspections.

It will:

a. submit to the Secretary such annual or special financial and operations reports as the Secretary may reasonably request and make such reports available to the public; make available to the

public at reasonable times and places a report of the airport budget in a format prescribed by the Secretary;

b. for airport development projects, make the airport and all airport records and documents affecting the airport, including deeds, leases, operation and use agreements, regulations and other instruments, available for inspection by any duly authorized agent of the Secretary upon reasonable request;

c. for noise compatibility program projects, make records and documents relating to the project and continued compliance with the terms, conditions, and assurances of this Grant Agreement including deeds, leases, agreements, regulations, and other instruments, available for inspection by any duly authorized agent of the Secretary upon reasonable request; and

d. in a format and time prescribed by the Secretary, provide to the Secretary and make available to the public following each of its fiscal years, an annual report listing in detail:

   1. all amounts paid by the airport to any other unit of government and the purposes for which each such payment was made; and

   2. all services and property provided by the airport to other units of government and the amount of compensation received for provision of each such service and property.

27. Use by Government Aircraft.

It will make available all of the facilities of the airport developed with Federal financial assistance and all those usable for landing and takeoff of aircraft to the United States for use by Government aircraft in common with other aircraft at all times without charge, except, if the use by Government aircraft is substantial, charge may be made for a reasonable share, proportional to such use, for the cost of operating and maintaining the facilities used. Unless otherwise determined by the Secretary, or otherwise agreed to by the sponsor and the using agency, substantial use of an airport by Government aircraft will be considered to exist when operations of such aircraft are in excess of those which, in the opinion of the Secretary, would unduly interfere with use of the landing areas by other authorized aircraft, or during any calendar month that:

a. Five (5) or more Government aircraft are regularly based at the airport or on land adjacent thereto; or

b. The total number of movements (counting each landing as a movement) of Government aircraft is 300 or more, or the gross accumulative weight of Government aircraft using the airport (the total movement of Government aircraft multiplied by gross weights of such aircraft) is in excess of five million pounds.

28. Land for Federal Facilities.

It will furnish without cost to the Federal Government for use in connection with any air traffic control or air navigation activities, or weather-reporting and communication activities related to air traffic control, any areas of land or water, or estate therein as the Secretary considers necessary or desirable for construction, operation, and maintenance at Federal expense of space or facilities for such purposes. Such areas or any portion thereof will be made available as provided herein within four months after receipt of a written request from the Secretary.

29. Airport Layout Plan.

a. Subject to the FAA Reauthorization Act of 2018, Public Law 115-254, Section 163, it will keep up to date at all times an airport layout plan of the airport showing:

1. boundaries of the airport and all proposed additions thereto, together with the boundaries of all offsite areas owned or controlled by the sponsor for airport purposes and proposed additions thereto;
2. the location and nature of all existing and proposed airport facilities and structures (such as runways, taxiways, aprons, terminal buildings, hangars and roads), including all proposed extensions and reductions of existing airport facilities;
3. the location of all existing and proposed non-aviation areas and of all existing improvements thereon; and
4. all proposed and existing access points used to taxi aircraft across the airport's property boundary.

Such airport layout plans and each amendment, revision, or modification thereof, shall be subject to the approval of the Secretary which approval shall be evidenced by the signature of a duly authorized representative of the Secretary on the face of the airport layout plan. The sponsor will not make or permit any changes or alterations in the airport or any of its facilities which are not in conformity with the airport layout plan as approved by the Secretary and which might, in the opinion of the Secretary, adversely affect the safety, utility or efficiency of the airport.

b. Subject to the FAA Reauthorization Act of 2018, Public Law 115-254, Section 163, if a change or alteration in the airport or the facilities is made which the Secretary determines adversely affects the safety, utility, or efficiency of any federally owned, leased, or funded property on or off the airport and which is not in conformity with the airport layout plan as approved by the Secretary, the owner or operator will, if requested, by the Secretary:

1. eliminate such adverse effect in a manner approved by the Secretary; or
2. bear all costs of relocating such property (or replacement thereof) to a site acceptable to the Secretary and all costs of restoring such property (or replacement thereof) to the level of safety, utility, efficiency, and cost of operation existing before the unapproved change in the airport or its facilities except in the case of a relocation or replacement of an existing airport facility due to a change in the Secretary's design standards beyond the control of the airport sponsor.

30. Civil Rights.

It will promptly take any measures necessary to ensure that no person in the United States shall, on the grounds of race, color, and national origin (including limited English proficiency) in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C. §§ 2000d to 2000d-4); creed and sex (including sexual orientation and gender identity) per 49 U.S.C. § 47123 and related requirements; age per the Age Discrimination Act of 1975 and related requirements; or disability per the Americans with Disabilities Act of 1990 and related requirements, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in any program and activity conducted with, or benefiting from, funds received from this Grant.

a. Using the definitions of activity, facility, and program as found and defined in 49 CFR §§ 21.23(b) and 21.23(e), the sponsor will facilitate all programs, operate all facilities, or conduct all programs in compliance with all non-discrimination requirements imposed by or pursuant to these assurances.

b. Applicability

   1. Programs and Activities. If the sponsor has received a grant (or other federal assistance) for any of the sponsor's program or activities, these requirements extend to all of the sponsor's programs and activities.

   2. Facilities. Where it receives a grant or other federal financial assistance to construct, expand, renovate, remodel, alter, or acquire a facility, or part of a facility, the assurance extends to the entire facility and facilities operated in connection therewith.

   3. Real Property. Where the sponsor receives a grant or other Federal financial assistance in the form of, or for the acquisition of real property or an interest in real property, the assurance will extend to rights to space on, over, or under such property.

c. Duration.

   The sponsor agrees that it is obligated to this assurance for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of, personal property, or real property, or interest therein, or structures or improvements thereon, in which case the assurance obligates the sponsor, or any transferee for the longer of the following periods:

   1. So long as the airport is used as an airport, or for another purpose involving the provision of similar services or benefits; or

   2. So long as the sponsor retains ownership or possession of the property.

d. Required Solicitation Language. It will include the following notification in all solicitations for bids, Requests For Proposals for work, or material under this Grant Agreement and in all proposals for agreements, including airport concessions, regardless of funding source:

   "The (**[Selection Criteria: Sponsor Name]**), in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C. §§ 2000d to 2000d-4) and the Regulations, hereby notifies all bidders or offerors that it will affirmatively ensure that for any contract entered into pursuant to this advertisement, [select businesses, or disadvantaged business enterprises or airport concession disadvantaged business enterprises] will be afforded full and fair opportunity to submit bids in response to this invitation and no businesses will be discriminated against on the grounds of race, color, national origin (including limited English proficiency), creed, sex (including sexual orientation and gender identity), age, or disability in consideration for an award."

e. Required Contract Provisions.

   1. It will insert the non-discrimination contract clauses requiring compliance with the acts and regulations relative to non-discrimination in Federally-assisted programs of the Department of Transportation (DOT), and incorporating the acts and regulations into the contracts by reference in every contract or agreement subject to the non-discrimination in Federally-assisted programs of the DOT acts and regulations.

2. It will include a list of the pertinent non-discrimination authorities in every contract that is subject to the non-discrimination acts and regulations.
3. It will insert non-discrimination contract clauses as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a sponsor.
4. It will insert non-discrimination contract clauses prohibiting discrimination on the basis of race, color, national origin (including limited English proficiency), creed, sex (including sexual orientation and gender identity), age, or disability as a covenant running with the land, in any future deeds, leases, license, permits, or similar instruments entered into by the sponsor with other parties:
    a. For the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and
    b. For the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.

f. It will provide for such methods of administration for the program as are found by the Secretary to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the acts, the regulations, and this assurance.

g. It agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the acts, the regulations, and this assurance.

31. Disposal of Land.

a. For land purchased under a grant for airport noise compatibility purposes, including land serving as a noise buffer, it will dispose of the land, when the land is no longer needed for such purposes, at fair market value, at the earliest practicable time. That portion of the proceeds of such disposition which is proportionate to the United States' share of acquisition of such land will be, at the discretion of the Secretary, (1) reinvested in another project at the airport, or (2) transferred to another eligible airport as prescribed by the Secretary. The Secretary shall give preference to the following, in descending order:
    1. Reinvestment in an approved noise compatibility project;
    2. Reinvestment in an approved project that is eligible for grant funding under 49 U.S.C. § 47117(e);
    3. Reinvestment in an approved airport development project that is eligible for grant funding under 49 U.S.C. §§ 47114, 47115, or 47117;
    4. Transfer to an eligible sponsor of another public airport to be reinvested in an approved noise compatibility project at that airport; or
    5. Payment to the Secretary for deposit in the Airport and Airway Trust Fund.

    If land acquired under a grant for noise compatibility purposes is leased at fair market value and consistent with noise buffering purposes, the lease will not be considered a disposal of the land. Revenues derived from such a lease may be used for an approved airport development

project that would otherwise be eligible for grant funding or any permitted use of airport revenue.

b. For land purchased under a grant for airport development purposes (other than noise compatibility), it will, when the land is no longer needed for airport purposes, dispose of such land at fair market value or make available to the Secretary an amount equal to the United States' proportionate share of the fair market value of the land. That portion of the proceeds of such disposition which is proportionate to the United States' share of the cost of acquisition of such land will, upon application to the Secretary, be reinvested or transferred to another eligible airport as prescribed by the Secretary. The Secretary shall give preference to the following, in descending order:

   1. Reinvestment in an approved noise compatibility project;
   2. Reinvestment in an approved project that is eligible for grant funding under 49 U.S.C. § 47117(e);
   3. Reinvestment in an approved airport development project that is eligible for grant funding under 49 U.S.C. §§ 47114, 47115, or 47117;
   4. Transfer to an eligible sponsor of another public airport to be reinvested in an approved noise compatibility project at that airport; or
   5. Payment to the Secretary for deposit in the Airport and Airway Trust Fund.

c. Land shall be considered to be needed for airport purposes under this assurance if (1) it may be needed for aeronautical purposes (including runway protection zones) or serve as noise buffer land, and (2) the revenue from interim uses of such land contributes to the financial self-sufficiency of the airport. Further, land purchased with a grant received by an airport operator or owner before December 31, 1987, will be considered to be needed for airport purposes if the Secretary or Federal agency making such grant before December 31, 1987, was notified by the operator or owner of the uses of such land, did not object to such use, and the land continues to be used for that purpose, such use having commenced no later than December 15, 1989.

d. Disposition of such land under (a), (b), or (c) will be subject to the retention or reservation of any interest or right therein necessary to ensure that such land will only be used for purposes which are compatible with noise levels associated with operation of the airport.

32. Engineering and Design Services.

If any phase of such project has received Federal funds under Chapter 471 subchapter 1 of Title 49 U.S.C., it will award each contract, or sub-contract for program management, construction management, planning studies, feasibility studies, architectural services, preliminary engineering, design, engineering, surveying, mapping or related services in the same manner as a contract for architectural and engineering services is negotiated under Chapter 11 of Title 40 U S.C., or an equivalent qualifications-based requirement prescribed for or by the sponsor of the airport.

33. Foreign Market Restrictions.

It will not allow funds provided under this Grant to be used to fund any project which uses any product or service of a foreign country during the period in which such foreign country is listed by

the United States Trade Representative as denying fair and equitable market opportunities for products and suppliers of the United States in procurement and construction.

34. Policies, Standards, and Specifications.

It will carry out any project funded under an Airport Improvement Program Grant in accordance with policies, standards, and specifications approved by the Secretary including, but not limited to, current FAA Advisory Circulars (https://www.faa.gov/airports/aip/media/aip-pfc-checklist.pdf) for AIP projects as of [Selection Criteria: Project Application Date].

35. Relocation and Real Property Acquisition.

a. It will be guided in acquiring real property, to the greatest extent practicable under State law, by the land acquisition policies in Subpart B of 49 CFR Part 24 and will pay or reimburse property owners for necessary expenses as specified in Subpart B.

b. It will provide a relocation assistance program offering the services described in Subpart C of 49 CFR Part 24 and fair and reasonable relocation payments and assistance to displaced persons as required in Subpart D and E of 49 CFR Part 24.

c. It will make available within a reasonable period of time prior to displacement, comparable replacement dwellings to displaced persons in accordance with Subpart E of 49 CFR Part 24.

36. Access By Intercity Buses.

The airport owner or operator will permit, to the maximum extent practicable, intercity buses or other modes of transportation to have access to the airport; however, it has no obligation to fund special facilities for intercity buses or for other modes of transportation.

37. Disadvantaged Business Enterprises.

The sponsor shall not discriminate on the basis of race, color, national origin, or sex, in the award and performance of any DOT-assisted contract covered by 49 CFR Part 26, or in the award and performance of any concession activity contract covered by 49 CFR Part 23. In addition, the sponsor shall not discriminate on the basis of race, color, national origin or sex in the administration of its Disadvantaged Business Enterprise (DBE) and Airport Concessions Disadvantaged Business Enterprise (ACDBE) programs or the requirements of 49 CFR Parts 23 and 26. The sponsor shall take all necessary and reasonable steps under 49 CFR Parts 23 and 26 to ensure nondiscrimination in the award and administration of DOT-assisted contracts, and/or concession contracts. The sponsor's DBE and ACDBE programs, as required by 49 CFR Parts 26 and 23, and as approved by DOT, are incorporated by reference in this agreement. Implementation of these programs is a legal obligation and failure to carry out its terms shall be treated as a violation of this agreement. Upon notification to the sponsor of its failure to carry out its approved program, the Department may impose sanctions as provided for under Parts 26 and 23 and may, in appropriate cases, refer the matter for enforcement under 18 U.S.C. § 1001 and/or the Program Fraud Civil Remedies Act of 1986 (31 U.S.C. §§ 3801-3809, 3812).

38. Hangar Construction.

If the airport owner or operator and a person who owns an aircraft agree that a hangar is to be constructed at the airport for the aircraft at the aircraft owner's expense, the airport owner or operator will grant to the aircraft owner for the hangar a long term lease that is subject to such terms and conditions on the hangar as the airport owner or operator may impose.

DocuSign Envelope ID: B608A71B-80EB-4B0A-BEA3-41CE3A1E0146

39. Competitive Access.

a. If the airport owner or operator of a medium or large hub airport (as defined in 49 U.S.C. § 47102) has been unable to accommodate one or more requests by an air carrier for access to gates or other facilities at that airport in order to allow the air carrier to provide service to the airport or to expand service at the airport, the airport owner or operator shall transmit a report to the Secretary that:

1. Describes the requests;
2. Provides an explanation as to why the requests could not be accommodated; and
3. Provides a time frame within which, if any, the airport will be able to accommodate the requests.

b. Such report shall be due on either February 1 or August 1 of each year if the airport has been unable to accommodate the request(s) in the six month period prior to the applicable due date.

APPROVED AS TO FORM AND LEGALITY

CITY ATTORNEY'S OFFICE

TRACY CITY COUNCIL

RESOLUTION NO. 2023-235

APPROVING A NEW LEASE BETWEEN THE CITY OF TRACY AND RIYA ENTERPRISES, LLC FOR FIXED BASE OPERATION FACILITIES AT THE TRACY MUNICIPAL AIRPORT, FOR A TERM OF TEN YEARS, AT AN INITIAL MONTHLY BASE RENT OF $2,843.00.

WHEREAS, Lessor acquired the real property located at 5749 South Tracy Blvd., Tracy, CA ("Property"), and commonly known as the Tracy Municipal Airport ("Airport"), from the United States Government pursuant to the powers granted in the United States Surplus Property Act of 1944, as amended ("Act"), through a grant deed dated May 6,1947; and

WHEREAS, Said grant deed conveyed to Lessor fee title to the Property, subject to various deed restrictions and encumbrances, one of which is that the Property may be used for "public airport purposes only"; and

WHEREAS, Skyview Aviation, LLC (Skyview), operating as a Specialized Aeronautical Services Operator has leased the main hangar and office facility at the Airport since January 1, 2007; and

WHEREAS, On March 1, 2022, Skyview negotiated to sell their business to Riya Enterprise LLC (Riya), which entity is interested in leasing the main hangar and office facility leased by Skyview and also becoming a Fixed Based Operator; and

WHEREAS, The City desires to lease to Riya, and Riya desires to lease from Lessor, a portion of the Property through a long-term lease, to operate a fixed base operation facility and to provide aeronautical services to Airport users and the general public; and

WHEREAS, The City has determined that Riya has the capacity to operate such facilities and provide such services, which will benefit the aeronautic public in and around the City; and

WHEREAS, A long-term lease of public land is considered a "disposition" under the California Surplus Land Act (Government Code 54220 et seq.), but not under the Tracy Municipal Code ("Code"); and

WHEREAS, Pursuant to the authority granted in Resolution 2022-179, Lessor has declared the entire Property "exempt surplus property" pursuant to Government Code Section 54221(G) of the California Surplus Land Act, which provides that exempt surplus land includes land that is subject to valid legal restrictions that are not imposed by the local agency and that

DocuSign Envelope ID: B608A71B-80EB-4B0A-BEA3-41CE3A1E0146

would make housing prohibited, unless there is a feasible method to satisfactorily mitigate or avoid the prohibition on the site; and

WHEREAS, California Housing and Community Development has approved the exempt surplus declaration by the City; and

WHEREAS, Pursuant to Section 2.20.280(a) of the Tracy Municipal Code, the City Council may authorize the execution of leases with terms up to 55 years, unless the provisions of Government Code 37380 are followed; and

WHEREAS, Pursuant to Resolution 2022-179, the City Council authorized staff to negotiate the terms of this Lease,with Riya; and

WHEREAS, Staff has negotiated a final form of Lease for the City Council's consideration and approval, which form is attached hereto as Exhibit A; and

WHEREAS, The proposed Lease is for a term of ten years at an initial monthly base rent of $2843.00; and NOW, THEREFORE, BE IT

RESOLVED, That the City Council of the City of Tracy hereby approves the new Lease attached as Exhibit A, between the City of Tracy and Riya Enterprises, LLC for Fixed Base Operation Facilities at the Tracy Municipal Airport; and be it further

RESOLVED: That the City Council hereby authorizes the City Manager, in consultation with the City Attorney, to make minor edits to the form of the Lease, so long as any such modifications do not reduce the benefits to the City or increase the obligations to the City; and be it further

RESOLVED: That the the proposed Lease is exempt from the California Environmental Quality Act pursuant to Section 15301 (Existing Facilities) of the California Code of Regulations Title 14.

FIRST AMENDMENT

This First Amendment ("**First Amendment**") to that certain Lease Agreement between the City of Tracy ("**Lessor**") and Riya Enterprise, LLC, a California limited liability company ("**Lessee**") for Fixed Base Operation Facilities, dated December 1, 2023 ("**Lease**"), is entered into as of the last date of signature below. Lessor and Lessee shall, collectively, be referred to as the "**Parties**".

RECITALS

A. Pursuant to the Lease, Lessor leased to Lessee and Lessee leased from Lessor the Premises, consisting of certain Hangar Area and Apron Area at the Property, as further defined in the Lease. Any capitalized terms used but not defined herein will have the same meaning ~~set~~ forth in the Lease.

B. Section 47 of the Lease prohibits Lessee from an encumbrance on any improvement, land, or property on the Premises owned by Lessor in order to obtain loan financing.

C. Lessee seeks a small business loan ("**Business Loan**") from Genisys Credit Union ("**Lender**") for Lessee's business assets, and Lessor is willing to modify the Lease to provide certain protections to Lender.

D. This First Amendment was authorized by the City Council pursuant to Resolution 2024-____, dated July 2, 2024.

AGREEMENT

NOW THEREFORE, in consideration of the mutual covenants herein contained, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree to amend the Lease as follows:

1. **Paragraph 28 of the Lease is modified and amended by the addition of Section J as follows:**

"J. (1) Lessor agrees to subordinate, upon the terms and conditions set forth in this Lease to Lender any and all liens, including distraint and levy, against only the moveable chattel personal property of Lessee located on the Premises expressly identified in Exhibit G of this Lease ("**Collateral**"), in which personal property Lender has or will have a security interest as collateral for the Business Loan.

(2) Lessee, and by extension Lender, acknowledges and agrees that Lessor's subordination set forth in subparagraph (1) does not, in any way, affect, modify or limit the power of the City of Tracy to impose a lien on the Collateral through its regulatory powers, statutory powers, imposed by law, in each case in the ordinary course of governing business and any such lien shall have priority over Lender's rights and the Loan, as otherwise set forth

in the law. For the avoidance of doubt and by way of example only, regulatory powers could include the imposition of tax liens, takings and condemnation proceedings.

(3) In no event shall Lessor have any express or implied obligation to subordinate, assign, or convey any interest in property of Lessor located on the Premises, including, without limitation, fixtures and structures, now or later affixed to the Premises.

2. Paragraph 37(B) of the Lease is replaced in its entirety as follows:

"B. (1) Upon the occurrence of Lessee's Default, Lessor may terminate the Lease and Lessee's right to possession of the Premises, upon giving thirty (30) days prior written notice to Lessee and Lender. Lender shall have the right, but shall not be required, to cure such Default during the applicable cure period provided to Lessee under the Lease.

(2) Prior to Lease termination, upon receipt by Lessor 24-hours written notice and identification from Lender, Lessor shall grant access to the Premises to Lender for purposes of removal by Lender of any Collateral subject to Lender's security interest with the understanding that the Lender shall have the obligation to repair any damage to the Premises during removal.

(3) After termination of the Lease, Lender shall remove all such Collateral no later than sixty (60) days, after which, any and all rights of Lender to the Collateral and access to the Premises shall terminate. Lender shall not have any duty or obligation to remove or dispose of any Collateral or other property left on the Premises by Lessee.

(4) Upon termination of the Lease, Lessor has the right to recover from Lessee all unpaid Rent, plus interest, at the maximum rate permitted by law, in addition to any other rights or remedies that may exist in equity or law."

B. Effect. The Parties hereto ratify the Lease and, except as expressly modified by this First Amendment, all provisions of the Lease will remain unchanged and in full force and effect.

C. Automatic Termination. Lessee acknowledges and agrees that Lessor is consenting to this specific Loan with Lender only and that the terms of this Amendment shall automatically terminate should the Loan be refinanced or closed.

D. Entire Agreement. This First Amendment represents the entire agreement and understanding of the Parties and shall supersede any prior agreement—written or oral—between the Parties. This First Amendment will not be valid and enforceable until executed by all of the Parties hereto. This First Amendment may not be modified or altered except through a subsequent writing signed by both of the Parties.

E. Counterparts. This First Amendment may be executed in one or more counterparts. All counterparts so executed shall constitute one contract, binding on all Parties, even though all Parties are not signatory to the same counterpart.

[Signature Page to Follow]

IN WITNESS WHEREOF, the Parties agree to be bound by the terms and conditions of this First Amendment as of the date first set forth above.

TRACY CITY COUNCIL

RESOLUTION NO. _____

APPROVING AMENDMENT NO. 1 TO THE LEASE AGREEMENT BETWEEN THE CITY OF TRACY AND RIYA ENTERPRISES, LLC (LESSEE) FOR FIXED BASE OPERATION FACILITIES AT THE TRACY MUNICIPAL AIRPORT, TO ADD LENDER PROTECTIONS IN CONNECTION WITH A SMALL BUSINESS LOAN SECURED BY LESSEE USING ITS BUSINESS ASSETS AS COLLATERAL

WHEREAS, on December 5, 2023, the City of Tracy and Riya Enterprises, LLC doing business as Skyview Aviation (Lessee) entered into a ten-year lease agreement (Lease), pursuant to the authority granted in Resolution 2023-235; and

WHEREAS, the Lease allows for various aeronautical services to be provided at the Tracy Municipal Airport through a third party, while at the same time providing needed revenue for the Airport Fund; and

WHEREAS, in the Lease, Lessee is operating as a Fix-Based-Operator (FBO) and is providing services such as: flight instruction school, maintenance and repair of aircraft, and aircraft sales; and

WHEREAS, Lessee seeks a small business loan from Genisys Credit Union (Lender) to finance business operations; and

WHEREAS, Section 47 of the Lease (Attachment B) prohibits Skyview Aviation from using any improvements, land, or property on the airport owned by the City as collateral for loan financing ensuring the City's assets remain unencumbered by third-party claims, safeguarding public property and financial stability; and

WHEREAS, originally, the Lender was seeking that the City agree to an assignment of the leasehold interest and a subordination of the City's rights to the Lender's loan; and

WHEREAS, after much discussion, the Lender has removed those requirements and has accepted, instead, standard lender protection language and a subordination of the City's rights to only Lessee's business assets, which the City has none in its capacity as lessor (the City will preserve any regulatory rights to lien such business assets); and

WHEREAS, to facilitate the loan, staff is recommending an amendment to the existing Lease to protect the Lender's interests without compromising the City's control over its property or the City's obligations to the Federal Aviation Administration (FAA) or other requirements; and

WHEREAS, there is no fiscal impact to Airport Fund; and now, therefore, be it

RESOLVED: That the City Council of the City of Tracy hereby approves Amendment No. 1 to the Lease Agreement between the City of Tracy and Riya Enterprises, LLC for Fixed Base Operation Facilities at the Tracy Municipal Airport in the form attached hereto as Attachment A; and be it further

RESOLVED: That the proposed amendment modifies only lender protection provisions, which have no physical impact on the environment, and is therefore not considered a "project" under the California Environmental Quality Project.

Agenda Item 1.I

RECOMMENDATION

The Tracy Homelessness Advisory Committee recommend that the City Council adopt a resolution approving Amendment No. 1 to the Purchase Agreement for Goods, Commodities, and Ancillary Services with Linked Equipment, LLC. an Arizona Limited Liability Corporation, to increase the total compensation by $12,527, for a Not-To-Exceed amount of $563,027, for premanufactured customized containers for the Temporary Emergency Housing Facility, Phase II Site Improvements.

EXECUTIVE SUMMARY

This agenda seeks that the Tracy Homelessness Advisory Committee recommend that the City Council adopt a resolution (1) approving Amendment No. 1 (**Amendment**) to the Purchase Agreement for Goods, Commodities, and Ancillary Services with Linked Equipment, LLC. (**Vendor**) an Arizona Limited Liability Corporation (**Agreement**), to increase the total compensation by $12,527, for a Not-To-Exceed amount of $563,027, for the premanufactured customized containers to provide restrooms, showers, laundry, a mechanical room, and storage units for the Temporary Emergency Housing Facility, Phase II Site Improvements.

The Tracy Homelessness Advisory Committee heard this item on June 20, 2024 and recommends that the City Council adopt the proposed Resolution.

BACKGROUND AND LEGISLATIVE HISTORY

The City and Vendor entered into a Purchase Agreement for Goods, Commodities, and Ancillary Services, approved by the City Council on July 5, 2022, pursuant to Resolution 2022-099.

The scope of the Agreement included the design, manufacture, and on-site ancillary services for ten (10) customized containers to provide restrooms, showers, laundry, mechanical room, and storage units for the Temporary Emergency Housing Facility, Phase II Site Improvements.

During the building code review of the Vendor's final designs of the restroom, shower, and laundry units, it was determined that additional fixtures, emergency lighting and building materials were required to meet California Code requirements. The original cost proposals were based on a conceptual plan before code requirements had been fully identified. The proposed Amendment reflects additional costs for labor and materials for emergency exit lighting, additional insulation required by California energy efficiency codes, floor drains, electrical equipment, and additional fixtures to comply with California codes.

On July 5, 2023, the City Council authorized the purchase of eight (8) custom container dormitories from the Vendor, pursuant to Resolution 2023-140, to be installed as part of the Phase IV interim facility improvements. Phase IV opened in December of 2023, providing housing for an additional 38 individuals. Four additional restroom and shower units are required to serve the occupants of Phase IV. The four additional units will be under a separate agreement, however size of the mechanical room design included in the current Agreement was

according to the anticipated Phase II occupancy of 68 residents. Modifications to the mechanical room design are required to expand the capacity to serve the additional four (4) restroom and shower containers and to provide permanent restroom and shower facilities for Phase IV.

On-site ancillary services for the installation of enclosure panels between the container units, work planned to be provided by the Vendor, have been removed from the Agreement. That work will be complete as part of the Phase II Site Improvements at the Temporary Emergency Housing Facility (TEHF) Project.

Staff recommends the proposed Amendment to the Agreement to include additional design services for modifications to the mechanical unit to meet the increased capacity needs, the additional costs related to code compliance, change in project scope for on-site ancillary services and the increase of the total compensation by $12,527, for a Not-to-Exceed amount of $563,027.

FISCAL IMPACT

The Temporary Emergency Homeless Shelter, CIP 71112, is an approved Capital Improvement Project with a total budget of $20,947,654. There are sufficient funds available in the project for the proposed Amendment with the Vendor, with funding as follows:

Funding Source	Budget	Expenses	Balance
American Rescue Plan Act - City of Tracy	$ 4,500,000	$ 4,229,546	$ 270,454
San Joaquin County (ARPA) R1	$ 3,661,113	$ 3,661,113	$ -
San Joaquin County (ARPA) R2	$ 7,167,798	$ -	$ 7,167,798
HHAP	$ 329,240	$ 329,240	$ -
HHAP R2	$ 414,042	$ 414,042	$ -
Federal Grant	$ 3,000,000	$ -	$ 3,000,000
CDBG (4 Grants)	$ 1,185,461	$ 836,294	$ 349,167
Housing Asset Funds	$ 690,000	$ 101,979	$ 588,021
Current Budget	$ 20,947,654	$ 9,572,214	$ 11,375,440

CEQA DETERMINATION

A Notice of Exemption was issued on October 16, 2020, for the Temporary Emergency Housing site at 500 Arbor Avenue in accordance with Government Code sections 65660-65662 for Low Barrier navigation Centers and Section 15269(c) of the CEQA Guidelines. This action implements the project identified in the Notice of Exemption and no further environmental review is necessary.

STRATEGIC PLAN

This agenda item is consistent with the City Council's adopted 2021-2023 Strategic Priorities, Public Safety Strategy Plan, Goal No. 2, Implementation of the Adopted Homelessness Strategic Plan, Item No. 1, to secure capital funding to construct a Temporary Emergency Housing Facility.

ACTION REQUESTED OF THE CITY COUNCIL

The Tracy Homelessness Advisory Committee recommend that the City Council adopt a resolution approving Amendment No. 1 to the Purchase Agreement for Goods, Commodities, and Ancillary Services with Linked Equipment, LLC. an Arizona Limited Liability Corporation, to increase the total compensation by $12,527, for a Not-To-Exceed amount of $563,027, for premanufactured customized containers for the Temporary Emergency Housing Facility, Phase II Site Improvements.

CITY ATTORNEY'S OFFICE

TRACY CITY COUNCIL

RESOLUTION NO. 2022-099

APPROVING A PROCUREMENT AGREEMENT WITH LINKED EQUIPMENT, LLC, FOR THE PURCHASE OF PRE-MANUFACTURED RESTROOM, SHOWER, LAUNDRY, STORAGE AND MECHANICAL BUILDING STRUCTURES IN THE AMOUNT OF $550,000 FOR INSTALLATION AS PART OF THE TEMPORARY EMERGENCY HOUSING PROJECT, CIP 71112, AT 370 W. ARBOR AVENUE

WHEREAS, The City Engineer's Office has finalized the construction documents for Site Improvements at the Temporary Emergency Housing Project, CIP 71112, at Arbor Avenue, with a significant part of the project to include the purchase and installation of ten (10) pre-manufactured building structures, including a restroom, shower, laundry, storage, and mechanical building structures; and

WHEREAS, The City Council, on December 21, 2021, via Resolution No. 2021-198, authorized the direct purchase of a total of 10 structures for the Temporary Emergency Housing Facility Project from Linked Equipment, LLC, of Phoenix, Arizona; and

WHEREAS, The City Council, on September 1, 2020, authorized the creation of a Capital Improvement Project, the Temporary Emergency Housing Project, CIP 71112, to fund the improvements at 370 W. Arbor Avenue; and

WHEREAS, The vendor, Linked Equipment, Inc., manufactures restroom, shower, laundry, storage and mechanical building structures that come fully equipped with all required interior furnishings including heating and ventilation equipment, and at this time, they are the only company identified, available and willing to customize the structures to the City's requirements for accessibility and privacy, and are also certified by the California Department of Housing and Community Development (HCD) to produce these types of pre-fabricated structures to meet California building code requirements; and

WHEREAS, By purchasing the structures in advance and directly from the manufacturer, staff expects to minimize production time delays to the Project; now, therefore, be it

RESOLVED, That the City Council of the City of Tracy hereby approves, via resolution, the Procurement Agreement for the purchase of ten (10) pre-manufactured structures, one (1) equipment enclosure and ancillary services for design and technical support in the amount not-to-exceed $550,000 for installation as part of the Temporary Emergency Housing Project, CIP 71112, at 370 W. Arbor Avenue.

CITY OF TRACY
AMENDMENT NO. 1
TO THE PURCHASE AGREEMENT FOR GOODS, COMMODITIES, AND ANCILLARY SERVICES WITH LINKED EQUIPMENT, LLC., PHOENIX, ARIZONA

This Amendment No. 1 (**Amendment**) to the Purchase Agreement for Goods, Commodities, and Ancillary Services (**Agreement**) is entered into between the City of Tracy, a municipal corporation (**City**), and Linked Equipment, LLC. an Arizona Limited Liability Corporation (LLC) (**Vendor**). City and Vendor are sometimes referred to individually as "**Party**" and collectively as "**Parties**."

Recitals

A. The City and -Vendor entered into a Purchase Agreement for Goods, Commodities, and Ancillary Services (Agreement) was approved by the City Council on July 5, 2022, pursuant to Resolution 2022-099.

B. The Agreement scope included the design, manufacture, and on-site ancillary services for of ten (10) customized containers to provide restrooms, showers, laundry, a mechanical room, and storage units for the Temporary Emergency Housing Facility, Phase II Site Improvements.

C. During the building code review of the Vendor's final designs of the restroom, shower, and laundry units, it was determined that additional fixtures, emergency lighting and building materials were required to meet California Code requirements. The original cost proposals were based on a conceptual plan before code requirements had been fully identified. Additional costs for labor and materials for emergency exit lighting, additional insulation required by California energy efficiency codes, floor drains, electrical equipment, additional fixtures were required to be included to comply with California codes, are included in this Addendum.

D. On July 5, 2023, the City Council authorized the purchase of eight (8) custom container dormitories from the Vendor, pursuant to Resolution 2023-140, to be installed as part of the Phase IV interim facility improvements. Phase IV was opened in December of 2023, providing housing for an additional 38 individuals. The mechanical room design, included in the Agreement, was sized for the Phase II occupancy of 68 residents. Modifications to the mechanical room design are now required to expand the capacity to serve the additional four (4) restroom and shower containers required to provide permanent restroom and shower facilities for Phase IV.

E. On-site Ancillary Services for the installation of enclosure panels between the container units, planned to be provided by the Vendor, have been removed from the Agreement, and included in the construction of the Phase II Site Improvements at the Temporary Emergency Housing Facility (TEHF) Project.

F. This Amendment is being executed pursuant to Tracy Municipal Code Section 2.20.140 to include additional design services for modifications to the mechanical unit to meet the changed project site occupancy and additional costs related to code compliance, and the increase the total compensation by $12,527, for a Not-to-Exceed amount of $563,027.

NOW, THEREFORE, in consideration of the mutual covenants and promises contained herein, the receipt and adequacy of which is hereby acknowledged, the parties agree as follows:

1. . **Incorporation by Reference.** This Amendment incorporates by reference all terms set forth in the Agreement, unless specifically modified by this Amendment. All capitalized terms used herein and not defined herein shall have the meanings set forth in the Agreement.

2. . **Terms of Amendment.**

A. Section 1. of the Agreement is hereby amended by deleting the text of Section 1.1 and Section 1.2 in their entirety and substituting in place thereof the following underlined text:

GOODS. The City agrees to purchase, and the Vendor agrees to sell, the Goods as more specifically outlined and described in the attached Exhibit A, and incorporated by reference. The Goods shall comply with all of the standards and specifications outlined in Exhibit A.

SERVICES. The City also agrees to purchase from Vendor the services related to the installation or delivery of such Goods, as more specifically outlined and described in the attached Exhibit B-1 (Ancillary Services). Ancillary Services shall be provided in a manner consistent with the level of care and skill ordinarily exercised by members in the same profession, practicing in the same locality under similar conditions.

B. Section 3. of the Agreement is hereby amended by deleting the text of Section 3 in its entirety and substituting in place thereof the following underlined text:

PURCHASE PRICE. City shall pay Vendor on a fixed fee basis, at the fee amounts outlined in **Exhibit D-1**, attached and incorporated by reference. The purchase price will be broken down by price of the Goods, and the price of the Ancillary Services, with a total calculation at the end.

3.1 NOT TO EXCEED AMOUNT. Vendor's total contract amount, for the aggregate of the Goods and the Ancillary Services, under this Agreement shall not exceed $563,345. No work shall be performed by Vendor in excess of the total contract amount provided in the section without the City's prior written approval.

3.2 INVOICES. Vendor shall submit invoices per the outlined schedule in Purchase of Goods and Ancillary Services in Exhibits A and B. Vendor's failure to submit invoices in accordance with these requirements may result in the City rejecting said invoices and thereby delaying payment to Vendor.

3.3 PAYMENT. Within 30 days after the City's receipt of the invoice, City shall make payment to the Vendor based upon the Goods and Ancillary Services described on the invoice and approved by the City."

C. Exhibit A of the Agreement is hereby amended to include Exhibits A-8 and Exhibit A-11.

D. Exhibit B of the Agreement is deleted and replaced by Exhibit B-1.

E. Exhibit D of the Agreement is deleted and replaced by Exhibit D-1.

3. Effect of Amendment. This Amendment represents the complete and entire agreement and understanding between the parties and supersedes any prior agreement and understanding (written or oral) concerning the subject matter contained herein. Except as expressly modified by this Amendment, all provisions of the Agreement will remain unchanged and in full force and effect. The parties hereto acknowledge and agree that the recitals set forth are true and correct, and are incorporated into this Amendment. This Amendment will not be binding until fully executed by the parties.

4. Signatures. This Amendment may be executed in any number of counterparts, each of which shall be deemed to be an original and all of which taken together shall constitute one instrument. The individuals executing this Amendment represent and warrant that they have the right, power, legal capacity and authority to enter into and to execute this Amendment. This Amendment shall inure to the benefit of and be binding upon the parties and their respective successors and assigns.

IN WITNESS WHEREOF, the parties hereto have executed this Amendment as of the Effective Date.

ENG - STRUCTURAL	structural engineering including anchoring to the cement slabs Dotec engineering lic in the state of California for the one 40' storage and three 20' storage units	1

Intertek 3rd party inspector	third party inspectors, submitting engineering to the state of California for the one 40' storage and three 20' storage units	1
Draftsman	Draftsman, designing, working with engineers and third party inspector	1

Total Price: $47,896.00

The total price for these services is $47,896.00
Once payment is received the following estimated times will happen:
Draftsman will take up to two weeks to get the drawing ready for engineering, once ready we will send a copy to you for final approval prior to sending them to engineering.
Submit drawings and any cut sheets to engineering, MEP will take about two weeks to get back, structural we should have prior to MEP.
Once we have engineering plans back we will submit to the third party inspectors they will take about a week to review and then submit to the state of California.
After the plans have been submitted to the state we can look forward to at least a month for the state to get back to us with red lines, on a job this size will take about a week to turn around the redlines.
Once the state receives the redlines we should get final approval within two weeks.
After the third party has inspected the drawings and has submitted to the state we should be in a good enough position to start the builds
Thank you
Mark Pike

Memorandum

Date: June 11, 2024

To: Mark Pike
Linked Equipment LLC.

From: Ilene Macintire, Senior Civil Engineer

Subject: Agreement Amendment and Deletion of On-Site Technical Services

Mark,

I am preparing an Amendment to the 2022 Agreement with Linked Equipment to address the changes that have occurred.

The City has included the installation of the enclosure panels and doors in the construction contract for the site improvements, so we will not need Linked Equipment staff to come to the site to do that installation. Therefore work included the Agreement for On-Site Technical Services will be deleted.

The Linked Equipment change orders all showed as No. 0001, so I have edited the numbers per the information below. I do not need Linked to provide corrected change orders.

Here are the items I am listed as changed in the Amendment:

Change Orders - Goods

CO-1	Restroom & Shower Fixtures	$23,560.00
CO-2	Mechanical Room Capacity	$9,354.00
CO-3	Credit For Enclosure Doors	-$2,520.00
CO-6	Laundry Room Electrical Panel Size Change	$3,644.34

Change Orders - Services

CO-4	Delete On-Site Ancillary Services	-$9,067.50
CO-5	Engineering & Drafting Mechanical Room Capacity	$2,260.00

PURCHASE PRICE

STRUCTURES AND ACCESSORIES	
STRUCTURES AND ACCESSORIES AS DESCRIBED IN EXHIBIT A: F.O.B. 370 W. ARBOR AVENUE, TRACY, CA, USA,	$512,871.00
ANCILLARY SERVICES	
ENGINEERINGS, DESIGN, AND THIRD PARTY INSPECTIONS: As Described in Exhibit B-1	$50,156.00
TECHNICAL SUPPORT SERVICES: AS Described in Exhibit-B - Deleted from Agreement	$0.00

TOTAL (NOT TO EXCEED) **$563,027.00**

CITY OF TRACY
PURCHASE AGREEMENT FOR GOODS, COMMODITIES, AND ANCILLARY SERVICES WITH LINKED EQUIPMENT, LLC.
PHOENIX, ARIZONA

This Purchase Agreement for Goods, Commodities, and Ancillary Services (**Agreement**) is entered into between the City of Tracy, a municipal corporation (**City**), and Linked Equipment, LLC. an Arizona Limited Liability Corporation (LLC) (**Vendor**). City and Vendor are sometimes referred to individually as "**Party**" and collectively as "**Parties**."

Recitals

A. City is actively pursuing the construction of Temporary Emergency Housing, CIP 71112, pursuant to which the City may provide up to 68 beds on a nightly basis to unhoused residents in the City, along with ancillary services (**Project**), on City-owned land of 4.8 acres located at Arbor Avenue (**Project Site**).

B. The Project is partially being funded by Community Development Block Grant (**CDBG**) funds, through the Department of Housing and Urban Development (**HUD**), and partially with local funds.

C. During preliminary design, City staff researched the available options for restroom, shower, laundry and storage structures suitable for timely implementation of the Project and initially concluded that purchasing ten prefabricated container units of varying sizes (**Goods**) was the best option for meeting the City's timeframe for implementing the Project.

D. City staff contacted multiple vendors who could provide modified single trip shipping containers for use as restrooms and locker rooms. Linked Equipment, Inc., was the only vendor that was both licensed by the California Department of Housing and Community Development (HCD) and willing to meet the City's specifications for the accessible interior layouts and the types of materials that would be utilized to outfit the interior of the facilities.

E. Staff determined that Vendor possesses the skills, experience, and certification required to provide the requisite Goods for the Project and that the Vendor was the only manufacturer able to provide the City with the required Goods within the City's timelines.

F. Under Chapter 14.1.4 Non-competitive Proposals section of the CDBG procurement guidelines, the City can procure a single-sourced item when that item is only available from that single source.

G. Consistent with the authority granted in Resolution No. 2021-198, the Parties have reached an agreement for the City's purchase of the agreed-upon Goods and ancillary services by the terms outlined in this Agreement.

M.P

Now, therefore, the Parties mutually agree as follows:

1. **CITY PURCHASE.**

   1.1. **GOODS.** The City agrees to purchase, and the Vendor agrees to sell, the Goods as more specifically outlined and described in the attached **Exhibit A** and incorporated by reference. The Goods shall comply with all of the standards and specifications outlined in **Exhibit A**.

   1.2. **SERVICES.** The City also agrees to purchase from Vendor the services related to the installation or delivery of such Goods, as more specifically outlined and described in the attached **Exhibit B** (**Ancillary Services**). Ancillary Services shall be provided in a manner consistent with the level of care and skill ordinarily exercised by members in the same profession, practicing in the same locality under similar conditions.

   1.3. **NO SUBSTITUTIONS; AUTHORIZED REPRESENTATIVE.** There shall be no substitution of Goods or Ancillary Services, without the prior written authorization of the City. All Ancillary Services shall be performed by or under the direct supervision of, the Vendor's Authorized Representative: Mark Pike, President. Vendor shall not replace its Authorized Representative without City's prior written consent. A failure to obtain the City's prior written consent for any change or replacement in personnel may result in the termination of this Agreement. A list of all personnel who will be conducting the Ancillary Services in conjunction with this Agreement will be outlined in **Exhibit B**.

2. **DELIVERY DATES.** The Goods must be shipped and must arrive at the destination of 370 W Arbor Avenue, Tracy CA, 95304 and Ancillary Services must be provided by the Vendor as outlined in the detailed Delivery Timeline, specified in **Exhibit C.**

   2.1 Any failure by the vendor to meet the Delivery Timeline will constitute a material default of this Purchase Agreement and the City may cancel any Goods and Ancillary Services not delivered in a timely manner without liability. The Vendor must notify the City immediately if the Vendor reasonably believes the Vendor will not be able to meet the Delivery Timeline for any reason and provide the City with a schedule that the Vendor reasonably believes it will be able to meet. It is within the City's discretion whether it will accept the revised timeline.

3. **PURCHASE PRICE.** City shall pay Vendor on a fixed fee basis, at the fee amounts outlined in **Exhibit D,** attached and incorporated by reference. The purchase price will be broken down by price of the Goods, and the price of the Ancillary Services, with a total calculation at the end.

   3.1 **NOT TO EXCEED AMOUNT.** Vendor's total contract amount, for the aggregate of the Goods and the Ancillary Services, under this Agreement shall not exceed $550,000. No work shall be performed by Vendor in excess of the total

M.P

contract amount provided in this section without the City's prior written approval.

3.2 **INVOICES.** Vendor shall submit invoices per the outlined schedule in Purchase of Goods and Ancillary Services in **Exhibits A** and **B**. Vendor's failure to submit invoices in accordance with these requirements may result in the City rejecting said invoices and thereby delaying payment to Vendor.

3.3 **PAYMENT.** Within 30 days after the City's receipt of the invoice, City shall make payment to the Vendor based upon the Goods and Ancillary Services described on the invoice and approved by the City.

4. **CANCELLATION AND TERMINATION.** The City reserves the right to terminate or cancel any portion of this Purchase Agreement at any time prior to the delivery of Goods and Ancillary Services, with or without cause, by giving Vendor written notice, provided that if the termination is without cause, then Vendor shall be entitled to payment for the value of the percentage of completion as to any units already under production to the extent such amount of the amount in excess of any down payment amounts previously paid by the City. There shall be no period of grace after giving the notice of cancellation or termination. Cancellation or termination shall become effective immediately upon the giving of notice by personal delivery or mail.

5. **BREACH**. In the event of a breach of the Purchase Agreement by Vendor, City may terminate the Purchase Agreement immediately without notice, may reduce payment to the Vendor in the amount necessary to offset City's resulting damages, may procure substitute Goods or Ancillary Services at Vendor's expense, and/or may pursue any other available recourse against Vendor. Vendor may not terminate this Purchase Agreement except for cause.

6. **DELIVERY RISK OF LOSS.** All orders will be Free on Board (**FOB**) destination if not otherwise specified. Risk of loss or damage to the Goods must remain with the Vendor until the Goods have been delivered to and accepted by the City. All Goods and Ancillary Services will be received by the City subject to its right of inspection, rejection, and revocation of acceptance under the Uniform Commercial Code. The City will be allowed a reasonable period of time to inspect the Goods and Ancillary Services and to notify Vendor of any nonconformance with the terms and conditions of the specifications. The City may reject any Goods and Ancillary Services that do not conform to the terms and conditions outlined under **Exhibits A** and **B**. Any Goods and Ancillary Services rejected may be returned to the Vendor at the Vendor's risk and expense.

7. **INDEMNIFICATION.** Vendor shall, to the fullest extent permitted by law, indemnify, defend (with independent counsel approved by the City), and hold harmless the City from and against any claims arising out of Vendor's performance or failure to comply with obligations under this Agreement, except to the extent caused by the sole, active negligence or willful misconduct of the City.

7.1 **DEFINITION.** For the purposes of this section, "City" means the City, its officials, officers, agents, employees, and volunteers; "Vendor" means the Vendor, its employees, and agents; "Claims" includes claims, demands, actions, losses, damages, injuries, and liability, direct or indirect (including any

M.P

and all related costs and expenses) and any allegations of these; and "Arising out of" includes "pertaining to" and "relating to".

7.2 **PROVISION SURVIVAL.** The provisions of this Section 7 survive the completion of the services or the termination of this Agreement and are not limited by the provisions of Section 7 relating to insurance.

8. **INSURANCE**. Vendor shall, throughout the duration of this Agreement, maintain insurance to cover Vendor, its agents, representatives, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

8.1 **COMMERCIAL GENERAL LIABILITY.** Commercial General Liability (with coverage at least as broad as ISO form CG 00 01 01 96) "per occurrence" coverage shall be maintained in an amount not less than $4,000,000 general aggregate and $2,000,000 per occurrence for general liability, bodily injury, personal injury, and property damage.

8.2 **AUTOMOBILE LIABILITY.** (with coverage at least as broad as ISO form CA 00 01 07 97, for "any auto") "claims made" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

8.3 **WORKERS' COMPENSATION.** coverage shall be maintained as required by the State of California.

8.4 **ENDORSEMENTS**. Vendor shall obtain endorsements to the automobile and commercial general liability insurance policies with the following provisions:

8.4.1 The City (including its elected officials, officers, employees, agents, and volunteers) shall be named as an additional "insured."

8.4.2 For any claims related to this Agreement, Vendor's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of the Vendor's insurance and shall not contribute with it.

8.5 **NOTICE OF CANCELLATION**. Vendor shall notify the City if the policy is canceled before the expiration date. For the purpose of this notice requirement, any material change in the policy prior to the expiration shall be considered a cancellation. Vendor shall immediately obtain a replacement policy.

8.6 **INSURANCE CERTIFICATE.** Vendor shall provide evidence of compliance with the insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City, before the City signs this Agreement.

8.7 **SUBSTITUTE CERTIFICATES**. Vendor shall provide a substitute certificate of insurance no later than 30 days prior to the policy expiration date of any insurance policy required by this Agreement.

8.8 **VENDOR'S OBLIGATION**. Maintenance of insurance by the Vendor as specified in this Agreement shall in no way be interpreted as relieving the Vendor of any responsibility whatsoever (including indemnity obligations under this Agreement), and the Vendor may carry, at its own expense, such additional insurance as it deems necessary. Failure to provide or maintain any insurance policies or endorsements required herein may result in the City terminating this Agreement.

9. **PACKING AND SHIPPING.** Deliveries must be made as specified, without charge, for boxing, crating, or storage unless otherwise specified. Goods must be suitably packed to secure the lowest transportation costs and, in accordance with the requirements of common carriers, in a manner to assure against damage from weather or transportation. The City's order numbers and symbols must be plainly marked on all invoices, packages, and shipping orders. Packing lists specifying the quantity, description, and Purchase Agreement Number must accompany each box or packing shipment. The City's count or weight will be final and conclusive on shipments not accompanied by packing lists. Shipments for two or more destinations when so directed by the City will be shipped in separate boxes or containers for each destination, at no charge.

10. **TAXES**. The Vendor must separately state on all invoices any taxes imposed by the local, state, or federal state government applicable to furnishing of Goods and Ancillary Services; provided, however, where a tax exemption is available, the tax must be subtracted from the total price and identified. Unless otherwise outlined in the Purchase Agreement, the Purchase Price will be considered to include state and city sales or use tax.

11. **WARRANTY**. The Vendor warrants that all Goods will conform to applicable specifications, drawings, descriptions, and samples, and will be merchantable, of good workmanship in material, and free from defect. Unless manufactured according to detailed design furnished by the City, the Vendor assumes design responsibility and warrants the Goods to be free from design defect and suitable for the purposes intended by the City, and that such Goods if installed by the Vendor shall conform to applicable specifications.

    11.1 The Vendor's warranties, together with its service guarantees, must run to the City and its customers or users of the Goods and Ancillary Services and must not be deemed exclusive. The City's inspection, approval, acceptance, use of, and payment for all or any part of the Goods and Ancillary Services must in no way affect its warranty rights whether or not a breach of warranty had become evident in time.

12. **DUTY TO DEFEND**. Vendor agrees, (1) at its cost and expense, to promptly defend the City and the City's employees, officers, managers, agents, and council members (collectively the **Parties to be defended**) from and against any and all claims, allegations, lawsuits or other legal proceedings which arise out of, or are related to, or

M.P

are in any manner connected with: (i) the Goods and Ancillary Services provided pursuant this Purchase Agreement; (ii) allegations that the Goods are defective in manufacture or design; (iii) any patent or other intellectual property right related to the Goods and (iv) the work, activities, operations, or duties of Vendor, or of anyone employed by or working under the Vendor, or (2) any breach of this Agreement by Vendor.

12.1 This duty to defend shall apply whether or not such claims, allegations, lawsuits, or proceedings have merit or are meritless, or which involve claims or allegations that any of the Parties to be defended were actively, passively, or concurrently negligent, or which otherwise assert that the parties to be defended are responsible, in whole or in part, for any loss, damage or injury. Vendor agrees to provide this defense immediately upon written notice from the City, and with well-qualified, adequately insured, and experienced legal counsel acceptable to the City.

13. REBATES, KICKBACKS, OR OTHER UNLAWFUL CONSIDERATIONS. Vendor warrants that this Agreement was not obtained or secured through rebates, kickbacks, or other unlawful consideration either promised or paid to any City official or employee. For breach of this warranty, City shall have the right, in its sole discretion, to terminate this Agreement without liability; to pay only for the value of the work performed, or to deduct from the contract price; or otherwise recover the full amount of such rebate, kickback, or other unlawful consideration.

14. NOTICES. All notices, demands, or other communications that this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or mailed to the other party at the addresses listed below. Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the address designated below, or (2) three working days after the deposit in the United States Mail of registered or certified mail, sent to the address designated below.

15. MISCELLANEOUS

15.1 STANDARD OF CARE. Unless otherwise specified in this Agreement, the standard of care applicable to Vendor's services will be the degree of skill and

M.P

diligence ordinarily used by reputable professionals performing in the same or similar time and locality, and under the same or similar circumstances.

15.2 **AMENDMENTS.** This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both Parties.

15.3 **WAIVER.** Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

15.4 **ASSIGNMENT AND DELEGATION.** Vendor may not assign, transfer, or delegate this Agreement or any portion of it without the City's written consent. Any attempt to do so will be void. City's consent to one assignment shall not be deemed to be consent to any subsequent assignment.

15.5 **JURISDICTION AND VENUE.** The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

15.6 **COMPLIANCE WITH THE LAW.** Vendor shall comply with all applicable local, state, and federal laws, whether or not those laws are expressly stated in this Agreement.

15.6.1 **HAZARDOUS MATERIAL.** Vendor is responsible for all costs of clean up and/or removal of hazardous and toxic substances spilled as a result of performing their services.

15.6.2 **NON-DISCRIMINATION.** Vendor represents and warrants that it is an equal opportunity employer and it shall not discriminate against any third-party vendor, employee, or applicant for employment because of race, religion, color, national origin, handicap, ancestry, sex, or age. Vendor shall also comply with all applicable anti-discrimination federal and state laws, including but not limited to, the California Fair Employment and Housing Act (Gov. Code 12990 (a-f) et seq.).

15.7 **BUSINESS ENTITY STATUS.** Vendor is responsible for filing all required documents and/or forms with the California Secretary of State and meeting all requirements of the Franchise Tax Board, to the extent such requirements apply to Vendor. By entering into this Agreement, Vendor represents that it is not a suspended corporation. If Vendor is a suspended corporation at the time, it enters this Agreement, City may take steps to have this Agreement declared voidable.

15.8 **BUSINESS LICENCE.** Before the City signs this Agreement, Vendor shall obtain a City of Tracy Business License. Vendor shall maintain an active City of Tracy Business License during the term of this Agreement.

mr-8

15.9 **SUCCESSORS AND ASSIGNS.** This Agreement shall inure to the benefit of and be binding upon the Parties hereto and their respective successors and assigns.

15.10 **CONSTRUCTION OF AGREEMENT**. Each Party hereto has had an equivalent opportunity to participate in the drafting of this Agreement and/or to consult with legal counsel. Therefore, the usual construction of an agreement against the drafting Party shall not apply hereto.

15.11 **SEVERABILITY.** If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

15.12 **CONTROLLING PROVISIONS.** In the case of any conflict between the terms of this Agreement and the Exhibits hereto, and Vendor's proposal (if any), the Agreement shall control. In the case of any conflict between the Exhibits hereto and the Vendor's proposal (if any), the Exhibits shall control.

15.13 **ENTIRE AGREEMENT.** This Agreement and the attached Exhibits comprise the entire integrated understanding between the Parties concerning the services to be performed. This Agreement supersedes all prior negotiations, representations, or agreements. All exhibits attached hereto are incorporated by reference herein.

16. **SIGNATURES**. The individuals executing this Agreement on behalf of Vendor represent and warrant that they have the right, power, legal capacity, and authority to enter and execute this Agreement on behalf of Vendor.

[SIGNATURES ON FOLLOWING PAGE]

The Parties agree to the full performance of the terms set forth here.

EXHIBIT A – DESCRIPTION OF GOODS

The Vendor shall procure a total of ten (10) single trip steel shipping containers of varying sizes for the pre-manufacture of structures required by the City for use as restrooms, showers, laundry, storage and mechanical structures. The vendor will provide a set of restroom complex enclosure panels to secure the maintenance area between the various structures.

The Vendor shall prepare each shipping container for repurposing, shall design and engineer each container to meet the design specifications of the City and the requirements of the California Building Code, shall submit the stamped engineering design drawings for review and approval by a third party reviewer for compliance with California Department of Housing and Community Development (HCD), the regulatory agency for pre-manufactured structure requirements, and secure the stamped approvals from HCD for submittal to the City for review and approval.

Upon receipt of City approval of the stamped engineering design drawings, the Vendor shall manufacture the structures as described in the attached quotes and descriptions, fabricating all required components and providing all labor and materials, and shipping the completed the pre-manufactured structures to the City's project site to arrive at a time coordinated with the City and the City's general construction contractor.

The descriptions of each pre-manufactured structure can be found on the attached exhibits:

A-1 – Twenty Foot Restroom Structures (2)
A-2 – Forty Foot Shower Structures (2)
A-3 – Twenty Foot Storage Structures (3)
A-4 – Forty Foot Storage Structure
A-5 – Twenty Foot Mechanical Structure
A-6 – Restroom Complex Enclosure Panels
A-7 – Twenty Foot mechanical Structure

Tracy, CA

Print-date: 2-3-2022

Dear: Jessica
Thank you for contacting us about the possibility of custom designing and building your two 20' restroom units to suit your needs. Our process of custom transforming new one trip shipping containers into useful, efficient and sustainable structures is both environmentally responsible and practical. Shipping containers are extremely strong and durable with an indefinite lifespan. Our structures are designed and engineered to meet city and state building codes as well as conform to California building standards. In addition, the building is equipment with three restrooms. The HVAC system in these buildings is the Daikin mini split system the unit is highly efficient and has an estimated 30-year lifespan. (24000 BTU)

The following is a list of materials and labor utilized for your two 20' restroom units:

Attached Files:

Price Breakdown

Code	Description	Qty / Unit
CONTAINER - 20' - STANDARD - NEW	New one trip container HC	2
#Customer Container Delivery	Phoenix to Tracy CA	2
Transportation	Longbeach to Phoenix	2
Electric Panel	125 amp panel	2
industrial Flooring	industrial rubber floor with five inches up the wall	2
Daikin Mini Split HVAC	24000 BTU split with three blowers 7000 BTU each plus set lines	2
Exhaust fans & Vents	Three exhaust fans	6

LED Ceiling Light	four foot ceiling lights LED	6
EXTERIOR - Doors	Three steel commercial doors	6
DRYWALL	1/2 sheetrock installed	54
Wall Panels (FRP)	FRP walls and ceiling smooth side	54
Wall Panel Moulding (FRP)	molding in between each panel	2
COSP - MATERIALS - Welding	gas, pads, grinders, copper	2
Dome Lights	Three lights out by entrance door with dawn to dusk sensor	6
Flooring - Sub Floor	six inch sub floor	2
labor	general construction, plumbing, electrical, painting, welding	350
Plumbing Materials	plumbing materials, pipe, pex, fitting	2
Light Switches	switch in each room	6
Exterior Paint	Epoxy color of choice	10
METAL - STUDS & TRACKING	Studs and tracking 1 5/8 studs	2
Rolled Insulation	R-19 walls and R-30 on ceiling	2
Sinks	wall mounted and backing in walls to reinforce sinks	6
Floor mounted toilet w/ seal	floor mounted	6
GFI outlets	110 volt GFI by each sink	6
Double roll toilet paper dispenser	double roll	6
ADA Metal Bars	three ADA bars around the toilet in each ADA restroom	6
Mirrors	six mirrors above each sink	6
Paper towel dispenser	Paper towel dispenser	6
Miscellaneous	unforeseen	2
METAL - SQUARE - 2-IN	20' stick of 2" tubing to frame doors	6
COSP - MATERIALS - Welding	Gas, copper, grinding wheels, sanding paper	2

Total Price: $101,519.22

The price with delivery is: $101,519.22
We require 50% down payment before construction begins and the remaining balance is due once construction is complete and the building is set on the truck for delivery. Any expense incurred in such to move the building off the delivery trailer shall be incurred by the customer.

We can have the building built within 6 to 8 weeks of deposit depending on the state approval
This proposal's price and estimated delivery dates are only good for 30 days from the date of this proposal.

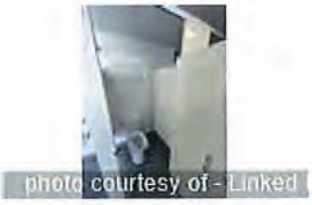
Print-date: 2-3-2022



Dear: Jessica

Thank you for contacting us about the possibility of custom designing and building your three 20' standard storage units to suit your needs. Our process of custom transforming three used refurbished standard shipping containers into useful, efficient and sustainable structures is both environmentally responsible and practical. Shipping containers are extremely strong and durable with an indefinite lifespan. Our structures are designed and engineered to meet city and state building codes as well as conform to California building standards. In addition, the building is equipment with double man door in the end of the containers, with one whirly bird vents, interior 4' LED lights, one porch light, light switch and 100 amp single phase electrical panels.

The following is a list of materials and labor utilized for your 20' units:

Attached Files:

Price Breakdown

Code	Description	Qty / Unit
20' Refurbished standard container	three used refurbished 20' containers	3
Transportation	Longbeach to Phoenix	3
Customer Container Delivery	delivery on a drop deck	3
Man Door with sweep 6" plate and handle	Double man door	3
Metal	one twenty foot sticks of two inch tubing	3
labor	cutting, welding, painting, installing doors, loading and unloading	90
Overhead - Welding Materials	gas, plasma cutter, copper, grinding wheels, pads	3
Paint	Paint inside and out	30
Vent - Whirleybird	LOMANCO14 in. Mill Finish Aluminum Internally Braced Whirlybird Wind	3

	Turbine Model# BIB14	
Electric Panel	four 100 amp single phase electrical panels with breakers	3
Conduit	Conduit to run electrical	3
Light Switches	three light switches	3
Dome Lights	three porch lights outside of entrance door	3
Unistrut	Unistrut weld lights, conduit, switches	3
4' LED Light	Two lights each building	6
Miscellaneous	Unforeseen items	1
COSP - MATERIALS - Welding	Gas, copper, plasma, grinding wheels, sanding pads	3

Total Price: $39,151.50

The price with delivery is: $39,151.50
We require 50% down payment before construc on begins and the remaining balance is due once construc on is complete and the building is set on the truck for delivery. Any expense incurred in such to move the building off the delivery trailer shall be incurred by the customer.

We can have the building built within 10 days of deposit.
This proposal's price and es mated delivery dates are only good for 30 days from the date of this proposal.
Please let us know if you have any ques on or would like to discuss addi onal building modifica ons to meet your specific needs.

Thank you

Dear: Jessica

Thank you for contacting us about the possibility of custom designing and building your 20' Laundry unit to suit your needs. Our process of custom transforming new one trip shipping containers into useful, efficient and sustainable structures is both environmentally responsible and practical. Shipping containers are extremely strong and durable with an indefinite lifespan. Our structures are designed and engineered to meet city and state building codes as well as conform to California building standards. In addition, the building is equipment with washers and dryers, laundry sinks. There is no subfloor installed on this building.

The HVAC system in these buildings is the Daikin mini split system the unit is highly efficient and has an estimated 30-year lifespan. (24,000 BTU)

The following is a list of materials and labor utilized for your 20' laundry unit:

Price Breakdown

Code	Description	Qty / Unit
CONTAINER - 20' - STANDARD - NEW	New one trip High Cube 20' container	1
#Customer Container Delivery	Phoenix to Tracy, CA	1
Transportation	Longbeach to Phoenix	1
Daikin Mini Split HVAC	Mini split system 24,000 BTU with one blower	1
Electric Panel	200 amp electrical panel with enough breakers to handle all the washer and dryers	1
Industrial metal man door	One industrial metal door 72" x 80"	1
Dome Lights	porch light	1
PAINT - EXTERIOR	five gallon of exterior paint customers choice of color	5
Metal	three sticks of two inch tubing to frame out door and exhaust fan	2
Light Switches	one light switches	1
GFI outlets	thirteen 110 volt receptacles	13
Exhaust Fans	Hampton Bay50 CFM Wall/Ceiling Mount Roomside Installation Bathroom Exhaust Fan, ENERGY STAR	1
Sink - Wall Mount - w/	BayAll-in-One 24.125 in. x 21.375 in. x 35 in. Stainless Steel Laundry Sink with	2

Faucet & Drain	Faucet and White Storage Cabinet Model# 1521US-24-262	
4' LED Light	two four foot LED lights	2
METAL - STUDS & TRACKING	metal studs and tracking to install walls	1
FiberGlass Insulation	R-19 insulation R 30 in ceiling	1
DRYWALL - 1/2-IN	1/2 sheetrock installed only	1
PLYWOOD - 1/2-IN SANDED	five sheet of plywood to laydown on floor	5
Rolled Flooring	Industrial rubber flooring five inches up the wall	1
labor	construction, plumbing, electrical, cutting, welding, painting	165
COSP - MATERIALS - Welding	Gas, copper, grinding pads, cutting wheels	1
Miscellaneous	unforeseen	1
Wall Panels (FRP)	Flat surface FRP	19
Wall Panel Moulding (FRP)	White to match the FRP	1
CLOTHES DRYER	LSEE5AGS173 Speed Queen Electric Stack Dryer TW01 Manual Control, 240/60//1 white	1
Floor Drain	Linear Floor drain	1
CLOTHES WASHER	LTEE5ASP175 Speed Queen Electric Stack washer and dryer TW01 Manual Control, 120-240/60/1	3
METAL - SQUARE - 2-IN	two 20' sticks of 2" tubing	2
Plumbing Materials	pex, pipe, fittings	1
Hose Rack	stainless steel hoses and dryer kit plus clamps	10
Flooring - Sub Floor	six inch sub floor	1
CLOTHES WASHER	LFNE5BSP115 Speed Queen Front Load washer TW01 Manual Control 120/60/1 white	1
CLOTHES DRYER	LDEE5BGS173 Speed Queen Front Load Electric Dryer	1

Total Price: $67,081.31

The price with delivery is: $67,081.31 this price includes the washer and dryer that client has picked out
We require 50% down payment before construction begins and the remaining balance is due once construction is complete and the building is set on the truck for delivery. Any expense incurred in such to move the building off the delivery trailer shall be incurred by the customer.

We can have the building built within four to ten weeks depending on how quickly the state of California take to approve plans.
This proposal's price and estimated delivery dates are only good for 30 days from the date of this proposal.
Please let us know if you have any question or would like to discuss additional building modifications to meet your specific needs.

Thank you

The following describes MEP engineering will be accomplished by Arbedili engineering, the structural will be accomplished by Dotec engineering and the third part inspector and submitting plans to the state of California will be Intertek
Linked Equipment will coordinate all plans and have our draftsman draw all buildings up.
The following is a list of all services that will be needed to get the project approved.

Attached Files:

Price Breakdown

Code	Description	Qty / Unit
MEP engineering	Mechanical, electrical, plumbing Arbedili engineering lic in the state of California for the two 40' shower units	1
ENG - STRUCTURAL	structural engineering including anchoring to the cement slabs Dotec engineering lic in the state of California for the two 40' showers units	1
Intertek 3rd party inspector	third party inspectors, submitting engineering to the state of California for the two 40' shower units	1
MEP engineering	Mechanical, electrical, plumbing Arbedili engineering lic in the state of California for the two 20' restrooms	1
ENG - STRUCTURAL	structural engineering including anchoring to the cement slabs Dotec engineering lic in the state of California for the two 20' restrooms	1
Intertek 3rd party inspector	third party inspectors, submitting engineering to the state of California for the two 20' restroom units	1
MEP engineering	Mechanical, electrical, plumbing Arbedili engineering lic in the state of California for the one 20' Laundry unit & 20' Mechanical room	1
ENG - STRUCTURAL	structural engineering including anchoring to the cement slabs Dotec engineering lic in the state of California for the one 20' Laundry unit & 20' Mechanical room	1
Intertek 3rd party inspector	third party inspectors, submitting engineering to the state of California for the 20' Laundry unit & 20' Mechanical room	1
MEP engineering	Mechanical, electrical, plumbing Arbedili engineering lic in the state of California for the one 40' storage and three 20' storage units	1
ENG - STRUCTURAL	structural engineering including anchoring to the cement slabs Dotec engineering lic in the state of California for the one 40' storage and three 20' storage units	1

EXHIBIT B

Intertek 3rd party inspector	third party inspectors, submitting engineering to the state of California for the one 40' storage and three 20' storage units	1
Draftsman	Draftsman, designing, working with engineers and third party inspector	1

Total Price: $47,896.00

The total price for these services is $47,896.00
Once payment is received the following estimated times will happen:
Draftsman will take up to two weeks to get the drawing ready for engineering, once ready we will send a copy to you for final approval prior to sending them to engineering.
Submit drawings and any cut sheets to engineering, MEP will take about two weeks to get back, structural we should have prior to MEP.
Once we have engineering plans back we will submit to the third party inspectors they will take about a week to review and then submit to the state of California.
After the plans have been submitted to the state we can look forward to at least a month for the state to get back to us with red lines, on a job this size will take about a week to turn around the redlines.
Once the state receives the redlines we should get final approval within two weeks.
After the third party has inspected the drawings and has submitted to the state we should be in a good enough position to start the builds
Thank you

LINKED EQUIPMENT

TERMS OF SALE AGREEMENT

This Terms of Sale Agreement (Agreement) is between LINKED EQUIPMENT LLC and its affiliates (Manufacturer) and Purchaser (Customer), who each agree as follows:

1. TERMS OF ALL SALES: (a) All sales of Manufacturer's Products to Customer shall be made under and subject to the provisions of the Manufacturer's quotation, order acknowledgement, and this Agreement. (b) Unless otherwise established by Manufacturer, all sales will be due and payable before shipment. Deposits may be required. (c) All shipping expenses, such as freight, delivery charges etc. are the customer's responsibility. (d) Sales and use taxes, or fees of any kind, if any, shall be paid by Customer. (e) For any non-catalog items, Customer will furnish Manufacturer with specifications and Manufacturer will furnish Customer with a price quote. Unless otherwise stated on the quotation, all items quoted will be Manufacturer's standard design and materials and may represent an alternative to the item requested. It is the Customer's responsibility to determine the acceptability/reliability of the specifications delivered to Manufacturer and further, the use of the Product for the purposes of the end-user/customer before placing an order with Manufacturer. (f) All weights, gages, dimensions and tolerances for Manufacturer's Products will be subject to standard permissible variations as determined by the manufacturer. (g) No orders placed with Manufacturer will be delayed except as may be specifically agreed in writing at time of acceptance of order. If an order is delayed before manufacturing is complete it shall be subject to revised current pricing when it is released to proceed. If an order is partially or fully manufactured and delayed from shipping, the Customer agrees to pay storage fees of .2% (2/10ths of a percent) of the order price per day, and third-party storage fees if applicable. If a there is shipping delay by the Customer, all invoices for the order must be paid immediately, periodic storage fees will be due on receipt, and any balance due must be paid in full before shipment. (h) Should an order be cancelled, the Customer shall be responsible to pay Manufacturer per its cancellation policy (see paragraph 6). Under no circumstance, shall the customer not pay for Manufacturer's work completed or purchases made for the order.

3. CLAIMS AGAINST MANUFACTURER: If the Customer believes it has a claim of any nature whatsoever against the Manufacturer, it shall give the Manufacturer written notice with detailed explanation and pictures, within ten (10) days of the occurrence of the event upon which the claim is based. See paragraph 14 for the required delivery method. In default of such notice and proper delivery, the claim is waived.

5. PRODUCT LIABILITY: (a) Manufacturer shall be responsible only for repairing manufacturing defects of the Product. Manufacturer shall not be liable for any damages or expenses caused directly or indirectly by Customer or third parties as a result of scheduling, delivery, construction, handling, installation, assembly,

TRACY CITY COUNCIL

RESOLUTION NO. _____

APPROVING AMENDMENT NO. 1 TO THE PROCUREMENT AGREEMENT WITH LINKED EQUIPMENT, LLC., AN ARIZONA LIMITED LIABILITY COMPANY, TO INCREASE THE TOTAL COMPENSATION BY $12,527, FOR A NOT-TO-EXCEED TOTAL OF $563,027 FOR PREMANUFACTURED CUSTOMIZED CONTAINERS FOR THE TEMPORARY EMERGENCY HOUSING FACILITY, PHASE II SITE IMPROVEMENTS

WHEREAS, On December 21, 2021, pursuant to Resolution 2021-198, the City Council authorized the direct purchase of a total of 10 structures for the Temporary Emergency Housing Facility Project from Linked Equipment, LLC., (Vendor) Phoenix, AZ.; and

WHEREAS, The City and vendor entered into an Agreement for Goods, Commodities, and Ancillary Services (Agreement) which was approved by the City Council on July 5, 2022, pursuant to Resolution 2022-099; and

WHEREAS, The proposed amendment to the Agreement reflects additional costs for labor and materials for emergency exit lighting, additional insulation required by California energy efficiency codes, floor drains, electrical equipment, and additional fixtures required to comply with California codes; and

WHEREAS, The mechanical room design, included in the Agreement, was sized for the Phase II occupancy of 68 residents and modifications to the mechanical room design are required to expand the capacity to serve the additional four (4) restroom and shower containers to provide permanent restroom and shower facilities for Phase IV; and

WHEREAS, On-site ancillary services for the installation of enclosure panels between the container units, planned to be provided by the vendor, have been removed from the Agreement, and included in the construction of the Phase II Site Improvements at the Temporary Emergency Housing Facility (TEHF) Project; and

WHEREAS, The Tracy Homelessness Advisory Committee heard this item on June 20, 2024 and recommended that the City Council adopt this proposed Resolution; and

NOW, THEREFORE, be it

RESOLVED: That the City Council for the City of Tracy hereby finds the actions approved by this resolution exempt from California Environmental Quality Act (CEQA) pursuant to Government Code section 8698.4 as provided for homeless shelters; and be it further

RESOLVED: That the City Council hereby authorizes the execution of Amendment No. 1 to the Agreement as reflected in Attachment 1, to include design services for modifications to the mechanical unit to meet increased capacity needs and additional costs related to code compliance, and to increase the total compensation by $12,527, for a Not-to-Exceed amount of $563,027.

(1) Amendment No. 1 to Purchase Agreement-Linked Equipment, LLC.

CITY OF TRACY
AMENDMENT NO. 1
TO THE PURCHASE AGREEMENT FOR GOODS, COMMODITIES, AND ANCILLARY SERVICES WITH LINKED EQUIPMENT, LLC., PHOENIX, ARIZONA

This Amendment No. 1 (**Amendment**) to the Purchase Agreement for Goods, Commodities, and Ancillary Services (**Agreement**) is entered into between the City of Tracy, a municipal corporation (**City**), and Linked Equipment, LLC. an Arizona Limited Liability Corporation (LLC) (**Vendor**). City and Vendor are sometimes referred to individually as "**Party**" and collectively as "**Parties**."

Recitals

A. The City and -Vendor entered into a Purchase Agreement for Goods, Commodities, and Ancillary Services (Agreement) was approved by the City Council on July 5, 2022, pursuant to Resolution 2022-099.

B. The Agreement scope included the design, manufacture, and on-site ancillary services for of ten (10) customized containers to provide restrooms, showers, laundry, a mechanical room, and storage units for the Temporary Emergency Housing Facility, Phase II Site Improvements.

