G. Pursuant to the IIA, all of the work performed by the Developer was subject to regular inspection by the City in the same manner and with the same reimbursement for those inspections as work would be inspected under a subdivision improvement agreement.

H. As a condition to the execution of the IIA, the Developer was required to provide engineer's estimates of the cost of the improvements, which engineer's estimates were then reviewed and approved by the City Engineer. Developer provided a Faithful Performance Bond in the amount of $2,260,567.00, a Labor and Material Bond in the amount of $2,260,567.00 a Warranty Bond in the amount of $226,057.00, *and a Monumentation Bond in the amount of $36,875.00* all dated August 25, 2022, in the form reviewed and approved by the City (the "**IIA Security**"). The IIA Security included an estimate, approved by the City Engineer, for that portion of the Work to be performed pursuant to the IIA landscape improvement plans, the final design of which is now reflected in the Landscape Plans. The IIA Security remains in full force and effect.

I. While a portion of the Work, as defined in Section 1 below, is now substantially complete, not all of the Work is substantially complete. This Agreement provides for an appropriate process for final inspection, acceptance of the Work and provision and release of sureties for the Work and is intended to replace the IIA for all of the Work contemplated by the IIA Plans and the Approved Plans and Specifications.

J. Because the required improvements have not been completed, Developer is required to execute this Agreement as authorized by Government Code section 66462.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Scope of Work; Location**. Developer shall perform, or cause to be performed, the work in the manner and as described in the Approved Plans and Specifications, to the satisfaction of the City Engineer pursuant to this Agreement (the "**Work**"). The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f). To the extent applicable, all of the Work shall be performed by Developer in accordance with the requirements of the State prevailing wage laws. Developer shall perform all Work at the locations and grades shown on the Approved Plans and Specifications. Developer (a) has acquired any necessary easement or right-of-way or(b) has entered into a separate Agreement with the City to acquire the necessary easement or right-of-way at Developer's expense.

2. **Time of Performance**. Time is of the essence in the performance of the Work, and the timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

   2.1 **Commencement of Work**. The remaining Work shall begin within 60 days after the Effective Date of the Agreement. No later than fifteen (15) days prior to the commencement of such Work, Developer shall provide written notice to the City Engineer of the date on which Developer intends to commence Work. To the extent required, Developer shall not commence Work until after the notice required by this section is properly provided, and Developer shall not commence Work prior to the date specified in the written notice.

   2.2 **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

   2.3 **Completion of Work**. Developer shall complete all Work by no later than three hundred sixty-five (365) calendar days after Developer's submittal of its notice of commencement of Work pursuant to Section 2.1 above. If the Work is not completed by this date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to expiring date of completion, (b) the City Engineer determines that Work is progressing satisfactorily and an extension is warranted, and (c)Developer pays all processing fees for such time extension.

3. **Improvement Security**. Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the following amounts:

   3.1 **Faithful Performance** security in the amount of **$2,260,567.00** to secure faithful performance of this Agreement.

   3.2 **Labor and Material** security in the amount of **$2,260,567.00** to secure payment by Developer to laborers and materialmen.

   3.3 **Warranty** security in the amount of **$226,057.00** to guarantee improvements against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

   3.4 **Monumentation** security in the amount of **$36,875.00** to secure faithful performance of setting monuments pursuant to Government Code section 66496.

   City acknowledges Developer posted security in the form of bonds prior to commencement of the work under the IIA and confirms the amount of the IIA Security is the same amount as is required under this Section 3. Developer posted riders to the IIA Bonds to satisfy the requirements of this Section 3, in a form to the satisfaction of the City Engineer and City Attorney.

4. **Indemnification**. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2)the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 14, below, has expired, at which time the indemnification obligations under this Section 4 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section4 are in addition to all other Developer's obligations set forth in this Agreement, and shall not affect Developer's warranty obligations set forth in Section 14, below.

5. **Insurance**. Concurrently with the execution of this Agreement by Developer, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 5 are material terms of this Agreement.

These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

5.1 **General**. Developer shall, throughout the duration of this Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

5.2 **Commercial General Liability** (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

5.3 **Professional Contracts**. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

5.4 **Automobile Liability** (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

5.4.1 If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

5.5 **Workers' Compensation** coverage shall be maintained as required by the State of California.

5.6 **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

5.6.1 The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing

operations and CG 20 37 (or its equivalent) for products/completed operations.

5.6.2 For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

5.6.3 Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

5.7 **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

5.8 **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

5.9 **Insurance Certificate**. Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney before the City executes this Agreement.

5.10 **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

5.11 **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

6. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

7. **Default**

7.1 **Notice of Default**. In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

7.2 **Events of default**. Developer shall be in default ("**Default**") of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

7.2.1 Intentionally Left Blank.

7.2.2 Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

7.2.3 Developer abandons the Work site.

7.2.4 Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 7.3 below.

7.2.5 Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

7.2.6 Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 7.3 below.

7.3 **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

7.3.1 Demand that Developer complete performance of the Work.

7.3.2 Demand that Developer's surety (if any) complete performance of the Work.

7.3.3 Resort to any judicial remedies available to the City.

8. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the

completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

9. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

10. **Inspection by the City; Inspection Fees**. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

10.1 **Inspection Fees**. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated Project costs (as approved by the City Engineer).

In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

11. **[Intentionally Left Blank]**

12. **Developer's Authorized Representative**. At all times during the progress of the Work, Developer shall have a competent foreperson or superintendent ("**Authorized Representative**") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. **Exhibit "D"** attached hereto includes the initial contact information referenced in this Section 12.

13. **Acceptance of Work**. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

14. **Warranty Period**. Developer shall warrant the quality of the Work, in accordance with the terms of the Approved Plans and Specifications, for a period of one year

after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

15. **Termination of IIA**. Upon the joint execution of this Agreement, the IIA is deemed terminated.

16. **Miscellaneous**.

16.1 **Notices**. All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City	To Developer:
City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org	Lennar Homes of California, LLC 2603 Camino Ramon, Suite 525 San Ramon, CA 94583 Attn: Bridgit Koller bridgit.koller@lennar.com

Communications shall be deemed to have been given and received on the first to occur of: (1)actual receipt at the email address designated above, or (2)two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

16.2 **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

16.3 **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

16.4 **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

16.5 **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

16.6 **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

16.7 **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

16.8 **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)
B. Tract Location (Recital D.)
C. IIA Excerpt (Recital F.)
D. Subdivider's Authorized Representative Information (Section 12.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

16.9 **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

IN WITNESS WHEREOF the parties do hereby agree to the full performance of the terms set forth herein.

City of Tracy
INSPECTION IMPROVEMENT AGREEMENT
TRACT 4133 - TRACY HILLS VILLAGES 2 AND 3

This **Inspection Improvement Agreement** ("**Agreement**") is entered into by and between the City of Tracy, a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company ("**Developer**").

Recitals

A. Developer is currently the owner of the real property that is the subject of that certain tentative map known as Vesting Tentative Map, Tract 4057, Tracy Hills Phase 2, approved by the City Council on October 19, 2021, by Resolution No. 2021-154 (the "**Tentative Map**"), and more particularly depicted in Exhibit "**A**", attached and incorporated herein by its reference ("**Property**").

B. The Tentative Map approval was subject to certain conditions of approval ("**Conditions**"). The Conditions are attached here as Exhibit "**B**" and incorporated by reference.

C. Among other things, the Conditions describe certain improvements that are required for approval of a final subdivision map under the Subdivision Map Act (California Government Code sections 66410, *et seq.*), City's Subdivision Ordinance (Tracy Municipal Code, Title 12), and applicable City Standards.

D. In accordance with the Subdivision Map Act and City's Subdivision Ordinance, Developer has submitted to City a final map for the project known as Tract No. 4133, Tracy Hills Villages 2 and 3 (the "**Final Map**"). The Final Map is being reviewed by the City Engineer for substantial compliance with the Tentative Map, and the Final Map has not yet been approved by City for recordation.

E. Improvement plans and specifications (which incorporate portions of the City's Standard Specifications) have been prepared on behalf of Developer and are under review by the City Engineer. They describe in more detail the improvements that are required for approval of the Final Map. The submitted plans and specifications, which are under review by the City Engineer, are on file with the City Engineer and incorporated herein by reference. The term **"Partially Approved Submitted Plans and Specifications"** is a subset of the complete plans that have been submitted and specifically includes the following: (a) fifteen (15) sheets of improvement plans titled "Cairnway, Tract 4133, Villages 2 & 3, Tracy Hills Phase 2A" prepared by Ruggeri-Jensen-Azar; (b) six (6) sheets of joint trench plans titled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Villages 2 & 3" prepared by Power Systems Design and (c) five (5) sheets of street light plans titled "Street Lighting Plan Set, Tracy Hills, Villages 2 and 3" prepared by Power Systems Design. The above referenced plans are on file with the City Engineer under Tracking No. ENG22-0011 and have been approved by the City Engineer.

City of Tracy
SUBDIVISION IMPROVEMENT AGREEMENT
Tract 4134 - Tracy Hills Villages 5 and 6

This **SUBDIVISION IMPROVEMENT AGREEMENT** ("**Agreement**") is made and entered into by and between the **CITY OF TRACY** a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company (hereinafter "**Developer**"). The effective date of this Agreement shall be the date on which City executes the Agreement ("**Effective Date**").

Recitals

A. Developer is the party responsible for the construction of the public improvements within a portion of the real property comprising the subject Final Subdivision Map for Tract 4134 - Tracy Hills Village 5 and 6, and being more particularly described in ***Exhibit "A"*** attached hereto and incorporated herein by reference (hereinafter "**Project**"). AG EHC II (LEN) CA 1, L.P. is a landbank holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consents to the recordation of this Agreement as evidenced by its signature below.

B. October 19, 2021, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved by Resolution No. 2021-154 ("**Tentative Map**"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by a Homeowner's Association, Developer or City on approximately 1,143 acres within

the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk, and is incorporated herein by this reference.

C. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("**Conditions of Approval**"). The Conditions of Approval describe, among other things, improvements that are required for approval of the Final Subdivision Map pursuant to the Subdivision Map Act, the Subdivision Ordinance, and applicable City Standards.

D. In accordance with the Subdivision Map Act (California Government Code sections 66410, et seq) and the Subdivision Ordinance (Tracy Municipal Code, Title 12), Developer has submitted to the City the Final Subdivision Map for Tract 4134 - Tracy Hills Village 5 and 6 (the "**Final Subdivision Map**"), consisting of 131 single-family residential lots, and other parcels to be owned by a Homeowner's Association, all to be located on approximately 39.6+/- acres within the boundaries of the Project. **Exhibit "B"** shows the overall Project area and the location of the Final Subdivision Map for Tract 4134 - Tracy Hills Village 5 and 6. Developer is required to execute this Agreement as a condition of the City's approval of the Final Subdivision Map.

E. In accordance with the Conditions of Approval, Developer has prepared, and the City Engineer has approved, certain improvement plans and specifications (which incorporate portions of the City's Standard Specifications), which describe the improvements that are required for approval of the Final Subdivision Map and are incorporated herein by reference. The approved plans and specifications ("**Approved Plans and Specifications**") include: *(a) Twenty One (21) sheets of improvement plans entitled "Improvement Plans – Crestwick - Tract 4134 - Villages 5&6 Tracy Hills Phase 2A" prepared by Ruggeri-Jensen-Azar dated February 22, 2024; (b) seven (7) sheets of joint trench plans entitled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Village 5 and 6" prepared by Power Systems Design dated November 17, 2022; (c) six (6) sheets of street light plans entitled "Street Lighting Plan Set, Tracy Hills, Village 5 and 6" prepared by Power Systems Design dated November 17, 2022; and (d) thirty eight (38) sheets of landscape construction drawings entitled "Tracy Hills Landscape Improvement Plans Villages 5 & 6 Crestwick", prepared by FORMA, dated November 21, 2023.* The improvement plans, joint trench plans and street lighting plans are on file with the City Engineer under Tracking No. ENG22-0012 and the landscape plans are on file with the City Engineer under Tracking No. ENG22-0036 (the "**Landscape Plans**"), all incorporated herein by reference.

F. In order to commence construction of certain improvements described in the Approved Plans and Specifications, the City and Developer entered into an Inspection Improvement Agreement last dated on October 31, 2022 (the "**IIA**"), the first page of which is attached as ***Exhibit "C"***. The IIA permitted Developer to commence construction of those improvements based upon certain submitted plans and specifications (the "**Submitted Plans and Specifications**"), (a) twenty-one (21) sheets of improvement

plans entitled "Crestwick, Tract 4134, Villages 5 & 6, Tracy Hills Phase 2A" prepared by Ruggeri-Jensen-Azar dated June 10, 2022; (b) seven (7) sheets of joint trench plans entitled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Villages 5 & 6" prepared by Power Systems Design dated June 28, 2022 and (c) five (5) sheets of street light plans entitled "Street Lighting Plan Set, Tracy Hills, Villages 5 and 6" prepared by Power Systems Design dated June 28, 2022, at Developer's sole risk. All of the plans contained in the Submitted Plans and Specifications were approved by the City Engineer at the time of approval of the IIA with the exception of the landscape plans. The IIA provides:

> "Developer understands and agrees that because the Submitted Plans and Specifications have not been approved by the City Engineer, if any of the completed improvements do not conform to the Approved Plans and Specifications the Developer may have to remove or correct any non-conformities to the reasonable satisfaction of the City Engineer at Developer's sole cost."

As such, Developer acknowledged and agreed that if the Approved Plans and Specifications varied from the Submitted Plans and Specifications, Developer would bear sole cost and expense in correcting any of the Work so that it was in conformance with the Approved Plans and Specifications. The Submitted Plans and Specifications are on file with the City Engineer and marked by the City Engineer as "**IIA Plans.**"

G. Pursuant to the IIA, all of the work performed by the Developer was subject to regular inspection by the City in the same manner and with the same reimbursement for those inspections as work would be inspected under a subdivision improvement agreement.

H. As a condition to the execution of the IIA, the Developer was required to provide engineer's estimates of the cost of the improvements, which engineer's estimates were then reviewed and approved by the City Engineer. Developer provided a Faithful Performance Bond in the amount of $3,886,947.00, a Labor and Material Bond in the amount of $3,886,947.00 a Warranty Bond in the amount of $388,695.00, *and a Monumentation Bond in the amount of $32,875.00* all dated September 13, 2022, in the form reviewed and approved by the City (the "**IIA Security**"). The IIA Security included an estimate, approved by the City Engineer, for that portion of the Work to be performed pursuant to the IIA landscape improvement plans, the final design of which is now reflected in the Landscape Plans. The IIA Security remains in full force and effect.

I. While a portion of the Work, as defined in Section 1 below, is now substantially complete, not all of the Work is substantially complete. This Agreement provides for an appropriate process for final inspection, acceptance of the Work and provision and release of sureties for the Work and is intended to replace the IIA for all of the Work contemplated by the IIA Plans and the Approved Plans and Specifications.

J. Because the required improvements have not been completed, Developer is required to execute this Agreement as authorized by Government Code section 66462.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Scope of Work; Location**. Developer shall perform, or cause to be performed, the work in the manner and as described in the Approved Plans and Specifications, to the satisfaction of the City Engineer pursuant to this Agreement (the "**Work**"). The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f). To the extent applicable, all of the Work shall be performed by Developer in accordance with the requirements of the State prevailing wage laws. Developer shall perform all Work at the locations and grades shown on the Approved Plans and Specifications. Developer (a) has acquired any necessary easement or right-of-way or(b) has entered into a separate Agreement with the City to acquire the necessary easement or right-of-way at Developer's expense.

2. **Time of Performance**. Time is of the essence in the performance of the Work, and the timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

   2.1 **Commencement of Work**. The remaining Work shall begin within 60 days after the Effective Date of the Agreement. No later than fifteen (15) days prior to the commencement of such Work, Developer shall provide written notice to the City Engineer of the date on which Developer intends to commence Work. To the extent required, Developer shall not commence Work until after the notice required by this section is properly provided, and Developer shall not commence Work prior to the date specified in the written notice.

   2.2 **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

   2.3 **Completion of Work**. Developer shall complete all Work by no later than three hundred sixty-five (365) calendar days after Developer's submittal of its notice of commencement of Work pursuant to Section 2.1 above. If the Work is not completed by this date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to expiring date of completion, (b) the City Engineer determines that Work is progressing satisfactorily and an extension is warranted, and (c) Developer pays all processing fees for such time extension.

3. **Improvement Security**. Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the following amounts:

   3.1 **Faithful Performance** security in the amount of **$3,886,947.00** to secure faithful performance of this Agreement.

   3.2 **Labor and Material** security in the amount of **$3,886,947.00** to secure payment by Developer to laborers and materialmen.

   3.3 **Warranty** security in the amount of **$388,695.00** to guarantee improvements against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

   3.4 **Monumentation** security in the amount of **$32,875.00** to secure faithful performance of setting monuments pursuant to Government Code section 66496.

   City acknowledges Developer posted security in the form of bonds prior to commencement of the work under the IIA and confirms the amount of the IIA Security is the same amount as is required under this Section 3. Developer posted riders to the IIA Bonds to satisfy the requirements of this Section 3, in a form to the satisfaction of the City Engineer and City Attorney.

4. **Indemnification**. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2) the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 14, below, has expired, at which time the indemnification obligations under this Section 4 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section 4 are in addition to all other Developer's obligations set forth in this Agreement, and shall not affect Developer's warranty obligations set forth in Section 14, below.

5. **Insurance**. Concurrently with the execution of this Agreement by Developer, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 5 are material terms of this Agreement.

These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

5.1 **General**. Developer shall, throughout the duration of this Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

5.2 **Commercial General Liability** (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

5.3 **Professional Contracts**. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

5.4 **Automobile Liability** (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

5.4.1 If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

5.5 **Workers' Compensation** coverage shall be maintained as required by the State of California.

5.6 **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

5.6.1 The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing

operations and CG 20 37 (or its equivalent) for products/completed operations.

5.6.2 For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

5.6.3 Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

5.7 **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

5.8 **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

5.9 **Insurance Certificate**. Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney before the City executes this Agreement.

5.10 **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

5.11 **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

6. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

7. **Default**

7.1 **Notice of Default**. In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

7.2 **Events of default**. Developer shall be in default ("**Default**") of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

7.2.1 Intentionally Left Blank.

7.2.2 Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

7.2.3 Developer abandons the Work site.

7.2.4 Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 7.3 below.

7.2.5 Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

7.2.6 Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 7.3 below.

7.3 **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

7.3.1 Demand that Developer complete performance of the Work.

7.3.2 Demand that Developer's surety (if any) complete performance of the Work.

7.3.3 Resort to any judicial remedies available to the City.

8. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the

completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

9. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

10. **Inspection by the City; Inspection Fees**. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

    10.1 **Inspection Fees**. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated Project costs (as approved by the City Engineer).

    In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

11. **[Intentionally Left Blank]**

12. **Developer's Authorized Representative**. At all times during the progress of the Work, Developer shall have a competent foreperson or superintendent ("**Authorized Representative**") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. **Exhibit "D"** attached hereto includes the initial contact information referenced in this Section 12.

13. **Acceptance of Work**. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

14. **Warranty Period**. Developer shall warrant the quality of the Work, in accordance with the terms of the Approved Plans and Specifications, for a period of one year

after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

15. **Termination of IIA**. Upon the joint execution of this Agreement, the IIA is deemed terminated.

16. **Miscellaneous**.

16.1 **Notices**. All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City:	To Developer:
City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org	Lennar Homes of California, LLC 2603 Camino Ramon, Suite 525 San Ramon, CA 94583 Attn: Bridgit Koller bridgit.koller@lennar.com

Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

16.2 **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

16.3 **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

16.4 **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

16.5 **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

16.6 **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

16.7 **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

16.8 **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)
B. Tract Location (Recital D.)
C. IIA Excerpt (Recital F.)
D. Subdivider's Authorized Representative Information (Section 12.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

16.9 **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

IN WITNESS WHEREOF the parties do hereby agree to the full performance of the terms set forth herein.

City of Tracy
INSPECTION IMPROVEMENT AGREEMENT
TRACT 4134 - TRACY HILLS VILLAGES 5 AND 6

This **Inspection Improvement Agreement** ("**Agreement**") is entered into by and between the City of Tracy, a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company ("**Developer**").

Recitals

A. Developer is currently the owner of the real property comprising Tract 4134, Tracy Hills Villages 5 & 6 ("**Property**"), that is situated within the boundaries of that certain tentative map known as Vesting Tentative Map, Tract 4057, Tracy Hills Phase 2, approved by the City Council on October 19, 2021, by Resolution No. 2021-154 (the "**Tentative Map**"). The Property is more particularly depicted in Exhibit "A", attached and incorporated herein by its reference.

B. The Tentative Map approval was subject to certain conditions of approval ("**Conditions**"). The Conditions are attached here as Exhibit "B" and incorporated by reference.

C. Among other things, the Conditions describe certain improvements that are required for approval of a final subdivision map under the Subdivision Map Act (California Government Code sections 66410, *et seq.*), City's Subdivision Ordinance (Tracy Municipal Code, Title 12), and applicable City Standards.

D. In accordance with the Subdivision Map Act and City's Subdivision Ordinance, Developer has Partially Approved Submitted to City a final map for the project known as Tract No. 4134, Tracy Hills Villages 5 and 6 (the "**Final Map**"). The Final Map is being reviewed by the City Engineer for substantial compliance with the Tentative Map, and the Final Map has not yet been approved by City for recordation.

E. Improvement plans and specifications (which incorporate portions of the City's Standard Specifications) have been prepared on behalf of Developer and are under review by the City Engineer. They describe in more detail the improvements that are required for approval of the Final Map. The Partially Approved Submitted plans and specifications, which are under review by the City Engineer, are on file with the City Engineer under ENG22-0012 (WDID #5S39C396305) and incorporated herein by reference. The term **"Partially Approved Submitted Plans and Specifications"** includes: (a) twenty-one (21) sheets of improvement plans entitled "Crestwick, Tract 4134, Villages 5 & 6, Tracy Hills Phase 2A" prepared by Ruggeri-Jensen-Azar; (b) seven (7) sheets of joint trench plans entitled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Villages 5 & 6" prepared by Power Systems Design and (c) five (5) sheets of street light plans entitled "Street Lighting Plan Set, Tracy Hills, Villages 5 and 6" prepared by Power Systems Design.

City of Tracy
SUBDIVISION IMPROVEMENT AGREEMENT
Tract 4135 - Tracy Hills Village 7

This **SUBDIVISION IMPROVEMENT AGREEMENT** ("**Agreement**") is made and entered into by and between the **CITY OF TRACY** a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company (hereinafter "**Developer**"). The effective date of this Agreement shall be the date on which City executes the Agreement ("**Effective Date**").

Recitals

A. Developer is the party responsible for the construction of the public improvements within a portion of the real property comprising the subject Final Subdivision Map for Tract 4135 - Tracy Hills Village 7, and being more particularly described in ***Exhibit "A"*** attached hereto and incorporated herein by reference (hereinafter "**Project**"). AG EHC II (LEN) CA 2, L.P. is a landbank holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consents to the recordation of this Agreement as evidenced by its signature below.

B. October 19, 2021, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved by Resolution No. 2021-154 ("**Tentative Map**"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by a Homeowner's Association, Developer or City on approximately 1,143 acres within

the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk, and is incorporated herein by this reference.

C. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("**Conditions of Approval**"). The Conditions of Approval describe, among other things, improvements that are required for approval of the Final Subdivision Map pursuant to the Subdivision Map Act, the Subdivision Ordinance, and applicable City Standards.

D. In accordance with the Subdivision Map Act (California Government Code sections 66410, et seq) and the Subdivision Ordinance (Tracy Municipal Code, Title 12), Developer has submitted to the City the Final Subdivision Map for Tract 4135 - Tracy Hills Village 7 (the "**Final Subdivision Map**"), consisting of 97 single-family residential lots, and other parcels to be owned by a Homeowner's Association, all to be located on approximately 23.1+/- acres within the boundaries of the Project. **Exhibit "B"** shows the overall Project area and the location of the Final Subdivision Map for Tract 4135 - Tracy Hills Village 7. Developer is required to execute this Agreement as a condition of the City's approval of the Final Subdivision Map.

E. In accordance with the Conditions of Approval, Developer has prepared, and the City Engineer has approved, certain improvement plans and specifications (which incorporate portions of the City's Standard Specifications), which describe the improvements that are required for approval of the Final Subdivision Map and are incorporated herein by reference. The approved plans and specifications ("**Approved Plans and Specifications**") include: *(a) seventeen (17) sheets of improvement plans entitled "Improvement Plans - Rangewood, Tract 4135, Village 7, Tracy Hills Phase 2A" prepared by Ruggeri-Jensen- Azar dated February 22, 2024; (b) five (5) sheets of joint trench plans entitled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Village 7" prepared by Power Systems Design dated December 7, 2022; (c) four (4) sheets of street light plans entitled "Street Lighting Plan Set, Tracy Hills, Village 7" prepared by Power Systems Design dated November 30, 2022; and (d) thirty-two (32) sheets of landscape construction drawings entitled "Tracy Hills Landscape Improvement Plans Village 7 – Rangewood", prepared by FORMA, dated November 27, 2023.* The improvement plans, joint trench plans and street lighting plans are on file with the City Engineer under Tracking No. ENG22-0024 and the landscape plans are on file with the City Engineer under Tracking No. ENG22-0037 (the "**Landscape Plans**"), all incorporated herein by reference.

F. In order to commence construction of certain improvements described in the Approved Plans and Specifications, the City and Developer entered into an Inspection Improvement Agreement last dated on January 31, 2023 (the "**IIA**"), the first page of which is attached as ***Exhibit "C"***. The IIA permitted Developer to commence construction of those improvements based upon certain submitted plans and specifications (the "**Submitted Plans and Specifications**"), *(a) sixteen (16) sheets of improvement plans entitled "Rangewood, Tract 4135, Village 7, Tracy Hills Phase 2A" prepared by Ruggeri-*

Jensen-Azar dated October 14, 2022; (b) five (5) sheets of joint trench plans titled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Village 7" prepared by Power Systems Design dated October 17, 2022 and (c) four (4) sheets of street light plans titled "Street Lighting Plan Set, Tracy Hills, Village 7" prepared by Power Systems Design dated October 18, 2022, at Developer's sole risk. All of the plans contained in the Submitted Plans and Specifications were approved by the City Engineer at the time of approval of the IIA with the exception of the landscape plans. The IIA provides:

> "Developer understands and agrees that because the Submitted Plans and Specifications have not been approved by the City Engineer, if any of the completed improvements do not conform to the Approved Plans and Specifications the Developer may have to remove or correct any non-conformities to the reasonable satisfaction of the City Engineer at Developer's sole cost."

As such, Developer acknowledged and agreed that if the Approved Plans and Specifications varied from the Submitted Plans and Specifications, Developer would bear sole cost and expense in correcting any of the Work so that it was in conformance with the Approved Plans and Specifications. The Submitted Plans and Specifications are on file with the City Engineer and marked by the City Engineer as "**IIA Plans.**"

G. Pursuant to the IIA, all of the work performed by the Developer was subject to regular inspection by the City in the same manner and with the same reimbursement for those inspections as work would be inspected under a subdivision improvement agreement.

H. As a condition to the execution of the IIA, the Developer was required to provide engineer's estimates of the cost of the improvements, which engineer's estimates were then reviewed and approved by the City Engineer. Developer provided a Faithful Performance Bond in the amount of $2,950,929.00, a Labor and Material Bond in the amount of $2,950,929.00, a Warranty Bond in the amount of $295,093.00, *and a Monumentation Bond in the amount of $24,125.00* all dated November 11, 2022, in the form reviewed and approved by the City (the "**IIA Security**"). The IIA Security included an estimate, approved by the City Engineer, for that portion of the Work to be performed pursuant to the IIA landscape improvement plans, the final design of which is now reflected in the Landscape Plans. The IIA Security remains in full force and effect.

I. While a portion of the Work, as defined in Section 1 below, is now substantially complete, not all of the Work is substantially complete. This Agreement provides for an appropriate process for final inspection, acceptance of the Work and provision and release of sureties for the Work and is intended to replace the IIA for all of the Work contemplated by the IIA Plans and the Approved Plans and Specifications.

J. Because the required improvements have not been completed, Developer is required to execute this Agreement as authorized by Government Code section 66462.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Scope of Work; Location**. Developer shall perform, or cause to be performed, the work in the manner and as described in the Approved Plans and Specifications, to the satisfaction of the City Engineer pursuant to this Agreement (the "**Work**"). The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f). To the extent applicable, all of the Work shall be performed by Developer in accordance with the requirements of the State prevailing wage laws. Developer shall perform all Work at the locations and grades shown on the Approved Plans and Specifications. Developer (a) has acquired any necessary easement or right-of-way or(b) has entered into a separate Agreement with the City to acquire the necessary easement or right-of-way at Developer's expense.

2. **Time of Performance**. Time is of the essence in the performance of the Work, and the timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

   2.1 **Commencement of Work**. The remaining Work shall begin within 60 days after the Effective Date of the Agreement. No later than fifteen (15) days prior to the commencement of such Work, Developer shall provide written notice to the City Engineer of the date on which Developer intends to commence Work. To the extent required, Developer shall not commence Work until after the notice required by this section is properly provided, and Developer shall not commence Work prior to the date specified in the written notice.

   2.2 **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

   2.3 **Completion of Work**. Developer shall complete all Work by no later than three hundred sixty-five (365) calendar days after Developer's submittal of its notice of commencement of Work pursuant to Section 2.1 above. If the Work is not completed by this date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to expiring date of completion, (b) the City Engineer determines that Work is progressing satisfactorily and an extension is warranted, and (c) Developer pays all processing fees for such time extension.

3. **Improvement Security**. Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the following amounts:

   3.1 **Faithful Performance** security in the amount of **$2,940,583.00** to secure faithful performance of this Agreement.

   3.2 **Labor and Material** security in the amount of **$2,940,583.00** to secure payment by Developer to laborers and materialmen.

   3.3 **Warranty** security in the amount of **$294,058.00** to guarantee improvements against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

   3.4 **Monumentation** security in the amount of **$24,125.00** to secure faithful performance of setting monuments pursuant to Government Code section 66496.

   City acknowledges Developer posted security in the form of bonds prior to commencement of the work under the IIA and confirms the amount of the IIA Security is the same amount as is required under this Section 3. Developer posted riders to the IIA Bonds to satisfy the requirements of this Section 3, in a form to the satisfaction of the City Engineer and City Attorney.

4. **Indemnification**. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2) the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 14, below, has expired, at which time the indemnification obligations under this Section 4 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section 4 are in addition to all other Developer's obligations set forth in this Agreement, and shall not affect Developer's warranty obligations set forth in Section 14, below.

5. **Insurance**. Concurrently with the execution of this Agreement by Developer, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 5 are material terms of this Agreement.

These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

5.1 **General**. Developer shall, throughout the duration of this Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

5.2 **Commercial General Liability** (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

5.3 **Professional Contracts**. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

5.4 **Automobile Liability** (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

5.4.1 If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

5.5 **Workers' Compensation** coverage shall be maintained as required by the State of California.

5.6 **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

5.6.1 The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing

operations and CG 20 37 (or its equivalent) for products/completed operations.

5.6.2 For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

5.6.3 Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

5.7 **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

5.8 **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

5.9 **Insurance Certificate**. Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney before the City executes this Agreement.

5.10 **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

5.11 **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

6. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

7. **Default**

7.1 **Notice of Default**. In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

7.2 **Events of default**. Developer shall be in default ("**Default**") of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

7.2.1 Intentionally Left Blank.

7.2.2 Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

7.2.3 Developer abandons the Work site.

7.2.4 Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 7.3 below.

7.2.5 Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

7.2.6 Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 7.3 below.

7.3 **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

7.3.1 Demand that Developer complete performance of the Work.

7.3.2 Demand that Developer's surety (if any) complete performance of the Work.

7.3.3 Resort to any judicial remedies available to the City.

8. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the

completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

9. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

10. **Inspection by the City; Inspection Fees**. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

10.1 **Inspection Fees**. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated Project costs (as approved by the City Engineer).

In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

11. **[Intentionally Left Blank]**

12. **Developer's Authorized Representative**. At all times during the progress of the Work, Developer shall have a competent foreperson or superintendent ("**Authorized Representative**") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. **Exhibit "D"** attached hereto includes the initial contact information referenced in this Section 12.

13. **Acceptance of Work**. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

14. **Warranty Period**. Developer shall warrant the quality of the Work, in accordance with the terms of the Approved Plans and Specifications, for a period of one year

after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

15. **Termination of IIA**. Upon the joint execution of this Agreement, the IIA is deemed terminated.

16. **Miscellaneous**.

16.1 **Notices**. All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City	To Developer:
City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org	Lennar Homes of California, LLC 2603 Camino Ramon, Suite 525 San Ramon, CA 94583 Attn: Bridgit Koller bridgit.koller@lennar.com

Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

16.2 **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

16.3 **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

16.4 **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

16.5 **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

16.6 **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

16.7 **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

16.8 **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)
B. Tract Location (Recital D.)
C. IIA Excerpt (Recital F.)
D. Subdivider's Authorized Representative Information (Section 12.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

16.9 **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

IN WITNESS WHEREOF the parties do hereby agree to the full performance of the terms set forth herein.

City of Tracy
INSPECTION IMPROVEMENT AGREEMENT
TRACT 4135 - TRACY HILLS VILLAGE 7

This **Inspection Improvement Agreement** ("**Agreement**") is entered into by and between the City of Tracy, a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company ("**Developer**").

Recitals

A. Developer is currently the owner of the real property that is the subject of that certain tentative map known as Vesting Tentative Map, Tract 4057, Tracy Hills Phase 2, approved by the City Council on October 19, 2021, by Resolution No. 2021-154 (the "**Tentative Map**"), and more particularly depicted in Exhibit "**A**", attached and incorporated herein by its reference ("**Property**").

B. The Tentative Map approval was subject to certain conditions of approval ("**Conditions**"). The Conditions are attached here as Exhibit "**B**" and incorporated by reference.

C. Among other things, the Conditions describe certain improvements that are required for approval of a final subdivision map under the Subdivision Map Act (California Government Code sections 66410, *et seq.*), City's Subdivision Ordinance (Tracy Municipal Code, Title 12), and applicable City Standards.

D. In accordance with the Subdivision Map Act and City's Subdivision Ordinance, Developer has submitted to City a partially approved final map for the project known as Tract No. 4135, Tracy Hills Village 7 (the "**Final Map**"). The Final Map is being reviewed by the City Engineer for substantial compliance with the Tentative Map, and the Final Map has not yet been approved by City for recordation.

E. Improvement plans and specifications (which incorporate portions of the City's Standard Specifications) have been prepared on behalf of Developer and are under review by the City Engineer. They describe in more detail the improvements that are required for approval of the Final Map. The Partially Approved Submitted Plans and Specifications, which are under review by the City Engineer, are on file with the City Engineer under Tracking No. ENG22-0024 and incorporated herein by reference. The term **"Partially Approved Submitted Plans and Specifications"** includes: (a) sixteen (16) sheets of improvement plans entitled "Rangewood, Tract 4135, Village 7, Tracy Hills Phase 2A" prepared by Ruggeri-Jensen-Azar; (b) five (5) sheets of joint trench plans titled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Village 7" prepared by Power Systems Design and (c) four (4) sheets of street light plans titled "Street Lighting Plan Set, Tracy Hills, Village 7" prepared by Power Systems Design.

City of Tracy
SUBDIVISION IMPROVEMENT AGREEMENT
Tract 4136 - Tracy Hills Village 8

This **SUBDIVISION IMPROVEMENT AGREEMENT** ("**Agreement**") is made and entered into by and between the **CITY OF TRACY** a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company (hereinafter '**Developer**'). The effective date of this Agreement shall be the date on which City executes the Agreement ("**Effective Date**").

Recitals

A. Developer is the party responsible for the construction of the public improvements within a portion of the real property comprising the subject Final Subdivision Map for Tract 4136 - Tracy Hills Village 8, and being more particularly described in ***Exhibit " A"*** attached hereto and incorporated herein by reference (hereinafter "**Project**"). AG EHC II (LEN) CA 2, L.P. is a landbank holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consents to the recordation of this Agreement as evidenced by its signature below.

B. October 19, 2021, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved by Resolution No. 2021-154 ("**Tentative Map**"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by a Homeowner's Association, Developer or City on approximately 1,143 acres within

the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk, and is incorporated herein by this reference.

C. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("**Conditions of Approval**"). The Conditions of Approval describe, among other things, improvements that are required for approval of the Final Subdivision Map pursuant to the Subdivision Map Act, the Subdivision Ordinance, and applicable City Standards.

D. In accordance with the Subdivision Map Act (California Government Code sections 66410, et seq) and the Subdivision Ordinance (Tracy Municipal Code, Title 12), Developer has submitted to the City the Final Subdivision Map for Tract 4136 - Tracy Hills Village 8 (the "**Final Subdivision Map**"), consisting of 89 single-family residential lots, and other parcels to be owned by a Homeowner's Association, all to be located on approximately 29.3+/- acres within the boundaries of the Project. **Exhibit "B"** shows the overall Project area and the location of the Final Subdivision Map for Tract 4136 - Tracy Hills Village 8. Developer is required to execute this Agreement as a condition of the City's approval of the Final Subdivision Map.

E. In accordance with the Conditions of Approval, Developer has prepared, and the City Engineer has approved, certain improvement plans and specifications (which incorporate portions of the City's Standard Specifications), which describe the improvements that are required for approval of the Final Subdivision Map and are incorporated herein by reference. The approved plans and specifications ("**Approved Plans and Specifications**") include: *(a) twelve (12) sheets of improvement plans entitled "Improvement Plans – Ridgerton - Tract 4136 - Village 8 Tracy Hills Phase 2A" prepared by Ruggeri-Jensen- Azar dated February 22, 2024; (b) five (5) sheets of joint trench plans entitled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Village 8" prepared by Power Systems Design dated December, 12, 2022; (c) four (4) sheets of street light plans entitled "Street Lighting Plan Set, Tracy Hills, Village 8" prepared by Power Systems Design dated December 12, 2022; and (d) thirty (30) sheets of landscape construction drawings entitled "Tracy Hills Landscape Improvement Plans Villages 8 Ridgerton," prepared by FORMA, dated November 27, 2023.* The improvement plans, joint trench plans and street lighting plans are on file with the City Engineer under Tracking No. ENG22-0025 and the landscape plans are on file with the City Engineer under Tracking No. ENG22-0040 (the "**Landscape Plans**"), all incorporated herein by reference.

F. In order to commence construction of certain improvements described in the Approved Plans and Specifications, the City and Developer entered into an Inspection Improvement Agreement last dated on January 31, 2023 (the "**IIA**"), the first page of which is attached as ***Exhibit "C"***. The IIA permitted Developer to commence construction of those improvements based upon certain submitted plans and specifications (the "**Submitted Plans and Specifications**"), (a) twelve (12) sheets of improvement plans entitled "Ridgerton, Tract 4136, Village 8, Tracy Hills Phase 2A" prepared by Ruggeri-

Jensen-Azar dated September 26, 2022; (b) four (4) sheets of joint trench plans titled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Village 8" prepared by Power Systems Design dated August 10, 2022 and (c) three (3) sheets of street light plans titled "Street Lighting Plan Set, Tracy Hills, Village 8" prepared by Power Systems Design dated August 22, 2022, at Developer's sole risk. All of the plans contained in the Submitted Plans and Specifications were approved by the City Engineer at the time of approval of the IIA with the exception of the landscape plans. The IIA provides:

> "Developer understands and agrees that because the Submitted Plans and Specifications have not been approved by the City Engineer, if any of the completed improvements do not conform to the Approved Plans and Specifications the Developer may have to remove or correct any non-conformities to the reasonable satisfaction of the City Engineer at Developer's sole cost."

As such, Developer acknowledged and agreed that if the Approved Plans and Specifications varied from the Submitted Plans and Specifications, Developer would bear sole cost and expense in correcting any of the Work so that it was in conformance with the Approved Plans and Specifications. The Submitted Plans and Specifications are on file with the City Engineer and marked by the City Engineer as "**IIA Plans.**"

G. Pursuant to the IIA, all of the work performed by the Developer was subject to regular inspection by the City in the same manner and with the same reimbursement for those inspections as work would be inspected under a subdivision improvement agreement.

H. As a condition to the execution of the IIA, the Developer was required to provide engineer's estimates of the cost of the improvements, which engineer's estimates were then reviewed and approved by the City Engineer. Developer provided a Faithful Performance Bond in the amount of $2,449,244.00, a Labor and Material Bond in the amount of $2,449,244.00, a Warranty Bond in the amount of $244,924.00, *and a Monumentation Bond in the amount of $20,875.00* all dated November 10, 2022, in the form reviewed and approved by the City (the "**IIA Security**"). The IIA Security included an estimate, approved by the City Engineer, for that portion of the Work to be performed pursuant to the IIA landscape improvement plans, the final design of which is now reflected in the Landscape Plans. The IIA Security remains in full force and effect.

I. While a portion of the Work, as defined in Section 1 below, is now substantially complete, not all of the Work is substantially complete. This Agreement provides for an appropriate process for final inspection, acceptance of the Work and provision and release of sureties for the Work and is intended to replace the IIA for all of the Work contemplated by the IIA Plans and the Approved Plans and Specifications.

J. Because the required improvements have not been completed, Developer is required to execute this Agreement as authorized by Government Code section 66462.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Scope of Work; Location**. Developer shall perform, or cause to be performed, the work in the manner and as described in the Approved Plans and Specifications, to the satisfaction of the City Engineer pursuant to this Agreement (the "**Work**"). The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f). To the extent applicable, all of the Work shall be performed by Developer in accordance with the requirements of the State prevailing wage laws. Developer shall perform all Work at the locations and grades shown on the Approved Plans and Specifications. Developer (a) has acquired any necessary easement or right-of-way or(b) has entered into a separate Agreement with the City to acquire the necessary easement or right-of-way at Developer's expense.

2. **Time of Performance**. Time is of the essence in the performance of the Work, and the timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

   2.1 **Commencement of Work**. The remaining Work shall begin within 60 days after the Effective Date of the Agreement. No later than fifteen (15) days prior to the commencement of such Work, Developer shall provide written notice to the City Engineer of the date on which Developer intends to commence Work. To the extent required, Developer shall not commence Work until after the notice required by this section is properly provided, and Developer shall not commence Work prior to the date specified in the written notice.

   2.2 **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

   2.3 **Completion of Work**. Developer shall complete all Work by no later than three hundred sixty-five (365) calendar days after Developer's submittal of its notice of commencement of Work pursuant to Section 2.1 above. If the Work is not completed by this date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to expiring date of completion, (b) the City Engineer determines that Work is progressing satisfactorily and an extension is warranted, and (c)Developer pays all processing fees for such time extension.

3. **Improvement Security**. Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the following amounts:

   3.1 **Faithful Performance** security in the amount of **$2,434,907.00** to secure faithful performance of this Agreement.

   3.2 **Labor and Material** security in the amount of **$2,434,907.00** to secure payment by Developer to laborers and materialmen.

   3.3 **Warranty** security in the amount of **$243,491.00** to guarantee improvements against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

   3.4 **Monumentation** security in the amount of **$20,875.00** to secure faithful performance of setting monuments pursuant to Government Code section 66496.

   City acknowledges Developer posted security in the form of bonds prior to commencement of the work under the IIA and confirms the amount of the IIA Security is the same amount as is required under this Section 3. Developer posted riders to the IIA Bonds to satisfy the requirements of this Section 3, in a form to the satisfaction of the City Engineer and City Attorney.

4. **Indemnification**. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2)the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 14, below, has expired, at which time the indemnification obligations under this Section 4 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section4 are in addition to all other Developer's obligations set forth in this Agreement, and shall not affect Developer's warranty obligations set forth in Section 14, below.

5. **Insurance**. Concurrently with the execution of this Agreement by Developer, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 5 are material terms of this Agreement.

These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

5.1 **General**. Developer shall, throughout the duration of this Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

5.2 **Commercial General Liability** (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

5.3 **Professional Contracts**. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

5.4 **Automobile Liability** (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

5.4.1 If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

5.5 **Workers' Compensation** coverage shall be maintained as required by the State of California.

5.6 **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

5.6.1 The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing

operations and CG 20 37 (or its equivalent) for products/completed operations.

5.6.2 For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

5.6.3 Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

5.7 **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

5.8 **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

5.9 **Insurance Certificate**. Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney before the City executes this Agreement.

5.10 **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

5.11 **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

6. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

7. **Default**

7.1 **Notice of Default**. In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

7.2 **Events of default**. Developer shall be in default ("**Default**") of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

7.2.1 Intentionally Left Blank.

7.2.2 Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

7.2.3 Developer abandons the Work site.

7.2.4 Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 7.3 below.

7.2.5 Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

7.2.6 Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 7.3 below.

7.3 **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

7.3.1 Demand that Developer complete performance of the Work.

7.3.2 Demand that Developer's surety (if any) complete performance of the Work.

7.3.3 Resort to any judicial remedies available to the City.

8. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the

completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

9. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

10. **Inspection by the City; Inspection Fees**. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

    10.1 **Inspection Fees**. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated Project costs (as approved by the City Engineer).

    In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

11. **[Intentionally Left Blank]**

12. **Developer's Authorized Representative**. At all times during the progress of the Work, Developer shall have a competent foreperson or superintendent ("**Authorized Representative**") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. **Exhibit "D"** attached hereto includes the initial contact information referenced in this Section 12.

13. **Acceptance of Work**. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

14. **Warranty Period**. Developer shall warrant the quality of the Work, in accordance with the terms of the Approved Plans and Specifications, for a period of one year

after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

15. **Termination of IIA**. Upon the joint execution of this Agreement, the IIA is deemed terminated.

16. **Miscellaneous**.

16.1 **Notices**. All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City:	To Developer:
City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org	Lennar Homes of California, LLC 2603 Camino Ramon, Suite 525 San Ramon, CA 94583 Attn: Bridgit Koller bridgit.koller@lennar.com

Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

16.2 **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

16.3 **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

16.4 **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

16.5 **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

16.6 **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

16.7 **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

16.8 **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)
B. Tract Location (Recital D.)
C. IIA Excerpt (Recital F.)
D. Subdivider's Authorized Representative Information (Section 12.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

16.9 **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

IN WITNESS WHEREOF the parties do hereby agree to the full performance of the terms set forth herein.

City of Tracy
INSPECTION IMPROVEMENT AGREEMENT
TRACT 4136 - TRACY HILLS VILLAGE 8

This **Inspection Improvement Agreement** ("**Agreement**") is entered into by and between the City of Tracy, a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company ("**Developer**").

Recitals

A. Developer is currently the owner of the real property that is the subject of that certain tentative map known as Vesting Tentative Map, Tract 4057, Tracy Hills Phase 2, approved by the City Council on October 19, 2021, by Resolution No. 2021-154 (the "**Tentative Map**"), and more particularly depicted in Exhibit "**A**", attached and incorporated herein by its reference ("**Property**").

B. The Tentative Map approval was subject to certain conditions of approval ("**Conditions**"). The Conditions are attached here as Exhibit "**B**" and incorporated by reference.

C. Among other things, the Conditions describe certain improvements that are required for approval of a final subdivision map under the Subdivision Map Act (California Government Code sections 66410, *et seq.*), City's Subdivision Ordinance (Tracy Municipal Code, Title 12), and applicable City Standards.

D. In accordance with the Subdivision Map Act and City's Subdivision Ordinance, Developer has submitted to City a partially approved final map for the project known as Tract No. 4136, Tracy Hills Village 8 (the "**Final Map**"). The Final Map is being reviewed by the City Engineer for substantial compliance with the Tentative Map, and the Final Map has not yet been approved by City for recordation.

E. Improvement plans and specifications (which incorporate portions of the City's Standard Specifications) have been prepared on behalf of Developer and are under review by the City Engineer. They describe in more detail the improvements that are required for approval of the Final Map. The Partially Approved Submitted Plans and Specifications, which are under review by the City Engineer, are on file with the City Engineer under Tracking No. ENG22-0025 and incorporated herein by reference. The term **"Partially Approved Submitted Plans and Specifications"** includes: (a) twelve (12) sheets of improvement plans entitled "Ridgerton, Tract 4136, Village 8, Tracy Hills Phase 2A" prepared by Ruggeri-Jensen-Azar; (b) four (4) sheets of joint trench plans titled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Village 8" prepared by Power Systems Design and (c) three (3) sheets of street light plans titled "Street Lighting Plan Set, Tracy Hills, Village 8" prepared by Power Systems Design.

City of Tracy
SUBDIVISION IMPROVEMENT AGREEMENT
Tract 4137 - Tracy Hills Village 9

This **SUBDIVISION IMPROVEMENT AGREEMENT** ("**Agreement**") is made and entered into by and between the **CITY OF TRACY** a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company (hereinafter **Developer**). The effective date of this Agreement shall be the date on which City executes the Agreement ("**Effective Date**").

Recitals

A. Developer is the party responsible for the construction of the public improvements within a portion of the real property comprising the subject Final Subdivision Map for Tract 4137 - Tracy Hills Village 9 and being more particularly described in ***Exhibit "A"*** attached hereto and incorporated herein by reference (hereinafter "**Project**") AG EHC II (LEN) CA 2, L.P. is a landbank holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consents to the recordation of this Agreement as evidenced by its signature below.

B. October 19, 2021, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved by Resolution No. 2021-154 ("**Tentative Map**"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by a Homeowner's Association, Developer or City on approximately 1,143 acres within

the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk, and is incorporated herein by this reference.

C. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("**Conditions of Approval**"). The Conditions of Approval describe, among other things, improvements that are required for approval of the Final Subdivision Map pursuant to the Subdivision Map Act, the Subdivision Ordinance, and applicable City Standards.

D. In accordance with the Subdivision Map Act (California Government Code sections 66410, et seq) and the Subdivision Ordinance (Tracy Municipal Code, Title 12), Developer has submitted to the City the Final Subdivision Map for Tract 4137 - Tracy Hills Village 9 (the **Final Subdivision Map**), consisting of 69 single-family residential lots, and other parcels to be owned by a Homeowners Association, all to be located on approximately 34.5+/- acres within the boundaries of the Project. **Exhibit "B"** shows the overall Project area and the location of the Final Subdivision Map for Tract 4137 - Tracy Hills Village 9. Developer is required to execute this Agreement as a condition of the City's approval of the Final Subdivision Map.

E. In accordance with the Conditions of Approval, Developer has prepared, and the City Engineer has approved, certain improvement plans and specifications (which incorporate portions of the City's Standard Specifications), which describe the improvements that are required for approval of the Final Subdivision Map and are incorporated herein by reference. The approved plans and specifications ("**Approved Plans and Specifications**") include: *(a) twelve (12) sheets of improvement plans entitled "Improvement Plans – Rockingham - Tract 4137 - Village 9 Tracy Hills Phase 2A" prepared by Ruggeri-Jensen- Azar dated February 22, 2024; (b) five (5) sheets of joint trench plans entitled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Village 9" prepared by Power Systems Design dated December 7, 2022; (c) four (4) sheets of street light plans entitled "Street Lighting Plan Set Tracy Hills - Village 9" prepared by Power Systems Design dated December 1, 2022; and (d) twenty six (26) sheets of landscape construction drawings entitled "Tracy Hills Landscape Improvement Plans Villages 9 Rockingham", prepared by FORMA, dated* November 27, 2023. The improvement plans, joint trench plans and street lighting plans are on file with the City Engineer under Tracking No. ENG22-0027 and the landscape plans are on file with the City Engineer under Tracking No. ENG23-0005 (the **Landscape Plans**), all incorporated herein by reference.

F. In order to commence construction of certain improvements described in the Approved Plans and Specifications, the City and Developer entered into an Inspection Improvement Agreement last dated on January 31, 2023 (the "**IIA**"), the first page of which is attached as ***Exhibit "C"***. The IIA permitted Developer to commence construction of those improvements based upon certain submitted plans and specifications (the **Submitted Plans and Specifications**), *(a) twelve (12) sheets of improvement plans entitled "Rockingham, Tract 4137, Village 9, Tracy Hills Phase 2A" prepared by Ruggeri-*

Jensen-Azar dated October 14, 2022; (b) four (4) sheets of joint trench plans titled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Village 9" prepared by Power Systems Design dated August 31, 2022 and (c) three (3) sheets of street light plans titled "Street Lighting Plan Set, Tracy Hills, Village 9" prepared by Power Systems Design dated October 4, 2022, at Developer's sole risk. All of the plans contained in the Submitted Plans and Specifications were approved by the City Engineer at the time of approval of the IIA with the exception of the landscape plans. The IIA provides:

> "Developer understands and agrees that because the Submitted Plans and Specifications have not been approved by the City Engineer, if any of the completed improvements do not conform to the Approved Plans and Specifications the Developer may have to remove or correct any non-conformities to the reasonable satisfaction of the City Engineer at Developer's sole cost."

As such, Developer acknowledged and agreed that if the Approved Plans and Specifications varied from the Submitted Plans and Specifications, Developer would bear sole cost and expense in correcting any of the Work so that it was in conformance with the Approved Plans and Specifications. The Submitted Plans and Specifications are on file with the City Engineer and marked by the City Engineer as "**IIA Plans.**"

G. Pursuant to the IIA, all of the work performed by the Developer was subject to regular inspection by the City in the same manner and with the same reimbursement for those inspections as work would be inspected under a subdivision improvement agreement.

H. As a condition to the execution of the IIA, the Developer was required to provide engineer's estimates of the cost of the improvements, which engineer's estimates were then reviewed and approved by the City Engineer. Developer provided a Faithful Performance Bond in the amount of $1,92,060,00, a Labor and Material dated Bond in the amount of $1,920,060.00 a Warranty Bond in the amount of $192,006.00, *and a Monumentation Bond in the amount of $30,125.00* all dated November 10, 2022, in the form reviewed and approved by the City (the "**IIA Security**"). The IIA Security included an estimate, approved by the City Engineer, for that portion of the Work to be performed pursuant to the IIA landscape improvement plans, the final design of which is now reflected in the Landscape Plans. The IIA Security remains in full force and effect.

I. While a portion of the Work, as defined in Section 1 below, is now substantially complete, not all of the Work is substantially complete. This Agreement provides for an appropriate process for final inspection, acceptance of the Work and provision and release of sureties for the Work and is intended to replace the IIA for all of the Work contemplated by the IIA Plans and the Approved Plans and Specifications.

J. Because the required improvements have not been completed, Developer is required to execute this Agreement as authorized by Government Code section 66462.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Scope of Work; Location**. Developer shall perform, or cause to be performed, the work in the manner and as described in the Approved Plans and Specifications, to the satisfaction of the City Engineer pursuant to this Agreement (the "**Work**"). The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section12.36.060(f). To the extent applicable, all of the Work shall be performed by Developer in accordance with the requirements of the State prevailing wage laws. Developer shall perform all Work at the locations and grades shown on the Approved Plans and Specifications. Developer (a) has acquired any necessary easement or right-of-way or(b) has entered into a separate Agreement with the City to acquire the necessary easement or right-of-way at Developers expense.

2. **Time of Performance**. Time is of the essence in the performance of the Work, and the timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

   2.1 **Commencement of Work**. The remaining Work shall begin within 60 days after the Effective Date of the Agreement. No later than fifteen (15) days prior to the commencement of such Work, Developer shall provide written notice to the City Engineer of the date on which Developer intends to commence Work. To the extent required, Developer shall not commence Work until after the notice required by this section is properly provided, and Developer shall not commence Work prior to the date specified in the written notice.

   2.2 **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

   2.3 **Completion of Work**. Developer shall complete all Work by no later than three hundred sixty-five (365) calendar days after Developer's submittal of its notice of commencement of Work pursuant to Section 2.1 above. If the Work is not completed by this date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to expiring date of completion, (b) the City Engineer determines that Work is progressing satisfactorily and an extension is warranted, and (c)Developer pays all processing fees for such time extension.

3. **Improvement Security**. Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the following amounts:

   3.1 **Faithful Performance** security in the amount of **$2,110,510.00** to secure faithful performance of this Agreement.

   3.2 **Labor and Material** security in the amount of **$2,110,510.00** to secure payment by Developer to laborers and materialmen.

   3.3 **Warranty** security in the amount of **$211,051.00** to guarantee improvements against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

   3.4 **Monumentation** security in the amount of **$30,125.00** to secure faithful performance of setting monuments pursuant to Government Code section 66496.

   City acknowledges Developer posted security in the form of bonds prior to commencement of the work under the IIA and confirms the amount of the IIA Security is the same amount as is required under this Section 3. Developer posted riders to the IIA Bonds to satisfy the requirements of this Section 3, in a form to the satisfaction of the City Engineer and City Attorney.

4. **Indemnification**. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2)the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 14, below, has expired, at which time the indemnification obligations under this Section 4 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section4 are in addition to all other Developer's obligations set forth in this Agreement, and shall not affect Developer's warranty obligations set forth in Section 14, below.

5. **Insurance**. Concurrently with the execution of this Agreement by Developer, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 5 are material terms of this Agreement. These insurance

coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

5.1 **General**. Developer shall, throughout the duration of this Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

5.2 **Commercial General Liability** (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

5.3 **Professional Contracts**. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

5.4 **Automobile Liability** (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

5.4.1 If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

5.5 **Workers' Compensation** coverage shall be maintained as required by the State of California.

5.6 **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

5.6.1 The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing

operations and CG 20 37 (or its equivalent) for products/completed operations.

5.6.2 For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

5.6.3 Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

5.7 **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

5.8 **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

5.9 **Insurance Certificate**. Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney before the City executes this Agreement.

5.10 **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

5.11 **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

6. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

7. **Default**

7.1 **Notice of Default**. In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

7.2 **Events of default**. Developer shall be in default ("**Default**") of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

7.2.1 Intentionally Left Blank.

7.2.2 Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

7.2.3 Developer abandons the Work site.

7.2.4 Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 7.3 below.

7.2.5 Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

7.2.6 Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 7.3 below.

7.3 **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

7.3.1 Demand that Developer complete performance of the Work.

7.3.2 Demand that Developer's surety (if any) complete performance of the Work.

7.3.3 Resort to any judicial remedies available to the City.

8. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the

completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

9. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

10. **Inspection by the City; Inspection Fees**. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

    10.1 **Inspection Fees**. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated Project costs (as approved by the City Engineer).

    In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

11. **[Intentionally Left Blank]**

12. **Developer's Authorized Representative**. At all times during the progress of the Work, Developer shall have a competent foreperson or superintendent ("**Authorized Representative**") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. **Exhibit "D"** attached hereto includes the initial contact information referenced in this Section 12.

13. **Acceptance of Work**. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

14. **Warranty Period**. Developer shall warrant the quality of the Work, in accordance with the terms of the Approved Plans and Specifications, for a period of one year

after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

15. **Termination of IIA**. Upon the joint execution of this Agreement, the IIA is deemed terminated.

16. **Miscellaneous**.

16.1 **Notices**. All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City:	To Developer:
City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org	Lennar Homes of California, LLC 2603 Camino Ramon, Suite 525 San Ramon, CA 94583 Attn: Bridgit Koller bridgit.koller@lennar.com

Communications shall be deemed to have been given and received on the first to occur of: (1)actual receipt at the email address designated above, or (2)two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

16.2 **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

16.3 **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

16.4 **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

16.5 **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

16.6 **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

16.7 **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

16.8 **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)
B. Tract Location (Recital D.)
C. IIA Excerpt (Recital F.)
D. Subdivider's Authorized Representative Information (Section 12.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

16.9 **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

IN WITNESS WHEREOF the parties do hereby agree to the full performance of the terms set forth herein.

City of Tracy
INSPECTION IMPROVEMENT AGREEMENT
TRACT 4137 - TRACY HILLS VILLAGE 9

This **Inspection Improvement Agreement** ("**Agreement**") is entered into by and between the City of Tracy, a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company ("**Developer**").

Recitals

A. Developer is currently the owner of the real property that is the subject of that certain tentative map known as Vesting Tentative Map, Tract 4057, Tracy Hills Phase 2, approved by the City Council on October 19, 2021, by Resolution No. 2021-154 (the "**Tentative Map**"), and more particularly depicted in Exhibit "**A**", attached and incorporated herein by its reference ("**Property**").

B. The Tentative Map approval was subject to certain conditions of approval ("**Conditions**"). The Conditions are attached here as Exhibit "**B**" and incorporated by reference.

C. Among other things, the Conditions describe certain improvements that are required for approval of a final subdivision map under the Subdivision Map Act (California Government Code sections 66410, *et seq.*), City's Subdivision Ordinance (Tracy Municipal Code, Title 12), and applicable City Standards.

D. In accordance with the Subdivision Map Act and City's Subdivision Ordinance, Developer has submitted to City a partially approved final map for the project known as Tract No. 4137, Tracy Hills Village 9 (the "**Final Map**"). The Final Map is being reviewed by the City Engineer for substantial compliance with the Tentative Map, and the Final Map has not yet been approved by City for recordation.

E. Improvement plans and specifications (which incorporate portions of the City's Standard Specifications) have been prepared on behalf of Developer and are under review by the City Engineer. They describe in more detail the improvements that are required for approval of the Final Map. The Partially Approved Submitted Plans and Specifications, which are under review by the City Engineer, are on file with the City Engineer under Tracking No. ENG22-0027 and incorporated herein by reference. The term **"Partially Approved Submitted Plans and Specifications"** includes: (a) twelve (12) sheets of improvement plans entitled "Rockingham, Tract 4137, Village 9, Tracy Hills Phase 2A" prepared by Ruggeri-Jensen-Azar; (b) four (4) sheets of joint trench plans titled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Village 9" prepared by Power Systems Design and (c) three (3) sheets of street light plans titled "Street Lighting Plan Set, Tracy Hills, Village 9" prepared by Power Systems Design.

City of Tracy
SUBDIVISION IMPROVEMENT AGREEMENT
Tract 4138 - Tracy Hills Village 10

This **SUBDIVISION IMPROVEMENT AGREEMENT** ("**Agreement**") is made and entered into by and between the **CITY OF TRACY** a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company (hereinafter "**Developer**"). The effective date of this Agreement shall be the date on which City executes the Agreement ("**Effective Date**").

Recitals

A. Developer is the party responsible for the construction of the public improvements within a portion of the real property comprising the subject Final Subdivision Map for Tract 4138 - Tracy Hills Village 10, and being more particularly described in ***Exhibit "A"*** attached hereto and incorporated herein by reference (hereinafter **"Project"**). AG EHC II (LEN) CA 2, L.P. is a landbank holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consents to the recordation of this Agreement as evidenced by its signature below.

B. October 19, 2021, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved by Resolution No. 2021-154 ("**Tentative Map**"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by a Homeowner's Association, Developer or City on approximately 1,143 acres within

the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk, and is incorporated herein by this reference.

C. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("**Conditions of Approval**"). The Conditions of Approval describe, among other things, improvements that are required for approval of the Final Subdivision Map pursuant to the Subdivision Map Act, the Subdivision Ordinance, and applicable City Standards.

D. In accordance with the Subdivision Map Act (California Government Code sections 66410, et seq) and the Subdivision Ordinance (Tracy Municipal Code, Title 12), Developer has submitted to the City the Final Subdivision Map for Tract 4138 - Tracy Hills Village 10 (the "**Final Subdivision Map**"), consisting of 86 single-family residential lots, and other parcels to be owned by a Homeowner's Association, all to be located on approximately 27.3+/- acres within the boundaries of the Project. Exhibit "B" shows the overall Project area and the location of the Final Subdivision Map for Tract 4138 - Tracy Hills Village 10. Developer is required to execute this Agreement as a condition of the City's approval of the Final Subdivision Map.

E. In accordance with the Conditions of Approval, Developer has prepared, and the City Engineer has approved, certain improvement plans and specifications (which incorporate portions of the City's Standard Specifications), which describe the improvements that are required for approval of the Final Subdivision Map and are incorporated herein by reference. The approved plans and specifications ("**Approved Plans and Specifications**") include: *(a)fourteen (14)sheets of improvement plans entitled "Improvement Plans – Slateshire - Tract 4138- Village 10 Tracy Hills Phase 2A" prepared by Ruggeri-Jensen- Azar dated February 22, 2024; (b) six (6) sheets of joint trench plans entitled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Village 10" prepared by Power Systems Design dated December 19, 2022; (c) five (5) sheets of street light plans entitled "Street Lighting Plan Set, Tracy Hills, Village 10" prepared by Power Systems Design dated December 19, 2022; and (d)thirty-two (32)sheets of landscape construction drawings entitled "Tracy Hills Landscape Improvement Plans Villages 10 Slateshire," prepared by FORMA, dated November 27, 2023.* The improvement plans, joint trench plans and street lighting plans are on file with the City Engineer under Tracking No. ENG22-0031 and the landscape plans are on file with the City Engineer under Tracking No. ENG23-0006 (the **Landscape Plans**), all incorporated herein by reference.

F. In order to commence construction of certain improvements described in the Approved Plans and Specifications, the City and Developer entered into an Inspection Improvement Agreement last dated on January 31, 2023 (the "**IIA**"), the first page of which is attached as ***Exhibit "C"***. The IIA permitted Developer to commence construction of those improvements based upon certain submitted plans and specifications (the "**Submitted Plans and Specifications**"), *(a) fourteen (14) sheets of improvement plans*

entitled "Slateshire, Tract 4138, Village 10, Tracy Hills Phase 2A" prepared by Ruggeri-Jensen-Azar dated October 14, 2022; (b) four (4) sheets of joint trench plans titled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Village 10" prepared by Power Systems Design dated September 12, 2022 and (c) three (3) sheets of street light plans titled "Street Lighting Plan Set, Tracy Hills, Village 10" prepared by Power Systems Design dated October 6, 2022, at Developer's sole risk. All of the plans contained in the Submitted Plans and Specifications were approved by the City Engineer at the time of approval of the IIA with the exception of the landscape plans. The IIA provides:

> "Developer understands and agrees that because the Submitted Plans and Specifications have not been approved by the City Engineer, if any of the completed improvements do not conform to the Approved Plans and Specifications the Developer may have to remove or correct any non-conformities to the reasonable satisfaction of the City Engineer at Developer's sole cost."

As such, Developer acknowledged and agreed that if the Approved Plans and Specifications varied from the Submitted Plans and Specifications, Developer would bear sole cost and expense in correcting any of the Work so that it was in conformance with the Approved Plans and Specifications. The Submitted Plans and Specifications are on file with the City Engineer and marked by the City Engineer as "**IIA Plans.**"

G. Pursuant to the IIA, all of the work performed by the Developer was subject to regular inspection by the City in the same manner and with the same reimbursement for those inspections as work would be inspected under a subdivision improvement agreement.

H. As a condition to the execution of the IIA, the Developer was required to provide engineer's estimates of the cost of the improvements, which engineer's estimates were then reviewed and approved by the City Engineer. Developer provided a Faithful Performance Bond in the amount of $2,328,720.00, a Labor and Material Bond in the amount of $2,328,720.00 a Warranty Bond in the amount of $232,872.00, *and a Monumentation Bond in the amount of $40,625.00* all dated November 4, 2022, in the form reviewed and approved by the City (the "**IIA Security**"). The IIA Security included an estimate, approved by the City Engineer, for that portion of the Work to be performed pursuant to the IIA landscape improvement plans, the final design of which is now reflected in the Landscape Plans. The IIA Security remains in full force and effect.

I. While a portion of the Work, as defined in Section 1 below, is now substantially complete, not all of the Work is substantially complete. This Agreement provides for an appropriate process for final inspection, acceptance of the Work and provision and release of sureties for the Work and is intended to replace the IIA for all of the Work contemplated by the IIA Plans and the Approved Plans and Specifications.

J. Because the required improvements have not been completed, Developer is required to execute this Agreement as authorized by Government Code section 66462.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Scope of Work; Location**. Developer shall perform, or cause to be performed, the work in the manner and as described in the Approved Plans and Specifications, to the satisfaction of the City Engineer pursuant to this Agreement (the "**Work**"). The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f). To the extent applicable, all of the Work shall be performed by Developer in accordance with the requirements of the State prevailing wage laws. Developer shall perform all Work at the locations and grades shown on the Approved Plans and Specifications. Developer (a) has acquired any necessary easement or right-of-way or(b) has entered into a separate Agreement with the City to acquire the necessary easement or right-of-way at Developer's expense.

2. **Time of Performance**. Time is of the essence in the performance of the Work, and the timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

   2.1 **Commencement of Work**. The remaining Work shall begin within 60 days after the Effective Date of the Agreement. No later than fifteen (15) days prior to the commencement of such Work, Developer shall provide written notice to the City Engineer of the date on which Developer intends to commence Work. To the extent required, Developer shall not commence Work until after the notice required by this section is properly provided, and Developer shall not commence Work prior to the date specified in the written notice.

   2.2 **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

   2.3 **Completion of Work**. Developer shall complete all Work by no later than three hundred sixty-five (365) calendar days after Developer's submittal of its notice of commencement of Work pursuant to Section 2.1 above. If the Work is not completed by this date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to expiring date of completion, (b) the City Engineer determines that Work is progressing satisfactorily and an extension is warranted, and (c)Developer pays all processing fees for such time extension.

3. **Improvement Security**. Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the following amounts:

   3.1 **Faithful Performance** security in the amount of **$2,632,759.00** to secure faithful performance of this Agreement.

   3.2 **Labor and Material** security in the amount of **$2,632,759.00** to secure payment by Developer to laborers and materialmen.

   3.3 **Warranty** security in the amount of **$263,276.00** to guarantee improvements against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

   3.4 **Monumentation** security in the amount of **$40,625.00** to secure faithful performance of setting monuments pursuant to Government Code section 66496.

   City acknowledges Developer posted security in the form of bonds prior to commencement of the work under the IIA and confirms the amount of the IIA Security is the same amount as is required under this Section 3. Developer posted riders to the IIA Bonds to satisfy the requirements of this Section 3, in a form to the satisfaction of the City Engineer and City Attorney.

4. **Indemnification**. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2)the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 14, below, has expired, at which time the indemnification obligations under this Section 4 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section4 are in addition to all other Developer's obligations set forth in this Agreement, and shall not affect Developer's warranty obligations set forth in Section 14, below.

5. **Insurance**. Concurrently with the execution of this Agreement by Developer, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 5 are material terms of this Agreement. These insurance

coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

5.1 **General**. Developer shall, throughout the duration of this Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

5.2 **Commercial General Liability** (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

5.3 **Professional Contracts**. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

5.4 **Automobile Liability** (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

5.4.1 If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

5.5 **Workers' Compensation** coverage shall be maintained as required by the State of California.

5.6 **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

5.6.1 The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing

operations and CG 20 37 (or its equivalent) for products/completed operations.

5.6.2 For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

5.6.3 Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

5.7 **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

5.8 **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

5.9 **Insurance Certificate**. Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney before the City executes this Agreement.

5.10 **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

5.11 **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

6. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

7. **Default**

7.1 **Notice of Default**. In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

7.2 **Events of default**. Developer shall be in default ("**Default**") of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

7.2.1 Intentionally Left Blank.

7.2.2 Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

7.2.3 Developer abandons the Work site.

7.2.4 Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 7.3 below.

7.2.5 Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

7.2.6 Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 7.3 below.

7.3 **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

7.3.1 Demand that Developer complete performance of the Work.

7.3.2 Demand that Developer's surety (if any) complete performance of the Work.

7.3.3 Resort to any judicial remedies available to the City.

8. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the

completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

9. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

10. **Inspection by the City; Inspection Fees**. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

10.1 **Inspection Fees**. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated Project costs (as approved by the City Engineer).

In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

11. **[Intentionally Left Blank]**

12. **Developer's Authorized Representative**. At all times during the progress of the Work, Developer shall have a competent foreperson or superintendent ("**Authorized Representative**") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. **Exhibit "D"** attached hereto includes the initial contact information referenced in this Section 12.

13. **Acceptance of Work**. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

14. **Warranty Period**. Developer shall warrant the quality of the Work, in accordance with the terms of the Approved Plans and Specifications, for a period of one year

after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

15. **Termination of IIA**. Upon the joint execution of this Agreement, the IIA is deemed terminated.

16. **Miscellaneous**.

16.1 **Notices**. All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City	To Developer:
City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org	Lennar Homes of California, LLC 2603 Camino Ramon, Suite 525 San Ramon, CA 94583 Attn: Bridgit Koller bridgit.koller@lennar.com

Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

16.2 **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

16.3 **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

16.4 **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

16.5 **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

16.6 **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

16.7 **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

16.8 **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)
B. Tract Location (Recital D.)
C. IIA Excerpt (Recital F.)
D. Subdivider's Authorized Representative Information (Section 12.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

16.9 **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

IN WITNESS WHEREOF the parties do hereby agree to the full performance of the terms set forth herein.

City of Tracy
INSPECTION IMPROVEMENT AGREEMENT
TRACT 4138 - TRACY HILLS VILLAGE 10

This **Inspection Improvement Agreement** ("**Agreement**") is entered into by and between the City of Tracy, a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company ("**Developer**").

Recitals

A. Developer is currently the owner of the real property that is the subject of that certain tentative map known as Vesting Tentative Map, Tract 4057, Tracy Hills Phase 2, approved by the City Council on October 19, 2021, by Resolution No. 2021-154 (the "**Tentative Map**"), and more particularly depicted in Exhibit "**A**", attached and incorporated herein by its reference ("**Property**").

B. The Tentative Map approval was subject to certain conditions of approval ("**Conditions**"). The Conditions are attached here as Exhibit "**B**" and incorporated by reference.

C. Among other things, the Conditions describe certain improvements that are required for approval of a final subdivision map under the Subdivision Map Act (California Government Code sections 66410, *et seq.*), City's Subdivision Ordinance (Tracy Municipal Code, Title 12), and applicable City Standards.

D. In accordance with the Subdivision Map Act and City's Subdivision Ordinance, Developer has submitted to City a partially approved final map for the project known as Tract No. 4138, Tracy Hills Village 10 (the "**Final Map**"). The Final Map is being reviewed by the City Engineer for substantial compliance with the Tentative Map, and the Final Map has not yet been approved by City for recordation.

E. Improvement plans and specifications (which incorporate portions of the City's Standard Specifications) have been prepared on behalf of Developer and are under review by the City Engineer. They describe in more detail the improvements that are required for approval of the Final Map. The Partially Approved Submitted Plans and Specifications, which are under review by the City Engineer, are on file with the City Engineer under Tracking No. ENG22-0031 and incorporated herein by reference. The term **"Partially Approved Submitted Plans and Specifications"** includes: (a) fourteen (14) sheets of improvement plans entitled "Slateshire, Tract 4138, Village 10, Tracy Hills Phase 2A" prepared by Ruggeri-Jensen-Azar; (b) four (4) sheets of joint trench plans titled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Village 10" prepared by Power Systems Design and (c) three (3) sheets of street light plans titled "Street Lighting Plan Set, Tracy Hills, Village 10" prepared by Power Systems Design.

CITY OF TRACY
CONDITIONAL SUBDIVISION IMPROVEMENT AGREEMENT
TRACY HILLS - PHASE 2 - 2nd Park

This **CONDITIONAL SUBDIVISION IMPROVEMENT AGREEMENT TRACY HILLS - PHASE 2 - 2nd Park** (hereinafter "Agreement") is made and entered into by and among the **CITY OF TRACY**, a municipal corporation ("City"), and **LENNAR HOMES OF CALIFORNIA, LLC.**, a California limited liability company ("**Developer**").

RECITALS

A. The Developer is the developer of the real property generally known as Tract 4134 – Villages 5 and 6 hereinafter ("**Property**") and more particularly described in **Exhibit "A"** attached hereto and incorporated herein by reference. AG EHC II (LEN) CA, 1, L.P., is a landbank holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consents to the recordation of this Agreement as evidenced by its signature below.

B. On April 5, 2016, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan and approved related land use entitlements, including but not limited to that certain Development Agreement by and Among the City of Tracy, The Tracy Hills Project Owner, LLC, and Tracy Phase I, LLC, ("**DA**") under Application Number TSM16-001 and approved by Resolution 2016-065.

C. October 19, 2021, the City Council adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved

by Resolution No. 2021-154 ("**Tentative Map**"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by Homeowners Association, Developer or City on approximately 1,143 acres within the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk and is incorporated herein by this reference.

D. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("**Conditions of Approval**").

E. The Developer has applied to the City for approval of a Final Map based upon the approved Tentative Map to, among other things, enable the Developer to finance public improvements required to serve the development set forth in the approved Tracy Hills Specific Plan (the "**Project**").

F. In accordance with the Subdivision Map Act (California Government Code sections 66410, et seq) and the Subdivision Ordinance (Tracy Municipal Code, Title 12), Developer has submitted to the City the Final Subdivision Map for Tract 4134 - Tracy Hills Villages 5-6 (the "Final Subdivision Map"), consisting of 131 single-family residential lots, and other parcels to be owned by a Homeowner's Association, all to be located on approximately 39.6 +/- acres within the boundaries of the Project. Exhibit "B" shows the overall Project area and the location of the Final Subdivision Map for Tract 4134 - Tracy Hills Villages 5 and 6. Developer is required to execute this Agreement as a condition of the City's approval of the Final Subdivision Map.

G. Specifically, pursuant to Condition B.10.b, the second neighborhood park within Phase 2 ("**2nd Park**", designated as Lot G on the Tentative Map and Lot A on the Final Subdivision Map) is required to be commenced by the issuance of the 500th building permit in Phase 2 (the "**Trigger Event**"). Condition C.2.9.2 requires Developer and City enter into an agreement to be recorded against the property stipulating this time prior to recordation of the first Final Map in Phase 2. This Agreement is entered into in satisfaction of Conditions B.10.b and C.2.9.2.

H. Because approved plans for 2nd Park are not available prior to approval of the Final Subdivision Map, Developer has provided to City an initial engineer's estimate of the cost of developing 2nd Park and the City Engineer has reviewed and approved that engineer's estimate (the "**Initial Engineer's Estimate**"). The Initial Engineer's Estimate is based upon the City's reasonable assumption of the range and amount of improvements within 2nd Park and recent cost information provided in connection with development of parks in the Tracy Hills development.

I. Developer will provide security in the amount of the Initial Engineer's Estimate for the timely performance of Condition B10.b, as set forth below.

J. The final plans for the outstanding work have not been approved as of the Effective Date. Prior to but no later than the occurrence of the Trigger Event, Developer shall submit improvement plans and specifications relating to 2nd Park, which, upon approval by the City Engineer, shall constitute the "**Work**". The location and details of the Work will be described fully in the future improvement plans, which upon approval by the City Engineer, shall be referred to as the "**Plans and Specifications**". The Plans and Specifications will be on file with the City Engineer and are automatically incorporated herein upon approval by the City Engineer.

K. Because Developer seeks to obtain City Council Final Subdivision Map approval and the Work is an outstanding Condition, Developer has requested to execute this Agreement, as authorized by Government Code Section 66462, to set forth binding terms and conditions by which Developer must complete the Work subsequent to final map approval.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. Confirmation of Obligation and Posting of Security Prior to Trigger Event.

1.1. **Improvement Security.** Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 et seq. and Tracy Municipal Code Section 12.36.080, in the amount of $2,150,565.00 to secure faithful performance and $215,056.00 to secure warranty of this Agreement. The security shall be due and payable if construction of 2nd Park has not commenced within the time provided in Section 2.

1.2. **Establishment Of Time For Commencement.** Prior to the issuance of the 500th building permit that allows construction of a dwelling, not including plumbing only permits, the developer shall commence construction of 2nd Park.

1.3. **Withholding of Building Permits for Failure to Commence Construction**. In the event Developer has not Commenced Construction of 2nd Park prior to the issuance of the 500th building permit that allows construction of a dwelling, not including plumbing only permits, the City may withhold issuance of any additional building permits unless and until Developer commences construction of 2nd Park

2. Subdivision Improvement Agreement.

2.1. **Scope of Work; Location.** Developer shall perform, or cause to be performed, the Work in the manner and as described in the Plans and Specifications, to the satisfaction of the City Engineer pursuant to this Agreement. The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f). To the extent applicable, all of the Work

shall be performed by Developer in accordance with the requirements of the State prevailing wage laws.

2.2. **Developer shall perform all Work at the locations and grades per the Plans and Specifications**. Developer has (a) acquired any necessary easement or right-of-way or (b) entered into a separate Agreement with the City to acquire the necessary easement or right-of-way at Developer's expense.

2.3. **Time Of Performance**. Time is of the essence in the Developer's procurement of Plans and Specifications and performance of the Work. The timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

2.4. **Final Plans and Specifications and Engineer's Estimate**. Developer shall procure from the City approval of the Plans and Specifications and the Final Engineer's Estimate. Developer shall provide contract security in accordance with Section 2.8 ensuring performance for Work based on the final Engineer's Estimate for the work related to the Plans and Specifications (the **"Final Engineer's Estimate"**).

2.5. **Commencement of Work.** Work shall begin within 60 days after Final Plans and Specifications have been approved by the City Engineer. No later than fifteen (15) days prior to the commencement of Work, Developer shall provide written notice (email being sufficient) to the City Engineer of the date on which Developer intends to commence Work. Developer shall not commence Work until after the notice required by this section is properly provided and contract security has been provided, and Developer shall not commence Work prior to the date specified in the written notice.

2.6. **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

2.7. **Completion of Work**. Developer shall complete all Work no later than three hundred and sixty-five (365) calendar days after Developer's submittal of its notice of commencement of Work pursuant to Section 2.5 above. If the Work is not completed by this date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to expiring date of completion, (b) the City Engineer determines that Work is progressing satisfactorily and an extension is warranted, and (c) Developer pays all processing fees for such time extension.

2.8. **Improvement Security**. At least thirty (30) days prior to the commencement of the Work, Developer shall furnish new or additional contract security, in a form authorized by the Subdivision Map Act (including Government Code

Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the amounts determined by the City Engineer in the Final Engineer's Estimate:

2.8.1. Faithful Performance security to secure faithful performance of this Agreement.

2.8.2. Labor and Material security to secure payment by Developer to laborers and materialmen.

2.8.3. Warranty security against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

City shall release the improvement security posted pursuant to Section 1.1 upon the posting of all contract security required by this Section 2.8. If contract security is not timely provided in accordance with this Section 2.8, City shall have the right to withhold approvals of additional final maps and/or building permits within Phase 2A and Phase 2B.

2.9. **Indemnification**. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2) the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 2.21, below, has expired, at which time the indemnification obligations under this Section 2.9 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section 2.9 are in addition to all other Developer's obligations set forth in this Agreement and shall not affect Developer's warranty obligations set forth in Section 2.21, below.

2.10. **Insurance**. From the date the bonds are provided pursuant to Section 2.8 and through the remainder of the duration of the Agreement, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 2.10 are material terms of this Agreement. These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

2.10.1. **General**. Developer shall, from the date the bonds are provided pursuant to Section 2.8 and through the remainder of the duration of the Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

2.10.1.1. Commercial General Liability (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

2.10.1.2. Professional Contracts. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

2.10.1.3. Automobile Liability (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

2.10.1.4. If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

2.10.1.5. Workers' Compensation coverage shall be maintained as required by the State of California.

2.10.2. **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

2.10.2.1. The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing operations and CG 20 37 (or its equivalent) for products/completed operations.

2.10.2.2. For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

2.10.2.3. Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

2.10.3. **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

2.10.4. **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

2.10.5. **Insurance Certificate.** Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney.

2.10.6. **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

2.10.7. **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

2.11. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

2.12. Default

2.12.1. **Notice of Default.** In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

2.12.2. **Events of default**. Developer shall be in default of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

2.12.2.1. Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

2.12.2.2. Developer abandons the Work site.

2.12.2.3. Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 2.12.3 below.

2.12.2.4. Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

2.12.2.5. Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 2.12.3 below.

2.12.3. **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

2.12.3.1. Demand that Developer complete performance of the Work.

2.12.3.2. Demand that Developer's surety (if any) complete performance of the Work.

2.12.3.3. Resort to any judicial remedies available to the City.

2.12.3.4. For defaults of Section 1.2, impose the remedies described in Section 1.3.

2.12.3.5. For defaults of Section 2.8, impose the remedies described in Section 2.8.

2.13. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

2.14. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

2.15. **Inspection by the City; Inspection Fees**. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access

to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

2.16. **Inspection Fees**. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated Project costs (as approved by the City Engineer).

2.16.1. In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

2.17. **Fees and Fee Credits**. Developer shall be entitled to fee credits consistent with Section 3.3 of the Development Agreement (DA), adopted by Ordinance 1213, as may be amended from time to time, and as provided in greater detail in the Finance and Implementation Plan (FIP) for the Project pursuant to the DA and Tracy Municipal Code Section 10.20.060(b)(3), as may be amended from time to time. Developer shall pay all fees due to City in connection with the Work,

2.17.1. **Neighborhood Park Development Impact Fee Credits**. Upon submission of the improvement security required by Section 2.8, payment of engineering review fees, and City's execution of this Agreement, Developer shall be entitled to receive neighborhood park development impact fee credits for 263 single-family residential lots, based upon a neighborhood park area of 2.6 acres, see Exhibit "B". Developer is responsible for paying the neighborhood park program management fee.

2.18. **Developer's Authorized Representative**. At all times during the progress of the Work, Developer shall have a competent foreman or superintendent ("Authorized Representative") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. **Exhibit "C"** attached hereto includes the initial contact information referenced in this Section 2.19.

2.19. **Acceptance of Work**. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

2.20. **Warranty Period**. Developer shall warrant the quality of the Work, in accordance with the terms of the Plans and Specifications, for a period of one year after acceptance of the Work by the City Council. In the event that (during

the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

2.21. **Notices**.

All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City:	To Developer:
City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org	Lennar Homes of California, LLC 2603 Camino Ramon, Suite 525 San Ramon, CA 94583 Attn: Bridgit Koller bridgit.koller@lennar.com

Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

2.22. **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

2.23. **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

2.24. **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

2.25. **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

2.26. **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

2.27. **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

2.28. **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)

B. Fee Credits (Section 2.18.)

C. Developer's Authorized Representative Information (Section 2.19.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

2.29. **Obligations Run With The Land.** All obligations and provisions of this Agreement shall run with the real property described in Exhibit "A" and shall bind the Developer and its respective successors and assigns.

2.30. **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

[Signatures on Next Page]

IN WITNESS WHEREOF the parties do hereby agree to the full performance of the terms set forth herein.

CITY OF TRACY
CONDITIONAL SUBDIVISION IMPROVEMENT AGREEMENT
TRACY HILLS - PHASE 2 - 3rd Park

This **CONDITIONAL SUBDIVISION IMPROVEMENT AGREEMENT TRACY HILLS - PHASE 2 - 3rd Park** (hereinafter "Agreement") is made and entered into by and among the **CITY OF TRACY**, a municipal corporation ("City") and **LENNAR HOMES OF CALIFORNIA, LLC.,** a California limited liability company ("**Developer**").

RECITALS

A. The Developer is the developer of the real property generally known as the Tracy Hills Phase 4 ("**Property**") and more particularly described in **Exhibit "A"** attached hereto and incorporated herein by reference. Tracy Phase 4, LLC, is a landbank holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consents to the recordation of this Agreement as evidenced by its signature below.

B. On April 5, 2016, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan and approved related land use entitlements, including but not limited to that certain Development Agreement by and Among the City of Tracy, The Tracy Hills Project Owner, LLC, and Tracy Phase I, LLC, ("**DA**") under Application Number TSM16-001 and approved by Resolution 2016-065.

C. October 19, 2021, the City Council adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved

by Resolution No. 2021-154 ("**Tentative Map**"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by Homeowners Association, Developer or City on approximately 1,143 acres within the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk and is incorporated herein by this reference.

D. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("**Conditions of Approval**").

E. Specifically, pursuant to Condition B.10.c, the third neighborhood park within Phase 2 ("**3rd Park**", designated as Lot Q on the Tentative Map) is required to be commenced by the issuance of the 976th building permit in Phase 2 (the "**Trigger Event**"). Condition C.2.9.2 requires Developer and City enter into an agreement to be recorded against the property stipulating this time prior to recordation of the first Final Map in Phase 2. This Agreement is entered into in satisfaction of Conditions B.10.c and C.2.9.2.

F. Because approved plans for 3rd Park are not available prior to approval of the first Phase 2 Final Map, Developer has provided to City an initial engineer's estimate of the cost of developing 3rd Park and the City Engineer has reviewed and approved that engineer's estimate (the "**Initial Engineer's Estimate**"). The Initial Engineer's Estimate is based upon the City's reasonable assumption of the range and amount of improvements within 3rd Park and recent cost information provided in connection with development of parks in the Tracy Hills development.

G. Developer will provide security in the amount of the Initial Engineer's Estimate for the timely performance of Condition B10.c, as set forth below.

H. The final plans for the outstanding work have not been approved as of the Effective Date. Prior to but no later than the occurrence of the Trigger Event, Developer shall submit improvement plans and specifications relating to 3rd Park, which, upon approval by the City Engineer, shall constitute the "**Work**". The location and details of the Work will be described fully in the future improvement plans, which upon approval by the City Engineer, shall be referred to as the "**Plans and Specifications**". The Plans and Specifications will be on file with the City Engineer and are automatically incorporated herein upon approval by the City Engineer.

I. Because Developer seeks to obtain City Council approval of the first Final Map in Phase 2 and the Work is an outstanding Condition, Developer has requested to execute this Agreement, as authorized by Government Code Section 66462, to set forth binding terms and conditions by which Developer must complete the Work subsequent to final map approval.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Confirmation of Obligation and Posting of Security Prior to Trigger Event.**

   1.1. **Improvement Security.** Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 et seq. and Tracy Municipal Code Section 12.36.080, in the amount of $2,423,032.00 to secure faithful performance of this Agreement. The security shall be due and payable if construction of 3rd Park has not commenced within the time provided in Section 2.

   1.2. **Establishment Of Time For Commencement.** Prior to the issuance of the 976th building permit that allows construction of a dwelling, not including plumbing only permits, the developer shall commence construction of 3rd Park.

   1.3. **Withholding of Building Permits for Failure to Commence Construction**. In the event Developer has not Commenced Construction of 3rd Park prior to the issuance of the 976th building permit that allows construction of a dwelling, not including plumbing only permits, the City may withhold issuance of any additional building permits unless and until Developer commences construction of 3rd Park

2. **Subdivision Improvement Agreement**.

   2.1. **Scope of Work; Location.** Developer shall perform, or cause to be performed, the Work in the manner and as described in the Plans and Specifications, to the satisfaction of the City Engineer pursuant to this Agreement. The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f). To the extent applicable, all of the Work shall be performed by Developer in accordance with the requirements of the State prevailing wage laws.

   2.2. **Developer shall perform all Work at the locations and grades per the Plans and Specifications**. Developer has (a) acquired any necessary easement or right-of-way or (b) entered into a separate Agreement with the City to acquire the necessary easement or right-of-way at Developer's expense.

   2.3. **Time Of Performance**. Time is of the essence in the Developer's procurement of Plans and Specifications and performance of the Work. The timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten

(10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

2.4. **Final Plans and Specifications and Engineer's Estimate**. Developer shall procure from the City approval of the Plans and Specifications and the Final Engineer's Estimate. Developer shall provide contract security in accordance with Section 2.8 ensuring performance for Work based on the final Engineer's Estimate for the work related to the Plans and Specifications (the **"Final Engineer's Estimate**").

2.5. **Commencement of Work.** Work shall begin within 60 days after Final Plans and Specifications have been approved by the City Engineer. No later than fifteen (15) days prior to the commencement of Work, Developer shall provide written notice (email being sufficient) to the City Engineer of the date on which Developer intends to commence Work. Developer shall not commence Work until after the notice required by this section is properly provided and contract security has been provided, and Developer shall not commence Work prior to the date specified in the written notice.

2.6. **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

2.7. **Completion of Work**. Developer shall complete all Work no later than three hundred and sixty-five (365) calendar days after Developer's submittal of its notice of commencement of Work pursuant to Section 2.5 above. If the Work is not completed by this date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to expiring date of completion, (b) the City Engineer determines that Work is progressing satisfactorily and an extension is warranted, and (c) Developer pays all processing fees for such time extension.

2.8. **Improvement Security**. At least thirty (30) days prior to the commencement of the Work, Developer shall furnish new or additional contract security, in a form authorized by the Subdivision Map Act (including Government Code Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the amounts determined by the City Engineer in the Final Engineer's Estimate:

2.8.1. Faithful Performance security to secure faithful performance of this Agreement.

2.8.2. Labor and Material security to secure payment by Developer to laborers and materialmen.

2.8.3. Warranty security against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

City shall release the improvement security posted pursuant to Section 1.1 upon the posting of all contract security required by this Section 2.8. If contract security is not timely provided in accordance with this Section 2.8, City shall have the right to withhold approvals of additional final maps and/or building permits within Phase 2A and Phase 2B.

2.9. **Indemnification**. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2) the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 2.21, below, has expired, at which time the indemnification obligations under this Section 2.9 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section 2.9 are in addition to all other Developer's obligations set forth in this Agreement and shall not affect Developer's warranty obligations set forth in Section 2.21, below.

2.10. **Insurance**. From the date the bonds are provided pursuant to Section 2.8 and through the remainder of the duration of the Agreement, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 2.10 are material terms of this Agreement. These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

2.10.1. **General**. Developer shall, from the date the bonds are provided pursuant to Section 2.8 and through the remainder of the duration of the Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

2.10.1.1. Commercial General Liability (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

2.10.1.2. Professional Contracts. Developer shall cause its design professionals to maintain professional liability insurance that

insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

2.10.1.3. Automobile Liability (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

2.10.1.4. If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

2.10.1.5. Workers' Compensation coverage shall be maintained as required by the State of California.

2.10.2. **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

2.10.2.1. The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing operations and CG 20 37 (or its equivalent) for products/completed operations.

2.10.2.2. For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

2.10.2.3. Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

2.10.3. **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be

considered a cancellation. Developer shall immediately obtain a replacement policy.

2.10.4. **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

2.10.5. **Insurance Certificate.** Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney.

2.10.6. **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

2.10.7. **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

2.11. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

2.12. Default

2.12.1. **Notice of Default.** In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

2.12.2. **Events of default**. Developer shall be in default of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

2.12.2.1. Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

2.12.2.2. Developer abandons the Work site.

2.12.2.3. Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 2.12.3 below.

2.12.2.4. Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

2.12.2.5. Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 2.12.3 below.

2.12.3. **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

2.12.3.1. Demand that Developer complete performance of the Work.

2.12.3.2. Demand that Developer's surety (if any) complete performance of the Work.

2.12.3.3. Resort to any judicial remedies available to the City.

2.12.3.4. For defaults of Section 1.2, impose the remedies described in Section 1.3.

2.12.3.5. For defaults of Section 2.8, impose the remedies described in Section 2.8.

2.13. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

2.14. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

2.15. **Inspection by the City; Inspection Fees**. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

2.16. **Inspection Fees**. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated project costs (as approved by the City Engineer).

2.16.1. In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

2.17. **Fees and Fee Credits**. Developer shall be entitled to fee credits consistent with Section 3.3 of the Development Agreement (DA), adopted by Ordinance 1213, as may be amended from time to time, and as provided in greater detail in the Finance and Implementation Plan (FIP) for the project pursuant to the DA and Tracy Municipal Code Section 10.20.060(b)(3), as may be amended from time to time. Developer shall pay all fees due to City in connection with the Work,

2.17.1. **Neighborhood Park Development Impact Fee Credits**. Upon submission of the improvement security required by Section 2.8, payment of engineering review fees, and City's execution of this Agreement, Developer shall be entitled to receive neighborhood park development impact fee credits for 337 single-family residential lots, based upon a neighborhood park area of 3.34 acres, see Exhibit "B". Developer is responsible for paying the neighborhood park program management fee.

2.18. **Developer's Authorized Representative**. At all times during the progress of the Work, Developer shall have a competent foreman or superintendent ("Authorized Representative") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. Exhibit "C" attached hereto includes the initial contact information referenced in this Section 2.19.

2.19. **Acceptance of Work**. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

2.20. **Warranty Period**. Developer shall warrant the quality of the Work, in accordance with the terms of the Plans and Specifications, for a period of one year after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

2.21. **Notices**.

All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City:	To Developer:
City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org	Lennar Homes of California, LLC 2603 Camino Ramon, Suite 525 San Ramon, CA 94583 Attn: Bridgit Koller bridgit.koller@lennar.com

Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

2.22. **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

2.23. **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

2.24. **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

2.25. **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

2.26. **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

2.27. **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

2.28. **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)

B. Fee Credits (Section 2.18.)

C. Developer's Authorized Representative Information (Section 2.19.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

2.29. **Obligations Run With The Land.** All obligations and provisions of this Agreement shall run with the real property described in Exhibit "A" and shall bind the Developer and its respective successors and assigns.

2.30. **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

[Signatures on Next Page]

IN WITNESS WHEREOF the parties do hereby agree to the full performance of the terms set forth herein.

CITY OF TRACY, CONDITIONAL SUBDIVISION IMPROVEMENT AGREEMENT, TRACY HILLS - PHASE 2 - 3rd Park

EXHIBIT A
(Property Description)

LEGAL DESCRIPTION

Real property in the City of Tracy, County of San Joaquin, State of California, described as follows:

PARCEL 1:

NEW PARCEL A OF CERTIFICATE OF COMPLIANCE FOR LOT LINE ADJUSTMENT NO. MS 23-0004 RECORDED NOVEMBER 28, 2023 AS INSTRUMENT NO. 2023-096708 OF OFFICIAL RECORDS AND MORE PARTICULARLY DESCRIBED AS FOLLOWS:

REAL PROPERTY SITUATE IN THE CITY OF TRACY, COUNTY OF SAN JOAQUIN, STATE OF CALIFORNIA AND BEING ALL OF NEW PARCEL 1 AS SAID PARCEL IS DESCRIBED AND DEPICTED IN THE GRANT DEED TO TRACY PHASE 4, LLC, RECORDED ON AUGUST 9, 2023 AS DOCUMENT NO. 2023-062989 OF OFFICIAL RECORDS OF SAN JOAQUIN COUNTY AND BEING A PORTION OF NEW PARCEL 2 AS SAID PARCEL IS DESCRIBED AND DEPICTED IN THE GRANT DEED TO TRACY PHASE 3, LLC, RECORDED ON AUGUST 9, 2023 AS DOCUMENT NO. 2023-062990 OF OFFICIAL RECORDS OF SAN JOAQUIN COUNTY, AND BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

BEGINNING AT THE MOST NORTHERLY CORNER OF SAID NEW PARCEL 1 THENCE ALONG THE EAST LINES OF SAID NEW PARCELS 1 AND 2 THE FOLLOWING TWELVE (12) COURSES:

1) SOUTH 53° 19' 26" EAST - 660.88 FEET;

2) SOUTH 56° 06' 02" EAST - 501.22 FEET;

3) SOUTH 52° 05' 47" EAST - 700.00 FEET;

4) SOUTH 50° 03' 03" EAST - 700.45 FEET;

5) SOUTH 56° 51' 36" EAST - 301.04 FEET;

6) SOUTH 52° 05' 47" EAST - 1000.00 FEET;

7) SOUTH 49° 48' 21" EAST, AT 304.50 FEET PASSING THE COMMON EAST CORNER TO NEW PARCELS 1 AND 2, IN ALL 500.40 FEET;

8) SOUTH 53° 43' 58" EAST - 700.29 FEET;

9) SOUTH 52° 05' 47" EAST - 1300.00 FEET;

10) SOUTH 50° 11' 14" EAST - 600.33 FEET;

11) SOUTH 52° 05' 47" EAST - 300.00 FEET;

12) SOUTH 53° 14' 32" EAST 811.28 FEET FOR THE SOUTHEASTERLY CORNER HEREOF;

THENCE CROSSING THROUGH NEW PARCEL 2 THE FOLLOWING SIXTY-ONE (61) COURSES:

1) SOUTH 36° 45' 28" WEST - 151.15 FEET;

2) NORTH 52° 06' 57" WEST - 17.00 FEET;

3) SOUTH 37° 53' 03" WEST - 41.50 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS SOUTH 37° 53' 03" WEST;

4) IN A SOUTHERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

5) SOUTH 37° 53' 03" WEST - 167.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

6) IN A WESTERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

7) SOUTH 37° 53' 03" WEST - 57.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS SOUTH 37° 53' 03" WEST;

8) IN A SOUTHERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

9) SOUTH 37° 53' 03" WEST - 80.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

10) IN A WESTERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

11) SOUTH 37° 53' 03" WEST - 57.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS SOUTH 37° 53' 03" WEST;

12) IN A SOUTHERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

13) SOUTH 37° 53' 03" WEST - 168.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

14) IN A WESTERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

15) SOUTH 37° 53' 03" WEST - 57.00 FEET;

16) SOUTH 52° 06' 57" EAST - 5.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

17) IN A SOUTHERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

18) SOUTH 37° 53' 03" WEST - 176.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

19) IN A WESTERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

20) SOUTH 37° 53' 03" WEST - 57.00 FEET;

21) SOUTH 52° 06' 57" EAST - 64.68 FEET;

22) SOUTH 37° 53' 03" WEST - 208.00 FEET;

CITY OF TRACY
CONDITIONAL SUBDIVISION IMPROVEMENT AGREEMENT
TRACY HILLS - PHASE 2 - 4th Park

This **CONDITIONAL SUBDIVISION IMPROVEMENT AGREEMENT TRACY HILLS - PHASE 2 - 4th Park** (hereinafter "**Agreement**") is made and entered into by and among the **CITY OF TRACY**, a municipal corporation ("City") and **LENNAR HOMES OF CALIFORNIA, LLC.,** a California limited liability company ("**Developer**").

RECITALS

A. The Developer is the developer of the real property generally known as hereinafter Tracy Hills Phase 4 ("**Property**") and more particularly described in **Exhibit "A"** attached hereto and incorporated herein by reference. Tracy Phase 4, LLC is a landbank holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consents to the recordation of this Agreement as evidenced by its signature below.

B. On April 5, 2016, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan and approved related land use entitlements, including but not limited to that certain Development Agreement by and Among the City of Tracy, The Tracy Hills Project Owner, LLC, and Tracy Phase I, LLC, ("**DA**") under Application Number TSM16-001 and approved by Resolution 2016-065.

C. October 19, 2021, the City Council adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved

by Resolution No. 2021-154 ("**Tentative Map**"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by Homeowners Association, Developer or City on approximately 1,143 acres within the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk and is incorporated herein by this reference.

D. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("**Conditions of Approval**").

E. Specifically, pursuant to Condition B.10.d, the fourth neighborhood park within Phase 2 ("**4th Park**", designated as Lot P on the Tentative Map) is required to be commenced by the issuance of the 1,226th building permit in Phase 2 (the "**Trigger Event**"). Condition C.2.9.2 requires Developer and City enter into an agreement to be recorded against the property stipulating this time prior to recordation of the first Final Map in Phase 2. This Agreement is entered into in satisfaction of Conditions B.10.d and C.2.9.2.

F. Because approved plans for 4th Park are not available prior to approval of the first Phase 2 Final Map, Developer has provided to City an initial engineer's estimate of the cost of developing 4th Park and the City Engineer has reviewed and approved that engineer's estimate (the "**Initial Engineer's Estimate**"). The Initial Engineer's Estimate is based upon the City's reasonable assumption of the range and amount of improvements within 4th Park and recent cost information provided in connection with development of parks in the Tracy Hills development.

G. Developer will provide security in the amount of the Initial Engineer's Estimate for the timely performance of Condition B10.d, as set forth below.

H. The final plans for the outstanding work have not been approved as of the Effective Date. Prior to but no later than the occurrence of the Trigger Event, Developer shall submit improvement plans and specifications relating to 4th Park, which, upon approval by the City Engineer, shall constitute the "**Work**". The location and details of the Work will be described fully in the future improvement plans, which upon approval by the City Engineer, shall be referred to as the "**Plans and Specifications**". The Plans and Specifications will be on file with the City Engineer and are automatically incorporated herein upon approval by the City Engineer.

I. Because Developer seeks to obtain City Council approval of the first Final Map in Phase 2 and the Work is an outstanding Condition, Developer has requested to execute this Agreement, as authorized by Government Code Section 66462, to set forth binding terms and conditions by which Developer must complete the Work subsequent to final map approval.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Confirmation of Obligation and Posting of Security Prior to Trigger Event.**

   1.1. **Improvement Security.** Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 et seq. and Tracy Municipal Code Section 12.36.080, in the amount of $2,239,337.00 to secure faithful performance of this Agreement. The security shall be due and payable if construction of 4th Park has not commenced within the time provided in Section 2.

   1.2. **Establishment Of Time For Commencement.** Prior to the issuance of the 1,226th building permit that allows construction of a dwelling, not including plumbing only permits, the developer shall commence construction of 4th Park.

   1.3. **Withholding of Building Permits for Failure to Commence Construction**. In the event Developer has not Commenced Construction of 4th Park prior to the issuance of the 1,226th building permit that allows construction of a dwelling, not including plumbing only permits, the City may withhold issuance of any additional building permits unless and until Developer commences construction of 4th Park

2. **Subdivision Improvement Agreement**.

