Good evening,

Before the day is over, I wanted to express my deepest concern over the accident involving 2 young children that occurred on Halloween night at the corner of Gandy Dancer/Rockport and Tracy Blvd. We trick or treated in that same neighborhood just minutes before the accident occurred. I can't imagine the horror their parents felt. My heart goes out to them. When I read the location of where the accident occurred, I was not surprised at all. I drive down Gandy Dancer weekly to take my 2 young children to the rec center. And I have to jump across 4 lanes of traffic with zero traffic signals and the Tracy blvd traffic is zooming down that long stretch of road at 60+ mph. It's almost impossible to turn left there. It's nearly deadly to turn left there. I will drive all the way down to McDonalds (Valpico) just to make a U-turn to drive the opposite way. Especially with my babies in the car.

Please install traffic lights at that intersection. Before somebody else gets hurt.

Please.

It will save lives.

Thank you,

-Natalie Tate
Mother and [REDACTED] resident

This letter is to request and add support for the naming of the Tracy's Reception Area (nothing less) of the TRAC after Dr. Nancy D. Young.

Dr Nancy D. Young is definitely deserving of this honor, considering her many years serving the city of Tracy, in various positions. Not to mention her time, travels, conferences, and her voice to bring money, contracts, jobs, and amenities to the city.

Thank you for your consideration.

Please see the attached for a letter of support for Dr. Nancy Young.

Thanks,

Dr. Minnie Ransom

November 1, 2025

Good Afternoon Mayor and Council,

I am writing again in support of naming the Multi-Generational Center for Dr. Nancy Young, our former Mayor.

Dr. Young has had several organizations and individuals writing to support her in the naming of that facility to honor her. She has done and continues to do so much for this community she deserves honor. Several organizations and individuals have written letters of recommendation and signed petitions that were presented to the City Council and present Mayor about naming the Multi-Generational Center for her.

We are recommending this for historical reasons as well as for her dedication to this city, hard work, and accomplishments here in Tracy. Dr. Nancy Young has been presented twice to the Council now on the agenda with high representation, yet the council and mayor have refused to listen to most citizens present for the naming of the facility. Citizens requesting this move by the council and Mayor believe that it is not a political matter. Nor is it a racial matter. It is just to show honor for Dr. Young who has done and continues to do so much for this community, not to mention the Tracy Connect which is ongoing since she has left office also to keep the community and businesses connected. She happened to be the first Black elected Mayor and first Black Woman elected which is history for this city! She was instrumental in seeking funds to get the Multi-Generational Center building built! Aren't those reasons enough to have her honored by naming it after her?

If you are determined to move forward with the current name, TRAC, at least you could name the Reception Area for her.

Thanks for your time.

Dr. Minnie Ransom

Mayor Dan Arriola and Tracy City Council members,

In reviewing the **EXECUTIVE SUMMARY** from the October 7, 2025 meeting, it is my understanding that Mayor Arriola made a motion in support of a future agenda item. This was in regards to the naming of an area of the TRAC in honor of past Mayor Nancy D. Young. This motion was seconded by City Council member Dotty Nygard.

In response to the many positive contributions that Dr. Young has made during her tenure on City Council, I would propose that the Lobby/Reception area be named in her honor. To do any less would exclude the exceptional contributions made by Dr. Young in the Tracy community and beyond.

This request is made both personally as a retired employee within the Tracy area and as secretary for the Kiwanis Club of Tracy.

Respectfully yours,
Cheryl Steensma

Dear Mayor Arriola n City Council Members of Tracy, California,

I am writing in Total support of naming the TRAC - Lobby/Reception Area after Dr Nancy Young.

Her true dedication, sleepless days and nights, amongst other stressful dilemmas in securing the funds totaling millions of dollars to build this state of the art Multi-generational Center for the City of Tracy.

Dr Nancy Young, is more than deserving of the legacy to have the Lobby/Reception area named after her at the TRAC Multicultural Center.

Dr Nancy Young's effort and determination should not be hidden or lost amongst the shuffle, but respected especially as Tracy's 1st African-American Woman honored with her name ON the entrance of the Lobby of the TRAC Multi-Generational Center.
With Warm Regards,

Faye Harris
Resident of Tracy since 1958

Dr. Nancy Diane Young is a beloved City of Tracy, former 2 term Mayor and multi-term council woman. She was the first elected black mayor and first female mayor to serve. She championed many changes in the city and fought hard for the TRAC.. Please reward her hard work by naming the TRAC Lobby/Reception center after her. Her service speaks for itself. We can all be proud to honor her with this commemorating opportunity.

Regards,
Wanda Haynes

Dear Mayor and Council Members,

My name is Christian Chukwuma. I've been a proud Tracy resident for 23 years, and I run a boutique financial planning practice here in town. I love this city deeply, and today I'm asking you to honor someone whose leadership has shaped Tracy in unforgettable ways - Dr. Nancy D. Young.

Dr. Young broke barriers as our first Black and first female Mayor, but even more importantly, she broke herself open for this community. For more than 16 years, she gave us her time, her heart, and her energy. Whether she was coaching West High students, serving on countless boards, or running her nonprofit, Tracy Connects, she showed what it means to lead with compassion and purpose. And of course, she championed Measure V - the very measure that made this beautiful Multi-Generational Recreation Center possible. It's hard to imagine this building existing without her voice and advocacy.

Naming the reception/lobby area after Dr. Young isn't just a tribute, it's a message. A message to every child and family who walks through those doors that Tracy honors service, values diversity, and celebrates those who pave the way for others. It gives young people, especially those from underrepresented backgrounds - someone who looks like them and proved that leadership and excellence belong to everyone in this city. What a rare opportunity that must not be missed!

This recreation center is a place for every generation, every family, every story. And Dr. Young has spent her life connecting generations and uplifting families. Her name fits here in the most natural, meaningful way. Thank you for considering this honor for someone who has given so much of herself to Tracy. I hope you'll choose a legacy that inspires all of us.

Best regards,
