Hello,

I am a homeowner in the Fairhaven neighborhood and would like to express my appreciation to the Council for its prompt attention and swift action in voting on the installation of a traffic signal at the intersection of Tracy Boulevard and Gandy Dancer Drive. I respectfully urge the Council to adopt the resolution without delay, as this improvement would significantly enhance safety along this increasingly busy section of South Tracy Boulevard.

As I mentioned during the meeting on November 4, accessing both the Fairhaven neighborhood and the commercial area across Tracy Boulevard via Gandy Dancer Drive has become increasingly hazardous.

Thank you for your time and consideration.

Sincerely,

Ashley Lima

Hello,

Happy Holidays. I heard that there will be a vote tonight on the allocation of funds for a traffic signal at the Gandy Dancer & Tracy Blvd intersection. As a resident of Fairhaven I would like to show my support for this resolution. It's long overdue. I would ask that since one of the directions for the new light is a neighborhood entrance and exit that it be an actuated or adaptive light, not a timed light. It would make it quite difficult to leave the neighborhood if it was timed only and there was no cross traffic.

I appreciate everyone's time on this matter and look forward to seeing this get voted in tonight.

Thank you,

Ryan Fenderson