   2.1. **Scope of Work; Location.** Developer shall perform, or cause to be performed, the Work in the manner and as described in the Plans and Specifications, to the satisfaction of the City Engineer pursuant to this Agreement. The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f). To the extent applicable, all of the Work shall be performed by Developer in accordance with the requirements of the State prevailing wage laws.

   2.2. **Developer shall perform all Work at the locations and grades per the Plans and Specifications**. Developer has (a) acquired any necessary easement or right-of-way or (b) entered into a separate Agreement with the City to acquire the necessary easement or right-of-way at Developer's expense.

   2.3. **Time Of Performance**. Time is of the essence in the Developer's procurement of Plans and Specifications and performance of the Work. The timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

2.4. **Final Plans and Specifications and Engineer's Estimate**. Developer shall procure from the City approval of the Plans and Specifications and the Final Engineer's Estimate. Developer shall provide contract security in accordance with Section 2.8 ensuring performance for Work based on the final Engineer's Estimate for the work related to the Plans and Specifications (the **"Final Engineer's Estimate"**).

2.5. **Commencement of Work.** Work shall begin within 60 days after Final Plans and Specifications have been approved by the City Engineer. No later than fifteen (15) days prior to the commencement of Work, Developer shall provide written notice (email being sufficient) to the City Engineer of the date on which Developer intends to commence Work. Developer shall not commence Work until after the notice required by this section is properly provided and contract security has been provided, and Developer shall not commence Work prior to the date specified in the written notice.

2.6. **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

2.7. **Completion of Work**. Developer shall complete all Work no later than three hundred and sixty-five (365) calendar days after Developer's submittal of its notice of commencement of Work pursuant to Section 2.5 above. If the Work is not completed by this date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to expiring date of completion, (b) the City Engineer determines that Work is progressing satisfactorily and an extension is warranted, and (c) Developer pays all processing fees for such time extension.

2.8. **Improvement Security**. At least thirty (30) days prior to the commencement of the Work, Developer shall furnish new or additional contract security, in a form authorized by the Subdivision Map Act (including Government Code Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the amounts determined by the City Engineer in the Final Engineer's Estimate:

2.8.1. Faithful Performance security to secure faithful performance of this Agreement.

2.8.2. Labor and Material security to secure payment by Developer to laborers and materialmen.

2.8.3. Warranty security against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

City shall release the improvement security posted pursuant to Section 1.1 upon the posting of all contract security required by this Section 2.8. If contract security is not timely provided in accordance with this Section 2.8, City shall

have the right to withhold approvals of additional final maps and/or building permits within Phase 2A and Phase 2B.

2.9. **Indemnification**. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2) the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 2.21, below, has expired, at which time the indemnification obligations under this Section 2.9 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section 2.9 are in addition to all other Developer's obligations set forth in this Agreement and shall not affect Developer's warranty obligations set forth in Section 2.21, below.

2.10. **Insurance**. From the date the bonds are provided pursuant to Section 2.8 and through the remainder of the duration of the Agreement, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 2.10 are material terms of this Agreement. These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

2.10.1. **General**. Developer shall, from the date the bonds are provided pursuant to Section 2.8 and through the remainder of the duration of the Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

2.10.1.1. Commercial General Liability (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

2.10.1.2. Professional Contracts. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate.

Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

2.10.1.3. Automobile Liability (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

2.10.1.4. If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

2.10.1.5. Workers' Compensation coverage shall be maintained as required by the State of California.

2.10.2. **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

2.10.2.1. The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing operations and CG 20 37 (or its equivalent) for products/completed operations.

2.10.2.2. For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

2.10.2.3. Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

2.10.3. **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

2.10.4. **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance

Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

2.10.5. **Insurance Certificate.** Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney.

2.10.6. **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

2.10.7. **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

2.11. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

2.12. Default

2.12.1. **Notice of Default.** In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

2.12.2. **Events of default**. Developer shall be in default of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

2.12.2.1. Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

2.12.2.2. Developer abandons the Work site.

2.12.2.3. Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 2.12.3 below.

2.12.2.4. Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

2.12.2.5. Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 2.12.3 below.

2.12.3. **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

2.12.3.1. Demand that Developer complete performance of the Work.

2.12.3.2. Demand that Developer's surety (if any) complete performance of the Work.

2.12.3.3. Resort to any judicial remedies available to the City.

2.12.3.4. For defaults of Section 1.2, impose the remedies described in Section 1.3.

2.12.3.5. For defaults of Section 2.8, impose the remedies described in Section 2.8.

2.13. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

2.14. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

2.15. **Inspection by the City; Inspection Fees**. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

2.16. **Inspection Fees**. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated project costs (as approved by the City Engineer).

2.16.1. In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

2.17. **Fees and Fee Credits**. Developer shall be entitled to fee credits consistent with Section 3.3 of the Development Agreement (DA), adopted by Ordinance 1213, as may be amended from time to time, and as provided in greater detail in the Finance and Implementation Plan (FIP) for the project

pursuant to the DA and Tracy Municipal Code Section 10.20.060(b)(3), as may be amended from time to time. Developer shall pay all fees due to City in connection with the Work,

2.17.1. **Neighborhood Park Development Impact Fee Credits.** Upon submission of the improvement security required by Section 2.8, payment of engineering review fees, and City's execution of this Agreement, Developer shall be entitled to receive neighborhood park development impact fee credits for 375 single-family residential lots, based upon a neighborhood park area of 3.71 acres. Developer is responsible for paying the neighborhood park program management fee, see Exhibit "B".

2.18. **Developer's Authorized Representative**. At all times during the progress of the Work, Developer shall have a competent foreman or superintendent ("Authorized Representative") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. Exhibit "C" attached hereto includes the initial contact information referenced in this Section 2.19.

2.19. **Acceptance of Work**. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

2.20. **Warranty Period**. Developer shall warrant the quality of the Work, in accordance with the terms of the Plans and Specifications, for a period of one year after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

2.21. **Notices**.

All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City:	To Developer:
City of Tracy 333 Civic Center Plaza Tracy, CA 95376	Lennar Homes of California, LLC 2603 Camino Ramon, Suite 525 San Ramon, CA 94583

Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

2.22. **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

2.23. **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

2.24. **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

2.25. **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

2.26. **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

2.27. **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all

local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

2.28. **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)

B. Fee Credits (Section 2.18.)

C. Developer's Authorized Representative Information (Section 2.19.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

2.29. **Obligations Run With The Land**. All obligations and provisions of this Agreement shall run with the real property described in Exhibit "A" and shall bind the Developer and its respective successors and assigns.

2.30. **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

[Signatures on Next Page]

IN WITNESS WHEREOF the parties do hereby agree to the full performance of the terms set forth herein.

City of Tracy
OFFSITE IMPROVEMENT AGREEMENT FOR TRACY HILLS CORRAL HOLLOW ROAD WIDENING PHASE 2 FRONTAGE

This **OFFSITE IMPROVEMENT AGREEMENT** ("**Agreement**") is made and entered into by and between the **CITY OF TRACY** a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company (hereinafter "**Developer**"). The effective date of this Agreement shall be the date on which City executes the Agreement ("**Effective Date**").

Recitals

A. Developer is a party responsible for the construction of the public improvements within a portion of the real property comprising the subject Final Subdivision Map for Tract 4133 - Tracy Hills Villages 2-3, and being more particularly described in ***Exhibit "A"*** attached hereto and incorporated herein by reference (hereinafter "**Project**"). AG EHC II (LEN) CA 1, L.P. and AG EHC II (LEN) CA 2, L.P., are land banks holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consent to the recordation of this Agreement as evidenced by its signature below.

B. October 19, 2021, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved by Resolution No. 2021-154 ("**Tentative Map**"). The Tentative Map

includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by a Homeowner's Association, Developer or City on approximately 1,143 acres within the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk, and is incorporated herein by this reference.

C. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("**Conditions of Approval**"). The Conditions of Approval describe, among other things, improvements that are required for approval of the Final Subdivision Map pursuant to the Subdivision Map Act, the Subdivision Ordinance, and applicable City Standards.

D. In accordance with the Subdivision Map Act (California Government Code sections 66410, et seq) and the Subdivision Ordinance (Tracy Municipal Code, Title 12), Developer has submitted to the City the Final Subdivision Map for Tract *4133 - Tracy Hills Village 2 and 3 (the "**Final Subdivision Map**"). Developer is required to execute this Agreement as a condition of the City's approval of the Final Subdivision Map.*

E. Pursuant to the Conditions of Approval, Developer is required to construct the public roadway improvements knows as the Corral Hollow Road, generally extending from I- 580 to southern City Limits, as more particularly depicted in ***Exhibit "B"***.

F. In accordance with the Conditions of Approval, Developer has prepared, and the City Engineer has approved, certain improvement plans and specifications (which incorporate portions of the City's Standard Specifications), which describe the improvements that are required for approval of the Final Subdivision Map and are incorporated herein by reference. The approved plans and specifications ("**Approved Plans and Specifications**") include: *(a) seventeen (17) sheets of improvement plans entitled "Corral Hollow Road Widening Phase 2 Frontage" prepared by Ruggeri-Jensen- Azar dated February 7, 2023; and (d) forty-eight (48) sheets of landscape construction drawings entitled "Corral Hollow Road R.O.W. Landscape Improvement Plans", prepared by FORMA, dated February 22, 2024.* The improvement plans, joint trench plans and street lighting plans are on file with the City Engineer under Tracking No. ENG 22-0006 and the landscape plans are on file with the City Engineer under Tracking No. ENG 22-0030 (the "**Landscape Plans**"), all incorporated herein by reference.

G. In order to commence construction of certain improvements described in the Approved Plans and Specifications, the City and Developer entered into an Inspection Improvement Agreement last dated on January 30, 2023 (the "**IIA**"), the first page of which is attached as ***Exhibit "C"***. The IIA permitted Developer to

commence construction of those improvements based upon certain submitted plans and specifications (the "**Submitted Plans and Specifications**"), at Developer's sole risk. All of the plans contained in the Submitted Plans and Specifications were approved by the City Engineer at the time of approval of the IIA with the exception of the landscape plans. The IIA provides:

a. "Developer understands and agrees that because the Submitted Plans and Specifications have not been approved by the City Engineer, if any of the completed improvements do not conform to the Approved Plans and Specifications the Developer may have to remove or correct any non-conformities to the reasonable satisfaction of the City Engineer at Developer's sole cost."

H. As such, Developer acknowledged and agreed that if the Approved Plans and Specifications varied from the Submitted Plans and Specifications, Developer would bear sole cost and expense in correcting any of the Work so that it was in conformance with the Approved Plans and Specifications. The Submitted Plans and Specifications are on file with the City Engineer and marked by the City Engineer as "**IIA Plans.**"

I. While a portion of the Work, as defined in Section 1 below, is now substantially complete, not all of the Work is substantially complete. This Agreement provides for an appropriate process for final inspection, acceptance of the Work and provision and release of sureties for the Work and is intended to replace the IIA for all Work contemplated by the IIA Plans and the Approved Plans and Specifications.

J. As a condition to the execution of the IIA, the Developer was required to provide engineer's estimates of the cost of the improvements, which engineer's estimates were then reviewed and approved by the City Engineer. Developer provided a Faithful Performance Bond in the amount of $3,898,412.00, a Labor and Material Bond in the amount of $3,898,412.00, a Warranty Bond in the amount of $389,841.00, *and a Monumentation Bond in the amount of $6,750.00* all dated January 27, 2023, in the form reviewed and approved by the City (the "**IIA Security**"). The IIA Security included an estimate, approved by the City Engineer, for that portion of the Work to be performed pursuant to the IIA landscape improvement plans, the final design of which is now reflected in the Landscape Plans. The IIA Security remains in full force and effect.

K. Because the required improvements have not been completed, Developer is required to execute this Agreement as authorized by Government Code section 66462.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Scope of Work; Location**. Developer shall perform, or cause to be performed, the work in the manner and as described in the Approved Plans and Specifications,

to the satisfaction of the City Engineer pursuant to this Agreement (the "**Work**"). The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f). To the extent applicable, all of the Work shall be performed by Developer in accordance with the requirements of the State prevailing wage laws. Developer shall perform all Work at the locations and grades shown on the Approved Plans and Specifications. Developer (a) has acquired any necessary easement or right-of-way or(b) has entered into a separate Agreement with the City to acquire the necessary easement or right-of-way at Developer's expense.

2. **Time of Performance**. Time is of the essence in the performance of the Work, and the timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

2.1 **Commencement of Work**. The remaining Work shall begin within 60 days after the Effective Date of the Agreement. No later than fifteen (15) days prior to the commencement of such Work, Developer shall provide written notice to the City Engineer of the date on which Developer intends to commence Work. To the extent required, Developer shall not commence Work until after the notice required by this section is properly provided, and Developer shall not commence Work prior to the date specified in the written notice.

2.2 **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

2.3 **Completion of Work**. Developer shall complete all Work by no later than three hundred sixty-five (365) calendar days after Developer's submittal of its notice of commencement of Work pursuant to Section 2.1 above. If the Work is not completed by this date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to expiring date of completion, (b) the City Engineer determines that Work is progressing satisfactorily and an extension is warranted, and (c) Developer pays all processing fees for such time extension.

3. **Improvement Security**. Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision

Map Act including Government Code Sections 66499 *et seq.* and Tracy Municipal Code Section 12.36.080, in the following amounts:

3.1 **Faithful Performance** security in the amount of **$5,105,155.00** to secure faithful performance of this Agreement.

3.2 **Labor and Material** security in the amount of **$5,105,155.00** to secure payment by Developer to laborers and materialmen.

3.3 **Warranty** security in the amount of **$510,515.00** to guarantee improvements against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

3.4 **Monumentation** security in the amount of **$10,500.00** to secure faithful performance of setting monuments pursuant to Government Code section 66496.

City acknowledges Developer posted security in the form of bonds prior to commencement of the work under the IIA and confirms the amount of the IIA Security is the same amount as is required under this Section 3. Developer posted riders to the IIA Bonds to satisfy the requirements of this Section 3, in a form to the satisfaction of the City Engineer and City Attorney.

4. **Indemnification**. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2) the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 14, below, has expired, at which time the indemnification obligations under this Section 4 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section 4 are in addition to all other Developer's obligations set forth in this Agreement, and shall not affect Developer's warranty obligations set forth in Section 14, below.

5. **Insurance**. Concurrently with the execution of this Agreement by Developer, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 5 are material terms of this Agreement.

These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

5.1 **General**. Developer shall, throughout the duration of this Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

5.2 **Commercial General Liability** (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

5.3 **Professional Contracts**. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

5.4 **Automobile Liability** (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

5.4.1 If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

5.5 **Workers' Compensation** coverage shall be maintained as required by the State of California.

5.6 **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

5.6.1 The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing

endorsement form CG 20 10 (or its equivalent) for ongoing operations and CG 20 37 (or its equivalent) for products/completed operations.

5.6.2 For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

5.6.3 Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

5.7 **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

5.8 **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

5.9 **Insurance Certificate**. Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney before the City executes this Agreement.

5.10 **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

5.11 **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

6. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent,

or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

7. **Default**

7.1 **Notice of Default**. In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

7.2 **Events of default**. Developer shall be in default ("**Default**") of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

7.2.1 Intentionally Left Blank.

7.2.2 Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

7.2.3 Developer abandons the Work site.

7.2.4 Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 7.3 below.

7.2.5 Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

7.2.6 Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 7.3 below.

7.3 **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

7.3.1 Demand that Developer complete performance of the Work.

7.3.2 Demand that Developer's surety (if any) complete performance of the Work.

7.3.3 Resort to any judicial remedies available to the City.

8. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

9. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

10. **Inspection by the City; Inspection Fees**. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

10.1 **Inspection Fees**. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated Project costs (as approved by the City Engineer).

In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

11. Developer shall be entitled to fee credits consistent with Section 3.3 of that certain Development Agreement by and between the City of Tracy and the Tracy Hills Project Owner, LLC, and Tracy Phase I, LLC, adopted by City of Tracy Ordinance No. 1213 and recorded in the Official Records of San Joaquin County on June 9, 2016, as Document Number 2016-066658, as may be amended from time to time (the "DA"), and as provided in greater detail in the Finance and Implementation Plan for the Tracy Hills Specific Plan pursuant to the DA and Tracy Municipal Code Section 10.20.060(b)(3), as may be amended from time to time.

11.1 **FEE CREDITS**. Upon submission of the improvement security, payment of engineering review fees, and City's execution of this Agreement, Developer shall be entitled to receive [e.g., roadway fee] credits (**Exhibit "D"**) in the amount of **$1,967,879.11**.

12. **Developer's Authorized Representative**. At all times during the progress of the Work, Developer shall have a competent foreperson or superintendent ("**Authorized Representative**") on site with authority to act on Developer's behalf.

Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. **Exhibit "E"** attached hereto includes the initial contact information referenced in this Section 12.

13. **Acceptance of Work**. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

14. **Warranty Period**. Developer shall warrant the quality of the Work, in accordance with the terms of the Approved Plans and Specifications, for a period of one year after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

15. **Termination of IIA**. Upon the joint execution of this Agreement, the IIA is deemed terminated.

16. **Miscellaneous**.

    16.1 **Notices**. All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be

personally delivered or electronically mailed to the respective party as follows:

To City	To Developer:
City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org	Lennar Homes of California, LLC 2603 Camino Ramon, Suite 525 San Ramon, CA 94583 Attn: Bridgit Koller bridgit.koller@lennar.com

Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

16.2 **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

16.3 **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

16.4 **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

16.5 **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

16.7 **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

16.8 **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)
B. Offsite Improvement Location (Recital E.)
C. IIA Excerpt (Recital F.)
D. Fee Credits Worksheet
E. Subdivider's Authorized Representative Information (Section 12.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

16.9 **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

City of Tracy
INSPECTION IMPROVEMENT AGREEMENT
CORRAL HOLLOW ROAD WIDENING IMPROVEMENTS
AT TRACY HILLS PHASE 2 FRONTAGE

This **Inspection Improvement Agreement** ("**Agreement**") is entered into by and between the City of Tracy, a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company ("**Developer**").

Recitals

A. Developer is the party responsible for the construction of the public roadway improvements known as the **Corral Hollow Road Widening Improvements at Tracy Hills Phase 2 Frontage** that are to be constructed within the existing and proposed Corral Hollow Road right-of-way, as more particularly depicted in Exhibit "**A**" ("**Project**").

B. The Project is geographically located within the boundaries of the Tracy Hills Specific Plan Area, which was approved by City Council on April 5, 2016, and is further situated within and along the frontage of that certain tentative map known as Vesting Tentative Map, Tract 4057, Tracy Hills Phase 2, approved by the City Council on October 19, 2021, by Resolution No. 2021-154 (the "**Tentative Map**").

C. The Tentative Map approval was subject to certain Conditions of Approval ("**Conditions**"). The Conditions are attached here as Exhibit "**B**" and incorporated by reference.

D. Among other things, the Conditions describe certain improvements that are required for approval of final subdivision maps under the Subdivision Map Act (California Government Code sections 66410, *et seq.*), City's Subdivision Ordinance (Tracy Municipal Code, Title 12), and applicable City Standards.

E. In accordance with the Subdivision Map Act and City's Subdivision Ordinance, Developer has submitted to City numerous final maps for the residential development known as Tracy Hills Phase 2A (the "**Final Maps**"). The Final Maps are being reviewed by the City Engineer for substantial compliance with the Tentative Map, and the Final Maps have not yet been approved by City for recordation.

F. Improvement plans and specifications (which incorporate portions of the City's Standard Specifications) have been prepared on behalf of Developer and are under review by the City Engineer. They describe in more detail the improvements that are required for approval of the Final Maps. The Partially Approved Submitted Plans and Specifications, which are under review by the City Engineer, are on file with the City Engineer under Tracking No. ENG22-0006 and incorporated herein by reference. The term "**Partially Approved Submitted Plans and Specifications**" includes the seventeen (17) sheets of improvement plans entitled "Improvement Plans, Corral Hollow Road Widening, Phase 2 Frontage" prepared by Ruggeri-Jensen-Azar.

Corral Hollow - I-580 Eastbound Ramp to North of Sierra View Drive (Less sewer, water, and fire hydrants)	STA 13+00 to 18+15.20	LF	515.20	$ 1,312.60	$ 1,575.12	$ 811,501.82
Corral Hollow - Sierra View Drive Roundabout (Developer Responsibility)	STA 18+15.20 to 23+15.20	LF	500.00	$ -	$ -	$ -
Corral Hollow - South of Sierra View Drive to end of median (Less sewer, water, and fire hydrants)	STA 24+80.10 to 25+75.90	LF	164.90	$ 1,312.60	$ 1,575.12	$ 259,737.29
Subtotal Road						**$ 1,967,879.11**
Total						**$ 1,967,879.11**

Notes:

1) Units are based on the Corral Hollow Road Phase 2 Frontage approval set dated 02/17/23 improvement plans.

2) Unit costs derived from Citywide Roadway & Transportation Master Plan dated November 2012. Costs have been escalated by the Engineer's News Record San Francisco Construction Cost Index (ENR) from November 2013 costs to June 2023 costs (15367.26/10901.09).

3) Unit costs are marked up by 20% to account for (Engineering (10%) and Construction Management (10%). Contingency costs (15%) and program administration costs (5%) are not eligible for credits per Section 13.08.020 of the City of Tracy Municipal Code.

4) The Citywide Roadway & Transportation Master Plan dated November 2012 included 2,000 LF for Corral Hollow Road widening from I-580 Eastbound Ramps to the City Limits. It is assumed 500 LF of the intersection at Corral Hollow and Sierra View Drive (Lammers) would be Developer responsibility as the costs are not included in the Citywide Roadway & Transportation Master Plan and Tracy Infrastructure Master Plan Impact Fee Nexus Study and as such no credits can be given.

CITY OF TRACY OFFSITE IMPROVEMENT AGREEMENT FOR TRACY HILLS SIERRA VIEW / LAMMERS IMPROVEMENTS

This **OFFSITE IMPROVEMENT AGREEMENT** ("**Agreement**") is made and entered into by and between the **CITY OF TRACY** a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company (hereinafter "**Developer**"). The effective date of this Agreement shall be the date on which City executes the Agreement ("**Effective Date**").

Recitals

A. Developer is a party responsible for the construction of the public improvements within a portion of the real property comprising the subject Final Subdivision Map for Tract 4133 - Tracy Hills Villages 2-3, and being more particularly described in ***Exhibit "A"*** attached hereto and incorporated herein by reference (hereinafter "Project"). AG EHC II (LEN) CA 1, L.P. and AG EHC II (LEN) CA 2, L.P, are landbanks holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consents to the recordation of this Agreement as evidenced by its sign ature below.

B. October 19, 2021, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved by Resolution No. 2021-154 ("**Tentative Map**"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention

basin parcels, school parcels, and numerous other parcels to be owned and maintained by a Homeowner's Association, Developer or City on approximately 1,143 acres within the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk, and is incorporated herein by this reference.

C. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("**Conditions of Approval**"). The Conditions of Approval describe, among other things, improvements that are required for approval of the Final Subdivision Map pursuant to the Subdivision Map Act, the Subdivision Ordinance, and applicable City Standards.

D. In accordance with the Subdivision Map Act (California Government Code sections 66410, et seq) and the Subdivision Ordinance (Tracy Municipal Code, Title 12), Developer has submitted to the City the Final Subdivision Map for Tract *4133 - Tracy Hills Village 2 and 3 (the "**Final Subdivision Map**"). Developer is required to execute this Agreement as a condition of the City's approval of the Final Subdivision Map.*

E. Pursuant to the Conditions of Approval, Developer is required to construct the public roadway improvements known as the Sierra View (Lammers) Road, generally extending from Tracy Hills Drive to Corral Hollow Road as more particularly depicted in ***Exhibit "B"***.

In accordance with the Conditions of Approval, Developer has prepared, and the City Engineer has approved, certain improvement plans and specifications (which incorporate portions of the City's Standard Specifications), which describe the improvements that are required for approval of the Final Subdivision Map and are incorporated herein by reference. The approved plans and specifications ("**Approved Plans and Specifications**") include: *(a) forty-three (43) sheets of improvement plans entitled "Sierra View Drive Improvement Plans Tracy Hills Phase 2A" prepared by Ruggeri-Jensen- Azar dated May 30, 2023; and (d) sixty-seven (67) sheets of landscape construction drawings entitled "Sierra View Drive ROW Landscape Improvement Plans Tracy Hills Phase 2A (From Corral Hollow Road to Stanek Ave. and White Hart Ave, From Emery Street to Frost Street)", prepared by FORMA, dated June 12, 2023.* The improvement plans, joint trench plans and street lighting plans are on file with the City Engineer under Tracking No. ENG21-0037 and the landscape plans are on file with the City Engineer under Tracking No. ENG22-0008 (the **Landscape Plans**), all incorporated herein by reference.

F. In order to commence construction of certain improvements described in the Approved Plans and Specifications, the City and Developer entered into an Inspection Improvement Agreement (the "**IIA**"), the first page of which is attached as ***Exhibit "C"***. The IIA permitted Developer to commence construction of those improvements based upon certain submitted plans and specifications (the "**Submitted Plans and**

Specifications"), at Developer's sole risk. All of the plans contained in the Submitted Plans and Specifications were approved by the City Engineer at the time of approval of the IIA with the exception of the landscape plans. The IIA provides:

> "Developer understands and agrees that because the Submitted Plans and Specifications have not been approved by the City Engineer, if any of the completed improvements do not conform to the Approved Plans and Specifications the Developer may have to remove or correct any non-conformities to the reasonable satisfaction of the City Engineer at Developer's sole cost."

As such, Developer acknowledged and agreed that if the Approved Plans and Specifications varied from the Submitted Plans and Specifications, Developer would bear sole cost and expense in correcting any of the Work so that it was in conformance with the Approved Plans and Specifications. The Submitted Plans and Specifications are on file with the City Engineer and marked by the City Engineer as "**IIA Plans.**"

G. Pursuant to the IIA, all of the work performed by the Developer was subject to regular inspection by the City in the same manner and with the same reimbursement for those inspections as work would be inspected under a subdivision improvement agreement.

H. As a condition to the execution of the IIA, the Developer was required to provide engineer's estimates of the cost of the improvements, which engineer's estimates were then reviewed and approved by the City Engineer. Developer provided a Faithful Performance Bond in the amount of $12,908,497.00, a Labor and Material Bond in the amount of $12,908,497.00, a Warranty Bond in the amount of $1,290,850.00, *and a Monumentation Bond in the amount of $22,500.00* all dated January 22, 2022, in the form reviewed and approved by the City (the "**IIA Security**"). The IIA Security included an estimate, approved by the City Engineer, for that portion of the Work to be performed pursuant to the IIA landscape improvement plans, the final design of which is now reflected in the Landscape Plans. The IIA Security remains in full force and effect.

I. While a portion of the Work, as defined in Section 1 below, is now substantially complete, not all of the Work is substantially complete. This Agreement provides for an appropriate process for final inspection, acceptance of the Work and provision and release of sureties for the Work and is intended to replace the IIA for all Work contemplated by the IIA Plans and the Approved Plans and Specifications.

J. Because the required improvements have not been completed, Developer is required to execute this Agreement as authorized by Government Code section 66462.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Scope of Work; Location**. Developer shall perform, or cause to be performed, the work in the manner and as described in the Approved Plans and Specifications,

to the satisfaction of the City Engineer pursuant to this Agreement (the "**Work**"). The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f). To the extent applicable, all of the Work shall be performed by Developer in accordance with the requirements of the State prevailing wage laws. Developer shall perform all Work at the locations and grades shown on the Approved Plans and Specifications. Developer (a) has acquired any necessary easement or right-of-way or(b) has entered into a separate Agreement with the City to acquire the necessary easement or right-of-way at Developer's expense.

2. **Time of Performance**. Time is of the essence in the performance of the Work, and the timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

2.1 **Commencement of Work**. The remaining Work shall begin within 60 days after the Effective Date of the Agreement. No later than fifteen (15) days prior to the commencement of such Work, Developer shall provide written notice to the City Engineer of the date on which Developer intends to commence Work. To the extent required, Developer shall not commence Work until after the notice required by this section is properly provided, and Developer shall not commence Work prior to the date specified in the written notice.

2.2 **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

2.3 **Completion of Work**. Developer shall complete all Work by no later than three hundred sixty-five (365) calendar days after Developer's submittal of its notice of commencement of Work pursuant to Section 2.1 above. If the Work is not completed by this date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to expiring date of completion, (b) the City Engineer determines that Work is progressing satisfactorily and an extension is warranted, and (c)Developer pays all processing fees for such time extension.

3. **Improvement Security**. Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the following amounts:

   3.1 **Faithful Performance** security in the amount of **$12,871,291.00** to secure faithful performance of this Agreement.

   3.2 **Labor and Material** security in the amount of **$12,871,291.00** to secure payment by Developer to laborers and materialmen.

   3.3 **Warranty** security in the amount of **$1,287,129.00** to guarantee improvements against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

   3.4 **Monumentation** security in the amount of **$22,500.00** to secure faithful performance of setting monuments pursuant to Government Code section 66496.

   City acknowledges Developer posted security in the form of bonds prior to commencement of the work under the IIA and confirms the amount of the IIA Security is the same amount as is required under this Section 3. Developer posted riders to the IIA Bonds to satisfy the requirements of this Section 3, in a form to the satisfaction of the City Engineer and City Attorney.

4. **Indemnification**. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2)the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 14, below, has expired, at which time the indemnification obligations under this Section 4 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section4 are in addition to all other Developer's obligations set forth in this Agreement, and shall not affect Developer's warranty obligations set forth in Section 14, below.

5. **Insurance**. Concurrently with the execution of this Agreement by Developer, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance

requirements contained in this Section 5 are material terms of this Agreement. These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

5.1 **General**. Developer shall, throughout the duration of this Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

5.2 **Commercial General Liability** (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

5.3 **Professional Contracts**. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

5.4 **Automobile Liability** (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

5.4.1 If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

5.5 **Workers' Compensation** coverage shall be maintained as required by the State of California.

5.6 **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

5.6.1 The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional

Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing operations and CG 20 37 (or its equivalent) for products/completed operations.

5.6.2 For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

5.6.3 Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

5.7 **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

5.8 **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

5.9 **Insurance Certificate**. Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney before the City executes this Agreement.

5.10 **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

5.11 **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

6. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent,

or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

7. **Default**

7.1 **Notice of Default**. In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

7.2 **Events of default**. Developer shall be in default ("**Default**") of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

7.2.1 Intentionally Left Blank.

7.2.2 Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

7.2.3 Developer abandons the Work site.

7.2.4 Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 7.3 below.

7.2.5 Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

7.2.6 Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 7.3 below.

7.3 **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

7.3.1 Demand that Developer complete performance of the Work.

7.3.2 Demand that Developer's surety (if any) complete performance of the Work.

7.3.3 Resort to any judicial remedies available to the City.

8. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

9. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

10. **Inspection by the City; Inspection Fees**. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

10.1 **Inspection Fees**. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated Project costs (as approved by the City Engineer).

In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

11. **FEES AND FEE CREDITS**. Developer shall be entitled to fee credits consistent with Section 3.3 of that certain Development Agreement by and between the City of Tracy and the Tracy Hills Project Owner, LLC, and Tracy Phase I, LLC, adopted by City of Tracy Ordinance No. 1213 and recorded in the Official Records of San Joaquin County on June 9, 2016, as Document Number 2016-066658, as may be amended from time to time (the "DA"), and as provided in greater detail in the Finance and Implementation Plan for the Tracy Hills Specific Plan pursuant to the DA and Tracy Municipal Code Section 10.20.060(b)(3), as may be amended from time to time.

11.1 **FEE CREDITS**. Upon submission of the improvement security, payment of engineering review fees, and City's execution of this Agreement, Developer shall be entitled to receive roadway fee credits (**Exhibit "D"**) in the amount of **$872,484.00**.

12. **Developer's Authorized Representative**. At all times during the progress of the Work, Developer shall have a competent foreperson or superintendent

("**Authorized Representative**") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. **Exhibit "E"** attached hereto includes the initial contact information referenced in this Section 12.

13. **Acceptance of Work**. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

14. **Warranty Period**. Developer shall warrant the quality of the Work, in accordance with the terms of the Approved Plans and Specifications, for a period of one year after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

15. **Termination of IIA**. Upon the joint execution of this Agreement, the IIA is deemed terminated.

16. **Miscellaneous**.

    16.1 **Notices**. All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be

personally delivered or electronically mailed to the respective party as follows:

Hartford Drive, Suite 118 Scottsdale, AZ 85255 Attn: Steven S. Benson, Manager steve.benson@essentialhousingops.com

Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

16.2 **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

16.3 **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

16.4 **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

16.5 **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

16.6 **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the

State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

16.7 **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

16.8 **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)
B. Offsite Improvement Location (Recital E.)
C. IIA Excerpt (Recital F.)
D. Fee Credits Worksheet
E. Subdivider's Authorized Representative Information (Section 12.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

16.9 **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

City of Tracy
INSPECTION IMPROVEMENT AGREEMENT
SIERRA VIEW DRIVE IMPROVEMENTS

This **Inspection Improvement Agreement** ("**Agreement**") is entered into by and between the City of Tracy, a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company ("**Developer**").

Recitals

A. Developer is the party responsible for the construction of the public roadway improvements known as the **Sierra View Drive Improvements** that are to be constructed within the proposed Sierra View Drive right-of-way, as more particularly depicted in Exhibit "**A**" ("**Project**").

B. The Project is geographically located within the boundaries of the Tracy Hills Specific Plan Area, which was approved by City Council on April 5, 2016, and is further situated within the boundaries of that certain tentative map known as Vesting Tentative Map, Tract 4057, Tracy Hills Phase 2, approved by the City Council on October 19, 2021, by Resolution No. 2021-154 (the "**Tentative Map**").

C. The Tentative Map approval was subject to certain Conditions of Approval ("**Conditions**"). The Conditions are attached here as Exhibit "**B**" and incorporated by reference.

D. Among other things, the Conditions describe certain improvements that are required for approval of final subdivision maps under the Subdivision Map Act (California Government Code sections 66410, *et seq.*), City's Subdivision Ordinance (Tracy Municipal Code, Title 12), and applicable City Standards.

E. In accordance with the Subdivision Map Act and City's Subdivision Ordinance, Developer has submitted to City numerous final maps for the residential development known as Tracy Hills Phase 2A (the "**Final Maps**"). The Final Maps are being reviewed by the City Engineer for substantial compliance with the Tentative Map, and the Final Maps has not yet been approved by City for recordation.

F. Improvement plans and specifications (which incorporate portions of the City's Standard Specifications) have been prepared on behalf of Developer and are under review by the City Engineer. They describe in more detail the improvements that are required for approval of the Final Maps. The submitted plans and specifications, which are under review by the City Engineer, are on file with the City Engineer and incorporated herein by reference. The term "**Partially Approved Submitted Plans and Specifications**" is a subset of the complete plans that have been submitted and specifically includes the thirty-three (33) sheets of improvement plans titled "Sierra View Drive Improvement Plans, Tracy Hills - Phase 2A" prepared by Ruggeri-Jensen-Azar. The above referenced plans are on file with the City Engineer under Tracking No. ENG21-0037 and have been approved by the City Engineer.

EXHIBIT "D"

Fee Credit Worksheet

Preliminary Estimated Credit/Reimbursement for Construction of Sierra View Drive Tracy Hills Drive to I-580 EB Ramp
Based on the Citywide Roadway & Transportation Master Plan dated November 2012
5/16/2024

Improvements	Stations	Unit Type	Units [1]	Unit Cost [2]	Unit Cost w/ Mark-Up [3]	Max Eligible Credit / Reimbursement
Roadway Improvements						
Sierra View Drive (Lammers) -North of I-580 (Partial road - two lanes and shoulder) [4]	STA 1+76.70 to 5+76.70	LF	400	$ 1,236.50	$ 1,483.80	$ 593,520.00
Sierra View Drive (Lammers) - North of I-580 (ROW Acquisition) [4]	STA 1+76.70 to 5+76.70	LF	400	$ 697.41	$ 697.41	$ 278,964.00
Subtotal Road						**$ 872,484.00**
Total						**$ 872,484.00**

Notes:

1) Units are based on the Sierra View Drive Tracy Hills Phase 2A Improvement Plans dated 05/30/23.

2) Unit costs derived from Citywide Roadway & Transportation Master Plan dated November 2012. Costs have been escalated by the Engineer's News Record San Francisco Construction Cost Index (ENR) from November 2013 costs to June 2023 costs (15367.26/10901.09).

3) Unit costs are marked up by 20% to account for (Engineering (10%) and Construction Management (10%). Contingency costs (15%) and program administration costs (5%) are not eligible for credits per Section 13.08.020 of the City of Tracy Municipal Code.

4) The proposed Citywide Roadway & Transportation Master Plan Master Plan included costs for a new four lane parkway curb to curb. The credits provided are for 30 LF of road width (two 11' lanes and a 8' should lane) as the remaining of the road will need to be widened.

CITY OF TRACY
CONDITIONAL OFFSITE IMPROVEMENT AGREEMENT
TRACY HILLS - PHASE 2 - TRACY BLVD/LINNE ROAD INTERSECTION IMPROVEMENTS

This **CONDITIONAL SUBDIVISION IMPROVEMENT AGREEMENT TRACY HILLS - PHASE 2 - TRACY BLVD/LINNE ROAD INTERSECTION IMPROVEMENTS** (hereinafter "Agreement") is made and entered into by and among the **CITY OF TRACY**, a municipal corporation ("City") and **LENNAR HOMES OF CALIFORNIA, LLC,** a California limited liability company ("**Developer**").

RECITALS

A. The Developer is the developer of the real property generally known as Tracy Hills Phase 4 hereinafter ("**Property**") and more particularly described in Exhibit "A" attached hereto and incorporated herein by reference. Tracy Phase 4, LLC is a landbank holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consents to the recordation of this Agreement as evidenced by its signature below.

B. On April 5, 2016, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan and approved related land use entitlements, including but not limited to that certain Development Agreement by and Among the City of Tracy, The Tracy Hills Project Owner, LLC, and Tracy Phase I, LLC, ("**DA**") under Application Number TSM16-001 and approved by Resolution 2016-065.

C. October 19, 2021, the City Council adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use

entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved by Resolution No. 2021-154 ("**Tentative Map**"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by Homeowners Association, Developer or City on approximately 1,143 acres within the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk and is incorporated herein by this reference.

D. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("**Conditions of Approval**").

E. Pursuant to the Conditions of Approval, Developer is required to design and construct the public roadway improvements known as the Tracy Boulevard/Linne Road Intersection Improvements.

F. Condition of Approval B.2 incorporated, among other things, Mitigation Measure 4.13.5(a) -Intersection #5 which states in part "Signalize the intersection and reconstruct the southbound approach to include a shared southbound through/left-turn lane and a southbound right-turn lane. Construct the eastbound approach to include an eastbound left-turn lane and a shared eastbound through/right-turn lane. The westbound approach shall remain a shared westbound left/through/right turn lane and the northbound approach shall remain a shared northbound through/left/right-turn lane. This signal shall be interconnected with the controller at the railroad crossing and improvements shall be constructed at the railroad crossing gates."

G. The eastbound and westbound portion of the Intersection #5 obligation has been satisfied. The City, after consultation with UPRR, has determined that a grade separated southbound right turn lane (the "**Right Turn Lane**") is likely infeasible. As such a solution is uncertain and very costly to implement, the parties agree that Developer shall instead provide an in-lieu payment for the Right Turn Lane as described in this Agreement. The City has determined, based on current construction costs, that the portion of the in-lieu payment for construction costs shall be $281,548.31, the portion of the in-lieu payment for the right-of-way acquisition costs shall be $100 per square foot for 3,150 square feet of right-of way, and the portion of the in-lieu payment for the construction easement costs shall be $25 per square foot for 440 square feet for a total of $326,000. Therefore, the total in-lieu payment for the Right Turn Lane shall be $607,548.31 (the "**In-Lieu Payment**").

H. In addition to the In-Lieu Payment, the City and Developer agree that Developer's construction obligation for Intersection #5 is to signalize the existing intersection. The signal shall be interconnected with the controller at the railroad crossing and improvements shall be constructed at the railroad crossing gates (the "**Offsite Improvements**").

I. The preparation of the design (preliminary and final) of the Offsite Improvements is known as the "**Initial Design Work**." Specifically, pursuant to Mitigation Measure 4.13.5(a) -Intersection #5, the Developer is required to cause the preparation of the design (preliminary and final) for, and final construction of, the Offsite Improvements. In addition to the City, both the Union Pacific Railroad ("**UPRR**") and the California Public Utilities Commission ("**CPUC**") will need to consent and/or approve the final design due to the Offsite Improvements interaction with existing railroad infrastructure ("**UPRR/CPUC Consent**").

J. Developer has provided to City an initial estimate of the cost of the Offsite Improvements ("**Initial Estimate**").

K. Developer will provide security in the amount of the Initial Estimate for the timely performance of the Offsite Improvements, as set forth below.

L. Because Developer seeks to obtain City Council Final Subdivision Map approval and the Work is an outstanding Condition, Developer has requested to execute this Agreement, as authorized by Government Code Section 66462, to set forth binding terms and conditions by which Developer must complete the Work subsequent to final map approval.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Confirmation of Obligation and Posting of Security**.

   1.1. **Improvement Security.** Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 et seq.) and Tracy Municipal Code Section 12.36.080, in the following amounts:

      1.1.1. Faithful Performance security in the amount of $1,944,000.00 to secure faithful performance of this Agreement.

   1.2. **Establishment Of Time For Commencement.** Within 120 days of the approval of this Agreement, Developer shall commence the Initial Design Work.

   1.3. **In-Lieu Payment**. Prior to City Council approval of this Agreement, Developer shall pay City Six-Hundred-Seven-Thousand-Five-Hundred-Forty-Eight and 31/100 Dollars ($607,548.31), the dollar amount of the In-Lieu Payment. Developer shall have no further obligations related to the Right Turn Lane after making the In-Lieu Payment.

2. **Subdivision Improvement Agreement**.

   2.1. **Scope of Work; Location.** The location and details of the Offsite Improvements will be described fully in the future improvement plans, which upon approval by the City Engineer, UPRR and CPUC shall be referred to as the "**Plans and Specifications**". The Plans and Specifications will be on file with the City Engineer and are automatically incorporated herein upon approval by the City Engineer, UPRR and CPUC. Developer shall perform, or cause to be

performed, the construction of a traffic signal, crossing arms, and necessary interconnect in the manner and as described in the Plans and Specifications, to the satisfaction of the City Engineer pursuant to this Agreement (the "**Work**"). The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f). To the extent applicable, all of the Work shall be performed by Developer in accordance with the requirements of the State prevailing wage laws.

2.2. **Developer shall perform all Work at the locations and grades per the Plans and Specifications**. Developer shall perform all the Work within the existing City right-of-way ("**ROW**") and shall not be obligated to acquire any additional ROW.

2.3. **Time Of Performance**. Time is of the essence in the Developer's procurement of Plans and Specifications and performance of the Work. The timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

2.4. **Final Plans and Specifications and Engineer's Estimate**. Developer shall procure from the City approval of the Plans and Specifications and the Final Engineer's Estimate (defined below). Developer shall diligently prosecute completion of the Plans and Specifications in coordination with the City, UPRR, and the CPUC. City agrees to reasonably cooperate in the processing of the Plans and Specifications, including without limitation, executing documents reasonably necessary to obtain UPRR and CPUC approval of the Plans and Specifications so long as such documents to do not result in financial liability to City. Upon approval of the Plans and Specifications by City, UPRR and CPUC, Developer shall provide contract security in accordance with Section 2.8 ensuring performance for the Work based on the final Engineer's Estimate for the work related to the Plans and Specifications (the **"Final Engineer's Estimate"**).

2.5. **Commencement of Work.** Work shall begin within 180 days after Plans and Specifications have been approved by the City Engineer, UPRR and CPUC. No later than fifteen (15) days prior to the commencement of Work, Developer shall provide written notice (email being sufficient) to the City Engineer of the date on which Developer intends to commence Work. Developer shall not commence Work until after the notice required by this section is properly provided and contract security has been provided, and Developer shall not commence Work prior to the date specified in the written notice.

2.6. **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which

shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

2.7. **Completion of Work**. Developer shall complete all Work no later than three hundred and sixty-five (365) calendar days after Developer's submittal of its notice of commencement of Work pursuant to Section 2.5 above. If the Work is not completed by this date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to expiring date of completion, (b) the City Engineer determines that Work is progressing satisfactorily and an extension is warranted, and (c) Developer pays all processing fees for such time extension.

2.8. **Improvement Security**. At least thirty (30) days prior to the commencement of the Work, Developer shall furnish new or additional contract security, in a form authorized by the Subdivision Map Act (including Government Code Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the amounts determined by the City Engineer in the Final Engineer's Estimate:

2.8.1. Faithful Performance security to secure faithful performance of this Agreement.

2.8.2. Labor and Material security to secure payment by Developer to laborers and materialmen.

2.8.3. Warranty security against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

City shall release the improvement security posted pursuant to Section 1.1 upon the posting of all contract security required by this Section 2.8. If contract security is not timely provided in accordance with this Section 2.8, City shall have the right to withhold approvals of additional final maps and/or building permits within Phase 2A and Phase 2B.

2.9. **Indemnification**. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2) the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 2.20, below, has expired, at which time the indemnification obligations under this Section 2.9 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section 2.9 are in addition to all other Developer's obligations set forth in this Agreement and shall not affect Developer's warranty obligations set forth in Section 2.20, below.

2.10. **Insurance**. From the date the bonds are provided pursuant to Section 2.8 and through the remainder of the duration of the Agreement, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 2.10 are material terms of this Agreement. These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

2.10.1. **General**. Developer shall, from the date the bonds are provided pursuant to Section 2.8 and through the remainder of the duration of the Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

2.10.1.1. Commercial General Liability (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

2.10.1.2. Professional Contracts. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

2.10.1.3. Automobile Liability (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

2.10.1.4. If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

2.10.1.5. Workers' Compensation coverage shall be maintained as required by the State of California.

2.10.2. **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

2.10.2.1. The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing operations and CG 20 37 (or its equivalent) for products/completed operations.

2.10.2.2. For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

2.10.2.3. Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

2.10.3. **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

2.10.4. **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

2.10.5. **Insurance Certificate.** Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney.

2.10.6. **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

2.10.7. **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

2.11. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and

Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

2.12. **Default**

2.12.1. **Notice of Default.** In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

2.12.2. **Events of default**. Developer shall be in default of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

2.12.2.1. Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

2.12.2.2. Developer abandons the Work site.

2.12.2.3. Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 2.12.3 below.

2.12.2.4. Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

2.12.2.5. Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 2.12.3 below.

2.12.3. **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

2.12.3.1. Demand that Developer complete performance of the Work.

2.12.3.2. Demand that Developer's surety (if any) complete performance of the Work.

2.12.3.3. Resort to any judicial remedies available to the City.

2.12.3.4. For defaults of Section 2.8, impose the remedies described in Section 2.8.

2.13. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the completion of Developer's Work, or upon demand from the City. Prior to

acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

2.14. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

2.15. **Inspection by the City; Inspection Fees**. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

2.16. **Inspection Fees**. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated Project costs (as approved by the City Engineer).

2.16.1. In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

2.17. **Fees And Fee Credits**. Developer acknowledges the Initial Design Work and Work are not currently eligible for Traffic Impact Fee Credits under the City's current Transportation Master Plan. Developer reserves the right to receive Fee Credits if subsequently authorized by City program modifications.

2.18. **Developer's Authorized Representative**. At all times during the progress of the Work, Developer shall have a competent foreman or superintendent ("Authorized Representative") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. **Exhibit "B"** attached hereto includes the initial contact information referenced in this Section 2.18.

2.19. **Acceptance of Work**. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

2.20. **Warranty Period**. Developer shall warrant the quality of the Work, in accordance with the terms of the Plans and Specifications, for a period of one

year after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

2.21. **Notices**.

2.21.1. All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City:	To Developer:
City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org	Lennar Homes of California, LLC 2603 Camino Ramon, Suite 525 San Ramon, CA 94583 Attn: Bridgit Koller bridgit.koller@lennar.com

Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

2.22. **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

2.23. **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

2.24. **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

2.25. **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or

delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

2.26. **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

2.27. **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

2.28. **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)

B. Developer's Authorized Representative Information (Section 2.18.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

2.29. **Obligations Run With The Land.** All obligations and provisions of this Agreement shall run with the real property described in Exhibit "A" and shall bind the Developer and its respective successors and assigns.

2.30. **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

[Signatures on Next Page]

IN WITNESS WHEREOF the parties do hereby agree to the full performance of the terms set forth herein.

CITY OF TRACY

OFFSITE IMPROVEMENT AGREEMENT
TRACY HILLS - PHASE 2 –LINNE ROAD/ MACARTHUR DRIVE INTERSECTION IMPROVEMENTS

This **OFFSITE IMPROVEMENT AGREEMENT TRACY HILLS - PHASE 2 - LINNE ROAD/MACARTHUR DRIVE INTERSECTION IMPROVEMENTS** (hereinafter "Agreement") is made and entered into by and among the **CITY OF TRACY**, a municipal corporation ("City") and **LENNAR HOMES OF CALIFORNIA, LLC,** a California limited liability company ("**Developer**").

RECITALS

A. The Developer is the developer of the real property generally known as Tracy Hills Phase 4 hereinafter ("**Property**") and more particularly described in **Exhibit "A"** attached hereto and incorporated herein by reference. Tracy Phase 4, LLC is a landbank holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consents to the recordation of this Agreement as evidenced by its signature below.

B. On April 5, 2016, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan and approved related land use entitlements, including but not limited to that certain Development Agreement by and Among the City of Tracy, The Tracy Hills Project Owner, LLC, and Tracy Phase I, LLC, ("**DA**") under Application Number TSM16-001 and approved by Resolution 2016-065.

C. October 19, 2021, the City Council adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for Tracy

Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved by Resolution No. 2021-154 ("**Tentative Map**"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by Homeowners Association, Developer or City on approximately 1,143 acres within the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk and is incorporated herein by this reference.

D. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("**Conditions of Approval**").

E. Pursuant to the Conditions of Approval, Developer is required to design the public roadway improvements knows as the Linne Road/Macarthur Drive Intersection Improvements (the "**Offsite Improvements**"), as more particularly depicted in **Exhibit "B"**. The preparation of the design (preliminary and final) of the Offsite Improvements is known as the "**Work**." Specifically, pursuant to Condition B.2 which incorporated, among other things, Mitigation Measure 4.13-7a – Intersection #35, the Developer is required to cause the preparation of the design (preliminary and final) for the Offsite Improvements. The Offsite Improvements are not located in the City and the County of San Joaquin ("**County**") has primary land use authority over the Offsite Improvements. In addition, both the Union Pacific Railroad ("**UPRR**") and the California Public Utilities Commission ("**CPUC**") will need to consent and/or approve the final design due to the Offsite Improvements interaction with existing railroad infrastructure.

F. Developer has provided to City an initial estimate of the cost of the Work ("**Initial Design Estimate**").

G. Developer will provide security in the amount of the Initial Design Estimate for the timely performance of the Work, as set forth below.

H. Because Developer seeks to obtain City Council Final Subdivision Map approval and the Work is an outstanding Condition, Developer has requested to execute this Agreement, as authorized by Government Code Section 66462, to set forth binding terms and conditions by which Developer must complete the Work subsequent to final map approval.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Scope of Work; Location**. Developer shall perform, or cause to be performed, the Work. The Work shall be performed at Developer's sole expense.

2. **Time of Performance**. Time is of the essence in the performance of the Work, and the timing requirements set forth herein shall be strictly adhered to unless

otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

2.1 **Commencement of Work**. Within 90 days after this Agreement being approved by the City Council, Developer shall initiate processing the initial design plans with the County and shall provide County, with a copy provided to City, of a proposed scope of work from a qualified consultant for the preparation of the preliminary design of the Offsite Improvements, such scope constituting notice of commencement of the Work.

2.2 **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

2.3 **Completion of Work**. Developer shall diligently prosecute completion of the Work in coordination with the County, Union Pacific Railroad, and the CPUC. Developer shall use commercially reasonable efforts to complete the Work by no later than two (2) years after Developer's submittal of its notice of commencement of Work pursuant to Section 2.1 above. City agrees to reasonably cooperate in the processing of the Work, including without limitation, executing documents reasonably necessary to obtain County, UPRR, and CPUC approval of the Work so long as such documents do not result in financial liability to City. If County, UPRR and CPUC have not provided all required approvals for the final plans by such time, Developer shall meet and confer with City regarding next steps.

3. **Fair Share**. Developer shall contribute a fair share towards the costs of such improvements, such fair share being determined through a separate future agreement between Developer and County prior to completion of construction of the Offsite Improvements. Developer acknowledges and agrees that City has no responsibility on the resolution of this issue as it between the County and Developer to negotiate and resolve.

4. **Improvement Security**. Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the following amounts:

4.1 **Faithful Performance** security in the amount of **$132,975.00** to secure faithful performance of this Agreement. Such security shall be promptly released upon completion of the Work or if, despite Developer's best efforts (as determined by City in its reasonable discretion), County has not approved the Work within five (5) years after Developer commencing the Work under Section 2.1. If Developer provides such security as cash, City

shall permit Developer to replace such security at any time with other forms of security permitted under Section 4 and promptly return the cash security.

5. **Design Insurance.** Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

6. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

7. **Default**

7.1 **Notice of Default**. In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

7.2 **Events of default**. Developer shall be in default ("**Default**") of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):.

7.2.1 Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

7.2.2 Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 7.3 below.

7.2.3 Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 7.3 below.

7.3 **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently

prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

7.3.1 Demand that Developer complete performance of the Work.

7.3.2 Demand that Developer's surety (if any) complete performance of the Work.

7.3.3 Resort to any judicial remedies available to the City.

Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two

working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

14.2 **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

14.3 **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

14.4 **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

14.5 **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

14.6 **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

14.7 **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

14.8 **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)
B. Offsite Improvement Location (Recital E.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

14.9 **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

CITY OF TRACY CONDITIONAL OFFSITE IMPROVEMENT AGREEMENT TRACY HILLS - PHASE 2 - CORRAL HOLLOW WIDENING FROM THE CALIFORNIA AQUEDUCT TO LINNE ROAD INTERSECTION

This **CONDITIONAL OFFSITE IMPROVEMENT AGREEMENT TRACY HILLS - PHASE 2 - CORRAL HOLLOW WIDENING FROM THE CALIFORNIA AQUEDUCT TO LINNE ROAD INTERSECTION** (hereinafter "Agreement") is made and entered into by and among the **CITY OF TRACY**, a municipal corporation ("City") and **LENNAR HOMES OF CALIFORNIA, LLC,** a California limited liability company ("**Developer**") .

RECITALS

A. The Developer is the developer of the real property generally known as Tracy Hills Phase 4 hereinafter ("**Property**") and more particularly described in **Exhibit "A"** attached hereto and incorporated herein by reference. Tracy Phase 4, LLC, is a landbank holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consents to the recordation of this Agreement as evidenced by its signature below.

B. On April 5, 2016, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan and approved related land use entitlements, including but not limited to that certain Development Agreement by and Among the City of Tracy, The Tracy Hills Project Owner, LLC, and Tracy Phase I, LLC, ("**DA**") under Application Number TSM16-001 and approved by Resolution 2016-065.

C. October 19, 2021, the City Council adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use

entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved by Resolution No. 2021-154 ("**Tentative Map**"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by Homeowners Association, Developer or City on approximately 1,143 acres within the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk and is incorporated herein by this reference.

D. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("**Conditions of Approval**").

E. Pursuant to the Conditions of Approval and Mitigation Measure 4.13-5(b), Developer is required to construct the public roadway improvements knows as the Corral Hollow Widening generally extending from the California Aqueduct to the Linne Road Intersection (the "**Offsite Improvements**"), as more particularly depicted in **Exhibit "B"**. Specifically, pursuant to Condition C.2.7.8(d), the Offsite Improvements are required to be commenced by the final inspection of the 2,600th dwelling unit (the "**Trigger Event**").

F. Because approved plans for the Offsite Improvements are not available prior to approval of the Final Subdivision Map, Developer has provided to City an initial engineer's estimate of the cost of developing the Offsite Improvements and the City Engineer has reviewed and approved that engineer's estimate (the "**Initial Engineer's Estimate**"). The Initial Engineer's Estimate is based upon the City's reasonable assumption of the range and amount of improvements within the Offsite Improvements and recent cost information provided in connection with development of the improvements in the Tracy Hills development.

G. Developer will provide security in the amount of the Initial Engineer's Estimate for the timely performance of Condition C.2.7.8.d., as set forth below.

H. The final plans for the outstanding work have not been approved as of the Effective Date. Prior to but no later than the occurrence of the Trigger Event, Developer shall submit improvement plans and specifications relating to the Offsite Improvements, which, upon approval by the City Engineer, shall constitute the "**Work**". The location and details of the Work will be described fully in the future improvement plans, which upon approval by the City Engineer, shall be referred to as the "**Plans and Specifications**". The Plans and Specifications will be on file with the City Engineer and are automatically incorporated herein upon approval by the City Engineer.

I. Because Developer seeks to obtain City Council Final Subdivision Map approval and the Work is an outstanding Condition, Developer has requested to execute this

Agreement, as authorized by Government Code Section 66462, to set forth binding terms and conditions by which Developer must complete the Work subsequent to final map approval.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Confirmation of Obligation and Posting of Security Prior to Trigger Event.**

   1.1. **Improvement Security.** Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 et seq. and Tracy Municipal Code Section 12.36.080, in the amount of $23,950,020.00 to secure faithful performance of this Agreement. The security shall be due and payable if construction of the Offsite Improvements have not commenced within the time provided in Section 2.

   1.2. **Establishment Of Time For Commencement Of Offsite Improvements.** Prior to the final inspection of the 2,600th dwelling unit, the developer shall commence construction of the Offsite Improvements.

   1.3. **Withholding of Building Permits for Failure to Commence Construction**. In the event Developer has not Commenced Construction of the Offsite Improvements prior to the final inspection of the 2,600th dwelling unit, the City may withhold issuance of any additional building permits unless and until Developer commences construction of the Offsite Improvements

2. **Offsite Improvement Agreement**.

   2.1. **Scope of Work; Location.** Developer shall perform, or cause to be performed, the Work in the manner and as described in the Plans and Specifications, to the satisfaction of the City Engineer pursuant to this Agreement. The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f). To the extent applicable, all of the Work shall be performed by Developer in accordance with the requirements of the State prevailing wage laws.

   2.2. **Developer shall perform all Work at the locations and grades per the Plans and Specifications**. Developer has (a) acquired any necessary easement or right-of-way or (b) entered into a separate Agreement with the City to acquire the necessary easement or right-of-way at Developer's expense.

   2.3. **Time Of Performance**. Time is of the essence in the Developer's procurement of Plans and Specifications and performance of the Work. The timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten

(10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

2.4. **Final Plans and Specifications and Engineer's Estimate**. Developer shall procure from the City approval of the Plans and Specifications and the Final Engineer's Estimate. Developer shall provide contract security in accordance with Section 2.8 ensuring performance for Work based on the final Engineer's Estimate for the work related to the Plans and Specifications (the **"Final Engineer's Estimate"**).

2.5. **Commencement of Work.** Work shall begin within six (6) months (or nine (9) months if public bidding is required) after Final Plans and Specifications have been approved by the City Engineer. No later than fifteen (15) days prior to the commencement of Work, Developer shall provide written notice (email being sufficient) to the City Engineer of the date on which Developer intends to commence Work. Developer shall not commence Work until after the notice required by this section is properly provided and contract security has been provided, and Developer shall not commence Work prior to the date specified in the written notice.

2.6. **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

2.7. **Completion of Work**. Developer shall complete all Work no later than thirty-six (36) months after Developer's submittal of its notice of commencement of Work pursuant to Section 2.5 above. If the Work is not completed by this date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to expiring date of completion, (b) the City Engineer determines that Work is progressing satisfactorily and an extension is warranted, and (c) Developer pays all processing fees for such time extension.

2.8. **Improvement Security**. At least thirty (30) days prior to the commencement of the Work, Developer shall furnish new or additional contract security, in a form authorized by the Subdivision Map Act (including Government Code Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the amounts determined by the City Engineer in the Final Engineer's Estimate:

2.8.1. Faithful Performance security to secure faithful performance of this Agreement.

2.8.2. Labor and Material security to secure payment by Developer to laborers and materialmen.

2.8.3. Warranty security against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

City shall release the improvement security posted pursuant to Section 1.1 upon the posting of all contract security required by this Section 2.8. If contract security is not timely provided in accordance with this Section 2.8, City shall have the right to withhold approvals of additional final maps and/or building permits within Phase 2A and Phase 2B.

2.9. **Indemnification**. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2) the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 2.21, below, has expired, at which time the indemnification obligations under this Section 2.9 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section 2.9 are in addition to all other Developer's obligations set forth in this Agreement and shall not affect Developer's warranty obligations set forth in Section 2.21, below.

2.10. **Insurance**. From the date the bonds are provided pursuant to Section 2.8 and through the remainder of the duration of the Agreement, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 2.10 are material terms of this Agreement. These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

2.10.1. **General**. Developer shall, from the date the bonds are provided pursuant to Section 2.8 and through the remainder of the duration of the Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

2.10.1.1. Commercial General Liability (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

2.10.1.2. Professional Contracts. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be

made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

2.10.1.3. Automobile Liability (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

2.10.1.4. If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

2.10.1.5. Workers' Compensation coverage shall be maintained as required by the State of California.

2.10.2. **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

2.10.2.1. The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing operations and CG 20 37 (or its equivalent) for products/completed operations.

2.10.2.2. For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

2.10.2.3. Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

2.10.3. **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

2.10.4. **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

2.10.5. **Insurance Certificate.** Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney.

2.10.6. **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

2.10.7. **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

2.11. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

2.12. Default

2.12.1. **Notice of Default.** In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

2.12.2. **Events of default**. Developer shall be in default of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

2.12.2.1. Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

2.12.2.2. Developer abandons the Work site.

2.12.2.3. Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 2.12.3 below.

2.12.2.4. Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

2.12.2.5. Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 2.12.3 below.

2.12.3. **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

2.12.3.1. Demand that Developer complete performance of the Work.

2.12.3.2. Demand that Developer's surety (if any) complete performance of the Work.

2.12.3.3. Resort to any judicial remedies available to the City.

2.12.3.4. For defaults of Section 1.2, impose the remedies described in Section 1.3.

2.12.3.5. For defaults of Section 2.8, impose the remedies described in Section 2.8.

2.13. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

2.14. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

2.15. **Inspection by the City; Inspection Fees**. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

2.16. **Inspection Fees**. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated Project costs (as approved by the City Engineer).

2.16.1. In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

2.17. **Fees and Credits** Developer shall be entitled to fee credits consistent with Section 3.3 of the Development Agreement (DA), adopted by Ordinance 1213,

as may be amended from time to time, and as provided in greater detail in the Finance and Implementation Plan (FIP) for the Project pursuant to the DA and Tracy Municipal Code Section 10.20.060(b)(3), as may be amended from time to time. Developer shall pay all fees due to City in connection with the Work.

2.18. **Developer's Authorized Representative**. At all times during the progress of the Work, Developer shall have a competent foreman or superintendent ("Authorized Representative") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. Exhibit "C" attached hereto includes the initial contact information referenced in this Section 12.

2.19. **Acceptance of Work**. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

2.20. **Warranty Period**. Developer shall warrant the quality of the Work, in accordance with the terms of the Plans and Specifications, for a period of one year after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

2.21. **Notices**.

All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City:	To Developer:
City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org	Lennar Homes of California, LLC 2603 Camino Ramon, Suite 525 San Ramon, CA 94583 Attn: Bridgit Koller bridgit.koller@lennar.com

Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

2.22. **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

2.23. **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

2.24. **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

2.25. **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

2.26. **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

2.27. **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

2.28. **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)

B. Location of Offsite Improvements

C. Developer's Authorized Representative Information (Section 2.19.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

2.29. **Obligations Run With The Land.** All obligations and provisions of this Agreement shall run with the real property described in Exhibit "A" and shall bind the Developer and its respective successors and assigns but shall be deemed released as to any lot conveyed to a homebuyer that will occupy the lot as its primary residence.

2.30. **Signatures.** The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

EXHIBIT A
(Property Description)

LEGAL DESCRIPTION
Real property in the City of Tracy, County of San Joaquin, State of California, described as follows:

PARCEL 1:

NEW PARCEL A OF CERTIFICATE OF COMPLIANCE FOR LOT LINE ADJUSTMENT NO. MS 23-0004 RECORDED NOVEMBER 28, 2023 AS INSTRUMENT NO. 2023-096708 OF OFFICIAL RECORDS AND MORE PARTICULARLY DESCRIBED AS FOLLOWS:

REAL PROPERTY SITUATE IN THE CITY OF TRACY, COUNTY OF SAN JOAQUIN, STATE OF CALIFORNIA AND BEING ALL OF NEW PARCEL 1 AS SAID PARCEL IS DESCRIBED AND DEPICTED IN THE GRANT DEED TO TRACY PHASE 4, LLC, RECORDED ON AUGUST 9, 2023 AS DOCUMENT NO. 2023-062989 OF OFFICIAL RECORDS OF SAN JOAQUIN COUNTY AND BEING A PORTION OF NEW PARCEL 2 AS SAID PARCEL IS DESCRIBED AND DEPICTED IN THE GRANT DEED TO TRACY PHASE 3, LLC, RECORDED ON AUGUST 9, 2023 AS DOCUMENT NO. 2023-062990 OF OFFICIAL RECORDS OF SAN JOAQUIN COUNTY, AND BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

BEGINNING AT THE MOST NORTHERLY CORNER OF SAID NEW PARCEL 1 THENCE ALONG THE EAST LINES OF SAID NEW PARCELS 1 AND 2 THE FOLLOWING TWELVE (12) COURSES:

1) SOUTH 53° 19' 26" EAST - 660.88 FEET;

2) SOUTH 56° 06' 02" EAST - 501.22 FEET;

3) SOUTH 52° 05' 47" EAST - 700.00 FEET;

4) SOUTH 50° 03' 03" EAST - 700.45 FEET;

5) SOUTH 56° 51' 36" EAST - 301.04 FEET;

6) SOUTH 52° 05' 47" EAST - 1000.00 FEET;

7) SOUTH 49° 48' 21" EAST, AT 304.50 FEET PASSING THE COMMON EAST CORNER TO NEW PARCELS 1 AND 2, IN ALL 500.40 FEET;

8) SOUTH 53° 43' 58" EAST - 700.29 FEET;

9) SOUTH 52° 05' 47" EAST - 1300.00 FEET;

10) SOUTH 50° 11' 14" EAST - 600.33 FEET;

11) SOUTH 52° 05' 47" EAST - 300.00 FEET;

12) SOUTH 53° 14' 32" EAST 811.28 FEET FOR THE SOUTHEASTERLY CORNER HEREOF;

THENCE CROSSING THROUGH NEW PARCEL 2 THE FOLLOWING SIXTY-ONE (61) COURSES:

1) SOUTH 36° 45' 28" WEST - 151.15 FEET;

2) NORTH 52° 06' 57" WEST - 17.00 FEET;

3) SOUTH 37° 53' 03" WEST - 41.50 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS SOUTH 37° 53' 03" WEST;

4) IN A SOUTHERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

5) SOUTH 37° 53' 03" WEST - 167.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

6) IN A WESTERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

7) SOUTH 37° 53' 03" WEST - 57.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS SOUTH 37° 53' 03" WEST;

8) IN A SOUTHERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

9) SOUTH 37° 53' 03" WEST - 80.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

10) IN A WESTERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

11) SOUTH 37° 53' 03" WEST - 57.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS SOUTH 37° 53' 03" WEST;

12) IN A SOUTHERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

13) SOUTH 37° 53' 03" WEST - 168.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

14) IN A WESTERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

15) SOUTH 37° 53' 03" WEST - 57.00 FEET;

16) SOUTH 52° 06' 57" EAST - 5.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

17) IN A SOUTHERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

18) SOUTH 37° 53' 03" WEST - 176.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

19) IN A WESTERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

20) SOUTH 37° 53' 03" WEST - 57.00 FEET;

21) SOUTH 52° 06' 57" EAST - 64.68 FEET;

22) SOUTH 37° 53' 03" WEST - 208.00 FEET;

23) SOUTH 52° 06' 57" EAST - 876.82 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

24) IN A SOUTHERLY DIRECTION 128.81 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT,

HAVING A RADIUS OF 82.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

25) SOUTH 37° 53' 03" WEST - 292.50 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

26) IN A WESTERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

27) NORTH 52° 06' 57" WEST - 21.00 FEET;

28) SOUTH 37° 53' 03" WEST - 57.00 FEET;

29) SOUTH 52° 06' 57" EAST - 12.50 FEET;

30) SOUTH 37° 53' 03" WEST - 3.00 FEET;

31) SOUTH 52° 06' 57" EAST - 6.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

32) IN A SOUTHERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVETO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

33) SOUTH 37° 53' 03" WEST - 942.10 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT;

34) IN A SOUTHWESTERLY DIRECTION 200.31 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 538.50 FEET AND THROUGH A CENTRAL ANGLE OF 21° 18' 47";

35) SOUTH 16° 34' 16" WEST - 282.68 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

36) IN A SOUTHWESTERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

37) NORTH 73° 25' 44" WEST - 16.00 FEET;

38) SOUTH 16° 34' 16" WEST - 57.00 FEET;

39) SOUTH 73° 25' 44" EAST - 16.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

40) IN A SOUTHEASTERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

41) SOUTH 16° 34' 16" WEST - 215.00 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT;

CITY OF TRACY
CONDITIONAL OFFSITE IMPROVEMENT AGREEMENT
TRACY HILLS - CORRAL HOLLOW ROAD/ I-580 INTERCHANGE

This **CONDITIONAL OFFSITE IMPROVEMENT AGREEMENT TRACY HILLS - CORRAL HOLLOW ROAD / I-580 INTERCHANGE** (hereinafter "Agreement") is made and entered into by and among the **CITY OF TRACY**, a municipal corporation ("City"),and **LENNAR HOMES OF CALIFORNIA, LLC,** a California limited liability company ("**Developer**").

RECITALS

A. The Developer is the developer of the real property generally known as Tracy Hills Phase 4 hereinafter ("**Property**") and more particularly described in Exhibit "A" attached hereto and incorporated herein by reference. Tracy Phase 4, LLC, is a landbank holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consents to the recordation of this Agreement as evidenced by its signature below.

B. On April 5, 2016, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan ("**Specific Plan**") by Resolution 2016-065 and approved related land use entitlements via Resolution Nos. 2016-063, 2016-064, 2016-065, 2016-0066, and Ordinance No 1212 and also adopted that certain Development Agreement by and Among the City of Tracy, The Tracy Hills Project Owner, LLC, and Tracy Phase I, LLC, ("**DA**") pursuant to Ordinance No. 1213, under Application Number TSM16-001. In addition, in order to comply with the California Environmental Quality Act, the City Council certified as legally adequate a final

environmental impact report and adopted a mitigation and monitoring reporting program for the Tracy Hills via Resolution No. 2016-063 (the "**EIR**").

C. October 19, 2021, the City Council adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved by Resolution No. 2021-154 ("**Tentative Map**"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by Homeowners Association, Developer or City on approximately 1,143 acres within the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk and is incorporated herein by this reference.

D. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("**Conditions of Approval**").

E. In conjunction with approval of the Tentative Map, the City imposed certain conditions of approval requiring compliance with Mitigation Measures identified in the EIR.

F. Specifically, pursuant Condition B.2 which incorporated, among other things, Mitigation Measure No. 4.13-5a, the following mitigation measures are imposed on the Developer relating to the Corral Hollow Road/I-580 Interchange:

> Intersection #1 (Corral Hollow Road / I-580 EB Ramps) Signalize the intersection and widen the I-580 overcrossing to four through lanes. The northbound approach shall be reconstructed to include two northbound through lanes and a northbound right turn lane. The southbound approach shall include two southbound through lanes and a southbound left-turn lane, and the eastbound approach shall include a shared eastbound through/right-turn lane and an eastbound left-turn lane. This mitigation is beyond the scope of improvements identified in the adopted TMP.
>
> The Applicant has the option of constructing the I-580 interchange improvements only to the extent identified in the adopted TMP if the Applicant also implements the Lammers Interchange (as identified in the adopted TMP). Either of these options will fully mitigate the impact. The TMP improvement includes only the reconstruction of the northbound approach to include a northbound through lane and a shared northbound through/right-turn lane. On the southbound approach, only the reconstruction to include a southbound left-turn lane and two southbound through lanes. And on the eastbound approach, only the reconstruction to include an eastbound left-turn lane, a shared eastbound left/through lane,

and an eastbound right turn lane. This intersection shall be interconnected with Intersection #2: Corral Hollow Road / I-580 WB Ramps.

Intersection #2: Corral Hollow Road / I-580 WB Ramps. The Applicant shall, in collaboration with the City Engineer and Caltrans, commence with a Project Study Report (PSR) for the interchange improvements for Corral Hollow Road and Lammers Road. The PSR shall commence immediately following the approval of this Project Application by the City of Tracy and the Interchange shall be improved when the project will generate its Intersection #2 (Corral Hollow Road/ I580 WB Ramps) - Signalize the intersection, widen the I-580 overcrossing to four through lanes, and construct a westbound loop on-ramp to accommodate Project 2035 conditions. The northbound approach shall be reconstructed to include two northbound through lanes and two northbound right-turn lanes which lead to the loop on-ramp. The southbound approach shall include two southbound through lanes and one southbound right-turn lane, and the westbound approach shall include one shared westbound through/left-turn lane and one westbound right-turn lane. This mitigation is beyond the scope of improvements identified in the adopted TMP.

The Applicant has the option of constructing the I-580 interchange improvements only to the extent identified in the adopted TMP if the Applicant also implements the Lammers Interchange (as identified in the adopted TMP). Either of these options will fully mitigate the impact. The TMP improvement includes only the reconstruction of the northbound approach to include a northbound left-turn lane and a northbound through lane. On the southbound approach, only the reconstruction to include a southbound right-turn lane and two southbound through lanes. And on the westbound approach, only the reconstruction to include a shared westbound through/left-turn lane and a channelized westbound right-turn lane. This intersection shall be interconnected with Intersection #1: Corral Hollow Road / I-580 EB Ramps. The Applicant shall, in collaboration with the City Engineer and Caltrans, commence with a Project Study Report (PSR) for the interchange improvements for Corral Hollow Road and Lammers Road. The PSR shall commence immediately following the approval of this Project Application by the City of Tracy and the Interchange shall be improved when the project will generate its 2,588 AM peak hour trip, which would be generated by a mix of office, retail, industrial and residential land uses. The applicant shall submit a trip generation calculation with each building permit application and/or final map approval as directed by the City Engineer. If the trip generation indicates 2,588 AM peak hour trips or more, the interchange shall be improved before issuance of such building permit and/or final map approval. The intersection falls under Caltrans jurisdiction.

G. Pursuant to Mitigation Measure 4.13, Intersections #1 and #2, Developer, may elect to construct or cause the construction of the improvements to the Corral Hollow/I-580

interchange (the "**CH Interchange**") described in the first paragraph of each mitigation measure which improvements exceeded the then-current TMP (the "**TMP Plus Improvements**") or elect to cause the construction of only the then-current TMP improvements (the "**TMP Improvements**") and if Developer elects the TMP Improvements, Developer is also required to implement the Lammers Interchange.

H. After certification of the EIR, the California Department of Transportation ("**Caltrans**"), Caltrans requested consideration of various design alternatives for the interchange improvements at Intersections #1 and #2 and consultations with Caltrans are on-going related to the final design of the interchange improvements at Intersections #1 and #2 (the "**Alternative Improvements**").

I. While Developer and City have commenced design of the Alternative Improvements, the exact scope of those improvements will not be known until the City and Caltrans approve final plans and specifications for the Alternative Improvements. Upon approval of final plans and specifications for the Alternative Improvements, the work contemplated by those final plans and specifications shall be deemed to be the "**Offsite Improvements**" referred to hereinbelow.

J. Because approved plans for the Offsite Improvements are not available prior to approval of the Final Subdivision Map, Developer has provided to City an initial engineer's estimate of the cost of developing the Offsite Improvements and the City Engineer has reviewed and approved that engineer's estimate (the "**Initial Engineer's Estimate**"). The Initial Engineer's Estimate is based upon the City's reasonable assumption of the range and amount of improvements within the Offsite Improvements and recent cost information provided in connection with development of improvements in the City of Tracy. Developer will provide security in the amount of the Initial Engineer's Estimate for the timely performance of Mitigation Measure No. 4.13-5a Intersection No. 1 and Intersection No. 2, as set forth below.

K. The parties acknowledge that City likely will be required by Caltrans to be the constructing party for the Offsite Improvements and the City is designated the constructing party in this Agreement.

L. The parties continue to negotiate (i) whether the Offsite Improvements should be considered substantially similar in performance to the TMP Improvements or the TMP Plus Improvements, and therefore whether Developer is also obligated to implement the Lammers Interchange; and (ii) the financial responsibility of Developer for the Offsite Improvements, with such negotiations to be concluded by the time specified in this Agreement.

M. From and after the execution of this Agreement, Developer shall continue to advance funding to commence design work for the Offsite Improvements pursuant to the existing Cost Recovery Agreement between the parties.

N. The future improvement plans, which upon approval by the City Engineer and Caltrans, shall be referred to as the "**Plans and Specifications**". The Plans and Specifications will be on file with the City Engineer and are automatically incorporated herein upon approval by the City Engineer and Caltrans. Thereafter, as agreed upon by Developer and City, Developer shall be obligated to fund construction costs pursuant to the allocation of financial responsibility.

O. Because Developer seeks to obtain City Council Final Subdivision Map approval and the Offsite Improvements is an outstanding Condition, Developer has requested to execute this Agreement, as authorized by Government Code Section 66462, to set forth binding terms and conditions by which Developer must complete the Offsite Improvements subsequent to final map approval.

P. The purpose of this Agreement is to ensure that the Offsite Improvements are fully designed, constructed and operational by the trigger of 2,588 AM peak trips.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. Obligations of Developer Prior to Trigger Event; Posting of Security.

1.1. **Agreement to Advance Design Costs**. Developer agrees to advance funds needed to prepare the design of the Plans and Specifications pursuant to the existing Cost Recovery Agreement and shall continue to fund design in a timely manner until approval of such design, subject to future modification if so agreed upon by the parties in the allocation of design and construction responsibilities contemplated by this Agreement. Any credits or reimbursements associated with such design costs shall be determined through the Final Allocation, as defined below.

1.2. **Agreement on Allocation of Financial Responsibility; Consequence of Not Reaching Agreement**.

(A) Developer and City shall reach final resolution on (1) whether the Offsite Improvements should be considered an election for the TMP Improvements or the TMP Plus Improvements (which will determine whether Developer is responsible to cause the construction of the Lammers Interchange) and (2) the allocation of financial responsibility for the Offsite Improvements (collectively, the "**Final Allocation**") prior to the earlier of (i) October 15, 2024; or (ii) the approval of the next Final Map within the Tracy Hills Specific Plan after the Final Maps for Tracts 4132 through 4138 (as applicable, the "**Trigger Event**"). The parties acknowledge that other existing documents, including the Development Agreement, may require amendment to be consistent with and authorize the Final Allocation and will agree to negotiate such amendments in good faith.

(B) If City and Developer are not able to reach a tentative agreement related to the Final Allocation by August 15, 2024, then City and Developer shall submit the dispute related to the Final Allocation to the Sacramento, California office of Judicial Arbitration and Mediation Services, Inc. ("**JAMS**") for non-binding

mediation. To select a mediator, Developer shall provide City a list of three (3) JAMS mediators with reasonable land use law experience within seven (7) calendar days of the City Council's approval of this Agreement. Within seven (7) calendar days of Developer's delivery of such list, City shall select one (1) of the named potential mediators. City and Developer shall request the City's selected mediator from the list serve as the mediator to assist with the Final Allocation within three (3) business days of the City's selection. If City does not timely select a mediator from the list, then either party may unilaterally request mediation and if the parties cannot agree on the appointment of a mediator within ten (10) days after the written request for mediation to JAMS, then JAMS shall appoint the mediator at its discretion. The parties shall hold at least one in-person mediation session prior to August 30, 2024, or if JAMS is unable to schedule a session prior to that date, a date as soon as practicable thereafter. City and Developer covenant that they will participate in the mediation in good faith, and that Developer shall be responsible for all of JAMS invoiced costs related to the mediation. All offers, promises, conduct, and statements, whether oral or written, made in the course of the mediation by any of the parties, their agents, employees, experts, and attorneys, and by the mediator and any JAMS employees, are confidential, privileged, and inadmissible for any purpose, including impeachment, in any litigation or other proceedings involving the parties, provided that evidence that is otherwise admissible or discoverable shall not be rendered inadmissible or non-discoverable as a result of its use in mediation. Either party may terminate mediation proceedings after one (1) in-person session or mediation may continue if City and Developer both agree.

(C) If after the JAMS mediation set forth in subparagraph (B), Developer and City do not reach written agreement on Final Allocation prior to the Trigger Event, the City may withhold approval of any Final Maps within the Tracy Hills Specific Plan Area and withhold issuance of any new building permits within Phase 2A or Phase 2B after the Trigger Event (including without limitation the conversion of plumbing-only permits to full permits) and withhold final inspections and certificates of occupancy that would result in the exceedance of 100 certificates of occupancy (not including any certificates of occupancy for model homes) within Phase 2A or Phase 2B. In other words, the City will permit only up to 100 total homes within Phase 2A or Phase 2B to be occupied by residents prior to resolution of the allocation of financial responsibility for the Offsite Improvements. City may continue to withhold such approvals and permits until such time as City and Developer enter the Final Allocation. Developer acknowledges that the withholding of such approvals and permits could have a substantial economic impact on Developer and consents to such remedy notwithstanding any contrary provisions in the project approvals including, without limitation, the Development Agreement, in furtherance of the timely approval of the Final Maps for Tracts 4132 through 4138. Developer hereby waives any claims under law and equity and any damages, costs, or losses to the extent related to, or incurred as a result of, the withholding of building permits or certificates of occupancy as provided by this Section 1.2.

1.3. **Improvement Security.** Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 et seq. and Tracy Municipal Code Section 12.36.080, in the in the amount of $19,400,000.00 to secure faithful performance of this Agreement. The security shall be due and payable if Developer has not satisfied its obligation to deliver security and/or funds for construction of the Offsite Improvements within the time provided in Sections 1.2 and 2.2.

2. Offsite Improvement Agreement.

2.1. **Final Plans and Specifications and Engineer's Estimate**. Upon approval of the Plans and Specifications by the City and Caltrans, Developer shall obtain an updated Engineer's Estimate (the **"Final Engineer's Estimate"**).

2.2. **Developer Funding of Construction.** Within one hundred and twenty (120) days after delivery to Developer of the Final Engineer's Estimate, Developer shall deliver to City such security and/or funds and release or update the Improvement Security required by Section 1.3 all as are agreed-upon by parties in the Final Allocation required by Section 1.2.

2.3. **Time Of Performance**. Time is of the essence in the Developer's payment of funds for City's performance of design and construction of the Offsite Improvements. The timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement.

2.4. **Commencement of Offsite Improvements.** City shall use good faith efforts to begin the Offsite Improvements within six (6) months after City obtaining Caltrans approval of the Plans and Specifications.

2.5. **Completion of Offsite Improvements**. City shall use good faith efforts to complete the Offsite Improvements no later than thirty-six (36) months after commencement of Offsite Improvements.

2.6. **Indemnification**. If Developer becomes the constructing party for the Offsite Improvements, Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2) the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 2.17, below, has expired, at which time the indemnification obligations under this Section shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section are in addition to all other Developer's obligations

set forth in this Agreement and shall not affect Developer's warranty obligations set forth in Section 2.17, below.

2.7. **Insurance**. If Developer becomes the constructing party of the Offsite Improvements, before beginning any work relating to construction of the Offsite Improvements, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section are material terms of this Agreement. These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

2.7.1. **General**. If Developer becomes the constructing party of the Offsite Improvements, before beginning any work relating to construction of the Offsite Improvements and through the remainder of the duration of the Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

2.7.1.1. Commercial General Liability (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

2.7.1.2. Professional Contracts. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

2.7.1.3. Automobile Liability (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

2.7.1.4. If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

2.7.1.5. Workers' Compensation coverage shall be maintained as required by the State of California.

2.7.2. **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

2.7.2.1. The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing operations and CG 20 37 (or its equivalent) for products/completed operations.

2.7.2.2. For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

2.7.2.3. Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

2.7.3. **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

2.7.4. **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

2.7.5. **Insurance Certificate.** Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney.

2.7.6. **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

2.7.7. **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

2.8. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors,

including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

2.9. Default

2.9.1. **Notice of Default.** In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

2.9.2. **Events of default**. Developer shall be in default of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

2.9.2.1.1. Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

2.9.2.1.2. Developer abandons the Work site if it is the constructing party.

2.9.2.1.3. Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 2.9.3 below.

2.9.2.1.4. Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

2.9.2.1.5. Developer violates any legal requirement related to the Work if Developer is the constructing party and fails to cure such violation pursuant to Section 2.9.3 below.

2.9.3. **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

2.9.3.1. Demand that Developer complete performance of the Work if it is the constructing party.

2.9.3.2. Demand that Developer's surety (if any) complete performance of the Work if Developer is the constructing party.

2.9.3.3. Resort to any judicial remedies available to the City.

2.9.3.4. For defaults of Section 1.2, the remedies described in Section 1.2.

2.10. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

2.11. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

2.12. **Inspection by the City**. If Developer is the constructing party, to permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

2.13. **Inspection Fees**. Prior to the commencement of any Work by Developer, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated Project costs (as approved by the City Engineer).

2.13.1. In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

2.14. **Funding, Fees and Credits**

Developer understands and agrees it is providing funding for the design and construction of the Offsite Improvements and will only receive a credit or reimbursement for such costs to the extent determined in the Final Allocation.

2.15. **Developer's Authorized Representative**. If Developer is the constructing party, at all times during the progress of the Work, Developer shall have a competent foreman or superintendent ("Authorized Representative") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. Exhibit "C" attached hereto includes the initial contact information referenced in this Section 2.15.

2.16. **Acceptance of Work**. If Developer is the constructing party, prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

2.17. **Warranty Period**. If Developer is the constructing party, Developer shall warrant the quality of any Work performed by Developer, its agents, or contractors, in accordance with the terms of the Plans and Specifications, for a period of one year after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

2.18. **Notices**.

2.18.1. All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City:	To Developer:
City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org	Lennar Homes of California, LLC 2603 Camino Ramon, Suite 525 San Ramon, CA 94583 Attn: Bridgit Koller bridgit.koller@lennar.com
With a copy to:	With a copy to:

Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

2.19. **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

2.20. **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

2.21. **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

2.22. **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

2.23. **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

2.24. **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

2.25. **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)

B. Location of Offsite Improvements

C. Developer's Authorized Representative Information (Section 2.15.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

2.26. **Obligations Run With The Land.** All obligations and provisions of this Agreement shall run with the real property described in Exhibit "A" and shall bind the Developer and its respective successors and assigns but shall be deemed released as to any lot conveyed to a homebuyer that will occupy the lot as its primary residence.

2.27. **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

[Signatures on Next Page]

IN WITNESS WHEREOF the parties do hereby agree to the full performance of the terms set forth herein.

CONDITIONAL OFFSITE IMPROVEMENT AGREEMENT
PHASE 2 TRACY HILLS ZONE 5 WATER LINE ACROSS TRACY MUNICIPAL AIRPORT PROPERTY

This **CONDITIONAL OFFSITE IMPROVEMENT AGREEMENT TRACY HILLS – PHASE 2 TRACY HILLS ZONE 5 WATER LINE ACROSS TRACY MUNICIPAL AIRPORT PROPERTY** (hereinafter "Agreement") is made and entered into by and among the **CITY OF TRACY**, a municipal corporation ("City"), on the one hand, and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company ("**Developer**").

RECITALS

A. The Developer is the developer of the real property generally known as Tracy Hills Phase 4 hereinafter ("**Property**") and more particularly described in **Exhibit "A"** attached hereto and incorporated herein by reference. Tracy Phase 4, LLC is a landbank holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consents to the recordation of this Agreement as evidenced by their signatures below.

B. On April 5, 2016, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan and approved related land use entitlements, including but not limited to that certain Development Agreement by and Among the City of Tracy, The Tracy Hills Project Owner, LLC, and Tracy Phase I, LLC, ("**DA**") under Application Number TSM16-001 and approved by Resolution 2016-065.

C. October 19, 2021, the City Council adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved by Resolution No. 2021-

154 ("**Tentative Map**"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by Homeowners Association, Developer or City on approximately 1,143 acres within the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk and is incorporated herein by this reference.

D. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("**Conditions of Approval**").

E. Pursuant to the Conditions of Approval, Developer is required to construct the Zone 5 Water Line across Tracy Municipal Airport Property (the "**Offsite Improvements**"), as more particularly depicted in **Exhibit "B"**.

F. The final plans for the Offsite Improvements have not been approved as of the Effective Date. Developer has submitted improvement plans and specifications relating to the Offsite Improvements entitled "*Improvement Plans Zone 5 Water Line Tracy Hills*" and *"Improvement Plans Zone 5 Water Line Across the Tracy Municipal Airport Property Tracy Hills"* which have been assigned tracking number ENG21-0007, which work shall be approved by the City Engineer and, upon such approval, shall constitute the "Work". The location and details of the Work will be described fully in said future improvement plans, which upon approval by the City Engineer, shall be referred to as the "Plans and Specifications". The Plans and Specifications related to ENG21-0007 will be on file with the City Engineer and are automatically incorporated herein upon approval by the City Engineer.

G. Final approval of the plans requires the consent of the Federal Aviation Administration ("**FAA Consent**"). Because approved plans for the Offsite Improvements are not available prior to approval of the Final Subdivision Map, Developer has provided to City an initial engineer's estimate of the cost of developing the Offsite Improvements and the City Engineer has reviewed and approved that engineer's estimate (the "**Initial Engineer's Estimate**"). The Initial Engineer's Estimate is based upon the City's reasonable assumption of the range and amount of improvements within the Offsite Improvements and recent cost information provided in connection with development of improvements in the Tracy Hills development.

H. Developer will provide security in the amount of the Initial Engineer's Estimate for the timely performance of Condition C.2.6.1, as set forth below.

I. The final plans for the outstanding work have not been approved as of the Effective Date. The plans for the Offsite Improvements, upon approval by the City Engineer after the FAA Consent, shall constitute the "**Work**". The location and details of the Work will be described fully in the future improvement plans, which upon approval by the City

Engineer, shall be referred to as the "**Plans and Specifications**". The Plans and Specifications will be on file with the City Engineer and are automatically incorporated herein upon approval by the City Engineer.

J. Because Developer seeks to obtain City Council Final Subdivision Map approval and the Work is an outstanding Condition, Developer has requested to execute this Agreement, as authorized by Government Code Section 66462, to set forth binding terms and conditions by which Developer must complete the Work subsequent to final map approval.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Confirmation of Obligation and Posting of Security Prior to Trigger Event.**

   1.1. **Improvement Security.** Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 et seq. and Tracy Municipal Code Section 12.36.080, in the amount of $258,456.00 to secure faithful performance of this Agreement. The security shall be due and payable if construction of the Offsite Improvements have not commenced within the time provided in Section 2.

2. **Offsite Improvement Agreement.**

   2.1. **Scope of Work; Location.** Developer shall perform, or cause to be performed, the Work in the manner and as described in the Plans and Specifications, to the satisfaction of the City Engineer pursuant to this Agreement. Developer shall perform all Work at the locations and grades per the Plans and Specifications. The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f). To the extent applicable, all of the Work shall be performed by Developer in accordance with the requirements of the State prevailing wage laws.

   2.2. **Enterprise Fund Compensation**. Developer acknowledges and agrees that a portion of the Offsite Improvements are traversing Tracy Municipal Airport, which is regulated by deed restrictions and various federal regulations requiring compensation to the Tracy Municipal Airport enterprise fund ("**Enterprise Fund**") for any non-aviation improvements made on, over or under such property. City is working to obtain FAA Consent for the value owed the Enterprise Fund for the Offsite Improvements as well as prior waterline improvements made on the property (collectively, "**Enterprise Fund Compensation**"). Developer shall make a one-time payment to the City in an amount equal to the portion of the Enterprise Fund Compensation attributable to the Offsite Improvements and the existing 24" Zone 4 water line (**"Developer Enterprise Fund Payment**") within thirty (30) days

after receipt of an invoice issued to Developer for the same by City upon City's procurement of FAA Consent of the final amounts owed.

2.3. **Time Of Performance**. Time is of the essence in the Developer's procurement of Plans and Specifications and performance of the Work. The timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

2.4. **Final Plans and Specifications and Engineer's Estimate**. Developer shall procure from the City approval of the Plans and Specifications and the Final Engineer's Estimate. Developer shall provide contract security in accordance with Section 2.8 ensuring performance for Work based on the final Engineer's Estimate for the work related to the Plans and Specifications (the **"Final Engineer's Estimate"**).

2.5. **Commencement of Work.** Work shall begin within 60 days after City providing Developer notice of (i) City obtaining the FAA Consent and (ii) the Final Plans and Specifications have been approved by the City Engineer. No later than fifteen (15) days prior to the commencement of Work, Developer shall provide written notice (email being sufficient) to the City Engineer of the date on which Developer intends to commence Work. Developer shall not commence Work until after the notice required by this section is properly provided and contract security has been provided, and Developer shall not commence Work prior to the date specified in the written notice.

2.6. **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

2.7. **Completion of Work**. Developer shall complete all Work no later than three hundred and sixty-five (365) calendar days after Developer's submittal of its notice of commencement of Work pursuant to Section 2.5 above. If the Work is not completed by this date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to expiring date of completion, (b) the City Engineer determines that Work is progressing satisfactorily and an extension is warranted, and (c) Developer pays all processing fees for such time extension.

2.8. **Improvement Security**. At least thirty (30) days prior to the commencement of the Work, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act (including Government Code Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the amounts determined by the City Engineer in the Final Engineer's Estimate:

2.8.1. Faithful Performance security to secure faithful performance of this Agreement.

2.8.2. Labor and Material security to secure payment by Developer to laborers and materialmen.

2.8.3. Warranty security against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

City shall release the improvement security posted pursuant to Section 1.1 upon the posting of all contract security required by this Section 2.8. If contract security is not timely provided in accordance with this Section 2.8, City shall have the right to withhold approvals of additional final maps and/or building permits within Phase 2A and Phase 2B.

2.9. **Indemnification**. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2) the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 2.20, below, has expired, at which time the indemnification obligations under this Section 2.9 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section 2.9 are in addition to all other Developer's obligations set forth in this Agreement and shall not affect Developer's warranty obligations set forth in Section 2.20, below.

2.10. **Insurance**. From the date the bonds are provided pursuant to Section 2.8 and through the remainder of the duration of the Agreement, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 2.10 are material terms of this Agreement. These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

2.10.1. **General**. Developer shall, from the date the bonds are provided pursuant to Section 2.8 and through the remainder of the duration of the Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

2.10.1.1. Commercial General Liability (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount

not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

2.10.1.2. Professional Contracts. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

2.10.1.3. Automobile Liability (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

2.10.1.4. If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

2.10.1.5. Workers' Compensation coverage shall be maintained as required by the State of California.

2.10.2. **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

2.10.2.1. The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing operations and CG 20 37 (or its equivalent) for products/completed operations.

2.10.2.2. For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

2.10.2.3. Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general

contractors, design professionals) to name it and the City as Additional Insureds.

2.10.3. **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

2.10.4. **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

2.10.5. **Insurance Certificate.** Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney.

2.10.6. **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

2.10.7. **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

2.11. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

2.12. Default

2.12.1. **Notice of Default.** In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

2.12.2. **Events of default**. Developer shall be in default of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

2.12.2.1.1.1. Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

2.12.2.1.1.2. Developer abandons the Work site.

2.12.2.1.1.3. Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 2.12.3 below.

2.12.2.1.1.4. Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

2.12.2.1.1.5. Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 2.12.3 below.

2.12.2.1.1.6. Developer fails to pay the Developer Enterprise Fund Payment within thirty days (30) of receipt of an invoice from the City.

2.12.3. **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

2.12.3.1. Demand that Developer complete performance of the Work.

2.12.3.2. Demand that Developer's surety (if any) complete performance of the Work or pay for the Developer Enterprise Fund Payment.

2.12.3.3. Resort to any judicial remedies available to the City.

2.13. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

2.14. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

2.15. **Inspection by the City; Inspection Fees**. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

2.16. **Inspection Fees**. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the

City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated Project costs (as approved by the City Engineer).

2.16.1. In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

2.17. **[Intentionally Left Blank]**

2.18. **Developer's Authorized Representative**. At all times during the progress of the Work, Developer shall have a competent foreman or superintendent ("Authorized Representative") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. Exhibit "C" attached hereto includes the initial contact information referenced in this Section 2.18.

2.19. **Acceptance of Work**. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

2.20. **Warranty Period**. Developer shall warrant the quality of the Work, in accordance with the terms of the Plans and Specifications, for a period of one year after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

2.21. **Notices**.

2.21.1. All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City:	To Developer:
City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org	Lennar Homes of California, LLC 2603 Camino Ramon, Suite 525 San Ramon, CA 94583 Attn: Bridgit Koller bridgit.koller@lennar.com

With a copy to:	With a copy to:

Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

2.22. **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

2.23. **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

2.24. **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

2.25. **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

2.26. **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

2.27. **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

2.28. **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations,

representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)

B. Location of Offsite Improvements

C. Developer's Authorized Representative Information (Section 2.19.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

2.29. **Obligations Run With The Land**. All obligations and provisions of this Agreement shall run with the real property described in Exhibit "A" and shall bind the Developer and its respective successors and assigns but shall be deemed released as to any lot conveyed to a homebuyer that will occupy the lot as its primary residence.

2.30. **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

CITY OF TRACY
OFFSITE IMPROVEMENT AGREEMENT
TRACY HILLS - PHASE 2 CHOKE POINTS

This **OFFSITE IMPROVEMENT AGREEMENT TRACY HILLS - PHASE 2 CHOKE POINTS** (hereinafter "Agreement") is made and entered into by and among the **CITY OF TRACY**, a municipal corporation ("City") and **LENNAR HOMES OF CALIFORNIA, LLC,** a California limited liability company ("**Developer**").

RECITALS

A. The Developer is the developer of the real property generally known as Tracy Hills Phase 4 hereinafter ("**Property**") and more particularly described in **Exhibit "A"** attached hereto and incorporated herein by reference. Tracy Phase 4, LLC, is a landbank holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consents to the recordation of this Agreement as evidenced by its signature below.

B. On April 5, 2016, the Tracy City Council ("City Council") adopted the Tracy Hills Specific Plan ("Specific Plan") by Resolution 2016-065 and approved related land use entitlements via Resolution Nos. 2016-063, 2016-064, 2016-065, 2016-0066, and Ordinance No 1212 and also adopted that certain Development Agreement by and Among the City of Tracy, The Tracy Hills Project Owner, LLC, and Tracy Phase I, LLC, ("DA") pursuant to Ordinance No. 1213, under Application Number TSM16-001. In addition, in order to comply with the California Environmental Quality Act, the City Council certified as legally adequate a final environmental impact report and

adopted a mitigation and monitoring reporting program for the Tracy Hills Specific Plan via Resolution No. 2016-063 (the "EIR").

C. On October 19, 2021, the City Council adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved by Resolution No. 2021-154 ("Tentative Map"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by Homeowners Association, Developer or City on approximately 1,143 acres within the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk and is incorporated herein by this reference.

D. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("Conditions of Approval").

E. As described Condition C.2.5.2, the development associated with the Tentative Map and other approved projects within the Corral Hollow sewer contributory area require certain "Phase 2 Choke Points Improvements" as defined in Condition C.2.5.2 (the "**Offsite Improvements**"). Condition C.2.5.2 states in part:

"In the event the City does not have adequate funding for Phase 2 Choke Points Improvements the Subdivider will contribute funding as determined by the City Engineer to cover shortfall in funding, so that the City can proceed with the construction of the improvement. Building permits will only be issued up to the available capacity in the Corral Hollow Sewer system as determined by the City Engineer. Subdivider will be eligible for fee credits and/or reimbursements in accordance with the Tracy Municipal Code."

F. The parties acknowledge and agree that the last sentence of Condition C.2.5.2 ("Subdivider will be eligible for fee credits and/or reimbursements in accordance with the Tracy Municipal Code") means the cost, as inflated, assigned to the Offsite Improvements in the 2013 Sewer Master Plan (collectively, the "**Credits/Reimbursements**").

G. The City currently estimates that the Offsite Improvements construction costs will be $10,789,233.00 (the "Engineer's Estimate").

H. As the Offsite Improvements are part of the 2013 Sewer Master Plan, the Developer has elected to construct such instead of funding the shortfall in accordance with the Tracy Municipal Code.

I. Therefore, City and Developer have agreed that Developer shall construct the Offsite Improvements as described in this Agreement and City is now prepared to move forward with the construction of the Phase 2 Choke Points Improvements (the "**Work**")

based on those certain plans prepared by West Yost entitled "Corral Hollow Sewer Capacity Upgrade: Phase 2 CIP 74165" on file with the City Engineer under Tracking Number CIP 74165 (the "**Plans and Specifications**").

J. The City currently estimates that a maximum of $4,636,557.00 of Credits/Reimbursements, as escalated through June 2023, is available for such improvements, which the City has agreed to apply towards the construction costs (the "**Maximum Reimbursement**"), which may leave a funding shortfall (the "**Funding Shortfall**"). Developer acknowledges that by constructing the Offsite Improvements, it shall not be entitled to Credits/Reimbursements beyond the Maximum Reimbursement and that the funding shortfall may exceed the Funding Shortfall.

K. Developer has requested to execute this Agreement, as authorized by Government Code Section 66462, to set forth binding terms and conditions by which Developer, if it elects to construct the Work (as defined below), must complete the Work subsequent to final map approval.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Scope of Work; Location.** Developer shall perform, or cause to be performed, the Work in the manner and as described in the Plans and Specifications, to the satisfaction of the City Engineer pursuant to this Agreement. The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f). To the extent applicable, all of the Work shall be performed by Developer in accordance with the requirements of the State prevailing wage laws.
2. **Developer shall perform all Work at the locations and grades per the Plans and Specifications**. City shall provide all necessary easement or right-of-way required for the Work.
3. **Time Of Performance**. Time is of the essence in the performance of the Work. The timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.
4. **Final Plans and Specifications and Engineer's Estimate**. Developer shall provide contract security in accordance with Section 8 ensuring performance for Work based on the final Engineer's Estimate for the work related to the Plans and Specifications (the **"Final Engineer's Estimate**").
5. **Commencement of Work.** Work shall begin within three (3) months after the City's approval of this Agreement. No later than fifteen (15) days prior to the

commencement of Work, Developer shall provide written notice (email being sufficient) to the City Engineer of the date on which Developer intends to commence Work. Developer shall not commence Work until after the notice required by this section is properly provided and contract security has been provided, and Developer shall not commence Work prior to the date specified in the written notice.

6. **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

7. **Completion of Work**. Developer shall complete all Work no later than twelve (12) months commencement of Work pursuant to Section 5 above. If the Work is not completed by this date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to expiring date of completion, (b) the City Engineer determines that Work is progressing satisfactorily and an extension is warranted, and (c) Developer pays all processing fees for such time extension.

8. **Improvement Security**. No later than thirty (30) days after the approval of this Agreement, Developer shall furnish new or additional contract security, in a form authorized by the Subdivision Map Act (including Government Code Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the amounts determined by the City Engineer in the Engineer's Estimate:

   8.1. Faithful Performance security to secure faithful performance of this Agreement.

   8.2. Labor and Material security to secure payment by Developer to laborers and materialmen.

   8.3. Warranty security against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

   If contract security is not timely provided in accordance with this Section 8, City shall have the right to withhold approvals of additional final maps and/or building permits within Phase 2A and Phase 2B.

9. **Indemnification**. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2) the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 18, below, has expired, at which time the indemnification obligations under this Section 9 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section 9 are in addition to all other

Developer's obligations set forth in this Agreement and shall not affect Developer's warranty obligations set forth in Section 18, below.

10. Insurance. From the date the bonds are provided pursuant to Section 8 and through the remainder of the duration of the Agreement, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 10 are material terms of this Agreement. These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

10.1. **General**. Developer shall maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

10.1.1. Commercial General Liability (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

10.1.2. Professional Contracts. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

10.1.3. Automobile Liability (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

10.1.4. If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

10.1.5. Workers' Compensation coverage shall be maintained as required by the State of California.

10.2. **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

10.2.1. The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional

Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing operations and CG 20 37 (or its equivalent) for products/completed operations.

10.2.2. For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

10.2.3. Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

10.3. **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

10.4. **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

10.5. **Insurance Certificate.** Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney.

10.6. **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

10.7. **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

11. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

12. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

13. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

14. **Inspection by the City; Inspection Fees**. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

15. **Inspection Fees**. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated Project costs (as approved by the City Engineer). In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

16. **Developer's Authorized Representative**. At all times during the progress of the Work, Developer shall have a competent foreman or superintendent ("Authorized Representative") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. Exhibit "B" attached hereto includes the initial contact information referenced in this Section 16.