C. During the building code review of the Vendor's final designs of the restroom, shower, and laundry units, it was determined that additional fixtures, emergency lighting and building materials were required to meet California Code requirements. The original cost proposals were based on a conceptual plan before code requirements had been fully identified. Additional costs for labor and materials for emergency exit lighting, additional insulation required by California energy efficiency codes, floor drains, electrical equipment, additional fixtures were required to be included to comply with California codes, are included in this Addendum.

D. On July 5, 2023, the City Council authorized the purchase of eight (8) custom container dormitories from the Vendor, pursuant to Resolution 2023-140, to be installed as part of the Phase IV interim facility improvements. Phase IV was opened in December of 2023, providing housing for an additional 38 individuals. The mechanical room design, included in the Agreement, was sized for the Phase II occupancy of 68 residents. Modifications to the mechanical room design are now required to expand the capacity to serve the additional four (4) restroom and shower containers required to provide permanent restroom and shower facilities for Phase IV.

E. On-site Ancillary Services for the installation of enclosure panels between the container units, planned to be provided by the Vendor, have been removed from the Agreement, and included in the construction of the Phase II Site Improvements at the Temporary Emergency Housing Facility (TEHF) Project.

F. This Amendment is being executed pursuant to Tracy Municipal Code Section 2.20.140 to include additional design services for modifications to the mechanical unit to meet the changed project site occupancy and additional costs related to code compliance, and the increase the total compensation by $12,527, for a Not-to-Exceed amount of $563,027.

NOW, THEREFORE, in consideration of the mutual covenants and promises contained herein, the receipt and adequacy of which is hereby acknowledged, the parties agree as follows:

1. . **Incorporation by Reference.** This Amendment incorporates by reference all terms set forth in the Agreement, unless specifically modified by this Amendment. All capitalized terms used herein and not defined herein shall have the meanings set forth in the Agreement.

2. . **Terms of Amendment.**

A. Section 1. of the Agreement is hereby amended by deleting the text of Section 1.1 and Section 1.2 in their entirety and substituting in place thereof the following underlined text:

GOODS. The City agrees to purchase, and the Vendor agrees to sell, the Goods as more specifically outlined and described in the attached Exhibit A, and incorporated by reference. The Goods shall comply with all of the standards and specifications outlined in Exhibit A.

SERVICES. The City also agrees to purchase from Vendor the services related to the installation or delivery of such Goods, as more specifically outlined and described in the attached Exhibit B-1 (Ancillary Services). Ancillary Services shall be provided in a manner consistent with the level of care and skill ordinarily exercised by members in the same profession, practicing in the same locality under similar conditions.

B. Section 3. of the Agreement is hereby amended by deleting the text of Section 3 in its entirety and substituting in place thereof the following underlined text:

PURCHASE PRICE. City shall pay Vendor on a fixed fee basis, at the fee amounts outlined in **Exhibit D-1**, attached and incorporated by reference. The purchase price will be broken down by price of the Goods, and the price of the Ancillary Services, with a total calculation at the end.

3.1 NOT TO EXCEED AMOUNT. Vendor's total contract amount, for the aggregate of the Goods and the Ancillary Services, under this Agreement shall not exceed $563,345. No work shall be performed by Vendor in excess of the total contract amount provided in the section without the City's prior written approval.

3.2 INVOICES. Vendor shall submit invoices per the outlined schedule in Purchase of Goods and Ancillary Services in Exhibits A and B. Vendor's failure to submit invoices in accordance with these requirements may result in the City rejecting said invoices and thereby delaying payment to Vendor.

3.3 PAYMENT. Within 30 days after the City's receipt of the invoice, City shall make payment to the Vendor based upon the Goods and Ancillary Services described on the invoice and approved by the City."

C. Exhibit A of the Agreement is hereby amended to include Exhibits A-8 and Exhibit A-11.

D. Exhibit B of the Agreement is deleted and replaced by Exhibit B-1.

E. Exhibit D of the Agreement is deleted and replaced by Exhibit D-1.

3. Effect of Amendment. This Amendment represents the complete and entire agreement and understanding between the parties and supersedes any prior agreement and understanding (written or oral) concerning the subject matter contained herein. Except as expressly modified by this Amendment, all provisions of the Agreement will remain unchanged and in full force and effect. The parties hereto acknowledge and agree that the recitals set forth are true and correct, and are incorporated into this Amendment. This Amendment will not be binding until fully executed by the parties.

4. Signatures. This Amendment may be executed in any number of counterparts, each of which shall be deemed to be an original and all of which taken together shall constitute one instrument. The individuals executing this Amendment represent and warrant that they have the right, power, legal capacity and authority to enter into and to execute this Amendment. This Amendment shall inure to the benefit of and be binding upon the parties and their respective successors and assigns.

IN WITNESS WHEREOF, the parties hereto have executed this Amendment as of the Effective Date.

The following describes MEP engineering will be accomplished by Arbedili engineering, the structural will be accomplished by Dotec engineering and the third part inspector and submitting plans to the state of California will be Intertek
Linked Equipment will coordinate all plans and have our draftsman draw all buildings up.
The following is a list of all services that will be needed to get the project approved.

Attached Files:

Price Breakdown

Code	Description	Qty / Unit
MEP engineering	Mechanical, electrical, plumbing Arbedili engineering lic in the state of California for the two 40' shower units	1
ENG - STRUCTURAL	structural engineering including anchoring to the cement slabs Dotec engineering lic in the state of California for the two 40' showers units	1
Intertek 3rd party inspector	third party inspectors, submitting engineering to the state of California for the two 40' shower units	1
MEP engineering	Mechanical, electrical, plumbing Arbedili engineering lic in the state of California for the two 20' restrooms	1
ENG - STRUCTURAL	structural engineering including anchoring to the cement slabs Dotec engineering lic in the state of California for the two 20' restrooms	1
Intertek 3rd party inspector	third party inspectors, submitting engineering to the state of California for the two 20' restroom units	1
MEP engineering	Mechanical, electrical, plumbing Arbedili engineering lic in the state of California for the one 20' Laundry unit & 20' Mechanical room	1
ENG - STRUCTURAL	structural engineering including anchoring to the cement slabs Dotec engineering lic in the state of California for the one 20' Laundry unit & 20' Mechanical room	1
Intertek 3rd party inspector	third party inspectors, submitting engineering to the state of California for the 20' Laundry unit & 20' Mechanical room	1
MEP engineering	Mechanical, electrical, plumbing Arbedili engineering lic in the state of California for the one 40' storage and three 20' storage units	1
ENG - STRUCTURAL	structural engineering including anchoring to the cement slabs Dotec engineering lic in the state of California for the one 40' storage and three 20' storage units	1

Intertek 3rd party inspector	third party inspectors, submitting engineering to the state of California for the one 40' storage and three 20' storage units	1
Draftsman	Draftsman, designing, working with engineers and third party inspector	1

Total Price: $47,896.00

The total price for these services is $47,896.00
Once payment is received the following estimated times will happen:
Draftsman will take up to two weeks to get the drawing ready for engineering, once ready we will send a copy to you for final approval prior to sending them to engineering.
Submit drawings and any cut sheets to engineering, MEP will take about two weeks to get back, structural we should have prior to MEP.
Once we have engineering plans back we will submit to the third party inspectors they will take about a week to review and then submit to the state of California.
After the plans have been submitted to the state we can look forward to at least a month for the state to get back to us with red lines, on a job this size will take about a week to turn around the redlines.
Once the state receives the redlines we should get final approval within two weeks.
After the third party has inspected the drawings and has submitted to the state we should be in a good enough position to start the builds
Thank you

Memorandum

Date: June 11, 2024

To: Mark Pike
Linked Equipment LLC.

From: Ilene Macintire, Senior Civil Engineer

Subject: Agreement Amendment and Deletion of On-Site Technical Services

Mark,

I am preparing an Amendment to the 2022 Agreement with Linked Equipment to address the changes that have occurred.

The City has included the installation of the enclosure panels and doors in the construction contract for the site improvements, so we will not need Linked Equipment staff to come to the site to do that installation. Therefore work included the Agreement for On-Site Technical Services will be deleted.

The Linked Equipment change orders all showed as No. 0001, so I have edited the numbers per the information below. I do not need Linked to provide corrected change orders.

Here are the items I am listed as changed in the Amendment:

Change Orders - Goods

CO-1	Restroom & Shower Fixtures	$23,560.00
CO-2	Mechanical Room Capacity	$9,354.00
CO-3	Credit For Enclosure Doors	-$2,520.00
CO-6	Laundry Room Electrical Panel Size Change	$3,644.34

Change Orders - Services

CO-4	Delete On-Site Ancillary Services	-$9,067.50
CO-5	Engineering & Drafting Mechanical Room Capacity	$2,260.00

PURCHASE PRICE

STRUCTURES AND ACCESSORIES	
STRUCTURES AND ACCESSORIES AS DESCRIBED IN EXHIBIT A: F.O.B. 370 W. ARBOR AVENUE, TRACY, CA, USA,	$512,871.00
ANCILLARY SERVICES	
ENGINEERINGS, DESIGN, AND THIRD PARTY INSPECTIONS: As Described in Exhibit B-1	$50,156.00
TECHNICAL SUPPORT SERVICES: AS Described in Exhibit-B - Deleted from Agreement	$0.00

TOTAL (NOT TO EXCEED) **$563,027.00**

July 2, 2024

Agenda Item 1.J

RECOMMENDATION

Staff recommends that the City Council adopt a resolution approving a Professional Service Agreement with Dewberry Engineers, Inc. of Manteca, California, to provide construction management services for the Interstate 580/Patterson Pass Road/International Parkway Diverging Diamond Interchange Improvements Project for an initial term of nineteen (19) months, with an administrative option to extend for one additional year, and a total not-to-exceed contract amount of $4,298,958.

EXECUTIVE SUMMARY

This agenda item seeks approval of a Professional Service Agreement (PSA) with Dewberry Engineers, Inc. of Manteca, California (Consultant), for a not-to-exceed contract amount of $4,298,958 to provide construction management services for the Interstate 580/Patterson Pass Road/International Parkway Diverging Diamond Interchange Capital Improvements Project (CIP) 73147 (Project). The City's Consultant Selection Committee has carefully evaluated all the received proposals based upon the criteria described in the RFP and has determined that Dewberry Engineers Inc. demonstrated the competence and professional qualifications necessary for the satisfactory performance of the required services.

BACKGROUND AND LEGISLATIVE HISTORY

The Project was approved as a CIP with the Fiscal Year 2015/2016 Budget. The City of Tracy, as the Project Sponsor, has collaborated with the California Department of Transportation (Caltrans) in its development. The Project is crucial for the region as it will improve access to the growing fulfillment and distribution centers in the area, enhance safety, and benefit the regional and national economy. Moreover, it will enhance freight operations along a federal Primary Freight Network (PFN) Route. In 2020, the City received a $24.9 million grant from the California Transportation Commission (CTC) for the construction phase of the Project. The grant was then reprogrammed as Federal National Highway Freight Program (FNHFP) grants with no change to the grant amount.

The Project involves reconstructing the existing interchange to a Diverging Diamond Interchange (DDI), similar to the one at State Route (SR) 120 & Union Road in Manteca. The DDI will redirect traffic in both directions to the opposite side of the road while crossing Interstate 580 (I-580). This will provide direct left-turns to I-580 on-ramps and from I-580 off-ramps, allowing for free movements onto the interstate. Traffic signals will be installed where the diversion in traffic occurs. The ramp entrances will also be widened to accommodate turning movements. The overcrossing will be widened to accommodate three northbound lanes, two southbound lanes, Class II Bike Lanes, and a multiuse (bicycle and pedestrian) path in the middle of the overcrossing. The DDI configuration will maintain access to the existing gas station located west of I-580. A public roadway to the gas station will be built to realign their access to accommodate the DDI configuration and design.

Currently, the existing interchange does not provide pedestrian and bicycle facilities on the existing Patterson Pass Road overcrossing and approaches. The Project will eliminate this deficiency by incorporating complete streets design through the addition of Class II bike lanes and sidewalks, making it useful for all roadway users.

During the City Council meeting held on February 21, 2023, the Council passed the Resolutions of Necessity (RONs) to authorize the acquisition of fee simple interests, permanent easements, and/or temporary construction easements required for the construction of the Project. To obtain the $24.9 million Trade Corridor Enhancement Program (TCEP) grant and to achieve Ready to List status with Caltrans, the City adopted Resolution Nos. 2023-035, 2023-036, 2023-037, and 2023-038 on February 21, 2023, to file Eminent Domain proceedings that require the acquisition of certain property interests for the Project.

Additionally, Resolution No. 2023-043 approved Utility Agreements related to the relocation of existing utilities. Resolution No. 2023-044 approved the execution of a Cooperative Agreement between the City and Caltrans and the Right-of-Way Certification.

A PSA between the City and Mark Thomas and Company was authorized under Resolution No. 2018-216, and an amendment to the PSA was authorized under Resolution No. 2022-072. The PSA included the design of the Project with completed plans, specifications, and estimates.

On January 16, 2024, staff prepared and issued a Request for Proposals (RFP) for construction management services for the Project. The requested work included pre-construction services, construction management services during construction, public outreach, traffic management coordination, environmental coordination, quality assurance, and material testing services, Stormwater Pollution Prevention Plans, other services as necessary, and post-construction services (close out/claims).

On March 1, 2024, the City received a total of three proposals from:

1. WSP USA, Inc. of Stockton, California,
2. MNS Engineers, Inc. of Oakland, California, and
3. Dewberry Engineering Inc. of Manteca, California.

The City’s Consultant Selection Committee has carefully evaluated all the received proposals based upon the criteria described in the RFP and called the consultants for interviews.

On March 27, 2024, the City’s Consultant Selection Committee conducted interviews with the three consulting firms mentioned above. The committee has determined that Dewberry Engineers Inc. of Manteca, California, possess the skills, experience, and certifications required to provide the requested services and has determined that the Consultant demonstrated the competence and professional qualifications necessary for the satisfactory performance of the required services. Consultant has successfully completed a similar project for the City of Manteca, San Joaquin County. Staff negotiated with the Consultant to provide construction management services for this project on a time and material basis for an amount not to exceed amount of $4,298,958, which is reasonable and competitive.

ANALYSIS

The total estimated cost of this Project, if awarded to the lowest bidder, is as follows:

Construction Management (Dewberry Inc)	$4,298,958
Total Project Cost	$4,298,958

FISCAL IMPACT

The Interstate 580/Patterson Pass Road/International Parkway Diverging Diamond Interchange, CIP 73147, is an approved Capital Improvement Project with a total budget of $50,877,000. On June 4, 2024, per Resolution 2024-085, the City Council awarded a construction contract for the Project to O.C. Jones & Sons, Inc., in a total not-to-exceed amount of $42,587,374.

Even after award of that contract, there are sufficient funds available in the project for the PSA, with funding as follows:

Funding Source	Budget	Expenses	Balance
242 - Measure K	$ 2,541,000	$ -	$ 2,541,000
TCEP Grant	$ 24,884,000	$ 24,884,000	$ -
363 - TIMP Traffic	$ 15,500,000	$ 13,651,708	$ 1,848,292
392 - RTIF	$ 7,952,000	$ 7,952,000	$ -
Current Budget	$ 50,877,000	$ 46,487,708	$ 4,389,292

PUBLIC OUTREACH/ INTEREST

Caltrans and the City of Tracy circulated the draft Initial Study/Mitigated Negative Declaration (IS/MND), in compliance with the California Environmental Quality Act (CEQA), for public comment and review on July 1, 2020. An opportunity for a public meeting was offered, but none was requested. All written comments received were addressed in the final IS/MND and in the Categorical Exclusion Determination (CE) in compliance with the National Environmental Protection Act (NEPA). The Resolutions of Necessity hearing for the required property acquisitions for the Project was conducted by City Council on February 21, 2023.

COORDINATION

The City's Engineering Division coordinated with several stakeholders including Caltrans, San Joaquin County, SJCOG (San Joaquin Council of Governments), Federal Highway Administration (FHWA), California Public Utility Commission, and public and private utility companies.

CEQA/NEPA DETERMINATION

As the Project has federal funds, compliance with both CEQA and NEPA are required. The final IS/MND (CEQA Approval), in accordance with Section 15164 of the CEQA Guidelines, and the CE (NEPA Approval) for the Project was obtained on February 25,

2021 under 23 U.S.C. 327. The request was reviewed under the provision of NEPA and other pertinent environmental reviews.

ACTION REQUESTED OF THE CITY COUNCIL

Staff recommends that the City Council adopt a resolution to approve a Professional Service Agreement with Dewberry Engineers, Inc. of Manteca, California, to provide construction management services for the Interstate 580/Patterson Pass Road/ International Parkway Diverging Diamond Interchange Improvements Project for an initial term of nineteen (19) months, with an administrative option to extend for one additional year, and a total not-to-exceed contract amount of $4,298,958.

ATTACHMENTS

Attachment A – Professional Service Agreement – Dewberry Engineers Inc. (CIP 73147)

DocuSign Envelope ID: B656EB08-5529-402B-BE62-04BC7EDF7F29

CITY OF TRACY
PROFESSIONAL SERVICES AGREEMENT WITH
DEWBERRY ENGINEERS INC., A CALIFORNIA CORPORATION FOR THE INTERSTATE 580/PATTERSONPASS/INTERNATIONAL PARKWAY DIVERGING DIAMOND INTERCHANGE IMPROVEMENTS PROJECT (CIP 73147).

This Professional Services Agreement ("Agreement") is entered into between the City of Tracy, a municipal corporation ("City"), and **DEWBERRY ENGINEERS INC.,** a California Corporation] ("Consultant"). City and Consultant are referred to individually as "Party" and collectively as "Parties."

Recitals

A. City desires to retain the professional services of Consultant to provide preconstruction construction management services, construction management services during construction, public outreach, traffic management coordination, environmental coordination, quality assurance and material testing services, Stormwater pollution prevention plans, other services necessary to facilitate construction and post-construction services (close out/claims) for the Interstate 580/Patterson Pass/International Parkway Diverging Diamond Interchange Improvements Project as further described herein and in Exhibit A.

B. On January 16, 2024 the City issued a Request for Proposals (RFP)/solicited informal proposals for the Scope of Work defined below. On March 1, 2024, Consultant submitted its proposal for the Scope of Work to the City. Pursuant to Tracy Municipal Code Sections 2.20.140(a)(2) and 2.20.130, the City has determined that Consultant demonstrated that it was the best qualified and most responsible proposer, and best fits the City's needs for competence and professional qualifications necessary for the satisfactory performance of the Scope of Work defined below.

C. After negotiations between the City and Consultant, the Parties have reached an agreement for Consultant's professional services as set forth in this Agreement.

D. City Council approved this Agreement on July 2, 2024 pursuant to Resolution No._____ / Tracy Municipal Code Section 2.20.140

NOW THEREFORE, for good and valuable consideration the sufficiency of which the Parties hereby acknowledge, the Parties mutually agree as follows:

1. Scope of Work. Consultant shall perform the professional services, tasks, and scope of work described in Exhibit A attached hereto and incorporated herein by this reference ("Scope of Work"). The Scope of Work shall be performed by, or under the direct supervision of, Consultant's "Authorized Representative": Dennis Haglan, PE, Senior Vice President**.** Consultant shall not replace its Authorized Representative, nor shall Consultant replace any of the personnel listed in Exhibit A, nor shall Consultant use or replace any subcontractor or subconsultant, without the City's prior written consent. The City may terminate this Agreement if Consultant makes any such change or uses or replaces any such subcontractor or subconsultant. Unless otherwise stated on Exhibit A, Consultant shall furnish, at its own expense, the materials, equipment, supplies, and other resources necessary to perform the Scope of Work.

1.1 Non-Exclusive Professional Services Agreement. The City reserves the right to contract with other firms and/or consultants during the term of this Agreement to provide the City with the same or similar Scope of Work as described in Exhibit A. Nothing contained in this Agreement

DocuSign Envelope ID: B656EB08-5529-402B-BE62-04BC7EDF7F29

guarantees Consultant a certain amount of work or compensation, and the City may, in its sole and absolute discretion, allocate and/or delegate work to Consultant so as to satisfy the City's needs.

2. Time of Performance. Time is of the essence in the performance of the Scope of Work under this Agreement and the timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. If dates for performance are set out in Exhibit A, Consultant shall begin performance, and shall complete all required Scope of Work no later than the dates set forth in Exhibit A. Any services for which times for performance are not specified in this Agreement shall be started and completed by Consultant in a reasonably prompt and timely manner based upon the circumstances and direction communicated to the Consultant. If Exhibit A indicates that Scope of Work shall only be performed upon request, or if the City otherwise communicates the same to Consultant, Consultant shall not perform said Scope of Work until the City requests such performance. Consultant shall submit all requests for time extensions to the City in writing no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due. The City may grant or deny such requests in its sole and absolute discretion.

2.1 Term. The term of this Agreement shall commence on August 1, 2024 and expire and terminate automatically on February 28, 2026 or earlier by termination pursuant to Section 6 of this Agreement ("Term"). Subject to the Not-To-Exceed Amount defined in Section 3.1, the Term of this Agreement may be extended with express written amendment incorporating this Agreement signed by both Parties and one of the following City approvals: (a) City Council approval or (b) City Manager approval. An administrative extension of this Agreement by City Manager shall be limited to an additional term of _one_ year(s) and require written determination by the City Manager that Consultant has satisfactorily met all the requirements of this Agreement.

3. Compensation. City shall pay Consultant on a time and expense basis for Scope of Work performed under this Agreement at the billing rates set forth in Exhibit B, which is attached hereto and incorporated herein by this reference.

3.1 Not to Exceed Amount. Consultant's total compensation under this Agreement shall not exceed $ 4,298,958 [Four Million, Two Ninty-Eight Thousand, Nine Hundred and Fifty-Eight] Dollars. Notwithstanding the foregoing, the payment of any funds under this Agreement shall be subject to the City of Tracy appropriation of funds for the Scope of Work. This Agreement shall automatically terminate in the event that such funds are not appropriated. Unless specifically stated otherwise or agreed to in writing and approved by City Council, the fees proposed by Consultant, as set forth in Exhibit B hereto, shall remain unchanged for the entire term of this Agreement and any extensions of this Agreement. It is understood and agreed that Consultant may not receive compensation up to the Not-to-Exceed Amount (or any other amount), and Consultant's total compensation under this Agreement will depend on the Scope of Work requested and approved by the City. Consultant's billing rates shall cover all costs and expenses for Consultant's performance of this Agreement. No work shall be performed by Consultant in excess of the "Not-to-Exceed Amount" provided in this section without the City's prior written approval.

3.1.1 City Budget Limitations. This Agreement will terminate without penalty, liability or expense of any kind to City at the end of any fiscal year if funds are not appropriated for the next succeeding fiscal year for this Agreement. If funds are appropriated for a portion of the fiscal year, this Agreement will automatically terminate, without penalty, liability or expense of any kind at the end of the term for which funds are appropriated. City has no obligation to make appropriations for this Agreement in lieu of appropriations for new or other agreements. City budget decisions are subject to the discretion

DocuSign Envelope ID: B656EB08-5529-402B-BE62-04BC7EDF7F29

of the City Council. Consultant's assumption of risk of possible non-appropriation is part of the consideration for this Agreement.

3.2 Invoices. Consultant shall submit monthly invoice(s) to the City that describe in detail satisfactory to the City: the services performed, the times and dates of performance, and the names of the person(s) performing the Scope of Work.

3.2.1 If Consultant is providing the Scope of Work in response to a development application, separate invoice(s) must be issued for each application and each invoice shall contain the City's designated development application number.

3.2.2 Consultant's failure to submit invoice(s) in accordance with this Section may result in the City rejecting said invoice(s) and thereby delaying payment to Consultant.

3.2.3 Consultant shall submit invoices no later than 90 days after completion of a portion of the Scope of Work. City has no obligation to pay invoices delivered greater than 90 days after the date of performance of the Scope of Work.

3.3 Payment. Within 30 days after the City's receipt of invoice(s), City shall make payment to the Consultant based upon the services and portions of Scope of Work described on the invoice(s) and approved by the City.

3.4 Final Payment. The acceptance by Consultant of the final payment made under this Agreement shall constitute a release of City from all claims and liabilities for compensation to Consultant for anything completed, finished or relating to Consultant's services or performance of the Scope of Work. Consultant agrees that payment by City shall not constitute nor be deemed a release of the responsibility and liability of Consultant or its employees, subcontractors, agents and subconsultants for the accuracy and competency of the information provided and/or services performed hereunder, nor shall such payment be deemed to be an assumption of responsibility or liability by City for any defect or error in the Services performed by Consultant, its employees, subcontractors, agents and subconsultants.

3.5 Books and Accounts. Consultant agrees to maintain books, accounts, payroll records and other information relating to the performance of Consultant's obligations under the Agreement, which shall adequately and correctly reflect the expenses incurred by the Consultant in the performance of Consultant's work under the Agreement. Such books and records shall be open to inspection and audit by the City during regular business hours for three years after expiration or termination of this Agreement.

4. Indemnification. Consultant shall, to the fullest extent permitted by law, indemnify, defend (with independent counsel approved by the City), and hold harmless the City from and against, and reimburse the City for, any and all liabilities, obligations, losses, damages, injunctions, suits, actions, fines, penalties, claims, demands, administrative and judicial proceedings and order, judgments, remedial action requirements, costs and expenses of every kind or nature, and all costs and expenses incurred in connection therewith, including, without limitation, reasonable attorneys' fees and court costs ("**Claims**") arising directly or indirectly from or out of (including any and all related costs and expenses), relating or pertaining to or resulting from, in whole or in part, this Agreement; any act, omission, or event relating in any way to Consultant's obligations under this Agreement; and/or Consultant's breach of this Agreement, except to the extent such Claim is caused solely by the active negligence or willful misconduct of the City. In this Section 4, "City" means the City, its officials, officers,

DocuSign Envelope ID: B656EB08-5529-402B-BE62-04BC7EDF7F29

agents, employees and volunteers; "Consultant" means the Consultant, its employees, agents and subcontractors.

In the event there is a finding and/or determination that Consultant is not an independent contractor and/or is an employee of City, including but not limited to any such finding and/or determination made by the California Public Employees' Retirement System (CalPERS), the Department of Industrial Relations (DIR), or the Internal Revenue Service (IRS), Consultant shall, to the fullest extent permitted by law, indemnify, defend, and hold harmless the City from and against any and all Claims relating to or in connection with such a finding and/or determination.

The provisions of this section survive the expiration or the termination of this Agreement and are not limited by the provisions of Section 5 relating to insurance.

5. Insurance. Consultant shall, throughout the duration of this Agreement, maintain insurance to cover Consultant, its agents, representatives, and employees in connection with the performance of the Scope of Work under this Agreement at the minimum levels set forth herein.

5.1 Commercial General Liability (with coverage at least as broad as ISO form CG 00 01 01 96) "per occurrence" coverage shall be maintained in an amount not less than $4,000,000 general aggregate and $2,000,000 per occurrence for general liability, bodily injury, personal injury, and property damage.

5.2 Automobile Liability (with coverage at least as broad as ISO form CA 00 01 07 97, for "any auto") "claims made" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

5.3 Workers' Compensation coverage shall be maintained as required by the State of California.

5.4 Professional Liability "claims made" coverage shall be maintained to cover damages that may be the result of errors, omissions, or negligent acts of Consultant in an amount not less than $1,000,000 per claim.

5.5 Endorsements. Consultant shall obtain endorsements to the automobile and commercial general liability insurance policies with the following provisions:

5.5.1 The City (including its elected officials, officers, employees, agents, and volunteers) shall be named as an additional "insured."

5.5.2 For any claims related to this Agreement, Consultant's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be in excess of the Consultant's insurance and shall not contribute with it.

5.6 Notice of Cancellation. Consultant shall notify the City if the policy is canceled before the expiration date. For the purpose of this notice requirement, any material change in the policy prior to the expiration shall be considered a cancellation. Consultant shall immediately obtain a replacement policy.

DocuSign Envelope ID: B656EB08-5529-402B-BE62-04BC7EDF7F29

5.7 Authorized Insurers. All insurance companies providing coverage to Consultant shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California.

5.8 Insurance Certificate. Consultant shall provide evidence of compliance with the insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City, before the City signs this Agreement and, in any event, within five (5) days of such request.

5.9 Substitute Certificates. Consultant shall provide a substitute certificate of insurance no later than 30 days prior to the policy expiration date of any insurance policy required by this Agreement.

5.10 Consultant's Obligation. Maintenance of insurance by the Consultant as specified in this Agreement shall in no way be interpreted as relieving the Consultant of any responsibility whatsoever (including indemnity obligations under this Agreement), and the Consultant may carry, at its own expense, such additional insurance as it deems necessary. Failure to provide or maintain any insurance policies or endorsements required herein may result in the City terminating this Agreement.

6. Termination. The City may terminate this Agreement in its sole and absolute discretion, without cause, by giving ten (10) days' written notice to Consultant. Within five (5) days of such a termination, Consultant shall return and deliver to City all original documents relating to the Scope of Work in Consultant's possession or control, including, without limitation, preliminary drafts and supporting documents, and any other documents prepared by Consultant pursuant to this Agreement. The City shall pay Consultant for all services satisfactorily performed in accordance with this Agreement, up to the date the termination notice is given.

7. Ownership of Work. All original documents prepared by Consultant for this Agreement, whether complete or in progress, are the property of the City, and shall be given to the City at the completion of Consultant's Scope of Work, upon termination of this Agreement, or within five (5) days of any demand from the City. No such documents shall be revealed or made available by Consultant to any third party without the City's prior written consent.

8. Independent Contractor Status. Consultant is an independent contractor and is solely responsible for the acts of its employees or agents, including any negligent acts or omissions. Consultant is not City's employee and Consultant shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation, unless the City provides prior written authorization. Consultant is free to work for other entities while under contract with the City. Consultant, and its agents or employees, are not entitled to City benefits. Consultant shall be solely responsible for, and shall save the City harmless from, all matters relating to the payment of Consultant's employees, agents, subcontractors and subconsultants, including compliance with social security requirements, federal and state income tax withholding and all other regulations governing employer-employee relations.

9. Conflicts of Interest. Consultant (including its employees, agents, and subconsultants) shall not maintain or acquire any direct or indirect interest that conflicts with the performance of this Agreement. If Consultant maintains or acquires such a conflicting interest, the City may terminate any contract (including this Agreement) involving Consultant's conflicting interest. The Consultant represents that it is familiar with the local and state conflict of interest laws, and agrees to comply with those laws in performing this Agreement. The Consultant represents and warrants that the representations made by the Consultant concerning unfair competitive advantage and conflicts of

DocuSign Envelope ID: B656EB08-5529-402B-BE62-04BC7EDF7F29

interest in connection with its submissions in response to the City's procurement for this Agreement were true and accurate both when made and as of the date of this Agreement. Consultant represents and warrants that it has not and shall not offer or deliver any City officer, public official, or employee any gifts or donations in violation of Federal, State and/or local law.

10. Rebates, Kickbacks, or Other Unlawful Consideration. Consultant warrants that this Agreement was not obtained or secured through rebates, kickbacks, or other unlawful consideration either promised or paid to any City official or employee. For any breach of this warranty, City shall have the right, in its sole discretion, to terminate this Agreement without liability; to pay only for the value of the work actually performed; or to deduct from the contract price the value of the rebate, kickback, or other unlawful consideration; or otherwise recover the full amount of such rebate, kickback, or other unlawful consideration.

11. Notices. All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or mailed to the other party to the addresses listed below. Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the address designated below, or (2) three working days after the deposit in the United States Mail of registered or certified mail, sent to the address designated below.

12. General Provisions.

12.1 Standard of Care. Unless otherwise specified in this Agreement, the standard of care applicable to Consultant's performance of the Scope of Work will be the degree of skill and diligence ordinarily used by reputable professionals performing in the same or similar time and locality, and under the same or similar circumstances.

12.2 Amendments. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both Parties.

12.3 Waivers. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement. No waiver shall be effective unless it is in writing and signed by the waiving party.

12.4 Assignment and Delegation. Consultant may not assign, transfer or delegate this Agreement or any portion of it without the City's advance written consent. Any attempt to do so will be void. City's consent to one assignment, transfer or delegation shall not be deemed to be a consent to any subsequent assignment, transfer or delegation.

DocuSign Envelope ID: B656EB08-5529-402B-BE62-04BC7EDF7F29

12.5 Jurisdiction and Venue. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

12.6 Compliance with the Law. Consultant shall comply with all applicable local, state, and federal laws, including, without limitation, those identified below, whether or not such laws are expressly stated in this Agreement.

12.6.1 Prevailing Wage Laws. Consultant is aware of the requirements of California Labor Code Section 1720, et seq., and 1770, et seq., as well as California Code of Regulations, Title 8, Section 16000, et seq., ("Prevailing Wage Laws"), which require the payment of prevailing wage rates; employment of apprentices (§ 1777.5), certified payroll records (§1776), hours of labor (§1813 and §1815), debarment of contractors and subcontractors (§1777.1) and the performance of other requirements on "public works" and "maintenance" projects. If the services being performed under this Agreement are part of a "public works" or "maintenance" project, as defined in the Prevailing Wage Laws, and if the total compensation is $1,000 or more, Consultant agrees to fully comply with such Prevailing Wage Laws. These prevailing rates are on file with the City and are available online at http://www.dir.ca.gov/DLSR. Consultant shall defend, indemnify and hold the City, its officials, officers, employees and agents, harmless from any and all claims, costs, penalties, or interests arising out of any failure or alleged failure to comply with the Prevailing Wage Laws.

12.6.2 Non-discrimination. Consultant represents and warrants that it is an equal opportunity employer, and it shall not discriminate against any subconsultant, employee or applicant for employment because of race, religion, color, national origin, handicap, ancestry, sex, or age. Consultant shall also comply with all applicable anti-discrimination federal and state laws, including but not limited to, the California Fair Employment and Housing Act (Gov. Code 12990 (a-f) et seq.).

12.7 Business Entity Status. Consultant is responsible for filing all required documents and/or forms with the California Secretary of State and meeting all requirements of the Franchise Tax Board, to the extent such requirements apply to Consultant. By entering into this Agreement, Consultant represents that it is authorized to do business in California, in good standing with the Secretary of State, and in good standing with all agencies having jurisdiction over Consultant (including any licensing agencies). If Consultant is a suspended entity at the time it enters this Agreement, City may take steps to have this Agreement declared voidable.

12.8 Business License. Before the City signs this Agreement, Consultant shall obtain a City of Tracy Business License. Consultant shall maintain an active City of Tracy Business License during the term of this Agreement.

12.9 Successors and Assigns. This Agreement shall inure to the benefit of and be binding upon the Parties hereto and their respective successors and assigns.

12.10 Construction of Agreement. Each Party hereto has had an equivalent opportunity to participate in the drafting of this Agreement and/or to consult with legal counsel. Therefore, the usual construction of an agreement against the drafting Party shall not apply hereto.

12.11 Severability. If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

DocuSign Envelope ID: B656EB08-5529-402B-BE62-04BC7EDF7F29

12.12 Controlling Provisions. In the case of any conflict between the terms of this Agreement and the Exhibits hereto and Consultant's proposal (if any), the Agreement shall control. In the case of any conflict between the Exhibits hereto and the Consultant's proposal (if any), the Exhibits shall control.

12.13 Entire Agreement. This Agreement and the attached Exhibits comprise the entire integrated understanding between the Parties concerning the services to be performed and the matters contemplated herein. This Agreement supersedes all prior negotiations, representations or agreements (in each case, whether oral or in writing). All exhibits attached hereto are incorporated by reference herein.

12.14 Counterparts. City and Consultant agree that this Agreement may be executed in two or more counterparts, each of which shall be deemed an original.

12.15 Expenses for Enforcement. Consultant and City agree that the prevailing party's reasonable costs, attorneys' fees and expenses, including investigation fees and expert witness fees, shall be paid by the non-prevailing party in any dispute involving the terms and conditions of this Agreement.

13. Signatures. The individuals executing this Agreement on behalf of Consultant represent and warrant that they have the right, power, legal capacity and authority to enter into and to execute this Agreement on behalf of Consultant.

A	Scope of Work
B	Compensation

DocuSign Envelope ID: B656EB08-5529-402B-BE62-04BC7EDF7F29

EXHIBIT A - Scope of Work

The Project scope of services include providing following personnel a resident engineer, structures representative, inspector, civil inspector, claim/ schedule analyst, specialized sole source inspector and other qualified staff to perform construction inspection, office engineering, materials testing, source inspection and environmental/biological/water quality services during project construction. These services will encompass serving as direct support to the City's representative for all aspects of the project interfacing with City staff, the construction contractor, Caltrans, permitting agencies and a variety of stakeholders and the public. The consultant shall focus on construction activities which include roadway and structure construction activities at the construction site.

The consultant team will also assist the City in other capacities involving the interpretation of the contract document requirements, assessing the acceptability of the contractor's work, materials testing, CPM scheduling, construction staking, biological/cultural surveys and evaluating contractor claims.

The inspection, materials testing, construction management, construction surveying, and related activities shall be completed as described in this Scope of Work prepared by the consultant specifically for this project and approved by the City. The consultant shall perform its activities in accordance with the latest edition of, but not limited to, the following documents:

- Project Plans and Specifications
- Regulatory Agency Permits
- Caltrans Standard Test Methods
- Caltrans Construction Manual & Bulletins
- Caltrans Local Agency Procedures Manual
- Caltrans Standard Specifications and Standard Plans
- Caltrans Bridge Construction Records and Procedures and Manual
- Manual of Uniform Traffic Control Devices & California Supplement

Specific services anticipated are as follows:

TASK 1. PRE-CONSTRUCTION PHASE

1.1 CONSTRUCTABILITY REVIEW

Consultant will review the contract documents from the contractor's point of view and look for missing details, ambiguous or contradictory information, physical conflicts, and impractical constraints. Consultants Resident Engineer and his team will review the plans and specifications, engineer's estimates, environmental documents, geotechnical reports, permits and agreements,resident engineer's pending files, and other relevant documents. This review will focus on completeness; overall coherency and constructability; and conformance with permits.

DocuSign Envelope ID: B656EB08-5529-402B-BE62-04BC7EDF7F29

Consultant will provide an evaluation of the design engineer's proposed project schedule; advise the City on the time required for construction and factors related to costs; and perform a value engineering review of the plans to make sure that the project will be constructed as economically and efficiently as practical.

Consultant staff will attend Project Development Team Meetings to provide valuable input with regards to utility relocations, coordination with Caltrans and other duties. An overall project proposed project schedule and utility schedule will be established at this time. During the bidding period, Consultant will assist in the evaluation of bids received. Any anomalies, irregularities or unbalanced bid items will be brought to the City and designers attention.

1.2 DOCUMENTATION OF PRE- CONSTRUCTION CONDITIONS

The Consultant inspectors will walk the site to observe construction issues not addressed on the plans. Consultant goal is to minimize surprises during the construction phase. The more conflicts and issues that are resolved prior to the start of work, the more efficiently work will progress during construction. Documentation will include complete documentation of the pre-construction conditions with project files. All photos will be logged with a date, description, and location.

1.3 PRE-CONSTRUCTION MEETING

Resident Engineer and the Consultant team will conduct a pre-construction meeting with the contractor, City, pertinent stakeholders, permitting agencies, and project staff. During the meeting, Consultant will discuss project specifics, including contract submittal requirements, change order and potential claim procedures, the contractor's construction schedule, technical issues, and safety procedures. Consultant's team will prepare a meeting agenda and will provide minutes to the attendees for their records. All necessary forms will be provided to the contractor for submittal in accordance with required construction records and accounting formats.

Task 2. CONSTRUCTION MANAGEMENT SERVICES DURING CONSTRUCTION

2.1 CONTRACT ADMINISTRATION AND PROJECT DOCUMENTATION

Consultant proposes use of the standard Caltrans filing system for contract administration and document processing. This system will allow the consultant to track all project documentation, including contract status, applications for payment, PCOs, CCOs, RFIs, submittals, inspector daily reports, progress photos, up-to-date schedule information, project correspondence, and labor compliance. In addition to paper documents, Consultant's office engineer will keep electronic copies of all project information in the electronic project filing system CMIS as well as cloud storage using MS One Drive. Access to the records will be available to the team members and City. OE will also monitor certified payroll, labor compliance and DBE tracking information generated by the contractor to verify compliance with state and federal laws.

The filing can be tailored to follow the Caltrans LAPM filing system to aid in quick document retrieval and delivery of project files at the end of the project. holding a meeting at the beginning of the project

DocuSign Envelope ID: B656EB08-5529-402B-BE62-04BC7EDF7F29

to confirm document control protocol. This process will allow specific needs to be identified before the files are set up and also to minimize questions at the end of the project.

Consultant's electronic record keeping system CMIS, supplemented by One Drive, allows a seamless electronic path for field staff to interact with the resident engineer, structures representative, office engineer, the City, materials subconsultant, the designer, and the contactor in a secure manner, right from the project site. This means inspectors and the contractor can meet in the field to review any issues and create and submit RFIs with annotated plan sheets. RFIs can be commented on or forwarded to any project participant for resolution. Once resolved, the resident engineer or the City can convert an RFI into a confirmed PCO that the inspector then tracks on his/her daily report. Once the work is complete, the PCO can be converted to a CCO, with all the background information and field tracking attached. At the end of the project, the City will have a complete electronic (and paper, as required for state or federally funded projects) file that is organized in the requisite file folder categories.

The Consultant's Resident Engineer will be the primary point of contact for discussions with the City, contractor and others regarding issues that arise on the project. The Consultant team will be available 24/7 to address concerns from the public and project stakeholders for the duration of the project.

2.2 SCHEDULE MANAGEMENT, PROGRESS MEETINGS AND REPORTS

Consultant will implement comprehensive project controls to help manage the critical issues of time, cost, scope, quality, and safety. As time is money, Consultant will focus on efficiently keeping the project on schedule to realize cost savings. Through timely constructability reviews during project initiation and start-up; effective utility coordination; the resolution of project issues at the lowest level of management, the project will be kept on schedule and budget.

Consultant will work closely with the contractor to make certain that schedule control measures and management techniques are in place to accurately plan, monitor, and report performance throughout construction. Consultant will perform a detailed review of the contractor's schedule to assess logic between activities, key activity durations to determine whether or not they are realistic and verify that the critical path complies with the contract documents. Consultant will confirm that all specified construction sequencing and schedule constraints, permit conditions, interfacing with adjacent contracts, shutdowns and tie-ins, testing and start-up, and closeout activities are included for all contract work. Consultant will also verify that the schedule meets all milestones and deadlines.

During construction, Consultant will review the monthly schedule updates for accuracy against the project records such as diaries, pour records, and other documentation. Consultant will confirm that weather days, contract change orders, and work re-sequencing has been included so that impacts to the critical path can be accurately assessed. Consultant's resident engineer will instruct the contractor to prepare a recovery schedule when any critical path activity falls more than two weeks behind schedule. The resident engineer will monitor the recovery schedule's effectiveness in keeping construction activities

DocuSign Envelope ID: B656EB08-5529-402B-BE62-04BC7EDF7F29

on track.

2.1 PROGRESS PAYMENT RECOMMENDATIONS

The contractor will forward their monthly payment request to Consultant resident engineer for review. Whether the construction budget is an independent schedule of values or a cost loaded CPM schedule, the resident engineer, with input from the field inspector, will compare every payment item to the actual work performed during the month. Consultant will recommend to the City any necessary withholdings, such as liquidated damages, labor compliance issues, stop notices, rejected work, or noncompliance with contract requirements. This integrated system verifies that pay records meet audit standards on first review and provide the City real time access to the records.

Consultant will prepare and submit a monthly status report to the City to provide an update on the project schedule, project budget, expenditures on change orders and any appropriate analysis, a forecast at completion (costs), work completed in the specified period, work contemplated for the next period, outstanding project issues, any potential claims and analysis of those claims, project photographs, and the consultant contract status. This report will also summarize the anticipated cash flow of the remaining work, including all hard costs such as change orders, item overruns, and soft costs such as potential claims.

Consultant will utilize electronic document control system CMIS for tracking and monitoring the actual construction costs on a project. This system includes spreadsheets to track progress pay estimates, item over-runs and under-runs, and contract change orders. These forms are in electronic format and can be tailored to meet the City's needs.

2.2 RFIS AND MATERIAL SUBMITTALS

The consultant's office engineer will maintain a submittal log and process all required submittals. Consultant understand the importance of answering questions and reviewing submittals in a timely manner and will receive, log, track, and process shop drawings and other contractor submittals and coordinate review of the submittals with the City. Prior to forwarding submittals to the City, Consultant will review each submittal for completeness. If a submittal is found to be incomplete, it will be immediately returned to the contractor with the deficiencies noted.

2.3 CHANGE ORDER MANAGEMENT

Constructability reviews and a partnering relationship with the contractor are critical to minimizing contract change orders and claims. Consultant will review the project plans and specifications to verify the design as presented is complete and clear, poses no construction conflicts, and is economically feasible to build. If Consultant discover potential issues, Consultant will work with the City and the contractor to develop creative solutions.When changes do arise, the consultant resident engineer will use the change order authorization process established with the City at the beginning of the contract. He will complete an entitlement assessment for contract change orders, analyze costs and schedule impacts, recommend approval or rejection, and negotiate the approved change with the Contractor. Change order authorizations will be tracked in monthly reports to monitor overall construction budget authorizations and contingency balances. Potential costs will be

DocuSign Envelope ID: B656EB08-5529-402B-BE62-04BC7EDF7F29

tracked for budgeting purposes until resolution.

2.4 CONSTRUCTION OBSERVATION, INSPECTION SERVICES AND CONSTRUCTION SURVEYS

Construction Observation

Consultant's resident engineer role is twofold – (1) to verify that construction proceeds in accordance with the City's plans and specifications and all other pertinent project standards and (2) to conduct inspections to verify the workmanship and quality of all work conducted on site. This includes inspecting the methods, means, and techniques utilized by the contractor or any of their sub-contractors.

Inspection Services

Consultant's inspectors will day-to-day on-the-job services document any deficiencies or deviations from the contract documents in writing, send the information to the contractor, and bring issues to the City's attention.

Inspectors will be responsible for:

- Monitoring the contractor's work for general conformance with the plans and specifications
- Documenting the progress of the work with daily diaries and photographs
- Monitoring contract change order work in the field
- Confirming that the designer's submittal comments are incorporated into the work
- Reviewing the contractor's as-built record drawings status
- Coordinating materials testing, including SIQMP and Buy America requirements
- Coordinating with Caltrans oversight personnel
- Reviewing and logging materials testing results and addressing non-conforming tests
- Preparing deficiency and punch lists

Construction Surveys

Consultant's subconsultant will provide engineering surveys and staking on the project. Work will be performed to conform to Caltrans Chapter 12, Construction Surveys, of the Departments publication entitled "Surveys Manual". A staking plan will be provided prior to staking any points outlining the
proposed procedures, methods, equipment, and typical staking markings to be used. Grade stakes will be set at even 50-foot stations and at vertical and horizontal transition points. Specific activities include:

Horizontal and Vertical Control – Perform a verification survey to confirm the accuracy of the project control points specified on the Contract Drawings. Set additional control necessary for construction staking. Control points will be verified as they are utilized for construction staking. Any discrepancies will be noted in writing and submitted to the Owner. Control points to be disturbed during construction activities will be referenced to additional control set outside the construction

DocuSign Envelope ID: B656EB08-5529-402B-BE62-04BC7EDF7F29

activities.

Survey Calculations and Field Notes – Calculate horizontal alignment and vertical profile for the proposed improvements, in accordance with the Contract Drawings. Calculate survey offset positions and grades. Prepare field staking notes and cut sheets. This Scope and Fee is based on the condition that the Owner will provide electronic drawings in AutoCAD format.

Temporary Construction Easements/Right-of-Way Stakes – Provide one set of stakes on 100-foot intervals for each of the proposed roadway temporary construction easements, right- of-ways or clearing limits. Provide one set of stakes marking the limits of concrete and pavement removal.

Sawcut/Demolition Limits – Provide one set of stakes on 100- foot intervals for sawcut lines and demo limits.

Rough Grade - Provide one set of reference points to the slope stakes on 50-foot even stations along each side of Patterson Pass Road, the private road, and along each of the ramp widenings. Provide cut/fill to ditch/swale, toe of embankment, top of embankment, shoulders, edge of pavement, and edge of travel way. Provide one set of reference points to the slope stakes on 50-foot stations for bridge abutment embankments. Provide one set of line and grade offset stakes on 50-foot intervals for the driveways with additional stakes at conforms, grade breaks, transition points, angle points, and points of curvature. Provide cut/fill to finish grade on each offset.

Storm Drain/Culverts - Provide one set of line and grade offsets on 50-foot stations for storm drain piping and culverts with additional offsets and line stakes for drainage structures and drain inlets. Provide cut to invert and cut/fill to rim on each offset. Drainage systems include storm drain lines, culverts, and associated inlet/outlet structures.

Traffic Signals - Provide center point and two line and grade offset stakes for signal pole placement. Stake edge of pavement returns, radius, handicap ramps, curbs, and stop bars. Mark cut/ fill to top of curb or finish grade on each offset.

Light Poles - Provide center point and two line and grade offset stakes for light pole placement. Mark cut/fill to top of curb or finish grade on each offset.

Bridge - Provide two line and grade offset stakes on the extension of each abutment line. Provide offset elevations on each stake. Provide two sets of offsets on each of the bent lines. Provide offset elevations on each stake. Provide one set of centerline and edge of deck alignment stakes on bridge forms.
Provide one set of offset stakes for wingwalls. Provide one set of line and grade offset stakes for the approach slabs.

Concrete Barriers - Provide one set of line and grade offset stakes on 50-foot stations for concrete barrier. Provide cut/fill to finish grade at wall on each offset.

Retaining Walls - Provide one set of line and grade offset stakes on 50-foot stations for the retaining walls with additional offset stakes at steps in wall and changes in alignment. Provide cut/fill to top and

DocuSign Envelope ID: B656EB08-5529-402B-BE62-04BC7EDF7F29

bottom of wall on each offset.

Finish Grade - Provide one set of offset stakes to the edge of pavement on 50-foot stations for Patterson Pass Road, the private road, and along each of the ramp widenings. Additional stakes will be set at conforms, grade breaks, transition points, angle points, points of curvature, ramps, and driveways. Provide one set of stakes for the median island curbs (central islands). Provide elevations for top of curb or finish grade on each offset. Provide one set of line and grade offset stakes for the overside drains. Provide cut/fill to finish grade on each offset. Provide one set of line and grade offset stakes for the gore areas.

Fencing/Metal Beam Guard Rails - Provide one set of stakes on 100-foot stations for fencing along tangents and curves with radius of 1000-feet or greater and 50-foot stations for radii less than 1000-feet. Additional stakes will be set at end points, angle points, points of curvature, and for gates. Provide one set of offset stakes for the beginning, end, and transition points for guard rails.

Survey Monuments (15 monuments) - Provide center point with swing ties for contractor's use in monument placement. Center punch monument once placed.

Exclusions- Work does not include- Boundary Survey/Right-of- Way Survey, Record of Survey, Agency fees/Recording Fees, Blue Tops/Red Tops, Electrical Trenching Layout, Traffic Control Any item not included in the above Scope of Work.

Changes and Claims Management
Consultants, resident engineer will use the change order authorization process established with the City at the beginning of the contract. The Consultant Team will follow the change order and claims process procedures established in the Caltrans Specifications, Construction Manual and LAPM. Consultant will complete an entitlement assessment for contract change orders, analyze costs and schedule impacts, recommend approval or rejection, and negotiate the approved change with the contractor. Change order authorizations will be tracked in monthly reports to monitor overall construction budget authorizations and contingency balances. Potential costs will be tracked for budgeting purposes until resolution.

Progress Meetings
Consultant will hold weekly progress meetings to coordinate communication with the contractor, the City, and other stakeholders, as necessary. Consultant staff will meet with the contractor to discuss upcoming operations, contract requirements, and potential issues related to proposed construction activities. Separate field meetings with other stakeholders to discuss their concerns may be necessary to keep the project moving forward. Prior to the contractor demobilizing, Consultant will invite all stakeholders to walk the project with us to make sure their concerns have been addressed. Constant communication with all parties will lead to the successful, on- time completion of the project. Separate field meetings with other stakeholders to discuss their concerns may be necessary to keep the project moving forward. Prior to the contractor demobilizing, Consultant will invite all stakeholders to walk the project with to make sure their concerns have been addressed. Constant communication with all parties will lead to the successful, on-time completion of the project.

DocuSign Envelope ID: B656EB08-5529-402B-BE62-04BC7EDF7F29

Progress Report
The Monthly Progress Report is one way that Consultant keep the City Project Manager and others informed. It includes construction contract schedule and budget status; construction management contract budget status; resident engineer's narrative of key issues; problems and resolutions; color project photos; contract administration data, including submittals and RFIs processed and pending, PCO and CCO status, correspondence log, quality control data (soils and concrete testing); and other information as required by the City or funding agencies.

Task 3. PUBLIC OUTREACH

Outreach Management
Consultant's sub-consultants will provide strategic advice and counsel, review project materials and reports, and monitor team communications. In addition, the sub-consultant will attend a project kick-off meeting and regular construction contract coordination meetings by phone with the project team, as necessary. (Up to 30 meetings) consultant will create and coordinate a public outreach strategy based on CM/Resident Engineer, Caltrans, PIO, and City Project Manager PIO as necessary. The project is expected to last 300 working days.

Stakeholder Database
The consultant's sub-consultant will develop and maintain a resident database throughout the project's duration. This database will include the resident's name, contact information as well as the preferred method of contact, and potential key concerns and/or areas of project interest. The primary function of this database is to keep residents and any other stakeholders impacted by the installation of conduit and substructure informed of the project's progress.

Project Webpage
The consultant's sub-consultant will design and develop a project-specific website. Sub-consultant will prepare accurate and timely updates to inform residents, stakeholders, and community members of important project information and events throughout the project. Visitors can access project information, such as fact sheets, FAQs, a project map and schedule, and notifications of upcoming delays, detours, and road closures. Website visitors can provide their contact information to receive electronic project updates.

Project Hotline and Email
The consultant's sub-consultant will also set up, monitor, respond to, and log calls/emails that are received through a project-specific hotline number and email address. Sub-consultant will support the City with responding to public inquiries and will document each in a written matrix, capturing the results of each query (nature of the call, who responded, and follow-up actions/result) and distribute the log to the project team every month. Sub-consultant will respond to each inquiry within 24 hours and may require support from the project team on appropriate responses.

Communication Collateral
The consultant's sub-consultant will develop outreach materials to inform the community about project construction. These materials can include project business cards, lawn signs, informational brochures, fact sheets, and FAQs. A template for each collateral item will be developed consistently that is easily updated and sent or distributed through electronic means.

DocuSign Envelope ID: B656EB08-5529-402B-BE62-04BC7EDF7F29

Direct Mailer Notification
The consultant's sub-consultant will design a direct mail postcard containing project information and details about the construction schedule, hotline, website, and email 30 days before the groundbreaking. Sub-consultant will mail the postcard to residences and property owners in the project area identified by the City. Sub-consultant assumes the City will handle any costs related to securing the mailing address data, printing the postcards, and mailing the postcards including postage.

Stakeholder/Business Owner/Interest Group Meetings

The consultant's sub-consultant will coordinate with local business owners, neighborhood groups, stakeholders, elected officials, city staff, and neighborhood leaders to schedule and plan up to six interest group meetings/visits with the project team. The goals of these meetings will be to introduce the project and its construction schedule and open the lines of communication. Sub-Consultant will notify, create agendas for, and assist in facilitating the stakeholder/ interest group meetings.

Media Relations
Working with the Consultants Construction Manager, City Project Manager and Public Information Officers, sub consultant will draft media releases to be used at key milestones during the construction process. These milestones include construction updates and traffic impacts. Sub-consultant will distribute media releases to all local/ regional media outlets. Sub-consultant will respond to any media requests for further information.

Groundbreaking
The consultant's sub-consultant will plan an in-person groundbreaking ceremony for the project. Sub-consultant will coordinate with the City and Project Team to develop a list of elected officials, project team members, and partners to invite to the event. In support of the groundbreaking ceremony, Consultant will coordinate a run of show including a list of speakers and talking points, develop and distribute a Save the Date and an electronic Invitation, plan and manage event
logistics, create an event program, develop, and update a project fact sheet, draft and distribute a media advisory and media release for the event, and support the City as needed.

Ribbon Cutting
Consultant will plan, coordinate, and facilitate a ribbon-cutting event to celebrate the completion of the project and acknowledge the project's successes, funding sources, and regional sponsors. Consultant will coordinate with the City and Construction Manager to develop a list of individuals, elected officials, community-based organizations, business associations, and others to invite to the event. Other partners include Caltrans, other local jurisdictions, and City leaders.

In support of the ribbon-cutting event, Consultant will coordinate a run of shows including a list of speakers, provided by the City, develop, and distribute an electronic Save the Date and an Invitation for the event. In collaboration with the City and Construction Manager, Consultant will assist with planning and event logistics; create an event program for the event; develop and update a project fact sheet; and draft and distribute a media advisory and media release for the event.

DocuSign Envelope ID: B656EB08-5529-402B-BE62-04BC7EDF7F29

Task 4. TRAFFIC MANAGEMENT COORDINATION

Consultant will thoroughly review the contractor's traffic control and management plans for all construction stages and operations throughout the project and evaluate proposed construction staging to identify potential conflicts and possible solutions. The consultant will also closely review the contractor's traffic control measures for the project during construction at all locations throughout the project site. Consultant staff will confirm traffic control for mainline, ramp and local street construction operations comply with all required standards and provide a safe environment for construction crews and daily users. Consultant will monitor the placement of traffic control devices and to see that lane shifts and closures are implemented per the standard traffic control set-ups specified by the project plans, Caltrans standard plans and CA Manual on Uniform Traffic Control Devices (MUTCD) as needed. Consultant will continuously monitor the traffic control activities to verify that it is being conducted in the safest possible manner and recommend changes as required to be approved by the consultant's resident engineer to achieve this goal. Consultant's team will also coordinate with the City in preparing advanced warning notices, signage, and striping recommendations prior to opening the interchange. Consultant's team will also assist in the field to review the installation and programming of traffic signal, ramp metering and lighting components. They will review the placement of the traffic pull boxes, signal poles, cabinets and other equipment. Consultant's will also assist in the field to review the installation and programming of traffic signal, ramp metering and lighting components. They will review the placement of the traffic pull boxes, signal poles, cabinets and other equipment.

Task 5. ENVIRONMENTAL COORDINATION

Consultant's resident engineer will use the MMRPs to track permit conditions that includes regulatory milestones and requirements, correlate those requirements to pay items and tasks on the CPM, and show current status relative to the permit conditions. All activities that directly relate to a permit activity or are governed by a permit will be tracked, separately, in our inspector's daily diaries. Those activities and inspector's reports will be available in real time and sortable by permit type/name, and date. Upon completion of regulated activities, resident engineer will submit the required permit closure documents to the issuing agency. Consultant's biological/SWPPP expert will review all permits and verify conditions of permits are followed.

5.1 BIOLOGICAL RESOURCES

Conduct Environmental Clearance Surveys

Consultant's biologist will conduct pre-construction clearance surveys prior to ground disturbance. Should a sensitive species be observed, Consultant will mark the area as an ESA and coordinate with the appropriate wildlife agencies.

Conduct Pre-construction Surveys for Nesting Raptors or Songbirds and other Migratory Bird Species

Consultant's biologist will conduct a preconstruction nesting bird survey of any trees or other nesting habitat that will be removed during the nesting season, February 1 to September 1. The survey will be conducted within seven days prior to vegetation removal. If active nests

DocuSign Envelope ID: B656EB08-5529-402B-BE62-04BC7EDF7F29

are identified, a minimum 100-foot no- disturbance buffer for songbirds and a minimum 250-foot buffer for raptors will be established around the active nests.

Conduct Protocol Surveys for Swainson Hawk

In coordination with CDFW, Consultant's biologist will conduct protocol survey for Swainson's hawk in accordance with the Swainson's Hawk Technical Advisory Committee Recommended Timing and Methodology for Swainson's Hawk Nesting Surveys in California's Central Valley (2000), during the appropriate survey periods immediately prior to construction to determine presence/absence of the species in areas in proximity of the project. If Swainson's hawk nests are discovered within 0.5 mile of the project area, appropriate protective measures will be developed in coordination with CDFW.

Examine Suitable Bat Roost Habitat

Within six months prior to the beginning of project related activities, Consultant will provide a qualified biologist to survey potentially affected bat habitat for occupation by bats. If suitable occupied habitat is identified, Consultant will provide an additional scope of work at that time to evaluate and develop a suitable bat habitat avoidance, minimization, and/or mitigation plan.

Conduct Worker Environmental Awareness Training

Consultant's biologist will conduct WEAT training for all on- site personnel prior to the commencement of construction. Biological resources WEAT training will be coordinated with cultural resources WEAT training. The training program will notify construction personnel of the sensitive biological resources occurring within the project area, including VELB, their legal status, and penalties for not complying with the conditions of any permits issued for the Build Alternative. During the environmental awareness training, construction personnel will also be briefed on the need to avoid damage to the elderberry host plant and the possible penalties for not complying with these requirements.

The WEAT will be prepared in PowerPoint format. The consultant will also prepare laminated special status species identification cards to be distributed to construction personnel. In addition, Consultant's biologist will maintain a construction-monitoring notebook on-site throughout the construction period which will include a copy of the permits and all attachments and a list of signatures of all personnel who have successfully completed the education training. As new workers come onto the project, they will be required to complete the training before starting work. This will be logged in the construction monitoring notebook.

Monitor ESA Fence Installation

Consultant's biologist will monitor ESA fence installation Drainage system 28 (2-78" RCP) and other sensitive biological resources, to verify these resources are not disturbed during construction.

ESA Monitoring

Consultant's biologist will be on-site weekly to inspect the ESA fencing to verify that it is maintained and to verify that the project is adhering to permit requirements. In addition, Consultant's biologist can train construction personnel to identify any weaknesses or deficiencies in the ESA fencing.

5.2 PALEONTOLOGICAL RESOURCES

DocuSign Envelope ID: B656EB08-5529-402B-BE62-04BC7EDF7F29

Paleontological Evaluation Report (PER)
Based on a review of the environmental documents, the project area is underlain by four units: artificial fill, which has no potential to contain paleontological resources; Holocene deposits, which have no potential to contain paleontological resources; deposits of Pleistocene age (underlying Holocene alluvial fan deposits), which are paleontologically sensitive; and the Pliocene to early Pleistocene Orinda and Oro Loma Formations, which are paleontologically sensitive. To support compliance with CEQA and NEPA, Consultant will prepare a PER for the site. As part of the assessment, Consultant will perform the following tasks:

- Review applicable laws, ordinances, regulations, and standards relevant to paleontological resources.
- Review available geological maps, geological and paleontological literature, the project Paleontological

  Information Report (PIR), and other applicable documents associated with the paleontological aspects of the site (e.g., geology reports, paleontological-related reports, geotechnical reports, and environmental reports).
- Conduct a museum records search for paleontological localities in the project vicinity and in similar geologic conditions.
- Perform a reconnaissance of the site and vicinity to observe geologic conditions and survey for potential paleontological localities.
- Prepare a PER documenting the literature and museum records review, the results of the field survey, and an assessment of potential impacts to scientifically significant paleontological resources by project excavations.

Paleontological Mitigation Plan (PMP)
To adequately mitigate potential impacts to paleontological resources by project excavations, the Consultant will prepare a PMP that will outline procedures for implementing mitigation measures required for this project. The PMP will be prepared concurrently with the PER.

The PMP will include a summary of the literature reviewed, a description of the resource, monitoring requirements, a worker training program, general fieldwork and laboratory methods, and museum accession and curation protocols. The PMP will be prepared in general accordance with applicable CEQA guidelines and with Society of Vertebrate Paleontology standard procedures for the mitigation of adverse impacts on paleontological resources (SVP, 2010), the Caltrans Standard Environmental Reference (SER), Chapter 8 – Paleontology, and other project requirements.

Pre-Construction Mitigation
Prior to the start of construction, the Consultant will perform the following pre-construction tasks.

- Consultant will attend a preconstruction meeting.
- Consultant will prepare and administer paleontological resource awareness training.

DocuSign Envelope ID: B656EB08-5529-402B-BE62-04BC7EDF7F29

The on-site or pre-recorded worker environmental awareness training is to inform workers and managers involved in project excavations on the potential for fossils to be encountered during project construction. Consultant anticipate the worker training will be provided at the pre-construction meeting and/or during the commencement of earthwork operations.

Construction Monitoring and Mitigation

Consultant will provide paleontological resource monitoring during project excavations in deposits of Pleistocene age and in the Pliocene to early Pleistocene Orinda and Oro Loma Formations, which are paleontologically sensitive, as required in the above- referenced environmental documents and as detailed in the PMP. Review of the project plans and schedule indicated that the majority of the site is underlain by artificial fill and/or Holocene- age deposits. Additionally, only certain portions of the site will be in cut during grading, and the majority of grading will involve import fill placement. In addition to grading, other construction activities likely to require monitoring may include clearing and grubbing and abutment and foundation excavations. Because the extent and duration of monitoring activities will be contingent
on the conclusions of the PMP, the contractor's final schedule, and the actual number of days performing clearing and cut operations and abutment and foundation excavations, Consultant proposes establishing an initial budget based on the eight weeks total of full-time monitoring.

This work scope assumes that no or very few fossil specimens will be discovered. If large or many small fossil specimens are discovered, additional tasks will be required and consequently costs could be significantly higher than projected. If large or many small fossil specimens are discovered, a scope/cost change will be necessary for the costs of salvaging, preparing, identifying, analyzing, curating, and reporting on specimens.

This budget assumes that only one full-time monitor will be required to cover all concurrent earth-moving and ground- disturbing activities, and that no more than one monitor will be required at any time. Consultant also assume's that excavations will not occur simultaneously at more than one location. If excavations occur simultaneously at separate locations, an additional monitor or monitors may be required, and a scope/ cost change will be necessary. This estimate also assumes that the borrow source for the import fill will not be from a location with high paleontological potential, and that no monitoring will be required at the borrow source.

Following SVP standard guidelines, if too few or no fossil remains are salvaged from any project area, upon the recommendation of the principal paleontologist and with the concurrence of the client, monitoring in that area can be reduced to one-half, one-quarter, spot-checking, or suspended entirely after one-half of the monitoring in that area is completed.

Post-Construction Mitigation

Following the completion of ground-disturbing activities, the Consultant will prepare a Paleontological Mitigation Report (PMR). The PMR will consist of the following.

A summary of the project, a description of the resource and resource context, a summary of the mitigation program and field and laboratory methods employed, and the results of the mitigation. The PMP will be prepared in general accordance with applicable CEQA guidelines and with SVP standard procedures for the mitigation of adverse impacts on paleontological

DocuSign Envelope ID: B656EB08-5529-402B-BE62-04BC7EDF7F29

resources, the Caltrans SER, Chapter 8 – Paleontology, and other project requirements.

Task 6. QUALITY ASSURANCE AND MATERIALS TESTING SERVICES

Consultant will create a Source Inspection Quality Management Plan (SIQMP) as required by the scope of services in the RFP. Caltrans METS will review and approve our project-specific SIQMP, which will align with the executed cooperative agreement with Caltrans and the City of Tracy as well as the City's Quality Assurance Plan (QAP). The SIQMP and all source inspection will be in accordance with Caltrans standards and requirements. Our materials engineer will create an SIQMP that demonstrates:

- Effective methods for controlling the quality of materials,
- Qualified, certified, and experienced personnel performing inspection/testing. (i.e. ASNT NDT II & III, CWI, etc.)
- A method for releasing the materials (like Caltrans' orange/ green/blue tag system)
- An effective materials management process (like METS CEM- 3101, TL-28 and TL-608 process),
- An effective nonconformance and nonconformance resolution process, and
- A robust document control system.

Consultant will verify City compliance with Caltrans Quality Assurance and Oversight requirements for the duration of the project and will coordinate with material suppliers and arrange for source inspection where required. Our team will monitor the contractor's use of materials and verify that the proper level of quality control and quality assurance testing is being performed on all construction materials incorporated into the work.

Quality Assurance Testing and Source Inspection

The consultant's Structural Materials Representative (SMR) will serve as the single point of contact between fabricators and the resident engineer/structures representative, and will maintain compliance with the SIQMP and the QAP by verifying that all materials incorporated into the project meet specification requirements.Consultant's approach is to be proactive in collecting CEM-3101 "Notices of Materials to be Used" from the contractor. Consultant conducts a risk- based analysis to determine which materials can be inspected on the jobsite and/or accepted on a certification of compliance and what materials will require source inspection. Consultant will coordinate, oversee, and validate soil, aggregate, structural concrete and HMA testing results at proper frequencies and perform QA services for steel girders, miscellaneous metals, galvanizing, review of welding & steel submittals. Consultant will verify compliance with Buy America requirements and the new Buy Clean California Act where applicable. Consultant will perform QA services for light poles for street lighting, parking lot and bridge lighting, traffic signal components, coordinating with qualified local testing firms where/when applicable. Consultant will perform QA sampling and testing services for any mechanical reinforcing splices if needed.

Consultant's certified materials testing agency (MTS) subconsultant will perform all field and laboratory testing of soils, backfill, asphalt, concrete, and other required testing. The SMR and resident engineer will review the test results, forward copies of the test results to the City's project manager as part of the monthly report and will work with the contractor to resolve any deficiencies. All

DocuSign Envelope ID: B656EB08-5529-402B-BE62-04BC7EDF7F29

test procedures will be in accordance with the contract documents.

Task 7. STORM WATER POLLUTION PREVENTION PLAN (SWPPP)

This project is a Risk Level 2 Storm Water Pollution Prevention Plan (SWPPP). Consultant will prepare and assist the City with uploading the document to the SMARTS system and filing the Notice of Intent in the SMARTS database.

If the City has the contractor prepare the SWPPP, consultant can review and assist with filing the Notice of Intent and uploading the SWPPP into the SMARTS database. Consultant

staff can also assist the City or the contractor's QSP/QSD with BMP inspections during construction. Consultant understand the importance of the various BMPs and will verify they are properly installed and functional.

In addition, Consultant will confirm that the contractor is completing and submitting the required reporting forms and, at the City's request, are able to provide our own independent reports as well.

Task 8. OTHER SERVICES NECESSARY

The Consultant subconsultant NorthStar will also collect survey data by means of Light Detection and Ranging (LIDAR) which uses light in the form of a pulsed laser to measure ranges (over variable distances). Using a traditional approach to construction staking quality assurance, supplemented with additional LIDAR scans for monthly earthwork quantity verifications, can yield a cost savings to the City.