17. **Acceptance of Work**. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

18. **Warranty Period**. Developer shall warrant the quality of the Work, in accordance with the terms of the Plans and Specifications, for a period of one year after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

19. **Reimbursement**

19.1. Within thirty (30) calendar days of City Engineer verifying that Developer has completed the Work in accordance with the Plans and Specifications, City shall reimburse Developer the dollar amount of the Maximum Reimbursement.

19.2. Developer acknowledges it shall not be entitled to any other Credits/Reimbursements for the Work cumulatively exceeding the dollar amount of the Maximum Reimbursement.

20. Default

20.1. **Notice of Default.** In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

20.2. **Events of default**. Developer shall be in default of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

20.2.1. Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

20.2.2. Developer abandons the Work site.

20.2.3. Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 20.3 below.

20.2.4. Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

20.2.5. Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 20.3 below.

20.3. **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

20.3.1. Demand that Developer complete performance of the Work.

20.3.2. Demand that Developer's surety (if any) complete performance of the Work.

20.3.3. Resort to any judicial remedies available to the City.

20.3.4. For defaults of Section 8, impose the remedies described in Section 8.

21. Notices.

All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City:	To Developer:

City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org	Lennar Homes of California, LLC 2603 Camino Ramon, Suite 525 San Ramon, CA 94583 Attn: Bridgit Koller bridgit.koller@lennar.com
With a copy to:	With a copy to:
City Attorney 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer attorney@cityoftracy.org	Tracy Phase 4, LLC Attn: John Stanek/Caren Read 888 San Clemente, Suite 100 Newport Beach, CA 92660 jstanek@integralcommunities.com

Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

22. **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

23. **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

24. **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

25. **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

26. **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

27. **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

28. **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

    A. Description of Property (Recital A.)

    B. Developer's Authorized Representative Information (Section 16.)

    If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

29. **Obligations Run With The Land**. All obligations and provisions of this Agreement shall run with the real property described in Exhibit "A" and shall bind the Developer and its respective successors and assigns but shall be deemed released as to any lot conveyed to a homebuyer that will occupy the lot as its primary residence.

30. **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

IN WITNESS WHEREOF the parties do hereby agree to the full performance of the terms set forth herein.

3) SOUTH 52° 06' 57" EAST - 10.00 FEET TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **226 SQUARE FEET**, MORE OR LESS.

PUE-2

COMMENCING AT THE NORTHEASTERLY TERMINUS OF THE WESTERLY LINE OF THE STANEK AVENUE LABELED AS NORTH 37° 53' 03" EAST - 269.05 FEET; THENCE ALONG SAID WESTERLY LINE SOUTH 37° 53' 03" WEST – 232.06 FEET

EXHIBIT A

FOR THE **POINT OF BEGINNING**; THENCE CONTINUING ALONG SAID WESTERLY LINE SOUTH 37° 53' 03" WEST - 22.63 FEET;

THENCE CROSSING THROUGH NEW PARCEL A THE FOLLOWING THREE (3) COURSES:

1) NORTH 52° 06' 57" WEST - 10.00 FEET;
2) NORTH 37° 53' 03" EAST - 22.63 FEET;
3) SOUTH 52° 06' 57" EAST - 10.00 FEET TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **226 SQUARE FEET**, MORE OR LESS.

PUE-3

COMMENCING AT THE NORTHEASTERLY TERMINUS OF THE WESTERLY LINE OF THE STANEK AVENUE LABELED AS NORTH 37° 53' 03" EAST - 942.10 FEET; THENCE ALONG SAID LINE SEGMENT SOUTH 37° 53' 03" WEST - 98.21 FEET FOR THE **POINT OF BEGINNING**; THENCE CONTINUING ALONG SAID LINE SEGMENT SOUTH 37° 53' 03" WEST - 19.42 FEET;

THENCE CROSSING THROUGH NEW PARCEL A THE FOLLOWING THREE (3) COURSES:

1) NORTH 52° 06' 57" WEST - 8.50 FEET;
2) NORTH 37° 53' 03" EAST - 19.42 FEET;
3) SOUTH 52° 06' 57" EAST - 8.50 FEET TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **165 SQUARE FEET**, MORE OR LESS.

EXHIBIT A

PUE-4

COMMENCING AT THE SOUTHWESTERLY TERMINUS OF THE WESTERLY LINE OF THE STANEK AVENUE LABELED AS NORTH 37° 53' 03" EAST - 942.10 FEET; THENCE ALONG SAID WESTERLY LINE NORTH 37° 53' 03" EAST - 80.38 FEET FOR THE **POINT OF BEGINNING**;

THENCE CROSSING THROUGH NEW PARCEL A THE FOLLOWING THREE (3) COURSES:

1) NORTH 52° 06' 57" WEST - 8.00 FEET;
2) NORTH 37° 53' 03" EAST - 17.50 FEET;
3) SOUTH 52° 06' 57" EAST - 8.00 FEET TO A POINT ON THE WESTERLY LINE OF STANEK AVENUE;

THENCE SOUTH 37° 53' 03" WEST - 17.50 FEET ALONG SAID WESTERLY LINE TO THE **POINT OF BEGINNING.**

CONTAINING A LAND AREA OF **140 SQUARE FEET**, MORE OR LESS.

PUE-5

COMMENCING AT THE SOUTHWESTERLY TERMINUS OF THE WESTERLY LINE OF THE STANEK AVENUE LABELED AS NORTH 37° 53' 03" EAST - 942.10 FEET; THENCE ALONG SAID WESTERLY LINE NORTH 37° 53' 03" EAST - 52.45 FEET FOR THE **POINT OF BEGINNING**;

THENCE CROSSING THROUGH NEW PARCEL A THE FOLLOWING THREE (3) COURSES:

EXHIBIT A

1) NORTH 52° 06' 57" WEST - 8.50 FEET;
2) NORTH 37° 53' 03" EAST - 19.42 FEET;
3) SOUTH 52° 06' 57" EAST - 8.50 FEET TO A POINT ON THE WESTERLY LINE OF STANEK AVENUE;

THENCE SOUTH 37° 53' 03" WEST - 19.42 FEET ALONG SAID WESTERLY LINE TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **165 SQUARE FEET**, MORE OR LESS.

PUE-6

COMMENCING AT THE SOUTHWESTERLY TERMINUS OF THE WESTERLY LINE OF THE STANEK AVENUE LABELED AS NORTH 16° 34' 16" EAST - 282.68 FEET; THENCE ALONG SAID WESTERLY LINE NORTH 16° 34' 16" EAST – 68.58 FEET FOR THE **POINT OF BEGINNING**;

THENCE CROSSING THROUGH NEW PARCEL A THE FOLLOWING THREE (3) COURSES:

1) NORTH 73° 25' 44" WEST - 10.00 FEET;
2) NORTH 16° 34' 16" EAST - 22.63 FEET;
3) SOUTH 73° 25' 44" EAST - 10.00 FEET TO A POINT ON THE WESTERLY LINE OF STANEK AVENUE;

THENCE SOUTH 16° 34' 16" WEST - 22.63 FEET ALONG SAID WESTERLY LINE TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **226 SQUARE FEET**, MORE OR LESS.

EXHIBIT A

PUE-7

COMMENCING AT THE SOUTHWESTERLY TERMINUS OF THE WESTERLY LINE OF THE STANEK AVENUE LABELED AS NORTH 16° 34' 16" EAST - 282.68 FEET; THENCE ALONG SAID WESTERLY LINE NORTH 16° 34' 16" EAST - 32.82 FEET FOR THE **POINT OF BEGINNING**;

THENCE CROSSING THROUGH NEW PARCEL A THE FOLLOWING THREE (3) COURSES:

1) NORTH 73° 25' 44" WEST - 10.00 FEET;
2) NORTH 16° 34' 16" EAST - 22.63 FEET;
3) SOUTH 73° 25' 44" EAST - 10.00 FEET TO A POINT ON THE WESTERLY LINE OF STANEK AVENUE;

THENCE SOUTH 16° 34' 16" WEST - 22.63 FEET ALONG SAID WESTERLY LINE TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **226 SQUARE FEET**, MORE OR LESS.

PUE-8

COMMENCING AT THE SOUTHWESTERLY TERMINUS OF THE WESTERLY LINE OF STANEK AVENUE LABELED AS NORTH 16° 34' 16" EAST - 74.99 FEET; THENCE ALONG SAID LINE SEGMENT NORTH 16° 34' 16" EAST - 22.32 FEET FOR THE **POINT OF BEGINNING**; THENCE CROSSING THROUGH NEW PARCEL A THE FOLLOWING THREE (3) COURSES:

1) NORTH 73° 25' 44" WEST - 10.00 FEET;

EXHIBIT A

2) NORTH 16° 34' 16" EAST - 22.63 FEET;

3) SOUTH 73° 25' 44" EAST - 10.00 FEET TO A POINT ON THE WESTERLY LINE OF STANEK AVENUE;

THENCE SOUTH 16° 34' 16" WEST - 22.63 FEET ALONG SAID WESTERLY LINE TO THE **POINT OF BEGINNING.**

CONTAINING A LAND AREA OF **226 SQUARE FEET**, MORE OR LESS.

PUE-9

COMMENCING AT THE SOUTHWESTERLY TERMINUS OF THE WESTERLY LINE OF STANEK AVENUE LABELED AS NORTH 16° 34' 16" EAST - 74.99 FEET; THENCE ALONG SAID LINE SEGMENT NORTH 16° 34' 16" EAST - 58.08 FEET FOR THE **POINT OF BEGINNING**; THENCE CROSSING THROUGH NEW PARCEL A THE FOLLOWING THREE (3) COURSES:

1) NORTH 73° 28' 16" WEST 10.00 FEET;

2) NORTH 16° 31' 44" EAST 22.64 FEET;

3) SOUTH 73° 25' 44" EAST 10.00 FEET TO A POINT ON THE WESTERLY LINE OF STANEK AVENUE, HEREAFTER REFFERED TO AS "**POINT A**", SAID POINT BEING THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS NORTH 73° 45' 44" WEST;

THENCE SOUTHERLY, ALONG SAID WEST LINE OF STANEK AVENUE FOR THE FOLLOWING TWO (2) COURSES:

EXHIBIT A

1) IN A SOUTHERLY DIRECTION 5.71 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 982.00 FEET AND THROUGH A CENTRAL ANGLE OF 00° 20' 00";
2) SOUTH 16° 34' 16" WEST 16.91 FEET TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **226 SQUARE FEET**, MORE OR LESS.

PUE-10

COMMENCING AT SAID "**POINT A**", SAID POINT BEING THE BEGINNING OF A CURVE TO THE LEFT FROM WHICH THE CENTER BEARS NORTH 73° 45' 44" WEST; THENCE NORTHERLY, 25.22 FEET ALONG THE ARC OF A CURVE TO THE LEFT, HAVING A RADIUS OF 982.00 FEET AND THROUGH A CENTRAL ANGLE OF 1° 28' 17" TO THE **POINT OF BEGINNING** HEREOF;

THENCE CROSSING THROUGH NEW PARCEL A THE FOLLOWING THREE (3) COURSES:

1) NORTH 75° 45' 28" WEST, 9.00 FEET;
2) NORTH 14° 19' 23", 19.42 FEET;
3) SOUTH 75° 45' 28" EAST, 9.00 FEET TO A POINT ON THE WEST LINE OF STANEK AVENUE, HEREAFTER REFERRED TO AS "**POINT B**", SAID POINT BEING THE BEGINNING OF A CURVE TO THE LEFT FROM WHICH THE CENTER BEARS SOUTH 75° 37' 46" EAST;

THENCE ALONG THE WEST LINE OF STANEK AVENUE FOR THE FOLLOWING TWO (2) COURSES:

EXHIBIT A

1) IN A SOUTHERLY DIRECTION, 6.43 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 1018.00 FEET AND THROUGH A CENTRAL ANGLE OF 00° 21' 44" FOR THE BEGINNING OF A REVERSE CURVE, THE CENTER OF WHICH BEARS NORTH 75° 59' 29" WEST;
2) IN A SOUTHERLY DIRECTION, 12.99 FEET ALONG SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 982.00 FEET AND THROUGH A CENTRAL ANGLE OF 00° 45' 28" TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **175 SQUARE FEET**, MORE OR LESS.

PUE-11

COMMENCING AT SAID "**POINT B**", SAID POINT BEING THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS SOUTH 75° 37' 46" EAST;

THENCE NORTHERLY, 8.75 FEET ALONG THE ARC OF A CURVE TO THE RIGHT, HAVING A RADIUS OF 1018.00 FEET AND THROUGH A CENTRAL ANGLE OF 0° 29' 34" TO THE **POINT OF BEGINNING** HEREOF;

THENCE CROSSING THROUGH NEW PARCEL A THE FOLLOWING THREE (3) COURSES:

1) NORTH 74° 37' 37" WEST 8.54 FEET;
2) NORTH 15° 21' 22" EAST 17.50 FEET;
3) SOUTH 74° 37' 37" EAST 8.54 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT FROM WHICH THE CENTER BEARS SOUTH 74° 09' 06" EAST;

EXHIBIT A

IN A SOUTHERLY DIRECTION, 17.50 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 1018.00 FEET AND THROUGH A CENTRAL ANGLE OF 00° 59' 06" TO THE **POINT OF BEGINNING**

CONTAINING A LAND AREA OF **149 SQUARE FEET**, MORE OR LESS.

33) NORTH 49° 13' 03" WEST 35.69 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS NORTH 68° 50' 51" EAST;

34) IN A NORTHERLY DIRECTION 58.97 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 812.67 FEET AND THROUGH A CENTRAL ANGLE OF 04° 09' 27";

35) NORTH 11° 03' 53" EAST 35.69 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS NORTH 75° 16' 18" EAST;

36) IN A NORTHERLY DIRECTION 18.39 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 796.50 FEET AND THROUGH A CENTRAL ANGLE OF 01° 19' 22" FOR THE BEGINNING OF A REVERSE CURVE;

37) IN A NORTHWESTERLY DIRECTION 29.00 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 83° 05' 28";

38) SOUTH 83° 30' 11" WEST 5.91 FEET;

39) NORTH 06° 29' 49" WEST 64.92 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT FROM WHICH THE CENTER BEARS NORTH 23° 57' 18" WEST;

40) IN A NORTHEASTERLY DIRECTION 25.18 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 72° 08' 21" FOR THE BEGINNING OR A REVERSE CURVE;

41) IN A NORTHERLY DIRECTION 242.88 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 802.50 FEET AND THROUGH A CENTRAL ANGLE OF 17° 20' 28";

42) NORTH 11° 14' 50" EAST 27.72 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

43) IN A NORTHERLY DIRECTION 44.32 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 315.50 FEET AND THROUGH A CENTRAL ANGLE OF 08° 02' 56";

44) NORTH 19° 17' 45" EAST 36.35 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT;

45) IN A NORTHERLY DIRECTION 39.97 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 284.50 FEET AND THROUGH A CENTRAL ANGLE OF 08° 02' 56";

46) NORTH 11° 14' 50" EAST 362.66 FEET;

47) SOUTH 78° 45' 10" EAST 15.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS SOUTH 78° 45' 10" EAST
48) IN A NORTHEASTERLY DIRECTION 277.79 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 512.50 FEET AND THROUGH A CENTRAL ANGLE OF 31° 03' 21" FOR THE BEGINNING OF A REVERSE CURVE;
49) IN A NORTHEASTERLY DIRECTION 175.79 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 487.50 FEET AND THROUGH A CENTRAL ANGLE OF 20° 39' 37";
50) NORTH 20° 29' 33" EAST 44.94 FEET;
51) NORTH 17° 52' 10" EAST 26.51 FEET TO THE NORTH LINE OF NEW PARCEL A;

THENCE ALONG SAID NORTH LINE, SOUTH 49° 48' 21" EAST 42.70 FEET;

THENCE CROSSING THROUGH SAID NEW PARCEL A THE FOLLOWING THIRTY-SEVEN (37) COURSES:

1) IN A SOUTHERLY DIRECTION, ALONG A NON-TANGENT CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS NORTH 72° 53' 24" WEST, 49.72 FEET ALONG THE ARC OF SAID CURVE, HAVING A RADIUS OF 929.34 FEET AND THROUGH A CENTRAL ANGLE OF 03° 03' 54";
2) SOUTH 65° 45' 28" WEST 2.83 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS NORTH 69° 01' 26" WEST;
3) IN A SOUTHWESTERLY DIRECTION 154.28 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 526.00 FEET AND THROUGH A CENTRAL ANGLE OF 16° 48' 20" FOR THE BEGINNING OF A REVERSE CURVE;
4) IN A SOUTHWESTERLY DIRECTION 174.56 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 474.00 FEET AND THROUGH A CENTRAL ANGLE OF 21° 05' 59" FOR THE BEGINNING OF A COMPOUND CURVE;

EXHIBIT A

5) IN A SOUTHERLY DIRECTION 33.87 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 245.00 FEET AND THROUGH A CENTRAL ANGLE OF 07° 55' 15" FOR THE BEGINNING OF A REVERSE CURVE;
6) IN A SOUTHERLY DIRECTION 11.06 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 255.00 FEET AND THROUGH A CENTRAL ANGLE OF 02° 29' 10";
7) SOUTH 11° 14' 50" WEST 24.69 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT;
8) IN A SOUTHERLY DIRECTION 21.29 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 95.00 FEET AND THROUGH A CENTRAL ANGLE OF 12° 50' 19" FOR THE BEGINNING OF A REVERSE CURVE;
9) IN A SOUTHERLY DIRECTION 23.53 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 105.00 FEET AND THROUGH A CENTRAL ANGLE OF 12° 50' 19";
10) SOUTH 11° 14' 50" WEST 491.01 FEET;
11) SOUTH 16° 16' 39" EAST 35.21 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT FROM WHICH THE CENTER BEARS SOUTH 79° 45' 18" EAST;
12) IN A SOUTHERLY DIRECTION 55.04 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 677.33 FEET AND THROUGH A CENTRAL ANGLE OF 04° 39' 22";
13) SOUTH 31° 47' 42" WEST 35.00 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT FROM WHICH THE CENTER BEARS SOUTH 87° 00' 23" EAST;
14) IN A SOUTHERLY DIRECTION 321.97 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 693.50 FEET AND THROUGH A CENTRAL ANGLE OF 26° 36' 02";
15) SOUTH 23° 36' 24" EAST 22.38 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT;
16) IN A SOUTHEASTERLY DIRECTION 267.15 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 693.50 FEET AND THROUGH A CENTRAL ANGLE OF 22° 04' 17";

EXHIBIT A

17) SOUTH 45° 40' 41" EAST 58.02 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT;
18) IN A SOUTHEASTERLY DIRECTION 104.55 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 930.50 FEET AND THROUGH A CENTRAL ANGLE OF 06° 26' 16";
19) SOUTH 52° 06' 57" EAST 26.04 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT;
20) IN AN EASTERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";
21) NORTH 37° 53' 03" EAST 5.50 FEET;
22) SOUTH 52° 06' 57" EAST 57.77 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT FROM WHICH THE CENTER BEARS SOUTH 68° 04' 41" EAST;
23) IN A SOUTHERLY DIRECTION 25.84 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 74° 02' 17";
24) SOUTH 52° 06' 56" EAST 65.49 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;
25) IN A SOUTHEASTERLY DIRECTION 45.09 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 320.50 FEET AND THROUGH A CENTRAL ANGLE OF 08° 03' 41";
26) SOUTH 44° 03' 16" EAST 36.16 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT;
27) IN A SOUTHEASTERLY DIRECTION 39.32 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 279.50 FEET AND THROUGH A CENTRAL ANGLE OF 08° 03' 41";
28) SOUTH 52° 06' 57" EAST 186.43 FEET;
29) SOUTH 25° 33' 03" EAST 11.18 FEET;
30) SOUTH 52° 06' 57" EAST 1111.31 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT;

EXHIBIT A

31) IN A SOUTHEASTERLY DIRECTION 61.13 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 1000.00 FEET AND THROUGH A CENTRAL ANGLE OF 03° 30' 09";
32) SOUTH 82° 24' 42" EAST 11.20 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT FROM WHICH THE CENTER BEARS NORTH 33° 48' 21" EAST;
33) IN A SOUTHEASTERLY DIRECTION 121.60 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 995.00 FEET AND THROUGH A CENTRAL ANGLE OF 07° 00' 09" FOR THE BEGINNING OF A COMPOUND CURVE;
34) IN AN EASTERLY DIRECTION 111.99 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 85.00 FEET AND THROUGH A CENTRAL ANGLE OF 75° 29' 08";
35) SOUTH 51° 02' 52" EAST 73.27 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT FROM WHICH THE CENTER BEARS SOUTH 55° 32' 58" EAST;
36) IN A SOUTHERLY DIRECTION 113.32 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 75.00 FEET AND THROUGH A CENTRAL ANGLE OF 86° 33' 59";
37) SOUTH 52° 06' 57" EAST, 730.64 FEET TO THE EAST LINE OF SAID NEW PARCEL A;

THENCE SOUTH 37° 53' 03" WEST, 98.00 FEET TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **496,721 SQUARE FEET**, MORE OR LESS.

SEE EXHIBIT B - PLAT TO ACCOMPANY LEGAL DESCRIPTION WHICH IS ATTACHED HERETO AND MADE A PART HEREOF.

REAL PROPERTY SITUATE IN THE CITY OF TRACY, COUNTY OF SAN JOAQUIN, STATE OF CALIFORNIA AND BEING A PORTION OF NEW PARCEL A AS SAID PARCEL IS DESCRIBED IN THE GRANT DEED TO TRACY PHASE 4, LLC, RECORDED NOVEMBER 29, 2023, AS **DOCUMENT NO. 2023-097078**, OFFICIAL RECORDS OF SAN JOAQUIN COUNTY, AND BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

PUE-1

COMMENCING AT THE SOUTHWESTERLY TERMINUS OF A CURVE SEGMENT ON THE EASTERLY LINE OF THE SIERRA VIEW DRIVE DEDICATION LABELED AS HAVING A RADIUS OF 526.00 FEET, AN ARC LENGTH OF 154.28 FEET, AND THROUGH A CENTRAL ANGLE OF 16° 48' 20"; THENCE NORTHEASTERLY ALONG SAID CURVE SEGMENT, 93.48 FEET ALONG SAID CURVE TO THE LEFT FROM WHICH THE CENTER BEARS NORTH 52° 13' 06" WEST, THROUGH A CENTRAL ANGLE OF 10° 10' 58" TO THE **POINT OF BEGINNING**;

THENCE CONTINUING NORTHEASTERLY, 19.49 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 526.00 FEET AND A CENTRAL ANGLE OF 02° 07' 22";

THENCE CROSSING THROUGH SAID NEW PARCEL A FOR THE FOLLOWING THREE (3) COURSES:

1) THENCE SOUTH 64° 31' 25" EAST, RADIAL TO SAID CURVE, 9.00 FEET TO THE BEGINNING OF A CURVE TO THE RIGHT;
2) THENCE SOUTHWESTERLY, 19.82 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 535.00 FEET AND A CENTRAL ANGLE OF 02° 07' 22"
3) THENCE NORTH 62° 24' 03" WEST, 9.00 FEET TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **177 SQUARE FEET**, MORE OR LESS.

EXHIBIT A

PUE-2

COMMENCING AT THE SOUTHERLY TERMINUS OF A LINE SEGMENT OF THE EASTERLY LINE OF THE SIERRA VIEW DRIVE DEDICATION LABELED WITH THE COURSE NORTH 11° 14' 50" EAST 491.01 FEET; THENCE ALONG SAID LINE SEGMENT NORTH 11° 14' 50" EAST 266.68 FEET TO THE **POINT OF BEGINNING**;

THENCE CONTINUING ALONG SAID LINE SEGMENT NORTH 11° 14' 50" EAST, 19.42 FEET;

THENCE CROSSING THROUGH SAID NEW PARCEL A FOR THE FOLLOWING THREE (3) COURSES:

1) THENCE SOUTH 78° 45' 10" EAST, 4.00 FEET;
2) THENCE SOUTH 11° 14' 50" WEST, 19.42 FEET;
3) THENCE NORTH 78° 45' 10" WEST, 4.00 FEET TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **78 SQUARE FEET**, MORE OR LESS.

PUE-3

COMMENCING AT THE SOUTHERLY TERMINUS OF A LINE SEGMENT OF THE EASTERLY LINE OF THE SIERRA VIEW DRIVE DEDICATION LABELED WITH THE COURSE NORTH 11° 14' 50" EAST 491.01 FEET; THENCE ALONG SAID LINE SEGMENT NORTH 11° 14' 50" EAST 160.93 FEET TO THE **POINT OF BEGINNING**;

THENCE CONTINUING ALONG SAID LINE SEGMENT NORTH 11° 14' 50" EAST, 45.31 FEET;

THENCE CROSSING THROUGH SAID NEW PARCEL A FOR THE FOLLOWING THREE (3) COURSES:

1) THENCE SOUTH 78° 45' 10" EAST, 4.00 FEET;
2) THENCE SOUTH 11° 14' 50" WEST, 45.31 FEET;
3) THENCE NORTH 78° 45' 10" WEST, 4.00 FEET TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **181 SQUARE FEET**, MORE OR LESS.

EXHIBIT A

PUE-4

COMMENCING AT THE SOUTHERLY TERMINUS OF A CURVE SEGMENT ON THE NORTHEASTERLY LINE OF THE SIERRA VIEW DRIVE DEDICATION LABELED AS HAVING A RADIUS OF 693.50 FEET, AN ARC LENGTH OF 321.97 FEET, AND THROUGH A CENTRAL ANGLE OF 26° 36' 02"; THENCE NORTHERLY ALONG SAID CURVE SEGMENT, 300.75 FEET ALONG SAID CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS NORTH 66° 23' 36" EAST, HAVING A RADIUS OF 693.50 FEET, AND THROUGH A CENTRAL ANGLE OF 24° 50' 51" TO THE POINT OF BEGINNING;

THENCE CONTINUING NORTHERLY ALONG SAID SIERRA VIEW DRIVE DEDICATION FOR THE FOLLOWING TWO (2) COURSES:

21.22 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 693.50 FEET AND A CENTRAL ANGLE OF 01° 45' 11";

THENCE NORTH 31° 47' 42" EAST, 1.79 FEET;

THENCE CROSSING THROUGH SAID NEW PARCEL A FOR THE FOLLOWING THREE (3) COURSES:

1) THENCE SOUTH 86° 52' 37" EAST, 4.14 FEET TO THE BEGINNING OF A CURVE TO THE LEFTFROM WHICH THE CENTER BEARS SOUTH 86° 52' 37" EAST;
2) THENCE SOUTHERLY, 22.62 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 688.50 FEET AND A CENTRAL ANGLE OF 01° 52 '57";
3) THENCE NORTH 88° 45' 34" WEST, RADIAL TO SAID CURVE, 5.00 FEET TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **113 SQUARE FEET**, MORE OR LESS.

PUE-5

COMMENCING AT THE NORTHWESTERLY TERMINUS OF A CURVE SEGMENT ON THE GENERALLY NORTHEASTERLY LINE OF THE SIERRA VIEW DRIVE

EXHIBIT A

DEDICATION LABELED AS HAVING A RADIUS OF 693.50 FEET, AN ARC LENGTH OF 267.15 FEET, AND A CENTRAL ANGLE OF 22° 04' 17";

THENCE CONTINUING SOUTHEASTERLY ALONG SAID CURVE SEGMENT, 18.28 FEET ALONG THE ARC OF SAID CURVE TO LEFT TO THE **POINT OF BEGINNING**;

THENCE CROSSING THROUGH SAID NEW PARCEL A FOR THE FOLLOWING THREE (3) COURSES:

1) NORTH 64° 53' 00" EAST, 4.00 FEET TO THE BEGINNING OF A CURVE TO THE LEFT FROM WHICH THE CENTER BEARS NORTH 64°53'00" EAST;
2) THENCE SOUTHEASTERLY, 19.41 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 689.50 FEET AND A CENTRAL ANGLE OF 01° 36' 45";
3) THENCE SOUTH 63° 16' 15" WEST, 4.00 FEET TO THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS NORTH 63°16'15" EAST, TO THE EASTERLY LINE OF SAID SIERRA VIEW DRIVE DEDICATION;

THENCE NORTHWESTERLY ALONG SAID EASTERLY LINE, 19.52 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 693.50 FEET AND A CENTRAL ANGLE OF 01° 36' 45" TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **78 SQUARE FEET**, MORE OR LESS.

PUE-6

COMMENCING AT THE NORTHWESTERLY TERMINUS OF A CURVE SEGMENT ON THE GENERALLY NORTHEASTERLY LINE OF THE SIERRA VIEW DRIVE DEDICATION LABELED AS HAVING A RADIUS OF 930.50 FEET, AN ARC LENGTH OF 104.55 FEET AND A CENTRAL ANGLE OF 06° 26' 16";

THENCE SOUTHEASTERLY ALONG SAID CURVE SEGMENT, 34.70 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS NORTH 44° 19' 19" EAST, AND A CENTRAL ANGLE OF 02° 08' 12" TO THE **POINT OF BEGINNING**;

THENCE CROSSING THROUGH SAID NEW PARCEL A FOR THE FOLLOWING THREE (3) COURSES:

1) THENCE NORTH 42° 11' 06" EAST, 4.00 FEET TO THE BEGINNING OF A CURVE TO THE LEFT FROM WHICH THE CENTER BEARS NORTH 42°11'06" EAST;
2) THENCE SOUTHEASTERLY, 47.00 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 926.50 FEET AND A CENTRAL ANGLE OF 02° 54' 23";
3) THENCE SOUTH 39° 16' 43" WEST, RADIAL TO SAID CURVE, 4.00 FEET TO THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS NORTH 39° 16' 43" EAST TO THE EASTERLY LINE OF SAID SIERRA VIEW DRIVE DEDICATION;

THENCE NORTHWESTERLY ALONG SAID EASTERLY LINE, 47.20 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 930.50 FEET AND A CENTRAL ANGLE OF 02°54'23" TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **188 SQUARE FEET**, MORE OR LESS.

PUE-7

COMMENCING AT THE SOUTHEASTERLY TERMINUS OF A LINE SEGMENT OF THE NORTHEASTERLY LINE OF THE SIERRA VIEW DRIVE DEDICATION LABELED WITH THE COURSE NORTH 52° 06' 57" WEST 186.42 FEET;

THENCE ALONG SAID LINE SEGMENT NORTH 52° 06' 57" WEST 63.44 FEET TO THE **POINT OF BEGINNING**;

THENCE CONTINUING ALONG SAID LINE SEGMENT NORTH 52° 06' 57" WEST 19.42 FEET;

THENCE CROSSING THROUGH SAID NEW PARCEL A FOR THE FOLLOWING THREE (3) COURSES:

1) NORTH 37° 53' 03" EAST 4.00 FEET;

2) SOUTH 52° 06' 57" EAST 19.42 FEET; AND
3) SOUTH 37° 53' 03" WEST 4.00 FEET TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **78 SQUARE FEET**, MORE OR LESS.

PUE-8

COMMENCING AT THE NORTHWESTERLY TERMINUS OF A LINE SEGMENT OF THE NORTHEASTERLY LINE OF THE SIERRA VIEW DRIVE DEDICATION LABELED WITH THE COURSE NORTH 52° 06' 57" WEST 1111.31 FEET; THENCE ALONG SAID LINE SEGMENT SOUTH 52° 06' 57" EAST 221.44 FEET TO THE **POINT OF BEGINNING**;

THENCE CROSSING THROUGH SAID NEW PARCEL A FOR THE FOLLOWING THREE (3) COURSES:

1) NORTH 37° 53' 03" EAST 4.00 FEET;
2) SOUTH 52° 06' 57" EAST 19.42 FEET;
3) SOUTH 37° 53' 03" WEST 4.00 FEET TO THE EASTERLY LINE OF SAID SIERRA VIEW DRIVE DEDICATION;

THENCE ALONG SAID EASTERLY LINE, NORTH 52° 06' 57" WEST 19.42 FEET TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **78 SQUARE FEET**, MORE OR LESS.

PUE-9

COMMENCING AT THE NORTHWESTERLY TERMINUS OF A LINE SEGMENT OF THE NORTHEASTERLY LINE OF THE SIERRA VIEW DRIVE DEDICATION LABELED WITH THE COURSE NORTH 52° 06' 57" WEST 1111.31 FEET; THENCE ALONG SAID LINE SEGMENT SOUTH 52° 06' 57" EAST 560.80 FEET TO THE **POINT OF BEGINNING**;

THENCE CROSSING THROUGH SAID NEW PARCEL A FOR THE FOLLOWING THREE (3) COURSES:

1) NORTH 37° 53' 03" EAST 4.00 FEET;
2) SOUTH 52° 06' 57" EAST 44.27 FEET; AND

EXHIBIT A

3) SOUTH 37° 53' 03" WEST 4.00 FEET TO THE EASTERLY LINE OF SAID SIERRA VIEW DRIVE DEDICATION;

THENCE ALONG SAID EASTERLY LINE, NORTH 52°06'57" WEST 44.27 FEET TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **177 SQUARE FEET**, MORE OR LESS.

PUE-10

COMMENCING AT THE NORTHWESTERLY TERMINUS OF A LINE SEGMENT OF THE NORTHEASTERLY LINE OF THE SIERRA VIEW DRIVE DEDICATION LABELED WITH THE COURSE NORTH 52° 06' 57" WEST 1111.31 FEET; THENCE ALONG SAID LINE SEGMENT SOUTH 52° 06' 57" EAST 714.00 FEET TO THE **POINT OF BEGINNING**;

THENCE CROSSING THROUGH SAID NEW PARCEL A FOR THE FOLLOWING THREE (3) COURSES:

1) NORTH 37° 53 '03" EAST, 4.00 FEET;
2) SOUTH 52° 06' 57" EAST, 19.42 FEET;
3) SOUTH 37° 53' 03" WEST, 4.00 FEET TO THE EASTERLY LINE OF SAID SIERRA VIEW DRIVE DEDICATION;

THENCE ALONG SAID EASTERLY LINE, NORTH 52° 06' 57" WEST 19.42 FEET TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **78 SQUARE FEET**, MORE OR LESS.

PUE-11

COMMENCING AT THE SOUTHEASTERLY TERMINUS OF A LINE SEGMENT OF THE NORTHEASTERLY LINE OF THE SIERRA VIEW DRIVE DEDICATION LABELED WITH THE COURSE NORTH 52° 06' 57" WEST 1111.31 FEET; THENCE ALONG SAID LINE SEGMENT NORTH 52° 06' 57" WEST 34.52 FEET TO THE **POINT OF BEGINNING**;

THENCE CONTINUING ALONG SAID LINE SEGMENT, NORTH 52° 06' 57" WEST 22.63 FEET;

EXHIBIT A

THENCE CROSSING THROUGH SAID NEW PARCEL A FOR THE FOLLOWING THREE (3) COURSES:

1) NORTH 37° 53' 03" EAST, 5.00 FEET;
2) SOUTH 52° 06' 57" EAST 22.63 FEET;
3) SOUTH 37° 53' 03" WEST 5.00 FEET TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **113 SQUARE FEET**, MORE OR LESS.

PUE-12

BEGINNING AT THE SOUTHEASTERLY TERMINUS OF A LINE SEGMENT OF THE NORTHEASTERLY LINE OF THE SIERRA VIEW DRIVE DEDICATION LABELED WITH THE COURSE NORTH 52° 06' 57" WEST 1111.31 FEET; THENCE ALONG SAID LINE SEGMENT NORTH 52° 06' 57" WEST 21.38 FEET;

THENCE CROSSING THROUGH SAID NEW PARCEL A FOR THE FOLLOWING FOUR (4) COURSES:

1) THENCE NORTH 37° 53' 03" EAST 5.00 FEET;
2) THENCE SOUTH 52° 06' 57" EAST 21.38 FEET TO THE BEGINNING OF A TANGENT CURVE TO THE LEFT;
3) THENCE 1.25 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 995.00 FEET AND A CENTRAL ANGLE OF 00° 04' 19", TO THE EASTERLY LINE OF SAID SIERRA VIEW DRIVE DEDICATION;
4) THENCE ALONG SAID EASTERLY LINE SOUTH 37° 48' 44" WEST, RADIAL TO SAID CURVE, 5.00 FEET TO THE EASTERLY LINE OF SAID SIERRA VIEW DRIVE DEDICATION, FOR THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS NORTH 37° 48' 44" EAST;

THENCE NORTHWESTERLY, 1.26 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 1000.00 FEET AND A CENTRAL ANGLE OF 00° 04' 19" TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **113 SQUARE FEET**, MORE OR LESS.

EXHIBIT A

PUE-13

COMMENCING AT THE NORTHWESTERLY TERMINUS OF A LINE SEGMENT OF THE NORTHEASTERLY LINE OF THE SIERRA VIEW DRIVE DEDICATION LABELED WITH THE COURSE NORTH 52° 06' 57" WEST 1482.41 FEET; THENCE ALONG SAID LINE SEGMENT SOUTH 52° 06' 57" EAST 68.92 FEET TO THE **POINT OF BEGINNING**;

THENCE CROSSING THROUGH SAID NEW PARCEL A FOR THE FOLLOWING THREE (3) COURSES:

1) NORTH 37° 53' 03" EAST 5.00 FEET;
2) SOUTH 52° 06' 57" EAST 54.21 FEET;
3) SOUTH 37° 53' 03" WEST 5.00 FEET TO THE EASTERLY LINE OF SAID SIERRA VIEW DRIVE DEDICATION;

THENCE ALONG SAID EASTERLY LINE, NORTH 52° 06' 57" WEST 54.21 FEET TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **271 SQUARE FEET**, MORE OR LESS.

PUE-18

COMMENCING AT THE SOUTHERLY TERMINUS OF A LINE SEGMENT OF THE EASTERLY LINE OF THE SIERRA VIEW DRIVE DEDICATION LABELED WITH THE COURSE NORTH 11°14'50" EAST 491.01 FEET; THENCE ALONG SAID LINE SEGMENT NORTH 11°14'50" EAST 41.98 FEET TO THE **POINT OF BEGINNING**;

THENCE CONTINUING ALONG SAID LINE SEGMENT NORTH 11°14'50" EAST, 19.42 FEET;

THENCE CROSSING THROUGH SAID NEW PARCEL A FOR THE FOLLOWING THREE (3) COURSES:

IRREVOCABLE OFFER OF DEDICATION OF FEE INTEREST

For A Valuable Consideration, receipt of which is hereby acknowledged, Tracy Phase IB, LLC, a Delaware limited liability company represents that, as the owner of the herein-described real property (in the case of multiple owners, collectively referred to as "Grantor"), Grantor hereby makes an Irrevocable Offer of Dedication of fee interest to THE CITY OF TRACY, A MUNICIPAL CORPORATION, the hereinafter described real property for the following public purpose:

Public Right of Way purposes, including without limitation, roadway and utility purposes, over, under, along and across the property described in Exhibit A and depicted in Exhibit B.

The real property referred to above is situated in the City of Tracy, County of San Joaquin, State of California and is more particularly described as follows:

SEE ATTACHED:

EXHIBIT A
LEGAL DESCRIPTION

EXHIBIT A

Real property situate in the City of Tracy, County of San Joaquin, State of California and being a portion of Parcel 1 as said parcel is shown on the Parcel Map filed in Book 26 of Parcel Maps at Page 179, San Joaquin County Records and more particularly described as follows:

Beginning at the southeasterly terminus of the line labelled by the course N58°01'26"W 76.00', as said line and course are shown in Exhibit A - Plat to Accompany Legal Description in the Irrevocable Offer of Dedication of Fee Interest (Tracy Hills Drive) recorded in Document No. 2022-109603, Official Records of San Joaquin County, said line being a segment of the generally southwesterly line of said Tracy Hills Drive; thence across said Parcel 1 (26 PM 179) along the following nine (9) courses

1) South 31° 58' 54" West - 323.77 feet for the beginning of a curve to the left;

2) in a southwesterly direction 175.56 feet along the arc of said curve to the left, having a radius of 3413.00 feet and through a central angle of 02° 56' 50";

3) South 31° 32' 35" West - 88.25 feet;

4) South 27° 34' 49" West - 37.71 feet for the beginning of a curve to the left;

5) in a southerly direction 161.90 feet along the arc of said curve to the left, having a radius of 478.00 feet and through a central angle of 19° 24' 21";

6) South 08° 10' 27" West - 71.24 feet;

7) South 10° 57' 15" West - 20.62 feet for the beginning of a curve to the right from which the center bears North 81° 48' 46" West;

8) in a southerly direction 90.07 feet along the arc of said curve to the right, having a radius of 533.00 feet and through a central angle of 09° 40' 56";

9) South 17° 52' 10" West - 10.80 feet;

to the southwesterly line of said Parcel 1 (26 PM 179), last said line also being the northeasterly line of State Route 580; thence along last said southwesterly line North 54°00'20" West 47.89 feet; thence across said Parcel 1 (26 PM 179) along the following six (6) courses:

1) in a northerly direction 78.39 feet along the arc of said curve to the left, having a radius of 487.50 feet and through a central angle of 09° 12' 49";

2) North 08° 10' 27" East - 119.90 feet for the beginning of a curve to the right;

3) in a northerly direction 169.52 feet along the arc of said curve to the right, having a radius of 500.50 feet and through a central angle of 19° 24' 21";

4) North 27° 34' 49" East - 20.52 feet for the beginning of a curve to the right;

5) in a northeasterly direction 266.76 feet along the arc of said curve to the right, having a radius of 3472.50 feet and through a central angle of 04° 24' 06";

6) North 31° 58' 54" East - 323.77 feet to a point on the south line of said Tracy Hills Drive;

to first said line; thence along first said line South 58°01'06" East 59.50 feet to the **Point of Beginning**.

Containing a land area of 53,834 square feet, more or less.

See Exhibit B – Plat to Accompany Legal Description which is attached hereto and made a part thereof.

EXHIBIT A
LEGAL DESCRIPTION

EXHIBIT A

Real property situate in the City of Tracy, County of San Joaquin, State of California and being portions of Parcel 1 as said parcel is shown on the Parcel Map filed in Book 26 of Parcel Maps at Page 179, San Joaquin County Records and more particularly described as follows:

PUE-1

Commencing at the northeasterly terminus of a curve segment of the southeasterly line of the Lammers Road Dedication labeled with the curve data with a radius of 3413.00 feet, a central angle of 02°56'50" and an arc length of 175.56 feet; thence southwesterly along said curve to the left, which a radial bears South 58°01'06" East to the radius point, having a central angle of 00°55'06" and an arc length of 54.70 feet to the **Point of Beginning**; thence across said Parcel 1 (26 PM 179) the following three (3) courses:

1) South 58°56'11" East 5.00 feet;
2) southeasterly along a non-tangent curve to the left, which a radial bears South 58°56'11" East to the radius point, having a radius of 3408.00 feet, a central angle of 00°22'50" and an arc length of 22.63 feet; and
3) North 59°19'01" West 5.00 feet

to first said curve on said southeasterly line; thence northwesterly along last said line along a non-tangent curve to the right, which a radial bears South 59°19'01" East to the radius point, having a radius of 3413.00 feet, a central angle of 00°22'50" and an arc length of 22.67 feet to the **Point of Beginning**.

Containing a land area of 113 square feet, more or less.

PUE-2

Commencing at the northeasterly terminus of a line segment of the southeasterly line of the Lammers Road Dedication labeled with the course South 31°32'35" West 88.25 feet; thence along said line segment South 31°32'35" West 47.04 feet to the **Point of Beginning**; thence across said Parcel 1 (26 PM 179) the following three (3) courses:

1) South 58°27'25" East 4.00 feet;
2) South 31°32'25" West 19.42 feet; and
3) North 58°27'25" West 4.00 feet

to said line segment on said southeasterly line; thence along last said line North 31°32'35" East 19.42 feet to the **Point of Beginning**.

Containing a land area of 78 square feet, more or less.

EXHIBIT A

PUE-3

Beginning at the southwesterly terminus of a line segment of the southeasterly line of the Lammers Road Dedication labeled with the course South 31°32'35" West 88.25 feet; thence along said line segment North 31°32'35" East 13.68 feet; thence across said Parcel 1 (26 PM 179) the following four (4) courses:

1) South 58°27'25" East 4.00 feet;
2) South 31°32'35" West 13.64 feet;
3) southwesterly along a non-tangent curve to the left, which a radial bears South 61°22'57" East to the radius point, having a radius of 3418.92 feet, a central angle of 00°05'46" and an arc length of 5.74 feet; and
4) North 61°28'43" West 3.89 feet

to said southeasterly line; thence along last said line North 27°34'49" East 5.92 feet to the **Point of Beginning**;

Containing a land area of 78 square feet, more or less.

PUE-4

Beginning at the southwesterly terminus of a line segment of the southeasterly line of the Lammers Road Dedication labeled with the course South 27°34'49" West 37.71 feet; thence along said line segment North 27°34'49" East 17.50; thence across said Parcel 1 (26 PM 179) the following three (3) courses:

1) South 62°25'11" East 3.00 feet;
2) South 27°34'49" West 17.50 feet; and
3) North 62°25'11" West 3.00 feet to the **Point of Beginning.**

Containing a land area of 53 square feet, more or less.

APPROVED AS TO FORM AND LEGALITY

_____
CITY ATTORNEY'S OFFICE

TRACY CITY COUNCIL

RESOLUTION 2024-____

FOR THE RESIDENTIAL DEVELOPMENT PROJECT COMMONLY KNOWN AS PHASE 2 OF THE TRACY HILLS SPECIFIC PLAN:

APPROVING AND AUTHORIZING THE RECORDATION OF 7 FINAL SUBDIVISION MAPS (TRACTS 4132 THROUGH 4138) LOCATED WITHIN THE TRACY HILLS SPECIFIC PLAN AREA, 7 SUBDIVISION IMPROVEMENT AGREEMENTS, AND 3 CONDITIONAL SUBDIVISION IMPROVEMENT AGREEMENTS, 4 OFFSITE IMPROVEMENT AGREEMENTS, AND 4 CONDITIONAL OFFSITE IMPROVEMENT AGREEMENTS, 7 IRREVOCABLE OFFERS OF DEDICATION OF FEE AND EASEMENT INTERESTS.

WHEREAS, Lennar Homes of California, LLC, is a subdivider (Developer) within the residential development project commonly known as Tracy Hills Specific Plan (Project); and

WHEREAS, on April 5, 2016, City Council certified an Environmental Impact Report and approved a General Plan Amendment and a comprehensive update to the Tracy Hills Specific Plan; and

WHEREAS, on June 18, 2019, City Council passed Ordinance 1270 and amended the Tracy Hills Specific Plan; and

WHEREAS, on May 19, 2020, City Council passed Ordinance 1286 and amended the Tracy Hills Specific Plan; and

WHEREAS, on July 21, 2020, City Council passed Ordinance 1294 and amended the Tracy Hills Specific Plan; and

WHEREAS, on November 3, 2020, an application was submitted for a Vesting Tentative Subdivision Map (VTSM) for the Phase 2 of the Project to create 1,470 single-family residential lots and various other parcels on approximately 1,143 acres located south of I-580, west of Corral Hollow Road, Application Number TSM20-0003; and

WHEREAS, on October 6, 2021, the Planning Commission held a duly noticed public hearing and recommended that the City Council approve the VTSM for the Tracy Hills Phase 2 Project Application Number TSM20-0003; and

WHEREAS, on October 19, 2021, pursuant to Resolution 2021-153, the City Council approved General Plan Amendment for Tracy Hills Specific Plan Area GPA 21-0001 and pursuant to Resolution 2021-154, the City Council approved the VTSM; and

WHEREAS, the VTSM is subject to certain Conditions of Approval (COAs) as shown on Attachment A, which describe, among other things, improvements that are required for approval of a Final Subdivision Map pursuant to the Subdivision Map Act, the Subdivision Ordinance, and applicable City Standards; and

WHEREAS, staff recommends that the City Council approve the proposed Final Subdivision Maps for Tracts 4132, 4133, 4134, 4135, 4136, 4137, and 4138, as shown on Attachment B-1 through B-7; and

WHEREAS, since the required improvements set forth in the COAs will not be completed prior to the recordation of the Final Maps, the Developer is required to execute the legally binding agreements guaranteeing the completion of the improvements, as authorized by Government Code Section 66462; and

WHEREAS, the Developer has guaranteed the construction of all public facilities necessary to serve the subdivision or mitigate any impacts created by the subdivision and has submitted the required security to guarantee completion of the required facilities through legally binding Subdivision Improvement Agreements (SIAs), Conditional Subdivision Improvement Agreements (CSIAs), Offsite Improvement Agreements (OIAs), and Conditional Offsite Improvement Agreements (COIAs); and

WHEREAS, staff recommends that the City Council approve, concurrently with approval of the final maps, the proposed seven SIAs for Tracts 4132, 4133, 4134, 4135, 4136, 4137, and 4138; and

WHEREAS, the proposed SIAs are for the construction of streets, sidewalks curbs, gutters, sewers, water, sewer, and storm drain mains, landscaping, underground utilities, traffic signs, street signs, and other subdivision improvements; and

WHEREAS, the Developer has executed those SIAs, shown in Attachments C-1 through C-7, and has submitted the required security to guarantee completion of the required improvements; and

WHEREAS, staff recommends that the City Council approve the proposed CSIAs for the 2nd park, 3rd park, and 4th parks located on Lots G, Q, and P, respectively, on the VTSM; and

WHEREAS, when completed, the parks will provide recreation areas for the neighborhoods; and

WHEREAS, the Developer has executed those CSIAs, shown in Attachments D-2 through D-4, and has submitted the required security to guarantee completion of the required improvements; and

WHEREAS, staff recommends that the City Council approve the proposed OIAs to address the four offsite improvement obligations; and

WHEREAS, the first proposed OIA is related to the Developer's obligation, under the COAs, to construct public roadway improvements to Corral Hollow Road, generally extending from I-580 to southern City limits; and

WHEREAS, the Developer has executed that OIA, shown in Attachment E-1, and has submitted the required security to guarantee completion of the required improvements; and

WHEREAS, the second proposed OIA is related to the Developer's obligation, under the Conditions of Approval, to for the construction of public roadway improvements to Sierra View (Lammers) Road, generally extending from Tracy Hills Drive to Corral Hollow Road; and

WHEREAS, when completed, the public roadway improvements will improve traffic flow; and

WHEREAS, the Developer has executed that OIA, shown in Attachment E-2, and has submitted the required security to guarantee completion of the required improvements; and

WHEREAS, the third proposed OIA is related to the Developer's obligation, under the Conditions of Approval, to design the public roadway improvements known as the Tracy Boulevard/Linne Road Intersection Improvements; and

WHEREAS, the Developer has executed that OIA, shown in Attachment E-3, and has submitted the required security to guarantee completion of the required improvements; and

WHEREAS, the fourth proposed OIA is related to the Developer's obligation, under the Conditions of Approval, to design the public roadway improvements known as the Linne Road/Macarthur Drive Intersection Improvement; and

WHEREAS, the Developer has executed that OIA, shown in Attachment E-4, and has submitted the required security to guarantee completion of the required improvements; and

WHEREAS, staff recommends that the City Council approve the proposed COIAs to address the three offsite improvement obligations; and

WHEREAS, the first proposed COIA regards the Developer's obligation, under the Conditions of Approval, to construct public roadway improvements to Corral Hollow widening generally extending from the California Aqueduct to the Linne Road intersection; and

WHEREAS, the Developer has executed that COIA, shown in Attachment F-1, and has submitted the required security to guarantee completion of the required improvements; and

WHEREAS, the second proposed COIA is for the construction of public roadway and interchange improvements to Corral Hollow Road ramp terminals; and

WHEREAS, when completed, the public roadway improvements will improve traffic flow; and

WHEREAS, the Developer has executed that COIA, shown in Attachment F-2, and has submitted the required security to guarantee completion of the required improvements; and

WHEREAS, the third proposed COIA is for the construction of the zone 5 water line across Tracy Municipal Airport property; and

WHEREAS, when completed, the utility improvements will transport water to Phase 2; and

WHEREAS, the Developer has executed that COIA, shown in Attachment F-3, and has submitted the required security to guarantee completion of the required improvements; and

WHEREAS, the fourth proposed COIA is for the construction of sanitary sewer line in Corral Hollow Road; and

WHEREAS, the Developer has executed that COIA, shown in Attachment F-4, and has submitted the required security to guarantee completion of the required improvements; and

WHEREAS, staff recommends that the City Council approve the following proposed Irrevocable Offers of Dedication (IODs) of Fee Interest:

- The first proposed IOD is the Sierra View Drive for public right of way purposes shown in Attachment G-3; and
- The second proposed IOD is the Lammers Road for public right of way purposes shown in Attachment G-5; and
- The third proposed IOD is the Stanek Avenue for public right of way purposes shown in Attachment G-2; and

WHEREAS, when completed, the right of ways will provide vehicular ingress and egress to the community; and

WHEREAS, the fourth proposed IOD is the fifteen (15) acre community park for public park purposes shown in Attachment G-7; and

WHEREAS, when completed, the park will provide recreation area to the community; and

WHEREAS, staff recommends that the City Council approve the following proposed Irrevocable Offers of Dedication (IODs) of Easements:

- The first proposed IOD is for public utility purposes adjacent to Sierra View Drive, shown in Attachment G-4; and
- The second proposed IOD is for public utility purposes adjacent to Lammers Road, shown in Attachment G-6; and
- The third proposed IOD is for public utility purposes adjacent to Stanek Avenue, shown in Attachment G-1; and

WHEREAS, when completed, the public utility easements will provide utility connections and services to the community; and

WHEREAS, approval of the Final Maps will enable the Developer to sell the individual residential lots and also allow the issuance of building permits to construct the single-family residential lots within the Final Maps and other facilities associated with the Project; and

WHEREAS, there will be no impact to the General Fund associated with the proposed items because the Developer will pay for the cost of review and recordation of the Final Maps, SIAs, CSIAs, OIAs, COIAs, and IODs, and the Developer has paid the applicable engineering plan check fees which includes the cost of review of the Improvement Plans; and

WHEREAS, all public outreach for the Tracy Hills development (notifications, public hearings, etc.) was conducted for the Planning Commission and City Council hearings that were held to consider the specific plan approval, EIR, and VTSM for the overall project; and

WHEREAS, this action is consistent with the Final Environmental Impact Report (EIR) certified by the City Council on April 5, 2016, for the Tracy Hills Specific Plan, (SCH#2013102053); and

NOW, THEREFORE, BE IT RESOLVED: That the City Council hereby approves the Final Subdivision Maps for Tracy Hills Phase 2 Tracts 4132, 4133, 4134, 4135, 4136, 4137, and 4138, attached hereto as Exhibit B-1 through B-7 and as set forth on file with the City Engineer; and be it further

RESOLVED: That the City Council approves the Subdivision Improvement Agreements between City and Lennar Homes of California, LLC attached hereto as Exhibit C-1 through C-7 for the Tracy Hills subdivision improvements; and be it further

RESOLVED: That the City Council hereby approves the Conditional Subdivision Improvements Agreements between City and Lennar Homes of California, LLC attached hereto as Exhibit D-2 through D-4, for parks recreation; and be it further

RESOLVED: That the City Council hereby approves the Off-Site Improvement Agreement between City and Lennar Homes of California, LLC attached hereto as Exhibit E-1 through E-4, for the Corral Hollow widening, Sierra View Drive/Lammers Road improvements, Tracy Boulevard/Linne Road Intersection improvements, and Linne Road/MacArthur Drive Intersection Improvements; and be it further

RESOLVED: That the City Council hereby approves the Conditional Off-Site Improvement Agreement between City and Lennar Homes of California, LLC attached hereto as Exhibit F-1 through F-4, for the Corral Hollow widening from the California aqueduct to Linne Road intersection, the Corral Hollow Road/I-580 Interchange, the zone 5 water line across Tracy Municipal Airport property, and sanitary sewer line in Corral Hollow Road; and be it further

RESOLVED: That the City Council hereby approves the Irrevocable Offers of Dedication of Fee Interest between City and Lennar Homes of California, LLC attached hereto as Exhibits G-3, G-5, and G-2, respectively, for the Sierra View Drive, Lammers Road, and Stanek Avenue public right of ways, water tank site, and community park site; and be it further

RESOLVED: That the City Council hereby approves the Irrevocable Offers of Dedication of easements between City and Lennar Homes of California, LLC, attached hereto as Exhibit G-

4, G-6, and G-1, respectively**,** for the Sierra View Drive, Lammers Road, and Stanek Avenue public utility easements; and be it further

RESOLVED: That the City Council authorizes the City Manager and City Attorney to take all such actions necessary to effectuate the purposes of this Resolution; and be it further

RESOLVED: That the City Council hereby finds that the actions set forth herein are consistent with the Final Environmental Impact Report (EIR) certified by the City Council on April 5, 2016, for the Tracy Hills Specific Plan, (SCH#2013102053), by Resolution No. 2016-063, and therefore, pursuant to CEQA Guidelines Sections 15162, no further environmental review is necessary.

CERTIFICATE OF DEDICATION

THE FOLLOWING REAL PROPERTY IS DEDICATED BY AG EHC II (LEN) CA 1, L.P., A DELAWARE LIMITED PARTNERSHIP, C/O ESSENTIAL HOUSING ASSET MANAGEMENT, LLC, 8585 E. HARTFORD DRIVE, SUITE 118, SCOTTSDALE, AZ 85255:

FOR THE PURPOSE OF PUBLIC STREET RIGHTS-OF-WAY:

"FORBES AVENUE", "WHITE HART AVENUE", "GLADYS AVENUE", "OLD LARKS LANE", "BECKETT STREET", AND "CAULFIELD STREET".

FOR THE PURPOSE OF DETENTION BASIN:

LOT "B".

THE FOLLOWING REAL PROPERTY IS DEDICATED BY AG EHC II (LEN) CA 1, L.P., A DELAWARE LIMITED PARTNERSHIP TO THE CITY OF TRACY AS EASEMENTS FOR PUBLIC PURPOSES: "PUBLIC ACCESS EASEMENT" OR "PAE", "PUBLIC UTILITY EASEMENT" OR "PUE", AND "STORM DRAIN EASEMENT" OR "SDE".

THE CITY OF TRACY SHALL RECONVEY THE PROPERTY TO THE SUBDIVIDER IF THE CITY OF TRACY MAKES A DETERMINATION PURSUANT TO GOVERNMENT CODE SECTION 66477.5 THAT THE SAME PUBLIC PURPOSE FOR WHICH THE PROPERTY WAS DEDICATED DOES NOT EXIST, OR THE PROPERTY OR ANY PORTION THEREOF IS NOT NEEDED FOR PUBLIC UTILITIES.

SIGNATURE OMISSIONS:

PURSUANT TO SECTION 66436(a), 3(A)(i) OF THE CALIFORNIA SUBDIVISION MAP ACT, THE SIGNATURES OF PARTIES OWNING THE FOLLOWING INTERESTS, WHICH CANNOT RIPEN INTO A FEE, HAVE BEEN OMITTED:

1. STATE OF CALIFORNIA – ABUTTER'S EASEMENT RIGHTS: 2915 O.R. 621 AND 2574 O.R. 187
2. STATE OF CALIFORNIA – DRAINAGE EASEMENT RIGHTS: 2574 O.R. 182
3. TIDE WATER OIL COMPANY – PIPE LINE EASEMENT RIGHTS: 3072 O.R. 594 AND 3132 O.R. 678
4. STANCOG – CONSERVATION EASEMENT: NO. 2012-91623 AND 2016-041345
5. TIDE WATER OIL COMPANY – PIPE LINE EASEMENT RIGHTS: 3079 O.R. 318 AND 3132 O.R. 674

SURVEYOR'S STATEMENT

THIS MAP WAS PREPARED BY ME OR UNDER MY DIRECTION AND IS BASED UPON A FIELD SURVEY IN CONFORMANCE WITH THE REQUIREMENTS OF THE SUBDIVISION MAP ACT AND LOCAL ORDINANCE AT THE REQUEST OF AG EHC II (LEN) CA 1, L.P., A DELAWARE LIMITED PARTNERSHIP ON JANUARY 1, 2022. I HEREBY STATE THAT THIS FINAL MAP SUBSTANTIALLY CONFORMS TO THE APPROVED OR CONDITIONALLY APPROVED TENTATIVE MAP (IF ANY), THAT ALL MONUMENTS ARE OF THE CHARACTER AND OCCUPY THE POSITIONS INDICATED OR THAT THEY WILL BE SET IN THOSE POSITIONS ON OR BEFORE DECEMBER 31, 2025, AND THAT SAID MONUMENTS ARE OR WILL BE SUFFICIENT TO ENABLE THE SURVEY TO BE RETRACED.

DATED THIS 17th DAY OF April, 2024.

CERTIFICATE OF DEDICATION

THE FOLLOWING REAL PROPERTY IS DEDICATED BY AG EHC II (LEN) CA 1, L.P., A DELAWARE LIMITED PARTNERSHIP, C/O ESSENTIAL HOUSING ASSET MANAGEMENT, LLC, 8585 E. HARTFORD DRIVE, SUITE 118, SCOTTSDALE, AZ 85255, AND AG EHC II (LEN) CA 2, L.P., A DELAWARE LIMITED PARTNERSHIP, C/O ESSENTIAL HOUSING ASSET MANAGEMENT, LLC, 8585 E. HARTFORD DRIVE, SUITE 118, SCOTTSDALE, AZ 85255:

FOR THE PURPOSE OF PUBLIC STREET RIGHTS-OF-WAY:

"SIERRA VIEW DRIVE", "CORRAL HOLLOW ROAD", "WHITE HART AVENUE", "EMERY STREET", "FORBES AVENUE", "DASHWOOD STREET", "HANOVER WAY", "GLADYS AVENUE", AND "LEVANT PLACE".

THE FOLLOWING REAL PROPERTY IS DEDICATED BY AG EHC II (LEN) CA 1, L.P., A DELAWARE LIMITED PARTNERSHIP TO THE CITY OF TRACY AS EASEMENTS FOR PUBLIC PURPOSES: "PUBLIC UTILITY EASEMENT" OR "PUE".

THE CITY OF TRACY SHALL RECONVEY THE PROPERTY TO THE SUBDIVIDER IF THE CITY OF TRACY MAKES A DETERMINATION PURSUANT TO GOVERNMENT CODE SECTION 66477.5 THAT THE SAME PUBLIC PURPOSE FOR WHICH THE PROPERTY WAS DEDICATED DOES NOT EXIST, OR THE PROPERTY OR ANY PORTION THEREOF IS NOT NEEDED FOR PUBLIC UTILITIES.

SURVEYOR'S STATEMENT

THIS MAP WAS PREPARED BY ME OR UNDER MY DIRECTION AND IS BASED UPON A FIELD SURVEY IN CONFORMANCE WITH THE REQUIREMENTS OF THE SUBDIVISION MAP ACT AND LOCAL ORDINANCE AT THE REQUEST OF AG EHC II (LEN) CA 1, L.P., A DELAWARE LIMITED PARTNERSHIP ON JANUARY 1, 2022. I HEREBY STATE THAT THIS FINAL MAP SUBSTANTIALLY CONFORMS TO THE APPROVED OR CONDITIONALLY APPROVED TENTATIVE MAP (IF ANY), THAT ALL MONUMENTS ARE OF THE CHARACTER AND OCCUPY THE POSITIONS INDICATED OR THAT THEY WILL BE SET IN THOSE POSITIONS ON OR BEFORE DECEMBER 31, 2025, AND THAT SAID MONUMENTS ARE OR WILL BE SUFFICIENT TO ENABLE THE SURVEY TO BE RETRACED.

DATED THIS 24th DAY OF APRIL, 2024.

SCOTT A. SHORTLIDGE, P.L.S. NO. 6441

LICENSED LAND SURVEYOR — SCOTT A. SHORTLIDGE — No. 6441 — STATE OF CALIFORNIA

CITY ENGINEER'S STATEMENT

I, KOOSUN KIM, HEREBY STATE THAT I AM THE CITY ENGINEER OF THE CITY OF TRACY, CALIFORNIA AND THAT I HAVE EXAMINED THIS FINAL MAP OF "TRACT 4133, SUBDIVISIONS OF SAN JOAQUIN COUNTY, TRACY HILLS VILLAGES 2 AND 3", CITY OF TRACY, CALIFORNIA AND THAT THE SUBDIVISION SHOWN HEREON IS SUBSTANTIALLY THE SAME AS IT APPEARED ON THE TENTATIVE MAP, AND ANY APPROVED ALTERATIONS THEREOF. I FURTHER STATE THAT THIS FINAL MAP COMPLIES WITH ALL THE PROVISIONS OF TITLES 10 AND 12 OF THE TRACY MUNICIPAL CODE, AND ANY AMENDMENTS THERETO, APPLICABLE AT THE TIME OF APPROVAL OF THE TENTATIVE MAP.

DATED THIS _____ DAY OF _____, 2024.

KOOSUN KIM, R.C.E. NO. 64769
CITY ENGINEER

REGISTERED PROFESSIONAL ENGINEER — KOOSUN KIM — No. 64769 — CIVIL — STATE OF CALIFORNIA

SURVEYOR FOR THE CITY STATEMENT

I, DAVID W. ENKE, HEREBY STATE THAT I HAVE EXAMINED THIS FINAL MAP OF "TRACT 4133, SUBDIVISIONS OF SAN JOAQUIN COUNTY, TRACY HILLS VILLAGES 2 AND 3", CITY OF TRACY, CALIFORNIA AND THAT THE SUBDIVISION SHOWN HEREON COMPLIES WITH ALL THE PROVISIONS OF CHAPTER 2 OF THE CALIFORNIA SUBDIVISION MAP ACT, AS AMENDED, AND THAT THIS FINAL MAP IS TECHNICALLY CORRECT.

DATED THIS _____ DAY OF _____, 2024.

DAVID W. ENKE, L.S. NO. 4071

LICENSED LAND SURVEYOR — DAVID W. ENKE — No. 4071 — STATE OF CALIFORNIA

CITY CLERK'S STATEMENT

THIS IS TO STATE THAT AT ITS REGULARLY HELD MEETING ON THE _____ DAY OF _____, 2024, THE CITY COUNCIL OF THE CITY OF TRACY, CALIFORNIA PER COUNCIL RESOLUTION NO._____ APPROVED THIS FINAL MAP OF "TRACT NO. 4133, SUBDIVISIONS OF SAN JOAQUIN COUNTY, TRACY HILLS VILLAGES 2 AND 3", CITY OF TRACY, CALIFORNIA, AND ACCEPTED ON BEHALF OF THE PUBLIC FOR PUBLIC USE THE OFFER OF DEDICATION OF ALL PUBLIC UTILITY EASEMENTS, ACCEPTED ON BEHALF OF THE PUBLIC THE RELINQUISHMENT TO THE CITY OF TRACY ALL ACCESS RIGHTS OF LOTS 11, 90, AND 91 TO AND FROM FORBES AVENUE, LOT 59 TO AND FROM EMERY STREET, LOTS E, 24, 25, 57, 58, 59, 76, 77, 104, AND 105 TO AND FROM WHITE HART AVENUE, LOTS 35, 65, 66, AND 115 TO AND FROM GLADYS AVENUE, LOT 60 TO AND FROM LEVANT PLACE, LOTS E, 48, 49, 50, 51, 52, 53, 54, 55, AND 56 TO AND FROM SIERRA VIEW DRIVE. ACCEPTED ON BEHALF OF THE PUBLIC THE RIGHT TO CONTROL ACCESS OVER AND ACROSS THE ONE (1)-FOOT WIDE ACCESS RESERVE STRIP SHOWN AT THE EAST END OF WHITE HART AVENUE, FORBES AVENUE, AND GLADYS AVENUE. ALL AS SHOWN ON THIS FINAL MAP, AND ACCEPTED THE OFFER OF DEDICATION OF ALL STREET RIGHTS-OF-WAY, SUBJECT TO SATISFACTORY COMPLETION OF IMPROVEMENTS THEREON, IN ACCORDANCE WITH TITLES 10 AND 12 OF THE TRACY MUNICIPAL CODE, AND ANY AMENDMENTS THERETO, APPLICABLE AT THE TIME OF APPROVAL OF THE TENTATIVE MAP.

I HEREBY FURTHER STATE PURSUANT TO SECTION 66477.5 OF THE GOVERNMENT CODE OF THE STATE OF CALIFORNIA; THE LOCAL AGENCY SHALL RECONVEY THE PROPERTY TO THE SUBDIVIDER IF THE LOCAL AGENCY MAKES A DETERMINATION PURSUANT TO SAID SECTION THAT THE SAME PUBLIC PURPOSE FOR WHICH THE PROPERTY WAS DEDICATED DOES NOT EXIST, OR THE PROPERTY OR ANY PORTION THEREOF IS NOT NEEDED FOR PUBLIC UTILITIES, AS SPECIFIED IN SUBDIVISION (C) OF SAID SECTION.

DATED THIS _____ DAY OF _____, 2024.

ADRIANNE RICHARDSON, CITY CLERK
AND CLERK OF THE CITY COUNCIL

CERTIFICATE OF DEDICATION

THE FOLLOWING REAL PROPERTY IS DEDICATED BY AG EHC II (LEN) CA 1, L.P., A DELAWARE LIMITED PARTNERSHIP, C/O ESSENTIAL HOUSING ASSET MANAGEMENT, LLC, 8585 E. HARTFORD DRIVE, SUITE 118, SCOTTSDALE, AZ 85255:

FOR THE PURPOSE OF PUBLIC STREET RIGHTS-OF-WAY:

"LINDEN AVENUE", "POND PLACE", "STANEK AVENUE", "ULSTER AVENUE", "RABINO AVENUE", "OSCAR DRIVE", "OLD LARKS LANE", "JONAH STREET", "NATION WAY", "KISMET STREET", AND "PENELOPE STREET".

FOR THE PURPOSE OF PUBLIC PARK:

LOT "A".

THE FOLLOWING REAL PROPERTY IS DEDICATED BY AG EHC II (LEN) CA 1, L.P., A DELAWARE LIMITED PARTNERSHIP TO THE CITY OF TRACY AS EASEMENTS FOR PUBLIC PURPOSES: "PUBLIC UTILITY EASEMENT" OR "PUE".

THE CITY OF TRACY SHALL RECONVEY THE PROPERTY TO THE SUBDIVIDER IF THE CITY OF TRACY MAKES A DETERMINATION PURSUANT TO GOVERNMENT CODE SECTION 66477.5 THAT THE SAME PUBLIC PURPOSE FOR WHICH THE PROPERTY WAS DEDICATED DOES NOT EXIST, OR THE PROPERTY OR ANY PORTION THEREOF IS NOT NEEDED FOR PUBLIC UTILITIES.

SIGNATURE OMISSIONS:

PURSUANT TO SECTION 66436(a), 3(A)(i) OF THE CALIFORNIA SUBDIVISION MAP ACT, THE SIGNATURES OF PARTIES OWNING THE FOLLOWING INTERESTS, WHICH CANNOT RIPEN INTO A FEE, HAVE BEEN OMITTED:

1. SJCOG, INC. CONSERVATION EASEMENTS: 2012-091623 AND 2016-041345
2. STATE OF CALIFORNIA – ABUTTER'S EASEMENT RIGHTS: 2915 O.R. 621
3. TIDE WATER OIL COMPANY – PIPE LINE EASEMENT RIGHTS: 3079 O.R. 318 AND 3132 O.R. 674

CITY CLERK'S STATEMENT

THIS IS TO STATE THAT AT ITS REGULARLY HELD MEETING ON THE _____ DAY OF _____, 2024, THE CITY COUNCIL OF THE CITY OF TRACY, CALIFORNIA PER COUNCIL RESOLUTION NO._____ APPROVED THIS FINAL MAP OF "TRACT NO. 4134, SUBDIVISIONS OF SAN JOAQUIN COUNTY, TRACY HILLS VILLAGES 5 AND 6", CITY OF TRACY, CALIFORNIA, AND ACCEPTED ON BEHALF OF THE PUBLIC FOR PUBLIC USE THE OFFER OF DEDICATION OF ALL PUBLIC UTILITY EASEMENTS, ACCEPTED ON BEHALF OF THE PUBLIC THE RELINQUISHMENT TO THE CITY OF TRACY ALL ACCESS RIGHTS OF LOTS 13 AND 14 TO AND FROM POND PLACE, LOTS 77, 78, 79 AND 80 TO AND FROM STANEK AVENUE, LOT 77 TO AND FROM KISMET STREET, LOTS 36, 37, 56, 57 AND 76 TO AND FROM ULSTER AVENUE, LOTS 1, 26, 27, 46, 47, 66, 67 AND 111 TO AND FROM RABINO AVENUE, LOT 112 TO AND FROM OSCAR DRIVE, AND LOTS 122 AND 123 TO AND FROM PENELOPE STREET.

ACCEPTED ON BEHALF OF THE PUBLIC THE RIGHT TO CONTROL ACCESS OVER AND ACROSS THE 1-FOOT WIDE ACCESS RESERVE STRIP SHOWN AT THE NORTH END OF OLD LARKS LANE, JONAH STREET, KISMET STREET, THE WEST SIDE OF LINDEN AVENUE, AND THE SOUTH END OF LINDEN AVENUE. ALL AS SHOWN ON THIS FINAL MAP, AND ACCEPTED THE OFFER OF DEDICATION OF ALL STREET RIGHTS-OF-WAY, SUBJECT TO SATISFACTORY COMPLETION OF IMPROVEMENTS THEREON, IN ACCORDANCE WITH TITLES 10 AND 12 OF THE TRACY MUNICIPAL CODE, AND ANY AMENDMENTS THERETO, APPLICABLE AT THE TIME OF APPROVAL OF THE TENTATIVE MAP, AND ACCEPTED ON BEHALF OF THE PUBLIC FOR PUBLIC USE THE OFFER OF DEDICATION OF LOT "A", SUBJECT TO SATISFACTORY COMPLETION OF IMPROVEMENTS.

I HEREBY FURTHER STATE PURSUANT TO SECTION 66477.5 OF THE GOVERNMENT CODE OF THE STATE OF CALIFORNIA; THE LOCAL AGENCY SHALL RECONVEY THE PROPERTY TO THE SUBDIVIDER IF THE LOCAL AGENCY MAKES A DETERMINATION PURSUANT TO SAID SECTION THAT THE SAME PUBLIC PURPOSE FOR WHICH THE PROPERTY WAS DEDICATED DOES NOT EXIST, OR THE PROPERTY OR ANY PORTION THEREOF IS NOT NEEDED FOR PUBLIC UTILITIES, AS SPECIFIED IN SUBDIVISION (C) OF SAID SECTION.

DATED THIS _____ DAY OF _____, 2024.

CERTIFICATE OF DEDICATION

THE FOLLOWING REAL PROPERTY IS DEDICATED BY AG EHC II (LEN) CA 2, L.P., A DELAWARE LIMITED PARTNERSHIP, C/O ESSENTIAL HOUSING ASSET MANAGEMENT, LLC, 8585 E. HARTFORD DRIVE, SUITE 118, SCOTTSDALE, AZ 85255:

FOR THE PURPOSE OF PUBLIC STREET RIGHTS-OF-WAY:

"KESTER WAY", "JOSHUA STREET", "GALIEN COURT", "HOLLAND STREET", "HULLUM PLACE", "WHITE HART AVENUE" AND "PUNJYA BROTHERS DRIVE".

THE FOLLOWING REAL PROPERTY IS DEDICATED BY AG EHC II (LEN) CA 2, L.P., A DELAWARE LIMITED PARTNERSHIP TO THE CITY OF TRACY AS EASEMENTS FOR PUBLIC PURPOSES: "PUBLIC UTILITY EASEMENT" OR "PUE", "STORM DRAIN EASEMENT" OR "SDE", "SANITARY SEWER EASEMENT" OR "SSE".

THE CITY OF TRACY SHALL RECONVEY THE PROPERTY TO THE SUBDIVIDER IF THE CITY OF TRACY MAKES A DETERMINATION PURSUANT TO GOVERNMENT CODE SECTION 66477.5 THAT THE SAME PUBLIC PURPOSE FOR WHICH THE PROPERTY WAS DEDICATED DOES NOT EXIST, OR THE PROPERTY OR ANY PORTION THEREOF IS NOT NEEDED FOR PUBLIC UTILITIES.

SIGNATURE OMISSIONS:

PURSUANT TO SECTION 66436(a), 3(A)(i) OF THE CALIFORNIA SUBDIVISION MAP ACT, THE SIGNATURES OF PARTIES OWNING THE FOLLOWING INTERESTS, WHICH CANNOT RIPEN INTO A FEE, HAVE BEEN OMITTED:

NO AFFECTING EASEMENTS

SURVEYOR'S STATEMENT

THIS MAP WAS PREPARED BY ME OR UNDER MY DIRECTION AND IS BASED UPON A FIELD SURVEY IN CONFORMANCE WITH THE REQUIREMENTS OF THE SUBDIVISION MAP ACT AND LOCAL ORDINANCE AT THE REQUEST OF AG EHC II (LEN) CA 2, L.P., A DELAWARE LIMITED PARTNERSHIP ON JANUARY 1, 2022. I HEREBY STATE THAT THIS FINAL MAP SUBSTANTIALLY CONFORMS TO THE APPROVED OR CONDITIONALLY APPROVED TENTATIVE MAP (IF ANY), THAT ALL MONUMENTS ARE OF THE CHARACTER AND OCCUPY THE POSITIONS INDICATED OR THAT THEY WILL BE SET IN THOSE POSITIONS ON OR BEFORE DECEMBER 31, 2025, AND THAT SAID MONUMENTS ARE OR WILL BE SUFFICIENT TO ENABLE THE SURVEY TO BE RETRACED.

DATED THIS 17th DAY OF APRIL, 2024.

RUGGERI–JENSEN–AZAR
CIVIL ENGINEERS, PLANNERS, SURVEYORS
PLEASANTON, CALIFORNIA
FEBRUARY 2024

SURVEYOR'S STATEMENT

THIS MAP WAS PREPARED BY ME OR UNDER MY DIRECTION AND IS BASED UPON A FIELD SURVEY IN CONFORMANCE WITH THE REQUIREMENTS OF THE SUBDIVISION MAP ACT AND LOCAL ORDINANCE AT THE REQUEST OF AG EHC II (LEN) CA 2, L.P., A DELAWARE LIMITED PARTNERSHIP ON JANUARY 1, 2022. I HEREBY STATE THAT THIS FINAL MAP SUBSTANTIALLY CONFORMS TO THE APPROVED OR CONDITIONALLY APPROVED TENTATIVE MAP (IF ANY), THAT ALL MONUMENTS ARE OF THE CHARACTER AND OCCUPY THE POSITIONS INDICATED OR THAT THEY WILL BE SET IN THOSE POSITIONS ON OR BEFORE DECEMBER 31, 2025, AND THAT SAID MONUMENTS ARE OR WILL BE SUFFICIENT TO ENABLE THE SURVEY TO BE RETRACED.

DATED THIS 24th DAY OF APRIL, 2024.

SCOTT A. SHORTLIDGE, P.L.S. NO. 6441

LICENSED LAND SURVEYOR — SCOTT A. SHORTLIDGE — No. 6441 — STATE OF CALIFORNIA

CITY ENGINEER'S STATEMENT

I, KOOSUN KIM, HEREBY STATE THAT I AM THE CITY ENGINEER OF THE CITY OF TRACY, CALIFORNIA AND THAT I HAVE EXAMINED THIS FINAL MAP OF "TRACT 4138, SUBDIVISIONS OF SAN JOAQUIN COUNTY, TRACY HILLS VILLAGE 10", CITY OF TRACY, CALIFORNIA AND THAT THE SUBDIVISION SHOWN HEREON IS SUBSTANTIALLY THE SAME AS IT APPEARED ON THE TENTATIVE MAP, AND ANY APPROVED ALTERATIONS THEREOF. I FURTHER STATE THAT THIS FINAL MAP COMPLIES WITH ALL THE PROVISIONS OF TITLES 10 AND 12 OF THE TRACY MUNICIPAL CODE, AND ANY AMENDMENTS THERETO, APPLICABLE AT THE TIME OF APPROVAL OF THE TENTATIVE MAP.

DATED THIS _____ DAY OF _____, 2024.

KOOSUN KIM, R.C.E. NO. 64769
CITY ENGINEER

REGISTERED PROFESSIONAL ENGINEER — KOOSUN KIM — No. 64769 — CIVIL — STATE OF CALIFORNIA

SURVEYOR FOR THE CITY STATEMENT

I, DAVID W. ENKE, HEREBY STATE THAT I HAVE EXAMINED THIS FINAL MAP OF "TRACT 4138, SUBDIVISIONS OF SAN JOAQUIN COUNTY, TRACY HILLS VILLAGE 10", CITY OF TRACY, CALIFORNIA AND THAT THE SUBDIVISION SHOWN HEREON COMPLIES WITH ALL THE PROVISIONS OF CHAPTER 2 OF THE CALIFORNIA SUBDIVISION MAP ACT, AS AMENDED, AND THAT THIS FINAL MAP IS TECHNICALLY CORRECT.

DATED THIS _____ DAY OF _____, 2024.

DAVID W. ENKE, L.S. NO. 4071

LICENSED LAND SURVEYOR — DAVID W. ENKE — No. 4071 — STATE OF CALIFORNIA

CERTIFICATE OF DEDICATION

THE FOLLOWING REAL PROPERTY IS DEDICATED BY AG EHC II (LEN) CA 2, L.P., A DELAWARE LIMITED PARTNERSHIP, C/O ESSENTIAL HOUSING ASSET MANAGEMENT, LLC, 8585 E. HARTFORD DRIVE, SUITE 118, SCOTTSDALE, AZ 85255:

FOR THE PURPOSE OF PUBLIC STREET RIGHTS–OF–WAY:

"LAMPLIGHT DRIVE", "FLOYD GLENN WISE DRIVE", "LAYLA WAY", AND "MOSS WAY".

THE FOLLOWING REAL PROPERTY IS DEDICATED BY AG EHC II (LEN) CA 2, L.P., A DELAWARE LIMITED PARTNERSHIP TO THE CITY OF TRACY AS EASEMENTS FOR PUBLIC PURPOSES: "PUBLIC UTILITY EASEMENT" OR "PUE".

THE CITY OF TRACY SHALL RECONVEY THE PROPERTY TO THE SUBDIVIDER IF THE CITY OF TRACY MAKES A DETERMINATION PURSUANT TO GOVERNMENT CODE SECTION 66477.5 THAT THE SAME PUBLIC PURPOSE FOR WHICH THE PROPERTY WAS DEDICATED DOES NOT EXIST, OR THE PROPERTY OR ANY PORTION THEREOF IS NOT NEEDED FOR PUBLIC UTILITIES.

SIGNATURE OMISSIONS:

PURSUANT TO SECTION 66436(a), 3(A)(i) OF THE CALIFORNIA SUBDIVISION MAP ACT, THE SIGNATURES OF PARTIES OWNING THE FOLLOWING INTERESTS, WHICH CANNOT RIPEN INTO A FEE, HAVE BEEN OMITTED:

NO AFFECTING EASEMENTS

CITY CLERK'S STATEMENT

THIS IS TO STATE THAT AT ITS REGULARLY HELD MEETING ON THE _____ DAY OF _____, 2024, THE CITY COUNCIL OF THE CITY OF TRACY, CALIFORNIA PER COUNCIL RESOLUTION NO._____ APPROVED THIS FINAL MAP OF "TRACT NO. 4138, SUBDIVISIONS OF SAN JOAQUIN COUNTY, TRACY HILLS VILLAGE 10", CITY OF TRACY, CALIFORNIA, AND ACCEPTED ON BEHALF OF THE PUBLIC FOR PUBLIC USE THE OFFER OF DEDICATION OF ALL PUBLIC UTILITY EASEMENTS, ACCEPTED ON BEHALF OF THE PUBLIC THE RELINQUISHMENT TO THE CITY OF TRACY ALL ACCESS RIGHTS OF LOTS 56, 57 AND 86 TO AND FROM FROST STREET, LOTS 45, 46, 67 AND 68 TO AND FROM MOSS WAY, LOTS 34 AND 79 TO AND FROM LAYLA WAY.

ACCEPTED ON BEHALF OF THE PUBLIC THE OFFER OF DEDICATION OF ALL STREET RIGHTS–OF–WAY, SUBJECT TO SATISFACTORY COMPLETION OF IMPROVEMENTS THEREON, IN ACCORDANCE WITH TITLES 10 AND 12 OF THE TRACY MUNICIPAL CODE, AND ANY AMENDMENTS THERETO, APPLICABLE AT THE TIME OF APPROVAL OF THE TENTATIVE MAP.

I HEREBY FURTHER STATE PURSUANT TO SECTION 66477.5 OF THE GOVERNMENT CODE OF THE STATE OF CALIFORNIA; THE LOCAL AGENCY SHALL RECONVEY THE PROPERTY TO THE SUBDIVIDER IF THE LOCAL AGENCY MAKES A DETERMINATION PURSUANT TO SAID SECTION THAT THE SAME PUBLIC PURPOSE FOR WHICH THE PROPERTY WAS DEDICATED DOES NOT EXIST, OR THE PROPERTY OR ANY PORTION THEREOF IS NOT NEEDED FOR PUBLIC UTILITIES, AS SPECIFIED IN SUBDIVISION (C) OF SAID SECTION.

DATED THIS _____ DAY OF _____, 2024.

ADRIANNE RICHARDSON, CITY CLERK
AND CLERK OF THE CITY COUNCIL

City of Tracy
SUBDIVISION IMPROVEMENT AGREEMENT
Tract 4132 - Tracy Hills Villages 1 and 4

This **SUBDIVISION IMPROVEMENT AGREEMENT** ("**Agreement**") is made and entered into by and between the **CITY OF TRACY** a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company (hereinafter "**Developer**"). The effective date of this Agreement shall be the date on which City executes the Agreement ("**Effective Date**").

Recitals

A. Developer is the party responsible for the construction of the public improvements within a portion of the real property comprising the subject Final Subdivision Map for Tract 4132 - Tracy Hills Village 1 and 4, and being more particularly described in ***Exhibit "A"*** attached hereto and incorporated herein by reference (hereinafter "**Project**"). AG EHC II (LEN) CA 1, L.P., is a landbank holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consents to the recordation of this Agreement as evidenced by its signature below.

B. October 19, 2021, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved by Resolution No. 2021-154 ("**Tentative Map**"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by a Homeowner's Association, Developer or City on approximately 1,143 acres within

the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk, and is incorporated herein by this reference.

C. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("**Conditions of Approval**"). The Conditions of Approval describe, among other things, improvements that are required for approval of the Final Subdivision Map pursuant to the Subdivision Map Act, the Subdivision Ordinance, and applicable City Standards.

D. In accordance with the Subdivision Map Act (California Government Code sections 66410, et seq) and the Subdivision Ordinance (Tracy Municipal Code, Title 12), Developer has submitted to the City the Final Subdivision Map for Tract 4132 - Tracy Hills Village 1 and 4 (the "**Final Subdivision Map**"), consisting of 139 single-family residential lots, and other parcels to be owned by a Homeowner's Association, all to be located on approximately 46.3+/- acres within the boundaries of the Project. **Exhibit "B"** shows the overall Project area and the location of the Final Subdivision Map for Tract 4132 - Tracy Hills Village 1 and 4. Developer is required to execute this Agreement as a condition of the City's approval of the Final Subdivision Map.

E. In accordance with the Conditions of Approval, Developer has prepared, and the City Engineer has approved, certain improvement plans and specifications (which incorporate portions of the City's Standard Specifications), which describe the improvements that are required for approval of the Final Subdivision Map and are incorporated herein by reference. The approved plans and specifications ("**Approved Plans and Specifications**") include: *(a) Seventeen (17) sheets of improvement plans entitled "Improvement Plans- Boulder - Tract 4132 - Villages 1 & 4 Tracy Hills Phase 2A" prepared by Ruggeri-Jensen-Azar dated February 22, 2024; (b) six (6) sheets of joint trench plans entitled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Village 1 & 4" prepared by Power Systems Design dated September 16, 2022; (c) five (5) sheets of street light plans entitled "Street Lighting Plan Set, Tracy Hills, Villages 1 & 4" prepared by Power Systems Design dated September 22, 2022; and (d) thirty-six (36) of landscape construction drawings entitled "Tracy Hills Landscape Improvement Plans Villages 1 & 4 Boulder", prepared by FORMA, dated December 8, 2023.* The improvement plans, joint trench plans and street lighting plans are on file with the City Engineer under Tracking No. ENG22-0010 and the landscape plans are on file with the City Engineer under Tracking No. ENG22-0034 (the "**Landscape Plans**"), all incorporated herein by reference.

F. In order to commence construction of certain improvements described in the Approved Plans and Specifications, the City and Developer entered into an Inspection Improvement Agreement last dated on September 8, 2022 (the "**IIA**"), the first page of which is attached as ***Exhibit "C"***. The IIA permitted Developer to commence construction of those improvements based upon certain submitted plans and specifications (the "**Submitted Plans and Specifications**"), *(a) seventeen (17) sheets of improvement plans titled "Boulder, Tract 4132, Villages 1 & 4, Tracy Hills Phase 2A" prepared by*

Ruggeri-Jensen-Azar dated July 22, 2022; (b) six (6) sheets of joint trench plans titled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Villages 1 & 4" prepared by Power Systems Design dated August 29, 2022 and (c) five (5) sheets of street light plans titled "Street Lighting Plan Set, Tracy Hills, Villages 1 and 4" prepared by Power Systems Design dated August 29, 2022, at Developer's sole risk. All of the plans contained in the Submitted Plans and Specifications were approved by the City Engineer at the time of approval of the IIA with the exception of the landscape plans. The IIA provides:

> "Developer understands and agrees that because the Submitted Plans and Specifications have not been approved by the City Engineer, if any of the completed improvements do not conform to the Approved Plans and Specifications the Developer may have to remove or correct any non-conformities to the reasonable satisfaction of the City Engineer at Developer's sole cost."

As such, Developer acknowledged and agreed that if the Approved Plans and Specifications varied from the Submitted Plans and Specifications, Developer would bear sole cost and expense in correcting any of the Work so that it was in conformance with the Approved Plans and Specifications. The Submitted Plans and Specifications are on file with the City Engineer and marked by the City Engineer as "**IIA Plans.**"

G. Pursuant to the IIA, all of the work performed by the Developer was subject to regular inspection by the City in the same manner and with the same reimbursement for those inspections as work would be inspected under a subdivision improvement agreement.

H. As a condition to the execution of the IIA, the Developer was required to provide engineer's estimates of the cost of the improvements, which engineer's estimates were then reviewed and approved by the City Engineer. Developer provided a Faithful Performance Bond in the amount of $4,029,942.00, a Labor and Material Bond in the amount of $4,029,942.00 a Warranty Bond in the amount of $402,994.00, *and a Monumentation Bond dated in the amount of $23,875.00* all dated August 25, 2022, in the form reviewed and approved by the City (the "**IIA Security**"). The IIA Security included an estimate, approved by the City Engineer, for that portion of the Work to be performed pursuant to the IIA landscape improvement plans, the final design of which is now reflected in the Landscape Plans. The IIA Security remains in full force and effect.

I. While a portion of the Work, as defined in Section 1 below, is now substantially complete, not all of the Work is substantially complete. This Agreement provides for an appropriate process for final inspection, acceptance of the Work and provision and release of sureties for the Work and is intended to replace the IIA for all of the Work contemplated by the IIA Plans and the Approved Plans and Specifications

J. Because the required improvements have not been completed, Developer is required to execute this Agreement as authorized by Government Code section 66462.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Scope of Work; Location**. Developer shall perform, or cause to be performed, the work in the manner and as described in the Approved Plans and Specifications, to the satisfaction of the City Engineer pursuant to this Agreement (the "**Work**"). The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f). To the extent applicable, all of the Work shall be performed by Developer in accordance with the requirements of the State prevailing wage laws. Developer shall perform all Work at the locations and grades shown on the Approved Plans and Specifications. Developer (a) has acquired any necessary easement or right-of-way or(b) has entered into a separate Agreement with the City to acquire the necessary easement or right-of-way at Developer's expense.

2. **Time of Performance**. Time is of the essence in the performance of the Work, and the timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

   2.1 **Commencement of Work**. The remaining Work shall begin within 60 days after the Effective Date of the Agreement. No later than fifteen (15) days prior to the commencement of such Work, Developer shall provide written notice to the City Engineer of the date on which Developer intends to commence Work. To the extent required, Developer shall not commence Work until after the notice required by this section is properly provided, and Developer shall not commence Work prior to the date specified in the written notice.

   2.2 **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

   2.3 **Completion of Work**. Developer shall complete all Work by no later than three hundred sixty-five (365) calendar days after Developer's submittal of its notice of commencement of Work pursuant to Section 2.1 above. If the Work is not completed by this date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to expiring date of completion, (b) the City Engineer determines that Work is progressing satisfactorily and an extension is warranted, and (c) Developer pays all processing fees for such time extension.

3. **Improvement Security**. Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the following amounts:

   3.1 **Faithful Performance** security in the amount of **$4,029,942.00** to secure faithful performance of this Agreement.

   3.2 **Labor and Material** security in the amount of **$4,029,942.00** to secure payment by Developer to laborers and materialmen.

   3.3 **Warranty** security in the amount of **$402,994.00** to guarantee improvements against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

   3.4 **Monumentation** security in the amount of **$23,875.00** to secure faithful performance of setting monuments pursuant to Government Code section 66496.

   City acknowledges Developer posted security in the form of bonds prior to commencement of the work under the IIA and confirms the amount of the IIA Security is the same amount as is required under this Section 3. Developer posted riders to the IIA Bonds to satisfy the requirements of this Section 3, in a form to the satisfaction of the City Engineer and City Attorney.

4. **Indemnification**. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2) the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 14, below, has expired, at which time the indemnification obligations under this Section 4 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section 4 are in addition to all other Developer's obligations set forth in this Agreement, and shall not affect Developer's warranty obligations set forth in Section 14, below.

5. **Insurance**. Concurrently with the execution of this Agreement by Developer, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 5 are material terms of this Agreement.

These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

5.1 **General**. Developer shall, throughout the duration of this Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

5.2 **Commercial General Liability** (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

5.3 **Professional Contracts**. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

5.4 **Automobile Liability** (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

5.4.1 If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

5.5 **Workers' Compensation** coverage shall be maintained as required by the State of California.

5.6 **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

5.6.1 The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing

operations and CG 20 37 (or its equivalent) for products/completed operations.

5.6.2 For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

5.6.3 Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

5.7 **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

5.8 **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

5.9 **Insurance Certificate**. Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney before the City executes this Agreement.

5.10 **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

5.11 **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

6. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

7. **Default**

7.1 **Notice of Default**. In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

7.2 **Events of default**. Developer shall be in default ("**Default**") of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

7.2.1 Intentionally Left Blank.

7.2.2 Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

7.2.3 Developer abandons the Work site.

7.2.4 Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 7.3 below.

7.2.5 Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

7.2.6 Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 7.3 below.

7.3 **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

7.3.1 Demand that Developer complete performance of the Work.

7.3.2 Demand that Developer's surety (if any) complete performance of the Work.

7.3.3 Resort to any judicial remedies available to the City.

8. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the

completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

9. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

10. **Inspection by the City; Inspection Fees**. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

    10.1 **Inspection Fees**. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated Project costs (as approved by the City Engineer).

    In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

11. **[Intentionally Left Blank]**

12. **Developer's Authorized Representative**. At all times during the progress of the Work, Developer shall have a competent foreperson or superintendent ("**Authorized Representative**") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. **Exhibit "D"** attached hereto includes the initial contact information referenced in this Section 12.

13. **Acceptance of Work**. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

14. **Warranty Period**. Developer shall warrant the quality of the Work, in accordance with the terms of the Approved Plans and Specifications, for a period of one year

after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

15. **Termination of IIA**. Upon the joint execution of this Agreement, the IIA is deemed terminated.

16. **Miscellaneous**.

16.1 **Notices**. All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City:	To Developer:
City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org	Lennar Homes of California, LLC 2603 Camino Ramon, Suite 525 San Ramon, CA 94583 Attn: Bridgit Koller bridgit.koller@lennar.com

Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

16.2 **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

16.3 **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

16.4 **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

16.5 **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

16.6 **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

16.7 **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

16.8 **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)
B. Tract Location (Recital D.)
C. IIA Excerpt (Recital F.)
D. Subdivider's Authorized Representative Information (Section 12.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

16.9 **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

IN WITNESS WHEREOF the parties do hereby agree to the full performance of the terms set forth herein.

City of Tracy
INSPECTION IMPROVEMENT AGREEMENT
TRACT 4132 - TRACY HILLS VILLAGES 1 AND 4

This **Inspection Improvement Agreement** ("**Agreement**") is entered into by and between the City of Tracy, a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company ("**Developer**").

Recitals

A. Developer is currently the owner of the real property that is the subject of that certain tentative map known as Vesting Tentative Map, Tract 4057, Tracy Hills Phase 2, approved by the City Council on October 19, 2021, by Resolution No. 2021-154 (the "**Tentative Map**"), and more particularly depicted in Exhibit "**A**", attached and incorporated herein by its reference ("**Property**").

B. The Tentative Map approval was subject to certain conditions of approval ("**Conditions**"). The Conditions are attached here as Exhibit "**B**" and incorporated by reference.

C. Among other things, the Conditions describe certain improvements that are required for approval of a final subdivision map under the Subdivision Map Act (California Government Code sections 66410, *et seq.*), City's Subdivision Ordinance (Tracy Municipal Code, Title 12), and applicable City Standards.

D. In accordance with the Subdivision Map Act and City's Subdivision Ordinance, Developer has submitted to City a final map for the project known as Tract No. 4132, Tracy Hills Villages 1 and 4 (the "**Final Map**"). The Final Map is being reviewed by the City Engineer for substantial compliance with the Tentative Map, and the Final Map has not yet been approved by City for recordation.

E. Improvement plans and specifications (which incorporate portions of the City's Standard Specifications) have been prepared on behalf of Developer and are under review by the City Engineer. They describe in more detail the improvements that are required for approval of the Final Map. The submitted plans and specifications, which are under review by the City Engineer, are on file with the City Engineer and incorporated herein by reference. The term **"Partially Submitted Plans and Specifications"** is a subset of the complete plans that have been submitted and specifically includes the following: (a) seventeen (17) sheets of improvement plans titled "Boulder, Tract 4132, Villages 1 & 4, Tracy Hills Phase 2A" prepared by Ruggeri-Jensen-Azar; (b) six (6) sheets of joint trench plans titled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Villages 1 & 4" prepared by Power Systems Design and (c) five (5) sheets of street light plans titled "Street Lighting Plan Set, Tracy Hills, Villages 1 and 4" prepared by Power Systems Design. The above referenced plans are on file with the City Engineer under Tracking No. ENG22-0010 and have been approved by the City Engineer.

City of Tracy
SUBDIVISION IMPROVEMENT AGREEMENT
Tract 4133 - Tracy Hills Villages 2 and 3

This **SUBDIVISION IMPROVEMENT AGREEMENT** ("**Agreement**") is made and entered into by and between the **CITY OF TRACY** a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company (hereinafter **Developer**). The effective date of this Agreement shall be the date on which City executes the Agreement ("**Effective Date**").

Recitals

A. Developer is the party responsible for the construction of the public improvements within a portion of the real property comprising the subject Final Subdivision Map for Tract 4133 - Tracy Hills Village 2 and 3, and being more particularly described in ***Exhibit "A"*** attached hereto and incorporated herein by reference (hereinafter "**Project**"). AG EHC II (LEN) CA 1, L.P. and AG EHC II (LEN) CA 2, L.P., are landbanks holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consent to the recordation of this Agreement as evidenced by its signature below.

B. October 19, 2021, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved by Resolution No. 2021-154 ("**Tentative Map**"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by a Homeowner's Association, Developer or City on approximately 1,143 acres within

the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk, and is incorporated herein by this reference.

C. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer (**"Conditions of Approval"**). The Conditions of Approval describe, among other things, improvements that are required for approval of the Final Subdivision Map pursuant to the Subdivision Map Act, the Subdivision Ordinance, and applicable City Standards.

D. In accordance with the Subdivision Map Act (California Government Code sections 66410, et seq) and the Subdivision Ordinance (Tracy Municipal Code, Title 12), Developer has submitted to the City the Final Subdivision Map for Tract 4133 - Tracy Hills Village 2 and 3 (the "**Final Subdivision Map**"), consisting of 115 single-family residential lots, and other parcels to be owned by a Homeowner's Association, all to be located on approximately 42.1+/- acres within the boundaries of the Project. **Exhibit "B"** shows the overall Project area and the location of the Final Subdivision Map for Tract 4133 - Tracy Hills Village 2 and 3. Developer is required to execute this Agreement as a condition of the City's approval of the Final Subdivision Map.

E. In accordance with the Conditions of Approval, Developer has prepared, and the City Engineer has approved, certain improvement plans and specifications (which incorporate portions of the City's Standard Specifications), which describe the improvements that are required for approval of the Final Subdivision Map and are incorporated herein by reference. The approved plans and specifications ("**Approved Plans and Specifications**") include: *(a)Fifteen (15)sheets of improvement plans entitled "Improvement Plans – Cairnway - Tract 4133 - Villages 2&3 Tracy Hills Phase 2A" prepared by Ruggeri-Jensen- Azar dated February 22, 2024; (b) six (6) sheets of joint trench plans entitled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Villages 2 & 3" prepared by Power Systems Design dated September 15, 2022; (c)five(5)sheets of street light plans entitled "Street Lighting Plan Set, Tracy Hills, Village 2 & 3" prepared by Power Systems Design dated August 29, 2022; and (d)thirty five (35)sheets of landscape construction drawings entitled "Tracy Hills Landscape Improvement Plans Villages 2&3 Cairnway," prepared by FORMA, dated December* 8, 2023. The improvement plans, joint trench plans and street lighting plans are on file with the City Engineer under Tracking No. ENG22-0011 and the landscape plans are on file with the City Engineer under Tracking No. ENG22-0032 (the **Landscape Plans**"), all incorporated herein by reference.

F. In order to commence construction of certain improvements described in the Approved Plans and Specifications, the City and Developer entered into an Inspection Improvement Agreement last dated on September 8, 2022 (the "**IIA**"), the first page of which is attached as ***Exhibit "C"***. The IIA permitted Developer to commence construction of those improvements based upon certain submitted plans and specifications (the "**Submitted Plans and Specifications**"), (a) fifteen (15) sheets of improvement plans

titled "Cairnway, Tract 4133, Villages 2 & 3, Tracy Hills Phase 2A" prepared by Ruggeri-Jensen-Azar dated July 22, 2022; (b) six (6) sheets of joint trench plans titled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Villages 2 & 3" prepared by Power Systems Design dated August 29, 2022 and (c) five (5) sheets of street light plans titled "Street Lighting Plan Set, Tracy Hills, Villages 2 and 3" prepared by Power Systems Design dated August 29, 2022, at Developer's sole risk. All of the plans contained in the Submitted Plans and Specifications were approved by the City Engineer at the time of approval of the IIA with the exception of the landscape plans. The IIA provides:

> "Developer understands and agrees that because the Submitted Plans and Specifications have not been approved by the City Engineer, if any of the completed improvements do not conform to the Approved Plans and Specifications the Developer may have to remove or correct any non-conformities to the reasonable satisfaction of the City Engineer at Developer's sole cost."

As such, Developer acknowledged and agreed that if the Approved Plans and Specifications varied from the Submitted Plans and Specifications, Developer would bear sole cost and expense in correcting any of the Work so that it was in conformance with the Approved Plans and Specifications. The Submitted Plans and Specifications are on file with the City Engineer and marked by the City Engineer as "**IIA Plans.**"

G. Pursuant to the IIA, all of the work performed by the Developer was subject to regular inspection by the City in the same manner and with the same reimbursement for those inspections as work would be inspected under a subdivision improvement agreement.

H. As a condition to the execution of the IIA, the Developer was required to provide engineer's estimates of the cost of the improvements, which engineer's estimates were then reviewed and approved by the City Engineer. Developer provided a Faithful Performance Bond in the amount of $2,260,567.00, a Labor and Material Bond in the amount of $2,260,567.00 a Warranty Bond in the amount of $226,057.00, *and a Monumentation Bond in the amount of $36,875.00* all dated August 25, 2022, in the form reviewed and approved by the City (the "**IIA Security**"). The IIA Security included an estimate, approved by the City Engineer, for that portion of the Work to be performed pursuant to the IIA landscape improvement plans, the final design of which is now reflected in the Landscape Plans. The IIA Security remains in full force and effect.

I. While a portion of the Work, as defined in Section 1 below, is now substantially complete, not all of the Work is substantially complete. This Agreement provides for an appropriate process for final inspection, acceptance of the Work and provision and release of sureties for the Work and is intended to replace the IIA for all of the Work contemplated by the IIA Plans and the Approved Plans and Specifications.

J. Because the required improvements have not been completed, Developer is required to execute this Agreement as authorized by Government Code section 66462.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Scope of Work; Location**. Developer shall perform, or cause to be performed, the work in the manner and as described in the Approved Plans and Specifications, to the satisfaction of the City Engineer pursuant to this Agreement (the "**Work**"). The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f). To the extent applicable, all of the Work shall be performed by Developer in accordance with the requirements of the State prevailing wage laws. Developer shall perform all Work at the locations and grades shown on the Approved Plans and Specifications. Developer (a) has acquired any necessary easement or right-of-way or(b) has entered into a separate Agreement with the City to acquire the necessary easement or right-of-way at Developer's expense.

2. **Time of Performance**. Time is of the essence in the performance of the Work, and the timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

   2.1 **Commencement of Work**. The remaining Work shall begin within 60 days after the Effective Date of the Agreement. No later than fifteen (15) days prior to the commencement of such Work, Developer shall provide written notice to the City Engineer of the date on which Developer intends to commence Work. To the extent required, Developer shall not commence Work until after the notice required by this section is properly provided, and Developer shall not commence Work prior to the date specified in the written notice.

   2.2 **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

   2.3 **Completion of Work**. Developer shall complete all Work by no later than three hundred sixty-five (365) calendar days after Developer's submittal of its notice of commencement of Work pursuant to Section 2.1 above. If the Work is not completed by this date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to expiring date of completion, (b) the City Engineer determines that Work is progressing satisfactorily and an extension is warranted, and (c)Developer pays all processing fees for such time extension.

3. **Improvement Security**. Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the following amounts:

   3.1 **Faithful Performance** security in the amount of **$2,260,567.00** to secure faithful performance of this Agreement.

   3.2 **Labor and Material** security in the amount of **$2,260,567.00** to secure payment by Developer to laborers and materialmen.

   3.3 **Warranty** security in the amount of **$226,057.00** to guarantee improvements against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

   3.4 **Monumentation** security in the amount of **$36,875.00** to secure faithful performance of setting monuments pursuant to Government Code section 66496.

   City acknowledges Developer posted security in the form of bonds prior to commencement of the work under the IIA and confirms the amount of the IIA Security is the same amount as is required under this Section 3. Developer posted riders to the IIA Bonds to satisfy the requirements of this Section 3, in a form to the satisfaction of the City Engineer and City Attorney.

4. **Indemnification**. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2)the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 14, below, has expired, at which time the indemnification obligations under this Section 4 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section4 are in addition to all other Developer's obligations set forth in this Agreement, and shall not affect Developer's warranty obligations set forth in Section 14, below.

5. **Insurance**. Concurrently with the execution of this Agreement by Developer, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 5 are material terms of this Agreement.

These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

5.1 **General**. Developer shall, throughout the duration of this Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

5.2 **Commercial General Liability** (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

5.3 **Professional Contracts**. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

5.4 **Automobile Liability** (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

5.4.1 If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

5.5 **Workers' Compensation** coverage shall be maintained as required by the State of California.

5.6 **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

5.6.1 The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing

operations and CG 20 37 (or its equivalent) for products/completed operations.

5.6.2 For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

5.6.3 Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

5.7 **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

5.8 **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

5.9 **Insurance Certificate**. Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney before the City executes this Agreement.

5.10 **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

5.11 **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

6. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

7. **Default**

7.1 **Notice of Default**. In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

7.2 **Events of default**. Developer shall be in default ("**Default**") of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

7.2.1 Intentionally Left Blank.

7.2.2 Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

7.2.3 Developer abandons the Work site.

7.2.4 Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 7.3 below.

7.2.5 Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

7.2.6 Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 7.3 below.

7.3 **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

7.3.1 Demand that Developer complete performance of the Work.

7.3.2 Demand that Developer's surety (if any) complete performance of the Work.

7.3.3 Resort to any judicial remedies available to the City.

8. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the

completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

9. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

10. **Inspection by the City; Inspection Fees**. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

10.1 **Inspection Fees**. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated Project costs (as approved by the City Engineer).

In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

11. **[Intentionally Left Blank]**

12. **Developer's Authorized Representative**. At all times during the progress of the Work, Developer shall have a competent foreperson or superintendent ("**Authorized Representative**") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. **Exhibit "D"** attached hereto includes the initial contact information referenced in this Section 12.

13. **Acceptance of Work**. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

14. **Warranty Period**. Developer shall warrant the quality of the Work, in accordance with the terms of the Approved Plans and Specifications, for a period of one year

after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

15. **Termination of IIA**. Upon the joint execution of this Agreement, the IIA is deemed terminated.

16. **Miscellaneous**.

16.1 **Notices**. All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City	To Developer:
City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org	Lennar Homes of California, LLC 2603 Camino Ramon, Suite 525 San Ramon, CA 94583 Attn: Bridgit Koller bridgit.koller@lennar.com

Hartford Drive, Suite 118 Scottsdale, AZ 85255 Attn: Steven S. Benson, Manager steve.benson@essentialhousingops.com

Communications shall be deemed to have been given and received on the first to occur of: (1)actual receipt at the email address designated above, or (2)two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

16.2 **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

16.3 **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

16.4 **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

16.5 **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

16.6 **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

16.7 **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

16.8 **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)
B. Tract Location (Recital D.)
C. IIA Excerpt (Recital F.)
D. Subdivider's Authorized Representative Information (Section 12.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

16.9 **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

IN WITNESS WHEREOF the parties do hereby agree to the full performance of the terms set forth herein.

City of Tracy
INSPECTION IMPROVEMENT AGREEMENT
TRACT 4133 - TRACY HILLS VILLAGES 2 AND 3

This **Inspection Improvement Agreement** ("**Agreement**") is entered into by and between the City of Tracy, a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company ("**Developer**").

Recitals

A. Developer is currently the owner of the real property that is the subject of that certain tentative map known as Vesting Tentative Map, Tract 4057, Tracy Hills Phase 2, approved by the City Council on October 19, 2021, by Resolution No. 2021-154 (the "**Tentative Map**"), and more particularly depicted in Exhibit "**A**", attached and incorporated herein by its reference ("**Property**").

B. The Tentative Map approval was subject to certain conditions of approval ("**Conditions**"). The Conditions are attached here as Exhibit "**B**" and incorporated by reference.

C. Among other things, the Conditions describe certain improvements that are required for approval of a final subdivision map under the Subdivision Map Act (California Government Code sections 66410, *et seq.*), City's Subdivision Ordinance (Tracy Municipal Code, Title 12), and applicable City Standards.

D. In accordance with the Subdivision Map Act and City's Subdivision Ordinance, Developer has submitted to City a final map for the project known as Tract No. 4133, Tracy Hills Villages 2 and 3 (the "**Final Map**"). The Final Map is being reviewed by the City Engineer for substantial compliance with the Tentative Map, and the Final Map has not yet been approved by City for recordation.

E. Improvement plans and specifications (which incorporate portions of the City's Standard Specifications) have been prepared on behalf of Developer and are under review by the City Engineer. They describe in more detail the improvements that are required for approval of the Final Map. The submitted plans and specifications, which are under review by the City Engineer, are on file with the City Engineer and incorporated herein by reference. The term **"Partially Approved Submitted Plans and Specifications"** is a subset of the complete plans that have been submitted and specifically includes the following: (a) fifteen (15) sheets of improvement plans titled "Cairnway, Tract 4133, Villages 2 & 3, Tracy Hills Phase 2A" prepared by Ruggeri-Jensen-Azar; (b) six (6) sheets of joint trench plans titled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Villages 2 & 3" prepared by Power Systems Design and (c) five (5) sheets of street light plans titled "Street Lighting Plan Set, Tracy Hills, Villages 2 and 3" prepared by Power Systems Design. The above referenced plans are on file with the City Engineer under Tracking No. ENG22-0011 and have been approved by the City Engineer.

City of Tracy
SUBDIVISION IMPROVEMENT AGREEMENT
Tract 4134 - Tracy Hills Villages 5 and 6

This **SUBDIVISION IMPROVEMENT AGREEMENT** ("**Agreement**") is made and entered into by and between the **CITY OF TRACY** a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company (hereinafter "**Developer**"). The effective date of this Agreement shall be the date on which City executes the Agreement ("**Effective Date**").

Recitals

A. Developer is the party responsible for the construction of the public improvements within a portion of the real property comprising the subject Final Subdivision Map for Tract 4134 - Tracy Hills Village 5 and 6, and being more particularly described in ***Exhibit "A"*** attached hereto and incorporated herein by reference (hereinafter "**Project**"). AG EHC II (LEN) CA 1, L.P. is a landbank holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consents to the recordation of this Agreement as evidenced by its signature below.

B. October 19, 2021, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved by Resolution No. 2021-154 ("**Tentative Map**"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by a Homeowner's Association, Developer or City on approximately 1,143 acres within

the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk, and is incorporated herein by this reference.

C. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("**Conditions of Approval**"). The Conditions of Approval describe, among other things, improvements that are required for approval of the Final Subdivision Map pursuant to the Subdivision Map Act, the Subdivision Ordinance, and applicable City Standards.

D. In accordance with the Subdivision Map Act (California Government Code sections 66410, et seq) and the Subdivision Ordinance (Tracy Municipal Code, Title 12), Developer has submitted to the City the Final Subdivision Map for Tract 4134 - Tracy Hills Village 5 and 6 (the "**Final Subdivision Map**"), consisting of 131 single-family residential lots, and other parcels to be owned by a Homeowner's Association, all to be located on approximately 39.6+/- acres within the boundaries of the Project. **Exhibit "B"** shows the overall Project area and the location of the Final Subdivision Map for Tract 4134 - Tracy Hills Village 5 and 6. Developer is required to execute this Agreement as a condition of the City's approval of the Final Subdivision Map.

E. In accordance with the Conditions of Approval, Developer has prepared, and the City Engineer has approved, certain improvement plans and specifications (which incorporate portions of the City's Standard Specifications), which describe the improvements that are required for approval of the Final Subdivision Map and are incorporated herein by reference. The approved plans and specifications ("**Approved Plans and Specifications**") include: *(a) Twenty One (21) sheets of improvement plans entitled "Improvement Plans – Crestwick - Tract 4134 - Villages 5&6 Tracy Hills Phase 2A" prepared by Ruggeri-Jensen-Azar dated February 22, 2024; (b) seven (7) sheets of joint trench plans entitled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Village 5 and 6" prepared by Power Systems Design dated November 17, 2022; (c) six (6) sheets of street light plans entitled "Street Lighting Plan Set, Tracy Hills, Village 5 and 6" prepared by Power Systems Design dated November 17, 2022; and (d) thirty eight (38) sheets of landscape construction drawings entitled "Tracy Hills Landscape Improvement Plans Villages 5 & 6 Crestwick", prepared by FORMA, dated November 21, 2023.* The improvement plans, joint trench plans and street lighting plans are on file with the City Engineer under Tracking No. ENG22-0012 and the landscape plans are on file with the City Engineer under Tracking No. ENG22-0036 (the "**Landscape Plans**"), all incorporated herein by reference.

F. In order to commence construction of certain improvements described in the Approved Plans and Specifications, the City and Developer entered into an Inspection Improvement Agreement last dated on October 31, 2022 (the "**IIA**"), the first page of which is attached as ***Exhibit "C"***. The IIA permitted Developer to commence construction of those improvements based upon certain submitted plans and specifications (the "**Submitted Plans and Specifications**"), (a) twenty-one (21) sheets of improvement

plans entitled "Crestwick, Tract 4134, Villages 5 & 6, Tracy Hills Phase 2A" prepared by Ruggeri-Jensen-Azar dated June 10, 2022; (b) seven (7) sheets of joint trench plans entitled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Villages 5 & 6" prepared by Power Systems Design dated June 28, 2022 and (c) five (5) sheets of street light plans entitled "Street Lighting Plan Set, Tracy Hills, Villages 5 and 6" prepared by Power Systems Design dated June 28, 2022, at Developer's sole risk. All of the plans contained in the Submitted Plans and Specifications were approved by the City Engineer at the time of approval of the IIA with the exception of the landscape plans. The IIA provides:

> "Developer understands and agrees that because the Submitted Plans and Specifications have not been approved by the City Engineer, if any of the completed improvements do not conform to the Approved Plans and Specifications the Developer may have to remove or correct any non-conformities to the reasonable satisfaction of the City Engineer at Developer's sole cost."

As such, Developer acknowledged and agreed that if the Approved Plans and Specifications varied from the Submitted Plans and Specifications, Developer would bear sole cost and expense in correcting any of the Work so that it was in conformance with the Approved Plans and Specifications. The Submitted Plans and Specifications are on file with the City Engineer and marked by the City Engineer as "**IIA Plans.**"

G. Pursuant to the IIA, all of the work performed by the Developer was subject to regular inspection by the City in the same manner and with the same reimbursement for those inspections as work would be inspected under a subdivision improvement agreement.

H. As a condition to the execution of the IIA, the Developer was required to provide engineer's estimates of the cost of the improvements, which engineer's estimates were then reviewed and approved by the City Engineer. Developer provided a Faithful Performance Bond in the amount of $3,886,947.00, a Labor and Material Bond in the amount of $3,886,947.00 a Warranty Bond in the amount of $388,695.00, *and a Monumentation Bond in the amount of $32,875.00* all dated September 13, 2022, in the form reviewed and approved by the City (the "**IIA Security**"). The IIA Security included an estimate, approved by the City Engineer, for that portion of the Work to be performed pursuant to the IIA landscape improvement plans, the final design of which is now reflected in the Landscape Plans. The IIA Security remains in full force and effect.

I. While a portion of the Work, as defined in Section 1 below, is now substantially complete, not all of the Work is substantially complete. This Agreement provides for an appropriate process for final inspection, acceptance of the Work and provision and release of sureties for the Work and is intended to replace the IIA for all of the Work contemplated by the IIA Plans and the Approved Plans and Specifications.

J. Because the required improvements have not been completed, Developer is required to execute this Agreement as authorized by Government Code section 66462.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Scope of Work; Location**. Developer shall perform, or cause to be performed, the work in the manner and as described in the Approved Plans and Specifications, to the satisfaction of the City Engineer pursuant to this Agreement (the "**Work**"). The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f). To the extent applicable, all of the Work shall be performed by Developer in accordance with the requirements of the State prevailing wage laws. Developer shall perform all Work at the locations and grades shown on the Approved Plans and Specifications. Developer (a) has acquired any necessary easement or right-of-way or(b) has entered into a separate Agreement with the City to acquire the necessary easement or right-of-way at Developer's expense.

2. **Time of Performance**. Time is of the essence in the performance of the Work, and the timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

   2.1 **Commencement of Work**. The remaining Work shall begin within 60 days after the Effective Date of the Agreement. No later than fifteen (15) days prior to the commencement of such Work, Developer shall provide written notice to the City Engineer of the date on which Developer intends to commence Work. To the extent required, Developer shall not commence Work until after the notice required by this section is properly provided, and Developer shall not commence Work prior to the date specified in the written notice.

   2.2 **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

   2.3 **Completion of Work**. Developer shall complete all Work by no later than three hundred sixty-five (365) calendar days after Developer's submittal of its notice of commencement of Work pursuant to Section 2.1 above. If the Work is not completed by this date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to expiring date of completion, (b) the City Engineer determines that Work is progressing satisfactorily and an extension is warranted, and (c) Developer pays all processing fees for such time extension.

3. **Improvement Security**. Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the following amounts:

   3.1 **Faithful Performance** security in the amount of **$3,886,947.00** to secure faithful performance of this Agreement.

   3.2 **Labor and Material** security in the amount of **$3,886,947.00** to secure payment by Developer to laborers and materialmen.

   3.3 **Warranty** security in the amount of **$388,695.00** to guarantee improvements against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

   3.4 **Monumentation** security in the amount of **$32,875.00** to secure faithful performance of setting monuments pursuant to Government Code section 66496.

   City acknowledges Developer posted security in the form of bonds prior to commencement of the work under the IIA and confirms the amount of the IIA Security is the same amount as is required under this Section 3. Developer posted riders to the IIA Bonds to satisfy the requirements of this Section 3, in a form to the satisfaction of the City Engineer and City Attorney.

4. **Indemnification**. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2) the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 14, below, has expired, at which time the indemnification obligations under this Section 4 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section 4 are in addition to all other Developer's obligations set forth in this Agreement, and shall not affect Developer's warranty obligations set forth in Section 14, below.

5. **Insurance**. Concurrently with the execution of this Agreement by Developer, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 5 are material terms of this Agreement.

These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

5.1 **General**. Developer shall, throughout the duration of this Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

5.2 **Commercial General Liability** (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

5.3 **Professional Contracts**. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

5.4 **Automobile Liability** (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

5.4.1 If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

5.5 **Workers' Compensation** coverage shall be maintained as required by the State of California.

5.6 **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

5.6.1 The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing

operations and CG 20 37 (or its equivalent) for products/completed operations.

5.6.2 For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

5.6.3 Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

5.7 **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

5.8 **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

5.9 **Insurance Certificate**. Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney before the City executes this Agreement.

5.10 **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

5.11 **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

6. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

7. **Default**

7.1 **Notice of Default**. In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

7.2 **Events of default**. Developer shall be in default ("**Default**") of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

7.2.1 Intentionally Left Blank.

7.2.2 Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

7.2.3 Developer abandons the Work site.

7.2.4 Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 7.3 below.

7.2.5 Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

7.2.6 Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 7.3 below.

7.3 **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

7.3.1 Demand that Developer complete performance of the Work.

7.3.2 Demand that Developer's surety (if any) complete performance of the Work.

7.3.3 Resort to any judicial remedies available to the City.

8. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the

completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

9. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

10. **Inspection by the City; Inspection Fees**. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

    10.1 **Inspection Fees**. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated Project costs (as approved by the City Engineer).

    In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

11. [**Intentionally Left Blank**]

12. **Developer's Authorized Representative**. At all times during the progress of the Work, Developer shall have a competent foreperson or superintendent ("**Authorized Representative**") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. **Exhibit "D"** attached hereto includes the initial contact information referenced in this Section 12.

13. **Acceptance of Work**. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

14. **Warranty Period**. Developer shall warrant the quality of the Work, in accordance with the terms of the Approved Plans and Specifications, for a period of one year

after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

15. **Termination of IIA**. Upon the joint execution of this Agreement, the IIA is deemed terminated.

16. **Miscellaneous**.

16.1 **Notices**. All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City:	To Developer:
City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org	Lennar Homes of California, LLC 2603 Camino Ramon, Suite 525 San Ramon, CA 94583 Attn: Bridgit Koller bridgit.koller@lennar.com

Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

16.2 **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

16.3 **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

16.4 **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

16.5 **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

16.6 **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

16.7 **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

16.8 **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)
B. Tract Location (Recital D.)
C. IIA Excerpt (Recital F.)
D. Subdivider's Authorized Representative Information (Section 12.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

16.9 **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

IN WITNESS WHEREOF the parties do hereby agree to the full performance of the terms set forth herein.

City of Tracy
INSPECTION IMPROVEMENT AGREEMENT
TRACT 4134 - TRACY HILLS VILLAGES 5 AND 6

This **Inspection Improvement Agreement** ("**Agreement**") is entered into by and between the City of Tracy, a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company ("**Developer**").

Recitals

A. Developer is currently the owner of the real property comprising Tract 4134, Tracy Hills Villages 5 & 6 ("**Property**"), that is situated within the boundaries of that certain tentative map known as Vesting Tentative Map, Tract 4057, Tracy Hills Phase 2, approved by the City Council on October 19, 2021, by Resolution No. 2021-154 (the "**Tentative Map**"). The Property is more particularly depicted in Exhibit "A", attached and incorporated herein by its reference.

B. The Tentative Map approval was subject to certain conditions of approval ("**Conditions**"). The Conditions are attached here as Exhibit "B" and incorporated by reference.

C. Among other things, the Conditions describe certain improvements that are required for approval of a final subdivision map under the Subdivision Map Act (California Government Code sections 66410, *et seq.*), City's Subdivision Ordinance (Tracy Municipal Code, Title 12), and applicable City Standards.

D. In accordance with the Subdivision Map Act and City's Subdivision Ordinance, Developer has Partially Approved Submitted to City a final map for the project known as Tract No. 4134, Tracy Hills Villages 5 and 6 (the "**Final Map**"). The Final Map is being reviewed by the City Engineer for substantial compliance with the Tentative Map, and the Final Map has not yet been approved by City for recordation.

E. Improvement plans and specifications (which incorporate portions of the City's Standard Specifications) have been prepared on behalf of Developer and are under review by the City Engineer. They describe in more detail the improvements that are required for approval of the Final Map. The Partially Approved Submitted plans and specifications, which are under review by the City Engineer, are on file with the City Engineer under ENG22-0012 (WDID #5S39C396305) and incorporated herein by reference. The term **"Partially Approved Submitted Plans and Specifications"** includes: (a) twenty-one (21) sheets of improvement plans entitled "Crestwick, Tract 4134, Villages 5 & 6, Tracy Hills Phase 2A" prepared by Ruggeri-Jensen-Azar; (b) seven (7) sheets of joint trench plans entitled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Villages 5 & 6" prepared by Power Systems Design and (c) five (5) sheets of street light plans entitled "Street Lighting Plan Set, Tracy Hills, Villages 5 and 6" prepared by Power Systems Design.

City of Tracy
SUBDIVISION IMPROVEMENT AGREEMENT
Tract 4135 - Tracy Hills Village 7

This **SUBDIVISION IMPROVEMENT AGREEMENT** ("**Agreement**") is made and entered into by and between the **CITY OF TRACY** a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company (hereinafter "**Developer**"). The effective date of this Agreement shall be the date on which City executes the Agreement ("**Effective Date**").

Recitals

A. Developer is the party responsible for the construction of the public improvements within a portion of the real property comprising the subject Final Subdivision Map for Tract 4135 - Tracy Hills Village 7, and being more particularly described in ***Exhibit "A"*** attached hereto and incorporated herein by reference (hereinafter "**Project**"). AG EHC II (LEN) CA 2, L.P. is a landbank holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consents to the recordation of this Agreement as evidenced by its signature below.

B. October 19, 2021, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved by Resolution No. 2021-154 ("**Tentative Map**"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by a Homeowner's Association, Developer or City on approximately 1,143 acres within

the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk, and is incorporated herein by this reference.

C. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("**Conditions of Approval**"). The Conditions of Approval describe, among other things, improvements that are required for approval of the Final Subdivision Map pursuant to the Subdivision Map Act, the Subdivision Ordinance, and applicable City Standards.

D. In accordance with the Subdivision Map Act (California Government Code sections 66410, et seq) and the Subdivision Ordinance (Tracy Municipal Code, Title 12), Developer has submitted to the City the Final Subdivision Map for Tract 4135 - Tracy Hills Village 7 (the "**Final Subdivision Map**"), consisting of 97 single-family residential lots, and other parcels to be owned by a Homeowner's Association, all to be located on approximately 23.1+/- acres within the boundaries of the Project. **Exhibit "B"** shows the overall Project area and the location of the Final Subdivision Map for Tract 4135 - Tracy Hills Village 7. Developer is required to execute this Agreement as a condition of the City's approval of the Final Subdivision Map.

E. In accordance with the Conditions of Approval, Developer has prepared, and the City Engineer has approved, certain improvement plans and specifications (which incorporate portions of the City's Standard Specifications), which describe the improvements that are required for approval of the Final Subdivision Map and are incorporated herein by reference. The approved plans and specifications ("**Approved Plans and Specifications**") include: *(a) seventeen (17) sheets of improvement plans entitled "Improvement Plans - Rangewood, Tract 4135, Village 7, Tracy Hills Phase 2A" prepared by Ruggeri-Jensen- Azar dated February 22, 2024; (b) five (5) sheets of joint trench plans entitled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Village 7" prepared by Power Systems Design dated December 7, 2022; (c) four (4) sheets of street light plans entitled "Street Lighting Plan Set, Tracy Hills, Village 7" prepared by Power Systems Design dated November 30, 2022; and (d) thirty-two (32) sheets of landscape construction drawings entitled "Tracy Hills Landscape Improvement Plans Village 7 – Rangewood", prepared by FORMA, dated November 27, 2023.* The improvement plans, joint trench plans and street lighting plans are on file with the City Engineer under Tracking No. ENG22-0024 and the landscape plans are on file with the City Engineer under Tracking No. ENG22-0037 (the "**Landscape Plans**"), all incorporated herein by reference.

F. In order to commence construction of certain improvements described in the Approved Plans and Specifications, the City and Developer entered into an Inspection Improvement Agreement last dated on January 31, 2023 (the "**IIA**"), the first page of which is attached as ***Exhibit "C"***. The IIA permitted Developer to commence construction of those improvements based upon certain submitted plans and specifications (the "**Submitted Plans and Specifications**"), *(a) sixteen (16) sheets of improvement plans entitled "Rangewood, Tract 4135, Village 7, Tracy Hills Phase 2A" prepared by Ruggeri-*

Jensen-Azar dated October 14, 2022; (b) five (5) sheets of joint trench plans titled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Village 7" prepared by Power Systems Design dated October 17, 2022 and (c) four (4) sheets of street light plans titled "Street Lighting Plan Set, Tracy Hills, Village 7" prepared by Power Systems Design dated October 18, 2022, at Developer's sole risk. All of the plans contained in the Submitted Plans and Specifications were approved by the City Engineer at the time of approval of the IIA with the exception of the landscape plans. The IIA provides:

> "Developer understands and agrees that because the Submitted Plans and Specifications have not been approved by the City Engineer, if any of the completed improvements do not conform to the Approved Plans and Specifications the Developer may have to remove or correct any non-conformities to the reasonable satisfaction of the City Engineer at Developer's sole cost."

As such, Developer acknowledged and agreed that if the Approved Plans and Specifications varied from the Submitted Plans and Specifications, Developer would bear sole cost and expense in correcting any of the Work so that it was in conformance with the Approved Plans and Specifications. The Submitted Plans and Specifications are on file with the City Engineer and marked by the City Engineer as "**IIA Plans.**"

G. Pursuant to the IIA, all of the work performed by the Developer was subject to regular inspection by the City in the same manner and with the same reimbursement for those inspections as work would be inspected under a subdivision improvement agreement.

H. As a condition to the execution of the IIA, the Developer was required to provide engineer's estimates of the cost of the improvements, which engineer's estimates were then reviewed and approved by the City Engineer. Developer provided a Faithful Performance Bond in the amount of $2,950,929.00, a Labor and Material Bond in the amount of $2,950,929.00, a Warranty Bond in the amount of $295,093.00, *and a Monumentation Bond in the amount of $24,125.00* all dated November 11, 2022, in the form reviewed and approved by the City (the "**IIA Security**"). The IIA Security included an estimate, approved by the City Engineer, for that portion of the Work to be performed pursuant to the IIA landscape improvement plans, the final design of which is now reflected in the Landscape Plans. The IIA Security remains in full force and effect.

I. While a portion of the Work, as defined in Section 1 below, is now substantially complete, not all of the Work is substantially complete. This Agreement provides for an appropriate process for final inspection, acceptance of the Work and provision and release of sureties for the Work and is intended to replace the IIA for all of the Work contemplated by the IIA Plans and the Approved Plans and Specifications.

J. Because the required improvements have not been completed, Developer is required to execute this Agreement as authorized by Government Code section 66462.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Scope of Work; Location**. Developer shall perform, or cause to be performed, the work in the manner and as described in the Approved Plans and Specifications, to the satisfaction of the City Engineer pursuant to this Agreement (the "**Work**"). The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f). To the extent applicable, all of the Work shall be performed by Developer in accordance with the requirements of the State prevailing wage laws. Developer shall perform all Work at the locations and grades shown on the Approved Plans and Specifications. Developer (a) has acquired any necessary easement or right-of-way or(b) has entered into a separate Agreement with the City to acquire the necessary easement or right-of-way at Developer's expense.

2. **Time of Performance**. Time is of the essence in the performance of the Work, and the timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

   2.1 **Commencement of Work**. The remaining Work shall begin within 60 days after the Effective Date of the Agreement. No later than fifteen (15) days prior to the commencement of such Work, Developer shall provide written notice to the City Engineer of the date on which Developer intends to commence Work. To the extent required, Developer shall not commence Work until after the notice required by this section is properly provided, and Developer shall not commence Work prior to the date specified in the written notice.

   2.2 **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

   2.3 **Completion of Work**. Developer shall complete all Work by no later than three hundred sixty-five (365) calendar days after Developer's submittal of its notice of commencement of Work pursuant to Section 2.1 above. If the Work is not completed by this date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to expiring date of completion, (b) the City Engineer determines that Work is progressing satisfactorily and an extension is warranted, and (c) Developer pays all processing fees for such time extension.

3. **Improvement Security**. Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the following amounts:

   3.1 **Faithful Performance** security in the amount of **$2,940,583.00** to secure faithful performance of this Agreement.

   3.2 **Labor and Material** security in the amount of **$2,940,583.00** to secure payment by Developer to laborers and materialmen.

   3.3 **Warranty** security in the amount of **$294,058.00** to guarantee improvements against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

   3.4 **Monumentation** security in the amount of **$24,125.00** to secure faithful performance of setting monuments pursuant to Government Code section 66496.

   City acknowledges Developer posted security in the form of bonds prior to commencement of the work under the IIA and confirms the amount of the IIA Security is the same amount as is required under this Section 3. Developer posted riders to the IIA Bonds to satisfy the requirements of this Section 3, in a form to the satisfaction of the City Engineer and City Attorney.

4. **Indemnification**. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2) the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 14, below, has expired, at which time the indemnification obligations under this Section 4 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section 4 are in addition to all other Developer's obligations set forth in this Agreement, and shall not affect Developer's warranty obligations set forth in Section 14, below.

5. **Insurance**. Concurrently with the execution of this Agreement by Developer, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 5 are material terms of this Agreement.

These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

5.1 **General**. Developer shall, throughout the duration of this Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

5.2 **Commercial General Liability** (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

5.3 **Professional Contracts**. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

5.4 **Automobile Liability** (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

5.4.1 If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

5.5 **Workers' Compensation** coverage shall be maintained as required by the State of California.

5.6 **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

5.6.1 The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing

operations and CG 20 37 (or its equivalent) for products/completed operations.

5.6.2 For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

5.6.3 Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

5.7 **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

5.8 **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

5.9 **Insurance Certificate**. Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney before the City executes this Agreement.

5.10 **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

5.11 **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

6. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

7. **Default**

7.1 **Notice of Default**. In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

7.2 **Events of default**. Developer shall be in default ("**Default**") of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

7.2.1 Intentionally Left Blank.

7.2.2 Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

7.2.3 Developer abandons the Work site.

7.2.4 Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 7.3 below.

7.2.5 Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

7.2.6 Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 7.3 below.

7.3 **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

7.3.1 Demand that Developer complete performance of the Work.

7.3.2 Demand that Developer's surety (if any) complete performance of the Work.

7.3.3 Resort to any judicial remedies available to the City.

8. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the

completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

9. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

10. **Inspection by the City; Inspection Fees**. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

10.1 **Inspection Fees**. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated Project costs (as approved by the City Engineer).

In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

11. **[Intentionally Left Blank]**

12. **Developer's Authorized Representative**. At all times during the progress of the Work, Developer shall have a competent foreperson or superintendent ("**Authorized Representative**") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. **Exhibit "D"** attached hereto includes the initial contact information referenced in this Section 12.

13. **Acceptance of Work**. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

14. **Warranty Period**. Developer shall warrant the quality of the Work, in accordance with the terms of the Approved Plans and Specifications, for a period of one year

after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

15. **Termination of IIA**. Upon the joint execution of this Agreement, the IIA is deemed terminated.

16. **Miscellaneous**.

16.1 **Notices**. All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City	To Developer:
City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org	Lennar Homes of California, LLC 2603 Camino Ramon, Suite 525 San Ramon, CA 94583 Attn: Bridgit Koller bridgit.koller@lennar.com

Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

16.2 **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

16.3 **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

16.4 **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

16.5 **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

16.6 **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

16.7 **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

16.8 **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)
B. Tract Location (Recital D.)
C. IIA Excerpt (Recital F.)
D. Subdivider's Authorized Representative Information (Section 12.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

16.9 **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

IN WITNESS WHEREOF the parties do hereby agree to the full performance of the terms set forth herein.

City of Tracy
INSPECTION IMPROVEMENT AGREEMENT
TRACT 4135 - TRACY HILLS VILLAGE 7

This **Inspection Improvement Agreement** ("**Agreement**") is entered into by and between the City of Tracy, a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company ("**Developer**").

Recitals

A. Developer is currently the owner of the real property that is the subject of that certain tentative map known as Vesting Tentative Map, Tract 4057, Tracy Hills Phase 2, approved by the City Council on October 19, 2021, by Resolution No. 2021-154 (the "**Tentative Map**"), and more particularly depicted in Exhibit "**A**", attached and incorporated herein by its reference ("**Property**").

B. The Tentative Map approval was subject to certain conditions of approval ("**Conditions**"). The Conditions are attached here as Exhibit "**B**" and incorporated by reference.

C. Among other things, the Conditions describe certain improvements that are required for approval of a final subdivision map under the Subdivision Map Act (California Government Code sections 66410, *et seq.*), City's Subdivision Ordinance (Tracy Municipal Code, Title 12), and applicable City Standards.

D. In accordance with the Subdivision Map Act and City's Subdivision Ordinance, Developer has submitted to City a partially approved final map for the project known as Tract No. 4135, Tracy Hills Village 7 (the "**Final Map**"). The Final Map is being reviewed by the City Engineer for substantial compliance with the Tentative Map, and the Final Map has not yet been approved by City for recordation.

E. Improvement plans and specifications (which incorporate portions of the City's Standard Specifications) have been prepared on behalf of Developer and are under review by the City Engineer. They describe in more detail the improvements that are required for approval of the Final Map. The Partially Approved Submitted Plans and Specifications, which are under review by the City Engineer, are on file with the City Engineer under Tracking No. ENG22-0024 and incorporated herein by reference. The term **"Partially Approved Submitted Plans and Specifications"** includes: (a) sixteen (16) sheets of improvement plans entitled "Rangewood, Tract 4135, Village 7, Tracy Hills Phase 2A" prepared by Ruggeri-Jensen-Azar; (b) five (5) sheets of joint trench plans titled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Village 7" prepared by Power Systems Design and (c) four (4) sheets of street light plans titled "Street Lighting Plan Set, Tracy Hills, Village 7" prepared by Power Systems Design.

City of Tracy
SUBDIVISION IMPROVEMENT AGREEMENT
Tract 4136 - Tracy Hills Village 8

This **SUBDIVISION IMPROVEMENT AGREEMENT** ("**Agreement**") is made and entered into by and between the **CITY OF TRACY** a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company (hereinafter '**Developer**'). The effective date of this Agreement shall be the date on which City executes the Agreement ("**Effective Date**").

Recitals

A. Developer is the party responsible for the construction of the public improvements within a portion of the real property comprising the subject Final Subdivision Map for Tract 4136 - Tracy Hills Village 8, and being more particularly described in ***Exhibit " A"*** attached hereto and incorporated herein by reference (hereinafter "**Project**"). AG EHC II (LEN) CA 2, L.P. is a landbank holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consents to the recordation of this Agreement as evidenced by its signature below.

B. October 19, 2021, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved by Resolution No. 2021-154 ("**Tentative Map**"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by a Homeowner's Association, Developer or City on approximately 1,143 acres within

the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk, and is incorporated herein by this reference.

C. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("**Conditions of Approval**"). The Conditions of Approval describe, among other things, improvements that are required for approval of the Final Subdivision Map pursuant to the Subdivision Map Act, the Subdivision Ordinance, and applicable City Standards.

D. In accordance with the Subdivision Map Act (California Government Code sections 66410, et seq) and the Subdivision Ordinance (Tracy Municipal Code, Title 12), Developer has submitted to the City the Final Subdivision Map for Tract 4136 - Tracy Hills Village 8 (the "**Final Subdivision Map**"), consisting of 89 single-family residential lots, and other parcels to be owned by a Homeowner's Association, all to be located on approximately 29.3+/- acres within the boundaries of the Project. **Exhibit "B"** shows the overall Project area and the location of the Final Subdivision Map for Tract 4136 - Tracy Hills Village 8. Developer is required to execute this Agreement as a condition of the City's approval of the Final Subdivision Map.

E. In accordance with the Conditions of Approval, Developer has prepared, and the City Engineer has approved, certain improvement plans and specifications (which incorporate portions of the City's Standard Specifications), which describe the improvements that are required for approval of the Final Subdivision Map and are incorporated herein by reference. The approved plans and specifications ("**Approved Plans and Specifications**") include: *(a) twelve (12) sheets of improvement plans entitled "Improvement Plans – Ridgerton - Tract 4136 - Village 8 Tracy Hills Phase 2A" prepared by Ruggeri-Jensen- Azar dated February 22, 2024; (b) five (5) sheets of joint trench plans entitled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Village 8" prepared by Power Systems Design dated December, 12, 2022; (c) four (4) sheets of street light plans entitled "Street Lighting Plan Set, Tracy Hills, Village 8" prepared by Power Systems Design dated December 12, 2022; and (d) thirty (30) sheets of landscape construction drawings entitled "Tracy Hills Landscape Improvement Plans Villages 8 Ridgerton," prepared by FORMA, dated November 27, 2023.* The improvement plans, joint trench plans and street lighting plans are on file with the City Engineer under Tracking No. ENG22-0025 and the landscape plans are on file with the City Engineer under Tracking No. ENG22-0040 (the "**Landscape Plans**"), all incorporated herein by reference.

F. In order to commence construction of certain improvements described in the Approved Plans and Specifications, the City and Developer entered into an Inspection Improvement Agreement last dated on January 31, 2023 (the "**IIA**"), the first page of which is attached as ***Exhibit "C"***. The IIA permitted Developer to commence construction of those improvements based upon certain submitted plans and specifications (the "**Submitted Plans and Specifications**"), (a) twelve (12) sheets of improvement plans entitled "Ridgerton, Tract 4136, Village 8, Tracy Hills Phase 2A" prepared by Ruggeri-

Jensen-Azar dated September 26, 2022; (b) four (4) sheets of joint trench plans titled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Village 8" prepared by Power Systems Design dated August 10, 2022 and (c) three (3) sheets of street light plans titled "Street Lighting Plan Set, Tracy Hills, Village 8" prepared by Power Systems Design dated August 22, 2022, at Developer's sole risk. All of the plans contained in the Submitted Plans and Specifications were approved by the City Engineer at the time of approval of the IIA with the exception of the landscape plans. The IIA provides:

> "Developer understands and agrees that because the Submitted Plans and Specifications have not been approved by the City Engineer, if any of the completed improvements do not conform to the Approved Plans and Specifications the Developer may have to remove or correct any non-conformities to the reasonable satisfaction of the City Engineer at Developer's sole cost."

As such, Developer acknowledged and agreed that if the Approved Plans and Specifications varied from the Submitted Plans and Specifications, Developer would bear sole cost and expense in correcting any of the Work so that it was in conformance with the Approved Plans and Specifications. The Submitted Plans and Specifications are on file with the City Engineer and marked by the City Engineer as "**IIA Plans.**"

G. Pursuant to the IIA, all of the work performed by the Developer was subject to regular inspection by the City in the same manner and with the same reimbursement for those inspections as work would be inspected under a subdivision improvement agreement.

H. As a condition to the execution of the IIA, the Developer was required to provide engineer's estimates of the cost of the improvements, which engineer's estimates were then reviewed and approved by the City Engineer. Developer provided a Faithful Performance Bond in the amount of $2,449,244.00, a Labor and Material Bond in the amount of $2,449,244.00, a Warranty Bond in the amount of $244,924.00, *and a Monumentation Bond in the amount of $20,875.00* all dated November 10, 2022, in the form reviewed and approved by the City (the "**IIA Security**"). The IIA Security included an estimate, approved by the City Engineer, for that portion of the Work to be performed pursuant to the IIA landscape improvement plans, the final design of which is now reflected in the Landscape Plans. The IIA Security remains in full force and effect.

I. While a portion of the Work, as defined in Section 1 below, is now substantially complete, not all of the Work is substantially complete. This Agreement provides for an appropriate process for final inspection, acceptance of the Work and provision and release of sureties for the Work and is intended to replace the IIA for all of the Work contemplated by the IIA Plans and the Approved Plans and Specifications.

J. Because the required improvements have not been completed, Developer is required to execute this Agreement as authorized by Government Code section 66462.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Scope of Work; Location**. Developer shall perform, or cause to be performed, the work in the manner and as described in the Approved Plans and Specifications, to the satisfaction of the City Engineer pursuant to this Agreement (the "**Work**"). The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f). To the extent applicable, all of the Work shall be performed by Developer in accordance with the requirements of the State prevailing wage laws. Developer shall perform all Work at the locations and grades shown on the Approved Plans and Specifications. Developer (a) has acquired any necessary easement or right-of-way or(b) has entered into a separate Agreement with the City to acquire the necessary easement or right-of-way at Developer's expense.

2. **Time of Performance**. Time is of the essence in the performance of the Work, and the timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

   2.1 **Commencement of Work**. The remaining Work shall begin within 60 days after the Effective Date of the Agreement. No later than fifteen (15) days prior to the commencement of such Work, Developer shall provide written notice to the City Engineer of the date on which Developer intends to commence Work. To the extent required, Developer shall not commence Work until after the notice required by this section is properly provided, and Developer shall not commence Work prior to the date specified in the written notice.

   2.2 **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

   2.3 **Completion of Work**. Developer shall complete all Work by no later than three hundred sixty-five (365) calendar days after Developer's submittal of its notice of commencement of Work pursuant to Section 2.1 above. If the Work is not completed by this date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to expiring date of completion, (b) the City Engineer determines that Work is progressing satisfactorily and an extension is warranted, and (c)Developer pays all processing fees for such time extension.

3. **Improvement Security**. Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the following amounts:

   3.1 **Faithful Performance** security in the amount of **$2,434,907.00** to secure faithful performance of this Agreement.

   3.2 **Labor and Material** security in the amount of **$2,434,907.00** to secure payment by Developer to laborers and materialmen.

   3.3 **Warranty** security in the amount of **$243,491.00** to guarantee improvements against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

   3.4 **Monumentation** security in the amount of **$20,875.00** to secure faithful performance of setting monuments pursuant to Government Code section 66496.

   City acknowledges Developer posted security in the form of bonds prior to commencement of the work under the IIA and confirms the amount of the IIA Security is the same amount as is required under this Section 3. Developer posted riders to the IIA Bonds to satisfy the requirements of this Section 3, in a form to the satisfaction of the City Engineer and City Attorney.

4. **Indemnification**. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2)the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 14, below, has expired, at which time the indemnification obligations under this Section 4 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section4 are in addition to all other Developer's obligations set forth in this Agreement, and shall not affect Developer's warranty obligations set forth in Section 14, below.

5. **Insurance**. Concurrently with the execution of this Agreement by Developer, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 5 are material terms of this Agreement.

These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

5.1 **General**. Developer shall, throughout the duration of this Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

5.2 **Commercial General Liability** (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

5.3 **Professional Contracts**. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

5.4 **Automobile Liability** (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

5.4.1 If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

5.5 **Workers' Compensation** coverage shall be maintained as required by the State of California.

5.6 **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

5.6.1 The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing

operations and CG 20 37 (or its equivalent) for products/completed operations.

5.6.2 For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

5.6.3 Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

5.7 **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

5.8 **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

5.9 **Insurance Certificate**. Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney before the City executes this Agreement.

5.10 **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

5.11 **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

6. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

7. **Default**

7.1 **Notice of Default**. In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

7.2 **Events of default**. Developer shall be in default ("**Default**") of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

7.2.1 Intentionally Left Blank.

7.2.2 Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

7.2.3 Developer abandons the Work site.

7.2.4 Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 7.3 below.

7.2.5 Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

7.2.6 Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 7.3 below.

7.3 **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

7.3.1 Demand that Developer complete performance of the Work.

7.3.2 Demand that Developer's surety (if any) complete performance of the Work.

7.3.3 Resort to any judicial remedies available to the City.

8. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the

completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

9. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

10. **Inspection by the City; Inspection Fees**. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

    10.1 **Inspection Fees**. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated Project costs (as approved by the City Engineer).

    In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

11. **[Intentionally Left Blank]**

12. **Developer's Authorized Representative**. At all times during the progress of the Work, Developer shall have a competent foreperson or superintendent ("**Authorized Representative**") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. **Exhibit "D"** attached hereto includes the initial contact information referenced in this Section 12.

13. **Acceptance of Work**. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

14. **Warranty Period**. Developer shall warrant the quality of the Work, in accordance with the terms of the Approved Plans and Specifications, for a period of one year

after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

15. **Termination of IIA**. Upon the joint execution of this Agreement, the IIA is deemed terminated.

16. **Miscellaneous**.

16.1 **Notices**. All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City:	To Developer:
City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org	Lennar Homes of California, LLC 2603 Camino Ramon, Suite 525 San Ramon, CA 94583 Attn: Bridgit Koller bridgit.koller@lennar.com

Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

16.2 **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

16.3 **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

16.4 **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

16.5 **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

16.6 **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

16.7 **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

16.8 **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)
B. Tract Location (Recital D.)
C. IIA Excerpt (Recital F.)
D. Subdivider's Authorized Representative Information (Section 12.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

16.9 **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

IN WITNESS WHEREOF the parties do hereby agree to the full performance of the terms set forth herein.

City of Tracy
INSPECTION IMPROVEMENT AGREEMENT
TRACT 4136 - TRACY HILLS VILLAGE 8

This **Inspection Improvement Agreement** ("**Agreement**") is entered into by and between the City of Tracy, a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company ("**Developer**").

Recitals

A. Developer is currently the owner of the real property that is the subject of that certain tentative map known as Vesting Tentative Map, Tract 4057, Tracy Hills Phase 2, approved by the City Council on October 19, 2021, by Resolution No. 2021-154 (the "**Tentative Map**"), and more particularly depicted in Exhibit "**A**", attached and incorporated herein by its reference ("**Property**").

B. The Tentative Map approval was subject to certain conditions of approval ("**Conditions**"). The Conditions are attached here as Exhibit "**B**" and incorporated by reference.

C. Among other things, the Conditions describe certain improvements that are required for approval of a final subdivision map under the Subdivision Map Act (California Government Code sections 66410, *et seq.*), City's Subdivision Ordinance (Tracy Municipal Code, Title 12), and applicable City Standards.

D. In accordance with the Subdivision Map Act and City's Subdivision Ordinance, Developer has submitted to City a partially approved final map for the project known as Tract No. 4136, Tracy Hills Village 8 (the "**Final Map**"). The Final Map is being reviewed by the City Engineer for substantial compliance with the Tentative Map, and the Final Map has not yet been approved by City for recordation.

E. Improvement plans and specifications (which incorporate portions of the City's Standard Specifications) have been prepared on behalf of Developer and are under review by the City Engineer. They describe in more detail the improvements that are required for approval of the Final Map. The Partially Approved Submitted Plans and Specifications, which are under review by the City Engineer, are on file with the City Engineer under Tracking No. ENG22-0025 and incorporated herein by reference. The term **"Partially Approved Submitted Plans and Specifications"** includes: (a) twelve (12) sheets of improvement plans entitled "Ridgerton, Tract 4136, Village 8, Tracy Hills Phase 2A" prepared by Ruggeri-Jensen-Azar; (b) four (4) sheets of joint trench plans titled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Village 8" prepared by Power Systems Design and (c) three (3) sheets of street light plans titled "Street Lighting Plan Set, Tracy Hills, Village 8" prepared by Power Systems Design.

City of Tracy
SUBDIVISION IMPROVEMENT AGREEMENT
Tract 4137 - Tracy Hills Village 9

This **SUBDIVISION IMPROVEMENT AGREEMENT** ("**Agreement**") is made and entered into by and between the **CITY OF TRACY** a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company (hereinafter **Developer**). The effective date of this Agreement shall be the date on which City executes the Agreement ("**Effective Date**").

Recitals

A. Developer is the party responsible for the construction of the public improvements within a portion of the real property comprising the subject Final Subdivision Map for Tract 4137 - Tracy Hills Village 9 and being more particularly described in ***Exhibit "A"*** attached hereto and incorporated herein by reference (hereinafter "**Project**") AG EHC II (LEN) CA 2, L.P. is a landbank holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consents to the recordation of this Agreement as evidenced by its signature below.

B. October 19, 2021, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved by Resolution No. 2021-154 ("**Tentative Map**"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by a Homeowner's Association, Developer or City on approximately 1,143 acres within

the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk, and is incorporated herein by this reference.

C. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("**Conditions of Approval**"). The Conditions of Approval describe, among other things, improvements that are required for approval of the Final Subdivision Map pursuant to the Subdivision Map Act, the Subdivision Ordinance, and applicable City Standards.

D. In accordance with the Subdivision Map Act (California Government Code sections 66410, et seq) and the Subdivision Ordinance (Tracy Municipal Code, Title 12), Developer has submitted to the City the Final Subdivision Map for Tract 4137 - Tracy Hills Village 9 (the **Final Subdivision Map**), consisting of 69 single-family residential lots, and other parcels to be owned by a Homeowners Association, all to be located on approximately 34.5+/- acres within the boundaries of the Project. **Exhibit "B"** shows the overall Project area and the location of the Final Subdivision Map for Tract 4137 - Tracy Hills Village 9. Developer is required to execute this Agreement as a condition of the City's approval of the Final Subdivision Map.

E. In accordance with the Conditions of Approval, Developer has prepared, and the City Engineer has approved, certain improvement plans and specifications (which incorporate portions of the City's Standard Specifications), which describe the improvements that are required for approval of the Final Subdivision Map and are incorporated herein by reference. The approved plans and specifications ("**Approved Plans and Specifications**") include: *(a) twelve (12) sheets of improvement plans entitled "Improvement Plans – Rockingham - Tract 4137 - Village 9 Tracy Hills Phase 2A" prepared by Ruggeri-Jensen- Azar dated February 22, 2024; (b) five (5) sheets of joint trench plans entitled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Village 9" prepared by Power Systems Design dated December 7, 2022; (c) four (4) sheets of street light plans entitled "Street Lighting Plan Set Tracy Hills - Village 9" prepared by Power Systems Design dated December 1, 2022; and (d) twenty six (26) sheets of landscape construction drawings entitled "Tracy Hills Landscape Improvement Plans Villages 9 Rockingham", prepared by FORMA, dated* November 27, 2023. The improvement plans, joint trench plans and street lighting plans are on file with the City Engineer under Tracking No. ENG22-0027 and the landscape plans are on file with the City Engineer under Tracking No. ENG23-0005 (the **Landscape Plans**), all incorporated herein by reference.

F. In order to commence construction of certain improvements described in the Approved Plans and Specifications, the City and Developer entered into an Inspection Improvement Agreement last dated on January 31, 2023 (the "**IIA**"), the first page of which is attached as ***Exhibit "C"***. The IIA permitted Developer to commence construction of those improvements based upon certain submitted plans and specifications (the **Submitted Plans and Specifications**), *(a) twelve (12) sheets of improvement plans entitled "Rockingham, Tract 4137, Village 9, Tracy Hills Phase 2A" prepared by Ruggeri-*

Jensen-Azar dated October 14, 2022; (b) four (4) sheets of joint trench plans titled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Village 9" prepared by Power Systems Design dated August 31, 2022 and (c) three (3) sheets of street light plans titled "Street Lighting Plan Set, Tracy Hills, Village 9" prepared by Power Systems Design dated October 4, 2022, at Developer's sole risk. All of the plans contained in the Submitted Plans and Specifications were approved by the City Engineer at the time of approval of the IIA with the exception of the landscape plans. The IIA provides:

> "Developer understands and agrees that because the Submitted Plans and Specifications have not been approved by the City Engineer, if any of the completed improvements do not conform to the Approved Plans and Specifications the Developer may have to remove or correct any non-conformities to the reasonable satisfaction of the City Engineer at Developer's sole cost."

As such, Developer acknowledged and agreed that if the Approved Plans and Specifications varied from the Submitted Plans and Specifications, Developer would bear sole cost and expense in correcting any of the Work so that it was in conformance with the Approved Plans and Specifications. The Submitted Plans and Specifications are on file with the City Engineer and marked by the City Engineer as "**IIA Plans.**"

G. Pursuant to the IIA, all of the work performed by the Developer was subject to regular inspection by the City in the same manner and with the same reimbursement for those inspections as work would be inspected under a subdivision improvement agreement.

H. As a condition to the execution of the IIA, the Developer was required to provide engineer's estimates of the cost of the improvements, which engineer's estimates were then reviewed and approved by the City Engineer. Developer provided a Faithful Performance Bond in the amount of $1,92,060,00, a Labor and Material dated Bond in the amount of $1,920,060.00 a Warranty Bond in the amount of $192,006.00, *and a Monumentation Bond in the amount of $30,125.00* all dated November 10, 2022, in the form reviewed and approved by the City (the "**IIA Security**"). The IIA Security included an estimate, approved by the City Engineer, for that portion of the Work to be performed pursuant to the IIA landscape improvement plans, the final design of which is now reflected in the Landscape Plans. The IIA Security remains in full force and effect.

I. While a portion of the Work, as defined in Section 1 below, is now substantially complete, not all of the Work is substantially complete. This Agreement provides for an appropriate process for final inspection, acceptance of the Work and provision and release of sureties for the Work and is intended to replace the IIA for all of the Work contemplated by the IIA Plans and the Approved Plans and Specifications.

J. Because the required improvements have not been completed, Developer is required to execute this Agreement as authorized by Government Code section 66462.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Scope of Work; Location**. Developer shall perform, or cause to be performed, the work in the manner and as described in the Approved Plans and Specifications, to the satisfaction of the City Engineer pursuant to this Agreement (the "**Work**"). The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section12.36.060(f). To the extent applicable, all of the Work shall be performed by Developer in accordance with the requirements of the State prevailing wage laws. Developer shall perform all Work at the locations and grades shown on the Approved Plans and Specifications. Developer (a) has acquired any necessary easement or right-of-way or(b) has entered into a separate Agreement with the City to acquire the necessary easement or right-of-way at Developers expense.

2. **Time of Performance**. Time is of the essence in the performance of the Work, and the timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

   2.1 **Commencement of Work**. The remaining Work shall begin within 60 days after the Effective Date of the Agreement. No later than fifteen (15) days prior to the commencement of such Work, Developer shall provide written notice to the City Engineer of the date on which Developer intends to commence Work. To the extent required, Developer shall not commence Work until after the notice required by this section is properly provided, and Developer shall not commence Work prior to the date specified in the written notice.

   2.2 **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

   2.3 **Completion of Work**. Developer shall complete all Work by no later than three hundred sixty-five (365) calendar days after Developer's submittal of its notice of commencement of Work pursuant to Section 2.1 above. If the Work is not completed by this date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to expiring date of completion, (b) the City Engineer determines that Work is progressing satisfactorily and an extension is warranted, and (c)Developer pays all processing fees for such time extension.

3. **Improvement Security**. Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the following amounts:

   3.1 **Faithful Performance** security in the amount of **$2,110,510.00** to secure faithful performance of this Agreement.

   3.2 **Labor and Material** security in the amount of **$2,110,510.00** to secure payment by Developer to laborers and materialmen.

   3.3 **Warranty** security in the amount of **$211,051.00** to guarantee improvements against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

   3.4 **Monumentation** security in the amount of **$30,125.00** to secure faithful performance of setting monuments pursuant to Government Code section 66496.

   City acknowledges Developer posted security in the form of bonds prior to commencement of the work under the IIA and confirms the amount of the IIA Security is the same amount as is required under this Section 3. Developer posted riders to the IIA Bonds to satisfy the requirements of this Section 3, in a form to the satisfaction of the City Engineer and City Attorney.

4. **Indemnification**. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2)the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 14, below, has expired, at which time the indemnification obligations under this Section 4 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section4 are in addition to all other Developer's obligations set forth in this Agreement, and shall not affect Developer's warranty obligations set forth in Section 14, below.

5. **Insurance**. Concurrently with the execution of this Agreement by Developer, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 5 are material terms of this Agreement. These insurance

coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

5.1 **General**. Developer shall, throughout the duration of this Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

5.2 **Commercial General Liability** (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

5.3 **Professional Contracts**. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

5.4 **Automobile Liability** (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

5.4.1 If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

5.5 **Workers' Compensation** coverage shall be maintained as required by the State of California.

5.6 **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

5.6.1 The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing

operations and CG 20 37 (or its equivalent) for products/completed operations.

5.6.2 For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

5.6.3 Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

5.7 **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

5.8 **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

5.9 **Insurance Certificate**. Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney before the City executes this Agreement.

5.10 **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

5.11 **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

6. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

7. **Default**

7.1 **Notice of Default**. In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

7.2 **Events of default**. Developer shall be in default ("**Default**") of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

7.2.1 Intentionally Left Blank.

7.2.2 Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

7.2.3 Developer abandons the Work site.

7.2.4 Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 7.3 below.

7.2.5 Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

7.2.6 Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 7.3 below.

7.3 **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

7.3.1 Demand that Developer complete performance of the Work.

7.3.2 Demand that Developer's surety (if any) complete performance of the Work.

7.3.3 Resort to any judicial remedies available to the City.

8. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the

completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

9. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

10. **Inspection by the City; Inspection Fees**. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

    10.1 **Inspection Fees**. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated Project costs (as approved by the City Engineer).

    In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

11. **[Intentionally Left Blank]**

12. **Developer's Authorized Representative**. At all times during the progress of the Work, Developer shall have a competent foreperson or superintendent ("**Authorized Representative**") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. **Exhibit "D"** attached hereto includes the initial contact information referenced in this Section 12.

13. **Acceptance of Work**. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

14. **Warranty Period**. Developer shall warrant the quality of the Work, in accordance with the terms of the Approved Plans and Specifications, for a period of one year

after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

15. **Termination of IIA**. Upon the joint execution of this Agreement, the IIA is deemed terminated.

16. **Miscellaneous**.

16.1 **Notices**. All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City:	To Developer:
City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org	Lennar Homes of California, LLC 2603 Camino Ramon, Suite 525 San Ramon, CA 94583 Attn: Bridgit Koller bridgit.koller@lennar.com

Communications shall be deemed to have been given and received on the first to occur of: (1)actual receipt at the email address designated above, or (2)two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

16.2 **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

16.3 **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

16.4 **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

16.5 **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

16.6 **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

16.7 **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

16.8 **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)
B. Tract Location (Recital D.)
C. IIA Excerpt (Recital F.)
D. Subdivider's Authorized Representative Information (Section 12.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

16.9 **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

IN WITNESS WHEREOF the parties do hereby agree to the full performance of the terms set forth herein.

City of Tracy
INSPECTION IMPROVEMENT AGREEMENT
TRACT 4137 - TRACY HILLS VILLAGE 9

This **Inspection Improvement Agreement** ("**Agreement**") is entered into by and between the City of Tracy, a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company ("**Developer**").

Recitals

A. Developer is currently the owner of the real property that is the subject of that certain tentative map known as Vesting Tentative Map, Tract 4057, Tracy Hills Phase 2, approved by the City Council on October 19, 2021, by Resolution No. 2021-154 (the "**Tentative Map**"), and more particularly depicted in Exhibit "**A**", attached and incorporated herein by its reference ("**Property**").

B. The Tentative Map approval was subject to certain conditions of approval ("**Conditions**"). The Conditions are attached here as Exhibit "**B**" and incorporated by reference.

C. Among other things, the Conditions describe certain improvements that are required for approval of a final subdivision map under the Subdivision Map Act (California Government Code sections 66410, *et seq.*), City's Subdivision Ordinance (Tracy Municipal Code, Title 12), and applicable City Standards.

D. In accordance with the Subdivision Map Act and City's Subdivision Ordinance, Developer has submitted to City a partially approved final map for the project known as Tract No. 4137, Tracy Hills Village 9 (the "**Final Map**"). The Final Map is being reviewed by the City Engineer for substantial compliance with the Tentative Map, and the Final Map has not yet been approved by City for recordation.

E. Improvement plans and specifications (which incorporate portions of the City's Standard Specifications) have been prepared on behalf of Developer and are under review by the City Engineer. They describe in more detail the improvements that are required for approval of the Final Map. The Partially Approved Submitted Plans and Specifications, which are under review by the City Engineer, are on file with the City Engineer under Tracking No. ENG22-0027 and incorporated herein by reference. The term **"Partially Approved Submitted Plans and Specifications"** includes: (a) twelve (12) sheets of improvement plans entitled "Rockingham, Tract 4137, Village 9, Tracy Hills Phase 2A" prepared by Ruggeri-Jensen-Azar; (b) four (4) sheets of joint trench plans titled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Village 9" prepared by Power Systems Design and (c) three (3) sheets of street light plans titled "Street Lighting Plan Set, Tracy Hills, Village 9" prepared by Power Systems Design.

City of Tracy
SUBDIVISION IMPROVEMENT AGREEMENT
Tract 4138 - Tracy Hills Village 10

This **SUBDIVISION IMPROVEMENT AGREEMENT** ("**Agreement**") is made and entered into by and between the **CITY OF TRACY** a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company (hereinafter "**Developer**"). The effective date of this Agreement shall be the date on which City executes the Agreement ("**Effective Date**").

Recitals

A. Developer is the party responsible for the construction of the public improvements within a portion of the real property comprising the subject Final Subdivision Map for Tract 4138 - Tracy Hills Village 10, and being more particularly described in ***Exhibit "A"*** attached hereto and incorporated herein by reference (hereinafter **"Project"**). AG EHC II (LEN) CA 2, L.P. is a landbank holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consents to the recordation of this Agreement as evidenced by its signature below.

B. October 19, 2021, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved by Resolution No. 2021-154 ("**Tentative Map**"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by a Homeowner's Association, Developer or City on approximately 1,143 acres within

the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk, and is incorporated herein by this reference.

C. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("**Conditions of Approval**"). The Conditions of Approval describe, among other things, improvements that are required for approval of the Final Subdivision Map pursuant to the Subdivision Map Act, the Subdivision Ordinance, and applicable City Standards.

D. In accordance with the Subdivision Map Act (California Government Code sections 66410, et seq) and the Subdivision Ordinance (Tracy Municipal Code, Title 12), Developer has submitted to the City the Final Subdivision Map for Tract 4138 - Tracy Hills Village 10 (the "**Final Subdivision Map**"), consisting of 86 single-family residential lots, and other parcels to be owned by a Homeowner's Association, all to be located on approximately 27.3+/- acres within the boundaries of the Project. Exhibit "B" shows the overall Project area and the location of the Final Subdivision Map for Tract 4138 - Tracy Hills Village 10. Developer is required to execute this Agreement as a condition of the City's approval of the Final Subdivision Map.

E. In accordance with the Conditions of Approval, Developer has prepared, and the City Engineer has approved, certain improvement plans and specifications (which incorporate portions of the City's Standard Specifications), which describe the improvements that are required for approval of the Final Subdivision Map and are incorporated herein by reference. The approved plans and specifications ("**Approved Plans and Specifications**") include: *(a)fourteen (14)sheets of improvement plans entitled "Improvement Plans – Slateshire - Tract 4138- Village 10 Tracy Hills Phase 2A" prepared by Ruggeri-Jensen- Azar dated February 22, 2024; (b) six (6) sheets of joint trench plans entitled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Village 10" prepared by Power Systems Design dated December 19, 2022; (c) five (5) sheets of street light plans entitled "Street Lighting Plan Set, Tracy Hills, Village 10" prepared by Power Systems Design dated December 19, 2022; and (d)thirty-two (32)sheets of landscape construction drawings entitled "Tracy Hills Landscape Improvement Plans Villages 10 Slateshire," prepared by FORMA, dated November 27, 2023.* The improvement plans, joint trench plans and street lighting plans are on file with the City Engineer under Tracking No. ENG22-0031 and the landscape plans are on file with the City Engineer under Tracking No. ENG23-0006 (the **Landscape Plans**), all incorporated herein by reference.

F. In order to commence construction of certain improvements described in the Approved Plans and Specifications, the City and Developer entered into an Inspection Improvement Agreement last dated on January 31, 2023 (the "**IIA**"), the first page of which is attached as ***Exhibit "C"***. The IIA permitted Developer to commence construction of those improvements based upon certain submitted plans and specifications (the "**Submitted Plans and Specifications**"), *(a) fourteen (14) sheets of improvement plans*

entitled "Slateshire, Tract 4138, Village 10, Tracy Hills Phase 2A" prepared by Ruggeri-Jensen-Azar dated October 14, 2022; (b) four (4) sheets of joint trench plans titled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Village 10" prepared by Power Systems Design dated September 12, 2022 and (c) three (3) sheets of street light plans titled "Street Lighting Plan Set, Tracy Hills, Village 10" prepared by Power Systems Design dated October 6, 2022, at Developer's sole risk. All of the plans contained in the Submitted Plans and Specifications were approved by the City Engineer at the time of approval of the IIA with the exception of the landscape plans. The IIA provides:

> "Developer understands and agrees that because the Submitted Plans and Specifications have not been approved by the City Engineer, if any of the completed improvements do not conform to the Approved Plans and Specifications the Developer may have to remove or correct any non-conformities to the reasonable satisfaction of the City Engineer at Developer's sole cost."

As such, Developer acknowledged and agreed that if the Approved Plans and Specifications varied from the Submitted Plans and Specifications, Developer would bear sole cost and expense in correcting any of the Work so that it was in conformance with the Approved Plans and Specifications. The Submitted Plans and Specifications are on file with the City Engineer and marked by the City Engineer as "**IIA Plans.**"

G. Pursuant to the IIA, all of the work performed by the Developer was subject to regular inspection by the City in the same manner and with the same reimbursement for those inspections as work would be inspected under a subdivision improvement agreement.

H. As a condition to the execution of the IIA, the Developer was required to provide engineer's estimates of the cost of the improvements, which engineer's estimates were then reviewed and approved by the City Engineer. Developer provided a Faithful Performance Bond in the amount of $2,328,720.00, a Labor and Material Bond in the amount of $2,328,720.00 a Warranty Bond in the amount of $232,872.00, *and a Monumentation Bond in the amount of $40,625.00* all dated November 4, 2022, in the form reviewed and approved by the City (the "**IIA Security**"). The IIA Security included an estimate, approved by the City Engineer, for that portion of the Work to be performed pursuant to the IIA landscape improvement plans, the final design of which is now reflected in the Landscape Plans. The IIA Security remains in full force and effect.

I. While a portion of the Work, as defined in Section 1 below, is now substantially complete, not all of the Work is substantially complete. This Agreement provides for an appropriate process for final inspection, acceptance of the Work and provision and release of sureties for the Work and is intended to replace the IIA for all of the Work contemplated by the IIA Plans and the Approved Plans and Specifications.

J. Because the required improvements have not been completed, Developer is required to execute this Agreement as authorized by Government Code section 66462.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Scope of Work; Location**. Developer shall perform, or cause to be performed, the work in the manner and as described in the Approved Plans and Specifications, to the satisfaction of the City Engineer pursuant to this Agreement (the "**Work**"). The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f). To the extent applicable, all of the Work shall be performed by Developer in accordance with the requirements of the State prevailing wage laws. Developer shall perform all Work at the locations and grades shown on the Approved Plans and Specifications. Developer (a) has acquired any necessary easement or right-of-way or(b) has entered into a separate Agreement with the City to acquire the necessary easement or right-of-way at Developer's expense.

2. **Time of Performance**. Time is of the essence in the performance of the Work, and the timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

   2.1 **Commencement of Work**. The remaining Work shall begin within 60 days after the Effective Date of the Agreement. No later than fifteen (15) days prior to the commencement of such Work, Developer shall provide written notice to the City Engineer of the date on which Developer intends to commence Work. To the extent required, Developer shall not commence Work until after the notice required by this section is properly provided, and Developer shall not commence Work prior to the date specified in the written notice.

   2.2 **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

   2.3 **Completion of Work**. Developer shall complete all Work by no later than three hundred sixty-five (365) calendar days after Developer's submittal of its notice of commencement of Work pursuant to Section 2.1 above. If the Work is not completed by this date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to expiring date of completion, (b) the City Engineer determines that Work is progressing satisfactorily and an extension is warranted, and (c)Developer pays all processing fees for such time extension.

3. **Improvement Security**. Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the following amounts:

   3.1 **Faithful Performance** security in the amount of **$2,632,759.00** to secure faithful performance of this Agreement.

   3.2 **Labor and Material** security in the amount of **$2,632,759.00** to secure payment by Developer to laborers and materialmen.

   3.3 **Warranty** security in the amount of **$263,276.00** to guarantee improvements against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

   3.4 **Monumentation** security in the amount of **$40,625.00** to secure faithful performance of setting monuments pursuant to Government Code section 66496.

   City acknowledges Developer posted security in the form of bonds prior to commencement of the work under the IIA and confirms the amount of the IIA Security is the same amount as is required under this Section 3. Developer posted riders to the IIA Bonds to satisfy the requirements of this Section 3, in a form to the satisfaction of the City Engineer and City Attorney.

4. **Indemnification**. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2)the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 14, below, has expired, at which time the indemnification obligations under this Section 4 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section4 are in addition to all other Developer's obligations set forth in this Agreement, and shall not affect Developer's warranty obligations set forth in Section 14, below.

5. **Insurance**. Concurrently with the execution of this Agreement by Developer, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 5 are material terms of this Agreement. These insurance

coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

5.1 **General**. Developer shall, throughout the duration of this Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

5.2 **Commercial General Liability** (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

5.3 **Professional Contracts**. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

5.4 **Automobile Liability** (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

5.4.1 If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

5.5 **Workers' Compensation** coverage shall be maintained as required by the State of California.

5.6 **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

5.6.1 The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing

operations and CG 20 37 (or its equivalent) for products/completed operations.

5.6.2 For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

5.6.3 Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

5.7 **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

5.8 **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

5.9 **Insurance Certificate**. Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney before the City executes this Agreement.

5.10 **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

5.11 **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

6. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

7. **Default**

7.1 **Notice of Default**. In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

7.2 **Events of default**. Developer shall be in default ("**Default**") of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

7.2.1 Intentionally Left Blank.

7.2.2 Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

7.2.3 Developer abandons the Work site.

7.2.4 Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 7.3 below.

7.2.5 Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

7.2.6 Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 7.3 below.

7.3 **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

7.3.1 Demand that Developer complete performance of the Work.

7.3.2 Demand that Developer's surety (if any) complete performance of the Work.

7.3.3 Resort to any judicial remedies available to the City.

8. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the

completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

9. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

10. **Inspection by the City; Inspection Fees**. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

10.1 **Inspection Fees**. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated Project costs (as approved by the City Engineer).

In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

11. **[Intentionally Left Blank]**

12. **Developer's Authorized Representative**. At all times during the progress of the Work, Developer shall have a competent foreperson or superintendent ("**Authorized Representative**") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. **Exhibit "D"** attached hereto includes the initial contact information referenced in this Section 12.

13. **Acceptance of Work**. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

14. **Warranty Period**. Developer shall warrant the quality of the Work, in accordance with the terms of the Approved Plans and Specifications, for a period of one year

after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

15. **Termination of IIA**. Upon the joint execution of this Agreement, the IIA is deemed terminated.

16. **Miscellaneous**.

16.1 **Notices**. All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City	To Developer:
City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org	Lennar Homes of California, LLC 2603 Camino Ramon, Suite 525 San Ramon, CA 94583 Attn: Bridgit Koller bridgit.koller@lennar.com

Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

16.2 **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

16.3 **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

16.4 **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

16.5 **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

16.6 **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

16.7 **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

16.8 **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)
B. Tract Location (Recital D.)
C. IIA Excerpt (Recital F.)
D. Subdivider's Authorized Representative Information (Section 12.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

16.9 **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

IN WITNESS WHEREOF the parties do hereby agree to the full performance of the terms set forth herein.

City of Tracy
INSPECTION IMPROVEMENT AGREEMENT
TRACT 4138 - TRACY HILLS VILLAGE 10

This **Inspection Improvement Agreement** ("**Agreement**") is entered into by and between the City of Tracy, a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company ("**Developer**").

Recitals

A. Developer is currently the owner of the real property that is the subject of that certain tentative map known as Vesting Tentative Map, Tract 4057, Tracy Hills Phase 2, approved by the City Council on October 19, 2021, by Resolution No. 2021-154 (the "**Tentative Map**"), and more particularly depicted in Exhibit "**A**", attached and incorporated herein by its reference ("**Property**").

B. The Tentative Map approval was subject to certain conditions of approval ("**Conditions**"). The Conditions are attached here as Exhibit "**B**" and incorporated by reference.

C. Among other things, the Conditions describe certain improvements that are required for approval of a final subdivision map under the Subdivision Map Act (California Government Code sections 66410, *et seq.*), City's Subdivision Ordinance (Tracy Municipal Code, Title 12), and applicable City Standards.

D. In accordance with the Subdivision Map Act and City's Subdivision Ordinance, Developer has submitted to City a partially approved final map for the project known as Tract No. 4138, Tracy Hills Village 10 (the "**Final Map**"). The Final Map is being reviewed by the City Engineer for substantial compliance with the Tentative Map, and the Final Map has not yet been approved by City for recordation.

E. Improvement plans and specifications (which incorporate portions of the City's Standard Specifications) have been prepared on behalf of Developer and are under review by the City Engineer. They describe in more detail the improvements that are required for approval of the Final Map. The Partially Approved Submitted Plans and Specifications, which are under review by the City Engineer, are on file with the City Engineer under Tracking No. ENG22-0031 and incorporated herein by reference. The term **"Partially Approved Submitted Plans and Specifications"** includes: (a) fourteen (14) sheets of improvement plans entitled "Slateshire, Tract 4138, Village 10, Tracy Hills Phase 2A" prepared by Ruggeri-Jensen-Azar; (b) four (4) sheets of joint trench plans titled "Joint Trench Composite Plan, Tracy Hills Phase 2A, Village 10" prepared by Power Systems Design and (c) three (3) sheets of street light plans titled "Street Lighting Plan Set, Tracy Hills, Village 10" prepared by Power Systems Design.

CITY OF TRACY
CONDITIONAL SUBDIVISION IMPROVEMENT AGREEMENT
TRACY HILLS - PHASE 2 - 2nd Park

This **CONDITIONAL SUBDIVISION IMPROVEMENT AGREEMENT TRACY HILLS - PHASE 2 - 2nd Park** (hereinafter "Agreement") is made and entered into by and among the **CITY OF TRACY**, a municipal corporation ("City"), and **LENNAR HOMES OF CALIFORNIA, LLC.**, a California limited liability company ("**Developer**").

RECITALS

A. The Developer is the developer of the real property generally known as Tract 4134 – Villages 5 and 6 hereinafter ("**Property**") and more particularly described in **Exhibit "A"** attached hereto and incorporated herein by reference. AG EHC II (LEN) CA, 1, L.P., is a landbank holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consents to the recordation of this Agreement as evidenced by its signature below.

B. On April 5, 2016, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan and approved related land use entitlements, including but not limited to that certain Development Agreement by and Among the City of Tracy, The Tracy Hills Project Owner, LLC, and Tracy Phase I, LLC, ("**DA**") under Application Number TSM16-001 and approved by Resolution 2016-065.

C. October 19, 2021, the City Council adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved

by Resolution No. 2021-154 ("**Tentative Map**"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by Homeowners Association, Developer or City on approximately 1,143 acres within the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk and is incorporated herein by this reference.

D. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("**Conditions of Approval**").

E. The Developer has applied to the City for approval of a Final Map based upon the approved Tentative Map to, among other things, enable the Developer to finance public improvements required to serve the development set forth in the approved Tracy Hills Specific Plan (the "**Project**").

F. In accordance with the Subdivision Map Act (California Government Code sections 66410, et seq) and the Subdivision Ordinance (Tracy Municipal Code, Title 12), Developer has submitted to the City the Final Subdivision Map for Tract 4134 - Tracy Hills Villages 5-6 (the "Final Subdivision Map"), consisting of 131 single-family residential lots, and other parcels to be owned by a Homeowner's Association, all to be located on approximately 39.6 +/- acres within the boundaries of the Project. Exhibit "B" shows the overall Project area and the location of the Final Subdivision Map for Tract 4134 - Tracy Hills Villages 5 and 6. Developer is required to execute this Agreement as a condition of the City's approval of the Final Subdivision Map.

G. Specifically, pursuant to Condition B.10.b, the second neighborhood park within Phase 2 ("**2nd Park**", designated as Lot G on the Tentative Map and Lot A on the Final Subdivision Map) is required to be commenced by the issuance of the 500th building permit in Phase 2 (the "**Trigger Event**"). Condition C.2.9.2 requires Developer and City enter into an agreement to be recorded against the property stipulating this time prior to recordation of the first Final Map in Phase 2. This Agreement is entered into in satisfaction of Conditions B.10.b and C.2.9.2.

H. Because approved plans for 2nd Park are not available prior to approval of the Final Subdivision Map, Developer has provided to City an initial engineer's estimate of the cost of developing 2nd Park and the City Engineer has reviewed and approved that engineer's estimate (the "**Initial Engineer's Estimate**"). The Initial Engineer's Estimate is based upon the City's reasonable assumption of the range and amount of improvements within 2nd Park and recent cost information provided in connection with development of parks in the Tracy Hills development.

I. Developer will provide security in the amount of the Initial Engineer's Estimate for the timely performance of Condition B10.b, as set forth below.

J. The final plans for the outstanding work have not been approved as of the Effective Date. Prior to but no later than the occurrence of the Trigger Event, Developer shall submit improvement plans and specifications relating to 2nd Park, which, upon approval by the City Engineer, shall constitute the "**Work**". The location and details of the Work will be described fully in the future improvement plans, which upon approval by the City Engineer, shall be referred to as the "**Plans and Specifications**". The Plans and Specifications will be on file with the City Engineer and are automatically incorporated herein upon approval by the City Engineer.

K. Because Developer seeks to obtain City Council Final Subdivision Map approval and the Work is an outstanding Condition, Developer has requested to execute this Agreement, as authorized by Government Code Section 66462, to set forth binding terms and conditions by which Developer must complete the Work subsequent to final map approval.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. Confirmation of Obligation and Posting of Security Prior to Trigger Event.

1.1. **Improvement Security.** Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 et seq. and Tracy Municipal Code Section 12.36.080, in the amount of $2,150,565.00 to secure faithful performance and $215,056.00 to secure warranty of this Agreement. The security shall be due and payable if construction of 2nd Park has not commenced within the time provided in Section 2.

1.2. **Establishment Of Time For Commencement.** Prior to the issuance of the 500th building permit that allows construction of a dwelling, not including plumbing only permits, the developer shall commence construction of 2nd Park.

1.3. **Withholding of Building Permits for Failure to Commence Construction**. In the event Developer has not Commenced Construction of 2nd Park prior to the issuance of the 500th building permit that allows construction of a dwelling, not including plumbing only permits, the City may withhold issuance of any additional building permits unless and until Developer commences construction of 2nd Park

2. Subdivision Improvement Agreement.

2.1. **Scope of Work; Location.** Developer shall perform, or cause to be performed, the Work in the manner and as described in the Plans and Specifications, to the satisfaction of the City Engineer pursuant to this Agreement. The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f). To the extent applicable, all of the Work

shall be performed by Developer in accordance with the requirements of the State prevailing wage laws.

2.2. **Developer shall perform all Work at the locations and grades per the Plans and Specifications**. Developer has (a) acquired any necessary easement or right-of-way or (b) entered into a separate Agreement with the City to acquire the necessary easement or right-of-way at Developer's expense.

2.3. **Time Of Performance**. Time is of the essence in the Developer's procurement of Plans and Specifications and performance of the Work. The timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

2.4. **Final Plans and Specifications and Engineer's Estimate**. Developer shall procure from the City approval of the Plans and Specifications and the Final Engineer's Estimate. Developer shall provide contract security in accordance with Section 2.8 ensuring performance for Work based on the final Engineer's Estimate for the work related to the Plans and Specifications (the **"Final Engineer's Estimate"**).

2.5. **Commencement of Work.** Work shall begin within 60 days after Final Plans and Specifications have been approved by the City Engineer. No later than fifteen (15) days prior to the commencement of Work, Developer shall provide written notice (email being sufficient) to the City Engineer of the date on which Developer intends to commence Work. Developer shall not commence Work until after the notice required by this section is properly provided and contract security has been provided, and Developer shall not commence Work prior to the date specified in the written notice.

2.6. **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

2.7. **Completion of Work**. Developer shall complete all Work no later than three hundred and sixty-five (365) calendar days after Developer's submittal of its notice of commencement of Work pursuant to Section 2.5 above. If the Work is not completed by this date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to expiring date of completion, (b) the City Engineer determines that Work is progressing satisfactorily and an extension is warranted, and (c) Developer pays all processing fees for such time extension.

2.8. **Improvement Security**. At least thirty (30) days prior to the commencement of the Work, Developer shall furnish new or additional contract security, in a form authorized by the Subdivision Map Act (including Government Code

Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the amounts determined by the City Engineer in the Final Engineer's Estimate:

2.8.1. Faithful Performance security to secure faithful performance of this Agreement.

2.8.2. Labor and Material security to secure payment by Developer to laborers and materialmen.

2.8.3. Warranty security against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

City shall release the improvement security posted pursuant to Section 1.1 upon the posting of all contract security required by this Section 2.8. If contract security is not timely provided in accordance with this Section 2.8, City shall have the right to withhold approvals of additional final maps and/or building permits within Phase 2A and Phase 2B.

2.9. **Indemnification**. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2) the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 2.21, below, has expired, at which time the indemnification obligations under this Section 2.9 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section 2.9 are in addition to all other Developer's obligations set forth in this Agreement and shall not affect Developer's warranty obligations set forth in Section 2.21, below.

2.10. **Insurance**. From the date the bonds are provided pursuant to Section 2.8 and through the remainder of the duration of the Agreement, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 2.10 are material terms of this Agreement. These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

2.10.1. **General**. Developer shall, from the date the bonds are provided pursuant to Section 2.8 and through the remainder of the duration of the Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

2.10.1.1. Commercial General Liability (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

2.10.1.2. Professional Contracts. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

2.10.1.3. Automobile Liability (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

2.10.1.4. If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

2.10.1.5. Workers' Compensation coverage shall be maintained as required by the State of California.

2.10.2. **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

2.10.2.1. The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing operations and CG 20 37 (or its equivalent) for products/completed operations.

2.10.2.2. For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

2.10.2.3. Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

2.10.3. **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

2.10.4. **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

2.10.5. **Insurance Certificate.** Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney.

2.10.6. **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

2.10.7. **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

2.11. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

2.12. Default

2.12.1. **Notice of Default.** In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

2.12.2. **Events of default**. Developer shall be in default of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

2.12.2.1. Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

2.12.2.2. Developer abandons the Work site.

2.12.2.3. Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 2.12.3 below.

2.12.2.4. Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

2.12.2.5. Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 2.12.3 below.

2.12.3. **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

2.12.3.1. Demand that Developer complete performance of the Work.

2.12.3.2. Demand that Developer's surety (if any) complete performance of the Work.

2.12.3.3. Resort to any judicial remedies available to the City.

2.12.3.4. For defaults of Section 1.2, impose the remedies described in Section 1.3.

2.12.3.5. For defaults of Section 2.8, impose the remedies described in Section 2.8.

2.13. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

2.14. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

2.15. **Inspection by the City; Inspection Fees**. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access

to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

2.16. **Inspection Fees**. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated Project costs (as approved by the City Engineer).

2.16.1. In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

2.17. **Fees and Fee Credits**. Developer shall be entitled to fee credits consistent with Section 3.3 of the Development Agreement (DA), adopted by Ordinance 1213, as may be amended from time to time, and as provided in greater detail in the Finance and Implementation Plan (FIP) for the Project pursuant to the DA and Tracy Municipal Code Section 10.20.060(b)(3), as may be amended from time to time. Developer shall pay all fees due to City in connection with the Work,

2.17.1. **Neighborhood Park Development Impact Fee Credits**. Upon submission of the improvement security required by Section 2.8, payment of engineering review fees, and City's execution of this Agreement, Developer shall be entitled to receive neighborhood park development impact fee credits for 263 single-family residential lots, based upon a neighborhood park area of 2.6 acres, see Exhibit "B". Developer is responsible for paying the neighborhood park program management fee.

2.18. **Developer's Authorized Representative**. At all times during the progress of the Work, Developer shall have a competent foreman or superintendent ("Authorized Representative") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. **Exhibit "C"** attached hereto includes the initial contact information referenced in this Section 2.19.

2.19. **Acceptance of Work**. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

2.20. **Warranty Period**. Developer shall warrant the quality of the Work, in accordance with the terms of the Plans and Specifications, for a period of one year after acceptance of the Work by the City Council. In the event that (during

the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

2.21. **Notices**.

All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City:	To Developer:
City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org	Lennar Homes of California, LLC 2603 Camino Ramon, Suite 525 San Ramon, CA 94583 Attn: Bridgit Koller bridgit.koller@lennar.com
With a copy to:	With a copy to:

Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

2.22. **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

2.23. **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

2.24. **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

2.25. **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

2.26. **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

2.27. **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

2.28. **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)

B. Fee Credits (Section 2.18.)

C. Developer's Authorized Representative Information (Section 2.19.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

2.29. **Obligations Run With The Land.** All obligations and provisions of this Agreement shall run with the real property described in Exhibit "A" and shall bind the Developer and its respective successors and assigns.

2.30. **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

[Signatures on Next Page]

CITY OF TRACY
CONDITIONAL SUBDIVISION IMPROVEMENT AGREEMENT
TRACY HILLS - PHASE 2 - 3rd Park

This **CONDITIONAL SUBDIVISION IMPROVEMENT AGREEMENT TRACY HILLS - PHASE 2 - 3rd Park** (hereinafter "Agreement") is made and entered into by and among the **CITY OF TRACY**, a municipal corporation ("City") and **LENNAR HOMES OF CALIFORNIA, LLC.,** a California limited liability company ("**Developer**").

RECITALS

A. The Developer is the developer of the real property generally known as the Tracy Hills Phase 4 ("**Property**") and more particularly described in **Exhibit "A"** attached hereto and incorporated herein by reference. Tracy Phase 4, LLC, is a landbank holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consents to the recordation of this Agreement as evidenced by its signature below.

B. On April 5, 2016, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan and approved related land use entitlements, including but not limited to that certain Development Agreement by and Among the City of Tracy, The Tracy Hills Project Owner, LLC, and Tracy Phase I, LLC, ("**DA**") under Application Number TSM16-001 and approved by Resolution 2016-065.

C. October 19, 2021, the City Council adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved

by Resolution No. 2021-154 ("**Tentative Map**"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by Homeowners Association, Developer or City on approximately 1,143 acres within the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk and is incorporated herein by this reference.

D. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("**Conditions of Approval**").

E. Specifically, pursuant to Condition B.10.c, the third neighborhood park within Phase 2 ("**3rd Park**", designated as Lot Q on the Tentative Map) is required to be commenced by the issuance of the 976th building permit in Phase 2 (the "**Trigger Event**"). Condition C.2.9.2 requires Developer and City enter into an agreement to be recorded against the property stipulating this time prior to recordation of the first Final Map in Phase 2. This Agreement is entered into in satisfaction of Conditions B.10.c and C.2.9.2.

F. Because approved plans for 3rd Park are not available prior to approval of the first Phase 2 Final Map, Developer has provided to City an initial engineer's estimate of the cost of developing 3rd Park and the City Engineer has reviewed and approved that engineer's estimate (the "**Initial Engineer's Estimate**"). The Initial Engineer's Estimate is based upon the City's reasonable assumption of the range and amount of improvements within 3rd Park and recent cost information provided in connection with development of parks in the Tracy Hills development.

G. Developer will provide security in the amount of the Initial Engineer's Estimate for the timely performance of Condition B10.c, as set forth below.

H. The final plans for the outstanding work have not been approved as of the Effective Date. Prior to but no later than the occurrence of the Trigger Event, Developer shall submit improvement plans and specifications relating to 3rd Park, which, upon approval by the City Engineer, shall constitute the "**Work**". The location and details of the Work will be described fully in the future improvement plans, which upon approval by the City Engineer, shall be referred to as the "**Plans and Specifications**". The Plans and Specifications will be on file with the City Engineer and are automatically incorporated herein upon approval by the City Engineer.

I. Because Developer seeks to obtain City Council approval of the first Final Map in Phase 2 and the Work is an outstanding Condition, Developer has requested to execute this Agreement, as authorized by Government Code Section 66462, to set forth binding terms and conditions by which Developer must complete the Work subsequent to final map approval.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Confirmation of Obligation and Posting of Security Prior to Trigger Event.**

   1.1. **Improvement Security.** Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 et seq. and Tracy Municipal Code Section 12.36.080, in the amount of $2,423,032.00 to secure faithful performance of this Agreement. The security shall be due and payable if construction of 3rd Park has not commenced within the time provided in Section 2.

   1.2. **Establishment Of Time For Commencement.** Prior to the issuance of the 976th building permit that allows construction of a dwelling, not including plumbing only permits, the developer shall commence construction of 3rd Park.

   1.3. **Withholding of Building Permits for Failure to Commence Construction**. In the event Developer has not Commenced Construction of 3rd Park prior to the issuance of the 976th building permit that allows construction of a dwelling, not including plumbing only permits, the City may withhold issuance of any additional building permits unless and until Developer commences construction of 3rd Park

2. **Subdivision Improvement Agreement**.

   2.1. **Scope of Work; Location.** Developer shall perform, or cause to be performed, the Work in the manner and as described in the Plans and Specifications, to the satisfaction of the City Engineer pursuant to this Agreement. The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f). To the extent applicable, all of the Work shall be performed by Developer in accordance with the requirements of the State prevailing wage laws.

   2.2. **Developer shall perform all Work at the locations and grades per the Plans and Specifications**. Developer has (a) acquired any necessary easement or right-of-way or (b) entered into a separate Agreement with the City to acquire the necessary easement or right-of-way at Developer's expense.

   2.3. **Time Of Performance**. Time is of the essence in the Developer's procurement of Plans and Specifications and performance of the Work. The timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten

(10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

2.4. **Final Plans and Specifications and Engineer's Estimate**. Developer shall procure from the City approval of the Plans and Specifications and the Final Engineer's Estimate. Developer shall provide contract security in accordance with Section 2.8 ensuring performance for Work based on the final Engineer's Estimate for the work related to the Plans and Specifications (the **"Final Engineer's Estimate**").

2.5. **Commencement of Work.** Work shall begin within 60 days after Final Plans and Specifications have been approved by the City Engineer. No later than fifteen (15) days prior to the commencement of Work, Developer shall provide written notice (email being sufficient) to the City Engineer of the date on which Developer intends to commence Work. Developer shall not commence Work until after the notice required by this section is properly provided and contract security has been provided, and Developer shall not commence Work prior to the date specified in the written notice.

2.6. **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

2.7. **Completion of Work**. Developer shall complete all Work no later than three hundred and sixty-five (365) calendar days after Developer's submittal of its notice of commencement of Work pursuant to Section 2.5 above. If the Work is not completed by this date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to expiring date of completion, (b) the City Engineer determines that Work is progressing satisfactorily and an extension is warranted, and (c) Developer pays all processing fees for such time extension.

2.8. **Improvement Security**. At least thirty (30) days prior to the commencement of the Work, Developer shall furnish new or additional contract security, in a form authorized by the Subdivision Map Act (including Government Code Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the amounts determined by the City Engineer in the Final Engineer's Estimate:

2.8.1. Faithful Performance security to secure faithful performance of this Agreement.

2.8.2. Labor and Material security to secure payment by Developer to laborers and materialmen.

2.8.3. Warranty security against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

City shall release the improvement security posted pursuant to Section 1.1 upon the posting of all contract security required by this Section 2.8. If contract security is not timely provided in accordance with this Section 2.8, City shall have the right to withhold approvals of additional final maps and/or building permits within Phase 2A and Phase 2B.

2.9. **Indemnification**. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2) the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 2.21, below, has expired, at which time the indemnification obligations under this Section 2.9 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section 2.9 are in addition to all other Developer's obligations set forth in this Agreement and shall not affect Developer's warranty obligations set forth in Section 2.21, below.

2.10. **Insurance**. From the date the bonds are provided pursuant to Section 2.8 and through the remainder of the duration of the Agreement, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 2.10 are material terms of this Agreement. These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

2.10.1. **General**. Developer shall, from the date the bonds are provided pursuant to Section 2.8 and through the remainder of the duration of the Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

2.10.1.1. Commercial General Liability (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

2.10.1.2. Professional Contracts. Developer shall cause its design professionals to maintain professional liability insurance that

insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

2.10.1.3. Automobile Liability (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

2.10.1.4. If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

2.10.1.5. Workers' Compensation coverage shall be maintained as required by the State of California.

2.10.2. **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

2.10.2.1. The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing operations and CG 20 37 (or its equivalent) for products/completed operations.

2.10.2.2. For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

2.10.2.3. Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

2.10.3. **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be

considered a cancellation. Developer shall immediately obtain a replacement policy.

2.10.4. **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

2.10.5. **Insurance Certificate.** Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney.

2.10.6. **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

2.10.7. **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

2.11. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

2.12. Default

2.12.1. **Notice of Default.** In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

2.12.2. **Events of default**. Developer shall be in default of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

2.12.2.1. Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

2.12.2.2. Developer abandons the Work site.

2.12.2.3. Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 2.12.3 below.

2.12.2.4. Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

2.12.2.5. Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 2.12.3 below.

2.12.3. **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

2.12.3.1. Demand that Developer complete performance of the Work.

2.12.3.2. Demand that Developer's surety (if any) complete performance of the Work.

2.12.3.3. Resort to any judicial remedies available to the City.

2.12.3.4. For defaults of Section 1.2, impose the remedies described in Section 1.3.

2.12.3.5. For defaults of Section 2.8, impose the remedies described in Section 2.8.

2.13. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

2.14. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

2.15. **Inspection by the City; Inspection Fees**. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

2.16. **Inspection Fees**. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated project costs (as approved by the City Engineer).

2.16.1. In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

2.17. **Fees and Fee Credits**. Developer shall be entitled to fee credits consistent with Section 3.3 of the Development Agreement (DA), adopted by Ordinance 1213, as may be amended from time to time, and as provided in greater detail in the Finance and Implementation Plan (FIP) for the project pursuant to the DA and Tracy Municipal Code Section 10.20.060(b)(3), as may be amended from time to time. Developer shall pay all fees due to City in connection with the Work,

2.17.1. **Neighborhood Park Development Impact Fee Credits**. Upon submission of the improvement security required by Section 2.8, payment of engineering review fees, and City's execution of this Agreement, Developer shall be entitled to receive neighborhood park development impact fee credits for 337 single-family residential lots, based upon a neighborhood park area of 3.34 acres, see Exhibit "B". Developer is responsible for paying the neighborhood park program management fee.

2.18. **Developer's Authorized Representative**. At all times during the progress of the Work, Developer shall have a competent foreman or superintendent ("Authorized Representative") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. Exhibit "C" attached hereto includes the initial contact information referenced in this Section 2.19.

2.19. **Acceptance of Work**. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

2.20. **Warranty Period**. Developer shall warrant the quality of the Work, in accordance with the terms of the Plans and Specifications, for a period of one year after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

2.21. **Notices**.

All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City:	To Developer:
City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org	Lennar Homes of California, LLC 2603 Camino Ramon, Suite 525 San Ramon, CA 94583 Attn: Bridgit Koller bridgit.koller@lennar.com

Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

2.22. **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

2.23. **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

2.24. **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

2.25. **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

2.26. **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

2.27. **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

2.28. **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)

B. Fee Credits (Section 2.18.)

C. Developer's Authorized Representative Information (Section 2.19.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

2.29. **Obligations Run With The Land.** All obligations and provisions of this Agreement shall run with the real property described in Exhibit "A" and shall bind the Developer and its respective successors and assigns.

2.30. **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

[Signatures on Next Page]

IN WITNESS WHEREOF the parties do hereby agree to the full performance of the terms set forth herein.

EXHIBIT A
(Property Description)

LEGAL DESCRIPTION

Real property in the City of Tracy, County of San Joaquin, State of California, described as follows:

PARCEL 1:

NEW PARCEL A OF CERTIFICATE OF COMPLIANCE FOR LOT LINE ADJUSTMENT NO. MS 23-0004 RECORDED NOVEMBER 28, 2023 AS INSTRUMENT NO. 2023-096708 OF OFFICIAL RECORDS AND MORE PARTICULARLY DESCRIBED AS FOLLOWS:

REAL PROPERTY SITUATE IN THE CITY OF TRACY, COUNTY OF SAN JOAQUIN, STATE OF CALIFORNIA AND BEING ALL OF NEW PARCEL 1 AS SAID PARCEL IS DESCRIBED AND DEPICTED IN THE GRANT DEED TO TRACY PHASE 4, LLC, RECORDED ON AUGUST 9, 2023 AS DOCUMENT NO. 2023-062989 OF OFFICIAL RECORDS OF SAN JOAQUIN COUNTY AND BEING A PORTION OF NEW PARCEL 2 AS SAID PARCEL IS DESCRIBED AND DEPICTED IN THE GRANT DEED TO TRACY PHASE 3, LLC, RECORDED ON AUGUST 9, 2023 AS DOCUMENT NO. 2023-062990 OF OFFICIAL RECORDS OF SAN JOAQUIN COUNTY, AND BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

BEGINNING AT THE MOST NORTHERLY CORNER OF SAID NEW PARCEL 1 THENCE ALONG THE EAST LINES OF SAID NEW PARCELS 1 AND 2 THE FOLLOWING TWELVE (12) COURSES:

1) SOUTH 53° 19' 26" EAST - 660.88 FEET;

2) SOUTH 56° 06' 02" EAST - 501.22 FEET;

3) SOUTH 52° 05' 47" EAST - 700.00 FEET;

4) SOUTH 50° 03' 03" EAST - 700.45 FEET;

5) SOUTH 56° 51' 36" EAST - 301.04 FEET;

6) SOUTH 52° 05' 47" EAST - 1000.00 FEET;

7) SOUTH 49° 48' 21" EAST, AT 304.50 FEET PASSING THE COMMON EAST CORNER TO NEW PARCELS 1 AND 2, IN ALL 500.40 FEET;

8) SOUTH 53° 43' 58" EAST - 700.29 FEET;

9) SOUTH 52° 05' 47" EAST - 1300.00 FEET;

10) SOUTH 50° 11' 14" EAST - 600.33 FEET;

11) SOUTH 52° 05' 47" EAST - 300.00 FEET;

12) SOUTH 53° 14' 32" EAST 811.28 FEET FOR THE SOUTHEASTERLY CORNER HEREOF;

THENCE CROSSING THROUGH NEW PARCEL 2 THE FOLLOWING SIXTY-ONE (61) COURSES:

1) SOUTH 36° 45' 28" WEST - 151.15 FEET;

2) NORTH 52° 06' 57" WEST - 17.00 FEET;

3) SOUTH 37° 53' 03" WEST - 41.50 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS SOUTH 37° 53' 03" WEST;

4) IN A SOUTHERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

5) SOUTH 37° 53' 03" WEST - 167.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

6) IN A WESTERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

7) SOUTH 37° 53' 03" WEST - 57.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS SOUTH 37° 53' 03" WEST;

8) IN A SOUTHERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

9) SOUTH 37° 53' 03" WEST - 80.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

10) IN A WESTERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

11) SOUTH 37° 53' 03" WEST - 57.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS SOUTH 37° 53' 03" WEST;

12) IN A SOUTHERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

13) SOUTH 37° 53' 03" WEST - 168.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

14) IN A WESTERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

15) SOUTH 37° 53' 03" WEST - 57.00 FEET;

16) SOUTH 52° 06' 57" EAST - 5.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

17) IN A SOUTHERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

18) SOUTH 37° 53' 03" WEST - 176.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

19) IN A WESTERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

20) SOUTH 37° 53' 03" WEST - 57.00 FEET;

21) SOUTH 52° 06' 57" EAST - 64.68 FEET;

22) SOUTH 37° 53' 03" WEST - 208.00 FEET;

23) SOUTH 52° 06' 57" EAST - 876.82 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

CITY OF TRACY
CONDITIONAL SUBDIVISION IMPROVEMENT AGREEMENT
TRACY HILLS - PHASE 2 - 4th Park

This **CONDITIONAL SUBDIVISION IMPROVEMENT AGREEMENT TRACY HILLS - PHASE 2 - 4th Park** (hereinafter "**Agreement**") is made and entered into by and among the **CITY OF TRACY**, a municipal corporation ("City") and **LENNAR HOMES OF CALIFORNIA, LLC.,** a California limited liability company ("**Developer**").

RECITALS

A. The Developer is the developer of the real property generally known as hereinafter Tracy Hills Phase 4 ("**Property**") and more particularly described in **Exhibit "A"** attached hereto and incorporated herein by reference. Tracy Phase 4, LLC is a landbank holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consents to the recordation of this Agreement as evidenced by its signature below.

B. On April 5, 2016, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan and approved related land use entitlements, including but not limited to that certain Development Agreement by and Among the City of Tracy, The Tracy Hills Project Owner, LLC, and Tracy Phase I, LLC, ("**DA**") under Application Number TSM16-001 and approved by Resolution 2016-065.

C. October 19, 2021, the City Council adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved

by Resolution No. 2021-154 ("**Tentative Map**"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by Homeowners Association, Developer or City on approximately 1,143 acres within the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk and is incorporated herein by this reference.

D. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("**Conditions of Approval**").

E. Specifically, pursuant to Condition B.10.d, the fourth neighborhood park within Phase 2 ("**4th Park**", designated as Lot P on the Tentative Map) is required to be commenced by the issuance of the 1,226th building permit in Phase 2 (the "**Trigger Event**"). Condition C.2.9.2 requires Developer and City enter into an agreement to be recorded against the property stipulating this time prior to recordation of the first Final Map in Phase 2. This Agreement is entered into in satisfaction of Conditions B.10.d and C.2.9.2.

F. Because approved plans for 4th Park are not available prior to approval of the first Phase 2 Final Map, Developer has provided to City an initial engineer's estimate of the cost of developing 4th Park and the City Engineer has reviewed and approved that engineer's estimate (the "**Initial Engineer's Estimate**"). The Initial Engineer's Estimate is based upon the City's reasonable assumption of the range and amount of improvements within 4th Park and recent cost information provided in connection with development of parks in the Tracy Hills development.

G. Developer will provide security in the amount of the Initial Engineer's Estimate for the timely performance of Condition B10.d, as set forth below.

H. The final plans for the outstanding work have not been approved as of the Effective Date. Prior to but no later than the occurrence of the Trigger Event, Developer shall submit improvement plans and specifications relating to 4th Park, which, upon approval by the City Engineer, shall constitute the "**Work**". The location and details of the Work will be described fully in the future improvement plans, which upon approval by the City Engineer, shall be referred to as the "**Plans and Specifications**". The Plans and Specifications will be on file with the City Engineer and are automatically incorporated herein upon approval by the City Engineer.

I. Because Developer seeks to obtain City Council approval of the first Final Map in Phase 2 and the Work is an outstanding Condition, Developer has requested to execute this Agreement, as authorized by Government Code Section 66462, to set forth binding terms and conditions by which Developer must complete the Work subsequent to final map approval.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Confirmation of Obligation and Posting of Security Prior to Trigger Event.**

   1.1. **Improvement Security.** Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 et seq. and Tracy Municipal Code Section 12.36.080, in the amount of $2,239,337.00 to secure faithful performance of this Agreement. The security shall be due and payable if construction of 4th Park has not commenced within the time provided in Section 2.

   1.2. **Establishment Of Time For Commencement.** Prior to the issuance of the 1,226th building permit that allows construction of a dwelling, not including plumbing only permits, the developer shall commence construction of 4th Park.

   1.3. **Withholding of Building Permits for Failure to Commence Construction**. In the event Developer has not Commenced Construction of 4th Park prior to the issuance of the 1,226th building permit that allows construction of a dwelling, not including plumbing only permits, the City may withhold issuance of any additional building permits unless and until Developer commences construction of 4th Park

2. **Subdivision Improvement Agreement**.

   2.1. **Scope of Work; Location.** Developer shall perform, or cause to be performed, the Work in the manner and as described in the Plans and Specifications, to the satisfaction of the City Engineer pursuant to this Agreement. The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f). To the extent applicable, all of the Work shall be performed by Developer in accordance with the requirements of the State prevailing wage laws.

   2.2. **Developer shall perform all Work at the locations and grades per the Plans and Specifications**. Developer has (a) acquired any necessary easement or right-of-way or (b) entered into a separate Agreement with the City to acquire the necessary easement or right-of-way at Developer's expense.

   2.3. **Time Of Performance**. Time is of the essence in the Developer's procurement of Plans and Specifications and performance of the Work. The timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

2.4. **Final Plans and Specifications and Engineer's Estimate**. Developer shall procure from the City approval of the Plans and Specifications and the Final Engineer's Estimate. Developer shall provide contract security in accordance with Section 2.8 ensuring performance for Work based on the final Engineer's Estimate for the work related to the Plans and Specifications (the **"Final Engineer's Estimate"**).

2.5. **Commencement of Work.** Work shall begin within 60 days after Final Plans and Specifications have been approved by the City Engineer. No later than fifteen (15) days prior to the commencement of Work, Developer shall provide written notice (email being sufficient) to the City Engineer of the date on which Developer intends to commence Work. Developer shall not commence Work until after the notice required by this section is properly provided and contract security has been provided, and Developer shall not commence Work prior to the date specified in the written notice.