Task 9. POST CONSTRUCTION SERVICES

(Close-out/Claims)

Elements leading to project completion include rectifying outstanding punch list items, approval and acceptance of final payment, and completion of project paperwork. Consultant tasks will include:

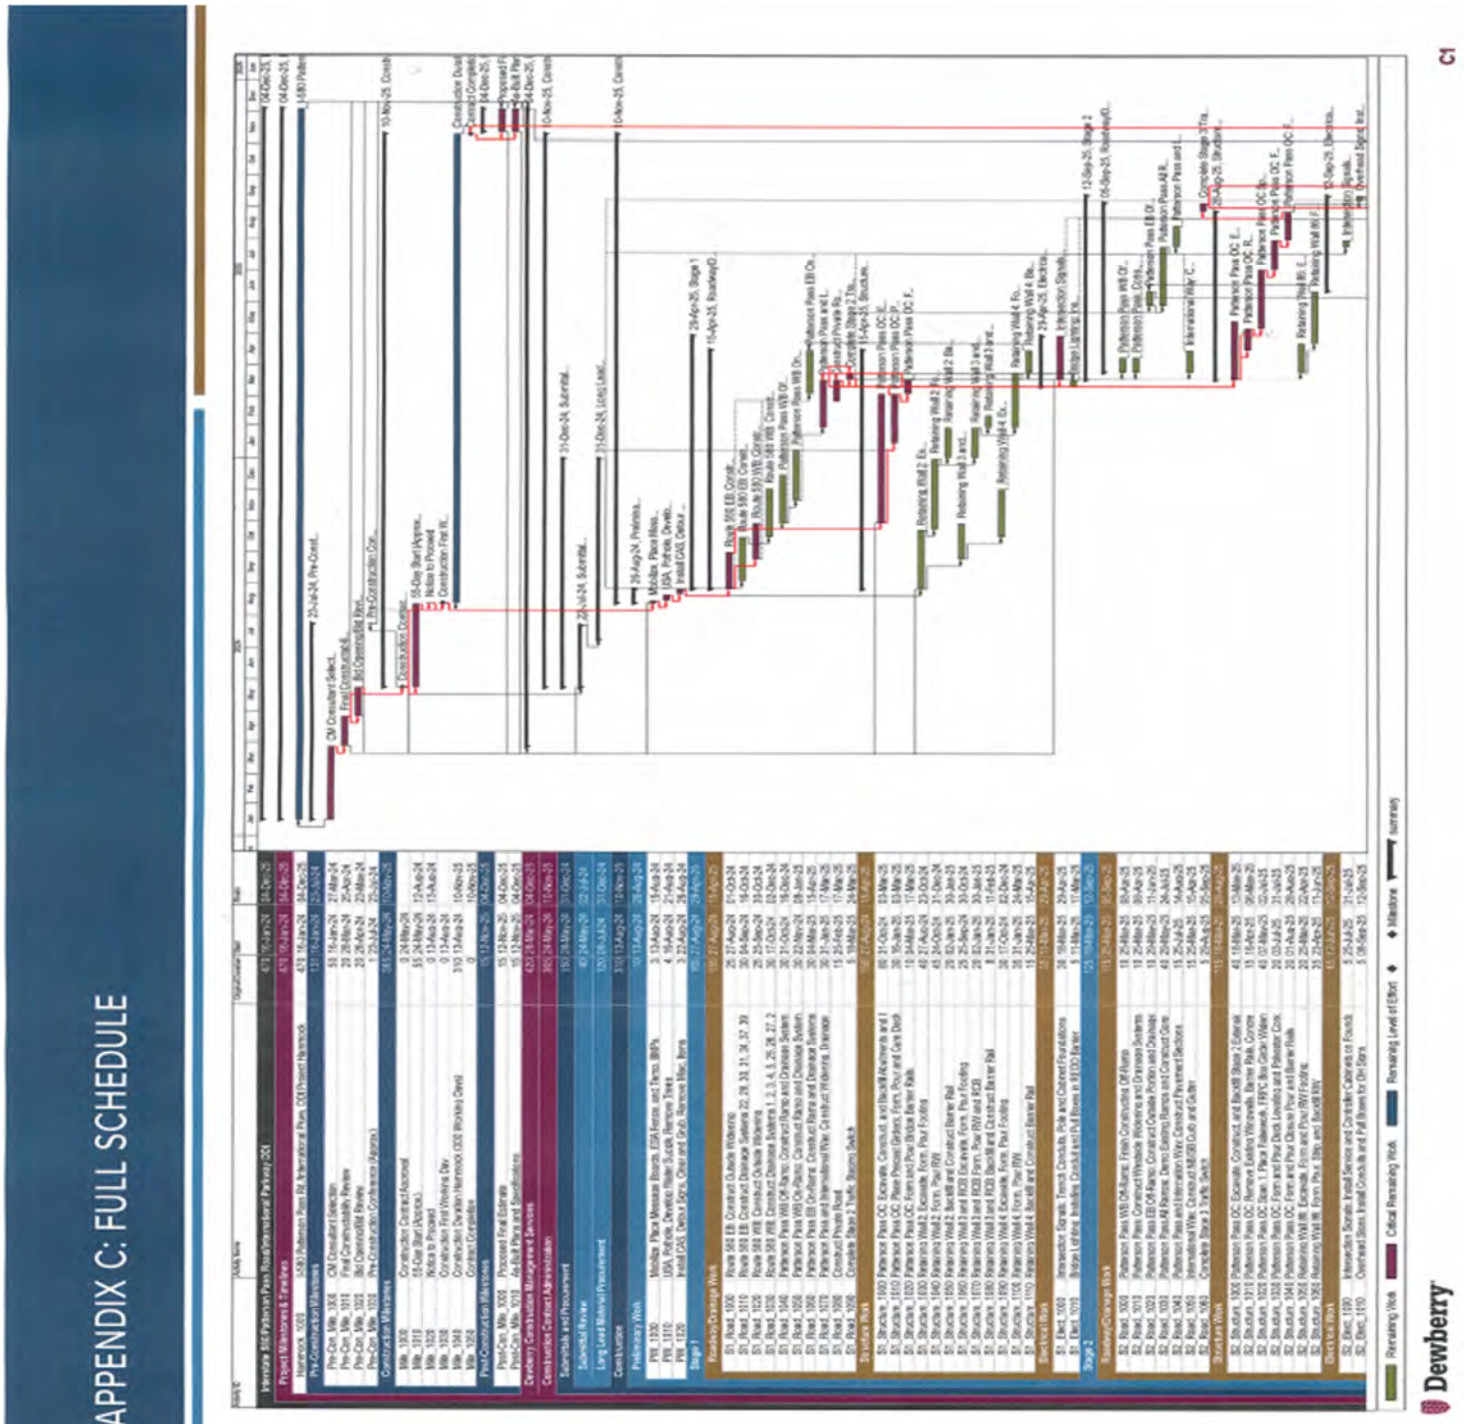
- Working with the contractor to verify the as built drawings are kept up to date on a regular basis
- Making sure our as-built set of drawings reflect the same changes
- Developing a punch list of remaining items of work after the contractor's work is substantially completed and following through with the contractor's completion of those items
- Conducting a final project review with the City, the designer, and other agencies that may be affected by the work
- Upon satisfactory completion, submittal of a formal recommendation for project acceptance
- Preparation of the proposed final payment, addressing the contractor's exceptions, and submittal of the final payment requests in the timeframe required by law

DocuSign Envelope ID: B656EB08-5529-402B-BE62-04BC7EDF7F29

Final Project Documentation

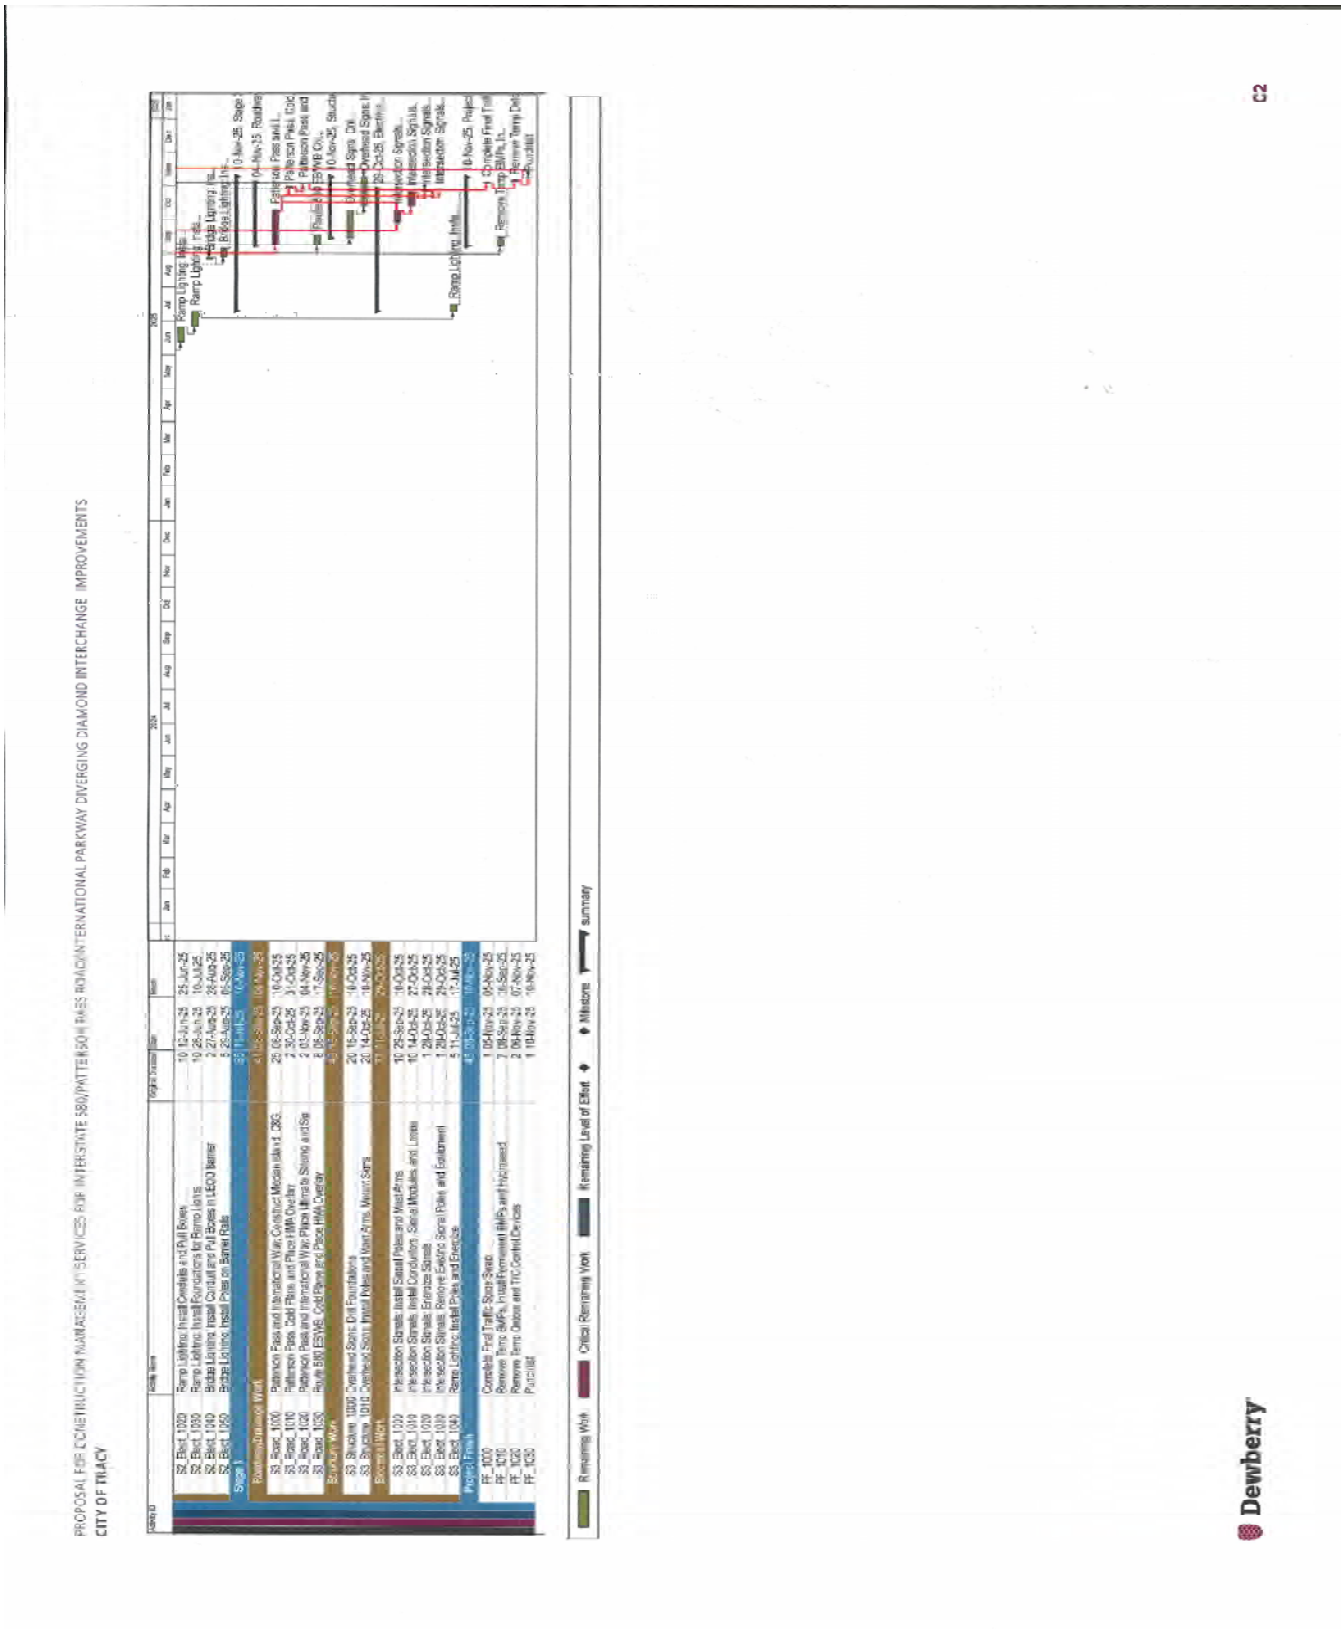
The consultant will prepare and submit a final submittal package of all field records to the City. The consultant will also prepare a project completion report, which will include:

- A summary of change orders and potential claims
- A summary of the materials tested and incorporated into the work
- Final project schedule and project expenditures
- Summary of final acceptance
- As-built drawings
- Paperwork for federal compliance and labor compliance; preparation of reimbursement invoices and all required paperwork, reports, and submittals, as necessary.



DocuSign Envelope ID: B656EB08-5529-402B-BE62-04BC7EDF7F29

KEY PERSONNEL



- Dennis Haglan, PE, Principal-In-Charge
- Howard Zabell, PE, Construction Manager
- Rob Shackelford, PE, CCM, Resident Engineer
- Dion Carr, PE, QSP, Assistant RE/Structures Representative
- Ray Tunkel, Bridge Inspector
- Jacob Gillmore, CMIT, Road/Bridge Inspector
- Erick Mendoza, Road/Utility Inspector
- Lindsay Tisch, CPSWQ, QSD/P, Environmental/SWPPP
- Chris McDermott, PE, CWI, PCI iii, Material Specialist (Sub consultant, MOZAMO)
- Corrine Burkhard, Office Engineer (Sub Consultant, MOZAMO)
- Katie DeMaio, Public Outreach (Sub Consultant, AIM CONSULTING)
- Chris Higbee, PE, Traffic & Electrical Support (Sub-Consultant, AMG)
- Michael Kibbey, Material Testing (Sub-Consultant, BSK Associates)
- Tim Rodriguez, Material Testing (Sub-Consultant, BSK Associates)

APPROVED AS TO FORM AND LEGALITY

_____
CITY ATTORNEY'S OFFICE

TRACY CITY COUNCIL

RESOLUTION 2024-_____

APPROVING A PROFESSIONAL SERVICE AGREEMENT WITH DEWBERRY ENGINEERS, INC. OF MANTECA, CALIFORNIA, TO PROVIDE CONSTRUCTION MANAGEMENT SERVICES FOR THE INTERSTATE 580/PATTERSON PASS ROAD/INTERNATIONAL PARKWAY DIVERGING DIAMOND INTERCHANGE IMPROVEMENTS PROJECT FOR AN INITIAL TERM OF NINETEEN (19) MONTHS, WITH AN ADMINISTRATIVE OPTION TO EXTEND FOR ONE ADDITIONAL YEAR, AND A TOTAL NOT-TO-EXCEED CONTRACT AMOUNT OF $4,298,958.

WHEREAS, the Interstate 580/Patterson Pass Road/International Parkway Diverging Diamond Interchange Improvements Project, Capital Improvements Project (CIP) 73147 (Project), is an approved CIP since Fiscal Year 2015/2016; and

WHEREAS, as the Project sponsor, the City of Tracy, has been actively involved in the development of the Project in collaboration with the California Department of Transportation (Caltrans); and

WHEREAS, Mark Thomas and Company, the City's design consultant under a Professional Services Agreement approved per Resolutions 2018-216 and 2022-072, prepared plans, specifications, and estimates for the Project; and

WHEREAS, the Project reconstructs the existing interchange from a tight diamond configuration to a Diverging Diamond Interchange (DDI), and the Project is very important to the region as it will increase access to growing fulfillment and distribution centers, improve freight operations along a federal Primary Freight Network Route, enhance safety, and benefit the regional and national economy; and

WHEREAS, in compliance with the National Environmental Protection Act (NEPA) and the California Environmental Quality Act (CEQA), a Categorical Exclusion and the Final Initial Study/Mitigated Negative Declaration were obtained on February 25, 2021; and

WHEREAS, the City had received $24.9 Million Senate Bill 1 Trade Corridor Enhancement Program (TCEP) federal grant funding for this Project, which needed to be obligated by the California Transportation Commission (CTC) at its meeting on June 28 to 29, 2023; and

WHEREAS, to secure the TCEP grant, the Project is required to obtain the Ready to List (RTL) status with Caltrans prior to the CTC meeting; and

WHEREAS, as part of obtaining the RTL, the City adopted Resolutions 2023-035, 2023-036, 2023-037, and 2023-038 on February 21, 2023, to file Eminent Domain proceedings for the acquisition of certain property interests for the Project; and

WHEREAS, Resolution 2023-043 on March 7, 2023, approved Utility Agreements related to the relocation of existing utilities, and Resolution 2023-044 on March 7, 2023, for the Right-of-Way Certification and the execution of a Cooperative Agreement of Construction between City and Caltrans; and

WHEREAS, due to diligent efforts by Staff, City Council, and Caltrans, the City secured RTL status with Caltrans, and CTC approved the allocation of the TCEP grants at the June 28, 2023 Commission meeting; and

WHEREAS, these grants were then reprogrammed as Federal National Highway Freight Program (FNHFP) grants with no change to the grant amount; and

WHEREAS, on January 16, 2024, staff prepared and issued a Request for Proposals (RFP) for construction management services for the Project; and

WHEREAS, project work will include pre-construction services, construction management services during construction, public outreach, traffic management coordination, environmental coordination, quality assurance, and material testing services, Stormwater Pollution Prevention Plans, other services as necessary, and post-construction services (close out/claims); and

WHEREAS, on March 1, 2023, the City received a total of three proposals in response to the RFP from: (1) WSP USA, Inc. of Stockton, California, (2) MNS Engineers, Inc. of Oakland, California, and (3) Dewberry Engineering Inc. of Manteca, California; and

WHEREAS, On March 27, 2024, the City's internal Consultant Selection Committee conducted interviews with three bidders and determined that Dewberry Engineers Inc. of Manteca, California, best possesses the skills, experience, and certifications required to provide the requested services and has demonstrated the competence and professional qualifications necessary for the satisfactory performance of the required services; and

WHEREAS, the City seeks to enter into a Professional Services Agreement (PSA) with Dewberry Engineers Inc. for the Services; and

WHEREAS, there is no impact to General Funds due to this Project, and there are sufficient funds in CIP 73147 to award this PSA for design services in the amount of $4,298,958; and

WHEREAS, CIP 73147 is funded with a combination of Tracy Infrastructure Master Plan Transportation Impact Fees, City Regional Transportation Impact Fees, Measure K, and Senate TCEP grant funding; and

WHEREAS, CIP 73147 has a current available budget of $4,389,292; now, therefore, be it

RESOLVED: That the City Council of the City of Tracy hereby approves a Professional Services Agreement (PSA) with Dewberry Engineers Inc., of Manteca, California, for a not-to-

exceed contract amount of $4,298,958, for an initial term of nineteen (19) months, which includes an administrative option to extend for an additional one year; and be it

FURTHER RESOLVED: Compliance with both CEQA and NEPA is met because the Final IS/MND and Categorical Exemption, respectively, were obtained on February 25, 2021.

City of Tracy, California

July 2, 2024

Agenda Item 1.K

RECOMMENDATION

Staff recommends that the City Council adopt a resolution approving an Offsite Improvement Agreement between the City and Wright Family Holdings, LLC for offsite improvements to Detention Basin 2A, required for the Golden State Fire Project that was approved by Development Review Permit (D22-0033).

EXECUTIVE SUMMARY

This Agenda Item seeks approval of an Offsite Improvement Agreement (OIA), for the construction of off-site improvements by Wright Family Holdings, LLC (Developer). Construction of these improvements is a condition of approval of the Development Review Permit (D22-0033) for the Golden State Fire Project (Project). The off-site improvements expand existing Detention Basin 2A to increase the storm water storage capacity of the basin. The Developer has executed the OIA and posted the required security to guarantee the completion of these improvements as required by the Conditions of Approval (COAs) of the Development Review Permit. The OIA is attached hereto as Attachment B.

BACKGROUND AND LEGISLATIVE HISTORY

The Developer is the legal owner of that certain real property designated with Assessor's Parcel Number 248-470-31. The approximately 4.73-acre site is currently a vacant industrial site.

On August 11, 2022, Developer submitted a Development Review Permit Application to the City of Tracy to construct a 55,000 square foot facility in which to store and repair fire apparatuses. Development Review Permit Application D22-033 was approved by the City of Tracy Planning Commission on July 25, 2023.

Approval of the Project was subject to specified COAs, which require, amongst other things, that the Developer complete construction of the Project's offsite improvements. Pursuant to the COAs, the scope of work in the OIA includes steepening the slopes of Detention Basin 2A to increase storage capacity. These improvements are required to be completed by the Developer per Condition C.5.1.d of the Project's COAs. The subject improvements are more specifically described in those certain improvement plans, and specifications prepared on behalf of the Developer and approved by the City Engineer.

The OIA is a legally binding mechanism guaranteeing the Developer's construction of the off-site improvements. The Improvements Plans and OIA are on file with the City Engineer under Tracking No. ENG23-0030.

ANALYSIS

The OIA is a necessary and efficient legally binding mechanism guaranteeing Developer's construction of the off-site improvements and compliance with COAs. Under the OIA, the City

will test the soil, at Developer's cost, removed by Developer as part of the improvement work. If the soil is clean, then Developer, at its cost, will haul the soil to a City location. The City can use the soil for other City capital improvement projects. The Developer has executed the OIA and submitted the required security to guarantee completion of the subject improvements.

Upon completion of the improvements, staff will present the improvements to City Council for acceptance and maintenance.

FISCAL IMPACT

There will be no fiscal impact associated with this action. The Developer will pay for the cost of processing of the Agreement, construction and inspection.

Developer will receive storm drainage fee credits and reimbursement that total to $652,963 based on the City's Core Fee Program and subject to Title 13 of the Tracy Municipal Code.

COORDINATION

This staff report was prepared by the Development Services' Engineering Division. No coordination was required with other departments, except for the City Attorney's Office.

CEQA DETERMINATION

The project is exempt from the California Environmental Quality Act (CEQA) pursuant to CEQA Guidelines section 15332 because the project is characterized as in-fill development and (1) is consistent with the General Plan designation of Commercial and all applicable General Plan policies, as well as consistent with the General Industrial land designation of the Industrial Areas Specific Plan and with all applicable zoning regulations, (2) occurs within City limits on a project site of no more than five acres substantially surrounded by urban uses, (3) has no value as habitat for endangered, rare or threatened species, (4) would not result in any significant effects relating to traffic, noise, air quality, or water quality, and (5) can be adequately served by all required utilities and public services. Therefore, no further environmental review is necessary.

STRATEGIC PLAN

This agenda item is consistent with the Council approved Economic Development Strategy to ensure physical infrastructure necessary for development.

ACTION REQUESTED OF THE CITY COUNCIL

Staff recommends that the City Council adopt a resolution approving an Offsite Improvement Agreement between the City and Wright Family Holdings, LLC for offsite improvements to Detention Basin 2A, required for the Golden State Fire Project that was approved by Development Review Permit (D22-0033).

LOCATION MAP

CITY OF TRACY
OFF-SITE IMPROVEMENT AGREEMENT FOR GOLDEN STATE FIRE, D22-0003 DETENTION BASIN 2A, ENG23-0030 PUBLIC IMPROVEMENTS

This **OFF-SITE IMPROVEMENT AGREEMENT** ("**Agreement**") is made and entered into by and between the **CITY OF TRACY** a municipal corporation ("**City**"), and Wright Family Holdings, LLC, a California limited liability company ("**Developer**").

Recitals

A. Developer is the legal owner of that certain real property located at 3615 Mars Way designated with Assessor's Parcel Number(s) 248-47-031 respectively and more particularly described in Exhibit "**A**" hereto (the "**Property**").

B. The Development Review Application (D22-0033) for the Golden State Fire ("**Project**") was approved on July 25, 2023 subject to the specified conditions of approval attached hereto as Exhibit "**B**" ("**Conditions of Approval**"), which are incorporated herein by reference.

C. Developer has submitted, and the City Engineer has approved, those certain improvement plans and specifications relating to the excavation of Detention Basin 2A (collectively, the "**Work**"). The location and details of the Work are described more fully in the eight (8) sheets of improvement plans entitled "Sales & Service Facility Golden State Fire Apparatus" (ENG23-0030), prepared by Schack & Company of Tracy, California ("**Plans and Specifications**"). The Plans and Specifications are on file with the City Engineer and are incorporated herein by reference.

D. Because the Work described above and in the Plans and Specifications has not been completed, Developer has requested to execute this Agreement as authorized by Government Code Section 66462.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. Scope of Work; Location; Offer of Dedication. Developer shall perform, or cause to be performed, the Work in the manner and as described in the Plans and Specifications, to the satisfaction of the City Engineer pursuant to this Agreement. The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f). To the extent applicable, all of the Work shall be performed by Developer in accordance with the requirements of the State prevailing wage laws.

Developer shall perform all Work at the locations and grades shown on the Plans and Specifications. Developer has (a) acquired any necessary easement or right-of-way or (b) entered into a separate Agreement with the City to acquire the necessary easement or right-of-way at Developer's expense.

Developer is responsible for hiring a qualified consultant to complete soil testing prior to the excavation of the basin. The qualified consultant needs to be approved by the City Engineer. Developer is responsible for all costs associated with the soil testing. The City will work directly with the agreed upon qualified consultant to oversee the soil testing.

In the event that the soil testing results confirm that the soil is not contaminated with hazardous waste, the City shall designate a location for disposal of the dirt removed from the Detention Basin 2A that is no more than 7 miles from the location of the basin by no later than the date when excavation of the basin is scheduled to begin.

2. Time Of Performance. Time is of the essence in the performance of the Work, and the timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

2.1. Commencement of Work. No later than fifteen (15) days prior to the commencement of Work, Developer shall provide written notice no later than sixty (60) days after the City's execution of this Agreement to the City Engineer of the date on which Developer intends to commence Work. Developer shall not commence Work until after the notice required by this section is properly provided, and Developer shall not commence Work prior to the date specified in the written notice.

2.2. Schedule of Work. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

2.3. Completion of Work. Developer shall complete all Work no later than three hundred sixty-five (365) calendar days after Developer's submittal of its notice of commencement of Work pursuant to Section 2.1 above.

3. Improvement Security. Concurrently with the execution of this Agreement, and prior to the commencement of any Work, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act (including Government

Code Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the following amounts:

3.1. Faithful Performance security in the amount of $776,183 to secure faithful performance of this Agreement.

3.2. Labor and Material security in the amount of $776,183 to secure payment by Developer to laborers and materialmen.

3.3. Warranty security in the amount of $77,618 to guarantee improvements against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

4. Indemnification. Subdivider shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Subdivider or Subdivider's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2) the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 13, below, has expired, at which time the indemnification obligations under this Section 4 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Subdivider's obligations under this Section 4 are in addition to all other Subdivider's obligations set forth in this Agreement and shall not affect Subdivider's warranty obligations set forth in Section 13, below.

5. Insurance. Concurrently with the execution of this Agreement by Developer, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 6 are material terms of this Agreement. These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

5.1. General. Developer shall, throughout the duration of this Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

5.2. Commercial General Liability (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $7,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

5.3. Professional Contracts. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

5.4. Automobile Liability (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

5.4.1. If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

5.5. Workers' Compensation coverage shall be maintained as required by the State of California.

5.6. Endorsements. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

5.6.1. The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing operations and CG 20 37 (or its equivalent) for products/completed operations.

5.6.2. For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

5.6.3. Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

5.7. Notice of Cancellation. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance

policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

5.8. Authorized Insurers. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-:VII.

5.9. Insurance Certificate. Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney before the City executes this Agreement.

5.10. Substitute Certificates. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

5.11. Developer's Obligation. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

6. Independent Contractor Status. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

7. Default

7.1. Notice of Default. In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

7.2. Developer shall be in default of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

7.2.1. Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

7.2.2. Developer abandons the Work site.

7.2.3. Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 7.3 below.

7.2.4. Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

7.2.5. Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 7.3 below.

7.3. Cure of Default. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

7.3.1. Demand that Developer complete performance of the Work.

7.3.2. Demand that Developer's surety (if any) complete performance of the Work.

7.3.3. Resort to any judicial remedies available to the City.

8. Ownership of Work. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

9. Repair of any Damage. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

10. Inspection by City; Inspection Fees. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

10.1. Inspection Fees. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees per the latest approved fee schedule (as approved by the City Engineer).

In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

11. Developer's Authorized Representative. At all times during the progress of the Work, Developer shall have a competent foreman or superintendent ("**Authorized Representative**") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. Exhibit "**C**" attached hereto includes the initial contact information referenced in this Section 11.

12. Acceptance of Work. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

13. Warranty Period. Developer shall warrant the quality of the Work, in accordance with the terms of the Plans and Specifications, for a period of one year after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

14. Notices.

14.1. All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City:	To Developer:
City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org With a copy to: City Attorney 333 Civic Center Plaza Tracy, CA 95376 attorney@cityoftracy.org	Wright Family Holdings, LLC Attn: Ryan Wright 7400 Reese Road Sacramento, CA 95828

14.2. Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

15. Approvals by City. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

16. Modifications. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

17. Waivers. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

18. Assignment and Delegation. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

19. Jurisdiction and Venue. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

20. Permits, Licenses, and Compliance with Law. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

21. Entire Agreement; Exhibits; Severability. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

    A. Description of Property (Recital A.)
    B. Conditions of Approval (Recital B.)
    C. Subdivider's Authorized Representative Information (Section 11.)

    If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

22. Credit and Reimbursement. Developer shall be eligible for fee credits and reimbursement that total to $652,963.00, based on the City's Core Fee Program and applicable provisions of Title 13 of the Tracy Municipal Code, as follows:

    22.1 Fee Credits. Immediately upon Developer's execution of this Agreement and provision of the Improvement Security described in Section 5, Developer shall be eligible for Storm Drainage Fee credits up to

the amount of Core Fee Storm Drainage Fees due by the Developer. Core Fee Storm Drainage Fee credits will be applied to the Core Fee Storm Drainage Fee only and the Developer is responsible for paying the Core Fee Storm Drainage Program Management Fee.

22.2 Reimbursement. Developer shall be eligible for reimbursement of the amount in excess of fee credits up to the total indicated in section 22. Reimbursement will be given in accordance with Title 13.

23. Signatures. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

IN WITNESS WHEREOF the parties do hereby agree to the full performance of the terms set forth herein.

EXHIBIT "A"

Legal Description

For APN/Parcel ID(s): 248-470-20 (Lot 1), 248-470-21 (Lot 2) and 248-470-22 (Lot 3)

THE LAND REFERRED TO HEREIN BELOW IS SITUATED IN THE CITY OF TRACY, COUNTY OF SAN JOAQUIN, STATE OF CALIFORNIA AND IS DESCRIBED AS FOLLOWS:

LOTS 1, 2 AND 3 AS SHOWN ON THAT CERTAIN MAP ENTITLED "TRACT 3028, SOUTH TRACY INDUSTRIAL PARK-UNIT NO. 2" FILED FOR RECORD ON MARCH 2, 2005 IN BOOK 39 OF MAPS AND PLATS AT PAGE 88, SAN JOAQUIN COUNTY RECORDS.

EXCEPTING THEREFROM ALL MINERALS AND MINERAL RIGHTS, INCLUDING OIL AND GAS RIGHTS, TOGETHER WITH THE SOLE, EXCLUSIVE AND PERPETUAL RIGHT TO EXPLORE FOR, REMOVE AND DISPOSE OF SAID MINERALS BUT WITHOUT ENTERING UPON OR USING THE SURFACE OF SAID LAND, AS RESERVED IN THE DEED FROM STANDARD REALTY AND DEVELOPMENT COMPANY, A CALIFORNIA CORPORATION, RECORDED NOVEMBER 30, 1989 AS DOCUMENT NO. 89111337, SAN JOAQUIN COUNTY RECORDS.

Exhibit "B"

CITY OF TRACY

DETERMINATION OF
THE DEVELOPMENT SERVICES DIRECTOR

Application Number D22-0033

A determination of the Development Services Director (1) approving a Development Review Permit to construct an approximately 51,900 square foot fire apparatus fabricating facility and related site improvements located at 3501, 3601, and 3701 Mars Way; and (2) determining that the project is categorically exempt from the California Environmental Quality Act pursuant to CEQA guidelines section 15332 which pertains to certain infill development projects. The applicant is Schack & Company Inc., and property owner is Wright Family.

Staff has reviewed the application and determined that the following City regulations apply:

1. Industrial Areas Specific Plan
2. Development Review (TMC Chapter 10.08, Article 30)
3. City of Tracy Design Goals and Standards

The project is categorically exempt from the California Environmental Quality Act pursuant to CEQA Guidelines section 15332 which pertains to certain infill development projects, because the project is consistent with the General Plan and Zoning; occurs within City limits on a project site of no more than five acres substantially surrounded by urban uses; has no value as habitat for endangered, rare or threatened species; would not result in any significant effects relating to traffic, noise, air quality, or water quality; and can be adequately served by all required utilities and public services. No further environmental assessment is necessary.

THE DEVELOPMENT SERVICES DIRECTOR, AFTER CONSIDERING ALL OF THE EVIDENCE PRESENTED, HEREBY (1) APPROVES DEVELOPMENT REVIEW PERMIT APPLICATION NUMBER D22-0033; AND (2) DETERMINES THE PROJECT IS CATEGORICALLY EXEMPT FROM THE CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) PURSUANT TO CEQA GUIDELINES SECTION 15332 WHICH PERTAINS TO CERTAIN INFILL DEVELOPMENT PROJECTS, SUBJECT TO CONDITIONS CONTAINED IN EXHIBIT 1 AND BASED ON THE FOLLOWING FINDINGS:

1. The proposal increases the quality of the project site and enhances the property in a manner that therefore improves the property in relation to the surrounding area and the citizens of Tracy because the proposal consists of desirable elements such as a variety of materials like stone veneer, metal siding, metal panels, and cement, building variation in façade depth and height, and ample use of windows that creates interest on all visible sides.

2. The project is consistent with the Industrial Areas Specific Plan, Tracy Municipal Code, the City of Tracy General Plan, the Citywide Design Goals and Standards, and other City regulations because the fire apparatus fabricating facility building is a permitted use and will be constructed to adhere to all requirements of the Industrial Areas Specific Plan.

7/25/2023

Bradley Evanson
Interim Director of Development Services

Date of Action

City of Tracy
Conditions of Approval
Golden State Fire Apparatus
Application Number D22-0033

A. General Provisions and Definitions.

A.1. General. These Conditions of Approval apply to:

The Project: Golden State Fire Apparatus Project, Development Review Permit D22-0033

The Property: 3501, 3601, and 3701 Mars Way, on the southwest corner of Gandy Dancer Drive and Mars Way (APNs 248-470-20, 248-470-21, and 248-470-22).

A.2. Definitions.

a. "Applicant" means any person, or other legal entity, applying for a conditional use permit.

b. "City Engineer" means the City Engineer of the City of Tracy, or any other duly licensed Engineer designated by the City Manager, or the Development Services Director, or the City Engineer to perform the duties set forth herein.

c. "City Regulations" means all written laws, rules, and policies established by the City, including those set forth in the City of Tracy General Plan, the Tracy Municipal Code, ordinances, resolutions, policies, procedures, and the City's Design Documents (including the Standard Plans, Standard Specifications, Design Standards, and relevant Public Facility Master Plans).

d. "Development Services Director" means the Development Services Director of the City of Tracy, or any other person designated by the City Manager or the Development Services Director to perform the duties set forth herein.

e. "Conditions of Approval" shall mean the conditions of approval applicable to the Project located at the Property. The Conditions of Approval shall specifically include all conditions set forth herein.

f. "Developer" means any person, or other legal entity, who applies to the City to divide or cause to be divided real property within the Project boundaries, or who applies to the City to develop or improve any portion of the real property within the Project boundaries. The term "Developer" shall include all successors in interest.

A.3. Compliance with submitted plans. Prior to the establishment of the use, the project shall be established in substantial compliance with the plans received by the Development Services Department on September 27, 2022 to the satisfaction of the Development Services Director.

A.4. Payment of applicable fees. The applicant shall pay all applicable fees for the project, including, but not limited to, development impact fees, building permit fees, plan check fees, grading permit fees, encroachment permit fees, inspection fees, school fees, or any other City or other agency fees or deposits that may be applicable to the project.

A.5. Compliance with laws. The Developer shall comply with all federal, state and local laws, as amended from time to time, related to the development of real property within the Project, including, but not limited to:

- the Planning and Zoning Law (Government Code sections 65000, et seq.)
- the California Environmental Quality Act (Public Resources Code sections 21000, et seq., "CEQA"), and
- the Guidelines for California Environmental Quality Act (California Administrative Code, title 14, sections 1500, et seq., "CEQA Guidelines").
- Tracy Municipal Code (TMC) Chapter 10.08 and;
- the Industrial Areas Specific Plan

A.6. Prior to construction, the applicant shall submit construction documents which meet the requirements of the California Building and Fire Codes and the Tracy Municipal Code to the City of Tracy and the South San Joaquin County Fire Authority for review, approval and inspections.

B. Development Services Department, Planning Division Conditions

Contact: Kenny Lipich (209) 831-6443 kenneth.lipich@cityoftracy.org

B.1. The Developer shall comply with all laws (federal, state, and local) related to the development of real property within the Project, including, but not limited to: the Planning and Zoning Law (Government Code sections 65000, *et seq.*), the Subdivision Map Act (Government Code sections 66410, *et seq.*), the California Environmental Quality Act (Public Resources Code sections 21000, *et seq.*, "CEQA"), and the Guidelines for California Environmental Quality Act (California Administrative Code, title 14, sections 15000, *et seq.,* "CEQA Guidelines").

B.2. Unless specifically modified by these Conditions of Approval, the Project shall comply with all City Regulations.

B.3. Unless specifically modified by these Conditions of Approval, the Developer shall comply with all mitigation measures identified in the General Plan Environmental Impact Report, dated February 1, 2011.

B.4. Pursuant to Government Code section 66020, including section 66020(d)(1), the City HEREBY NOTIFIES the Developer that the 90-day approval period (in which the Developer may protest the imposition of any fees, dedications, reservations, or other exactions imposed on this Project by these Conditions of Approval) has begun on the date of the conditional approval of this Project. If the Developer fails to file a protest within this 90-day period, complying with all of the requirements of Government Code section 66020, the Developer will be legally barred from later challenging any such fees, dedications, reservations or other exactions.

B.5. Except as otherwise modified herein, all construction shall be consistent with the plans received by the Development Services Department on September 27, 2022.

B.6. Prior to the issuance of a building permit, the applicant shall provide a detailed landscape and irrigation plan consistent with City landscape and irrigation standards, including, but not limited to Tracy Municipal Code Section 10.08.3560, the City's Design Goals and Standards, to the satisfaction of the Development Services Director; and with the applicable Department of Water Resources Model Efficient Landscape Ordinance to the satisfaction of the Utilities Director. Said landscape plans shall include documentation which demonstrates there is no less than 20 percent of the parking area in landscaping, 40 percent canopy tree coverage at tree maturity, and canopy shade trees shall be included and evenly distributed throughout the landscape strip along the public right-of-way where compatible with the bio-retention function and in coordination with the location of street trees, in accordance with City Regulations. Newly planted, on-site trees shall be a minimum size of 24-inch box and shrubs shall be a minimum size of five gallons.

B.7. All trees to be planted in the 25-foot-wide private landscape area along Gandy Dancer Drive shall be located outside the ten-foot-wide public utility easement (PUE). PG&E has underground electric conduit and gas distribution main lines within the existing ten-foot-wide public utility easement (PUE) along Gandy Dancer Drive. All landscaping planted within five feet of the underground lines shall be in accordance with the requirements of PG&E. Prior to issuance of a building permit, the Developer shall submit a detailed landscape and irrigation plan that shows compliance with PG&E's requirements for planting within five feet of the pipelines, to the satisfaction of the Development Services Director.

B.8. Where landscape planters are parallel and adjacent to vehicular parking spaces, the planter areas shall incorporate a 12-inch-wide concrete curb along their perimeter that is adjacent to the sides of the parking space in order to allow access to vehicles without stepping into landscape planters.

B.9. Prior to the issuance of a building permit, an Agreement for Maintenance of Landscape and Irrigation Improvements shall be executed and financial security submitted to the Development Services Department. The Agreement shall ensure maintenance of the on-site landscape and irrigation improvements for a period of two years following Project occupancy. Said security shall be equal to the actual material and labor costs for installation of the on-site landscape and irrigation improvements, or $2.50 per square foot of on-site landscape area.

B.10. No roof mounted equipment, including, but not limited to, HVAC units, fans, antennas, and dishes whether proposed as part of this application, potential future equipment, or any portion thereof, shall be visible from any public right-of-way. All roof-mounted equipment shall be screened from view from the public rights-of- way by the exterior parapet walls, to the satisfaction of the Development Services Director.

B.11. All vents, gutters, downspouts, flashing, electrical conduit, gas meters, electrical panels and doors, and other wall-mounted or building-attached utilities shall be

painted to match the color of the adjacent surface or otherwise designed in harmony with the building exterior to the satisfaction of the Development Services Director.

B.12. Prior to final inspection or certificate of occupancy, all exterior and parking area lighting shall be directed downward or shielded, to prevent glare or spray of light into the public rights-of-way, to the satisfaction of the Development Services Director.

B.13. Prior to the issuance of a building permit, bicycle parking spaces shall be provided in accordance with Tracy Municipal Code Section 10.08.3510 to the satisfaction of the Development Services Director.

B.14. All PG&E transformers, phone company boxes, Fire Department connections, backflow preventers, irrigation controllers, and other on-site utilities, shall be vaulted or screened from view from any public right-of-way, behind structures or landscaping, to the satisfaction of the Development Services Director.

B.15. Trash enclosure(s) shall be at least seven feet tall, of masonry construction, with solid metal doors, and exterior colors and materials to match the building exterior to the satisfaction of the Development Services Director. Prior to the issuance of a building permit, the developer shall demonstrate that the trash enclosure contains sufficient space and access for recycled material in accordance with State law and local standards to the satisfaction of the Public Works Director.

B.16. No signs are approved as part of this development application. Prior to the installation of any signs, the applicant shall submit a sign permit application and receive approval from the Development Services Director in accordance with City Regulations.

B.17. The project shall comply with all applicable provisions of the San Joaquin County Multi-Species Habitat Conservation and Open Space Plan, including Incidental Take Minimization Measures applicable at the time of permit and a pre-construction survey prior to ground disturbance, to the satisfaction of San Joaquin Council of Governments.

B.18. All parking spaces and drive aisles shall meet the minimum dimensional requirements of the City of Tracy Standard Plan 141. Two-way drive aisles serving 90-degree parking spaces shall be at least 26 feet wide and 90-degree parking spaces shall be at least nine feet wide by 18.5 feet long. Planters or sidewalks at the head of parking spaces may be constructed two feet into the front of parking spaces. Such two-foot overhang of landscape planters into the head of parking spaces is not included in the minimum area of required landscaping.

B.19. Consistent with General Plan Noise Element Policy 4 (Goal N-1.2), all construction activity producing any noise beyond the site's property line shall not occur after 7:00 p.m. or before 7:00 a.m.

B.20. Prior to the issuance of a building permit, the applicant shall submit detailed plans that demonstrate a minimum of one foot candle throughout the parking area as

defined in TMC Section 10.08.3450.

B.21. Prior to final inspection or certificate of occupancy, all PG&E transformers, phone company boxes, Fire Department connections, backflow preventers, irrigation controllers, and other on-site utilities, shall be vaulted or screened from view from any public right-of-way, behind structures or landscaping, to the satisfaction of the Development Services Director.

B.22. Prior to the issuance of a building permit, the developer shall cause to be recorded a lot line adjustment, lot merger, or other instrument to remove the lot lines bisecting the project site to the satisfaction of the Development Services Director.

B.23. The Developer shall comply with all applicable requirements of the San Joaquin Valley Air Pollution Control District (APCD), including, but not limited to, Regulation VIII and Rule 9510 – Indirect Source Review (ISR), to the satisfaction of the APCD.

C. Development Services Department, Engineering Conditions of Approval

Contact: Al Gali (209) 831-6436 al.gali@cityoftracy.org

C.1. General Conditions

Referenced technical memorandum is listed below. Improvements outlined in the following technical memorandum is not conditioned:

1) Storm Drain Technical Memorandum prepared by Wood Rodgers, of Roseville, CA dated April 18, 2023;

C.2. RESERVED
C.3. RESERVED

C.4. Grading Permit

All grading work (on-site and off-site) shall require a Grading Plan. All grading work shall be performed and completed in accordance with the recommendation(s) of the Project's Registered Geotechnical Engineer.

Prior to the release of the Grading Permit for the Project, Developer shall provide all documents related to said Grading Permit required by the applicable City Regulations and these Conditions of Approval, to the satisfaction of the City Engineer, including, but not limited to, the following:

C.4.1. Developer has completed all conditions set forth in this section.

C.4.2. Developer has obtained the approval (i.e., recorded easements for slopes, drainage, utilities, access, parking, construction, etc.) of all other public agencies and/or private entities with jurisdiction or interest over the required public and/or private facilities and/or property. Written permission from

affected owner(s) will be required to be submitted to the City prior to the issuance of the Grading Permit.

C.4.3. Developer has obtained a demolition permit to remove any existing structure located within the project's limits.

C.4.4. All existing on-site water well(s), septic system(s), and leech field(s), if any, shall be abandoned or removed in accordance with the City and San Joaquin County requirements. Developer shall be responsible for all costs associated with the abandonment or removal of the existing well(s), septic system(s), and leech field(s) including the cost of permit(s) and inspection. Developer shall submit a copy of written approval(s) or permit(s) obtained from San Joaquin County regarding the removal and abandonment of any existing well(s), prior to the issuance of the Grading Permit.

C.4.5. The Improvement Plans for all improvements to serve the Project (on-site and off-site) including the Grading Plan shall be prepared in accordance with the City's Subdivision Ordinance (Tracy Municipal Code Chapter 12.36), City Design Documents as defined in Title 12 of the Tracy Municipal Code, and these Conditions of Approval.

C.4.6. On-site Grading Plan shall be prepared on a twenty-four (24) inch x thirty-six (36) inch size 20-pound (min.) bond paper and PDF. These plans shall use the City's Title Block. Improvement Plans shall be prepared under the supervision of, stamped and signed by the Project's Registered Civil Engineer of Record and the Project's Registered Geotechnical Engineer. Developer shall obtain all applicable signatures by City departments and outside agencies (where applicable) on the plans prior to submitting the mylars to Engineering Division for City Engineer's signature. Erosion control measures shall be implemented in accordance with the Grading Plan approved by the City Engineer for all grading work. All grading work not completed before October 15 may be subject to additional requirements as applicable. Improvement Plans shall specify all proposed erosion control methods and construction details to be employed and specify materials to be used during and after the construction.

C.4.7. Payment of the applicable Grading Permit fees which include grading plan checking and inspection fees, and other applicable fees as required by these Conditions of Approval.

C.4.8. For Projects on property larger than one (1) acre: Prior to the issuance of the Grading Permit, Developer shall submit to the Utilities Department (stephanie.hiestand@cityoftracy.org) one (1) electronic copy and one (1) hard copy of the Storm Water Pollution Prevention Plan (SWPPP) as submitted in Stormwater Multiple Applications and Reporting Tracker System (SMARTS) along with either a copy of the Notice of Intent (NOI) with the state-issued Wastewater Discharge Identification number (WDID) or a copy of the receipt for the NOI. After the completion of the Project, the Developer is responsible for filing the Notice of Termination (NOT) required by SWQCB, and shall provide the City, a copy of the completed Notice of

Termination. Cost of preparing the SWPPP, NOI and NOT including the annual storm drainage fees and the filing fees of the NOI and NOT shall be paid by the Developer. Developer shall comply with all the requirements of the SWPPP, applicable Best Management Practices (BMPs) and the Stormwater Post-Construction Standards adopted by the City in 2015 and any subsequent amendment(s).

For Projects on property smaller than one (1) acre: Prior to the issuance of the Grading Permit, the Developer shall submit to the Utilities Department (stephanie.hiestand@cityoftracy.org) one (1) electronic copy and 1 hard copy of the City of Tracy Erosion and Sediment Control Plan (ESCP) for approval. Cost of preparing the ESCP including any annual storm drainage fees shall be paid by the Developer. Developer shall comply with all the requirements of the ESCP, applicable BMPs and the Post-Construction Stormwater Standards adopted by the City in 2015 and any subsequent amendment(s).

C.4.9. Developer shall provide a PDF copy of the Project's Geotechnical Report signed and stamped by the Project's Registered Geotechnical Engineer. The technical report must include relevant information related to, but not limited to, soil types and characteristics; soil bearing capacity; recommendations of soil and pavement compaction, import fill gradation, retaining wall design, slope gradients, flexible and in-flexible pavement (including paving calculations such as 5-values, gravel factors, gravel equivalence); bore logs; elevation of the highest observed groundwater level; infiltration testing at the bottom floor elevation of the proposed basin; and other design recommendations or geotechnical tests to the satisfaction of the City Engineer.

C.4.10. Minor Retaining – Developer shall use reinforced or engineered masonry blocks for retaining soil at property lines when the grade differential among the in-tract lots exceeds twelve (12) inches. Developer will include construction details of these minor retaining walls with the on-site Grading Plan. Developer may use slopes among the lots to address the grade differential but said slope shall not exceed a slope gradient of 3 (horizontal) to 1 (vertical) unless the Project's Registered Geotechnical Engineer signs and stamps a geotechnical report letter that supports a steeper slope gradient. Slope easements may be required and will be subject to approval by the City Engineer.

Minor Retaining along Project Perimeter – Developer shall use reinforced or engineered masonry blocks for retaining soil along the Project boundary and adjacent property(s) when the grade differential exceeds 12-inches. Developer will include construction details for these minor retaining walls with the on-site Grading Plan. Developer may use slopes to address the grade differential but said slope shall not exceed a slope gradient of 3 (horizontal) to 1 (vertical). Slope easements may be subject to approval by the City Engineer and if adjacent and affected property(s) owner(s) grants said easements.

Slopes are an acceptable option as a substitute to engineered retaining walls, where cuts or fills do not match existing ground or final grade with the adjacent property or public right of way, up to a maximum grade differential of two (2) feet, subject to approval by the City Engineer.

Slope easements will be recorded, prior to the issuance of the Grading Permit. The Developer shall be responsible to obtain and record slope easement(s) on private properties, where it is needed to protect private improvements constructed within and outside the Project, and a copy of the recorded easement document must be provided to the City, prior to the issuance of the Grading Permit.

Walls - Developer shall show proposed retaining walls and masonry walls on the on-site Grading Plan. The Developer is required to submit improvement plans, construction details, and structural calculations for retaining walls and masonry walls to Building and Safety. Retaining wall and masonry wall design parameters will be included in the geotechnical report.

C.4.11. Developer shall provide a copy of the approved Incidental Take Minimization Measures (ITMM) habitat survey [San Joaquin County Multi-Species Habitat Conservation & Open Space Plan (SJMSCP)] from San Joaquin Council of Governments (SJCOG).

C.4.12. Developer shall provide a copy of the approved Air Impact Assessment (AIA) with an Indirect Source Review (ISR) from San Joaquin Valley Air Pollution Control District (SJVAPCD).

C.4.13. Developer shall abandon or remove all existing irrigation structures, channels and pipes, if any, as directed by the City after coordination with the irrigation district, if the facilities are no longer required for irrigation purposes. If irrigation facilities including tile drains, if any, are required to remain to serve existing adjacent agricultural uses, the Developer will design, coordinate and construct required modifications to the facilities to the satisfaction of the affected agency and the City. Written permission from irrigation district or affected owner(s) will be required to be submitted to the City prior to the issuance of the Grading Permit. The cost of relocating and/or removing irrigation facilities and/or tile drains is the sole responsibility of the Developer.

C.4.14. Developer shall underground existing overhead utilities such as electric, TV cable, telephone, and others. Each dry utility shall be installed at the location approved by the respective owner(s) of dry utility and the Developer shall coordinate such activities with each utility owner. All costs associated with the undergrounding shall be the sole responsibility of the Developer and no reimbursement will be due from the City. Developer shall submit undergrounding plans. Referenced and incorporated herein are Title 11 and Title 12 of the Tracy Municipal Code. Exemptions from this condition are further clarified in the aforementioned code sections.

C.4.15. If at any point during grading that the Developer, its contractor, its engineers, and their respective officials, employees, subcontractor, and/or subconsultant

exposes/encounters/uncovers any potential archeological, historical, or other paleontological findings, the Developer shall address the findings as required per the General Plan Cultural Resource Policy and General Plan Environmental Impact Report; and subsequent Cultural Resource Policy or mitigation in any applicable environmental document.

C.5. Improvement Agreement(s)

All construction activity involving public improvements will require a fully executed improvement agreement (Off-site, Subdivision, and/or Inspection). Any construction activity involving public improvements without a fully executed improvement agreement is prohibited. All public improvements shall be performed and completed in accordance with the recommendation(s) of the Project's Registered Civil Engineer of Record.

Prior to the consideration of City Council's approval of said improvement agreement, the Developer shall provide all documents related to said improvements required by the applicable City Regulations and these Conditions of Approval, to the satisfaction of the City Engineer, including, but not limited to, the following:

C.5.1. Off-site and/or Public Infrastructure Improvement Plans prepared on a twenty-four (24) inch x thirty-six (36) inch size 20-pound (min.) bond paper and PDF that incorporate all requirements described in the documents described in these Conditions of Approval, the City's Design Documents as defined in Title 12 of the Tracy Municipal Code. Developer shall use the latest title block and, if necessary, contain a signature block for the Fire Marshal. Improvement Plans shall be prepared under the supervision of, and stamped and signed by a Registered Civil, Traffic, Electrical, Mechanical Engineer, and Landscape Architect for the relevant discipline. Developer shall obtain all applicable signatures by City departments and outside agencies (where applicable) on the plans including signatures by Fire Marshal to submitting the mylars to Engineering Division for City Engineer's signature. The improvement plans shall be prepared to specifically include, but not be limited to, the following items:

C.5.1.a. All existing and proposed utilities such as domestic water line, irrigation service, fire service line, storm drain, and sanitary sewer, including the size and location of the pipes.

C.5.1.b. All supporting engineering calculations, materials information or technical specifications, cost estimate, and technical reports. All improvement plans shall contain a note stating that the Developer (or Contractor) will be responsible to preserve and protect all existing survey monuments and other survey markers such as benchmarks.

C.5.1.c. A PDF copy of the Project's approved Geotechnical/Soils Report that was prepared for the grading permit submittal.

C.5.1.d. Storm Water - Storm drainage release point is a location at the boundary of the Project adjacent public right-of-way where storm water leaves the Property, in a storm event and that the Property's on-site storm drainage system fails to function or it is clogged. Site grading shall be designed such that the Project's storm drainage overland release point will be directly to an adjacent public right-of-way with a functional storm drainage system and the existing storm drainage line has adequate capacity to drain storm water from the Property. The storm drainage release point is recommended to be at least 0.70-feet lower than the building finish floor elevation and shall be designed and improved to the satisfaction of the City Engineer.

The Project's permanent storm drainage connection(s) shall be designed and constructed in accordance with City Regulations. The design of the permanent storm drainage connection shall be shown on the Grading Plans with calculations for the sizing of the storm drain pipe(s), and shall comply with the applicable requirements of the City's storm water regulations adopted by the City Council in 2012 and any subsequent amendments. Developer shall also construct the recommended mitigations described in the storm drain technical memorandum.

Developer shall adhere to 'low impact development' practices.

Developer shall excavate up to eleven (11) acre-feet of earth from the slopes of Detention Basin 2A to produce slopes up to 2.5 (horizontal) to 1 (vertical). Developer may export the excavated earth to a suitable location at Developer's discretion. Developer shall also cause its Registered Civil Engineer of Record to design grading plans to depict the said excavation. Developer is eligible for fee credits and/or a reimbursement per Title 13 of the TMC. Said reimbursement shall be formalized in a reimbursement agreement.

Developer and its heirs shall be responsible for repairing and maintaining the on-site storm water treatment system at the Developer's (and heirs') sole cost and expense.

C.5.1.e. Sanitary Sewer - It is the Developer's responsibility to design and construct the Project's permanent on-site sanitary sewer (sewer) improvements including the Project's sewer connection in accordance with the City's Design Standards, City Regulations and Standard Specifications. Sewer improvements shall include but not limited to, replacing asphalt concrete pavement, reconstructing curb, gutter and sidewalk, restoring pavement marking and striping, and other improvements that are disturbed as a result of installing the Project's permanent sewer connection. Developer shall submit improvement plans that include the design of the sewer line from the Property to the point of connection. Developer shall also construct the recommended mitigations described in the sanitary

sewer technical memorandum. Developer shall install a 6-inch diameter sewer lateral.

C.5.1.f. Water Distribution - Developer shall design and construct domestic and irrigation water service that comply with the City Regulations. Water line sizing, layout and looping requirements for this Project shall comply with City Regulations. During the construction of the Project, the Developer is responsible for providing water infrastructure (temporary or permanent) capable of delivering adequate fire flows and pressure appropriate to the various stages of construction and as approved by the Fire Marshal.

Interruption to the water supply to the existing businesses and other users will not be allowed to facilitate construction of improvements related to the Project. Developer shall be responsible for notifying business owner(s) and users, regarding construction work. The written notice, as approved by the City Engineer, shall be delivered to the affected residents or business owner(s) at least seventy-two (72) hours before start of work. Prior to starting the work described in this section, the Developer shall submit a Work Plan acceptable to the City that demonstrates no interruptions to the water supply, and Traffic Control Plan to be used during the installation of the off-site water mains and connections.

The Project's water service connections shall use a remote-read (radio-read) master water meter and a Reduced Pressure Type back-flow protection device in accordance with City Regulations. The domestic and irrigation water service connection(s) must be completed before the inspection of the building. The location of the meters shall be per City Regulations and shall not in the driveway. Other proposed locations shall be approved to the satisfaction of the City Engineer.

All costs associated with the installation of the Project's water connection(s) including the cost of removing and replacing asphalt concrete pavement, pavement marking and striping such as crosswalk lines and lane line markings on existing street or parking area(s) that may be disturbed with the installation of the permanent water connection(s), or domestic water service, and other improvements shall be paid by the Developer.

Fire Service Line – Location and construction details of fire service line including fire hydrant(s) that are to serve the Project shall be approved by the Fire Marshal. Prior to the approval of the Improvement Plans by the City Engineer, the Developer shall obtain written approval from the Fire Marshal, for the design, location and construction details of the fire service connection to the Project, and for the location and spacing of fire hydrants that are to be installed or planned to serve the Project.

C.5.1.g. Streets – The Developer shall have frontage improvements. All streets and utilities improvements within City right-of-way shall be designed and constructed in accordance with City Regulations, and City's Design Documents including the City's Facilities Master Plan for storm drainage, roadways, wastewater, and water as adopted, amended, and updated by the City, or as otherwise specifically approved by the City. The Developer shall construct frontage improvements as described below.

Mars Way, Gandy Dancer Drive, Murrieta Way
Developer shall construct or re-construct cracked, settled, and/or damaged portland cement concrete curb, gutter, and sidewalk; fire hydrants; streetlights and pavement along the Project's frontage.

C.5.2. Joint Trench Plans and Composite Utility Plans, prepared on a twenty-four (24) inch x thirty-six (36) inch size 20-pound (min.) bond paper and PDF for the installation of dry utilities such as electric, gas, TV cable, telephone, and others that will be located within a PUE, if existing, to be installed to serve the Project. All private utility services to serve Project must be installed underground or relocated to be underground, and to be installed at the location approved by the respective owner(s) of the utilities from the street or an existing or proposed utility easement to the building(s).

C.5.3. Payment of applicable fees required by City Regulations, and these Conditions of Approval including but not limited to plan checking, grading, construction inspection, agreement processing, encroachment permits, and testing fees.

C.5.4. Project Engineer's reasonable cost estimate that summarizes the cost of constructing all the public improvements shown on the Improvement Plans.

C.5.5. Traffic Control Plan - Prior to starting the work for any work within City's right-of-way, the Developer shall submit a Traffic Control Plan (TCP). TCP can be split among the different construction phases. TCP will show the method and type of construction signs to be used for regulating traffic at the work areas within these streets. TCP shall conform to the Manual on Uniform Traffic Control Devices as amended by the State of California, latest edition (MUTCD-CA). TCP shall be prepared under the supervision of, signed and stamped by a Registered Civil Engineer or Registered Traffic Engineer.

Access and Traffic Circulation to Existing Businesses/Residents - Developer shall take all steps necessary to plan and construct site improvements such that construction operations do not impact safety and access (including emergency vehicles) to the existing businesses and residents throughout the duration of construction. Developer shall coordinate with the owners and cooperate to minimize impacts on existing businesses. All costs of measures needed to provide safe and functional access shall be borne by the Developer.

C.5.6. No street trench shall be left open, uncovered, and/or unprotected during night hours and when the Developer's contractor is not performing construction activities. Appropriate signs and barricades shall be installed on the street and on all trenches during such times. If the Developer or its contractor elects to use steel plates to cover street trenches, said steel plates will be skid-resistance, and shall be either pinned and recessed into the pavement or ramped on all sides. Ramps will be made of cold-mix asphalt concrete, be a minimum two-foot wide, and will run the entire length of each side.

C.5.7. If at any point during utility installation or construction in general that the Developer, its contractor, its engineers, and their respective officials, employees, subcontractor, and/or subconsultant exposes/encounters/uncovers any archeological, historical, or other paleontological findings, the Developer shall address the findings as required per the General Plan Cultural Resource Policy and General Plan EIR; and subsequent Cultural Resource Policy or mitigation in any applicable environmental document.

C.5.8. Improvement Security - Developer shall provide improvement security for all public facilities, as required by the Improvement Agreement. The form of the improvement security may be a bond, or other form in accordance with the Government Code, and the TMC. The amount of the improvement security shall be in accordance with Title 12 of the TMC.

Insurance – Developer shall provide written evidence of insurance coverage that meets the terms of the Improvement Agreement.

C.6. Building Permit

Prior to the release of a building permit within Project boundaries, the Developer shall demonstrate, to the satisfaction of the City Engineer, compliance with all required Conditions of Approval, including, but not limited to, the following:

C.6.1. Developer has satisfied all conditions in C.1 through C.4 in these Conditions of Approval and has obtained a City approved Grading Permit.

C.6.2. Developer shall pay any applicable development impact fees.

C.6.3. Developer shall complete the excavation in Section C.5.1.d.

C.7. Acceptance of Public Improvements

Prior to the consideration of City Council's acceptance of public improvements, the Developer shall demonstrate to the reasonable satisfaction of the City Engineer, completion of the following:

C.7.1. Developer has satisfied all conditions in C.1 through C.6 in these Conditions of Approval.

C.7.2. Prior to improvement acceptance, Developer submitted the Storm water Treatment Facilities Maintenance Agreement (STFMA) to the Utilities Department.

C.7.3. Developer has satisfactory completed construction of all required/conditioned improvements. Unless specifically provided in these Conditions of Approval, or some other applicable City Regulations, the Developer shall use diligent and good faith efforts in taking all actions necessary to construct all public facilities required to serve the Project, and the Developer shall bear all costs related to construction of the public facilities (including all costs of design, construction, construction management, plan check, inspection, land acquisition, program implementation, and contingency).

C.7.4. Certified "As-Built" On-site Grading and Off-Site Improvement Plans (or Record Drawings) - Prior to improvement acceptance, Developer shall cause its design professionals(s) to prepare Certified "As-Built" grading and off-site Improvement Plans (or Record Drawings). Said Record Drawings shall be prepared on a twenty-four (24) inch x thirty-six (36) inch size 4-millimeter-thick polymer film (mylar). Developer shall re-obtain all signatures from outside agencies prior to submitting the Record Drawings to the City.

C.7.5. Prior to improvement acceptance, Developer shall be responsible for any repairs or reconstruction of street pavement, curb, gutter, sidewalk and other public improvements associated with the Project, if determined by the City Engineer to be in poor condition or damaged by construction activities related to the Project.

C.7.6. Prior to improvement acceptance, Developer has completed the ninety (90) day public landscaping maintenance period.

C.7.7. Prior to improvement acceptance Per Section 21107.5 of the California Vehicle Code, Developer shall install signs at all entrance(s) of the Project stating that the streets are privately owned and maintained and are not subject to the public traffic regulations or control. Said signs must be conspicuously placed, plainly visible, and legible during daylight hours from a distance of one hundred (100) feet, if applicable.

C.7.8. Survey Monuments – Prior to improvement acceptance, Developer shall submit centerline tie sheets, corner records, a record of survey, etc. for the following: new public streets; re-established survey monuments, damaged, destroyed, altered, and/or reconstructed any existing curb returns, survey monuments and/or benchmarks. Any survey document will be submitted to the City and to the San Joaquin County Surveyor to comply with California Business and Professions Code Section 8771(c). Said work shall be executed by a California licensed Land Surveyor at the Developer's sole expense.

C.7.9. Prior to improvement acceptance, repair and maintenance of all on-site water lines, laterals, sub-water meters, valves, fittings, fire hydrant and appurtenances shall be the responsibility of the Developer.

C.7.10. Prior to improvement acceptance, Developer shall submit warranty bonds.

C.8. Special Conditions

C.8.1. When street cuts are made for the installation of utilities, the Developer shall conform to Section 3.14 of the 2020 Design Standards and is required install a two (2) inch thick asphalt concrete (AC) overlay with reinforcing fabric at least twenty-five (25) feet from all sides of each utility trench. A two (2) inch deep grind on the existing AC pavement will be required where the AC overlay will be applied and shall be uniform thickness in order to maintain current pavement grades, cross and longitudinal slopes. This pavement repair requirement is when cuts/trenches are perpendicular and parallel to the street's direction.

C.8.2. Nothing contained herein shall be construed to permit any violation of relevant ordinances and regulations of the City of Tracy, or other public agency having jurisdiction. This Condition of Approval does not preclude the City from requiring pertinent revisions and additional requirements to the improvement plans, prior to the City Engineer's signature on the improvement plans, and prior to issuance of Grading Permit, Encroachment Permit, Building Permit, if the City Engineer finds it necessary due to public health and safety reasons, and it is in the best interest of the City. The Developer shall bear all the cost for the inclusion, design, and implementations of such additions and requirements, without reimbursement or any payment from the City.

C.8.3. Prior to the release of the Building Permit, if water is required for the Project, the Developer shall obtain an account for the water service and register the water meter with the Finance Department. Developer shall pay all fees associated with obtaining the account number for the water service.

C.8.4. Prior to acceptance of the public improvements, Developer shall cause its design professional to provide to the City in both AutoCAD format, and Shape File format (both in versions approved by the City), the public improvements associated with this Project.

D. Development Services Department, Building Division Conditions

Contact: Jesse Canright (209) 831-6412 jesse.canright@cityoftracy.org

D.1. Prior to commencement of construction, applicant shall submit construction plans and supporting documents to demonstrate compliance with CBC 506 and 508 as applicable. Note: based on construction type of V-B, allowable building area is less than proposed building area.

D.2. Prior to the construction of onsite improvement including but not limited to walks, sidewalks, utilities, signs, lights, retaining walls, sound walls, underground vaults, transformer, trellis, trash enclosures, etc., applicant shall submit to the Building Safety

Division construction drawings and supporting documents that conform to the current Title 24 California Code of Regulations at time of application.

D.3. Prior to commencement of construction, applicant shall submit legal documents of existing storm drain easement for installing storm drainpipes in adjacent property per California Plumbing Code 307.1.

D.4. Prior to commencement of construction, applicant shall submit construction plans and supporting documents to demonstrate compliance with CBC 406 "Motor Vehicle Related Occupancies".

D.5. Prior to commencement of construction, applicant shall submit a hazardous material inventory statement to demonstrate compliance with CBC Chapter 3 and applicable sections of Chapter 4.

E. The following conditions provide the applicant with options for funding required Citywide services.

Contact: Guadalupe Pena (209) 831-6834 Guadalupe.Pena@cityoftracy.org

E.1. Streets and Streetlights

Before issuance of any building permit for the Property, Developer shall provide for perpetual funding of the on-going costs of the operation and maintenance of the streets (from curb-to-curb, excluding gutters) to a Pavement Management System standard of PCI 70 (seventy), which could include street reconstruction, as reasonably determined by the City, the electric utility costs of operating the streetlights and signals that will serve the Project (collectively, the "Infrastructure"), by doing one of the following, subject to the approval of the City's Finance Director:

a. Community Facilities District (CFD). Developer shall enter into an agreement with the City, to be signed by the Finance Director, which shall be recorded against the Property, which requires that prior to the final inspection, Developer shall complete the annexation of the Property to City of Tracy Community Facilities District in compliance with the requirements of the Mello – Roos Community Facilities Act of 1982 (Gov. Code § 53311 et seq.) including, without limitation, affirmative votes, and the recordation of a Notice of Special Tax Lien. Developer shall be responsible for all costs associated with the CFD proceedings.

Or

b. POA and dormant CFD. If the POA is the chosen funding mechanism, Developer must do the following:

1) Form a Property Owner's Association (POA) or other maintenance association, with CC&Rs reasonably acceptable to the City, to assume the obligation for the on-going costs of the operation and maintenance of the streets (from curb-to-curb, excluding gutters) to a Pavement Management System standard of PCI 70 (seventy), which could include street

reconstruction, as reasonably determined by the City, the electric utility costs of operating the streetlights and signals that will serve the Project (collectively, the "Infrastructure");

2) Cause the POA to enter into an agreement with the City, in a form to be approved by the City and to be recorded against the Property prior to the final inspection, setting forth, among other things, the required maintenance obligations, the standards of maintenance, and all other associated obligation(s) of the POA to ensure the on-going costs of the operation and maintenance of the streets (from curb-to-curb, excluding gutters) to a Pavement Management System standard of PCI 70 (seventy), which could include street reconstruction, as reasonably determined by the City, the electric utility costs of operating the streetlights and signals that will serve the Project (collectively, the "Infrastructure");

3) Before final inspection, annex into a CFD in a "dormant" capacity, to be triggered if the POA fails (as determined by the City in its sole and exclusive discretion) to perform the required level of operation, maintenance and replacement for the on-going costs of the operation and maintenance of the streets (from curb-to-curb, excluding gutters) to a Pavement Management System standard of PCI 70 (seventy), which could include street reconstruction, as reasonably determined by the City, the electric utility costs of operating the streetlights and signals that will serve the Project (collectively, the "Infrastructure"). The dormant tax or assessment shall be disclosed to all property owners, even during the dormant period.

Or

c. Direct funding. Developer shall enter into an agreement with the City, which shall be recorded against the Property, which requires that prior to approval of final inspection, Developer shall deposit with the City an amount necessary, as reasonably determined by the City, to fund in perpetuity the on-going costs of the operation and maintenance of the streets (from curb-to-curb, excluding gutters) to a Pavement Management System standard of PCI 70 (seventy), which could include street reconstruction, as reasonably determined by the City, the electric utility costs of operating the streetlights and signals that will serve the Project (collectively, the "Infrastructure").

If the provisions for adequate funding of the on-going costs of the operation and maintenance of the streets (from curb-to-curb, excluding gutters) to a Pavement Management System standard of PCI 70 (seventy), which could include street reconstruction, as reasonably determined by the City, the electric utility costs of operating the streetlights and signals that will serve the Project (collectively, the "Infrastructure") are met prior to issuance of the building permit for the Property, subject to the Finance Director's review and approval, the terms of this condition shall be considered to have been met and this condition shall become null and void.

E.2. Landscaping Maintenance

Prior to issuance of any building permit for the Property, Developer shall provide for perpetual funding of the on-going costs of operation, maintenance and replacement for public landscaping for the Property at a high-quality service level as determined by the Parks Director by doing one of the following, subject to the approval of the City's Finance Director:

a. CFD or other funding mechanism. The Developer shall enter into an agreement with the City, which shall be recorded against the Property, which stipulates the following: (1) prior to issuance of a building permit, the Developer shall form or annex into a Community Facilities District (CFD) for funding the on-going costs related to maintenance, operation, repair and replacement of public landscaping, public walls and any public amenities included in the Project, and ongoing public landscaping maintenance costs associated with major program roadways identified in the Citywide Roadway and Transportation Master Plan; (2) the items to be maintained include but are not limited to the following: ground cover, turf, shrubs, trees, irrigation systems, drainage and electrical systems; masonry walls or other fencing, entryway monuments or other ornamental structures, furniture, recreation equipment, hardscape and any associated appurtenances within medians, parkways, dedicated easements, channel-ways, public parks, and public open space areas and trails; (3) formation of the CFD shall include, but not be limited to, affirmative votes and the recordation of a Notice of Special Tax Lien; (4) upon successful formation, the parcels will be subject to the maximum special tax rates as outlined in the Rate and Method of Apportionment; (5) prior to issuance of a building permit, the Developer shall deposit an amount equal to the first year's taxes; and (6) the Developer shall be responsible for all costs associated with formation or annexation of the CFD.

   Or

b. POA and dormant CFD. If the POA is the chosen funding mechanism, the Developer must do the following:

   1. Form a Property Owner's Association (POA) or other maintenance association, with CC&Rs reasonably acceptable to the City, to assume the obligation for the on-going maintenance of all public landscaping areas that will serve the Property;

   2. Cause the POA to enter into an agreement with the City, in a form to be approved by the City and to be recorded against the Property prior to the final inspection, setting forth, among other things, the required maintenance obligations, the standards of maintenance, and all other associated obligation(s) to ensure the long-term maintenance by the POA of all public landscape areas that will serve the Property;

   3. Make and submit to the City, in a form reasonably acceptable to the City, an irrevocable offer of dedication of all public landscape areas that will serve the Property;

   4. Before final inspection, annex into a CFD in a "dormant" capacity, to be triggered if the POA fails (as determined by the City in its sole and exclusive

discretion) to perform the required level of public landscape maintenance. The dormant tax or assessment shall be disclosed to all property owners, even during the dormant period.

Or

c. Direct funding. The Developer shall enter into an agreement with the City, which shall be recorded against the Property, which stipulates that prior to issuance of a building permit, the Developer shall deposit with the City an amount necessary, as reasonably determined by the City, to fund in perpetuity the full on-going maintenance costs related to maintenance, operation, repair and replacement of public landscaping, public walls and any public amenities included in the Project, and ongoing public landscaping maintenance costs associated with major program roadways identified in the Citywide Roadway and Transportation Master Plan. The items to be maintained include but are not limited to the following: ground cover, turf, shrubs, trees, irrigation systems, drainage and electrical systems, masonry walls or other fencing, entryway monuments or other ornamental structures, furniture, recreation equipment, hardscape and any associated appurtenances within medians, parkways, dedicated easements, channel-ways, public parks, and public open space areas and trails.

F. South San Joaquin County Fire Authority Conditions

Contact: Daniel Stowe (209) 831-6707 daniel.stowe@sjcfire.org

The following requirements are required to be met prior to any construction or demolition of the property:

F.1. Prior to the start of construction or demolition, applicant shall submit construction documents to the South San Joaquin County Fire Authority for review and approval.

a. Construction documents shall be designed to the current edition of the California Code of Regulations, Title 24, as amended by the City of Tracy Municipal Code.

b. Deferred submittals shall be listed on the coversheet of each page for any fire protection system - fire service underground, fire sprinkler system, fire standpipe system, or the fire alarm system. Each deferred submittal shall be submitted, reviewed and approved by SSJCFA prior to installation.

F. 2. A request for fire flow shall be submitted to the South San Joaquin County Fire Authority and results shall be approved by the Fire Marshal prior to construction. Fire flow requirements shall be in accordance with 2019 California Fire Code Appendix B.

F. 3. Building and each tenant space shall be provided with approved address identification in accordance with CFC §505 as amended by the Tracy Municipal Code §9.06.070.

F. 4. Fire control room locations shall be approved the fire code official prior to the issuance of construction permit. 2019 California Fire Code §509 as amended by the Tracy Municipal Code §9.06.070.

F. 5. Prior to final inspection, emergency radio responder coverage shall be tested to confirm coverage areas. If coverage is inadequate as defined in 2019 California Fire Code §510, a separate permit for 2 emergency radio responder coverage shall be submitted to SSJCFA for review and approval prior to installation.

G. Utilities Department, Water Resources Division Conditions.

Contact: Stephanie Hiestand (209) 831-6333 stephanie.hiestand@cityoftracy.org

G.1. Prior to issuance of a construction or building permit, the applicant shall demonstrate compliance with the 2015 Post-Construction Stormwater Standards (PCSWS) Manual and obtain approval through the following:

G.1.1. Develop a Project Stormwater Plan (PSP) that identifies the methods to be Employed to reduce or eliminate stormwater pollutant discharges through the construction, operation and maintenance of source control measures, low impact development design, site design measures, stormwater treatment control measures and baseline hydromodification control measures.

G.1.1.a. Design and sizing requirements shall comply with PCSWS Manual.

G.1.1.b. Demand Management Areas must be clearly designated along with identification of pollutants of concern.

G.1.1.c. Calculations of the Stormwater Design Volume and/or Design Flow with results from the Post-Construction Stormwater Runoff Calculator must be submitted in the PSP for approval.

G.1.1.d. Per the PCSWS Manual, include a hydromodification management plan ensuring the post-project runoff flow rate shall not exceed estimated pre-project flow rate for the 2-year, 24 hour storm.

G.1.1.e. Submit one (1) hard copy of the PSP and an electronic copy to the Utilities Department (WaterResources@cityoftracy.org), include the project name, address and Project # and/or Permit # in the title or subject line.

G.1.2. A separate plan sheet(s) designated SW shall be submitted in the plan set that includes the identified methods for pollution prevention outlined in the submitted PSP. You must include all standards, cross sections and design specifications such as landscape requirement in treatment areas including type of irrigation installation and/or height of drain inlet above the flow line, etc. in these SW plan sheets along with legend.

G.1.3. Develop and electronically submit to the Utilities Department for approval (WaterResources@cityoftracy.org) a preliminary Operations and Maintenance (O & M) Plan that identifies the operation, maintenance, and inspection requirements for all stormwater treatment and baseline hydromodification control measures identified in the approved PSP.

G.1.4. No later than two (2) months after approval notification of the submitted PSP, the applicant shall electronically submit the following information to the Utilities Department (WaterResources@cityoftracy.org) for development of a draft stormwater maintenance access agreement, in accordance with the MAPCSWS:

i. Property Owner(s) name and title report; or Corporate name(s) and binding documents (resolutions, etc.) designating ability to sign agreement
ii. Property Address
iii. Exhibit A – legal property description
iv. Exhibit B – approved O & M Plan

G.2. Prior to issuance of a grading permit, the applicant shall provide proof of permit coverage under the Construction General Permit and submittal of an electronic Stormwater Pollution Prevention Plan (SWPPP), to be submitted to WaterResources@cityoftracy.org.

G.3. Project shall always be in compliance with Federal, State and Local mandates with potable water, recycled water and water quality.

G.4. Prior to Certificate of Occupancy, the applicant shall complete the following to the satisfaction of the Utilities Director:

G.4.1. Return to the Utilities Department, two legally signed and notarized copies of the final maintenance access agreement including all exhibits and approved O & M plan previously submitted and received from the Utilities Department.

G.4.2. Obtain final approval by the Utilities Department of the constructed and installed Stormwater pollution prevention methods outlined in the PSP. Frequent inspections of the Post-Construction treatment measures should occur during the construction phase by calling 209-831-6333.

G.4.3. The project shall be in full compliance with Construction General Permit including 70% stabilization of the project with Notice of Termination approval.

G.5. Before the approval of a construction, grading or building permit, the applicant shall demonstrate compliance with Tracy Municipal Code Chapters 11.28 and 11.34 and Chapter 4 or 5 of the California Green Building Standards Code to the satisfaction of the Utilities Director.

G.6. Prior to issuance of a construction or building permit, applicant shall demonstrate compliance with the 2015 Model Water Efficient Landscape Ordinance and obtain approval by the Utilities Department through the following:

G.6.1. Develop and submit electronically and by hard copy, a Landscape Document Package (LDP) that identifies the methods to be employed to reduce water usage through proper landscape design, installation and maintenance. This LDP shall consist of:

i. A project information sheet that includes the checklist of all documents in the LDP;

ii. The Water Efficient Landscape Worksheets that include a hydrozone information table and the water budget calculations – Maximum Applied Water Allowance and Estimate Total Water Use;
iii. A soil management report, after compaction and from various locations throughout the project;
iv. A landscape design plan that includes the statement, "I agree to comply with the requirements of the 2015 water efficient landscape ordinance and shall submit for approval a complete Landscape Document Package:
v. An irrigation design plan with schedule; and
vi. A grading design plan.

G.6.2. Per State Water Resources Control Board on May 24, 2022, all Commercial, Industrial, and Institutional facilities are prohibited from using potable water to irrigate non-functional turf. Non-functional turf is defined as a ground cover surface of mowed grass that is ornamental and not otherwise used for recreational purposes. Please submit your final landscape plan in conformance with these new regulations.

G.6.3. A Certificate of Completion must be completed, signed, and submitted to the Utilities Department prior to Final approval for Occupancy.

_____
CITY ATTORNEY'S OFFICE

TRACY CITY COUNCIL

RESOLUTION 2024-_____

APPROVING AN OFFSITE IMPROVEMENT AGREEMENT BETWEEN THE CITY OF TRACY AND WRIGHT FAMILY HOLDINGS, LLC FOR OFFSITE IMPOVEMENTS TO DETENTION BASIN 2A, REQUIRED FOR THE GOLDEN STATE FIRE PROJECT THAT WAS APPROVED BY DEVELOPMENT REVIEW PERMIT (D22-0033).

WHEREAS, the Developer, Wright Family Holdings, LLC (Developer), is the legal owner of that certain real property designated with Assessor's Parcel Numbers 248-470-31, which is an approximately 4.73-acre vacant industrial site; and

WHEREAS, on August 11, 2022, Developer submitted a Development Review Permit Application to the City of Tracy to construct a 55,000 square foot facility, in which to store and repair fire apparatuses; and

WHEREAS, the Development Review Permit Application, D22-033 (Project), was approved by the City of Tracy Planning Commission on July 25, 2023; and

WHEREAS, approval of the Project was subject to specified Conditions of Approval (COAs), which require, amongst other things, that the Developer complete construction of the Project's offsite improvements; and

WHEREAS, pursuant to the Conditions of Approval C.5.1.d, the offsite improvement scope of work includes steepening the slopes of Detention Basin 2A to increase storage capacity; and

WHEREAS, the subject improvements are more specifically described in those certain improvement plans, and specifications prepared on behalf of the Developer and approved by the City Engineer; and

WHEREAS, the Off-Site Improvement Agreement (OIA), attached hereto as Exhibit 1, is a legally binding mechanism to guarantee Developer's construction of the off-site improvements and enforce compliance with the COAs; and

WHEREAS, under the OIA, the City will test the soil, at Developer's cost, removed by Developer as part of the improvement work; and

WHEREAS, if the soil is clean, then Developer, at its cost, will haul the soil to a City location, as the City can use the soil for other City capital improvement projects; and

WHEREAS, the Developer has executed the OIA and submitted the required security to guarantee completion of the subject improvements; and

WHEREAS, upon completion of the improvements, staff will present the improvements to City Council for acceptance and maintenance; and

WHEREAS, the Improvement Plans and OIA are on file with the City Engineer under Tracking No. ENG23-0030; and

WHEREAS, Developer will receive storm drainage fee credits and reimbursement that total to $652,963 based on the City's Core Fee Program and subject to Title 13 of the Tracy Municipal Code; now, therefore be it

RESOLVED: That the City Council of the City of Tracy hereby approves the Offsite Improvement Agreement between the City and Wright Family Holdings, LLC attached hereto as Exhibit 1 and authorizes execution thereof; and be it

FURTHER RESOLVED: The project is exempt from the California Environmental Quality Act (CEQA) pursuant to CEQA Guidelines section 15332 because the project is characterized as in-fill development and (1) is consistent with the General Plan designation of Commercial and all applicable General Plan policies, as well as consistent with the General Industrial land designation of the Industrial Areas Specific Plan and with all applicable zoning regulations, (2) occurs within City limits on a project site of no more than five acres substantially surrounded by urban uses, (3) has no value as habitat for endangered, rare or threatened species, (4) would not result in any significant effects relating to traffic, noise, air quality, or water quality, and (5) can be adequately served by all required utilities and public services.

CITY OF TRACY
OFF-SITE IMPROVEMENT AGREEMENT FOR GOLDEN STATE FIRE, D22-0003 DETENTION BASIN 2A, ENG23-0030 PUBLIC IMPROVEMENTS

This **OFF-SITE IMPROVEMENT AGREEMENT** ("**Agreement**") is made and entered into by and between the **CITY OF TRACY** a municipal corporation ("**City**"), and Wright Family Holdings, LLC, a California limited liability company ("**Developer**").

Recitals

A. Developer is the legal owner of that certain real property located at 3615 Mars Way designated with Assessor's Parcel Number(s) 248-47-031 respectively and more particularly described in Exhibit "**A**" hereto (the "**Property**").

B. The Development Review Application (D22-0033) for the Golden State Fire ("**Project**") was approved on July 25, 2023 subject to the specified conditions of approval attached hereto as Exhibit "**B**" ("**Conditions of Approval**"), which are incorporated herein by reference.

C. Developer has submitted, and the City Engineer has approved, those certain improvement plans and specifications relating to the excavation of Detention Basin 2A (collectively, the "**Work**"). The location and details of the Work are described more fully in the eight (8) sheets of improvement plans entitled "Sales & Service Facility Golden State Fire Apparatus" (ENG23-0030), prepared by Schack & Company of Tracy, California ("**Plans and Specifications**"). The Plans and Specifications are on file with the City Engineer and are incorporated herein by reference.

D. Because the Work described above and in the Plans and Specifications has not been completed, Developer has requested to execute this Agreement as authorized by Government Code Section 66462.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. Scope of Work; Location; Offer of Dedication. Developer shall perform, or cause to be performed, the Work in the manner and as described in the Plans and Specifications, to the satisfaction of the City Engineer pursuant to this Agreement. The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f). To the extent applicable, all of the Work shall be performed by Developer in accordance with the requirements of the State prevailing wage laws.

Developer shall perform all Work at the locations and grades shown on the Plans and Specifications. Developer has (a) acquired any necessary easement or right-of-way or (b) entered into a separate Agreement with the City to acquire the necessary easement or right-of-way at Developer's expense.

Developer is responsible for hiring a qualified consultant to complete soil testing prior to the excavation of the basin. The qualified consultant needs to be approved by the City Engineer. Developer is responsible for all costs associated with the soil testing. The City will work directly with the agreed upon qualified consultant to oversee the soil testing.

In the event that the soil testing results confirm that the soil is not contaminated with hazardous waste, the City shall designate a location for disposal of the dirt removed from the Detention Basin 2A that is no more than 7 miles from the location of the basin by no later than the date when excavation of the basin is scheduled to begin.

2. Time Of Performance. Time is of the essence in the performance of the Work, and the timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

2.1. Commencement of Work. No later than fifteen (15) days prior to the commencement of Work, Developer shall provide written notice no later than sixty (60) days after the City's execution of this Agreement to the City Engineer of the date on which Developer intends to commence Work. Developer shall not commence Work until after the notice required by this section is properly provided, and Developer shall not commence Work prior to the date specified in the written notice.

2.2. Schedule of Work. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

2.3. Completion of Work. Developer shall complete all Work no later than three hundred sixty-five (365) calendar days after Developer's submittal of its notice of commencement of Work pursuant to Section 2.1 above.

3. Improvement Security. Concurrently with the execution of this Agreement, and prior to the commencement of any Work, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act (including Government

Code Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the following amounts:

3.1. Faithful Performance security in the amount of $776,183 to secure faithful performance of this Agreement.

3.2. Labor and Material security in the amount of $776,183 to secure payment by Developer to laborers and materialmen.

3.3. Warranty security in the amount of $77,618 to guarantee improvements against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

4. Indemnification. Subdivider shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Subdivider or Subdivider's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2) the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 13, below, has expired, at which time the indemnification obligations under this Section 4 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Subdivider's obligations under this Section 4 are in addition to all other Subdivider's obligations set forth in this Agreement and shall not affect Subdivider's warranty obligations set forth in Section 13, below.

5. Insurance. Concurrently with the execution of this Agreement by Developer, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 6 are material terms of this Agreement. These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

5.1. General. Developer shall, throughout the duration of this Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

5.2. Commercial General Liability (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $7,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

5.3. Professional Contracts. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

5.4. Automobile Liability (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

5.4.1. If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

5.5. Workers' Compensation coverage shall be maintained as required by the State of California.

5.6. Endorsements. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

5.6.1. The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing operations and CG 20 37 (or its equivalent) for products/completed operations.

5.6.2. For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

5.6.3. Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

5.7. Notice of Cancellation. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance

policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

5.8. Authorized Insurers. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-:VII.

5.9. Insurance Certificate. Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney before the City executes this Agreement.

5.10. Substitute Certificates. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

5.11. Developer's Obligation. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

6. Independent Contractor Status. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

7. Default

7.1. Notice of Default. In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

7.2. Developer shall be in default of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

7.2.1. Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

7.2.2. Developer abandons the Work site.

7.2.3. Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 7.3 below.

7.2.4. Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

7.2.5. Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 7.3 below.

7.3. Cure of Default. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

7.3.1. Demand that Developer complete performance of the Work.

7.3.2. Demand that Developer's surety (if any) complete performance of the Work.

7.3.3. Resort to any judicial remedies available to the City.

8. Ownership of Work. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

9. Repair of any Damage. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

10. Inspection by City; Inspection Fees. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

10.1. Inspection Fees. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees per the latest approved fee schedule (as approved by the City Engineer).

In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

11. Developer's Authorized Representative. At all times during the progress of the Work, Developer shall have a competent foreman or superintendent ("**Authorized Representative**") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. Exhibit "**C**" attached hereto includes the initial contact information referenced in this Section 11.

12. Acceptance of Work. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

13. Warranty Period. Developer shall warrant the quality of the Work, in accordance with the terms of the Plans and Specifications, for a period of one year after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

14. Notices.

14.1. All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City:	To Developer:
City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org With a copy to: City Attorney 333 Civic Center Plaza Tracy, CA 95376 attorney@cityoftracy.org	Wright Family Holdings, LLC Attn: Ryan Wright 7400 Reese Road Sacramento, CA 95828

14.2. Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

15. Approvals by City. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

16. Modifications. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

17. Waivers. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

18. Assignment and Delegation. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

19. Jurisdiction and Venue. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

20. Permits, Licenses, and Compliance with Law. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

21. Entire Agreement; Exhibits; Severability. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

    A. Description of Property (Recital A.)
    B. Conditions of Approval (Recital B.)
    C. Subdivider's Authorized Representative Information (Section 11.)

    If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

22. Credit and Reimbursement. Developer shall be eligible for fee credits and reimbursement that total to $652,963.00, based on the City's Core Fee Program and applicable provisions of Title 13 of the Tracy Municipal Code, as follows:

    22.1 Fee Credits. Immediately upon Developer's execution of this Agreement and provision of the Improvement Security described in Section 5, Developer shall be eligible for Storm Drainage Fee credits up to

the amount of Core Fee Storm Drainage Fees due by the Developer. Core Fee Storm Drainage Fee credits will be applied to the Core Fee Storm Drainage Fee only and the Developer is responsible for paying the Core Fee Storm Drainage Program Management Fee.

22.2 Reimbursement. Developer shall be eligible for reimbursement of the amount in excess of fee credits up to the total indicated in section 22. Reimbursement will be given in accordance with Title 13.

23. Signatures. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

IN WITNESS WHEREOF the parties do hereby agree to the full performance of the terms set forth herein.

Legal Description

For APN/Parcel ID(s): 248-470-20 (Lot 1), 248-470-21 (Lot 2) and 248-470-22 (Lot 3)

THE LAND REFERRED TO HEREIN BELOW IS SITUATED IN THE CITY OF TRACY, COUNTY OF SAN JOAQUIN, STATE OF CALIFORNIA AND IS DESCRIBED AS FOLLOWS:

LOTS 1, 2 AND 3 AS SHOWN ON THAT CERTAIN MAP ENTITLED "TRACT 3028, SOUTH TRACY INDUSTRIAL PARK-UNIT NO. 2" FILED FOR RECORD ON MARCH 2, 2005 IN BOOK 39 OF MAPS AND PLATS AT PAGE 88, SAN JOAQUIN COUNTY RECORDS.

EXCEPTING THEREFROM ALL MINERALS AND MINERAL RIGHTS, INCLUDING OIL AND GAS RIGHTS, TOGETHER WITH THE SOLE, EXCLUSIVE AND PERPETUAL RIGHT TO EXPLORE FOR, REMOVE AND DISPOSE OF SAID MINERALS BUT WITHOUT ENTERING UPON OR USING THE SURFACE OF SAID LAND, AS RESERVED IN THE DEED FROM STANDARD REALTY AND DEVELOPMENT COMPANY, A CALIFORNIA CORPORATION, RECORDED NOVEMBER 30, 1989 AS DOCUMENT NO. 89111337, SAN JOAQUIN COUNTY RECORDS.

Exhibit "B"

CITY OF TRACY

DETERMINATION OF
THE DEVELOPMENT SERVICES DIRECTOR

Application Number D22-0033

A determination of the Development Services Director (1) approving a Development Review Permit to construct an approximately 51,900 square foot fire apparatus fabricating facility and related site improvements located at 3501, 3601, and 3701 Mars Way; and (2) determining that the project is categorically exempt from the California Environmental Quality Act pursuant to CEQA guidelines section 15332 which pertains to certain infill development projects. The applicant is Schack & Company Inc., and property owner is Wright Family.

Staff has reviewed the application and determined that the following City regulations apply:

1. Industrial Areas Specific Plan
2. Development Review (TMC Chapter 10.08, Article 30)
3. City of Tracy Design Goals and Standards

The project is categorically exempt from the California Environmental Quality Act pursuant to CEQA Guidelines section 15332 which pertains to certain infill development projects, because the project is consistent with the General Plan and Zoning; occurs within City limits on a project site of no more than five acres substantially surrounded by urban uses; has no value as habitat for endangered, rare or threatened species; would not result in any significant effects relating to traffic, noise, air quality, or water quality; and can be adequately served by all required utilities and public services. No further environmental assessment is necessary.

THE DEVELOPMENT SERVICES DIRECTOR, AFTER CONSIDERING ALL OF THE EVIDENCE PRESENTED, HEREBY (1) APPROVES DEVELOPMENT REVIEW PERMIT APPLICATION NUMBER D22-0033; AND (2) DETERMINES THE PROJECT IS CATEGORICALLY EXEMPT FROM THE CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) PURSUANT TO CEQA GUIDELINES SECTION 15332 WHICH PERTAINS TO CERTAIN INFILL DEVELOPMENT PROJECTS, SUBJECT TO CONDITIONS CONTAINED IN EXHIBIT 1 AND BASED ON THE FOLLOWING FINDINGS:

1. The proposal increases the quality of the project site and enhances the property in a manner that therefore improves the property in relation to the surrounding area and the citizens of Tracy because the proposal consists of desirable elements such as a variety of materials like stone veneer, metal siding, metal panels, and cement, building variation in façade depth and height, and ample use of windows that creates interest on all visible sides.

2. The project is consistent with the Industrial Areas Specific Plan, Tracy Municipal Code, the City of Tracy General Plan, the Citywide Design Goals and Standards, and other City regulations because the fire apparatus fabricating facility building is a permitted use and will be constructed to adhere to all requirements of the Industrial Areas Specific Plan.

7/25/2023

Bradley Evanson
Interim Director of Development Services

Date of Action

City of Tracy
Conditions of Approval
Golden State Fire Apparatus
Application Number D22-0033

A. General Provisions and Definitions.

A.1. General. These Conditions of Approval apply to:

The Project: Golden State Fire Apparatus Project, Development Review Permit D22-0033

The Property: 3501, 3601, and 3701 Mars Way, on the southwest corner of Gandy Dancer Drive and Mars Way (APNs 248-470-20, 248-470-21, and 248-470-22).

A.2. Definitions.

a. "Applicant" means any person, or other legal entity, applying for a conditional use permit.

b. "City Engineer" means the City Engineer of the City of Tracy, or any other duly licensed Engineer designated by the City Manager, or the Development Services Director, or the City Engineer to perform the duties set forth herein.

c. "City Regulations" means all written laws, rules, and policies established by the City, including those set forth in the City of Tracy General Plan, the Tracy Municipal Code, ordinances, resolutions, policies, procedures, and the City's Design Documents (including the Standard Plans, Standard Specifications, Design Standards, and relevant Public Facility Master Plans).

d. "Development Services Director" means the Development Services Director of the City of Tracy, or any other person designated by the City Manager or the Development Services Director to perform the duties set forth herein.

e. "Conditions of Approval" shall mean the conditions of approval applicable to the Project located at the Property. The Conditions of Approval shall specifically include all conditions set forth herein.

f. "Developer" means any person, or other legal entity, who applies to the City to divide or cause to be divided real property within the Project boundaries, or who applies to the City to develop or improve any portion of the real property within the Project boundaries. The term "Developer" shall include all successors in interest.

A.3. Compliance with submitted plans. Prior to the establishment of the use, the project shall be established in substantial compliance with the plans received by the Development Services Department on September 27, 2022 to the satisfaction of the Development Services Director.

A.4. Payment of applicable fees. The applicant shall pay all applicable fees for the project, including, but not limited to, development impact fees, building permit fees, plan check fees, grading permit fees, encroachment permit fees, inspection fees, school fees, or any other City or other agency fees or deposits that may be applicable to the project.

A.5. Compliance with laws. The Developer shall comply with all federal, state and local laws, as amended from time to time, related to the development of real property within the Project, including, but not limited to:

- the Planning and Zoning Law (Government Code sections 65000, et seq.)
- the California Environmental Quality Act (Public Resources Code sections 21000, et seq., "CEQA"), and
- the Guidelines for California Environmental Quality Act (California Administrative Code, title 14, sections 1500, et seq., "CEQA Guidelines").
- Tracy Municipal Code (TMC) Chapter 10.08 and;
- the Industrial Areas Specific Plan

A.6. Prior to construction, the applicant shall submit construction documents which meet the requirements of the California Building and Fire Codes and the Tracy Municipal Code to the City of Tracy and the South San Joaquin County Fire Authority for review, approval and inspections.

B. Development Services Department, Planning Division Conditions

Contact: Kenny Lipich (209) 831-6443 kenneth.lipich@cityoftracy.org

B.1. The Developer shall comply with all laws (federal, state, and local) related to the development of real property within the Project, including, but not limited to: the Planning and Zoning Law (Government Code sections 65000, *et seq.*), the Subdivision Map Act (Government Code sections 66410, *et seq.*), the California Environmental Quality Act (Public Resources Code sections 21000, *et seq.*, "CEQA"), and the Guidelines for California Environmental Quality Act (California Administrative Code, title 14, sections 15000, *et seq.,* "CEQA Guidelines").

B.2. Unless specifically modified by these Conditions of Approval, the Project shall comply with all City Regulations.

B.3. Unless specifically modified by these Conditions of Approval, the Developer shall comply with all mitigation measures identified in the General Plan Environmental Impact Report, dated February 1, 2011.

B.4. Pursuant to Government Code section 66020, including section 66020(d)(1), the City HEREBY NOTIFIES the Developer that the 90-day approval period (in which the Developer may protest the imposition of any fees, dedications, reservations, or other exactions imposed on this Project by these Conditions of Approval) has begun on the date of the conditional approval of this Project. If the Developer fails to file a protest within this 90-day period, complying with all of the requirements of Government Code section 66020, the Developer will be legally barred from later challenging any such fees, dedications, reservations or other exactions.

B.5. Except as otherwise modified herein, all construction shall be consistent with the plans received by the Development Services Department on September 27, 2022.

B.6. Prior to the issuance of a building permit, the applicant shall provide a detailed landscape and irrigation plan consistent with City landscape and irrigation standards, including, but not limited to Tracy Municipal Code Section 10.08.3560, the City's Design Goals and Standards, to the satisfaction of the Development Services Director; and with the applicable Department of Water Resources Model Efficient Landscape Ordinance to the satisfaction of the Utilities Director. Said landscape plans shall include documentation which demonstrates there is no less than 20 percent of the parking area in landscaping, 40 percent canopy tree coverage at tree maturity, and canopy shade trees shall be included and evenly distributed throughout the landscape strip along the public right-of-way where compatible with the bio-retention function and in coordination with the location of street trees, in accordance with City Regulations. Newly planted, on-site trees shall be a minimum size of 24-inch box and shrubs shall be a minimum size of five gallons.

B.7. All trees to be planted in the 25-foot-wide private landscape area along Gandy Dancer Drive shall be located outside the ten-foot-wide public utility easement (PUE). PG&E has underground electric conduit and gas distribution main lines within the existing ten-foot-wide public utility easement (PUE) along Gandy Dancer Drive. All landscaping planted within five feet of the underground lines shall be in accordance with the requirements of PG&E. Prior to issuance of a building permit, the Developer shall submit a detailed landscape and irrigation plan that shows compliance with PG&E's requirements for planting within five feet of the pipelines, to the satisfaction of the Development Services Director.

B.8. Where landscape planters are parallel and adjacent to vehicular parking spaces, the planter areas shall incorporate a 12-inch-wide concrete curb along their perimeter that is adjacent to the sides of the parking space in order to allow access to vehicles without stepping into landscape planters.

B.9. Prior to the issuance of a building permit, an Agreement for Maintenance of Landscape and Irrigation Improvements shall be executed and financial security submitted to the Development Services Department. The Agreement shall ensure maintenance of the on-site landscape and irrigation improvements for a period of two years following Project occupancy. Said security shall be equal to the actual material and labor costs for installation of the on-site landscape and irrigation improvements, or $2.50 per square foot of on-site landscape area.

B.10. No roof mounted equipment, including, but not limited to, HVAC units, fans, antennas, and dishes whether proposed as part of this application, potential future equipment, or any portion thereof, shall be visible from any public right-of-way. All roof-mounted equipment shall be screened from view from the public rights-of- way by the exterior parapet walls, to the satisfaction of the Development Services Director.

B.11. All vents, gutters, downspouts, flashing, electrical conduit, gas meters, electrical panels and doors, and other wall-mounted or building-attached utilities shall be

painted to match the color of the adjacent surface or otherwise designed in harmony with the building exterior to the satisfaction of the Development Services Director.

B.12. Prior to final inspection or certificate of occupancy, all exterior and parking area lighting shall be directed downward or shielded, to prevent glare or spray of light into the public rights-of-way, to the satisfaction of the Development Services Director.

B.13. Prior to the issuance of a building permit, bicycle parking spaces shall be provided in accordance with Tracy Municipal Code Section 10.08.3510 to the satisfaction of the Development Services Director.

B.14. All PG&E transformers, phone company boxes, Fire Department connections, backflow preventers, irrigation controllers, and other on-site utilities, shall be vaulted or screened from view from any public right-of-way, behind structures or landscaping, to the satisfaction of the Development Services Director.

B.15. Trash enclosure(s) shall be at least seven feet tall, of masonry construction, with solid metal doors, and exterior colors and materials to match the building exterior to the satisfaction of the Development Services Director. Prior to the issuance of a building permit, the developer shall demonstrate that the trash enclosure contains sufficient space and access for recycled material in accordance with State law and local standards to the satisfaction of the Public Works Director.

B.16. No signs are approved as part of this development application. Prior to the installation of any signs, the applicant shall submit a sign permit application and receive approval from the Development Services Director in accordance with City Regulations.

B.17. The project shall comply with all applicable provisions of the San Joaquin County Multi-Species Habitat Conservation and Open Space Plan, including Incidental Take Minimization Measures applicable at the time of permit and a pre-construction survey prior to ground disturbance, to the satisfaction of San Joaquin Council of Governments.

B.18. All parking spaces and drive aisles shall meet the minimum dimensional requirements of the City of Tracy Standard Plan 141. Two-way drive aisles serving 90-degree parking spaces shall be at least 26 feet wide and 90-degree parking spaces shall be at least nine feet wide by 18.5 feet long. Planters or sidewalks at the head of parking spaces may be constructed two feet into the front of parking spaces. Such two-foot overhang of landscape planters into the head of parking spaces is not included in the minimum area of required landscaping.

B.19. Consistent with General Plan Noise Element Policy 4 (Goal N-1.2), all construction activity producing any noise beyond the site's property line shall not occur after 7:00 p.m. or before 7:00 a.m.

B.20. Prior to the issuance of a building permit, the applicant shall submit detailed plans that demonstrate a minimum of one foot candle throughout the parking area as

defined in TMC Section 10.08.3450.

B.21. Prior to final inspection or certificate of occupancy, all PG&E transformers, phone company boxes, Fire Department connections, backflow preventers, irrigation controllers, and other on-site utilities, shall be vaulted or screened from view from any public right-of-way, behind structures or landscaping, to the satisfaction of the Development Services Director.

B.22. Prior to the issuance of a building permit, the developer shall cause to be recorded a lot line adjustment, lot merger, or other instrument to remove the lot lines bisecting the project site to the satisfaction of the Development Services Director.

B.23. The Developer shall comply with all applicable requirements of the San Joaquin Valley Air Pollution Control District (APCD), including, but not limited to, Regulation VIII and Rule 9510 – Indirect Source Review (ISR), to the satisfaction of the APCD.

C. Development Services Department, Engineering Conditions of Approval

Contact: Al Gali (209) 831-6436 al.gali@cityoftracy.org

C.1. General Conditions

Referenced technical memorandum is listed below. Improvements outlined in the following technical memorandum is not conditioned:

1) Storm Drain Technical Memorandum prepared by Wood Rodgers, of Roseville, CA dated April 18, 2023;

C.2. RESERVED
C.3. RESERVED

C.4. Grading Permit

All grading work (on-site and off-site) shall require a Grading Plan. All grading work shall be performed and completed in accordance with the recommendation(s) of the Project's Registered Geotechnical Engineer.

Prior to the release of the Grading Permit for the Project, Developer shall provide all documents related to said Grading Permit required by the applicable City Regulations and these Conditions of Approval, to the satisfaction of the City Engineer, including, but not limited to, the following:

C.4.1. Developer has completed all conditions set forth in this section.

C.4.2. Developer has obtained the approval (i.e., recorded easements for slopes, drainage, utilities, access, parking, construction, etc.) of all other public agencies and/or private entities with jurisdiction or interest over the required public and/or private facilities and/or property. Written permission from

affected owner(s) will be required to be submitted to the City prior to the issuance of the Grading Permit.

C.4.3. Developer has obtained a demolition permit to remove any existing structure located within the project's limits.

C.4.4. All existing on-site water well(s), septic system(s), and leech field(s), if any, shall be abandoned or removed in accordance with the City and San Joaquin County requirements. Developer shall be responsible for all costs associated with the abandonment or removal of the existing well(s), septic system(s), and leech field(s) including the cost of permit(s) and inspection. Developer shall submit a copy of written approval(s) or permit(s) obtained from San Joaquin County regarding the removal and abandonment of any existing well(s), prior to the issuance of the Grading Permit.

C.4.5. The Improvement Plans for all improvements to serve the Project (on-site and off-site) including the Grading Plan shall be prepared in accordance with the City's Subdivision Ordinance (Tracy Municipal Code Chapter 12.36), City Design Documents as defined in Title 12 of the Tracy Municipal Code, and these Conditions of Approval.

C.4.6. On-site Grading Plan shall be prepared on a twenty-four (24) inch x thirty-six (36) inch size 20-pound (min.) bond paper and PDF. These plans shall use the City's Title Block. Improvement Plans shall be prepared under the supervision of, stamped and signed by the Project's Registered Civil Engineer of Record and the Project's Registered Geotechnical Engineer. Developer shall obtain all applicable signatures by City departments and outside agencies (where applicable) on the plans prior to submitting the mylars to Engineering Division for City Engineer's signature. Erosion control measures shall be implemented in accordance with the Grading Plan approved by the City Engineer for all grading work. All grading work not completed before October 15 may be subject to additional requirements as applicable. Improvement Plans shall specify all proposed erosion control methods and construction details to be employed and specify materials to be used during and after the construction.

C.4.7. Payment of the applicable Grading Permit fees which include grading plan checking and inspection fees, and other applicable fees as required by these Conditions of Approval.

C.4.8. For Projects on property larger than one (1) acre: Prior to the issuance of the Grading Permit, Developer shall submit to the Utilities Department (stephanie.hiestand@cityoftracy.org) one (1) electronic copy and one (1) hard copy of the Storm Water Pollution Prevention Plan (SWPPP) as submitted in Stormwater Multiple Applications and Reporting Tracker System (SMARTS) along with either a copy of the Notice of Intent (NOI) with the state-issued Wastewater Discharge Identification number (WDID) or a copy of the receipt for the NOI. After the completion of the Project, the Developer is responsible for filing the Notice of Termination (NOT) required by SWQCB, and shall provide the City, a copy of the completed Notice of

Termination. Cost of preparing the SWPPP, NOI and NOT including the annual storm drainage fees and the filing fees of the NOI and NOT shall be paid by the Developer. Developer shall comply with all the requirements of the SWPPP, applicable Best Management Practices (BMPs) and the Stormwater Post-Construction Standards adopted by the City in 2015 and any subsequent amendment(s).

For Projects on property smaller than one (1) acre: Prior to the issuance of the Grading Permit, the Developer shall submit to the Utilities Department (stephanie.hiestand@cityoftracy.org) one (1) electronic copy and 1 hard copy of the City of Tracy Erosion and Sediment Control Plan (ESCP) for approval. Cost of preparing the ESCP including any annual storm drainage fees shall be paid by the Developer. Developer shall comply with all the requirements of the ESCP, applicable BMPs and the Post-Construction Stormwater Standards adopted by the City in 2015 and any subsequent amendment(s).

C.4.9. Developer shall provide a PDF copy of the Project's Geotechnical Report signed and stamped by the Project's Registered Geotechnical Engineer. The technical report must include relevant information related to, but not limited to, soil types and characteristics; soil bearing capacity; recommendations of soil and pavement compaction, import fill gradation, retaining wall design, slope gradients, flexible and in-flexible pavement (including paving calculations such as 5-values, gravel factors, gravel equivalence); bore logs; elevation of the highest observed groundwater level; infiltration testing at the bottom floor elevation of the proposed basin; and other design recommendations or geotechnical tests to the satisfaction of the City Engineer.

C.4.10. Minor Retaining – Developer shall use reinforced or engineered masonry blocks for retaining soil at property lines when the grade differential among the in-tract lots exceeds twelve (12) inches. Developer will include construction details of these minor retaining walls with the on-site Grading Plan. Developer may use slopes among the lots to address the grade differential but said slope shall not exceed a slope gradient of 3 (horizontal) to 1 (vertical) unless the Project's Registered Geotechnical Engineer signs and stamps a geotechnical report letter that supports a steeper slope gradient. Slope easements may be required and will be subject to approval by the City Engineer.

Minor Retaining along Project Perimeter – Developer shall use reinforced or engineered masonry blocks for retaining soil along the Project boundary and adjacent property(s) when the grade differential exceeds 12-inches. Developer will include construction details for these minor retaining walls with the on-site Grading Plan. Developer may use slopes to address the grade differential but said slope shall not exceed a slope gradient of 3 (horizontal) to 1 (vertical). Slope easements may be subject to approval by the City Engineer and if adjacent and affected property(s) owner(s) grants said easements.

Slopes are an acceptable option as a substitute to engineered retaining walls, where cuts or fills do not match existing ground or final grade with the adjacent property or public right of way, up to a maximum grade differential of two (2) feet, subject to approval by the City Engineer.

Slope easements will be recorded, prior to the issuance of the Grading Permit. The Developer shall be responsible to obtain and record slope easement(s) on private properties, where it is needed to protect private improvements constructed within and outside the Project, and a copy of the recorded easement document must be provided to the City, prior to the issuance of the Grading Permit.

Walls - Developer shall show proposed retaining walls and masonry walls on the on-site Grading Plan. The Developer is required to submit improvement plans, construction details, and structural calculations for retaining walls and masonry walls to Building and Safety. Retaining wall and masonry wall design parameters will be included in the geotechnical report.

C.4.11. Developer shall provide a copy of the approved Incidental Take Minimization Measures (ITMM) habitat survey [San Joaquin County Multi-Species Habitat Conservation & Open Space Plan (SJMSCP)] from San Joaquin Council of Governments (SJCOG).

C.4.12. Developer shall provide a copy of the approved Air Impact Assessment (AIA) with an Indirect Source Review (ISR) from San Joaquin Valley Air Pollution Control District (SJVAPCD).

C.4.13. Developer shall abandon or remove all existing irrigation structures, channels and pipes, if any, as directed by the City after coordination with the irrigation district, if the facilities are no longer required for irrigation purposes. If irrigation facilities including tile drains, if any, are required to remain to serve existing adjacent agricultural uses, the Developer will design, coordinate and construct required modifications to the facilities to the satisfaction of the affected agency and the City. Written permission from irrigation district or affected owner(s) will be required to be submitted to the City prior to the issuance of the Grading Permit. The cost of relocating and/or removing irrigation facilities and/or tile drains is the sole responsibility of the Developer.

C.4.14. Developer shall underground existing overhead utilities such as electric, TV cable, telephone, and others. Each dry utility shall be installed at the location approved by the respective owner(s) of dry utility and the Developer shall coordinate such activities with each utility owner. All costs associated with the undergrounding shall be the sole responsibility of the Developer and no reimbursement will be due from the City. Developer shall submit undergrounding plans. Referenced and incorporated herein are Title 11 and Title 12 of the Tracy Municipal Code. Exemptions from this condition are further clarified in the aforementioned code sections.

C.4.15. If at any point during grading that the Developer, its contractor, its engineers, and their respective officials, employees, subcontractor, and/or subconsultant

exposes/encounters/uncovers any potential archeological, historical, or other paleontological findings, the Developer shall address the findings as required per the General Plan Cultural Resource Policy and General Plan Environmental Impact Report; and subsequent Cultural Resource Policy or mitigation in any applicable environmental document.

C.5. Improvement Agreement(s)

All construction activity involving public improvements will require a fully executed improvement agreement (Off-site, Subdivision, and/or Inspection). Any construction activity involving public improvements without a fully executed improvement agreement is prohibited. All public improvements shall be performed and completed in accordance with the recommendation(s) of the Project's Registered Civil Engineer of Record.

Prior to the consideration of City Council's approval of said improvement agreement, the Developer shall provide all documents related to said improvements required by the applicable City Regulations and these Conditions of Approval, to the satisfaction of the City Engineer, including, but not limited to, the following:

C.5.1. Off-site and/or Public Infrastructure Improvement Plans prepared on a twenty-four (24) inch x thirty-six (36) inch size 20-pound (min.) bond paper and PDF that incorporate all requirements described in the documents described in these Conditions of Approval, the City's Design Documents as defined in Title 12 of the Tracy Municipal Code. Developer shall use the latest title block and, if necessary, contain a signature block for the Fire Marshal. Improvement Plans shall be prepared under the supervision of, and stamped and signed by a Registered Civil, Traffic, Electrical, Mechanical Engineer, and Landscape Architect for the relevant discipline. Developer shall obtain all applicable signatures by City departments and outside agencies (where applicable) on the plans including signatures by Fire Marshal to submitting the mylars to Engineering Division for City Engineer's signature. The improvement plans shall be prepared to specifically include, but not be limited to, the following items:

C.5.1.a. All existing and proposed utilities such as domestic water line, irrigation service, fire service line, storm drain, and sanitary sewer, including the size and location of the pipes.

C.5.1.b. All supporting engineering calculations, materials information or technical specifications, cost estimate, and technical reports. All improvement plans shall contain a note stating that the Developer (or Contractor) will be responsible to preserve and protect all existing survey monuments and other survey markers such as benchmarks.

C.5.1.c. A PDF copy of the Project's approved Geotechnical/Soils Report that was prepared for the grading permit submittal.

C.5.1.d. Storm Water - Storm drainage release point is a location at the boundary of the Project adjacent public right-of-way where storm water leaves the Property, in a storm event and that the Property's on-site storm drainage system fails to function or it is clogged. Site grading shall be designed such that the Project's storm drainage overland release point will be directly to an adjacent public right-of-way with a functional storm drainage system and the existing storm drainage line has adequate capacity to drain storm water from the Property. The storm drainage release point is recommended to be at least 0.70-feet lower than the building finish floor elevation and shall be designed and improved to the satisfaction of the City Engineer.

The Project's permanent storm drainage connection(s) shall be designed and constructed in accordance with City Regulations. The design of the permanent storm drainage connection shall be shown on the Grading Plans with calculations for the sizing of the storm drain pipe(s), and shall comply with the applicable requirements of the City's storm water regulations adopted by the City Council in 2012 and any subsequent amendments. Developer shall also construct the recommended mitigations described in the storm drain technical memorandum.

Developer shall adhere to 'low impact development' practices.

Developer shall excavate up to eleven (11) acre-feet of earth from the slopes of Detention Basin 2A to produce slopes up to 2.5 (horizontal) to 1 (vertical). Developer may export the excavated earth to a suitable location at Developer's discretion. Developer shall also cause its Registered Civil Engineer of Record to design grading plans to depict the said excavation. Developer is eligible for fee credits and/or a reimbursement per Title 13 of the TMC. Said reimbursement shall be formalized in a reimbursement agreement.

Developer and its heirs shall be responsible for repairing and maintaining the on-site storm water treatment system at the Developer's (and heirs') sole cost and expense.

C.5.1.e. Sanitary Sewer - It is the Developer's responsibility to design and construct the Project's permanent on-site sanitary sewer (sewer) improvements including the Project's sewer connection in accordance with the City's Design Standards, City Regulations and Standard Specifications. Sewer improvements shall include but not limited to, replacing asphalt concrete pavement, reconstructing curb, gutter and sidewalk, restoring pavement marking and striping, and other improvements that are disturbed as a result of installing the Project's permanent sewer connection. Developer shall submit improvement plans that include the design of the sewer line from the Property to the point of connection. Developer shall also construct the recommended mitigations described in the sanitary

sewer technical memorandum. Developer shall install a 6-inch diameter sewer lateral.

C.5.1.f. Water Distribution - Developer shall design and construct domestic and irrigation water service that comply with the City Regulations. Water line sizing, layout and looping requirements for this Project shall comply with City Regulations. During the construction of the Project, the Developer is responsible for providing water infrastructure (temporary or permanent) capable of delivering adequate fire flows and pressure appropriate to the various stages of construction and as approved by the Fire Marshal.

Interruption to the water supply to the existing businesses and other users will not be allowed to facilitate construction of improvements related to the Project. Developer shall be responsible for notifying business owner(s) and users, regarding construction work. The written notice, as approved by the City Engineer, shall be delivered to the affected residents or business owner(s) at least seventy-two (72) hours before start of work. Prior to starting the work described in this section, the Developer shall submit a Work Plan acceptable to the City that demonstrates no interruptions to the water supply, and Traffic Control Plan to be used during the installation of the off-site water mains and connections.

The Project's water service connections shall use a remote-read (radio-read) master water meter and a Reduced Pressure Type back-flow protection device in accordance with City Regulations. The domestic and irrigation water service connection(s) must be completed before the inspection of the building. The location of the meters shall be per City Regulations and shall not in the driveway. Other proposed locations shall be approved to the satisfaction of the City Engineer.

All costs associated with the installation of the Project's water connection(s) including the cost of removing and replacing asphalt concrete pavement, pavement marking and striping such as crosswalk lines and lane line markings on existing street or parking area(s) that may be disturbed with the installation of the permanent water connection(s), or domestic water service, and other improvements shall be paid by the Developer.

Fire Service Line – Location and construction details of fire service line including fire hydrant(s) that are to serve the Project shall be approved by the Fire Marshal. Prior to the approval of the Improvement Plans by the City Engineer, the Developer shall obtain written approval from the Fire Marshal, for the design, location and construction details of the fire service connection to the Project, and for the location and spacing of fire hydrants that are to be installed or planned to serve the Project.

C.5.1.g. Streets – The Developer shall have frontage improvements. All streets and utilities improvements within City right-of-way shall be designed and constructed in accordance with City Regulations, and City's Design Documents including the City's Facilities Master Plan for storm drainage, roadways, wastewater, and water as adopted, amended, and updated by the City, or as otherwise specifically approved by the City. The Developer shall construct frontage improvements as described below.

Mars Way, Gandy Dancer Drive, Murrieta Way
Developer shall construct or re-construct cracked, settled, and/or damaged portland cement concrete curb, gutter, and sidewalk; fire hydrants; streetlights and pavement along the Project's frontage.

C.5.2. Joint Trench Plans and Composite Utility Plans, prepared on a twenty-four (24) inch x thirty-six (36) inch size 20-pound (min.) bond paper and PDF for the installation of dry utilities such as electric, gas, TV cable, telephone, and others that will be located within a PUE, if existing, to be installed to serve the Project. All private utility services to serve Project must be installed underground or relocated to be underground, and to be installed at the location approved by the respective owner(s) of the utilities from the street or an existing or proposed utility easement to the building(s).

C.5.3. Payment of applicable fees required by City Regulations, and these Conditions of Approval including but not limited to plan checking, grading, construction inspection, agreement processing, encroachment permits, and testing fees.

C.5.4. Project Engineer's reasonable cost estimate that summarizes the cost of constructing all the public improvements shown on the Improvement Plans.

C.5.5. Traffic Control Plan - Prior to starting the work for any work within City's right-of-way, the Developer shall submit a Traffic Control Plan (TCP). TCP can be split among the different construction phases. TCP will show the method and type of construction signs to be used for regulating traffic at the work areas within these streets. TCP shall conform to the Manual on Uniform Traffic Control Devices as amended by the State of California, latest edition (MUTCD-CA). TCP shall be prepared under the supervision of, signed and stamped by a Registered Civil Engineer or Registered Traffic Engineer.

Access and Traffic Circulation to Existing Businesses/Residents - Developer shall take all steps necessary to plan and construct site improvements such that construction operations do not impact safety and access (including emergency vehicles) to the existing businesses and residents throughout the duration of construction. Developer shall coordinate with the owners and cooperate to minimize impacts on existing businesses. All costs of measures needed to provide safe and functional access shall be borne by the Developer.

C.5.6. No street trench shall be left open, uncovered, and/or unprotected during night hours and when the Developer's contractor is not performing construction activities. Appropriate signs and barricades shall be installed on the street and on all trenches during such times. If the Developer or its contractor elects to use steel plates to cover street trenches, said steel plates will be skid-resistance, and shall be either pinned and recessed into the pavement or ramped on all sides. Ramps will be made of cold-mix asphalt concrete, be a minimum two-foot wide, and will run the entire length of each side.

C.5.7. If at any point during utility installation or construction in general that the Developer, its contractor, its engineers, and their respective officials, employees, subcontractor, and/or subconsultant exposes/encounters/uncovers any archeological, historical, or other paleontological findings, the Developer shall address the findings as required per the General Plan Cultural Resource Policy and General Plan EIR; and subsequent Cultural Resource Policy or mitigation in any applicable environmental document.

C.5.8. Improvement Security - Developer shall provide improvement security for all public facilities, as required by the Improvement Agreement. The form of the improvement security may be a bond, or other form in accordance with the Government Code, and the TMC. The amount of the improvement security shall be in accordance with Title 12 of the TMC.

Insurance – Developer shall provide written evidence of insurance coverage that meets the terms of the Improvement Agreement.

C.6. Building Permit

Prior to the release of a building permit within Project boundaries, the Developer shall demonstrate, to the satisfaction of the City Engineer, compliance with all required Conditions of Approval, including, but not limited to, the following:

C.6.1. Developer has satisfied all conditions in C.1 through C.4 in these Conditions of Approval and has obtained a City approved Grading Permit.

C.6.2. Developer shall pay any applicable development impact fees.

C.6.3. Developer shall complete the excavation in Section C.5.1.d.

C.7. Acceptance of Public Improvements

Prior to the consideration of City Council's acceptance of public improvements, the Developer shall demonstrate to the reasonable satisfaction of the City Engineer, completion of the following:

C.7.1. Developer has satisfied all conditions in C.1 through C.6 in these Conditions of Approval.

C.7.2. Prior to improvement acceptance, Developer submitted the Storm water Treatment Facilities Maintenance Agreement (STFMA) to the Utilities Department.

C.7.3. Developer has satisfactory completed construction of all required/conditioned improvements. Unless specifically provided in these Conditions of Approval, or some other applicable City Regulations, the Developer shall use diligent and good faith efforts in taking all actions necessary to construct all public facilities required to serve the Project, and the Developer shall bear all costs related to construction of the public facilities (including all costs of design, construction, construction management, plan check, inspection, land acquisition, program implementation, and contingency).

C.7.4. Certified "As-Built" On-site Grading and Off-Site Improvement Plans (or Record Drawings) - Prior to improvement acceptance, Developer shall cause its design professionals(s) to prepare Certified "As-Built" grading and off-site Improvement Plans (or Record Drawings). Said Record Drawings shall be prepared on a twenty-four (24) inch x thirty-six (36) inch size 4-millimeter-thick polymer film (mylar). Developer shall re-obtain all signatures from outside agencies prior to submitting the Record Drawings to the City.

C.7.5. Prior to improvement acceptance, Developer shall be responsible for any repairs or reconstruction of street pavement, curb, gutter, sidewalk and other public improvements associated with the Project, if determined by the City Engineer to be in poor condition or damaged by construction activities related to the Project.

C.7.6. Prior to improvement acceptance, Developer has completed the ninety (90) day public landscaping maintenance period.

C.7.7. Prior to improvement acceptance Per Section 21107.5 of the California Vehicle Code, Developer shall install signs at all entrance(s) of the Project stating that the streets are privately owned and maintained and are not subject to the public traffic regulations or control. Said signs must be conspicuously placed, plainly visible, and legible during daylight hours from a distance of one hundred (100) feet, if applicable.

C.7.8. Survey Monuments – Prior to improvement acceptance, Developer shall submit centerline tie sheets, corner records, a record of survey, etc. for the following: new public streets; re-established survey monuments, damaged, destroyed, altered, and/or reconstructed any existing curb returns, survey monuments and/or benchmarks. Any survey document will be submitted to the City and to the San Joaquin County Surveyor to comply with California Business and Professions Code Section 8771(c). Said work shall be executed by a California licensed Land Surveyor at the Developer's sole expense.

C.7.9. Prior to improvement acceptance, repair and maintenance of all on-site water lines, laterals, sub-water meters, valves, fittings, fire hydrant and appurtenances shall be the responsibility of the Developer.

C.7.10. Prior to improvement acceptance, Developer shall submit warranty bonds.

C.8. Special Conditions

C.8.1. When street cuts are made for the installation of utilities, the Developer shall conform to Section 3.14 of the 2020 Design Standards and is required install a two (2) inch thick asphalt concrete (AC) overlay with reinforcing fabric at least twenty-five (25) feet from all sides of each utility trench. A two (2) inch deep grind on the existing AC pavement will be required where the AC overlay will be applied and shall be uniform thickness in order to maintain current pavement grades, cross and longitudinal slopes. This pavement repair requirement is when cuts/trenches are perpendicular and parallel to the street's direction.

C.8.2. Nothing contained herein shall be construed to permit any violation of relevant ordinances and regulations of the City of Tracy, or other public agency having jurisdiction. This Condition of Approval does not preclude the City from requiring pertinent revisions and additional requirements to the improvement plans, prior to the City Engineer's signature on the improvement plans, and prior to issuance of Grading Permit, Encroachment Permit, Building Permit, if the City Engineer finds it necessary due to public health and safety reasons, and it is in the best interest of the City. The Developer shall bear all the cost for the inclusion, design, and implementations of such additions and requirements, without reimbursement or any payment from the City.

C.8.3. Prior to the release of the Building Permit, if water is required for the Project, the Developer shall obtain an account for the water service and register the water meter with the Finance Department. Developer shall pay all fees associated with obtaining the account number for the water service.

C.8.4. Prior to acceptance of the public improvements, Developer shall cause its design professional to provide to the City in both AutoCAD format, and Shape File format (both in versions approved by the City), the public improvements associated with this Project.

D. Development Services Department, Building Division Conditions

Contact: Jesse Canright (209) 831-6412 jesse.canright@cityoftracy.org

D.1. Prior to commencement of construction, applicant shall submit construction plans and supporting documents to demonstrate compliance with CBC 506 and 508 as applicable. Note: based on construction type of V-B, allowable building area is less than proposed building area.

D.2. Prior to the construction of onsite improvement including but not limited to walks, sidewalks, utilities, signs, lights, retaining walls, sound walls, underground vaults, transformer, trellis, trash enclosures, etc., applicant shall submit to the Building Safety

Division construction drawings and supporting documents that conform to the current Title 24 California Code of Regulations at time of application.

D.3. Prior to commencement of construction, applicant shall submit legal documents of existing storm drain easement for installing storm drainpipes in adjacent property per California Plumbing Code 307.1.

D.4. Prior to commencement of construction, applicant shall submit construction plans and supporting documents to demonstrate compliance with CBC 406 "Motor Vehicle Related Occupancies".

D.5. Prior to commencement of construction, applicant shall submit a hazardous material inventory statement to demonstrate compliance with CBC Chapter 3 and applicable sections of Chapter 4.

E. The following conditions provide the applicant with options for funding required Citywide services.

Contact: Guadalupe Pena (209) 831-6834 Guadalupe.Pena@cityoftracy.org

E.1. Streets and Streetlights

Before issuance of any building permit for the Property, Developer shall provide for perpetual funding of the on-going costs of the operation and maintenance of the streets (from curb-to-curb, excluding gutters) to a Pavement Management System standard of PCI 70 (seventy), which could include street reconstruction, as reasonably determined by the City, the electric utility costs of operating the streetlights and signals that will serve the Project (collectively, the "Infrastructure"), by doing one of the following, subject to the approval of the City's Finance Director:

a. Community Facilities District (CFD). Developer shall enter into an agreement with the City, to be signed by the Finance Director, which shall be recorded against the Property, which requires that prior to the final inspection, Developer shall complete the annexation of the Property to City of Tracy Community Facilities District in compliance with the requirements of the Mello – Roos Community Facilities Act of 1982 (Gov. Code § 53311 et seq.) including, without limitation, affirmative votes, and the recordation of a Notice of Special Tax Lien. Developer shall be responsible for all costs associated with the CFD proceedings.

Or

b. POA and dormant CFD. If the POA is the chosen funding mechanism, Developer must do the following:

1) Form a Property Owner's Association (POA) or other maintenance association, with CC&Rs reasonably acceptable to the City, to assume the obligation for the on-going costs of the operation and maintenance of the streets (from curb-to-curb, excluding gutters) to a Pavement Management System standard of PCI 70 (seventy), which could include street

reconstruction, as reasonably determined by the City, the electric utility costs of operating the streetlights and signals that will serve the Project (collectively, the "Infrastructure");

2) Cause the POA to enter into an agreement with the City, in a form to be approved by the City and to be recorded against the Property prior to the final inspection, setting forth, among other things, the required maintenance obligations, the standards of maintenance, and all other associated obligation(s) of the POA to ensure the on-going costs of the operation and maintenance of the streets (from curb-to-curb, excluding gutters) to a Pavement Management System standard of PCI 70 (seventy), which could include street reconstruction, as reasonably determined by the City, the electric utility costs of operating the streetlights and signals that will serve the Project (collectively, the "Infrastructure");

3) Before final inspection, annex into a CFD in a "dormant" capacity, to be triggered if the POA fails (as determined by the City in its sole and exclusive discretion) to perform the required level of operation, maintenance and replacement for the on-going costs of the operation and maintenance of the streets (from curb-to-curb, excluding gutters) to a Pavement Management System standard of PCI 70 (seventy), which could include street reconstruction, as reasonably determined by the City, the electric utility costs of operating the streetlights and signals that will serve the Project (collectively, the "Infrastructure"). The dormant tax or assessment shall be disclosed to all property owners, even during the dormant period.

Or

c. Direct funding. Developer shall enter into an agreement with the City, which shall be recorded against the Property, which requires that prior to approval of final inspection, Developer shall deposit with the City an amount necessary, as reasonably determined by the City, to fund in perpetuity the on-going costs of the operation and maintenance of the streets (from curb-to-curb, excluding gutters) to a Pavement Management System standard of PCI 70 (seventy), which could include street reconstruction, as reasonably determined by the City, the electric utility costs of operating the streetlights and signals that will serve the Project (collectively, the "Infrastructure").

If the provisions for adequate funding of the on-going costs of the operation and maintenance of the streets (from curb-to-curb, excluding gutters) to a Pavement Management System standard of PCI 70 (seventy), which could include street reconstruction, as reasonably determined by the City, the electric utility costs of operating the streetlights and signals that will serve the Project (collectively, the "Infrastructure") are met prior to issuance of the building permit for the Property, subject to the Finance Director's review and approval, the terms of this condition shall be considered to have been met and this condition shall become null and void.

E.2. Landscaping Maintenance

Prior to issuance of any building permit for the Property, Developer shall provide for perpetual funding of the on-going costs of operation, maintenance and replacement for public landscaping for the Property at a high-quality service level as determined by the Parks Director by doing one of the following, subject to the approval of the City's Finance Director:

a. CFD or other funding mechanism. The Developer shall enter into an agreement with the City, which shall be recorded against the Property, which stipulates the following: (1) prior to issuance of a building permit, the Developer shall form or annex into a Community Facilities District (CFD) for funding the on-going costs related to maintenance, operation, repair and replacement of public landscaping, public walls and any public amenities included in the Project, and ongoing public landscaping maintenance costs associated with major program roadways identified in the Citywide Roadway and Transportation Master Plan; (2) the items to be maintained include but are not limited to the following: ground cover, turf, shrubs, trees, irrigation systems, drainage and electrical systems; masonry walls or other fencing, entryway monuments or other ornamental structures, furniture, recreation equipment, hardscape and any associated appurtenances within medians, parkways, dedicated easements, channel-ways, public parks, and public open space areas and trails; (3) formation of the CFD shall include, but not be limited to, affirmative votes and the recordation of a Notice of Special Tax Lien; (4) upon successful formation, the parcels will be subject to the maximum special tax rates as outlined in the Rate and Method of Apportionment; (5) prior to issuance of a building permit, the Developer shall deposit an amount equal to the first year's taxes; and (6) the Developer shall be responsible for all costs associated with formation or annexation of the CFD.

   Or

b. POA and dormant CFD. If the POA is the chosen funding mechanism, the Developer must do the following:

   1. Form a Property Owner's Association (POA) or other maintenance association, with CC&Rs reasonably acceptable to the City, to assume the obligation for the on-going maintenance of all public landscaping areas that will serve the Property;

   2. Cause the POA to enter into an agreement with the City, in a form to be approved by the City and to be recorded against the Property prior to the final inspection, setting forth, among other things, the required maintenance obligations, the standards of maintenance, and all other associated obligation(s) to ensure the long-term maintenance by the POA of all public landscape areas that will serve the Property;

   3. Make and submit to the City, in a form reasonably acceptable to the City, an irrevocable offer of dedication of all public landscape areas that will serve the Property;

   4. Before final inspection, annex into a CFD in a "dormant" capacity, to be triggered if the POA fails (as determined by the City in its sole and exclusive

discretion) to perform the required level of public landscape maintenance. The dormant tax or assessment shall be disclosed to all property owners, even during the dormant period.

Or

c. Direct funding. The Developer shall enter into an agreement with the City, which shall be recorded against the Property, which stipulates that prior to issuance of a building permit, the Developer shall deposit with the City an amount necessary, as reasonably determined by the City, to fund in perpetuity the full on-going maintenance costs related to maintenance, operation, repair and replacement of public landscaping, public walls and any public amenities included in the Project, and ongoing public landscaping maintenance costs associated with major program roadways identified in the Citywide Roadway and Transportation Master Plan. The items to be maintained include but are not limited to the following: ground cover, turf, shrubs, trees, irrigation systems, drainage and electrical systems, masonry walls or other fencing, entryway monuments or other ornamental structures, furniture, recreation equipment, hardscape and any associated appurtenances within medians, parkways, dedicated easements, channel-ways, public parks, and public open space areas and trails.

F. South San Joaquin County Fire Authority Conditions

Contact: Daniel Stowe (209) 831-6707 daniel.stowe@sjcfire.org

The following requirements are required to be met prior to any construction or demolition of the property:

F.1. Prior to the start of construction or demolition, applicant shall submit construction documents to the South San Joaquin County Fire Authority for review and approval.

a. Construction documents shall be designed to the current edition of the California Code of Regulations, Title 24, as amended by the City of Tracy Municipal Code.

b. Deferred submittals shall be listed on the coversheet of each page for any fire protection system - fire service underground, fire sprinkler system, fire standpipe system, or the fire alarm system. Each deferred submittal shall be submitted, reviewed and approved by SSJCFA prior to installation.

F. 2. A request for fire flow shall be submitted to the South San Joaquin County Fire Authority and results shall be approved by the Fire Marshal prior to construction. Fire flow requirements shall be in accordance with 2019 California Fire Code Appendix B.

F. 3. Building and each tenant space shall be provided with approved address identification in accordance with CFC §505 as amended by the Tracy Municipal Code §9.06.070.

F. 4. Fire control room locations shall be approved the fire code official prior to the issuance of construction permit. 2019 California Fire Code §509 as amended by the Tracy Municipal Code §9.06.070.

F. 5. Prior to final inspection, emergency radio responder coverage shall be tested to confirm coverage areas. If coverage is inadequate as defined in 2019 California Fire Code §510, a separate permit for 2 emergency radio responder coverage shall be submitted to SSJCFA for review and approval prior to installation.

G. Utilities Department, Water Resources Division Conditions.

Contact: Stephanie Hiestand (209) 831-6333 stephanie.hiestand@cityoftracy.org

G.1. Prior to issuance of a construction or building permit, the applicant shall demonstrate compliance with the 2015 Post-Construction Stormwater Standards (PCSWS) Manual and obtain approval through the following:

G.1.1. Develop a Project Stormwater Plan (PSP) that identifies the methods to be Employed to reduce or eliminate stormwater pollutant discharges through the construction, operation and maintenance of source control measures, low impact development design, site design measures, stormwater treatment control measures and baseline hydromodification control measures.

G.1.1.a. Design and sizing requirements shall comply with PCSWS Manual.

G.1.1.b. Demand Management Areas must be clearly designated along with identification of pollutants of concern.

G.1.1.c. Calculations of the Stormwater Design Volume and/or Design Flow with results from the Post-Construction Stormwater Runoff Calculator must be submitted in the PSP for approval.

G.1.1.d. Per the PCSWS Manual, include a hydromodification management plan ensuring the post-project runoff flow rate shall not exceed estimated pre-project flow rate for the 2-year, 24 hour storm.

G.1.1.e. Submit one (1) hard copy of the PSP and an electronic copy to the Utilities Department (WaterResources@cityoftracy.org), include the project name, address and Project # and/or Permit # in the title or subject line.

G.1.2. A separate plan sheet(s) designated SW shall be submitted in the plan set that includes the identified methods for pollution prevention outlined in the submitted PSP. You must include all standards, cross sections and design specifications such as landscape requirement in treatment areas including type of irrigation installation and/or height of drain inlet above the flow line, etc. in these SW plan sheets along with legend.

G.1.3. Develop and electronically submit to the Utilities Department for approval (WaterResources@cityoftracy.org) a preliminary Operations and Maintenance (O & M) Plan that identifies the operation, maintenance, and inspection requirements for all stormwater treatment and baseline hydromodification control measures identified in the approved PSP.

G.1.4. No later than two (2) months after approval notification of the submitted PSP, the applicant shall electronically submit the following information to the Utilities Department (WaterResources@cityoftracy.org) for development of a draft stormwater maintenance access agreement, in accordance with the MAPCSWS:

i. Property Owner(s) name and title report; or Corporate name(s) and binding documents (resolutions, etc.) designating ability to sign agreement
ii. Property Address
iii. Exhibit A – legal property description
iv. Exhibit B – approved O & M Plan

G.2. Prior to issuance of a grading permit, the applicant shall provide proof of permit coverage under the Construction General Permit and submittal of an electronic Stormwater Pollution Prevention Plan (SWPPP), to be submitted to WaterResources@cityoftracy.org.

G.3. Project shall always be in compliance with Federal, State and Local mandates with potable water, recycled water and water quality.

G.4. Prior to Certificate of Occupancy, the applicant shall complete the following to the satisfaction of the Utilities Director:

G.4.1. Return to the Utilities Department, two legally signed and notarized copies of the final maintenance access agreement including all exhibits and approved O & M plan previously submitted and received from the Utilities Department.

G.4.2. Obtain final approval by the Utilities Department of the constructed and installed Stormwater pollution prevention methods outlined in the PSP. Frequent inspections of the Post-Construction treatment measures should occur during the construction phase by calling 209-831-6333.

G.4.3. The project shall be in full compliance with Construction General Permit including 70% stabilization of the project with Notice of Termination approval.

G.5. Before the approval of a construction, grading or building permit, the applicant shall demonstrate compliance with Tracy Municipal Code Chapters 11.28 and 11.34 and Chapter 4 or 5 of the California Green Building Standards Code to the satisfaction of the Utilities Director.

G.6. Prior to issuance of a construction or building permit, applicant shall demonstrate compliance with the 2015 Model Water Efficient Landscape Ordinance and obtain approval by the Utilities Department through the following:

G.6.1. Develop and submit electronically and by hard copy, a Landscape Document Package (LDP) that identifies the methods to be employed to reduce water usage through proper landscape design, installation and maintenance. This LDP shall consist of:

i. A project information sheet that includes the checklist of all documents in the LDP;

ii. The Water Efficient Landscape Worksheets that include a hydrozone information table and the water budget calculations – Maximum Applied Water Allowance and Estimate Total Water Use;
iii. A soil management report, after compaction and from various locations throughout the project;
iv. A landscape design plan that includes the statement, "I agree to comply with the requirements of the 2015 water efficient landscape ordinance and shall submit for approval a complete Landscape Document Package:
v. An irrigation design plan with schedule; and
vi. A grading design plan.

G.6.2. Per State Water Resources Control Board on May 24, 2022, all Commercial, Industrial, and Institutional facilities are prohibited from using potable water to irrigate non-functional turf. Non-functional turf is defined as a ground cover surface of mowed grass that is ornamental and not otherwise used for recreational purposes. Please submit your final landscape plan in conformance with these new regulations.

G.6.3. A Certificate of Completion must be completed, signed, and submitted to the Utilities Department prior to Final approval for Occupancy.

Agenda Item 1.L

RECOMMENDATION

Staff recommends that the City Council adopt a resolution (1) accepting public improvements as complete for Vela View Apartments, constructed by Valpico Tracy Apartments, LLC (Developer), (2) authorizing the City Clerk to file the Notice of Completion with the Office of the San Joaquin County Recorder, (3) authorizing the City Engineer to release bonds in accordance with agreements and law, (4) accepting land dedications from the Developer, and (5) approving a Conditional Offsite Improvement Agreement with the Developer for future improvements.

EXECUTIVE SUMMARY

This agenda item seeks an adoption of a Resolution by the City Council accepting public improvements relating to Vela View Apartments (Project) constructed by Valpico Tracy Apartments, LLC (Developer) as complete and authorizing the City Clerk to file the Notice of Completion with the Office of San Joaquin County Recorder. This would authorize the City Engineer to release bonds in accordance with the terms of Offsite Improvement Agreement (OIA) for the Project. Staff is also seeking acceptance of the land dedications from the Developer, which were necessary to accommodate the improvements required under the OIA and the Project's Conditions of approval (COAs). Simultaneously, staff is also seeking approval of a Conditional Offsite Improvement Agreement (COIA) with the Developer to allow future improvements to Glenbriar Drive when triggered, which are also part of COAs for the approval of the Vela Apartments.

BACKGROUND AND LEGISLATIVE HISTORY

Numerous approvals have occurred as related to the Project.

Developer has completed public improvements, as required by the Project's Conditions of Approval . The Project is located on Valpico Road at the intersection of Glenbriar Drive, as shown on Attachment A. The completed public improvements include signalizing the intersection of Valpico Road and Glenbriar Drive, bus turnout, and related infrastructure in accordance with a previously approved Offsite OIA. Staff recommends that the City Council accept the improvements as completed, authorize the City Clerk to file a Notice of Completion, authorize the City Engineer to release the Developer's bonds, and accept land dedications from Developer related to these improvements.

Additionally, the Developer has an obligation to complete additional improvements to Glenbriar Drive at a future time, for which staff recommends the City Council authorize the execution of a Conditional Offsite Improvement Agreement.

On October 1, 2019, by Resolution 2019-195, the City Council approved Development Review Permit Application D19-0018 for a 264-unit residential apartment project on approximately 11.62 acres on the north side of Valpico Road at Glenbriar Drive.

On April 24, 2020, pursuant to Urgency Ordinance No. 1285, the City Manager approved an Inspection and Improvement Agreement with the Developer, allowing construction of offsite

improvements to proceed prior to formal approval of offsite improvement plans. Improvement plans were signed by the City Engineer on April 28, 2021.

On December 15, 2021, pursuant to Urgency Ordinance No. 1285, the City Manager approved an OIA with the Developer for the construction of certain offsite improvements, including improvements to the signalized intersection of Valpico Road and Glenbriar Drive, bus turnout, and related infrastructure.

On December 6, 2022, by Resolution 2022-195, the City Council approved Development Review Permit Application D22-0005, allowing perimeter fencing of the site and a gated entrance on Glenbriar Drive. The gated entrance design was incorporated in the OIA plans previously approved by the City Council.

On May 4, 2023, the City and Developer executed a Public Landscaping Maintenance Agreement, by which Developer is responsible for irrigation and maintenance of public landscaping within the median and parkstrip on Valpico Road from MacArthur Boulevard to the western property line of the Project.

ANALYSIS

Developer has completed all the work required to be done in accordance with the OIA and has requested acceptance of the completed public improvements. The City Engineer has inspected the completed work and confirmed that the improvements conform to the OIA and City plans and specifications. The estimated cost of the public improvements are as follows:

Cost Breakdown:		
Roadway Improvements	$	558,118
Water	$	42,420
Storm Drainage	$	62,733
Sanitary Sewer	$	3,124
Street Lighting	$	91,025
Traffic Signal	$	192,500
Landscaping	$	12,100
Land Value	$	34,000
Total	**$**	**996,020**

Bonds were provided by Developer as required by the OIA in amounts as follows:

Bond Type	**Agreement**
Faithful Performance	$1,632,543
Labor and Material	$1,632,543
Warranty	$163,254

Faithful Performance bonds may be released upon acceptance of improvements by the City. Labor and Material bonds may be released thirty days after the recordation of the Notice of Completion as the statute of limitations period expires in accordance with Civil Code §9356.

Warranty bond may be released one year after City acceptance of improvements and warranty work, if any, is completed. City Council acceptance and filing of the Notice of Completion will memorialize the satisfactory completion of improvements.

Additional public right-of-way and easement dedications were necessary to accommodate the improvements required under the OIA and the Project COAs, among other things, per Development Review Permit Application D19-0018. The dedications are as follows:

1. Pursuant to COAs C.4.f and C4.h, a fee dedication, in the form of a Grant Deed, of public right of way on Valpico Road containing 0.34 acre, is required to satisfy the roadway master plan width of Valpico Road.
2. Pursuant to COAs C.4.f and C.7.c, an Irrevocable Offer of Dedication of Glenbriar Drive. The City intends to take fee ownership of Glenbriar Drive at such time as the roadway is extended north and connecting with Derone Drive in the Ventana Subdivision (Conditions C.4.f. & C.7.c.).
3. Pursuant to COA item C.4.g, a Public Utility Easement must be granted:
   a. Over Glenbriar Drive, a private street containing public utilities.
   b. Along private utility routes throughout the site.
   c. Over area containing City water meters.
4. Pursuant to COA, item C.4.i, an Emergency Vehicle Access Easement over Glenbriar Drive, a private street, must be granted.

Land value of the Valpico Road fee dedication is based on a unit value of $100,000 per acre. Upon acceptance, land dedication instruments will be recorded at the San Joaquin County Recorder. Grant Deed for Valpico Road, Irrevocable Offer of Dedication for Glenbriar Drive, Public Utility Easement, and Emergency Vehicle Access Easement are attached as Attachment B, C, D, and F, respectively.

Pursuant to the COA item C.4 of Development Review Permit Application D19-0018, the Developer is required to execute a Deferred Improvement Agreement (DIA) prior to issuance of Certificate of Occupancy. Staff recommends that the DIA be superseded by a Conditional Offsite Improvement Agreement (COIA). The COIA is to guarantee the implementation of certain improvements that could not be practically implemented until a future date. The improvements are as follows:

1. Pursuant to COA item C.8, Developer must retain onsite stormwater runoff until such time as Detention Basin 2B and the permanent storm drain piping to Detention Basin 2B have been constructed, made operational, and made available for connection. At that time, Developer will be required to complete the installation of the Project's permanent storm drainage connection.
2. Pursuant to COAs item C.4.e., at such time as the City takes future fee ownership of Glenbriar Drive, City will grant utility crossing easements to the Developer so that the Developer can maintain private sanitary sewer and storm drain piping crossing Glenbriar Drive. The utility easements shall be granted to the Developer via City execution of a Private Utility Crossing Easement Agreement (PUC Agreement) between the City and the Developer. To guarantee that the Developer follows through with their obligation to execute the PUC Agreement, said agreement (approved to form) will be included as Exhibit C of the Project's COIA (Attachment E).

The approval of Development Review Application D22-0005 included additional COAs containing public improvements, amongst other things, that could not be practically implemented until a future date. The proposed COIA will also address the following improvements:

1. Pursuant to COA item C.7.8(i), Glenbriar Drive, north of Valpico Road, will be maintained as a private street until such time as the City extends Glenbriar Drive north to connect with Derone Drive in Ventana Subdivision. At that time, the City will take ownership of Glenbriar Drive and it will become a public street. At that time, Developer will be required to make certain modifications to Glenbriar Drive, including the removal of the privacy gate, restoration of the median island, and removal of the barricade & guardrail at the north end of Glenbriar Drive.

The COIA is a legally binding mechanism guaranteeing the Developer's construction of the offsite improvements.

FISCAL IMPACT

All improvements were completed by the Developer in accordance with the OIA and there is no fiscal impact associated with this action. Future maintenance and irrigation costs of landscaping along the Valpico Road median and project frontage will be paid by Developer per their executed Landscape Maintenance Agreement. City will maintain all other public improvements.

PUBLIC OUTREACH / INTEREST

Not applicable.

COORDINATION

Project construction activities were coordinated with City of Tracy Operation and Utilities Division.

CEQA DETERMINATION

The recommended actions are exempt from CEQA (California Environmental Quality Act) compliance under Section 15061(b)(3) of the CEQA Guidelines (14 Cal. Code Regs. § 15061(b)(3)) because it can be seen with certainty that there is no possibility that such actions may have a significant effect on the environment.

STRATEGIC PLAN

This agenda item is consistent with the Council approved Economic Development Strategy to ensure the physical infrastructure necessary for development.

ACTION REQUESTED OF THE CITY COUNCIL

Staff recommends that the City Council adopt a resolution to (1) accept public improvements as complete for Vela View Apartments, constructed by Valpico Tracy Apartments, LLC (Developer), (2) authorize the City Clerk to file the Notice of Completion with the Office of the San Joaquin County Recorder, (3) authorize the City Engineer to release bonds in accordance with agreements and law, (4) accept land dedications from the Developer, and (5) approve a Conditional Offsite Improvement Agreement with the Developer for future improvements.

IRREVOCABLE OFFER OF DEDICATION OF FEE INTEREST

For A Valuable Consideration, receipt of which is hereby acknowledged, VALPICO TRACY APARTMENTS, LLC, a Delaware limited liability company common ("**Grantor**"), represents that, as the owner of that certain real property described on Exhibit C attached hereto ("**Property**"), and subject to the satisfaction of the Dedication Condition (as hereinafter defined), Grantor hereby makes an Irrevocable Offer of Dedication of fee interest to THE CITY OF TRACY, A MUNICIPAL CORPORATION ("**Grantee**"), the hereinafter described real property for the following public purpose:

> Public Right of Way purposes, including without limitation, roadway and utility purposes, over, under, along and across the property described in Exhibit A and depicted in Exhibit B.

*The real property referred to above ("**IOD Area**") is situated in the City of Tracy, County of San Joaquin, State of California and is more particularly described as follows:*

SEE ATTACHED:

EXHIBIT A FOR LEGAL DESCRIPTION OF IOD AREA

EXHIBIT B FOR PLAT OF IOD AREA

This Offer of Dedication is made pursuant to Section 7050 of the Government Code of the State of California and may be accepted at any time by the City of Tracy.

Notwithstanding the foregoing or anything to the contrary herein, the foregoing dedication of the IOD Area ("**Dedication**") is expressly conditioned upon the City (at its cost) connecting the IOD Area to that certain public street known as Derone Lane shown on Exhibit B attached hereto ("**Dedication Condition**"). In the event the Dedication Condition occurs, the Dedication shall be subject and subordinate to all matters of record or apparent, improvements, contracts, leases, licenses, encumbrances, and claims of title affecting the IOD Area as of the date the Dedication Condition is satisfied.

Grantor shall be responsible for maintaining the IOD Area prior to the Dedication Condition being satisfied. In the event the Dedication Condition occurs and the IOD Area is thereby dedicated to the City for use as a public street, the grantor will provide a form

of perpetual funding as described in the original project Conditions of Approval for Development Review Application D19-0018, Section 20, and the City shall automatically become fully responsible for maintaining the IOD Area utilizing the approved perpetual funding source for maintenance.

This Offer of Dedication of fee interest shall be irrevocable and shall be binding on Grantor, Grantee, and each of their heirs, executors, administrators, successors and assigns. Except as expressly set forth herein, the City and its successors or assigns shall incur no liability with respect to this offer of dedication, and shall not assume any responsibility for the Property or any improvements thereon, until this offer has been accepted by the City of Tracy.

The Dedication rights granted herein shall run with the land. However, in the event the Dedication Condition is not satisfied, the provisions of this Offer of Dedication shall not be deemed to constitute a dedication for public use, nor to create any rights in the general public or any third party (including Grantee). It is the intention of the parties that this Offer of Dedication shall be strictly limited to and for the purposes expressed herein. This Offer of Dedication is intended for the exclusive benefit of the parties hereto and their respective successors and assigns.

Each party agrees to execute and deliver such additional documents and instruments as may be necessary or desirable to carry out the provisions of this Offer of Dedication.

This Offer of Dedication shall be governed by and construed in accordance with the laws of the State of California. If any provision of this Offer of Dedication shall be invalid or unenforceable to any extent, the remainder of this Offer of Dedication shall not be affected thereby and shall be enforced to the greatest extent permitted by law. This Offer of Dedication may only be amended by the written agreement of the parties, duly acknowledged by each, and recorded in the Official Records of San Joaquin County, California. No provision of this Offer of Dedication shall be deemed to have been waived unless such waiver is in writing. Should either party hereto institute any action or proceeding to enforce any provisions hereof or for damages by reason of the breach, default or liability of the other party arising out of any provision of this Offer of Dedication, the prevailing party shall be entitled to recover costs of suit and reasonable attorneys' fees.

This Offer of Dedication, though executed on the date above written, shall only be effective upon, from and after its recording in the Official Records of San Joaquin County, California.

EXHIBIT C
DESCRIPTION OF GRANTOR PROPERTY

The land referred to herein is situated in the City of Tracy, the County of San Joaquin, State of California, and is described as follows:

Parcel A1:

All that certain real property situated in the City of Tracy, County of San Joaquin, State of California, being the lands of Valpico Tracy Apartments as described in Document No. 2020-024778, and a portion of the lands of White as described in Document No. 1994-085364, San Joaquin County Records, being more particularly described as follows:

Beginning at the Northwesterly corner of said lands of white, thence along the Westerly line of said lands South 89°25'53" East, 55.23 feet;

Thence across said lands South 00°00'00" East, 240.01 feet to the Southerly lines of said lands;

Thence along the Southerly line North 89°25'53" West, 56.29 feet to the Southwesterly corner of said lands;

Thence along the Easterly line of said lands of Valpico Tracy Apartments South 00°15'07" West, 201.42 feet to a point on the Northerly line of Valpico Road;

Thence along the Northerly line of Valpico Road the following three (3) courses:

1. North 89°36'40" West, 866.34 feet;

2. South 00°15'36" West, 60.00 feet;

3. Thence North 89°36'40" West, 249.80 feet, to the Southwesterly corner of said lands of Valpico Tracy Apartments;

Thence along the Westerly line of said lands North 00°15'36" East, 499.71 feet, to the Northwesterly corner of said lands of Valpico Tracy Apartments;

Thence along the Northerly line of said lands the following two (2) courses:

1. South 89°41'15" East, 782.79 feet;

2. Thence South 89°43'33" East, 333.28 feet, to the point of beginning.

Also described as resultant Parcel A of Certificate of Compliance for Lot Line adjustment owner's Certificate LLA No. MS-LD22-0035 as recorded 01/18/2023 as Instrument No. 2023-4201 of Official Records.

Parcel A2:

Non-exclusive easements for free and reasonable vehicular and pedestrian access, ingress, and egress as created by Access Easement Agreement recorded September 28, 2001, as Instrument 2001-158512, of Official Records of San Joaquin County, subject to the Terms, Conditions, and Restrictions set forth in such agreement (2001-158512) pertaining to the use or exercise of such easement.

Parcel A3:

Non-exclusive easements as contained in Declaration of Easements with Covenants and Restrictions Affecting Land recorded September 28, 2001, as Instrument 2001-158513, of Official Records of San Joaquin County, subject to the terms, Conditions, and Restrictions set forth in such declaration (2001 158513) pertaining to the use or exercise of such easement.