2.6. **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

2.7. **Completion of Work**. Developer shall complete all Work no later than three hundred and sixty-five (365) calendar days after Developer's submittal of its notice of commencement of Work pursuant to Section 2.5 above. If the Work is not completed by this date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to expiring date of completion, (b) the City Engineer determines that Work is progressing satisfactorily and an extension is warranted, and (c) Developer pays all processing fees for such time extension.

2.8. **Improvement Security**. At least thirty (30) days prior to the commencement of the Work, Developer shall furnish new or additional contract security, in a form authorized by the Subdivision Map Act (including Government Code Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the amounts determined by the City Engineer in the Final Engineer's Estimate:

2.8.1. Faithful Performance security to secure faithful performance of this Agreement.

2.8.2. Labor and Material security to secure payment by Developer to laborers and materialmen.

2.8.3. Warranty security against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

City shall release the improvement security posted pursuant to Section 1.1 upon the posting of all contract security required by this Section 2.8. If contract security is not timely provided in accordance with this Section 2.8, City shall

have the right to withhold approvals of additional final maps and/or building permits within Phase 2A and Phase 2B.

2.9. **Indemnification**. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2) the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 2.21, below, has expired, at which time the indemnification obligations under this Section 2.9 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section 2.9 are in addition to all other Developer's obligations set forth in this Agreement and shall not affect Developer's warranty obligations set forth in Section 2.21, below.

2.10. **Insurance**. From the date the bonds are provided pursuant to Section 2.8 and through the remainder of the duration of the Agreement, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 2.10 are material terms of this Agreement. These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

2.10.1. **General**. Developer shall, from the date the bonds are provided pursuant to Section 2.8 and through the remainder of the duration of the Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

2.10.1.1. Commercial General Liability (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

2.10.1.2. Professional Contracts. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate.

Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

2.10.1.3. Automobile Liability (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

2.10.1.4. If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

2.10.1.5. Workers' Compensation coverage shall be maintained as required by the State of California.

2.10.2. **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

2.10.2.1. The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing operations and CG 20 37 (or its equivalent) for products/completed operations.

2.10.2.2. For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

2.10.2.3. Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

2.10.3. **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

2.10.4. **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance

Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

2.10.5. **Insurance Certificate.** Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney.

2.10.6. **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

2.10.7. **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

2.11. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

2.12. Default

2.12.1. **Notice of Default.** In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

2.12.2. **Events of default**. Developer shall be in default of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

2.12.2.1. Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

2.12.2.2. Developer abandons the Work site.

2.12.2.3. Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 2.12.3 below.

2.12.2.4. Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

2.12.2.5. Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 2.12.3 below.

2.12.3. **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

2.12.3.1. Demand that Developer complete performance of the Work.

2.12.3.2. Demand that Developer's surety (if any) complete performance of the Work.

2.12.3.3. Resort to any judicial remedies available to the City.

2.12.3.4. For defaults of Section 1.2, impose the remedies described in Section 1.3.

2.12.3.5. For defaults of Section 2.8, impose the remedies described in Section 2.8.

2.13. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

2.14. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

2.15. **Inspection by the City; Inspection Fees**. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

2.16. **Inspection Fees**. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated project costs (as approved by the City Engineer).

2.16.1. In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

2.17. **Fees and Fee Credits**. Developer shall be entitled to fee credits consistent with Section 3.3 of the Development Agreement (DA), adopted by Ordinance 1213, as may be amended from time to time, and as provided in greater detail in the Finance and Implementation Plan (FIP) for the project

pursuant to the DA and Tracy Municipal Code Section 10.20.060(b)(3), as may be amended from time to time. Developer shall pay all fees due to City in connection with the Work,

2.17.1. **Neighborhood Park Development Impact Fee Credits.** Upon submission of the improvement security required by Section 2.8, payment of engineering review fees, and City's execution of this Agreement, Developer shall be entitled to receive neighborhood park development impact fee credits for 375 single-family residential lots, based upon a neighborhood park area of 3.71 acres. Developer is responsible for paying the neighborhood park program management fee, see Exhibit "B".

2.18. **Developer's Authorized Representative**. At all times during the progress of the Work, Developer shall have a competent foreman or superintendent ("Authorized Representative") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. Exhibit "C" attached hereto includes the initial contact information referenced in this Section 2.19.

2.19. **Acceptance of Work**. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

2.20. **Warranty Period**. Developer shall warrant the quality of the Work, in accordance with the terms of the Plans and Specifications, for a period of one year after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

2.21. **Notices**.

All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City:	To Developer:
City of Tracy 333 Civic Center Plaza Tracy, CA 95376	Lennar Homes of California, LLC 2603 Camino Ramon, Suite 525 San Ramon, CA 94583

Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

2.22. **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

2.23. **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

2.24. **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

2.25. **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

2.26. **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

2.27. **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all

local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

2.28. **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)

B. Fee Credits (Section 2.18.)

C. Developer's Authorized Representative Information (Section 2.19.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

2.29. **Obligations Run With The Land**. All obligations and provisions of this Agreement shall run with the real property described in Exhibit "A" and shall bind the Developer and its respective successors and assigns.

2.30. **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

[Signatures on Next Page]

IN WITNESS WHEREOF the parties do hereby agree to the full performance of the terms set forth herein.

EXHIBIT A
(Property Description)

LEGAL DESCRIPTION

Real property in the City of Tracy, County of San Joaquin, State of California, described as follows:

PARCEL 1:

NEW PARCEL A OF CERTIFICATE OF COMPLIANCE FOR LOT LINE ADJUSTMENT NO. MS 23-0004 RECORDED NOVEMBER 28, 2023 AS INSTRUMENT NO. 2023-096708 OF OFFICIAL RECORDS AND MORE PARTICULARLY DESCRIBED AS FOLLOWS:

REAL PROPERTY SITUATE IN THE CITY OF TRACY, COUNTY OF SAN JOAQUIN, STATE OF CALIFORNIA AND BEING ALL OF NEW PARCEL 1 AS SAID PARCEL IS DESCRIBED AND DEPICTED IN THE GRANT DEED TO TRACY PHASE 4, LLC, RECORDED ON AUGUST 9, 2023 AS DOCUMENT NO. 2023-062989 OF OFFICIAL RECORDS OF SAN JOAQUIN COUNTY AND BEING A PORTION OF NEW PARCEL 2 AS SAID PARCEL IS DESCRIBED AND DEPICTED IN THE GRANT DEED TO TRACY PHASE 3, LLC, RECORDED ON AUGUST 9, 2023 AS DOCUMENT NO. 2023-062990 OF OFFICIAL RECORDS OF SAN JOAQUIN COUNTY, AND BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

BEGINNING AT THE MOST NORTHERLY CORNER OF SAID NEW PARCEL 1 THENCE ALONG THE EAST LINES OF SAID NEW PARCELS 1 AND 2 THE FOLLOWING TWELVE (12) COURSES:

1) SOUTH 53° 19' 26" EAST - 660.88 FEET;

2) SOUTH 56° 06' 02" EAST - 501.22 FEET;

3) SOUTH 52° 05' 47" EAST - 700.00 FEET;

4) SOUTH 50° 03' 03" EAST - 700.45 FEET;

5) SOUTH 56° 51' 36" EAST - 301.04 FEET;

6) SOUTH 52° 05' 47" EAST - 1000.00 FEET;

7) SOUTH 49° 48' 21" EAST, AT 304.50 FEET PASSING THE COMMON EAST CORNER TO NEW PARCELS 1 AND 2, IN ALL 500.40 FEET;

8) SOUTH 53° 43' 58" EAST - 700.29 FEET;

9) SOUTH 52° 05' 47" EAST - 1300.00 FEET;

10) SOUTH 50° 11' 14" EAST - 600.33 FEET;

11) SOUTH 52° 05' 47" EAST - 300.00 FEET;

12) SOUTH 53° 14' 32" EAST 811.28 FEET FOR THE SOUTHEASTERLY CORNER HEREOF;

THENCE CROSSING THROUGH NEW PARCEL 2 THE FOLLOWING SIXTY-ONE (61) COURSES:

1) SOUTH 36° 45' 28" WEST - 151.15 FEET;

2) NORTH 52° 06' 57" WEST - 17.00 FEET;

3) SOUTH 37° 53' 03" WEST - 41.50 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS SOUTH 37° 53' 03" WEST;

4) IN A SOUTHERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

5) SOUTH 37° 53' 03" WEST - 167.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

6) IN A WESTERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

7) SOUTH 37° 53' 03" WEST - 57.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS SOUTH 37° 53' 03" WEST;

8) IN A SOUTHERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

9) SOUTH 37° 53' 03" WEST - 80.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

10) IN A WESTERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

11) SOUTH 37° 53' 03" WEST - 57.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS SOUTH 37° 53' 03" WEST;

12) IN A SOUTHERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

13) SOUTH 37° 53' 03" WEST - 168.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

14) IN A WESTERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

15) SOUTH 37° 53' 03" WEST - 57.00 FEET;

16) SOUTH 52° 06' 57" EAST - 5.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

17) IN A SOUTHERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

18) SOUTH 37° 53' 03" WEST - 176.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

19) IN A WESTERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

20) SOUTH 37° 53' 03" WEST - 57.00 FEET;

21) SOUTH 52° 06' 57" EAST - 64.68 FEET;

22) SOUTH 37° 53' 03" WEST - 208.00 FEET;

23) SOUTH 52° 06' 57" EAST - 876.82 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

24) IN A SOUTHERLY DIRECTION 128.81 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT,

HAVING A RADIUS OF 82.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

25) SOUTH 37° 53' 03" WEST - 292.50 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

26) IN A WESTERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

27) NORTH 52° 06' 57" WEST - 21.00 FEET;

28) SOUTH 37° 53' 03" WEST - 57.00 FEET;

29) SOUTH 52° 06' 57" EAST - 12.50 FEET;

30) SOUTH 37° 53' 03" WEST - 3.00 FEET;

31) SOUTH 52° 06' 57" EAST - 6.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

32) IN A SOUTHERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVETO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

33) SOUTH 37° 53' 03" WEST - 942.10 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT;

34) IN A SOUTHWESTERLY DIRECTION 200.31 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 538.50 FEET AND THROUGH A CENTRAL ANGLE OF 21° 18' 47";

35) SOUTH 16° 34' 16" WEST - 282.68 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

36) IN A SOUTHWESTERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

37) NORTH 73° 25' 44" WEST - 16.00 FEET;

38) SOUTH 16° 34' 16" WEST - 57.00 FEET;

39) SOUTH 73° 25' 44" EAST - 16.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

40) IN A SOUTHEASTERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

41) SOUTH 16° 34' 16" WEST - 215.00 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT;

42) IN A SOUTHERLY DIRECTION 45.53 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 1018.00 FEET AND THROUGH A CENTRAL ANGLE OF 02° 33' 45" FOR THE BEGINNING OF A REVERSE CURVE;

43) CONTINUING IN A SOUTHERLY DIRECTION 43.92 FEET ALONG THE ARC OF SAID REVERSE CURVE, HAVING A RADIUS OF 982.00 FEET AND THROUGH A CENTRAL ANGLE OF 02° 33' 45";

44) SOUTH 16° 34' 16" WEST - 74.99 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

45) IN A SOUTHWESTERLY DIRECTION 30.46 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 87° 15' 46";

46) NORTH 76° 09' 59" WEST - 1.68 FEET;

47) SOUTH 13° 50' 01" WEST - 56.00 FEET;

48) SOUTH 76° 09' 59" EAST - 5.10 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

49) IN A SOUTHEASTERLY DIRECTION 32.37 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 92° 44' 14";

50) SOUTH 16° 34' 16" WEST - 7.74 FEET;

51) SOUTH 73° 25' 44" EAST - 57.00 FEET;

52) SOUTH 16° 34' 16" WEST - 37.53 FEET;

53) SOUTH 52° 06' 57" EAST - 595.39 FEET;

54) SOUTH 40° 06' 22" WEST - 131.53 FEET;

55) SOUTH 29° 13' 05" WEST - 41.67 FEET;

56) SOUTH 47° 07' 54" WEST - 115.46 FEET;

57) SOUTH 45° 09' 31" WEST - 241.24 FEET;

58) SOUTH 45° 21' 00" WEST - 69.92 FEET;

59) SOUTH 61° 48' 50" WEST - 305.17 FEET;

60) SOUTH 45° 20' 57" WEST - 485.89 FEET;

61) SOUTH 85° 06' 47" WEST - 214.60 FEET TO A SOUTHWESTERLY CORNER OF SAID NEW PARCEL 2, SAID CORNER BEIGN AT THE NORTHEASTERLY TERMINUS OF A LINE LABELED AS NORTH 22° 25' 06" EAST - 50.07 FEET;

THENCE ALONG THE WEST LINES OF NEW PARCELS 1 AND 2, THE FOLLOWING THIRTY-SIX (36) COURSES:

1) NORTH 67° 34' 55" WEST - 91.49 FEET;

2) NORTH 53° 52' 01" WEST - 918.37 FEET;

3) NORTH 19° 27' 10" WEST - 85.89 FEET;

4) SOUTH 86° 30' 03" WEST - 46.95 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS NORTH 03° 19' 57" WEST;

City of Tracy
OFFSITE IMPROVEMENT AGREEMENT
FOR TRACY HILLS CORRAL HOLLOW ROAD WIDENING PHASE 2 FRONTAGE

This **OFFSITE IMPROVEMENT AGREEMENT** ("**Agreement**") is made and entered into by and between the **CITY OF TRACY** a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company (hereinafter "**Developer**"). The effective date of this Agreement shall be the date on which City executes the Agreement ("**Effective Date**").

Recitals

A. Developer is a party responsible for the construction of the public improvements within a portion of the real property comprising the subject Final Subdivision Map for Tract 4133 - Tracy Hills Villages 2-3, and being more particularly described in ***Exhibit "A"*** attached hereto and incorporated herein by reference (hereinafter "**Project**"). AG EHC II (LEN) CA 1, L.P. and AG EHC II (LEN) CA 2, L.P., are land banks holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consent to the recordation of this Agreement as evidenced by its signature below.

B. October 19, 2021, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved by Resolution No. 2021-154 ("**Tentative Map**"). The Tentative Map

includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by a Homeowner's Association, Developer or City on approximately 1,143 acres within the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk, and is incorporated herein by this reference.

C. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("**Conditions of Approval**"). The Conditions of Approval describe, among other things, improvements that are required for approval of the Final Subdivision Map pursuant to the Subdivision Map Act, the Subdivision Ordinance, and applicable City Standards.

D. In accordance with the Subdivision Map Act (California Government Code sections 66410, et seq) and the Subdivision Ordinance (Tracy Municipal Code, Title 12), Developer has submitted to the City the Final Subdivision Map for Tract *4133 - Tracy Hills Village 2 and 3 (the "**Final Subdivision Map**"). Developer is required to execute this Agreement as a condition of the City's approval of the Final Subdivision Map.*

E. Pursuant to the Conditions of Approval, Developer is required to construct the public roadway improvements knows as the Corral Hollow Road, generally extending from I- 580 to southern City Limits, as more particularly depicted in ***Exhibit "B"***.

F. In accordance with the Conditions of Approval, Developer has prepared, and the City Engineer has approved, certain improvement plans and specifications (which incorporate portions of the City's Standard Specifications), which describe the improvements that are required for approval of the Final Subdivision Map and are incorporated herein by reference. The approved plans and specifications ("**Approved Plans and Specifications**") include: *(a) seventeen (17) sheets of improvement plans entitled "Corral Hollow Road Widening Phase 2 Frontage" prepared by Ruggeri-Jensen- Azar dated February 7, 2023; and (d) forty-eight (48) sheets of landscape construction drawings entitled "Corral Hollow Road R.O.W. Landscape Improvement Plans", prepared by FORMA, dated February 22, 2024.* The improvement plans, joint trench plans and street lighting plans are on file with the City Engineer under Tracking No. ENG 22-0006 and the landscape plans are on file with the City Engineer under Tracking No. ENG 22-0030 (the "**Landscape Plans**"), all incorporated herein by reference.

G. In order to commence construction of certain improvements described in the Approved Plans and Specifications, the City and Developer entered into an Inspection Improvement Agreement last dated on January 30, 2023 (the "**IIA**"), the first page of which is attached as ***Exhibit "C"***. The IIA permitted Developer to

commence construction of those improvements based upon certain submitted plans and specifications (the "**Submitted Plans and Specifications**"), at Developer's sole risk. All of the plans contained in the Submitted Plans and Specifications were approved by the City Engineer at the time of approval of the IIA with the exception of the landscape plans. The IIA provides:

a. "Developer understands and agrees that because the Submitted Plans and Specifications have not been approved by the City Engineer, if any of the completed improvements do not conform to the Approved Plans and Specifications the Developer may have to remove or correct any non-conformities to the reasonable satisfaction of the City Engineer at Developer's sole cost."

H. As such, Developer acknowledged and agreed that if the Approved Plans and Specifications varied from the Submitted Plans and Specifications, Developer would bear sole cost and expense in correcting any of the Work so that it was in conformance with the Approved Plans and Specifications. The Submitted Plans and Specifications are on file with the City Engineer and marked by the City Engineer as "**IIA Plans.**"

I. While a portion of the Work, as defined in Section 1 below, is now substantially complete, not all of the Work is substantially complete. This Agreement provides for an appropriate process for final inspection, acceptance of the Work and provision and release of sureties for the Work and is intended to replace the IIA for all Work contemplated by the IIA Plans and the Approved Plans and Specifications.

J. As a condition to the execution of the IIA, the Developer was required to provide engineer's estimates of the cost of the improvements, which engineer's estimates were then reviewed and approved by the City Engineer. Developer provided a Faithful Performance Bond in the amount of $3,898,412.00, a Labor and Material Bond in the amount of $3,898,412.00, a Warranty Bond in the amount of $389,841.00, *and a Monumentation Bond in the amount of $6,750.00* all dated January 27, 2023, in the form reviewed and approved by the City (the "**IIA Security**"). The IIA Security included an estimate, approved by the City Engineer, for that portion of the Work to be performed pursuant to the IIA landscape improvement plans, the final design of which is now reflected in the Landscape Plans. The IIA Security remains in full force and effect.

K. Because the required improvements have not been completed, Developer is required to execute this Agreement as authorized by Government Code section 66462.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Scope of Work; Location**. Developer shall perform, or cause to be performed, the work in the manner and as described in the Approved Plans and Specifications,

to the satisfaction of the City Engineer pursuant to this Agreement (the "**Work**"). The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f). To the extent applicable, all of the Work shall be performed by Developer in accordance with the requirements of the State prevailing wage laws. Developer shall perform all Work at the locations and grades shown on the Approved Plans and Specifications. Developer (a) has acquired any necessary easement or right-of-way or(b) has entered into a separate Agreement with the City to acquire the necessary easement or right-of-way at Developer's expense.

2. **Time of Performance**. Time is of the essence in the performance of the Work, and the timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

2.1 **Commencement of Work**. The remaining Work shall begin within 60 days after the Effective Date of the Agreement. No later than fifteen (15) days prior to the commencement of such Work, Developer shall provide written notice to the City Engineer of the date on which Developer intends to commence Work. To the extent required, Developer shall not commence Work until after the notice required by this section is properly provided, and Developer shall not commence Work prior to the date specified in the written notice.

2.2 **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

2.3 **Completion of Work**. Developer shall complete all Work by no later than three hundred sixty-five (365) calendar days after Developer's submittal of its notice of commencement of Work pursuant to Section 2.1 above. If the Work is not completed by this date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to expiring date of completion, (b) the City Engineer determines that Work is progressing satisfactorily and an extension is warranted, and (c) Developer pays all processing fees for such time extension.

3. **Improvement Security**. Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision

Map Act including Government Code Sections 66499 *et seq.* and Tracy Municipal Code Section 12.36.080, in the following amounts:

3.1 **Faithful Performance** security in the amount of **$5,105,155.00** to secure faithful performance of this Agreement.

3.2 **Labor and Material** security in the amount of **$5,105,155.00** to secure payment by Developer to laborers and materialmen.

3.3 **Warranty** security in the amount of **$510,515.00** to guarantee improvements against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

3.4 **Monumentation** security in the amount of **$10,500.00** to secure faithful performance of setting monuments pursuant to Government Code section 66496.

City acknowledges Developer posted security in the form of bonds prior to commencement of the work under the IIA and confirms the amount of the IIA Security is the same amount as is required under this Section 3. Developer posted riders to the IIA Bonds to satisfy the requirements of this Section 3, in a form to the satisfaction of the City Engineer and City Attorney.

4. **Indemnification**. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2) the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 14, below, has expired, at which time the indemnification obligations under this Section 4 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section 4 are in addition to all other Developer's obligations set forth in this Agreement, and shall not affect Developer's warranty obligations set forth in Section 14, below.

5. **Insurance**. Concurrently with the execution of this Agreement by Developer, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 5 are material terms of this Agreement.

These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

5.1 **General**. Developer shall, throughout the duration of this Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

5.2 **Commercial General Liability** (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

5.3 **Professional Contracts**. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

5.4 **Automobile Liability** (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

5.4.1 If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

5.5 **Workers' Compensation** coverage shall be maintained as required by the State of California.

5.6 **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

5.6.1 The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing

endorsement form CG 20 10 (or its equivalent) for ongoing operations and CG 20 37 (or its equivalent) for products/completed operations.

5.6.2 For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

5.6.3 Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

5.7 **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

5.8 **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

5.9 **Insurance Certificate**. Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney before the City executes this Agreement.

5.10 **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

5.11 **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

6. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent,

or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

7. **Default**

7.1 **Notice of Default**. In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

7.2 **Events of default**. Developer shall be in default ("**Default**") of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

7.2.1 Intentionally Left Blank.

7.2.2 Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

7.2.3 Developer abandons the Work site.

7.2.4 Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 7.3 below.

7.2.5 Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

7.2.6 Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 7.3 below.

7.3 **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

7.3.1 Demand that Developer complete performance of the Work.

7.3.2 Demand that Developer's surety (if any) complete performance of the Work.

7.3.3 Resort to any judicial remedies available to the City.

8. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

9. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

10. **Inspection by the City; Inspection Fees**. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

10.1 **Inspection Fees**. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated Project costs (as approved by the City Engineer).

In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

11. Developer shall be entitled to fee credits consistent with Section 3.3 of that certain Development Agreement by and between the City of Tracy and the Tracy Hills Project Owner, LLC, and Tracy Phase I, LLC, adopted by City of Tracy Ordinance No. 1213 and recorded in the Official Records of San Joaquin County on June 9, 2016, as Document Number 2016-066658, as may be amended from time to time (the "DA"), and as provided in greater detail in the Finance and Implementation Plan for the Tracy Hills Specific Plan pursuant to the DA and Tracy Municipal Code Section 10.20.060(b)(3), as may be amended from time to time.

11.1 **FEE CREDITS**. Upon submission of the improvement security, payment of engineering review fees, and City's execution of this Agreement, Developer shall be entitled to receive [e.g., roadway fee] credits (**Exhibit "D"**) in the amount of **$1,967,879.11**.

12. **Developer's Authorized Representative**. At all times during the progress of the Work, Developer shall have a competent foreperson or superintendent ("**Authorized Representative**") on site with authority to act on Developer's behalf.

Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. **Exhibit "E"** attached hereto includes the initial contact information referenced in this Section 12.

13. **Acceptance of Work**. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

14. **Warranty Period**. Developer shall warrant the quality of the Work, in accordance with the terms of the Approved Plans and Specifications, for a period of one year after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

15. **Termination of IIA**. Upon the joint execution of this Agreement, the IIA is deemed terminated.

16. **Miscellaneous**.

    16.1 **Notices**. All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be

personally delivered or electronically mailed to the respective party as follows:

To City	To Developer:
City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org	Lennar Homes of California, LLC 2603 Camino Ramon, Suite 525 San Ramon, CA 94583 Attn: Bridgit Koller bridgit.koller@lennar.com

Hartford Drive, Suite 118 Scottsdale, AZ 85255 Attn: Steven S. Benson, Manager steve.benson@essentialhousingops.com

Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

16.2 **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

16.3 **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

16.4 **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

16.5 **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

16.7 **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

16.8 **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)
B. Offsite Improvement Location (Recital E.)
C. IIA Excerpt (Recital F.)
D. Fee Credits Worksheet
E. Subdivider's Authorized Representative Information (Section 12.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

16.9 **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

City of Tracy
INSPECTION IMPROVEMENT AGREEMENT
CORRAL HOLLOW ROAD WIDENING IMPROVEMENTS
AT TRACY HILLS PHASE 2 FRONTAGE

This **Inspection Improvement Agreement** ("**Agreement**") is entered into by and between the City of Tracy, a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company ("**Developer**").

Recitals

A. Developer is the party responsible for the construction of the public roadway improvements known as the **Corral Hollow Road Widening Improvements at Tracy Hills Phase 2 Frontage** that are to be constructed within the existing and proposed Corral Hollow Road right-of-way, as more particularly depicted in Exhibit "**A**" ("**Project**").

B. The Project is geographically located within the boundaries of the Tracy Hills Specific Plan Area, which was approved by City Council on April 5, 2016, and is further situated within and along the frontage of that certain tentative map known as Vesting Tentative Map, Tract 4057, Tracy Hills Phase 2, approved by the City Council on October 19, 2021, by Resolution No. 2021-154 (the "**Tentative Map**").

C. The Tentative Map approval was subject to certain Conditions of Approval ("**Conditions**"). The Conditions are attached here as Exhibit "**B**" and incorporated by reference.

D. Among other things, the Conditions describe certain improvements that are required for approval of final subdivision maps under the Subdivision Map Act (California Government Code sections 66410, *et seq.*), City's Subdivision Ordinance (Tracy Municipal Code, Title 12), and applicable City Standards.

E. In accordance with the Subdivision Map Act and City's Subdivision Ordinance, Developer has submitted to City numerous final maps for the residential development known as Tracy Hills Phase 2A (the "**Final Maps**"). The Final Maps are being reviewed by the City Engineer for substantial compliance with the Tentative Map, and the Final Maps have not yet been approved by City for recordation.

F. Improvement plans and specifications (which incorporate portions of the City's Standard Specifications) have been prepared on behalf of Developer and are under review by the City Engineer. They describe in more detail the improvements that are required for approval of the Final Maps. The Partially Approved Submitted Plans and Specifications, which are under review by the City Engineer, are on file with the City Engineer under Tracking No. ENG22-0006 and incorporated herein by reference. The term "**Partially Approved Submitted Plans and Specifications**" includes the seventeen (17) sheets of improvement plans entitled "Improvement Plans, Corral Hollow Road Widening, Phase 2 Frontage" prepared by Ruggeri-Jensen-Azar.

EXHIBIT "D"

Fee Credit Worksheet

Preliminary Estimated Credit/Reimbursement for Construction of Corral Hollow Road Widening Phase 2 Frontage
Based on the Citywide Roadway & Transportation Master Plan dated November 2012
11/1/2023

Improvements	Stations	Unit Type	Units [1]	Unit Cost [2]	Unit Cost w/ Mark-Up [3]	Max Eligible Credit / Reimbursement
Roadway Improvements [4]						
Corral Hollow - I-580 Eastbound Ramp to North of Sierra View Drive (Less median, road striping and signs, sewer, water, and fire hydrants)	STA 5+00 to 13+00	LF	800.00	$ 934.00	$ 1,120.80	$ 896,640.00
Corral Hollow - I-580 Eastbound Ramp to North of Sierra View Drive (Less sewer, water, and fire hydrants)	STA 13+00 to 18+15.20	LF	515.20	$ 1,312.60	$ 1,575.12	$ 811,501.82
Corral Hollow - Sierra View Drive Roundabout (Developer Responsibility)	STA 18+15.20 to 23+15.20	LF	500.00	$ -	$ -	$ -
Corral Hollow - South of Sierra View Drive to end of median (Less sewer, water, and fire hydrants)	STA 24+80.10 to 25+75.90	LF	164.90	$ 1,312.60	$ 1,575.12	$ 259,737.29
Subtotal Road						**$ 1,967,879.11**
Total						**$ 1,967,879.11**

Notes:

1) Units are based on the Corral Hollow Road Phase 2 Frontage approval set dated 02/17/23 improvement plans.

2) Unit costs derived from Citywide Roadway & Transportation Master Plan dated November 2012. Costs have been escalated by the Engineer's News Record San Francisco Construction Cost Index (ENR) from November 2013 costs to June 2023 costs (15367.26/10901.09).

3) Unit costs are marked up by 20% to account for (Engineering (10%) and Construction Management (10%). Contingency costs (15%) and program administration costs (5%) are not eligible for credits per Section 13.08.020 of the City of Tracy Municipal Code.

4) The Citywide Roadway & Transportation Master Plan dated November 2012 included 2,000 LF for Corral Hollow Road widening from I-580 Eastbound Ramps to the City Limits. It is assumed 500 LF of the intersection at Corral Hollow and Sierra View Drive (Lammers) would be Developer responsibility as the costs are not included in the Citywide Roadway & Transportation Master Plan and Tracy Infrastructure Master Plan Impact Fee Nexus Study and as such no credits can be given.

CITY OF TRACY OFFSITE IMPROVEMENT AGREEMENT FOR TRACY HILLS SIERRA VIEW / LAMMERS IMPROVEMENTS

This **OFFSITE IMPROVEMENT AGREEMENT** ("**Agreement**") is made and entered into by and between the **CITY OF TRACY** a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company (hereinafter "**Developer**"). The effective date of this Agreement shall be the date on which City executes the Agreement ("**Effective Date**").

Recitals

A. Developer is a party responsible for the construction of the public improvements within a portion of the real property comprising the subject Final Subdivision Map for Tract 4133 - Tracy Hills Villages 2-3, and being more particularly described in ***Exhibit "A"*** attached hereto and incorporated herein by reference (hereinafter "Project"). AG EHC II (LEN) CA 1, L.P. and AG EHC II (LEN) CA 2, L.P, are landbanks holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consents to the recordation of this Agreement as evidenced by its sign ature below.

B. October 19, 2021, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved by Resolution No. 2021-154 ("**Tentative Map**"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention

basin parcels, school parcels, and numerous other parcels to be owned and maintained by a Homeowner's Association, Developer or City on approximately 1,143 acres within the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk, and is incorporated herein by this reference.

C. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("**Conditions of Approval**"). The Conditions of Approval describe, among other things, improvements that are required for approval of the Final Subdivision Map pursuant to the Subdivision Map Act, the Subdivision Ordinance, and applicable City Standards.

D. In accordance with the Subdivision Map Act (California Government Code sections 66410, et seq) and the Subdivision Ordinance (Tracy Municipal Code, Title 12), Developer has submitted to the City the Final Subdivision Map for Tract *4133 - Tracy Hills Village 2 and 3 (the "**Final Subdivision Map**"). Developer is required to execute this Agreement as a condition of the City's approval of the Final Subdivision Map.*

E. Pursuant to the Conditions of Approval, Developer is required to construct the public roadway improvements known as the Sierra View (Lammers) Road, generally extending from Tracy Hills Drive to Corral Hollow Road as more particularly depicted in ***Exhibit "B"***.

In accordance with the Conditions of Approval, Developer has prepared, and the City Engineer has approved, certain improvement plans and specifications (which incorporate portions of the City's Standard Specifications), which describe the improvements that are required for approval of the Final Subdivision Map and are incorporated herein by reference. The approved plans and specifications ("**Approved Plans and Specifications**") include: *(a) forty-three (43) sheets of improvement plans entitled "Sierra View Drive Improvement Plans Tracy Hills Phase 2A" prepared by Ruggeri-Jensen- Azar dated May 30, 2023; and (d) sixty-seven (67) sheets of landscape construction drawings entitled "Sierra View Drive ROW Landscape Improvement Plans Tracy Hills Phase 2A (From Corral Hollow Road to Stanek Ave. and White Hart Ave, From Emery Street to Frost Street)", prepared by FORMA, dated June 12, 2023.* The improvement plans, joint trench plans and street lighting plans are on file with the City Engineer under Tracking No. ENG21-0037 and the landscape plans are on file with the City Engineer under Tracking No. ENG22-0008 (the **Landscape Plans**), all incorporated herein by reference.

F. In order to commence construction of certain improvements described in the Approved Plans and Specifications, the City and Developer entered into an Inspection Improvement Agreement (the "**IIA**"), the first page of which is attached as ***Exhibit "C"***. The IIA permitted Developer to commence construction of those improvements based upon certain submitted plans and specifications (the "**Submitted Plans and**

Specifications"), at Developer's sole risk. All of the plans contained in the Submitted Plans and Specifications were approved by the City Engineer at the time of approval of the IIA with the exception of the landscape plans. The IIA provides:

> "Developer understands and agrees that because the Submitted Plans and Specifications have not been approved by the City Engineer, if any of the completed improvements do not conform to the Approved Plans and Specifications the Developer may have to remove or correct any non-conformities to the reasonable satisfaction of the City Engineer at Developer's sole cost."

As such, Developer acknowledged and agreed that if the Approved Plans and Specifications varied from the Submitted Plans and Specifications, Developer would bear sole cost and expense in correcting any of the Work so that it was in conformance with the Approved Plans and Specifications. The Submitted Plans and Specifications are on file with the City Engineer and marked by the City Engineer as "**IIA Plans.**"

G. Pursuant to the IIA, all of the work performed by the Developer was subject to regular inspection by the City in the same manner and with the same reimbursement for those inspections as work would be inspected under a subdivision improvement agreement.

H. As a condition to the execution of the IIA, the Developer was required to provide engineer's estimates of the cost of the improvements, which engineer's estimates were then reviewed and approved by the City Engineer. Developer provided a Faithful Performance Bond in the amount of $12,908,497.00, a Labor and Material Bond in the amount of $12,908,497.00, a Warranty Bond in the amount of $1,290,850.00, *and a Monumentation Bond in the amount of $22,500.00* all dated January 22, 2022, in the form reviewed and approved by the City (the "**IIA Security**"). The IIA Security included an estimate, approved by the City Engineer, for that portion of the Work to be performed pursuant to the IIA landscape improvement plans, the final design of which is now reflected in the Landscape Plans. The IIA Security remains in full force and effect.

I. While a portion of the Work, as defined in Section 1 below, is now substantially complete, not all of the Work is substantially complete. This Agreement provides for an appropriate process for final inspection, acceptance of the Work and provision and release of sureties for the Work and is intended to replace the IIA for all Work contemplated by the IIA Plans and the Approved Plans and Specifications.

J. Because the required improvements have not been completed, Developer is required to execute this Agreement as authorized by Government Code section 66462.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Scope of Work; Location**. Developer shall perform, or cause to be performed, the work in the manner and as described in the Approved Plans and Specifications,

to the satisfaction of the City Engineer pursuant to this Agreement (the "**Work**"). The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f). To the extent applicable, all of the Work shall be performed by Developer in accordance with the requirements of the State prevailing wage laws. Developer shall perform all Work at the locations and grades shown on the Approved Plans and Specifications. Developer (a) has acquired any necessary easement or right-of-way or(b) has entered into a separate Agreement with the City to acquire the necessary easement or right-of-way at Developer's expense.

2. **Time of Performance**. Time is of the essence in the performance of the Work, and the timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

2.1 **Commencement of Work**. The remaining Work shall begin within 60 days after the Effective Date of the Agreement. No later than fifteen (15) days prior to the commencement of such Work, Developer shall provide written notice to the City Engineer of the date on which Developer intends to commence Work. To the extent required, Developer shall not commence Work until after the notice required by this section is properly provided, and Developer shall not commence Work prior to the date specified in the written notice.

2.2 **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

2.3 **Completion of Work**. Developer shall complete all Work by no later than three hundred sixty-five (365) calendar days after Developer's submittal of its notice of commencement of Work pursuant to Section 2.1 above. If the Work is not completed by this date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to expiring date of completion, (b) the City Engineer determines that Work is progressing satisfactorily and an extension is warranted, and (c)Developer pays all processing fees for such time extension.

3. **Improvement Security**. Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the following amounts:

   3.1 **Faithful Performance** security in the amount of **$12,871,291.00** to secure faithful performance of this Agreement.

   3.2 **Labor and Material** security in the amount of **$12,871,291.00** to secure payment by Developer to laborers and materialmen.

   3.3 **Warranty** security in the amount of **$1,287,129.00** to guarantee improvements against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

   3.4 **Monumentation** security in the amount of **$22,500.00** to secure faithful performance of setting monuments pursuant to Government Code section 66496.

   City acknowledges Developer posted security in the form of bonds prior to commencement of the work under the IIA and confirms the amount of the IIA Security is the same amount as is required under this Section 3. Developer posted riders to the IIA Bonds to satisfy the requirements of this Section 3, in a form to the satisfaction of the City Engineer and City Attorney.

4. **Indemnification**. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2)the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 14, below, has expired, at which time the indemnification obligations under this Section 4 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section4 are in addition to all other Developer's obligations set forth in this Agreement, and shall not affect Developer's warranty obligations set forth in Section 14, below.

5. **Insurance**. Concurrently with the execution of this Agreement by Developer, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance

requirements contained in this Section 5 are material terms of this Agreement. These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

5.1 **General**. Developer shall, throughout the duration of this Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

5.2 **Commercial General Liability** (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

5.3 **Professional Contracts**. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

5.4 **Automobile Liability** (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

5.4.1 If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

5.5 **Workers' Compensation** coverage shall be maintained as required by the State of California.

5.6 **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

5.6.1 The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional

Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing operations and CG 20 37 (or its equivalent) for products/completed operations.

5.6.2 For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

5.6.3 Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

5.7 **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

5.8 **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

5.9 **Insurance Certificate**. Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney before the City executes this Agreement.

5.10 **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

5.11 **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

6. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent,

or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

7. **Default**

7.1 **Notice of Default**. In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

7.2 **Events of default**. Developer shall be in default ("**Default**") of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

7.2.1 Intentionally Left Blank.

7.2.2 Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

7.2.3 Developer abandons the Work site.

7.2.4 Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 7.3 below.

7.2.5 Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

7.2.6 Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 7.3 below.

7.3 **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

7.3.1 Demand that Developer complete performance of the Work.

7.3.2 Demand that Developer's surety (if any) complete performance of the Work.

7.3.3 Resort to any judicial remedies available to the City.

8. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

9. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

10. **Inspection by the City; Inspection Fees**. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

10.1 **Inspection Fees**. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated Project costs (as approved by the City Engineer).

In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

11. **FEES AND FEE CREDITS**. Developer shall be entitled to fee credits consistent with Section 3.3 of that certain Development Agreement by and between the City of Tracy and the Tracy Hills Project Owner, LLC, and Tracy Phase I, LLC, adopted by City of Tracy Ordinance No. 1213 and recorded in the Official Records of San Joaquin County on June 9, 2016, as Document Number 2016-066658, as may be amended from time to time (the "DA"), and as provided in greater detail in the Finance and Implementation Plan for the Tracy Hills Specific Plan pursuant to the DA and Tracy Municipal Code Section 10.20.060(b)(3), as may be amended from time to time.

11.1 **FEE CREDITS**. Upon submission of the improvement security, payment of engineering review fees, and City's execution of this Agreement, Developer shall be entitled to receive roadway fee credits (**Exhibit "D"**) in the amount of **$872,484.00**.

12. **Developer's Authorized Representative**. At all times during the progress of the Work, Developer shall have a competent foreperson or superintendent

("**Authorized Representative**") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. **Exhibit "E"** attached hereto includes the initial contact information referenced in this Section 12.

13. **Acceptance of Work**. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

14. **Warranty Period**. Developer shall warrant the quality of the Work, in accordance with the terms of the Approved Plans and Specifications, for a period of one year after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

15. **Termination of IIA**. Upon the joint execution of this Agreement, the IIA is deemed terminated.

16. **Miscellaneous**.

    16.1 **Notices**. All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be

personally delivered or electronically mailed to the respective party as follows:

Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

16.2 **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

16.3 **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

16.4 **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

16.5 **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

16.6 **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the

State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

16.7 **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

16.8 **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)
B. Offsite Improvement Location (Recital E.)
C. IIA Excerpt (Recital F.)
D. Fee Credits Worksheet
E. Subdivider's Authorized Representative Information (Section 12.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

16.9 **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

INSPECTION IMPROVEMENT AGREEMENT
SIERRA VIEW DRIVE IMPROVEMENTS

This **Inspection Improvement Agreement** ("**Agreement**") is entered into by and between the City of Tracy, a municipal corporation ("**City**"), and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company ("**Developer**").

Recitals

A. Developer is the party responsible for the construction of the public roadway improvements known as the **Sierra View Drive Improvements** that are to be constructed within the proposed Sierra View Drive right-of-way, as more particularly depicted in Exhibit "**A**" ("**Project**").

B. The Project is geographically located within the boundaries of the Tracy Hills Specific Plan Area, which was approved by City Council on April 5, 2016, and is further situated within the boundaries of that certain tentative map known as Vesting Tentative Map, Tract 4057, Tracy Hills Phase 2, approved by the City Council on October 19, 2021, by Resolution No. 2021-154 (the "**Tentative Map**").

C. The Tentative Map approval was subject to certain Conditions of Approval ("**Conditions**"). The Conditions are attached here as Exhibit "**B**" and incorporated by reference.

D. Among other things, the Conditions describe certain improvements that are required for approval of final subdivision maps under the Subdivision Map Act (California Government Code sections 66410, *et seq.*), City's Subdivision Ordinance (Tracy Municipal Code, Title 12), and applicable City Standards.

E. In accordance with the Subdivision Map Act and City's Subdivision Ordinance, Developer has submitted to City numerous final maps for the residential development known as Tracy Hills Phase 2A (the "**Final Maps**"). The Final Maps are being reviewed by the City Engineer for substantial compliance with the Tentative Map, and the Final Maps has not yet been approved by City for recordation.

F. Improvement plans and specifications (which incorporate portions of the City's Standard Specifications) have been prepared on behalf of Developer and are under review by the City Engineer. They describe in more detail the improvements that are required for approval of the Final Maps. The submitted plans and specifications, which are under review by the City Engineer, are on file with the City Engineer and incorporated herein by reference. The term "**Partially Approved Submitted Plans and Specifications**" is a subset of the complete plans that have been submitted and specifically includes the thirty-three (33) sheets of improvement plans titled "Sierra View Drive Improvement Plans, Tracy Hills - Phase 2A" prepared by Ruggeri-Jensen-Azar. The above referenced plans are on file with the City Engineer under Tracking No. ENG21-0037 and have been approved by the City Engineer.

EXHIBIT "D"

Fee Credit Worksheet

Preliminary Estimated Credit/Reimbursement for Construction of Sierra View Drive Tracy Hills Drive to I-580 EB Ramp
Based on the Citywide Roadway & Transportation Master Plan dated November 2012
5/16/2024

Improvements	Stations	Unit Type	Units [1]	Unit Cost [2]	Unit Cost w/ Mark-Up [3]	Max Eligible Credit / Reimbursement
Roadway Improvements						
Sierra View Drive (Lammers) -North of I-580 (Partial road - two lanes and shoulder) [4]	STA 1+76.70 to 5+76.70	LF	400	$ 1,236.50	$ 1,483.80	$ 593,520.00
Sierra View Drive (Lammers) - North of I-580 (ROW Acquisition) [4]	STA 1+76.70 to 5+76.70	LF	400	$ 697.41	$ 697.41	$ 278,964.00
Subtotal Road						**$ 872,484.00**
Total						**$ 872,484.00**

Notes:

1) Units are based on the Sierra View Drive Tracy Hills Phase 2A Improvement Plans dated 05/30/23.

2) Unit costs derived from Citywide Roadway & Transportation Master Plan dated November 2012. Costs have been escalated by the Engineer's News Record San Francisco Construction Cost Index (ENR) from November 2013 costs to June 2023 costs (15367.26/10901.09).

3) Unit costs are marked up by 20% to account for (Engineering (10%) and Construction Management (10%). Contingency costs (15%) and program administration costs (5%) are not eligible for credits per Section 13.08.020 of the City of Tracy Municipal Code.

4) The proposed Citywide Roadway & Transportation Master Plan Master Plan included costs for a new four lane parkway curb to curb. The credits provided are for 30 LF of road width (two 11' lanes and a 8' should lane) as the remaining of the road will need to be widened.

CITY OF TRACY
CONDITIONAL OFFSITE IMPROVEMENT AGREEMENT
TRACY HILLS - PHASE 2 - TRACY BLVD/LINNE ROAD INTERSECTION IMPROVEMENTS

This **CONDITIONAL SUBDIVISION IMPROVEMENT AGREEMENT TRACY HILLS - PHASE 2 - TRACY BLVD/LINNE ROAD INTERSECTION IMPROVEMENTS** (hereinafter "Agreement") is made and entered into by and among the **CITY OF TRACY**, a municipal corporation ("City") and **LENNAR HOMES OF CALIFORNIA, LLC,** a California limited liability company ("**Developer**").

RECITALS

A. The Developer is the developer of the real property generally known as Tracy Hills Phase 4 hereinafter ("**Property**") and more particularly described in Exhibit "A" attached hereto and incorporated herein by reference. Tracy Phase 4, LLC is a landbank holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consents to the recordation of this Agreement as evidenced by its signature below.

B. On April 5, 2016, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan and approved related land use entitlements, including but not limited to that certain Development Agreement by and Among the City of Tracy, The Tracy Hills Project Owner, LLC, and Tracy Phase I, LLC, ("**DA**") under Application Number TSM16-001 and approved by Resolution 2016-065.

C. October 19, 2021, the City Council adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use

entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved by Resolution No. 2021-154 ("**Tentative Map**"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by Homeowners Association, Developer or City on approximately 1,143 acres within the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk and is incorporated herein by this reference.

D. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("**Conditions of Approval**").

E. Pursuant to the Conditions of Approval, Developer is required to design and construct the public roadway improvements known as the Tracy Boulevard/Linne Road Intersection Improvements.

F. Condition of Approval B.2 incorporated, among other things, Mitigation Measure 4.13.5(a) -Intersection #5 which states in part "Signalize the intersection and reconstruct the southbound approach to include a shared southbound through/left-turn lane and a southbound right-turn lane. Construct the eastbound approach to include an eastbound left-turn lane and a shared eastbound through/right-turn lane. The westbound approach shall remain a shared westbound left/through/right turn lane and the northbound approach shall remain a shared northbound through/left/right-turn lane. This signal shall be interconnected with the controller at the railroad crossing and improvements shall be constructed at the railroad crossing gates."

G. The eastbound and westbound portion of the Intersection #5 obligation has been satisfied. The City, after consultation with UPRR, has determined that a grade separated southbound right turn lane (the "**Right Turn Lane**") is likely infeasible. As such a solution is uncertain and very costly to implement, the parties agree that Developer shall instead provide an in-lieu payment for the Right Turn Lane as described in this Agreement. The City has determined, based on current construction costs, that the portion of the in-lieu payment for construction costs shall be $281,548.31, the portion of the in-lieu payment for the right-of-way acquisition costs shall be $100 per square foot for 3,150 square feet of right-of way, and the portion of the in-lieu payment for the construction easement costs shall be $25 per square foot for 440 square feet for a total of $326,000. Therefore, the total in-lieu payment for the Right Turn Lane shall be $607,548.31 (the "**In-Lieu Payment**").

H. In addition to the In-Lieu Payment, the City and Developer agree that Developer's construction obligation for Intersection #5 is to signalize the existing intersection. The signal shall be interconnected with the controller at the railroad crossing and improvements shall be constructed at the railroad crossing gates (the "**Offsite Improvements**").

I. The preparation of the design (preliminary and final) of the Offsite Improvements is known as the "**Initial Design Work**." Specifically, pursuant to Mitigation Measure 4.13.5(a) -Intersection #5, the Developer is required to cause the preparation of the design (preliminary and final) for, and final construction of, the Offsite Improvements. In addition to the City, both the Union Pacific Railroad ("**UPRR**") and the California Public Utilities Commission ("**CPUC**") will need to consent and/or approve the final design due to the Offsite Improvements interaction with existing railroad infrastructure ("**UPRR/CPUC Consent**").

J. Developer has provided to City an initial estimate of the cost of the Offsite Improvements ("**Initial Estimate**").

K. Developer will provide security in the amount of the Initial Estimate for the timely performance of the Offsite Improvements, as set forth below.

L. Because Developer seeks to obtain City Council Final Subdivision Map approval and the Work is an outstanding Condition, Developer has requested to execute this Agreement, as authorized by Government Code Section 66462, to set forth binding terms and conditions by which Developer must complete the Work subsequent to final map approval.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Confirmation of Obligation and Posting of Security**.

   1.1. **Improvement Security.** Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 et seq.) and Tracy Municipal Code Section 12.36.080, in the following amounts:

      1.1.1. Faithful Performance security in the amount of $1,944,000.00 to secure faithful performance of this Agreement.

   1.2. **Establishment Of Time For Commencement.** Within 120 days of the approval of this Agreement, Developer shall commence the Initial Design Work.

   1.3. **In-Lieu Payment**. Prior to City Council approval of this Agreement, Developer shall pay City Six-Hundred-Seven-Thousand-Five-Hundred-Forty-Eight and 31/100 Dollars ($607,548.31), the dollar amount of the In-Lieu Payment. Developer shall have no further obligations related to the Right Turn Lane after making the In-Lieu Payment.

2. **Subdivision Improvement Agreement**.

   2.1. **Scope of Work; Location.** The location and details of the Offsite Improvements will be described fully in the future improvement plans, which upon approval by the City Engineer, UPRR and CPUC shall be referred to as the "**Plans and Specifications**". The Plans and Specifications will be on file with the City Engineer and are automatically incorporated herein upon approval by the City Engineer, UPRR and CPUC. Developer shall perform, or cause to be

performed, the construction of a traffic signal, crossing arms, and necessary interconnect in the manner and as described in the Plans and Specifications, to the satisfaction of the City Engineer pursuant to this Agreement (the "**Work**"). The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f). To the extent applicable, all of the Work shall be performed by Developer in accordance with the requirements of the State prevailing wage laws.

2.2. **Developer shall perform all Work at the locations and grades per the Plans and Specifications**. Developer shall perform all the Work within the existing City right-of-way ("**ROW**") and shall not be obligated to acquire any additional ROW.

2.3. **Time Of Performance**. Time is of the essence in the Developer's procurement of Plans and Specifications and performance of the Work. The timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

2.4. **Final Plans and Specifications and Engineer's Estimate**. Developer shall procure from the City approval of the Plans and Specifications and the Final Engineer's Estimate (defined below). Developer shall diligently prosecute completion of the Plans and Specifications in coordination with the City, UPRR, and the CPUC. City agrees to reasonably cooperate in the processing of the Plans and Specifications, including without limitation, executing documents reasonably necessary to obtain UPRR and CPUC approval of the Plans and Specifications so long as such documents to do not result in financial liability to City. Upon approval of the Plans and Specifications by City, UPRR and CPUC, Developer shall provide contract security in accordance with Section 2.8 ensuring performance for the Work based on the final Engineer's Estimate for the work related to the Plans and Specifications (the **"Final Engineer's Estimate"**).

2.5. **Commencement of Work.** Work shall begin within 180 days after Plans and Specifications have been approved by the City Engineer, UPRR and CPUC. No later than fifteen (15) days prior to the commencement of Work, Developer shall provide written notice (email being sufficient) to the City Engineer of the date on which Developer intends to commence Work. Developer shall not commence Work until after the notice required by this section is properly provided and contract security has been provided, and Developer shall not commence Work prior to the date specified in the written notice.

2.6. **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which

shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

2.7. **Completion of Work**. Developer shall complete all Work no later than three hundred and sixty-five (365) calendar days after Developer's submittal of its notice of commencement of Work pursuant to Section 2.5 above. If the Work is not completed by this date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to expiring date of completion, (b) the City Engineer determines that Work is progressing satisfactorily and an extension is warranted, and (c) Developer pays all processing fees for such time extension.

2.8. **Improvement Security**. At least thirty (30) days prior to the commencement of the Work, Developer shall furnish new or additional contract security, in a form authorized by the Subdivision Map Act (including Government Code Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the amounts determined by the City Engineer in the Final Engineer's Estimate:

2.8.1. Faithful Performance security to secure faithful performance of this Agreement.

2.8.2. Labor and Material security to secure payment by Developer to laborers and materialmen.

2.8.3. Warranty security against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

City shall release the improvement security posted pursuant to Section 1.1 upon the posting of all contract security required by this Section 2.8. If contract security is not timely provided in accordance with this Section 2.8, City shall have the right to withhold approvals of additional final maps and/or building permits within Phase 2A and Phase 2B.

2.9. **Indemnification**. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2) the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 2.20, below, has expired, at which time the indemnification obligations under this Section 2.9 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section 2.9 are in addition to all other Developer's obligations set forth in this Agreement and shall not affect Developer's warranty obligations set forth in Section 2.20, below.

2.10. **Insurance**. From the date the bonds are provided pursuant to Section 2.8 and through the remainder of the duration of the Agreement, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 2.10 are material terms of this Agreement. These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

2.10.1. **General**. Developer shall, from the date the bonds are provided pursuant to Section 2.8 and through the remainder of the duration of the Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

2.10.1.1. Commercial General Liability (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

2.10.1.2. Professional Contracts. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

2.10.1.3. Automobile Liability (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

2.10.1.4. If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

2.10.1.5. Workers' Compensation coverage shall be maintained as required by the State of California.

2.10.2. **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

2.10.2.1. The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing operations and CG 20 37 (or its equivalent) for products/completed operations.

2.10.2.2. For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

2.10.2.3. Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

2.10.3. **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

2.10.4. **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

2.10.5. **Insurance Certificate.** Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney.

2.10.6. **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

2.10.7. **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

2.11. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and

Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

2.12. **Default**

2.12.1. **Notice of Default.** In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

2.12.2. **Events of default**. Developer shall be in default of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

2.12.2.1. Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

2.12.2.2. Developer abandons the Work site.

2.12.2.3. Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 2.12.3 below.

2.12.2.4. Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

2.12.2.5. Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 2.12.3 below.

2.12.3. **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

2.12.3.1. Demand that Developer complete performance of the Work.

2.12.3.2. Demand that Developer's surety (if any) complete performance of the Work.

2.12.3.3. Resort to any judicial remedies available to the City.

2.12.3.4. For defaults of Section 2.8, impose the remedies described in Section 2.8.

2.13. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the completion of Developer's Work, or upon demand from the City. Prior to

acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

2.14. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

2.15. **Inspection by the City; Inspection Fees**. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

2.16. **Inspection Fees**. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated Project costs (as approved by the City Engineer).

2.16.1. In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

2.17. **Fees And Fee Credits**. Developer acknowledges the Initial Design Work and Work are not currently eligible for Traffic Impact Fee Credits under the City's current Transportation Master Plan. Developer reserves the right to receive Fee Credits if subsequently authorized by City program modifications.

2.18. **Developer's Authorized Representative**. At all times during the progress of the Work, Developer shall have a competent foreman or superintendent ("Authorized Representative") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. **Exhibit "B"** attached hereto includes the initial contact information referenced in this Section 2.18.

2.19. **Acceptance of Work**. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

2.20. **Warranty Period**. Developer shall warrant the quality of the Work, in accordance with the terms of the Plans and Specifications, for a period of one

year after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

2.21. **Notices**.

2.21.1. All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City:	To Developer:
City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org	Lennar Homes of California, LLC 2603 Camino Ramon, Suite 525 San Ramon, CA 94583 Attn: Bridgit Koller bridgit.koller@lennar.com

Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

2.22. **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

2.23. **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

2.24. **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

2.25. **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or

delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

2.26. **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

2.27. **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

2.28. **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)

B. Developer's Authorized Representative Information (Section 2.18.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

2.29. **Obligations Run With The Land.** All obligations and provisions of this Agreement shall run with the real property described in Exhibit "A" and shall bind the Developer and its respective successors and assigns.

2.30. **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

[Signatures on Next Page]

IN WITNESS WHEREOF the parties do hereby agree to the full performance of the terms set forth herein.

RECITALS

A. The Developer is the developer of the real property generally known as Tracy Hills Phase 4 hereinafter ("**Property**") and more particularly described in **Exhibit "A"** attached hereto and incorporated herein by reference. Tracy Phase 4, LLC is a landbank holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consents to the recordation of this Agreement as evidenced by its signature below.

B. On April 5, 2016, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan and approved related land use entitlements, including but not limited to that certain Development Agreement by and Among the City of Tracy, The Tracy Hills Project Owner, LLC, and Tracy Phase I, LLC, ("**DA**") under Application Number TSM16-001 and approved by Resolution 2016-065.

C. October 19, 2021, the City Council adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for Tracy

Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved by Resolution No. 2021-154 ("**Tentative Map**"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by Homeowners Association, Developer or City on approximately 1,143 acres within the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk and is incorporated herein by this reference.

D. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("**Conditions of Approval**").

E. Pursuant to the Conditions of Approval, Developer is required to design the public roadway improvements knows as the Linne Road/Macarthur Drive Intersection Improvements (the "**Offsite Improvements**"), as more particularly depicted in **Exhibit "B"**. The preparation of the design (preliminary and final) of the Offsite Improvements is known as the "**Work**." Specifically, pursuant to Condition B.2 which incorporated, among other things, Mitigation Measure 4.13-7a – Intersection #35, the Developer is required to cause the preparation of the design (preliminary and final) for the Offsite Improvements. The Offsite Improvements are not located in the City and the County of San Joaquin ("**County**") has primary land use authority over the Offsite Improvements. In addition, both the Union Pacific Railroad ("**UPRR**") and the California Public Utilities Commission ("**CPUC**") will need to consent and/or approve the final design due to the Offsite Improvements interaction with existing railroad infrastructure.

F. Developer has provided to City an initial estimate of the cost of the Work ("**Initial Design Estimate**").

G. Developer will provide security in the amount of the Initial Design Estimate for the timely performance of the Work, as set forth below.

H. Because Developer seeks to obtain City Council Final Subdivision Map approval and the Work is an outstanding Condition, Developer has requested to execute this Agreement, as authorized by Government Code Section 66462, to set forth binding terms and conditions by which Developer must complete the Work subsequent to final map approval.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Scope of Work; Location**. Developer shall perform, or cause to be performed, the Work. The Work shall be performed at Developer's sole expense.

2. **Time of Performance**. Time is of the essence in the performance of the Work, and the timing requirements set forth herein shall be strictly adhered to unless

otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

2.1 **Commencement of Work**. Within 90 days after this Agreement being approved by the City Council, Developer shall initiate processing the initial design plans with the County and shall provide County, with a copy provided to City, of a proposed scope of work from a qualified consultant for the preparation of the preliminary design of the Offsite Improvements, such scope constituting notice of commencement of the Work.

2.2 **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

2.3 **Completion of Work**. Developer shall diligently prosecute completion of the Work in coordination with the County, Union Pacific Railroad, and the CPUC. Developer shall use commercially reasonable efforts to complete the Work by no later than two (2) years after Developer's submittal of its notice of commencement of Work pursuant to Section 2.1 above. City agrees to reasonably cooperate in the processing of the Work, including without limitation, executing documents reasonably necessary to obtain County, UPRR, and CPUC approval of the Work so long as such documents do not result in financial liability to City. If County, UPRR and CPUC have not provided all required approvals for the final plans by such time, Developer shall meet and confer with City regarding next steps.

3. **Fair Share**. Developer shall contribute a fair share towards the costs of such improvements, such fair share being determined through a separate future agreement between Developer and County prior to completion of construction of the Offsite Improvements. Developer acknowledges and agrees that City has no responsibility on the resolution of this issue as it between the County and Developer to negotiate and resolve.

4. **Improvement Security**. Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the following amounts:

4.1 **Faithful Performance** security in the amount of **$132,975.00** to secure faithful performance of this Agreement. Such security shall be promptly released upon completion of the Work or if, despite Developer's best efforts (as determined by City in its reasonable discretion), County has not approved the Work within five (5) years after Developer commencing the Work under Section 2.1. If Developer provides such security as cash, City

shall permit Developer to replace such security at any time with other forms of security permitted under Section 4 and promptly return the cash security.

5. **Design Insurance.** Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

6. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

7. **Default**

7.1 **Notice of Default**. In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

7.2 **Events of default**. Developer shall be in default ("**Default**") of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):.

7.2.1 Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

7.2.2 Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 7.3 below.

7.2.3 Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 7.3 below.

7.3 **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently

prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

7.3.1 Demand that Developer complete performance of the Work.

7.3.2 Demand that Developer's surety (if any) complete performance of the Work.

7.3.3 Resort to any judicial remedies available to the City.

Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two

working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

14.2 **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

14.3 **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

14.4 **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

14.5 **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

14.6 **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

14.7 **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

14.8 **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)
B. Offsite Improvement Location (Recital E.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

14.9 **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

EXHIBIT "A"
(Legal Description of Property)

LEGAL DESCRIPTION

Real property in the City of Tracy, County of San Joaquin, State of California, described as follows:

PARCEL 1:

NEW PARCEL A OF CERTIFICATE OF COMPLIANCE FOR LOT LINE ADJUSTMENT NO. MS 23-0004 RECORDED NOVEMBER 28, 2023 AS INSTRUMENT NO. 2023-096708 OF OFFICIAL RECORDS AND MORE PARTICULARLY DESCRIBED AS FOLLOWS:

REAL PROPERTY SITUATE IN THE CITY OF TRACY, COUNTY OF SAN JOAQUIN, STATE OF CALIFORNIA AND BEING ALL OF NEW PARCEL 1 AS SAID PARCEL IS DESCRIBED AND DEPICTED IN THE GRANT DEED TO TRACY PHASE 4, LLC, RECORDED ON AUGUST 9, 2023 AS DOCUMENT NO. 2023-062989 OF OFFICIAL RECORDS OF SAN JOAQUIN COUNTY AND BEING A PORTION OF NEW PARCEL 2 AS SAID PARCEL IS DESCRIBED AND DEPICTED IN THE GRANT DEED TO TRACY PHASE 3, LLC, RECORDED ON AUGUST 9, 2023 AS DOCUMENT NO. 2023-062990 OF OFFICIAL RECORDS OF SAN JOAQUIN COUNTY, AND BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

BEGINNING AT THE MOST NORTHERLY CORNER OF SAID NEW PARCEL 1 THENCE ALONG THE EAST LINES OF SAID NEW PARCELS 1 AND 2 THE FOLLOWING TWELVE (12) COURSES:

1) SOUTH 53° 19' 26" EAST - 660.88 FEET;

2) SOUTH 56° 06' 02" EAST - 501.22 FEET;

3) SOUTH 52° 05' 47" EAST - 700.00 FEET;

4) SOUTH 50° 03' 03" EAST - 700.45 FEET;

5) SOUTH 56° 51' 36" EAST - 301.04 FEET;

6) SOUTH 52° 05' 47" EAST - 1000.00 FEET;

7) SOUTH 49° 48' 21" EAST, AT 304.50 FEET PASSING THE COMMON EAST CORNER TO NEW PARCELS 1 AND 2, IN ALL 500.40 FEET;

8) SOUTH 53° 43' 58" EAST - 700.29 FEET;

9) SOUTH 52° 05' 47" EAST - 1300.00 FEET;

10) SOUTH 50° 11' 14" EAST - 600.33 FEET;

11) SOUTH 52° 05' 47" EAST - 300.00 FEET;

12) SOUTH 53° 14' 32" EAST 811.28 FEET FOR THE SOUTHEASTERLY CORNER HEREOF;

THENCE CROSSING THROUGH NEW PARCEL 2 THE FOLLOWING SIXTY-ONE (61) COURSES:

1) SOUTH 36° 45' 28" WEST - 151.15 FEET;

2) NORTH 52° 06' 57" WEST - 17.00 FEET;

3) SOUTH 37° 53' 03" WEST - 41.50 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS SOUTH 37° 53' 03" WEST;

4) IN A SOUTHERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

5) SOUTH 37° 53' 03" WEST - 167.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

6) IN A WESTERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

7) SOUTH 37° 53' 03" WEST - 57.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS SOUTH 37° 53' 03" WEST;

8) IN A SOUTHERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

9) SOUTH 37° 53' 03" WEST - 80.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

10) IN A WESTERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

11) SOUTH 37° 53' 03" WEST - 57.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS SOUTH 37° 53' 03" WEST;

12) IN A SOUTHERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

13) SOUTH 37° 53' 03" WEST - 168.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

14) IN A WESTERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

15) SOUTH 37° 53' 03" WEST - 57.00 FEET;

16) SOUTH 52° 06' 57" EAST - 5.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

17) IN A SOUTHERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

18) SOUTH 37° 53' 03" WEST - 176.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

19) IN A WESTERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

20) SOUTH 37° 53' 03" WEST - 57.00 FEET;

21) SOUTH 52° 06' 57" EAST - 64.68 FEET;

22) SOUTH 37° 53' 03" WEST - 208.00 FEET;

23) SOUTH 52° 06' 57" EAST - 876.82 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

24) IN A SOUTHERLY DIRECTION 128.81 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 82.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

25) SOUTH 37° 53' 03" WEST - 292.50 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

26) IN A WESTERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

27) NORTH 52° 06' 57" WEST - 21.00 FEET;

28) SOUTH 37° 53' 03" WEST - 57.00 FEET;

29) SOUTH 52° 06' 57" EAST - 12.50 FEET;

30) SOUTH 37° 53' 03" WEST - 3.00 FEET;

31) SOUTH 52° 06' 57" EAST - 6.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

32) IN A SOUTHERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVETO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

33) SOUTH 37° 53' 03" WEST - 942.10 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT;

34) IN A SOUTHWESTERLY DIRECTION 200.31 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 538.50 FEET AND THROUGH A CENTRAL ANGLE OF 21° 18' 47";

35) SOUTH 16° 34' 16" WEST - 282.68 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

36) IN A SOUTHWESTERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

37) NORTH 73° 25' 44" WEST - 16.00 FEET;

38) SOUTH 16° 34' 16" WEST - 57.00 FEET;

39) SOUTH 73° 25' 44" EAST - 16.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

40) IN A SOUTHEASTERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

41) SOUTH 16° 34' 16" WEST - 215.00 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT;

42) IN A SOUTHERLY DIRECTION 45.53 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 1018.00 FEET AND THROUGH A CENTRAL ANGLE OF 02° 33' 45" FOR THE BEGINNING OF A REVERSE CURVE;

43) CONTINUING IN A SOUTHERLY DIRECTION 43.92 FEET ALONG THE ARC OF SAID REVERSE CURVE, HAVING A RADIUS OF 982.00 FEET AND THROUGH A CENTRAL ANGLE OF 02° 33' 45";

44) SOUTH 16° 34' 16" WEST - 74.99 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

45) IN A SOUTHWESTERLY DIRECTION 30.46 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 87° 15' 46";

46) NORTH 76° 09' 59" WEST - 1.68 FEET;

47) SOUTH 13° 50' 01" WEST - 56.00 FEET;

48) SOUTH 76° 09' 59" EAST - 5.10 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

49) IN A SOUTHEASTERLY DIRECTION 32.37 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 92° 44' 14";

50) SOUTH 16° 34' 16" WEST - 7.74 FEET;

51) SOUTH 73° 25' 44" EAST - 57.00 FEET;

52) SOUTH 16° 34' 16" WEST - 37.53 FEET;

53) SOUTH 52° 06' 57" EAST - 595.39 FEET;

54) SOUTH 40° 06' 22" WEST - 131.53 FEET;

55) SOUTH 29° 13' 05" WEST - 41.67 FEET;

56) SOUTH 47° 07' 54" WEST - 115.46 FEET;

57) SOUTH 45° 09' 31" WEST - 241.24 FEET;

58) SOUTH 45° 21' 00" WEST - 69.92 FEET;

59) SOUTH 61° 48' 50" WEST - 305.17 FEET;

60) SOUTH 45° 20' 57" WEST - 485.89 FEET;

61) SOUTH 85° 06' 47" WEST - 214.60 FEET TO A SOUTHWESTERLY CORNER OF SAID NEW PARCEL 2, SAID CORNER BEIGN AT THE NORTHEASTERLY TERMINUS OF A LINE LABELED AS NORTH 22° 25' 06" EAST - 50.07 FEET;

THENCE ALONG THE WEST LINES OF NEW PARCELS 1 AND 2, THE FOLLOWING THIRTY-SIX (36) COURSES:

1) NORTH 67° 34' 55" WEST - 91.49 FEET;

CITY OF TRACY CONDITIONAL OFFSITE IMPROVEMENT AGREEMENT TRACY HILLS - PHASE 2 - CORRAL HOLLOW WIDENING FROM THE CALIFORNIA AQUEDUCT TO LINNE ROAD INTERSECTION

This **CONDITIONAL OFFSITE IMPROVEMENT AGREEMENT TRACY HILLS - PHASE 2 - CORRAL HOLLOW WIDENING FROM THE CALIFORNIA AQUEDUCT TO LINNE ROAD INTERSECTION** (hereinafter "Agreement") is made and entered into by and among the **CITY OF TRACY**, a municipal corporation ("City") and **LENNAR HOMES OF CALIFORNIA, LLC,** a California limited liability company ("**Developer**") .

RECITALS

A. The Developer is the developer of the real property generally known as Tracy Hills Phase 4 hereinafter ("**Property**") and more particularly described in **Exhibit "A"** attached hereto and incorporated herein by reference. Tracy Phase 4, LLC, is a landbank holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consents to the recordation of this Agreement as evidenced by its signature below.

B. On April 5, 2016, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan and approved related land use entitlements, including but not limited to that certain Development Agreement by and Among the City of Tracy, The Tracy Hills Project Owner, LLC, and Tracy Phase I, LLC, ("**DA**") under Application Number TSM16-001 and approved by Resolution 2016-065.

C. October 19, 2021, the City Council adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use

entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved by Resolution No. 2021-154 ("**Tentative Map**"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by Homeowners Association, Developer or City on approximately 1,143 acres within the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk and is incorporated herein by this reference.

D. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("**Conditions of Approval**").

E. Pursuant to the Conditions of Approval and Mitigation Measure 4.13-5(b), Developer is required to construct the public roadway improvements knows as the Corral Hollow Widening generally extending from the California Aqueduct to the Linne Road Intersection (the "**Offsite Improvements**"), as more particularly depicted in **Exhibit "B"**. Specifically, pursuant to Condition C.2.7.8(d), the Offsite Improvements are required to be commenced by the final inspection of the 2,600th dwelling unit (the "**Trigger Event**").

F. Because approved plans for the Offsite Improvements are not available prior to approval of the Final Subdivision Map, Developer has provided to City an initial engineer's estimate of the cost of developing the Offsite Improvements and the City Engineer has reviewed and approved that engineer's estimate (the "**Initial Engineer's Estimate**"). The Initial Engineer's Estimate is based upon the City's reasonable assumption of the range and amount of improvements within the Offsite Improvements and recent cost information provided in connection with development of the improvements in the Tracy Hills development.

G. Developer will provide security in the amount of the Initial Engineer's Estimate for the timely performance of Condition C.2.7.8.d., as set forth below.

H. The final plans for the outstanding work have not been approved as of the Effective Date. Prior to but no later than the occurrence of the Trigger Event, Developer shall submit improvement plans and specifications relating to the Offsite Improvements, which, upon approval by the City Engineer, shall constitute the "**Work**". The location and details of the Work will be described fully in the future improvement plans, which upon approval by the City Engineer, shall be referred to as the "**Plans and Specifications**". The Plans and Specifications will be on file with the City Engineer and are automatically incorporated herein upon approval by the City Engineer.

I. Because Developer seeks to obtain City Council Final Subdivision Map approval and the Work is an outstanding Condition, Developer has requested to execute this

Agreement, as authorized by Government Code Section 66462, to set forth binding terms and conditions by which Developer must complete the Work subsequent to final map approval.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Confirmation of Obligation and Posting of Security Prior to Trigger Event.**

   1.1. **Improvement Security.** Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 et seq. and Tracy Municipal Code Section 12.36.080, in the amount of $23,950,020.00 to secure faithful performance of this Agreement. The security shall be due and payable if construction of the Offsite Improvements have not commenced within the time provided in Section 2.

   1.2. **Establishment Of Time For Commencement Of Offsite Improvements.** Prior to the final inspection of the 2,600th dwelling unit, the developer shall commence construction of the Offsite Improvements.

   1.3. **Withholding of Building Permits for Failure to Commence Construction**. In the event Developer has not Commenced Construction of the Offsite Improvements prior to the final inspection of the 2,600th dwelling unit, the City may withhold issuance of any additional building permits unless and until Developer commences construction of the Offsite Improvements

2. **Offsite Improvement Agreement**.

   2.1. **Scope of Work; Location.** Developer shall perform, or cause to be performed, the Work in the manner and as described in the Plans and Specifications, to the satisfaction of the City Engineer pursuant to this Agreement. The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f). To the extent applicable, all of the Work shall be performed by Developer in accordance with the requirements of the State prevailing wage laws.

   2.2. **Developer shall perform all Work at the locations and grades per the Plans and Specifications**. Developer has (a) acquired any necessary easement or right-of-way or (b) entered into a separate Agreement with the City to acquire the necessary easement or right-of-way at Developer's expense.

   2.3. **Time Of Performance**. Time is of the essence in the Developer's procurement of Plans and Specifications and performance of the Work. The timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten

(10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

2.4. **Final Plans and Specifications and Engineer's Estimate**. Developer shall procure from the City approval of the Plans and Specifications and the Final Engineer's Estimate. Developer shall provide contract security in accordance with Section 2.8 ensuring performance for Work based on the final Engineer's Estimate for the work related to the Plans and Specifications (the **"Final Engineer's Estimate"**).

2.5. **Commencement of Work.** Work shall begin within six (6) months (or nine (9) months if public bidding is required) after Final Plans and Specifications have been approved by the City Engineer. No later than fifteen (15) days prior to the commencement of Work, Developer shall provide written notice (email being sufficient) to the City Engineer of the date on which Developer intends to commence Work. Developer shall not commence Work until after the notice required by this section is properly provided and contract security has been provided, and Developer shall not commence Work prior to the date specified in the written notice.

2.6. **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

2.7. **Completion of Work**. Developer shall complete all Work no later than thirty-six (36) months after Developer's submittal of its notice of commencement of Work pursuant to Section 2.5 above. If the Work is not completed by this date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to expiring date of completion, (b) the City Engineer determines that Work is progressing satisfactorily and an extension is warranted, and (c) Developer pays all processing fees for such time extension.

2.8. **Improvement Security**. At least thirty (30) days prior to the commencement of the Work, Developer shall furnish new or additional contract security, in a form authorized by the Subdivision Map Act (including Government Code Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the amounts determined by the City Engineer in the Final Engineer's Estimate:

2.8.1. Faithful Performance security to secure faithful performance of this Agreement.

2.8.2. Labor and Material security to secure payment by Developer to laborers and materialmen.

2.8.3. Warranty security against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

City shall release the improvement security posted pursuant to Section 1.1 upon the posting of all contract security required by this Section 2.8. If contract security is not timely provided in accordance with this Section 2.8, City shall have the right to withhold approvals of additional final maps and/or building permits within Phase 2A and Phase 2B.

2.9. **Indemnification**. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2) the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 2.21, below, has expired, at which time the indemnification obligations under this Section 2.9 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section 2.9 are in addition to all other Developer's obligations set forth in this Agreement and shall not affect Developer's warranty obligations set forth in Section 2.21, below.

2.10. **Insurance**. From the date the bonds are provided pursuant to Section 2.8 and through the remainder of the duration of the Agreement, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 2.10 are material terms of this Agreement. These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

2.10.1. **General**. Developer shall, from the date the bonds are provided pursuant to Section 2.8 and through the remainder of the duration of the Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

2.10.1.1. Commercial General Liability (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

2.10.1.2. Professional Contracts. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be

made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

2.10.1.3. Automobile Liability (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

2.10.1.4. If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

2.10.1.5. Workers' Compensation coverage shall be maintained as required by the State of California.

2.10.2. **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

2.10.2.1. The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing operations and CG 20 37 (or its equivalent) for products/completed operations.

2.10.2.2. For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

2.10.2.3. Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

2.10.3. **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

2.10.4. **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

2.10.5. **Insurance Certificate.** Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney.

2.10.6. **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

2.10.7. **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

2.11. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

2.12. Default

2.12.1. **Notice of Default.** In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

2.12.2. **Events of default**. Developer shall be in default of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

2.12.2.1. Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

2.12.2.2. Developer abandons the Work site.

2.12.2.3. Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 2.12.3 below.

2.12.2.4. Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

2.12.2.5. Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 2.12.3 below.

2.12.3. **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

2.12.3.1. Demand that Developer complete performance of the Work.

2.12.3.2. Demand that Developer's surety (if any) complete performance of the Work.

2.12.3.3. Resort to any judicial remedies available to the City.

2.12.3.4. For defaults of Section 1.2, impose the remedies described in Section 1.3.

2.12.3.5. For defaults of Section 2.8, impose the remedies described in Section 2.8.

2.13. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

2.14. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

2.15. **Inspection by the City; Inspection Fees**. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

2.16. **Inspection Fees**. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated Project costs (as approved by the City Engineer).

2.16.1. In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

2.17. **Fees and Credits** Developer shall be entitled to fee credits consistent with Section 3.3 of the Development Agreement (DA), adopted by Ordinance 1213,

as may be amended from time to time, and as provided in greater detail in the Finance and Implementation Plan (FIP) for the Project pursuant to the DA and Tracy Municipal Code Section 10.20.060(b)(3), as may be amended from time to time. Developer shall pay all fees due to City in connection with the Work.

2.18. **Developer's Authorized Representative**. At all times during the progress of the Work, Developer shall have a competent foreman or superintendent ("Authorized Representative") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. Exhibit "C" attached hereto includes the initial contact information referenced in this Section 12.

2.19. **Acceptance of Work**. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

2.20. **Warranty Period**. Developer shall warrant the quality of the Work, in accordance with the terms of the Plans and Specifications, for a period of one year after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

2.21. **Notices**.

All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City:	To Developer:
City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org	Lennar Homes of California, LLC 2603 Camino Ramon, Suite 525 San Ramon, CA 94583 Attn: Bridgit Koller bridgit.koller@lennar.com
With a copy to:	With a copy to:

Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

2.22. **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

2.23. **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

2.24. **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

2.25. **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

2.26. **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

2.27. **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

2.28. **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)

B. Location of Offsite Improvements

C. Developer's Authorized Representative Information (Section 2.19.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

2.29. **Obligations Run With The Land.** All obligations and provisions of this Agreement shall run with the real property described in Exhibit "A" and shall bind the Developer and its respective successors and assigns but shall be deemed released as to any lot conveyed to a homebuyer that will occupy the lot as its primary residence.

2.30. **Signatures.** The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

23) SOUTH 52° 06' 57" EAST - 876.82 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

24) IN A SOUTHERLY DIRECTION 128.81 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT,

HAVING A RADIUS OF 82.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

25) SOUTH 37° 53' 03" WEST - 292.50 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

26) IN A WESTERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

27) NORTH 52° 06' 57" WEST - 21.00 FEET;

28) SOUTH 37° 53' 03" WEST - 57.00 FEET;

29) SOUTH 52° 06' 57" EAST - 12.50 FEET;

30) SOUTH 37° 53' 03" WEST - 3.00 FEET;

31) SOUTH 52° 06' 57" EAST - 6.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

32) IN A SOUTHERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVETO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

33) SOUTH 37° 53' 03" WEST - 942.10 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT;

34) IN A SOUTHWESTERLY DIRECTION 200.31 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 538.50 FEET AND THROUGH A CENTRAL ANGLE OF 21° 18' 47";

35) SOUTH 16° 34' 16" WEST - 282.68 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

36) IN A SOUTHWESTERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

37) NORTH 73° 25' 44" WEST - 16.00 FEET;

38) SOUTH 16° 34' 16" WEST - 57.00 FEET;

39) SOUTH 73° 25' 44" EAST - 16.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

40) IN A SOUTHEASTERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

41) SOUTH 16° 34' 16" WEST - 215.00 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT;

42) IN A SOUTHERLY DIRECTION 45.53 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 1018.00 FEET AND THROUGH A CENTRAL ANGLE OF 02° 33' 45" FOR THE BEGINNING OF A REVERSE CURVE;

43) CONTINUING IN A SOUTHERLY DIRECTION 43.92 FEET ALONG THE ARC OF SAID REVERSE CURVE, HAVING A RADIUS OF 982.00 FEET AND THROUGH A CENTRAL ANGLE OF 02° 33' 45";

44) SOUTH 16° 34' 16" WEST - 74.99 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

45) IN A SOUTHWESTERLY DIRECTION 30.46 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 87° 15' 46";

46) NORTH 76° 09' 59" WEST - 1.68 FEET;

47) SOUTH 13° 50' 01" WEST - 56.00 FEET;

48) SOUTH 76° 09' 59" EAST - 5.10 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

49) IN A SOUTHEASTERLY DIRECTION 32.37 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 92° 44' 14";

50) SOUTH 16° 34' 16" WEST - 7.74 FEET;

51) SOUTH 73° 25' 44" EAST - 57.00 FEET;

52) SOUTH 16° 34' 16" WEST - 37.53 FEET;

53) SOUTH 52° 06' 57" EAST - 595.39 FEET;

54) SOUTH 40° 06' 22" WEST - 131.53 FEET;

55) SOUTH 29° 13' 05" WEST - 41.67 FEET;

56) SOUTH 47° 07' 54" WEST - 115.46 FEET;

57) SOUTH 45° 09' 31" WEST - 241.24 FEET;

58) SOUTH 45° 21' 00" WEST - 69.92 FEET;

59) SOUTH 61° 48' 50" WEST - 305.17 FEET;

60) SOUTH 45° 20' 57" WEST - 485.89 FEET;

61) SOUTH 85° 06' 47" WEST - 214.60 FEET TO A SOUTHWESTERLY CORNER OF SAID NEW PARCEL 2, SAID CORNER BEIGN AT THE NORTHEASTERLY TERMINUS OF A LINE LABELED AS NORTH 22° 25' 06" EAST - 50.07 FEET;

THENCE ALONG THE WEST LINES OF NEW PARCELS 1 AND 2, THE FOLLOWING THIRTY-SIX (36) COURSES:

1) NORTH 67° 34' 55" WEST - 91.49 FEET;

2) NORTH 53° 52' 01" WEST - 918.37 FEET;

3) NORTH 19° 27' 10" WEST - 85.89 FEET;

4) SOUTH 86° 30' 03" WEST - 46.95 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS NORTH 03° 19' 57" WEST;

5) IN A NORTHWESTERLY DIRECTION 1081.94 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 921.00 FEET AND THROUGH A CENTRAL ANGLE OF 67° 18' 29";

6) NORTH 26° 02' 37" WEST - 364.68 FEET;

7) NORTH 28° 16' 00" WEST - 415.82 FEET;

8) NORTH 37° 55' 00" WEST - 356.76 FEET;

9) NORTH 41° 08' 50" WEST - 347.13 FEET;

10) NORTH 44° 08' 49" WEST - 62.07 FEET;

11) NORTH 24° 46' 15" WEST - 435.91 FEET;

12) NORTH 00° 46' 52" WEST - 53.79 FEET;

13) NORTH 05° 22' 35" EAST - 382.86 FEET;

14) NORTH 09° 49' 55" EAST - 214.10 FEET;

15) NORTH 03° 22' 45" EAST - 395.20 FEET;

16) NORTH 19° 38' 09" WEST - 2750.87 FEET;

17) NORTH 10° 40' 59" WEST, AT 81.67 FEET PASSING THE COMMON WEST CORNER TO NEW PARCELS 1 & 2, IN ALL 293.96 FEET;

18) NORTH 72° 57' 45" WEST - 464.35 FEET;

19) NORTH 78° 35' 30" WEST - 261.49 FEET;

20) NORTH 73° 29' 44" WEST - 210.75 FEET;

21) SOUTH 80° 05' 25" WEST - 222.48 FEET;

22) NORTH 17° 43' 06" WEST - 252.76 FEET;

23) NORTH 15° 25' 05" EAST - 144.97 FEET;

24) NORTH 16° 17' 49" WEST - 107.32 FEET;

25) NORTH 53° 28' 10" WEST - 77.09 FEET;

26) NORTH 32° 20' 29" WEST - 120.34 FEET;

27) NORTH 08° 22' 12" WEST - 196.02 FEET;

28) NORTH 10° 59' 55" EAST - 175.33 FEET;

29) NORTH 20° 34' 58" EAST - 170.92 FEET;

30) NORTH 07° 48' 28" EAST - 336.20 FEET;

31) NORTH 00° 09' 49" EAST - 144.59 FEET;

32) NORTH 08° 00' 19" WEST - 330.77 FEET;

33) NORTH 03° 33' 57" EAST - 523.83 FEET;

34) NORTH 54° 38' 01" WEST - 83.61 FEET;

35) NORTH 43° 40' 49" EAST - 758.85 FEET;

36) NORTH 36° 40' 34" EAST - 99.99 FEET TO THE POINT OF BEGINNING.

CITY OF TRACY
CONDITIONAL OFFSITE IMPROVEMENT AGREEMENT
TRACY HILLS - CORRAL HOLLOW ROAD/ I-580 INTERCHANGE

This **CONDITIONAL OFFSITE IMPROVEMENT AGREEMENT TRACY HILLS - CORRAL HOLLOW ROAD / I-580 INTERCHANGE** (hereinafter "Agreement") is made and entered into by and among the **CITY OF TRACY**, a municipal corporation ("City"),and **LENNAR HOMES OF CALIFORNIA, LLC,** a California limited liability company ("**Developer**").

RECITALS

A. The Developer is the developer of the real property generally known as Tracy Hills Phase 4 hereinafter ("**Property**") and more particularly described in Exhibit "A" attached hereto and incorporated herein by reference. Tracy Phase 4, LLC, is a landbank holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consents to the recordation of this Agreement as evidenced by its signature below.

B. On April 5, 2016, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan ("**Specific Plan**") by Resolution 2016-065 and approved related land use entitlements via Resolution Nos. 2016-063, 2016-064, 2016-065, 2016-0066, and Ordinance No 1212 and also adopted that certain Development Agreement by and Among the City of Tracy, The Tracy Hills Project Owner, LLC, and Tracy Phase I, LLC, ("**DA**") pursuant to Ordinance No. 1213, under Application Number TSM16-001. In addition, in order to comply with the California Environmental Quality Act, the City Council certified as legally adequate a final

environmental impact report and adopted a mitigation and monitoring reporting program for the Tracy Hills via Resolution No. 2016-063 (the "**EIR**").

C. October 19, 2021, the City Council adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved by Resolution No. 2021-154 ("**Tentative Map**"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by Homeowners Association, Developer or City on approximately 1,143 acres within the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk and is incorporated herein by this reference.

D. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("**Conditions of Approval**").

E. In conjunction with approval of the Tentative Map, the City imposed certain conditions of approval requiring compliance with Mitigation Measures identified in the EIR.

F. Specifically, pursuant Condition B.2 which incorporated, among other things, Mitigation Measure No. 4.13-5a, the following mitigation measures are imposed on the Developer relating to the Corral Hollow Road/I-580 Interchange:

> Intersection #1 (Corral Hollow Road / I-580 EB Ramps) Signalize the intersection and widen the I-580 overcrossing to four through lanes. The northbound approach shall be reconstructed to include two northbound through lanes and a northbound right turn lane. The southbound approach shall include two southbound through lanes and a southbound left-turn lane, and the eastbound approach shall include a shared eastbound through/right-turn lane and an eastbound left-turn lane. This mitigation is beyond the scope of improvements identified in the adopted TMP.
>
> The Applicant has the option of constructing the I-580 interchange improvements only to the extent identified in the adopted TMP if the Applicant also implements the Lammers Interchange (as identified in the adopted TMP). Either of these options will fully mitigate the impact. The TMP improvement includes only the reconstruction of the northbound approach to include a northbound through lane and a shared northbound through/right-turn lane. On the southbound approach, only the reconstruction to include a southbound left-turn lane and two southbound through lanes. And on the eastbound approach, only the reconstruction to include an eastbound left-turn lane, a shared eastbound left/through lane,

and an eastbound right turn lane. This intersection shall be interconnected with Intersection #2: Corral Hollow Road / I-580 WB Ramps.

Intersection #2: Corral Hollow Road / I-580 WB Ramps. The Applicant shall, in collaboration with the City Engineer and Caltrans, commence with a Project Study Report (PSR) for the interchange improvements for Corral Hollow Road and Lammers Road. The PSR shall commence immediately following the approval of this Project Application by the City of Tracy and the Interchange shall be improved when the project will generate its Intersection #2 (Corral Hollow Road/ I580 WB Ramps) - Signalize the intersection, widen the I-580 overcrossing to four through lanes, and construct a westbound loop on-ramp to accommodate Project 2035 conditions. The northbound approach shall be reconstructed to include two northbound through lanes and two northbound right-turn lanes which lead to the loop on-ramp. The southbound approach shall include two southbound through lanes and one southbound right-turn lane, and the westbound approach shall include one shared westbound through/left-turn lane and one westbound right-turn lane. This mitigation is beyond the scope of improvements identified in the adopted TMP.

The Applicant has the option of constructing the I-580 interchange improvements only to the extent identified in the adopted TMP if the Applicant also implements the Lammers Interchange (as identified in the adopted TMP). Either of these options will fully mitigate the impact. The TMP improvement includes only the reconstruction of the northbound approach to include a northbound left-turn lane and a northbound through lane. On the southbound approach, only the reconstruction to include a southbound right-turn lane and two southbound through lanes. And on the westbound approach, only the reconstruction to include a shared westbound through/left-turn lane and a channelized westbound right-turn lane. This intersection shall be interconnected with Intersection #1: Corral Hollow Road / I-580 EB Ramps. The Applicant shall, in collaboration with the City Engineer and Caltrans, commence with a Project Study Report (PSR) for the interchange improvements for Corral Hollow Road and Lammers Road. The PSR shall commence immediately following the approval of this Project Application by the City of Tracy and the Interchange shall be improved when the project will generate its 2,588 AM peak hour trip, which would be generated by a mix of office, retail, industrial and residential land uses. The applicant shall submit a trip generation calculation with each building permit application and/or final map approval as directed by the City Engineer. If the trip generation indicates 2,588 AM peak hour trips or more, the interchange shall be improved before issuance of such building permit and/or final map approval. The intersection falls under Caltrans jurisdiction.

G. Pursuant to Mitigation Measure 4.13, Intersections #1 and #2, Developer, may elect to construct or cause the construction of the improvements to the Corral Hollow/I-580

interchange (the "**CH Interchange**") described in the first paragraph of each mitigation measure which improvements exceeded the then-current TMP (the "**TMP Plus Improvements**") or elect to cause the construction of only the then-current TMP improvements (the "**TMP Improvements**") and if Developer elects the TMP Improvements, Developer is also required to implement the Lammers Interchange.

H. After certification of the EIR, the California Department of Transportation ("**Caltrans**"), Caltrans requested consideration of various design alternatives for the interchange improvements at Intersections #1 and #2 and consultations with Caltrans are on-going related to the final design of the interchange improvements at Intersections #1 and #2 (the "**Alternative Improvements**").

I. While Developer and City have commenced design of the Alternative Improvements, the exact scope of those improvements will not be known until the City and Caltrans approve final plans and specifications for the Alternative Improvements. Upon approval of final plans and specifications for the Alternative Improvements, the work contemplated by those final plans and specifications shall be deemed to be the "**Offsite Improvements**" referred to hereinbelow.

J. Because approved plans for the Offsite Improvements are not available prior to approval of the Final Subdivision Map, Developer has provided to City an initial engineer's estimate of the cost of developing the Offsite Improvements and the City Engineer has reviewed and approved that engineer's estimate (the "**Initial Engineer's Estimate**"). The Initial Engineer's Estimate is based upon the City's reasonable assumption of the range and amount of improvements within the Offsite Improvements and recent cost information provided in connection with development of improvements in the City of Tracy. Developer will provide security in the amount of the Initial Engineer's Estimate for the timely performance of Mitigation Measure No. 4.13-5a Intersection No. 1 and Intersection No. 2, as set forth below.

K. The parties acknowledge that City likely will be required by Caltrans to be the constructing party for the Offsite Improvements and the City is designated the constructing party in this Agreement.

L. The parties continue to negotiate (i) whether the Offsite Improvements should be considered substantially similar in performance to the TMP Improvements or the TMP Plus Improvements, and therefore whether Developer is also obligated to implement the Lammers Interchange; and (ii) the financial responsibility of Developer for the Offsite Improvements, with such negotiations to be concluded by the time specified in this Agreement.

M. From and after the execution of this Agreement, Developer shall continue to advance funding to commence design work for the Offsite Improvements pursuant to the existing Cost Recovery Agreement between the parties.

N. The future improvement plans, which upon approval by the City Engineer and Caltrans, shall be referred to as the "**Plans and Specifications**". The Plans and Specifications will be on file with the City Engineer and are automatically incorporated herein upon approval by the City Engineer and Caltrans. Thereafter, as agreed upon by Developer and City, Developer shall be obligated to fund construction costs pursuant to the allocation of financial responsibility.

O. Because Developer seeks to obtain City Council Final Subdivision Map approval and the Offsite Improvements is an outstanding Condition, Developer has requested to execute this Agreement, as authorized by Government Code Section 66462, to set forth binding terms and conditions by which Developer must complete the Offsite Improvements subsequent to final map approval.

P. The purpose of this Agreement is to ensure that the Offsite Improvements are fully designed, constructed and operational by the trigger of 2,588 AM peak trips.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. Obligations of Developer Prior to Trigger Event; Posting of Security.

1.1. **Agreement to Advance Design Costs**. Developer agrees to advance funds needed to prepare the design of the Plans and Specifications pursuant to the existing Cost Recovery Agreement and shall continue to fund design in a timely manner until approval of such design, subject to future modification if so agreed upon by the parties in the allocation of design and construction responsibilities contemplated by this Agreement. Any credits or reimbursements associated with such design costs shall be determined through the Final Allocation, as defined below.

1.2. **Agreement on Allocation of Financial Responsibility; Consequence of Not Reaching Agreement**.

(A) Developer and City shall reach final resolution on (1) whether the Offsite Improvements should be considered an election for the TMP Improvements or the TMP Plus Improvements (which will determine whether Developer is responsible to cause the construction of the Lammers Interchange) and (2) the allocation of financial responsibility for the Offsite Improvements (collectively, the "**Final Allocation**") prior to the earlier of (i) October 15, 2024; or (ii) the approval of the next Final Map within the Tracy Hills Specific Plan after the Final Maps for Tracts 4132 through 4138 (as applicable, the "**Trigger Event**"). The parties acknowledge that other existing documents, including the Development Agreement, may require amendment to be consistent with and authorize the Final Allocation and will agree to negotiate such amendments in good faith.

(B) If City and Developer are not able to reach a tentative agreement related to the Final Allocation by August 15, 2024, then City and Developer shall submit the dispute related to the Final Allocation to the Sacramento, California office of Judicial Arbitration and Mediation Services, Inc. ("**JAMS**") for non-binding

mediation. To select a mediator, Developer shall provide City a list of three (3) JAMS mediators with reasonable land use law experience within seven (7) calendar days of the City Council's approval of this Agreement. Within seven (7) calendar days of Developer's delivery of such list, City shall select one (1) of the named potential mediators. City and Developer shall request the City's selected mediator from the list serve as the mediator to assist with the Final Allocation within three (3) business days of the City's selection. If City does not timely select a mediator from the list, then either party may unilaterally request mediation and if the parties cannot agree on the appointment of a mediator within ten (10) days after the written request for mediation to JAMS, then JAMS shall appoint the mediator at its discretion. The parties shall hold at least one in-person mediation session prior to August 30, 2024, or if JAMS is unable to schedule a session prior to that date, a date as soon as practicable thereafter. City and Developer covenant that they will participate in the mediation in good faith, and that Developer shall be responsible for all of JAMS invoiced costs related to the mediation. All offers, promises, conduct, and statements, whether oral or written, made in the course of the mediation by any of the parties, their agents, employees, experts, and attorneys, and by the mediator and any JAMS employees, are confidential, privileged, and inadmissible for any purpose, including impeachment, in any litigation or other proceedings involving the parties, provided that evidence that is otherwise admissible or discoverable shall not be rendered inadmissible or non-discoverable as a result of its use in mediation. Either party may terminate mediation proceedings after one (1) in-person session or mediation may continue if City and Developer both agree.

(C) If after the JAMS mediation set forth in subparagraph (B), Developer and City do not reach written agreement on Final Allocation prior to the Trigger Event, the City may withhold approval of any Final Maps within the Tracy Hills Specific Plan Area and withhold issuance of any new building permits within Phase 2A or Phase 2B after the Trigger Event (including without limitation the conversion of plumbing-only permits to full permits) and withhold final inspections and certificates of occupancy that would result in the exceedance of 100 certificates of occupancy (not including any certificates of occupancy for model homes) within Phase 2A or Phase 2B. In other words, the City will permit only up to 100 total homes within Phase 2A or Phase 2B to be occupied by residents prior to resolution of the allocation of financial responsibility for the Offsite Improvements. City may continue to withhold such approvals and permits until such time as City and Developer enter the Final Allocation. Developer acknowledges that the withholding of such approvals and permits could have a substantial economic impact on Developer and consents to such remedy notwithstanding any contrary provisions in the project approvals including, without limitation, the Development Agreement, in furtherance of the timely approval of the Final Maps for Tracts 4132 through 4138. Developer hereby waives any claims under law and equity and any damages, costs, or losses to the extent related to, or incurred as a result of, the withholding of building permits or certificates of occupancy as provided by this Section 1.2.

1.3. **Improvement Security.** Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 et seq. and Tracy Municipal Code Section 12.36.080, in the in the amount of $19,400,000.00 to secure faithful performance of this Agreement. The security shall be due and payable if Developer has not satisfied its obligation to deliver security and/or funds for construction of the Offsite Improvements within the time provided in Sections 1.2 and 2.2.

2. Offsite Improvement Agreement.

2.1. **Final Plans and Specifications and Engineer's Estimate**. Upon approval of the Plans and Specifications by the City and Caltrans, Developer shall obtain an updated Engineer's Estimate (the **"Final Engineer's Estimate"**).

2.2. **Developer Funding of Construction.** Within one hundred and twenty (120) days after delivery to Developer of the Final Engineer's Estimate, Developer shall deliver to City such security and/or funds and release or update the Improvement Security required by Section 1.3 all as are agreed-upon by parties in the Final Allocation required by Section 1.2.

2.3. **Time Of Performance**. Time is of the essence in the Developer's payment of funds for City's performance of design and construction of the Offsite Improvements. The timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement.

2.4. **Commencement of Offsite Improvements.** City shall use good faith efforts to begin the Offsite Improvements within six (6) months after City obtaining Caltrans approval of the Plans and Specifications.

2.5. **Completion of Offsite Improvements**. City shall use good faith efforts to complete the Offsite Improvements no later than thirty-six (36) months after commencement of Offsite Improvements.

2.6. **Indemnification**. If Developer becomes the constructing party for the Offsite Improvements, Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2) the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 2.17, below, has expired, at which time the indemnification obligations under this Section shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section are in addition to all other Developer's obligations

set forth in this Agreement and shall not affect Developer's warranty obligations set forth in Section 2.17, below.

2.7. **Insurance**. If Developer becomes the constructing party of the Offsite Improvements, before beginning any work relating to construction of the Offsite Improvements, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section are material terms of this Agreement. These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

2.7.1. **General**. If Developer becomes the constructing party of the Offsite Improvements, before beginning any work relating to construction of the Offsite Improvements and through the remainder of the duration of the Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

2.7.1.1. Commercial General Liability (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

2.7.1.2. Professional Contracts. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

2.7.1.3. Automobile Liability (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

2.7.1.4. If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

2.7.1.5. Workers' Compensation coverage shall be maintained as required by the State of California.

2.7.2. **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

2.7.2.1. The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing operations and CG 20 37 (or its equivalent) for products/completed operations.

2.7.2.2. For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

2.7.2.3. Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

2.7.3. **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

2.7.4. **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

2.7.5. **Insurance Certificate.** Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney.

2.7.6. **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

2.7.7. **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

2.8. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors,

including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

2.9. Default

2.9.1. **Notice of Default.** In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

2.9.2. **Events of default**. Developer shall be in default of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

2.9.2.1.1. Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

2.9.2.1.2. Developer abandons the Work site if it is the constructing party.

2.9.2.1.3. Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 2.9.3 below.

2.9.2.1.4. Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

2.9.2.1.5. Developer violates any legal requirement related to the Work if Developer is the constructing party and fails to cure such violation pursuant to Section 2.9.3 below.

2.9.3. **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

2.9.3.1. Demand that Developer complete performance of the Work if it is the constructing party.

2.9.3.2. Demand that Developer's surety (if any) complete performance of the Work if Developer is the constructing party.

2.9.3.3. Resort to any judicial remedies available to the City.

2.9.3.4. For defaults of Section 1.2, the remedies described in Section 1.2.

2.10. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

2.11. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

2.12. **Inspection by the City**. If Developer is the constructing party, to permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

2.13. **Inspection Fees**. Prior to the commencement of any Work by Developer, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated Project costs (as approved by the City Engineer).

2.13.1. In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

2.14. **Funding, Fees and Credits**

Developer understands and agrees it is providing funding for the design and construction of the Offsite Improvements and will only receive a credit or reimbursement for such costs to the extent determined in the Final Allocation.

2.15. **Developer's Authorized Representative**. If Developer is the constructing party, at all times during the progress of the Work, Developer shall have a competent foreman or superintendent ("Authorized Representative") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. Exhibit "C" attached hereto includes the initial contact information referenced in this Section 2.15.

2.16. **Acceptance of Work**. If Developer is the constructing party, prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

2.17. **Warranty Period**. If Developer is the constructing party, Developer shall warrant the quality of any Work performed by Developer, its agents, or contractors, in accordance with the terms of the Plans and Specifications, for a period of one year after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

2.18. **Notices**.

2.18.1. All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City:	To Developer:
City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org	Lennar Homes of California, LLC 2603 Camino Ramon, Suite 525 San Ramon, CA 94583 Attn: Bridgit Koller bridgit.koller@lennar.com
With a copy to:	With a copy to:
City Attorney 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer attorney@cityoftracy.org	Tracy Phase 4, LLC Attn: John Stanek/Caren Read 888 San Clemente, Suite 100 Newport Beach, CA 92660 jstanek@integralcommunities.com

Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

2.19. **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

2.20. **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

2.21. **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

2.22. **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

2.23. **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

2.24. **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

2.25. **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)

B. Location of Offsite Improvements

C. Developer's Authorized Representative Information (Section 2.15.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

2.26. **Obligations Run With The Land.** All obligations and provisions of this Agreement shall run with the real property described in Exhibit "A" and shall bind the Developer and its respective successors and assigns but shall be deemed released as to any lot conveyed to a homebuyer that will occupy the lot as its primary residence.

2.27. **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

CITY OF TRACY
CONDITIONAL OFFSITE IMPROVEMENT AGREEMENT
PHASE 2 TRACY HILLS ZONE 5 WATER LINE ACROSS TRACY MUNICIPAL AIRPORT PROPERTY

This **CONDITIONAL OFFSITE IMPROVEMENT AGREEMENT TRACY HILLS – PHASE 2 TRACY HILLS ZONE 5 WATER LINE ACROSS TRACY MUNICIPAL AIRPORT PROPERTY** (hereinafter "Agreement") is made and entered into by and among the **CITY OF TRACY**, a municipal corporation ("City"), on the one hand, and **LENNAR HOMES OF CALIFORNIA, LLC**, a California limited liability company ("**Developer**").

RECITALS

A. The Developer is the developer of the real property generally known as Tracy Hills Phase 4 hereinafter ("**Property**") and more particularly described in **Exhibit "A"** attached hereto and incorporated herein by reference. Tracy Phase 4, LLC is a landbank holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consents to the recordation of this Agreement as evidenced by their signatures below.

B. On April 5, 2016, the Tracy City Council ("**City Council**") adopted the Tracy Hills Specific Plan and approved related land use entitlements, including but not limited to that certain Development Agreement by and Among the City of Tracy, The Tracy Hills Project Owner, LLC, and Tracy Phase I, LLC, ("**DA**") under Application Number TSM16-001 and approved by Resolution 2016-065.

C. October 19, 2021, the City Council adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved by Resolution No. 2021-

154 ("**Tentative Map**"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by Homeowners Association, Developer or City on approximately 1,143 acres within the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk and is incorporated herein by this reference.

D. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("**Conditions of Approval**").

E. Pursuant to the Conditions of Approval, Developer is required to construct the Zone 5 Water Line across Tracy Municipal Airport Property (the "**Offsite Improvements**"), as more particularly depicted in **Exhibit "B"**.

F. The final plans for the Offsite Improvements have not been approved as of the Effective Date. Developer has submitted improvement plans and specifications relating to the Offsite Improvements entitled "*Improvement Plans Zone 5 Water Line Tracy Hills*" and *"Improvement Plans Zone 5 Water Line Across the Tracy Municipal Airport Property Tracy Hills"* which have been assigned tracking number ENG21-0007, which work shall be approved by the City Engineer and, upon such approval, shall constitute the "Work". The location and details of the Work will be described fully in said future improvement plans, which upon approval by the City Engineer, shall be referred to as the "Plans and Specifications". The Plans and Specifications related to ENG21-0007 will be on file with the City Engineer and are automatically incorporated herein upon approval by the City Engineer.

G. Final approval of the plans requires the consent of the Federal Aviation Administration ("**FAA Consent**"). Because approved plans for the Offsite Improvements are not available prior to approval of the Final Subdivision Map, Developer has provided to City an initial engineer's estimate of the cost of developing the Offsite Improvements and the City Engineer has reviewed and approved that engineer's estimate (the "**Initial Engineer's Estimate**"). The Initial Engineer's Estimate is based upon the City's reasonable assumption of the range and amount of improvements within the Offsite Improvements and recent cost information provided in connection with development of improvements in the Tracy Hills development.

H. Developer will provide security in the amount of the Initial Engineer's Estimate for the timely performance of Condition C.2.6.1, as set forth below.

I. The final plans for the outstanding work have not been approved as of the Effective Date. The plans for the Offsite Improvements, upon approval by the City Engineer after the FAA Consent, shall constitute the "**Work**". The location and details of the Work will be described fully in the future improvement plans, which upon approval by the City

Engineer, shall be referred to as the "**Plans and Specifications**". The Plans and Specifications will be on file with the City Engineer and are automatically incorporated herein upon approval by the City Engineer.

J. Because Developer seeks to obtain City Council Final Subdivision Map approval and the Work is an outstanding Condition, Developer has requested to execute this Agreement, as authorized by Government Code Section 66462, to set forth binding terms and conditions by which Developer must complete the Work subsequent to final map approval.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Confirmation of Obligation and Posting of Security Prior to Trigger Event.**

   1.1. **Improvement Security.** Concurrently with the execution of this Agreement, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act including Government Code Sections 66499 et seq. and Tracy Municipal Code Section 12.36.080, in the amount of $258,456.00 to secure faithful performance of this Agreement. The security shall be due and payable if construction of the Offsite Improvements have not commenced within the time provided in Section 2.

2. **Offsite Improvement Agreement.**

   2.1. **Scope of Work; Location.** Developer shall perform, or cause to be performed, the Work in the manner and as described in the Plans and Specifications, to the satisfaction of the City Engineer pursuant to this Agreement. Developer shall perform all Work at the locations and grades per the Plans and Specifications. The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f). To the extent applicable, all of the Work shall be performed by Developer in accordance with the requirements of the State prevailing wage laws.

   2.2. **Enterprise Fund Compensation**. Developer acknowledges and agrees that a portion of the Offsite Improvements are traversing Tracy Municipal Airport, which is regulated by deed restrictions and various federal regulations requiring compensation to the Tracy Municipal Airport enterprise fund ("**Enterprise Fund**") for any non-aviation improvements made on, over or under such property. City is working to obtain FAA Consent for the value owed the Enterprise Fund for the Offsite Improvements as well as prior waterline improvements made on the property (collectively, "**Enterprise Fund Compensation**"). Developer shall make a one-time payment to the City in an amount equal to the portion of the Enterprise Fund Compensation attributable to the Offsite Improvements and the existing 24" Zone 4 water line (**"Developer Enterprise Fund Payment**") within thirty (30) days

after receipt of an invoice issued to Developer for the same by City upon City's procurement of FAA Consent of the final amounts owed.

2.3. **Time Of Performance**. Time is of the essence in the Developer's procurement of Plans and Specifications and performance of the Work. The timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.

2.4. **Final Plans and Specifications and Engineer's Estimate**. Developer shall procure from the City approval of the Plans and Specifications and the Final Engineer's Estimate. Developer shall provide contract security in accordance with Section 2.8 ensuring performance for Work based on the final Engineer's Estimate for the work related to the Plans and Specifications (the **"Final Engineer's Estimate"**).

2.5. **Commencement of Work.** Work shall begin within 60 days after City providing Developer notice of (i) City obtaining the FAA Consent and (ii) the Final Plans and Specifications have been approved by the City Engineer. No later than fifteen (15) days prior to the commencement of Work, Developer shall provide written notice (email being sufficient) to the City Engineer of the date on which Developer intends to commence Work. Developer shall not commence Work until after the notice required by this section is properly provided and contract security has been provided, and Developer shall not commence Work prior to the date specified in the written notice.

2.6. **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

2.7. **Completion of Work**. Developer shall complete all Work no later than three hundred and sixty-five (365) calendar days after Developer's submittal of its notice of commencement of Work pursuant to Section 2.5 above. If the Work is not completed by this date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to expiring date of completion, (b) the City Engineer determines that Work is progressing satisfactorily and an extension is warranted, and (c) Developer pays all processing fees for such time extension.

2.8. **Improvement Security**. At least thirty (30) days prior to the commencement of the Work, Developer shall furnish contract security, in a form authorized by the Subdivision Map Act (including Government Code Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the amounts determined by the City Engineer in the Final Engineer's Estimate:

2.8.1. Faithful Performance security to secure faithful performance of this Agreement.

2.8.2. Labor and Material security to secure payment by Developer to laborers and materialmen.

2.8.3. Warranty security against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

City shall release the improvement security posted pursuant to Section 1.1 upon the posting of all contract security required by this Section 2.8. If contract security is not timely provided in accordance with this Section 2.8, City shall have the right to withhold approvals of additional final maps and/or building permits within Phase 2A and Phase 2B.

2.9. **Indemnification**. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2) the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 2.20, below, has expired, at which time the indemnification obligations under this Section 2.9 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section 2.9 are in addition to all other Developer's obligations set forth in this Agreement and shall not affect Developer's warranty obligations set forth in Section 2.20, below.

2.10. **Insurance**. From the date the bonds are provided pursuant to Section 2.8 and through the remainder of the duration of the Agreement, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 2.10 are material terms of this Agreement. These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

2.10.1. **General**. Developer shall, from the date the bonds are provided pursuant to Section 2.8 and through the remainder of the duration of the Agreement, maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

2.10.1.1. Commercial General Liability (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount

not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

2.10.1.2. Professional Contracts. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

2.10.1.3. Automobile Liability (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

2.10.1.4. If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

2.10.1.5. Workers' Compensation coverage shall be maintained as required by the State of California.

2.10.2. **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

2.10.2.1. The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing operations and CG 20 37 (or its equivalent) for products/completed operations.

2.10.2.2. For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

2.10.2.3. Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general

contractors, design professionals) to name it and the City as Additional Insureds.

2.10.3. **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

2.10.4. **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

2.10.5. **Insurance Certificate.** Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney.

2.10.6. **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

2.10.7. **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

2.11. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

2.12. Default

2.12.1. **Notice of Default.** In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

2.12.2. **Events of default**. Developer shall be in default of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

2.12.2.1.1.1. Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

2.12.2.1.1.2. Developer abandons the Work site.

2.12.2.1.1.3. Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 2.12.3 below.

2.12.2.1.1.4. Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

2.12.2.1.1.5. Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 2.12.3 below.

2.12.2.1.1.6. Developer fails to pay the Developer Enterprise Fund Payment within thirty days (30) of receipt of an invoice from the City.

2.12.3. **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

2.12.3.1. Demand that Developer complete performance of the Work.

2.12.3.2. Demand that Developer's surety (if any) complete performance of the Work or pay for the Developer Enterprise Fund Payment.

2.12.3.3. Resort to any judicial remedies available to the City.

2.13. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

2.14. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

2.15. **Inspection by the City; Inspection Fees**. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

2.16. **Inspection Fees**. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the

City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated Project costs (as approved by the City Engineer).

2.16.1. In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

2.17. **[Intentionally Left Blank]**

2.18. **Developer's Authorized Representative**. At all times during the progress of the Work, Developer shall have a competent foreman or superintendent ("Authorized Representative") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. Exhibit "C" attached hereto includes the initial contact information referenced in this Section 2.18.

2.19. **Acceptance of Work**. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

2.20. **Warranty Period**. Developer shall warrant the quality of the Work, in accordance with the terms of the Plans and Specifications, for a period of one year after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

2.21. **Notices**.

2.21.1. All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City:	To Developer:
City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org	Lennar Homes of California, LLC 2603 Camino Ramon, Suite 525 San Ramon, CA 94583 Attn: Bridgit Koller bridgit.koller@lennar.com

With a copy to:	With a copy to:
City Attorney 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer attorney@cityoftracy.org	Tracy Phase 4, LLC Attn: John Stanek/Caren Read 888 San Clemente, Suite 100 Newport Beach, CA 92660 jstanek@integralcommunities.com

Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

2.22. **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

2.23. **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

2.24. **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

2.25. **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

2.26. **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

2.27. **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

2.28. **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations,

representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

A. Description of Property (Recital A.)

B. Location of Offsite Improvements

C. Developer's Authorized Representative Information (Section 2.19.)

If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

2.29. **Obligations Run With The Land**. All obligations and provisions of this Agreement shall run with the real property described in Exhibit "A" and shall bind the Developer and its respective successors and assigns but shall be deemed released as to any lot conveyed to a homebuyer that will occupy the lot as its primary residence.

2.30. **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

Real property in the City of Tracy, County of San Joaquin, State of California, described as follows:

PARCEL 1:

NEW PARCEL A OF CERTIFICATE OF COMPLIANCE FOR LOT LINE ADJUSTMENT NO. MS 23-0004 RECORDED NOVEMBER 28, 2023 AS INSTRUMENT NO. 2023-096708 OF OFFICIAL RECORDS AND MORE PARTICULARLY DESCRIBED AS FOLLOWS:

REAL PROPERTY SITUATE IN THE CITY OF TRACY, COUNTY OF SAN JOAQUIN, STATE OF CALIFORNIA AND BEING ALL OF NEW PARCEL 1 AS SAID PARCEL IS DESCRIBED AND DEPICTED IN THE GRANT DEED TO TRACY PHASE 4, LLC, RECORDED ON AUGUST 9, 2023 AS DOCUMENT NO. 2023-062989 OF OFFICIAL RECORDS OF SAN JOAQUIN COUNTY AND BEING A PORTION OF NEW PARCEL 2 AS SAID PARCEL IS DESCRIBED AND DEPICTED IN THE GRANT DEED TO TRACY PHASE 3, LLC, RECORDED ON AUGUST 9, 2023 AS DOCUMENT NO. 2023-062990 OF OFFICIAL RECORDS OF SAN JOAQUIN COUNTY, AND BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

BEGINNING AT THE MOST NORTHERLY CORNER OF SAID NEW PARCEL 1 THENCE ALONG THE EAST LINES OF SAID NEW PARCELS 1 AND 2 THE FOLLOWING TWELVE (12) COURSES:

1) SOUTH 53° 19' 26" EAST - 660.88 FEET;

2) SOUTH 56° 06' 02" EAST - 501.22 FEET;

3) SOUTH 52° 05' 47" EAST - 700.00 FEET;

4) SOUTH 50° 03' 03" EAST - 700.45 FEET;

5) SOUTH 56° 51' 36" EAST - 301.04 FEET;

6) SOUTH 52° 05' 47" EAST - 1000.00 FEET;

7) SOUTH 49° 48' 21" EAST, AT 304.50 FEET PASSING THE COMMON EAST CORNER TO NEW PARCELS 1 AND 2, IN ALL 500.40 FEET;

8) SOUTH 53° 43' 58" EAST - 700.29 FEET;

9) SOUTH 52° 05' 47" EAST - 1300.00 FEET;

10) SOUTH 50° 11' 14" EAST - 600.33 FEET;

11) SOUTH 52° 05' 47" EAST - 300.00 FEET;

12) SOUTH 53° 14' 32" EAST 811.28 FEET FOR THE SOUTHEASTERLY CORNER HEREOF;

THENCE CROSSING THROUGH NEW PARCEL 2 THE FOLLOWING SIXTY-ONE (61) COURSES:

1) SOUTH 36° 45' 28" WEST - 151.15 FEET;

2) NORTH 52° 06' 57" WEST - 17.00 FEET;

3) SOUTH 37° 53' 03" WEST - 41.50 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS SOUTH 37° 53' 03" WEST;

4) IN A SOUTHERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

5) SOUTH 37° 53' 03" WEST - 167.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

6) IN A WESTERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

7) SOUTH 37° 53' 03" WEST - 57.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS SOUTH 37° 53' 03" WEST;

8) IN A SOUTHERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

9) SOUTH 37° 53' 03" WEST - 80.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

10) IN A WESTERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

11) SOUTH 37° 53' 03" WEST - 57.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS SOUTH 37° 53' 03" WEST;

12) IN A SOUTHERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

13) SOUTH 37° 53' 03" WEST - 168.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

14) IN A WESTERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

15) SOUTH 37° 53' 03" WEST - 57.00 FEET;

16) SOUTH 52° 06' 57" EAST - 5.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

17) IN A SOUTHERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

18) SOUTH 37° 53' 03" WEST - 176.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

19) IN A WESTERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

20) SOUTH 37° 53' 03" WEST - 57.00 FEET;

21) SOUTH 52° 06' 57" EAST - 64.68 FEET;

22) SOUTH 37° 53' 03" WEST - 208.00 FEET;

23) SOUTH 52° 06' 57" EAST - 876.82 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

24) IN A SOUTHERLY DIRECTION 128.81 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT,

HAVING A RADIUS OF 82.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

25) SOUTH 37° 53' 03" WEST - 292.50 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

26) IN A WESTERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

27) NORTH 52° 06' 57" WEST - 21.00 FEET;

28) SOUTH 37° 53' 03" WEST - 57.00 FEET;

29) SOUTH 52° 06' 57" EAST - 12.50 FEET;

30) SOUTH 37° 53' 03" WEST - 3.00 FEET;

31) SOUTH 52° 06' 57" EAST - 6.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

32) IN A SOUTHERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVETO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

33) SOUTH 37° 53' 03" WEST - 942.10 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT;

34) IN A SOUTHWESTERLY DIRECTION 200.31 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 538.50 FEET AND THROUGH A CENTRAL ANGLE OF 21° 18' 47";

35) SOUTH 16° 34' 16" WEST - 282.68 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

36) IN A SOUTHWESTERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

37) NORTH 73° 25' 44" WEST - 16.00 FEET;

38) SOUTH 16° 34' 16" WEST - 57.00 FEET;

39) SOUTH 73° 25' 44" EAST - 16.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

40) IN A SOUTHEASTERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

41) SOUTH 16° 34' 16" WEST - 215.00 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT;

42) IN A SOUTHERLY DIRECTION 45.53 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 1018.00 FEET AND THROUGH A CENTRAL ANGLE OF 02° 33' 45" FOR THE BEGINNING OF A REVERSE CURVE;

43) CONTINUING IN A SOUTHERLY DIRECTION 43.92 FEET ALONG THE ARC OF SAID REVERSE CURVE, HAVING A RADIUS OF 982.00 FEET AND THROUGH A CENTRAL ANGLE OF 02° 33' 45";

44) SOUTH 16° 34' 16" WEST - 74.99 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

45) IN A SOUTHWESTERLY DIRECTION 30.46 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 87° 15' 46";

46) NORTH 76° 09' 59" WEST - 1.68 FEET;

47) SOUTH 13° 50' 01" WEST - 56.00 FEET;

48) SOUTH 76° 09' 59" EAST - 5.10 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

49) IN A SOUTHEASTERLY DIRECTION 32.37 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 92° 44' 14";

50) SOUTH 16° 34' 16" WEST - 7.74 FEET;

51) SOUTH 73° 25' 44" EAST - 57.00 FEET;

52) SOUTH 16° 34' 16" WEST - 37.53 FEET;

53) SOUTH 52° 06' 57" EAST - 595.39 FEET;

54) SOUTH 40° 06' 22" WEST - 131.53 FEET;

55) SOUTH 29° 13' 05" WEST - 41.67 FEET;

56) SOUTH 47° 07' 54" WEST - 115.46 FEET;

57) SOUTH 45° 09' 31" WEST - 241.24 FEET;

58) SOUTH 45° 21' 00" WEST - 69.92 FEET;

59) SOUTH 61° 48' 50" WEST - 305.17 FEET;

60) SOUTH 45° 20' 57" WEST - 485.89 FEET;

61) SOUTH 85° 06' 47" WEST - 214.60 FEET TO A SOUTHWESTERLY CORNER OF SAID NEW PARCEL 2, SAID CORNER BEIGN AT THE NORTHEASTERLY TERMINUS OF A LINE LABELED AS NORTH 22° 25' 06" EAST - 50.07 FEET;

THENCE ALONG THE WEST LINES OF NEW PARCELS 1 AND 2, THE FOLLOWING THIRTY-SIX (36) COURSES:

1) NORTH 67° 34' 55" WEST - 91.49 FEET;

2) NORTH 53° 52' 01" WEST - 918.37 FEET;

3) NORTH 19° 27' 10" WEST - 85.89 FEET;

4) SOUTH 86° 30' 03" WEST - 46.95 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS NORTH 03° 19' 57" WEST;

5) IN A NORTHWESTERLY DIRECTION 1081.94 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 921.00 FEET AND THROUGH A CENTRAL ANGLE OF 67° 18' 29";

6) NORTH 26° 02' 37" WEST - 364.68 FEET;

7) NORTH 28° 16' 00" WEST - 415.82 FEET;

8) NORTH 37° 55' 00" WEST - 356.76 FEET;

9) NORTH 41° 08' 50" WEST - 347.13 FEET;

10) NORTH 44° 08' 49" WEST - 62.07 FEET;

11) NORTH 24° 46' 15" WEST - 435.91 FEET;

12) NORTH 00° 46' 52" WEST - 53.79 FEET;

13) NORTH 05° 22' 35" EAST - 382.86 FEET;

14) NORTH 09° 49' 55" EAST - 214.10 FEET;

15) NORTH 03° 22' 45" EAST - 395.20 FEET;

16) NORTH 19° 38' 09" WEST - 2750.87 FEET;

17) NORTH 10° 40' 59" WEST, AT 81.67 FEET PASSING THE COMMON WEST CORNER TO NEW PARCELS 1 & 2, IN ALL 293.96 FEET;

18) NORTH 72° 57' 45" WEST - 464.35 FEET;

19) NORTH 78° 35' 30" WEST - 261.49 FEET;

20) NORTH 73° 29' 44" WEST - 210.75 FEET;

21) SOUTH 80° 05' 25" WEST - 222.48 FEET;

22) NORTH 17° 43' 06" WEST - 252.76 FEET;

23) NORTH 15° 25' 05" EAST - 144.97 FEET;

24) NORTH 16° 17' 49" WEST - 107.32 FEET;

25) NORTH 53° 28' 10" WEST - 77.09 FEET;

26) NORTH 32° 20' 29" WEST - 120.34 FEET;

27) NORTH 08° 22' 12" WEST - 196.02 FEET;

28) NORTH 10° 59' 55" EAST - 175.33 FEET;

29) NORTH 20° 34' 58" EAST - 170.92 FEET;

30) NORTH 07° 48' 28" EAST - 336.20 FEET;

31) NORTH 00° 09' 49" EAST - 144.59 FEET;

32) NORTH 08° 00' 19" WEST - 330.77 FEET;

33) NORTH 03° 33' 57" EAST - 523.83 FEET;

34) NORTH 54° 38' 01" WEST - 83.61 FEET;

35) NORTH 43° 40' 49" EAST - 758.85 FEET;

36) NORTH 36° 40' 34" EAST - 99.99 FEET TO THE POINT OF BEGINNING.

CITY OF TRACY
OFFSITE IMPROVEMENT AGREEMENT
TRACY HILLS - PHASE 2 CHOKE POINTS

This **OFFSITE IMPROVEMENT AGREEMENT TRACY HILLS - PHASE 2 CHOKE POINTS** (hereinafter "Agreement") is made and entered into by and among the **CITY OF TRACY**, a municipal corporation ("City") and **LENNAR HOMES OF CALIFORNIA, LLC,** a California limited liability company ("**Developer**").

RECITALS

A. The Developer is the developer of the real property generally known as Tracy Hills Phase 4 hereinafter ("**Property**") and more particularly described in **Exhibit "A"** attached hereto and incorporated herein by reference. Tracy Phase 4, LLC, is a landbank holding fee title to the property described in Exhibit A until such time as it is conveyed to Developer and consents to the recordation of this Agreement as evidenced by its signature below.

B. On April 5, 2016, the Tracy City Council ("City Council") adopted the Tracy Hills Specific Plan ("Specific Plan") by Resolution 2016-065 and approved related land use entitlements via Resolution Nos. 2016-063, 2016-064, 2016-065, 2016-0066, and Ordinance No 1212 and also adopted that certain Development Agreement by and Among the City of Tracy, The Tracy Hills Project Owner, LLC, and Tracy Phase I, LLC, ("DA") pursuant to Ordinance No. 1213, under Application Number TSM16-001. In addition, in order to comply with the California Environmental Quality Act, the City Council certified as legally adequate a final environmental impact report and

adopted a mitigation and monitoring reporting program for the Tracy Hills Specific Plan via Resolution No. 2016-063 (the "EIR").

C. On October 19, 2021, the City Council adopted the Tracy Hills Specific Plan Amendment for Tracy Hills Phase 2 and approved various related land use entitlements, including that certain Vesting Tentative Subdivision Map for Tracy Hills Phase 2, Tract 4057, processed under Application No. TSM20-0003 and approved by Resolution No. 2021-154 ("Tentative Map"). The Tentative Map includes 1,470 single-family residential lots, in addition to park parcels, HOA recreation area parcel, retention basin parcels, school parcels, and numerous other parcels to be owned and maintained by Homeowners Association, Developer or City on approximately 1,143 acres within the Tracy Hills Specific Plan Area, located south of the I-580 Freeway and west of Corral Hollow Road. The Tentative Map is on file with the City Clerk and is incorporated herein by this reference.

D. The approval of the Tentative Map by the City Council was subject to specified conditions of approval attached as Exhibit 1 to Resolution No. 2021-154 and are on file with the City Engineer ("Conditions of Approval").

E. As described Condition C.2.5.2, the development associated with the Tentative Map and other approved projects within the Corral Hollow sewer contributory area require certain "Phase 2 Choke Points Improvements" as defined in Condition C.2.5.2 (the "**Offsite Improvements**"). Condition C.2.5.2 states in part:

"In the event the City does not have adequate funding for Phase 2 Choke Points Improvements the Subdivider will contribute funding as determined by the City Engineer to cover shortfall in funding, so that the City can proceed with the construction of the improvement. Building permits will only be issued up to the available capacity in the Corral Hollow Sewer system as determined by the City Engineer. Subdivider will be eligible for fee credits and/or reimbursements in accordance with the Tracy Municipal Code."

F. The parties acknowledge and agree that the last sentence of Condition C.2.5.2 ("Subdivider will be eligible for fee credits and/or reimbursements in accordance with the Tracy Municipal Code") means the cost, as inflated, assigned to the Offsite Improvements in the 2013 Sewer Master Plan (collectively, the "**Credits/Reimbursements**").

G. The City currently estimates that the Offsite Improvements construction costs will be $10,789,233.00 (the "Engineer's Estimate").

H. As the Offsite Improvements are part of the 2013 Sewer Master Plan, the Developer has elected to construct such instead of funding the shortfall in accordance with the Tracy Municipal Code.

I. Therefore, City and Developer have agreed that Developer shall construct the Offsite Improvements as described in this Agreement and City is now prepared to move forward with the construction of the Phase 2 Choke Points Improvements (the "**Work**")

based on those certain plans prepared by West Yost entitled "Corral Hollow Sewer Capacity Upgrade: Phase 2 CIP 74165" on file with the City Engineer under Tracking Number CIP 74165 (the "**Plans and Specifications**").

J. The City currently estimates that a maximum of $4,636,557.00 of Credits/Reimbursements, as escalated through June 2023, is available for such improvements, which the City has agreed to apply towards the construction costs (the "**Maximum Reimbursement**"), which may leave a funding shortfall (the "**Funding Shortfall**"). Developer acknowledges that by constructing the Offsite Improvements, it shall not be entitled to Credits/Reimbursements beyond the Maximum Reimbursement and that the funding shortfall may exceed the Funding Shortfall.

K. Developer has requested to execute this Agreement, as authorized by Government Code Section 66462, to set forth binding terms and conditions by which Developer, if it elects to construct the Work (as defined below), must complete the Work subsequent to final map approval.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **Scope of Work; Location.** Developer shall perform, or cause to be performed, the Work in the manner and as described in the Plans and Specifications, to the satisfaction of the City Engineer pursuant to this Agreement. The Work shall be performed, and all materials and labor shall be provided, at Developer's sole expense. No material change shall be made to the scope of Work unless authorized in writing by the City Engineer. Developer may submit a written request to the City Engineer for a change in the Work, as required by Tracy Municipal Code Section 12.36.060(f). To the extent applicable, all of the Work shall be performed by Developer in accordance with the requirements of the State prevailing wage laws.
2. **Developer shall perform all Work at the locations and grades per the Plans and Specifications**. City shall provide all necessary easement or right-of-way required for the Work.
3. **Time Of Performance**. Time is of the essence in the performance of the Work. The timing requirements set forth herein shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Developer shall submit all requests for extensions of time to the City, in writing, no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due.
4. **Final Plans and Specifications and Engineer's Estimate**. Developer shall provide contract security in accordance with Section 8 ensuring performance for Work based on the final Engineer's Estimate for the work related to the Plans and Specifications (the **"Final Engineer's Estimate**").
5. **Commencement of Work.** Work shall begin within three (3) months after the City's approval of this Agreement. No later than fifteen (15) days prior to the

commencement of Work, Developer shall provide written notice (email being sufficient) to the City Engineer of the date on which Developer intends to commence Work. Developer shall not commence Work until after the notice required by this section is properly provided and contract security has been provided, and Developer shall not commence Work prior to the date specified in the written notice.

6. **Schedule of Work**. Concurrently with the written notice of commencement of Work, Developer shall provide the City with a written schedule of Work, which shall be updated in writing as necessary to accurately reflect Developer's prosecution of the Work.

7. **Completion of Work**. Developer shall complete all Work no later than twelve (12) months commencement of Work pursuant to Section 5 above. If the Work is not completed by this date, City Engineer may grant an extension of time if (a) Developer submits a written request for extension at least ten (10) days prior to expiring date of completion, (b) the City Engineer determines that Work is progressing satisfactorily and an extension is warranted, and (c) Developer pays all processing fees for such time extension.

8. **Improvement Security**. No later than thirty (30) days after the approval of this Agreement, Developer shall furnish new or additional contract security, in a form authorized by the Subdivision Map Act (including Government Code Sections 66499 *et seq.*) and Tracy Municipal Code Section 12.36.080, in the amounts determined by the City Engineer in the Engineer's Estimate:

   8.1. Faithful Performance security to secure faithful performance of this Agreement.

   8.2. Labor and Material security to secure payment by Developer to laborers and materialmen.

   8.3. Warranty security against any defective work or labor done or defective materials used in performance of Work for one year from the date on which the City Council accepts the Work as complete.

   If contract security is not timely provided in accordance with this Section 8, City shall have the right to withhold approvals of additional final maps and/or building permits within Phase 2A and Phase 2B.

9. **Indemnification**. Developer shall indemnify, defend, and hold harmless City (including its elected officials, officers, agents and employees) from and against any and all claims, demands, damages, liabilities, costs, and expenses (including court costs and attorney's fees) resulting from the performance of the Work by Developer or Developer's agents, representatives, contractors, subcontractors, or employees, except when caused by the active negligence or willful misconduct of City, until such time as all of the following have occurred: (1) the City Council accepts all of the improvements comprising the Work, (2) the City becomes responsible for the maintenance, operation and repair of all of the improvements comprising the Work, and (3) the one year warranty period set forth in Section 18, below, has expired, at which time the indemnification obligations under this Section 9 shall automatically terminate, with regard to any cause of action arising after such date. For avoidance of doubt, Developer's obligations under this Section 9 are in addition to all other

Developer's obligations set forth in this Agreement and shall not affect Developer's warranty obligations set forth in Section 18, below.

10. Insurance. From the date the bonds are provided pursuant to Section 8 and through the remainder of the duration of the Agreement, and before beginning any Work, Developer shall furnish evidence to the City that the following insurance requirements have been satisfied. The insurance requirements contained in this Section 10 are material terms of this Agreement. These insurance coverage requirements below may be satisfied by umbrella or excess liability policies upon City approval.

10.1. **General**. Developer shall maintain insurance to cover Developer, its agents, representatives, contractors, subcontractors, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

10.1.1. Commercial General Liability (with coverage at least as broad as ISO form CG 00 01) coverage shall be maintained in an amount not less than $4,000,000 per occurrence and $8,000,000 general aggregate for general liability, bodily injury, personal injury, and property damage, including without limitation, blanket contractual liability and coverage for explosion, collapse, and underground property hazards.

10.1.2. Professional Contracts. Developer shall cause its design professionals to maintain professional liability insurance that insures against professional errors and omissions that may be made in performing services related to the Work to be rendered in connection with this Agreement, in the minimum amount of one million dollars ($1,000,000) per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement, and Developer agrees to cause its design professionals to maintain continuous coverage through a period no less than three years after completion of the services required pursuant to this Agreement.

10.1.3. Automobile Liability (with coverage at least as broad as ISO form 00 01 07 97 for "any auto" including "hired autos" and "non-owned autos") coverage shall be maintained in an amount not less than $2,000,000 per accident for bodily injury and property damage.

10.1.4. If Developer has no employees, or does not own automobiles, then "hired autos" and "non-owned autos" coverage shall be maintained in an amount not less than $1,000,000 per accident for bodily injury and property damage.

10.1.5. Workers' Compensation coverage shall be maintained as required by the State of California.

10.2. **Endorsements**. Developer shall obtain endorsements to the commercial general liability and automobile policies with the following provisions:

10.2.1. The City (including its elected and appointed officials, officers, employees, agents, and volunteers) shall be named as an Additional

Insured on Developer's Commercial General Liability policy utilizing endorsement form CG 20 10 (or its equivalent) for ongoing operations and CG 20 37 (or its equivalent) for products/completed operations.

10.2.2. For any claims related to this Agreement, Developer's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of Developer's insurance and shall not contribute with it.

10.2.3. Developer shall require its contractors and subcontractors providing services required by this Agreement (e.g. general contractors, design professionals) to name it and the City as Additional Insureds.

10.3. **Notice of Cancellation**. Developer shall notify the City of any cancellation of either the commercial general liability policy or automobile insurance policy before the expiration date. For the purpose of this notice requirement, any material change in the policy before the expiration shall be considered a cancellation. Developer shall immediately obtain a replacement policy.

10.4. **Authorized Insurers**. All insurance companies providing coverage to Developer shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California, with an AM Best rating of at least A-VII.

10.5. **Insurance Certificate.** Developer shall provide evidence of compliance with the commercial general liability insurance and automobile insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City Attorney.

10.6. **Substitute Certificates**. No later than thirty (30) days before the policy expiration date of any insurance policy required by this Agreement, Developer shall provide a substitute certificate of insurance.

10.7. **Developer's Obligation**. Maintenance of insurance by Developer as specified in this Agreement shall in no way be interpreted as relieving Developer of any responsibility whatsoever (including indemnity obligations under this Agreement), and Developer may carry, at its own expense, such additional insurance as it deems necessary.

11. **Independent Contractor Status**. Developer is an independent contractor and is solely responsible for all acts of its employees, agents, or subcontractors, including any negligent acts or omissions. Developer is not City's employee and Developer shall have no authority, express or implied, to act on behalf of the City as an agent, or to bind the City to any obligation whatsoever, unless the City provides prior written authorization to Developer.

12. **Ownership of Work**. All original documents prepared by Developer for this Agreement are the property of the City and shall be given to the City at the completion of Developer's Work, or upon demand from the City. Prior to acceptance of the Work, Developer shall submit the as-built drawings in AutoCAD format Release-14 or higher.

13. **Repair of any Damage**. In the event and to the extent Developer or its agents, representatives, contractors, subcontractors, or employees, in connection with performance of the Work, cause any damage to property owned by City or other property owners, then Developer shall promptly take all reasonable steps to repair or replace (as necessary) such property to remedy the damage caused thereto.

14. **Inspection by the City; Inspection Fees**. To permit City to inspect the Work, Developer shall, at all times, provide to City reasonable and safe access to the Work site, and all portions of the Work, and to all shops wherein portions of the Work are in preparation.

15. **Inspection Fees**. Concurrently with the execution of this Agreement by Developer, and prior to the commencement of any Work, Developer shall pay the City Inspection Fees in the amount of three and one-half percent (3.5%) of the estimated Project costs (as approved by the City Engineer). In the event that the City requires an independent inspection, the City may retain an independent inspector to inspect the Work and prepare an inspection report for the City, and all costs associated therewith shall be borne by Developer.

16. **Developer's Authorized Representative**. At all times during the progress of the Work, Developer shall have a competent foreman or superintendent ("Authorized Representative") on site with authority to act on Developer's behalf. Developer shall, at all times, keep the City Engineer informed in writing of the name and telephone number of the Authorized Representative. Developer shall, at all times, keep the City Engineer reasonably informed in writing of the names and telephone numbers of all contractors and subcontractors performing the Work. Exhibit "B" attached hereto includes the initial contact information referenced in this Section 16.

17. **Acceptance of Work**. Prior to acceptance of the Work by the City Council, Developer shall be solely responsible for maintaining the quality of the Work and maintaining safety at the Work site. Developer's obligations to perform the Work shall not be satisfied until after the City Engineer has made a written determination that all obligations of the Agreement have been satisfied and all outstanding fees and charges have been paid, and the City Council has accepted the Work as complete.

18. **Warranty Period**. Developer shall warrant the quality of the Work, in accordance with the terms of the Plans and Specifications, for a period of one year after acceptance of the Work by the City Council. In the event that (during the one-year warranty period) any portion of the Work is determined by the City Engineer to be defective as a result of an obligation of Developer under this Agreement, Developer shall be in default of this Agreement and shall without delay and without any cost to City repair, replace or reconstruct any defective improvements.

19. **Reimbursement**

19.1. Within thirty (30) calendar days of City Engineer verifying that Developer has completed the Work in accordance with the Plans and Specifications, City shall reimburse Developer the dollar amount of the Maximum Reimbursement.

19.2. Developer acknowledges it shall not be entitled to any other Credits/Reimbursements for the Work cumulatively exceeding the dollar amount of the Maximum Reimbursement.

20. Default

20.1. **Notice of Default.** In the event that Developer is in default of this Agreement, as defined in this section, the City Engineer shall provide written notice to Developer and Developer's surety (if any) in which the default is described.

20.2. **Events of default**. Developer shall be in default of this Agreement if the City Engineer determines that any one of the following conditions exist (which conditions are not intended to constitute the exclusive bases for default):

20.2.1. Developer is insolvent, bankrupt, or makes a general assignment for the benefit of its creditors.

20.2.2. Developer abandons the Work site.

20.2.3. Developer fails to perform one or more requirements of this Agreement and fails to cure any such non-performance pursuant to Section 20.3 below.

20.2.4. Developer fails to replace or repair any damage caused by Developer or its agents, representatives, contractors, subcontractors, or employees in connection with performance of the Work.

20.2.5. Developer violates any legal requirement related to the Work and fails to cure such violation pursuant to Section 20.3 below.

20.3. **Cure of Default**. In the event that Developer fails, within thirty (30) calendar days after receipt of written notice from the City, to either cure the default or provide adequate written assurance to the reasonable satisfaction of the City Engineer that the cure will be promptly commenced and diligently prosecuted to its completion, the City may, in its discretion, take any or all of the following actions:

20.3.1. Demand that Developer complete performance of the Work.

20.3.2. Demand that Developer's surety (if any) complete performance of the Work.

20.3.3. Resort to any judicial remedies available to the City.

20.3.4. For defaults of Section 8, impose the remedies described in Section 8.

21. Notices.

All notices, demands, or other communications which this Agreement contemplates or authorizes shall be in writing and shall be personally delivered or electronically mailed to the respective party as follows:

To City:	To Developer:

City of Tracy 333 Civic Center Plaza Tracy, CA 95376 Attn: City Engineer notice@cityoftracy.org	Lennar Homes of California, LLC 2603 Camino Ramon, Suite 525 San Ramon, CA 94583 Attn: Bridgit Koller bridgit.koller@lennar.com

Communications shall be deemed to have been given and received on the first to occur of: (1) actual receipt at the email address designated above, or (2) two working days following the deposit in the United States Mail of registered or certified mail, sent to the address designated above.

22. **Approvals by City**. Any approval or consent that is to be given by City under this Agreement shall be in writing, and any approval or consent that is not in writing shall not be binding on City.

23. **Modifications**. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by both parties.

24. **Waivers**. Waiver of a breach or default under this Agreement shall not constitute a continuing waiver or a waiver of a subsequent breach of the same or any other provision of this Agreement.

25. **Assignment and Delegation**. This Agreement and any portion thereof shall not be assigned or transferred, nor shall any of Developer's duties be delegated, without the written consent of the City. Any attempt to assign or delegate this Agreement without the written consent of the City shall be void and of no force and effect. Consent by the City to one assignment shall not be deemed to be consent to any subsequent assignment.

26. **Jurisdiction and Venue**. The interpretation, validity, and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. Any suit, claim, or legal proceeding of any kind related to this Agreement shall be filed and heard in a court of competent jurisdiction in the County of San Joaquin.

27. **Permits, Licenses, and Compliance with Law**. Developer shall, at its expense, obtain and maintain all necessary permits and licenses for the performance of the Work. Prior to the commencement of the Work, Developer shall obtain a City of Tracy Business License. Developer shall comply with all local, state, and federal laws, whether or not said laws are expressly stated in this Agreement.

28. **Entire Agreement; Exhibits; Severability**. The recitals and all defined terms in this Agreement are part of this Agreement. This Agreement, including all documents incorporated by reference, comprises the entire integrated understanding between the parties concerning the improvements to be constructed pursuant to this Agreement. This Agreement supersedes all prior negotiations, representations, or agreements. The following Exhibits attached hereto are incorporated into this Agreement and made a part hereof by this reference:

    A. Description of Property (Recital A.)

    B. Developer's Authorized Representative Information (Section 16.)

    If a term of this Agreement is held invalid by a court of competent jurisdiction, the Agreement shall be construed as not containing that term, and the remainder of this Agreement shall remain in effect.

29. **Obligations Run With The Land**. All obligations and provisions of this Agreement shall run with the real property described in Exhibit "A" and shall bind the Developer and its respective successors and assigns but shall be deemed released as to any lot conveyed to a homebuyer that will occupy the lot as its primary residence.

30. **Signatures**. The individuals executing this Agreement on behalf of Developer represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement on behalf of Developer. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

IN WITNESS WHEREOF the parties do hereby agree to the full performance of the terms set forth herein.

6) IN A WESTERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

7) SOUTH 37° 53' 03" WEST - 57.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS SOUTH 37° 53' 03" WEST;

8) IN A SOUTHERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

9) SOUTH 37° 53' 03" WEST - 80.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

10) IN A WESTERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

11) SOUTH 37° 53' 03" WEST - 57.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS SOUTH 37° 53' 03" WEST;

12) IN A SOUTHERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

13) SOUTH 37° 53' 03" WEST - 168.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

14) IN A WESTERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

15) SOUTH 37° 53' 03" WEST - 57.00 FEET;

16) SOUTH 52° 06' 57" EAST - 5.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

17) IN A SOUTHERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

18) SOUTH 37° 53' 03" WEST - 176.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

19) IN A WESTERLY DIRECTION 39.27 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 25.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

20) SOUTH 37° 53' 03" WEST - 57.00 FEET;

21) SOUTH 52° 06' 57" EAST - 64.68 FEET;

22) SOUTH 37° 53' 03" WEST - 208.00 FEET;

23) SOUTH 52° 06' 57" EAST - 876.82 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

24) IN A SOUTHERLY DIRECTION 128.81 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT,

HAVING A RADIUS OF 82.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

25) SOUTH 37° 53' 03" WEST - 292.50 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

26) IN A WESTERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

27) NORTH 52° 06' 57" WEST - 21.00 FEET;

28) SOUTH 37° 53' 03" WEST - 57.00 FEET;

29) SOUTH 52° 06' 57" EAST - 12.50 FEET;

30) SOUTH 37° 53' 03" WEST - 3.00 FEET;

31) SOUTH 52° 06' 57" EAST - 6.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

32) IN A SOUTHERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVETO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

33) SOUTH 37° 53' 03" WEST - 942.10 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT;

34) IN A SOUTHWESTERLY DIRECTION 200.31 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 538.50 FEET AND THROUGH A CENTRAL ANGLE OF 21° 18' 47";

35) SOUTH 16° 34' 16" WEST - 282.68 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

36) IN A SOUTHWESTERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

37) NORTH 73° 25' 44" WEST - 16.00 FEET;

38) SOUTH 16° 34' 16" WEST - 57.00 FEET;

39) SOUTH 73° 25' 44" EAST - 16.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

40) IN A SOUTHEASTERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

41) SOUTH 16° 34' 16" WEST - 215.00 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT;

42) IN A SOUTHERLY DIRECTION 45.53 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 1018.00 FEET AND THROUGH A CENTRAL ANGLE OF 02° 33' 45" FOR THE BEGINNING OF A REVERSE CURVE;

43) CONTINUING IN A SOUTHERLY DIRECTION 43.92 FEET ALONG THE ARC OF SAID REVERSE CURVE, HAVING A RADIUS OF 982.00 FEET AND THROUGH A CENTRAL ANGLE OF 02° 33' 45";

44) SOUTH 16° 34' 16" WEST - 74.99 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

45) IN A SOUTHWESTERLY DIRECTION 30.46 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 87° 15' 46";

46) NORTH 76° 09' 59" WEST - 1.68 FEET;

47) SOUTH 13° 50' 01" WEST - 56.00 FEET;

48) SOUTH 76° 09' 59" EAST - 5.10 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

49) IN A SOUTHEASTERLY DIRECTION 32.37 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 92° 44' 14";

50) SOUTH 16° 34' 16" WEST - 7.74 FEET;

51) SOUTH 73° 25' 44" EAST - 57.00 FEET;

52) SOUTH 16° 34' 16" WEST - 37.53 FEET;

53) SOUTH 52° 06' 57" EAST - 595.39 FEET;

54) SOUTH 40° 06' 22" WEST - 131.53 FEET;

55) SOUTH 29° 13' 05" WEST - 41.67 FEET;

56) SOUTH 47° 07' 54" WEST - 115.46 FEET;

57) SOUTH 45° 09' 31" WEST - 241.24 FEET;

58) SOUTH 45° 21' 00" WEST - 69.92 FEET;

59) SOUTH 61° 48' 50" WEST - 305.17 FEET;

60) SOUTH 45° 20' 57" WEST - 485.89 FEET;

LEGAL DESCRIPTION

EXHIBIT A

REAL PROPERTY SITUATE IN THE CITY OF TRACY, COUNTY OF SAN JOAQUIN, STATE OF CALIFORNIA AND BEING A PORTION OF NEW PARCEL A AS DESCRIBED IN THE GRANT DEED TO TRACY PHASE 4, LLC, RECORDED NOVEMBER 29, 2023 AS DOCUMENT NO. 2023-097078, OFFICIAL RECORDS OF SAN JOAQUIN COUNTY AND BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

PUE-1

COMMENCING AT THE NORTHEASTERLY TERMINUS OF THE WESTERLY LINE OF THE STANEK AVENUE LABELED AS NORTH 37° 53' 03" EAST - 269.05 FEET; THENCE ALONG SAID WESTERLY LINE SOUTH 37° 53' 03" WEST - 197.39 FEET FOR THE **POINT OF BEGINNING**; THENCE CONTINUING ALONG SAID WESTERLY LINE SOUTH 37° 53' 03" WEST - 22.63 FEET;

THENCE CROSSING THROUGH NEW PARCEL A THE FOLLOWING THREE (3) COURSES:

1) NORTH 52° 06' 57" WEST - 10.00 FEET;
2) NORTH 37° 53' 03" EAST - 22.63 FEET;
3) SOUTH 52° 06' 57" EAST - 10.00 FEET TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **226 SQUARE FEET**, MORE OR LESS.

PUE-2

COMMENCING AT THE NORTHEASTERLY TERMINUS OF THE WESTERLY LINE OF THE STANEK AVENUE LABELED AS NORTH 37° 53' 03" EAST - 269.05 FEET; THENCE ALONG SAID WESTERLY LINE SOUTH 37° 53' 03" WEST – 232.06 FEET

EXHIBIT A

FOR THE **POINT OF BEGINNING**; THENCE CONTINUING ALONG SAID WESTERLY LINE SOUTH 37° 53' 03" WEST - 22.63 FEET;

THENCE CROSSING THROUGH NEW PARCEL A THE FOLLOWING THREE (3) COURSES:

1) NORTH 52° 06' 57" WEST - 10.00 FEET;
2) NORTH 37° 53' 03" EAST - 22.63 FEET;
3) SOUTH 52° 06' 57" EAST - 10.00 FEET TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **226 SQUARE FEET**, MORE OR LESS.

PUE-3

COMMENCING AT THE NORTHEASTERLY TERMINUS OF THE WESTERLY LINE OF THE STANEK AVENUE LABELED AS NORTH 37° 53' 03" EAST - 942.10 FEET; THENCE ALONG SAID LINE SEGMENT SOUTH 37° 53' 03" WEST - 98.21 FEET FOR THE **POINT OF BEGINNING**; THENCE CONTINUING ALONG SAID LINE SEGMENT SOUTH 37° 53' 03" WEST - 19.42 FEET;

THENCE CROSSING THROUGH NEW PARCEL A THE FOLLOWING THREE (3) COURSES:

1) NORTH 52° 06' 57" WEST - 8.50 FEET;
2) NORTH 37° 53' 03" EAST - 19.42 FEET;
3) SOUTH 52° 06' 57" EAST - 8.50 FEET TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **165 SQUARE FEET**, MORE OR LESS.

EXHIBIT A

PUE-4

COMMENCING AT THE SOUTHWESTERLY TERMINUS OF THE WESTERLY LINE OF THE STANEK AVENUE LABELED AS NORTH 37° 53' 03" EAST - 942.10 FEET; THENCE ALONG SAID WESTERLY LINE NORTH 37° 53' 03" EAST - 80.38 FEET FOR THE **POINT OF BEGINNING**;

THENCE CROSSING THROUGH NEW PARCEL A THE FOLLOWING THREE (3) COURSES:

1) NORTH 52° 06' 57" WEST - 8.00 FEET;
2) NORTH 37° 53' 03" EAST - 17.50 FEET;
3) SOUTH 52° 06' 57" EAST - 8.00 FEET TO A POINT ON THE WESTERLY LINE OF STANEK AVENUE;

THENCE SOUTH 37° 53' 03" WEST - 17.50 FEET ALONG SAID WESTERLY LINE TO THE **POINT OF BEGINNING.**

CONTAINING A LAND AREA OF **140 SQUARE FEET**, MORE OR LESS.

PUE-5

COMMENCING AT THE SOUTHWESTERLY TERMINUS OF THE WESTERLY LINE OF THE STANEK AVENUE LABELED AS NORTH 37° 53' 03" EAST - 942.10 FEET; THENCE ALONG SAID WESTERLY LINE NORTH 37° 53' 03" EAST - 52.45 FEET FOR THE **POINT OF BEGINNING**;

THENCE CROSSING THROUGH NEW PARCEL A THE FOLLOWING THREE (3) COURSES:

EXHIBIT A

1) NORTH 52° 06' 57" WEST - 8.50 FEET;
2) NORTH 37° 53' 03" EAST - 19.42 FEET;
3) SOUTH 52° 06' 57" EAST - 8.50 FEET TO A POINT ON THE WESTERLY LINE OF STANEK AVENUE;

THENCE SOUTH 37° 53' 03" WEST - 19.42 FEET ALONG SAID WESTERLY LINE TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **165 SQUARE FEET**, MORE OR LESS.

PUE-6

COMMENCING AT THE SOUTHWESTERLY TERMINUS OF THE WESTERLY LINE OF THE STANEK AVENUE LABELED AS NORTH 16° 34' 16" EAST - 282.68 FEET; THENCE ALONG SAID WESTERLY LINE NORTH 16° 34' 16" EAST – 68.58 FEET FOR THE **POINT OF BEGINNING**;

THENCE CROSSING THROUGH NEW PARCEL A THE FOLLOWING THREE (3) COURSES:

1) NORTH 73° 25' 44" WEST - 10.00 FEET;
2) NORTH 16° 34' 16" EAST - 22.63 FEET;
3) SOUTH 73° 25' 44" EAST - 10.00 FEET TO A POINT ON THE WESTERLY LINE OF STANEK AVENUE;

THENCE SOUTH 16° 34' 16" WEST - 22.63 FEET ALONG SAID WESTERLY LINE TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **226 SQUARE FEET**, MORE OR LESS.

EXHIBIT A

PUE-7

COMMENCING AT THE SOUTHWESTERLY TERMINUS OF THE WESTERLY LINE OF THE STANEK AVENUE LABELED AS NORTH 16° 34' 16" EAST - 282.68 FEET; THENCE ALONG SAID WESTERLY LINE NORTH 16° 34' 16" EAST - 32.82 FEET FOR THE **POINT OF BEGINNING**;

THENCE CROSSING THROUGH NEW PARCEL A THE FOLLOWING THREE (3) COURSES:

1) NORTH 73° 25' 44" WEST - 10.00 FEET;
2) NORTH 16° 34' 16" EAST - 22.63 FEET;
3) SOUTH 73° 25' 44" EAST - 10.00 FEET TO A POINT ON THE WESTERLY LINE OF STANEK AVENUE;

THENCE SOUTH 16° 34' 16" WEST - 22.63 FEET ALONG SAID WESTERLY LINE TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **226 SQUARE FEET**, MORE OR LESS.

PUE-8

COMMENCING AT THE SOUTHWESTERLY TERMINUS OF THE WESTERLY LINE OF STANEK AVENUE LABELED AS NORTH 16° 34' 16" EAST - 74.99 FEET; THENCE ALONG SAID LINE SEGMENT NORTH 16° 34' 16" EAST - 22.32 FEET FOR THE **POINT OF BEGINNING**; THENCE CROSSING THROUGH NEW PARCEL A THE FOLLOWING THREE (3) COURSES:

1) NORTH 73° 25' 44" WEST - 10.00 FEET;

EXHIBIT A

2) NORTH 16° 34' 16" EAST - 22.63 FEET;

3) SOUTH 73° 25' 44" EAST - 10.00 FEET TO A POINT ON THE WESTERLY LINE OF STANEK AVENUE;

THENCE SOUTH 16° 34' 16" WEST - 22.63 FEET ALONG SAID WESTERLY LINE TO THE **POINT OF BEGINNING.**

CONTAINING A LAND AREA OF **226 SQUARE FEET**, MORE OR LESS.

PUE-9

COMMENCING AT THE SOUTHWESTERLY TERMINUS OF THE WESTERLY LINE OF STANEK AVENUE LABELED AS NORTH 16° 34' 16" EAST - 74.99 FEET; THENCE ALONG SAID LINE SEGMENT NORTH 16° 34' 16" EAST - 58.08 FEET FOR THE **POINT OF BEGINNING**; THENCE CROSSING THROUGH NEW PARCEL A THE FOLLOWING THREE (3) COURSES:

1) NORTH 73° 28' 16" WEST 10.00 FEET;

2) NORTH 16° 31' 44" EAST 22.64 FEET;

3) SOUTH 73° 25' 44" EAST 10.00 FEET TO A POINT ON THE WESTERLY LINE OF STANEK AVENUE, HEREAFTER REFFERED TO AS "**POINT A**", SAID POINT BEING THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS NORTH 73° 45' 44" WEST;

THENCE SOUTHERLY, ALONG SAID WEST LINE OF STANEK AVENUE FOR THE FOLLOWING TWO (2) COURSES:

EXHIBIT A

1) IN A SOUTHERLY DIRECTION 5.71 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 982.00 FEET AND THROUGH A CENTRAL ANGLE OF 00° 20' 00";
2) SOUTH 16° 34' 16" WEST 16.91 FEET TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **226 SQUARE FEET**, MORE OR LESS.

PUE-10

COMMENCING AT SAID "**POINT A**", SAID POINT BEING THE BEGINNING OF A CURVE TO THE LEFT FROM WHICH THE CENTER BEARS NORTH 73° 45' 44" WEST; THENCE NORTHERLY, 25.22 FEET ALONG THE ARC OF A CURVE TO THE LEFT, HAVING A RADIUS OF 982.00 FEET AND THROUGH A CENTRAL ANGLE OF 1° 28' 17" TO THE **POINT OF BEGINNING** HEREOF;

THENCE CROSSING THROUGH NEW PARCEL A THE FOLLOWING THREE (3) COURSES:

1) NORTH 75° 45' 28" WEST, 9.00 FEET;
2) NORTH 14° 19' 23", 19.42 FEET;
3) SOUTH 75° 45' 28" EAST, 9.00 FEET TO A POINT ON THE WEST LINE OF STANEK AVENUE, HEREAFTER REFERRED TO AS "**POINT B**", SAID POINT BEING THE BEGINNING OF A CURVE TO THE LEFT FROM WHICH THE CENTER BEARS SOUTH 75° 37' 46" EAST;

THENCE ALONG THE WEST LINE OF STANEK AVENUE FOR THE FOLLOWING TWO (2) COURSES:

EXHIBIT A

1) IN A SOUTHERLY DIRECTION, 6.43 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 1018.00 FEET AND THROUGH A CENTRAL ANGLE OF 00° 21' 44" FOR THE BEGINNING OF A REVERSE CURVE, THE CENTER OF WHICH BEARS NORTH 75° 59' 29" WEST;
2) IN A SOUTHERLY DIRECTION, 12.99 FEET ALONG SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 982.00 FEET AND THROUGH A CENTRAL ANGLE OF 00° 45' 28" TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **175 SQUARE FEET**, MORE OR LESS.

PUE-11

COMMENCING AT SAID "**POINT B**", SAID POINT BEING THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS SOUTH 75° 37' 46" EAST;

THENCE NORTHERLY, 8.75 FEET ALONG THE ARC OF A CURVE TO THE RIGHT, HAVING A RADIUS OF 1018.00 FEET AND THROUGH A CENTRAL ANGLE OF 0° 29' 34" TO THE **POINT OF BEGINNING** HEREOF;

THENCE CROSSING THROUGH NEW PARCEL A THE FOLLOWING THREE (3) COURSES:

1) NORTH 74° 37' 37" WEST 8.54 FEET;
2) NORTH 15° 21' 22" EAST 17.50 FEET;
3) SOUTH 74° 37' 37" EAST 8.54 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT FROM WHICH THE CENTER BEARS SOUTH 74° 09' 06" EAST;

EXHIBIT A

IN A SOUTHERLY DIRECTION, 17.50 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 1018.00 FEET AND THROUGH A CENTRAL ANGLE OF 00° 59' 06" TO THE **POINT OF BEGINNING**

CONTAINING A LAND AREA OF **149 SQUARE FEET**, MORE OR LESS.

REAL PROPERTY SITUATE IN THE CITY OF TRACY, COUNTY OF SAN JOAQUIN, STATE OF CALIFORNIA AND BEING A PORTION OF NEW PARCEL A AS SAID PARCEL IS DESCRIBED IN THE GRANT DEED TO TRACY PHASE 4, LLC, RECORDED NOVEMBER 29, 2023 AS **DOCUMENT NO. 2023-097078**, OFFICIAL RECORDS OF SAN JOAQUIN COUNTY, AND BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

BEGINNING AT AN EASTERLY CORNER OF SAID NEW PARCEL A, SAID CORNER BEING AT THE SOUTHWESTERLY TERMINUS OF A COURSE LABELED AS HAVING A BEARING OF NORTH 37° 53' 03" EAST; 208.00 FEET;

THENCE CROSSING THROUGH SAID NEW PARCEL A THE FOLLOWING FIFTY-ONE (51) COURSES:

1) NORTH 52° 06' 57" WEST 97.81 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT;
2) IN A NORTHWESTERLY DIRECTION 43.68 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 200.00 FEET AND THROUGH A CENTRAL ANGLE OF 12° 30' 44" FOR THE BEGINNING OF A REVERSE CURVE;
3) IN A NORTHWESTERLY DIRECTION 43.68 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 200.00 FEET AND THROUGH A CENTRAL ANGLE OF 12° 30' 44";
4) NORTH 52° 06' 57" WEST 519.73 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT;
5) IN A WESTERLY DIRECTION 164.92 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 105.00 FEET AND THROUGH A CENTRAL ANGLE OF 89° 59' 33";
6) SOUTH 37° 53' 30" WEST 15.51 FEET;
7) NORTH 53° 56' 20" WEST 4.98 FEET;
8) SOUTH 37° 53' 03" WEST 18.20 FEET;
9) NORTH 52° 06' 57" WEST 57.00 FEET;
10) NORTH 37° 53' 03" EAST 18.20 FEET;

EXHIBIT A

11) NORTH 50° 12' 56" WEST 5.02 FEET;

12) NORTH 37° 53' 30" EAST 7.17 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT;

13) IN A NORTHERLY DIRECTION 162.50 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 95.00 FEET AND THROUGH A CENTRAL ANGLE OF 98° 00' 19" FOR THE BEGINNING OF A REVERSE CURVE;

14) IN A NORTHWESTERLY DIRECTION 154.60 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 1107.50 FEET AND THROUGH A CENTRAL ANGLE OF 07° 59' 52";

15) NORTH 52° 06' 57" WEST 362.67 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

16) IN A NORTHERLY DIRECTION 43.68 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 200.00 FEET AND THROUGH A CENTRAL ANGLE OF 12° 30' 44" FOR THE BEGINNING OF A REVERSE CURVE;

17) IN A NORTHERLY DIRECTION 43.68 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 200.00 FEET AND THROUGH A CENTRAL ANGLE OF 12° 30' 44";

18) NORTH 52° 06' 57" WEST 1039.34 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT;

19) IN A WESTERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

20) SOUTH 37° 52' 55" WEST 11.00 FEET;

21) NORTH 52° 07' 05" WEST 66.00 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT FROM WHICH THE CENTER BEARS NORTH 52° 06' 57" WEST;

22) IN A NORTHERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";

23) NORTH 52° 06' 57" WEST 21.54 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

24) IN A NORTHWESTERLY DIRECTION 117.36 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 1044.50 FEET AND THROUGH A CENTRAL ANGLE OF 06° 26' 16";

25) NORTH 45° 40' 41" WEST 58.02 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

26) IN A NORTHERLY DIRECTION 47.38 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 807.50 FEET AND THROUGH A CENTRAL ANGLE OF 03° 21' 43" FOR THE BEGINNING OF A COMPOUND CURVE TO THE RIGHT;

27) IN A NORTHERLY DIRECTION 58.97 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 270.50 FEET AND THROUGH A CENTRAL ANGLE OF 12° 29' 28";

28) NORTH 29° 49' 29" WEST 56.92 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT;

29) IN A NORTHERLY DIRECTION 13.26 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 229.50 FEET AND THROUGH A CENTRAL ANGLE OF 03° 18' 35" FOR THE BEGINNING OF A REVERSE CURVE;

30) IN A NORTHERLY DIRECTION 132.45 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 796.50 FEET AND THROUGH A CENTRAL ANGLE OF 09° 31' 39";

31) NORTH 23° 36' 24" WEST 22.38 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

32) IN A NORTHERLY DIRECTION 2.62 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 796.50 FEET AND THROUGH A CENTRAL ANGLE OF 00° 11' 19";

33) NORTH 49° 13' 03" WEST 35.69 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS NORTH 68° 50' 51" EAST;

34) IN A NORTHERLY DIRECTION 58.97 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 812.67 FEET AND THROUGH A CENTRAL ANGLE OF 04° 09' 27";

35) NORTH 11° 03' 53" EAST 35.69 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS NORTH 75° 16' 18" EAST;

36) IN A NORTHERLY DIRECTION 18.39 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 796.50 FEET AND THROUGH A CENTRAL ANGLE OF 01° 19' 22" FOR THE BEGINNING OF A REVERSE CURVE;

37) IN A NORTHWESTERLY DIRECTION 29.00 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 83° 05' 28";

38) SOUTH 83° 30' 11" WEST 5.91 FEET;

39) NORTH 06° 29' 49" WEST 64.92 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT FROM WHICH THE CENTER BEARS NORTH 23° 57' 18" WEST;

40) IN A NORTHEASTERLY DIRECTION 25.18 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 72° 08' 21" FOR THE BEGINNING OR A REVERSE CURVE;

41) IN A NORTHERLY DIRECTION 242.88 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 802.50 FEET AND THROUGH A CENTRAL ANGLE OF 17° 20' 28";

42) NORTH 11° 14' 50" EAST 27.72 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;

43) IN A NORTHERLY DIRECTION 44.32 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 315.50 FEET AND THROUGH A CENTRAL ANGLE OF 08° 02' 56";

44) NORTH 19° 17' 45" EAST 36.35 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT;

45) IN A NORTHERLY DIRECTION 39.97 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 284.50 FEET AND THROUGH A CENTRAL ANGLE OF 08° 02' 56";

46) NORTH 11° 14' 50" EAST 362.66 FEET;

47) SOUTH 78° 45' 10" EAST 15.00 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS SOUTH 78° 45' 10" EAST
48) IN A NORTHEASTERLY DIRECTION 277.79 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 512.50 FEET AND THROUGH A CENTRAL ANGLE OF 31° 03' 21" FOR THE BEGINNING OF A REVERSE CURVE;
49) IN A NORTHEASTERLY DIRECTION 175.79 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 487.50 FEET AND THROUGH A CENTRAL ANGLE OF 20° 39' 37";
50) NORTH 20° 29' 33" EAST 44.94 FEET;
51) NORTH 17° 52' 10" EAST 26.51 FEET TO THE NORTH LINE OF NEW PARCEL A;

THENCE ALONG SAID NORTH LINE, SOUTH 49° 48' 21" EAST 42.70 FEET;

THENCE CROSSING THROUGH SAID NEW PARCEL A THE FOLLOWING THIRTY-SEVEN (37) COURSES:

1) IN A SOUTHERLY DIRECTION, ALONG A NON-TANGENT CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS NORTH 72° 53' 24" WEST, 49.72 FEET ALONG THE ARC OF SAID CURVE, HAVING A RADIUS OF 929.34 FEET AND THROUGH A CENTRAL ANGLE OF 03° 03' 54";
2) SOUTH 65° 45' 28" WEST 2.83 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS NORTH 69° 01' 26" WEST;
3) IN A SOUTHWESTERLY DIRECTION 154.28 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 526.00 FEET AND THROUGH A CENTRAL ANGLE OF 16° 48' 20" FOR THE BEGINNING OF A REVERSE CURVE;
4) IN A SOUTHWESTERLY DIRECTION 174.56 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 474.00 FEET AND THROUGH A CENTRAL ANGLE OF 21° 05' 59" FOR THE BEGINNING OF A COMPOUND CURVE;

EXHIBIT A

5) IN A SOUTHERLY DIRECTION 33.87 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 245.00 FEET AND THROUGH A CENTRAL ANGLE OF 07° 55' 15" FOR THE BEGINNING OF A REVERSE CURVE;
6) IN A SOUTHERLY DIRECTION 11.06 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 255.00 FEET AND THROUGH A CENTRAL ANGLE OF 02° 29' 10";
7) SOUTH 11° 14' 50" WEST 24.69 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT;
8) IN A SOUTHERLY DIRECTION 21.29 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 95.00 FEET AND THROUGH A CENTRAL ANGLE OF 12° 50' 19" FOR THE BEGINNING OF A REVERSE CURVE;
9) IN A SOUTHERLY DIRECTION 23.53 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 105.00 FEET AND THROUGH A CENTRAL ANGLE OF 12° 50' 19";
10) SOUTH 11° 14' 50" WEST 491.01 FEET;
11) SOUTH 16° 16' 39" EAST 35.21 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT FROM WHICH THE CENTER BEARS SOUTH 79° 45' 18" EAST;
12) IN A SOUTHERLY DIRECTION 55.04 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 677.33 FEET AND THROUGH A CENTRAL ANGLE OF 04° 39' 22";
13) SOUTH 31° 47' 42" WEST 35.00 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT FROM WHICH THE CENTER BEARS SOUTH 87° 00' 23" EAST;
14) IN A SOUTHERLY DIRECTION 321.97 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 693.50 FEET AND THROUGH A CENTRAL ANGLE OF 26° 36' 02";
15) SOUTH 23° 36' 24" EAST 22.38 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT;
16) IN A SOUTHEASTERLY DIRECTION 267.15 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 693.50 FEET AND THROUGH A CENTRAL ANGLE OF 22° 04' 17";

EXHIBIT A

17) SOUTH 45° 40' 41" EAST 58.02 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT;
18) IN A SOUTHEASTERLY DIRECTION 104.55 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 930.50 FEET AND THROUGH A CENTRAL ANGLE OF 06° 26' 16";
19) SOUTH 52° 06' 57" EAST 26.04 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT;
20) IN AN EASTERLY DIRECTION 31.42 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";
21) NORTH 37° 53' 03" EAST 5.50 FEET;
22) SOUTH 52° 06' 57" EAST 57.77 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT FROM WHICH THE CENTER BEARS SOUTH 68° 04' 41" EAST;
23) IN A SOUTHERLY DIRECTION 25.84 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 20.00 FEET AND THROUGH A CENTRAL ANGLE OF 74° 02' 17";
24) SOUTH 52° 06' 56" EAST 65.49 FEET FOR THE BEGINNING OF A CURVE TO THE RIGHT;
25) IN A SOUTHEASTERLY DIRECTION 45.09 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 320.50 FEET AND THROUGH A CENTRAL ANGLE OF 08° 03' 41";
26) SOUTH 44° 03' 16" EAST 36.16 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT;
27) IN A SOUTHEASTERLY DIRECTION 39.32 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 279.50 FEET AND THROUGH A CENTRAL ANGLE OF 08° 03' 41";
28) SOUTH 52° 06' 57" EAST 186.43 FEET;
29) SOUTH 25° 33' 03" EAST 11.18 FEET;
30) SOUTH 52° 06' 57" EAST 1111.31 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT;

EXHIBIT A

31) IN A SOUTHEASTERLY DIRECTION 61.13 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 1000.00 FEET AND THROUGH A CENTRAL ANGLE OF 03° 30' 09";
32) SOUTH 82° 24' 42" EAST 11.20 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT FROM WHICH THE CENTER BEARS NORTH 33° 48' 21" EAST;
33) IN A SOUTHEASTERLY DIRECTION 121.60 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 995.00 FEET AND THROUGH A CENTRAL ANGLE OF 07° 00' 09" FOR THE BEGINNING OF A COMPOUND CURVE;
34) IN AN EASTERLY DIRECTION 111.99 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 85.00 FEET AND THROUGH A CENTRAL ANGLE OF 75° 29' 08";
35) SOUTH 51° 02' 52" EAST 73.27 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT FROM WHICH THE CENTER BEARS SOUTH 55° 32' 58" EAST;
36) IN A SOUTHERLY DIRECTION 113.32 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 75.00 FEET AND THROUGH A CENTRAL ANGLE OF 86° 33' 59";
37) SOUTH 52° 06' 57" EAST, 730.64 FEET TO THE EAST LINE OF SAID NEW PARCEL A;

THENCE SOUTH 37° 53' 03" WEST, 98.00 FEET TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **496,721 SQUARE FEET**, MORE OR LESS.

REAL PROPERTY SITUATE IN THE CITY OF TRACY, COUNTY OF SAN JOAQUIN, STATE OF CALIFORNIA AND BEING A PORTION OF NEW PARCEL B AS SAID PARCEL IS DESCRIBED IN THE GRANT DEED TO DRP SOLARIS MULTISTATE, LLC, RECORDED ON JANUARY 12, 2024 AS **DOCUMENT NO. 2024-003609**, OFFICIAL RECORDS OF SAN JOAQUIN COUNTY, AND BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

BEGINNING AT A WESTERLY CORNER OF SAID NEW PARCEL B, SAID CORNER BEING AT THE SOUTHWESTERLY TERMINUS OF A COURSE LABELED AS HAVING A BEARING OF NORTH 37° 53' 03" EAST, 208.00 FEET;

THENCE IN A NORTHERLY DIRECTION ALONG SAID WEST LINE, NORTH 37° 53' 03" EAST, 98.00 FEET;

THENCE CROSSING THROUGH SAID NEW PARCEL B FOR THE FOLLOWING SEVEN (7) COURSES:

1) SOUTH 52° 06' 57" EAST, 751.77 FEET;
2) SOUTH 78° 40' 51" EAST 11.18 FEET;
3) SOUTH 52° 06' 57" EAST 109.56 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT;
4) IN AN EASTERLY DIRECTION 127.58 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 90.00 FEET AND THROUGH A CENTRAL ANGLE OF 81° 13' 11";
5) SOUTH 52° 06' 57" EAST 2.63 FEET;
6) NORTH 39° 17' 06" EAST 38.19 FEET;
7) NORTH 43° 34' 46" EAST 25.13 FEET TO THE SOUTH LINE OF SAID NEW PARCEL B;

EXHIBIT A

THENCE ALONG THE SOUTH LINES OF SAID NEW PARCEL B FOR THE FOLOOWING EIGHT (8) COURSES:

1) SOUTH 37° 53' 03" WEST 242.45 FEET;
2) SOUTH 52° 06' 57" EAST 149.50 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT FROM WHICH THE CENTER BEARS SOUTH 36° 25' 14" WEST;
3) IN A WESTERLY DIRECTION, 123.69 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 80.04 FEET AND THROUGH A CENTRAL ANGLE OF 88° 32' 11";
4) SOUTH 37° 53' 03" WEST 25.44 FEET;
5) NORTH 52° 06' 57" WEST 79.00 FEET;
6) NORTH 37° 53' 03" EAST 23.45 FEET FOR THE BEGINNING OF A CURVE TO THE LEFT;
7) IN A NORTHERLY DIRECTION 128.81 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 82.00 FEET AND THROUGH A CENTRAL ANGLE OF 90° 00' 00";
8) NORTH 52° 06' 57" WEST 876.82 FEET TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **109,153 SQUARE FEET**, MORE OR LESS.

REAL PROPERTY SITUATE IN THE CITY OF TRACY, COUNTY OF SAN JOAQUIN, STATE OF CALIFORNIA AND BEING A PORTION OF NEW PARCEL A AS SAID PARCEL IS DESCRIBED IN THE GRANT DEED TO TRACY PHASE 4, LLC, RECORDED NOVEMBER 29, 2023, AS **DOCUMENT NO. 2023-097078**, OFFICIAL RECORDS OF SAN JOAQUIN COUNTY, AND BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

PUE-1

COMMENCING AT THE SOUTHWESTERLY TERMINUS OF A CURVE SEGMENT ON THE EASTERLY LINE OF THE SIERRA VIEW DRIVE DEDICATION LABELED AS HAVING A RADIUS OF 526.00 FEET, AN ARC LENGTH OF 154.28 FEET, AND THROUGH A CENTRAL ANGLE OF 16° 48' 20"; THENCE NORTHEASTERLY ALONG SAID CURVE SEGMENT, 93.48 FEET ALONG SAID CURVE TO THE LEFT FROM WHICH THE CENTER BEARS NORTH 52° 13' 06" WEST, THROUGH A CENTRAL ANGLE OF 10° 10' 58" TO THE **POINT OF BEGINNING**;

THENCE CONTINUING NORTHEASTERLY, 19.49 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 526.00 FEET AND A CENTRAL ANGLE OF 02° 07' 22";

THENCE CROSSING THROUGH SAID NEW PARCEL A FOR THE FOLLOWING THREE (3) COURSES:

1) THENCE SOUTH 64° 31' 25" EAST, RADIAL TO SAID CURVE, 9.00 FEET TO THE BEGINNING OF A CURVE TO THE RIGHT;
2) THENCE SOUTHWESTERLY, 19.82 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 535.00 FEET AND A CENTRAL ANGLE OF 02° 07' 22"
3) THENCE NORTH 62° 24' 03" WEST, 9.00 FEET TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **177 SQUARE FEET**, MORE OR LESS.

EXHIBIT A

PUE-2

COMMENCING AT THE SOUTHERLY TERMINUS OF A LINE SEGMENT OF THE EASTERLY LINE OF THE SIERRA VIEW DRIVE DEDICATION LABELED WITH THE COURSE NORTH 11° 14' 50" EAST 491.01 FEET; THENCE ALONG SAID LINE SEGMENT NORTH 11° 14' 50" EAST 266.68 FEET TO THE **POINT OF BEGINNING**;

THENCE CONTINUING ALONG SAID LINE SEGMENT NORTH 11° 14' 50" EAST, 19.42 FEET;

THENCE CROSSING THROUGH SAID NEW PARCEL A FOR THE FOLLOWING THREE (3) COURSES:

1) THENCE SOUTH 78° 45' 10" EAST, 4.00 FEET;
2) THENCE SOUTH 11° 14' 50" WEST, 19.42 FEET;
3) THENCE NORTH 78° 45' 10" WEST, 4.00 FEET TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **78 SQUARE FEET**, MORE OR LESS.

PUE-3

COMMENCING AT THE SOUTHERLY TERMINUS OF A LINE SEGMENT OF THE EASTERLY LINE OF THE SIERRA VIEW DRIVE DEDICATION LABELED WITH THE COURSE NORTH 11° 14' 50" EAST 491.01 FEET; THENCE ALONG SAID LINE SEGMENT NORTH 11° 14' 50" EAST 160.93 FEET TO THE **POINT OF BEGINNING**;

THENCE CONTINUING ALONG SAID LINE SEGMENT NORTH 11° 14' 50" EAST, 45.31 FEET;

THENCE CROSSING THROUGH SAID NEW PARCEL A FOR THE FOLLOWING THREE (3) COURSES:

1) THENCE SOUTH 78° 45' 10" EAST, 4.00 FEET;
2) THENCE SOUTH 11° 14' 50" WEST, 45.31 FEET;
3) THENCE NORTH 78° 45' 10" WEST, 4.00 FEET TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **181 SQUARE FEET**, MORE OR LESS.

EXHIBIT A

PUE-4

COMMENCING AT THE SOUTHERLY TERMINUS OF A CURVE SEGMENT ON THE NORTHEASTERLY LINE OF THE SIERRA VIEW DRIVE DEDICATION LABELED AS HAVING A RADIUS OF 693.50 FEET, AN ARC LENGTH OF 321.97 FEET, AND THROUGH A CENTRAL ANGLE OF 26° 36' 02"; THENCE NORTHERLY ALONG SAID CURVE SEGMENT, 300.75 FEET ALONG SAID CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS NORTH 66° 23' 36" EAST, HAVING A RADIUS OF 693.50 FEET, AND THROUGH A CENTRAL ANGLE OF 24° 50' 51" TO THE POINT OF BEGINNING;

THENCE CONTINUING NORTHERLY ALONG SAID SIERRA VIEW DRIVE DEDICATION FOR THE FOLLOWING TWO (2) COURSES:

21.22 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 693.50 FEET AND A CENTRAL ANGLE OF 01° 45' 11";

THENCE NORTH 31° 47' 42" EAST, 1.79 FEET;

THENCE CROSSING THROUGH SAID NEW PARCEL A FOR THE FOLLOWING THREE (3) COURSES:

1) THENCE SOUTH 86° 52' 37" EAST, 4.14 FEET TO THE BEGINNING OF A CURVE TO THE LEFTFROM WHICH THE CENTER BEARS SOUTH 86° 52' 37" EAST;
2) THENCE SOUTHERLY, 22.62 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 688.50 FEET AND A CENTRAL ANGLE OF 01° 52 '57";
3) THENCE NORTH 88° 45' 34" WEST, RADIAL TO SAID CURVE, 5.00 FEET TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **113 SQUARE FEET**, MORE OR LESS.

PUE-5

COMMENCING AT THE NORTHWESTERLY TERMINUS OF A CURVE SEGMENT ON THE GENERALLY NORTHEASTERLY LINE OF THE SIERRA VIEW DRIVE

EXHIBIT A

DEDICATION LABELED AS HAVING A RADIUS OF 693.50 FEET, AN ARC LENGTH OF 267.15 FEET, AND A CENTRAL ANGLE OF 22° 04' 17";

THENCE CONTINUING SOUTHEASTERLY ALONG SAID CURVE SEGMENT, 18.28 FEET ALONG THE ARC OF SAID CURVE TO LEFT TO THE **POINT OF BEGINNING**;

THENCE CROSSING THROUGH SAID NEW PARCEL A FOR THE FOLLOWING THREE (3) COURSES:

1) NORTH 64° 53' 00" EAST, 4.00 FEET TO THE BEGINNING OF A CURVE TO THE LEFT FROM WHICH THE CENTER BEARS NORTH 64°53'00" EAST;
2) THENCE SOUTHEASTERLY, 19.41 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 689.50 FEET AND A CENTRAL ANGLE OF 01° 36' 45";
3) THENCE SOUTH 63° 16' 15" WEST, 4.00 FEET TO THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS NORTH 63°16'15" EAST, TO THE EASTERLY LINE OF SAID SIERRA VIEW DRIVE DEDICATION;

THENCE NORTHWESTERLY ALONG SAID EASTERLY LINE, 19.52 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 693.50 FEET AND A CENTRAL ANGLE OF 01° 36' 45" TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **78 SQUARE FEET**, MORE OR LESS.

PUE-6

COMMENCING AT THE NORTHWESTERLY TERMINUS OF A CURVE SEGMENT ON THE GENERALLY NORTHEASTERLY LINE OF THE SIERRA VIEW DRIVE DEDICATION LABELED AS HAVING A RADIUS OF 930.50 FEET, AN ARC LENGTH OF 104.55 FEET AND A CENTRAL ANGLE OF 06° 26' 16";

THENCE SOUTHEASTERLY ALONG SAID CURVE SEGMENT, 34.70 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS NORTH 44° 19' 19" EAST, AND A CENTRAL ANGLE OF 02° 08' 12" TO THE **POINT OF BEGINNING**;

THENCE CROSSING THROUGH SAID NEW PARCEL A FOR THE FOLLOWING THREE (3) COURSES:

1) THENCE NORTH 42° 11' 06" EAST, 4.00 FEET TO THE BEGINNING OF A CURVE TO THE LEFT FROM WHICH THE CENTER BEARS NORTH 42°11'06" EAST;
2) THENCE SOUTHEASTERLY, 47.00 FEET ALONG THE ARC OF SAID CURVE TO THE LEFT, HAVING A RADIUS OF 926.50 FEET AND A CENTRAL ANGLE OF 02° 54' 23";
3) THENCE SOUTH 39° 16' 43" WEST, RADIAL TO SAID CURVE, 4.00 FEET TO THE BEGINNING OF A CURVE TO THE RIGHT FROM WHICH THE CENTER BEARS NORTH 39° 16' 43" EAST TO THE EASTERLY LINE OF SAID SIERRA VIEW DRIVE DEDICATION;

THENCE NORTHWESTERLY ALONG SAID EASTERLY LINE, 47.20 FEET ALONG THE ARC OF SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 930.50 FEET AND A CENTRAL ANGLE OF 02°54'23" TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **188 SQUARE FEET**, MORE OR LESS.

PUE-7

COMMENCING AT THE SOUTHEASTERLY TERMINUS OF A LINE SEGMENT OF THE NORTHEASTERLY LINE OF THE SIERRA VIEW DRIVE DEDICATION LABELED WITH THE COURSE NORTH 52° 06' 57" WEST 186.42 FEET;

THENCE ALONG SAID LINE SEGMENT NORTH 52° 06' 57" WEST 63.44 FEET TO THE **POINT OF BEGINNING**;

THENCE CONTINUING ALONG SAID LINE SEGMENT NORTH 52° 06' 57" WEST 19.42 FEET;

THENCE CROSSING THROUGH SAID NEW PARCEL A FOR THE FOLLOWING THREE (3) COURSES:

1) NORTH 37° 53' 03" EAST 4.00 FEET;

2) SOUTH 52° 06' 57" EAST 19.42 FEET; AND
3) SOUTH 37° 53' 03" WEST 4.00 FEET TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **78 SQUARE FEET**, MORE OR LESS.

PUE-8

COMMENCING AT THE NORTHWESTERLY TERMINUS OF A LINE SEGMENT OF THE NORTHEASTERLY LINE OF THE SIERRA VIEW DRIVE DEDICATION LABELED WITH THE COURSE NORTH 52° 06' 57" WEST 1111.31 FEET; THENCE ALONG SAID LINE SEGMENT SOUTH 52° 06' 57" EAST 221.44 FEET TO THE **POINT OF BEGINNING**;

THENCE CROSSING THROUGH SAID NEW PARCEL A FOR THE FOLLOWING THREE (3) COURSES:

1) NORTH 37° 53' 03" EAST 4.00 FEET;
2) SOUTH 52° 06' 57" EAST 19.42 FEET;
3) SOUTH 37° 53' 03" WEST 4.00 FEET TO THE EASTERLY LINE OF SAID SIERRA VIEW DRIVE DEDICATION;

THENCE ALONG SAID EASTERLY LINE, NORTH 52° 06' 57" WEST 19.42 FEET TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **78 SQUARE FEET**, MORE OR LESS.

PUE-9

COMMENCING AT THE NORTHWESTERLY TERMINUS OF A LINE SEGMENT OF THE NORTHEASTERLY LINE OF THE SIERRA VIEW DRIVE DEDICATION LABELED WITH THE COURSE NORTH 52° 06' 57" WEST 1111.31 FEET; THENCE ALONG SAID LINE SEGMENT SOUTH 52° 06' 57" EAST 560.80 FEET TO THE **POINT OF BEGINNING**;

THENCE CROSSING THROUGH SAID NEW PARCEL A FOR THE FOLLOWING THREE (3) COURSES:

1) NORTH 37° 53' 03" EAST 4.00 FEET;
2) SOUTH 52° 06' 57" EAST 44.27 FEET; AND

EXHIBIT A

3) SOUTH 37° 53' 03" WEST 4.00 FEET TO THE EASTERLY LINE OF SAID SIERRA VIEW DRIVE DEDICATION;

THENCE ALONG SAID EASTERLY LINE, NORTH 52°06'57" WEST 44.27 FEET TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **177 SQUARE FEET**, MORE OR LESS.

PUE-10

COMMENCING AT THE NORTHWESTERLY TERMINUS OF A LINE SEGMENT OF THE NORTHEASTERLY LINE OF THE SIERRA VIEW DRIVE DEDICATION LABELED WITH THE COURSE NORTH 52° 06' 57" WEST 1111.31 FEET; THENCE ALONG SAID LINE SEGMENT SOUTH 52° 06' 57" EAST 714.00 FEET TO THE **POINT OF BEGINNING**;

THENCE CROSSING THROUGH SAID NEW PARCEL A FOR THE FOLLOWING THREE (3) COURSES:

1) NORTH 37° 53 '03" EAST, 4.00 FEET;
2) SOUTH 52° 06' 57" EAST, 19.42 FEET;
3) SOUTH 37° 53' 03" WEST, 4.00 FEET TO THE EASTERLY LINE OF SAID SIERRA VIEW DRIVE DEDICATION;

THENCE ALONG SAID EASTERLY LINE, NORTH 52° 06' 57" WEST 19.42 FEET TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **78 SQUARE FEET**, MORE OR LESS.

PUE-11

COMMENCING AT THE SOUTHEASTERLY TERMINUS OF A LINE SEGMENT OF THE NORTHEASTERLY LINE OF THE SIERRA VIEW DRIVE DEDICATION LABELED WITH THE COURSE NORTH 52° 06' 57" WEST 1111.31 FEET; THENCE ALONG SAID LINE SEGMENT NORTH 52° 06' 57" WEST 34.52 FEET TO THE **POINT OF BEGINNING**;

THENCE CONTINUING ALONG SAID LINE SEGMENT, NORTH 52° 06' 57" WEST 22.63 FEET;

EXHIBIT A

THENCE CROSSING THROUGH SAID NEW PARCEL A FOR THE FOLLOWING THREE (3) COURSES:

1) NORTH 37° 53' 03" EAST, 5.00 FEET;
2) SOUTH 52° 06' 57" EAST 22.63 FEET;
3) SOUTH 37° 53' 03" WEST 5.00 FEET TO THE **POINT OF BEGINNING**.

CONTAINING A LAND AREA OF **113 SQUARE FEET**, MORE OR LESS.

PUE-12

BEGINNING AT THE SOUTHEASTERLY TERMINUS OF A LINE SEGMENT OF THE NORTHEASTERLY LINE OF THE SIERRA VIEW DRIVE DEDICATION LABELED WITH THE COURSE NORTH 52° 06' 57" WEST 1111.31 FEET; THENCE ALONG SAID LINE SEGMENT NORTH 52° 06' 57" WEST 21.38 FEET;

THENCE CROSSING THROUGH SAID NEW PARCEL A FOR THE FOLLOWING FOUR (4) COURSES:

1) THENCE NORTH 37° 53' 03" EAST 5.00 FEET;
2) THENCE SOUTH 52° 06' 57" EAST 21.38 FEET TO THE BEGINNING OF A TANGENT CURVE TO THE LEFT;

EXHIBIT A
LEGAL DESCRIPTION

EXHIBIT A

Real property situate in the City of Tracy, County of San Joaquin, State of California and being a portion of Parcel 1 as said parcel is shown on the Parcel Map filed in Book 26 of Parcel Maps at Page 179, San Joaquin County Records and more particularly described as follows:

Beginning at the southeasterly terminus of the line labelled by the course N58°01'26"W 76.00', as said line and course are shown in Exhibit A - Plat to Accompany Legal Description in the Irrevocable Offer of Dedication of Fee Interest (Tracy Hills Drive) recorded in Document No. 2022-109603, Official Records of San Joaquin County, said line being a segment of the generally southwesterly line of said Tracy Hills Drive; thence across said Parcel 1 (26 PM 179) along the following nine (9) courses

1) South 31° 58' 54" West - 323.77 feet for the beginning of a curve to the left;

2) in a southwesterly direction 175.56 feet along the arc of said curve to the left, having a radius of 3413.00 feet and through a central angle of 02° 56' 50";

3) South 31° 32' 35" West - 88.25 feet;

4) South 27° 34' 49" West - 37.71 feet for the beginning of a curve to the left;

5) in a southerly direction 161.90 feet along the arc of said curve to the left, having a radius of 478.00 feet and through a central angle of 19° 24' 21";

6) South 08° 10' 27" West - 71.24 feet;

7) South 10° 57' 15" West - 20.62 feet for the beginning of a curve to the right from which the center bears North 81° 48' 46" West;

8) in a southerly direction 90.07 feet along the arc of said curve to the right, having a radius of 533.00 feet and through a central angle of 09° 40' 56";

9) South 17° 52' 10" West - 10.80 feet;

to the southwesterly line of said Parcel 1 (26 PM 179), last said line also being the northeasterly line of State Route 580; thence along last said southwesterly line North 54°00'20" West 47.89 feet; thence across said Parcel 1 (26 PM 179) along the following six (6) courses:

1) in a northerly direction 78.39 feet along the arc of said curve to the left, having a radius of 487.50 feet and through a central angle of 09° 12' 49";

2) North 08° 10' 27" East - 119.90 feet for the beginning of a curve to the right;

3) in a northerly direction 169.52 feet along the arc of said curve to the right, having a radius of 500.50 feet and through a central angle of 19° 24' 21";

4) North 27° 34' 49" East - 20.52 feet for the beginning of a curve to the right;

5) in a northeasterly direction 266.76 feet along the arc of said curve to the right, having a radius of 3472.50 feet and through a central angle of 04° 24' 06";

6) North 31° 58' 54" East - 323.77 feet to a point on the south line of said Tracy Hills Drive;

to first said line; thence along first said line South 58°01'06" East 59.50 feet to the **Point of Beginning**.

Containing a land area of 53,834 square feet, more or less.

See Exhibit B – Plat to Accompany Legal Description which is attached hereto and made a part thereof.

EXHIBIT A
LEGAL DESCRIPTION

EXHIBIT A

Real property situate in the City of Tracy, County of San Joaquin, State of California and being portions of Parcel 1 as said parcel is shown on the Parcel Map filed in Book 26 of Parcel Maps at Page 179, San Joaquin County Records and more particularly described as follows:

PUE-1

Commencing at the northeasterly terminus of a curve segment of the southeasterly line of the Lammers Road Dedication labeled with the curve data with a radius of 3413.00 feet, a central angle of 02°56'50" and an arc length of 175.56 feet; thence southwesterly along said curve to the left, which a radial bears South 58°01'06" East to the radius point, having a central angle of 00°55'06" and an arc length of 54.70 feet to the **Point of Beginning**; thence across said Parcel 1 (26 PM 179) the following three (3) courses:

1) South 58°56'11" East 5.00 feet;
2) southeasterly along a non-tangent curve to the left, which a radial bears South 58°56'11" East to the radius point, having a radius of 3408.00 feet, a central angle of 00°22'50" and an arc length of 22.63 feet; and
3) North 59°19'01" West 5.00 feet

to first said curve on said southeasterly line; thence northwesterly along last said line along a non-tangent curve to the right, which a radial bears South 59°19'01" East to the radius point, having a radius of 3413.00 feet, a central angle of 00°22'50" and an arc length of 22.67 feet to the **Point of Beginning**.

Containing a land area of 113 square feet, more or less.

PUE-2

Commencing at the northeasterly terminus of a line segment of the southeasterly line of the Lammers Road Dedication labeled with the course South 31°32'35" West 88.25 feet; thence along said line segment South 31°32'35" West 47.04 feet to the **Point of Beginning**; thence across said Parcel 1 (26 PM 179) the following three (3) courses:

1) South 58°27'25" East 4.00 feet;
2) South 31°32'25" West 19.42 feet; and
3) North 58°27'25" West 4.00 feet

to said line segment on said southeasterly line; thence along last said line North 31°32'35" East 19.42 feet to the **Point of Beginning**.

Containing a land area of 78 square feet, more or less.

EXHIBIT A

PUE-3

Beginning at the southwesterly terminus of a line segment of the southeasterly line of the Lammers Road Dedication labeled with the course South 31°32'35" West 88.25 feet; thence along said line segment North 31°32'35" East 13.68 feet; thence across said Parcel 1 (26 PM 179) the following four (4) courses:

1) South 58°27'25" East 4.00 feet;
2) South 31°32'35" West 13.64 feet;
3) southwesterly along a non-tangent curve to the left, which a radial bears South 61°22'57" East to the radius point, having a radius of 3418.92 feet, a central angle of 00°05'46" and an arc length of 5.74 feet; and
4) North 61°28'43" West 3.89 feet

to said southeasterly line; thence along last said line North 27°34'49" East 5.92 feet to the **Point of Beginning**;

Containing a land area of 78 square feet, more or less.

PUE-4

Beginning at the southwesterly terminus of a line segment of the southeasterly line of the Lammers Road Dedication labeled with the course South 27°34'49" West 37.71 feet; thence along said line segment North 27°34'49" East 17.50; thence across said Parcel 1 (26 PM 179) the following three (3) courses:

1) South 62°25'11" East 3.00 feet;
2) South 27°34'49" West 17.50 feet; and
3) North 62°25'11" West 3.00 feet to the **Point of Beginning.**

Containing a land area of 53 square feet, more or less.

EXHIBIT A
LEGAL DESCRIPTION

EXHIBIT A

Real property situate in the City of Tracy, County of San Joaquin, State of California and being a portion of New Parcel A as described in the Grant Deed to TRACY PHASE 4, LLC, as recorded in Document No. 2023-097078, Official Records of San Joaquin County and more particularly described as follows:

Beginning at an easterly corner of New Parcel A, same corner being the southeastern terminus of a course labeled North 52° 06' 57" West 876.82 feet; same corner being at the beginning of a tangent curve to the right;

Thence along the easterly boundary of New Parcel A for the following four (4) courses:

1) In a southerly direction 128.81 feet along the arc of said curve to the right, having a radius of 82.00 feet and through a central angle of 90° 00' 00";
2) South 37° 53' 03" West 292.50 for the beginning of a curve to the right;
3) In a westerly direction 31.42 feet along the arc of said curve to the right, having a radius of 20.00 feet and through a central angle of 90° 00' 00";
4) North 52° 06' 57" West 21.00 feet for the beginning of a curve to the left;

Thence crossing through said New Parcel A for the following thirteen (13) courses:

1) In a westerly direction with said curve turning to the left an arc length of 222.80 feet, having a radius of 278.50 feet and through a central angle of 45° 50' 12";
2) South 82° 02' 51" West 188.45 feet for the beginning of a curve to the right;
3) In a westerly direction 217.20 feet along the arc of said curve to the right, having a radius of 271.50 feet and through a central angle of 45° 50' 12";
4) North 52° 06' 57" West 351.10 feet for the beginning of a curve to the right;
5) In a northerly direction 19.41 feet along the arc of said curve to the right, having a radius of 25.00 feet and through a central angle of 44° 29' 36" for the point of reverse curvature;
6) In a northerly direction 77.66 feet along the arc of said reverse curve turning to the left, having a radius of 50.00 feet and through a central angle of 88° 59' 11" for the point of reverse curvature;
7) In a northerly direction 19.41 feet along the arc of said reverse curve turning to the right, having a radius of 25.00 feet and through a central angle of 44° 29' 36";
8) North 52° 06' 57" West 130.44 feet;
9) North 37° 53' 03" East 687.00 feet;

10) South 52° 06' 57" East 10.21 feet for the beginning of a curve to the left;
11) In a southeasterly direction 43.68 feet along the arc of said curve to the left, having a radius of 200.00 feet and through a central angle of 12° 30' 44" for the point of reverse curvature;
12) In a southeasterly direction 43.68 feet along the arc of said reverse curve turning to the right, having a radius of 200.00 feet and through a central angle of 12° 30' 44";
13) South 52° 06' 57" East 97.81 feet to an ell corner of said New Parcel A, same corner being the northwestern terminus of a course labeled North 52° 06' 57" West – 876.82 feet

Thence along the east line of New Parcel A South 52° 06' 57" East 876.82 feet to the **Point of Beginning.**

Containing a land area of 707,960 square feet (16.25 acres), more or less.

FOR THE RESIDENTIAL DEVELOPMENT PROJECT COMMONLY KNOWN AS PHASE 2 OF THE TRACY HILLS SPECIFIC PLAN:

APPROVING ACCEPTANCE OF GRANT OF ACCESS AND PUBLIC UTILITY EASEMENT AND AN OFFER OF DEDICATION FOR A RELATED WATER TANK SITE.

WHEREAS, Lennar Homes of California, LLC, is a subdivider (Developer) within the residential development project commonly known as Tracy Hills Specific Plan (Project); and

WHEREAS, on April 5, 2016, City Council certified an Environmental Impact Report and approved a General Plan Amendment and a comprehensive update to the Tracy Hills Specific Plan; and

WHEREAS, on June 18, 2019, City Council passed Ordinance 1270 and amended the Tracy Hills Specific Plan; and

WHEREAS, on May 19, 2020, City Council passed Ordinance 1286 and amended the Tracy Hills Specific Plan; and

WHEREAS, on July 21, 2020, City Council passed Ordinance 1294 and amended the Tracy Hills Specific Plan; and

WHEREAS, on November 3, 2020, an application was submitted for a Vesting Tentative Subdivision Map (VTSM) for the Phase 2 of the Project to create 1,470 single-family residential lots and various other parcels on approximately 1,143 acres located south of I-580, west of Corral Hollow Road, Application Number TSM20-0003; and

WHEREAS, on October 6, 2021, the Planning Commission held a duly noticed public hearing and recommended that the City Council approve the VTSM for the Tracy Hills Phase 2 Project Application Number TSM20-0003; and

WHEREAS, on October 19, 2021, pursuant to Resolution 2021-153, the City Council approved General Plan Amendment for Tracy Hills Specific Plan Area GPA 21-0001 and pursuant to Resolution 2021-154, the City Council approved the VTSM; and

WHEREAS, the -VTSM is subject to certain Conditions of Approval as shown on Attachment A describe, among other things, improvements that are required for approval of a

Final Subdivision Map pursuant to the Subdivision Map Act, the Subdivision Ordinance, and applicable City Standards; and

WHEREAS, staff recommends that the City Council approve the proposed Final Subdivision Maps for Tracts 4132, 4133, 4134, 4135, 4136, 4137, and 4138, as shown on Attachment B-1 through Attachment B-7; and

WHEREAS, since the required improvements set forth in the COAs will not be completed prior to the recordation of the Final Maps, the Developer is required to execute the legally binding agreements guaranteeing the completion of the improvements, as authorized by Government Code Section 66462; and

WHEREAS, the Developer has guaranteed the construction of all public facilities necessary to serve the subdivision or mitigate any impacts created by the subdivision and has submitted the required security to guarantee completion of the required facilities through legally binding Subdivision Improvement Agreements (SIAs), Conditional Subdivision Improvement Agreements (CSIAs), Offsite Improvement Agreements (OIAs), and Conditional Offsite Improvement Agreements (COIAs); and

WHEREAS, staff recommends that the City Council approve concurrently with approval of the final maps the proposed seven - (SIAs) for Tracts 4132, 4133, 4134, 4135, 4136, 4137, and 4138; and

WHEREAS, the proposed SIAs are for the construction of streets, sidewalks curbs, gutters, sewers, water, sewer, and storm drain mains, landscaping, underground utilities, traffic signs, street signs, and other subdivision improvements; and

WHEREAS, the Developer has executed those SIAs, shown in Attachments C-1 through C-7, and has submitted the required security to guarantee completion of the required improvements; and

WHEREAS, staff recommends that the City Council approve the proposed CSIAs for the 2nd park, 3rd park, and 4th park located on Lots G, Q, and P, respectively, on the VTSM; and

WHEREAS, when completed, the parks will provide recreation areas for the neighborhoods; and

WHEREAS, the Developer has executed those CSIAs, shown in Attachments D-2 through D-4, and has submitted the required security to guarantee completion of the required improvements; and

WHEREAS, staff recommends that the City Council approve the proposed OIAs to address the four offsite improvement obligations; and

WHEREAS, the first proposed OIA is related to the Developer's obligation, under the COAs, to construct public roadway improvements to Corral Hollow Road, generally extending from I-580 to southern city limits; and

WHEREAS, the Developer has executed that OIA, shown in Attachment E-1, and has submitted the required security to guarantee completion of the required improvements; and

WHEREAS, the second proposed OIA is related to the Developer's obligation, under the Conditions of Approval, to for the construction of public roadway improvements to Sierra View (Lammers) Road, generally extending from Tracy Hills Drive to Corral Hollow Road; and

WHEREAS, when completed, the public roadway improvements will improve traffic flow; and

WHEREAS, the Developer has executed that OIA, shown in Attachment E-2, and has submitted the required security to guarantee completion of the required improvements; and

WHEREAS, the third proposed OIA is related to the Developer's obligation, under the Conditions of Approval, to design the public roadway improvements known as the Tracy Boulevard/Linne Road Intersection Improvements; and

WHEREAS, the Developer has executed that OIA, shown in Attachment E-3, and has submitted the required security to guarantee completion of the required improvements; and

WHEREAS, the fourth proposed OIA is related to the Developer's obligation, under the Conditions of Approval, to design the public roadway improvements knows as the Linne Road/Macarthur Drive Intersection Improvement; and

WHEREAS, the Developer has executed that OIA, shown in Attachment E-4, and has submitted the required security to guarantee completion of the required improvements; and

WHEREAS, staff recommends that the City Council approve the proposed COIAs to address the three offsite improvement obligations; and

WHEREAS, the first proposed COIA regards the Developer's obligation, under the Conditions of Approval, to construct public roadway improvements to Corral Hollow widening generally extending from the California Aqueduct to the Linne Road intersection; and

WHEREAS, the Developer has executed that COIA, shown in Attachment F-1, and has submitted the required security to guarantee completion of the required improvements; and

WHEREAS, the second proposed COIA is for the construction of public roadway and interchange improvements to Corral Hollow Road ramp terminals; and

WHEREAS, when completed, the public roadway improvements will improve traffic flow; and

WHEREAS, the Developer has executed this COIA, shown in Attachment F-2, and has submitted the required security to guarantee completion of the required improvements; and

WHEREAS, the third proposed COIA is for the construction of the zone 5 water line across Tracy Municipal Airport property; and

WHEREAS, when completed, the utility improvements will transport water to Phase 2; and

WHEREAS, the Developer has executed this COIA, shown in Attachment F-3, and has submitted the required security to guarantee completion of the required improvements; and

WHEREAS, the fourth proposed COIA is for the construction of sanitary sewer line in Corral Hollow Road; and

WHEREAS, the Developer has executed that COIA, shown in Attachment F-4, and has submitted the required security to guarantee completion of the required improvements; and

WHEREAS, staff recommends that the City Council approve the following proposed Irrevocable Offers of Dedication (IODs) of Fee Interest:

- The first proposed IOD is the Sierra View Drive for public right of way purposes shown in Attachment G-3; and

- The second proposed IOD is the Lammers Road for public right of way purposes shown in Attachment G-5; and

- The third proposed IOD is the Stanek Avenue for public right of way purposes shown in Attachment G-2; and

WHEREAS, when completed, the right of ways will provide vehicular ingress and egress to the community; and

WHEREAS, the fourth proposed IOD is the fifteen (15) acre community park for public park purposes shown in Attachment G-7; and

WHEREAS, when completed, the park will provide recreation area to the community; and

WHEREAS, staff recommends that the City Council approve the following proposed Irrevocable Offers of Dedication (IODs) of Easements:

- The first proposed IOD is for public utility purposes adjacent to Sierra View Drive, shown in Attachment G-4; and

- The second proposed IOD is for public utility purposes adjacent to Lammers Road, shown in Attachment G-6; and

- The third proposed IOD is for public utility purposes adjacent to Stanek Avenue, shown in Attachment G-1; and

- The fourth proposed IOD is Grant of Access and Public Utility Easement extending from the southern end of the Stanek Avenue Public Street Right of Way to the Tracy Hills Phase 2 Zone 5/6 Water Tank Site shown in Attachment G-8 and is intended to be temporary and will allow City employees to access the Water Tank Site via a temporary access road located within the easement across private property, and will permit the construction, operation, and maintenance of public water mains, until such time as the developer of future phases of the Tracy Hills Project constructs the planned public roadway overlying the easement alignment; and

WHEREAS, when completed, the public utility easements will provide utility connections and services to the community; and

WHEREAS, approval of the Final Maps will enable the Developer to sell the individual residential lots and also allow the issuance of building permits to construct the single-family residential lots within the Final Maps and other facilities associated with the Project; and

WHEREAS, there will be no impact to the General Fund associated with the proposed items because the Developer will pay for the cost of review and recordation of the Final Maps, SIAs, CSIAs, OIAs, COIAs, and IODs, and the Developer has paid the applicable engineering plan check fees which includes the cost of review of the Improvement Plans; and

WHEREAS, all public outreach for the Tracy Hills development (notifications, public hearings, etc.) was conducted for the Planning Commission and City Council hearings that were held to consider the specific plan approval, EIR, and VTSM for the overall project; and

WHEREAS, this action is consistent with the Final Environmental Impact Report (EIR) certified by the City Council on April 5, 2016, for the Tracy Hills Specific Plan, (SCH#2013102053); and

WHEREAS, concurrently with this action the City Council is adopting a separate Resolution approving and authorizing the recordation of 7 Final Subdivision Maps (Tracts 4132 through 4138), located within the Tracy Hills Specific Plan Area; 7 Subdivision Improvement Agreements and 3 Conditional Subdivision Improvement Agreements, 4 Offsite Improvement Agreements and 4 Conditional Offsite Improvement Agreements, 7 irrevocable offers of dedication of fee and easement interests; and

NOW, THEREFORE, BE IT RESOLVED: That subject to the adoption of Resolution_____ the City Council of the City of Tracy hereby approves the Grant of Access and Public Utility Easement and Offer of Dedication of a Water Tank Site attached hereto as Exhibit G-8; and be it further

FURTHER RESOLVED: That the City Council of the City of Tracy hereby authorizes the City Clerk to record the Grant of Access and Public Utility Easement with the Office of the San Joaquin County Recorder; and be it further

FURTHER RESOLVED: That the City Council hereby finds that the actions set forth herein are consistent with the Final Environmental Impact Report (EIR) certified by the City Council on April 5, 2016, for the Tracy Hills Specific Plan, (SCH#2013102053), by Resolution No. 2016-063, and therefore, pursuant to CEQA Guidelines Sections 15162, no further environmental review is necessary.

Agenda Item 1.N

RECOMMENDATION

In the matter, *Nicolaou v. City of Tracy et al*., Case No. STK-CV-UWH-2024-5436, the City Council to approve, each by separate action, the following Resolutions approving:

1. **Updated Scope Letter and Conflicts Waiver for Mayor Pro Tem Davis;**
2. **Updated Scope Letter and Conflicts Waiver for Councilmember Bedolla;**
3. **Updated Scope Letter and Conflicts Waiver for Councilmember Evans; and**
4. **New representation agreement with Levin Oldfather LLP for City Attorney Patel**

EXECUTIVE SUMMARY

On May 7, 2024, for the *Nicolaou v. City of Tracy, et al*. (Matter), Mr. Steve Nicolaou filed a "Verified Petition and Complaint for Injunctive and Declaratory Relief" against the City of Tracy, as well as Mayor Pro Tem Davis, Councilmember Bedolla, Councilmember Evans, and City Attorney Patel in their official and individual capacities. The proposed resolutions 1-3 will approve the engagement letters with updated scopes and conflict waivers for Mayor Pro Tem Davis, and Councilmembers Bedolla and Evans in their official and individual capacities for the Matter with Atkinson, Andelson, Loya, Ruud & Romo, the firm that will also be representing the City in the same matter. Proposed Resolution 4 will approve City Attorney Patel's representation agreement with Levin Oldfather LLP, to represent City Attorney Patel in her official and individual capacity in this same Matter.