Parcel A4:

An exclusive slope easement, appurtenant to Parcel A of that certain Parcel Map thereof filed for record March 26, 1976 in Book 2 of Parcel Maps, at Page 136, San Joaquin County Records, hereinabove, as set forth and more particularly described in that certain Slope Easement Deed, dated November 5, 2019, and recorded November 5, 2019, as Instrument 2019-127695, of Official Records of San Joaquin County, subject to the Terms, Conditions, and Restrictions set forth in such Slope Easement Deed (2019-127695) pertaining to the use or exercise of such easement.

Parcel A5:

An Non-Exclusive drainage easement, appurtenant to Parcel One, hereinabove, as set forth and more particularly described in that certain Drainage Easement Deed, dated November 5, 2019, and recorded November 5, 2019, as Instrument 2019-127696, of Official Records of San Joaquin County, subject to the Terms, Conditions, and Restrictions set forth in such Drainage Easement Deed (2019-127696) pertaining to the use or exercise of such easement.

GRANT DEED
(VALPICO ROAD RIGHT OF WAY IN FEE)

FOR VALUABLE CONSIDERATION, receipt of which is hereby acknowledged,

Valpico Tracy Apartments, LLC, a Delaware limited liability company ("**Grantor**"),

hereby grants to the City of Tracy, a municipal corporation ("**Grantee**"),

that certain real property in the City of Tracy, County of San Joaquin, California more particularly described on Exhibit A-1 and depicted on Exhibit A-2 attached hereto and made a part hereof ("**Property**"), for the purpose of public streets right-of-way.

Grantor, for the same consideration, acknowledges its intention to convey by this deed not only all present right, title, and interest but also any and all right, title, and interest after-acquired by Grantor or its assigns in the above-described Property.

PUBLIC UTILITY EASEMENT DEED

FOR VALUABLE CONSIDERATION, receipt of which is hereby acknowledged, the undersigned, VALPICO TRACY APARTMENTS, LLC, a Delaware limited liability company ("**Grantor**"), as owner of that certain real property described on **Exhibit C** attached hereto ("**Grantor Property**"), does hereby grant to the CITY OF TRACY, a municipal corporation, and its successors or assigns ("**Grantee**"), a perpetual easement and right-of-way for, and the right to use for PUBLIC UTILITY EASEMENT purposes, and those appurtenances and uses commonly associated therewith, through, in, on, over, above, under and across that certain portion of the Grantor Property situated in the City of Tracy, County of San Joaquin, State of California, more particularly described on **Exhibits A-1** and **A-2** and illustrated on **Exhibit B-1** and **B-2** attached hereto and made a part hereof by this reference (collectively, "**Easement Area**"). The easement rights granted herein include the following: (a) the right of Grantee to install and maintain any and all necessary PG&E and Telecom utility facilities on the Easement Area, including, but not limited to, poles, wires and conduits for electrical, telephone, communication, television, gas, storm, sanitary, and water services; provided, however, the foregoing shall not interfere with Grantor's use of the Property; (b) Grantee's rights of ingress and egress from the Easement Area herein described and across the Grantor Property for all purposes useful or convenient in connection with the exercise of the rights herein granted to Grantee, at locations which shall not interfere with Grantor's reasonable use of its remainder Grantor Property; (c) the right of Grantee to construct, reconstruct, repair, replace, operate and maintain said facilities in the Easement Area and the right of Grantee to enter upon, pass and re-pass over, along, and beside said Easement Area and right-of-way; provided, however, Grantee shall not unreasonably interfere with Grantor's use of the Grantor Property; and (d) the reasonable right of Grantee to temporarily deposit tools, implements and material on the Easement Area while such tools, implements and materials are actively in use by Grantee.

The rights granted herein are for the benefit of Grantee, its officers, agents, employees, successors or assigns, or by any contractor, its agents or employees, engaged by said Grantee, whenever and wherever necessary for the purposes above set forth.

Grantor shall not plant any trees or bushes within or erect, construct or install any fence, wall, irrigation or any other type of structure, improvement or private utilities over, across or upon said Easement Area and right-of-way without first obtaining written permission from Grantee,

which shall not be unreasonably withheld. Grantor shall keep the Easement Area clear from any obstacles that will make the area un-accessible. Except for the foregoing, Grantor shall continue to have the right to use the Easement Area in any manner desired by Grantor so long as any such use does not unreasonably interfere with the rights granted to Grantee hereunder.

Grantor shall be responsible for maintaining the Easement Area; provided, however, Grantee shall promptly repair any damage to Easement Area to the extent caused by Grantee. Grantee shall indemnify, defend, and hold Grantor and its respective lenders and/or assigns, harmless from and against any actually incurred claims, costs, and liabilities, including legal costs and attorneys' fees, directly arising from Grantee's exercise of any Easement rights granted herein or Grantee's use of the Easement Area.

The conveyance of said easement and right-of-way is made for the benefit of all parties who have or may acquire any right, title, or interest in any part of the above-described real property. However, the provisions of this Public Utility Easement Deed shall not be deemed to constitute a dedication for public use, nor to create any rights in the general public or any third party. It is the intention of the parties that this Public Utility Easement Deed shall be strictly limited to and for the purposes expressed herein. This conveyance is binding on the Grantor, Grantee, and each of their heirs, assigns or successors in interest. Each party agrees to execute and deliver such additional documents and instruments as may be necessary or desirable to carry out the provisions of this Public Utility Easement Deed.

This Public Utility Easement Deed shall be governed by and construed in accordance with the laws of the State of California. If any provision of this Public Utility Easement Deed shall be invalid or unenforceable to any extent, the remainder of this Public Utility Easement Deed shall not be affected thereby and shall be enforced to the greatest extent permitted by law. This Public Utility Easement Deed may only be amended by the written agreement of the parties, duly acknowledged by each, and recorded in the Official Records of San Joaquin County, California. No provision of this Public Utility Easement Deed shall be deemed to have been waived unless such waiver is in writing. Should either party hereto institute any action or proceeding to enforce any provisions hereof or for damages by reason of the breach, default or liability of the other party arising out of any provision of this Public Utility Easement Deed, the prevailing party shall be entitled to recover costs of suit and reasonable attorneys' fees.

This Public Utility Easement Deed, though executed on the date above written, shall only be effective upon, from and after its recording in the Official Records of San Joaquin County, California.

82. SOUTH 23°12'02" EAST, 12.50 FEET;

83. SOUTH 66°47'58" WEST, 13.52 FEET;

84. ALONG A NON-TANGENT CURVE TO THE LEFT WITH A RADIUS OF 459.00 FEET, FROM WHICH THE RADIUS POINT BEARS NORTH 68°20'27" EAST, HAVING A CENTRAL ANGLE OF 01°22'52" AND AN ARC LENGTH OF 11.06 FEET;

85. ALONG A REVERSE CURVE TO THE RIGHT WITH A RADIUS OF 216.00 FEET, HAVING A CENTRAL ANGLE OF 18°25'45" AND AN ARC LENGTH OF 69.48 FEET;

86. SOUTH 04°36'40" EAST, 99.87 FEET;

87. SOUTH 90°00'00" EAST, 49.57 FEET;

88. NORTH 00°00'00" WEST, 8.67 FEET;

89. NORTH 67°17'00" EAST, 42.67 FEET;

90. SOUTH 22°43'00" EAST, 5.41 FEET;

91. SOUTH 67°17'00" WEST, 31.93 FEET;

92. SOUTH 00°00'00" WEST, 18.87 FEET, TO A POINT HEREAFTER REFERRED TO AS **POINT A**;

93. NORTH 89°36'40" WEST, 165.37 FEET, TO THE **POINT OF BEGINNING** OF PARCEL A;

CONTAINING 1.59 ACRES MORE OR LESS.

PARCEL B

COMMENCING FROM THE HEREINABOVE MENTIONED **POINT A**, THENCE SOUTH 89°36'40" EAST, 40.23 FEET, TO THE **POINT OF BEGINNING**;

THENCE CONTINUING WITHIN SAID LANDS, THE FOLLOWING FOUR (4) COURSES:

1. NORTH 0°00'00" EAST, 2.05 FEET;
2. NORTH 90°00'00" EAST, 9.50 FEET;
3. SOUTH 0°00'00" EAST, 2.11 FEET, TO A POINT HEREAFTER REFERRED TO AS **POINT B**;
4. THENCE NORTH 89°36'40" WEST, 9.50 FEET, TO THE **POINT OF BEGINNING** OF PARCEL B.

CONTAINING 20 SQUARE FEET MORE OR LESS.

PARCEL C

COMMENCING FROM THE HEREINABOVE MENTIONED **POINT B**, THENCE SOUTH 89°36'40" EAST, 206.83 FEET, TO THE **POINT OF BEGINNING**;

THENCE CONTINUING WITHIN SAID LANDS THE FOLLOWING FOUR (4) COURSES:

1. NORTH 0°00'00" EAST, 25.77 FEET;
2. NORTH 90°00'00" EAST, 6.00 FEET;

3. SOUTH 0°00'00" EAST, 25.81 FEET;

4. THENCE NORTH 89°36'40" WEST, 6.00 FEET, TO THE **POINT OF BEGINNING** OF PARCEL C.

CONTAINING 155 SQUARE FEET MORE OR LESS.

LEGAL DESCRIPTION
OF EASEMENT AREA

ALL THAT CERTAIN REAL PROPERTY SITUATED IN THE CITY OF TRACY, COUNTY OF SAN JOAQUIN, STATE OF CALIFORNIA, BEING A PORTION OF THE LANDS OF VALPICO GLEN BRIAR APARTMENTS AS DESCRIBED IN DOCUMENT NO. 2020-024778, SAN JOAQUIN COUNTY RECORDS, BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

RIGHT OF WAY DEDICATION

BEGINNING AT THE SOUTHWESTERLY CORNER OF SAID LANDS, THENCE ALONG THE WESTERLY LINE OF SAID PARCEL 1 NORTH 0°15'36" EAST, 60.00 FEET, TO A POINT HEREAFTER REFERRED TO AS **POINT A**;

THENCE LEAVING SAID WESTERLY LINE AND ENTERING SAID LANDS SOUTH 89°36'40" EAST, 249.80 FEET, TO A POINT ON THE SOUTHERLY LINE OF SAID LANDS;

THENCE ALONG SAID SOUTHERLY LINE THE FOLLOWING TWO (2) COURSES:

1. SOUTH 0°15'36" WEST, 60.00 FEET;
2. THENCE NORTH 89°36'40" WEST, 249.80 FEET, TO THE **POINT OF BEGINNING**;

CONTAINING 14,988 SQUARE FEET, MORE OR LESS.

TOGETHER WITH

PUBLIC UTILITY EASEMENT

BEGINNING FROM THE HEREINABOVE MENTIONED **POINT A**, ALONG THE WESTERLY LINE OF SAID LANDS OF VALPICO GLEN BRIAR APARTMENTS NORTH 0°15'36" EAST, 10.00 FEET;

THENCE LEAVING SAID WESTERLY LINE AND ENTERING SAID LANDS THE FOLLOWING SIX (6) COURSES:

1. SOUTH 89°36'40" EAST, 225.89 FEET;
2. NORTH 0°00'00" EAST, 6.93 FEET;
3. NORTH 90°00'00" EAST, 21.59 FEET;
4. SOUTH 18°07'15" EAST, 7.46 FEET;
5. SOUTH 0°23'20" WEST, 10.00 FEET;
6. NORTH 89°36'40" 249.80 FEET, TO THE **POINT OF BEGINNING.**

CONTAINING 2,657 SQUARE FEET, MORE OR LESS.

GRANTOR PROPERTY

The land referred to herein is situated in the City of Tracy, the County of San Joaquin, State of California, and is described as follows:

Parcel A1:

All that certain real property situated in the City of Tracy, County of San Joaquin, State of California, being the lands of Valpico Tracy Apartments as described in Document No. 2020-024778, and a portion of the lands of White as described in Document No. 1994-085364, San Joaquin County Records, being more particularly described as follows:

Beginning at the Northwesterly corner of said lands of white, thence along the Westerly line of said lands South 89°25'53" East, 55.23 feet;

Thence across said lands South 00°00'00" East, 240.01 feet to the Southerly lines of said lands;

Thence along the Southerly line North 89°25'53" West, 56.29 feet to the Southwesterly corner of said lands;

Thence along the Easterly line of said lands of Valpico Tracy Apartments South 00°15'07" West, 201.42 feet to a point on the Northerly line of Valpico Road;

Thence along the Northerly line of Valpico Road the following three (3) courses:

1. North 89°36'40" West, 866.34 feet;

2. South 00°15'36" West, 60.00 feet;

3. Thence North 89°36'40" West, 249.80 feet, to the Southwesterly corner of said lands of Valpico Tracy Apartments;

Thence along the Westerly line of said lands North 00°15'36" East, 499.71 feet, to the Northwesterly corner of said lands of Valpico Tracy Apartments;

Thence along the Northerly line of said lands the following two (2) courses:

1. South 89°41'15" East, 782.79 feet;

2. Thence South 89°43'33" East, 333.28 feet, to the point of beginning.

Also described as resultant Parcel A of Certificate of Compliance for Lot Line adjustment owner's Certificate LLA No. MS-LD22-0035 as recorded 01/18/2023 as Instrument No. 2023-4201 of Official Records.

Parcel A2:

Non-exclusive easements for free and reasonable vehicular and pedestrian access, ingress, and egress as created by Access Easement Agreement recorded September 28, 2001, as Instrument 2001-158512, of Official Records of San Joaquin County, subject to the Terms, Conditions, and Restrictions set forth in such agreement (2001-158512) pertaining to the use or exercise of such easement.

Parcel A3:

Non-exclusive easements as contained in Declaration of Easements with Covenants and Restrictions Affecting Land recorded September 28, 2001, as Instrument 2001-158513, of Official Records of San Joaquin County, subject to the terms, Conditions, and Restrictions set forth in such declaration (2001 158513) pertaining to the use or exercise of such easement.

Parcel A4:

An exclusive slope easement, appurtenant to Parcel A of that certain Parcel Map thereof filed for record March 26, 1976 in Book 2 of Parcel Maps, at Page 136, San Joaquin County Records, hereinabove, as set forth and more particularly described in that certain Slope Easement Deed, dated November 5, 2019, and recorded November 5, 2019, as Instrument 2019-127695, of Official Records of San Joaquin County, subject to the Terms, Conditions, and Restrictions set forth in such Slope Easement Deed (2019-127695) pertaining to the use or exercise of such easement.

Parcel A5:

An Non-Exclusive drainage easement, appurtenant to Parcel One, hereinabove, as set forth and more particularly described in that certain Drainage Easement Deed, dated November 5, 2019, and recorded November 5, 2019, as Instrument 2019-127696, of Official Records of San Joaquin County, subject to the Terms, Conditions, and Restrictions set forth in such Drainage Easement Deed (2019-127696) pertaining to the use or exercise of such easement.

CITY OF TRACY
CONDITIONAL OFFSITE IMPROVEMENT AGREEMENT FOR
THE VELA APARTMENTS
FUTURE PUBLIC IMPROVEMENTS

This CONDITIONAL **OFFSITE IMPROVEMENT AGREEMENT** ("hereinafter **Agreement**") is made and entered into by and between the **CITY OF TRACY,** a municipal corporation ("**City**"), and Valpico Tracy Apartments, LLC, a Delaware Limited Liability Company ("**Developer**"). The effective date of this Agreement shall be the date on which City executes the Agreement ("**Effective Date**").

Recitals

A. Developer is the legal owner of that certain real property located at 351 East Valpico Road, designated with Assessor's Parcel Number(s) 246-140-24 and more particularly described in Exhibit "**A**" hereto (the "**Property**").

B. On October 1, 2019, pursuant to Resolution No. 2019-195 the Tracy City Council ("**City Council**") approved Development Review Application (D19-0018) for the proposed Vela Apartments (formerly Valpico-Glenbriar Apartments) Project ("**Project**"). The Project was subject to the specified conditions of approval dated as of August 14, 2019 attached hereto as Exhibit "**B-1**" ("**Original Conditions of Approval**"), which are incorporated herein by reference.

C. The Project proposed to construct a 264-unit residential apartment complex project on approximately 11.62 acres. The Project was increased to approximately 11.94 acres pursuant to that certain Certificate of Compliance for Lot Line Adjustment Owner's Certificate (LLA No. MS-LD22-0035) recorded on January 18, 2023 in the official records of San Joaquin County, California as Document Number 2023-004201.

D. In 2021, Katerra, Inc., the original developer of the Project, sold the Project to Valpico Tracy Apartments, LLC, the current Developer of the Project. The Developer proposed certain revisions and modifications to the approved Project, and on December 6, 2022, the City Council adopted Ordinance 1334, approving the Development Review Application (D22-0013) for the Project's "Parking Lot Expansion" and Resolution No. 2022-195, which approved the Development Review Application (D22-0005) for the addition of perimeter fencing and gates enclosing the entire 264-unit Valpico Apartment project site (the "**Perimeter Fencing/Access Control**"). Approval of the Parking Lot Expansion and Perimeter Fencing/Access Control was subject to certain Conditions of Approval ("**Additional Conditions of Approval**") dated as of December 6, 2022. The Additional Conditions of Approval are attached hereto as Exhibit "B-2" and are incorporated herein by reference, and together with the Original Conditions of Approval, are referred to as the "**Conditions of Approval**".

E. Sections C.4, C.7.a, and C.8 of the Original Conditions of Approval and Sections C.5 and C.7 of the Additional Conditions of Approval required the Developer execute a Deferred Improvement Agreement with the City ("**DIA**"). The DIA would guarantee that the Developer would construct certain Future Improvements (as defined below) at a later date due to factors that were and are outside of the Developer's control. As used herein, "**Future Improvements**" collectively means the following: (i) if applicable, completion of the Storm Drainage Connection (as defined below), and (ii) if applicable, completion of the Glenbriar Drive Improvements (as defined below).

F. As the Developer seeks to satisfy the Project's Conditions of Approval, the DIA required in the Original Conditions of Approval and Additional Conditions of Approval shall each be superseded by this Agreement and such requirements for the DIA shall be satisfied by this Agreement. The Developer's obligations to complete the Future Improvements are set forth in this Agreement and shall be governed by this Agreement.

G. Because approved plans for the Future Improvements are not available prior to the Effective Date, Developer has provided to City an initial engineer's estimate of the cost of developing the Future Improvements and the City Engineer has reviewed and approved that engineer's estimate (the "**Initial Engineer's Estimate**"). The Initial Engineer's Estimate is based upon the City's reasonable assumption of the range and amount of improvements within the Future Improvements and recent cost information provided in connection with development of the improvements in the Project.

H. Developer will provide security in the amount of the Initial Engineer's Estimate for the timely performance of Future Improvements, as set forth below.

I. The final plans for the Future Improvements have not been designed or approved as of the Effective Date. Upon the occurrence of the Storm Drainage Trigger and/or Glenbriar Drive Trigger, as described in Section 2 of this Agreement, the Developer shall submit improvement plans and specifications relating to the construction of the applicable Future Improvements, which work shall be approved by the City Engineer, and upon such approval, shall constitute the "**Work**". The location and details of the Work will be described fully in said future improvement plans and specifications, which upon approval by the City Engineer, shall be referred to as the "**Plans and Specifications**". The Plans and Specifications will be on file with the City Engineer and are automatically incorporated herein, upon approval by the City Engineer.

J. Because the Developer seeks to satisfy the Project's Conditions of Approval and the Work is an outstanding Condition, Developer has requested to execute this Agreement as authorized by Government Code Section 66462, to set forth binding terms and conditions by which Developer must complete the Work subsequent to the occurrence of the Storm Drainage Trigger and Glenbriar Drive Trigger, if applicable.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Confirmation of Obligation and Posting of Security Prior to Trigger Event**.

1.1. **Improvement Security.** Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 et seq. and Tracy Municipal Code Section 12.36.080, in the amount of $252,600.00 to secure faithful performance of this Agreement. The security shall be due and payable if construction of the Future Improvements have not commenced within the time provided in Section 2.

1.2. **Obligations Run With The Land.** All obligations and provisions of this Agreement shall run with the real property described in Exhibit "A" and shall bind the Developer and its respective successors and assigns.

2. **Offsite Improvement Agreement**

2.1. Scope of Work; Location. Upon the Storm Drainage Trigger and/or Glenbriar Drive Trigger, if applicable, Developer shall perform, or cause to be performed, the Work (or the then-applicable portion of the Work) in the manner and as described in the Plans and Specifications, to the satisfaction of the City Engineer pursuant to this Agreement. The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work (as set forth in the Plans and

Specifications) unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f).

Developer shall perform all applicable Work at the locations and grades shown on the Plans and Specifications. To the extent required by the Conditions of Approval or this Agreement, the parties hereto hereby confirm that Developer has either (a) acquired any necessary easement or right-of-way from the City for the Work, or (b) entered into a separate agreement with the City to acquire the necessary easement or right-of-way for the Work at Developer's expense.

A. Storm Drainage Connection

1. After receipt of written notification from the City Engineer that the downstream storm drainage pipeline and the permanent storm drainage detention facility planned to serve this Property and known as "Detention Basin 2B" has been constructed, made operational, and available for connection ("**Storm Drainage Trigger**"), the Developer shall complete installation of the Project's permanent storm drainage connection to such Detention Basin 2B, so that the Project's on-site storm drainage shall drain to the City's storm drainage system through such Detention Basin 2B, all at the Developer's sole cost and expense in accordance with the timeline set forth in Section 4.4 of this Agreement ("**Storm Drainage Connection**").

2. During the interim, prior to the completion of Detention Basin 2B and the associated public storm drainage system, the Developer shall be responsible for repairing, rectifying, and maintaining the trench infiltration system or the temporary storm drainage retention basin for the Project, if constructed to acceptable standards and to the satisfaction of the City Engineer.

3. The Developer will provide other means of disposing storm water for the Project such as a temporary storm drainage retention basin within the time specified by the City, if the trench infiltration system fails to function to the level or condition acceptable to the City, or fails to drain storm water as designed or intended to do as determined by the City Engineer, or if determined by the City that a temporary storm drainage retention basin is necessary to be constructed due to public health and safety reasons

B. Glenbriar Drive Improvements

Upon the execution of this Agreement, Developer shall record Irrevocable Offer of Dedication ("IOD") to the City in the form attached hereto as **Exhibit**

"E" to be recorded in the official records of San Joaquin County. Notwithstanding the foregoing, the City shall not accept the portion of Glenbriar Drive dedicated to the City via the IOD ("**IOD Area**") until the Derone Lane Condition (as defined below) has been satisfied.

1. Glenbriar Drive shall remain a private street until Glenbriar Drive is extended to the north (by party other than Developer) to that certain public street known as Derone Lane, so that Derone Lane connects to the IOD Area ("**Derone Lane Condition**").

2. The Developer shall maintain Glenbriar Drive at the Developer's sole cost and expense prior to acceptance of IOD Area by the City.

3. After receipt of written notification from the City Engineer that the Derone Lane Condition has been satisfied ("**Glenbriar Drive Trigger**"), Developer shall be responsible for and shall complete or cause to be completed all of the following: (i) any repairs or reconstruction of street pavement, curb, gutter and sidewalk and other public improvements along the frontage of the Project, if determined by the City Engineer to be in poor condition or damaged by construction activities related to this Project and Developer's enclosure of the Glenbriar Drive right-of-way, (ii) removal of the gates and appurtenant equipment for the Project, (iii) restoration of median island and median landscaping for Glenbriar Drive, and (iv) removal of the barricade and guardrail at the north end of Glenbriar Drive, all in accordance with the timeline set forth in Section 4.4 of this Agreement (collectively, the "**Glenbriar Drive Improvements**").

C. Glenbriar Drive Private Utilities

Upon City acceptance of fee title to the IOD Area in accordance with the IOD, Developer shall execute a **PRIVATE UTILITY CROSSING EASEMENT AGREEMENT ("PUC Agreement")** in the form attached as Exhibit C. The PUC Agreement shall allow the Developer access to Glenbriar Drive for the purposes of maintaining and repairing the Developer owned utilities within Glenbriar Drive.

3. Developer shall perform all Work at the locations and grades per the Plans and Specifications. Developer has (a) acquired any necessary easement or right-of-way or (b) entered into a separate Agreement with the City to acquire the necessary easement or right-of-way at Developer's expense.

4. Time Of Performance. Time is of the essence in the performance of the Work, and the timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall

submit all requests for extensions of time to the City Engineer, in writing, in accordance with Section 4.4, below.

4.1. Final Plans and Specifications and Engineer's Estimate. Developer shall procure from the City approval of the Plans and Specifications and the Final Engineer's Estimate. Developer shall provide contract security in accordance with Section 5 ensuring performance for Work based on the final Engineer's Estimate for the work related to the Plans and Specifications (the **"Final Engineer's Estimate**").

4.2. Commencement of Work. No later than fifteen (15) days prior to the commencement of any portion of the Work, Developer shall provide written notice to the City Engineer of the date on which Developer intends to commence such portion of the Work ("**Notice of Commencement**"). Developer shall not commence such Work until after the Notice of Commencement required by this Section is properly provided, and Developer shall not commence such Work prior to the intended commencement date specified in the written Notice of Commencement.

4.3. Schedule of Work. Concurrently with the written Notice of Commencement, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

4.4. Completion of Work. Developer shall complete the applicable portion of the Work no later than three hundred sixty-five (365) calendar days after Developer's submittal of its Notice of Commencement as to such applicable portion of the Work pursuant to Section 4.2 above ("**Completion Date**"). If the applicable portion of the Work is not completed by such Completion Date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to the Completion Date, (b) the City Engineer reasonably determines that Work is progressing satisfactorily and an extension is warranted, and (c) Developer pays all processing fees for such time extension of the Completion Date.

5. Improvement Security. At least thirty (30) days prior to the commencement of the Work, Developer shall furnish new or additional contract security, in a form authorized by the Subdivision Map Act (including Government Code Sections 66499 et seq.) and Tracy Municipal Code Section 12.36.080, in the amounts determined by the City Engineer in the Final Engineer's Estimate:

5.1. Faithful Performance security to secure faithful performance of this Agreement.

5.2. Labor and Material security to secure payment by Developer to laborers and materialmen.

5.3. Warranty security against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

City shall release the improvement security posted pursuant to Section 1.1 upon the posting of all contract security required by this Section 5.

6. Indemnification. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work (or the applicable portion of the Work), (2) the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work (or the applicable portion of the Work), and (3) the one year warranty period set forth in Section 15, below, has expired, at which time the indemnification obligations under this Section 6 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section 6 are in addition to all other Developer's obligations set forth in this Agreement and shall not affect Developer's warranty obligations set forth in Section 15, below.

7. Insurance. Concurrently with the execution of this Agreement by Developer, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 7 are material terms of this Agreement. These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

7.1. General. Developer shall, throughout the duration of this Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

7.2. Commercial General Liability (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including

without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

7.3. Professional Contracts. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

7.4. Automobile Liability (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

7.4.1. If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

7.5. Workers' Compensation coverage shall be maintained as required by the State of California.

7.6. Endorsements**.** Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

7.6.1. The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing operations and CG 20 37 (or its equivalent) for products/completed operations.

7.6.2. For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

7.6.3. Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

7.7. Notice of Cancellation. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

7.8. Authorized Insurers. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-:VII.

7.9. Insurance Certificate. Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney before the City executes this Agreement.

7.10. Substitute Certificates. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

7.11. Developer's Obligation. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

8. Independent Contractor Status. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

9. Default

9.1. Notice of Default. In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

9.2. Developer shall be in default of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

9.2.1. Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

9.2.2. Developer abandons the Work site.

9.2.3. Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 9.3 below.

9.2.4. Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work and fails to cure such damage pursuant to Section 9.3 below.

9.2.5. Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 9.3 below.

9.3. Cure of Default. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

9.3.1. Demand that Developer complete performance of the Work.

9.3.2. Demand that Developer's surety (if any) complete performance of the Work.

9.3.3. Resort to any judicial remedies available to the City.

10. Ownership of Work. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher. For the avoidance of doubt, Developer and its successors and assigns shall retain a license to use such original documents prepared by Developer for this Agreement (including, without limitation, the Plans and Specifications) in connection with the construction, maintenance and repair of the Work and/or performance of any other obligations under this Agreement.

11. Repair of any Damage. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

12. Inspection by City; Inspection Fees. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the

Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

12.1. Inspection Fees. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated Future Improvements costs (as approved by the City Engineer).

In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

13. Developer's Authorized Representative. At all times during the progress of the Work, Developer shall have a competent foreman or superintendent ("**Authorized Representative**") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work**.** Exhibit "**D**" attached hereto includes the initial contact information referenced in this Section 13.

14. Acceptance of Work. Prior to acceptance of the Future Improvements by the City Council, Developer shall be solely responsible for maintaining the quality of the Future Improvements and maintaining safety at the Project site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

15. Warranty Period. Developer shall warrant the quality of the Work, in accordance with the terms of the Plans and Specifications, for a period of one year after acceptance of the Work (or the applicable portion of the Work) by the City Council. In the event that (during the one-year warranty period) any portion of the Work is reasonably determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City reasonably repair, replace or reconstruct any defective improvements.

16. Notices.

16.1. All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City: City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org With a copy to: City Attorney 333 Civic Center Plaza Tracy, CA 95376 attorney@cityoftracy.org	To Developer: Valpico Tracy Apartments, LLC 5780 Fleet Street, Suite 225 Carlsbad, CA 92008 Attn.: Adam Knowlton aknowlton@guardian-capital.com

16.2. Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

17. Approvals by City. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

18. Modifications. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

19. Waivers. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

20. Assignment and Delegation. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

21. Jurisdiction and Venue. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of

California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

22. Permits, Licenses, and Compliance with Law. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

23. Entire Agreement; Exhibits; Severability. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)
B. Conditions of Approval (Recitals B and D.)
C. Private Utility Crossing Easement Agreement (Section 2.)
D. Developer's Authorized Representative Information (Section 13.)
E. Irrevocable Offer Of Dedication (Section 2.1.C)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

24. Signatures. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF the parties do hereby agree to the full performance of the terms set forth herein.

EXHIBIT A

(Description of Property)

The land referred to herein is situated in the City of Tracy, the County of San Joaquin, State of California, and is described as follows:

Parcel A1:

All that certain real property situated in the City of Tracy, County of San Joaquin, State of California, being the lands of Valpico Tracy Apartments as described in Document No. 2020-024778, and a portion of the lands of White as described in Document No. 1994-085364, San Joaquin County Records, being more particularly described as follows:

Beginning at the Northwesterly corner of said lands of white, thence along the Westerly line of said lands South 89°25'53" East, 55.23 feet;

Thence across said lands South 00°00'00" East, 240.01 feet to the Southerly lines of said lands;

Thence along the Southerly line North 89°25'53" West, 56.29 feet to the Southwesterly corner of said lands;

Thence along the Easterly line of said lands of Valpico Tracy Apartments South 00°15'07" West, 201.42 feet to a point on the Northerly line of Valpico Road;

Thence along the Northerly line of Valpico Road the following three (3) courses:

1. North 89°36'40" West, 866.34 feet;

2. South 00°15'36" West, 60.00 feet;

3. Thence North 89°36'40" West, 249.80 feet, to the Southwesterly corner of said lands of Valpico Tracy Apartments;

Thence along the Westerly line of said lands North 00°15'36" East, 499.71 feet, to the Northwesterly corner of said lands of Valpico Tracy Apartments;

Thence along the Northerly line of said lands the following two (2) courses:

1. South 89°41'15" East, 782.79 feet;

2. Thence South 89°43'33" East, 333.28 feet, to the point of beginning.

Also described as resultant Parcel A of Certificate of Compliance for Lot Line adjustment owner's Certificate LLA No. MS-LD22-0035 as recorded 01/18/2023 as Instrument No. 2023-4201 of Official Records.

Parcel A2:

Non-exclusive easements for free and reasonable vehicular and pedestrian access, ingress, and egress as created by Access Easement Agreement recorded September 28, 2001, as Instrument 2001-158512, of Official Records of San Joaquin County, subject to the Terms, Conditions, and Restrictions set forth in such agreement (2001-158512) pertaining to the use or exercise of such easement.

Parcel A3:

Non-exclusive easements as contained in Declaration of Easements with Covenants and Restrictions Affecting Land recorded September 28, 2001, as Instrument 2001-158513, of Official Records of San Joaquin County, subject to the terms, Conditions, and Restrictions set forth in such declaration (2001 158513) pertaining to the use or exercise of such easement.

Parcel A4:

An exclusive slope easement, appurtenant to Parcel A of that certain Parcel Map thereof filed for record March 26, 1976 in Book 2 of Parcel Maps, at Page 136, San Joaquin County Records, hereinabove, as set forth and more particularly described in that certain Slope Easement Deed, dated November 5, 2019, and recorded November 5, 2019, as Instrument 2019-127695, of Official Records of San Joaquin County, subject to the Terms, Conditions, and Restrictions set forth in such Slope Easement Deed (2019-127695) pertaining to the use or exercise of such easement.

Parcel A5:

An Non-Exclusive drainage easement, appurtenant to Parcel One, hereinabove, as set forth and more particularly described in that certain Drainage Easement Deed, dated November 5, 2019, and recorded November 5, 2019, as Instrument 2019-127696, of Official Records of San Joaquin County, subject to the Terms, Conditions, and Restrictions set forth in such Drainage Easement Deed (2019-127696) pertaining to the use or exercise of such easement.

City of Tracy
Conditions of Approval
Valpico Glenbriar Apartments
Application Number D19-0018
August 14, 2019

These Conditions of Approval shall apply to the real property described as the Valpico Glenbriar Apartments (Application Number D19-0018). The approximately 11.62-acre subject property is located on the north side of Valpico Road at Glenbriar Drive, 501 E. Valpico Road (also known as 2795 S. MacArthur Drive and 2605 S. MacArthur Drive), (Assessor's Parcel Numbers 246-140-12, 13, and 14).

A. The following definitions shall apply to these Conditions of Approval:

1. "Applicant" means any person, or other legal entity, defined as a "Developer".

2. "City Engineer" means the City Engineer of the City of Tracy, or any other duly licensed engineer designated by the City Manager, or the Development Services Director, or the City Engineer to perform the duties set forth herein.

3. "City Regulations" means all written laws, rules, and policies established by the City, including those set forth in the City of Tracy General Plan, the Tracy Municipal Code, ordinances, resolutions, policies, procedures, and the City's Design Documents (including the Standard Plans, Standard Specifications, Design Standards, and relevant Public Facility Master Plans).

4. "Conditions of Approval" shall mean the conditions of approval applicable to the Valpico Glenbriar Apartments, Application Number D19-0018. The approximately 11.62-acre subject property is located on the north side of Valpico Road at Glenbriar Drive, 501 E. Valpico Road (also known as 2795 S. MacArthur Drive and 2605 S. MacArthur Drive) (Assessor's Parcel Numbers 246-140-12, 13, and 14).

5. "Development Services Director" means the Development Services Director of the City of Tracy, or any other person designated by the City Manager or the Development Services Director to perform the duties set forth herein.

6. "Project" means the real property consisting of approximately 11.62 acres located on the north side of Valpico Road at Glenbriar Drive, 501 E. Valpico Road (also known as 2795 S. MacArthur Drive and 2605 S. MacArthur Drive) (Assessor's Parcel Numbers 246-140-12, 13, and 14) Application Number D15-0024.

7. "Property" means the real property generally located on the north side of Valpico Road, at Glenbriar Drive, 501 E. Valpico Road (also known as 2795 S. MacArthur Drive and 2605 S. MacArthur Drive) (Assessor's Parcel Numbers 246-140-12, 13, and 14).

8. "Subdivider" means any person, or other legal entity, who applies to the City to divide or cause to be divided real property within the Project boundaries, or who applies to the City to develop or improve any portion of the real property within the Project boundaries. "Subdivider" also means Developer. The term "Developer" shall include all successors in interest.

EXHIBIT "B"
Page 2 of 17

B. General Conditions of Approval:

1. The Developer shall comply with all laws (federal, state, and local) related to the development of real property within the Project, including, but not limited to the following: the Planning and Zoning Law (Government Code sections 65000, et seq.), the Subdivision Map Act (Government Code sections 66410, et seq.), the California Environmental Quality Act (Public Resources Code sections 21000, et seq., "CEQA"), and the Guidelines for California Environmental Quality Act (California Administrative Code, title 14, sections 15000, et seq., "CEQA Guidelines").

2. Unless specifically modified by these Conditions of Approval, the Project shall comply with all City Regulations.

3. Unless specifically modified by these Conditions of Approval, the Developer shall comply with all mitigation measures identified in the General Plan Environmental Impact Report, dated February 1, 2011 and the Valpico Apartments Project Mitigated Negative Declaration, adopted by the Tracy City Council on December 18, 2012.

4. Pursuant to Government Code section 66020, including section 66020(d)(1), the City HEREBY NOTIFIES the Developer that the 90-day approval period (in which the Developer may protest the imposition of any fees, dedications, reservations, or other exactions imposed on this Project by these Conditions of Approval) has begun on the date of the conditional approval of this Project. If the Developer fails to file a protest within this 90-day period, complying with all of the requirements of Government Code section 66020, the Developer will be legally barred from later challenging any such fees, dedications, reservations or other exactions.

5. Except as otherwise modified herein, all construction shall be consistent with the plans received by the Development and Engineering Services Department on July 31, 2019.

6. Prior to the issuance of a building permit, the applicant shall provide a detailed landscape and irrigation plan consistent with City landscape and irrigation standards, including, but not limited to Tracy Municipal Code Section 10.08.3560, and the City's Design Goals and Standards to the satisfaction of the Development Services Director. The landscape and irrigation plan shall also be designed consistent with the applicable Department of Water Resources Model Efficient Landscape Ordinance on private property, to the satisfaction of the Utilities Director. Said landscape plans shall include documentation which demonstrates there is no less than 20 percent of the parking area in landscaping, and 40 percent canopy tree coverage at tree maturity in accordance with City Regulations. Newly planted, on-site trees shall be a minimum size of 24-inch box and shrubs shall be a minimum size of five gallons.

7. Prior to the issuance of a building permit, an Agreement for Maintenance of Landscape and Irrigation Improvements shall be executed and financial security submitted to the Development Services Department. The Agreement shall ensure maintenance of the on-site landscape and irrigation improvements for a period of two years. Said security shall be equal to the actual material and labor costs for installation of the on-site landscape and irrigation improvements, or $2.50 per square foot of on-site landscape area.

EXHIBIT "B"
Page 3 of 17

8. No roof mounted equipment, including, but not limited to, HVAC units, vents, fans, antennas, sky lights and dishes whether proposed as part of this application, potential future equipment, or any portion thereof, shall be visible from Valpico Road, Glenbriar Drive, or any other public right-of-way. All roof-mounted equipment shall be contained within the roof well or screened from view from the public rights-of-way by the roof of the building, to the satisfaction of the Development Services Director.

9. All vents, gutters, downspouts, flashing, electrical conduit, and other wall-mounted or building-attached utilities shall be painted to match the color of the adjacent surface or otherwise designed in harmony with the building exterior to the satisfaction of the Development Services Director.

10. Prior to final inspection or certificate of occupancy, all exterior and parking area lighting shall be directed downward or shielded, to prevent glare or spray of light into the public rights-of-way or nearby residential property, to the satisfaction of the Development Services Director.

11. Prior to the issuance of a building permit, vehicle and bicycle parking spaces, including one covered vehicle parking space per unit, shall be provided in accordance with Tracy Municipal Code Chapter 10.08 Article 26 to the satisfaction of the Development Services Director.

12. All PG&E transformers, phone company boxes, Fire Department connections, backflow preventers, irrigation controllers, and other on-site utilities, shall be vaulted or screened from view from any public right-of-way, behind structures or landscaping, to the satisfaction of the Development Services Director.

13. Prior to the issuance of a building permit, a lot line adjustment or other instrument shall be approved by the City and recorded to effectively merge the three lots of the Project site into one lot.

14. The "Entry Monument", as shown near the northeast corner of Valpico Road and Glenbriar Drive, is approved with this Development Review Permit. However, prior to the installation of any signs on the Entry Monument or elsewhere, the applicant shall submit a sign permit application and receive approval from the Development Services Director in accordance with City Regulations.

15. Prior to the issuance of a building permit, the Developer shall submit detailed trash and recycling enclosure plans which include the following, to the satisfaction of the Development Services Director: the walls shall be of masonry construction, at least seven feet in height (except the trash enclosure nearest Valpico Road, between Buildings 8 and 9, which shall be eight feet in height), include solid metal doors, a solid roof, and an interior perimeter concrete curb. The enclosures shall include exterior color and material consistent with the adjacent building exterior.

16. Prior to the issuance of a building permit, the developer shall design a recycling program consistent with State Assembly Bill 341, to the satisfaction of the Public Works Director. The program shall include enclosures with adequate space for both refuse and recycling and shall be incorporated with the trash and recycling enclosures described in General

EXHIBIT "B"
Page 4 of 17

Condition of Approval Number B.15, above. Each enclosure shall have signs that clearly indicate refuse and recycling locations as well as prohibition of scavenging. The program shall include recycling options or elements at the pool area and other common areas for the tenants.

17. Because the project is located within Tracy Municipal Airports' Airport Influence Area, prior to the issuance of a building permit, and thereafter as applicable, the developer shall comply with the following San Joaquin County Council of Government's (COG) 2009 Airport Land Use Compatibility Plan conditions, to the satisfaction of San Joaquin County COG:

    a. New land uses that may cause visual, electronic, or increased bird strike hazards to aircraft in flight shall not be permitted within any airport's influence area. Specific characteristics to be avoided include the following:

        i. Glare or distracting lights which could be mistaken for airport lights. Reflective materials are not permitted to be used in structures or signs (excluding traffic directing signs).

        ii. Sources of dust, steam, or smoke which may impair pilot visibility.

        iii. Sources of electrical interference with aircraft communications or navigation. No transmissions which would interfere with aircraft radio communications or navigational signals are permitted.

    b. Occupied structures must be soundproofed to reduce interior noise to 45dB according to State Guidelines.

18. Prior to the issuance of a building permit, the developer shall document compliance with the City of Tracy Multi-Agency Post-Construction Stormwater Standards Manual (Manual) to the satisfaction of the Utilities Director, which includes the requirement for Site Design Control Measures, Source Control Measures and Treatment Control Measures under the guidelines in a project Stormwater Quality Control Plan (SWQCP). Compliance with the Manual includes, but is not limited to, addressing outdoor storage areas, loading and unloading areas, trash enclosures, parking areas, any wash areas and maintenance areas. The SWQCP must conform to the content and format requirements indicated in the Manual and must be approved by the Utilities Director prior to issuance of grading or building permits.

19. The project shall comply with all applicable provisions of the San Joaquin County Multi-Species Habitat Conservation and Open Space Plan, including Incidental Take Minimization Measures applicable at the time of permit and a pre-construction survey prior to ground disturbance, to the satisfaction of San Joaquin Council of Governments.

20. Prior to issuance of the first building permit, the applicant shall do one of the following, subject to the approval of the Finance Director:

    a. CFD or other funding mechanism. The applicant shall enter into an agreement with the City, to be signed by the Finance Director, which shall be recorded

against the property, which stipulates that prior to the issuance of the first building permit, the applicant will form or annex into a Community Facilities District (CFD) or establish another lawful funding mechanism that is reasonably acceptable to the City for funding the on-going operational costs of providing Police services, Public Works services and other City services to serve the Project area. Formation of the CFD shall include, but not be limited to, affirmative votes and the recordation of a Notice of Special Tax Lien. The applicant shall be responsible for all costs associated with the formation or annexation proceedings. Upon successful formation, the parcels will be subject to the maximum special tax rates as outlined in the Rate and Method of Apportionment.

Or

b. Direct funding. The applicant shall enter into an agreement with the City, which shall be recorded against the property, which stipulates that prior to the issuance of the first building permit, the applicant will fund a fiscal impact study to be conducted and approved by the City to determine the long term on-going operational costs of providing Police services, Public Works services and other City services to serve the Project area, and deposit with the City an amount necessary, as reasonably determined by the City, to fund the full costs in perpetuity as identified by the approved study.

   If the provisions for adequate funding of the on-going operational costs of providing Police services, Public Works services and other City services are met prior to issuance of the first building permit for the project, subject to the Finance Director's review and approval, the terms of this condition shall be considered to have been met and this condition shall become null and void.

21. Prior to the issuance of a building permit, the developer shall identify the design of the "Park", "Dog Park", "Outdoor Lounge" and other "usable open space" areas (as defined by Tracy Municipal Code Section 10.08.1640), including landscaping, furniture, recreational equipment, swimming pool, or other improvements. If the entire project is not constructed and occupied at one time, the phasing of usable open space improvements shall be improved consistent with City standards to the satisfaction of the Development Services Director. Recognizing that amenities or other improvements of the usable open space areas may change from time to time, all usable open space area improvements shall be designed, improved, and maintained consistent with City standards to the satisfaction of the Development Services Director.

22. If the developer obtains residential building permits through the Regional Housing Needs Allocation provisions of the City's Growth Management Ordinance (Tracy Municipal Code Section 10.12.065), then prior to the issuance of the first building permit, the developer shall cause to be recorded an affordable housing agreement or similar instrument, in a form satisfactory to the City Attorney. The Agreement shall contain provisions to ensure that rent(s) for all of the units meet the California Department of Housing and Community Development State income limits for Moderate Income levels (120 percent of the Area Median Income or equivalent) and residents meet the income requirements for the Moderate Income affordability category for which building permits

were obtained. The Agreement shall also contain provisions requiring annual monitoring, to be financed, by the developer. The term of the Agreement shall be no less than ten years from building occupancy.

C. ENGINEERING DIVISION CONDITIONS OF APPROVAL

1. Conditions of Approval Prior to Approval of Grading Permit Applications: Developer shall submit all documents required by City Regulations and these Conditions of Approval, to the satisfaction of the City Engineer, including, but not limited to, the following:

    a. The Developer has completed all requirements set forth in this section.

    b. Grading and Drainage Plans prepared on a 24" x 36" size polyester film (mylar). Grading and Drainage Plans shall be prepared under the supervision of, and stamped and signed by a Registered Civil Engineer and Geotechnical Engineer. The Grading and Improvement Plans prepared in accordance with the Subdivision Ordinance and the City Design Documents.

    c. Memorandum issued by the City's storm drainage consultant confirming the invert elevation of the outlet pipe at the Project's permanent storm drainage connection point.

    d. The Grading Plans shall be prepared to specifically include, but not be limited to, the following items:

        i. All existing and proposed utilities.

        ii. Method of disposing storm water in the interim and ultimate conditions, the Project's on-site drainage connections to City's storm drainage system as approved by the City Engineer.

        iii. Two (2) sets of the Project's Geotechnical Report signed and stamped by a licensed Geotechnical Engineer licensed to practice in the State of California. The technical report must include relevant information related to soil types and characteristics, soil bearing capacity, pavement design recommendations, percolation rate, and elevation of the highest observed groundwater level.

        iv. Three (3) sets of the Storm Water Pollution Prevention Plan (SWPPP) for the Project with a copy of the Notice of Intent (NOI) submitted to the State Water Quality Control Board (SWQCB) and any relevant documentation or written approvals from the SWQCB, including the Wastewater Discharge Identification Number (WDID#).

        v. A copy of the Approved Fugitive Dust and Emissions Control Plan that meets San Joaquin Valley Air Pollution Control District (SJVAPCD).

EXHIBIT " B "
Page 7 of 17

vi. Payment of applicable Grading Permit fees which include grading plan checking and inspection fees, and other applicable fees as required by these Conditions of Approval

2. Conditions of Approval Prior to Approval of Encroachment Permit Applications: Developer shall submit all documents required by City Regulations and these Conditions of Approval, to the satisfaction of the City Engineer, including, but not limited to, the following:

   a. The Developer has completed all requirements set forth in Condition C-1 above, and this section.

   b. The Developer has obtained the approval of all other public agencies with jurisdiction over the required public facilities.

   c. Execution of all agreements, posting of all improvement security, and providing documentation of insurance, as required by these Conditions of Approval.

   d. The improvement plans for all improvements (on-site and off-site) required to serve the development project in accordance with the Subdivision Ordinance, the City Design Documents, and these Conditions of Approval. The improvement plans shall be prepared to specifically include, but not be limited to, the following items:

      i. All existing and proposed utilities.

      ii. All supporting calculations, specifications, cost estimate, and reports related to the design of streets and utilities improvements.

      iii. Improvement Plans prepared on 24" x 36" size polyester film (mylar) with the City Engineer and Fire Marshall approval and signature blocks. Improvement Plans shall be prepared under the supervision of, and stamped and signed by a Registered Civil, Traffic, Electrical, Mechanical Engineer, and Registered Landscape Architect for the relevant work.

      iv. Joint Trench Plans and Composite Utility Plans for the installation of dry utilities such as electric, gas, TV cable and others that will be located within the 10 feet wide Public Utility Easement or for the conversion of aerial lines to underground facilities.

      v. A construction cost estimate for all required public facilities, prepared in accordance with City Regulations.

   e. Payment of applicable fees required by these Conditions of Approval and City Regulation including plan checking, grading and encroachment permit processing, construction inspection, testing, and agreement processing fees.

   f. Tracy's Fire Marshall's signature on the Improvement Plans indicating their approval of the location and construction detail of the fire service connection and

the location and spacing of fire hydrants that are required to be installed to serve the Project.

g. Signed and notarized Offsite Improvement Agreement (OIA) with the fully executed improvement security for faithful performance, labor and materials, and warranty, for the construction of Valpico Road Frontage Improvements and Glenbriar Drive Improvements.

3. Conditions of Approval Prior to Approval of Building Permit. No building permit within the Project boundaries will be approved by the City until the Developer demonstrates, to the satisfaction of the City Engineer, compliance with all required Conditions of Approval, including, but not limited to, the following:

   a. The Developer has completed all requirements set forth in Condition C-2, above, and this section.

   b. Copy of the improvement plans and structural calculations for all on-site retaining walls, signed and stamped by the Design Engineer and approved by the City's Building Division.

   c. Payment of all applicable and adopted development impact fees required by these Conditions of Approval and City Regulations, that are in effect at the time of issuance of the building permit.

   d. In-lieu payment in the amount of $14,000.00, for the Project's estimated share of cost of the re-striping on Valpico Road as required in the Tiburon Village Traffic Impact Study, Final Report dated February 6, 2004 (Traffic Study). Refer to Table I of the recommended Mitigation Measures in the Traffic Study.

4. Conditions of Approval Prior to Certificate of Occupancy or Final Building Inspection. No certificate of occupancy within the Project boundaries will be approved by the City or final building inspection will be performed until the Developer provides documentation which demonstrates, to the satisfaction of the City Engineer, that:

   a. The Developer has completed all requirements set forth in Condition C-3, above and this section.

   b. The Developer has completed construction of all public facilities required to serve the building for which a certificate of occupancy is requested. Unless specifically provided in these Conditions of Approval, or some other City Regulation, the Developer shall take all actions necessary to construct all public facilities required to serve the Project, and the Developer shall bear all costs related to construction of the public facilities (including all costs of design, construction, construction management, plan check, inspection, land acquisition, program implementation, and contingency).

   c. Signed and notarized Deferred Improvement Agreement (DIA) including improvement security(s) in the amounts approved by the City Engineer and form approved by the City Attorney

d. Signed and notarized Grant of Public Access Easement with the legal description and plat map.

e. Signed and notarized easement for maintenance of the private storm drainage, water and sanitary sewer lines crossing on Glenbriar Drive (Private Utility Crossing Agreement).

f. Signed and notarized Grant Deed with the legal description and plat map that describes the land to be dedicated to the City, for the construction of Valpico Road Frontage Improvements.

g. Signed and notarized Grant of Public Access Easement with the legal description and plat map. Signed and notarized Grant of Easement with the legal description and plat map that describes the location of the 10-foot wide PUE on Valpico Road and Glenbriar Drive, for the installation, use, repair, and maintenance of public utilities such as electric, gas, TV cable, telephone and other utilities and for the conversion of the existing aerial utilities into underground facility.

h. Signed and notarized Irrevocable Offer of Dedication with the legal description and plat map that describes the land to be dedicated to the City, for construction of Glenbriar Drive Improvements.

i. Signed and notarized Storm Water Maintenance Agreement (SWMA) with the City for maintenance of the storm water treatment facilities.

j. Documentation evidencing that the Property has been annexed to an existing Landscape Maintenance District (LMD).

5. Undergrounding of Overhead Utilities:

a. Prior to starting work, the Developer shall obtain written permission from the respective owner(s) of private utilities, for the installation of permanent surface improvements and structures over their underground facilities located within the 10-foot wide Public Utility Easement along Valpico Road.

b. All private utility services such as electric, telephone and cable TV to the building must be installed underground, and to be installed at the location approved by the respective owner(s) of the utilities. The Developer shall submit improvement plans for the installation of electric, gas, telephone and TV cable lines that are necessary to serve the Project.

c. The Developer shall dedicate a 10 feet wide Public Utility Easement along the Property frontages on Valpico Road and Glenbriar Drive, for the installation of private utilities. The Grant of Easement shall be filed for recording with the Office of the San Joaquin County Recorder prior to Final Building Inspection. The Developer is responsible for the cost of preparing the easement document and legal description and plat map.

6. Grading:

   a. A Grading Plan prepared by a Registered Civil Engineer and accompanied by Soils Engineering report shall be submitted to the City with the Grading and Storm Drainage Plans. The report shall provide recommendations regarding adequacy of sites to be developed by the proposed grading and also information relative to the stability of soils such as soil classification, percolation rate, soil bearing capacity and others.

   b. Slope easements shall be dedicated to the City where cuts or fills do not match existing ground or final grade adjacent to public right of way (up to a maximum grade differential of two feet only). The Developer shall be responsible to obtain and record slope easement(s) on private properties, where it is needed to protect private improvements constructed within and outside the Project, and a copy of the recorded easement document must be provided to the City prior to the issuance of the Grading Permit.

   c. All grading work (on-site and off-site) shall require a Grading Permit. Erosion control measures shall be implemented in accordance with Grading Plans approved by the City Engineer for all grading work not completed before October 15. Improvement Plans shall specify all erosion control methods to be employed and materials to be used.

   d. Prior to the issuance of the Grading Permit, the Developer shall submit three (3) sets of the Storm Water Pollution Prevention Plan (SWPPP) submitted to the State Water Quality Control Board (SWQCB) and any documentation or written approvals from the SWQCB including a copy of the Notice of Intent (NOI) with the state-issued Wastewater Discharge Identification number (WDID). After the completion of the Project, the Developer is responsible for filing the Notice of Termination (NOT) required by SWQCB, and shall provide the City, a copy of the completed Notice of Termination. Cost of preparing the SWPPP, NOI and NOT including the annual storm drainage fees and the filing fees of the NOI and NOT shall be paid by the Developer. The Developer shall comply with all the requirements of the SWPPP and applicable Best Management Practices (BMPs) and the Storm Water Regulations adopted by the City.

7. Street Improvements:

   a. Glenbriar Drive Improvements
   The extension of Glenbriar Drive from Valpico Road to the Project's northern boundary will include but not limited to, installation of concrete curb, gutter, sidewalk, asphalt concrete pavement, handicap ramp, storm drain, catch basin or drop-inlet, landscaping and street trees with automatic irrigation system, median curb, hand-placed grouted cobblestones, pavement signing and striping, barricade and guardrail, and intersection improvements on Glenbriar Drive/Valpico Road such as traffic signal pole and light, traffic detecting loops,

EXHIBIT "B"
Page 11 of 17

traffic loops pull boxes, conduits and wires, audible pedestrian warning, electronic sign, and other improvements as determined by the City Engineer that are deemed to be necessary to have a safe and functional street improvements (Glenbriar Drive Improvements).

The Developer shall complete the construction of Glenbriar Drive Improvements prior to the issuance of the Final Building Inspection for the first building to be constructed within the Property. Upon completion of Glenbriar Drive Improvements, Developer shall record Irrevocable Offer of Dedication (IOD) to the City for the right-of-way for the Glenbriar Drive Improvements. City shall not accept Glenbriar Drive improvements and the IOD until Glenbriar Drive is extended north of the Project boundary to connect to properties to the north (by others).

Glenbriar Drive shall remain a private street until the northerly extension is completed. The Developer shall record a Public Access Easement and utility easements as required by the City for access on Glenbriar Drive. The DIA shall address requirements pertaining to Developer's responsibilities prior to acceptance of Glenbriar Drive right-of-way by the City.

b. Valpico Road Improvements

The Developer is also required to construct certain street and utilities improvements on Valpico Road which include but not limited to, concrete bike path, concrete sidewalk, handicap ramp, offsite water main upgrade, concrete curb and gutter, replacement of pavement marking and striping, traffic signs, and the installation of bus shelter and associated improvements such as water service with hose bibb, garbage receptacle, additional concrete paving, removal and replacement of disturbed irrigation and landscaping improvements with automatic irrigation system and other improvements on Valpico Road as determined by the City Engineer (Valpico Road Frontage Improvements). The final location of the bus shelter will be determined at the time of review of improvement plans, and the materials specifications and construction details of the bus shelter will be provided by the City at the time of preparation of the improvement plans.

Completion of Valpico Road Frontage Improvements is required to be completed prior to the final building inspection of the first building to be constructed on the Property. To guarantee completion of these improvements, within the time specified above, the Developer will be required to execute an Offsite Improvement Agreement (OIA) with the City and post improvement security in the amounts approved by the City Engineer and form acceptable to the City Attorney. The OIA requires approval from the City Council.

Upon completion of Valpico Road Frontage Improvements, Developer shall convey to the City the right-of-way for the Valpico Road Frontage Improvements which City shall not accept until after satisfactory completion of those improvements to applicable standards, and satisfactory completion of the final building inspection on the last building to be constructed on the Property.

c. The Developer shall dedicate 60-feet wide right-of-way from the existing right-of-way line of Valpico Road towards the Property along the frontage west of Glenbriar Drive for the construction of Valpico Road Frontage Improvements. The Developer shall execute a Grant Deed to convey the land in fee title and submit legal description and plat map that describes the area to be dedicated, prior to the issuance of the Grading Permit. The cost of roadway dedication including the cost of preparing the legal description and plat map will be the sole responsibility of the Developer.

d. Prior to the approval of the OIA, the Developer is required to submit Improvement Plans, Technical Specifications and Cost Estimates, prepared in a 24" x 36" size polyester film or known as mylar, signed and stamped by the Design Engineer, for City's approval and signature. All engineering calculations for the design of the improvements must be submitted. The Developer will be required to pay Engineering Review Fees which include plan checking, agreement and permit processing, testing, engineering inspection, and program management fees prior to the approval of the OIA.

e. All work to be performed and improvements to be constructed within City's right-of-way will require an Encroachment Permit from the City, prior to starting the work. The Developer or its authorized representative shall submit all documents that are required to process the Encroachment Permit including but not limited to, approved Improvement Plans, Traffic Control Plan that is prepared by and signed and stamped by a Civil Engineer or Traffic Engineer registered to practice in the State of California, payment of Engineering Review Fees, copy of the Contractor's license, Contractor's Tracy business license, and certificate of insurance with the insurance coverage specified in the OIA and naming the City of Tracy as additional insured or as a certificate holder.

f. The Developer shall grant a Public Access Easement (PAE), for the benefit of the public for rights to access Glenbriar Drive until such time that the City accepts Glenbriar Drive as a public street. The Grant of Public Access Easement must be filed at the Office of the San Joaquin County Recorder, prior to City's acceptance of Glenbriar Drive Improvements. The Developer is responsible for all costs associated in dedicating the necessary public access easement to the City including the cost of preliminary title report, and preparing the easement document, legal description and plat map.

g. The design and construction of Glenbriar Drive Improvements and Valpico Road Frontage Improvements shall meet City Regulations and all applicable requirements and recommendations specified in the final traffic report dated August 14, 2012 and titled "Traffic Impact Study for the Proposed 189 units Valpico Apartments and 60 units MacDonald Apartments" prepared by TJKM Transportation Consultants. The final traffic report is on file with the Office of the City Engineer.

EXHIBIT "B"

8. Storm Drainage:

   a. The on-site storm drainage system and site grading shall be designed such that the Project storm drainage overland release point will be directly to a public street with existing storm drainage system in accordance with City standards. The City may allow overland storm drainage release to private property(s), only if, the Developer enter into an agreement with the fee owners of the affected property(s) and indemnify the City for any liability, damages and costs that may arise as a result of utilizing their property as the Project's storm drainage release point. The irrevocable agreement must be signed by fee owner(s) of all affected property(s) and will be reviewed by the City Engineer and will be recorded to the Property and to all affected properties. The Developer shall provide a copy of the fully executed agreement to the City, prior to the issuance of the Grading Permit. Cost of obtaining permission and/or easement(s) and the agreement from the fee owner(s) of the affected property(s) will be the sole responsibility of the Developer.

      The Deferred Improvement Agreement will require approval from the City Council and will be recorded against the Property. The Developer shall pay all costs associated with the preparation, processing and approval of the agreement, including the cost of preparing the legal description and map, and recording the agreement.

   b. The Developer has proposed to use a trench infiltration system as an interim solution for disposing storm water generated from the Project site. The City will allow this method of disposing storm water, if the Developer executes a Deferred Improvement Agreement, to guarantee performance of the Developer's responsibilities and obligations and conditions described below including paying all costs associated in complying with all the requirements described under this section: a) that the Developer will be responsible for repairing, rectifying, and maintaining the trench infiltration system to acceptable standards and to the satisfaction of the City; b) the Developer will provide guarantee acceptable to the City Engineer for performing the responsibilities and obligations c) the Developer will also install the Project's permanent storm drainage connection as the final method of disposing storm water; and d) the Developer will provide other means of disposing storm water such as a temporary storm drainage retention basin within the time specified by the City, if the trench infiltration system fails to function to the level or condition acceptable to the City, or fails to drain storm water as designed or intended to do as determined by the City Engineer, or if determined by the City that a temporary storm drainage retention basin is necessary to be constructed due to public health and safety reasons.

      Draining the storm water to the City's storm drainage system is the required final solution of disposing storm water from the Project site. The Developer shall design and install all the necessary improvements for the final solution of disposing storm water. The Developer is responsible for installing the Project's permanent storm drainage connection from the Project site to the City's future public storm drain line at the location and grade approved by the City Engineer.

EXHIBIT "B"
Page 14 of 17

The future public storm drain line starts from a new storm drain manhole near the northerly property boundary of the Project to the City's proposed storm drainage detention basin described as Detention Basin #2B (DB#2B).

It is the Developer's responsibility to repair, rectify, and maintain the trench filtration system or the temporary storm drainage retention basin, if constructed, to the satisfaction of the City. The Developer shall submit engineering calculations for the design and sizing of the trench filtration system or the temporary storm drainage retention basin, including a percolation report prepared, signed and stamped by a registered Geo-technical Engineer, and a copy of the written permission from property owner(s), if off-site retention basin is utilized, as part of the Grading and Drainage Plans.

The use of trench infiltration system shall not reduce the amount of storm drainage development impact fees due from the Project nor will entitle the Developer storm drainage development impact fee credits or reimbursement(s).

c. In the event an off-site retention basin is required, the Developer shall obtain written permission or agreement and/or easements from fee owner(s) of all affected property(s), for the use of their property(s) as a temporary storm drainage retention basin. The Developer shall indemnify and hold harmless the City for any liability, damages and costs that may arise as a result of the use their property(s) for a storm drainage retention basin. The easement agreement must be signed by fee owner(s) of the property(s) and will be reviewed by the City Engineer and will be recorded to the Property and to all affected properties. The Developer shall provide a copy of the fully executed agreement to the City, prior to starting the grading work on the involved property. Cost of obtaining permission and/or easement(s) and the agreement from the fee owner(s) of the affected property(s) will be the sole responsibility of the Developer.

d. As part of a complete submittal of the Grading and Drainage Plans, the Developer obtain a technical memorandum from the City's consultant, stating that the pipe invert elevation of the Project's permanent storm drainage connection is consistent with the design of the Zone 1 Storm Drain Line Improvements. The cost of the technical memorandum and coordination with the City's storm drain consultant shall be paid by the Developer.

e. The project site will need to include storm water quality treatment provisions that conform to the ***Multi-Agency Post-Construction Stormwater Standards Manual***. Calculations related to the design and sizing of on-site storm water treatment facilities must be submitted with the Grading and Storm Drainage Plans, and approved by City's Water Resources Coordinator prior to issuance of the Grading Permit for the Project. The Trench Filtration system shall function as stormwater treatment facility for the Project after the permanent connection to City's Detention Basin DB#2 is completed, and the interim on-site storm drainage facilities are no longer required. The Developer shall execute Storm Water Maintenance Agreement with the City for maintenance of the storm water treatment facilities.

Page 15 of 17

Conditions of Approval
Application Number D19-0018
August 14, 2019

9. Sanitary Sewer:

   a. A sanitary sewer lift-station will be used to convey domestic sewage from the Property to the City's existing sewer main on Valpico Road. The sewer lift–station including the sewer force main and the sewer pipeline up to the new sewer manhole on Glenbriar Drive / Valpico Road are private improvements and they will be owned, operated and maintained by the Developer. These private improvements are required to be installed and made functional, prior to the final inspection of the first building to be constructed on the Property. The City has no responsibility of repairing and maintaining these improvements. The Developer will be required to provide documentation in the form acceptable to the City's Chief Building Official as a guarantee that the sewer lift-station will be repaired and maintained by the Developer.

   b. The Developer will be required to design and construct the sewer, water and storm drainage lines crossing on Glenbriar Drive at the location and grade shown on the improvement plans. The City will grant a permanent easement to grant access rights to the Developer, to enter City's right-of-way on Glenbriar Drive, for the repair and maintenance of the sewer line crossing. The Developer will be required to execute a maintenance agreement with the City, to guarantee the responsibilities and obligations of the Developer regarding the use, operation, repair, and maintenance of the private utility crossings on Glenbriar Drive. The Developer shall pay all costs associated with the processing of the grant of easement and maintenance agreement including the cost of preparing the legal description and map. The maintenance agreement will be filed for recording with the Office of the San Joaquin County Recorder, prior to City's acceptance of public improvements on Glenbriar Drive.

   c. The Developer shall pay for an update of the sewer analysis dated July 2012 titled "Wastewater System Fee for Valpico Apartments and Peter MacDonald Apartments" prepared by CH2MHill ("Wastewater Analysis") to update recommendations in the report for the current Project. The Developer shall comply with all the recommendations with regards to design, and construction of wastewater conveyance as identified in the update to the Wastewater Analysis.

10. Water System:

   a. The Developer shall pay for an update of the water analysis report dated July 16, 2012 titled "Hydraulic Evaluation of Valpico and MacDonald Apartments". Prepared by West Yost Associates ("Water Analysis"). The Developer shall comply with all the recommendations with regards to design, and construction of water improvements as identified in the update to the Water Analysis.
   b. The Developer is required to install the pipe upgrade of approximately 50 feet of existing 8-inch diameter water main located at the intersection of Valpico Road / Glenbriar Drive to a 12-inch diameter Ductile Iron Pipe (DIP) water main at the location and grades approved by the City Engineer, all at the Developer's sole cost and expense.

EXHIBIT "B"
Page 16 of 17

The Developer shall submit improvement plans that include the design, location, and grade of the offsite water main upgrade including all existing improvements that will be affected or restored and replaced as a result of installing the offsite water main upgrade. The Developer shall obtain an Encroachment Permit, prior to starting the work. The offsite water main upgrade shall be completed by the Developer, prior to final inspection of the first building to be constructed on the Property.

c. All costs associated with the installation of the offsite water main upgrade including the cost of removing and replacing asphalt concrete pavement, pavement marking and striping such as crosswalk lines and lane line markings, replacing traffic detecting loops, conduits, and wires, relocating existing utilities that may be in conflict with the new water main, and other improvements shall be paid by the Developer. When street cuts are made, the Developer is required to install 2 inches thick asphalt concrete overlay with reinforcing fabric at least 25 feet from all sides of the utility trench. A 2 inches deep grind on the existing asphalt concrete pavement will be required where the asphalt concrete overlay will be applied and shall be uniform thickness in order to maintain current pavement grades, cross and longitudinal slopes.

   If water main shut down is necessary, the City will allow a maximum of 4 hours water supply shutdown. The Developer shall be responsible for notifying residents or business owner(s), regarding the water main shutdown. The written notice, as approved by the City Engineer, shall be delivered to the affected residents or business owner(s) at least 72 hours before the water main shutdown. Prior to starting the work described in this section, the Developer shall submit a Traffic Control Plan, to show the method and type of construction signs to be used for regulating traffic during the installation of the offsite water main upgrade. The Traffic Control Plan shall be prepared by a Civil Engineer or Traffic Engineer licensed to practice in the State of California.

d. The Developer shall design and install domestic and irrigation water service connection, including a remote-read master water meter (the water meter to be located within City's right-of-way) and an R/P Type back-flow protection device in accordance with City Regulations. The domestic and irrigation water service connection must be completed before the final inspection of the building. Sub-metering will be allowed within private property. The City will not perform water consumption reading on sub-meters. The City's responsibility to maintain water lines shall be from the water main on the street to the master water meter (inclusive) only. Maintenance of all on-site water lines, laterals, sub-meters, valves, fittings, fire hydrant and appurtenances shall be the responsibility of the Developer.

e. The Developer shall design and install fire hydrants at locations approved by the Building Division and Fire Department. Location and construction details of the fire service line shall be approved by the Building Division and Fire Department. Prior to the approval of the Improvement Plans, the Developer shall obtain written approval from the Building Division and Fire Department for the design, location and construction details of the fire service connection to the Project, and

for the location and spacing of fire hydrants that are to be installed to serve the Project.

11. Special Conditions:

a. All improvements shall be in accordance with all City Regulations, Facilities Master Plan for storm drainage, roadway, wastewater and water adopted by the City, Tracy Design Standards and Specifications, and Parks and Parkways Design Manual, or as otherwise specifically approved by the City.

b. All improvement plans shall contain a note stating that the Subdivider (or Contractor) will be responsible to preserve and protect all existing survey monuments and other survey markers. Any damaged, displaced, obliterated or lost monuments or survey markers shall be re-established or replaced by a licensed Land Surveyor at the Subdivider's sole expense. A corner record must be filed in accordance with the State law for any reset monuments (California Business and Professions Code Section 8871).

c. All existing on-site wells, if any, shall be abandoned or removed in accordance with the City and San Joaquin County requirements. The Developer shall be responsible for all costs associated with the abandonment or removal of the water well(s) including the cost of permit(s) and inspection. The Developer shall submit a copy of written approval(s) or permit(s) obtained from San Joaquin County regarding the removal and abandonment of any existing well(s), prior to the issuance of the Grading Permit.

d. The Developer shall abandon or remove all existing irrigation structures, channels and pipes, if any, as directed by the City after coordination with the irrigation district, if the facilities are no longer required for irrigation purposes. If irrigation facilities including tile drains, if any, are required to remain to serve existing adjacent agricultural uses, the Developer will design, coordinate and construct required modifications to the facilities to the satisfaction of the affected agency and the City. Written permission from irrigation district or affected owner(s) will be required to be submitted to the City prior to the issuance of the Grading Permit. The cost of relocating and/or removing irrigation facilities and/or tile drains is the sole responsibility of the Developer.

e. Nothing contained herein shall be construed to permit any violation of relevant ordinances and regulations of the City of Tracy, or other public agency having jurisdiction. This condition of approval does not preclude the City from requesting additional revisions and requirements to the final parcel map and improvement plans, prior to the City Engineer's signature and approval of the proposed final parcel map and improvement plans, if the City deems it necessary. The Developer shall bear the all cost for the inclusion, design, and implementations of such additions and requirements, without reimbursement or any payment from the City.

EXHIBIT B-2
(D22-0005 and D22-0013)

Exhibit 4

City of Tracy
Conditions of Approval
City Council – December 6, 2022
Valpico Glenbriar Apartments Parking Lot Expansion and Fence/Gates Project
Application Numbers D22-0013 and D22-0005

A. General Provisions and Definitions.

A.1. General. These Conditions of Approval apply to:

The Project: Valpico Glenbriar Apartments Parking Lot Expansion and Perimeter Fence/Gate Project, Development Review Permit Application Numbers and D22-0013 and D22-0005.

The Property: The fence and gates will be built around the entire 11.63-acre Valpico Glenbriar Apartment site, 351 E. Valpico Road (Assessor's Parcel Number 246-140-23) that does not previously have a wood fence; and the parking lot expansion occurs on approximately 13,440 square feet of the current, vacant back yard of the single-family home at 2625 S. MacArthur Drive (Assessor's Parcel Number 246-140-08).

A.2. Definitions.

a. "Applicant" means any person, or other legal entity, applying for a Development Review Permit.

b. "City Engineer" means the City Engineer of the City of Tracy, or any other duly licensed Engineer designated by the City Manager, or the Development Services Director, or the City Engineer to perform the duties set forth herein.

c. "City Regulations" means all written laws, rules, and policies established by the City, including those set forth in the City of Tracy General Plan, the Tracy Municipal Code, ordinances, resolutions, policies, procedures, and the City's Design Documents (including the Standard Plans, Standard Specifications, Design Standards, and relevant Public Facility Master Plans).

d. "Development Services Director" means the Development Services Director of the City of Tracy, or any other person designated by the City Manager or the Development Services Director to perform the duties set forth herein.

e. "Conditions of Approval" shall mean the conditions of approval applicable to the Project located at the Property. The Conditions of Approval shall specifically include all conditions set forth herein.

f. "Developer" means any person, or other legal entity, who applies to the City to divide or cause to be divided real property within the Project boundaries, or who applies to the City to develop or improve any portion of the real property within the Project boundaries. The term "Developer" shall include all successors in interest.

g. "Police Chief" means the Chief of Police of the City of Tracy, or any other person designated by the City Manager or the Police Chief to perform duties set forth herein.

A.3. Payment of applicable fees. The applicant shall pay all applicable fees for the project, including, but not limited to, development impact fees, building permit fees, plan check fees, grading permit fees, encroachment permit fees, inspection fees, school fees, or any other City or other agency fees or deposits that may be applicable to the project.

A.4. Compliance with laws. The Developer shall comply with all federal, state and local laws, as amended from time to time, related to the development of real property within the Project, including, but not limited to:
- the Planning and Zoning Law (Government Code sections 65000, et seq.)
- the California Environmental Quality Act (Public Resources Code sections 21000, et seq., "CEQA"), and
- the Guidelines for California Environmental Quality Act (California Administrative Code, title 14, sections 1500, et seq., "CEQA Guidelines").

A.5. Compliance with applicable regulations. Unless specifically modified by these Conditions of Approval, the use shall comply with all City Regulations.

A.6. Prior to construction, the applicant shall submit construction documents which meet the requirements of the California Building and Fire Codes and the Tracy Municipal Code to the City of Tracy and the South San Joaquin County Fire Authority for review, approval and inspections.

B. **Project Conditions of Approval**

B.1. Prior to final inspection or occupancy, the project shall be established in substantial compliance with the plans (Sheets L1 thru L4 by Ripley Design Group and Sheet 1 of "Valpico Apartments Expanded Parking Area" plans by MacKay and Somps) received by the Development Services Department on September 13, 2022 to the satisfaction of the Development Services Director, including but not limited to the location of the fence and gates, five-foot height along the Valpico Road frontage, six-foot height elsewhere, and decorative metal design.

B.2. Prior to final inspection or occupancy, the expanded parking area shall be designed and constructed in compliance with City Regulations for landscape requirements for parking areas (Tracy Municipal Code Section 10.08.3560) and City Standard Plan 141.

B.3. Prior to installation of the gates or issuance of a building permit, applicant shall submit construction documents, plans, specifications and/or calculations to the Building Safety Division, which meet all requirements of Title 24 California Code of Regulations and City of Tracy Municipal Codes, as applicable. The plans shall include, and not be limited to, an egress analysis of all of the doors in case of an emergency to ensure that the proper amount of exit width is provided, in accordance with California Building Code Chapter 10. Note that additional doors or gates may be required.

B.4. Prior to final inspection or occupancy, plans shall be submitted and all improvements shall be constructed in accordance with City and South San Joaquin County Fire

Authority standards, demonstrating that all vehicle access gates meet the current California Fire Code 503.2.1 regarding unobstructed access width of not less than 20 feet to the satisfaction of the Fire Marshal.

B.5. Prior to final inspection or occupancy, plans shall be submitted and all improvements shall be constructed in accordance with City and South San Joaquin County Fire Authority standards regarding emergency vehicle access, demonstrating compliance with California Fire Code Section 503.6 and the Tracy Municipal Code to the satisfaction of the Fire Marshal; and providing Police Department access to the satisfaction of the Police Chief.