BACKGROUND AND LEGISLATIVE HISTORY

On May 7, 2024, Mr. Steve Nicolaou filed a "Verified Petition and Complaint for Injunctive and Declaratory Relief" against the City of Tracy, as well as Mayor Pro Tem Davis, Councilmember Bedolla, Councilmember Evans, and City Attorney Patel in their official and individual capacities. Mr. Nicolaou brought six causes of action: 1) Writ of Mandate; 2) Waste of Public Funds/Illegal Expenditure of Public Funds; 3) Breach of Fiduciary Duty and Violation of Public Trust; 4) Brown Act Violation – Decision on Compensation; 5) Brown Act Violation – Disclosure of Confidential Information; and 6) Declaratory Relief. As of the date of this staff report, the individual defendants have still not been served. Only the City has been served. California Rules of Court require that Mr. Nicolaou serve all defendants he names after he files his petition.

The City has an existing Legal Services Engagement Letter with Atkinson, Andelson, Loya, Ruud & Romo. Per the terms in that Letter, each new matter requires a new scope letter. The Engagement Letter and the New Scope Letter for this litigation are attached here as Attachment 1.

ANALYSIS

California Government Code, § 995 requires the City to, upon request by the employee or official, defend and indemnify said employee or official in any civil action. The civil action must be due to an act or omission within the scope of the employee's or official's duties to the City.

Mayor Pro Tem Davis, Councilmember Bedolla, and Councilmember Evans have requested to be represented by Atkinson Andelson Loya Ruud & Romo, the same firm that the City is represented by in this Matter. The signed Conflict Waiver is attached to this report as Attachment 2.

City Attorney Patel has also requested legal representation in this Matter. The City proposes that City Attorney Patel be represented by the law firm Levin Oldfather, LLP. The proposed legal representation agreement is attached to this report as Attachment 3.

FISCAL IMPACT

Representation for the City and the three Councilmembers will be billed by Atkinson Andelson Loya Ruud & Romo at an hourly rate of $375 and below, depending on staffing.

Representation for City Attorney Patel will be billed by Levin Oldfather, LLP at an hourly rate of $450.

ACTION REQUESTED OF THE CITY COUNCIL

In the matter, *Nicolaou v. City of Tracy et al*., Case No. STK-CV-UWH-2024-5436, the City Council to approve, each by separate action, the following Resolutions approving:

1. Updated Scope Letter and Conflicts Waiver for Mayor Pro Tem Davis;
2. Updated Scope Letter and Conflicts Waiver for Councilmember Bedolla;
3. Updated Scope Letter and Conflicts Waiver for Councilmember Evans; and
4. New Representation Agreement with Levin Oldfather LLP for City Attorney Patel

Prepared by: Special Counsel Jenica D. Maldonado, Atkinson, Andelson , Loya, Rudd & Romo Professional Law Corporation

ATTORNEY-CLIENT FEE AGREEMENT

ATKINSON, ANDELSON, LOYA, RUUD & ROMO, a Professional Law Corporation ("Attorney") and the City of Tracy, a municipal corporation ("Client"), hereby agree that Attorney will provide legal services to Client on the terms set forth below.

1. CONDITIONS

This Agreement will not take effect, and Attorney will have no obligation to provide legal services, until: (a) Client returns a signed copy of this Agreement; and (b) Attorney acknowledges acceptance of representation by counter-signing this Agreement and returning a fully executed copy to Client. Upon satisfaction of these conditions, this Agreement will be deemed to take effect retroactively to July 1, 2023.

2. SCOPE OF SERVICES AND ATTORNEY'S DUTIES

Client hires Attorney to provide legal services in the matters identified in each Scope of Services attached to and made a part of this Agreement, as Attachment A-1 and Attachment A-2. Attorney understands that a new Scope of Services will be added to affiliate with this Agreement for each matter identified by Client. Attorney may work only on Client matters once a relevant Scope of Services has been approved by Client and, upon approval, each such Scope of Services shall become a part of this Agreement. Attorney will provide legal services reasonably required to represent Client on each Scope of Service and take reasonable steps to keep Client informed of progress and to respond to Client's inquiries.

3. CLIENT'S DUTIES

Client agrees to be truthful with Attorney and not to withhold information, to cooperate, to keep Attorney informed of any information or developments which may come to Client's attention, to abide by this Agreement, to pay Attorney's bills on time, and to keep Attorney advised of Client's address, telephone number and whereabouts. Client will assist Attorney by timely providing necessary information and documents.

4. DEPOSIT

Attorney agrees that Client shall not pay an initial deposit.

5. LEGAL FEES AND BILLING PRACTICES

Client agrees to pay by the hour at Attorney's rates as set forth below for all time spent on Client's matter by Attorney and Attorney's legal personnel. Current hourly rates for legal personnel are as set forth in Attachment B. The rates on this schedule are subject to change annually, upon written notice to Client. If Client declines to pay increased rates, Attorney will have the right to withdraw as attorney for Client if permitted under the Rules of Professional Conduct of the State Bar of California and/or applicable law.

The time charged will include, but is not limited to, the time Attorney spends on telephone calls, e-mails and other electronic communications relating to Client's matter, including calls and e-mails with Client and other parties and attorneys. The legal personnel assigned to Client's matter may confer among themselves about the matter, as required and appropriate. When they do confer, each person will charge for the time expended, as long as the work done is reasonably necessary and not duplicative. Likewise, if more than one of the legal personnel attends a meeting or other proceeding, each will charge for the time spent. Time is billed in minimum increments of one-tenth (.1) of an hour. Attorney will charge for waiting time and for travel time, both local and out of town.

Bills shall reflect the appropriate Scope of Services and track the outstanding budget for each such Scope of Services.

6. COSTS AND OTHER CHARGES

Attorney will incur various costs and expenses in performing legal services under this Agreement. Client agrees to pay for all costs, disbursements and expenses in addition to the hourly fees. The costs and expenses commonly include notary fees, long distance telephone charges, messenger and other delivery fees, postage, outside photocopying and other reproduction costs, travel costs including parking, mileage, transportation, meals and hotel costs, investigation expenses, translator/interpreter fees, consultants' fees and/or special master fees and other similar items. The foregoing external costs and expenses will be charged at Attorney's cost. Internal charges are billed at the following rates: (1) mileage – IRS Standard Mileage Rate; (2) in-house printing and photocopying .20 cents per page; (3) postage at costs; and (4) computerized legal research at cost.

(a) Out-of-town travel. Client agrees to pay transportation, time spent traveling, meals, lodging and all other costs of any necessary out-of-town travel by Attorney and Attorney's personnel, subject to prior approval of Client.

(b) Experts, Consultants and Investigators. To aid in the preparation or presentation of Client's case, it may become necessary to hire expert witnesses, consultants or investigators. Client agrees to pay such fees and charges. Attorney will select any expert witnesses, consultants or investigators to be hired, and Client will be informed of persons chosen and their charges.

(c) Attorney shall not be obligated to advance costs on behalf of the Client; however, for purposes of convenience and in order to expedite matters, Attorney reserves the right to advance costs on behalf of Client with the Client's designee's prior approval in the event a particular cost item exceeds $2,000.00 in amount, and without the prior approval of Client in the event a particular cost item totals $2,000.00 or less.

7. CLIENT APPROVAL NECESSARY FOR SETTLEMENT

Attorney will not make any settlement or compromise of any nature of any of Client's claims without Client's prior approval. Client retains the absolute right to accept or reject any settlement.

8. DISCHARGE AND WITHDRAWAL

Client may discharge Attorney at any time. Attorney may withdraw with Client's consent or for good cause or if permitted under the Rules of Professional Conduct of the State Bar of California and/or applicable law. Among the circumstances under which Attorney may withdraw are: (a) with the consent of Client; (b) Client's conduct renders it unreasonably difficult for the Attorney to carry out the employment effectively; and/or (c) Client fails to pay Attorney's fees or costs as required by this Agreement. Notwithstanding the discharge, Client will remain obligated to pay Attorney at the agreed rates for all services provided and to reimburse Attorney for all costs advanced.

9. CONCLUSION OF SERVICES

When Attorney's services conclude, whether by completing the services covered by this Agreement, or by discharge or withdrawal, all unpaid charges for fees or costs will be due and payable immediately.

Client may have access to Client's case file at Attorney's office at any reasonable time. At the end of the engagement, Client may request the return of Client's case file. If Client has not requested the return of Client's file, and to the extent Attorney has not otherwise delivered it or disposed of it consistent with Client's directions, Attorney will retain the case file for a period of 5 years, after which Attorney is authorized by this agreement to have the case file destroyed. If Client would like Attorney to maintain Client's case file for more than 5 years after the conclusion of Attorney's services for Client on a given matter, a separate written agreement must be made between Attorney and Client, which agreement may provide for Client to bear the cost of maintaining the file. In the event Client requests that Attorney transfer possession of Client's case file to Client or a third party, Attorney is authorized to retain copies of the case file. The case file includes Client papers and property as defined in Rule 3-700(D)(1) of the California Rules of Professional Conduct.

10. CONFLICTS OF INTEREST

Attorney represents that it does not perceive any actual or reasonably foreseeable adverse consequences as of the Effective Date. California law and the Rules of Professional Conduct require Attorney to provide written disclosure of any actual and reasonably foreseeable adverse consequences arising from any proposed representation, and to obtain Client's informed written consent prior to any such representation.

11. DISCLAIMER OF GUARANTEE AND ESTIMATES

Nothing in this Agreement and nothing in Attorney's statements to Client will be construed as a promise or guarantee about the outcome of the matter. Attorney makes no such promises or guarantees. Attorney's comments about the outcome of the matter are expressions of opinion only, are neither promises nor guarantees, and will not be construed as promises or guarantees. Any deposits made by client or estimate of fees given by Attorney are not a representation of a flat fee and will not be a limitation on fees or a guarantee that fees and costs will not exceed the amount of the deposit or estimate. Actual fees may vary significantly from estimates given.

12. PROFESSIONAL LIABILITY INSURANCE DISCLOSURE

Pursuant to California Rule of Professional Conduct 1.4.2.(a), Attorney is informing Client in writing that we have professional liability insurance.

13. NO TAX ADVICE

Attorney has not been retained to provide Client with any tax advice concerning any of the services described in paragraph 2. Any documents prepared by Attorney may have specific tax ramifications. To be sure Client understands and is certain of all the potential tax consequences, Client should consult with tax advisors regarding these matters.

14. ENTIRE AGREEMENT

This Agreement contains the entire agreement of the parties. No other agreement, statement, or promise made on or before the effective date of this Agreement will be binding on the parties.

15. SEVERABILITY IN EVENT OF PARTIAL INVALIDITY

If any provision of this Agreement is held in whole or in part to be unenforceable for any reason, the remainder of that provision and of the entire Agreement will be severable and remain in effect.

16. MODIFICATION BY SUBSEQUENT AGREEMENT

This Agreement may be modified by subsequent agreement of the parties only by an instrument in writing signed by both of them.

17. EFFECTIVE DATE

This Agreement will govern all legal services performed by Attorney on behalf of Client commencing with the date Attorney first performed services. The date at the beginning of this Agreement is for reference only. Even if this Agreement does not take effect, Client will be obligated to pay Attorney the reasonable value of any services Attorney may have performed for Client.

THE PARTIES HAVE READ AND UNDERSTOOD THE FOREGOING TERMS AND AGREE TO THEM AS OF THE DATE ATTORNEY FIRST PROVIDED SERVICES. IF MORE THAN ONE CLIENT SIGNS BELOW, EACH AGREES TO BE LIABLE, JOINTLY AND SEVERALLY,

FOR ALL OBLIGATIONS UNDER THIS AGREEMENT. CLIENT WILL RECEIVE A FULLY EXECUTED COPY OF THIS AGREEMENT.

Re: Conflict Waiver re: *Nicolaou v. City of Tracy, et al.*
San Joaquin Superior Court, Case No. STK-CV-UWH-2024-5436

Dear Ms. Lichtwardt and Hons. Davis, Bedolla, and Davis,

This letter will confirm that Atkinson, Andelson, Loya, Ruud & Romo ("AALRR") will concurrently represent the City of Tracy ("City") and the Honorables Davis, Bedolla, and Evans ("Elected Officials", collectively with the City, "Defendants") in their individual and official capacities in connection with *Nicolaou v. City of Tracy, et al.*, San Joaquin Superior Court, Case No. STK-CV-UWH-2024-5436 ("Petition"). It is understood this concurrent representation constitutes a potential conflict of interest.

In our opinion, no actual conflict exists at this time. This is because Defendants named in the subject action currently share a commonality of interest in defending the litigation. Petitioner alleges that Defendants engaged in unlawful conduct based upon their votes concerning Council's

decision regarding the City Attorney's compensation. Based on the information available to AALRR at this time, no actual conflict of interest appears to be present.

In undertaking this concurrent representation, we cannot and will not advise the Elected Officials as to any matters upon which an actual conflict of interest develops among them or between any of the Defendants. In the event that any conflict, dispute or disagreement arises between the Elected Officials, or between any of them and the City, as to their respective rights and defenses, such that there is a significant risk that our representation of any Elected Official will be materially limited, we shall decline to represent one or more of them in any manner in connection with that dispute or disagreement.

There are various ways in which a future conflict of interest could arise. For example, if we receive conflicting instructions from any Elected Official, we will be placed in a position in which we could not follow one set of instructions without violating our professional obligations to another of the Defendants. This situation, if unresolved, could create a conflict of interest which would require us to withdraw from representation and which could require one or more of the Elected Officials to seek new legal counsel.

Additionally, in the event that any Elected Official develops inconsistent defenses or objectives, such that one wishes to pursue a defense or strategy which would adversely affect the interests of any other Defendant, a conflict would arise which could require us to withdraw as counsel for one or more of the Elected Officials. We will make every effort during the course of representation to confirm that all of the Defendants have a commonality of interest in connection with the positions asserted by AALRR. If an individual Elected Official's interests diverge from the collective interests of the remaining Elected Officials and the City during the course of representation, then further disclosure and waiver of the conflict, or withdrawal from representation, could be necessary. Should such divergence of interests occur, then all remaining Defendants would need to expressly consents to continuing a joint representation arrangement, even if we withdraw from further representation of any of the remaining clients signing below.

Each of the individual Elected Officials expressly agrees and understands that they cannot object to AALRR's continued representation of the City and that, if a conflict between the City and one or more Elected Officials arise, then AALRR reserves the right to withdraw from representation of the Elected Official(s) and continue to represent the City in connection with the above-identified Petition, and that no Elected Official's individual consent is required for AALRR to continue with its representation of the City.

The Elected Officials may have indemnification rights against the City and/or against one another. By this letter, given our predominant duty of loyalty to the City in this matter, we cannot and will not advise any Elected Official with respect to any potential indemnification claim against the City and would direct each Elected Official to consult with separate legal counsel should the need arise.

We advise that there is no right to assert the attorney-client privilege as to communications we receive from any Elected Official in connection with the joint representation. Each Elected Official expressly consents to our communication to any Defendant of information received by AALRR from any other Defendant. Each Elected Official further acknowledges that, assuming the information learned from any Defendant is significant, that AALRR may have an ethical duty to disclose that information to some or all of the remaining Defendants. In the event that any Elected Official ceases to be our client for any reason during the course of our representation, each Elected Official understands and agree that, on behalf of the City, we shall be free to continue to use any confidences received from such former clients, including if necessary, uses that may be directly adverse to such former clients.

By executing this letter where indicated below, all Defendants confirm that they have been fully informed as to the nature of the potential conflicts that may arise as a result of this concurrent representation; that AALRR has provided each Defendant has been provided a reasonable opportunity to seek the advice of independent counsel of its/their choice regarding these potential conflicts and waiver thereof; and each Defendant understands that a conflict may arise in the future that may require an additional disclosure and waiver, or, alternatively, withdrawal by this firm of representation of one or more Defendants. Each Defendant confirms that they will take the opportunity to retain independent counsel in the event they have any reservations regarding this concurrent representation, the issues arising from this representation, and/or the waiver of the potential conflict of interest.

Assuming the foregoing accurately reflects each Defendant's consent and agreement, please execute and return to me the waiver form appended hereto. Of course, if any of you has any questions or comments, please contact me. We look forward to working with you in connection with this matter.

Very truly yours,

ATKINSON, ANDELSON, LOYA, RUUD & ROMO

Jenica D. Maldonado

Waiver of Conflict – City of Tracy

I, Midori Lichtwardt, City Manager of Tracy, on behalf of the City of Tracy hereby acknowledge that I have carefully read the foregoing letter, informing me that the City's interests may potentially be in conflict with those of the Honorables Eleassia Davis, Matteo Bedolla, and Dan Evans in connection with the Firm's representation of the City in the above referenced matter. I expressly acknowledge that the concurrent representation by the Firm of the City's interests and those of the concurrent parties (Davis, Bedolla, and Evans) constitutes the representation of potentially conflicting interests, to the extent that my interests and those of the concurrent parties are potentially adverse. Nevertheless, I knowingly and voluntarily consent to such concurrent representation by the Firm on behalf of the City and I am authorized to do so.

I further expressly acknowledge that I have been advised that the City has the right to seek independent legal counsel in connection with the advisability of waiving said conflict, and that the City has had a reasonable opportunity to do so.

Dated: Jun 27, 2024

Midori Lichtwardt

Midori Lichtwardt, City Manager, City of Tracy

Waiver of Conflict – Hon. Eleassia Davis

I, the Honorable Eleassia Davis, hereby acknowledge that I have carefully read the foregoing letter, informing me that my interests may potentially be in conflict with the City of Tracy, Hon. Matteo Bedolla, and Hon. Dan Evans in connection with the Firm's representation of my interests and those of concurrent parties in connection with the above referenced matter. I expressly acknowledge that the concurrent representation by the Firm of my interests and those of the concurrent parties constitutes the representation of potentially conflicting interests, to the extent that my interests and those of the concurrent parities are potentially adverse. Nevertheless, I knowingly and voluntarily consent to such concurrent representation by the Firm.

I further expressly acknowledge that I have been advised that I have the right to seek independent legal counsel in connection with the advisability of waiving said conflict, and that I have had a reasonable opportunity to do so.

Re: Engagement Letter

Dear City Manager Lichtwardt and City Attorney Patel,

The letter below details the professional relationship of Levin Oldfather LLP ("the Firm"), Bijal Patel ("the Client"), and the City of Tracy ("the City"). The City has requested that the Firm represent the Client in her individual and official capacity pursuant to Government Code section 995 in the pending lawsuit *Nicolaou v. City of Tracy, et al.*, STK-CV-UWH-2024-5436, San Joaquin Superior Court. This engagement letter controls and supersedes any prior discussion.

I. Conditions

This Agreement will not take effect, and Firm will have no obligation to provide legal services until: (a) City and Client have returned signed copies of this Agreement; and (b) Firm acknowledges acceptance of representation by counter-signing this Agreement and returning a fully executed copy to Client. Upon satisfaction of these conditions, this Agreement will be deemed to take effect retroactively from June 26, 2024.

II. Scope of Services

The Firm will provide all legal services reasonably necessary for the representation described above, including motion practice, discovery, trial, and any appeal. If the City or Client requests additional services, this letter applies to such additional services unless superseded by another written agreement. City and the Firm agree that the scope of services may be modified or expanded by email and that written City approval is required.

III. Client's Duties

Client agrees to be truthful with Firm, to not withhold information, to cooperate, to keep Firm informed of any information or developments which may come to Client's attention, to abide by this Agreement, and to keep Firm advised of Client's address, telephone number and whereabouts. Client will assist Firm by timely providing necessary information and documents.

IV. Legal Fees and Billing Practices

Hourly Fee: Fees are based on the time spent by the Firm on Client's behalf. The Firm's fees are calculated by multiplying the hourly rate by the number of hours incurred, measured in tenths of an hour. The normal billing rate is $650 an hour, reduced to $450 for public entity and public employees. In this matter, the billing rate is $450 an hour, billed in .1 increments (six minutes

increments). Partner Newton Oldfather ("Attorney") is the authorized attorney biller on this matter, at the billing rate reflected. Firm reserves the right to increase rates annually, upon written notice to City. If City declines to pay increased rates, Firm will have the right to withdraw as attorney for Client if permitted under the Rules of Professional Conduct of the State Bar of California and/or applicable law.

The time charged will include, but is not limited to, the time Attorney spends on telephone calls, e-mails and other electronic communications relating to the Client's matter, including calls and e-mails with Client and other parties and attorneys.

Bills shall reflect the appropriate scope of services and track the outstanding budget for this engagement.

The City has agreed to accept full responsibility for the Firm's fees and expenses in this engagement. Payment of monthly statements are due within 30 days of receipt. If payment is not received within 30 days, the Firm reserves the right to assess the City with a late surcharge equal to one- and one-half percent per week of all fees that are past due.

V. Costs and Other Charges

Firm will incur various costs and expenses in performing legal services under this Agreement. City agrees to pay for all costs, disbursements and expenses in addition to the hourly fees. The costs and expenses commonly include notary fees, messenger and other delivery fees, postage, outside photocopying and other reproduction costs, travel costs including parking, mileage, transportation, meals and hotel costs, investigation expenses, translator/interpreter fees, consultants' fees and/or special master fees and similar items. The foregoing external costs and expenses will be charged at Firm's cost. Internal charges are billed at the following rates: (1) mileage – IRS standard mileage rate; (2) in-house printing and photocopying .20 cents per page; (3) postage at costs; and (4) computerized legal research at cost.

(a) Out of town travel. City agrees to pay transportation, time spent traveling, meals, lodging and all other costs of any necessary out-of-town travel by Attorney, subject to prior approval of City.

(b) Experts, consultants, investigators. To aid in the preparation or presentation of Client's case, it may be necessary to hire expert witnesses, consultants, or investigators. City agrees to pay such fees and charges. Attorney will propose any expert witnesses, consultants, and investigators to be hired to City for City's approval.

(c) Attorney shall not be obligated to advance costs on behalf of Client; however, for purposes of convenience and in order to expedite matters, Attorney reserves the right to advance costs on behalf of Client with City's approval in the event a particular cost item exceeds $2,000.00 in amount, and without the prior approval of City in the event a particular cost item totals $2,000.00 or less.

VI. Approval of Settlement and Cooperation

The City finances the cost of this legal defense pursuant to its obligation under Government Code section 995, which creates an obligation to defend a public employee upon request of an employee, in their official or individual capacity or both, on account of an act or omission in the scope of their employment as an employee of a public entity. Government Code section 825(a) provides that if an employee of a public entity requests defense against a claim or action for an injury arising out of an act or omission occurring within the scope of employment and has made a timely written request for representation, and the employee reasonably cooperates in good faith

in the defense of the claim or action, then the public entity shall pay any judgment based thereon or any compromise or settlement of the claim or action to which the public entity has agreed.

The Firm has authority to enter a settlement or compromise if so directed by the City, even absent Client's consent, provided such settlement and compromise does not require any financial contribution by Client personally or compel specific action by Client.

If the City determines that Client has ceased to reasonably cooperate in good faith in the defense of this litigation, then City may, in its own discretion, terminate this Agreement by written notice to Firm. The City is not liable for any legal fees incurred after the date of such notice.

VII. Discharge and Withdrawal

The City may terminate services at any time. The City agrees to give prompt written notice of the termination to the Firm and to Client. Upon termination, the City will remain obligated to pay for all services rendered and costs or expenses incurred on the Client's behalf before the termination, or which are reasonably necessary thereafter.

The Firm may withdraw from this representation at any time, except to the extent limited by applicable law or rules of professional conduct. If the Firm withdraws, then the City and Client will take all steps necessary to free the Firm of any obligation to perform further services, including the execution of any documents necessary to complete such withdrawal. The Firm's representation will be considered terminated at the earliest of the City's termination of the representation, the Firm's withdrawal, the substantial completion of the Firm's work (as may be evidenced by a final bill), or a substantial period of inactivity not caused by negligence.

VIII. Professional Liability Insurance

Pursuant to California Rule of Professional Conduct 1.4.2.(a), Attorney is informing Client inwriting that the Firm has professional liability insurance.

IX. No Tax Advice

The Firm has not been retained to provide Client with any tax advice concerning any of the services described herein. Any documents prepared by Attorney may have specific tax ramifications. To be sure Client and City understands and is certain of all the potential consequences, Client and/or City should consult with tax advisors regarding this litigation matter.

X. No Assurances of Successful Outcome

There are no warranties or representations concerning the successful conclusion or resolution of this matter. You acknowledge that any professional opinions offered by the Firm do not constitute warranties, representations, or binding assurances as to the matters reflected in such opinions.

XI. Conclusion of Services

When Attorney's services conclude, whether by completing the services covered by this Agreement, or by discharge or withdrawal, all unpaid charges for fees or costs will be due and payable immediately.

Client may have access to Client's case file at Attorney's office at any reasonable time. At the end of the engagement, Client may request the return of Client's case file. If Client has not requested the return of Client's file, and to the extent Attorney has not otherwise delivered it or disposed of it consistent with Client's directions, Attorney will retain the case file for a period of 5 years, after which Attorney is authorized by this agreement to have the case file destroyed. If Client would like Attorney to maintain Client's case file for more than 5 years after the conclusion of Attorney's services for Client on a given matter, a separate written agreement must be made between Attorney and Client, which agreement may provide for Client to bear the cost of maintaining the file. In the event Client requests that Attorney transfer possession of Client's case file to Client or a third party, Attorney is authorized to retain copies of the case file. The case file includes Client papers and property as defined in Rule 3-700(D)(1) of the California Rules of Professional Conduct.

XII. Conflicts of Interest

Attorney represents that it does not perceive any actual or reasonably foreseeable adverse consequences as of the Effective Date. California law and the Rules of Professional Conduct require Attorney to provide written disclosure of any actual and reasonably foreseeable adverse consequences arising from any proposed representation, and to obtain Client's informed written consent prior to any such representation.

XIII. Entire Agreement and Severability

This Agreement contains the entire agreement of the parties. No other agreement, statement, or promise made on or before the effective date of this Agreement will be binding on the parties. If any provision of this Agreement is held in whole or in part to be unenforceable for any reason, the remainder of that provision and of the entire Agreement will be severable and remain in effect.

XIV. Modification By Subsequent Agreement

This Agreement may be modified by subsequent agreement of the parties only by an instrument in writing signed by both of them.

XV. Effective Date

This Agreement will govern all legal services performed by Attorney on behalf of Client commencing with the date Attorney first performed services ("Effective Date"). The date at the beginning of this Agreement is for reference only. Even if this Agreement does not take effect, City will be obligated to pay Attorney the reasonable value of any services Attorney may have performed for Client.

XVI. Approval and Return of Letter

If this letter meets with your approval, please sign and return the attached approval of engagements. If you have any questions, please do not hesitate to call.

I look forward to working with you.

Sincerely,

NEWTON OLDFATHER

Approval of Engagement

I have read the enclosed letter and agree to its terms, effective as of the date on which Levin Oldfather first provided services to me.

RESOLUTION NO. _____

APPROVING UPDATED SCOPE LETTER AND CONFLICTS WAIVER FOR MAYOR PRO TEM DAVIS IN NICOLAOU V. CITY OF TRACY ET AL., CASE NO. STK-CV-UWH-2024-5436

WHEREAS, on May 7, 2024, Mr. Steve Nicolaou filed his "Verified Petition and Complaint for Injunctive and Declaratory Relief" against the City of Tracy, as well as individually named defendants Mayor Pro Tem Davis, Councilmember Bedolla, Councilmember Evans, and City Attorney Patel in their official and individual capacities; and

WHEREAS, the individually named Defendants have not yet been served, although the City has been served; and

WHEREAS, Mr. Nicolaou brought six causes of action: 1) Writ of Mandate; 2) Waste of Public Funds/Illegal Expenditure of Public Funds; 3) Breach of Fiduciary Duty and Violation of Public Trust; 4) Brown Act Violation – Decision on Compensation; 5) Brown Act Violation – Disclosure of Confidential Information; and 6) Declaratory Relief; and

WHEREAS, California Government Code, § 995 requires the City to, upon request by the employee or official, defend and indemnify said employee or official in any civil action brought due to an act or omission within the scope of the employee's or official's duties to the City;

WHEREAS, Mayor Pro Tem Davis has requested legal representation in this Matter; and

NOW, THEREFORE, BE IT RESOLVED, that the City Council of the City of Tracy hereby approves the attached Engagement Letter with New Scope and Conflicts Waiver to provide legal representation to Mayor Pro Tem Davis in her official and individual capacity, in *Nicolaou V. City Of Tracy et al.*, Case No. STK-CV-UWH-2024-5436.

ATTORNEY-CLIENT FEE AGREEMENT

ATKINSON, ANDELSON, LOYA, RUUD & ROMO, a Professional Law Corporation ("Attorney") and the City of Tracy, a municipal corporation ("Client"), hereby agree that Attorney will provide legal services to Client on the terms set forth below.

1. CONDITIONS

This Agreement will not take effect, and Attorney will have no obligation to provide legal services, until: (a) Client returns a signed copy of this Agreement; and (b) Attorney acknowledges acceptance of representation by counter-signing this Agreement and returning a fully executed copy to Client. Upon satisfaction of these conditions, this Agreement will be deemed to take effect retroactively to July 1, 2023.

2. SCOPE OF SERVICES AND ATTORNEY'S DUTIES

Client hires Attorney to provide legal services in the matters identified in each Scope of Services attached to and made a part of this Agreement, as Attachment A-1 and Attachment A-2. Attorney understands that a new Scope of Services will be added to affiliate with this Agreement for each matter identified by Client. Attorney may work only on Client matters once a relevant Scope of Services has been approved by Client and, upon approval, each such Scope of Services shall become a part of this Agreement. Attorney will provide legal services reasonably required to represent Client on each Scope of Service and take reasonable steps to keep Client informed of progress and to respond to Client's inquiries.

3. CLIENT'S DUTIES

Client agrees to be truthful with Attorney and not to withhold information, to cooperate, to keep Attorney informed of any information or developments which may come to Client's attention, to abide by this Agreement, to pay Attorney's bills on time, and to keep Attorney advised of Client's address, telephone number and whereabouts. Client will assist Attorney by timely providing necessary information and documents.

4. DEPOSIT

Attorney agrees that Client shall not pay an initial deposit.

5. LEGAL FEES AND BILLING PRACTICES

Client agrees to pay by the hour at Attorney's rates as set forth below for all time spent on Client's matter by Attorney and Attorney's legal personnel. Current hourly rates for legal personnel are as set forth in Attachment B. The rates on this schedule are subject to change annually, upon written notice to Client. If Client declines to pay increased rates, Attorney will have the right to withdraw as attorney for Client if permitted under the Rules of Professional Conduct of the State Bar of California and/or applicable law.

The time charged will include, but is not limited to, the time Attorney spends on telephone calls, e-mails and other electronic communications relating to Client's matter, including calls and e-mails with Client and other parties and attorneys. The legal personnel assigned to Client's matter may confer among themselves about the matter, as required and appropriate. When they do confer, each person will charge for the time expended, as long as the work done is reasonably necessary and not duplicative. Likewise, if more than one of the legal personnel attends a meeting or other proceeding, each will charge for the time spent. Time is billed in minimum increments of one-tenth (.1) of an hour. Attorney will charge for waiting time and for travel time, both local and out of town.

Bills shall reflect the appropriate Scope of Services and track the outstanding budget for each such Scope of Services.

6. COSTS AND OTHER CHARGES

Attorney will incur various costs and expenses in performing legal services under this Agreement. Client agrees to pay for all costs, disbursements and expenses in addition to the hourly fees. The costs and expenses commonly include notary fees, long distance telephone charges, messenger and other delivery fees, postage, outside photocopying and other reproduction costs, travel costs including parking, mileage, transportation, meals and hotel costs, investigation expenses, translator/interpreter fees, consultants' fees and/or special master fees and other similar items. The foregoing external costs and expenses will be charged at Attorney's cost. Internal charges are billed at the following rates: (1) mileage – IRS Standard Mileage Rate; (2) in-house printing and photocopying .20 cents per page; (3) postage at costs; and (4) computerized legal research at cost.

(a) Out-of-town travel. Client agrees to pay transportation, time spent traveling, meals, lodging and all other costs of any necessary out-of-town travel by Attorney and Attorney's personnel, subject to prior approval of Client.

(b) Experts, Consultants and Investigators. To aid in the preparation or presentation of Client's case, it may become necessary to hire expert witnesses, consultants or investigators. Client agrees to pay such fees and charges. Attorney will select any expert witnesses, consultants or investigators to be hired, and Client will be informed of persons chosen and their charges.

(c) Attorney shall not be obligated to advance costs on behalf of the Client; however, for purposes of convenience and in order to expedite matters, Attorney reserves the right to advance costs on behalf of Client with the Client's designee's prior approval in the event a particular cost item exceeds $2,000.00 in amount, and without the prior approval of Client in the event a particular cost item totals $2,000.00 or less.

7. CLIENT APPROVAL NECESSARY FOR SETTLEMENT

Attorney will not make any settlement or compromise of any nature of any of Client's claims without Client's prior approval. Client retains the absolute right to accept or reject any settlement.

8. DISCHARGE AND WITHDRAWAL

Client may discharge Attorney at any time. Attorney may withdraw with Client's consent or for good cause or if permitted under the Rules of Professional Conduct of the State Bar of California and/or applicable law. Among the circumstances under which Attorney may withdraw are: (a) with the consent of Client; (b) Client's conduct renders it unreasonably difficult for the Attorney to carry out the employment effectively; and/or (c) Client fails to pay Attorney's fees or costs as required by this Agreement. Notwithstanding the discharge, Client will remain obligated to pay Attorney at the agreed rates for all services provided and to reimburse Attorney for all costs advanced.

9. CONCLUSION OF SERVICES

When Attorney's services conclude, whether by completing the services covered by this Agreement, or by discharge or withdrawal, all unpaid charges for fees or costs will be due and payable immediately.

Client may have access to Client's case file at Attorney's office at any reasonable time. At the end of the engagement, Client may request the return of Client's case file. If Client has not requested the return of Client's file, and to the extent Attorney has not otherwise delivered it or disposed of it consistent with Client's directions, Attorney will retain the case file for a period of 5 years, after which Attorney is authorized by this agreement to have the case file destroyed. If Client would like Attorney to maintain Client's case file for more than 5 years after the conclusion of Attorney's services for Client on a given matter, a separate written agreement must be made between Attorney and Client, which agreement may provide for Client to bear the cost of maintaining the file. In the event Client requests that Attorney transfer possession of Client's case file to Client or a third party, Attorney is authorized to retain copies of the case file. The case file includes Client papers and property as defined in Rule 3-700(D)(1) of the California Rules of Professional Conduct.

10. CONFLICTS OF INTEREST

Attorney represents that it does not perceive any actual or reasonably foreseeable adverse consequences as of the Effective Date. California law and the Rules of Professional Conduct require Attorney to provide written disclosure of any actual and reasonably foreseeable adverse consequences arising from any proposed representation, and to obtain Client's informed written consent prior to any such representation.

11. DISCLAIMER OF GUARANTEE AND ESTIMATES

Nothing in this Agreement and nothing in Attorney's statements to Client will be construed as a promise or guarantee about the outcome of the matter. Attorney makes no such promises or guarantees. Attorney's comments about the outcome of the matter are expressions of opinion only, are neither promises nor guarantees, and will not be construed as promises or guarantees. Any deposits made by client or estimate of fees given by Attorney are not a representation of a flat fee and will not be a limitation on fees or a guarantee that fees and costs will not exceed the amount of the deposit or estimate. Actual fees may vary significantly from estimates given.

12. PROFESSIONAL LIABILITY INSURANCE DISCLOSURE

Pursuant to California Rule of Professional Conduct 1.4.2.(a), Attorney is informing Client in writing that we have professional liability insurance.

13. NO TAX ADVICE

Attorney has not been retained to provide Client with any tax advice concerning any of the services described in paragraph 2. Any documents prepared by Attorney may have specific tax ramifications. To be sure Client understands and is certain of all the potential tax consequences, Client should consult with tax advisors regarding these matters.

14. ENTIRE AGREEMENT

This Agreement contains the entire agreement of the parties. No other agreement, statement, or promise made on or before the effective date of this Agreement will be binding on the parties.

15. SEVERABILITY IN EVENT OF PARTIAL INVALIDITY

If any provision of this Agreement is held in whole or in part to be unenforceable for any reason, the remainder of that provision and of the entire Agreement will be severable and remain in effect.

16. MODIFICATION BY SUBSEQUENT AGREEMENT

This Agreement may be modified by subsequent agreement of the parties only by an instrument in writing signed by both of them.

17. EFFECTIVE DATE

This Agreement will govern all legal services performed by Attorney on behalf of Client commencing with the date Attorney first performed services. The date at the beginning of this Agreement is for reference only. Even if this Agreement does not take effect, Client will be obligated to pay Attorney the reasonable value of any services Attorney may have performed for Client.

THE PARTIES HAVE READ AND UNDERSTOOD THE FOREGOING TERMS AND AGREE TO THEM AS OF THE DATE ATTORNEY FIRST PROVIDED SERVICES. IF MORE THAN ONE CLIENT SIGNS BELOW, EACH AGREES TO BE LIABLE, JOINTLY AND SEVERALLY,

FOR ALL OBLIGATIONS UNDER THIS AGREEMENT. CLIENT WILL RECEIVE A FULLY EXECUTED COPY OF THIS AGREEMENT.

Re: Conflict Waiver re: *Nicolaou v. City of Tracy, et al.*
San Joaquin Superior Court, Case No. STK-CV-UWH-2024-5436

Dear Ms. Lichtwardt and Hons. Davis, Bedolla, and Davis,

This letter will confirm that Atkinson, Andelson, Loya, Ruud & Romo ("AALRR") will concurrently represent the City of Tracy ("City") and the Honorables Davis, Bedolla, and Evans ("Elected Officials", collectively with the City, "Defendants") in their individual and official capacities in connection with *Nicolaou v. City of Tracy, et al.*, San Joaquin Superior Court, Case No. STK-CV-UWH-2024-5436 ("Petition"). It is understood this concurrent representation constitutes a potential conflict of interest.

In our opinion, no actual conflict exists at this time. This is because Defendants named in the subject action currently share a commonality of interest in defending the litigation. Petitioner alleges that Defendants engaged in unlawful conduct based upon their votes concerning Council's

decision regarding the City Attorney's compensation. Based on the information available to AALRR at this time, no actual conflict of interest appears to be present.

In undertaking this concurrent representation, we cannot and will not advise the Elected Officials as to any matters upon which an actual conflict of interest develops among them or between any of the Defendants. In the event that any conflict, dispute or disagreement arises between the Elected Officials, or between any of them and the City, as to their respective rights and defenses, such that there is a significant risk that our representation of any Elected Official will be materially limited, we shall decline to represent one or more of them in any manner in connection with that dispute or disagreement.

There are various ways in which a future conflict of interest could arise. For example, if we receive conflicting instructions from any Elected Official, we will be placed in a position in which we could not follow one set of instructions without violating our professional obligations to another of the Defendants. This situation, if unresolved, could create a conflict of interest which would require us to withdraw from representation and which could require one or more of the Elected Officials to seek new legal counsel.

Additionally, in the event that any Elected Official develops inconsistent defenses or objectives, such that one wishes to pursue a defense or strategy which would adversely affect the interests of any other Defendant, a conflict would arise which could require us to withdraw as counsel for one or more of the Elected Officials. We will make every effort during the course of representation to confirm that all of the Defendants have a commonality of interest in connection with the positions asserted by AALRR. If an individual Elected Official's interests diverge from the collective interests of the remaining Elected Officials and the City during the course of representation, then further disclosure and waiver of the conflict, or withdrawal from representation, could be necessary. Should such divergence of interests occur, then all remaining Defendants would need to expressly consents to continuing a joint representation arrangement, even if we withdraw from further representation of any of the remaining clients signing below.

Each of the individual Elected Officials expressly agrees and understands that they cannot object to AALRR's continued representation of the City and that, if a conflict between the City and one or more Elected Officials arise, then AALRR reserves the right to withdraw from representation of the Elected Official(s) and continue to represent the City in connection with the above-identified Petition, and that no Elected Official's individual consent is required for AALRR to continue with its representation of the City.

The Elected Officials may have indemnification rights against the City and/or against one another. By this letter, given our predominant duty of loyalty to the City in this matter, we cannot and will not advise any Elected Official with respect to any potential indemnification claim against the City and would direct each Elected Official to consult with separate legal counsel should the need arise.

We advise that there is no right to assert the attorney-client privilege as to communications we receive from any Elected Official in connection with the joint representation. Each Elected Official expressly consents to our communication to any Defendant of information received by AALRR from any other Defendant. Each Elected Official further acknowledges that, assuming the information learned from any Defendant is significant, that AALRR may have an ethical duty to disclose that information to some or all of the remaining Defendants. In the event that any Elected Official ceases to be our client for any reason during the course of our representation, each Elected Official understands and agree that, on behalf of the City, we shall be free to continue to use any confidences received from such former clients, including if necessary, uses that may be directly adverse to such former clients.

By executing this letter where indicated below, all Defendants confirm that they have been fully informed as to the nature of the potential conflicts that may arise as a result of this concurrent representation; that AALRR has provided each Defendant has been provided a reasonable opportunity to seek the advice of independent counsel of its/their choice regarding these potential conflicts and waiver thereof; and each Defendant understands that a conflict may arise in the future that may require an additional disclosure and waiver, or, alternatively, withdrawal by this firm of representation of one or more Defendants. Each Defendant confirms that they will take the opportunity to retain independent counsel in the event they have any reservations regarding this concurrent representation, the issues arising from this representation, and/or the waiver of the potential conflict of interest.

Assuming the foregoing accurately reflects each Defendant's consent and agreement, please execute and return to me the waiver form appended hereto. Of course, if any of you has any questions or comments, please contact me. We look forward to working with you in connection with this matter.

Very truly yours,

ATKINSON, ANDELSON, LOYA, RUUD & ROMO

Jenica D. Maldonado

Waiver of Conflict – City of Tracy

I, Midori Lichtwardt, City Manager of Tracy, on behalf of the City of Tracy hereby acknowledge that I have carefully read the foregoing letter, informing me that the City's interests may potentially be in conflict with those of the Honorables Eleassia Davis, Matteo Bedolla, and Dan Evans in connection with the Firm's representation of the City in the above referenced matter. I expressly acknowledge that the concurrent representation by the Firm of the City's interests and those of the concurrent parties (Davis, Bedolla, and Evans) constitutes the representation of potentially conflicting interests, to the extent that my interests and those of the concurrent parties are potentially adverse. Nevertheless, I knowingly and voluntarily consent to such concurrent representation by the Firm on behalf of the City and I am authorized to do so.

I further expressly acknowledge that I have been advised that the City has the right to seek independent legal counsel in connection with the advisability of waiving said conflict, and that the City has had a reasonable opportunity to do so.

Dated: Jun 27, 2024

Midori Lichtwardt

Midori Lichtwardt, City Manager, City of Tracy

Waiver of Conflict – Hon. Eleassia Davis

I, the Honorable Eleassia Davis, hereby acknowledge that I have carefully read the foregoing letter, informing me that my interests may potentially be in conflict with the City of Tracy, Hon. Matteo Bedolla, and Hon. Dan Evans in connection with the Firm's representation of my interests and those of concurrent parties in connection with the above referenced matter. I expressly acknowledge that the concurrent representation by the Firm of my interests and those of the concurrent parties constitutes the representation of potentially conflicting interests, to the extent that my interests and those of the concurrent parities are potentially adverse. Nevertheless, I knowingly and voluntarily consent to such concurrent representation by the Firm.

I further expressly acknowledge that I have been advised that I have the right to seek independent legal counsel in connection with the advisability of waiving said conflict, and that I have had a reasonable opportunity to do so.

Dated: Jun 22, 2024

RESOLUTION NO. _____

APPROVING UPDATED SCOPE LETTER AND CONFLICTS WAIVER FOR COUNCILMEMBER BEDOLLA IN NICOLAOU V. CITY OF TRACY ET AL., CASE NO. STK-CV-UWH-2024-5436

WHEREAS, on May 7, 2024, Mr. Steve Nicolaou filed his "Verified Petition and Complaint for Injunctive and Declaratory Relief" against the City of Tracy, as well as individually named defendants Mayor Pro Tem Davis, Councilmember Bedolla, Councilmember Evans, and City Attorney Patel in their official and individual capacities; and

WHEREAS, the individually named Defendants have not yet been served, although the City has been served; and

WHEREAS, Mr. Nicolaou brought six causes of action: 1) Writ of Mandate; 2) Waste of Public Funds/Illegal Expenditure of Public Funds; 3) Breach of Fiduciary Duty and Violation of Public Trust; 4) Brown Act Violation – Decision on Compensation; 5) Brown Act Violation – Disclosure of Confidential Information; and 6) Declaratory Relief; and

WHEREAS, California Government Code, § 995 requires the City to, upon request by the employee or official, defend and indemnify said employee or official in any civil action brought due to an act or omission within the scope of the employee's or official's duties to the City;

WHEREAS, Councilmember Bedolla has requested legal representation in this Matter; and

NOW, THEREFORE, BE IT RESOLVED, that the City Council of the City of Tracy hereby approves the attached Engagement Letter with New Scope and Conflicts Waiver to provide legal representation to Councilmember Bedolla in his official and individual capacity, in *Nicolaou V. City Of Tracy et al.*, Case No. STK-CV-UWH-2024-5436.

ATTORNEY-CLIENT FEE AGREEMENT

ATKINSON, ANDELSON, LOYA, RUUD & ROMO, a Professional Law Corporation ("Attorney") and the City of Tracy, a municipal corporation ("Client"), hereby agree that Attorney will provide legal services to Client on the terms set forth below.

1. CONDITIONS

This Agreement will not take effect, and Attorney will have no obligation to provide legal services, until: (a) Client returns a signed copy of this Agreement; and (b) Attorney acknowledges acceptance of representation by counter-signing this Agreement and returning a fully executed copy to Client. Upon satisfaction of these conditions, this Agreement will be deemed to take effect retroactively to July 1, 2023.

2. SCOPE OF SERVICES AND ATTORNEY'S DUTIES

Client hires Attorney to provide legal services in the matters identified in each Scope of Services attached to and made a part of this Agreement, as Attachment A-1 and Attachment A-2. Attorney understands that a new Scope of Services will be added to affiliate with this Agreement for each matter identified by Client. Attorney may work only on Client matters once a relevant Scope of Services has been approved by Client and, upon approval, each such Scope of Services shall become a part of this Agreement. Attorney will provide legal services reasonably required to represent Client on each Scope of Service and take reasonable steps to keep Client informed of progress and to respond to Client's inquiries.

3. CLIENT'S DUTIES

Client agrees to be truthful with Attorney and not to withhold information, to cooperate, to keep Attorney informed of any information or developments which may come to Client's attention, to abide by this Agreement, to pay Attorney's bills on time, and to keep Attorney advised of Client's address, telephone number and whereabouts. Client will assist Attorney by timely providing necessary information and documents.

4. DEPOSIT

Attorney agrees that Client shall not pay an initial deposit.

5. LEGAL FEES AND BILLING PRACTICES

Client agrees to pay by the hour at Attorney's rates as set forth below for all time spent on Client's matter by Attorney and Attorney's legal personnel. Current hourly rates for legal personnel are as set forth in Attachment B. The rates on this schedule are subject to change annually, upon written notice to Client. If Client declines to pay increased rates, Attorney will have the right to withdraw as attorney for Client if permitted under the Rules of Professional Conduct of the State Bar of California and/or applicable law.

The time charged will include, but is not limited to, the time Attorney spends on telephone calls, e-mails and other electronic communications relating to Client's matter, including calls and e-mails with Client and other parties and attorneys. The legal personnel assigned to Client's matter may confer among themselves about the matter, as required and appropriate. When they do confer, each person will charge for the time expended, as long as the work done is reasonably necessary and not duplicative. Likewise, if more than one of the legal personnel attends a meeting or other proceeding, each will charge for the time spent. Time is billed in minimum increments of one-tenth (.1) of an hour. Attorney will charge for waiting time and for travel time, both local and out of town.

Bills shall reflect the appropriate Scope of Services and track the outstanding budget for each such Scope of Services.

6. COSTS AND OTHER CHARGES

Attorney will incur various costs and expenses in performing legal services under this Agreement. Client agrees to pay for all costs, disbursements and expenses in addition to the hourly fees. The costs and expenses commonly include notary fees, long distance telephone charges, messenger and other delivery fees, postage, outside photocopying and other reproduction costs, travel costs including parking, mileage, transportation, meals and hotel costs, investigation expenses, translator/interpreter fees, consultants' fees and/or special master fees and other similar items. The foregoing external costs and expenses will be charged at Attorney's cost. Internal charges are billed at the following rates: (1) mileage – IRS Standard Mileage Rate; (2) in-house printing and photocopying .20 cents per page; (3) postage at costs; and (4) computerized legal research at cost.

(a) Out-of-town travel. Client agrees to pay transportation, time spent traveling, meals, lodging and all other costs of any necessary out-of-town travel by Attorney and Attorney's personnel, subject to prior approval of Client.

(b) Experts, Consultants and Investigators. To aid in the preparation or presentation of Client's case, it may become necessary to hire expert witnesses, consultants or investigators. Client agrees to pay such fees and charges. Attorney will select any expert witnesses, consultants or investigators to be hired, and Client will be informed of persons chosen and their charges.

(c) Attorney shall not be obligated to advance costs on behalf of the Client; however, for purposes of convenience and in order to expedite matters, Attorney reserves the right to advance costs on behalf of Client with the Client's designee's prior approval in the event a particular cost item exceeds $2,000.00 in amount, and without the prior approval of Client in the event a particular cost item totals $2,000.00 or less.

7. CLIENT APPROVAL NECESSARY FOR SETTLEMENT

Attorney will not make any settlement or compromise of any nature of any of Client's claims without Client's prior approval. Client retains the absolute right to accept or reject any settlement.

8. DISCHARGE AND WITHDRAWAL

Client may discharge Attorney at any time. Attorney may withdraw with Client's consent or for good cause or if permitted under the Rules of Professional Conduct of the State Bar of California and/or applicable law. Among the circumstances under which Attorney may withdraw are: (a) with the consent of Client; (b) Client's conduct renders it unreasonably difficult for the Attorney to carry out the employment effectively; and/or (c) Client fails to pay Attorney's fees or costs as required by this Agreement. Notwithstanding the discharge, Client will remain obligated to pay Attorney at the agreed rates for all services provided and to reimburse Attorney for all costs advanced.

9. CONCLUSION OF SERVICES

When Attorney's services conclude, whether by completing the services covered by this Agreement, or by discharge or withdrawal, all unpaid charges for fees or costs will be due and payable immediately.

Client may have access to Client's case file at Attorney's office at any reasonable time. At the end of the engagement, Client may request the return of Client's case file. If Client has not requested the return of Client's file, and to the extent Attorney has not otherwise delivered it or disposed of it consistent with Client's directions, Attorney will retain the case file for a period of 5 years, after which Attorney is authorized by this agreement to have the case file destroyed. If Client would like Attorney to maintain Client's case file for more than 5 years after the conclusion of Attorney's services for Client on a given matter, a separate written agreement must be made between Attorney and Client, which agreement may provide for Client to bear the cost of maintaining the file. In the event Client requests that Attorney transfer possession of Client's case file to Client or a third party, Attorney is authorized to retain copies of the case file. The case file includes Client papers and property as defined in Rule 3-700(D)(1) of the California Rules of Professional Conduct.

10. CONFLICTS OF INTEREST

Attorney represents that it does not perceive any actual or reasonably foreseeable adverse consequences as of the Effective Date. California law and the Rules of Professional Conduct require Attorney to provide written disclosure of any actual and reasonably foreseeable adverse consequences arising from any proposed representation, and to obtain Client's informed written consent prior to any such representation.

11. DISCLAIMER OF GUARANTEE AND ESTIMATES

Nothing in this Agreement and nothing in Attorney's statements to Client will be construed as a promise or guarantee about the outcome of the matter. Attorney makes no such promises or guarantees. Attorney's comments about the outcome of the matter are expressions of opinion only, are neither promises nor guarantees, and will not be construed as promises or guarantees. Any deposits made by client or estimate of fees given by Attorney are not a representation of a flat fee and will not be a limitation on fees or a guarantee that fees and costs will not exceed the amount of the deposit or estimate. Actual fees may vary significantly from estimates given.

12. PROFESSIONAL LIABILITY INSURANCE DISCLOSURE

Pursuant to California Rule of Professional Conduct 1.4.2.(a), Attorney is informing Client in writing that we have professional liability insurance.

13. NO TAX ADVICE

Attorney has not been retained to provide Client with any tax advice concerning any of the services described in paragraph 2. Any documents prepared by Attorney may have specific tax ramifications. To be sure Client understands and is certain of all the potential tax consequences, Client should consult with tax advisors regarding these matters.

14. ENTIRE AGREEMENT

This Agreement contains the entire agreement of the parties. No other agreement, statement, or promise made on or before the effective date of this Agreement will be binding on the parties.

15. SEVERABILITY IN EVENT OF PARTIAL INVALIDITY

If any provision of this Agreement is held in whole or in part to be unenforceable for any reason, the remainder of that provision and of the entire Agreement will be severable and remain in effect.

16. MODIFICATION BY SUBSEQUENT AGREEMENT

This Agreement may be modified by subsequent agreement of the parties only by an instrument in writing signed by both of them.

17. EFFECTIVE DATE

This Agreement will govern all legal services performed by Attorney on behalf of Client commencing with the date Attorney first performed services. The date at the beginning of this Agreement is for reference only. Even if this Agreement does not take effect, Client will be obligated to pay Attorney the reasonable value of any services Attorney may have performed for Client.

THE PARTIES HAVE READ AND UNDERSTOOD THE FOREGOING TERMS AND AGREE TO THEM AS OF THE DATE ATTORNEY FIRST PROVIDED SERVICES. IF MORE THAN ONE CLIENT SIGNS BELOW, EACH AGREES TO BE LIABLE, JOINTLY AND SEVERALLY,

FOR ALL OBLIGATIONS UNDER THIS AGREEMENT. CLIENT WILL RECEIVE A FULLY EXECUTED COPY OF THIS AGREEMENT.

Re: Conflict Waiver re: *Nicolaou v. City of Tracy, et al.*
San Joaquin Superior Court, Case No. STK-CV-UWH-2024-5436

Dear Ms. Lichtwardt and Hons. Davis, Bedolla, and Davis,

This letter will confirm that Atkinson, Andelson, Loya, Ruud & Romo ("AALRR") will concurrently represent the City of Tracy ("City") and the Honorables Davis, Bedolla, and Evans ("Elected Officials", collectively with the City, "Defendants") in their individual and official capacities in connection with *Nicolaou v. City of Tracy, et al.*, San Joaquin Superior Court, Case No. STK-CV-UWH-2024-5436 ("Petition"). It is understood this concurrent representation constitutes a potential conflict of interest.

In our opinion, no actual conflict exists at this time. This is because Defendants named in the subject action currently share a commonality of interest in defending the litigation. Petitioner alleges that Defendants engaged in unlawful conduct based upon their votes concerning Council's

decision regarding the City Attorney's compensation. Based on the information available to AALRR at this time, no actual conflict of interest appears to be present.

In undertaking this concurrent representation, we cannot and will not advise the Elected Officials as to any matters upon which an actual conflict of interest develops among them or between any of the Defendants. In the event that any conflict, dispute or disagreement arises between the Elected Officials, or between any of them and the City, as to their respective rights and defenses, such that there is a significant risk that our representation of any Elected Official will be materially limited, we shall decline to represent one or more of them in any manner in connection with that dispute or disagreement.

There are various ways in which a future conflict of interest could arise. For example, if we receive conflicting instructions from any Elected Official, we will be placed in a position in which we could not follow one set of instructions without violating our professional obligations to another of the Defendants. This situation, if unresolved, could create a conflict of interest which would require us to withdraw from representation and which could require one or more of the Elected Officials to seek new legal counsel.

Additionally, in the event that any Elected Official develops inconsistent defenses or objectives, such that one wishes to pursue a defense or strategy which would adversely affect the interests of any other Defendant, a conflict would arise which could require us to withdraw as counsel for one or more of the Elected Officials. We will make every effort during the course of representation to confirm that all of the Defendants have a commonality of interest in connection with the positions asserted by AALRR. If an individual Elected Official's interests diverge from the collective interests of the remaining Elected Officials and the City during the course of representation, then further disclosure and waiver of the conflict, or withdrawal from representation, could be necessary. Should such divergence of interests occur, then all remaining Defendants would need to expressly consents to continuing a joint representation arrangement, even if we withdraw from further representation of any of the remaining clients signing below.

Each of the individual Elected Officials expressly agrees and understands that they cannot object to AALRR's continued representation of the City and that, if a conflict between the City and one or more Elected Officials arise, then AALRR reserves the right to withdraw from representation of the Elected Official(s) and continue to represent the City in connection with the above-identified Petition, and that no Elected Official's individual consent is required for AALRR to continue with its representation of the City.

The Elected Officials may have indemnification rights against the City and/or against one another. By this letter, given our predominant duty of loyalty to the City in this matter, we cannot and will not advise any Elected Official with respect to any potential indemnification claim against the City and would direct each Elected Official to consult with separate legal counsel should the need arise.

We advise that there is no right to assert the attorney-client privilege as to communications we receive from any Elected Official in connection with the joint representation. Each Elected Official expressly consents to our communication to any Defendant of information received by AALRR from any other Defendant. Each Elected Official further acknowledges that, assuming the information learned from any Defendant is significant, that AALRR may have an ethical duty to disclose that information to some or all of the remaining Defendants. In the event that any Elected Official ceases to be our client for any reason during the course of our representation, each Elected Official understands and agree that, on behalf of the City, we shall be free to continue to use any confidences received from such former clients, including if necessary, uses that may be directly adverse to such former clients.

By executing this letter where indicated below, all Defendants confirm that they have been fully informed as to the nature of the potential conflicts that may arise as a result of this concurrent representation; that AALRR has provided each Defendant has been provided a reasonable opportunity to seek the advice of independent counsel of its/their choice regarding these potential conflicts and waiver thereof; and each Defendant understands that a conflict may arise in the future that may require an additional disclosure and waiver, or, alternatively, withdrawal by this firm of representation of one or more Defendants. Each Defendant confirms that they will take the opportunity to retain independent counsel in the event they have any reservations regarding this concurrent representation, the issues arising from this representation, and/or the waiver of the potential conflict of interest.

Assuming the foregoing accurately reflects each Defendant's consent and agreement, please execute and return to me the waiver form appended hereto. Of course, if any of you has any questions or comments, please contact me. We look forward to working with you in connection with this matter.

Very truly yours,

ATKINSON, ANDELSON, LOYA, RUUD & ROMO

Jenica D. Maldonado

Waiver of Conflict – City of Tracy

I, Midori Lichtwardt, City Manager of Tracy, on behalf of the City of Tracy hereby acknowledge that I have carefully read the foregoing letter, informing me that the City's interests may potentially be in conflict with those of the Honorables Eleassia Davis, Matteo Bedolla, and Dan Evans in connection with the Firm's representation of the City in the above referenced matter. I expressly acknowledge that the concurrent representation by the Firm of the City's interests and those of the concurrent parties (Davis, Bedolla, and Evans) constitutes the representation of potentially conflicting interests, to the extent that my interests and those of the concurrent parties are potentially adverse. Nevertheless, I knowingly and voluntarily consent to such concurrent representation by the Firm on behalf of the City and I am authorized to do so.

I further expressly acknowledge that I have been advised that the City has the right to seek independent legal counsel in connection with the advisability of waiving said conflict, and that the City has had a reasonable opportunity to do so.

Dated: Jun 27, 2024

Midori Lichtwardt

Midori Lichtwardt, City Manager, City of Tracy

Waiver of Conflict – Hon. Eleassia Davis

I, the Honorable Eleassia Davis, hereby acknowledge that I have carefully read the foregoing letter, informing me that my interests may potentially be in conflict with the City of Tracy, Hon. Matteo Bedolla, and Hon. Dan Evans in connection with the Firm's representation of my interests and those of concurrent parties in connection with the above referenced matter. I expressly acknowledge that the concurrent representation by the Firm of my interests and those of the concurrent parties constitutes the representation of potentially conflicting interests, to the extent that my interests and those of the concurrent parities are potentially adverse. Nevertheless, I knowingly and voluntarily consent to such concurrent representation by the Firm.

I further expressly acknowledge that I have been advised that I have the right to seek independent legal counsel in connection with the advisability of waiving said conflict, and that I have had a reasonable opportunity to do so.

Hon. Mayor Pro Tem Eleassia Davis, City of Tracy

Waiver of Conflict – Hon. Matteo Bedolla

I, Hon. Matteo Bedolla, hereby acknowledge that I have carefully read the foregoing letter, informing me that my interests may potentially be in conflict with those of the City of Tracy, Hon. Eleassia Davis, and Hon. Dan Evans in connection with the Firm's representation of my interests and those of concurrent parties in connection with the above referenced matter. I expressly acknowledge that the concurrent representation by the Firm of my interests and those of the concurrent parties constitutes the representation of potentially conflicting interests, to the extent that my interests and those of the concurrent parities are potentially adverse. Nevertheless, I knowingly and voluntarily consent to such concurrent representation by the Firm.

I further expressly acknowledge that I have been advised that I have the right to seek independent legal counsel in connection with the advisability of waiving said conflict, and that I have had a reasonable opportunity to do so.

ATTORNEY-CLIENT FEE AGREEMENT

ATKINSON, ANDELSON, LOYA, RUUD & ROMO, a Professional Law Corporation ("Attorney") and the City of Tracy, a municipal corporation ("Client"), hereby agree that Attorney will provide legal services to Client on the terms set forth below.

1. CONDITIONS

This Agreement will not take effect, and Attorney will have no obligation to provide legal services, until: (a) Client returns a signed copy of this Agreement; and (b) Attorney acknowledges acceptance of representation by counter-signing this Agreement and returning a fully executed copy to Client. Upon satisfaction of these conditions, this Agreement will be deemed to take effect retroactively to July 1, 2023.

2. SCOPE OF SERVICES AND ATTORNEY'S DUTIES

Client hires Attorney to provide legal services in the matters identified in each Scope of Services attached to and made a part of this Agreement, as Attachment A-1 and Attachment A-2. Attorney understands that a new Scope of Services will be added to affiliate with this Agreement for each matter identified by Client. Attorney may work only on Client matters once a relevant Scope of Services has been approved by Client and, upon approval, each such Scope of Services shall become a part of this Agreement. Attorney will provide legal services reasonably required to represent Client on each Scope of Service and take reasonable steps to keep Client informed of progress and to respond to Client's inquiries.

3. CLIENT'S DUTIES

Client agrees to be truthful with Attorney and not to withhold information, to cooperate, to keep Attorney informed of any information or developments which may come to Client's attention, to abide by this Agreement, to pay Attorney's bills on time, and to keep Attorney advised of Client's address, telephone number and whereabouts. Client will assist Attorney by timely providing necessary information and documents.

4. DEPOSIT

Attorney agrees that Client shall not pay an initial deposit.

5. LEGAL FEES AND BILLING PRACTICES

Client agrees to pay by the hour at Attorney's rates as set forth below for all time spent on Client's matter by Attorney and Attorney's legal personnel. Current hourly rates for legal personnel are as set forth in Attachment B. The rates on this schedule are subject to change annually, upon written notice to Client. If Client declines to pay increased rates, Attorney will have the right to withdraw as attorney for Client if permitted under the Rules of Professional Conduct of the State Bar of California and/or applicable law.

The time charged will include, but is not limited to, the time Attorney spends on telephone calls, e-mails and other electronic communications relating to Client's matter, including calls and e-mails with Client and other parties and attorneys. The legal personnel assigned to Client's matter may confer among themselves about the matter, as required and appropriate. When they do confer, each person will charge for the time expended, as long as the work done is reasonably necessary and not duplicative. Likewise, if more than one of the legal personnel attends a meeting or other proceeding, each will charge for the time spent. Time is billed in minimum increments of one-tenth (.1) of an hour. Attorney will charge for waiting time and for travel time, both local and out of town.

Bills shall reflect the appropriate Scope of Services and track the outstanding budget for each such Scope of Services.

6. COSTS AND OTHER CHARGES

Attorney will incur various costs and expenses in performing legal services under this Agreement. Client agrees to pay for all costs, disbursements and expenses in addition to the hourly fees. The costs and expenses commonly include notary fees, long distance telephone charges, messenger and other delivery fees, postage, outside photocopying and other reproduction costs, travel costs including parking, mileage, transportation, meals and hotel costs, investigation expenses, translator/interpreter fees, consultants' fees and/or special master fees and other similar items. The foregoing external costs and expenses will be charged at Attorney's cost. Internal charges are billed at the following rates: (1) mileage – IRS Standard Mileage Rate; (2) in-house printing and photocopying .20 cents per page; (3) postage at costs; and (4) computerized legal research at cost.

(a) Out-of-town travel. Client agrees to pay transportation, time spent traveling, meals, lodging and all other costs of any necessary out-of-town travel by Attorney and Attorney's personnel, subject to prior approval of Client.

(b) Experts, Consultants and Investigators. To aid in the preparation or presentation of Client's case, it may become necessary to hire expert witnesses, consultants or investigators. Client agrees to pay such fees and charges. Attorney will select any expert witnesses, consultants or investigators to be hired, and Client will be informed of persons chosen and their charges.

(c) Attorney shall not be obligated to advance costs on behalf of the Client; however, for purposes of convenience and in order to expedite matters, Attorney reserves the right to advance costs on behalf of Client with the Client's designee's prior approval in the event a particular cost item exceeds $2,000.00 in amount, and without the prior approval of Client in the event a particular cost item totals $2,000.00 or less.

7. CLIENT APPROVAL NECESSARY FOR SETTLEMENT

Attorney will not make any settlement or compromise of any nature of any of Client's claims without Client's prior approval. Client retains the absolute right to accept or reject any settlement.

8. DISCHARGE AND WITHDRAWAL

Client may discharge Attorney at any time. Attorney may withdraw with Client's consent or for good cause or if permitted under the Rules of Professional Conduct of the State Bar of California and/or applicable law. Among the circumstances under which Attorney may withdraw are: (a) with the consent of Client; (b) Client's conduct renders it unreasonably difficult for the Attorney to carry out the employment effectively; and/or (c) Client fails to pay Attorney's fees or costs as required by this Agreement. Notwithstanding the discharge, Client will remain obligated to pay Attorney at the agreed rates for all services provided and to reimburse Attorney for all costs advanced.

9. CONCLUSION OF SERVICES

When Attorney's services conclude, whether by completing the services covered by this Agreement, or by discharge or withdrawal, all unpaid charges for fees or costs will be due and payable immediately.

Client may have access to Client's case file at Attorney's office at any reasonable time. At the end of the engagement, Client may request the return of Client's case file. If Client has not requested the return of Client's file, and to the extent Attorney has not otherwise delivered it or disposed of it consistent with Client's directions, Attorney will retain the case file for a period of 5 years, after which Attorney is authorized by this agreement to have the case file destroyed. If Client would like Attorney to maintain Client's case file for more than 5 years after the conclusion of Attorney's services for Client on a given matter, a separate written agreement must be made between Attorney and Client, which agreement may provide for Client to bear the cost of maintaining the file. In the event Client requests that Attorney transfer possession of Client's case file to Client or a third party, Attorney is authorized to retain copies of the case file. The case file includes Client papers and property as defined in Rule 3-700(D)(1) of the California Rules of Professional Conduct.

10. CONFLICTS OF INTEREST

Attorney represents that it does not perceive any actual or reasonably foreseeable adverse consequences as of the Effective Date. California law and the Rules of Professional Conduct require Attorney to provide written disclosure of any actual and reasonably foreseeable adverse consequences arising from any proposed representation, and to obtain Client's informed written consent prior to any such representation.

11. DISCLAIMER OF GUARANTEE AND ESTIMATES

Nothing in this Agreement and nothing in Attorney's statements to Client will be construed as a promise or guarantee about the outcome of the matter. Attorney makes no such promises or guarantees. Attorney's comments about the outcome of the matter are expressions of opinion only, are neither promises nor guarantees, and will not be construed as promises or guarantees. Any deposits made by client or estimate of fees given by Attorney are not a representation of a flat fee and will not be a limitation on fees or a guarantee that fees and costs will not exceed the amount of the deposit or estimate. Actual fees may vary significantly from estimates given.

12. PROFESSIONAL LIABILITY INSURANCE DISCLOSURE

Pursuant to California Rule of Professional Conduct 1.4.2.(a), Attorney is informing Client in writing that we have professional liability insurance.

13. NO TAX ADVICE

Attorney has not been retained to provide Client with any tax advice concerning any of the services described in paragraph 2. Any documents prepared by Attorney may have specific tax ramifications. To be sure Client understands and is certain of all the potential tax consequences, Client should consult with tax advisors regarding these matters.

14. ENTIRE AGREEMENT

This Agreement contains the entire agreement of the parties. No other agreement, statement, or promise made on or before the effective date of this Agreement will be binding on the parties.

15. SEVERABILITY IN EVENT OF PARTIAL INVALIDITY

If any provision of this Agreement is held in whole or in part to be unenforceable for any reason, the remainder of that provision and of the entire Agreement will be severable and remain in effect.

16. MODIFICATION BY SUBSEQUENT AGREEMENT

This Agreement may be modified by subsequent agreement of the parties only by an instrument in writing signed by both of them.

17. EFFECTIVE DATE

This Agreement will govern all legal services performed by Attorney on behalf of Client commencing with the date Attorney first performed services. The date at the beginning of this Agreement is for reference only. Even if this Agreement does not take effect, Client will be obligated to pay Attorney the reasonable value of any services Attorney may have performed for Client.

THE PARTIES HAVE READ AND UNDERSTOOD THE FOREGOING TERMS AND AGREE TO THEM AS OF THE DATE ATTORNEY FIRST PROVIDED SERVICES. IF MORE THAN ONE CLIENT SIGNS BELOW, EACH AGREES TO BE LIABLE, JOINTLY AND SEVERALLY,

FOR ALL OBLIGATIONS UNDER THIS AGREEMENT. CLIENT WILL RECEIVE A FULLY EXECUTED COPY OF THIS AGREEMENT.

Re: Conflict Waiver re: *Nicolaou v. City of Tracy, et al.*
San Joaquin Superior Court, Case No. STK-CV-UWH-2024-5436

Dear Ms. Lichtwardt and Hons. Davis, Bedolla, and Davis,

This letter will confirm that Atkinson, Andelson, Loya, Ruud & Romo ("AALRR") will concurrently represent the City of Tracy ("City") and the Honorables Davis, Bedolla, and Evans ("Elected Officials", collectively with the City, "Defendants") in their individual and official capacities in connection with *Nicolaou v. City of Tracy, et al.*, San Joaquin Superior Court, Case No. STK-CV-UWH-2024-5436 ("Petition"). It is understood this concurrent representation constitutes a potential conflict of interest.

In our opinion, no actual conflict exists at this time. This is because Defendants named in the subject action currently share a commonality of interest in defending the litigation. Petitioner alleges that Defendants engaged in unlawful conduct based upon their votes concerning Council's

decision regarding the City Attorney's compensation. Based on the information available to AALRR at this time, no actual conflict of interest appears to be present.

In undertaking this concurrent representation, we cannot and will not advise the Elected Officials as to any matters upon which an actual conflict of interest develops among them or between any of the Defendants. In the event that any conflict, dispute or disagreement arises between the Elected Officials, or between any of them and the City, as to their respective rights and defenses, such that there is a significant risk that our representation of any Elected Official will be materially limited, we shall decline to represent one or more of them in any manner in connection with that dispute or disagreement.

There are various ways in which a future conflict of interest could arise. For example, if we receive conflicting instructions from any Elected Official, we will be placed in a position in which we could not follow one set of instructions without violating our professional obligations to another of the Defendants. This situation, if unresolved, could create a conflict of interest which would require us to withdraw from representation and which could require one or more of the Elected Officials to seek new legal counsel.

Additionally, in the event that any Elected Official develops inconsistent defenses or objectives, such that one wishes to pursue a defense or strategy which would adversely affect the interests of any other Defendant, a conflict would arise which could require us to withdraw as counsel for one or more of the Elected Officials. We will make every effort during the course of representation to confirm that all of the Defendants have a commonality of interest in connection with the positions asserted by AALRR. If an individual Elected Official's interests diverge from the collective interests of the remaining Elected Officials and the City during the course of representation, then further disclosure and waiver of the conflict, or withdrawal from representation, could be necessary. Should such divergence of interests occur, then all remaining Defendants would need to expressly consents to continuing a joint representation arrangement, even if we withdraw from further representation of any of the remaining clients signing below.

Each of the individual Elected Officials expressly agrees and understands that they cannot object to AALRR's continued representation of the City and that, if a conflict between the City and one or more Elected Officials arise, then AALRR reserves the right to withdraw from representation of the Elected Official(s) and continue to represent the City in connection with the above-identified Petition, and that no Elected Official's individual consent is required for AALRR to continue with its representation of the City.

The Elected Officials may have indemnification rights against the City and/or against one another. By this letter, given our predominant duty of loyalty to the City in this matter, we cannot and will not advise any Elected Official with respect to any potential indemnification claim against the City and would direct each Elected Official to consult with separate legal counsel should the need arise.

We advise that there is no right to assert the attorney-client privilege as to communications we receive from any Elected Official in connection with the joint representation. Each Elected Official expressly consents to our communication to any Defendant of information received by AALRR from any other Defendant. Each Elected Official further acknowledges that, assuming the information learned from any Defendant is significant, that AALRR may have an ethical duty to disclose that information to some or all of the remaining Defendants. In the event that any Elected Official ceases to be our client for any reason during the course of our representation, each Elected Official understands and agree that, on behalf of the City, we shall be free to continue to use any confidences received from such former clients, including if necessary, uses that may be directly adverse to such former clients.

By executing this letter where indicated below, all Defendants confirm that they have been fully informed as to the nature of the potential conflicts that may arise as a result of this concurrent representation; that AALRR has provided each Defendant has been provided a reasonable opportunity to seek the advice of independent counsel of its/their choice regarding these potential conflicts and waiver thereof; and each Defendant understands that a conflict may arise in the future that may require an additional disclosure and waiver, or, alternatively, withdrawal by this firm of representation of one or more Defendants. Each Defendant confirms that they will take the opportunity to retain independent counsel in the event they have any reservations regarding this concurrent representation, the issues arising from this representation, and/or the waiver of the potential conflict of interest.

Assuming the foregoing accurately reflects each Defendant's consent and agreement, please execute and return to me the waiver form appended hereto. Of course, if any of you has any questions or comments, please contact me. We look forward to working with you in connection with this matter.

Very truly yours,

ATKINSON, ANDELSON, LOYA, RUUD & ROMO

Jenica D. Maldonado

Waiver of Conflict – City of Tracy

I, Midori Lichtwardt, City Manager of Tracy, on behalf of the City of Tracy hereby acknowledge that I have carefully read the foregoing letter, informing me that the City's interests may potentially be in conflict with those of the Honorables Eleassia Davis, Matteo Bedolla, and Dan Evans in connection with the Firm's representation of the City in the above referenced matter. I expressly acknowledge that the concurrent representation by the Firm of the City's interests and those of the concurrent parties (Davis, Bedolla, and Evans) constitutes the representation of potentially conflicting interests, to the extent that my interests and those of the concurrent parties are potentially adverse. Nevertheless, I knowingly and voluntarily consent to such concurrent representation by the Firm on behalf of the City and I am authorized to do so.

I further expressly acknowledge that I have been advised that the City has the right to seek independent legal counsel in connection with the advisability of waiving said conflict, and that the City has had a reasonable opportunity to do so.

Dated: Jun 27, 2024

Waiver of Conflict – Hon. Eleassia Davis

I, the Honorable Eleassia Davis, hereby acknowledge that I have carefully read the foregoing letter, informing me that my interests may potentially be in conflict with the City of Tracy, Hon. Matteo Bedolla, and Hon. Dan Evans in connection with the Firm's representation of my interests and those of concurrent parties in connection with the above referenced matter. I expressly acknowledge that the concurrent representation by the Firm of my interests and those of the concurrent parties constitutes the representation of potentially conflicting interests, to the extent that my interests and those of the concurrent parities are potentially adverse. Nevertheless, I knowingly and voluntarily consent to such concurrent representation by the Firm.

I further expressly acknowledge that I have been advised that I have the right to seek independent legal counsel in connection with the advisability of waiving said conflict, and that I have had a reasonable opportunity to do so.

Re: Engagement Letter

Dear City Manager Lichtwardt and City Attorney Patel,

The letter below details the professional relationship of Levin Oldfather LLP ("the Firm"), Bijal Patel ("the Client"), and the City of Tracy ("the City"). The City has requested that the Firm represent the Client in her individual and official capacity pursuant to Government Code section 995 in the pending lawsuit *Nicolaou v. City of Tracy, et al.*, STK-CV-UWH-2024-5436, San Joaquin Superior Court. This engagement letter controls and supersedes any prior discussion.

I. Conditions

This Agreement will not take effect, and Firm will have no obligation to provide legal services until: (a) City and Client have returned signed copies of this Agreement; and (b) Firm acknowledges acceptance of representation by counter-signing this Agreement and returning a fully executed copy to Client. Upon satisfaction of these conditions, this Agreement will be deemed to take effect retroactively from June 26, 2024.

II. Scope of Services

The Firm will provide all legal services reasonably necessary for the representation described above, including motion practice, discovery, trial, and any appeal. If the City or Client requests additional services, this letter applies to such additional services unless superseded by another written agreement. City and the Firm agree that the scope of services may be modified or expanded by email and that written City approval is required.

III. Client's Duties

Client agrees to be truthful with Firm, to not withhold information, to cooperate, to keep Firm informed of any information or developments which may come to Client's attention, to abide by this Agreement, and to keep Firm advised of Client's address, telephone number and whereabouts. Client will assist Firm by timely providing necessary information and documents.

IV. Legal Fees and Billing Practices

Hourly Fee: Fees are based on the time spent by the Firm on Client's behalf. The Firm's fees are calculated by multiplying the hourly rate by the number of hours incurred, measured in tenths of an hour. The normal billing rate is $650 an hour, reduced to $450 for public entity and public employees. In this matter, the billing rate is $450 an hour, billed in .1 increments (six minutes

increments). Partner Newton Oldfather ("Attorney") is the authorized attorney biller on this matter, at the billing rate reflected. Firm reserves the right to increase rates annually, upon written notice to City. If City declines to pay increased rates, Firm will have the right to withdraw as attorney for Client if permitted under the Rules of Professional Conduct of the State Bar of California and/or applicable law.

The time charged will include, but is not limited to, the time Attorney spends on telephone calls, e-mails and other electronic communications relating to the Client's matter, including calls and e-mails with Client and other parties and attorneys.

Bills shall reflect the appropriate scope of services and track the outstanding budget for this engagement.

The City has agreed to accept full responsibility for the Firm's fees and expenses in this engagement. Payment of monthly statements are due within 30 days of receipt. If payment is not received within 30 days, the Firm reserves the right to assess the City with a late surcharge equal to one- and one-half percent per week of all fees that are past due.

V. Costs and Other Charges

Firm will incur various costs and expenses in performing legal services under this Agreement. City agrees to pay for all costs, disbursements and expenses in addition to the hourly fees. The costs and expenses commonly include notary fees, messenger and other delivery fees, postage, outside photocopying and other reproduction costs, travel costs including parking, mileage, transportation, meals and hotel costs, investigation expenses, translator/interpreter fees, consultants' fees and/or special master fees and similar items. The foregoing external costs and expenses will be charged at Firm's cost. Internal charges are billed at the following rates: (1) mileage – IRS standard mileage rate; (2) in-house printing and photocopying .20 cents per page; (3) postage at costs; and (4) computerized legal research at cost.

(a) Out of town travel. City agrees to pay transportation, time spent traveling, meals, lodging and all other costs of any necessary out-of-town travel by Attorney, subject to prior approval of City.

(b) Experts, consultants, investigators. To aid in the preparation or presentation of Client's case, it may be necessary to hire expert witnesses, consultants, or investigators. City agrees to pay such fees and charges. Attorney will propose any expert witnesses, consultants, and investigators to be hired to City for City's approval.

(c) Attorney shall not be obligated to advance costs on behalf of Client; however, for purposes of convenience and in order to expedite matters, Attorney reserves the right to advance costs on behalf of Client with City's approval in the event a particular cost item exceeds $2,000.00 in amount, and without the prior approval of City in the event a particular cost item totals $2,000.00 or less.

VI. Approval of Settlement and Cooperation

The City finances the cost of this legal defense pursuant to its obligation under Government Code section 995, which creates an obligation to defend a public employee upon request of an employee, in their official or individual capacity or both, on account of an act or omission in the scope of their employment as an employee of a public entity. Government Code section 825(a) provides that if an employee of a public entity requests defense against a claim or action for an injury arising out of an act or omission occurring within the scope of employment and has made a timely written request for representation, and the employee reasonably cooperates in good faith

in the defense of the claim or action, then the public entity shall pay any judgment based thereon or any compromise or settlement of the claim or action to which the public entity has agreed.

The Firm has authority to enter a settlement or compromise if so directed by the City, even absent Client's consent, provided such settlement and compromise does not require any financial contribution by Client personally or compel specific action by Client.

If the City determines that Client has ceased to reasonably cooperate in good faith in the defense of this litigation, then City may, in its own discretion, terminate this Agreement by written notice to Firm. The City is not liable for any legal fees incurred after the date of such notice.

VII. Discharge and Withdrawal

The City may terminate services at any time. The City agrees to give prompt written notice of the termination to the Firm and to Client. Upon termination, the City will remain obligated to pay for all services rendered and costs or expenses incurred on the Client's behalf before the termination, or which are reasonably necessary thereafter.

The Firm may withdraw from this representation at any time, except to the extent limited by applicable law or rules of professional conduct. If the Firm withdraws, then the City and Client will take all steps necessary to free the Firm of any obligation to perform further services, including the execution of any documents necessary to complete such withdrawal. The Firm's representation will be considered terminated at the earliest of the City's termination of the representation, the Firm's withdrawal, the substantial completion of the Firm's work (as may be evidenced by a final bill), or a substantial period of inactivity not caused by negligence.

VIII. Professional Liability Insurance

Pursuant to California Rule of Professional Conduct 1.4.2.(a), Attorney is informing Client inwriting that the Firm has professional liability insurance.

IX. No Tax Advice

The Firm has not been retained to provide Client with any tax advice concerning any of the services described herein. Any documents prepared by Attorney may have specific tax ramifications. To be sure Client and City understands and is certain of all the potential consequences, Client and/or City should consult with tax advisors regarding this litigation matter.

X. No Assurances of Successful Outcome

There are no warranties or representations concerning the successful conclusion or resolution of this matter. You acknowledge that any professional opinions offered by the Firm do not constitute warranties, representations, or binding assurances as to the matters reflected in such opinions.

XI. Conclusion of Services

When Attorney's services conclude, whether by completing the services covered by this Agreement, or by discharge or withdrawal, all unpaid charges for fees or costs will be due and payable immediately.

Client may have access to Client's case file at Attorney's office at any reasonable time. At the end of the engagement, Client may request the return of Client's case file. If Client has not requested the return of Client's file, and to the extent Attorney has not otherwise delivered it or disposed of it consistent with Client's directions, Attorney will retain the case file for a period of 5 years, after which Attorney is authorized by this agreement to have the case file destroyed. If Client would like Attorney to maintain Client's case file for more than 5 years after the conclusion of Attorney's services for Client on a given matter, a separate written agreement must be made between Attorney and Client, which agreement may provide for Client to bear the cost of maintaining the file. In the event Client requests that Attorney transfer possession of Client's case file to Client or a third party, Attorney is authorized to retain copies of the case file. The case file includes Client papers and property as defined in Rule 3-700(D)(1) of the California Rules of Professional Conduct.

XII. Conflicts of Interest

Attorney represents that it does not perceive any actual or reasonably foreseeable adverse consequences as of the Effective Date. California law and the Rules of Professional Conduct require Attorney to provide written disclosure of any actual and reasonably foreseeable adverse consequences arising from any proposed representation, and to obtain Client's informed written consent prior to any such representation.

XIII. Entire Agreement and Severability

This Agreement contains the entire agreement of the parties. No other agreement, statement, or promise made on or before the effective date of this Agreement will be binding on the parties. If any provision of this Agreement is held in whole or in part to be unenforceable for any reason, the remainder of that provision and of the entire Agreement will be severable and remain in effect.

XIV. Modification By Subsequent Agreement

This Agreement may be modified by subsequent agreement of the parties only by an instrument in writing signed by both of them.

XV. Effective Date

This Agreement will govern all legal services performed by Attorney on behalf of Client commencing with the date Attorney first performed services ("Effective Date"). The date at the beginning of this Agreement is for reference only. Even if this Agreement does not take effect, City will be obligated to pay Attorney the reasonable value of any services Attorney may have performed for Client.

XVI. Approval and Return of Letter

If this letter meets with your approval, please sign and return the attached approval of engagements. If you have any questions, please do not hesitate to call.

I look forward to working with you.

Sincerely,

NEWTON OLDFATHER

Approval of Engagement

I have read the enclosed letter and agree to its terms, effective as of the date on which Levin Oldfather first provided services to me.

Agenda Item 3.A

RECOMMENDATION

Staff Recommends that the City Council:
(1) Continue the public hearing from May 21, 2024, pursuant to Tracy Municipal Code Section 4.12.320, to consider assessment of costs for the abatement of weeds, rubbish, refuse, and flammable materials on the following three parcels: 280 W. Mount Diablo Road, 302 W. Mount Diablo Road, 2480 W. Byron Road, and upon its conclusion, and

(2) by separate motion, approve the final assessment of abatement costs on each of the three parcels, and if necessary, authorize any reduction of assessed costs to be funded by the General Fund

EXECUTIVE SUMMARY

On April 2, 2024, a public hearing was commenced to consider and approve the final assessment of costs of fire hazard weed abatement on three separate private properties located in the City of Tracy: 280 W. Mount Diablo Road, 302 W. Mount Diablo Road, 2480 W. Byron Road. The City Council continued the hearing to May 21, 2024, and requested staff present an itemized invoice for each parcel, before and after photos of the abatement, and details regarding the contractor selection process. On May 21,2024, the hearing was again continued to July 2, 2024, and staff was requested to present additional information confirming the property lines for the parcels that were abated,the specific locations where the contractor conducted the work, and further explanation on the invoices submitted by the contractor. Staff is submitting the information requested as attachments to this report.

Upon conclusion of a public hearing, Tracy Municipal Code (TMC) Section 4.12.320 authorizes the City Council to review, modify, and/or confirm, by Motion, a final assessment of weed abatement costs as applied to each particular property owner. The additional information confirms that the contractor performed the work on the correct parcels. However, the Fire Marshall acknowledges that there are inconsistencies in the invoicing presented by the contractor and no further explanations are available from the contractor. To ensure consistency amongst all three parcels, the Fire Marshal!recommends that, notwithstanding the invoices, the City Council consider reducing the abatement costs assessed to 280 W. Mount Diablo Road and 302 W. Mount Diablo Road such that all properties are assessed only a daily fee of $2,110 and that the remainder of the costs be funded by the City’s General Fund.

BACKGROUND

Under Section 3.1(A)(3) of the Joint Powers Agreement of the South San Joaquin County Fire Authority, the Fire Authority is responsible to coordinate abatement activities for hazardous materials and nuisances within the City of Tracy. Pursuant to the Tracy Municipal Code, a public hearing is required prior to the abatement of any parcels. Sections 4.12.250 through 4.12.340 of the TMC set forth the procedure for the City to abate weeds, rubbish, refuse and flammable material on private property.

The abatement fee process under the Tracy Municipal Code is summarized as follows:

- Under TMC Section 4.12.260: it is expressly declared that the existence of! weeds, rubbish, refuse, and flammable material in, upon, or in front of any! vacant lot or other property on any street, parkway, sidewalk, or alley in the City! is a public nuisance and dangerous to the public health and safety of the! inhabitants of the City.

- Under TMC Section 4.12.280: the Fire Chief notifies the property owner of the! public nuisance by certified mail to such property owner, notifies them to abate! the public nuisance, and provides a date for public hearing within 20 days to! contest the order. This TMC Section expressly states, in pertinent part: “Such! address shall be conclusively deemed to be the proper address for the purpose! of mailing such notice. The failure or refusal of any person to receive such!notice shall not affect the validity of any proceedings pursuant to the provisions!of this Article.”

- Under TMC Section 4.12.290: City Council holds a public hearing within 20 days! of the notice regarding “any and all objections to the proposed abatement.” This! Section does not require a public hearing if no objections are submitted. City! Council is authorized allow or overrule objections, and to issue a final order to! the abatement of the nuisance.

- TMC Section 4.12.300 provides: after the Council’s order of abatement, “In the! event any property owner fails, refuses, or neglects within a period of twenty!(20) days to remove any such thing.!The City may cause such work of removal!to be done. Any property owner may abate the nuisance at his own expense!prior to abatement by the City.”

- TMC Section 4.12.320 provides that after the City performs the abatement, the! Fire Chief notifies the property owner of the costs of abatement and a date of! public hearing with the City Council by which to object to those costs. This! section authorizes Council to consider objections and modify the report of costs! and confirm the final report and assessment of costs by resolution or motion.

Notices to Each Property Owner

In the instant matter, the procedural notice and hearing history is identical for each of the three properties: 280 W. Mount Diablo Road, 302 W. Mount Diablo Road, 2480 W. Byron Road. Pursuant to TMC Section 4.12.280, the Fire Authority sent a notice to each of the property owners listed in **Exhibit A** to this staff report. This notice was sent after multiple unsuccessful attempts to obtain voluntary compliance from each property owner. The notice required each owner to abate weeds, rubbish, refuse and flammable material on his/her parcel within twenty (20) days, and informed the property owner(s) that a public hearing would be conducted, where any protests regarding the notice to abate would be heard. The Tracy Municipal Code provides that upon failure of the owner, or authorized agent, to abate within 20 days from the date of notice, the City will perform the necessary work by private contractor and the cost of such work will be made a personal obligation of the owner.

In accordance with TMC Section 4.12.290, the City Council conducted properly noticed public hearings on September 5, 2023 for 2480 W. Byron Road and September 19, 2023 for 280 W. Mount Diablo Road and 302 W. Mount Diablo Road. Upon conclusion of such hearings authorized the abatement of the properties listed in **Exhibit A** (see Resolutions 2023-184 and 2023-199). Based on the Council's actions, the Fire Authority directed the Greater Valley Conservation Corps of the San Joaquin County Office of Education to complete the abatement of the listed properties. The abatement was completed at a cost to the City of $16,956.42. The previously reported costs of abatement included the abatement costs plus a 25% overhead charge. It has been determined that removing the 25% overhead charge from the previously reported weed abatement costs is in the best interest of the City, ensuring compliance with legal guidelines.

Under the provisions of TMC Section 4.12.320, the Fire Authority timely notified affected property owners of the costs of abatement and this public hearing, wherein Council would consider the report of costs and any objections of the property owners liable for the cost of abatement.

On April 2, 2024, a public hearing was held to review the final costs of abatement. Council continued the hearing to May 21, 2024, and requested an itemized invoice for each parcel, before and after photos of the abatement, and details regarding the contractor selection process. Council again continued the public hearing to July 2, 2024 and they requested that staff present information confirming the property lines for the parcels that were abated and the specific locations where the contractor conducted the work.

DISCUSSION

Contractor Selection Process

The contractor was selected through a Request for Proposal (RFP) process. Initially, the first RFP did not attract any bids by the deadline and was subsequently reissued. The second RFP attracted a single bid from the Greater Valley Conservation Corps. In August 2020, the Fire Authority Board of Directors ratified a General Services Agreement with this organization to provide weed abatement services. This agreement,

which included an option for extension, was renewed in 2023, updating the rates for services which are provided both daily and hourly as detailed in **Exhibit B**.

In our efforts to ensure competitive pricing for weed abatement services, we have conducted a review of rates charged by neighboring public agencies. Below is the information gathered:

San Joaquin County:

Staff time is billed at a rate of $65 per hour.
Equipment costs are approximately $150 per hour.

Stanislaus County:

Staff time ranges from $45 to $75 per hour.
The rate for a tractor and operator is $85 per hour.

The staff rates across these counties are comparable with the rates Greater Valley Conservation Corps.

Facts In Support of Assessment of Abatement Costs

Staff recommends City Council determine and approve by Motion a final assessment of abatement costs for each property based on the facts described below, attached hereto, and received at the hearing.

(A) 280 W Mount Diablo Road:

Pursuant to TMC Section 4.12.280, the Fire Authority sent a notice of abatement. Then, City Council conducted a properly noticed public hearing on September 19, 2023 to consider the order of abatement, which Council so-approved by City Council Resolution 2023-199.

On September 26, 2023, Fire Marshal Spears met with the Project Facilitator from the Greater Valley Conservation Corps on W. Mount Diablo Road to review the properties in this area that were approved for abatement.

The parcel is a vacant lot. The abatement service at this property location occurred on October 4, 5, and 6, 2023.!Staff from the Greater Valley Conservation Corps were present each day, leading to a total labor cost of $6,330, based on a daily rate of $2,110. Additional costs of $1,093.21 were incurred for material dumping and hauling. The total cost of the abatement was $7,423.21. The itemized invoice and available pictures are included as **Exhibit C**.

Following the May 21st City Council meeting, Fire Marshal Spears contacted the Project Facilitator from the Greater Valley Conservation Corps to request clarification on the properties where work was performed. He provided a portion of a GIS map showing the property lines for reference. The Project Facilitator confirmed that only the properties at 280 W Mount Diablo and 302 W Mount Diablo were abated. The follow-up email sent to the Project Facilitator is included in **Exhibit F**.

(B) 302 W Mount Diablo Road:

Pursuant to TMC Section 4.12.280, the Fire Authority sent a notice of abatement. Then, City Council conducted a properly noticed public hearing on September 19, 2023 to consider the order of abatement, which Council so-approved by City Council Resolution 2023-199.

On September 26, 2023, Fire Marshal Spears met with the Project Facilitator from the Greater Valley Conservation Corps on W. Mount Diablo Road to review the properties in this area that were approved for abatement.

The parcel contains a vacant single-family dwelling. The abatement service at this property location occurred on October 9, 10, and 11, 2023. Similar to the previous parcel, the daily rate of $2,110 was applied, amounting to a labor cost of $6,330, with an additional cost of $1,093.21 for dumping and hauling. The total cost of the abatement service was $7,423.21. The itemized invoice and available pictures are included as **Exhibit D** hereto.

Following the May 21st City Council meeting, Fire Marshal Spears contacted the Project Facilitator from the Greater Valley Conservation Corps to request clarification on the properties where work was performed. He provided a portion of a GIS map showing the property lines for reference. The Project Facilitator confirmed that only the properties at 280 W Mount Diablo and 302 W Mount Diablo were abated. The follow-up email sent to the Project Facilitator is included in **Exhibit F**.

(C) 2480 W Byron Road:

Pursuant to TMC Section 4.12.280, the Fire Authority sent a notice of abatement. Then, pursuant to TMC Section 4.12.290, the City Council conducted properly noticed public hearing on September 5, 2023 to consider the order of abatement, which Council so-approved by City Council Resolution 2023-184.

The parcel is a vacant lot. The abatement service at this property location occurred on January 9, 2024. This parcel required a single day of service with the daily rate of $2,110 applied. There were no additional charges for material disposal. The itemized invoice and available pictures are included as **Exhibit E** hereto.

STRATEGIC PLAN

This agenda item is a routine operational item and does not relate to the Council's Strategic Plans.

FISCAL IMPACT

Weed abatement services are provided on a cost recovery basis. Actual costs incurred by the City to provide weed abatement services plus a twenty-five percent administrative charge are billed to the property owner.

CEQA

This item is exempt from review under the California Environmental Quality Act (California Public Resources Code §§ 21000, et seq., “CEQA”) and CEQA regulations (14 California Code of Regulations §§ 15000, et seq.; 'CEQA Guidelines") in that it is not a "project" for purposes of CEQA (as defined by CEQA Guidelines §15378). Specifically, this item proposes an organizational or administrative activity that will not result in a direct or indirect physical change in the environment (CEQA Guidelines §§15378(b)(5)).

RECOMMENDATION

Staff Recommends that the City Council (1) Continue The Public Hearing From May 21, 2024, Pursuant To Tracy Municipal Code Section 4.12.320, To Consider Assessment Of Costs For The Abatement Of Weeds, Rubbish, Refuse, And Flammable Materials on The Following Three Parcels: 280 W. Mount Diablo Road, 302 W. Mount Diablo Road, 2480 W. Byron Road, And Upon Its Conclusion, (2) By Separate Motion, Approve the Final Assessment Of Abatement Costs on each of the Three Parcels, and if necessary, authorize any reduction of assessed costs to be funded by the General Fund

ATTACHMENTS

1. Exhibit A – List of Parcels
2. Exhibit B – Rate of Service
3. Exhibit C – Itemized invoice for 280 W Mount Diablo
4. Exhibit D – Itemized invoice for 302 W Mount Diablo
5. Exhibit E – Itemized invoice for 2480 W Byron Road
6. Exhibit F – Email from Project Facilitator with the Greater Valley Conservation Corps

Tim,

Below is the proposal for GVCC to provide South San Joaquin County Fire Authority with an hourly labor service. GVCC will provide one lead and one-five corpsmembers for the duration of this project.

Services include:

- **Urban Forestry**
- **Lite Construction-Deconstruction**
- **Invasive Species Removal**
- **Tree Trimming, Removal, liming, bucking brush, chipping and stump grinding and Stump removals**
- **Earth Moving services/Excavations**
- **Large acer mowing and discing / Fuel Load Reduction**
- **Line trimming services**
- **Irrigation Repairs**
- **Hauling and disposal**

HOURLY RATES:
Project Managers: $85.00 per hour
Supervisor (Equipment Operators) Rates: $60.50 per hour
Hourly Rate per lead: $50.50 per hour
Hourly Rate per corpsmember: $30.50 per hour

Subject: Abatement of Properties in the City of Tracy

Good morning Mike

On May 21st the City Council continued the public hearing on the reporting of the costs of abatement. Property owners protested the costs stating they may have been charged for clearing of adjacent parcels at 250 W Mount Diablo and the parcel with No Address along Mount Oso shown in the picture below. The City Council is requesting additional information on the abatement. I am hoping that you are able to help me provide clarification regarding the areas cleared. I have included a portion of the GIS map below for reference. GVCC was requested to clear lots 302 and 280 W Mount Diablo. The property owners stated the lots labeled "No Address" and 250 W Mount Diablo were cleared as part of the abatement completed by GVCC and the costs to clear the lots were included in the costs to clear their lots. I have reviewed the photos and did not see any photos that showed the lots labeled "No Address" or 250 W Mount Diablo were cleared by GVCC.

1. Can you confirm if only 302 and 280 W Mount Diablo were cleared?
2. Did any abatement occur on 250 W Mount Diablo or the parcel labeled No Address in the picture below?

Tim Spears | Fire Marshal

July 2, 2024

Agenda Item 3.B

RECOMMENDATION

The Planning Commission recommends that, for the real property located at 2660 W. Byron Road, Assessor's Parcel Number 238-050-13 (Property), the City Council conduct a public hearing and upon conclusion:

(1) Introduce an Ordinance (R22-0004) approving a rezone of the Property from Medium Density Residential to Medium Density Cluster;

(2) Adopt a Resolution approving a Tentative Subdivision Map (TSM22-0003) of the Property for the creation of 38 single-family lots; and

(3) Determine that this project is categorically exempt from the California Environmental Quality Act pursuant to Guidelines Section 15332.

EXECUTIVE SUMMARY

Through this item, staff and the Planning Commission recommend that the City Council approve the following two entitlements for the proposed project: 1) a rezone at 2660 W. Byron Road, Assessor's Parcel Number 238-050-13 (Property/Project Site) from Medium Density Residential (MDR) to Medium Density Cluster (MDC), through an ordinance; and 2) a tentative subdivision map (Byron Estates) for the Property for the creation of 38 single-family lots consistent with the Medium Density Cluster Zone, through a resolution. On May 8, 2024, the Planning Commission considered this item and, after deliberation and based on staff's recommendation, the Commission recommended that City Council approve the project.

The applicant is Schack & Company, INC. and the property owners are Sai Pratap Naidu, Saradadevi Naidu, Krishna M. Kathika, Sarala S. Kathika, Srinivasa R. Sakhamuri, Kranti Nelluri, Manoj Kumar Potturu, Jyotsna Sri Vemula, Kiran Srinivasa Tallam, and Pallavi Venkata Tallam.

BACKGROUND

The Project Site is a 5-acre site located at 2660 W. Byron Road that was annexed into the City of Tracy on January 16, 1995, and designated Residential Medium (RM) in the Tracy General Plan and zoned MDR (Attachment A). The surrounding parcels primarily consist of large-lot ranch-style residential property that was developed prior to annexation into the City of Tracy. The project site contains a single-family home and three accessory structures that are to be demolished. On September 14, 2019, the City of Tracy approved a 60-unit residential project on the site (Byron Apartments, Development Review Permit Application Number D19-0010), but it was not constructed.

On July 8, 2022, the applicant submitted an application for a new project on the site (Byron Estates) consisting of a rezoning from MDR to MDC (Attachment B) and a tentative subdivision map to subdivide the property into 40 residential lots, which was later revised to current

proposal of 38 lots, with public roadways as shown in Attachment C.

ANALYSIS

In accordance with Tracy Municipal Code (TMC) Title 10, Article 29, the Planning Commission shall consider rezoning requests and make a recommendation to the City Council.

In accordance with TMC Chapter 12.16, the Planning Commission shall approve, conditionally approve, or deny proposed tentative subdivision maps based on the findings provided further in this staff report below. However, the project requires a zoning amendment, which only can be approved by the City Council and this rezoning is prerequisite for the subdivision of the Property (see further analysis in the Findings section below). To ensure that the project approvals are bundled as one action, the Planning Commission will be acting as a recommending body to the City Council, which will be the approval body for all project entitlements.

Rezoning

The subject site is zoned MDR and surrounded by Byron Road and Union Pacific Railroad (UPRR) property and railroad tracks to the north, the Berg/Byron area to the west and south (zoned MDR), and a market (zoned General Highway Commercial) and a single-family residential neighborhood (Lyon Crossroads Planned Unit Development zone) to the east.

The current MDR zoning would permit medium density residential development of 6,000 square foot or greater sized lots to be developed on the site. The proposed MDC zoning permits medium density residential development of 3,500 square foot or greater sized lots. Both the MDR and MDC zones provide for a gross density of between 5.9 and 12.0 dwelling units per gross acre. Because the applicant desires to build smaller-lot residential development characteristic of MDC-zoned neighborhoods, they have proposed to rezone the site from MDR to MDC. While single-family residential is permitted in both zones, the MDR zone is more suited for multi-family residential development (such as the Byron Apartments project that was previously approved on the site), whereas the MDC zone is better suited for small lot single-family subdivisions, such as that which is proposed in the subject tentative subdivision map.

The MDC zone is consistent with the General Plan land use designation of the site, Residential Medium, therefore the proposed rezoning would be consistent with the Tracy General Plan. The City has processed similar rezonings in the past, including in 2016 on a ten-acre site, the Santosha Subdivision, approximately 500 feet west of the subject property, that is also designated Residential Medium in the General Plan and was rezoned from MDR to MDC for the development of 71 lots (Application Numbers R14-0002 & TSM14-0003).

Subdivision

The Property is a north-south oriented parcel that is situated on the south side of Byron Road and extends south from Byron Road to approximately 148 feet south of Remy Javier Street. The subdivision layout proposes one public street (depicted as Byron Way on Attachment C) that would connect Byron Road to Remy Javier Street and a second public street that would extend Remy Javier Street from the current street stub across the width of the parcel, stubbing at the property line in anticipation of future roadway connection to the west. Thirty-four lots are proposed to front onto future Byron Way north of future Remy Javier Street extension, and four lots (Lots 18, 19, 20, and 21) will be located south of Remy Javier Street. Lots 18 and 21 are reverse corner lots, which means a corner lot whose street side lot line continues on as the

front lot line of the first lot to its rear. As depicted in Attachment C, the developer intends to provide driveway access for Lots 18, 19, 20, and 21 onto future Byron Way.

The proposed lots meet the minimum requirements of the MDC Zone, which include a minimum lot size of 3,500 square feet and a minimum lot width of 45 feet on a street. No architecture is proposed with this application. Prior to construction of houses, the builder must submit plans in accordance with the development standards of the zone and obtain a development review permit approval.

The majority of the surrounding areas have developed over the past 30 years as single-family residential neighborhoods. The applicant's proposal to rezone the site to MDC and develop a small-lot single-family subdivision would be compatible with the neighboring areas.

Findings

TMC Chapter 12.16 provides findings that shall be made for approval of a tentative subdivision map, which can be made as follows:

(1) The proposed map is consistent with the general plan, any applicable specific plan, and this title.

Here, the proposed map is consistent with Title 12 of the Tracy Municipal Code and the MDC Zone to which the project proposes to rezone, and the MDC Zone is consistent with the General Plan Residential Medium land use designation.

(2) The site is physically suitable for the type of development.

The Project site is located with access to Byron Road and Remy Javier Street. Traffic circulation throughout the subdivision is designed to connect to these streets in accordance with City standards for the proposed density to ensure adequate traffic service levels are met. These qualities of the property make it suitable for residential development in accordance with City standards.

(3) The Project site is physically suitable for the proposed density of development.

The proposed density of 7.6 dwelling units per gross acre is consistent with the Residential Medium designation of the General Plan, which provides for a density range of 5.9 to 12.0 dwelling units per gross acre.

(4) The design of the subdivision or the proposed improvements will not cause substantial environmental damage or substantially and avoidably injure fish or wildlife or their habitat.

The design of the subdivision or the proposed improvements will not cause substantial environmental damage or substantially and avoidably injure fish or wildlife or their habitat, because there are no fish or known wildlife or habitat at this site. Furthermore, prior to any grading of the site, the subdivider will comply with the San Joaquin County Multi-Species Habitat Conservation & Open Space Plan administered by the San Joaquin Council of Governments.

(5) The design of the subdivision or the type of improvements will not conflict with

easements, acquired by the public at large, for access through or use of property within the proposed subdivision.

There are no public easements on the property that would conflict with the proposed project. The subdivision will connect to and extend the existing Remy Javier Street stub that currently terminates at the site's eastern property line to allow for the continuation of this street through to the west in accordance with the City's long-term vision for street connectivity.

(6) Complies with all other applicable ordinances, regulations and guidelines of the City, including but not limited to the local floodplain ordinance (Municipal Code Chapter 9.52).

The Property is not located within any floodplain and the project, with conditions, will meet all applicable City design and improvement standards.

Planning Commission Recommendation

The Planning Commission conducted a public hearing to consider the project on May 8, 2024 and recommended City Council approve the project.

FISCAL IMPACT

This agenda item does not request any expenditure of funds. The applicant paid the application processing fees established by the City Council.

PUBLIC OUTREACH / INTEREST

A public hearing notice for the project was mailed to all property owners within a 300-foot radius of the project site, posted on the City website, and also published in the Tracy Press, and the meeting agenda packet was posted on the City website, City Hall, and the Tracy Branch Library.

COORDINATION

This development application was reviewed by multiple City Departments, the South San Joaquin County Fire Authority, Tracy Delta Disposal, PG&E, San Joaquin Council of Governments, San Joaquin County Environmental Health, and the Air Pollution Control District as part of the City's normal application review process. This staff report was prepared by the Development Services Planning Division.

CEQA DETERMINATION

The project is exempt from the California Environmental Quality Act (CEQA) pursuant to CEQA Guidelines section 15332 because the project is characterized as in-fill development and (1) is consistent with the General Plan designation of Residential Medium and all applicable General Plan policies, as well as consistent with the applicable zoning designation and regulations because the rezoning from Medium Density Residential to Medium Density Cluster is not a material change since both zoning districts conform with the Residential Medium General Plan Designation including the density range of 5.9 to 12 dwelling units per gross acre, (2) occurs within City limits on a project site of no more than five acres substantially surrounded by urban

uses (3) has no value as habitat for endangered, rare or threatened species, (4) would not result in any significant effects relating to traffic, noise, air quality, or water quality, and (5) can be adequately served by all required utilities and public services. Therefore, no further environmental review is necessary.

STRATEGIC PLAN

This agenda item is not related to any City Council Strategic Priorities.

ACTION REQUESTED OF THE CITY COUNCIL

Staff recommends that, for the real property located at 2660 W. Byron Road, Assessor's Parcel Number 238-050-13 (Property). the City Council conduct a public hearing and upon conclusion:
(1) introduce an Ordinance (R22-0004) approving a rezone of the Property from Medium Density Residential to Medium Density Cluster;

(2) adopt a resolution approving a Tentative Subdivision Map (TSM22-0003) of the Property for the creation of 38 single-family lots, to take effect only upon the effective date of the rezoning; and

(3) determine that the project is categorically exempt from the California Environmental Quality Act pursuant to CEQA Guidelines Section 15332.

_____
CITY ATTORNEY'S OFFICE

TRACY CITY COUNCIL

ORDINANCE NO. _____

---

(1) AMENDING THE ZONE DISTRICT OF THE PROPERTY AT 2660 W. BYRON ROAD (ASSESSOR'S PARCEL NUMBER 238-050-13) FROM MEDIUM DENSITY RESIDENTIAL TO MEDIUM DENSITY CLUSTER, AND

(2) DETERMINING THAT THE ZONING AMENDMENT IS CATEGORICALLY EXEMPT FROM THE CALIFORNIA ENVIRONMENTAL QUALITY ACT PURSUANT TO GUIDELINES SECTION 15332

WHEREAS, The subject property is less than five acres and is located at 2660 W. Byron Road (Assessor's Parcel Number 238-050-13) (Site); and

WHEREAS, The Site is designated as Residential Medium on the City's General Plan Map and zoned Medium Density Residential; and

WHEREAS, On July 8, 2022, an application was filed for the rezoning of the Site from Medium Density Residential (MDR) to Medium Density Cluster (MDC) (Application Number R22-0004); and

WHEREAS, The applicant is Schack & Company, Inc. and the Site owners are Sai Pratap Naidu, Saradadevi Naidu, Krishna M. Kathika, Sarala S. Kathika, Srinivasa R. Sakhamuri, Kranti Nelluri, Manoj Kumar Potturu, Jyotsna Sri Vemula, Kiran Srinivasa Tallam, and Pallavi Venkata Tallam; and

WHEREAS, The applicant has concurrently filed an application for a tentative subdivision map (Byron Estates) for the Site for the creation of 38 single-family lots consistent with the MDC Zone, which application is being separately considered by the City Council through adoption of a Resolution; and

WHEREAS, The MDC Zone is consistent with the land use, density, and other provisions of the Residential Medium General Plan designation; and

WHEREAS, The proposed zoning amendment is categorically exempt from the California Environmental Quality Act (CEQA) based on Guidelines Section 15332, which pertains to certain in-fill development projects, based on the following: The project is consistent with the General Plan and Zoning because the rezoning from Medium Density Residential to Medium Density Cluster is not a material change since both zoning districts conform with the Residential Medium General Plan Designation including the density range of 5.9 to 12 dwelling units per gross acre;

occurs within City limits on a project site of no more than five acres substantially surrounded by urban uses; has no value as habitat for endangered, rare or threatened species; would not result in any significant effects relating to traffic, noise, air quality, or water quality; and can be adequately served by all required utilities and public services; and therefore, no further environmental assessment is necessary; and

WHEREAS, In accordance with Tracy Municipal Code (TMC) Title 10, Article 29, the Planning Commission shall consider rezoning requests and make a recommendation to the City Council; and

WHEREAS, The Planning Commission conducted a properly noticed public hearing to review the proposed rezoning during their regular meeting of May 8, 2024 and recommended that the City Council adopt this ordinance amending the Site's zone district to MDC; and

WHEREAS, The City Council conducted a properly noticed public hearing to review and consider the proposed rezoning on June 18, 2024.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF TRACY DOES ORDAIN AS FOLLOWS:

SECTION 1. Incorporation of Recitals and Findings. The City Council of the City of Tracy hereby finds and determines the foregoing recitals are true and correct and are hereby incorporated herein in support of the findings and determinations of the City.

SECTION 2. CEQA Determination. The City Council finds and determines this Ordinance is categorically exempt from CEQA pursuant to CEQA Guidelines section 15332.

SECTION 3. Zoning Map Amendment. The Zoning Map of the City of Tracy is hereby amended to reclassify the following property from Medium Density Residential (MDR) to Medium Density Cluster (MDC):

Approximately five acres located at 2660 W. Byron Road (Assessor's Parcel Number 238-050-13), as indicated on Exhibit 1 of this Ordinance.

SECTION 4. Severability. If any section, subsection, sentence, clause, or phrase of this Ordinance is for any reason held to be invalid or unconstitutional by decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of the Ordinance. The City Council hereby declares that it would have passed this Ordinance and each section, subsection, clause, or phrase thereof irrespective of the fact that one or more other sections, subsections, clauses or phrases may be declared invalid or unconstitutional.

SECTION 5. Effective Date. This Ordinance shall become effective upon the thirtieth (30th) day after final adoption.

SECTION 6. Publication. The City Clerk is directed to publish this Ordinance in a manner required by law.

SECTION 8. Codification. This Ordinance shall be codified in the Tracy Municipal Code.

* * * * * * * * * * * * * *

The foregoing Ordinance 2024-_____ was introduced at a regular meeting of the Tracy City Council on the 18th day of June 2024, and finally adopted on the ___ day of _____ 2024, by the following vote:

TRACY CITY COUNCIL

RESOLUTION 2024-_____

---

(1) APPROVING A TENTATIVE SUBDIVISION MAP (TSM22-0003) FOR THE CREATION OF 38 SINGLE-FAMILY LOTS AT 2660 W. BYRON ROAD, ASSESSOR'S PARCEL NUMBER 238-050-13; AND

(2) DETERMINING THAT THIS PROJECT IS CATEGORICALLY EXEMPT FROM THE CALIFORNIA ENVIRONMENTAL QUALITY ACT PURSUANT TO GUIDELINES SECTION 15332

WHEREAS, The subject property is approximately five acres and is located at 2660 W. Byron Road (Assessor's Parcel Number 238-050-13) (Site"); and

WHEREAS, The Site is designated as Residential Medium on the City's General Plan Map and zoned Medium Density Residential; and

WHEREAS, On July 8, 2022, an application was filed for a tentative subdivision map for residential development on the Site (Application Number TSM22-0003); and

WHEREAS, The applicant is Schack & Company, Inc. and the Site owners are Sai Pratap Naidu, Saradadevi Naidu, Krishna M. Kathika, Sarala S. Kathika, Srinivasa R. Sakhamuri, Kranti Nelluri, Manoj Kumar Potturu, Jyotsna Sri Vemula, Kiran Srinivasa Tallam, and Pallavi Venkata Tallam; and

WHEREAS, Concurrently, the applicant filed an application for the rezoning of the Site from Medium Density Residential to Medium Density Cluster (MDC) (Application Number R22-0004); and

WHEREAS, The proposed tentative map is consistent with the proposed MDC zoning; and

WHEREAS, Staff recommends that any approval of the tentative map be subject to the Conditions of Approval set forth in Exhibit 2; and

WHEREAS, By separate action, the City Council is considering the introduction of Ordinance_____to rezone the Site from Medium Density Residential to MDC; and

WHEREAS, The proposed zoning amendment is categorically exempt from the California Environmental Quality Act (CEQA) based on Guidelines

Section 15332, which pertains to certain in-fill development projects, based on the following: The project is consistent with the General Plan and Zoning because the rezoning from Medium Density Residential to Medium Density Cluster is not a material change since both zoning districts conform with the Residential Medium General Plan Designation including the density range of 5.9 to 12 dwelling units per gross acre; occurs within City limits on a project site of no more than five acres substantially surrounded by urban uses; has no value as habitat for endangered, rare or threatened species; would not result in any significant effects relating to traffic, noise, air quality, or water quality; and can be adequately served by all required utilities and public services; and therefore, no further environmental assessment is necessary; and

WHEREAS, In accordance with Tracy Municipal Code (TMC) Title 10, Article 29, the Planning Commission shall consider rezoning requests and make a recommendation to the City Council; and

WHEREAS, In accordance with TMC Chapter 12.16, the Planning Commission shall approve, conditionally approve, or deny proposed tentative subdivision maps, however, the project requires a zoning amendment, which only can be approved by the City Council and this rezoning is prerequisite for the subdivision of the Property (see further analysis in the Findings section below); and

WHEREAS, To ensure that the project approvals are bundled as one action, the Planning Commission acted as a recommending body to the City Council, which is the approval body for all project entitlements; and

WHEREAS, The Planning Commission conducted a properly noticed public hearing to receive, review and consider evidence and testimony regarding the subject applications on May 8, 2024, and after deliberation Planning Commission recommended that the City Council approve both the proposed rezoning and the tentative map, subject to the Conditions of Approval set forth in Exhibit 2; and

WHEREAS, On June 18, 2024, the City Council conducted a properly public hearing to review and consider the Tentative Subdivision Map and determine the project is categorically exempt from CEQA; now, therefore, be it

RESOLVED: That the City Council for the City of Tracy hereby determines, based on the evidence in the record and its own independent judgment, that the proposed project is categorically exempt from the California Environmental Quality Act pursuant to CEQA Guidelines Section 15332 (In-fill Development), and be it

RESOLVED: Based on the evidence in the record and its own independent judgment and the foregoing recitals, in accordance with Tracy Municipal Code Chapter 12.16, the City Council hereby adopts the findings set forth in Exhibit 1 hereto and incorporated herewith; and be it

FURTHER RESOLVED: That the City Council hereby approves the Tentative Subdivision Map (TSM22-0003), based on the findings set forth in Exhibit 1 and subject to the Conditions of Approval set forth in Exhibit 2, for the creation of 38 single-family lots and public streets consistent with the Medium Density Cluster Zone; and be it

FURTHER RESOLVED: That this Resolution shall not take effect until the effective

date of Ordinance XXX.

Exhibit 1 – Statement of Findings in support of Approval of TSM22-0003
Exhibit 2 – Conditions of Approval
Exhibit 3 – Tentative Subdivision Map

City of Tracy
Byron Estates Tentative Subdivision Map Findings
Application Number TSM22-0003

(1) The proposed map is consistent with the general plan, any applicable specific plan, and this title.

The proposed map is consistent with Title 12 of the Tracy Municipal Code and the MDC Zone to which the project proposes to rezone, and the MDC Zone is consistent the General Plan Residential Medium land use designation.

(2) The site is physically suitable for the type of development.

The site is located with access to Byron Road and Remy Javier Street. Traffic circulation throughout the subdivision is designed to connect to these streets in accordance with City standards for the proposed density to ensure adequate traffic service levels are met. These qualities of the property make it suitable for residential development in accordance with City standards.

(3) The site is physically suitable for the proposed density of development.

The proposed density of 7.6 dwelling units per gross acre is consistent with the Residential Medium designation of the General Plan, which provides for a density range of 5.9 to 12.0 dwelling units per gross acre.

(4) The design of the subdivision or the proposed improvements will not cause substantial environmental damage or substantially and avoidably injure fish or wildlife or their habitat.

The design of the subdivision or the proposed improvements will not cause substantial environmental damage or substantially and avoidably injure fish or wildlife or their habitat, because as conditioned, prior to any grading of the site, the subdivider will demonstrate compliance with the San Joaquin County Multi-Species Habitat Conservation & Open Space Plan administered by the San Joaquin Council of Governments for the protection of any wildlife or habitats found on the site prior to construction.

(5) The design of the subdivision or the type of improvements will not conflict with easements, acquired by the public at large, for access through or use of property within the proposed subdivision.

There are no public easements on the property that would conflict with the proposed project. The subdivision will connect to and extend the existing Remy Javier Street stub that currently terminates at the site's eastern property line to allow for the continuation of this street through to the west in accordance with the City's long-term vision for street connectivity.

(6) Complies with all other applicable ordinances, regulations and guidelines of the City, including but not limited to the local floodplain ordinance (Municipal Code Chapter 9.52).

The subject property is not located within any floodplain and the project, with conditions, will meet all applicable City design and improvement standards.

City of Tracy
Conditions of Approval
Byron Estates Tentative Subdivision Map
Application Number TSM22-0003
July 2nd, 2024

A. General Provisions and Definitions.

A.1. General. These Conditions of Approval apply to:

The Project: Byron Estates Tentative Subdivision Map to create 38 single-family residential lots and public streets

The Property: A five-acre site located at 2660 W. Byron Road (Assessor's Parcel Number 238-050-13)

A.2. Definitions.

a. "Applicable Law" means all State and federal laws applicable to development of the Project, including without limitation the relevant provisions of the California Planning and Zoning Laws, the California Subdivision Map Act, and the California Environmental Quality Act, all City Regulations.

b. "Applicant" means any person, or other legal entity, defined as a "Subdivider."

c. "City Engineer" means the City Engineer of the City of Tracy, or any other duly licensed Engineer designated by the City Manager, or the Development Services Director, or the City Engineer to perform the duties set forth herein.

d. "City Regulations" means all written laws, rules and policies established by the City, including those set forth in the City of Tracy General Plan, the Tracy Municipal Code, ordinances, resolutions, policies, procedures, and the City's Design documents (the Streets and Utilities StandardPlans, Design Standards, Parks and Streetscape Standard Plans, Standard Specifications, and Manual of Storm Water Quality Control Standards for New Development and Redevelopment, and Relevant Public Facilities Master Plans).

e. "Development Services Director" means the Development Services Department Director of the City of Tracy, or any other person designated by the City Manager or the Development Services Director to perform the duties set forth herein.

f. "Conditions of Approval" shall mean the conditions of approval applicable to the Project. The Conditions of Approval shall specifically include all Development Services Department conditions set forth herein.

g. "Subdivider" means any person, or other legal entity, who applies to the City to divide or cause to be divided real property within the Project boundaries, or who applies to the City to develop or improve any portion of the real property within the Project boundaries.

A.3. Payment of applicable fees. The applicant shall pay all applicable fees for the project, including, but not limited to, development impact fees, building permit fees, plan check fees, grading permit fees, encroachment permit fees, inspection fees, school fees, or any other City or other agency fees or deposits that may be applicable to the project.

A.4. Compliance with laws. The Developer shall comply with all laws (federal, state, and local) related to the development of real property within the Project, including, but not limited to:

- the Planning and Zoning Law (Government Code sections 65000, et seq.)
- the California Environmental Quality Act (Public Resources Code sections21000, et seq., "CEQA"), and
- the Guidelines for California Environmental Quality Act (California AdministrativeCode, title 14, sections 1500, et seq., "CEQA Guidelines").
- the applicable CBC, CRC, CPC, CMC, CEC, CFC, CEC, and CA Green Building Standards Code.

A.5. Compliance with City Regulations. Unless specifically modified by these Conditions of Approval, the Developer shall comply with all City Regulations, including, but not limited to, Tracy Municipal Code (TMC), Standard Plans, and the City's Design Goals and Standards.

A.6. Pursuant to Government Code Section 66020, including Section 66020 (d)(1), the City HEREBY NOTIFIES the Subdivider that the 90-day approval period (in which the Subdivider may protest the imposition of any fees, dedications, reservations, or other exactions that are within the purview of the Mitigation Fee Act [Government Code section 66000 et seq.] ("Exactions") and imposed on this Project by these Conditions of Approval) shall commence on the date of the conditional approval of this Project. If the Subdivider fails to file a protest of the Exactions within this 90- day period, which protest complies with all of the requirements of Government Code Section 66020, the Subdivider will be legally barred from later challenging any of the Exactions. The terms of this paragraph shall not affect any other deadlines or statutes of limitations set forth in the Mitigation Fee Act or other applicable law, or constitute a waiver of any affirmative defenses available to the Developer.

B. Planning Division Conditions

Contact: Kenny Lipich (209) 831-6443 kenneth.lipich@cityoftracy.org

B.1. Compliance with submitted plans. Except as otherwise modified herein, the Final Map shall be in substantial conformance with the tentative subdivision map received by the Development Services Department on October 25, 2023.

C. Engineering Division Conditions

Contact: Al Gali (209) 831-6436 al.gali@cityoftracy.org

C.1. General Conditions

Developer shall comply with the applicable sections of approved documents and/or recommendations of the technical analyses/reports prepared for the Project listed as follows:

1) NONE

C.2 Tentative Subdivision Map

Prior to signature of the Tentative Subdivision Map by the City Engineer, Developer shall comply with the requirements set forth in this section, to the satisfaction of the City Engineer.

C.2.1 The developer shall submit one (1) paper copy of the approved tentative subdivision map for the Project. The owner of the Property must consent to the preparation of the Tentative Subdivision Map, and the proposed subdivision of the Property by signing the tentative map. The Tentative Subdivision Map shall contain all the appropriate signature blocks. If the Public Hearing officer finds that changes to the final tentative subdivision map is needed, Developer shall provide the revised tentative subdivision map within ten (10) days after Public Hearing.

C.2.2 Revise the Tentative Subdivision Map to show restricted access (relinquish abutter's rights) to prevent future homeowners from accessing nearby public streets. The restrictions are summarized below:

C.2.2.a. Restrict access to Byron Road along the northern property line of Lot 1 and Lot 38; and

C.2.2.b. Restrict access to Remy Javier Street along the southern property line of Lot 17 and Lot 22; and the northern property line of Lot 18 and Lot 21.

C.2.3 Developer shall obtain City approval regarding the street name.

C.2.4 Developer shall depict a Public Utility Easements (PUE) that is ten (10) feet wide minimum as per Section 3.02(c) pg. 18 of the 2020 Design Standards on each proposed lot.

C.2.5 Developer shall depict a storm water pretreatment device on the storm drain line.

C.3 Final Subdivision Map

Prior to scheduling the final subdivision map for approval with City Council, the Developer will demonstrate, to the satisfaction of the City Engineer, compliance with all required Conditions of Approval, including, the following:

C.3.1 Developer has completed all the requirements set forth in this section, and Condition C.2, above.

C.3.2 The Final Subdivision Map prepared in accordance with the applicable requirements of the Tracy Municipal Code (TMC), the City Design Standards, and in substantial conformance with the Tentative Subdivision Map for the Project. Said Final Subdivision Map shall be in substantial conformance with the City Council approved Tentative Subdivision Map.

C.3.3 The Final Subdivision Map shall include dedications or offers of dedication of all right(s)-of-way, if applicable; Public Access Easements; and/or Public Utility Easements (PUE) required to serve the Project described by the Final Subdivision Map submittal, in accordance with State Laws, City Regulations, and these Conditions of Approval. Said PUE shall be ten (10) feet wide minimum as measured from the edge of the PUE to edge of PUE on the opposite side of the street. PUE shall be continuous along each lot's frontage along every right-of-way.

C.3.4 All proposed right-of-way dedication for the internal in-tract street shall conform to Standard Detail 101 of the 2020 Design Standards for in-fill residential street with a right-of-way width of fifty-seven (57) feet, excluding the P.U.E. from Byron Road to Remy Javier Street; and fifty-five (55) feet, excluding the P.U.E. from Remy Javier to the terminus of the subdivision.

C.3.5 Horizontal and vertical control for the Project shall be based upon the City of Tracy coordinate system and at least three (3) second (2^{nd}) order Class-1 control points establishing the "Basis of Bearing" and shown as such on the final map. The final map shall also identify surveyed ties from two of the horizontal control points to a minimum of two (2) separate points adjacent to or within the Property described by the Final Map.

C.3.6 A construction cost estimate of subdivision improvements and for all required public facilities, prepared in accordance with City Regulations to be used for calculating engineering review fees and for bonding purposes. In determining the total construction cost, add ten percent (10%) for construction contingencies.

C.3.7 Developer has constructed, and the City has accepted, all the conditioned public improvements. If all required improvements are not constructed, the Developer may be required to execute improvement agreement(s) with improvement security, and insurance, as required by the Government Code, the TMC, and these Conditions.

C.3.8 Developer will include slope easement with the final map submittal to address slopes among the lots to address grade differentials.

C.3.9 Payment of final map checking fees and all fees required by these Conditions of Approval and City Regulations.

C.3.10 At the conclusion of the City's review, Developer shall submit one (1) mylar copy of the approved Final Subdivision Map for signature.

C.4. Grading Permit

All grading work (on-site and off-site) shall require a Grading Plan. All grading work shall be performed and completed in accordance with the recommendation(s) of the Project's Registered Geotechnical Engineer. Prior to the release of the Grading Permit, Developer shall provide all documents related to said Grading Permit required by the applicable City Regulations and these Conditions of Approval, to the satisfaction of the City Engineer, including, but not limited to, the following:

C.4.1 Developer has completed all requirements set forth in this section.

C.4.2 Developer has obtained the approval (i.e. recorded easements for slopes, drainage, utilities, access, parking, etc.) of all other public agencies and/or private entities with jurisdiction over the required public and/or private facilities and/or property. Written permission from affected owner(s) will be required to be submitted to the City prior to the issuance of the Grading Permit.

C.4.3 Developer has obtained a demolition permit to remove any existing structure located within the project's limits.

C.4.4 All existing on-site water well(s), septic system(s), and leech field(s), if any, shall be abandoned or removed in accordance with the City and San Joaquin County requirements. Developer shall be responsible for all costs associated with the abandonment or removal of the existing well(s), septic system(s), and leech field(s) including the cost of permit(s) and inspection. Developer shall submit a copy of written approval(s) or permit(s) obtained from San Joaquin County regarding the removal and abandonment of any existing well(s), prior to the issuance of the Grading Permit.

C.4.5 The Improvement Plans for all improvements to serve the Project (on-site and off-site) including the Grading and Drainage Plans shall be prepared in accordance with the City's Subdivision Ordinance (TMC Chapter 12.36), City Design Documents as defined in Title 12 of the TMC, and these Conditions of Approval.

C.4.6 On-site Grading/Drainage Plans and Improvement Plans shall be prepared on a twenty-four (24) inch x thirty-six (36) inch size 20-pound bond paper. These plans shall use the City's Title Block. Improvement Plans shall be prepared under the supervision of, stamped and signed by a Registered Civil Engineer and Registered Geotechnical Engineer. Developer shall obtain all applicable signatures by City departments and outside agencies (where applicable) on the plans including signatures by the Fire Marshal prior to submitting the plans to Engineering Division for City Engineer's signature. Erosion control measures shall be implemented in accordance with the Improvement Plans approved by the City Engineer for all grading work. All grading work not completed before October 15 may be subject to additional requirements as applicable. Improvement Plans shall specify all proposed erosion control methods and construction details to be employed and specify materials to be used during and after the construction.

C.4.7 Payment of the applicable Grading Permit fees which include grading plan checking and inspection fees, and other applicable fees as required by these Conditions of Approval.

C.4.8 For Projects on property larger than one (1) acre: Prior to the issuance of the Grading Permit, Developer shall submit to the Utilities Department (stephanie.hiestand@cityoftracy.org) one (1) electronic copy and one (1) hard copy of the Storm Water Pollution Prevention Plan (SWPPP) as submitted in Stormwater Multiple Applications and Reporting Tracker System (SMARTS) along with either a copy of the Notice of Intent (NOI) with the state-issued Wastewater Discharge Identification number (WDID) or a copy of the receipt for the NOI. After the completion of the Project, the Developer is responsible for filing the Notice of Termination (NOT) required by SWQCB, and shall provide the City, a copy of the completed Notice of Termination. Cost of preparing the SWPPP, NOI and NOT including the annual storm drainage fees and the filing fees of the NOI and NOT shall be paid by the Developer. Developer shall comply with all the requirements of the SWPPP, applicable Best Management Practices (BMPs) and the Stormwater Post-Construction Standards adopted by the City in 2015 and any subsequent amendment(s).

For Projects on property smaller than one (1) acre: Prior to the issuance of the Grading Permit, the Developer shall submit to the Utilities Department (stephanie.hiestand@cityoftracy.org) one (1) electronic copy and 1 hard copy of the City of Tracy Erosion and Sediment Control Plan (ESCP) for approval. Cost of preparing the ESCP including any annual storm drainage fees shall be paid by the Developer. Developer shall comply with all the requirements of the ESCP, applicable BMPs and the Post-Construction Stormwater Standards adopted by the City in 2015 and any subsequent amendment(s).

C.4.9 Developer shall provide a PDF copy of the Project's Geotechnical Report signed and stamped by a Registered Geotechnical Engineer. The technical report must include relevant information related to soil types and characteristics, soil bearing capacity, compaction recommendations, retaining wall recommendations, if necessary, paving recommendations, paving calculations such as gravel factors, gravel equivalence, etc., slope recommendations, and elevation of the highest observed groundwater level.

C.4.10 In-tract Minor Retaining – Developer shall use reinforced or engineered masonry blocks for retaining soil at property lines when the grade differential among the in-tract lots exceeds twelve (12) inches. Developer will include construction details of these minor retaining walls with the on-site Grading and Drainage Plan. Developer may use slopes among the lots to address the grade differential but said slope shall not exceed a slope gradient of 3 (horizontal) to 1 (vertical) unless a California licensed geotechnical engineer signs and stamps a geotechnical report letter that supports a steeper slope gradient. Slope easements may be required and will be subject to approval by the City Engineer.

Minor Retaining along Project Perimeter – Developer shall use reinforced or engineered masonry blocks for retaining soil along the Project boundary and adjacent property(s) when the grade differential exceeds 12-inches. Developer will include construction details for these minor retaining walls with the on-site Grading and Drainage Plan. Developer may use slopes to address the grade differential but said slope shall not exceed a slope gradient of 3 (horizontal) to 1 (vertical). Slope easements may be subject to approval by the City Engineer and if adjacent and affected property(s) owner(s) grants said easements.

Slopes are an acceptable option as a substitute to engineered retaining walls, where cuts or fills do not match existing ground or final grade with the adjacent property or public right of way, up to a maximum grade differential of two (2) feet, subject to approval by the City Engineer.

Slope easements will be recorded, prior to the issuance of the Grading Permit. The Developer shall be responsible to obtain and record slope easement(s) on private properties, where it is needed to protect private improvements constructed within and outside the Project, and a copy of the recorded easement document must be provided to the City, prior to the issuance of the Grading Permit.

Walls - Developer shall show proposed retaining walls and masonry walls on the on-site Grading and Drainage Plan. The Developer is required to submit improvement plans, construction details, and structural calculations for retaining walls and masonry walls to Building and Safety. Retaining wall and masonry wall design parameters will be included in the geotechnical report.

C.4.11 Developer shall provide a copy of the approved Incidental Take Minimization Measures (ITMM) habitat survey [San Joaquin County Multi-Species Habitat Conservation & Open Space Plan (SJMSCP)] from San Joaquin Council of Governments (SJCOG).

C.4.12 Developer shall provide a copy of the approved Air Impact Assessment (AIA) with an Indirect Source Review (ISR) from San Joaquin Valley Air Pollution Control District (SJVAPCD).

C.4.13 Developer shall abandon or remove all existing irrigation structures, channels and pipes, if any, as directed by the City after coordination with the irrigation district, if the facilities are no longer required for irrigation purposes. If irrigation facilities including tile drains, if any, are required to remain to serve existing adjacent agricultural uses, the Developer will design, coordinate and construct required modifications to the facilities to the satisfaction of the affected agency and the City. Written permission from irrigation district or affected owner(s) will be required to be submitted to the City prior to the issuance of the Grading Permit. The cost of relocating and/or removing irrigation facilities and/or tile drains is the sole responsibility of the Developer.

C.4.14 If the Project contains overhead utilities, the Developer shall underground

existing overhead utilities such as electric, TV cable, telephone, and others. Each dry utility shall be installed at the location approved by the respective owner(s) of dry utility and the Developer shall coordinate such activities with each utility owner. All costs associated with the undergrounding shall be the sole responsibility of the Developer and no reimbursement will be due from the City. Developer shall submit undergrounding plans.

C.4.15 If at any point during grading that the Developer, its contractor, its engineers, and their respective officials, employees, subcontractor, and/or subconsultant exposes/encounters/uncovers any archeological, historical, or other paleontological findings, the Developer shall address the findings as required per the General Plan Cultural Resource Policy and General Plan EIR; and subsequent Cultural Resource Policy or mitigation in any applicable environmental document.

C.5. Improvement Agreement(s) and Encroachment Permits

All construction activity involving public improvements, prior to a final map approval, will require a fully executed improvement agreement (Off-site, and/or Subdivision) and an encroachment permit. Any construction activity involving public improvements within the public right-of-way without written approval from the City is prohibited. All public improvements shall be performed and completed in accordance with the recommendation(s) of the Project's Registered Civil Engineer of Record, Geotechnical Report, City Regulations, City Design Documents, and these Conditions. Prior to the City writing any improvement agreement or scheduling any improvement agreement to be approved by City Council for the Project the Developer will provide all documents related to said improvements required by City Regulations, City Design Documents, and these Conditions, to the satisfaction of the City Engineer, including, but not limited to, the following:

C.5.1. On-site, Private, and/or Public Infrastructure Improvement Plans prepared on a twenty-four (24) inch x thirty-six (36) inch size 20-pound bond paper that incorporate all requirements described in the documents described in these Conditions of Approval, the City's Design Documents as defined in Title 12 of the Tracy Municipal Code. Developer shall use the latest title block and, if necessary, contain a signature block for the Fire Marshal. Improvement Plans shall be prepared under the supervision of, and stamped and signed by a Registered Civil, Traffic, Electrical, Mechanical Engineer, and Registered Landscape Architect for the relevant work. Developer shall obtain all applicable signatures by City departments and outside agencies (where applicable) on the plans including signatures by Fire Marshal to submitting the plans to Engineering Division for City Engineer's signature. The improvement plans shall be prepared to specifically include, but not be limited to, the following items:

C.5.1.a. All existing and proposed utilities such as domestic water line, irrigation service, fire service line, storm drain, and sanitary sewer, including the size and location of the pipes.

C.5.1.b. All supporting engineering calculations, materials information or technical specifications, cost estimate, and technical reports. All improvement plans shall contain a note stating that the Developer (or Contractor) will be responsible to preserve and protect all existing survey monuments and other survey markers such as benchmarks.

C.5.1.c. A PDF copy of the Project's Geotechnical/Soils Report prepared or signed and stamped by a Registered Geotechnical Engineer. The technical report must include relevant information related to street pavement thickness, materials, compaction and other pertinent information.

C.5.1.d. Storm Water - The Project's on-site storm water drainage connection to the City's storm water system shall be approved by the City Engineer. Drainage calculations for the sizing of the on-site storm drainage system. Improvement Plans to be submitted with the hydrology and storm water. The proposed improvements shall be in substantial conformance with the approved tentative map.

Storm drainage release point is a location at the boundary of the Project adjacent public right-of-way where storm water leaves the Property, in a storm event and that the Property's on-site storm drainage system fails to function or it is clogged. Site grading shall be designed such that the Project's storm drainage overland release point will be directly to an adjacent public street with a functional storm drainage system and the existing storm drainage line has adequate capacity to drain storm water from the Property. The storm drainage release point is recommended to be at least 0.70-feet lower than the building finish floor elevation and shall be designed and improved to the satisfaction of the City Engineer.

The Project's permanent storm drainage connection(s) shall be designed and constructed in accordance with City Regulations. The design of the permanent storm drainage connection shall be shown on the Grading and Drainage Plans with calculations for the sizing of the storm drain pipe(s), and shall comply with the applicable requirements of the City's storm water regulations adopted by the City Council in 2012 and any subsequent amendments.

Developer shall design/construct a storm water pre-treatment system to the satisfaction of the City Engineer.

C.5.1.e. Sanitary Sewer - It is the Developer's responsibility to design and construct the Project's permanent on-site sanitary sewer (sewer) improvements including the Project's sewer connection in accordance with the City's Design Standards, City Regulations and Standard Specifications. Sewer improvements shall include but not limited to, replacing asphalt concrete pavement, reconstructing

curb, gutter and sidewalk, restoring pavement marking and striping, and other improvements that are disturbed as a result of installing the Project's permanent sewer connection. Developer shall submit improvement plans that include the design of the sewer line from the Property to the point of connection. The proposed improvements shall be in substantial conformance with the approved tentative map.

Developer is hereby notified that the City will not provide maintenance of the sewer lateral within the public right-of-way unless the sewer cleanout is located and constructed in conformance with Standard Plans. The City's responsibility to maintain on the sewer lateral is from the wye/onsite sewer manhole at the right-of-way line/property line/wye fitting to the point of connection with the sewer main.

C.5.1.f. Water Distribution - Developer shall design and construct domestic and irrigation water service that comply with the City Regulations. Water line sizing, layout and looping requirements for this Project shall comply with City Regulations. During the construction of the Project, the Developer is responsible for providing water infrastructure (temporary or permanent) capable of delivering adequate fire flows and pressure appropriate to the various stages of construction and as approved by the Fire Marshal. The proposed improvements shall be in substantial conformance with the approved tentative map.

Interruption to the water supply to the existing businesses and other users will not be allowed to facilitate construction of improvements related to the Project. Developer shall be responsible for notifying business owner(s) and users, regarding construction work. The written notice, as approved by the City Engineer, shall be delivered to the affected residents or business owner(s) at least seventy-two (72) hours before start of work. Prior to starting the work described in this section, the Developer shall submit a Work Plan acceptable to the City that demonstrates no interruptions to the water supply, and Traffic Control Plan to be used during the installation of the off-site water mains and connections.

The Project's water service connections shall use a remote-read (radio-read) master water meter (the water meter to be located within City's right-of-way) and a Reduced Pressure Type back-flow protection device in accordance with City Regulations. The domestic and irrigation water service connection(s) must be completed before the inspection of the building. The location of the meters shall be approved by the City Engineer.

After improvement acceptance, repair and maintenance of the water service from the water meter to the point of connection with

the water distribution main in the street shall be the responsibility of the City. Water service repairs after the water meter is the responsibility of the Developer or individual lot owner(s).

Prior to improvement acceptance, repair and maintenance of all on-site water lines, laterals, sub-water meters, valves, fittings, fire hydrant and appurtenances shall be the responsibility of the Developer or the individual lot owner(s).

All costs associated with the installation of the Project's water connection(s) including the cost of removing and replacing asphalt concrete pavement, pavement marking and striping such as crosswalk lines and lane line markings on existing street or parking area(s) that may be disturbed with the installation of the permanent water connection(s), or domestic water service, and other improvements shall be paid by the Developer.

C.5.1.g. Hydrants – Location and construction details of fire service line including the fire hydrant(s) that are to serve the Project shall be approved by the Fire Marshal. Prior to the approval of the Improvement Plans by the City Engineer, the Developer shall obtain written approval from the Fire Marshal, for the design, location and construction details of the fire service connection to the Project, and for the location and spacing of fire hydrants that are to be installed or planned to serve the Project.

C.5.1.h. Streets – All streets and utilities improvements within City right-of-way shall be designed and constructed in accordance with City Regulations, and City's Design Standards including the City's Facilities Master Plan for storm drainage, roadways, wastewater, and water as adopted, amended, and updated by the City, or as otherwise specifically approved by the City. The proposed improvements shall be in substantial conformance with the approved tentative map.

All proposed residential street widths and cross sections shall conform to the City Council approved TSM. The sidewalk shall be located as per said TSM. All proposed right-of-way dedication for the internal in-tract street shall conform to Standard Detail 101 of the 2020 Design Standards for in-fill residential street with a right-of-way width of fifty-seven (57) feet, excluding the P.U.E., from Byron Road to Remy Javier Street and fifty-five (55) feet, excluding the P.U.E., from Remy Javier Street to the terminus of the public road. Beyond the right-of-way, the Developer shall also dedicate ten (10) feet wide P.U.E.

Since construction traffic will be on the Project's road, as per Section 3.04(A) of the 2020 Design Standards, the road's Traffic Index will be nine (9) and will have a minimum street structural section of 0.4-feet of asphalt-concrete over 1.80-feet of compacted aggregate base. Per

the Design Standards Section 3.04(C), the final lift of asphalt concrete shall be placed after the homes (or building structure) are constructed and prior to tract acceptance.

Developer shall remove all existing driveways not proposed to be used by the project.

C.5.2. Joint Trench Plans and Composite Utility Plans, prepared on a twenty-four (24) inch x thirty-six (36) inch size 20-pound paper bond for the installation of dry utilities such as electric, gas, TV cable, telephone, and others that will be located within the twenty-four (24) feet wide to forty-six (46) feet wide [the width varies) PUE to be installed to serve the Project. All private utility services to serve Project must be installed underground or relocated to be underground, and to be installed at the location approved by the respective owner(s) of the utilities from the street or an existing or proposed utility easement to the building(s). If necessary, the Developer shall dedicate ten (10) feet wide PUE for access to these new utilities for re-installation, replacement, repair, and maintenance work to be performed by the respective utility owner(s) in the future.

C.5.3. Signed and stamped Engineer's Estimate that summarizes the cost of constructing all the public improvements shown on the Improvement Plans. The cost estimate shall show the cost of designing the public improvements.

Payment of applicable fees required by these Conditions of Approval and City Regulations, including but not limited to, plan checking, grading and encroachment permits and agreement processing, construction inspection, and testing fees. The engineering review fees will be calculated based on the fee rate adopted by the City Council on September 2, 2014, per Resolution 2014-141 and on May 16, 2017, per Resolution 2017-098. Developer shall submit payment in the form of a check for the aforementioned fees.

C.5.4. Traffic Control Plan - Prior to starting the work for any work within City's right-of-way, the Developer shall submit a Traffic Control Plan (TCP). TCP can be split among the different construction phases. TCP will show the method and type of construction signs to be used for regulating traffic at the work areas within these streets. TCP shall conform to the Manual on Uniform Traffic Control Devices as amended by the State of California, latest edition (MUTCD-CA). TCP shall be prepared under the supervision of, signed and stamped by a Registered Civil Engineer or Registered Traffic Engineer.

C.5.5. Access and Traffic Circulation to Existing Businesses/Residents - Developer shall take all steps necessary to plan and construct site improvements such that construction operations do not impact safety and access (including emergency vehicles) to the existing businesses and residents throughout the duration of construction. Developer shall coordinate with the owners and cooperate to minimize impacts on existing businesses. All costs of measures needed to provide safe and functional access shall be borne by the Developer.

C.5.6. No street trench shall be left open, uncovered, and/or unprotected during night hours and when the Developer's contractor is not performing construction activities. Appropriate signs and barricades shall be installed on the street and on all trenches during such times. If the Developer or its contractor elects to use steel plates to cover street trenches, said steel plates will be skid-resistance, and shall be ramped on all sides. Ramps will be a minimum two-foot wide and will run the entire length of each side.

C.5.7. If at any point during utility installation or construction in general that the Developer, its contractor, its engineers, and their respective officials, employees, subcontractor, and/or subconsultant exposes/encounters/uncovers any archeological, historical, or other paleontological findings, the Developer shall address the findings as required per the General Plan Cultural Resource Policy and General Plan EIR; and subsequent Cultural Resource Policy or mitigation in any applicable environmental document.

C.5.8 On-site, in-tract Public Improvements - Prior to the City's approval of the Final Subdivision Map, and prior to the Developer commencing construction of on-site, in-tract public and improvements, Developer shall possess a fully executed Subdivision Improvement Agreement (SIA). Developer shall also complete all of the following requirements to the satisfaction of the City Engineer:

Developer has received City signed improvement plans.

Developer has submitted a complete application for a Final Subdivision Map which is served by the required public improvements, and the Final Subdivision Map has been approved by the City Engineer.

Developer has paid all required processing fees including plan check and inspection fees.

Improvement Security - Developer shall provide improvement security for all public facilities, as required by the Improvement Agreement. The form of the improvement security may be a bond, or other form in accordance with the Government Code, and the TMC. The amount of the improvement security shall be in accordance with Title 12 of the TMC. Monumentation Bonds shall be seven hundred fifty ($750.00) dollars multiplied by the total number of street centerline monuments plus one hundred twenty-five ($125) dollars multiplied by the total number of legal lots that are shown on the Final Map.

Insurance – Developer shall provide written evidence of insurance coverage that meets the terms of the Improvement Agreement.

C.5.9 Off-site Public Improvements, If Applicable - Prior to the Developer commencing construction of off-site public improvements, Developer shall possess a fully executed Off-site Improvement Agreement (OIA). Developer shall also complete all of the following requirements to the satisfaction of the City Engineer:

Developer has received City signed improvement plans.

Developer has paid all required processing fees including plan check and inspection fees.

Improvement Security - Developer shall provide improvement security for all public facilities, as required by the Improvement Agreement. The form of the improvement security may be a bond, or other form in accordance with the Government Code, and the TMC. The amount of the improvement security shall be in accordance with Title 12 of the TMC.

Insurance – Developer shall provide written evidence of insurance coverage that meets the terms of the Improvement Agreement.

C.6. Building Permit

No building permit within the Project boundaries will be approved by the City until the Developer demonstrates, to the satisfaction of the City Engineer, compliance with all required Conditions of Approval, including, but not limited to, the following:

C.6.1 Developer has completed all requirements set forth in Condition C.1, through C.5, above.

C.6.2 Developer pays the applicable development impact fees as required in the TMC, these Conditions of Approval, and City Regulations.

C.7 Acceptance of Public Improvements

Public improvements will not be considered for City Council's acceptance until after the Developer demonstrates to the reasonable satisfaction of the City Engineer, completion of the following:

C.7.1 Developer has satisfied all the requirements set forth in these Conditions of Approval.

C.7.2 Developer submitted the Storm Water Treatment Facilities Maintenance Agreement (STFMA) to the Utilities Department.

C.7.3 Developer has satisfactory completed construction of all required/conditioned improvements. Unless specifically provided in these Conditions of Approval, or some other applicable City Regulations, the Developer shall use diligent and good faith efforts in taking all actions necessary to construct all public facilities required to serve the Project, and the Developer shall bear all costs related to construction of the public facilities (including all costs of design, construction, construction management, plan check, inspection, land acquisition, program implementation, and contingency).

C.7.4 Certified "As-Built" Improvement Plans (or Record Drawings). Upon completion of the construction by the Developer, the City, at its sole

discretion, temporarily release the original plans of the Improvement Plans to the Developer so that the Developer will be able to document revisions to show the "As-Built" configuration of all improvements.

C.7.5 AutoCAD file, including referenced documents.

C.7.6 Developer shall be responsible for any repairs or reconstruction of street pavement, curb, gutter and sidewalk and other public improvements along the frontage of the Project, if determined by the City Engineer to be in poor condition or damaged by construction activities related to the Project.

C.7.7 Developer has completed the ninety (90) day public landscaping maintenance period.

C.7.8 Release of Improvement Security – Release of improvement security shall be in accordance with the requirements of Title 12 of the TMC. Monumentation Bond will be released to the Developer after City Council's acceptance of the public improvements and if the Developer meets the terms set in Section 66497(c) of the Subdivision Map Act. All survey monuments shown on the Final Map must be installed. Any altered, damaged, or destroyed survey monuments and/or benchmarks shall be re-established. Developer shall submit centerline tie sheets or a record of survey for the following: new public streets; re-established survey monuments, and/or benchmarks. If the Developer destroyed, altered, and/or reconstructed any existing curb returns, Developer shall also submit corner records. Any survey document will be submitted the City and to the San Joaquin County Surveyor to comply with California Business and Professions Code Section 8771(c). Said work shall be executed by a California licensed Land Surveyor at the Developer's sole expense.

C.8 Special Conditions

C.8.1 When street cuts are made for the installation of utilities, the Developer shall conform to Section 3.14 of the 2008 Design Standards and is required install a two (2) inch thick asphalt concrete (AC) overlay with reinforcing fabric at least twenty-five (25) feet from all sides of each utility trench. A two (2) inch deep grind on the existing AC pavement will be required where the AC overlay will be applied and shall be uniform thickness in order to maintain current pavement grades, cross and longitudinal slopes. This pavement repair requirement is when cuts/trenches are perpendicular and parallel to the street's direction.

C.8.2 Nothing contained herein shall be construed to permit any violation of relevant ordinances and regulations of the City of Tracy, or other public agency having jurisdiction. This Condition of Approval does not preclude the City from requiring pertinent revisions and additional requirements to the improvement plans, prior to the City Engineer's signature on the improvement plans, and prior to issuance of Grading Permit, Encroachment Permit, Building Permit, if the City Engineer finds it necessary due to public health and safety reasons, and it is in the best interest of the City. The Developer

shall bear all the cost for the inclusion, design, and implementations of such additions and requirements, without reimbursement or any payment from the City.

C.8.3 If water is required for the project, the Developer shall obtain an account for the water service and register the water meter with the Finance Department. Developer shall pay all fees associated with obtaining the account number for the water service.

C.8.4 Developer shall obtain an account for the water service to the Project and register the water meter with the Finance Department. Developer shall prepare and submit a map depicting the location of the water meter on a 8.5-inch X 11-inch sheet to Finance Department.

C.8.5 Model Complex: Developer shall maintain an ADA compliant path of travel that is vertical separated from the vehicle travelway. Developer shall not enclose or include the sidewalk to be part of the model complex.

C.8.6 These Conditions are non-transferrable to any party not a part of the application to the Project.

D. Utilities Department

Contact: Stephanie Reyna-Hiestand 209.831.6320 stephanie.hiestand@cityoftracy.org

D.1. Prior to approval of the Final Map, the developer shall demonstrate compliance with the 2015 Post-Construction Stormwater Standards (PCSWS) Manual and obtain approval through the following:

D.1.1. Develop a Project Stormwater Plan (PSP) that identifies the methods to be employed to reduce or eliminate stormwater pollutant discharges through the construction, operation and maintenance of source control measures, low impact development design, site design measures, stormwater treatment control measures and hydromodification control measures.

D.1.1.a. Design and sizing requirements shall comply with PCSWS Manual.

D.1.1.b. Demand Management Areas must be clearly designated along with identification of pollutants of concern.

D.1.1.c. Calculations of the Stormwater Design Volume and/or Design Flow with results from the Post-Construction Stormwater Runoff Calculator must be submitted in the PSP for approval.

D.1.1.d. Per the PCSWS Manual, include a hydromodification management plan ensuring the post-project runoff flow rate shall not exceed estimated pre-project flow rate for the 2-year, 24 hour storm.

D.1.1.e. Submit one (1) hard copy of the PSP and an electronic copy to the Utilities Department (WaterResources@cityoftracy.org), include the project name, address and Project # and/or Permit # in the title or subject line.

D.1.2 Construct the approved stormwater treatment device(s) and receive final approval by Utilities. This shall include periodic inspection by Utilities to ensure

that installation and construction are to standard.

D.1.3 Develop and electronically submit to the Utilities Department for approval (WaterResources@cityoftracy.org) a preliminary Operations and Maintenance (O & M) Plan that identifies the operation, maintenance, and inspection requirements for all stormwater treatment and baseline hydromodification control measures identified in the approved PSP.

D.1.2. No later than two (2) months after approval notification of the submitted PSP, the applicant shall electronically submit the following information to the Utilities Department (WaterResources@cityoftracy.org) for development of a draft stormwater maintenance access agreement, in accordance with the MAPCSWS:

i. Property Owner(s) name and title report; or Corporate name(s) and binding documents (resolutions, etc) designating ability to sign agreement
ii. Property Address
iii. Exhibit A – legal property description
iv. Exhibit B – approved O & M Plan

D.2. Project shall always be in compliance with Federal, State and Local mandates with potable water, recycled water and water quality.

E. The following conditions provide the applicant with options for funding required Citywide services.

Contact: Guadalupe Pena 209.831.6834 Guadalupe.pena@cityoftracy.org

E.1. Streets, Streetlights and Sidewalks

Before approval of the Final Map or issuance of any building permit for the Property (except for up to ten (10) model homes), Subdivider shall provide for perpetual funding of the on-going costs of operation, maintenance and replacement for the traffic signals, streetlights, and street sweeping on the Property (including all costs required by PG&E), by doing one or more of the following, subject to the approval of the City's Finance Director:

a. Community Facilities District. Subdivider shall enter into an agreement with the City, to be signed by the Finance Director, which shall be recorded against the Property, which requires that prior to the issuance of a certificate of occupancy for a residential dwelling unit, Subdivider shall complete the annexation of the Property to City of Tracy Community Facilities District in compliance with the requirements of the Mello – Roos Community Facilities Act of 1982 (Gov. Code § 53311 et seq.) including, without limitation, affirmative votes, and the recordation of a Notice of Special Tax Lien. Subdivider shall be responsible for all costs associated with the CFD proceedings.

Or

b. HOA and dormant CFD. If the HOA is the chosen funding mechanism, the Subdivider must do the following:

(1) Form a Homeowner's Association (HOA) or other maintenance association, with CC&Rs reasonably acceptable to the City, to assume the obligation for the on-going costs of operation, maintenance and replacement for the traffic signals, streetlights, and street sweeping on the Property (including all costs required by PG&E);

(2) Cause the HOA to enter into an agreement with the City, in a form to be approved by the City and to be recorded against the Property prior to the final inspection or occupancy of the first dwelling (except for up to ten (10) model homes), setting forth, among other things, the required maintenance obligations, the standards of maintenance, and all other associated obligation(s) to ensure the long-term operation, maintenance and replacement by the HOA for the traffic signals, streetlights, and street sweeping on the Property;

(3) Before final inspection or occupancy of the first dwelling (except for up to ten (10) model homes), annex into a CFD in a "dormant" capacity, to be triggered if the HOA fails (as determined by the City in its sole and exclusive discretion) to perform the required level of operation, maintenance and replacement for the traffic signals, streetlights, and street sweeping on the Property. The dormant tax or assessment shall be disclosed to all homebuyers and non-residential property owners, even during the dormant period.

c. Direct funding. Subdivider shall enter into an agreement with the City, which shall be recorded against the Property, which requires that prior to issuance of a certificate of occupancy for a residential dwelling unit, Subdivider shall deposit with the City an amount necessary, as reasonably determined by the City, to fund in perpetuity the on-going costs of operation, maintenance and replacement for the streets, streetlights, and sidewalks on the Property (including all costs required by PG&E).

If the provisions for adequate funding of the on-going costs of operation, maintenance and replacement for the traffic signals, streetlights, and street sweeping on the Property (including all costs required PG&E) are met prior to issuance of the first building permit for the Property, subject to the Finance Director’s review and approval, the terms of this condition shall be considered to have been met and this condition shall become null and void.

E.2. Police/Public Safety & Public Works

Before approval of the Final Map or issuance of any building permit for the Property (except for up to ten (10) model homes), Subdivider shall provide for perpetual funding of the on-going costs of providing Police and public safety and Public Works services for the Property, by doing one of the following, subject to the approval of the City’s Finance Director:

a. Community Facilities District. Subdivider shall enter into an agreement with the

City, to be signed by the Finance Director, which shall be recorded against the Property, which requires that prior to the issuance of a certificate of occupancy for a residential dwelling unit, Subdivider shall complete the annexation of the Property to City of Tracy Community Facilities District in compliance with the requirements of the Mello – Roos Community Facilities Act of 1982 (Gov. Code § 53311 et seq.) including, without limitation, affirmative votes, and the recordation of a Notice of Special Tax Lien. Subdivider shall be responsible for all costs associated with the CFD proceedings.

Or

b. Direct funding. Subdivider shall enter into an agreement with the City, which shall be recorded against the Property, which requires that prior to issuance of a certificate of occupancy for a residential dwelling unit, Subdivider shall deposit with the City an amount necessary, as reasonably determined by the City, to fund in perpetuity the on-going costs of providing Police and public safety and Public Works services for the Property.

If the provisions for adequate funding of the on-going costs of providing Police and public safety and Public Works services for the Property are met prior to issuance of the first building permit for the Property, subject to the Finance Director's review and approval, the terms of this condition shall be considered to have been met and this condition shall become null and void.

E.3. Landscaping Maintenance

Before approval of the Final Map or issuance of any building permit for the Property (except for up to ten (10) model homes), Subdivider shall provide for perpetual funding of the on-going costs of maintenance and replacement for public landscaping for the Property (but shall exclude the community park), by doing one or more of the following, subject to the approval of the City's Finance Director:

a. CFD or other funding mechanism. The Subdivider shall enter into an agreement with the City, which shall be recorded against the Property, which stipulates the following:

b.

(1) Prior to issuance of a building permit, the Subdivider shall form a Community Facilities District (CFD) for funding the on-going maintenance costs related to maintenance, operation, repair and replacement of public landscaping, public walls and any public amenities included in the Project, and ongoing public landscaping maintenance costs associated with major program roadways identified in the Citywide Roadway and Transportation Master Plan;
(2) The items to be maintained include but are not limited to the following: ground cover, turf, shrubs, trees, irrigation systems, drainage, and electrical systems; masonry walls or other fencing, entryway monuments or other ornamental structures, furniture, recreation equipment, hardscape and any associated appurtenances within medians, parkways, dedicated easements, channel-ways, public parks and public open space areas;
(3) The developer/owner shall provide all data for features within the public right-of-way and/or park within the property;

(4) Formation of the CFD shall include, but not be limited to, affirmative votes and the recordation of a Notice of Special Tax Lien;
(5) Upon successful formation, the parcels will be subject to the maximum special tax rates as outlined in the Rate and Method of Apportionment;
(6) Prior to issuance of a building permit, the Subdivider shall deposit an amount equal to the first year's taxes; and
(7) The Subdivider shall be responsible for all costs associated with formation of the CFD.

b. HOA and dormant CFD. If the HOA is the chosen funding mechanism, the Subdivider must do the following:

(1) Form a Homeowner's Association (HOA) or other maintenance association, with CC&Rs reasonably acceptable to the City, to assume the obligation for the on-going maintenance of all public landscaping areas within the entire tentative subdivision map area;

(2) Cause the HOA to enter into an agreement with the City, in a form to be approved by the City and to be recorded against the Property prior to the final inspection or occupancy of the first dwelling (except for up to ten (10) model homes), setting forth, among other things, the required maintenance obligations, the standards of maintenance, and all other associated obligation(s) to ensure the long-term maintenance by the HOA of all public landscape areas within the entire tentative subdivision map area;

(3) For each Final Map, make and submit to the City, in a form reasonably acceptable to the City, an irrevocable offer of dedication of all public landscape areas within the Final Map area;

(4) Before final inspection or occupancy of the first dwelling (except for up to ten (10) model homes), annex into a CFD in a "dormant" capacity, to be triggered if the HOA fails (as determined by the City in its sole and exclusive discretion) to perform the required level of public landscape maintenance. The dormant tax or assessment shall be disclosed to all homebuyers and non-residential property owners, even during the dormant period.

Or

c. Direct funding. The Subdivider shall enter into an agreement with the City, which shall be recorded against the Property, which stipulates that prior to issuance of a building permit, the Subdivider shall deposit with the City an amount necessary, as reasonably determined by the City, to fund in perpetuity the full on-going maintenance costs related to maintenance, operation, repair and replacement of public landscaping, public walls and any public amenities included in the Project, and ongoing public landscaping maintenance costs associated with major program roadways identified in the Citywide Roadway and Transportation Master Plan. The items to be maintained include but are not limited to the following: ground cover, turf, shrubs, trees, irrigation systems, drainage and electrical systems, masonry walls or other fencing, entryway monuments or other ornamental structures, furniture, recreation equipment, hardscape and any

associated appurtenances within medians, parkways, dedicated easements, channel-ways, public parks and public open space areas.

Agenda Item 3.C

RECOMMENDATION *COUNCIL REQUEST*

The City Council to discuss and provide direction, by motion, to its delegates on the South San Joaquin County Fire Authority (SSJCFA) Board of Directors whether they should approve, on behalf of the City, SSJCFA's implementation of a surge ambulance in Zone-26, resulting in a City commitment to fund an estimated annual net cost of $412,863 for such service.

EXECUTIVE SUMMARY

On May 15, 2024, South San Joaquin County Fire Authority (SSJCFA) Fire Chief, Randall Bradley, recommended and received direction from the SSJFCA's Board of Directors (Board) to recommend that the delegates of its member agencies recommend to their respective bodies that they approve the SSJCFA providing a surge ambulance in Zone-26 (Surge Ambulance). The SSJCFA anticipates that the total annual operating costs of such ambulatory service would be $1,150,000, of which $479,469 would be recovered through private and public insurance reimbursements (less collection fees). Based on the foregoing estimates, the City of Tracy would have an annual estimated expenditure of Four Hundred and Twelve Thousand and Eight Hundred and Sixty-Three Dollars ($412,863) as its portion of the annual cost, as a member agency of the SSJCFA.

The proposed Surge Ambulance would respond to incidents within Zone-26 pursuant to a subcontract, negotiated by the SSJCFA Fire Chief Bradley, with American Medical Response (AMR). AMR has contractual rights to exclusively provide ambulatory services in Zone-26 (and other areas of South San Joaquin County). As AMR is unable to provide ambulatory services in this zone at peak periods within adequate response times, AMR is amenable to SSJCFA providing the Surge Ambulance.

On June 19, 2024, Mayor Pro Tem Davis motioned, seconded by Councilmember Evans, the City's two delegates to the SSJCFA Board, that the City Manager return with this discussion and action item.

BACKGROUND AND LEGISLATIVE HISTORY

As noted above, the City of Tracy is a member agency of the SSJCFA pursuant to the Joint Powers Agreement (JPA) for the SSJCFA executed on February 20, 2018. The second member of the JPA is Tracy Rural Fire District. Pursuant to the JPA, the City of Tracy, as a member agency, is responsible for a portion of the annual costs of maintenance and operations for fire protection services, fire dispatch services and any associated or ancillary emergency services provided therein. Based on a formula set forth in the JPA, the City's portion of the total costs, currently, is approximately 62.5%, and the remainder is Tracy Rural Fire District's portion. The JPA further provides that the SSJCFA may perform additional or higher-level services pursuant to an agreement between the SSJCFA and the member Agency(ies).

On May 15, 2024, the SSJCFA Board received the attached (Exhibit A) SSJCFA Staff Report regarding the need for a Surge Ambulance to respond to Zone-26 pursuant to a negotiated

subcontract with AMR. On June 12, 2024, the SSJCFA Board received the attached revised staff report (Exhibit B) which included a revised cost estimate for the City's portion reflecting 62.5% of the net cost of the Surge Ambulance for a total of Four Hundred and Twelve Thousand and Eight Hundred and Sixty-Three Dollars ($412,863). This number may increase depending on the number of calls and reimbursements actually received by SSJCFA. At the conclusion of SSJCFA staff presentation, the Board accepted the report and by consensus moved to direct Chief Bradley to implement the Surge Ambulance Program, contingent on the Member Agencies concurrence and funding approval.

ANALYSIS

The May 15 and June 12, 2024, SSJCFA reports include compelling data and anecdotal evidence, such as the number and frequency of lengthy delayed responses and the fact that the closest available responding ambulances are being dispatched from Escalon, Manteca, Ripon, and Stockton, to support the Surge Ambulance Program. The Chief, as required by the JPA, now seeks concurrence and funding approval from the City of Tracy for a Surge Ambulance Program for Zone-26.

Should Council, by motion, approve a funding commitment and direct its delegates to approve the implementation of a Surge Ambulance Program by SSJCFA, the SSJCFA Board will then meet and discuss to whether to direct the Chief to implement the Surge Ambulance program. As identified in the staff report, the Chief would then receive approval to execute a subcontract with AMR, order a permanent Surge Ambulance, lease a temporary Surge Ambulance from AMR, and staff on an overtime basis the Surge Ambulance with firefighter paramedics and Emergency Medical Technician’s (EMT’s). Eventually SSJCFA will hire three paramedics and three EMT’s to staff the ambulance.

Staff would note that, if by motion, this item is approved by the City Council, the City of Tracy will be required to provide its share of additional SSJCFA funding of owning and operating a Surge Ambulance through future budget approval processes, on an ongoing basis, which amount would be in addition to any funding currently provided to the SSJCFA.

FISCAL IMPACT

This is a discussion item with direction to be provided by the City Council to their delegates to the SSJCFA board. Should the Council determine that they will move to instruct their delegates to approve the program and, concurrently direct staff to identify funding, the fiscal impact to the City will be at minimum Four Hundred and Twelve Thousand and Eight Hundred and Sixty-Three Dollars ($412,863). This amount is a minimum because the actual cost is subject to the SSJCFA’s actual recovery of reimbursements, as identified in its staff report from Medi-Cal, Medicare, commercial insurance and private payers. Actual recovery amounts from the sources identified above may vary and the Member Agencies will need to provide any additional funding that may be required to appropriately staff, equip, maintain and train the Surge Ambulance team and equipment. Funding for the City’s share of the program is not included in the Fiscal Year 2024-25 operating budget and would require additional appropriation from General Fund reserves, once the SSJCFA Board approves the program and the Chief seeks to implement it.

PUBLIC OUTREACH/ INTEREST

Public Safety and Emergency response remain a topic of great public interest and discussion. As a public agency the SSJCFA is required to abide by public noticing requirements and appropriately noticed for discussion and discussed the request for a Surge Ambulance in an open public meeting.

COORDINATION

Staff has coordinated and discussed the presentation of this report with SSJCFA Fire Chief Bradley.

CEQA DETERMINATION

Review under the California Environmental Quality Act is not applicable for this report as only the grant of authority to the City Council delegates to the SSJCFA Board is being requested. The SSJCFA would be the implementing agency.

STRATEGIC PLAN

This agenda item relates to Council's Strategic Priorities for Public Safety.

ACTION REQUESTED OF THE CITY COUNCIL

Staff recommends that the City Council discuss and provide direction, by motion, to its delegates on the South San Joaquin County Fire Authority (SSJCFA) Board of Directors whether they should approve, on behalf of the City, SSJCFA's implementation of a surge ambulance in Zone-26, resulting in a City commitment to fund an estimated annual net cost of $412,863 for such service.

STAFF REPORT

TO: Board of Directors **MEETING DATE: May 15, 2024**

PREPARED BY: Randall Bradley, Fire Chief
APPROVED BY: Randall Bradley, Fire Chief

ITEM: RECEIVE INFORMATION AND PROVIDE STAFF DIRECTION CONCERNING THE NEED TO PLACE A SURGE AMBULANCE IN SERVICE, AND THE ESTIMATED COST TO PLACE A SURGE AMBULANCE IN SERVICE

RECOMMENDATION

Staff recommends the Board direct staff to provide information to the Tracy City Council and the Tracy Rural Fire District concerning the need to place a surge ambulance in service, the estimated costs to place a surge ambulance in service, and to recommend that both agencies approve the estimated expenditures for FY 2024/25.

BACKGROUND

South San Joaquin County Fire Authority's (SSJCFA) jurisdictional area is within Ambulance Response Zone X-26. Zone X-26 also includes Mountain House and areas of the south county that are not protected by a fire district. Zone X-26 is a subzone of an exclusive operating area that includes Stockton, Lodi and all unincorporated areas of northern and central San Joaquin County. American Medical Response West has the exclusive contract to provide ambulance services for Zone X, including subzone X-26.

During the past year, ambulance availability and response times have become a significant public safety concern in Zone X-26. For example:

- On-scene ALS engine and truck companies experience significant ambulance delays on a daily basis, with the closest available ambulances often responding from Manteca, Stockton, Ripon and Escalon.

- Manteca District Ambulances respond to medical emergencies in Zone X-26 up to 50 times each month.

- On Saturday, January 27, 2024, SSJCFA Engine 91 responded to a 3-year-old that was unconscious. After performing the ALS initial assessment, SSJCFA's Captain was advised by Stockton Dispatch that the closest available ambulance was a Manteca District Ambulance coming from Old Harland Road and J Street in Lathrop, an approximate 20

minutes from the patient location. The child's father was distraught and, against medical advice, he decided to transport his daughter to the hospital in his private vehicle.

- AMR is placing more basic life support (BLS) ambulances in service. BLS ambulances are staffed with two Emergency Medical Technicians. Their ambulance carries no ALS equipment. When a BLS ambulance responds to a call and the firefighter paramedics determine the patient requires ALS care, they are required to maintain patient care and ride into the hospital with the BLS ambulance. The SSJCFA engine or truck company is required to be placed out-of-service until the paramedic returns.

- On Easter morning, SSJCFA Battalion 9, Engine 95, Engine 97, and Truck 91 responded to a head-on vehicle accident on I-580 near Corral Hollow Road. There were two critical patients (2-month-old and his mother) that required transport to the trauma center. The mother had to wait for an ambulance to respond from Manteca. The mother and the toddler, both died from their injuries.

- On Sunday, April 21, 2024, SSJCFA Battalion 9, Engine 96, Engine 92, and Truck 91 responded to a single vehicle accident at the intersection of Holly and Laguna. There were two critical patients and one delayed patient. The two critical patients both died from their injuries. The initial ambulance on scene ordered additional ambulances through their dispatch center. The only available ambulances were Manteca District Ambulance from Lathrop and Manteca. SSJCFA would wait over 19 minutes for the second ambulance to arrive.

- On Tuesday, May 7, 2024, SSJCFA Engine 97 was dispatched to a private residence for a patient with shortness of breath. The SSJCFA personnel arrived on scene and performed an ALS assessment. They initiated ALS care including an IV, 12-lead ECG, and CPAP. SSJCFA Engine 97s Captain requested an expected time of arrival for the ambulance and were advised the closest ambulance was coming from Interstate 5 and Louise Ave. SSJCFA would wait over 31 minutes for their ambulance to arrive.

The following are the published ambulance response time performance indicators from January 2023 through February 2024 for Zone- X-26.

Month/Year	Number of Red Light and Siren Responses	Number of Delayed Responses	Percent Compliant Before Exemptions
Jan. 2023	**514**	**100**	**80.54%**
Feb. 2023	**440**	**79**	**82.05%**
Mar 2023	**509**	**97**	**80.94%**
Apr. 2023	**518**	**122**	**76.45%**
May 2023	**518**	**93**	**82.05%**
June 2023	**507**	**92**	**81.85%**

July 2023	**499**	**106**	**78.76%**
Aug. 2023	**580**	**116**	**80.00%**
Sept. 2023	**503**	**101**	**79.92%**
Oct. 2023	**550**	**118**	**78.55%**
Nov. 2023	**532**	**130**	**75.56%**
Dec. 2023	**580**	**138**	**76.21%**
Jan. 2024	**540**	**108**	**80.00%**
Feb. 2024	**440**	**71**	**83.86%**

Staff has analyzed ambulance response times within Zone X-26, and the data reveals a continued trend of extended waiting periods for ambulance services. The 90-percentile interval monthly response times have increased from a low in 2022 of 7:20 to a high in October 2023 of 12:28. While average response times have increased moderately, the substantial increase in the 90 percentile response times indicates that when ambulances are delayed, the delay is significant. There is also a direct correlation between 90 percentile performance and the number of monthly exemptions the EMS Agency is granting to the contract ambulance provider (exemptions are primarily for APOT). The total number of monthly exemptions have increased from 529 in March 2023 to a high of 1,089 in October 2023.

DISCUSSION

A shortage of paramedics and ambulance patient offload time (APOT) delays at hospitals appear to be the primary factors for the increase in ambulance response times. SSJCFA personnel recently met with Brian Hajik, American Medical Response ("AMR") District Manager, who indicated that recruiting and retaining paramedics will continue to be a challenge. SSJCFA is confident that the APOT issue will not be solved in the near future. AMR has placed additional Basic Life Support (BLS) ambulances into the EMS system which has helped somewhat, but their introduction has also created negative, second-order effects. On Advanced Life Support (ALS) calls, firefighter paramedics are often required ride into hospitals with BLS ambulances to ensure proper patient treatment and care, which results in the firefighter paramedics' engine and truck companies being taken out of service for prolonged periods of time.

Other factors contribute to the long ambulance response times in SSJCFA's area and Zone X-26. Tracy is in a unique geographical EMS area; located on the periphery of the County of San Joaquin, not being contiguous with other AMR EOA sub-zones. Tracy is also located 17 miles from a trauma center and 23 miles from a cardiac hospital, which creates significant challenges to providing efficient ambulance services. Those challenges are further exacerbated by the greater demand for services in Zones X-24 and X-25. After completing transports to the trauma center or cardiac hospital, ambulances often cannot return to their posting locations in Zone X-26 because they are then the closest available ambulance to calls in Zones X-24 and X-25 and are dispatched accordingly.

AMR Subcontract
To place a surge ambulance in service, staff has negotiated a sub-contract with AMR and will return to the Board for contract approval. The subcontract would allow SSJCFA to place an ambulance in service through May 2026. Staff has worked with AMR to develop the following criterion (rules of engagement) concerning when the surge ambulance would be utilized:

Subcontractor

1. Subcontractor may furnish standby coverage at emergency law enforcement or fire incidents within Zone X-26 at the request of the on-scene public safety agency Incident Commander (IC), if in the opinion of the IC, the situation poses significant potential danger to emergency personnel or to the general public, separate to this agreement.
2. Subcontractor shall not self-assign and only respond at the direction of Valley Regional Emergency Communication Center (VRECC-AMR Dispatch).
3. Subcontractor may be requested to "Echo" level responses outside Subcontractors jurisdictional boundaries as a closest unit through VRECC.
4. Following delivery of patient(s) to the appropriate receiving hospital, Subcontractor's ambulance will return to Zone X-26 before notifying VRECC that is available to respond to emergency calls.

Surge Ambulance Ordering

1. VRECC shall dispatch Subcontractor under the following circumstances:
    a. Response time by AMR or Automatic Aid agency exceeds contractual response time standard by two (2) minutes or greater, and
    b. Subcontractor ambulance is the closest non-AMR ambulance, and
    c. Delta or Echo level response determinate
2. Subcontractor may, but is not required to, respond to calls within zone X-26 upon request by AMR through VRECC.

Ambulance
AMR has agreed to lease an ambulance to SSJCFA for $1,000 per month.

Ambulance Staffing
Initially (up to 90 days), the surge ambulance will be staffed by firefighter paramedics and EMTs on overtime. Staff will recommend, by resolution, the creation of a new non-safety Paramedic classification and the creation of a new non-safety Emergency Medical Technician. Three Paramedics and three Emergency Medical Technicians would be hired to staff the ambulance. Each crew would work a 48-hour workweek, and the seventh shift of each week would be covered with overtime or part-time employees. A salary survey was completed that established the pay schedule for each classification.

Staff will also recommend, by resolution, amending the Master Salary Schedule to reflect the proposed salary range; the Position Control Roster to include three Paramedics and three Emergency Medical Technicians; and The Unrepresented Pay and Benefit Plan to reflect the new positions.

FISCAL IMPACTS

The information below provides the estimated cost to staff and operate an Ambulance annually. SSJCFA can absorb the cost for the remainder FY 2023/24 due to savings from retirements and

unfilled FTEs.

Annual Operations Cost

Personnel	$1,100,000
Fuel and Maintenance	$20,000
Additional Insurance	$20,000
Medical Supplies	$10,000
Total Operating	$1,150,000

Estimated Cost Recovery Estimates (Based on 500 annual transports)

Reimbursement	**Percent**	**Rate**	**Number of Calls**	**Total**
Medi-Cal (36%)	36%	$744	252	$133,952
Medicare (37%)	37%	$581	259	$107,485
Commercial Insurance (15%)	15%	$3,260	105	$244,489
Private Pay (12%)	12%	$204	84	$12,224
Total Reimbursement				**$498,150**
Billing Collection Fee	-3.75%			$18,681
Reimbursement Minus Fees				$479,469

Estimated Program Annual Cost Est. FY 2024/25

Annual Operating Cost	$1,150,000
Cost Recovery Estimate	$479,469
Estimated Program Cost	$670,581

Cost recovery estimates are based on the estimated number of calls, allowable charges for services, and the estimated reimbursements from Medi-Cal, Medicare, commercial insurance and private pay. Estimated calls for services are based upon the number of times AMR has not been able to meet response times (1,292). Approximately 65% of responses result in transports (840). To be conservative, staff estimated that SSJCFA would respond and transport about 60% of the time when an AMR ambulance has delays that would result in transports (500). Cost recovery is estimated based on the best information available. If AMR ambulance availability increases, cost recovery will decrease.

Member Agency Estimated Costs

Estimated Program Costs	$670,581
Tracy Rural Fire District (37.5%)	$251,467
City of Tracy (62.5%)	$419,113

PREPARED BY: **Randall Bradley, Fire Chief**
APPROVED BY: **Randall Bradley, Fire Chief**

ITEM: RECEIVE INFORMATION AND PROVIDE STAFF DIRECTION CONCERNING THE NEED TO PLACE A SURGE AMBULANCE IN SERVICE, AND THE ESTIMATED COST TO PLACE A SURGE AMBULANCE IN SERVICE

RECOMMENDATION

Staff recommends the Board direct staff to provide information to the Tracy City Council and the Tracy Rural Fire District concerning the need to place a surge ambulance in service, the estimated costs to place a surge ambulance in service, and to recommend that both agencies approve the estimated expenditures for FY 2024/25.

BACKGROUND

South San Joaquin County Fire Authority's (SSJCFA) jurisdictional area is within Ambulance Response Zone X-26. Zone X-26 also includes Mountain House and areas of the south county that are not protected by a fire district. Zone X-26 is a subzone of an exclusive operating area that includes Stockton, Lodi and all unincorporated areas of northern and central San Joaquin County. American Medical Response West has the exclusive contract to provide ambulance services for Zone X, including subzone X-26.

During the past year, ambulance availability and response times have become a significant public safety concern in Zone X-26. For example:

- On-scene ALS engine and truck companies experience significant ambulance delays on a daily basis, with the closest available ambulances often responding from Manteca, Stockton, Ripon and Escalon.

- Manteca District Ambulances respond to medical emergencies in Zone X-26 up to 50 times each month.

- On Saturday, January 27, 2024, SSJCFA Engine 91 responded to a 3-year-old that was unconscious. After performing the ALS initial assessment, SSJCFA's Captain was advised by Stockton Dispatch that the closest available ambulance was a Manteca District Ambulance coming from Old Harland Road and J Street in Lathrop, an approximate 20

minutes from the patient location. The child's father was distraught and, against medical advice, he decided to transport his daughter to the hospital in his private vehicle.

- AMR is placing more basic life support (BLS) ambulances in service. BLS ambulances are staffed with two Emergency Medical Technicians. Their ambulance carries no ALS equipment. When a BLS ambulance responds to a call and the firefighter paramedics determine the patient requires ALS care, they are required to maintain patient care and ride into the hospital with the BLS ambulance. The SSJCFA engine or truck company is required to be placed out-of-service until the paramedic returns.

- On Easter morning, SSJCFA Battalion 9, Engine 95, Engine 97, and Truck 91 responded to a head-on vehicle accident on I-580 near Corral Hollow Road. There were two critical patients (2-month-old and his mother) that required transport to the trauma center. The mother had to wait for an ambulance to respond from Manteca. The mother and the toddler, both died from their injuries.

- On Sunday, April 21, 2024, SSJCFA Battalion 9, Engine 96, Engine 92, and Truck 91 responded to a single vehicle accident at the intersection of Holly and Laguna. There were two critical patients and one delayed patient. The two critical patients both died from their injuries. The initial ambulance on scene ordered additional ambulances through their dispatch center. The only available ambulances were Manteca District Ambulance from Lathrop and Manteca. SSJCFA would wait over 19 minutes for the second ambulance to arrive.

- On Tuesday, May 7, 2024, SSJCFA Engine 97 was dispatched to a private residence for a patient with shortness of breath. The SSJCFA personnel arrived on scene and performed an ALS assessment. They initiated ALS care including an IV, 12-lead ECG, and CPAP. SSJCFA Engine 97s Captain requested an expected time of arrival for the ambulance and were advised the closest ambulance was coming from Interstate 5 and Louise Ave. SSJCFA would wait over 31 minutes for their ambulance to arrive.

The following are the published ambulance response time performance indicators from January 2023 through February 2024 for Zone- X-26.

Month/Year	Number of Red Light and Siren Responses	Number of Delayed Responses	Percent Compliant Before Exemptions
Jan. 2023	**514**	**100**	**80.54%**
Feb. 2023	**440**	**79**	**82.05%**
Mar 2023	**509**	**97**	**80.94%**
Apr. 2023	**518**	**122**	**76.45%**
May 2023	**518**	**93**	**82.05%**
June 2023	**507**	**92**	**81.85%**

July 2023	**499**	**106**	**78.76%**
Aug. 2023	**580**	**116**	**80.00%**
Sept. 2023	**503**	**101**	**79.92%**
Oct. 2023	**550**	**118**	**78.55%**
Nov. 2023	**532**	**130**	**75.56%**
Dec. 2023	**580**	**138**	**76.21%**
Jan. 2024	**540**	**108**	**80.00%**
Feb. 2024	**440**	**71**	**83.86%**

Staff has analyzed ambulance response times within Zone X-26, and the data reveals a continued trend of extended waiting periods for ambulance services. The 90-percentile interval monthly response times have increased from a low in 2022 of 7:20 to a high in October 2023 of 12:28. While average response times have increased moderately, the substantial increase in the 90 percentile response times indicates that when ambulances are delayed, the delay is significant. There is also a direct correlation between 90 percentile performance and the number of monthly exemptions the EMS Agency is granting to the contract ambulance provider (exemptions are primarily for APOT). The total number of monthly exemptions have increased from 529 in March 2023 to a high of 1,089 in October 2023.

DISCUSSION

A shortage of paramedics and ambulance patient offload time (APOT) delays at hospitals appear to be the primary factors for the increase in ambulance response times. SSJCFA personnel recently met with Brian Hajik, American Medical Response ("AMR") District Manager, who indicated that recruiting and retaining paramedics will continue to be a challenge. SSJCFA is confident that the APOT issue will not be solved in the near future. AMR has placed additional Basic Life Support (BLS) ambulances into the EMS system which has helped somewhat, but their introduction has also created negative, second-order effects. On Advanced Life Support (ALS) calls, firefighter paramedics are often required ride into hospitals with BLS ambulances to ensure proper patient treatment and care, which results in the firefighter paramedics' engine and truck companies being taken out of service for prolonged periods of time.

Other factors contribute to the long ambulance response times in SSJCFA's area and Zone X-26. Tracy is in a unique geographical EMS area; located on the periphery of the County of San Joaquin, not being contiguous with other AMR EOA sub-zones. Tracy is also located 17 miles from a trauma center and 23 miles from a cardiac hospital, which creates significant challenges to providing efficient ambulance services. Those challenges are further exacerbated by the greater demand for services in Zones X-24 and X-25. After completing transports to the trauma center or cardiac hospital, ambulances often cannot return to their posting locations in Zone X-26 because they are then the closest available ambulance to calls in Zones X-24 and X-25 and are dispatched accordingly.

AMR Subcontract
To place a surge ambulance in service, staff has negotiated a sub-contract with AMR and will return to the Board for contract approval. The subcontract would allow SSJCFA to place an ambulance in service through May 2026. Staff has worked with AMR to develop the following criterion (rules of engagement) concerning when the surge ambulance would be utilized:

Subcontractor

1. Subcontractor may furnish standby coverage at emergency law enforcement or fire incidents within Zone X-26 at the request of the on-scene public safety agency Incident Commander (IC), if in the opinion of the IC, the situation poses significant potential danger to emergency personnel or to the general public, separate to this agreement.
2. Subcontractor shall not self-assign and only respond at the direction of Valley Regional Emergency Communication Center (VRECC-AMR Dispatch).
3. Subcontractor may be requested to "Echo" level responses outside Subcontractors jurisdictional boundaries as a closest unit through VRECC.
4. Following delivery of patient(s) to the appropriate receiving hospital, Subcontractor's ambulance will return to Zone X-26 before notifying VRECC that is available to respond to emergency calls.

Surge Ambulance Ordering

1. VRECC shall dispatch Subcontractor under the following circumstances:
    a. Response time by AMR or Automatic Aid agency exceeds contractual response time standard by two (2) minutes or greater, and
    b. Subcontractor ambulance is the closest non-AMR ambulance, and
    c. Delta or Echo level response determinate
2. Subcontractor may, but is not required to, respond to calls within zone X-26 upon request by AMR through VRECC.

Ambulance
AMR has agreed to lease an ambulance to SSJCFA for $1,000 per month.

Ambulance Staffing
Initially (up to 90 days), the surge ambulance will be staffed by firefighter paramedics and EMTs on overtime. Staff will recommend, by resolution, the creation of a new non-safety Paramedic classification and the creation of a new non-safety Emergency Medical Technician. Three Paramedics and three Emergency Medical Technicians would be hired to staff the ambulance. Each crew would work a 48-hour workweek, and the seventh shift of each week would be covered with overtime or part-time employees. A salary survey was completed that established the pay schedule for each classification.

If the program expenditures are approved by the member agencies, staff will return to the board to request a budget adjustment, and to amend; the Master Salary Schedule to reflect the proposed salary range; the Position Control Roster to include three Paramedics and three Emergency Medical Technicians; and The Unrepresented Pay and Benefit Plan to reflect the new positions.

FISCAL IMPACTS

The information below provides the estimated cost to staff and operate an Ambulance annually. SSJCFA can absorb the cost for the remainder FY 2023/24 due to savings from retirements and

unfilled FTEs.

Annual Operations Cost

Personnel	$1,100,000
Lease, Fuel and Maintenance	$30,000
Medical Supplies	$10,000
Total Operating	$1,140,000

Estimated Cost Recovery Estimates (Based on 500 annual transports)

Reimbursement	**Percent**	**Rate**	**Number of Calls**	**Total**
Medi-Cal (36%)	36%	$744	252	$133,952
Medicare (37%)	37%	$581	259	$107,485
Commercial Insurance (15%)	15%	$3,260	105	$244,489
Private Pay (12%)	12%	$204	84	$12,224
Total Reimbursement				**$498,150**
Billing Collection Fee	-3.75%			$18,681
Reimbursement Minus Fees				$479,469

Estimated Program Annual Cost Est. FY 2024/25

Annual Operating Cost	$1,140,000
Cost Recovery Estimate	$479,469
Estimated Program Cost	$660,581

Cost recovery estimates are based on the estimated number of calls, allowable charges for services, and the estimated reimbursements from Medi-Cal, Medicare, commercial insurance and private pay. Estimated calls for services are based upon the number of times AMR has not been able to meet response times (1,292). Approximately 65% of responses result in transports (840). To be conservative, staff estimated that SSJCFA would respond and transport about 60% of the time when an AMR ambulance has delays that would result in transports (500). Cost recovery is estimated based on the best information available. If AMR ambulance availability increases, cost recovery will decrease.

Tracy Rural Fire District (37.5%)	$247,717
City of Tracy (62.5%)	$412,863

July 2, 2024

Agenda Item 3.D

RECOMMENDATION

Staff recommends that the City Council receive an informational update on the Economic Development Division's efforts to implement strategic goals and priorities related to the adopted Economic Development Strategic Plan.

EXECUTIVE SUMMARY

This informational update summarizes the Economic Development Division's efforts to implement the strategic goals and priorities identified in the City Council Strategic Priorities: Fiscal Years 2023-2024 and 2024 and 2025 and the Ten-Year Economic Development Strategic Plan.

BACKGROUND AND LEGISLATIVE HISTORY

The Economic Development business units work collaboratively to strategically improve the community's quality of life and raise economic development service levels throughout the City by implementing the recommendations, goals, and actions identified in the following guiding documents.

1. City Council Strategic Priorities: Fiscal Years 2023-2024 and 2024-2025 (Strategic Priorities)

   The City Council identified economic development as one of the strategic priorities for enhancing the City's competitiveness and further developing a strong and diverse economic base by implementing the goals listed below.

   - Support business attraction and retention activities.
   - Support policies and funding to enhance and expedite the development of multimodal transportation systems, including rail, transit, and airport projects.
   - Advance Downtown Specific Plan, including provisions for a Transit-Oriented Development (TOD) Plan.
   - Attract businesses and jobs that meet the needs and desires of the community.
   - Develop policies to target innovation industry jobs.
   - Pursue smart growth strategies.

2. Ten-Year Economic Development Strategic Plan (EDSP)

   Adopted in September 2023, the Economic Development Strategic Plan outlines four key initiatives to implement these priorities, with goals and actions to improve Tracy's economic vitality and quality of life.

   - Organizational Capacity: Strengthen organizational capacity to enhance economic resilience, expand market access, and enhance regional collaboration.

   - Diverse and Resilient Economy: Foster resilience through strategies that encourage economic inclusion and diversification.

- Real Estate Development: Encourage investment in “catalytic” opportunity areas through targeted infrastructure investments that build on Tracy’s competitive strengths.

- Quality of Life and Place: Encourage quality of life and place improvements through placemaking enhancements and cultural amenities.

DISCUSSION

The Economic Development Division is comprised of three business units:

- Economic Development: This unit seeks to promote and pursue commercial, industrial, and office development within the City to create a diversified and sustainable economic base for the community. The unit supports existing businesses through business attraction, retention, and expansion efforts, encourages new investments through marketing and outreach, assists in creating quality jobs, and promotes opportunities for business and development.

- Real Property: This unit supports acquiring, disposing, and leasing City-owned real property. It encourages investment in catalytic opportunity areas by identifying and optimizing underperforming, underdeveloped, and underutilized properties that need development, redevelopment, and asset maximization.

- Community Development Block Grant (CDBG) & Home Investment Partnership (HOME) Program Administration: These federal housing grants funded by the U.S. Department of Housing and Urban Development (HUD) are integral to our City's development by providing a benefit to residents through the following CDBG local funding priorities:

    - Food distribution services
    - Homelessness prevention, intervention, and transitional housing services
    - Senior and special needs services
    - Domestic violence services
    - Youth education and enrichment services
    - Public parks and facilities
    - Removal of architectural barriers, e.g., ADA

    The HOME Program funds various activities, including supporting public safety, health, and welfare issues, rehabilitating low-income residential properties, and partnering to construct income-restricted family and senior housing.

CDBG and HOME Updates

Items Accomplished:

- Award of FY2023-24 CDBG and HOME funds to local and regional non-profit organizations for public services and capital projects.
- Issued FY2024-2025 CDBG and HOME Notice of Funding Availability (NOFA), making available an estimated $506,211 in grant funding supporting local funding priorities.

- Conducted FY2024-2025 CDBG and HOME Training Workshop for potential applicants from local and regional non-profit organizations.
- Managed the CDBG and HOME grant application solicitation resulting in 17 grant applications, representing an 89% increase from the prior funding year due to enhanced marketing, outreach, and engagement efforts.

Items Underway:

- Development and release of a CDBG and HOME community survey gauging alternative local funding priorities for City Council consideration.
- FY2024-25 CDBG and HOME program delivery, administration, and sub-recipient assistance to local and regional non-profit organizations for public services and capital projects.
- Program delivery and administration for FY2025-26 CDBG and HOME funding cycle.
- Tracy Senior Apartment Project loan agreement with San Joaquin County Housing Authority.

Items Pending:

- Analysis of becoming a CDBG and HOME entitlement city receiving direct funding from HUD to increase funding amounts or remaining a sub-recipient of San Joaquin County.

In FY 2023-24, the City's economic development division focused on the City's Strategic Priorities and principles outlined in the EDSP. Substantial areas of emphasis included attracting commercial retail amenities and putting resources back into the hands of small businesses. Additional areas of focus and EDSP updates include:

Economic Development Strategic Plan Update

1. Organizational Capacity: Strengthen organizational capacity to enhance economic resilience, expand market access, and enhance regional collaboration.

   Items Accomplished:

   - Completed a resource and capacity analysis to prepare a plan for the Economic Development Division's organizational growth, modeling good governance, transparency, and improving service levels to the public.
   - Recruitment of 1 Economic Development Manager, increasing organizational capacity, improving service levels to the public, and furthering a high-performing and inclusive workforce.
   - Recruitment of 2 Economic Development Analysts, increasing organizational capacity, improving public service levels, and furthering a high-performing and inclusive workforce.
   - Hired a Real Property Agent to increase organizational capacity, improve public service levels, and further a high-performing and inclusive workforce.
   - Engagement with local and regional partners through regularly occurring business meetings and networking events to ensure and enhance collaboration

and key strategic partnerships in business attraction, retention and expansion, and workforce development.

Items Underway:

- Implement a customer relationship management software system to manage service requests and customer interactions to establish key performance indicators.

Items Pending:

- Increase capacity to deliver economic development services within Tracy.
- Increase workforce development capacity in collaboration with regional partners to support business growth and expansion.

2. Diverse and Resilient Economy: Foster resilience through strategies that encourage economic inclusion and diversification.

Items Accomplished:

- Adoption of the City's 10-year Economic Development Strategic Plan, which serves as a framework and roadmap for expanding retail offerings, attracting emerging industries such as advanced manufacturing and technology, expanding healthcare and community services, and promoting efforts supporting small businesses through incentives and resources.
- Attraction of Heirloom Carbon Technologies contributing to an ecosystem of innovation, entrepreneurship, and investment with the nation's first commercial carbon removal facility, fully powered by renewable energy, advancing sustainability and clean and green technology.
- Performance of site selection services and business visits, expanding economic development, business attraction, retention, and expansion efforts.
- Conducted the 2023 Restaurant & Retail Survey, which received 908 responses. This survey gathered feedback on the community's dining, shopping, and entertainment preferences while enhancing community outreach and engagement with all Tracy residents.
- Attended the International Commercial Shopping Center (ICSC) conference to build and maintain relationships with real estate and development professionals, raise the City's profile through marketing efforts with newly created marketing collateral, and highlight available properties and opportunities located in the City to encourage retail development and the attraction of a specialty grocery store.

Items Underway:

- Develop and implement a small business welcome program offering information on available business resources to support business attraction, retention, and expansion activities.
- Meet with local businesses, internal departments, and divisions to determine barriers to successfully opening a business in Tracy and develop a business resource guide incorporating a streamlined process.

- Develop and implement the Tracy Retail Attraction Plan to attract retail amenities to the City.
- Establish an economic development incentive pilot program to encourage private investment, retain and expand existing businesses, and support small business growth throughout the City.
- Attend local and national conferences to raise the City's profile, perform business attraction, retention and expansion, and market opportunity sites.

Items Pending:

- Reignite conversations with healthcare providers and stakeholders in northern California to expand healthcare services and workplace opportunities in Tracy.
- Leverage the City's "Inside the Triangle" brand to expand regional and national awareness of Tracy's value proposition.
- Encourage policies that enable entrepreneurship and innovation among small businesses in Tracy.

3. Real Estate Development: Encourage investment in "catalytic" opportunity areas through targeted infrastructure investments that build on Tracy's competitive strengths.

Items Accomplished:

- Added a Real Property business unit within the Economic Development Division to manage, maintain, and update surplus land parcels and property management records of real property owned by the City.
- Engagement with a retail subject matter expert to prepare a retail market analysis and recruitment strategy, including an assessment of the West Vally Mall and enhanced marketing efforts to support retail attraction.

Items Underway:

- Identify and assess vacant City-owned property to recommend reuse, restoration, or surplus.
- Identify underperforming, underdeveloped, and underutilized properties needing repurposing, redevelopment, or revitalization to encourage private development.
- Assessment of the West Valley Mall to explore revitalization opportunities to increase customer traffic, retail options, and entertainment experiences.

Items Pending:

- Optimize underperforming, underdeveloped, and underutilized properties needing development/redevelopment.
- Ensure City capital improvement projects have a high impact on the local economy by incorporating Smart City infrastructure.

4. Quality of Life and Place: Encourage quality of life and place improvements through placemaking enhancements and cultural amenities.

Items Accomplished:

- Awarded a $99,000 grant promoting tourism from San Joaquin County to fund the Discover Tracy marketing campaign consisting of branded banners, promotional videos, billboards, magazine, and airport advertisements, and targeted social media posts attracting visitors to Tracy that increase tax revenues, ensuring the short- and long-term fiscal health of the City. The campaign was in partnership with the Tracy Chamber of Commerce and the Tracy City Center Association.
- Received seven applications for downtown parklets, contributing to the resiliency of local businesses and supporting business attraction, retention, and expansion.

Items Underway:

- Expenditure of ARPA grant funding to support restaurants by installing downtown parklets.

Items Pending:

- Improve the aesthetic appearance of Tracy's main entrances by commissioning a gateway master improvement plan.
- Strengthen Tracy's tourism by continuing to promote the arts, music, festivals, and sports and leisure activities.

FISCAL IMPACT

This is an informational update with no fiscal impact on the current operating budget.

STRATEGIC PLAN

This item supports City Council Strategic Priorities: Fiscal Years 2023-2024 and 2024 and 2025: Economic Development; and the strategies identified in the Ten-Year Economic Development Strategic Plan.

ACTION REQUESTED OF THE CITY COUNCIL

Staff recommends that the City Council receive this informational update on economic development efforts to implement strategic goals and priorities related to the adopted Economic Development Strategic Plan.

Agenda Item 3.E

RECOMMENDATION: COUNCIL REQUEST

Discuss building additional kennels and other alternatives to address capacity and kennel space at the Tracy Animal Shelter, and upon conclusion of such discussion, by motion, either (1) direct staff to proceed with a specific solution or (2) determine to take no further actions at this time.

EXECUTIVE SUMMARY

On April 2, 2024, in response to public comments regarding stray dogs Mayor Young made a motion, seconded by Mayor Pro Tem Davis, to have staff prepare a discussion regarding staff's efforts related to stray dogs and what action can be taken to address kennel space and capacity at the animal shelter operated by the City (Shelter).

The specific comments and proffered solutions discussed and raised at the meeting included consideration of additional prefabricated kennel pod(s) on Shelter property which could provide an additional 10 kennels to be utilized for housing additional dogs.

To address concerns and prepare for discussion, staff has researched and evaluated possible options to address stray animals and shelter capacity.

BACKGROUND AND LEGISLATIVE HISTORY

In preparation for this agenda item, staff sought additional insight and education from its partners at University of California (UC) Davis, Koret Shelter Program. Dr. Cynthia Karsten DVM (Doctor of Veterinary Medicine) and UC Davis Koret Shelter Program personnel are considered subject matter experts with regards to sheltering and shelter structures. Their expert opinions have been previously utilized by the City in 2015 for the design and construction of the shelter. Additionally, they provided consultation services regarding shelter operations in 2018 and 2019. The resulting recommendations were presented to the City Council in various staff reports and presentations in the 2018 and 2019 calendar years; and thereafter implemented as appropriate and per Council direction.

Dr. Karsten provided feedback and discussion on the topic of additional kennels, impact to operations and the underlying cause of strays.

The main concern for Dr. Karsten and City staff, is that simply adding 10 kennels does not address the underlying issue causing stray pets. Without addressing the root cause, adding additional kennels only means adding an additional 10 dogs to receive care, perform behavior assessments, provide training, and complete adoption/rescue preparation. Currently there is a national 'pandemic' actively occurring across the nation for animal shelters that are operating at capacity.

Past practices that shelters used were found to be full of failures, producing high euthanasia rates, antagonist relationships with the community, and ultimately a higher rate of disease in the pet population. Shelters are currently inundated with a higher volume of strays. Due to this, the response should seek to address the behind the scenes cause increasing stray roaming pets and not simply put in place stop gap measures that perpetuate barriers to care and adoption. Diving into the community and identifying which resources are lacking and helping bridge the gap to better support the human/animal bond with pet ownership is essential and the key in understanding these circumstances that are currently happening.

Dr. Karsten has worked in animal shelters across the nation, in many kinds of communities with different types of expectations. Through her experience she identified that the population of a community does not directly correlate to the number of pets that enter the sheltering system or the pets that roam stray. Nor does the population dictate the number of kennels created for a shelter. She identified there are many shelters, with larger populations, but with less intakes than City of Tracy. This is mostly due to the resources and the median income level of the community. Animal Services always actively evaluates and seeks to understand which resources are strained and need additional support for the community. The main goal is to help connect people to the right resources so that pet owners feel supported and educated in their pet ownership.

Staff is also currently reviewing its data to see what areas are considered ‘hot spots’ for stray pets and to better understand why pets in those areas are stray more often than others. Data is currently being collected to review both the locations where stray dogs are common and the areas where most adopters are from. By identifying which areas community members are coming to adopt from, assists to identify which communities need further outreach and connection to bridge the gap in comfort, trust, and communication.

The addition of more kennels at the shelter will require additional daily cleaning and maintenance, which will have staffing and budget impacts to shelter operations. More staff would need to be considered to maintain the care, maintenance, and services levels currently provided, if additional strays are added to the shelter population. Currently when the shelter is fully staffed, the ratio of staff to animals daily is 1.5 Animal Services Aide’s per 30 dogs and at least 75 cats and other small animals housed at the shelter. Tracy Animal Services data shows that the shelter houses, on average, 30 dogs, 34 cats and various other small animals daily.

The cost to the City of Tracy is $59 a day per dog for the care staff provides. This does not include vaccinations ($10), a microchip ($10), or deflea/deworm ($20), that is provided to each pet for health maintenance and as required by regulations. Adding an additional 10 dogs would equate to a minimum increase of $590 being spent daily in care for those dogs. Additionally, this cost does not include treating any ailments the pets can contract while in the shelter setting. The City’s most recent fee study identified the cost of personnel time per hour at Animal Services is $146. Many of the services provided to care for animals in the shelter exceed Animal Services’ current operational budget.

After reviewing and comparing statistical data for the first quarter of both 2023 and 2024, it is clear these are critical times. From January to April of 2023, the average length of stay for a shelter animal in Tracy Animal Services was 33 days. For the same period for 2024, the length of stay has increased to 49 days. This increase occurred, even with the multiple programs and events that Animal Services offers to reduce barriers for adopters and community members. According to Dr. Karsten, when seeking to increase kennels as a solution, this also automatically increases the length of stay in the shelter setting. This increase is due to the strain that adding additional pets into the shelter setting causes. The time to network, care for, and evaluate increases when adding additional dog kennels. This also increases the need of adopters, rescues, fosters, and reunifications. There is no guarantee the additional search for outcome options will increase with an increase of dogs or staffing. Therefore, the length of stay for a dog will continue to increase as long as euthanasia for space does not occur.

Any increase to the shelter population and the associated length of stay would have a detrimental impact to the pets in Animal Services' care, and cause a bigger strain on Animal Services, as staff is continually challenged with developing new innovative ways to try and lower the current average length of stay, while increasing pet adoptions. The industry standard average length of stay all shelters try to attain is no more than 10 days. Our current length of stay is 42 days. Animal Services is actively working towards the 10-day goal with a ‘Pathway Plan’ that is currently being researched and developed.

Other cost factors to include when considering additional kennels are construction costs related to fencing, adding a drainage system, and ground material (cement or trail pebbles).

While it may seem that by just adding 10 kennels could solve the problem, it is not a solution. It is counter intuitive and has negative impacts to the animals, staff, and City services. The community has voiced they want a humane shelter that does not use a permanent solution to a temporary problem (euthanizing healthy adoptable pets).

On June 19, 2024, Tracy Animal Services hosted a town hall with the non-profit, Tracy Dog Girls Rescue, to continue efforts in working together to attain the common goal of supporting stray pets in need.

ANALYSIS

Animal Services has identified the shelter should be evaluated based on current Animal Services data and current programs offered. Indigo Architecture and the UC Davis Koret Shelter Medicine group can review current Tracy Animal Services practices and data to identify the needs for the City of Tracy.

Phase Two and Phase Three of the Tracy Animal Shelter were established over 10 years ago. As the phases were evaluated over a decade ago, Animal sheltering has evolved, and best practices and programs have changed. This is a great opportunity to identify how the additional growth of the Shelter should occur to further support the community and pet owners.

The cost to move forward with this evaluation would be $40,000. A review of the community, Shelter data, current Shelter practices/policies, and programs would occur and give a better recommendation for additional phases of the Animal Shelter.

An additional option that has been identified is a trailer that could be considered a 'rehoming command station' or office. This would allow space for volunteers or staff to focus on reunification of pets with their owners or adopting to new families. This space could also help foster relationships with other businesses such as pet stores, fencing businesses, veterinary services, or community support to help bridge the gap in those who are pet owners and need the additional resources but do not know how to find the help.

All stray pets are essentially owned pets that have become lost or stray. This statement can be stated firmly, as Tracy does not have a 'wild or feral' dog population. Focusing efforts on reunification is the most humane and cost-effective route for the City of Tracy. A pet in its own home, with an animal owner who is supported in their pet ownership, will help lessen the burden for the community and reduce the population at the Animal Shelter.

Further direction is needed regarding options for the Shelter.

1. Does the City Council wish to authorize staff to proceed with identifying actual cost of adding 10 more kennels at the Shelter to include construction costs related to fencing, adding a drainage system, and ground material (cement or trail pebbles)?

2. Does the City Council wish to authorize staff to proceed with receiving updated quotes for reevaluating Phase II and Phase III of the Animal Shelter?

3. Does the City Council wish to authorize staff to proceed with formally evaluating and exploring costs of a "rehoming center" office space?

4. Does City Council wish to direct staff to take no further action at this time?

FISCAL IMPACT

This is a discussion item. There is no request for funds or fiscal impact at this time. Once direction is determined, staff will further research and evaluate potential costs and come back to Council for any funding or contract related approvals.

PUBLIC OUTREACH/INTEREST

The community supports the humane care and treatment of pets in need. On June 19, 2024, Tracy Animal Services hosted a town hall meeting to discuss these issues and to hear suggestions regarding kennel space, additional building phases, stray animals, sheltering alternatives, programs, and community support.

COORDINATION

Animal Services actively engages with partners such as UC Davis Koret, rescue groups,

veterinary groups, and other shelters to ensure the City of Tracy's shelter operates and adheres to the industry's best practices, and to provide the most humane care and approach.

CEQA DETERMINATION

Analysis under the California Environmental Quality Act is not required for this informational report.

STRATEGIC PLAN

This agenda item relates to Council's Strategic Priorities for Public Safety.

ACTION REQUESTED OF THE CITY COUNCIL

Discuss building additional kennels and other alternatives to address capacity and kennel space at the Tracy Animal Shelter, and upon conclusion of such discussion, by motion, either (1) direct staff to proceed with a specific solution or (2) determine to take no further actions at this time.