C. Engineering Division Conditions of Approval

C.1. General Conditions

Developer shall comply with the applicable sections of approved documents and/or recommendations of the technical analyses/reports prepared for the Project listed as follows:

1) Storm Water Drainage Technical Memorandum by Wood Rodgers dated July 20, 2022

C.2. RESERVED
C.3. RESERVED

C.4. Grading Permit

All grading work (on-site and off-site) shall require a Grading Plan. All grading work shall be performed and completed in accordance with the recommendation(s) of the Project's Registered Geotechnical Engineer. Prior to release of a Grading Permit, Developer shall provide all documents related to said Grading Permit required by the applicable City Regulations and these Conditions of Approval, to the satisfaction of the City Engineer, including, but not limited to, the following:

C.4.1 Developer has completed all requirements set forth in this section.

C.4.2 Developer has obtained the approval (i.e. recorded easements for slopes, drainage, utilities, access, parking, etc.) of all other public agencies and/or private entities with jurisdiction over the required public and/or private facilities and/or property. Written permission from affected owner(s) will be required to be submitted to the City prior to the issuance of the Grading Permit.

C.4.3 Developer has obtained a demolition permit to remove any existing structure located within the Project's limits.

C.4.4 All existing on-site water well(s), septic system(s), and leech field(s), if any, shall be abandoned or removed in accordance with the City and San Joaquin County requirements. Developer shall be responsible for all costs associated with the abandonment or removal of the existing well(s), septic system(s), and leech field(s) including the cost of permit(s) and inspection. Developer shall submit a

copy of written approval(s) or permit(s) obtained from San Joaquin County regarding the removal and abandonment of any existing well(s), prior to the issuance of the Grading Permit.

C.4.5 The Improvement Plans for all improvements to serve the Project (on-site and off-site) including the Grading and Drainage Plans shall be prepared in accordance with the City's Subdivision Ordinance (Tracy Municipal Code (TMC) Chapter 12.36), City Design Documents as defined in Title 12 of the TMC, and these Conditions of Approval.

C.4.6 On-site Grading/Drainage Plans and Improvement Plans shall be prepared on a twenty-four (24) inch x thirty-six (36) inch size four (4) millimeter thick polyester film (mylar). These plans shall use the City's Title Block. Improvement Plans shall be prepared under the supervision of, stamped and signed by a Registered Civil Engineer and Registered Geotechnical Engineer. Developer shall obtain all applicable signatures by City departments and outside agencies (where applicable) on the mylars including signatures by the Fire Marshal prior to submitting the mylars to Engineering Division for City Engineer's signature. Erosion control measures shall be implemented in accordance with the Improvement Plans approved by the City Engineer for all grading work. All grading work not completed before October 15 may be subject to additional requirements as applicable. Improvement Plans shall specify all proposed erosion control methods and construction details to be employed and specify materials to be used during and after the construction.

C.4.7 Payment of the applicable Grading Permit fees which include grading plan checking and inspection fees, and other applicable fees as required by these Conditions of Approval.

C.4.8 For Projects on property larger than one (1) acre: Prior to the issuance of the Grading Permit, Developer shall submit to the Utilities Department (stephanie.hiestand@cityoftracy.org) one (1) electronic copy and one (1) hard copy of the Storm Water Pollution Prevention Plan (SWPPP) as submitted in Stormwater Multiple Applications and Reporting Tracker System (SMARTS) along with either a copy of the Notice of Intent (NOI) with the state-issued Wastewater Discharge Identification number (WDID) or a copy of the receipt for the NOI. After the completion of the Project, the Developer is responsible for filing the Notice of Termination (NOT) required by SWQCB, and shall provide the City, a copy of the completed Notice of Termination. Cost of preparing the SWPPP, NOI and NOT including the annual storm drainage fees and the filing fees of the NOI and NOT shall be paid by the Developer. Developer shall comply with all the requirements of the SWPPP, applicable Best Management Practices (BMPs) and the Stormwater Post-Construction Standards adopted by the City in 2015 and any subsequent amendment(s).

For Projects on property smaller than one (1) acre: Prior to the issuance of the Grading Permit, the Developer shall submit to the Utilities Department (stephanie.hiestand@cityoftracy.org) one (1) electronic copy and 1 hard copy of the City of Tracy Erosion and Sediment Control Plan (ESCP) for approval. Cost of preparing the ESCP including any annual storm drainage fees shall be paid

by the Developer. Developer shall comply with all the requirements of the ESCP, applicable BMPs and the Post-Construction Stormwater Standards adopted by the City in 2015 and any subsequent amendment(s).

C.4.9 Developer shall provide a PDF copy of the Project's Geotechnical Report signed and stamped by a Registered Geotechnical Engineer. The technical report must include relevant information related to soil types and characteristics, soil bearing capacity, compaction recommendations, retaining wall recommendations, if necessary, paving recommendations, paving calculations such as gravel factors, gravel equivalence, etc., slope recommendations, and elevation of the highest observed groundwater level.

C.4.10 Minor Retaining – Developer shall use reinforced or engineered masonry blocks for retaining soil at property lines when the grade differential among the in-tract lots exceeds twelve (12) inches. Developer will include construction details of these minor retaining walls with the on-site Grading and Drainage Plan. Developer may use slopes among the lots to address the grade differential but said slope shall not exceed a slope gradient of 3 (horizontal) to 1 (vertical) unless a California licensed geotechnical engineer signs and stamps a geotechnical report letter that supports a steeper slope gradient. Slope easements may be required and will be subject to approval by the City Engineer.

Minor Retaining along Project Perimeter – Developer shall use reinforced or engineered masonry blocks for retaining soil along the Project boundary and adjacent property(s) when the grade differential exceeds 12-inches. Developer will include construction details for these minor retaining walls with the on-site Grading and Drainage Plan. Developer may use slopes to address the grade differential but said slope shall not exceed a slope gradient of 3 (horizontal) to 1 (vertical). Slope easements may be subject to approval by the City Engineer and if adjacent and affected property(s) owner(s) grants said easements.

Slopes are an acceptable option as a substitute to engineered retaining walls, where cuts or fills do not match existing ground or final grade with the adjacent property or public right of way, up to a maximum grade differential of two (2) feet, subject to approval by the City Engineer.

Slope easements will be recorded, prior to the issuance of the Grading Permit. The Developer shall be responsible to obtain and record slope easement(s) on private properties, where it is needed to protect private improvements constructed within and outside the Project, and a copy of the recorded easement document must be provided to the City, prior to the issuance of the Grading Permit.

Walls - Developer shall show proposed retaining walls and masonry walls on the on-site Grading and Drainage Plan. The Developer is required to submit improvement plans, construction details, and structural calculations for retaining walls and masonry walls to Building and Safety. Retaining wall and masonry wall design parameters will be included in the geotechnical report.

C.4.11 Developer shall provide a copy of the approved Incidental Take Minimization Measures (ITMM) habitat survey [San Joaquin County Multi-Species Habitat Conservation & Open Space Plan (SJMSCP)] from San Joaquin Council of Governments (SJCOG).

C.4.12 Developer shall provide a copy of the approved Air Impact Assessment (AIA) with an Indirect Source Review (ISR) from San Joaquin Valley Air Pollution Control District (SJVAPCD).

C.4.13 Developer shall abandon or remove all existing irrigation structures, channels and pipes, if any, as directed by the City after coordination with the irrigation district, if the facilities are no longer required for irrigation purposes. If irrigation facilities including tile drains, if any, are required to remain to serve existing adjacent agricultural uses, the Developer will design, coordinate and construct required modifications to the facilities to the satisfaction of the affected agency and the City. Written permission from irrigation district or affected owner(s) will be required to be submitted to the City prior to the issuance of the Grading Permit. The cost of relocating and/or removing irrigation facilities and/or tile drains is the sole responsibility of the Developer.

C.4.14 If the Project contains overhead utilities, the Developer shall underground existing overhead utilities such as electric, TV cable, telephone, and others. Each dry utility shall be installed at the location approved by the respective owner(s) of dry utility and the Developer shall coordinate such activities with each utility owner. All costs associated with the undergrounding shall be the sole responsibility of the Developer and no reimbursement will be due from the City. Developer shall submit undergrounding plans.

C.4.15 If at any point during grading that the Developer, its contractor, its engineers, and their respective officials, employees, subcontractor, and/or subconsultant exposes/encounters/uncovers any archeological, historical, or other paleontological findings, the Developer shall address the findings as required per the General Plan Cultural Resource Policy and General Plan EIR; and subsequent Cultural Resource Policy or mitigation in any applicable environmental document.

C.5. Building Permit

Prior to the release of a building permit within Project boundaries, the Developer shall demonstrate, to the satisfaction of the City Engineer, compliance with all required Conditions of Approval, including, but not limited to, the following:

C.5.1 Developer has completed all requirements set forth in Condition C.1, through C.4, above.

C.5.2 Developer pays the applicable development impact fees as required in the TMC, these Conditions of Approval, and City Regulations.

C.5.2.a. Water. The Developer shall pay the water impact fees prior to pulling the first building permit for the Project.

C.5.2.b. Wastewater. The Developer shall pay the wastewater treatment capacity development Impact fees prior to pulling the first building permit for the Project.

C.5.3 Developer has completed all requirements set forth in Condition C.8

C.5.4 Prior to the release of any Building Permit, all construction activity will require a fully executed and recorded Deferred Improvement Agreement.

C.6 Acceptance of Glenbriar Drive Right-of-Way

Prior to the consideration of City Council's acceptance of public improvements, the Developer shall demonstrate to the reasonable satisfaction of the City Engineer, completion of the following:

C.6.1 Developer has satisfied all the requirements set forth in these Conditions of Approval.

C.6.2 Developer submitted the Storm water Treatment Facilities Maintenance Agreement (STFMA) to the Utilities Department.

C.6.3 Developer has satisfactory completed construction of all required/conditioned improvements. Unless specifically provided in these Conditions of Approval, or some other applicable City Regulations, the Developer shall use diligent and good faith efforts in taking all actions necessary to construct all public facilities required to serve the Project, and the Developer shall bear all costs related to construction of the public facilities (including all costs of design, construction, construction management, plan check, inspection, land acquisition, program implementation, and contingency).

C.6.4 Certified "As-Built" Improvement Plans (or Record Drawings). Upon completion of the construction by the Developer, the City, at its sole discretion, temporarily release the original mylars of the Improvement Plans to the Developer so that the Developer will be able to document revisions to show the "As-Built" configuration of all improvements.

C.6.5 Developer shall be responsible for any repairs or reconstruction of street pavement, curb, gutter and sidewalk and other public improvements along the frontage of the Project, if determined by the City Engineer to be in poor condition or damaged by construction activities related to this Project and Developer's enclosure of the Glenbriar Drive right-of-way. Repairs shall be depicted on City approved improvement plans referenced in C.7 below.

C.6.6 Developer has completed the ninety (90) day public landscaping maintenance period.

C.6.7 Per Section 21107.5 of the California Vehicle Code, Developer shall install signs at all entrance(s) of the Project stating that the streets are privately owned and maintained and are not subject to the public traffic regulations or control. Said signs must be conspicuously placed, plainly visible, and legible during daylight hours from a distance of one hundred (100) feet.

C.6.8 Survey Monuments – Any altered, damaged, or destroyed survey monuments and/or benchmarks shall be re-established. Developer shall submit centerline tie sheets or a record of survey for the following: new public streets; re-established survey monuments, and/or benchmarks. If the Developer destroyed, altered, and/or reconstructed any existing curb returns, Developer shall also submit corner records. Any survey document will be submitted the City and to the San Joaquin County Surveyor to comply with California Business and Professions Code Section 8771(c). Said work shall be executed by a California licensed Land Surveyor at the Developer's sole expense.

C.7. Improvement Agreement(s)

All construction activity involving public improvements will require a fully executed improvement agreement (Off-site, Subdivision, and/or Inspection). Any construction activity involving public improvements without a fully executed improvement agreement is prohibited. All public improvements shall be performed and completed in accordance with the recommendation(s) of the Project's Registered Civil Engineer. Prior to the consideration of City Council's approval of said improvement agreement, the Developer shall provide all documents related to said improvements required by the applicable City Regulations and these Conditions of Approval, to the satisfaction of the City Engineer, including, but not limited to, the following:

C.7.1 Improvement Plans for the Restoration of the Glenbriar Drive Right-of-Way shall be prepared on a twenty-four (24) inch x thirty-six (36) inch size four (4) millimeter thick mylar that incorporate all requirements described in the documents described in these Conditions of Approval, the City's Design Documents as defined in Title 12 of the Tracy Municipal Code. Developer shall use the latest title block and, if necessary, contain a signature block for the Fire Marshal. Improvement Plans shall be prepared under the supervision of, and stamped and signed by a Registered Civil, Traffic, Electrical, Mechanical Engineer, and Registered Landscape Architect for the relevant work. Developer shall obtain all applicable signatures by City departments and outside agencies (where applicable) on the mylars including signatures by Fire Marshal to submitting the mylars to Engineering Division for City Engineer's signature. The improvement plans shall be prepared to specifically include, but not be limited to, the following items:

C.7.2 All existing and proposed utilities such as domestic water line, irrigation service, fire service line, storm drain, and sanitary sewer, including the size and location of the pipes.

C.7.3 All supporting engineering calculations, materials information or technical specifications, cost estimate, and technical reports. All improvement plans shall contain a note stating that the Developer (or Contractor) will be responsible to preserve and protect all existing survey monuments and other survey markers such as benchmarks.

C.7.4 A PDF copy of the Project's approved Geotechnical/Soils Report that was prepared for the grading permit submittal.

C.7.5(a) Storm Water - The Project's on-site storm water drainage connection to the City's storm water system shall be approved by the City Engineer. Drainage calculations for the sizing of the on-site storm drainage system. Improvement Plans to be submitted with the hydrology and storm water.

C.7.5(b) Storm drainage release point is a location at the boundary of the Project adjacent public right-of-way where storm water leaves the Property, in a storm event and that the Property's on-site storm drainage system fails to function or it is clogged. Site grading shall be designed such that the Project's storm drainage overland release point will be directly to an adjacent public street with a functional storm drainage system and the

existing storm drainage line has adequate capacity to drain storm water from the Property. The storm drainage release point is recommended to be at least 0.70-feet lower than the building finish floor elevation and shall be designed and improved to the satisfaction of the City Engineer.

C.7.5(c) As recommended in the Storm Water Drainage Memorandum, the minimum finished floor elevation shall be a minimum of 40.49 feet

C.7.5(d) The Project's permanent storm drainage connection(s) shall be designed and constructed in accordance with City Regulations. The design of the permanent storm drainage connection shall be shown on the Grading and Drainage Plans with calculations for the sizing of the storm drain pipe(s), and shall comply with the applicable requirements of the City's storm water regulations adopted by the City Council in 2012 and any subsequent amendments.

C.7.5(e) The storm water treatment system shall be located on private property and shall be at least off-set from the right-of-way by one (1) foot.

C.7.6(a) Sanitary Sewer - It is the Developer's responsibility to design and construct the Project's permanent on-site sanitary sewer (sewer) improvements including the Project's sewer connection in accordance with the City's Design Standards, City Regulations and Standard Specifications. Sewer improvements shall include but not limited to, replacing asphalt concrete pavement, reconstructing curb, gutter and sidewalk, restoring pavement marking and striping, and other improvements that are disturbed as a result of installing the Project's permanent sewer connection. Developer shall submit improvement plans that include the design of the sewer line from the Property to the point of connection.

C.7.6(b) Developer is hereby notified that the City will not provide maintenance of the sewer lateral within the public right-of-way unless the sewer cleanout is located and constructed in conformance with Standard Plans. The City's responsibility to maintain on the sewer lateral is from the wye/onsite sewer manhole at the right-of-way line/property line/wye fitting to the point of connection with the sewer main.

C.7.7(a) Water Distribution - Developer shall design and construct domestic and irrigation water service that comply with the City Regulations. Water line sizing, layout and looping requirements for this Project shall comply with City Regulations. During the construction of the Project, the Developer is responsible for providing water infrastructure (temporary or permanent) capable of delivering adequate fire flows and pressure appropriate to the various stages of construction and as approved by the Fire Marshal.

C.7.7(b) Interruption to the water supply to the existing businesses and other users will not be allowed to facilitate construction of improvements related to the Project. Developer shall be responsible for notifying business owner(s) and users, regarding construction work. The written notice, as approved by the City Engineer, shall be delivered to the affected residents or business

owner(s) at least seventy-two (72) hours before start of work. Prior to starting the work described in this section, the Developer shall submit a Work Plan acceptable to the City that demonstrates no interruptions to the water supply, and Traffic Control Plan to be used during the installation of the off-site water mains and connections.

C.7.7(c) The Project's water service connections shall use a remote-read (radio-read) master water meter (the water meter to be located within City's right-of-way) and a Reduced Pressure Type back-flow protection device in accordance with City Regulations. The domestic and irrigation water service connection(s) must be completed before the inspection of the building. The location of the meters shall be approved by the City Engineer.

C.7.7(d) After final inspection of the improvements constructed via an encroachment permit, repair and maintenance of the water service from the water meter to the point of connection with the water distribution main in the street shall be the responsibility of the City. Water service repairs after the water meter is the responsibility of the Developer or individual lot owner(s).

C.7.7(e) Prior to improvement acceptance, repair and maintenance of all on-site water lines, laterals, sub-water meters, valves, fittings, fire hydrant and appurtenances shall be the responsibility of the Developer or the individual lot owner(s).

C.7.7(f) All costs associated with the installation of the Project's water connection(s) including the cost of removing and replacing asphalt concrete pavement, pavement marking and striping such as crosswalk lines and lane line markings on existing street or parking area(s) that may be disturbed with the installation of the permanent water connection(s), or domestic water service, and other improvements shall be paid by the Developer.

C.7.8(a) Streets – The Developer shall construct frontage improvements. Frontage improvements include but are not limited to the following: curb, gutter, sidewalk, street widening, landscaping, street lighting, undergrounding of overhead utilities and other improvements. All streets and utilities improvements within City right-of-way shall be designed and constructed in accordance with City Regulations, and City's Design Standards including the City's Facilities Master Plan for storm drainage, roadways, wastewater, and water as adopted, amended, and updated by the City, or as otherwise specifically approved by the City.

C.7.8(b) Valpico Road
The Tracy Transportation Master Plan (TMP) classifies Valpico Road as a four-lane divided arterial which would require a minimum of ninety-seven (97) feet of right of way at ultimate buildout. Prior to the release of the grading permit, the Developer shall dedicate right of way along the Project frontage, excluding the Public Utility Easement (P.U.E.). In addition, the

Developer shall record a ten (10) foot wide P.U.E. immediately behind the new property line.

C.7.8(c) Developer shall install green bike lane striping on Valpico Road along the project frontage.

C.7.8(d) Developer shall install audible pedestrian crossing at the existing traffic signal at Glenbriar Drive and Valpico Road.

C.7.8(e) Developer shall install a barricade at the westerly edge of the proposed sidewalk.

C.7.8(f) Along the Project frontage, if applicable, Developer shall landscape and irrigate the existing parkways per current adopted City landscape standards. Landscape and irrigation plans shall be prepared on a 24-inch x 36-inch size 4-millimeter thick mylar that incorporate all requirements described in the documents described in these Conditions of Approval, the City's Design Documents as defined in Title 12 of the Tracy Municipal Code. Developer shall use the latest title block. Said landscape and irrigation plan shall be prepared by a California licensed landscape architect. Developer can either protect-in-place the existing sidewalk and repair any cracked, settled, and/or damaged sidewalk or remove and replace the sidewalk so long as the replacement sidewalk is similar to the current sidewalk, i.e. similar width, meanders, etc.

C.7.8(g) Overhead Utilities along Project frontage shall be placed underground.

C.7.8(h) Street cuts and trenching related to utility installation on Valpico Road shall be subject to Condition C.8.1

C.7.8(i) Glenbriar Drive
Prior to the release of the grading permit, Developer shall enter into a Deferred Improvement Agreement (DIA) to be recorded against the parcels included in the Project. Said DIA will insure the future public right-of-way associated with Glenbriar Drive is repaired and restored when Glenbriar Drive is open to the public. Developer shall prepare improvements if deemed necessary by the City.

C.7.8(j) Easterly Vehicle Gate
Prior to the release of the grading permit, Developer shall install directional striping to assist in turn movements.

C.7.9 Joint Trench Plans and Composite Utility Plans, prepared on a twenty-four (24) inch x thirty-six (36) inch size four (4) millimeter thick mylar for the installation of dry utilities such as electric, gas, TV cable, telephone, and others that will be located within the twenty-four (24) feet wide to forty-six (46) feet wide [the width varies) PUE to be installed to serve the Project. All private utility services to serve Project must be installed underground or relocated to be underground, and to be installed at the location approved by the respective owner(s) of the utilities from the street or an existing or

proposed utility easement to the building(s). If necessary, the Developer shall dedicate ten (10) feet wide PUE for access to these new utilities for re-installation, replacement, repair, and maintenance work to be performed by the respective utility owner(s) in the future.

C.7.10 Signed and stamped Engineer's Estimate that summarizes the cost of constructing all the public improvements shown on the Improvement Plans. The cost estimate shall show the cost of designing the public improvements.

Payment of applicable fees required by these Conditions of Approval and City Regulations, including but not limited to, plan checking, grading and encroachment permits and agreement processing, construction inspection, and testing fees. The engineering review fees will be calculated based on the fee rate adopted by the City Council on September 2, 2014, per Resolution 2014-141 and on May 16, 2017, per Resolution 2017-098. Developer shall submit payment in the form of a check for the aforementioned fees.

C.7.11 Traffic Control Plan - Prior to starting the work for any work within City's right-of-way, the Developer shall submit a Traffic Control Plan (TCP). TCP can be split among the different construction phases. TCP will show the method and type of construction signs to be used for regulating traffic at the work areas within these streets. TCP shall conform to the Manual on Uniform Traffic Control Devices as amended by the State of California, latest edition (MUTCD-CA). TCP shall be prepared under the supervision of, signed and stamped by a Registered Civil Engineer or Registered Traffic Engineer.

C.7.12 Access and Traffic Circulation to Existing Businesses/Residents - Developer shall take all steps necessary to plan and construct site improvements such that construction operations do not impact safety and access (including emergency vehicles) to the existing businesses and residents throughout the duration of construction. Developer shall coordinate with the owners and cooperate to minimize impacts on existing businesses. All costs of measures needed to provide safe and functional access shall be borne by the Developer.

C.7.13 No street trench shall be left open, uncovered, and/or unprotected during night hours and when the Developer's contractor is not performing construction activities. Appropriate signs and barricades shall be installed on the street and on all trenches during such times. If the Developer or its contractor elects to use steel plates to cover street trenches, said steel plates will be skid-resistance, and shall be ramped on all sides. Ramps will be a minimum two-foot wide and will run the entire length of each side.

C.7.14 If at any point during utility installation or construction in general that the Developer, its contractor, its engineers, and their respective officials, employees, subcontractor, and/or subconsultant exposes/encounters/uncovers any archeological, historical, or other

paleontological findings, the Developer shall address the findings as required per the General Plan Cultural Resource Policy and General Plan EIR; and subsequent Cultural Resource Policy or mitigation in any applicable environmental document.

C.7.15 Improvement Security - Developer shall provide improvement security for all public facilities, as required by the Improvement Agreement. The form of the improvement security may be a bond, or other form in accordance with the Government Code, and the TMC. The amount of the improvement security shall be in accordance with Title 12 of the TMC.

C.7.16 Insurance – Developer shall provide written evidence of insurance coverage that meets the terms of the Improvement Agreement.

C.8 Special Conditions

C.8.1 When street cuts are made for the installation of utilities, the Developer shall conform to Section 3.14 of the 2020 Design Standards and is required install a two (2) inch thick asphalt concrete (AC) overlay with reinforcing fabric at least twenty-five (25) feet from all sides of each utility trench. A two (2) inch deep grind on the existing AC pavement will be required where the AC overlay will be applied and shall be uniform thickness in order to maintain current pavement grades, cross and longitudinal slopes. This pavement repair requirement is when cuts/trenches are perpendicular and parallel to the street's direction.

C.8.2 Nothing contained herein shall be construed to permit any violation of relevant ordinances and regulations of the City of Tracy, or other public agency having jurisdiction. This Condition of Approval does not preclude the City from requiring pertinent revisions and additional requirements to the improvement plans, prior to the City Engineer's signature on the improvement plans, and prior to issuance of Grading Permit, Encroachment Permit, Building Permit, if the City Engineer finds it necessary due to public health and safety reasons, and it is in the best interest of the City. The Developer shall bear all the cost for the inclusion, design, and implementations of such additions and requirements, without reimbursement or any payment from the City.

C.8.3 Prior to the release of the Building Permit, if water is required for the Project, the Developer shall obtain an account for the water service and register the water meter with the Finance Department. Developer shall pay all fees associated with obtaining the account number for the water service.

PRIVATE UTILITY CROSSING EASEMENT AGREEMENT
(STORM WATER LINES AND SANITARY SEWER LINES)

THIS PRIVATE UTILITY CROSSING EASEMENT AGREEMENT (STORM WATER LINES AND SANITARY SEWER LINES) ("**Agreement**") is made by and between the CITY OF TRACY, a municipal corporation ("**Grantor**"), and VALPICO TRACY APARTMENTS, LLC, a Delaware limited liability company common ("**Grantee**"), with reference to the following facts:

RECITALS

A. On October 1, 2019, the Tracy City Council approved, by Resolution No. 2019-195, a 264-unit residential apartment project known as the Vela Apartment Project (and previously referred to as the Valpico Glenbriar Apartments) ("**Project**") described in Development Review Application Number D19-0018 ("**Development Review Application**"). The Project consists of approximately 11.94 acres of real property owned by Grantee, known as Assessor's Parcel No. 246-140-24 and described as Parcel 24 as shown upon that assessor's map filed for record with the San Joaquin County Recorder's Office ("**Recorder's Office**") in Book 246 of Assessor's Maps, Page 14, as more particularly described in **Exhibit "A-1"** attached hereto ("**Property**").

B. Grantee acquired title to the Property via (i) that certain Grant Deed executed by Valpico Glenbriar Apartments, LLC, a Delaware limited liability company, dated as of December 29, 2020 and recorded on December 30, 2020 as Instrument Number 2020-185205 of the official records of the Recorder's Office ("**Official Records**"), and (ii) that certain Grant Deed executed by Gwendolyn S. White, a widow, dated as of December 20, 2022 and recorded on January 26, 2023 as Instrument Number 2023-006238 of the Official Records.

C. In connection with the development of the Property and the approval of the Development Review Application, Grantor has required that Grantee satisfy certain Conditions of Approval dated August 14, 2019 ("**Conditions of Approval**"), which Conditions of Approval are attached hereto as **Exhibit "D"**.

D. The Property previously included and Grantee previously held fee title in that certain street referred to as Glenbriar Drive ("**Glenbriar Drive**"), which is more particularly described and depicted on **Exhibit "A-2"** attached hereto; however, in accordance with the Conditions of Approval, upon Grantor having connected Glenbriar Drive to that certain public street located to the north of Glenbriar Drive and known as Derone Lane, Grantee dedicated Glenbriar Drive for public right of way purposes, including without limitation,

roadway and utility purposes, over, under, along and across the property, pursuant to that certain Irrevocable Offer of Dedication of Fee Interest executed by Grantee in favor of Grantor and recorded as Instrument No. _____ in the Official Records. In addition, pursuant to that Irrevocable Offer of Dedication of Fee Interest, the Grantee will provide a form of perpetual funding as described in Section 20 of the Conditions of Approval, which are attached hereto as **Exhibit "D"**, and the City shall automatically become fully responsible for maintaining Glenbriar Drive utilizing the approved perpetual funding source for maintenance.

E. As more particularly set forth in **Exhibit "D"** attached hereto, upon this dedication of Glenbriar Drive as a public street, the Conditions of Approval included, among other requirements, the requirement that Grantor grant Grantee a permanent easement to grant access rights to Grantee for the repair and maintenance of (i) certain private storm drainage lines owned by Grantee and crossing Glenbriar Drive ("**Storm Water Crossing**"), (ii) certain private water lines owned by Grantee crossing Glenbriar Drive ("**Water Line Crossing**"), and (iii) certain private sanitary sewer lines, including, without limitation, a private eight inch (8") gravity main, owned by Grantee and crossing Glenbriar Drive ("**Sewer Crossing**").

F. The Project's approved improvement plan set ENG19-0032 removed the Water Line Crossing and instead called for one (1) water meter to be constructed on each side of Glenbriar Drive because it would effectively remove the need for private water line easement along Glenbriar; therefore, such easement for the Water Line Crossing is no longer needed nor applicable and such Condition of Approval is no longer applicable. The approved improvement plan set ENG19-0032 is on file with the City Engineer.

G. Pursuant to the terms of this Agreement, Grantor hereby grants to Grantee non-exclusive, perpetual easements for ingress and egress over and across Glenbriar Drive for the purposes of repairing and maintaining the Storm Water Crossing and the Sewer Crossing.

NOW, THEREFORE, in consideration of the mutual covenants and agreements set forth herein, and for other valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Grantor and Grantee agree as follows:

1. **Grant of Easements**. In connection with Grantee's obligation to maintain the Storm Water Crossing and Sewer Crossing, Grantor hereby grants to Grantee the following easements:

1.1 a non-exclusive, perpetual easement for ingress and egress ("**Storm Water Crossing Easement**") over that certain portion of Glenbriar Drive described and depicted on **Exhibit "B"** attached hereto ("**Storm Water Crossing Easement Area**") for the purpose of maintaining and repairing, as necessary, the Storm Water Crossing. Grantor shall be responsible for maintaining the Storm Water Crossing Easement Area; provided, however, Grantee shall promptly repair any damage to the Storm Water Crossing Easement Area to the extent caused by Grantee. Grantor shall keep the Storm Water Crossing Easement Area clear from any structures or obstacles that will make the area inaccessible. Except for the foregoing, Grantor shall continue to have the right to use the Storm Water Crossing Easement Area in any manner desired by Grantor so long as any such use does not unreasonably interfere with the rights granted to Grantee hereunder; and

1.2 a non-exclusive, perpetual easement for ingress and egress ("**Sewer Crossing Easement**", and together with the Storm Water Crossing Easement, collectively, "**Easement**") over that certain portion of Glenbriar Drive described on **Exhibit "C-1"** attached hereto and depicted on **Exhibit "C-2"** attached hereto ("**Sewer Crossing Easement Area**") for the purpose of maintaining and repairing, as necessary, the Sewer Crossing. Grantor shall be responsible for maintaining the Sewer Crossing Easement Area; provided, however, Grantee shall promptly repair any damage to the Sewer Crossing Easement Area to the extent caused by

Grantee. Grantor shall keep the Sewer Crossing Easement Area clear from any structures or obstacles that will make the area inaccessible. Except for the foregoing, Grantor shall continue to have the right to use the Sewer Crossing Easement Area in any manner desired by Grantor so long as any such use does not unreasonably interfere with the rights granted to Grantee hereunder.

2. **Encroachment Permit**. Notwithstanding anything to the contrary contained herein, in the event the Storm Water Crossing and/or Sewer Crossing require maintenance, Grantee shall submit to Grantor an application for an encroachment permit, which Grantor hereby agrees to promptly approve and issue to Grantee.

3. **Miscellaneous**.

3.1 Notices. All notices or other communications between Grantee and Grantor required or permitted hereunder shall be in writing and personally delivered or sent by certified mail, return receipt requested and prepaid, or sent by reputable overnight courier (such as Federal Express, UPS or DHL) or sent by email to the following addresses:

If to Grantor:

The City of Tracy
_____
_____
Attention: _____
Email: _____

If to Grantee:

Valpico Tracy Apartments, LLC
5780 Fleet Street, Suite 225
Carlsbad, California 92008
Attention: Adam Knowlton and Alex Glick
Email: AKnowlton@guardian-capital.com and AGlick@guardian-capital.com

Either party may change the address to which notices are to be given to it by giving notice of such change of address in the manner set forth above for giving notice.

3.1 Covenants Running with the Land. The maintenance obligations and Easement rights granted herein shall run with the land. However, the provisions of this Agreement shall not be deemed to constitute a dedication for public use, nor to create any rights in the general public or any third party. It is the intention of the parties that this Agreement shall be strictly limited to and for the purposes expressed herein. This Agreement is intended for the exclusive benefit of the parties hereto and their respective successors and assigns.

3.2 Further Assurances. Each party agrees to execute and deliver such additional documents and instruments as may be necessary or desirable to carry out the provisions of this Agreement.

3.3 Successor and Assigns. The benefits and obligations granted and imposed in this Agreement shall be binding on and inure to the benefit of the parties and their respective successors and assigns.

3.4 Governing Law; Severability; No Waiver; Amendment. This Agreement shall be governed by and construed in accordance with the laws of the State of California. If any provision of this Agreement shall be invalid or unenforceable to any extent, the remainder of this Agreement shall not be affected thereby and shall be enforced to the greatest extent permitted by law. This Agreement may only be amended by the written agreement of the parties, duly acknowledged by each, and recorded in the Official Records. No provision of this Agreement shall be deemed to have been waived unless such waiver is in writing.

3.5 Effectiveness. This Agreement, though executed on the date above written, shall only be effective upon, from and after its recording in the Official Records.

3.6 Counterparts. This Agreement may be executed in multiple counterparts, which when taken together, shall constitute one original document.

3.7 Attorneys' Fees. In the event of any legal action or other proceeding between the parties regarding or arising out of this Agreement, the prevailing party shall be entitled to the payment by the losing party of its reasonable attorneys' fees, court costs and litigation expenses, as determined by the court. The term "prevailing party" as used herein includes, without limitation, a party: (a) who obtains substantially the relief it has sought, or (b) against whom an action is dismissed (with or without prejudice).

[SIGNATURES ON FOLLOWING PAGE]

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the date first above written.

EXHIBIT "A-1"

PROPERTY DESCRIPTION

The land referred to herein is situated in the City of Tracy, the County of San Joaquin, State of California, and is described as follows:

Parcel A1:

All that certain real property situated in the City of Tracy, County of San Joaquin, State of California, being the lands of Valpico Tracy Apartments as described in Document No. 2020-024778, and a portion of the lands of White as described in Document No. 1994-085364, San Joaquin County Records, being more particularly described as follows:

Beginning at the Northwesterly corner of said lands of white, thence along the Westerly line of said lands South 89°25'53" East, 55.23 feet;

Thence across said lands South 00°00'00" East, 240.01 feet to the Southerly lines of said lands;

Thence along the Southerly line North 89°25'53" West, 56.29 feet to the Southwesterly corner of said lands;

Thence along the Easterly line of said lands of Valpico Tracy Apartments South 00°15'07" West, 201.42 feet to a point on the Northerly line of Valpico Road;

Thence along the Northerly line of Valpico Road the following three (3) courses:

1. North 89°36'40" West, 866.34 feet;

2. South 00°15'36" West, 60.00 feet;

3. Thence North 89°36'40" West, 249.80 feet, to the Southwesterly corner of said lands of Valpico Tracy Apartments;

Thence along the Westerly line of said lands North 00°15'36" East, 499.71 feet, to the Northwesterly corner of said lands of Valpico Tracy Apartments;

Thence along the Northerly line of said lands the following two (2) courses:

1. South 89°41'15" East, 782.79 feet;

2. Thence South 89°43'33" East, 333.28 feet, to the point of beginning.

Also described as resultant Parcel A of Certificate of Compliance for Lot Line adjustment owner's Certificate LLA No. MS-LD22-0035 as recorded 01/18/2023 as Instrument No. 2023-4201 of Official Records.

Parcel A2:

Non-exclusive easements for free and reasonable vehicular and pedestrian access, ingress, and egress as created by Access Easement Agreement recorded September 28, 2001, as Instrument 2001-158512, of Official Records of San Joaquin County, subject to the Terms, Conditions, and Restrictions set forth in such agreement (2001-158512) pertaining to the use or exercise of such easement.

Parcel A3:

Non-exclusive easements as contained in Declaration of Easements with Covenants and Restrictions Affecting Land recorded September 28, 2001, as Instrument 2001-158513, of Official Records of San Joaquin County, subject to the terms, Conditions, and Restrictions set forth in such declaration (2001 158513) pertaining to the use or exercise of such easement.

Parcel A4:

An exclusive slope easement, appurtenant to Parcel A of that certain Parcel Map thereof filed for record March 26, 1976 in Book 2 of Parcel Maps, at Page 136, San Joaquin County Records, hereinabove, as set forth and more particularly described in that certain Slope Easement Deed, dated November 5, 2019, and recorded November 5, 2019, as Instrument 2019-127695, of Official Records of San Joaquin County, subject to the Terms, Conditions, and Restrictions set forth in such Slope Easement Deed (2019-127695) pertaining to the use or exercise of such easement.

Parcel A5:

An Non-Exclusive drainage easement, appurtenant to Parcel One, hereinabove, as set forth and more particularly described in that certain Drainage Easement Deed, dated November 5, 2019, and recorded November 5, 2019, as Instrument 2019-127696, of Official Records of San Joaquin County, subject to the Terms, Conditions, and Restrictions set forth in such Drainage Easement Deed (2019-127696) pertaining to the use or exercise of such easement.

IRREVOCABLE OFFER OF DEDICATION OF FEE INTEREST

For A Valuable Consideration, receipt of which is hereby acknowledged, VALPICO TRACY APARTMENTS, LLC, a Delaware limited liability company common ("**Grantor**"), represents that, as the owner of that certain real property described on Exhibit C attached hereto ("**Property**"), and subject to the satisfaction of the Dedication Condition (as hereinafter defined), Grantor hereby makes an Irrevocable Offer of Dedication of fee interest to THE CITY OF TRACY, A MUNICIPAL CORPORATION ("**Grantee**"), the hereinafter described real property for the following public purpose:

> Public Right of Way purposes, including without limitation, roadway and utility purposes, over, under, along and across the property described in Exhibit A and depicted in Exhibit B.

*The real property referred to above ("**IOD Area**") is situated in the City of Tracy, County of San Joaquin, State of California and is more particularly described as follows:*

SEE ATTACHED:

EXHIBIT A FOR LEGAL DESCRIPTION OF IOD AREA

EXHIBIT B FOR PLAT OF IOD AREA

This Offer of Dedication is made pursuant to Section 7050 of the Government Code of the State of California and may be accepted at any time by the City of Tracy.

Notwithstanding the foregoing or anything to the contrary herein, the foregoing dedication of the IOD Area ("**Dedication**") is expressly conditioned upon the City (at its cost) connecting the IOD Area to that certain public street known as Derone Lane shown on Exhibit B attached hereto ("**Dedication Condition**"). In the event the Dedication Condition occurs, the Dedication shall be subject and subordinate to all matters of record or apparent, improvements, contracts, leases, licenses, encumbrances, and claims of title affecting the IOD Area as of the date the Dedication Condition is satisfied.

Grantor shall be responsible for maintaining the IOD Area prior to the Dedication Condition being satisfied. In the event the Dedication Condition occurs and the IOD Area is thereby dedicated to the City for use as a public street, the grantor will provide a form

of perpetual funding as described in the original project Conditions of Approval for Development Review Application D19-0018, Section 20, and the City shall automatically become fully responsible for maintaining the IOD Area utilizing the approved perpetual funding source for maintenance.

This Offer of Dedication of fee interest shall be irrevocable and shall be binding on Grantor, Grantee, and each of their heirs, executors, administrators, successors and assigns. Except as expressly set forth herein, the City and its successors or assigns shall incur no liability with respect to this offer of dedication, and shall not assume any responsibility for the Property or any improvements thereon, until this offer has been accepted by the City of Tracy.

The Dedication rights granted herein shall run with the land. However, in the event the Dedication Condition is not satisfied, the provisions of this Offer of Dedication shall not be deemed to constitute a dedication for public use, nor to create any rights in the general public or any third party (including Grantee). It is the intention of the parties that this Offer of Dedication shall be strictly limited to and for the purposes expressed herein. This Offer of Dedication is intended for the exclusive benefit of the parties hereto and their respective successors and assigns.

Each party agrees to execute and deliver such additional documents and instruments as may be necessary or desirable to carry out the provisions of this Offer of Dedication.

This Offer of Dedication shall be governed by and construed in accordance with the laws of the State of California. If any provision of this Offer of Dedication shall be invalid or unenforceable to any extent, the remainder of this Offer of Dedication shall not be affected thereby and shall be enforced to the greatest extent permitted by law. This Offer of Dedication may only be amended by the written agreement of the parties, duly acknowledged by each, and recorded in the Official Records of San Joaquin County, California. No provision of this Offer of Dedication shall be deemed to have been waived unless such waiver is in writing. Should either party hereto institute any action or proceeding to enforce any provisions hereof or for damages by reason of the breach, default or liability of the other party arising out of any provision of this Offer of Dedication, the prevailing party shall be entitled to recover costs of suit and reasonable attorneys' fees.

This Offer of Dedication, though executed on the date above written, shall only be effective upon, from and after its recording in the Official Records of San Joaquin County, California.

GRANT OF EASEMENT
(Emergency Vehicle Access)

FOR A VALUABLE CONSIDERATION, receipt of which is hereby acknowledged, VALPICO TRACY APARTMENTS, LLC, a Delaware limited liability company ("**Grantor**"), hereby grants to the CITY OF TRACY, a municipal corporation ("**Grantee**"), a non-exclusive, perpetual easement to establish emergency vehicle access service to that certain real property owned by Grantor and situated in the City of Tracy, County of San Joaquin, State of California, which is more particularly described on Exhibit "A" attached hereto and incorporated by reference herein (the "**Property**").

Said easement shall be in the location described on Exhibit "B" attached hereto and illustrated on Exhibit "C" attached hereto (the "**Easement Area**"). The foregoing easement right to use the Easement Area is sometimes referred to herein as the "**Easement.**"

The purpose of the Easement is to satisfy the emergency vehicle access requirements imposed on Grantor by Grantee as a condition of approval of Grantor's development of property in the City of Tracy, by permitting police, fire and other emergency vehicles and personnel of all types access to the Property, by traversing the Easement Area.

The Easement granted herein is and shall be subject and subordinate to all matters of record or apparent, improvements, contracts, leases, licenses, encumbrances, and claims of title affecting the Easement Area as of the date this Grant of Easement is recorded in the Official Records of San Joaquin County, California. Grantor shall keep the Easement Area clear from any structures or obstacles that will make the area inaccessible. Except for the foregoing, Grantor shall continue to have the right to use the Easement Area in any manner desired by Grantor so long as any such use does not unreasonably interfere with the rights granted to Grantee hereunder.

Grantor shall be responsible for maintaining the Easement Area.

The Easement rights granted herein shall run with the land. However, the provisions of this Grant of Easement shall not be deemed to constitute a dedication for public use, nor to create any rights in the

general public or any third party. It is the intention of the parties that this Grant of Easement shall be strictly limited to and for the purposes expressed herein. This Grant of Easement is intended for the exclusive benefit of the parties hereto and their respective successors and assigns. Each party agrees to execute and deliver such additional documents and instruments as may be necessary or desirable to carry out the provisions of this Grant of Easement.

This Grant of Easement shall be governed by and construed in accordance with the laws of the State of California. This Grant of Easement may only be amended by the written agreement of the parties, duly acknowledged by each, and recorded in the Official Records of San Joaquin County, California. No provision of this Grant of Easement shall be deemed to have been waived unless such waiver is in writing.

This Grant of Easement, though executed on the date above written, shall only be effective upon, from and after its recording in the Official Records of San Joaquin County, California. This Grant of Easement may be executed in multiple counterparts, which when taken together, shall constitute one original document.

Notwithstanding anything to the contrary herein, in the event the Easement Area is dedicated for use as a public street or other public use, this Grant of Easement shall terminate automatically as of the effective date of such dedication and shall no longer be of any force or effect. In connection with the foregoing, Grantor and Grantee shall execute any such commercially reasonable instruments as may be necessary to effect such termination.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, the undersigned has executed this Grant of Easement (Emergency Vehicle Access) as of June 7, 2024.

APPROVED AS TO FORM AND LEGALITY

_____
CITY ATTORNEY'S OFFICE

TRACY CITY COUNCIL

RESOLUTION 2024-_____

---

(1) ACCEPTING PUBLIC IMPROVEMENTS AS COMPLETE FOR VELA VIEW APARTMENTS, CONSTRUCTED BY VALPICO TRACY APARTMENTS, LLC (DEVELOPER), (2) AUTHORIZING THE CITY CLERK TO FILE THE NOTICE OF COMPLETION WITH THE OFFICE OF THE SAN JOAQUIN COUNTY RECORDER, (3) AUTHORIZING THE CITY ENGINEER TO RELEASE BONDS IN ACCORDANCE WITH AGREEMENTS AND LAW, (4) ACCEPTING LAND DEDICATIONS FROM THE DEVELOPER, AND (5) APPROVING A CONDITIONAL OFFSITE IMPROVEMENT AGREEMENT WITH THE DEVELOPER FOR FUTURE IMPROVEMENTS.

WHEREAS, on October 1, 2019, by Resolution 2019-195, City Council approved Development Review Permit Application D19-0018 for a 264-unit residential apartment project on approximately 11.62 acres on the north side of Valpico Road at Glenbriar Drive; and

WHEREAS, on April 24, 2020, pursuant to Urgency Ordinance No. 1285, the City Manager approved an Inspection and Improvement Agreement with Developer, allowing construction of offsite improvements to proceed prior to formal approval of offsite improvement plans; and

WHEREAS, on December 15, 2021, pursuant to Urgency Ordinance No. 1285, the City Manager approved an Offsite Improvement Agreement (OIA) for construction of offsite improvements; and

WHEREAS, on December 6, 2022, by Resolution 2022-195, City Council approved Development Review Permit Application D22-0005, allowing perimeter fencing of the site and a gated entrance on Glenbriar Drive; the gated entrance design was incorporated in offsite improvement plans previously approved by City Council; and

WHEREAS, on May 4, 2023, the City and Developer entered into a Public Landscape Maintenance Agreement by which Developer is responsible for future maintenance costs of public landscaping improvements along the Valpico Road project frontage; and

WHEREAS, the Developer has completed all the work required to be done in accordance with the OIA and has requested acceptance of the subdivision's public improvements; and

WHEREAS, the City Engineer has inspected the completed work and confirmed that the improvements conform to the OIA and City plans and specifications; and

WHEREAS, Developer furnished Faithful Performance, Labor and Material, and Warranty bonds assuring completion of the work; and

WHEREAS, the estimated cost of the improvements is as follows:

Cost Breakdown:	
Roadway Improvements	$ 558,118
Water	$ 42,420
Storm Drainage	$ 62,733
Sanitary Sewer	$ 3,124
Street Lighting	$ 91,025
Traffic Signal	$ 192,500
Landscaping	$ 12,100
Land Value	$ 34,000
Total	**$ 996,020**; and

WHEREAS, additional public right-of-way and easement dedications were necessary to accommodate the improvements required under the OIA and the project Conditions of Approval (COAs), per Development Review Permit Application D19-0018; and

WHEREAS, pursuant to the COAs, the Developer has submitted an Irrevocable Offer of Dedication for Glenbriar Drive north of Valpico Road (**Exhibit 1**), a grant deed for Valpico Road right of way (**Exhibit 2**), a public utility easement (**Exhibit 3**), and an Emergency Vehicle Access Easement (**Exhibit 4**) over Glenbriar Drive, all to be recorded at the San Joaquin County Recorder's office upon City Council acceptance; and

WHEREAS, pursuant to the COAs, item C.4, of Development Review Permit Application D19-0018, the Developer is required to execute a Deferred Improvement Agreement (DIA) prior to issuance of Certificate of Occupancy; and

WHEREAS, staff recommends that the DIA be superseded by a Conditional Offsite Improvement Agreement (COIA); and

WHEREAS, the COIA will guarantee the implementation of certain improvements that could not be practically implemented until a future date; and

WHEREAS, pursuant to COA item C.8, Developer must retain onsite stormwater runoff until such time as Detention Basin 2B and the permanent storm drain piping to Detention Basin 2B has been constructed, made operational, and made available for connection; and

WHEREAS, at that time, the Developer will be required to complete the installation of the Project's permanent storm drainage connection; and

WHEREAS, pursuant to COA item C.4.e., at such time as the City takes future fee ownership of Glenbriar Drive, City will grant utility crossing easements to the Developer so that the Developer can maintain private sanitary sewer and storm drain piping crossing Glenbriar Drive; and

WHEREAS, the utility easements shall be granted to the Developer via City's execution of a Private Utility Crossing Easement Agreement (PUC Agreement) between the City and the Developer and in order to guarantee that the Developer follows through with their obligation to execute the PUC Agreement, said agreement will be included as an exhibit of the Project's COIA; and

WHEREAS, the approval of Development Review Application D22-0005 included additional COAs containing public improvements, amongst other things, that could not be practically implemented until a future date, to be included in the COIA; and

WHEREAS, pursuant to COA item C.7.8(i), Glenbriar Drive, north of Valpico Road, will be maintained as a private street until such time as the City extends Glenbriar Drive north to connect with Derone Drive in Ventana Subdivision and at that time, the City will take ownership of Glenbriar Drive, and it will become a public street; and

WHEREAS, at that time the Developer will be required to make certain modifications to Glenbriar Drive, including the removal of the privacy gate, restoration of the median island, and removal of the barricade & guardrail at the north end of Glenbriar Drive; and

WHEREAS, the COIA is a legally binding mechanism guaranteeing the Developer's construction of the off-site improvements; and now, therefore be it

RESOLVED: That the Tracy City Council, hereby accepts the public improvements for Vela Apartments in accordance with the OIA and assumes responsibility for their future maintenance and repair of all public improvements, except for the items indicated in the Public Landscaping Maintenance Agreement; and be it

FURTHER RESOLVED: That the City Council authorizes the City Engineer to release the bonds in accordance with the terms of the OIA; and be it

FURTHER RESOLVED: That the City Council authorizes the City Clerk to file the Notice of Completion with the San Joaquin County Recorder's Office; and be it

FURTHER RESOLVED: That the Tracy City Council accepts the Irrevocable Offer of Dedication of Glenbriar Drive, a fee conveyance by grant deed of Valpico Road, a public utility easement, and an Emergency Vehicle Access Easement from the Developer, attached respectively as **Exhibits 1-4;** and be it

FURTHER RESOLVED: That the Tracy City Council approves a Conditional Offsite Improvement Agreement with the Developer attached as **Exhibit 5** and authorizes the City Clerk to file such agreement with the San Joaquin County Recorder's Office; and be it

FURTHER RESOLVED: The recommended actions are exempt from CEQA (California Environmental Quality Act) compliance under Section 15061(b)(3) of the CEQA Guidelines (14 Cal. Code Regs. § 15061(b)(3)) because it can be seen with certainty that there is no possibility that such actions may have a significant effect on the environment.

IRREVOCABLE OFFER OF DEDICATION OF FEE INTEREST

For A Valuable Consideration, receipt of which is hereby acknowledged, VALPICO TRACY APARTMENTS, LLC, a Delaware limited liability company common ("**Grantor**"), represents that, as the owner of that certain real property described on Exhibit C attached hereto ("**Property**"), and subject to the satisfaction of the Dedication Condition (as hereinafter defined), Grantor hereby makes an Irrevocable Offer of Dedication of fee interest to THE CITY OF TRACY, A MUNICIPAL CORPORATION ("**Grantee**"), the hereinafter described real property for the following public purpose:

> Public Right of Way purposes, including without limitation, roadway and utility purposes, over, under, along and across the property described in Exhibit A and depicted in Exhibit B.

*The real property referred to above ("**IOD Area**") is situated in the City of Tracy, County of San Joaquin, State of California and is more particularly described as follows:*

SEE ATTACHED:

EXHIBIT A FOR LEGAL DESCRIPTION OF IOD AREA

EXHIBIT B FOR PLAT OF IOD AREA

This Offer of Dedication is made pursuant to Section 7050 of the Government Code of the State of California and may be accepted at any time by the City of Tracy.

Notwithstanding the foregoing or anything to the contrary herein, the foregoing dedication of the IOD Area ("**Dedication**") is expressly conditioned upon the City (at its cost) connecting the IOD Area to that certain public street known as Derone Lane shown on Exhibit B attached hereto ("**Dedication Condition**"). In the event the Dedication Condition occurs, the Dedication shall be subject and subordinate to all matters of record or apparent, improvements, contracts, leases, licenses, encumbrances, and claims of title affecting the IOD Area as of the date the Dedication Condition is satisfied.

Grantor shall be responsible for maintaining the IOD Area prior to the Dedication Condition being satisfied. In the event the Dedication Condition occurs and the IOD Area is thereby dedicated to the City for use as a public street, the grantor will provide a form

of perpetual funding as described in the original project Conditions of Approval for Development Review Application D19-0018, Section 20, and the City shall automatically become fully responsible for maintaining the IOD Area utilizing the approved perpetual funding source for maintenance.

This Offer of Dedication of fee interest shall be irrevocable and shall be binding on Grantor, Grantee, and each of their heirs, executors, administrators, successors and assigns. Except as expressly set forth herein, the City and its successors or assigns shall incur no liability with respect to this offer of dedication, and shall not assume any responsibility for the Property or any improvements thereon, until this offer has been accepted by the City of Tracy.

The Dedication rights granted herein shall run with the land. However, in the event the Dedication Condition is not satisfied, the provisions of this Offer of Dedication shall not be deemed to constitute a dedication for public use, nor to create any rights in the general public or any third party (including Grantee). It is the intention of the parties that this Offer of Dedication shall be strictly limited to and for the purposes expressed herein. This Offer of Dedication is intended for the exclusive benefit of the parties hereto and their respective successors and assigns.

Each party agrees to execute and deliver such additional documents and instruments as may be necessary or desirable to carry out the provisions of this Offer of Dedication.

This Offer of Dedication shall be governed by and construed in accordance with the laws of the State of California. If any provision of this Offer of Dedication shall be invalid or unenforceable to any extent, the remainder of this Offer of Dedication shall not be affected thereby and shall be enforced to the greatest extent permitted by law. This Offer of Dedication may only be amended by the written agreement of the parties, duly acknowledged by each, and recorded in the Official Records of San Joaquin County, California. No provision of this Offer of Dedication shall be deemed to have been waived unless such waiver is in writing. Should either party hereto institute any action or proceeding to enforce any provisions hereof or for damages by reason of the breach, default or liability of the other party arising out of any provision of this Offer of Dedication, the prevailing party shall be entitled to recover costs of suit and reasonable attorneys' fees.

This Offer of Dedication, though executed on the date above written, shall only be effective upon, from and after its recording in the Official Records of San Joaquin County, California.

PUBLIC UTILITY EASEMENT DEED

FOR VALUABLE CONSIDERATION, receipt of which is hereby acknowledged, the undersigned, VALPICO TRACY APARTMENTS, LLC, a Delaware limited liability company ("**Grantor**"), as owner of that certain real property described on **Exhibit C** attached hereto ("**Grantor Property**"), does hereby grant to the CITY OF TRACY, a municipal corporation, and its successors or assigns ("**Grantee**"), a perpetual easement and right-of-way for, and the right to use for PUBLIC UTILITY EASEMENT purposes, and those appurtenances and uses commonly associated therewith, through, in, on, over, above, under and across that certain portion of the Grantor Property situated in the City of Tracy, County of San Joaquin, State of California, more particularly described on **Exhibits A-1** and **A-2** and illustrated on **Exhibit B-1** and **B-2** attached hereto and made a part hereof by this reference (collectively, "**Easement Area**"). The easement rights granted herein include the following: (a) the right of Grantee to install and maintain any and all necessary PG&E and Telecom utility facilities on the Easement Area, including, but not limited to, poles, wires and conduits for electrical, telephone, communication, television, gas, storm, sanitary, and water services; provided, however, the foregoing shall not interfere with Grantor's use of the Property; (b) Grantee's rights of ingress and egress from the Easement Area herein described and across the Grantor Property for all purposes useful or convenient in connection with the exercise of the rights herein granted to Grantee, at locations which shall not interfere with Grantor's reasonable use of its remainder Grantor Property; (c) the right of Grantee to construct, reconstruct, repair, replace, operate and maintain said facilities in the Easement Area and the right of Grantee to enter upon, pass and re-pass over, along, and beside said Easement Area and right-of-way; provided, however, Grantee shall not unreasonably interfere with Grantor's use of the Grantor Property; and (d) the reasonable right of Grantee to temporarily deposit tools, implements and material on the Easement Area while such tools, implements and materials are actively in use by Grantee.

The rights granted herein are for the benefit of Grantee, its officers, agents, employees, successors or assigns, or by any contractor, its agents or employees, engaged by said Grantee, whenever and wherever necessary for the purposes above set forth.

Grantor shall not plant any trees or bushes within or erect, construct or install any fence, wall, irrigation or any other type of structure, improvement or private utilities over, across or upon said Easement Area and right-of-way without first obtaining written permission from Grantee,

which shall not be unreasonably withheld. Grantor shall keep the Easement Area clear from any obstacles that will make the area un-accessible. Except for the foregoing, Grantor shall continue to have the right to use the Easement Area in any manner desired by Grantor so long as any such use does not unreasonably interfere with the rights granted to Grantee hereunder.

Grantor shall be responsible for maintaining the Easement Area; provided, however, Grantee shall promptly repair any damage to Easement Area to the extent caused by Grantee. Grantee shall indemnify, defend, and hold Grantor and its respective lenders and/or assigns, harmless from and against any actually incurred claims, costs, and liabilities, including legal costs and attorneys' fees, directly arising from Grantee's exercise of any Easement rights granted herein or Grantee's use of the Easement Area.

The conveyance of said easement and right-of-way is made for the benefit of all parties who have or may acquire any right, title, or interest in any part of the above-described real property. However, the provisions of this Public Utility Easement Deed shall not be deemed to constitute a dedication for public use, nor to create any rights in the general public or any third party. It is the intention of the parties that this Public Utility Easement Deed shall be strictly limited to and for the purposes expressed herein. This conveyance is binding on the Grantor, Grantee, and each of their heirs, assigns or successors in interest. Each party agrees to execute and deliver such additional documents and instruments as may be necessary or desirable to carry out the provisions of this Public Utility Easement Deed.

This Public Utility Easement Deed shall be governed by and construed in accordance with the laws of the State of California. If any provision of this Public Utility Easement Deed shall be invalid or unenforceable to any extent, the remainder of this Public Utility Easement Deed shall not be affected thereby and shall be enforced to the greatest extent permitted by law. This Public Utility Easement Deed may only be amended by the written agreement of the parties, duly acknowledged by each, and recorded in the Official Records of San Joaquin County, California. No provision of this Public Utility Easement Deed shall be deemed to have been waived unless such waiver is in writing. Should either party hereto institute any action or proceeding to enforce any provisions hereof or for damages by reason of the breach, default or liability of the other party arising out of any provision of this Public Utility Easement Deed, the prevailing party shall be entitled to recover costs of suit and reasonable attorneys' fees.

This Public Utility Easement Deed, though executed on the date above written, shall only be effective upon, from and after its recording in the Official Records of San Joaquin County, California.

93. NORTH 89°36'40" WEST, 165.37 FEET, TO THE **POINT OF BEGINNING** OF PARCEL A;

CONTAINING 1.59 ACRES MORE OR LESS.

PARCEL B

COMMENCING FROM THE HEREINABOVE MENTIONED **POINT A**, THENCE SOUTH 89°36'40" EAST, 40.23 FEET, TO THE **POINT OF BEGINNING**;

THENCE CONTINUING WITHIN SAID LANDS, THE FOLLOWING FOUR (4) COURSES:

1. NORTH 0°00'00" EAST, 2.05 FEET;
2. NORTH 90°00'00" EAST, 9.50 FEET;
3. SOUTH 0°00'00" EAST, 2.11 FEET, TO A POINT HEREAFTER REFERRED TO AS **POINT B**;
4. THENCE NORTH 89°36'40" WEST, 9.50 FEET, TO THE **POINT OF BEGINNING** OF PARCEL B.

CONTAINING 20 SQUARE FEET MORE OR LESS.

PARCEL C

COMMENCING FROM THE HEREINABOVE MENTIONED **POINT B**, THENCE SOUTH 89°36'40" EAST, 206.83 FEET, TO THE **POINT OF BEGINNING**;

THENCE CONTINUING WITHIN SAID LANDS THE FOLLOWING FOUR (4) COURSES:

1. NORTH 0°00'00" EAST, 25.77 FEET;
2. NORTH 90°00'00" EAST, 6.00 FEET;

3. SOUTH 0°00'00" EAST, 25.81 FEET;

4. THENCE NORTH 89°36'40" WEST, 6.00 FEET, TO THE **POINT OF BEGINNING** OF PARCEL C.

CONTAINING 155 SQUARE FEET MORE OR LESS.

LEGAL DESCRIPTION
OF EASEMENT AREA

ALL THAT CERTAIN REAL PROPERTY SITUATED IN THE CITY OF TRACY, COUNTY OF SAN JOAQUIN, STATE OF CALIFORNIA, BEING A PORTION OF THE LANDS OF VALPICO GLEN BRIAR APARTMENTS AS DESCRIBED IN DOCUMENT NO. 2020-024778, SAN JOAQUIN COUNTY RECORDS, BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

RIGHT OF WAY DEDICATION

BEGINNING AT THE SOUTHWESTERLY CORNER OF SAID LANDS, THENCE ALONG THE WESTERLY LINE OF SAID PARCEL 1 NORTH 0°15'36" EAST, 60.00 FEET, TO A POINT HEREAFTER REFERRED TO AS **POINT A**;

THENCE LEAVING SAID WESTERLY LINE AND ENTERING SAID LANDS SOUTH 89°36'40" EAST, 249.80 FEET, TO A POINT ON THE SOUTHERLY LINE OF SAID LANDS;

THENCE ALONG SAID SOUTHERLY LINE THE FOLLOWING TWO (2) COURSES:

1. SOUTH 0°15'36" WEST, 60.00 FEET;
2. THENCE NORTH 89°36'40" WEST, 249.80 FEET, TO THE **POINT OF BEGINNING**;

CONTAINING 14,988 SQUARE FEET, MORE OR LESS.

TOGETHER WITH

PUBLIC UTILITY EASEMENT

BEGINNING FROM THE HEREINABOVE MENTIONED **POINT A**, ALONG THE WESTERLY LINE OF SAID LANDS OF VALPICO GLEN BRIAR APARTMENTS NORTH 0°15'36" EAST, 10.00 FEET;

THENCE LEAVING SAID WESTERLY LINE AND ENTERING SAID LANDS THE FOLLOWING SIX (6) COURSES:

1. SOUTH 89°36'40" EAST, 225.89 FEET;
2. NORTH 0°00'00" EAST, 6.93 FEET;
3. NORTH 90°00'00" EAST, 21.59 FEET;
4. SOUTH 18°07'15" EAST, 7.46 FEET;
5. SOUTH 0°23'20" WEST, 10.00 FEET;
6. NORTH 89°36'40" 249.80 FEET, TO THE **POINT OF BEGINNING.**

CONTAINING 2,657 SQUARE FEET, MORE OR LESS.

GRANTOR PROPERTY

The land referred to herein is situated in the City of Tracy, the County of San Joaquin, State of California, and is described as follows:

Parcel A1:

All that certain real property situated in the City of Tracy, County of San Joaquin, State of California, being the lands of Valpico Tracy Apartments as described in Document No. 2020-024778, and a portion of the lands of White as described in Document No. 1994-085364, San Joaquin County Records, being more particularly described as follows:

Beginning at the Northwesterly corner of said lands of white, thence along the Westerly line of said lands South 89°25'53" East, 55.23 feet;

Thence across said lands South 00°00'00" East, 240.01 feet to the Southerly lines of said lands;

Thence along the Southerly line North 89°25'53" West, 56.29 feet to the Southwesterly corner of said lands;

Thence along the Easterly line of said lands of Valpico Tracy Apartments South 00°15'07" West, 201.42 feet to a point on the Northerly line of Valpico Road;

Thence along the Northerly line of Valpico Road the following three (3) courses:

1. North 89°36'40" West, 866.34 feet;

2. South 00°15'36" West, 60.00 feet;

3. Thence North 89°36'40" West, 249.80 feet, to the Southwesterly corner of said lands of Valpico Tracy Apartments;

Thence along the Westerly line of said lands North 00°15'36" East, 499.71 feet, to the Northwesterly corner of said lands of Valpico Tracy Apartments;

Thence along the Northerly line of said lands the following two (2) courses:

1. South 89°41'15" East, 782.79 feet;

2. Thence South 89°43'33" East, 333.28 feet, to the point of beginning.

Also described as resultant Parcel A of Certificate of Compliance for Lot Line adjustment owner's Certificate LLA No. MS-LD22-0035 as recorded 01/18/2023 as Instrument No. 2023-4201 of Official Records.

Parcel A2:

Non-exclusive easements for free and reasonable vehicular and pedestrian access, ingress, and egress as created by Access Easement Agreement recorded September 28, 2001, as Instrument 2001-158512, of Official Records of San Joaquin County, subject to the Terms, Conditions, and Restrictions set forth in such agreement (2001-158512) pertaining to the use or exercise of such easement.

Parcel A3:

Non-exclusive easements as contained in Declaration of Easements with Covenants and Restrictions Affecting Land recorded September 28, 2001, as Instrument 2001-158513, of Official Records of San Joaquin County, subject to the terms, Conditions, and Restrictions set forth in such declaration (2001 158513) pertaining to the use or exercise of such easement.

Parcel A4:

An exclusive slope easement, appurtenant to Parcel A of that certain Parcel Map thereof filed for record March 26, 1976 in Book 2 of Parcel Maps, at Page 136, San Joaquin County Records, hereinabove, as set forth and more particularly described in that certain Slope Easement Deed, dated November 5, 2019, and recorded November 5, 2019, as Instrument 2019-127695, of Official Records of San Joaquin County, subject to the Terms, Conditions, and Restrictions set forth in such Slope Easement Deed (2019-127695) pertaining to the use or exercise of such easement.

Parcel A5:

An Non-Exclusive drainage easement, appurtenant to Parcel One, hereinabove, as set forth and more particularly described in that certain Drainage Easement Deed, dated November 5, 2019, and recorded November 5, 2019, as Instrument 2019-127696, of Official Records of San Joaquin County, subject to the Terms, Conditions, and Restrictions set forth in such Drainage Easement Deed (2019-127696) pertaining to the use or exercise of such easement.

GRANT OF EASEMENT
(Emergency Vehicle Access)

FOR A VALUABLE CONSIDERATION, receipt of which is hereby acknowledged, VALPICO TRACY APARTMENTS, LLC, a Delaware limited liability company ("**Grantor**"), hereby grants to the CITY OF TRACY, a municipal corporation ("**Grantee**"), a non-exclusive, perpetual easement to establish emergency vehicle access service to that certain real property owned by Grantor and situated in the City of Tracy, County of San Joaquin, State of California, which is more particularly described on Exhibit "A" attached hereto and incorporated by reference herein (the "**Property**").

Said easement shall be in the location described on Exhibit "B" attached hereto and illustrated on Exhibit "C" attached hereto (the "**Easement Area**"). The foregoing easement right to use the Easement Area is sometimes referred to herein as the "**Easement.**"

The purpose of the Easement is to satisfy the emergency vehicle access requirements imposed on Grantor by Grantee as a condition of approval of Grantor's development of property in the City of Tracy, by permitting police, fire and other emergency vehicles and personnel of all types access to the Property, by traversing the Easement Area.

The Easement granted herein is and shall be subject and subordinate to all matters of record or apparent, improvements, contracts, leases, licenses, encumbrances, and claims of title affecting the Easement Area as of the date this Grant of Easement is recorded in the Official Records of San Joaquin County, California. Grantor shall keep the Easement Area clear from any structures or obstacles that will make the area inaccessible. Except for the foregoing, Grantor shall continue to have the right to use the Easement Area in any manner desired by Grantor so long as any such use does not unreasonably interfere with the rights granted to Grantee hereunder.

Grantor shall be responsible for maintaining the Easement Area.

The Easement rights granted herein shall run with the land. However, the provisions of this Grant of Easement shall not be deemed to constitute a dedication for public use, nor to create any rights in the

general public or any third party. It is the intention of the parties that this Grant of Easement shall be strictly limited to and for the purposes expressed herein. This Grant of Easement is intended for the exclusive benefit of the parties hereto and their respective successors and assigns. Each party agrees to execute and deliver such additional documents and instruments as may be necessary or desirable to carry out the provisions of this Grant of Easement.

This Grant of Easement shall be governed by and construed in accordance with the laws of the State of California. This Grant of Easement may only be amended by the written agreement of the parties, duly acknowledged by each, and recorded in the Official Records of San Joaquin County, California. No provision of this Grant of Easement shall be deemed to have been waived unless such waiver is in writing.

This Grant of Easement, though executed on the date above written, shall only be effective upon, from and after its recording in the Official Records of San Joaquin County, California. This Grant of Easement may be executed in multiple counterparts, which when taken together, shall constitute one original document.

Notwithstanding anything to the contrary herein, in the event the Easement Area is dedicated for use as a public street or other public use, this Grant of Easement shall terminate automatically as of the effective date of such dedication and shall no longer be of any force or effect. In connection with the foregoing, Grantor and Grantee shall execute any such commercially reasonable instruments as may be necessary to effect such termination.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, the undersigned has executed this Grant of Easement (Emergency Vehicle Access) as of June 7, 2024.

CITY OF TRACY
CONDITIONAL OFFSITE IMPROVEMENT AGREEMENT FOR
THE VELA APARTMENTS
FUTURE PUBLIC IMPROVEMENTS

This CONDITIONAL **OFFSITE IMPROVEMENT AGREEMENT** ("hereinafter **Agreement**") is made and entered into by and between the **CITY OF TRACY,** a municipal corporation ("**City**"), and Valpico Tracy Apartments, LLC, a Delaware Limited Liability Company ("**Developer**"). The effective date of this Agreement shall be the date on which City executes the Agreement ("**Effective Date**").

Recitals

A. Developer is the legal owner of that certain real property located at 351 East Valpico Road, designated with Assessor's Parcel Number(s) 246-140-24 and more particularly described in Exhibit "**A**" hereto (the "**Property**").

B. On October 1, 2019, pursuant to Resolution No. 2019-195 the Tracy City Council ("**City Council**") approved Development Review Application (D19-0018) for the proposed Vela Apartments (formerly Valpico-Glenbriar Apartments) Project ("**Project**"). The Project was subject to the specified conditions of approval dated as of August 14, 2019 attached hereto as Exhibit "**B-1**" ("**Original Conditions of Approval**"), which are incorporated herein by reference.

C. The Project proposed to construct a 264-unit residential apartment complex project on approximately 11.62 acres. The Project was increased to approximately 11.94 acres pursuant to that certain Certificate of Compliance for Lot Line Adjustment Owner's Certificate (LLA No. MS-LD22-0035) recorded on January 18, 2023 in the official records of San Joaquin County, California as Document Number 2023-004201.

D. In 2021, Katerra, Inc., the original developer of the Project, sold the Project to Valpico Tracy Apartments, LLC, the current Developer of the Project. The Developer proposed certain revisions and modifications to the approved Project, and on December 6, 2022, the City Council adopted Ordinance 1334, approving the Development Review Application (D22-0013) for the Project's "Parking Lot Expansion" and Resolution No. 2022-195, which approved the Development Review Application (D22-0005) for the addition of perimeter fencing and gates enclosing the entire 264-unit Valpico Apartment project site (the "**Perimeter Fencing/Access Control**"). Approval of the Parking Lot Expansion and Perimeter Fencing/Access Control was subject to certain Conditions of Approval ("**Additional Conditions of Approval**") dated as of December 6, 2022. The Additional Conditions of Approval are attached hereto as Exhibit "B-2" and are incorporated herein by reference, and together with the Original Conditions of Approval, are referred to as the "**Conditions of Approval**".

E. Sections C.4, C.7.a, and C.8 of the Original Conditions of Approval and Sections C.5 and C.7 of the Additional Conditions of Approval required the Developer execute a Deferred Improvement Agreement with the City ("**DIA**"). The DIA would guarantee that the Developer would construct certain Future Improvements (as defined below) at a later date due to factors that were and are outside of the Developer's control. As used herein, "**Future Improvements**" collectively means the following: (i) if applicable, completion of the Storm Drainage Connection (as defined below), and (ii) if applicable, completion of the Glenbriar Drive Improvements (as defined below).

F. As the Developer seeks to satisfy the Project's Conditions of Approval, the DIA required in the Original Conditions of Approval and Additional Conditions of Approval shall each be superseded by this Agreement and such requirements for the DIA shall be satisfied by this Agreement. The Developer's obligations to complete the Future Improvements are set forth in this Agreement and shall be governed by this Agreement.

G. Because approved plans for the Future Improvements are not available prior to the Effective Date, Developer has provided to City an initial engineer's estimate of the cost of developing the Future Improvements and the City Engineer has reviewed and approved that engineer's estimate (the "**Initial Engineer's Estimate**"). The Initial Engineer's Estimate is based upon the City's reasonable assumption of the range and amount of improvements within the Future Improvements and recent cost information provided in connection with development of the improvements in the Project.

H. Developer will provide security in the amount of the Initial Engineer's Estimate for the timely performance of Future Improvements, as set forth below.

I. The final plans for the Future Improvements have not been designed or approved as of the Effective Date. Upon the occurrence of the Storm Drainage Trigger and/or Glenbriar Drive Trigger, as described in Section 2 of this Agreement, the Developer shall submit improvement plans and specifications relating to the construction of the applicable Future Improvements, which work shall be approved by the City Engineer, and upon such approval, shall constitute the "**Work**". The location and details of the Work will be described fully in said future improvement plans and specifications, which upon approval by the City Engineer, shall be referred to as the "**Plans and Specifications**". The Plans and Specifications will be on file with the City Engineer and are automatically incorporated herein, upon approval by the City Engineer.

J. Because the Developer seeks to satisfy the Project's Conditions of Approval and the Work is an outstanding Condition, Developer has requested to execute this Agreement as authorized by Government Code Section 66462, to set forth binding terms and conditions by which Developer must complete the Work subsequent to the occurrence of the Storm Drainage Trigger and Glenbriar Drive Trigger, if applicable.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Confirmation of Obligation and Posting of Security Prior to Trigger Event**.

1.1. **Improvement Security.** Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 et seq. and Tracy Municipal Code Section 12.36.080, in the amount of $252,600.00 to secure faithful performance of this Agreement. The security shall be due and payable if construction of the Future Improvements have not commenced within the time provided in Section 2.

1.2. **Obligations Run With The Land.** All obligations and provisions of this Agreement shall run with the real property described in Exhibit "A" and shall bind the Developer and its respective successors and assigns.

2. **Offsite Improvement Agreement**

2.1. Scope of Work; Location. Upon the Storm Drainage Trigger and/or Glenbriar Drive Trigger, if applicable, Developer shall perform, or cause to be performed, the Work (or the then-applicable portion of the Work) in the manner and as described in the Plans and Specifications, to the satisfaction of the City Engineer pursuant to this Agreement. The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work (as set forth in the Plans and

Specifications) unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f).

Developer shall perform all applicable Work at the locations and grades shown on the Plans and Specifications. To the extent required by the Conditions of Approval or this Agreement, the parties hereto hereby confirm that Developer has either (a) acquired any necessary easement or right-of-way from the City for the Work, or (b) entered into a separate agreement with the City to acquire the necessary easement or right-of-way for the Work at Developer's expense.

A. Storm Drainage Connection

1. After receipt of written notification from the City Engineer that the downstream storm drainage pipeline and the permanent storm drainage detention facility planned to serve this Property and known as "Detention Basin 2B" has been constructed, made operational, and available for connection ("**Storm Drainage Trigger**"), the Developer shall complete installation of the Project's permanent storm drainage connection to such Detention Basin 2B, so that the Project's on-site storm drainage shall drain to the City's storm drainage system through such Detention Basin 2B, all at the Developer's sole cost and expense in accordance with the timeline set forth in Section 4.4 of this Agreement ("**Storm Drainage Connection**").

2. During the interim, prior to the completion of Detention Basin 2B and the associated public storm drainage system, the Developer shall be responsible for repairing, rectifying, and maintaining the trench infiltration system or the temporary storm drainage retention basin for the Project, if constructed to acceptable standards and to the satisfaction of the City Engineer.

3. The Developer will provide other means of disposing storm water for the Project such as a temporary storm drainage retention basin within the time specified by the City, if the trench infiltration system fails to function to the level or condition acceptable to the City, or fails to drain storm water as designed or intended to do as determined by the City Engineer, or if determined by the City that a temporary storm drainage retention basin is necessary to be constructed due to public health and safety reasons

B. Glenbriar Drive Improvements

Upon the execution of this Agreement, Developer shall record Irrevocable Offer of Dedication ("IOD") to the City in the form attached hereto as **Exhibit**

"E" to be recorded in the official records of San Joaquin County. Notwithstanding the foregoing, the City shall not accept the portion of Glenbriar Drive dedicated to the City via the IOD ("**IOD Area**") until the Derone Lane Condition (as defined below) has been satisfied.

1. Glenbriar Drive shall remain a private street until Glenbriar Drive is extended to the north (by party other than Developer) to that certain public street known as Derone Lane, so that Derone Lane connects to the IOD Area ("**Derone Lane Condition**").

2. The Developer shall maintain Glenbriar Drive at the Developer's sole cost and expense prior to acceptance of IOD Area by the City.

3. After receipt of written notification from the City Engineer that the Derone Lane Condition has been satisfied ("**Glenbriar Drive Trigger**"), Developer shall be responsible for and shall complete or cause to be completed all of the following: (i) any repairs or reconstruction of street pavement, curb, gutter and sidewalk and other public improvements along the frontage of the Project, if determined by the City Engineer to be in poor condition or damaged by construction activities related to this Project and Developer's enclosure of the Glenbriar Drive right-of-way, (ii) removal of the gates and appurtenant equipment for the Project, (iii) restoration of median island and median landscaping for Glenbriar Drive, and (iv) removal of the barricade and guardrail at the north end of Glenbriar Drive, all in accordance with the timeline set forth in Section 4.4 of this Agreement (collectively, the "**Glenbriar Drive Improvements**").

C. Glenbriar Drive Private Utilities

Upon City acceptance of fee title to the IOD Area in accordance with the IOD, Developer shall execute a **PRIVATE UTILITY CROSSING EASEMENT AGREEMENT ("PUC Agreement")** in the form attached as Exhibit C. The PUC Agreement shall allow the Developer access to Glenbriar Drive for the purposes of maintaining and repairing the Developer owned utilities within Glenbriar Drive.

3. Developer shall perform all Work at the locations and grades per the Plans and Specifications. Developer has (a) acquired any necessary easement or right-of-way or (b) entered into a separate Agreement with the City to acquire the necessary easement or right-of-way at Developer's expense.

4. Time Of Performance. Time is of the essence in the performance of the Work, and the timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall

submit all requests for extensions of time to the City Engineer, in writing, in accordance with Section 4.4, below.

4.1. Final Plans and Specifications and Engineer's Estimate. Developer shall procure from the City approval of the Plans and Specifications and the Final Engineer's Estimate. Developer shall provide contract security in accordance with Section 5 ensuring performance for Work based on the final Engineer's Estimate for the work related to the Plans and Specifications (the **"Final Engineer's Estimate**").

4.2. Commencement of Work. No later than fifteen (15) days prior to the commencement of any portion of the Work, Developer shall provide written notice to the City Engineer of the date on which Developer intends to commence such portion of the Work ("**Notice of Commencement**"). Developer shall not commence such Work until after the Notice of Commencement required by this Section is properly provided, and Developer shall not commence such Work prior to the intended commencement date specified in the written Notice of Commencement.

4.3. Schedule of Work. Concurrently with the written Notice of Commencement, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

4.4. Completion of Work. Developer shall complete the applicable portion of the Work no later than three hundred sixty-five (365) calendar days after Developer's submittal of its Notice of Commencement as to such applicable portion of the Work pursuant to Section 4.2 above ("**Completion Date**"). If the applicable portion of the Work is not completed by such Completion Date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to the Completion Date, (b) the City Engineer reasonably determines that Work is progressing satisfactorily and an extension is warranted, and (c) Developer pays all processing fees for such time extension of the Completion Date.

5. Improvement Security. At least thirty (30) days prior to the commencement of the Work, Developer shall furnish new or additional contract security, in a form authorized by the Subdivision Map Act (including Government Code Sections 66499 et seq.) and Tracy Municipal Code Section 12.36.080, in the amounts determined by the City Engineer in the Final Engineer's Estimate:

5.1. Faithful Performance security to secure faithful performance of this Agreement.

5.2. Labor and Material security to secure payment by Developer to laborers and materialmen.

5.3. Warranty security against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

City shall release the improvement security posted pursuant to Section 1.1 upon the posting of all contract security required by this Section 5.

6. Indemnification. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work (or the applicable portion of the Work), (2) the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work (or the applicable portion of the Work), and (3) the one year warranty period set forth in Section 15, below, has expired, at which time the indemnification obligations under this Section 6 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section 6 are in addition to all other Developer's obligations set forth in this Agreement and shall not affect Developer's warranty obligations set forth in Section 15, below.

7. Insurance. Concurrently with the execution of this Agreement by Developer, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 7 are material terms of this Agreement. These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

7.1. General. Developer shall, throughout the duration of this Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

7.2. Commercial General Liability (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including

without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

7.3. Professional Contracts. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

7.4. Automobile Liability (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

7.4.1. If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

7.5. Workers' Compensation coverage shall be maintained as required by the State of California.

7.6. Endorsements**.** Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

7.6.1. The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing operations and CG 20 37 (or its equivalent) for products/completed operations.

7.6.2. For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

7.6.3. Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

7.7. Notice of Cancellation. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

7.8. Authorized Insurers. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-:VII.

7.9. Insurance Certificate. Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney before the City executes this Agreement.

7.10. Substitute Certificates. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

7.11. Developer's Obligation. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

8. Independent Contractor Status. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

9. Default

9.1. Notice of Default. In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

9.2. Developer shall be in default of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

9.2.1. Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

9.2.2. Developer abandons the Work site.

9.2.3. Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 9.3 below.

9.2.4. Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work and fails to cure such damage pursuant to Section 9.3 below.

9.2.5. Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 9.3 below.

9.3. Cure of Default. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

9.3.1. Demand that Developer complete performance of the Work.

9.3.2. Demand that Developer's surety (if any) complete performance of the Work.

9.3.3. Resort to any judicial remedies available to the City.

10. Ownership of Work. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher. For the avoidance of doubt, Developer and its successors and assigns shall retain a license to use such original documents prepared by Developer for this Agreement (including, without limitation, the Plans and Specifications) in connection with the construction, maintenance and repair of the Work and/or performance of any other obligations under this Agreement.

11. Repair of any Damage. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

12. Inspection by City; Inspection Fees. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the

Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

12.1. Inspection Fees. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated Future Improvements costs (as approved by the City Engineer).

In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

13. Developer's Authorized Representative. At all times during the progress of the Work, Developer shall have a competent foreman or superintendent ("**Authorized Representative**") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work**.** Exhibit "**D**" attached hereto includes the initial contact information referenced in this Section 13.

14. Acceptance of Work. Prior to acceptance of the Future Improvements by the City Council, Developer shall be solely responsible for maintaining the quality of the Future Improvements and maintaining safety at the Project site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

15. Warranty Period. Developer shall warrant the quality of the Work, in accordance with the terms of the Plans and Specifications, for a period of one year after acceptance of the Work (or the applicable portion of the Work) by the City Council. In the event that (during the one-year warranty period) any portion of the Work is reasonably determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City reasonably repair, replace or reconstruct any defective improvements.

16. Notices.

16.1. All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City: City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org With a copy to: City Attorney 333 Civic Center Plaza Tracy, CA 95376 attorney@cityoftracy.org	To Developer: Valpico Tracy Apartments, LLC 5780 Fleet Street, Suite 225 Carlsbad, CA 92008 Attn.: Adam Knowlton aknowlton@guardian-capital.com

16.2. Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

17. Approvals by City. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

18. Modifications. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

19. Waivers. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

20. Assignment and Delegation. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

21. Jurisdiction and Venue. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of

California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

22. Permits, Licenses, and Compliance with Law. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

23. Entire Agreement; Exhibits; Severability. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)
B. Conditions of Approval (Recitals B and D.)
C. Private Utility Crossing Easement Agreement (Section 2.)
D. Developer's Authorized Representative Information (Section 13.)
E. Irrevocable Offer Of Dedication (Section 2.1.C)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

24. Signatures. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF the parties do hereby agree to the full performance of the terms set forth herein.

EXHIBIT A

(Description of Property)

The land referred to herein is situated in the City of Tracy, the County of San Joaquin, State of California, and is described as follows:

Parcel A1:

All that certain real property situated in the City of Tracy, County of San Joaquin, State of California, being the lands of Valpico Tracy Apartments as described in Document No. 2020-024778, and a portion of the lands of White as described in Document No. 1994-085364, San Joaquin County Records, being more particularly described as follows:

Beginning at the Northwesterly corner of said lands of white, thence along the Westerly line of said lands South 89°25'53" East, 55.23 feet;

Thence across said lands South 00°00'00" East, 240.01 feet to the Southerly lines of said lands;

Thence along the Southerly line North 89°25'53" West, 56.29 feet to the Southwesterly corner of said lands;

Thence along the Easterly line of said lands of Valpico Tracy Apartments South 00°15'07" West, 201.42 feet to a point on the Northerly line of Valpico Road;

Thence along the Northerly line of Valpico Road the following three (3) courses:

1. North 89°36'40" West, 866.34 feet;

2. South 00°15'36" West, 60.00 feet;

3. Thence North 89°36'40" West, 249.80 feet, to the Southwesterly corner of said lands of Valpico Tracy Apartments;

Thence along the Westerly line of said lands North 00°15'36" East, 499.71 feet, to the Northwesterly corner of said lands of Valpico Tracy Apartments;

Thence along the Northerly line of said lands the following two (2) courses:

1. South 89°41'15" East, 782.79 feet;

2. Thence South 89°43'33" East, 333.28 feet, to the point of beginning.

Also described as resultant Parcel A of Certificate of Compliance for Lot Line adjustment owner's Certificate LLA No. MS-LD22-0035 as recorded 01/18/2023 as Instrument No. 2023-4201 of Official Records.

Parcel A2:

Non-exclusive easements for free and reasonable vehicular and pedestrian access, ingress, and egress as created by Access Easement Agreement recorded September 28, 2001, as Instrument 2001-158512, of Official Records of San Joaquin County, subject to the Terms, Conditions, and Restrictions set forth in such agreement (2001-158512) pertaining to the use or exercise of such easement.

Parcel A3:

Non-exclusive easements as contained in Declaration of Easements with Covenants and Restrictions Affecting Land recorded September 28, 2001, as Instrument 2001-158513, of Official Records of San Joaquin County, subject to the terms, Conditions, and Restrictions set forth in such declaration (2001 158513) pertaining to the use or exercise of such easement.

Parcel A4:

An exclusive slope easement, appurtenant to Parcel A of that certain Parcel Map thereof filed for record March 26, 1976 in Book 2 of Parcel Maps, at Page 136, San Joaquin County Records, hereinabove, as set forth and more particularly described in that certain Slope Easement Deed, dated November 5, 2019, and recorded November 5, 2019, as Instrument 2019-127695, of Official Records of San Joaquin County, subject to the Terms, Conditions, and Restrictions set forth in such Slope Easement Deed (2019-127695) pertaining to the use or exercise of such easement.

Parcel A5:

An Non-Exclusive drainage easement, appurtenant to Parcel One, hereinabove, as set forth and more particularly described in that certain Drainage Easement Deed, dated November 5, 2019, and recorded November 5, 2019, as Instrument 2019-127696, of Official Records of San Joaquin County, subject to the Terms, Conditions, and Restrictions set forth in such Drainage Easement Deed (2019-127696) pertaining to the use or exercise of such easement.

(Conditions of Approval)

EXHIBIT B-1
(D19-0018)

EXHIBIT "B"
Page 1 of 17

City of Tracy
Conditions of Approval
Valpico Glenbriar Apartments
Application Number D19-0018
August 14, 2019

These Conditions of Approval shall apply to the real property described as the Valpico Glenbriar Apartments (Application Number D19-0018). The approximately 11.62-acre subject property is located on the north side of Valpico Road at Glenbriar Drive, 501 E. Valpico Road (also known as 2795 S. MacArthur Drive and 2605 S. MacArthur Drive), (Assessor's Parcel Numbers 246-140-12, 13, and 14).

A. The following definitions shall apply to these Conditions of Approval:

1. "Applicant" means any person, or other legal entity, defined as a "Developer".

2. "City Engineer" means the City Engineer of the City of Tracy, or any other duly licensed engineer designated by the City Manager, or the Development Services Director, or the City Engineer to perform the duties set forth herein.

3. "City Regulations" means all written laws, rules, and policies established by the City, including those set forth in the City of Tracy General Plan, the Tracy Municipal Code, ordinances, resolutions, policies, procedures, and the City's Design Documents (including the Standard Plans, Standard Specifications, Design Standards, and relevant Public Facility Master Plans).

4. "Conditions of Approval" shall mean the conditions of approval applicable to the Valpico Glenbriar Apartments, Application Number D19-0018. The approximately 11.62-acre subject property is located on the north side of Valpico Road at Glenbriar Drive, 501 E. Valpico Road (also known as 2795 S. MacArthur Drive and 2605 S. MacArthur Drive) (Assessor's Parcel Numbers 246-140-12, 13, and 14).

5. "Development Services Director" means the Development Services Director of the City of Tracy, or any other person designated by the City Manager or the Development Services Director to perform the duties set forth herein.

6. "Project" means the real property consisting of approximately 11.62 acres located on the north side of Valpico Road at Glenbriar Drive, 501 E. Valpico Road (also known as 2795 S. MacArthur Drive and 2605 S. MacArthur Drive) (Assessor's Parcel Numbers 246-140-12, 13, and 14) Application Number D15-0024.

7. "Property" means the real property generally located on the north side of Valpico Road, at Glenbriar Drive, 501 E. Valpico Road (also known as 2795 S. MacArthur Drive and 2605 S. MacArthur Drive) (Assessor's Parcel Numbers 246-140-12, 13, and 14).

8. "Subdivider" means any person, or other legal entity, who applies to the City to divide or cause to be divided real property within the Project boundaries, or who applies to the City to develop or improve any portion of the real property within the Project boundaries. "Subdivider" also means Developer. The term "Developer" shall include all successors in interest.

EXHIBIT "B"
Page 2 of 17

B. General Conditions of Approval:

1. The Developer shall comply with all laws (federal, state, and local) related to the development of real property within the Project, including, but not limited to the following: the Planning and Zoning Law (Government Code sections 65000, et seq.), the Subdivision Map Act (Government Code sections 66410, et seq.), the California Environmental Quality Act (Public Resources Code sections 21000, et seq., "CEQA"), and the Guidelines for California Environmental Quality Act (California Administrative Code, title 14, sections 15000, et seq., "CEQA Guidelines").

2. Unless specifically modified by these Conditions of Approval, the Project shall comply with all City Regulations.

3. Unless specifically modified by these Conditions of Approval, the Developer shall comply with all mitigation measures identified in the General Plan Environmental Impact Report, dated February 1, 2011 and the Valpico Apartments Project Mitigated Negative Declaration, adopted by the Tracy City Council on December 18, 2012.

4. Pursuant to Government Code section 66020, including section 66020(d)(1), the City HEREBY NOTIFIES the Developer that the 90-day approval period (in which the Developer may protest the imposition of any fees, dedications, reservations, or other exactions imposed on this Project by these Conditions of Approval) has begun on the date of the conditional approval of this Project. If the Developer fails to file a protest within this 90-day period, complying with all of the requirements of Government Code section 66020, the Developer will be legally barred from later challenging any such fees, dedications, reservations or other exactions.

5. Except as otherwise modified herein, all construction shall be consistent with the plans received by the Development and Engineering Services Department on July 31, 2019.

6. Prior to the issuance of a building permit, the applicant shall provide a detailed landscape and irrigation plan consistent with City landscape and irrigation standards, including, but not limited to Tracy Municipal Code Section 10.08.3560, and the City's Design Goals and Standards to the satisfaction of the Development Services Director. The landscape and irrigation plan shall also be designed consistent with the applicable Department of Water Resources Model Efficient Landscape Ordinance on private property, to the satisfaction of the Utilities Director. Said landscape plans shall include documentation which demonstrates there is no less than 20 percent of the parking area in landscaping, and 40 percent canopy tree coverage at tree maturity in accordance with City Regulations. Newly planted, on-site trees shall be a minimum size of 24-inch box and shrubs shall be a minimum size of five gallons.

7. Prior to the issuance of a building permit, an Agreement for Maintenance of Landscape and Irrigation Improvements shall be executed and financial security submitted to the Development Services Department. The Agreement shall ensure maintenance of the on-site landscape and irrigation improvements for a period of two years. Said security shall be equal to the actual material and labor costs for installation of the on-site landscape and irrigation improvements, or $2.50 per square foot of on-site landscape area.

EXHIBIT "B"
Page 3 of 17

8. No roof mounted equipment, including, but not limited to, HVAC units, vents, fans, antennas, sky lights and dishes whether proposed as part of this application, potential future equipment, or any portion thereof, shall be visible from Valpico Road, Glenbriar Drive, or any other public right-of-way. All roof-mounted equipment shall be contained within the roof well or screened from view from the public rights-of-way by the roof of the building, to the satisfaction of the Development Services Director.

9. All vents, gutters, downspouts, flashing, electrical conduit, and other wall-mounted or building-attached utilities shall be painted to match the color of the adjacent surface or otherwise designed in harmony with the building exterior to the satisfaction of the Development Services Director.

10. Prior to final inspection or certificate of occupancy, all exterior and parking area lighting shall be directed downward or shielded, to prevent glare or spray of light into the public rights-of-way or nearby residential property, to the satisfaction of the Development Services Director.

11. Prior to the issuance of a building permit, vehicle and bicycle parking spaces, including one covered vehicle parking space per unit, shall be provided in accordance with Tracy Municipal Code Chapter 10.08 Article 26 to the satisfaction of the Development Services Director.

12. All PG&E transformers, phone company boxes, Fire Department connections, backflow preventers, irrigation controllers, and other on-site utilities, shall be vaulted or screened from view from any public right-of-way, behind structures or landscaping, to the satisfaction of the Development Services Director.

13. Prior to the issuance of a building permit, a lot line adjustment or other instrument shall be approved by the City and recorded to effectively merge the three lots of the Project site into one lot.

14. The "Entry Monument", as shown near the northeast corner of Valpico Road and Glenbriar Drive, is approved with this Development Review Permit. However, prior to the installation of any signs on the Entry Monument or elsewhere, the applicant shall submit a sign permit application and receive approval from the Development Services Director in accordance with City Regulations.

15. Prior to the issuance of a building permit, the Developer shall submit detailed trash and recycling enclosure plans which include the following, to the satisfaction of the Development Services Director: the walls shall be of masonry construction, at least seven feet in height (except the trash enclosure nearest Valpico Road, between Buildings 8 and 9, which shall be eight feet in height), include solid metal doors, a solid roof, and an interior perimeter concrete curb. The enclosures shall include exterior color and material consistent with the adjacent building exterior.

16. Prior to the issuance of a building permit, the developer shall design a recycling program consistent with State Assembly Bill 341, to the satisfaction of the Public Works Director. The program shall include enclosures with adequate space for both refuse and recycling and shall be incorporated with the trash and recycling enclosures described in General

EXHIBIT "B"
Page 4 of 17

Condition of Approval Number B.15, above. Each enclosure shall have signs that clearly indicate refuse and recycling locations as well as prohibition of scavenging. The program shall include recycling options or elements at the pool area and other common areas for the tenants.

17. Because the project is located within Tracy Municipal Airports' Airport Influence Area, prior to the issuance of a building permit, and thereafter as applicable, the developer shall comply with the following San Joaquin County Council of Government's (COG) 2009 Airport Land Use Compatibility Plan conditions, to the satisfaction of San Joaquin County COG:

    a. New land uses that may cause visual, electronic, or increased bird strike hazards to aircraft in flight shall not be permitted within any airport's influence area. Specific characteristics to be avoided include the following:

        i. Glare or distracting lights which could be mistaken for airport lights. Reflective materials are not permitted to be used in structures or signs (excluding traffic directing signs).

        ii. Sources of dust, steam, or smoke which may impair pilot visibility.

        iii. Sources of electrical interference with aircraft communications or navigation. No transmissions which would interfere with aircraft radio communications or navigational signals are permitted.

    b. Occupied structures must be soundproofed to reduce interior noise to 45dB according to State Guidelines.

18. Prior to the issuance of a building permit, the developer shall document compliance with the City of Tracy Multi-Agency Post-Construction Stormwater Standards Manual (Manual) to the satisfaction of the Utilities Director, which includes the requirement for Site Design Control Measures, Source Control Measures and Treatment Control Measures under the guidelines in a project Stormwater Quality Control Plan (SWQCP). Compliance with the Manual includes, but is not limited to, addressing outdoor storage areas, loading and unloading areas, trash enclosures, parking areas, any wash areas and maintenance areas. The SWQCP must conform to the content and format requirements indicated in the Manual and must be approved by the Utilities Director prior to issuance of grading or building permits.

19. The project shall comply with all applicable provisions of the San Joaquin County Multi-Species Habitat Conservation and Open Space Plan, including Incidental Take Minimization Measures applicable at the time of permit and a pre-construction survey prior to ground disturbance, to the satisfaction of San Joaquin Council of Governments.

20. Prior to issuance of the first building permit, the applicant shall do one of the following, subject to the approval of the Finance Director:

    a. CFD or other funding mechanism. The applicant shall enter into an agreement with the City, to be signed by the Finance Director, which shall be recorded

against the property, which stipulates that prior to the issuance of the first building permit, the applicant will form or annex into a Community Facilities District (CFD) or establish another lawful funding mechanism that is reasonably acceptable to the City for funding the on-going operational costs of providing Police services, Public Works services and other City services to serve the Project area. Formation of the CFD shall include, but not be limited to, affirmative votes and the recordation of a Notice of Special Tax Lien. The applicant shall be responsible for all costs associated with the formation or annexation proceedings. Upon successful formation, the parcels will be subject to the maximum special tax rates as outlined in the Rate and Method of Apportionment.

Or

b. Direct funding. The applicant shall enter into an agreement with the City, which shall be recorded against the property, which stipulates that prior to the issuance of the first building permit, the applicant will fund a fiscal impact study to be conducted and approved by the City to determine the long term on-going operational costs of providing Police services, Public Works services and other City services to serve the Project area, and deposit with the City an amount necessary, as reasonably determined by the City, to fund the full costs in perpetuity as identified by the approved study.

   If the provisions for adequate funding of the on-going operational costs of providing Police services, Public Works services and other City services are met prior to issuance of the first building permit for the project, subject to the Finance Director's review and approval, the terms of this condition shall be considered to have been met and this condition shall become null and void.

21. Prior to the issuance of a building permit, the developer shall identify the design of the "Park", "Dog Park", "Outdoor Lounge" and other "usable open space" areas (as defined by Tracy Municipal Code Section 10.08.1640), including landscaping, furniture, recreational equipment, swimming pool, or other improvements. If the entire project is not constructed and occupied at one time, the phasing of usable open space improvements shall be improved consistent with City standards to the satisfaction of the Development Services Director. Recognizing that amenities or other improvements of the usable open space areas may change from time to time, all usable open space area improvements shall be designed, improved, and maintained consistent with City standards to the satisfaction of the Development Services Director.

22. If the developer obtains residential building permits through the Regional Housing Needs Allocation provisions of the City's Growth Management Ordinance (Tracy Municipal Code Section 10.12.065), then prior to the issuance of the first building permit, the developer shall cause to be recorded an affordable housing agreement or similar instrument, in a form satisfactory to the City Attorney. The Agreement shall contain provisions to ensure that rent(s) for all of the units meet the California Department of Housing and Community Development State income limits for Moderate Income levels (120 percent of the Area Median Income or equivalent) and residents meet the income requirements for the Moderate Income affordability category for which building permits

were obtained. The Agreement shall also contain provisions requiring annual monitoring, to be financed, by the developer. The term of the Agreement shall be no less than ten years from building occupancy.

C. ENGINEERING DIVISION CONDITIONS OF APPROVAL

1. Conditions of Approval Prior to Approval of Grading Permit Applications: Developer shall submit all documents required by City Regulations and these Conditions of Approval, to the satisfaction of the City Engineer, including, but not limited to, the following:

    a. The Developer has completed all requirements set forth in this section.

    b. Grading and Drainage Plans prepared on a 24" x 36" size polyester film (mylar). Grading and Drainage Plans shall be prepared under the supervision of, and stamped and signed by a Registered Civil Engineer and Geotechnical Engineer. The Grading and Improvement Plans prepared in accordance with the Subdivision Ordinance and the City Design Documents.

    c. Memorandum issued by the City's storm drainage consultant confirming the invert elevation of the outlet pipe at the Project's permanent storm drainage connection point.

    d. The Grading Plans shall be prepared to specifically include, but not be limited to, the following items:

        i. All existing and proposed utilities.

        ii. Method of disposing storm water in the interim and ultimate conditions, the Project's on-site drainage connections to City's storm drainage system as approved by the City Engineer.

        iii. Two (2) sets of the Project's Geotechnical Report signed and stamped by a licensed Geotechnical Engineer licensed to practice in the State of California. The technical report must include relevant information related to soil types and characteristics, soil bearing capacity, pavement design recommendations, percolation rate, and elevation of the highest observed groundwater level.

        iv. Three (3) sets of the Storm Water Pollution Prevention Plan (SWPPP) for the Project with a copy of the Notice of Intent (NOI) submitted to the State Water Quality Control Board (SWQCB) and any relevant documentation or written approvals from the SWQCB, including the Wastewater Discharge Identification Number (WDID#).

        v. A copy of the Approved Fugitive Dust and Emissions Control Plan that meets San Joaquin Valley Air Pollution Control District (SJVAPCD).

EXHIBIT " B "
Page 7 of 17

vi. Payment of applicable Grading Permit fees which include grading plan checking and inspection fees, and other applicable fees as required by these Conditions of Approval

2. Conditions of Approval Prior to Approval of Encroachment Permit Applications: Developer shall submit all documents required by City Regulations and these Conditions of Approval, to the satisfaction of the City Engineer, including, but not limited to, the following:

   a. The Developer has completed all requirements set forth in Condition C-1 above, and this section.

   b. The Developer has obtained the approval of all other public agencies with jurisdiction over the required public facilities.

   c. Execution of all agreements, posting of all improvement security, and providing documentation of insurance, as required by these Conditions of Approval.

   d. The improvement plans for all improvements (on-site and off-site) required to serve the development project in accordance with the Subdivision Ordinance, the City Design Documents, and these Conditions of Approval. The improvement plans shall be prepared to specifically include, but not be limited to, the following items:

      i. All existing and proposed utilities.

      ii. All supporting calculations, specifications, cost estimate, and reports related to the design of streets and utilities improvements.

      iii. Improvement Plans prepared on 24" x 36" size polyester film (mylar) with the City Engineer and Fire Marshall approval and signature blocks. Improvement Plans shall be prepared under the supervision of, and stamped and signed by a Registered Civil, Traffic, Electrical, Mechanical Engineer, and Registered Landscape Architect for the relevant work.

      iv. Joint Trench Plans and Composite Utility Plans for the installation of dry utilities such as electric, gas, TV cable and others that will be located within the 10 feet wide Public Utility Easement or for the conversion of aerial lines to underground facilities.

      v. A construction cost estimate for all required public facilities, prepared in accordance with City Regulations.

   e. Payment of applicable fees required by these Conditions of Approval and City Regulation including plan checking, grading and encroachment permit processing, construction inspection, testing, and agreement processing fees.

   f. Tracy's Fire Marshall's signature on the Improvement Plans indicating their approval of the location and construction detail of the fire service connection and

the location and spacing of fire hydrants that are required to be installed to serve the Project.

g. Signed and notarized Offsite Improvement Agreement (OIA) with the fully executed improvement security for faithful performance, labor and materials, and warranty, for the construction of Valpico Road Frontage Improvements and Glenbriar Drive Improvements.

3. Conditions of Approval Prior to Approval of Building Permit. No building permit within the Project boundaries will be approved by the City until the Developer demonstrates, to the satisfaction of the City Engineer, compliance with all required Conditions of Approval, including, but not limited to, the following:

   a. The Developer has completed all requirements set forth in Condition C-2, above, and this section.

   b. Copy of the improvement plans and structural calculations for all on-site retaining walls, signed and stamped by the Design Engineer and approved by the City's Building Division.

   c. Payment of all applicable and adopted development impact fees required by these Conditions of Approval and City Regulations, that are in effect at the time of issuance of the building permit.

   d. In-lieu payment in the amount of $14,000.00, for the Project's estimated share of cost of the re-striping on Valpico Road as required in the Tiburon Village Traffic Impact Study, Final Report dated February 6, 2004 (Traffic Study). Refer to Table I of the recommended Mitigation Measures in the Traffic Study.

4. Conditions of Approval Prior to Certificate of Occupancy or Final Building Inspection. No certificate of occupancy within the Project boundaries will be approved by the City or final building inspection will be performed until the Developer provides documentation which demonstrates, to the satisfaction of the City Engineer, that:

   a. The Developer has completed all requirements set forth in Condition C-3, above and this section.

   b. The Developer has completed construction of all public facilities required to serve the building for which a certificate of occupancy is requested. Unless specifically provided in these Conditions of Approval, or some other City Regulation, the Developer shall take all actions necessary to construct all public facilities required to serve the Project, and the Developer shall bear all costs related to construction of the public facilities (including all costs of design, construction, construction management, plan check, inspection, land acquisition, program implementation, and contingency).

   c. Signed and notarized Deferred Improvement Agreement (DIA) including improvement security(s) in the amounts approved by the City Engineer and form approved by the City Attorney

d. Signed and notarized Grant of Public Access Easement with the legal description and plat map.

e. Signed and notarized easement for maintenance of the private storm drainage, water and sanitary sewer lines crossing on Glenbriar Drive (Private Utility Crossing Agreement).

f. Signed and notarized Grant Deed with the legal description and plat map that describes the land to be dedicated to the City, for the construction of Valpico Road Frontage Improvements.

g. Signed and notarized Grant of Public Access Easement with the legal description and plat map. Signed and notarized Grant of Easement with the legal description and plat map that describes the location of the 10-foot wide PUE on Valpico Road and Glenbriar Drive, for the installation, use, repair, and maintenance of public utilities such as electric, gas, TV cable, telephone and other utilities and for the conversion of the existing aerial utilities into underground facility.

h. Signed and notarized Irrevocable Offer of Dedication with the legal description and plat map that describes the land to be dedicated to the City, for construction of Glenbriar Drive Improvements.

i. Signed and notarized Storm Water Maintenance Agreement (SWMA) with the City for maintenance of the storm water treatment facilities.

j. Documentation evidencing that the Property has been annexed to an existing Landscape Maintenance District (LMD).

5. Undergrounding of Overhead Utilities:

a. Prior to starting work, the Developer shall obtain written permission from the respective owner(s) of private utilities, for the installation of permanent surface improvements and structures over their underground facilities located within the 10-foot wide Public Utility Easement along Valpico Road.

b. All private utility services such as electric, telephone and cable TV to the building must be installed underground, and to be installed at the location approved by the respective owner(s) of the utilities. The Developer shall submit improvement plans for the installation of electric, gas, telephone and TV cable lines that are necessary to serve the Project.

c. The Developer shall dedicate a 10 feet wide Public Utility Easement along the Property frontages on Valpico Road and Glenbriar Drive, for the installation of private utilities. The Grant of Easement shall be filed for recording with the Office of the San Joaquin County Recorder prior to Final Building Inspection. The Developer is responsible for the cost of preparing the easement document and legal description and plat map.

6. Grading:

   a. A Grading Plan prepared by a Registered Civil Engineer and accompanied by Soils Engineering report shall be submitted to the City with the Grading and Storm Drainage Plans. The report shall provide recommendations regarding adequacy of sites to be developed by the proposed grading and also information relative to the stability of soils such as soil classification, percolation rate, soil bearing capacity and others.

   b. Slope easements shall be dedicated to the City where cuts or fills do not match existing ground or final grade adjacent to public right of way (up to a maximum grade differential of two feet only). The Developer shall be responsible to obtain and record slope easement(s) on private properties, where it is needed to protect private improvements constructed within and outside the Project, and a copy of the recorded easement document must be provided to the City prior to the issuance of the Grading Permit.

   c. All grading work (on-site and off-site) shall require a Grading Permit. Erosion control measures shall be implemented in accordance with Grading Plans approved by the City Engineer for all grading work not completed before October 15. Improvement Plans shall specify all erosion control methods to be employed and materials to be used.

   d. Prior to the issuance of the Grading Permit, the Developer shall submit three (3) sets of the Storm Water Pollution Prevention Plan (SWPPP) submitted to the State Water Quality Control Board (SWQCB) and any documentation or written approvals from the SWQCB including a copy of the Notice of Intent (NOI) with the state-issued Wastewater Discharge Identification number (WDID). After the completion of the Project, the Developer is responsible for filing the Notice of Termination (NOT) required by SWQCB, and shall provide the City, a copy of the completed Notice of Termination. Cost of preparing the SWPPP, NOI and NOT including the annual storm drainage fees and the filing fees of the NOI and NOT shall be paid by the Developer. The Developer shall comply with all the requirements of the SWPPP and applicable Best Management Practices (BMPs) and the Storm Water Regulations adopted by the City.

7. Street Improvements:

   a. Glenbriar Drive Improvements
   The extension of Glenbriar Drive from Valpico Road to the Project's northern boundary will include but not limited to, installation of concrete curb, gutter, sidewalk, asphalt concrete pavement, handicap ramp, storm drain, catch basin or drop-inlet, landscaping and street trees with automatic irrigation system, median curb, hand-placed grouted cobblestones, pavement signing and striping, barricade and guardrail, and intersection improvements on Glenbriar Drive/Valpico Road such as traffic signal pole and light, traffic detecting loops,

EXHIBIT "B"
Page 11 of 17

traffic loops pull boxes, conduits and wires, audible pedestrian warning, electronic sign, and other improvements as determined by the City Engineer that are deemed to be necessary to have a safe and functional street improvements (Glenbriar Drive Improvements).

The Developer shall complete the construction of Glenbriar Drive Improvements prior to the issuance of the Final Building Inspection for the first building to be constructed within the Property. Upon completion of Glenbriar Drive Improvements, Developer shall record Irrevocable Offer of Dedication (IOD) to the City for the right-of-way for the Glenbriar Drive Improvements. City shall not accept Glenbriar Drive improvements and the IOD until Glenbriar Drive is extended north of the Project boundary to connect to properties to the north (by others).

Glenbriar Drive shall remain a private street until the northerly extension is completed. The Developer shall record a Public Access Easement and utility easements as required by the City for access on Glenbriar Drive. The DIA shall address requirements pertaining to Developer's responsibilities prior to acceptance of Glenbriar Drive right-of-way by the City.

b. Valpico Road Improvements

The Developer is also required to construct certain street and utilities improvements on Valpico Road which include but not limited to, concrete bike path, concrete sidewalk, handicap ramp, offsite water main upgrade, concrete curb and gutter, replacement of pavement marking and striping, traffic signs, and the installation of bus shelter and associated improvements such as water service with hose bibb, garbage receptacle, additional concrete paving, removal and replacement of disturbed irrigation and landscaping improvements with automatic irrigation system and other improvements on Valpico Road as determined by the City Engineer (Valpico Road Frontage Improvements). The final location of the bus shelter will be determined at the time of review of improvement plans, and the materials specifications and construction details of the bus shelter will be provided by the City at the time of preparation of the improvement plans.

Completion of Valpico Road Frontage Improvements is required to be completed prior to the final building inspection of the first building to be constructed on the Property. To guarantee completion of these improvements, within the time specified above, the Developer will be required to execute an Offsite Improvement Agreement (OIA) with the City and post improvement security in the amounts approved by the City Engineer and form acceptable to the City Attorney. The OIA requires approval from the City Council.

Upon completion of Valpico Road Frontage Improvements, Developer shall convey to the City the right-of-way for the Valpico Road Frontage Improvements which City shall not accept until after satisfactory completion of those improvements to applicable standards, and satisfactory completion of the final building inspection on the last building to be constructed on the Property.

c. The Developer shall dedicate 60-feet wide right-of-way from the existing right-of-way line of Valpico Road towards the Property along the frontage west of Glenbriar Drive for the construction of Valpico Road Frontage Improvements. The Developer shall execute a Grant Deed to convey the land in fee title and submit legal description and plat map that describes the area to be dedicated, prior to the issuance of the Grading Permit. The cost of roadway dedication including the cost of preparing the legal description and plat map will be the sole responsibility of the Developer.

d. Prior to the approval of the OIA, the Developer is required to submit Improvement Plans, Technical Specifications and Cost Estimates, prepared in a 24" x 36" size polyester film or known as mylar, signed and stamped by the Design Engineer, for City's approval and signature. All engineering calculations for the design of the improvements must be submitted. The Developer will be required to pay Engineering Review Fees which include plan checking, agreement and permit processing, testing, engineering inspection, and program management fees prior to the approval of the OIA.

e. All work to be performed and improvements to be constructed within City's right-of-way will require an Encroachment Permit from the City, prior to starting the work. The Developer or its authorized representative shall submit all documents that are required to process the Encroachment Permit including but not limited to, approved Improvement Plans, Traffic Control Plan that is prepared by and signed and stamped by a Civil Engineer or Traffic Engineer registered to practice in the State of California, payment of Engineering Review Fees, copy of the Contractor's license, Contractor's Tracy business license, and certificate of insurance with the insurance coverage specified in the OIA and naming the City of Tracy as additional insured or as a certificate holder.

f. The Developer shall grant a Public Access Easement (PAE), for the benefit of the public for rights to access Glenbriar Drive until such time that the City accepts Glenbriar Drive as a public street. The Grant of Public Access Easement must be filed at the Office of the San Joaquin County Recorder, prior to City's acceptance of Glenbriar Drive Improvements. The Developer is responsible for all costs associated in dedicating the necessary public access easement to the City including the cost of preliminary title report, and preparing the easement document, legal description and plat map.

g. The design and construction of Glenbriar Drive Improvements and Valpico Road Frontage Improvements shall meet City Regulations and all applicable requirements and recommendations specified in the final traffic report dated August 14, 2012 and titled "Traffic Impact Study for the Proposed 189 units Valpico Apartments and 60 units MacDonald Apartments" prepared by TJKM Transportation Consultants. The final traffic report is on file with the Office of the City Engineer.

EXHIBIT "B"
Page 13 of 17

8. Storm Drainage:

   a. The on-site storm drainage system and site grading shall be designed such that the Project storm drainage overland release point will be directly to a public street with existing storm drainage system in accordance with City standards. The City may allow overland storm drainage release to private property(s), only if, the Developer enter into an agreement with the fee owners of the affected property(s) and indemnify the City for any liability, damages and costs that may arise as a result of utilizing their property as the Project's storm drainage release point. The irrevocable agreement must be signed by fee owner(s) of all affected property(s) and will be reviewed by the City Engineer and will be recorded to the Property and to all affected properties. The Developer shall provide a copy of the fully executed agreement to the City, prior to the issuance of the Grading Permit. Cost of obtaining permission and/or easement(s) and the agreement from the fee owner(s) of the affected property(s) will be the sole responsibility of the Developer.

      The Deferred Improvement Agreement will require approval from the City Council and will be recorded against the Property. The Developer shall pay all costs associated with the preparation, processing and approval of the agreement, including the cost of preparing the legal description and map, and recording the agreement.

   b. The Developer has proposed to use a trench infiltration system as an interim solution for disposing storm water generated from the Project site. The City will allow this method of disposing storm water, if the Developer executes a Deferred Improvement Agreement, to guarantee performance of the Developer's responsibilities and obligations and conditions described below including paying all costs associated in complying with all the requirements described under this section: a) that the Developer will be responsible for repairing, rectifying, and maintaining the trench infiltration system to acceptable standards and to the satisfaction of the City; b) the Developer will provide guarantee acceptable to the City Engineer for performing the responsibilities and obligations c) the Developer will also install the Project's permanent storm drainage connection as the final method of disposing storm water; and d) the Developer will provide other means of disposing storm water such as a temporary storm drainage retention basin within the time specified by the City, if the trench infiltration system fails to function to the level or condition acceptable to the City, or fails to drain storm water as designed or intended to do as determined by the City Engineer, or if determined by the City that a temporary storm drainage retention basin is necessary to be constructed due to public health and safety reasons.

      Draining the storm water to the City's storm drainage system is the required final solution of disposing storm water from the Project site. The Developer shall design and install all the necessary improvements for the final solution of disposing storm water. The Developer is responsible for installing the Project's permanent storm drainage connection from the Project site to the City's future public storm drain line at the location and grade approved by the City Engineer.

EXHIBIT "B"
Page 14 of 17

The future public storm drain line starts from a new storm drain manhole near the northerly property boundary of the Project to the City's proposed storm drainage detention basin described as Detention Basin #2B (DB#2B).

It is the Developer's responsibility to repair, rectify, and maintain the trench filtration system or the temporary storm drainage retention basin, if constructed, to the satisfaction of the City. The Developer shall submit engineering calculations for the design and sizing of the trench filtration system or the temporary storm drainage retention basin, including a percolation report prepared, signed and stamped by a registered Geo-technical Engineer, and a copy of the written permission from property owner(s), if off-site retention basin is utilized, as part of the Grading and Drainage Plans.

The use of trench infiltration system shall not reduce the amount of storm drainage development impact fees due from the Project nor will entitle the Developer storm drainage development impact fee credits or reimbursement(s).

c. In the event an off-site retention basin is required, the Developer shall obtain written permission or agreement and/or easements from fee owner(s) of all affected property(s), for the use of their property(s) as a temporary storm drainage retention basin. The Developer shall indemnify and hold harmless the City for any liability, damages and costs that may arise as a result of the use their property(s) for a storm drainage retention basin. The easement agreement must be signed by fee owner(s) of the property(s) and will be reviewed by the City Engineer and will be recorded to the Property and to all affected properties. The Developer shall provide a copy of the fully executed agreement to the City, prior to starting the grading work on the involved property. Cost of obtaining permission and/or easement(s) and the agreement from the fee owner(s) of the affected property(s) will be the sole responsibility of the Developer.

d. As part of a complete submittal of the Grading and Drainage Plans, the Developer obtain a technical memorandum from the City's consultant, stating that the pipe invert elevation of the Project's permanent storm drainage connection is consistent with the design of the Zone 1 Storm Drain Line Improvements. The cost of the technical memorandum and coordination with the City's storm drain consultant shall be paid by the Developer.

e. The project site will need to include storm water quality treatment provisions that conform to the ***Multi-Agency Post-Construction Stormwater Standards Manual***. Calculations related to the design and sizing of on-site storm water treatment facilities must be submitted with the Grading and Storm Drainage Plans, and approved by City's Water Resources Coordinator prior to issuance of the Grading Permit for the Project. The Trench Filtration system shall function as stormwater treatment facility for the Project after the permanent connection to City's Detention Basin DB#2 is completed, and the interim on-site storm drainage facilities are no longer required. The Developer shall execute Storm Water Maintenance Agreement with the City for maintenance of the storm water treatment facilities.

EXHIBIT "B"
Page 15 of 17

Conditions of Approval
Application Number D19-0018
August 14, 2019

9. Sanitary Sewer:

   a. A sanitary sewer lift-station will be used to convey domestic sewage from the Property to the City's existing sewer main on Valpico Road. The sewer lift–station including the sewer force main and the sewer pipeline up to the new sewer manhole on Glenbriar Drive / Valpico Road are private improvements and they will be owned, operated and maintained by the Developer. These private improvements are required to be installed and made functional, prior to the final inspection of the first building to be constructed on the Property. The City has no responsibility of repairing and maintaining these improvements. The Developer will be required to provide documentation in the form acceptable to the City's Chief Building Official as a guarantee that the sewer lift-station will be repaired and maintained by the Developer.

   b. The Developer will be required to design and construct the sewer, water and storm drainage lines crossing on Glenbriar Drive at the location and grade shown on the improvement plans. The City will grant a permanent easement to grant access rights to the Developer, to enter City's right-of-way on Glenbriar Drive, for the repair and maintenance of the sewer line crossing. The Developer will be required to execute a maintenance agreement with the City, to guarantee the responsibilities and obligations of the Developer regarding the use, operation, repair, and maintenance of the private utility crossings on Glenbriar Drive. The Developer shall pay all costs associated with the processing of the grant of easement and maintenance agreement including the cost of preparing the legal description and map. The maintenance agreement will be filed for recording with the Office of the San Joaquin County Recorder, prior to City's acceptance of public improvements on Glenbriar Drive.

   c. The Developer shall pay for an update of the sewer analysis dated July 2012 titled "Wastewater System Fee for Valpico Apartments and Peter MacDonald Apartments" prepared by CH2MHill ("Wastewater Analysis") to update recommendations in the report for the current Project. The Developer shall comply with all the recommendations with regards to design, and construction of wastewater conveyance as identified in the update to the Wastewater Analysis.

10. Water System:

   a. The Developer shall pay for an update of the water analysis report dated July 16, 2012 titled "Hydraulic Evaluation of Valpico and MacDonald Apartments". Prepared by West Yost Associates ("Water Analysis"). The Developer shall comply with all the recommendations with regards to design, and construction of water improvements as identified in the update to the Water Analysis.
   b. The Developer is required to install the pipe upgrade of approximately 50 feet of existing 8-inch diameter water main located at the intersection of Valpico Road / Glenbriar Drive to a 12-inch diameter Ductile Iron Pipe (DIP) water main at the location and grades approved by the City Engineer, all at the Developer's sole cost and expense.

EXHIBIT "B"
Page 16 of 17

The Developer shall submit improvement plans that include the design, location, and grade of the offsite water main upgrade including all existing improvements that will be affected or restored and replaced as a result of installing the offsite water main upgrade. The Developer shall obtain an Encroachment Permit, prior to starting the work. The offsite water main upgrade shall be completed by the Developer, prior to final inspection of the first building to be constructed on the Property.

c. All costs associated with the installation of the offsite water main upgrade including the cost of removing and replacing asphalt concrete pavement, pavement marking and striping such as crosswalk lines and lane line markings, replacing traffic detecting loops, conduits, and wires, relocating existing utilities that may be in conflict with the new water main, and other improvements shall be paid by the Developer. When street cuts are made, the Developer is required to install 2 inches thick asphalt concrete overlay with reinforcing fabric at least 25 feet from all sides of the utility trench. A 2 inches deep grind on the existing asphalt concrete pavement will be required where the asphalt concrete overlay will be applied and shall be uniform thickness in order to maintain current pavement grades, cross and longitudinal slopes.

   If water main shut down is necessary, the City will allow a maximum of 4 hours water supply shutdown. The Developer shall be responsible for notifying residents or business owner(s), regarding the water main shutdown. The written notice, as approved by the City Engineer, shall be delivered to the affected residents or business owner(s) at least 72 hours before the water main shutdown. Prior to starting the work described in this section, the Developer shall submit a Traffic Control Plan, to show the method and type of construction signs to be used for regulating traffic during the installation of the offsite water main upgrade. The Traffic Control Plan shall be prepared by a Civil Engineer or Traffic Engineer licensed to practice in the State of California.

d. The Developer shall design and install domestic and irrigation water service connection, including a remote-read master water meter (the water meter to be located within City's right-of-way) and an R/P Type back-flow protection device in accordance with City Regulations. The domestic and irrigation water service connection must be completed before the final inspection of the building. Sub-metering will be allowed within private property. The City will not perform water consumption reading on sub-meters. The City's responsibility to maintain water lines shall be from the water main on the street to the master water meter (inclusive) only. Maintenance of all on-site water lines, laterals, sub-meters, valves, fittings, fire hydrant and appurtenances shall be the responsibility of the Developer.

e. The Developer shall design and install fire hydrants at locations approved by the Building Division and Fire Department. Location and construction details of the fire service line shall be approved by the Building Division and Fire Department. Prior to the approval of the Improvement Plans, the Developer shall obtain written approval from the Building Division and Fire Department for the design, location and construction details of the fire service connection to the Project, and

for the location and spacing of fire hydrants that are to be installed to serve the Project.

11. Special Conditions:

a. All improvements shall be in accordance with all City Regulations, Facilities Master Plan for storm drainage, roadway, wastewater and water adopted by the City, Tracy Design Standards and Specifications, and Parks and Parkways Design Manual, or as otherwise specifically approved by the City.

b. All improvement plans shall contain a note stating that the Subdivider (or Contractor) will be responsible to preserve and protect all existing survey monuments and other survey markers. Any damaged, displaced, obliterated or lost monuments or survey markers shall be re-established or replaced by a licensed Land Surveyor at the Subdivider's sole expense. A corner record must be filed in accordance with the State law for any reset monuments (California Business and Professions Code Section 8871).

c. All existing on-site wells, if any, shall be abandoned or removed in accordance with the City and San Joaquin County requirements. The Developer shall be responsible for all costs associated with the abandonment or removal of the water well(s) including the cost of permit(s) and inspection. The Developer shall submit a copy of written approval(s) or permit(s) obtained from San Joaquin County regarding the removal and abandonment of any existing well(s), prior to the issuance of the Grading Permit.

d. The Developer shall abandon or remove all existing irrigation structures, channels and pipes, if any, as directed by the City after coordination with the irrigation district, if the facilities are no longer required for irrigation purposes. If irrigation facilities including tile drains, if any, are required to remain to serve existing adjacent agricultural uses, the Developer will design, coordinate and construct required modifications to the facilities to the satisfaction of the affected agency and the City. Written permission from irrigation district or affected owner(s) will be required to be submitted to the City prior to the issuance of the Grading Permit. The cost of relocating and/or removing irrigation facilities and/or tile drains is the sole responsibility of the Developer.

e. Nothing contained herein shall be construed to permit any violation of relevant ordinances and regulations of the City of Tracy, or other public agency having jurisdiction. This condition of approval does not preclude the City from requesting additional revisions and requirements to the final parcel map and improvement plans, prior to the City Engineer's signature and approval of the proposed final parcel map and improvement plans, if the City deems it necessary. The Developer shall bear the all cost for the inclusion, design, and implementations of such additions and requirements, without reimbursement or any payment from the City.

EXHIBIT B-2
(D22-0005 and D22-0013)

Exhibit 4

City of Tracy
Conditions of Approval
City Council – December 6, 2022
Valpico Glenbriar Apartments Parking Lot Expansion and Fence/Gates Project
Application Numbers D22-0013 and D22-0005

A. General Provisions and Definitions.

A.1. General. These Conditions of Approval apply to:

The Project: Valpico Glenbriar Apartments Parking Lot Expansion and Perimeter Fence/Gate Project, Development Review Permit Application Numbers and D22-0013 and D22-0005.

The Property: The fence and gates will be built around the entire 11.63-acre Valpico Glenbriar Apartment site, 351 E. Valpico Road (Assessor's Parcel Number 246-140-23) that does not previously have a wood fence; and the parking lot expansion occurs on approximately 13,440 square feet of the current, vacant back yard of the single-family home at 2625 S. MacArthur Drive (Assessor's Parcel Number 246-140-08).

A.2. Definitions.

a. "Applicant" means any person, or other legal entity, applying for a Development Review Permit.

b. "City Engineer" means the City Engineer of the City of Tracy, or any other duly licensed Engineer designated by the City Manager, or the Development Services Director, or the City Engineer to perform the duties set forth herein.

c. "City Regulations" means all written laws, rules, and policies established by the City, including those set forth in the City of Tracy General Plan, the Tracy Municipal Code, ordinances, resolutions, policies, procedures, and the City's Design Documents (including the Standard Plans, Standard Specifications, Design Standards, and relevant Public Facility Master Plans).

d. "Development Services Director" means the Development Services Director of the City of Tracy, or any other person designated by the City Manager or the Development Services Director to perform the duties set forth herein.

e. "Conditions of Approval" shall mean the conditions of approval applicable to the Project located at the Property. The Conditions of Approval shall specifically include all conditions set forth herein.

f. "Developer" means any person, or other legal entity, who applies to the City to divide or cause to be divided real property within the Project boundaries, or who applies to the City to develop or improve any portion of the real property within the Project boundaries. The term "Developer" shall include all successors in interest.

g. "Police Chief" means the Chief of Police of the City of Tracy, or any other person designated by the City Manager or the Police Chief to perform duties set forth herein.

A.3. Payment of applicable fees. The applicant shall pay all applicable fees for the project, including, but not limited to, development impact fees, building permit fees, plan check fees, grading permit fees, encroachment permit fees, inspection fees, school fees, or any other City or other agency fees or deposits that may be applicable to the project.

A.4. Compliance with laws. The Developer shall comply with all federal, state and local laws, as amended from time to time, related to the development of real property within the Project, including, but not limited to:
- the Planning and Zoning Law (Government Code sections 65000, et seq.)
- the California Environmental Quality Act (Public Resources Code sections 21000, et seq., "CEQA"), and
- the Guidelines for California Environmental Quality Act (California Administrative Code, title 14, sections 1500, et seq., "CEQA Guidelines").

A.5. Compliance with applicable regulations. Unless specifically modified by these Conditions of Approval, the use shall comply with all City Regulations.

A.6. Prior to construction, the applicant shall submit construction documents which meet the requirements of the California Building and Fire Codes and the Tracy Municipal Code to the City of Tracy and the South San Joaquin County Fire Authority for review, approval and inspections.

B. **Project Conditions of Approval**

B.1. Prior to final inspection or occupancy, the project shall be established in substantial compliance with the plans (Sheets L1 thru L4 by Ripley Design Group and Sheet 1 of "Valpico Apartments Expanded Parking Area" plans by MacKay and Somps) received by the Development Services Department on September 13, 2022 to the satisfaction of the Development Services Director, including but not limited to the location of the fence and gates, five-foot height along the Valpico Road frontage, six-foot height elsewhere, and decorative metal design.

B.2. Prior to final inspection or occupancy, the expanded parking area shall be designed and constructed in compliance with City Regulations for landscape requirements for parking areas (Tracy Municipal Code Section 10.08.3560) and City Standard Plan 141.

B.3. Prior to installation of the gates or issuance of a building permit, applicant shall submit construction documents, plans, specifications and/or calculations to the Building Safety Division, which meet all requirements of Title 24 California Code of Regulations and City of Tracy Municipal Codes, as applicable. The plans shall include, and not be limited to, an egress analysis of all of the doors in case of an emergency to ensure that the proper amount of exit width is provided, in accordance with California Building Code Chapter 10. Note that additional doors or gates may be required.

B.4. Prior to final inspection or occupancy, plans shall be submitted and all improvements shall be constructed in accordance with City and South San Joaquin County Fire

Authority standards, demonstrating that all vehicle access gates meet the current California Fire Code 503.2.1 regarding unobstructed access width of not less than 20 feet to the satisfaction of the Fire Marshal.

B.5. Prior to final inspection or occupancy, plans shall be submitted and all improvements shall be constructed in accordance with City and South San Joaquin County Fire Authority standards regarding emergency vehicle access, demonstrating compliance with California Fire Code Section 503.6 and the Tracy Municipal Code to the satisfaction of the Fire Marshal; and providing Police Department access to the satisfaction of the Police Chief.

C. Engineering Division Conditions of Approval

C.1. General Conditions

Developer shall comply with the applicable sections of approved documents and/or recommendations of the technical analyses/reports prepared for the Project listed as follows:

1) Storm Water Drainage Technical Memorandum by Wood Rodgers dated July 20, 2022

C.2. RESERVED
C.3. RESERVED

C.4. Grading Permit

All grading work (on-site and off-site) shall require a Grading Plan. All grading work shall be performed and completed in accordance with the recommendation(s) of the Project's Registered Geotechnical Engineer. Prior to release of a Grading Permit, Developer shall provide all documents related to said Grading Permit required by the applicable City Regulations and these Conditions of Approval, to the satisfaction of the City Engineer, including, but not limited to, the following:

C.4.1 Developer has completed all requirements set forth in this section.

C.4.2 Developer has obtained the approval (i.e. recorded easements for slopes, drainage, utilities, access, parking, etc.) of all other public agencies and/or private entities with jurisdiction over the required public and/or private facilities and/or property. Written permission from affected owner(s) will be required to be submitted to the City prior to the issuance of the Grading Permit.

C.4.3 Developer has obtained a demolition permit to remove any existing structure located within the Project's limits.

C.4.4 All existing on-site water well(s), septic system(s), and leech field(s), if any, shall be abandoned or removed in accordance with the City and San Joaquin County requirements. Developer shall be responsible for all costs associated with the abandonment or removal of the existing well(s), septic system(s), and leech field(s) including the cost of permit(s) and inspection. Developer shall submit a

copy of written approval(s) or permit(s) obtained from San Joaquin County regarding the removal and abandonment of any existing well(s), prior to the issuance of the Grading Permit.

C.4.5 The Improvement Plans for all improvements to serve the Project (on-site and off-site) including the Grading and Drainage Plans shall be prepared in accordance with the City's Subdivision Ordinance (Tracy Municipal Code (TMC) Chapter 12.36), City Design Documents as defined in Title 12 of the TMC, and these Conditions of Approval.

C.4.6 On-site Grading/Drainage Plans and Improvement Plans shall be prepared on a twenty-four (24) inch x thirty-six (36) inch size four (4) millimeter thick polyester film (mylar). These plans shall use the City's Title Block. Improvement Plans shall be prepared under the supervision of, stamped and signed by a Registered Civil Engineer and Registered Geotechnical Engineer. Developer shall obtain all applicable signatures by City departments and outside agencies (where applicable) on the mylars including signatures by the Fire Marshal prior to submitting the mylars to Engineering Division for City Engineer's signature. Erosion control measures shall be implemented in accordance with the Improvement Plans approved by the City Engineer for all grading work. All grading work not completed before October 15 may be subject to additional requirements as applicable. Improvement Plans shall specify all proposed erosion control methods and construction details to be employed and specify materials to be used during and after the construction.

C.4.7 Payment of the applicable Grading Permit fees which include grading plan checking and inspection fees, and other applicable fees as required by these Conditions of Approval.

C.4.8 For Projects on property larger than one (1) acre: Prior to the issuance of the Grading Permit, Developer shall submit to the Utilities Department (stephanie.hiestand@cityoftracy.org) one (1) electronic copy and one (1) hard copy of the Storm Water Pollution Prevention Plan (SWPPP) as submitted in Stormwater Multiple Applications and Reporting Tracker System (SMARTS) along with either a copy of the Notice of Intent (NOI) with the state-issued Wastewater Discharge Identification number (WDID) or a copy of the receipt for the NOI. After the completion of the Project, the Developer is responsible for filing the Notice of Termination (NOT) required by SWQCB, and shall provide the City, a copy of the completed Notice of Termination. Cost of preparing the SWPPP, NOI and NOT including the annual storm drainage fees and the filing fees of the NOI and NOT shall be paid by the Developer. Developer shall comply with all the requirements of the SWPPP, applicable Best Management Practices (BMPs) and the Stormwater Post-Construction Standards adopted by the City in 2015 and any subsequent amendment(s).

For Projects on property smaller than one (1) acre: Prior to the issuance of the Grading Permit, the Developer shall submit to the Utilities Department (stephanie.hiestand@cityoftracy.org) one (1) electronic copy and 1 hard copy of the City of Tracy Erosion and Sediment Control Plan (ESCP) for approval. Cost of preparing the ESCP including any annual storm drainage fees shall be paid

by the Developer. Developer shall comply with all the requirements of the ESCP, applicable BMPs and the Post-Construction Stormwater Standards adopted by the City in 2015 and any subsequent amendment(s).

C.4.9 Developer shall provide a PDF copy of the Project's Geotechnical Report signed and stamped by a Registered Geotechnical Engineer. The technical report must include relevant information related to soil types and characteristics, soil bearing capacity, compaction recommendations, retaining wall recommendations, if necessary, paving recommendations, paving calculations such as gravel factors, gravel equivalence, etc., slope recommendations, and elevation of the highest observed groundwater level.

C.4.10 Minor Retaining – Developer shall use reinforced or engineered masonry blocks for retaining soil at property lines when the grade differential among the in-tract lots exceeds twelve (12) inches. Developer will include construction details of these minor retaining walls with the on-site Grading and Drainage Plan. Developer may use slopes among the lots to address the grade differential but said slope shall not exceed a slope gradient of 3 (horizontal) to 1 (vertical) unless a California licensed geotechnical engineer signs and stamps a geotechnical report letter that supports a steeper slope gradient. Slope easements may be required and will be subject to approval by the City Engineer.

Minor Retaining along Project Perimeter – Developer shall use reinforced or engineered masonry blocks for retaining soil along the Project boundary and adjacent property(s) when the grade differential exceeds 12-inches. Developer will include construction details for these minor retaining walls with the on-site Grading and Drainage Plan. Developer may use slopes to address the grade differential but said slope shall not exceed a slope gradient of 3 (horizontal) to 1 (vertical). Slope easements may be subject to approval by the City Engineer and if adjacent and affected property(s) owner(s) grants said easements.

Slopes are an acceptable option as a substitute to engineered retaining walls, where cuts or fills do not match existing ground or final grade with the adjacent property or public right of way, up to a maximum grade differential of two (2) feet, subject to approval by the City Engineer.

Slope easements will be recorded, prior to the issuance of the Grading Permit. The Developer shall be responsible to obtain and record slope easement(s) on private properties, where it is needed to protect private improvements constructed within and outside the Project, and a copy of the recorded easement document must be provided to the City, prior to the issuance of the Grading Permit.

Walls - Developer shall show proposed retaining walls and masonry walls on the on-site Grading and Drainage Plan. The Developer is required to submit improvement plans, construction details, and structural calculations for retaining walls and masonry walls to Building and Safety. Retaining wall and masonry wall design parameters will be included in the geotechnical report.

C.4.11 Developer shall provide a copy of the approved Incidental Take Minimization Measures (ITMM) habitat survey [San Joaquin County Multi-Species Habitat Conservation & Open Space Plan (SJMSCP)] from San Joaquin Council of Governments (SJCOG).

C.4.12 Developer shall provide a copy of the approved Air Impact Assessment (AIA) with an Indirect Source Review (ISR) from San Joaquin Valley Air Pollution Control District (SJVAPCD).

C.4.13 Developer shall abandon or remove all existing irrigation structures, channels and pipes, if any, as directed by the City after coordination with the irrigation district, if the facilities are no longer required for irrigation purposes. If irrigation facilities including tile drains, if any, are required to remain to serve existing adjacent agricultural uses, the Developer will design, coordinate and construct required modifications to the facilities to the satisfaction of the affected agency and the City. Written permission from irrigation district or affected owner(s) will be required to be submitted to the City prior to the issuance of the Grading Permit. The cost of relocating and/or removing irrigation facilities and/or tile drains is the sole responsibility of the Developer.

C.4.14 If the Project contains overhead utilities, the Developer shall underground existing overhead utilities such as electric, TV cable, telephone, and others. Each dry utility shall be installed at the location approved by the respective owner(s) of dry utility and the Developer shall coordinate such activities with each utility owner. All costs associated with the undergrounding shall be the sole responsibility of the Developer and no reimbursement will be due from the City. Developer shall submit undergrounding plans.

C.4.15 If at any point during grading that the Developer, its contractor, its engineers, and their respective officials, employees, subcontractor, and/or subconsultant exposes/encounters/uncovers any archeological, historical, or other paleontological findings, the Developer shall address the findings as required per the General Plan Cultural Resource Policy and General Plan EIR; and subsequent Cultural Resource Policy or mitigation in any applicable environmental document.

C.5. Building Permit

Prior to the release of a building permit within Project boundaries, the Developer shall demonstrate, to the satisfaction of the City Engineer, compliance with all required Conditions of Approval, including, but not limited to, the following:

C.5.1 Developer has completed all requirements set forth in Condition C.1, through C.4, above.

C.5.2 Developer pays the applicable development impact fees as required in the TMC, these Conditions of Approval, and City Regulations.

C.5.2.a. Water. The Developer shall pay the water impact fees prior to pulling the first building permit for the Project.

C.5.2.b. Wastewater. The Developer shall pay the wastewater treatment capacity development Impact fees prior to pulling the first building permit for the Project.

C.5.3 Developer has completed all requirements set forth in Condition C.8

C.5.4 Prior to the release of any Building Permit, all construction activity will require a fully executed and recorded Deferred Improvement Agreement.

C.6 Acceptance of Glenbriar Drive Right-of-Way

Prior to the consideration of City Council's acceptance of public improvements, the Developer shall demonstrate to the reasonable satisfaction of the City Engineer, completion of the following:

C.6.1 Developer has satisfied all the requirements set forth in these Conditions of Approval.

C.6.2 Developer submitted the Storm water Treatment Facilities Maintenance Agreement (STFMA) to the Utilities Department.

C.6.3 Developer has satisfactory completed construction of all required/conditioned improvements. Unless specifically provided in these Conditions of Approval, or some other applicable City Regulations, the Developer shall use diligent and good faith efforts in taking all actions necessary to construct all public facilities required to serve the Project, and the Developer shall bear all costs related to construction of the public facilities (including all costs of design, construction, construction management, plan check, inspection, land acquisition, program implementation, and contingency).

C.6.4 Certified "As-Built" Improvement Plans (or Record Drawings). Upon completion of the construction by the Developer, the City, at its sole discretion, temporarily release the original mylars of the Improvement Plans to the Developer so that the Developer will be able to document revisions to show the "As-Built" configuration of all improvements.

C.6.5 Developer shall be responsible for any repairs or reconstruction of street pavement, curb, gutter and sidewalk and other public improvements along the frontage of the Project, if determined by the City Engineer to be in poor condition or damaged by construction activities related to this Project and Developer's enclosure of the Glenbriar Drive right-of-way. Repairs shall be depicted on City approved improvement plans referenced in C.7 below.

C.6.6 Developer has completed the ninety (90) day public landscaping maintenance period.

C.6.7 Per Section 21107.5 of the California Vehicle Code, Developer shall install signs at all entrance(s) of the Project stating that the streets are privately owned and maintained and are not subject to the public traffic regulations or control. Said signs must be conspicuously placed, plainly visible, and legible during daylight hours from a distance of one hundred (100) feet.

C.6.8 Survey Monuments – Any altered, damaged, or destroyed survey monuments and/or benchmarks shall be re-established. Developer shall submit centerline tie sheets or a record of survey for the following: new public streets; re-established survey monuments, and/or benchmarks. If the Developer destroyed, altered, and/or reconstructed any existing curb returns, Developer shall also submit corner records. Any survey document will be submitted the City and to the San Joaquin County Surveyor to comply with California Business and Professions Code Section 8771(c). Said work shall be executed by a California licensed Land Surveyor at the Developer's sole expense.

C.7. Improvement Agreement(s)

All construction activity involving public improvements will require a fully executed improvement agreement (Off-site, Subdivision, and/or Inspection). Any construction activity involving public improvements without a fully executed improvement agreement is prohibited. All public improvements shall be performed and completed in accordance with the recommendation(s) of the Project's Registered Civil Engineer. Prior to the consideration of City Council's approval of said improvement agreement, the Developer shall provide all documents related to said improvements required by the applicable City Regulations and these Conditions of Approval, to the satisfaction of the City Engineer, including, but not limited to, the following:

C.7.1 Improvement Plans for the Restoration of the Glenbriar Drive Right-of-Way shall be prepared on a twenty-four (24) inch x thirty-six (36) inch size four (4) millimeter thick mylar that incorporate all requirements described in the documents described in these Conditions of Approval, the City's Design Documents as defined in Title 12 of the Tracy Municipal Code. Developer shall use the latest title block and, if necessary, contain a signature block for the Fire Marshal. Improvement Plans shall be prepared under the supervision of, and stamped and signed by a Registered Civil, Traffic, Electrical, Mechanical Engineer, and Registered Landscape Architect for the relevant work. Developer shall obtain all applicable signatures by City departments and outside agencies (where applicable) on the mylars including signatures by Fire Marshal to submitting the mylars to Engineering Division for City Engineer's signature. The improvement plans shall be prepared to specifically include, but not be limited to, the following items:

C.7.2 All existing and proposed utilities such as domestic water line, irrigation service, fire service line, storm drain, and sanitary sewer, including the size and location of the pipes.

C.7.3 All supporting engineering calculations, materials information or technical specifications, cost estimate, and technical reports. All improvement plans shall contain a note stating that the Developer (or Contractor) will be responsible to preserve and protect all existing survey monuments and other survey markers such as benchmarks.

C.7.4 A PDF copy of the Project's approved Geotechnical/Soils Report that was prepared for the grading permit submittal.

C.7.5(a) Storm Water - The Project's on-site storm water drainage connection to the City's storm water system shall be approved by the City Engineer. Drainage calculations for the sizing of the on-site storm drainage system. Improvement Plans to be submitted with the hydrology and storm water.

C.7.5(b) Storm drainage release point is a location at the boundary of the Project adjacent public right-of-way where storm water leaves the Property, in a storm event and that the Property's on-site storm drainage system fails to function or it is clogged. Site grading shall be designed such that the Project's storm drainage overland release point will be directly to an adjacent public street with a functional storm drainage system and the

existing storm drainage line has adequate capacity to drain storm water from the Property. The storm drainage release point is recommended to be at least 0.70-feet lower than the building finish floor elevation and shall be designed and improved to the satisfaction of the City Engineer.

C.7.5(c) As recommended in the Storm Water Drainage Memorandum, the minimum finished floor elevation shall be a minimum of 40.49 feet

C.7.5(d) The Project's permanent storm drainage connection(s) shall be designed and constructed in accordance with City Regulations. The design of the permanent storm drainage connection shall be shown on the Grading and Drainage Plans with calculations for the sizing of the storm drain pipe(s), and shall comply with the applicable requirements of the City's storm water regulations adopted by the City Council in 2012 and any subsequent amendments.

C.7.5(e) The storm water treatment system shall be located on private property and shall be at least off-set from the right-of-way by one (1) foot.

C.7.6(a) Sanitary Sewer - It is the Developer's responsibility to design and construct the Project's permanent on-site sanitary sewer (sewer) improvements including the Project's sewer connection in accordance with the City's Design Standards, City Regulations and Standard Specifications. Sewer improvements shall include but not limited to, replacing asphalt concrete pavement, reconstructing curb, gutter and sidewalk, restoring pavement marking and striping, and other improvements that are disturbed as a result of installing the Project's permanent sewer connection. Developer shall submit improvement plans that include the design of the sewer line from the Property to the point of connection.

C.7.6(b) Developer is hereby notified that the City will not provide maintenance of the sewer lateral within the public right-of-way unless the sewer cleanout is located and constructed in conformance with Standard Plans. The City's responsibility to maintain on the sewer lateral is from the wye/onsite sewer manhole at the right-of-way line/property line/wye fitting to the point of connection with the sewer main.

C.7.7(a) Water Distribution - Developer shall design and construct domestic and irrigation water service that comply with the City Regulations. Water line sizing, layout and looping requirements for this Project shall comply with City Regulations. During the construction of the Project, the Developer is responsible for providing water infrastructure (temporary or permanent) capable of delivering adequate fire flows and pressure appropriate to the various stages of construction and as approved by the Fire Marshal.

C.7.7(b) Interruption to the water supply to the existing businesses and other users will not be allowed to facilitate construction of improvements related to the Project. Developer shall be responsible for notifying business owner(s) and users, regarding construction work. The written notice, as approved by the City Engineer, shall be delivered to the affected residents or business

owner(s) at least seventy-two (72) hours before start of work. Prior to starting the work described in this section, the Developer shall submit a Work Plan acceptable to the City that demonstrates no interruptions to the water supply, and Traffic Control Plan to be used during the installation of the off-site water mains and connections.

C.7.7(c) The Project's water service connections shall use a remote-read (radio-read) master water meter (the water meter to be located within City's right-of-way) and a Reduced Pressure Type back-flow protection device in accordance with City Regulations. The domestic and irrigation water service connection(s) must be completed before the inspection of the building. The location of the meters shall be approved by the City Engineer.

C.7.7(d) After final inspection of the improvements constructed via an encroachment permit, repair and maintenance of the water service from the water meter to the point of connection with the water distribution main in the street shall be the responsibility of the City. Water service repairs after the water meter is the responsibility of the Developer or individual lot owner(s).

C.7.7(e) Prior to improvement acceptance, repair and maintenance of all on-site water lines, laterals, sub-water meters, valves, fittings, fire hydrant and appurtenances shall be the responsibility of the Developer or the individual lot owner(s).

C.7.7(f) All costs associated with the installation of the Project's water connection(s) including the cost of removing and replacing asphalt concrete pavement, pavement marking and striping such as crosswalk lines and lane line markings on existing street or parking area(s) that may be disturbed with the installation of the permanent water connection(s), or domestic water service, and other improvements shall be paid by the Developer.

C.7.8(a) Streets – The Developer shall construct frontage improvements. Frontage improvements include but are not limited to the following: curb, gutter, sidewalk, street widening, landscaping, street lighting, undergrounding of overhead utilities and other improvements. All streets and utilities improvements within City right-of-way shall be designed and constructed in accordance with City Regulations, and City's Design Standards including the City's Facilities Master Plan for storm drainage, roadways, wastewater, and water as adopted, amended, and updated by the City, or as otherwise specifically approved by the City.

C.7.8(b) Valpico Road
The Tracy Transportation Master Plan (TMP) classifies Valpico Road as a four-lane divided arterial which would require a minimum of ninety-seven (97) feet of right of way at ultimate buildout. Prior to the release of the grading permit, the Developer shall dedicate right of way along the Project frontage, excluding the Public Utility Easement (P.U.E.). In addition, the

Developer shall record a ten (10) foot wide P.U.E. immediately behind the new property line.

C.7.8(c) Developer shall install green bike lane striping on Valpico Road along the project frontage.

C.7.8(d) Developer shall install audible pedestrian crossing at the existing traffic signal at Glenbriar Drive and Valpico Road.

C.7.8(e) Developer shall install a barricade at the westerly edge of the proposed sidewalk.

C.7.8(f) Along the Project frontage, if applicable, Developer shall landscape and irrigate the existing parkways per current adopted City landscape standards. Landscape and irrigation plans shall be prepared on a 24-inch x 36-inch size 4-millimeter thick mylar that incorporate all requirements described in the documents described in these Conditions of Approval, the City's Design Documents as defined in Title 12 of the Tracy Municipal Code. Developer shall use the latest title block. Said landscape and irrigation plan shall be prepared by a California licensed landscape architect. Developer can either protect-in-place the existing sidewalk and repair any cracked, settled, and/or damaged sidewalk or remove and replace the sidewalk so long as the replacement sidewalk is similar to the current sidewalk, i.e. similar width, meanders, etc.

C.7.8(g) Overhead Utilities along Project frontage shall be placed underground.

C.7.8(h) Street cuts and trenching related to utility installation on Valpico Road shall be subject to Condition C.8.1

C.7.8(i) Glenbriar Drive
Prior to the release of the grading permit, Developer shall enter into a Deferred Improvement Agreement (DIA) to be recorded against the parcels included in the Project. Said DIA will insure the future public right-of-way associated with Glenbriar Drive is repaired and restored when Glenbriar Drive is open to the public. Developer shall prepare improvements if deemed necessary by the City.

C.7.8(j) Easterly Vehicle Gate
Prior to the release of the grading permit, Developer shall install directional striping to assist in turn movements.

C.7.9 Joint Trench Plans and Composite Utility Plans, prepared on a twenty-four (24) inch x thirty-six (36) inch size four (4) millimeter thick mylar for the installation of dry utilities such as electric, gas, TV cable, telephone, and others that will be located within the twenty-four (24) feet wide to forty-six (46) feet wide [the width varies) PUE to be installed to serve the Project. All private utility services to serve Project must be installed underground or relocated to be underground, and to be installed at the location approved by the respective owner(s) of the utilities from the street or an existing or

proposed utility easement to the building(s). If necessary, the Developer shall dedicate ten (10) feet wide PUE for access to these new utilities for re-installation, replacement, repair, and maintenance work to be performed by the respective utility owner(s) in the future.

C.7.10 Signed and stamped Engineer's Estimate that summarizes the cost of constructing all the public improvements shown on the Improvement Plans. The cost estimate shall show the cost of designing the public improvements.

Payment of applicable fees required by these Conditions of Approval and City Regulations, including but not limited to, plan checking, grading and encroachment permits and agreement processing, construction inspection, and testing fees. The engineering review fees will be calculated based on the fee rate adopted by the City Council on September 2, 2014, per Resolution 2014-141 and on May 16, 2017, per Resolution 2017-098. Developer shall submit payment in the form of a check for the aforementioned fees.

C.7.11 Traffic Control Plan - Prior to starting the work for any work within City's right-of-way, the Developer shall submit a Traffic Control Plan (TCP). TCP can be split among the different construction phases. TCP will show the method and type of construction signs to be used for regulating traffic at the work areas within these streets. TCP shall conform to the Manual on Uniform Traffic Control Devices as amended by the State of California, latest edition (MUTCD-CA). TCP shall be prepared under the supervision of, signed and stamped by a Registered Civil Engineer or Registered Traffic Engineer.

C.7.12 Access and Traffic Circulation to Existing Businesses/Residents - Developer shall take all steps necessary to plan and construct site improvements such that construction operations do not impact safety and access (including emergency vehicles) to the existing businesses and residents throughout the duration of construction. Developer shall coordinate with the owners and cooperate to minimize impacts on existing businesses. All costs of measures needed to provide safe and functional access shall be borne by the Developer.

C.7.13 No street trench shall be left open, uncovered, and/or unprotected during night hours and when the Developer's contractor is not performing construction activities. Appropriate signs and barricades shall be installed on the street and on all trenches during such times. If the Developer or its contractor elects to use steel plates to cover street trenches, said steel plates will be skid-resistance, and shall be ramped on all sides. Ramps will be a minimum two-foot wide and will run the entire length of each side.

C.7.14 If at any point during utility installation or construction in general that the Developer, its contractor, its engineers, and their respective officials, employees, subcontractor, and/or subconsultant exposes/encounters/uncovers any archeological, historical, or other

paleontological findings, the Developer shall address the findings as required per the General Plan Cultural Resource Policy and General Plan EIR; and subsequent Cultural Resource Policy or mitigation in any applicable environmental document.

C.7.15 Improvement Security - Developer shall provide improvement security for all public facilities, as required by the Improvement Agreement. The form of the improvement security may be a bond, or other form in accordance with the Government Code, and the TMC. The amount of the improvement security shall be in accordance with Title 12 of the TMC.

C.7.16 Insurance – Developer shall provide written evidence of insurance coverage that meets the terms of the Improvement Agreement.

C.8 Special Conditions

C.8.1 When street cuts are made for the installation of utilities, the Developer shall conform to Section 3.14 of the 2020 Design Standards and is required install a two (2) inch thick asphalt concrete (AC) overlay with reinforcing fabric at least twenty-five (25) feet from all sides of each utility trench. A two (2) inch deep grind on the existing AC pavement will be required where the AC overlay will be applied and shall be uniform thickness in order to maintain current pavement grades, cross and longitudinal slopes. This pavement repair requirement is when cuts/trenches are perpendicular and parallel to the street's direction.

C.8.2 Nothing contained herein shall be construed to permit any violation of relevant ordinances and regulations of the City of Tracy, or other public agency having jurisdiction. This Condition of Approval does not preclude the City from requiring pertinent revisions and additional requirements to the improvement plans, prior to the City Engineer's signature on the improvement plans, and prior to issuance of Grading Permit, Encroachment Permit, Building Permit, if the City Engineer finds it necessary due to public health and safety reasons, and it is in the best interest of the City. The Developer shall bear all the cost for the inclusion, design, and implementations of such additions and requirements, without reimbursement or any payment from the City.

C.8.3 Prior to the release of the Building Permit, if water is required for the Project, the Developer shall obtain an account for the water service and register the water meter with the Finance Department. Developer shall pay all fees associated with obtaining the account number for the water service.

PRIVATE UTILITY CROSSING EASEMENT AGREEMENT
(STORM WATER LINES AND SANITARY SEWER LINES)

THIS PRIVATE UTILITY CROSSING EASEMENT AGREEMENT (STORM WATER LINES AND SANITARY SEWER LINES) ("**Agreement**") is made by and between the CITY OF TRACY, a municipal corporation ("**Grantor**"), and VALPICO TRACY APARTMENTS, LLC, a Delaware limited liability company common ("**Grantee**"), with reference to the following facts:

RECITALS

A. On October 1, 2019, the Tracy City Council approved, by Resolution No. 2019-195, a 264-unit residential apartment project known as the Vela Apartment Project (and previously referred to as the Valpico Glenbriar Apartments) ("**Project**") described in Development Review Application Number D19-0018 ("**Development Review Application**"). The Project consists of approximately 11.94 acres of real property owned by Grantee, known as Assessor's Parcel No. 246-140-24 and described as Parcel 24 as shown upon that assessor's map filed for record with the San Joaquin County Recorder's Office ("**Recorder's Office**") in Book 246 of Assessor's Maps, Page 14, as more particularly described in **Exhibit "A-1"** attached hereto ("**Property**").

B. Grantee acquired title to the Property via (i) that certain Grant Deed executed by Valpico Glenbriar Apartments, LLC, a Delaware limited liability company, dated as of December 29, 2020 and recorded on December 30, 2020 as Instrument Number 2020-185205 of the official records of the Recorder's Office ("**Official Records**"), and (ii) that certain Grant Deed executed by Gwendolyn S. White, a widow, dated as of December 20, 2022 and recorded on January 26, 2023 as Instrument Number 2023-006238 of the Official Records.

C. In connection with the development of the Property and the approval of the Development Review Application, Grantor has required that Grantee satisfy certain Conditions of Approval dated August 14, 2019 ("**Conditions of Approval**"), which Conditions of Approval are attached hereto as **Exhibit "D"**.

D. The Property previously included and Grantee previously held fee title in that certain street referred to as Glenbriar Drive ("**Glenbriar Drive**"), which is more particularly described and depicted on **Exhibit "A-2"** attached hereto; however, in accordance with the Conditions of Approval, upon Grantor having connected Glenbriar Drive to that certain public street located to the north of Glenbriar Drive and known as Derone Lane, Grantee dedicated Glenbriar Drive for public right of way purposes, including without limitation,

roadway and utility purposes, over, under, along and across the property, pursuant to that certain Irrevocable Offer of Dedication of Fee Interest executed by Grantee in favor of Grantor and recorded as Instrument No. _____ in the Official Records. In addition, pursuant to that Irrevocable Offer of Dedication of Fee Interest, the Grantee will provide a form of perpetual funding as described in Section 20 of the Conditions of Approval, which are attached hereto as **Exhibit "D"**, and the City shall automatically become fully responsible for maintaining Glenbriar Drive utilizing the approved perpetual funding source for maintenance.

E. As more particularly set forth in **Exhibit "D"** attached hereto, upon this dedication of Glenbriar Drive as a public street, the Conditions of Approval included, among other requirements, the requirement that Grantor grant Grantee a permanent easement to grant access rights to Grantee for the repair and maintenance of (i) certain private storm drainage lines owned by Grantee and crossing Glenbriar Drive ("**Storm Water Crossing**"), (ii) certain private water lines owned by Grantee crossing Glenbriar Drive ("**Water Line Crossing**"), and (iii) certain private sanitary sewer lines, including, without limitation, a private eight inch (8") gravity main, owned by Grantee and crossing Glenbriar Drive ("**Sewer Crossing**").

F. The Project's approved improvement plan set ENG19-0032 removed the Water Line Crossing and instead called for one (1) water meter to be constructed on each side of Glenbriar Drive because it would effectively remove the need for private water line easement along Glenbriar; therefore, such easement for the Water Line Crossing is no longer needed nor applicable and such Condition of Approval is no longer applicable. The approved improvement plan set ENG19-0032 is on file with the City Engineer.

G. Pursuant to the terms of this Agreement, Grantor hereby grants to Grantee non-exclusive, perpetual easements for ingress and egress over and across Glenbriar Drive for the purposes of repairing and maintaining the Storm Water Crossing and the Sewer Crossing.

NOW, THEREFORE, in consideration of the mutual covenants and agreements set forth herein, and for other valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Grantor and Grantee agree as follows:

1. **Grant of Easements**. In connection with Grantee's obligation to maintain the Storm Water Crossing and Sewer Crossing, Grantor hereby grants to Grantee the following easements:

1.1 a non-exclusive, perpetual easement for ingress and egress ("**Storm Water Crossing Easement**") over that certain portion of Glenbriar Drive described and depicted on **Exhibit "B"** attached hereto ("**Storm Water Crossing Easement Area**") for the purpose of maintaining and repairing, as necessary, the Storm Water Crossing. Grantor shall be responsible for maintaining the Storm Water Crossing Easement Area; provided, however, Grantee shall promptly repair any damage to the Storm Water Crossing Easement Area to the extent caused by Grantee. Grantor shall keep the Storm Water Crossing Easement Area clear from any structures or obstacles that will make the area inaccessible. Except for the foregoing, Grantor shall continue to have the right to use the Storm Water Crossing Easement Area in any manner desired by Grantor so long as any such use does not unreasonably interfere with the rights granted to Grantee hereunder; and

1.2 a non-exclusive, perpetual easement for ingress and egress ("**Sewer Crossing Easement**", and together with the Storm Water Crossing Easement, collectively, "**Easement**") over that certain portion of Glenbriar Drive described on **Exhibit "C-1"** attached hereto and depicted on **Exhibit "C-2"** attached hereto ("**Sewer Crossing Easement Area**") for the purpose of maintaining and repairing, as necessary, the Sewer Crossing. Grantor shall be responsible for maintaining the Sewer Crossing Easement Area; provided, however, Grantee shall promptly repair any damage to the Sewer Crossing Easement Area to the extent caused by

Grantee. Grantor shall keep the Sewer Crossing Easement Area clear from any structures or obstacles that will make the area inaccessible. Except for the foregoing, Grantor shall continue to have the right to use the Sewer Crossing Easement Area in any manner desired by Grantor so long as any such use does not unreasonably interfere with the rights granted to Grantee hereunder.

2. **Encroachment Permit**. Notwithstanding anything to the contrary contained herein, in the event the Storm Water Crossing and/or Sewer Crossing require maintenance, Grantee shall submit to Grantor an application for an encroachment permit, which Grantor hereby agrees to promptly approve and issue to Grantee.

3. **Miscellaneous**.

3.1 Notices. All notices or other communications between Grantee and Grantor required or permitted hereunder shall be in writing and personally delivered or sent by certified mail, return receipt requested and prepaid, or sent by reputable overnight courier (such as Federal Express, UPS or DHL) or sent by email to the following addresses:

If to Grantor:

The City of Tracy
_____
_____
Attention: _____
Email: _____

If to Grantee:

Valpico Tracy Apartments, LLC
5780 Fleet Street, Suite 225
Carlsbad, California 92008
Attention: Adam Knowlton and Alex Glick
Email: AKnowlton@guardian-capital.com and AGlick@guardian-capital.com

Either party may change the address to which notices are to be given to it by giving notice of such change of address in the manner set forth above for giving notice.

3.1 Covenants Running with the Land. The maintenance obligations and Easement rights granted herein shall run with the land. However, the provisions of this Agreement shall not be deemed to constitute a dedication for public use, nor to create any rights in the general public or any third party. It is the intention of the parties that this Agreement shall be strictly limited to and for the purposes expressed herein. This Agreement is intended for the exclusive benefit of the parties hereto and their respective successors and assigns.

3.2 Further Assurances. Each party agrees to execute and deliver such additional documents and instruments as may be necessary or desirable to carry out the provisions of this Agreement.

3.3 Successor and Assigns. The benefits and obligations granted and imposed in this Agreement shall be binding on and inure to the benefit of the parties and their respective successors and assigns.

3.4 Governing Law; Severability; No Waiver; Amendment. This Agreement shall be governed by and construed in accordance with the laws of the State of California. If any provision of this Agreement shall be invalid or unenforceable to any extent, the remainder of this Agreement shall not be affected thereby and shall be enforced to the greatest extent permitted by law. This Agreement may only be amended by the written agreement of the parties, duly acknowledged by each, and recorded in the Official Records. No provision of this Agreement shall be deemed to have been waived unless such waiver is in writing.

3.5 Effectiveness. This Agreement, though executed on the date above written, shall only be effective upon, from and after its recording in the Official Records.

3.6 Counterparts. This Agreement may be executed in multiple counterparts, which when taken together, shall constitute one original document.

3.7 Attorneys' Fees. In the event of any legal action or other proceeding between the parties regarding or arising out of this Agreement, the prevailing party shall be entitled to the payment by the losing party of its reasonable attorneys' fees, court costs and litigation expenses, as determined by the court. The term "prevailing party" as used herein includes, without limitation, a party: (a) who obtains substantially the relief it has sought, or (b) against whom an action is dismissed (with or without prejudice).

[SIGNATURES ON FOLLOWING PAGE]

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the date first above written.

EXHIBIT "A-1"

PROPERTY DESCRIPTION

The land referred to herein is situated in the City of Tracy, the County of San Joaquin, State of California, and is described as follows:

Parcel A1:

All that certain real property situated in the City of Tracy, County of San Joaquin, State of California, being the lands of Valpico Tracy Apartments as described in Document No. 2020-024778, and a portion of the lands of White as described in Document No. 1994-085364, San Joaquin County Records, being more particularly described as follows:

Beginning at the Northwesterly corner of said lands of white, thence along the Westerly line of said lands South 89°25'53" East, 55.23 feet;

Thence across said lands South 00°00'00" East, 240.01 feet to the Southerly lines of said lands;

Thence along the Southerly line North 89°25'53" West, 56.29 feet to the Southwesterly corner of said lands;

Thence along the Easterly line of said lands of Valpico Tracy Apartments South 00°15'07" West, 201.42 feet to a point on the Northerly line of Valpico Road;

Thence along the Northerly line of Valpico Road the following three (3) courses:

1. North 89°36'40" West, 866.34 feet;

2. South 00°15'36" West, 60.00 feet;

3. Thence North 89°36'40" West, 249.80 feet, to the Southwesterly corner of said lands of Valpico Tracy Apartments;

Thence along the Westerly line of said lands North 00°15'36" East, 499.71 feet, to the Northwesterly corner of said lands of Valpico Tracy Apartments;

Thence along the Northerly line of said lands the following two (2) courses:

1. South 89°41'15" East, 782.79 feet;

2. Thence South 89°43'33" East, 333.28 feet, to the point of beginning.

Also described as resultant Parcel A of Certificate of Compliance for Lot Line adjustment owner's Certificate LLA No. MS-LD22-0035 as recorded 01/18/2023 as Instrument No. 2023-4201 of Official Records.

Parcel A2:

Non-exclusive easements for free and reasonable vehicular and pedestrian access, ingress, and egress as created by Access Easement Agreement recorded September 28, 2001, as Instrument 2001-158512, of Official Records of San Joaquin County, subject to the Terms, Conditions, and Restrictions set forth in such agreement (2001-158512) pertaining to the use or exercise of such easement.

Parcel A3:

Non-exclusive easements as contained in Declaration of Easements with Covenants and Restrictions Affecting Land recorded September 28, 2001, as Instrument 2001-158513, of Official Records of San Joaquin County, subject to the terms, Conditions, and Restrictions set forth in such declaration (2001 158513) pertaining to the use or exercise of such easement.

Parcel A4:

An exclusive slope easement, appurtenant to Parcel A of that certain Parcel Map thereof filed for record March 26, 1976 in Book 2 of Parcel Maps, at Page 136, San Joaquin County Records, hereinabove, as set forth and more particularly described in that certain Slope Easement Deed, dated November 5, 2019, and recorded November 5, 2019, as Instrument 2019-127695, of Official Records of San Joaquin County, subject to the Terms, Conditions, and Restrictions set forth in such Slope Easement Deed (2019-127695) pertaining to the use or exercise of such easement.

Parcel A5:

An Non-Exclusive drainage easement, appurtenant to Parcel One, hereinabove, as set forth and more particularly described in that certain Drainage Easement Deed, dated November 5, 2019, and recorded November 5, 2019, as Instrument 2019-127696, of Official Records of San Joaquin County, subject to the Terms, Conditions, and Restrictions set forth in such Drainage Easement Deed (2019-127696) pertaining to the use or exercise of such easement.

(Revenue and Taxation Code Section 11922)

IRREVOCABLE OFFER OF DEDICATION OF FEE INTEREST

For A Valuable Consideration, receipt of which is hereby acknowledged, VALPICO TRACY APARTMENTS, LLC, a Delaware limited liability company common ("**Grantor**"), represents that, as the owner of that certain real property described on Exhibit C attached hereto ("**Property**"), and subject to the satisfaction of the Dedication Condition (as hereinafter defined), Grantor hereby makes an Irrevocable Offer of Dedication of fee interest to THE CITY OF TRACY, A MUNICIPAL CORPORATION ("**Grantee**"), the hereinafter described real property for the following public purpose:

> Public Right of Way purposes, including without limitation, roadway and utility purposes, over, under, along and across the property described in Exhibit A and depicted in Exhibit B.

*The real property referred to above ("**IOD Area**") is situated in the City of Tracy, County of San Joaquin, State of California and is more particularly described as follows:*

SEE ATTACHED:

EXHIBIT A FOR LEGAL DESCRIPTION OF IOD AREA

EXHIBIT B FOR PLAT OF IOD AREA

This Offer of Dedication is made pursuant to Section 7050 of the Government Code of the State of California and may be accepted at any time by the City of Tracy.

Notwithstanding the foregoing or anything to the contrary herein, the foregoing dedication of the IOD Area ("**Dedication**") is expressly conditioned upon the City (at its cost) connecting the IOD Area to that certain public street known as Derone Lane shown on Exhibit B attached hereto ("**Dedication Condition**"). In the event the Dedication Condition occurs, the Dedication shall be subject and subordinate to all matters of record or apparent, improvements, contracts, leases, licenses, encumbrances, and claims of title affecting the IOD Area as of the date the Dedication Condition is satisfied.

Grantor shall be responsible for maintaining the IOD Area prior to the Dedication Condition being satisfied. In the event the Dedication Condition occurs and the IOD Area is thereby dedicated to the City for use as a public street, the grantor will provide a form

of perpetual funding as described in the original project Conditions of Approval for Development Review Application D19-0018, Section 20, and the City shall automatically become fully responsible for maintaining the IOD Area utilizing the approved perpetual funding source for maintenance.

This Offer of Dedication of fee interest shall be irrevocable and shall be binding on Grantor, Grantee, and each of their heirs, executors, administrators, successors and assigns. Except as expressly set forth herein, the City and its successors or assigns shall incur no liability with respect to this offer of dedication, and shall not assume any responsibility for the Property or any improvements thereon, until this offer has been accepted by the City of Tracy.

The Dedication rights granted herein shall run with the land. However, in the event the Dedication Condition is not satisfied, the provisions of this Offer of Dedication shall not be deemed to constitute a dedication for public use, nor to create any rights in the general public or any third party (including Grantee). It is the intention of the parties that this Offer of Dedication shall be strictly limited to and for the purposes expressed herein. This Offer of Dedication is intended for the exclusive benefit of the parties hereto and their respective successors and assigns.

Each party agrees to execute and deliver such additional documents and instruments as may be necessary or desirable to carry out the provisions of this Offer of Dedication.

This Offer of Dedication shall be governed by and construed in accordance with the laws of the State of California. If any provision of this Offer of Dedication shall be invalid or unenforceable to any extent, the remainder of this Offer of Dedication shall not be affected thereby and shall be enforced to the greatest extent permitted by law. This Offer of Dedication may only be amended by the written agreement of the parties, duly acknowledged by each, and recorded in the Official Records of San Joaquin County, California. No provision of this Offer of Dedication shall be deemed to have been waived unless such waiver is in writing. Should either party hereto institute any action or proceeding to enforce any provisions hereof or for damages by reason of the breach, default or liability of the other party arising out of any provision of this Offer of Dedication, the prevailing party shall be entitled to recover costs of suit and reasonable attorneys' fees.

This Offer of Dedication, though executed on the date above written, shall only be effective upon, from and after its recording in the Official Records of San Joaquin County, California.

DEPICTION OF IOD AREA

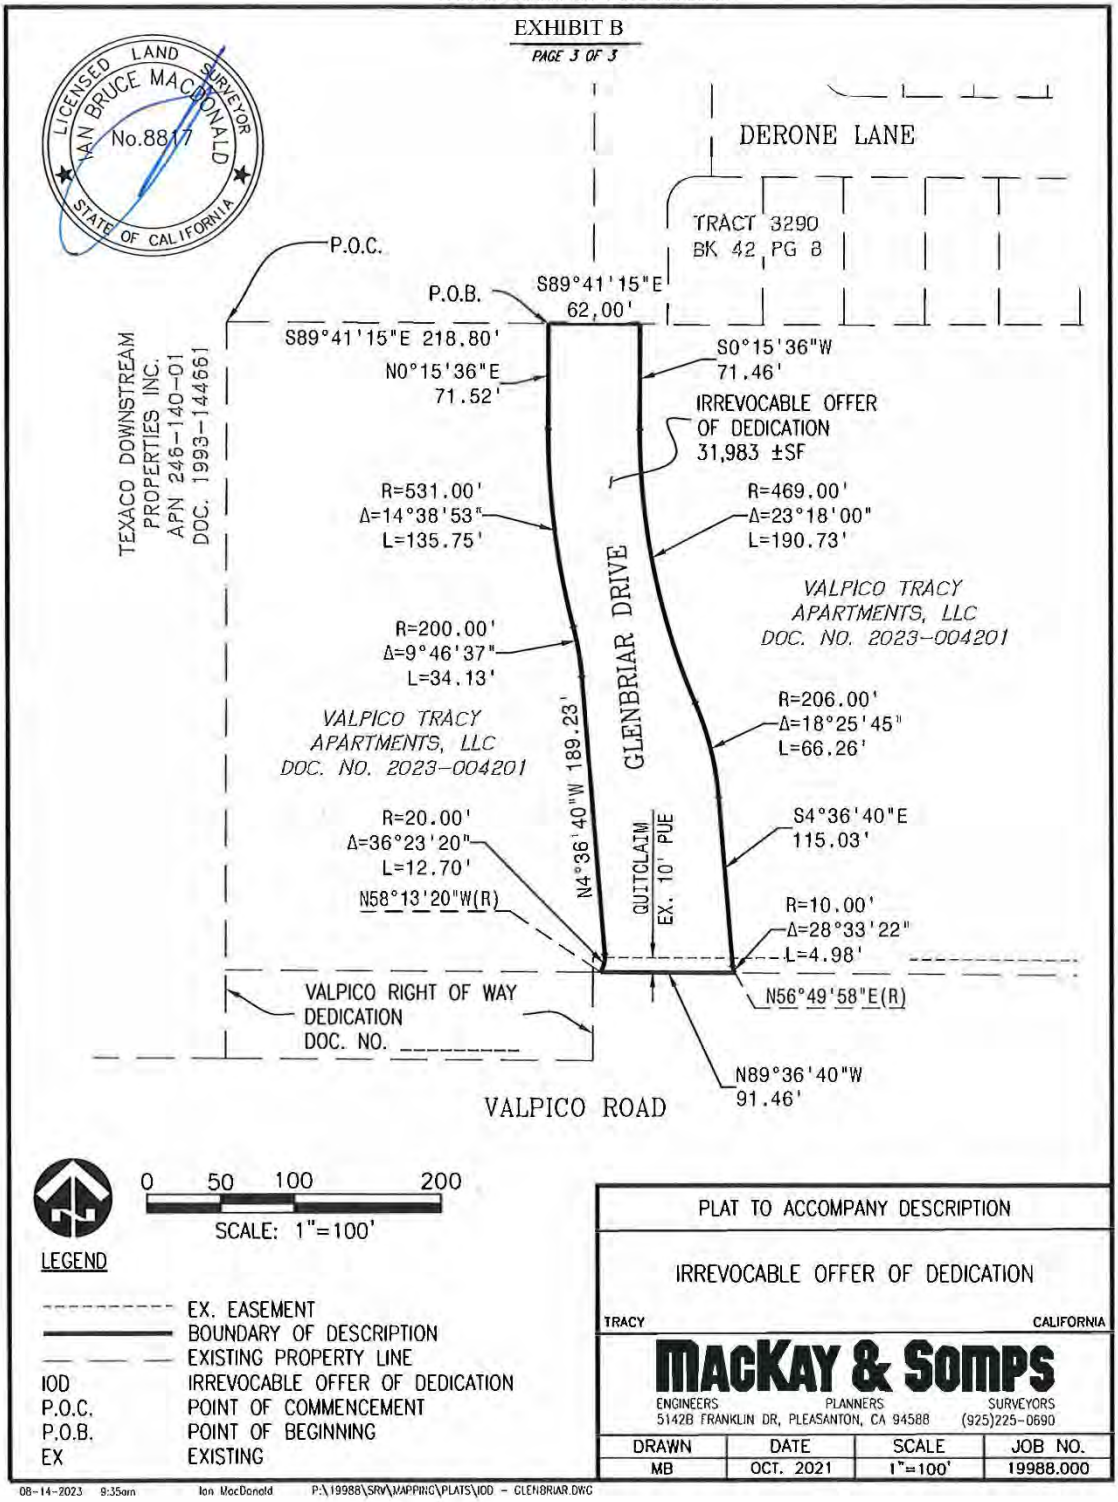

EXHIBIT C
DESCRIPTION OF GRANTOR PROPERTY

The land referred to herein is situated in the City of Tracy, the County of San Joaquin, State of California, and is described as follows:

Parcel A1:

All that certain real property situated in the City of Tracy, County of San Joaquin, State of California, being the lands of Valpico Tracy Apartments as described in Document No. 2020-024778, and a portion of the lands of White as described in Document No. 1994-085364, San Joaquin County Records, being more particularly described as follows:

Beginning at the Northwesterly corner of said lands of white, thence along the Westerly line of said lands South 89°25'53" East, 55.23 feet;

Thence across said lands South 00°00'00" East, 240.01 feet to the Southerly lines of said lands;

Thence along the Southerly line North 89°25'53" West, 56.29 feet to the Southwesterly corner of said lands;

Thence along the Easterly line of said lands of Valpico Tracy Apartments South 00°15'07" West, 201.42 feet to a point on the Northerly line of Valpico Road;

Thence along the Northerly line of Valpico Road the following three (3) courses:

1. North 89°36'40" West, 866.34 feet;

2. South 00°15'36" West, 60.00 feet;

3. Thence North 89°36'40" West, 249.80 feet, to the Southwesterly corner of said lands of Valpico Tracy Apartments;

Thence along the Westerly line of said lands North 00°15'36" East, 499.71 feet, to the Northwesterly corner of said lands of Valpico Tracy Apartments;

Thence along the Northerly line of said lands the following two (2) courses:

1. South 89°41'15" East, 782.79 feet;

2. Thence South 89°43'33" East, 333.28 feet, to the point of beginning.

Also described as resultant Parcel A of Certificate of Compliance for Lot Line adjustment owner's Certificate LLA No. MS-LD22-0035 as recorded 01/18/2023 as Instrument No. 2023-4201 of Official Records.

Parcel A2:

Non-exclusive easements for free and reasonable vehicular and pedestrian access, ingress, and egress as created by Access Easement Agreement recorded September 28, 2001, as Instrument 2001-158512, of Official Records of San Joaquin County, subject to the Terms, Conditions, and Restrictions set forth in such agreement (2001-158512) pertaining to the use or exercise of such easement.

Parcel A3:

Non-exclusive easements as contained in Declaration of Easements with Covenants and Restrictions Affecting Land recorded September 28, 2001, as Instrument 2001-158513, of Official Records of San Joaquin County, subject to the terms, Conditions, and Restrictions set forth in such declaration (2001 158513) pertaining to the use or exercise of such easement.

Parcel A4:

An exclusive slope easement, appurtenant to Parcel A of that certain Parcel Map thereof filed for record March 26, 1976 in Book 2 of Parcel Maps, at Page 136, San Joaquin County Records, hereinabove, as set forth and more particularly described in that certain Slope Easement Deed, dated November 5, 2019, and recorded November 5, 2019, as Instrument 2019-127695, of Official Records of San Joaquin County, subject to the Terms, Conditions, and Restrictions set forth in such Slope Easement Deed (2019-127695) pertaining to the use or exercise of such easement.

Parcel A5:

An Non-Exclusive drainage easement, appurtenant to Parcel One, hereinabove, as set forth and more particularly described in that certain Drainage Easement Deed, dated November 5, 2019, and recorded November 5, 2019, as Instrument 2019-127696, of Official Records of San Joaquin County, subject to the Terms, Conditions, and Restrictions set forth in such Drainage Easement Deed (2019-127696) pertaining to the use or exercise of such easement.

Assessor's Parcel Number: 246-140-24

July 2, 2024

Agenda Item 1.M

RECOMMENDATION

Staff recommends that the City Council adopt the following Resolutions:

(A) approving and authorizing the recordation of 7 Final Subdivision Maps (Tracts 4132 through 4138) located within the Tracy Hills Specific Plan Area, 7 Subdivision Improvement Agreements, and 3 Conditional Subdivision Improvement Agreements, 4 Offsite Improvement Agreements, and 4 Conditional Offsite Improvement Agreements, 7 irrevocable offers of dedication of fee and easement interests; and

(B) accepting a grant of access and public utility easement and an offer of dedication for a related water tank site.

EXECUTIVE SUMMARY

This Agenda Item seeks approval of Final Maps for Phase 2A of the Tracy Hills Specific Plan area development (Project). Phase 2A is subcomponent of the Vesting Tentative Subdivision Map (VTSM) for Tracy Hills Phase 2, Tract 4057 project, that was approved by the City Council on October 19, 2021, pursuant to Resolution No. 2021-154. Attachment A shows the location of the VTSM. The Final Maps and agreements for Phase 2B will be presented for future action by the City Council at a later date, when they are ready.

There are numerous actions related to the approval of the Phase 2A Final Maps, including infrastructure improvement agreements and grants of property interests. These actions are bundled into two separate resolutions.

The first resolution consists of approving seven Final Subdivision Maps (Final Maps), seven Subdivision Improvement Agreements (SIAs), three Conditional Subdivision Improvement Agreements (CSIAs), four Offsite Improvement Agreements (OIAs), four Conditional Offsite Improvement Agreements (COIAs), four Irrevocable Offers of Dedication of Fee Interest (IODs Fee), three Irrevocable Offers of Dedication of Easements (IODs Easements).

The second resolution consists of approving one Grant of Access and Public Utility Easement (Grant of Easement) and an offer of dedication of a water tank site, all associated with the Tracy Hills Phase 2A portion of the Project.

BACKGROUND AND LEGISLATIVE HISTORY

Lennar Homes of California, LLC is the subdivider (Developer) of the Project. As noted above, the VTSM for Tracy Hills Phase 2, Tract 4057, was approved by the City Council on October 19, 2021, pursuant to Resolution No. 2021-154. The Developer has divided Phase 2 into two phases, as depicted in Attachment A, with Tracy Hills Phase 2A generally encompassing the eastern portion of the Project, and Tracy Hills Phase 2B generally encompassing the western portion. Phase 2A consists of seven tracts containing ten villages totaling 726 residential lots and numerous other non-residential parcels on approximately 242.2 acres. Phase 2B consists of seven tracts containing eight villages totaling 744 residential lots and other numerous non-residential parcels on approximately 242.0 acres.

Tracy Hills Phase 2A includes the following seven tracts and 10 villages: Tract 4132 - Tracy Hills Villages 1 & 4, Tract 4133 - Tracy Hills Villages 2 & 3, Tract 4134 - Tracy Hills Villages 5 & 6, Tract 4135 - Tracy Hills Village 7, Tract 4136 - Tracy Hills Village 8, Tract 4137 - Tracy Hills Village 9, and Tract 4138 - Tracy Hills Village 10. Phase 2A also includes two neighborhood parks, 26 open space parcels, a future school site, a retention basin, and a recreation center. Attachment A shows the locations of the tracts and villages in Tracy Hills Phase 2A.

On April 5, 2016, the City Council approved the Tracy Hills Specific Plan Final Subsequent Environmental Impact Report (Resolution No. 2016-062), the Tracy Hills Specific Plan (Resolution No. 2016-063), and the Development Agreement executed between the City of Tracy and the Developers of the Tracy Hills Project (Ordinance 1213), among other related actions.

On November 10, 2020, the City Council approved the First Amendment to the Development Agreement (Ordinance 1300).

On October 19, 2021, the City Council approved a General Plan Amendment, under Application No. GPA21-0001 (Resolution No. 2021-153), the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2, under Application No. SPA21-0003 (Ordinance 1319, and the Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057 (VSTM), under Application No. TSM20-0003 (Resolution No. 2021-154).

The VTSM proposes 1,470 single-family residential lots, public park parcels, open space parcels, retention basin parcels, school parcels, Homeowners Association (HOA) recreation center parcel, and numerous other parcels. The non-residential parcels are to be owned and maintained by the HOA, Developer, or City. The Project occupies approximately 1,143 acres within the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road.

Under Tracy Municipal Code (TMC) Section 12.20.020 and California Government Code Section § 66456.1, multiple final maps relating to an approved tentative subdivision map may be filed before the expiration of the tentative subdivision map if: (1) the subdivider, at the time the tentative map is filed, notifies the Community Development Director and the City Engineer in writing of the subdivider's intention to file multiple final maps on the tentative subdivision map, and is authorized to have phases by conditions of the map; or (2) after filing and before approval of the tentative subdivision map, the Community Development Director, the City Engineer and the subdivider concur in the filing of multiple final maps.

Section 12.20.090 of the TMC requires the City Council to approve final maps. That section also requires the City Council to consider approval of improvement agreements and related security concurrently with the final map approval and authorizes the City Manager to execute such agreements.

California Government Code § 66473 requires a local agency to disapprove a request for a final map for failure of the applicant to be in “substantial compliance” with requirements or conditions of approval imposed on the preceding approved tentative map. Per California Government Code § 66474.1, upon finding substantial compliance with the applicable conditions of approval and conformance of the final map with the approved tentative map, a local agency’s approval of a final map becomes a ministerial act. An agency can approve a final map, even if certain public

improvements have not been completed prior to such final map approval as long as the agency and the subdivider enter into binding legal agreements for completion of such improvements and posting of adequate security. The various Offsite and Subdivision Improvement Agreements in this agenda item are to satisfy the requirements of Government Code Section 66462.

Based on prior City practice, the City entered into Inspection Improvement Agreements (IIAs) for work that had not received final approval by the City Engineer. This practice has been discontinued. The following IIAs had been approved in connection with the VTSM:

1) IIA for Tract 4132 - Tracy Hills Villages 1 and 4, approved by City Manager (as authorized by COVID Urgency Ordinance No. 1285) on August 15, 2022.
2) IIA for Tract 4133 - Tracy Hills Villages 2 and 3, approved by City Manager (as authorized by COVID Urgency Ordinance No. 1285) on August 15, 2022.
3) IIA for Tract 4134 - Tracy Hills Villages 5 and 6, approved by City Council on October 4, 2022, by Resolution No. 2022-145.
4) IIA for Tract 4135 - Tracy Hills Village 7, approved by City Council on December 6, 2022, by Resolution No. 2022-188.
5) IIA for Tract 4136 - Tracy Hills Village 8, approved by City Council on October 4, 2022, by Resolution No. 2022-189.
6) IIA for Tract 4137 - Tracy Hills Village 9, approved by City Council on October 4, 2022, by Resolution No. 2022-190.
7) IIA for Tract 4138 - Tracy Hills Village 10, approved by City Council on October 4, 2022, by Resolution No. 2022-191.
8) IIA for Sierra View Drive and Lammers Road Improvements, approved by City Council on October 18, 2022, by Resolution No. 2022-151.
9) IIA for Corral Hollow Road Widening Improvements at Tracy Hills Phase 2 Frontage, approved by City Council on February 7, 2023, by Resolution No. 2023-024.

The IIA practice stopped in Fall 2022. Subsequently, the Developer commenced improvement work under improvement agreements that complied with the TMC and State law. The following had been issued for the VTSM:

10) OIA for Tracy Hills Phase 2A - Zone 5 / 6 Water Tanks and Booster Pump Station Building Improvements, approved by City Council on October 4, 2022, by Resolution No. 2022-144.
11) OIA for Tracy Hills Zone 5 Water Line Improvements, approved by City Council on October 18, 2022, by Resolution No. 2022-153.
12) OIA for Lammers Road Undercrossing Improvements at Interstate 580, approved by City Council on July 5, 2023, by Resolution No. 2023-126.
13) OIA for Tracy Hills Phase 2 Zone 5 Water Main Improvements, approved on August 15, 2023, by Resolution No. 2023-156.

ANALYSIS

As noted above, TMC Section 12.20.020 and California Government Code Section § 66456.1 allows multiple final maps to be approved, as related to an approved tentative subdivision map. Pursuant thereto, Developer provided the requisite notification of the intention to multiple final maps on the tentative subdivision map at the time the VTSM application was filed.

The Developer has divided the Project into two phases, Tracy Hills Phase 2A and Tracy Hills Phase 2B, as depicted in Attachment A, and is requesting approval of the following seven Final Maps containing 10 Villages totaling 726 residential lots and numerous other non-residential parcels within the Tracy Hills Phase 2A portion of the Project:

1) Tract 4132 - Tracy Hills Villages 1 and 4, creating 139 single-family residential lots, 3 open space parcels, a retention basin parcel, and public street rights-of-way on approximately 46.3 acres.
2) Tract 4133 - Tracy Hills Villages 2 and 3, creating 115 single-family residential lots, 6 open space parcels, a public park parcel, and public street rights-of-way on approximately 42.1 acres.
3) Tract 4134 - Tracy Hills Villages 5 and 6, creating 131 single-family residential lots, 4 open space parcels, an HOA recreation center parcel, and public street rights-of-way on approximately 39.6 acres.
4) Tract 4135 - Tracy Hills Village 7, creating 97 single-family residential lots, 3 open space parcels, and public street rights-of-way on approximately 23.1 acres.
5) Tract 4136 - Tracy Hills Village 8, creating 89 single-family residential lots, 1 open space parcel, a public park parcel, and public street rights-of-way on approximately 29.3 acres.
6) Tract 4137 - Tracy Hills Village 9, creating 69 single-family residential lots, 5 open space parcels, a future school parcel, and public street rights-of-way on approximately 34.5 acres.
7) Tract 4138 - Tracy Hills Village 10, creating 86 single-family residential lots, 4 open space parcels, and public street rights-of-way on approximately 27.3 acres.

The above Final Maps have been prepared on behalf of the Developer and reviewed by the Engineering Division and were found to be in substantial compliance with the VTSM. The Final Maps are included in Attachments B-1 to B-7.

The Conditions of Approval (COAs) for the VTSM require the Developer to design and construct certain on-site public improvements connected with the approval of the Final Maps pursuant to the Subdivision Map Act, the Subdivision Ordinance, and applicable City Standards. As noted above, since the required improvements will not be completed prior to the recordation of the Final Maps, the Developer is required to execute the SIAs to guarantee the completion of the improvements as authorized by Government Code Section 66462 and in accordance with Condition of Approval No. C.3.6.

The seven SIAs corresponding to the above listed Final Maps are included in Attachments C-1 to C-7. The SIAs address the construction of the in-tract improvements associated with the single-family residential lots and other facilities within Tracy Hills Phase 2A that will be constructed by the Developer in connection with the Final Maps, and in accordance with the COAs. The Developer has executed the SIAs and has submitted the required security to guarantee the completion of the subject improvements.

As noted above, IIAs were previously approved for each of the Final Maps and other on-site and off-site improvements. Approval of the IIAs allowed the Developer to commence construction of the on-site and off-site improvements prior to the City Engineer's final approval of the improvement plans and landscape plans. Execution of the SIAs and OIAs by City and Developer will effectuate the termination of these previously approved IIAs. Instead, in compliance with the TMC and State law, completion of the improvements and landscaping, final

inspections, acceptance, and release of securities for the work will be done under the terms of the legally binding SIAs and OIAs.

Improvement plans, landscape plans, specifications, and cost estimates, which describe in more detail the public street, landscape, utility, and appurtenant improvements for the Final Maps which are required to be constructed under the subject SIAs, have been prepared on behalf of the Developer and approved by the City Engineer. The plans are on file with the City Engineer under the Engineering Division tracking numbers as follows:

1) Tract 4132 - Tracy Hills Villages 1 and 4 - "Bolder": Improvement Plans, Joint Trench Composite Plans, and Street Lighting Plans, Tracking No. ENG22-0010; Landscape Plans, Tracking No. ENG22-0034.
2) Tract 4133 - Tracy Hills Villages 2 and 3 - "Cairnway": Improvement Plans, Joint Trench Composite Plans, and Street Lighting Plans, Tracking No. ENG22-0011; Landscape Plans, Tracking No. ENG22-0032.
3) Tract 4134 - Tracy Hills Villages 5 and 6 - "Crestwick"; Improvement Plans, Joint Trench Composite Plans, and Street Lighting Plans, Tracking No. ENG22-0012; Landscape Plans, Tracking No. ENG22-0036.
4) Tract 4135 - Tracy Hills Village 7 - "Rangewood": Improvement Plans, Joint Trench Composite Plans, and Street Lighting Plans, Tracking No. ENG22-0024; Landscape Plans, Tracking No. ENG22-0037.
5) Tract 4136 - Tracy Hills Village 8 - "Ridgerton": Improvement Plans, Joint Trench Composite Plans, and Street Lighting Plans, Tracking No. ENG22-0025; Landscape Plans, Tracking No. ENG22-040.
6) Tract 4137 - Tracy Hills Village 9 - "Rockingham": Improvement Plans, Joint Trench Composite Plans, and Street Lighting Plans, Tracking No. ENG22-0027; Landscape Plans, Tracking No. ENG22-0005.
7) Tract 4138 - Tracy Hills Village 10, "Slateshire": Improvement Plans, Joint Trench Composite Plans, and Street Lighting Plans, Tracking No. ENG22-0031; Landscape Plans, Tracking No. ENG23-0006.

The three CSIAs, included as Attachments D-2 to D-4, provide for the future construction of the three neighborhood parks within the boundaries of the Tracy Hills Phase 2 VTSM. As stated in the CSIAs, and in accordance with the COAs, construction for each of the neighborhood parks shall commence prior to the following trigger events:

1) 2nd Neighborhood Park (Lot A of Tract 4134): issuance of the 500th building permit in Tracy Hills Phase 2.
2) 3rd Neighborhood Park (Lot Q of VTSM): issuance of the 976th building permit in Tracy Hills Phase 2.
3) 4th Neighborhood Park (Lot P of Tract 4134): issuance of the 1,226th building permit in Tracy Hills Phase 2.

The CSIAs satisfy the COAs which require that the City and Developer enter into agreements prior to the recordation of the first Final Map in Phase 2 that stipulate the above triggering events for each of the three neighborhood parks. Since the plans for the neighborhood parks are not complete at this time, the Developer has posted performance security based on preliminary engineer's estimates to guarantee the construction of the parks, as provided for in the CSIAs.

Pursuant to the COAs, the Developer is required to design and construct the public roadway improvements for Corral Hollow Road Widening Phase 2 Frontage, generally extending between the southbound Interstate 580 ramps and the City limits, Sierra View Drive/Lammers Road, generally extending between Corral Hollow Road and Tracy Hills Drive, improvements at Tracy Blvd/Linne Road and improvements at Linne Road/MacArthur Drive. Since the improvements for said roadways will not be completed prior to the recordation of Final Maps, the Developer is required to execute the four OIAs, included as Attachments E-1 to E-4, to guarantee the completion of the improvements as authorized by Government Code Section 66462 and in accordance with COA No. C.3.9. The plans for the public roadway improvements associated with the first two OIAs listed above are on file with the City Engineer under Tracking Nos. ENG22-0006 and ENG21-0037.

The additional public street right-of-way necessary for the Corral Hollow Road Widening is offered for dedication by the Developer to the City on the aforementioned Final Map for Tract 4133, Tracy Hills Villages 2 and 3 (Attachment B-2). A portion of the public street right-of-way for the Sierra View Drive / Lammers Road Improvements is also offered for dedication on said Final Map for Tract 4133, Tracy Hills Villages 2 and 3. The remaining portions of the public street right-of-way for the Sierra View Drive / Lammers Road Improvements are offered for dedication to the City in the separate Irrevocable Offers of Dedication of Fee Interest attached hereto as Attachments G-3 and G-5, and as further discussed below.

The four COIAs, included as Attachments F-1 to F-4, guarantee for the future construction of the public roadway improvements for the Corral Hollow Road Widening from California Aqueduct to Linne Road, the Corral Hollow Road / I-580 Interchange, the Zone 5 Water Line Across the Tracy Municipal Airport Property, and a sanitary sewer line in Corral Hollow Road. All of which are off-site improvements outside of the boundaries of the Tracy Hills Phase 2 VTSM. As stated in the COIAs, and in accordance with the COAs, construction of the subject improvements shall commence upon occurrence of the trigger events specified as follows:

- Corral Hollow Widening from the California Aqueduct to Linne Road Intersection: prior to final inspection of the 2,600th dwelling unit within the Tracy Hills Project boundary as defined in the Development Agreement.
- Corral Hollow Road / I-580 Interchange: due at 2,588 AM peak trips.
- Zone 5 Water Line Across Tracy Municipal Airport Property: upon receipt of the required consent from the Federal Aviation Administration (FAA).
- Sanitary Sewer Line in Corral Road to be completed prior to completion of Tracy Hills Phase 2.

The COIAs satisfy the COAs which require that the City and Developer enter into agreements prior to the recordation of the first Final Map in Phase 2 that stipulate the above trigger events for the subject improvements. Since the plans for the public roadway improvements, water line and sanitary sewer line are not complete at this time, the Developer has posted performance security based upon preliminary engineer's estimates to guarantee the construction of the improvements, as provided for in the CSIAs.

The four IODs of Fee interest provide for the Irrevocable Offers of Dedication of Fee Interest for the Sierra View Drive Public Street Right of Way, the Lammers Road Public Street Right of Way, the Stanek Avenue Public Street Right of Way, and the Tracy Hills Phase 2 Community Park Site which, in accordance with the COAs, are all intended to be constructed by the

Developer and ultimately accepted by the City as public roadways and facilities. The offers of dedication will not be accepted by the City at this time but will remain irrevocable until accepted by separate resolutions by the City Council upon the satisfactory completion of the improvements thereon. The three IODs of Easements provide for the Irrevocable Offers of Dedication of Easements for the Public Utility Easements that are to be granted to the City adjacent to the public street rights-of-way for water line access, Sierra View Drive, Lammers Road, and Stanek Avenue, for the purposes of constructing, reconstructing, and maintaining public utilities and appurtenances thereto. The offers of dedication will not be accepted by the City at this time but will remain irrevocable until accepted by separate resolutions by the City Council upon the satisfactory completion of the improvements thereon. All seven IODs are attached hereto as Attachments G-1 to G-7.

The Grant of Access and Public Utility Easement, included as Attachment G-8, provides for the use by City employees of a temporary access road within the easement across private property, extending from the southern end of the Stanek Avenue Public Street Right of Way to the Tracy Hills Phase 2 Zone 5 / 6 Water Tank Site. The easement also allows for the construction, operation, and maintenance of public water mains between the end of Stanek Avenue and the Water Tank Site until such time as the developer of future phases of the Tracy Hills Project constructs the planned public roadway overlying the easement alignment.

FISCAL IMPACT

There will be no fiscal impact associated with this Agenda Item. Developer has paid for the cost of plan checking, engineering inspection and processing of the Final Maps and associated agreements.

PUBLIC OUTREACH / INTEREST

All public outreach for the Tracy Hills Phase 2 development (notifications, public hearings, etc.) was conducted at the Planning Commission and City Council hearings that were held in October 2021 to consider the General Plan Amendment, Specific Plan Amendment, and Vesting Tentative Subdivision Map for the overall Project. Additional public outreach, specifically for the Final Maps and associated agreements, is not required.

COORDINATION

This Staff Report was prepared by the Engineering Division. No coordination was required with other departments for the preparation of this report.

CEQA DETERMINATION

An Environmental Impact Report (EIR) for the Tracy Hills Specific Plan was certified by the City Council on April 5, 2016 (SCH#2013102053). An Addendum to the EIR was prepared in accordance with the provisions of California Environmental Act (CEQA) Guidelines Section 15162 and 15164 to address the General Plan Amendment, Specific Plan Amendment, and Vesting Tentative Subdivision Map for the Tracy Hills Phase 2 Project. All the in-tract and off-site improvements associated with this Agenda Item are within the scope of the development evaluated by the EIR and the Addendum to the EIR and therefore no further environmental review is required for the Project.

STRATEGIC PLAN

This item is consistent with the City Council's approved Economic Development Strategy to ensure the construction of physical infrastructure necessary for development.

ACTION REQUESTED OF THE CITY COUNCIL

Staff recommends that the City Council adopt the following Resolutions:

(A) award and authorize the recordation of 7 Final Subdivision Maps (Tracts 4132 through 4138) located within the Tracy Hills Specific Plan Area, 7 Subdivision Improvement Agreements, and 3 Conditional Subdivision Improvement Agreements, 4 Offsite Improvement Agreements, and 4 Conditional Offsite Improvement Agreements, 7 irrevocable offers of dedication of fee and easement interests; and

(B) accept a grant of access and public utility easement and an offer of dedication for a related water tank site.

CERTIFICATE OF DEDICATION

THE FOLLOWING REAL PROPERTY IS DEDICATED BY AG EHC II (LEN) CA 1, L.P., A DELAWARE LIMITED PARTNERSHIP, C/O ESSENTIAL HOUSING ASSET MANAGEMENT, LLC, 8585 E. HARTFORD DRIVE, SUITE 118, SCOTTSDALE, AZ 85255, AND AG EHC II (LEN) CA 2, L.P., A DELAWARE LIMITED PARTNERSHIP, C/O ESSENTIAL HOUSING ASSET MANAGEMENT, LLC, 8585 E. HARTFORD DRIVE, SUITE 118, SCOTTSDALE, AZ 85255:

FOR THE PURPOSE OF PUBLIC STREET RIGHTS-OF-WAY:

"SIERRA VIEW DRIVE", "CORRAL HOLLOW ROAD", "WHITE HART AVENUE", "EMERY STREET", "FORBES AVENUE", "DASHWOOD STREET", "HANOVER WAY", "GLADYS AVENUE", AND "LEVANT PLACE".

THE FOLLOWING REAL PROPERTY IS DEDICATED BY AG EHC II (LEN) CA 1, L.P., A DELAWARE LIMITED PARTNERSHIP TO THE CITY OF TRACY AS EASEMENTS FOR PUBLIC PURPOSES: "PUBLIC UTILITY EASEMENT" OR "PUE".

THE CITY OF TRACY SHALL RECONVEY THE PROPERTY TO THE SUBDIVIDER IF THE CITY OF TRACY MAKES A DETERMINATION PURSUANT TO GOVERNMENT CODE SECTION 66477.5 THAT THE SAME PUBLIC PURPOSE FOR WHICH THE PROPERTY WAS DEDICATED DOES NOT EXIST, OR THE PROPERTY OR ANY PORTION THEREOF IS NOT NEEDED FOR PUBLIC UTILITIES.

SURVEYOR'S STATEMENT

THIS MAP WAS PREPARED BY ME OR UNDER MY DIRECTION AND IS BASED UPON A FIELD SURVEY IN CONFORMANCE WITH THE REQUIREMENTS OF THE SUBDIVISION MAP ACT AND LOCAL ORDINANCE AT THE REQUEST OF AG EHC II (LEN) CA 1, L.P., A DELAWARE LIMITED PARTNERSHIP ON JANUARY 1, 2022. I HEREBY STATE THAT THIS FINAL MAP SUBSTANTIALLY CONFORMS TO THE APPROVED OR CONDITIONALLY APPROVED TENTATIVE MAP (IF ANY), THAT ALL MONUMENTS ARE OF THE CHARACTER AND OCCUPY THE POSITIONS INDICATED OR THAT THEY WILL BE SET IN THOSE POSITIONS ON OR BEFORE DECEMBER 31, 2025, AND THAT SAID MONUMENTS ARE OR WILL BE SUFFICIENT TO ENABLE THE SURVEY TO BE RETRACED.

DATED THIS 24th DAY OF APRIL, 2024.

SCOTT A. SHORTLIDGE, P.L.S. NO. 6441

LICENSED LAND SURVEYOR — SCOTT A. SHORTLIDGE — No. 6441 — STATE OF CALIFORNIA

CITY ENGINEER'S STATEMENT

I, KOOSUN KIM, HEREBY STATE THAT I AM THE CITY ENGINEER OF THE CITY OF TRACY, CALIFORNIA AND THAT I HAVE EXAMINED THIS FINAL MAP OF "TRACT 4133, SUBDIVISIONS OF SAN JOAQUIN COUNTY, TRACY HILLS VILLAGES 2 AND 3", CITY OF TRACY, CALIFORNIA AND THAT THE SUBDIVISION SHOWN HEREON IS SUBSTANTIALLY THE SAME AS IT APPEARED ON THE TENTATIVE MAP, AND ANY APPROVED ALTERATIONS THEREOF. I FURTHER STATE THAT THIS FINAL MAP COMPLIES WITH ALL THE PROVISIONS OF TITLES 10 AND 12 OF THE TRACY MUNICIPAL CODE, AND ANY AMENDMENTS THERETO, APPLICABLE AT THE TIME OF APPROVAL OF THE TENTATIVE MAP.

DATED THIS _____ DAY OF _____, 2024.

NO AFFECTING EASEMENTS

SURVEYOR'S STATEMENT

THIS MAP WAS PREPARED BY ME OR UNDER MY DIRECTION AND IS BASED UPON A FIELD SURVEY IN CONFORMANCE WITH THE REQUIREMENTS OF THE SUBDIVISION MAP ACT AND LOCAL ORDINANCE AT THE REQUEST OF AG EHC II (LEN) CA 2, L.P., A DELAWARE LIMITED PARTNERSHIP ON JANUARY 1, 2022. I HEREBY STATE THAT THIS FINAL MAP SUBSTANTIALLY CONFORMS TO THE APPROVED OR CONDITIONALLY APPROVED TENTATIVE MAP (IF ANY), THAT ALL MONUMENTS ARE OF THE CHARACTER AND OCCUPY THE POSITIONS INDICATED OR THAT THEY WILL BE SET IN THOSE POSITIONS ON OR BEFORE DECEMBER 31, 2025, AND THAT SAID MONUMENTS ARE OR WILL BE SUFFICIENT TO ENABLE THE SURVEY TO BE RETRACED.

DATED THIS 17th DAY OF APRIL, 2024.

SCOTT A. SHORTLIDGE, P.L.S. NO. 6441

LICENSED LAND SURVEYOR
SCOTT A. SHORTLIDGE
No. 6441
STATE OF CALIFORNIA

CITY ENGINEER'S STATEMENT

I, KOOSUN KIM, HEREBY STATE THAT I AM THE CITY ENGINEER OF THE CITY OF TRACY, CALIFORNIA AND THAT I HAVE EXAMINED THIS FINAL MAP OF "TRACT 4135, SUBDIVISIONS OF SAN JOAQUIN COUNTY, TRACY HILLS VILLAGE 7", CITY OF TRACY, CALIFORNIA AND THAT THE SUBDIVISION SHOWN HEREON IS SUBSTANTIALLY THE SAME AS IT APPEARED ON THE TENTATIVE MAP, AND ANY APPROVED ALTERATIONS THEREOF. I FURTHER STATE THAT THIS FINAL MAP COMPLIES WITH ALL THE PROVISIONS OF TITLES 10 AND 12 OF THE TRACY MUNICIPAL CODE, AND ANY AMENDMENTS THERETO, APPLICABLE AT THE TIME OF APPROVAL OF THE TENTATIVE MAP.

DATED THIS _____ DAY OF _____, 2024.

KOOSUN KIM, R.C.E. NO. 64769

CITY CLERK'S STATEMENT

THIS IS TO STATE THAT AT ITS REGULARLY HELD MEETING ON THE _____ DAY OF _____, 2024, THE CITY COUNCIL OF THE CITY OF TRACY, CALIFORNIA PER COUNCIL RESOLUTION NO._____ APPROVED THIS FINAL MAP OF "TRACT NO. 4135, SUBDIVISIONS OF SAN JOAQUIN COUNTY, TRACY HILLS VILLAGE 7", CITY OF TRACY, CALIFORNIA, AND ACCEPTED ON BEHALF OF THE PUBLIC FOR PUBLIC USE THE OFFER OF DEDICATION OF ALL PUBLIC UTILITY EASEMENTS, STORM DRAIN EASEMENTS, AND SANITARY SEWER EASEMENTS, ACCEPTED ON BEHALF OF THE PUBLIC THE RELINQUISHMENT TO THE CITY OF TRACY ALL ACCESS RIGHTS OF LOTS 1, 2, 3, 4, 42, 43, 62, 63, 64, 65, 83 TO AND FROM WHITE HEART AVENUE, LOTS 31, 54, 55, 72, 73, 99 AND 91 TO AND FROM PUNJYA BROTHERS DRIVE, LOT 1 TO AND FROM JOSHUA STREET, LOTS 84 AND 97 TO AND FROM HULLUM PLACE.

ACCEPTED ON BEHALF OF THE PUBLIC THE RIGHT TO CONTROL ACCESS OVER AND ACROSS THE 1-FOOT WIDE ACCESS RESERVE STRIP SHOWN AT THE SOUTH END OF WHITE HEART AVENUE AND PUNJYA BROTHERS DRIVE. ALL AS SHOWN ON THIS FINAL MAP, AND ACCEPTED THE OFFER OF DEDICATION OF ALL STREET RIGHTS-OF-WAY, SUBJECT TO SATISFACTORY COMPLETION OF IMPROVEMENTS THEREON, IN ACCORDANCE WITH TITLES 10 AND 12 OF THE TRACY MUNICIPAL CODE, AND ANY AMENDMENTS THERETO, APPLICABLE AT THE TIME OF APPROVAL OF THE TENTATIVE MAP.

I HEREBY FURTHER STATE PURSUANT TO SECTION 66477.5 OF THE GOVERNMENT CODE OF THE STATE OF CALIFORNIA; THE LOCAL AGENCY SHALL RECONVEY THE PROPERTY TO THE SUBDIVIDER IF THE LOCAL AGENCY MAKES A DETERMINATION PURSUANT TO SAID SECTION THAT THE SAME PUBLIC PURPOSE FOR WHICH THE PROPERTY WAS DEDICATED DOES NOT EXIST, OR THE PROPERTY OR ANY PORTION THEREOF IS NOT NEEDED FOR PUBLIC UTILITIES, AS SPECIFIED IN SUBDIVISION (C) OF SAID SECTION.

DATED THIS _____ DAY OF _____, 2024.

ADRIANNE RICHARDSON, CITY CLERK
AND CLERK OF THE CITY COUNCIL

BOUNDARY MAP

AREA WITHIN TRACT MAP BOUNDARY LINE = 34.46±ACRES
AREA OF LOTS 1-69 = 12.48±ACRES
AREA OF STREETS = 4.36±ACRES

GRID NOTE:

THE DISTANCES SHOWN HEREON ARE GRID DISTANCES. MULTIPLY DISTANCES BY 1.0000612 TO OBTAIN GROUND LEVEL DISTANCES.

BASIS OF BEARINGS

THE LINE TAKEN AS N44°38'35"W BETWEEN TWO FOUND MONUMENTS (STATION NUMBER 2060 AND STATION NUMBER 3022) OF THE CITY OF TRACY GEODETIC CONTROL NETWORK, WHICH IS BASED UPON THE CALIFORNIA STATE PLANE COORDINATE SYSTEM, ZONE 3, NAD 83 (EPOCH 2004.0), AS SHOWN ON THE RECORD OF SURVEY FILED JUNE 26, 2007, IN BOOK 36 OF SURVEYS AT PAGE 118, OFFICIAL RECORDS OF SAN JOAQUIN COUNTY, IS THE BASIS OF BEARINGS FOR THIS MAP.

City of Tracy
SUBDIVISION IMPROVEMENT AGREEMENT
Tract 4132 - Tracy Hills Villages 1 and 4

This **SUBDIVISION IMPROVEMENT AGREEMENT** ("**Agreement**") is made and entered into by and between the **CITY OF TRACY** a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company (hereinafter "**Developer**"). The effective date of this Agreement shall be the date on which City executes the Agreement ("**Effective Date**").

Recitals

A. Developer is the party responsible for the construction of the public improvements within a portion of the real property comprising the subject Final Subdivision Map for Tract 4132 - Tracy Hills Village 1 and 4, and being more particularly described in ***Exhibit "A"*** attached hereto and incorporated herein by reference (hereinafter "**Project**"). AG EHC II (LEN) CA 1, L.P., is a landbank holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consents to the recordation of this Agreement as evidenced by its signature below.

B. October 19, 2021, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved by Resolution No. 2021-154 ("**Tentative Map**"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by a Homeowner's Association, Developer or City on approximately 1,143 acres within

the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk, and is incorporated herein by this reference.

C. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("**Conditions of Approval**"). The Conditions of Approval describe, among other things, improvements that are required for approval of the Final Subdivision Map pursuant to the Subdivision Map Act, the Subdivision Ordinance, and applicable City Standards.

D. In accordance with the Subdivision Map Act (California Government Code sections 66410, et seq) and the Subdivision Ordinance (Tracy Municipal Code, Title 12), Developer has submitted to the City the Final Subdivision Map for Tract 4132 - Tracy Hills Village 1 and 4 (the "**Final Subdivision Map**"), consisting of 139 single-family residential lots, and other parcels to be owned by a Homeowner's Association, all to be located on approximately 46.3+/- acres within the boundaries of the Project. **Exhibit "B"** shows the overall Project area and the location of the Final Subdivision Map for Tract 4132 - Tracy Hills Village 1 and 4. Developer is required to execute this Agreement as a condition of the City's approval of the Final Subdivision Map.

E. In accordance with the Conditions of Approval, Developer has prepared, and the City Engineer has approved, certain improvement plans and specifications (which incorporate portions of the City's Standard Specifications), which describe the improvements that are required for approval of the Final Subdivision Map and are incorporated herein by reference. The approved plans and specifications ("**Approved Plans and Specifications**") include: *(a) Seventeen (17) sheets of improvement plans entitled "Improvement Plans- Boulder - Tract 4132 - Villages 1 & 4 Tracy Hills Phase 2A" prepared by Ruggeri-Jensen-Azar dated February 22, 2024; (b) six (6) sheets of joint trench plans entitled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Village 1 & 4" prepared by Power Systems Design dated September 16, 2022; (c) five (5) sheets of street light plans entitled "Street Lighting Plan Set, Tracy Hills, Villages 1 & 4" prepared by Power Systems Design dated September 22, 2022; and (d) thirty-six (36) of landscape construction drawings entitled "Tracy Hills Landscape Improvement Plans Villages 1 & 4 Boulder", prepared by FORMA, dated December 8, 2023.* The improvement plans, joint trench plans and street lighting plans are on file with the City Engineer under Tracking No. ENG22-0010 and the landscape plans are on file with the City Engineer under Tracking No. ENG22-0034 (the "**Landscape Plans**"), all incorporated herein by reference.

F. In order to commence construction of certain improvements described in the Approved Plans and Specifications, the City and Developer entered into an Inspection Improvement Agreement last dated on September 8, 2022 (the "**IIA**"), the first page of which is attached as ***Exhibit "C"***. The IIA permitted Developer to commence construction of those improvements based upon certain submitted plans and specifications (the "**Submitted Plans and Specifications**"), *(a) seventeen (17) sheets of improvement plans titled "Boulder, Tract 4132, Villages 1 & 4, Tracy Hills Phase 2A" prepared by*

Ruggeri-Jensen-Azar dated July 22, 2022; (b) six (6) sheets of joint trench plans titled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Villages 1 & 4" prepared by Power Systems Design dated August 29, 2022 and (c) five (5) sheets of street light plans titled "Street Lighting Plan Set, Tracy Hills, Villages 1 and 4" prepared by Power Systems Design dated August 29, 2022, at Developer's sole risk. All of the plans contained in the Submitted Plans and Specifications were approved by the City Engineer at the time of approval of the IIA with the exception of the landscape plans. The IIA provides:

> "Developer understands and agrees that because the Submitted Plans and Specifications have not been approved by the City Engineer, if any of the completed improvements do not conform to the Approved Plans and Specifications the Developer may have to remove or correct any non-conformities to the reasonable satisfaction of the City Engineer at Developer's sole cost."

As such, Developer acknowledged and agreed that if the Approved Plans and Specifications varied from the Submitted Plans and Specifications, Developer would bear sole cost and expense in correcting any of the Work so that it was in conformance with the Approved Plans and Specifications. The Submitted Plans and Specifications are on file with the City Engineer and marked by the City Engineer as "**IIA Plans.**"

G. Pursuant to the IIA, all of the work performed by the Developer was subject to regular inspection by the City in the same manner and with the same reimbursement for those inspections as work would be inspected under a subdivision improvement agreement.

H. As a condition to the execution of the IIA, the Developer was required to provide engineer's estimates of the cost of the improvements, which engineer's estimates were then reviewed and approved by the City Engineer. Developer provided a Faithful Performance Bond in the amount of $4,029,942.00, a Labor and Material Bond in the amount of $4,029,942.00 a Warranty Bond in the amount of $402,994.00, *and a Monumentation Bond dated in the amount of $23,875.00* all dated August 25, 2022, in the form reviewed and approved by the City (the "**IIA Security**"). The IIA Security included an estimate, approved by the City Engineer, for that portion of the Work to be performed pursuant to the IIA landscape improvement plans, the final design of which is now reflected in the Landscape Plans. The IIA Security remains in full force and effect.

I. While a portion of the Work, as defined in Section 1 below, is now substantially complete, not all of the Work is substantially complete. This Agreement provides for an appropriate process for final inspection, acceptance of the Work and provision and release of sureties for the Work and is intended to replace the IIA for all of the Work contemplated by the IIA Plans and the Approved Plans and Specifications

J. Because the required improvements have not been completed, Developer is required to execute this Agreement as authorized by Government Code section 66462.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Scope of Work; Location**. Developer shall perform, or cause to be performed, the work in the manner and as described in the Approved Plans and Specifications, to the satisfaction of the City Engineer pursuant to this Agreement (the "**Work**"). The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f). To the extent applicable, all of the Work shall be performed by Developer in accordance with the requirements of the State prevailing wage laws. Developer shall perform all Work at the locations and grades shown on the Approved Plans and Specifications. Developer (a) has acquired any necessary easement or right-of-way or(b) has entered into a separate Agreement with the City to acquire the necessary easement or right-of-way at Developer's expense.

2. **Time of Performance**. Time is of the essence in the performance of the Work, and the timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

   2.1 **Commencement of Work**. The remaining Work shall begin within 60 days after the Effective Date of the Agreement. No later than fifteen (15) days prior to the commencement of such Work, Developer shall provide written notice to the City Engineer of the date on which Developer intends to commence Work. To the extent required, Developer shall not commence Work until after the notice required by this section is properly provided, and Developer shall not commence Work prior to the date specified in the written notice.

   2.2 **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

   2.3 **Completion of Work**. Developer shall complete all Work by no later than three hundred sixty-five (365) calendar days after Developer's submittal of its notice of commencement of Work pursuant to Section 2.1 above. If the Work is not completed by this date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to expiring date of completion, (b) the City Engineer determines that Work is progressing satisfactorily and an extension is warranted, and (c) Developer pays all processing fees for such time extension.

3. **Improvement Security**. Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the following amounts:

   3.1 **Faithful Performance** security in the amount of **$4,029,942.00** to secure faithful performance of this Agreement.

   3.2 **Labor and Material** security in the amount of **$4,029,942.00** to secure payment by Developer to laborers and materialmen.

   3.3 **Warranty** security in the amount of **$402,994.00** to guarantee improvements against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

   3.4 **Monumentation** security in the amount of **$23,875.00** to secure faithful performance of setting monuments pursuant to Government Code section 66496.

   City acknowledges Developer posted security in the form of bonds prior to commencement of the work under the IIA and confirms the amount of the IIA Security is the same amount as is required under this Section 3. Developer posted riders to the IIA Bonds to satisfy the requirements of this Section 3, in a form to the satisfaction of the City Engineer and City Attorney.

4. **Indemnification**. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2) the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 14, below, has expired, at which time the indemnification obligations under this Section 4 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section 4 are in addition to all other Developer's obligations set forth in this Agreement, and shall not affect Developer's warranty obligations set forth in Section 14, below.

5. **Insurance**. Concurrently with the execution of this Agreement by Developer, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 5 are material terms of this Agreement.

These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

5.1 **General**. Developer shall, throughout the duration of this Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

5.2 **Commercial General Liability** (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

5.3 **Professional Contracts**. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

5.4 **Automobile Liability** (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

5.4.1 If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

5.5 **Workers' Compensation** coverage shall be maintained as required by the State of California.

5.6 **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

5.6.1 The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing

operations and CG 20 37 (or its equivalent) for products/completed operations.

5.6.2 For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

5.6.3 Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

5.7 **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

5.8 **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

5.9 **Insurance Certificate**. Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney before the City executes this Agreement.

5.10 **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

5.11 **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

6. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

7. **Default**

7.1 **Notice of Default**. In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

7.2 **Events of default**. Developer shall be in default ("**Default**") of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

7.2.1 Intentionally Left Blank.

7.2.2 Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

7.2.3 Developer abandons the Work site.

7.2.4 Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 7.3 below.

7.2.5 Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

7.2.6 Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 7.3 below.

7.3 **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

7.3.1 Demand that Developer complete performance of the Work.

7.3.2 Demand that Developer's surety (if any) complete performance of the Work.

7.3.3 Resort to any judicial remedies available to the City.

8. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the

completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

9. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

10. **Inspection by the City; Inspection Fees**. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

    10.1 **Inspection Fees**. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated Project costs (as approved by the City Engineer).

    In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

11. **[Intentionally Left Blank]**

12. **Developer's Authorized Representative**. At all times during the progress of the Work, Developer shall have a competent foreperson or superintendent ("**Authorized Representative**") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. **Exhibit "D"** attached hereto includes the initial contact information referenced in this Section 12.

13. **Acceptance of Work**. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

14. **Warranty Period**. Developer shall warrant the quality of the Work, in accordance with the terms of the Approved Plans and Specifications, for a period of one year

after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

15. **Termination of IIA**. Upon the joint execution of this Agreement, the IIA is deemed terminated.

16. **Miscellaneous**.

16.1 **Notices**. All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City:	To Developer:
City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org	Lennar Homes of California, LLC 2603 Camino Ramon, Suite 525 San Ramon, CA 94583 Attn: Bridgit Koller bridgit.koller@lennar.com

Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

16.2 **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

16.3 **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

16.4 **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

16.5 **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

16.6 **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

16.7 **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

16.8 **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)
B. Tract Location (Recital D.)
C. IIA Excerpt (Recital F.)
D. Subdivider's Authorized Representative Information (Section 12.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

16.9 **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

IN WITNESS WHEREOF the parties do hereby agree to the full performance of the terms set forth herein.

City of Tracy
INSPECTION IMPROVEMENT AGREEMENT
TRACT 4132 - TRACY HILLS VILLAGES 1 AND 4

This **Inspection Improvement Agreement** ("**Agreement**") is entered into by and between the City of Tracy, a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company ("**Developer**").

Recitals

A. Developer is currently the owner of the real property that is the subject of that certain tentative map known as Vesting Tentative Map, Tract 4057, Tracy Hills Phase 2, approved by the City Council on October 19, 2021, by Resolution No. 2021-154 (the "**Tentative Map**"), and more particularly depicted in Exhibit "**A**", attached and incorporated herein by its reference ("**Property**").

B. The Tentative Map approval was subject to certain conditions of approval ("**Conditions**"). The Conditions are attached here as Exhibit "**B**" and incorporated by reference.

C. Among other things, the Conditions describe certain improvements that are required for approval of a final subdivision map under the Subdivision Map Act (California Government Code sections 66410, *et seq.*), City's Subdivision Ordinance (Tracy Municipal Code, Title 12), and applicable City Standards.

D. In accordance with the Subdivision Map Act and City's Subdivision Ordinance, Developer has submitted to City a final map for the project known as Tract No. 4132, Tracy Hills Villages 1 and 4 (the "**Final Map**"). The Final Map is being reviewed by the City Engineer for substantial compliance with the Tentative Map, and the Final Map has not yet been approved by City for recordation.

E. Improvement plans and specifications (which incorporate portions of the City's Standard Specifications) have been prepared on behalf of Developer and are under review by the City Engineer. They describe in more detail the improvements that are required for approval of the Final Map. The submitted plans and specifications, which are under review by the City Engineer, are on file with the City Engineer and incorporated herein by reference. The term **"Partially Submitted Plans and Specifications"** is a subset of the complete plans that have been submitted and specifically includes the following: (a) seventeen (17) sheets of improvement plans titled "Boulder, Tract 4132, Villages 1 & 4, Tracy Hills Phase 2A" prepared by Ruggeri-Jensen-Azar; (b) six (6) sheets of joint trench plans titled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Villages 1 & 4" prepared by Power Systems Design and (c) five (5) sheets of street light plans titled "Street Lighting Plan Set, Tracy Hills, Villages 1 and 4" prepared by Power Systems Design. The above referenced plans are on file with the City Engineer under Tracking No. ENG22-0010 and have been approved by the City Engineer.

City of Tracy
SUBDIVISION IMPROVEMENT AGREEMENT
Tract 4133 - Tracy Hills Villages 2 and 3

This **SUBDIVISION IMPROVEMENT AGREEMENT** ("**Agreement**") is made and entered into by and between the **CITY OF TRACY** a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company (hereinafter **Developer**). The effective date of this Agreement shall be the date on which City executes the Agreement ("**Effective Date**").

Recitals

A. Developer is the party responsible for the construction of the public improvements within a portion of the real property comprising the subject Final Subdivision Map for Tract 4133 - Tracy Hills Village 2 and 3, and being more particularly described in ***Exhibit "A"*** attached hereto and incorporated herein by reference (hereinafter "**Project**"). AG EHC II (LEN) CA 1, L.P. and AG EHC II (LEN) CA 2, L.P., are landbanks holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consent to the recordation of this Agreement as evidenced by its signature below.

B. October 19, 2021, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved by Resolution No. 2021-154 ("**Tentative Map**"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by a Homeowner's Association, Developer or City on approximately 1,143 acres within

the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk, and is incorporated herein by this reference.

C. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("**Conditions of Approval**"). The Conditions of Approval describe, among other things, improvements that are required for approval of the Final Subdivision Map pursuant to the Subdivision Map Act, the Subdivision Ordinance, and applicable City Standards.

D. In accordance with the Subdivision Map Act (California Government Code sections 66410, et seq) and the Subdivision Ordinance (Tracy Municipal Code, Title 12), Developer has submitted to the City the Final Subdivision Map for Tract 4133 - Tracy Hills Village 2 and 3 (the "**Final Subdivision Map**"), consisting of 115 single-family residential lots, and other parcels to be owned by a Homeowner's Association, all to be located on approximately 42.1+/- acres within the boundaries of the Project. **Exhibit "B"** shows the overall Project area and the location of the Final Subdivision Map for Tract 4133 - Tracy Hills Village 2 and 3. Developer is required to execute this Agreement as a condition of the City's approval of the Final Subdivision Map.

E. In accordance with the Conditions of Approval, Developer has prepared, and the City Engineer has approved, certain improvement plans and specifications (which incorporate portions of the City's Standard Specifications), which describe the improvements that are required for approval of the Final Subdivision Map and are incorporated herein by reference. The approved plans and specifications ("**Approved Plans and Specifications**") include: *(a)Fifteen (15)sheets of improvement plans entitled "Improvement Plans – Cairnway - Tract 4133 - Villages 2&3 Tracy Hills Phase 2A" prepared by Ruggeri-Jensen- Azar dated February 22, 2024; (b) six (6) sheets of joint trench plans entitled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Villages 2 & 3" prepared by Power Systems Design dated September 15, 2022; (c)five(5)sheets of street light plans entitled "Street Lighting Plan Set, Tracy Hills, Village 2 & 3" prepared by Power Systems Design dated August 29, 2022; and (d)thirty five (35)sheets of landscape construction drawings entitled "Tracy Hills Landscape Improvement Plans Villages 2&3 Cairnway," prepared by FORMA, dated December* 8, 2023. The improvement plans, joint trench plans and street lighting plans are on file with the City Engineer under Tracking No. ENG22-0011 and the landscape plans are on file with the City Engineer under Tracking No. ENG22-0032 (the **Landscape Plans**"), all incorporated herein by reference.

F. In order to commence construction of certain improvements described in the Approved Plans and Specifications, the City and Developer entered into an Inspection Improvement Agreement last dated on September 8, 2022 (the "**IIA**"), the first page of which is attached as ***Exhibit "C"***. The IIA permitted Developer to commence construction of those improvements based upon certain submitted plans and specifications (the "**Submitted Plans and Specifications**"), (a) fifteen (15) sheets of improvement plans

titled "Cairnway, Tract 4133, Villages 2 & 3, Tracy Hills Phase 2A" prepared by Ruggeri-Jensen-Azar dated July 22, 2022; (b) six (6) sheets of joint trench plans titled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Villages 2 & 3" prepared by Power Systems Design dated August 29, 2022 and (c) five (5) sheets of street light plans titled "Street Lighting Plan Set, Tracy Hills, Villages 2 and 3" prepared by Power Systems Design dated August 29, 2022, at Developer's sole risk. All of the plans contained in the Submitted Plans and Specifications were approved by the City Engineer at the time of approval of the IIA with the exception of the landscape plans. The IIA provides:

> "Developer understands and agrees that because the Submitted Plans and Specifications have not been approved by the City Engineer, if any of the completed improvements do not conform to the Approved Plans and Specifications the Developer may have to remove or correct any non-conformities to the reasonable satisfaction of the City Engineer at Developer's sole cost."

As such, Developer acknowledged and agreed that if the Approved Plans and Specifications varied from the Submitted Plans and Specifications, Developer would bear sole cost and expense in correcting any of the Work so that it was in conformance with the Approved Plans and Specifications. The Submitted Plans and Specifications are on file with the City Engineer and marked by the City Engineer as "**IIA Plans.**"
